To Straighten Logan Creek

The government has a plan on hand that will be a big item to land owners in Cedar County, and many around Randolph. The following article from the Omaha Bee explains it.

C. G. Elliot of the engineer corps of the Department of Agriculture, in an interview had with Judge Boyd today, stated that there would be quite a party of engineers to begin shortly for Nebraska to leave on May 1, making surveys looking to the straightening of Logan creek, which runs through the counties of Cedar, Dixon, Thurston, Cuming, Burt and Dodge.

The work will begin at the source of Logan creek, near Coleridge, Neb., and will cover the entire course of the stream to its mouth near Hooper, where it empties into the Elkhorn. This is a preliminary step to the reclamation of lands in the Logan Valley. The object is to shut out the stream and have it run a comparatively straight line from Coleridge to Hooper, a distance of about 100 miles. As the stream now meanders through tortuous channels, it travels a distance of 300 miles. It is planned to build levees along the banks so as to hold the stream within its channel, making 1,000,000 acres of the finest farming land in all Nebraska out of present pastures and hay land.

Petitions City Council

The petitions that have been in circulation in the country embracing the trade territory of Wayne were filed with City Clerk Ringer last Saturday to be presented to the council. As we understand it the farmers who promoted the matter done it for the purpose of showing that there is a temperance sentiment in the country and also to show that the present laws in regard to the disposition of the license money paid by saloons is unjust to them and that they feel they have a right to have a voice in this matter. In other words it is a demand for the passing by the next legislature of a county option law. There were five petitions in circulation and on the five are the names of one hundred and fifty-four farmers. The head of the petition as presented to the council reads as follows:

TO THE COUNCIL OF THE CITY OF WAYNE, NEBRASKA:

We, farmers and tax-payers around Wayne, do petition you not to license saloons in Wayne for the coming year for the following reasons:

We believe that saloons in Wayne are harmful to the morals of both town and country. We believe that the expense of criminal cases and sending drunks to Lincoln makes our taxes higher and these taxes have to be paid by the entire county. The license money goes to Wayne and her schools alone, and you charge us tuition when we send our children to town schools. In these matters we have no vote nor voice and can object only through this petition. We believe that the closing of the saloons would benefit your merchants because they would get the money the saloons now get. We want a "dry" town that the temptation to drink may be removed from our boys. We notice that the best towns in the State are closing their saloons; Wayne must shut up her saloons or drop behind. We believe that our homes and all our business interests will be benefited by banishing the saloon.

It has been suggested that the Nebraska delegates to the Democratic National convention wear linen dusters and white plug hats. Just imagine how our Wayne county delegate, P. H. Kohl, would look rigged out in such togs.

The surface indications are that Taft will be the republican nominee for the season that next to Roosevelt he represents the Roosevelt policies. The nomination has not yet been made. The great heart of the republican party is still for Roosevelt if he would accept another nomination and it is not impossible that a combination of circumstances would take place that

E. C. TWEED, THE TAILOR

The Old Man is Back Again!

FOR MORE THAN 30 YEARS I have put in my time in a clothing store, and no matter how dumb or thick-headed I may have been, I was bound to learn something about the clothing business that would be of benefit to my customers. During the past year I have devoted most of my time to my inventions, and this store has been managed by the other John who has now engaged in another business. You will find me back at the old stand with new life and feeling like a boy again after my vacation of one year in other work. As there is but "one" John in this business now you can call it by some other name. For more than twenty-five years this store was known as "Kates's One-Price Clothing Store" and during all that time enjoyed a good trade. Tell your friends to go to Kate's for clothing and they will make no mistake. You will always find good goods and accommodating clerks when you come here, and it will be pleasant and profitable for you to trade here. Our long experience in business has given us the advantage of knowing every good article made in this line, and you have the satisfaction of feeling that anything you buy here is the best and up-to-date. The price being universally lower than other merchants ask, you cannot make a mistake in buying clothing here. Look here before you buy.

Suits

Here is where experience counts. We used to have a tailor shop in connection and for years made suits by hand. We learned how a suit should be made to wear and keep its shape. Every suit you buy of us is made right and we know it, we don't have to guess at it or take any one's word for it. If any suit we recommend don't give satisfaction we will give you another suit. Isn't that fair? Think of it before you buy elsewhere.

Shoes

The "old man" was born in a shoe shop, worked four years on the bench and has sold shoes for thirty-six years. When you come here for shoes you get shoes that fit your feet and wear until you are satisfied. Our styles are up to date and our experience costs you nothing, but you get another pair if we are mistaken. Better try us the next time you are out. Life goes easy in our shoes, and you will get there every time.

Hats

Here is where we shine. It's the hat that makes the man. If you think you don't know much buy your hat here and others will think that you are smart. We don't put a boy's hat on a man or an old man's hat on a young man. Let us help you to select the proper hat. Our large experience in buying hats is at your command. You will feel like a man when you get your hat here, and of course will act like one. Can't go wrong if you wear our hats. Try and remember that next time you need a new one.

Furnishings

It is the little things that make life worth living. You all know the "old man" is a crank on underwear. Well, right here is where you get just what you want on that account. If you don't buy anything else here you ought to buy your underwear here. Then there are shirts you have to have. If your underwear is right and your shirt fits you will be happy in any suit. That's why you should buy your furnishing goods here. We have what you want, the right kind at the right price. Drop in any time and ask the boys to show the new things. Our neckwear is selected by the boys and you bet it is up to date. Come in.

We cannot please everybody, but we have always been successful in pleasing the majority, and we will try to make this store even more popular in the future than it has been in the past. You may not like us but you can't afford to buy any clothing until you have seen our goods and learned our prices. Come in and look, anyhow. It will pay you.

Time to Start the Corn Planter

Do you need a new planter? If so, you should have a John Deere, No. 9. The drop is most accurate. The check is perfect. There is no strain on the check wire. Built principally of malleables and steel. It is the neatest, strongest, cleanest cut planter built. If in the market see us before buying.

substantial farmers of the county and is in every way fitted for the place.
Corn continues to up in price and promises to go much higher. The price probably continued high price of corn will no doubt greatly increase the average this year and hereafter. The high price of corn cannot be attributed entirely to any great shortage in last year's crop, for it was close to the general average. That corn is being used as a bread stuff in foreign countries more than ever before is a well known fact. That it will rapidly grow in favor with these people is also an evident fact. This means a constantly increasing demand for this cereal in a new field for its use.
Friday evening, May 1, the Junior class of the High school gave a banquet to the Seniors at the home of Mattie Relyea. After the banquet of four courses, Supt. E. P. Wilson acted as toast-master, and the following toasts and musical numbers were responded to:
Our Guests—Marguerite Forbes
Our Hosts—Frank Northrup
Charteristics—Ruby Hughes
True Worth of the Seniors—Richard Forbes
"Awakening of the Lion"—Charlotte Ziegler
"Asleep in the Deep"—Charley Nicholas
Guide Posts—Ethel Blake
A pleasant hour of interesting games and contests was spent at the banquet and the Seniors departed hoping that the Juniors would be as royally entertained next year, as

they had proven themselves apt hosts this year.
To the People of Wayne
A year ago last April you honored me by electing me as your Police Judge, an office which came to me entirely unsought; but the honor and responsibility of which, I believe, I fully appreciated. I have discharged the obligations of the office to the best of my ability, without fear or favor notwithstanding the fact that my decisions may have been contrary to the wishes of my good friends. That I have encountered unjust criticism is nothing more than is to be expected, but life is to short for re-creation and I can afford to wait for the coming of that glorious day when I with my critics shall appear before the Great Judge of all the earth, before whom the thoughts and intents of the hearts of men appear daily as an open book. And so with "malice toward none and charity for all" I surrender the trust delivered to me a year ago with a consciousness of duty faithfully performed.—I. W. Alter.

Lid On At Norfolk
Norfolk has been in the throes of a salon scrap, there having been remonstrances against issuing licenses to several who have heretofore had them. The city council finally compromised the matter by reducing the number of licenses from twelve to seven, the coming year.
LATER: Since the above was written the situation at Norfolk has materially changed. The five applicants who had been refused license appeared before the council and put up the plea that they had been discriminated against in, as much as they had not been found guilty of violation of the liquor laws and that it was not a fair shake to turn them down and give the other fellows licenses. The council it seems decided to revoke its former decision as to the granting of only seven licenses and throw the whole matter into the courts. Remonstrances had been filed against all the applicants on the ground of violation of law and if they all go into the courts for settlement it will be a matter of thirty days or more before the cases are tried. In the meantime Norfolk would be a dry town for that length of time. Reports from there indicate that there is a good deal of bad feeling stirred up over the affair.

Tailor-Made Garments Versus Ready-Made

The difference in cost is not so much between a ready-made and a tailor-made garment when you consider the difference in the FIT, WORKMANSHIP and MATERIAL.

Many persons spend more than the difference in the life of a ready-made suit trying to keep it in a PRESENT-ABLE APPEARANCE. WHY? Because the goods are NOT PROPERLY SHRUNK and the WORKMANSHIP is FAR INFERIOR to a hand-tailored suit.

And another very important matter to be considered is the fit—all ready-made garments are cut from proportionate patterns to fit hunch-backs and a well proportioned man alike.

We cut an individual pattern for every customer from his measurements and there is not one man in twenty who has not some defect of form, either great or small, which we can remedy before the garment is finished.

Try us for your summer suit.

The fire caught in the bedding of the car and the load of cattle were making frantic efforts to get out when the fire was discovered. The big rain of Monday and Tuesday was general all over the state and northwest and done an immense amount of good for the small grain crop. THE HOT SPRINGS DOCTORS!

Who They Are and What They Will Do. To Visit Here May 25, 26 and 27.

Since the announcement has been made in these columns that Dr. Earl F. Gordon, who is consulting physician to the Hot Springs Doctors who have their Nebraska State Institute permanently located at 14th and O streets, Lincoln would pay a three days visit to Wayne on May 25, 26 and 27, 1908, the question has been many times asked: "Who are the Hot Springs Doctors and what do they do?" The answer is, the Hot Springs Doctors are an association of medical specialists and diagnosticians who have made a close study of the human body and who treat chronic diseases by Nature's remedy as found in the world-famous Hot Springs of Arkansas.

Dr. Kinsey who is chief of staff of the Hot Springs Doctors discovered the secrets of these wonderful Hot Springs and so perfected a system of home treatment that it can now be used in any home anywhere without inconvenience, publicity or annoyance.

This noted Hot Springs System has cured thousands of cases of chronic diseases of the liver, kidneys, nerves, skin heart, lungs, bowels, stomach, including rheumatism, paralysis, neuralgia, appendicitis, gall stones, Bright's disease, piles, goitre, rupture and diseases of men and diseases of women. These cases were cured in their own homes without a surgical operation.

It is this wonderful Hot Springs System of all home treatment that Dr. Gordon is bringing to Wayne on May 25, 26 and 27.

If you are skeptical, write to the Hot Springs Doctors for the names and addresses of patients whom they have cured and you will be furnished with as many as you may desire to investigate.

Remember Dr. Gordon will be here but three days and while here will receive patients at the Boyd hotel. If you are sick and suffering and want to be made well and happy, call on the Doctor when he comes to Wayne on May 25, 26 and 27.

From Winside Tribune.
Miss Trix Miller got in a mixup with her pony, last Friday at the school house where she teaches north-west of here; the pony became frightened and started to run. Trix hung to the bridle until the pony threw her down, and the wheel ran over her. The pony ran until it got caught in some trees. The harness was broken, also one shaft, while Trix fortunately escaped with a few bruises.

\$1000 for a Woman
There may be nothing new under the sun, but "When the Mummy Moves" is certainly an original title for a story. It is, of course, a story of mystery and it is so ingenious and interesting a mystery that the Chicago Record Herald in which it appears serially, offers a first prize of \$1000 to the woman who makes the best solution, with 115 other cash prizes for women and girls who make the next best solutions. The story begins in The Record-Herald Thursday April 23, and the conditions of the contest will be found accompanying each installment, in that paper. Those who have been unable to get the Record-Herald containing the early installments may obtain a reprint of those installments by writing to the Prize Mystery Editor, The Record-Herald, Chicago. While the masculine sex is not eligible in this competition it is probable that it will interest the whole family circle and there is no reason why men should not help their wives, daughters, or friends to a successful solution.

A Big Show
Campbell Brothers Consolidated Shows are advertised to exhibit in Wayne on Saturday May 9 and on that day it is safe to say, everyone will take a holiday as there will be plenty of entertainment from early morning till late at night for old and young alike.
All previous efforts of these able circus managers have been surpassed this year and they are presenting the largest, cleanest and most gorgeous entertainment that has ever been given heretofore under canvas. No labor has been too hard, no expense too great, to gather together a brilliant array of everything that goes toward the making of a first-class circus; 500 head of fine high-spirited horses, over 300 human beings, many of them from foreign nations over the seas, all trained to perfection in their own special art, bareback riders, aerial artists, acrobats, jugglers and others, too numerous to mention, besides the large and elaborate menagerie which has been secured at great expense and consists of a herd of trained elephants, camels, lions, ferocious in their native forest, tigers, leopards, an Asiatic Yak, imported direct from the land of Thibet, and others as equally interesting. The brilliant street parade will be given promptly at 10 p. m.

Bad Attack of Dysentery Cured
"An honorific title of this town was suffering from a severe attack of dysentery. He told a friend he could obtain a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, he had confidence of being cured; he had used the remedy in the West. He was told that I kept it in store and let me finish in obtaining it, and was promptly cured," says Mr. J. M. Lamb, street car conductor, Vt. St. Rd., Raymond, Minn. drug store.

Whoooping Cough
"In February our children had the whooping cough. Dr. Shoop of Harland recommended Chamberlain's Cough Remedy and said it gave his customers the best of satisfaction. We found it as he said, and can recommend it to anyone having children troubled with the whooping cough," says Mrs. A. Goss, of Durand, Minn. For sale by Raymond's drug store.

Weak women should read "Book No. 4 For Women." It was written expressly for women who are not well. The Book No. 4 Pills of Dr. Shoop's "Night Cure" will just how these "soothing, healing, and pain suppressor" can be successfully applied. This book and strictly confidential medical advice is entirely free. Write Dr. Shoop, Racine, Wis. The Night Cure is sold by Feiber's Pharmacy.

Tired nerves with that "no ambition" feeling that is commonly felt in spring or early summer, can be easily and quickly altered by taking what is known to druggists everywhere as Dr. Shoop's Restorative. One will absolutely note a changed feeling within 48 hours after beginning to take the Restorative. The bowels get sluggish in the winter time, the circulation often slows up, the kidneys are inactive, and even the heart in many cases grows decidedly weaker. Dr. Shoop's Restorative is recognized everywhere as a genuine tonic to these vital organs. It builds up and strengthens the worn-out, weakened nerves; it suppresses the falling appetite and universally aids digestion. It always surely brings renewed strength, vigor and ambition. Try it and be convinced. Sold by Feiber's Pharmacy.

"Health Coffee" is really the finest coffee imitation ever yet produced. This healthy coffee substitute was recently produced by Dr. Shoop of Racine, Wis. Not a grain of real coffee is in it either. Dr. Shoop's Health Coffee is made from pure toasted grains, with malt, oats, etc. Really it would fool an expert who might drink it for coffee. No 20 or 30 minutes tedious boiling. "Made in a minute" says the doctor. Sold by Ralph Randall.

Most Common Cause of Painful Suffering
Chamberlain's Pain Balm will relieve the reason that is the most common of all ailments, and it is so gratifying to sufferers to know that Chamberlain's Pain Balm will afford relief, and make rest and sleep possible. In many cases the relief from pain, which is at first temporary, has become permanent, while in old people subject to chronic rheumatism, often brought on by depression or changes in the weather, a permanent cure cannot be expected. The relief from pain which this liniment affords is alone worth many times its cost. 25 and 50 cent packages at Raymond's drug store.
