### SHEARED BUT NOT STOLEN.

Items Local and Otherwise From Our Exchanges.

Carrie Baker and Mary Baker returned to their homes at Wayne Thursday morning from a visit with their sister and sister-in-law Mrs. Nuremburger.—Tekahma Liberal.

Miss Hazel Williams has resigned her school in the Mattison district to take effect at Holiday time. Miss Williams will enter school at the Wayne college for the rest of the year.—Ponca Journal.

—Mr. and Mrs. Dick Reed returned last Saturday from Wayne and Norfolk where they had been with a view of locating in business. They found nothing there that pleased them and are making arrangements to stay here for a time at least.—Pierce Call.

Winner Free Press:

Robt. Sneath was down from Wayne county last week on business and visiting his old comrade, Jasper Randolph.

J. H. Lewis was down from Wayne county Thursday on business and was a pleasant caller at this office and subscribed for the Free Press.

Winside Tribune:

We notice that other towns are making contractors bid on the 1909 cement work that will be needed. As Winside is going to build more cement walks next summer than was ever known here and a lot of crossings must be put in, it might be well to have bids made on the work.

Geo. Benedict, a farmer living west of Norfolk and who is well known to many of our readers, is being sued for \$10,000 for kissing a married neighbor and another big \$10,000 for saying it was not worth over forty cents. George could come to Winside and get kisses at several per cent discount from the above prices.

Hartington Herald:

As an evidence of what Cedar county soil will do under scientific management, J. W. Duncan has gathered from a two acre field on his farm west of town 262 bushels of corn by weight or an average of 131 bushels to the acre. Mr. Duncan has lived in Cedar county for thirty-six years and has experimented in many ways how to get the best results from the soil. This piece of ground that made the phenomenal yield of corn was not even plowed in the spring but the rows were furrowed out with a stirring plow. The corn was sowed by hand so that there would be but one stalk in a hill and each hill on an average of six inches apart. After being well dragged the corn was cultivated three times.

Wausa Gazette:

The schools are making big preparations in the way of corn work which will be taken to Omaha for display during the corn exhibit at that place this month. From the beautiful articles created last season and the many new ones which have since been added we look for the Wausa schools to receive considerable notice and if there are any prizes to get we will surely get them.

The second big real estate deal was consummated this week, Mr. C. O. Johnson disposing of his half sec-

tion of land three miles east of town to a German farmer near Bancroft. The consideration was \$25,000. Possession will be given the first of March. Land in this vicinity is something worth having and the farmers from the older communities are more and more realizing this fact and coming here to invest their money. Land is constantly on the increase and even land bought at the price now selling for, is sure to prove a good investment.

Another big real estate deal was made one day last week. Mr. Nels Johnson northeast of town disposing of his half section farm to Mr. Olof Person. The consideration in the deal was \$20,000.00. Another proof that land here is worth having and that it is a good investment. Mr. Person disposed of his quarter section southwest of Wausa a few weeks ago but concluded that this locality was good enough for him and therefore invested again. Mr. and Mrs. Johnson will leave for California before another winter comes around where they will spend the rest of their days in ease.

Emerson Enterprise:

Miss Adae Brustkern and James B. Shearer surprised their friends by going quietly over to Wayne Friday and being married. Judge Hunter performed the ceremony. They have already commenced keeping house at Norfolk where the groom has a good position with W. G. Meriten. The bride is the daughter of Mr. and Mrs. J. F. Brustkern and is well known and highly respected in Emerson. The groom is a wide awake mechanic, son of Z. T. Shearer, mayor of Unionville, Mo. The Enterprise joins their many friends in extending best wishes.

The railroad men of the Nebraska division had an important meeting in Oddfellows hall Sunday. About one hundred and fifty were present. The object of the meeting was to raise funds to build a hospital for injured railroad men. The plan is that one per cent of each man's wages be set aside each month to provide a fund for that purpose. F. S. McCabe, assistant general passenger agent, Jack Koopman, chief clerk in the general superintendent's office of St. Paul, and train dispatcher Fordyce of Omaha, were among those who addressed the meeting.

Hoskins Headlight:

Mr. and Mrs. Art Ziegler came up from Wayne Saturday to visit friends and relatives in this vicinity.

Chat and Grace Howser spent several days in town last week visiting friends and relatives, returning to their home at Wayne Monday.

Mrs. Sederstrom of Wayne, arrived Saturday night to spend a few days with her brothers, Luther and Edgar Swanson.

The farmers in this vicinity report an unusual number of wolves this year. Out at the Gleason farm they have been heard several times in the corn fields in the daytime and are apparently quite tame. Sunday two of them were discovered just south of town, by some hunters. When the cold weather sets in they will no doubt prove a great nuisance to the farmers in more ways than one if some means are not taken to rid the country of them.

Last week we discovered that the corn which received second prize in our recent contest was selected by Fred Green, the sixteen year old son

of Henry Green. A few years ago Supt. Bright began a corn growing contest among the boys of the county and at the expiration of his term the work was taken up by his successor A. E. Littell. Fred Green was one of those who entered the contest and won a scholarship at the Wayne Normal. By this means he became interested in corn and has proven himself an excellent judge for one of his age, as the corn selected by him was in competition with that picked out by men who have been selecting corn for many years.

J. C. Harmer will make rugs out of Ingrain carpets this month.

# J. P. GAERTNER

Expect to be tagged, Saturday, Dec. 19th.  
A fine piano was added to the T. C. Osborne home Tuesday.  
A good second hand organ for sale cheap. Enquire at Johnson's furniture store.  
One of those handsome couches at Gaetrner's would be just the thing for a Christmas present.  
Rev. Dawson, representing the Methodist hospital at Omaha, was in town yesterday soliciting funds for that institution.  
Good things are always imitated. Why buy an imitation when you can buy the original One Minute Washing Machine at Barrett & Dally.  
Bed room suites add much to the appearance of a room. Get one at Gaetrner's. He has a very large line of handsome ones at low prices.  
Say, if you buy your wife one of those fine rockers at Gaetrner's for a gift at Christmas time she will be pleased all the year. You know what a good thing a happy tempered wife is in a home.

The Woman's Home Missionary society of the M. E. church received its annual thank offering at the church service Sunday morning.  
For Sale—I still have about a dozen fine Duroc boars for sale for 30 days only. Geo. Buskirk, ten miles west of Pender.  
Rugs are far handier than carpets. It is not near as much trouble to take them up as it is a carpet, therefore the sanitary condition of a house is far better with their use. Buy the best line at Gaetrner's for little money.  
M. T. Munsinger, of Tabor, Iowa, and E. W. Stang, of Elyria, Ohio, were callers Tuesday. Both of these gentlemen have recently purchased some of the good real estate in this vicinity and will move their families here in the spring.  
The Sunday evening service at the Baptist Church will be something worth attending. A double male quartette under the direction of Prof. Davis will do solo and quartette work. Mr. Halliday, the Y. M. C. A. worker, will speak, filling the larger part of the evening.

L. W. Woodruff came from Iowa Sunday evening to be with his parents for a time.  
There was no election of officers at the G. A. R. Post Saturday evening, owing to the small attendance.  
The light snow the first of the week sent the rabbit hunters out in full force, with good success in some instances.  
Those interested in the Kindergarten movement will be glad to know that something definite is really taking form. Aside from the published list there are others who have subscribed and whose names will appear later. It might be well to state that these subscriptions will not need to be cashed before August 1st.  
A meeting was held in the study of the English Lutheran pastor, Rev. Ringer, Tuesday evening, for the purpose of organizing a men's Bible Study class. A number were present and a class was formed, and it is hoped to largely increase its membership in the near future. This movement is taking definite hold upon the men in all parts of the country.

What do you think of that? The grand jury after investigating the conditions at Omaha says that there over 100 government permits to sell liquor in that city in the hands of women, who pay no city license. The report condemns the city for laxity and corruption in dealing with city affairs.  
The management of the Lyric Theatre have kindly arranged two Kindergarten Benefit evenings, Thursday and Friday of this week. There will be two shows each evening, one from seven to eight, the other from eight to nine. The subjects will be travel—Russia and Yellowstone Park. Everybody come and bring the children. We are assured of excellent programs.  
Subscription list up to date—  
Suzanne Wightman \$5.00  
Mrs. W. C. Wightman \$5.00  
Mr. A. J. Ferguson \$5.00  
Mrs. E. B. Philcox \$2.00  
Gladys Goldie \$5.00  
Lois Eells \$2.50  
Berkeley Eells \$2.50  
\$30.00  
Mrs. W. C. Wightman.

## A Great Sale of Pianos

A list that is the biggest that has ever been compiled, comprising fine pianos, has just been issued by Lyon and Healy. This list contains the names of the hundreds of fine, new pianos and slightly-used pianos being offered at a forced sale owing to re-building operations, by Lyon & Healy. Full and trustworthy particulars of each instrument are given, so that the buyer may judge for himself whether or not the piano is a bargain.

The figures quoted are phenomenally low. Lyon & Healy are making a determined effort to close out all these great stocks of instruments within the next 30 days, and the prices have been reduced with this object in view.

Send for a copy of this list. If you do not wish to pay all cash for a piano, you can arrange for monthly payments. Address Lyon & Healy, 10 Adams street, Chicago.

Lyon & Healy exhibit the largest and most varied stock of pianos in the world—over 1,000 instruments.

## Nebraska During 1909.

During the week of December 21 to 28 inclusive, the Lincoln State Journal will accept \$3 from mail subscribers for the whole year of 1909, without Sunday, or \$4 with Sunday. The regular price is \$4 and \$5. This cut-price is good only during this Bargain Week, and all you have to do is to mail your remittance to the State Journal, Lincoln, Neb., and the paper will be mailed to your address commencing January 1, 1909, and continue until January 1, 1910, when it will be stopped unless you pay for it another year. All subscriptions are payable in advance, consequently no unpaid bills, and this saving together with cutting out solicitors' salaries, hotel bills and railroad expenses make it possible to give you this cut-price. The Journal is the paper you will want to read during the legislature because it is right here in Lincoln and with its great corps of newspaper men will be able to give you the most thorough and reliable legislative news. It is uncontrolled by party bosses or selfish ambition to hold or get a job for its proprietor. Its not afraid to print all the news all the time about all things. Its a clean home paper, no liquor or unclean medical ads appear in its columns. Its business is legitimate returns without making alliances with any interests opposed to the public welfare. Every public matter is treated impartially, unselfishly and entirely from the standpoint of the people's interest. One year's reading will convince you that the State Journal is truly Nebraska's greatest newspaper. Remember, this special rate is only made during this one week of December 21 to 28 to get new subscribers and regular price of \$4 and \$2 will be charged thereafter. Why not see The Journal this one year and see if its publishers are really conducting their newspaper upon such high standards?

## NORMAL COLLEGE

Misses Bellows and Miss Hewins spent Sunday at the home of Miss Lois Patriek in Wakefield.  
Prof. Sauntry will deliver the one o'clock address Saturday this week. Miss Bellows was the speaker last Saturday.  
Rev. Young accompanied Rev. Dawson on his visit to the Hill this week. Rev. Young pleased the students by giving one of his good talks which all enjoyed.  
The social Saturday evening, in charge of different members of the graduating classes, was a "Christmas" social, well planned, novel and enjoyed by all present.  
We expect Mrs. Pile home from Europe the latter part of next week. She has been away more than two months and writes that she has had a most enjoyable trip.  
The special elocution class will give a public recital in the Chapel at 7:30, Wednesday evening, December 16th. The program for the evening is: Henry Van Dyke's "The Other Wise Man."

## A City Game

What is the city of learning? University.  
What is the city of enmity? Animosity.  
What is the city of shrewdness? Sagacity.  
What is the city of truth? Veracity.  
What is the city of doubt? Perplexity.  
What is the city of greed? Voracity.  
What is the city of ostentation? Pomposity.  
What is the city of spring? Elasticity.  
What is the obstinate city? Pertinacity.  
What is the city of inclination? Propensity.  
What is the animated city? Vivacity.  
What is the plain city? Simplicity.

## Edinburgh, Scotland.

Editor Herald:

Here I am in Edinburgh, Scotland, a city unlike any other city in the world. The city is most picturesque and very beautiful. The people are intensely religious. They are what England calls non-conformists. This is a city of 315,000, and not a newspaper sold on the streets on Sunday, or anywhere, in fact. The hotel at which we are stopping is the best in Scotland. Every evening at ten, guests and servants alike, meet in the large drawing rooms for prayers. No hotel bars or anything of that kind. Really, it is most restful to get into such a delightful place. The schools we have visited are fine in every particular. I must say that Edinburgh schools are the best. I should like to write you a letter regarding this feature of my visit, but to the general public it might prove uninteresting. However, upon my return I shall be pleased to give my educational friends an idea of what we have seen, should opportunity present itself.

This particular city has so much of a historical nature that I am loathe to leave it. Here is where the Pict and Saxons met in contest and here Mary Queen of Scots suffered. Here John Knox, the great reformer, lived, and to whom the strict observance of the Sabbath is credited. Here King James the First of England was born. Sir Walter Scott and Robert Burns both lived in this city. Oliver Cromwell also visited Edinburgh, as the ruined Abbey attests. I might go on for hours, but must close. This will be my last letter, for ere this reaches Wayne I shall be on the Celtic bound for New York. I am, Mrs. Pije.

## How to Get The Best Light

The study of illumination has not only become an exact science in these days of perfection in artificial lighting, but every householder is eagerly reading anything that will give him a greater insight into this most difficult study.  
Many a poorly lighted room can easily be remedied by changing the light fixtures or repapering. It was formerly the custom to blame the oil, or the gas, or the electricity if there were dark shadows in the room or if the light failed to dispel the evening darkness. Now it has been proven that these same rooms, be it at the home or the office or the store, can be made almost as light as day with even less candle power than before, all with a little study and planning.  
A wallpaper which will "absorb" light is the greatest enemy to artificial light in the home. An illuminant is powerless to light a room if the color of the walls absorb most of the rays. The illuminating engineers of the General Electric Company claim that a white wall will reflect 50 per cent. of light, whereas a red wallpaper will reflect only 15 per cent. A light buff or yellow will reflect 45 per cent.; a dark brown about 12 per cent. A light apple-green wallpaper will reflect 40 per cent.; a dark green will give us 15 per cent. Dark wood trimmings absorb light; white wood reflects it. Velvets, chintzes, burlaps, will also absorb light, so will wallpaper, whatever its color, but a tinted surface wall reflects the light. Wallpaper in patterns is not only one of the greatest of all known absorbers of light, but it also has a bad effect on nerves and eyes.  
The plainer the wallpaper the better for nerves and body, and the smoother the surface the more light it will reflect. In selecting wallpaper the way the room faces must also be taken into consideration. Those rooms facing north and east require lighter colored papers than do rooms facing the south and west.  
Care in the selection of tints and wallpaper will not only lead to a better and cheaper light, but will protect the eyesight, save the nerves and tempers. It will enable all to realize to the greatest degree the many advantages of artificial light from the electric current, where many are now using some inferior illuminant because of an incorrect impression that electric light is too expensive.

## Conundrums

What days are like old clothes? Holy ones.  
What emotion is like a blind man? Love.  
When does dough become like greenbacks? When made into rolls.  
Why is a sarcastic man's nose like an eagle's nest.  
Because it is elevated.  
Why is a blind man like a potato? Both have eyes but cannot see.  
When are household servants like vessels? When being discharged.  
Why are royal robes like water? Because they are flowing.

## Too Much Money.

The secretary of the United States treasury has made his estimates for next year for public buildings and they include for Nebraska towns the following estimates: Beatrice, \$30,000; Columbus, \$45,000; Fairbury, \$55,000; Fremont, \$85,000; Grand Island, \$45,000; Holdrege, \$50,000; Kearney, \$20,000; North Platte, \$60,000; Plattsmouth, \$35,000; York, \$15,000. We do not like to seem penurious in these matters but we do not believe that any one of the towns mentioned above needs any such sum for a public building. The amount of business to be transacted in any one of them, for the government, could be done in a \$10,000 building, and such a building would be a credit to any town in the way of a public improvement. There is no use being so extravagant with the people's money, and especially in view of the fact that there is an ever increasing deficit. More buildings at a less cost would give better satisfaction and still be a saving to the treasury.

THE RACKET

The new Methodist church building in Tecumseh is nearing completion, the decorators being engaged on the interior work. The date set for the dedication is Sunday, December 20, and a splendid program is being prepared. The church will cost not less than \$18,000 and this amount has been provided for with the exception of about \$5,000.

The Pender Times in speaking of the Nebraska inebriate asylum says: "It is the height of folly to send an inebriate to the asylum. No effort is made to cure them and the county is charged up with \$15 per month for their care. Every one that we know of who has been sent from this section has returned home just as he went—with an undying thirst. If the state wants to give the inebriate a cure all well and good—otherwise repeal the law.

### Additional Local.

Felber has a handsome show window.

R. Chisson, of Carroll, was in town this morning.

Mrs. Raymond was a passenger for Sioux City this morning.

Do you realize the fact that we have almost reached the shortest day of the year.

W. J. Halladay of Otis, Colorado, visited the C. B. Owen family the first of the week.

Advertised Letters—Ostar Glaze, Wit Tomson, Cards Miss Vernie Anderson, Mrs. Hattie Blackmore, Herman Luhn, Henry Smith.

Thomas Weir and wife who had been visiting Archie Lindsey for two weeks started for their Idaho home this morning, going by the way of Kansas, their old home.

The Ladies Aid Society of the Presbyterian church will give a Reception Tuesday evening, December 22. A cordial invitation is given to every one.

Mr. and Mrs. W. H. Morris and Mrs. Orr returned Wednesday evening from Malvern, Iowa, where they had been for several days on the sad mission of laying in the tomb all that was earthly of Mr. Morris' father.

Of course you are reading the advertisements in the Herald. The firms that want your trade are the ones that ask for it and tell you about their stocks. Trade with the advertisers. They are the men who make your town.

The lady clerks at the store of Orr & Morris fairly outdid themselves Wednesday in the way of decorations for the holiday trade. It will do you good to visit all the stores and see the decorations even if you do invest a cent.

J. Garwood closed a deal yesterday whereby, he comes into a half interest in the marble business of Prof. Durin, and the firm will hereafter be known as Prof. Durin & Co. It is the purpose of Mr. Garwood to take the road and push the business much more extensively.

Mr. Huff, who is with the Shamrock Trio, is a personal friend of Mr. and Mrs. R. Closson of Carroll, having lived next door to Mrs. Closson in Webster City, Ia., the past fifteen years. After the entertainment last evening Mr. and Mrs. Closson and Mr. Huff were royally entertained at the El. A. Johnson home.

\$24.48 for 51 old Hens—very nearly 50c each—was paid to one of our customers this week. These chickens averaged a little over 6 lbs. each and at the high price of 8c lb. which we are now paying they brought the owner fine returns. Now is the time to sell your chickens and Ahern's is the place to sell them. We are giving our customers every cent there is in it and advise you to hurry them in while the high price lasts. —AHERN'S

The discovery that the broom corn grown in the United States can be used for matting such as the Japanese make from reeds and rushes, gives promise of another great industry for the middle west. A former special agent of the United States government in China, J. H. Hollander, of Chicago, experimented in China with broom corn for matting and found that by special treatment, the brittleness common to the kitchen broomstalks could be remedied and tough cheap matting be made from it.

### Bad Accident

Bert Chace, who has been running the engine for a saw mill on the C. E. Johnson farm, south of town, met with a bad accident Wednesday morning. In jumping from the engine to the ground he struck squarely on a big rusty nail embedded in a piece of plank, and the weight of his body forced the nail through the heavy sole of his shoe into his foot, producing an ugly wound. Despite this fact Mr. Chace worked until noon when the foot and leg had become so swollen and painful that he was forced to quit and he took the afternoon train for his home at Wakefield. He is very liable to have a serious time of it before the wound is healed.

### An Unusual Thing.

It is very unusual for a merchant to buy Ladies' coats at this season of the year. The demand for the new style Empire shape coat has been so strong however and the supply so limited that we have been obliged to order more coats this week. This new style coat with the raised waist line and full, graceful fitting skirt, is the most becoming coat for all figures that has been brought out for years and we consider ourselves very fortunate in having a good stock of them to show you. Our sales to date on this style coat have been so good and the demand continues so strong that we are going to keep up our stock on them right through the winter. You'll always find a good selection of this popular coat at Ahern's.

### The Shamrock Trio

It is said that "Variety is the spice of life." If there was any one thing above another the Shamrock Trio, the second number of this year's lecture course, lacked at its entertainment Wednesday evening it was variety. To our way of thinking there was too much of a sameness to the program. While it was all good enough it was not up to the standard that class of entertainments usually reach, or else our poetic soul was not tuned up to appreciate it. There was an excellent and appreciative audience, the opera house being filled. The third number in the course, Judge Ben Lindsey, comes on the 21st of this month, the shortest day in the year, and unless the Judge's reputation has been overestimated the hours will be all too short that are spent in listening to him.

### Have You Got Your Share?

Washington, Dec. 9.—Today Geo. B. Cortelyou, secretary of the treasury, presented to the president his annual report of the finances of the nation. In short, the report gives the following information:

There is a little over \$3,000,000,000 in circulation in the United States.

Each person's share of total cash in the United States is \$34.72.

There are nearly 75,000,000 silver dollars outstanding.

There are 6,827 national banks. The total capital of national banks is nearly \$1,000,000,000.

In Iowa there are 316 national banks, capital \$20,330,000.

An evening entertainment known as "A Day in the Union Depot" will be given in the course of a few weeks under the auspices of the Monday Club, proceeds to go into a fund for furnishing the Gynnasium of our new public school building. The ladies of this Club have undertaken to raise all the money possible to be placed in this fund.

At the regular meeting of the Modern Woodmen of America Tuesday evening the following were elected as officers for the ensuing year: Geo. Fortner, V. C.; S. E. Gandy, W. A.; C. D. Ringer, Banker; E. Hunter, Clerk; Howard Whalen, Manager for the term of three years; Fred Benschopf, Escort, and Dr. Lutgen and Dr. Williams Medical examiners.

If you read about King Solomon in this issue it will very likely interest you.

Making a person a Christmas present two or three weeks before the proper time robs it of half its value, as it takes out of the gift all sentiment and makes out of it a dull affair such as might take place any other of the 365 days of the year. At Christmas time there is the joy of anticipation, before hand and the joy of receiving on that day, accompanied by the loving thoughts that go with the season.

# We Are Ready For You!

There is great pleasure in store for any one who visits where they are ready to receive them. It is a pleasure to meet friends after you have made preparations to receive them. We have been making arrangements for you for several months and we all are now ready to entertain you, and we extend a cordial invitation to you, to visit our store before Christmas. We know you are going to visit some store soon and why not this store? We have invited people each year for thirty-eight years to make us a visit at this season of the year, and we are better prepared this year to please you than we have ever been. Our store presents a pleasing sight as you enter, and you will find we have made ample arrangements to satisfy your wants for Christmas presents. There are more beautiful things made this year in our line for presents than we have ever seen before, and we have more of them than you will find in any store in this country. It would be impossible for us to fully describe all the many useful articles we have suitable for presents. So it remains for you to accept our invitation and make this store a visit soon. Now don't wait until some Saturday afternoon when so many are here, but come when the store is not full of customers, and you will receive better attention and have a better opportunity to see all the beautiful things we have.

This has been a bountiful year for every one and we are all going to make presents this year, not only to please our friends but to please ourselves. If you feel that you hardly know what to buy for men and boys come here and we can make that easy for you. Our things are all new and up-to-date and you can feel safe in selecting anything here. It is the newest styles that you want for presents and with our assistance you can make no mistake in getting them. You are welcome to look anytime and you need not feel that it is necessary to make a purchase because you looked, we are glad to show you what we have bought for you whether you buy or not. Come in soon and take all the time you desire to look us over, we will gladly assist you in selecting suitable things for presents for your friends.

You are invited to visit this store, will you accept our invitation? We are ready for you.

### Tag Day

Our Epworth League will have a "Tag Day" for the proposed new wing of the Nebraska Methodist Hospital, Saturday, Dec. 19th. They will pin a suitable tag on each person who will contribute 10 cents for this most worthy enterprise. Our Hospital is running 35 beds with capacity for only 80. The "new wing" is much needed and it is hoped that the League will realize a snug little sum for this purpose.

## NEBRASKA NEWSLETS

Many Items of Interest Gathered From Our Exchanges

The Thurston Gazette has ceased to exist.

P. L. Rork and wife, of Tekamah, have been married fifty years.

The G. A. R. Post at Ainsworth has disbanded, there being no longer members enough in the Post to hold the offices.

G. H. White, of Emerson, secured third prize on a Short Horn, two to three years old, and first for junior yearling bull at the international stock show in Chicago.

L. F. Koplun, a saloon keeper at Pilger, was fined \$75 and costs on three counts, for selling liquor to minors, pleading guilty to the charge. The village board then revoked his license.

The Panama canal bonds sold at a good figure Monday. There were 831 regular bids accepted. The highest bidder was a Nebraska man, J. F. Houseman, of Bradshaw, \$100 at 105.

Cuming county has 74 Rural School districts, employing 75 teachers at salaries ranging from \$35 to \$50, and the four towns in the county employ 40 teachers, at salaries ranging from \$45 to \$85, exclusive of salaries of the Superintendents.

You would hardly think that anyone could run away with a house, but that was what was done with a three room 16x18 residence near St. Charles, Neb. In spite of injunctions and all sorts of legal proceedings, the men in charge of moving it got it five miles over the South Dakota line.

Any one would think that some of the rural mail carriers out of Randolph were running a free delivery service. At least it is hard to see on what other grounds they would be willing to accept so many donations. The government pays them \$75 per month and they do not need donations of geese, fresh pork and butter.

A young woman in Cherry county, who belongs to a cooking club, offers this recipe for soup: "Put into some water, to cook, everything that is left over. If you take it off in five minutes it is chicken soup; in ten minutes it is pea soup; in fifteen minutes it is tomato soup; in twenty minutes just Soup."

A Fremont hired girl who had suffered from toothache went to a dentist one evening and asked him what he would charge to extract the tooth. "Five dollars with gas, two without," was the reply. "Oh," said the girl, "then I'll come around tomorrow and have it out by daylight."

Col. John Soules reports a good attendance at Mrs. Peter Wagener's auction sale last Thursday, and he got fully one third more for the property than they anticipated.

What makes a man? A good many boys seem to think that smoking a pipe is the acme of manhood so it's no infrequent sight to see boys in knee pants hanging around the depot smoking a pipe with the biggest of them.

Do not let your good wife slave herself away sewing with a needle in the old tiresome way when you can get a good White sewing machine at Gaertner's for such a little money.

Owing to some changes that Gaertner is forced to make in his store room and store he will offer you extra inducements to buy anything in his furniture line at this holiday time. Be sure and call on him.

The Woman's Foreign Missionary society of the Methodist church will hold another one of its evening sessions at the pleasant home of Mr. and Mrs. C. A. Grothe Friday evening of this week, to which the men will be welcome.

If you are thinking anything about pictures for Christmas you should not fail to see that large line at Gaertner's. You can make your home look 50 per cent better with a few pictures on the wall. Gaertner has them in all sizes and prices.

An exchange tells of a lady who had been married a little over a year who wrote to her father, saying: "We have the dearest little cottage in the world, ornamented with the most charming little creatures you ever saw." The old man read the letter and exclaimed: "Twins, by thunder!"

The Pleasant Valley Union Sunday-school south of town, Mr. C. O. Johnson is the efficient superintendent, celebrated its third birthday last Sunday and drew out quite a crowd to a specially prepared program. The day was stormy but people felt repaid for coming. Sunday school next Sunday at 3 o'clock.

The ladies of the Baptist church will have charge of the services at that church next Sunday morning. The program will consist of recitations, papers and music by the ladies quartet. The public is very cordially invited.

You may have had the impression that it does not pay to advertise, but you could not make John Soules believe that, as a man from Wakefield was induced to attend Mrs. Wagener's sale by the ad in this paper and he bought \$50 worth.

The members of the Baptist church and congregation will celebrate the 27th anniversary of the church on Wednesday evening Dec. 16th. A good social time is anticipated in connection with the program to be rendered and lunch will be served by the men.

The canvass for increase of membership in the M. W. A. is meeting with gratifying success. And why should it not? It is a fine organization, one with the largest membership of any of its kind in the U. S., and there has been only eight assessments during 1908.

The Epworth League of the M. E. church will hold a sale of home-made candy next Saturday afternoon at Fleetwood & Johnson's furniture store. Your patronage is earnestly solicited as the proceeds of this sale are to go toward the support of a missionary now in India.

Those pretty red and green holly "stickers" that stationers sell are all right to put on Christmas packages in the mails. But if they are used to seal a package, instead of being put on the face, they make it cost double. A pound parcel, for instance, that would call for 16 cents postage, cost when sealed from inspection 32 cents. Registry fees are the same in each case—8 cents.

At a meeting held at the Lyric Sunday afternoon it was voted to organize a Y. M. C. A. in this city. Two committees were appointed, one on constitution, and one on nomination of officers to report at a meeting to be held at the same place next Sunday afternoon. This is an organization worthy the aid and encouragement of all good citizens, and will no doubt receive it.

Last week we advertised that on account of an overstock of size 36 ladies Coats we would make a price of \$13.50 on our \$18.00 and \$20.00 in this size. We have just a few of these coats left yet. They come in brown and black—are satin lined throughout—and are beautifully trimmed in silk braids and satin folds. You can have your choice of these coats now at \$12.20. They are the best coat bargains we have ever offered.—AHERN'S

John Kate and some others in this town have got let down on a subscription to the Saturday Evening Post. A smooth tongued agent with a dictionary proposition that looked good was responsible for their losing the cash for a year's subscription, which never came, and an enquiry of the Curtis Publishing Co. revealed the fact that the agent was a fraud. The company offered \$25 reward for information that would lead to the fellow's arrest but he was gone where the "woodbine twine" long ere thus. The only safe way is to pay that class of men no money in advance.

**A Good Man Gone**

D. C. Morris, who was stricken with paralysis several weeks ago never rallied from the shock but grew gradually weaker until death came to him about seven o'clock Sunday morning.

Deceased was born in Indiana in 1836. When a boy he moved with his parents to Iowa and resided there nearly all his life. He was married March 13, 1856, and to that union nine children were born, four of whom are living, two of them, one son, W. H. Morris, and one daughter, Mrs. Orr, being residents of Wayne. One daughter resides at Malvern, Iowa, and one daughter lives in Spokane, Washington. The remains were sent to Malvern, Ia., his old home, for burial, and were accompanied by W. H. Morris and wife and Mrs. Orr, the funeral being held Monday. Deceased was a little over 72 years and 8 months of age and had witnessed the wonderful development of this entire western country from a wilderness to a blooming garden, and had done his share in its advancement. His was a cheerful, sunshiny disposition, looking on the bright side of life and his memory will linger long with those who knew him best. He was making his home in Wayne with his children when he was taken ill and here he died at a good old age, and came to life's end like a golden sheaf of grain ready for the harvest.

**WEBER BROS.**

Rev. E. F. Miller

the Singing Evangelist, of Morgan Park, Chicago who will assist the pastor in a special meeting at the Methodist church beginning Sunday January 3rd. The Central City, (Colo.) News says of him: "Rev. Miller is of German descent, and of such marked ability in his chosen field as to be styled 'the Sankey of Chicago.'" His wonderful power to sway men through the Gospel in song has won him national fame. Thousands of persons have professed conversion in his meetings. The people of this community are familiar with his recent work at the People's Tabernacle in Denver. Many will also remember him as the singer who, some fourteen years ago, held spell-bound the crowded audiences that packed the opera house of this city."

**The Future of Advertising**

Is advertising at its zenith now or is it to grow still further? The answer is in the continued extension and perfecting of our public school system, in the growth of the reading habit among the masses. These two movements show no sign of stopping. As long as our reading public increases in numbers and in the intensity of its love for reading, just so long will advertising increase. The future of advertising is to be greater than its past.

**Bank Guarantee and Precinct Assessor.**

Two of the first bills to receive the attention of the coming Democratic legislature will be those for guaranteeing bank deposits and permitting the people to elect precinct assessors. This statement is agreed to by prominent Democrats who will be members of the new body. The proposition to have precinct instead of county assessors in Nebraska is not a new one, but former legislatures have heretofore refused to consider it. The Democrats claim that with such a law the tax-payers of the state would be saved a large amount of money.

**A Fine Shop**

The old saying is "While you are getting a plenty." This can be made to apply in more ways than one. It pays in a business way to establish your relations with your fellow men in such a way that they will have confidence in you, especially if you are in the manufacturing line. As an apt illustration of this statement we were in Wm. Piepenstock's harness shop Friday and he showed us one of his fine sets of harness that he was going to send to Sweden. The man, a former resident of this vicinity, was so well pleased with Mr. Piepenstock's work in the past that he was willing to pay not only the cost of the harness here, but the expense of getting it across the briny deep, believing that he would be well rewarded by so doing. And, by the way, the editor used to do something in that line himself before the war, and he must say that Mr. Piepenstock has as fine and well arranged a shop as he has ever seen anywhere. He employs a number of men and does all of his own manufacturing, something unusual in these days of strong competition with the cities. But honest goods, well made, and fair treatment, brings him a large trade.

**Feeding Cows in the Winter.**

Next to what to feed, the most important question which arises is how shall the cows be fed. To feed economically cows should be fed as individuals and not as a herd. It is too often the case that each cow in a herd is fed the same amount of grain regardless of how much milk she is producing. By this practice feed is not used economically, as some cows will be overfed, while others will be overfed. In feeding animals one should understand that the animal always uses a certain amount of the food it receives to maintain the body. This is the first use to which the food is put and is called the ration of maintenance. This amount is required by the animal whether she is producing milk or not. All feed given above this amount is used for milk production or is stored on the body of the animal as fat. In the case of a young animal part of this excess is used for growth.

Of the two mistakes made in feeding perhaps the one of underfeeding is the more common. It is a very serious mistake to feed a cow only that required to keep up her body, and then not feed her enough in addition to produce what milk she can. If a cow declines in weight while giving milk, it shows she is not receiving enough food, as a good cow if not fed enough will produce milk for a time at the expense of her body; that is, she will take the surplus flesh from her body and convert it over into milk and thereby will lose in live weight. On the other hand, when a cow is being overfed it may be detected in a short time by the fact that she will put on flesh. This condition may be corrected by giving her only the amount she needs and will use for milk production. This means feeding enough to maintain practically a uniform weight.

In feeding a cow the place to begin is with the roughness. A cow is not contented unless her stomach is full. She should always have all the roughness that she will eat up clean, and then the amount of grain she receives should be regulated by the amount of milk produced. A dry cow in good condition should be fed roughness only and does not need any grain. In feeding grain to cows producing milk the following rule may be used, and it is found to work out fairly well: Feed one pound of grain for each three pounds or three pints of milk produced. A Jersey cow producing very rich milk may need a little more grain than the amount given.

**Went Estray**

The annual report of 4th assistant postmaster general De Graw shows the following interesting facts:

More than 13,000,000 pieces of mail went to the dead letter office during the year.

About 11,000,000 pieces were mailed in this country, 2,000,000 came from abroad.

More than 1,000,000 of the letters and parcels contained inclosures of value.

The value of checks and drafts in these letters was \$2,200,000, currency nearly \$67,000. Only \$47,000 of this latter could be restored to the senders.

About 6,000,000 post cards, undeliverable for various reasons were destroyed.

**Be A Booster.**

A town whose citizens have no public spirit is on the way to the cemetery.

The citizen who will do nothing to help his town is helping to dig its grave.

The citizen who grows about his town being "The worst ever" is assisting in its burial.

The business man who will not advertise is driving the hearse.

The citizen who is a chronic grumbler and always pulling back in every public enterprise is throwing bouquets on the grave.

The citizen who "knocks" and howls "hard times" preaches the funeral sermon.

Point to a town whose citizens count every dollar gotten from their neighbor as gain; and every dollar given to a school or college or church or library or Chautauqua or lecture course as loss, and you point to a town on which there rests a business and social blight, which will be known throughout your state as "A good town to move from." Do your part, then, as citizens! Count for something in the affairs of your town or city. Pledge your word and honor that so long as you reside in a community it shall be your constant aim to "boost" it in every way you can. That you will not "knock," but will do all you can for every public enterprise that has for its object the best interests of the community. That you will submit to the majority rule, and not growl if things are not always as you think they should be. That you will keep in mind that if a town is good enough for you to make your money in, it is the legitimate place for you to spend it, and will buy everything you can of your home-town merchants. That you will always say something good of your town and people or keep silent, except in case of a public nuisance. That you will not encourage nor contribute to injurious reports about your neighbors or business competitors, but will use the scales of charity in weighing the shortcomings of your fellows. Practice this teaching and your town will be one into which the best families will come as the children gather round the fire on a winter's night. Take a big dose of cheerfulness and feel that the best is yet to come.

A pessimist is one who has an ingrained grudge against humanity in general, and himself in particular. He sees failures hopelessly.

An optimist is one who has succeeded in associating with humanity for some time without becoming a cynic. He sees the failures but never loses faith in the manhood and womanhood of America. Col. G. A. Gearhart.
