A DAY IN THE UNION DEPOT

A SUCCESS IN EVERY RESPECT

The Largest Attendance and Proceeds of any entertainment ever Given in Wayne.

On Friday evening a company composed of home talent, exclusively, presented at the Opera House the play entitled "A Day In The Union Depot." It was played to a packed house of pleased people. Standing room was early at a premium, and a number of disappointed people were turned away as they were unable to get seats. It is safe to say that no entertainment was ever given in Wayne that was more thoroughly enjoyed by an admiring audience from start to finish than "A Day In The Union Depot."

There is no occasion for unfavorable criticism, and even comparisons in this case would be invidious; from little Ruth Ringland to big Harry Fisher, as Hans Bickerstein, each one acted well the part, stage fright being noticeably absent.

The curtain rose on a scene that might be observed any day in a metropolitan depot. Mr. Moran having kindly loaned much of the paraphernalia there was the usual hurry and bustle, the different types of traveler, the awe inspiring policeman, the bootblack, the newsboy, the emigrant, the scapier, the laborer and the idler. There was the lunch counter, presided over by a distinguished looking caterer and assisted by an attractive bevy of young ladies, and it certainly was a decided improvement upon that usually seen in depots. The operator was there with a real ticker, and the bored agent was languidly selling tickets to Apex and Sholes as natural as life.

The arrival and departure of trains was characterized by the tooting of whistles, ringing of bells and escaping steam that was particularly realistic due largely to the ingenuity of Mr. Symes. Frank Morgan, as depot master, had a voice and delivery that should command a large salary, as well as endear himself to the traveling public, anywhere. There was no misunderstanding what he said. Mrs. Williams gave a good representation of the comfortable old lady who will travel occasionally, and her get-up was very taking, even if she would not take a "bus. Will Sharpe, as the itinerant musician, rendered a very pleasing violin solo, and Mrs. Morris and her opera company delighted the audience by singing "A Little Girl Who Could Not Say No." Being encord the company responded with "It Was Not Like That In The Good Old Days".

The ferally and wonderfully gotten up minstrels also gave a number of choice and appreciated selections. Mrs. Blaine Sken and Miss Marguerite Hecker were true to life as Mrs. Chattermarch and daughter, as also were Mrs. Harry Craven as Aunt Apnelia Saylitttle and Dale Rickabaugh as her nephew Will. The latter's acting was particularly good as he represented the squirming, wriggling, inquisitive youngster to perfection. Everybody would know that Cyrus Sweet came from "Way Bak East", and it was no trouble for him to represent Uncle Joshua Hayseed to a T. he evidently knew the type and "done himself proud" as did Mrs. Welch as Mrs. Hayseed.

For a sustained effort in a rather difficult part, Mrs. Beebe is entitled to special mention for her representation of the sympathetic, snooping, inquisitive, well meaning but intolerable Mrs. Garpulous. Don Harrington made his initial bow as Prof. Learned en route to that dear old Tekamah, and it was difficult to tell whether his palor and nervousness was due to stage fright or merely simulated—if the latter, it was a very clever piece of acting.

Dr. Eells took the boards as Mr. Henpeck, and acquitted himself very creditably, but it is hardly possible to imagine a man with such fiery red hair and such a profusion of beautiful pink whiskers being so meek and subdued. Mrs. Main as Mrs.

...and her... especially good... Country... Mr. E. B. Philbo and Mrs. Johnson represented the parts like... and their happy acting and utter oblivion to the world was... Ted looked, acted and apparently felt just like a green, gawky, growing goslin' with a superabundance of spirits and... while the bride was a dream and a pleasant one. Their attendants, Miss Clara Hecker and Herbert Welch, were not so much in evidence, very naturally, but rendered their parts very satisfactorily. Hardly anybody recognized genial John Hufford as Deacon Longface who looked at life through a glass darkly, and wanted everybody else to do likewise.

Miss Nangle and Miss McNeal as the Ancient Aunts well portrayed their fear of man, while Miss Florence Welch, as Miss Fidgety, equally well delineated her absolute confidence in the same man, and the audience seemed to be with her and Mr. Shulthess.

Mrs. Harrington, as Miss Beaconsfield, gave a good representation of the cultured Bostonese bachelor maid, but in her charming role as nurse she was much more in touch with her Western audience. The scene closed with Mrs. Cunningham as Araminta Fishwell and Dr. Hecker as Joseph Smith, a widower with five children. Mrs. Cunningham was certainly perfectly at home as Araminta, and gave the audience a specimen of acting that smacked but little of the amateur, and was much better presented than that of many so-called professionals. Dr. Hecker, although badly handicapped struggling with his beard and his emotions, amazed and amused the audience by his clever portrayal of Mr. Smith, the widower, while the children acted beautifully—from a histrionic standpoint.

The proceeds amounted to over two hundred dollars which goes into the gymnasium fund of the Wayne public schools, and the mangement naturally feel very much elated over their success financially, and very thankful to every one who contributed to their success, both in presenting the play and by their presence at the performance.

LITTLE BITS OF STATE NEWS

Also Some Other Items of Interest to our Readers.

The Japs are calling on the U. S. to furnish them with 10,000 cats to eat their rats.

A Beatrice girl died from blood poison, the effects of wearing highly colored stockings.

It is said that Kansas has enough money in her banks to give every man, woman and child \$145.

Another one of the Omaha policemen was shot and killed Friday night by a man whom he had arrested.

Cloth peddlers have been victimizing farmers in the vicinity of Randolph to the tune of \$5 to \$95 each.

The Laurel Advocate says that there is considerable excitement in the north part of Cedar county over railroad talk.

The Hartington Herald says that the month of February in that vicinity has been a month of blizzards, brides, and babies.

The handsome new Catholic church at Fordyce was dedicated last Thursday. It is said to be a credit to the village and community.

The Presbyterian church of Laurel has decided to become self-supporting, and no longer ask for aid from the Home Mission Board.

Kansas has certainly got the lid on tight in the way of liquor legislation, the new law even prohibiting physicians from prescribing it for their patients.

Charles A. Henry, one of the proprietors of the Star clothing house at Wakefield, has purchased a building at Laurel and will open a clothing store there.

...with the result that he had an explosion that nearly cost him his life. Becker let the hen attend to the egg producing business.

J. J. Hill has announced that work will begin at once to connect up the Colorado Southern and the Burlington systems, and that from 1,000 to 3,000 men will be needed in the next two weeks.

A Council Bluffs, Iowa, man who got in a jealous rage shot himself instead of his wife. We have often thought it would be a good thing if men would only begin on themselves first, so this man has set a worthy example.

We notice that a good many of the papers are commenting on the fact that Nick Longworth and bride have been married three years and have never yet given the President a chance to be called "Grandpa." Well, whose business is it anyway, but their own?

John Smith, for some time city marshal of Beemer, has been superceded by Conrad Schwartz who has just received his appointment from the village board. Smith's proneness to take offense coupled with the gun play he was guilty of last week is the cause of his removal from office.

Omaha, Nebraska's metropolis, had a touch of mob law Sunday, incited to the act by the shooting of policeman Lowery and the incendiary language of several orators at a mass meeting held in South Omaha. No one was killed but a dozen men were injured and a great deal of property destroyed.

Bloomfield people are rejoicing over the recent appointment of the Bloomfield Musical association band as the first regimental band of the state. Governor Shallenberger has made the appointment and it is understood the appointment has been ratified by the adjutant general. The band consists of twenty-eight musicians under the leadership of Prof. W. H. Campton, formerly leader of the First regiment band of Wisner. The band celebrated the event by a ball on Washington's birthday.

To Debate County Option

County option will probably have its fling in the house this week. The judiciary committee reported Boyd's county option bill for passage Saturday and it went on general file without anyone outside the committee knowing it. The Douglas county delegation, sworn enemies of the measure at every stage of the game, were at home at the time and knew nothing of the report. Hence it is likely that oratory, abundance of it, will flow when the bill comes up for consideration. The plan of the anti-optionists was to cut out debate by attacking the measure when it appeared from committee. It was known that the judiciary committee, which had control of the bill, was in favor of county option and would report it favorably. So the scheme was to move not to concur in the favorable report. This would provoke debate in the house. A motion for the previous question is in order in that body and would shut off debate at once and force a vote. The enemies of the bill figure they have a substantial majority and the measure would be put to death without any paroxysms. But the committee was too cute for them. It bided its time and got the bill on file when no one was looking. In committee of the whole, where the bill must now be considered, debate cannot be shut off. It is thought the whole day will be consumed in debate when the bill comes up.

Grainmen state that grain movement has been slow the past week and that prices are correspondingly high. A large amount of the grain is still on the farm and will have to stay there until the roads get better. Grainmen feel that some cold weather which would freeze the roads and open them to heavy travel would be a good thing at this time.

It Looks Small

We have no idea that it will do any good to mention it. For the government is a law unto itself, and can, and will do as it chooses, but for all that, while it is spending large sums of money to fight monopolies of various kinds, it is trying its very best in the postal department to create a monopoly of its own. We have noticed that a number of our exchanges have been calling attention to the fact of the government printed envelopes, and it seems that a systematic effort is being made to more fully introduce them. We found in our mail box Tuesday a circular sent out by the government, on the first page of which is this specious argument "Every one who uses government stamped envelopes is aiding the Post Office Department in improving the service." In what way, please, for in another part of the same circular it says these envelopes will be printed without extra charge, so all the government really gets out of it is the small profit on the envelope, as the stamps costs the same in either case. It looks to us like a very small piece

of business for the government to engage in an effort to destroy a part of the business that really belongs to the printing offices in the various communities. It is the government's business to sell stamps and not envelopes or printing of them.

The most imperative task of man today, viewed from the standpoint of religion or any other, is to contribute his share to the sum total of human good. Wherein his religion emphasizes as the chief aim of life the saving of his own soul and the accumulation of celestial treasure, it blights instead of blesses. No man has a right to live who has not learned to give. Religion counts for less than nothing if it does not impel a man to add to the gain and good of his fellowman.

The dull freight season is over and freight men say that spring shipments are beginning to move. Implement dealers are beginning to receive their spring orders and dealers over the state are receiving shipments of spring goods, which means additional activity in the freight departments of all the railroads.

...the cure of leprosy was presented to the Louisiana Assembly by the leper house of the State of Louisiana. Out of 81 lepers in the Louisiana institution in the past two years six have been practically cured. A row of modern cottages constitute the leper quarters. A surgical building and a small Catholic church complete this group of leper buildings. For thirteen years four to six sisters of charity, practically alone, have cared for all the wants of the lepers. None of these sisters has ever become infected with the disease, and apparently none of them fears it.

PRIZE FOOD.
Faintest, Economical, Nothingness.
A Nob Woman has outlined the prize food in a few words, and that from personal experience. She writes: "After our long experience with Grape-Nuts, I cannot say enough in its favor. We have used this food almost continually for seven years. It is sometimes tried other advertised breakfast foods, but we invariably returned to Grape-Nuts as the most palatable, economical and nourishing of all."
When I quit tea and coffee and began to use Postum and Grape-Nuts, I was a nervous wreck. I was so irritable I could not sleep nights, had no interest in life.
After using Grape-Nuts a short time I began to improve and all these ailments have disappeared and now I am a well woman. My two children have been almost raised on Grape-Nuts, which they eat three times a day. They are pictures of health and have never had the least symptom of stomach trouble, even through the most severe stage of whooping cough, they could retain Grape-Nuts when all else failed.
Grape-Nuts food has saved doctor bills, and has been, therefore, a most economical food for us.
Name given by Postum Co., Battle Creek, Mich. Read "The Road to Wellville" in pgs. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true and full of human interest.

Aunt Diana
The Sunshine of the Family

CHAPTER XVIII.—(Continued.)
Missie had plenty of good sense, and she no longer stilled it; her conscience told her that she would never have since "gracelessly against her father." Eva had not understood her principles by her flattery and playful words of advice to her. A veil had fallen from her eyes: she no longer saw Eva's conduct in the same light, and as she grew better, and Eva sought opportunities to be with her, the distinction became more complete. Missie found herself wondering over her own infatuation. Had Eva always been so kind in her manners, so unflinching in her behavior to her mother, so unkind to Anna? Missie at first grew critical and then reproachful. Struggle to see. Eva described her rebukes very meekly, evidently her attention for Missie was sincere. It was not for she to seem naive to press her, and even tried to break herself of her faults. But for her meekly engagement with Captain Harper there was every probability that Missie might have indulged her for good; but her approaching marriage soon drove all salutary reflection away.

As Missie's violent infatuation for her friend cooled, she turned more and more to Alison for sympathy; and here at least she did not find herself disappointed—Alison returned her affection warmly. Missie was a little exasperating as an invalid, for she was still separated from her father, and almost always was still cause to be anxious for him.
Dr. Greenwood never told Alison what he had feared; but after a few days, when he and another doctor had consulted together over the case, he told her and Roger that there was certainly some degree of mischief in connection with the spine; it would be many months—perhaps a year or two—before he could rise from his couch.

"We certainly hope for his complete recovery in the future," he continued, reassuringly, as Alison turned pale and Roger looked unhappy. "Another inch and he would never have moved his limbs again; but now things are not so bad. Mr. Merle will have his limbs, and they will go far to console him in his enforced inactivity."
Dr. Greenwood was right in his conjecture; Mr. Merle took the tidings very quietly.
"I told you your broad shoulders were made for something," he said, looking at his son with a smile. He and Alison had come to bid him good-night.
"The nurse had not been dismissed, though it was already arranged that Roger should take her place in his father's dressing room.
"I shall have to give the bill in your hands, Greenwood; leave me no hope of being fit for business for the next year or two."
"I'll do everything I can, father," returned Roger, sorrowfully; "but I feel awfully cut up about it all."
"There is no need for that, my boy," returned Mr. Merle. "I should not wonder if you do better at business than I, Roger. Perhaps this will be less a trial to me than you suppose. I do not deny, of course, that it is a trial; but still, with my books and children I shall try to be content."

"We shall do everything in our power to ease your mind," returned Roger, bravely. "I'll say no more, and shortly afterward he left the room, leaving his father and Alison together.
"Roger feels this dreadfully," she said, anxious that her father should not misunderstand his son's lack of words.
"Yes, my dear, I know he does," returned Mr. Merle, with a sigh. "I am fortunate to have such a son. To think, as he added, with emotion, "that I could ever have been so blind as to believe that villain's insinuations against him—and now the whole business is in his hands!"
"You can't trust him," said Roger.
"Alas, that is true as steel, and will not fail me. I wish I had found it out before. I remember your aunt Diana once saying to me that if I studied my children, as well as I did my books I should be rewarded for my pains. By the by, Alison, what does your aunt say to all this unkindly accident?"
"We have not heard from her," returned Alison, in a low voice. "Roger wrote the very next day after the accident, and I wrote the next day; but we have not heard from her since."
"What is your uncle, Diana," observed Mr. Merle in a surprised tone.
"Roger says that she can not have received our letters, papa; you see she is in Switzerland, and perhaps she has left from the proposed route—that is just her way; if she takes a fancy to go to place she will stay there for a day or two, and then she does not get her letters for days. If I do not hear from her soon, Roger thinks I'd better write to Mr. Moorhead, and let him know the whole thing. It does seem so strange."
"I'm not a little bit better," said Aunt Diana, smiling with tears. "But Aunt Diana should not know how unhappy we have been."
"I believe you are fretting after her, Alison—you are quite thin and fragile looking."
But Alison denied this with a great deal of unnecessary energy. She was only a little tired; but now Mabel was getting better, she would be able to have a walk with her father.
"But you must not talk any more, papa," she finished; "you are looking rather exhausted. Nurse Meyerick will be here directly; may I ride to you a little until she comes?"
Mr. Merle shook his head sadly.
"My dear, I should like it of all things, but you know Dr. Greenwood has forbidden any kind of study for the next few weeks, and I never cared much for books, even when I was a child."
"I meant a chapter or two out of the Bible before you went to sleep," returned Alison, blushing with timidity.
A sudden shadow passed over Mr. Merle's face.
"I did not understand you, my dear," he said, with a little effort. "Well, child, do as you like—that sort of reading can't hurt one."
Alison felt the permission was accorded to her anxiously, but still she felt no more than a little relief of heart. It brought the Bible—Aunt Diana's gift—and set down quietly by her father's side. The voice trembled a little as she read, but she did not know how sweet it sounded in her father's ear. Once when she looked up she found his eyes fixed on her face, and stopped involuntarily.
"I shall leave you, papa?"
"Yes, that will do me no harm; you may read to me to-morrow. To-night, you like your mother, Alison; she was fond of her Bible, too. You are a good girl, and take after her."

"Poor dear mamma. How could it must be for you, papa, to lie there missing her."
"It is," he said, averting his face. "It is a lifelong loss. I think I never knew any one so good—not even Diana could compare with her. Do you know you reminded me so much of her that day when you wanted me to go to church? (Child, your reproachful eyes give heart-ache to me. Ah, well! if ever I get well—I'll pass up with a sigh."
"You will come with us then, papa," she said, softly.
"I hope so, Alison; but I fear it will be a long time before I have the chance. When a man has looked death in the face, as I have, who might have been justified into eternally without a woman's preparation, he thinks a little more seriously about things, and I am grateful for being spared—I think I am. You shall come and read to me every night if you like, my dear; it is a grand book, the Bible."
Alison's heart was too full to answer him, but as Nurse Meyerick came into the room at that moment she leaned over and kissed his forehead.
"Good-night, dear papa; I hope you will sleep well." He answered her cheerfully, and she went to Missie.
Alison felt strangely happy as she left her father's room; it seemed to her as though they were coming closer to each other. There had been a look in her father's eyes and a crossing tone in his voice that told her that she was becoming very dear to him. She said to herself in her young gladness that Providence had accepted her sacrifice—her father's heart was no longer closed to her, and Mabel was beginning to love her. "Ask and it shall be given to you," was abundantly proved in her case, so true it is that often follows the least of our prayers. She was going to bed, for a word from her dear friend. She had written two days and nights to Mr. Moore, questioning him about Miss Carrington's movements, but had received no answer from the confidential servant who acted as the blind man's amanuensis, and in spite of her efforts to be cheerful she was feeling dull and despondent.
(To be continued.)

CHAPTER XIX.
Missie left off crying and stared at Roger. He told Alison afterward that those half-dimmed blue eyes made him feel quite dead—but then Roger was such a soft-hearted fellow.
"You do not understand," she said at last, very slowly.
"My dear little sister," he said, taking her hand, "I do understand, and so does Alison, and we are both agreed on this point. Repentance is apt to be troublesome, and in fact it can degenerate into selfishness—and you are really very selfish about this."
"Oh, Roger!" exclaimed Alison, a little shocked at this plain speaking. But Roger knew what he was about; he was determined, as he said quietly, "to seal up the fountain of Missie's tears."
"Is he not unkind?" returned poor Missie, pitifully. "He calls me selfish, just because I am so sorry about papa."
"We are all sorry, Mabel," returned Roger, bravely. "Never cry against the past, and in fact it can degenerate into selfishness—and you are really very selfish about this."
"Oh, Roger!" exclaimed Alison, a little shocked at this plain speaking. But Roger knew what he was about; he was determined, as he said quietly, "to seal up the fountain of Missie's tears."

"Is he not unkind?" returned poor Missie, pitifully. "He calls me selfish, just because I am so sorry about papa."
"We are all sorry, Mabel," returned Roger, bravely. "Never cry against the past, and in fact it can degenerate into selfishness—and you are really very selfish about this."
"Oh, Roger!" exclaimed Alison, a little shocked at this plain speaking. But Roger knew what he was about; he was determined, as he said quietly, "to seal up the fountain of Missie's tears."
"Is he not unkind?" returned poor Missie, pitifully. "He calls me selfish, just because I am so sorry about papa."

Facts For Sick Women

We know of no other medicine which has been so successful in relieving the suffering of women, or secured so many genuine testimonials, as has Lydia E. Pinkham's Vegetable Compound.

In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound. Almost every woman you meet has either been benefited by it, or knows some one who has.

In the Pinkham Laboratory at Lynn, Mass., are files containing over one million one hundred thousand letters from women seeking health, in which many openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Vegetable Compound has saved many women from surgical operations.

Lydia E. Pinkham's Vegetable Compound is made exclusively from roots and herbs, and is perfectly harmless.

The reason why it is so successful is because it contains ingredients which act directly upon the female organism, restoring it to healthy and normal activity.

Thousands of unsolicited and genuine testimonials such as the following prove the efficiency of this simple remedy.

Minneapolis, Minn.—"I was a great sufferer from female troubles which caused a weakness and broken down condition of the system. I read so much of what Lydia E. Pinkham's Vegetable Compound had done for other suffering women. I felt sure it would help me, and I must say it did help me wonderfully. Within three months I was a perfectly well woman."

"I want this letter made public to show the benefits to be derived from Lydia E. Pinkham's Vegetable Compound."—Mrs. John G. Moidan, 2115 Second St. North, Minneapolis, Minn.

Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

The Bleaching of Flour.

The bleaching of flour by the use of nitrous acid is now being investigated by Dr. Walter, chief of the chemical division of the Federal (Agricultural) Department, and there is every reason to believe that his findings will be in accordance with truth and justice. The millers who have been in the habit of bleaching inferior grades of flour are particularly excited, but the housewife who has learned that the absorptive and expansive powers of the gluten are decreased, the bread makes a smaller loaf after being bleached and that the presence of nitrous acid in the flour not only gives the bread a decided odor and taste, but makes it harmful physiologically, will applaud the investigation. This bleaching process came in the first place, it is said, because housekeepers demanded a dead white in place of a creamy white flour and loaf. Now it has been proved that it takes the life from the flour, and that the only one who reaps any benefit from the process is the merry miller.

State Drainage Work.

The University of Wisconsin department of soils has recently been assisting in the organization of drainage districts at a number of points in the State, including Black Creek and Shiocton, west of Green Bay in Oshkosh County, where from 2,000 to 3,500 acres can be drained by the straightening and deepening of Black Creek. This will also give the city of Seymour an outlet for sewage purposes. If the city deems it advisable to enter the district, Professor A. H. Whitson, in charge of the plan, is reviewing the work, pointing out the fact that this land is largely alluvial soil, and thus will be much more fertile than the average marsh soil. If drained, it will be adapted to corn and hay, especially to alfalfa and timothy, and the better portions will raise grain.

Another district in which much interest is shown is in Southwestern Wisconsin along the Koshong river, where thousands of acres are undrained because of the swampiness of the bottom. This will probably include the drainage of Goose Lake and Mad Creek, and the reclamation of from 4,000 to 6,000 acres. The Hattiesville district is also in process of organization, to drain an additional 2,600 or 4,000 acres by a main canal cutting the Koshong at the point where the other canal begins. Between Edgerton and Stoughton a similar district is being organized.

"It is encouraging to see the interest that is being taken very recently in the drainage of these lands," says Professor Whitson. "We have approximately two-thirds of a million acres of them in the southern part of the State. Drainage is not limited to that section, however. During the past summer the department of soils found a considerable tract of land in Pierce County seriously in need of drainage, which need had not been recognized.

"Co-operation for drainage purposes is absolutely necessary, and it is always a serious matter to get all that are included in a region needing drainage interested in the organization of a district. The legal processes involved are also rather long. The department aids as much as possible in this work by making preliminary surveys and preparing plans for drainage with estimates of possible cost and of the assessment of benefits on the different farms, so that each farmer may know very closely what it will cost him if a district is actually organized."

Early Vegetables.
The right time to sow seeds in the hotbed depends largely on the location, the kind of plants and the way in which the plants are to be handled. Sowing the seed too early is very apt to cause a loss.

A successful tomato grower says he economizes hotbed space and labor by growing his early plants, ready for the field, right where the seed is sown, 100 plants to the sash. He usually sows his seed about the middle of March, and the plants set in the field from the 1st to the 10th of May, and about the 10th of July the first fruits are sent to market, selling at from 10 to 15 cents per bushel basket, retail; or from \$1.50 to \$2 per bushel crate, wholesale.

He sows the seed in drills eight inches apart, or five rows to the sash, using a liberal amount of seed. When well started the plants are thinned to about 100 per row. The bed is carefully ventilated without severe drafts during the day, and at night covered with straw manure.

For the first three or four weeks the growth is very rapid; and as the weather becomes milder the plants are more and more exposed to the open air, and as the time for transplanting draws near the water is withheld, so that on sunny afternoons the plants have quite a wilted look. But the result is a fine lot of plants, measuring from eight inches to a foot in height, with hard, woody stems, blossom buds showing, and tough leaves that will withstand a light frost, should one come.

In setting these plants in the field, they are laid in shallow furrows, tops away from the prevailing winds; a little soil is drawn over the roots, a foot pressed on the spot, while the rest of the stem is covered, all but three or four inches of the top, which is turned upward. The footpoint is left open to receive a pint of water, which later is covered to prevent evaporation. This treated they scarcely droop and soon the whole stem, underground, is covered with rootlets, resulting in a vigorous growth.

by bedding or sowing sweet potatoes, egg plant or even peppers, before the 1st of April. Neither is anything gained by planting these in the open ground much before June.

Pig-Feeding Experiments.
The Montana Experiment Station issues bulletin No. 73, under the above title. The summary of the work reported, is as follows:

It has made a more efficient hog feed than does barley, but because of the greater cost of the peas the barley makes a more economical ration. A ration of grain, with skim milk as a supplemental food, when fed to hogs gave: First, the most rapid gains, and second, the most economical gains, but took second place to tankage as an efficient ration. A ration of grain with tankage as a supplemental food came second in rate of gain, but first in efficiency of ration. Because of the high cost of the tankage, it makes an expensive ration when fed in the proportions given in these tests. Rootage as a supplemental food also made a valuable addition to the ration, coming next in value to skim milk and tankage. Clover or alfalfa fed as hogs will eat it, together with a grain ration, but gives materially the rapidity of the gain and the economy of the feeding.

In these tests the hogs fed grain alone, made economic gains, but the lowest daily gains and on the average the most expensive gains were made on such a ration. Hogs fed a half ration on clover and alfalfa pasture made, in proportion to the grain fed, much faster gains and more economical gains than those fed a full grain ration. The central thought in these tests is that some supplemental food is necessary in feeding a grain ration to lose if the most rapid and economic gains are to be had. For conditions in Montana the value of the supplemental food is: First, skim milk; second, roots; third, tankage; fourth, pasture; fifth, clover and alfalfa.

Deep or Shallow Plowing.

In regard to the question of deep or shallow plowing, according to W. H. Gilbert, of a Canadian experiment station, it is essential to discriminate clearly between deep plowing and deep stirring. There is a vital difference between the two, so much so that, whereas perhaps not one farmer in a hundred could profit from his practical experience urge the adoption of the former, there must be a very few who could not conscientiously speak favorably of the beneficial influences of the latter.

Much, of course, depends upon the nature of the soil, and particularly of the subsoil, but the stirring of the latter to a depth of even two inches or three inches below the ordinary furrow can scarcely fail to have a useful effect in promoting the prosperity of the succeeding crops, for the reason that the plant roots to extend over a large area require less exertion in search of nutriment and moisture.

Obviously it must be a very friable subsoil that would not derive benefit from deep stirring at occasional intervals. The objection to deep plowing, on the other hand, is that instead of loosening the subsoil and leaving it where it was it brings it to the surface and involves the burying of the more fertile top soil to a depth at which the nutriment it contains is available to the plants only after they may be said to have emerged from the delicate and precarious stages of development.

The new soil that is brought to the top would, in the course of time, no doubt, become as mellow in texture and as rich in elements of plant food as that which it has displaced, but a certain period must elapse before this can be accomplished.

In the meantime, the farmer brings this hungry soil to the surface and incurs the risk of reaping inferior crops until by heavy expenditure in tillage and liberal manuring he has enriched and refound the new surface soil.

Deep plowing, therefore, is in average cases to be avoided for the twofold reason that it involves diminished yields and increased expenditure to the farmer for at least one rotation.

Scientifically as well as practically the bringing up of the subsoil to the surface is disadvantageous. As is now generally known, the fertility and yielding properties of a soil are largely regulated by the action of useful bacteria therein.

But for the presence and activity of the various microorganisms in the land crop production would be unprofitable, if not impossible, and consequently bacterial life may be said to constitute the very essence of fertility. Having regard to this fact, it is necessary to consider the conditions that are most conducive to bacterial activity.

Numerous searching investigations have shown that the fertilizing bacteria are much more plentiful in the surface of the regularly cultivated soil than in the lower strata. Therefore, the importance of retaining the soil that teems with bacterial life on the surface is evident and indisputable.

If this soil, in which the beneficial microorganisms are constantly fulfilling their indispensable functions, is buried below soil in which bacteria are comparatively scarce it is clear that unfortunate consequences must result.

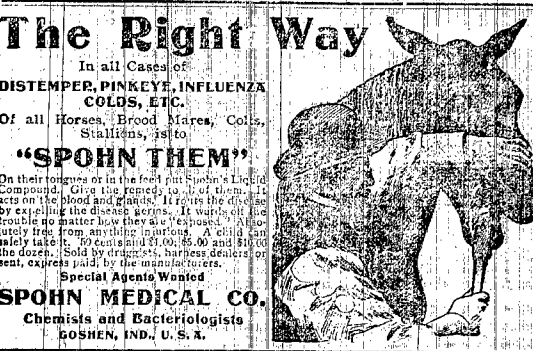

On the whole, deep plowing is unprofitable and highly inadvisable on ordinary soils, but on the other hand, subsoil stirring may be of great benefit under normal conditions.

What is believed to be the oldest European painting in existence has been found in Crete by the Indian Archaeological Mission. It is on a sarcophagus, and is supposed to have been made 2,500 B. C.

The difference between one man and another is not so much in talent as in energy.—Arnold.

SALZER'S OATS

GERMANY, a country smaller than Texas, grows more oats than nearly the whole of Europe put together. It is the best and most reliable oat in the world for all purposes. It is the only oat that has been tested by the highest authorities and found to be the best. It is the only oat that has been tested by the highest authorities and found to be the best. It is the only oat that has been tested by the highest authorities and found to be the best.

The Right Way

In all Cases of DISTEMPER, PINK EYE, INFLUENZA COLDS, ETC. Of all Horses, Brood Mares, Colts, Stallions, etc.

"SPOHN THEM"

On their horses or in the front of their Sponh's Liquid Compound, Grip the reins, and in a few minutes the trouble will be gone. It works on the trouble no matter how long it has existed. It is truly true from anything but a cure. A child can safely take it. It is a sure cure for all the troubles of the horse. Sold by druggists, harness dealers, etc. Sent, express paid, by the manufacturer.

SPOHN MEDICAL CO.

Chemists and Bacteriologists
BOSHEN, IND., U. S. A.

Progressive treatment of the coughs and colds of horses, and of the influenza and distemper of cattle, sheep and swine, is the only way to cure them. It is the only way to cure them. It is the only way to cure them.

Thought He Was in India. An illustration of the frequency with which the name of the Sponh's Liquid Compound is mentioned in the lives of those who have used it. It is the only way to cure them. It is the only way to cure them. It is the only way to cure them.

Spinal neck. Doesn't amount to much, but might disagree. My horse has been cured by Sponh's Liquid Compound. It is the only way to cure them. It is the only way to cure them. It is the only way to cure them.

No harmful drugs in Goshen Tea. Nature's laxative is composed wholly of clean, sweet, health-giving herbs. It is the only way to cure them. It is the only way to cure them. It is the only way to cure them.

Light in the night. Vacating a room—before you sign the lease for these apartments, I think I ought to tell you that there's a girl on the floor above who plays the piano from morning till night.

Knowing Tenet—That's all right. I know her. I sold her the piano, and before my year is up I hope to be able to work off a piano on every floor in the building.—Chicago Tribune.

THE VALUE OF PERSONAL KNOWLEDGE
Personal knowledge is the winning factor in the calculating contests of this competitive age and when of ample character it places its fortunate possessor in the front ranks of the well informed of the world.
A vast fund of personal knowledge is really essential to the achievement of the highest excellence in any field of human effort.
A knowledge of Forms, Knowledge of Functions and Knowledge of Products are all of the utmost value and in questions of life and health when a true and wholesome remedy is desired it should be remembered that Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co., is an ethical product which has met with the approval of the most eminent physicians and gives universal satisfaction, because it is a remedy of known quality, known excellence and known component parts and has won the valuable patronage of millions of the well informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made.
This valuable remedy has been long and favorably known under the name of Syrup of Figs—and has attained to world-wide acceptance as the most excellent family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the well informed of the world to be the best we have adopted the more elaborate name of Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects, always note, when purchasing, the full name of the Company—California Fig Syrup Co.—printed on the front of every bottle, whether you call for Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna.

Watchman What of the Night

If you were to ask that question of R. Philleo regarding doings of last Thursday evening he would tell you it was something very much out of the ordinary with him. That was the day on which he reached the 70th day of his birth. He had not thought very much about it, but when Mrs. Fred Philleo, his son's wife, invited himself and his good wife to their home he supposed they were going to have a nice little tea in honor of the event, so of course they went. After sitting around till past supper time and nothing appearing he ventured to ask what and when the repast was to be served, intimating that his inner man was beginning to demand something in the way of food. Mrs. Philleo said she thought it was about time and that they were going out for tea to one of the neighbors. Putting on their wraps they started out, and he was very much surprised when she led them to their own home, and still more surprised when they opened the door and went in to find that about twenty of their friends and relatives were there ahead of them, and that the table was full of good things, including an immense cake in the center, on which was the figures "70." Mr. Philleo felt a good deal like "Little Jack Horner who sat in the corner, eating his Christmas pie, he put in his thumb, and pulled out a plum, and said what a good little boy am I." To say that he was surprised and pleased is putting it mildly, and the gathering was one of those sunshiny spots in life that come here and there along the journey to relieve the tedium and break the monotony, and thoroughly enjoyed by all participating. Seventy years is a good long time, and those who have seen them have seen many changes and much development of our country and Mr. Philleo is one of those who has seen his share and enjoyed it, and has also done his part toward bringing things to pass. The departing guests wished him many happy returns of the anniversary and all realized that it was not only a good thing to live but also a pleasant thing to have been there.

A Rich Feast!

The Presbyterian Church, U. S. A., is grandly moving forward on two lines:

1. Evangelism. Note in the daily press accounts of the Boston and other campaigns as conducted by Dr. Chapman, secretary of the General Assembly's Evangelistic Committee;

also the reports from smaller fields of many conversions.

2. Mission Work.

The doors of every nation are now open. Preliminary work has been done in breaking the ground. The news has been heralded and now people are anxious to be taught the gospel. This is the day of opportunity and the Church is rising to the occasion.

The Men's Missionary Convention at Omaha two years ago marked the beginning of a larger interest on the part of men. The evangelization of the world is a "man's job."

We are to have the privilege of hearing one of the Board's secretaries deal with this movement in five addresses. Chas. Edwin Bradt, D. D., Secretary of the Central district, with headquarters at Chicago, will be with us February 25 to 28, inclusive. Dr. Bradt is on fire with the spirit of the new advance in Evangelism and Missions. His visit should result in the greatest blessing of the winter and will do so if every member of our church will plan to be present at each service.

PROGRAM

Thursday night, February 25, "A New Geography, or the Coming of the Kingdom." Friday, February 26, "A New Church, or the Missionary Enterprise Institutionalized." Sunday morning, "A New Standard for the Church." Sunday afternoon, Interdenominational Meeting for Men, "A Man's Job." Sunday evening, "A New Trial of Jesus Christ."

The pastor is especially desirous that each member of the congregation may hear Dr. Bradt for he is a man of unusual spiritual power. Also we wish that members of other churches and of no church be invited to attend when they can do so.

The Thursday and Friday evenings' meetings will begin at 8 o'clock so that business people may come.

T. C. OSBORNE, Pastor.

Reap What They Sow

The mob at South Omaha last Sunday but emphasizes the Bible statement that those "who sow the seed shall reap the whirlwind." After long years of sowing in the way of unrestricted foreign emigration this country is just beginning to reap the harvest of its own folly. As long as there was plenty of room for every one, and the demand was seemingly greater than the supply it did not appear to make any difference what class of emigrants were admitted to this country. Good, bad, indifferent and vicious were all alike welcomed, and these latter years it seems that more of the latter class have been coming than of the first named, and as they very largely congregate in the cities they are a constant menace to the stability of city government and the state and nation as well. Our forefathers were no doubt wise in their day, and generation but they were not wise enough to have foresight into the conditions of the 20th century. The present agitation regarding certain foreigners, and their exclusion, is almost certain to extend to other nationalities, and unless much wisdom is exercised by those in authority it will lead to serious international complications, if not war. It is not yet too late nor none too soon, to put up the bars against a large element of emigrants that are seeking our shores, and it will certainly be the part of wisdom on the part of the law making bodies of our country if they shall rise to the occasion and take such steps to protect American manhood and womanhood as the exigencies of the hour seem to demand.

Kindly Spoken

The papers of Northeast Nebraska do not seem to be giving Wayne the support they ought of selling the college to the state as a normal school. The price \$100,000, 00 at which the college is offered is reasonable and the buildings and grounds are worth more than the price asked. There is no city in Northeast Nebraska that is better than Wayne for a normal state school. It has good railroad facilities, the town is healthy moral place and centrally located. We hope that Senator Randall will join Representative Pilger in trying to get the school. The land is well worth the money and it is a needed institution in this part of the state. — Stanton Register.

An Early Wedding

At six o'clock Tuesday morning, in the Catholic church, Father Kearns performing the ceremony, and Miss Elizabeth Taylor acting as bridesmaid, and E. A. Leahy as groomsmen, occurred the marriage of J. T. Leahy and Miss Mae Taylor. The newly wedded couple took the eight o'clock train east for a trip to St. Louis to spend a few days away from the cares of business and the cold and snow of Nebraska. Mr. Leahy is one of our well known druggists, and an all around, genial good fellow, and his bride was one of Sioux City's fair young maidens, having been following the profession of nurse. May the sea of life and matrimony always be as peaceful as a mid-summer's day is the wish of a host of friends.

Largely Attended

The last number of the lecture took place last Thursday night, being given the largest attendance of the entire course. The program was varied and interesting. We are sorry to say, as intimated last week, the promoters of the cause failed to receive support enough to come out even, lacking about \$90 of doing so. A series of that class of entertainments is a good thing for any community and is never a money making proposition for those who put themselves back of the financial end of it, but it is too bad when they do not make both ends meet.

Patrons Must Clear Roads

We saw an order from the superintendent of mail routes at Washington a few days ago, in which this gentleman says that patrons of the rural routes and not their carriers, are the ones who must clear the road of snow. A rural carrier is not obliged to get out of his wagon to serve the patrons with their mail, and if the patrons do not clear the road we understand that it is the carrier's privilege to pass 'em up. That is, provided it is carelessness on the part of the patron. Each patron must also clear the road from his box to the next one along his route. — Randolph Reporter.

Estimate of Expenses.

The State of Nebraska, Wayne County.) ss.)

Chas. W. Reynolds, County Clerk in and for Wayne county, Nebraska, do hereby certify that the following estimate of expenses was made by the county Board for Wayne county for the year 1909.

County General Fund	25000.00
County Bridge Fund	20000.00
County Bond Fund	10000.00
County Road Fund	15000.00
Soldier's Relief Fund	800.00

Witness my hand and seal at Wayne, Nebraska, this 23rd day of February 1909.

CHAS. W. REYNOLDS, (SEAL) 2w3 County Clerk.

Very Foolish.

"What fools we mortals be." Saturday morning the west bound passenger train stood at the Wakefield depot fully ten minutes discharging passengers and express, and yet, after the train had started up and got well under way, being a little west of the water tank, a man attempted to get off the train and did so, but when he struck the snow his overcoat went one way, his grip another, his hat flew in the air and he sprawled flat on his stomach, like a mud turtle; his hands and feet sticking out in four different directions. Fortunately he fell outside the rail and in deep snow or he would have been seriously, if not fatally injured. The train did not stop to see whether he was hurt or not but the few passengers who saw the leap, through the car window, could not help but smile out loud.

Adult Bible Classes

The adult bible class conference to be held in Lincoln March 2 and 3 promises to be one of the events of the year among Sunday school workers. Mr. Pearce has appeared in Nebraska before, at the state convention at Fremont last June, and at that time he won the hearts of all who heard him. The conference or institute will continue for two days and will be under the direct supervision of Mr. Pearce, the international adult superintendent. The range of subjects to be considered is so wide that any person who will have the opportunity to attend the institute will have a complete working knowledge of this important and growing field of Sunday school endeavor. Full information, including a provisional program and plans of the conference may be secured from the State Sunday School association office in Lincoln.

Safety of Bank Deposits.

Secretary E. Roysse's annual report to the state banking board is of considerable interest to legislators and all persons who have been investigating the banking business in Nebraska. The report shows that during the past four years there has been but one failure and practically no loss to depositors of state banks under the management of the state banking board. Mr. Roysse as secretary of this board has compiled figures for a period of eight years in regard to failed banks, the deposits involved, dividends paid by receivers and losses sustained. This shows that during the period of eight years the losses have averaged \$22,239 a year, with an annual average deposit of \$47,516,536 in all state banks. This is an annual average annual loss of forty-six one-thousandths of one per cent. These two records, for four years without loss and one for eight years showing very little loss, Mr. Roysse believes cannot be equalled by any other business in the state and should inspire the people of Nebraska with confidence in the stability of the present banking system.

One of the new pieces of dress goods is of cotton suiting that imitates linen so exactly that only by feeling it can the difference be told. It has the advantage of not creasing or wrinkling as linen does, and it washes well.

ADDITIONAL LOCAL NOTES

There is every indication that a goodly number of families are going to move away from Wayne the coming spring. It is too bad to say, as Wayne is too good a town to move away from.

The Winsor home, west of town, had a very pleasant surprise party last Thursday evening. The guests came early and stayed late, going home feeling that the hour had been very pleasantly spent.

Jacob Wingert informs us that he expects to get away to his new South Dakota home the first of next week. The family will locate near Bridgewater, in the neighborhood of many former Iowa friends.

These are certainly days of not only railroading under difficulty, but also getting out a paper. The trains are so uncertain that but few people come or go and the mails can not be relied upon for exchanges.

Another one of our good families is going to remove from Wayne about the middle of March. M. Goodyear has disposed of his residence property here and will go to South Dakota, where he thinks the outlook for prosperity is greater than here.

We had all sorts of weather Monday night, rain, snow, thunder and lightning, and especially a good deal of snow. The storm was a bad one on stock, trees and telephone wires, the snow adhering to the trees and wires until the weight broke them down.

If the man who jumped his bail bond last Thursday before his case came on for trial before Judge Hunter, will only stay away from town and county feel like forgiving him for all the trouble he has made heretofore. If he does not it is more than likely they will make trouble for him.

Farmers, and others, evidently do not put much confidence in sleighing in this country, as Wednesday morning, when it would have seemed that it ought to have been good sledding, there were only two or three home-made punts to be seen on the street.

Cards bearing particles of glass, metal, mica, sand, tinsel, or other similar substances, are unavailable, except when enclosed in envelopes tightly sealed to prevent the objectionable substances from being rubbed off or injuring persons handling the mails.

A not very pleasant sight Monday morning was a dog running around the street minus its entire under jaw. Whether some one had attempted to kill the animal or how it had been placed in the condition it was, we do not know, but it should have been killed.

The branch line had the 4th of a snow bound season Tuesday. The main line escaped with only a little delay of trains but the branch seems to have caught the effects of the northeast winds to such an extent that the regular crews were unable to get through. A snow plow was sent north at noon to assist them in breaking through.

Agent Moran showed us some photographs of the drifts near Emerson taken while the company was trying to open the road after the severe storm two weeks ago. They certainly well illustrate railroading under great difficulties. Some of these drifts were still as high as the top of the passenger coaches last Saturday. We know because we saw them.

Married. On Wednesday evening, February 24, 1909, at 6 o'clock at the home of Mr. Miller and father of the bride, Mr. Carl H. Surber and Miss Lucy J. Miller, were united in holy wedlock by Rev. C. J. Ringer, in the presence of the near friends of the contracting parties. Both the young people are well known and highly respected and will have the well wishes of their many friends.

The Bible Circle gave a farewell reception to one of its members, Mrs. Ferrell, Wednesday, at the home of Mrs. Marsteller. The Ferrell family expect to depart for their new home in Dakota in the near future. Since the other sentence was put in type we learn that the reception was also given for Mrs. Goodyear and Mrs. Moles, also members of the Circle, and that each of the three ladies was presented with a handsome souvenir spoon, mementoes of good will, esteem, and of the many pleasant hours passed together at the Circle and elsewhere. A good program was given and a fine luncheon served.

The Claman company which comes to the Wayne Opera House on Thursday March 4th has been on the Walker circuit ever since Sept. 1st, and has given great satisfaction over the Canadian territory controlled by Mr. Walker. They are now booked solid up to June 5th, 1909 at which time they will have played the H. L. Walker circuit in South Dakota and the Pelton & Mutzer houses through Colorado, Arizona and down to Texas. The play they offer "On the Frontier" is a melodramatic production that keeps the interest alive from start to finish, and offers a beautiful succession of thrills that should not fail to please any lover of western stories.

Food Exchange

On next Saturday, at the store of Neely & Craven, the ladies of the Kindergarten Board will hold a sale and exchange, and if the day is favorable will also serve coffee, doughnuts and sandwiches. They will be pleased to greet you.

Rev. A. W. Ahrends, pastor of the M. E. church at Winside, was treated to a novel experience last Sunday evening. The Knights of Pythias Lodge, of which he is a member, attended services in a body, crowding the church to the doors. After the sermon some one stole the pastor's hat, and when it was returned to him it was filled with silver.

One of the very pleasant gatherings of the season, especially for those who like to engage in dancing, was the masquerade ball given at the opera house Tuesday evening, participated in by thirty couples. Music was furnished by Voegel's orchestra of six pieces, and the "Light fantastic toe" was tripped until one o'clock Wednesday morning. All had a good time.

There will be a box social at the Baptist Church Friday night of this week. The ladies are requested to bring boxes containing supper for two. Price of boxes 50 cents each. The proceeds are to be applied on the new church building. The supper will be preceded by an entertainment, consisting of recitations, dialogues and music. You are invited to come and enjoy an evening with us.

One of the lady passengers who was stranded in Winside last week on account of the blockade, was without money and her home was in some point in South Dakota. It was soon learned that she was a member of the Rebekah order and on account of this her embarrassment was soon relieved and enough money provided for her to continue on her journey as soon as the first train went through. Who will dispute that it is not good to belong to a lodge of some kind. Tribune.

At the home of the bride's parents, Mr. and Mrs. D. Meyers, southeast of town, last Friday evening, in the presence of a large company, occurred the marriage of John Reeg to Miss Anna Meyer, Rev. Adolf Matzner officiating. Miss M. Meyer and Miss Emile Matzner acted as bridesmaids and Ed. Damme and Bernhard Meyer as groomsmen. A bounteous repast was served, well wishes and gifts extended. The young couple will make their home on a farm three miles south of Wayne.

F. L. Neely, a well known hardware dealer of Wayne, Neb., is spending a few days in Sioux City visiting his son, Art Neely, the latter an office employe of the Knapp & Spenger company. It is Mr. Neely's first visit to Sioux City in a number of years, and he declares the city shows every indication of material prosperity. He says the people of northeastern Nebraska look to Sioux City for their wants more and more every day. He is accompanied by Mrs. Neely. — Journal.

The Washington Social given by the Social department of the Epworth League at the Methodist parsonage Monday evening was a decided success and reflected credit on the fourth Vice President, Miss Helen Blair and her 1st Asst. Miss Clara Heckert. Notwithstanding the storm over 60 of the young people were present, many of them garbed in the quaint costume of "Ye Ancient Days" the young men with their powdered wigs, cocked hats, knee breeches and silk stockings. Games were played, a fine program rendered and refreshments served. Altogether it was voted one of the best social evenings the League has ever held.

Carroll Herald

Little Earl Davis, the son of Mr. and Mrs. Griff Davis was so unfortunate Wednesday evening as to break his left arm. The fall from the hay mow causing the fracture.

Mrs. E. E. Phipps, of Wayne, visited the fore part of the week at the home of her brother, Ed Young, whose wife has been quite sick the past week with heart trouble.

Phill Horn met with a piece of hard luck Wednesday. He was using a big scraper to remove the snow from a pile of corn. The scraper caught on something and turned completely over striking one of the horses on the leg it cut it nearly off, severing the bone. O'Neil of Wayne was called and gave the wound proper attention. Some hopes are had for the ultimate recovery of the animal. On Tuesday Phil was offered \$200 for the horse.

The United States Supreme court holds that an express company cannot "frank" anything over its line any more than a railway company can issue passes.

Unhlood and ten shots are the thing this year. Look at our windows for early spring styles. — Dan Harrington.

Are you going to deprive yourself of any worldly diversions during Lent? It might be a good idea to swear off on the same expensive and demoralizing habits that you forsake with such earnestness with the passing of the old year.

The population of New York City is 4,422,655.

Five counties in Indiana voted "dry" Tuesday.

Sioux City people eat about ten miles of pies a month. Regular pie plotters.

The Senate and House of Representatives are getting down to a regular parrot and monkey time.

Tornadoes in the south, floods in the east, and blizzards and snow bound trains in the west was the story told in Wednesday morning dailies as a result of Tuesday's storm.

WALL PAPER TALK

You may think it a little early in the season to talk wall paper, but we have just received our new spring patterns. THREE DOLLAR LOADS! and many of these patterns are bought for just one dollar patterns, so that those who wish can have dressed patterns, and those who contemplate papering this season, will be glad that they come early and select their paper while the price is so low. You can have some laid aside for you until you are ready for it. In this way you can get an excellent pattern for a small amount of money.

We can show you all the new designs and patterns, and also the largest stock of wall paper carried in Wayne. We will be pleased to have you come in and look at our lines of samples, whether you are ready to buy or not, and assure you that our prices are as low as the lowest. And the paper stock ready for you, you will not have to wait for it to be ordered for you.

J. E. HUFFORD

Buy Early!

This store is rapidly filling with the best things to be found for spring. First choice is, of course, the most satisfactory because that choice is made before the stock becomes depleted. Buy Early!

Challies in a very large range of patterns.	35c	New Dress Goods	Many new and exclusive patterns, season's best offering of new weaves and shades.

Little Locals

Dr. Lutgen, Physician and Surgeon, Phone 30.

B. B. Young was at Pender Monday.

Miss Bell is teaching again in the Bruen district.

Fritz Kay has moved from Wakefield to Wayne.

Postal Photos of Snow Tunnel for sale at Photo Gallery.

Five room house to rent March 1. Enquire at this office.

Have you seen the "first shine" in Dan Harrington's south window?

Try the Anchor Grain Co. for hard and soft coal. Phone 109.

J. T. Bressler and James Britton were passengers for Lincoln Tuesday morning.

B. J. Gossard has changed his Herald address from Norfolk to West Point.

Get your saws filed and buy your sewing machine supplies at the novelty repair shop.

Still neck grip is quite epidemic in some places. If you get it you will not think it is funny.

The Show Girl Company were not given a very large audience at the opera house Monday night.

A beautiful line of curtains and curtain ties just opened at The Racket.

Rev. Karpenstein, of this city, preached in the new Lutheran church at Hoskins last Sunday afternoon.

Mr. Miller, of Miller & Jones, who has been in quarantine for three weeks, will be released tomorrow.

According to all reports there were some high doings in this town Saturday night, and not very creditable either.

Some boy, accidentally, or otherwise, broke out one of the glass in the post office door Wednesday evening.

This office is well supplied with horse cuts and will be pleased to fill your orders for either bills or advertising.

The Claman's carry a good band and orchestra, and will give a free band concert both noon and evening March 4th.

The telephone company between here and Norfolk had thirty-five poles broken down by the heavy snow Monday.

Another heavy snow storm Monday in more ways than one. Not only was there a good deal fell but it was very wet.

The entertainments at the Lyric each evening make a pleasant place to spend an hour. The pictures are varied and pleasing.

Five room house to rent March 1. Enquire at this office.

The nicest floor Matting we ever had arrived this week.

The Racket

The rural carriers did not wait for the trains Wednesday morning, and as there was no mail Tuesday evening they were not overburdened.

Mr. and Mrs. Mrs. G. D. Brookings, of Tekamah, Nebraska, are more than welcome guests at the home of their daughter, Mrs. Will Weber.

You will find a number of sales of Wayne property among the real estate transfers of the past month, which appear in this issue.

S. R. Theobald & Co's store looks quite spring like with their display of new bright goods—they are unpacking new goods every day.

The X-Ray Incubator Company, continue to send out lots of printed matter. Their amount of advertising ought to bring results, and does.

The Northeast Nebraska Odd Fellows Association will meet at Harrington March 9th, and Wayne will no doubt send a large delegation.

The Bible Circle will meet at the home of Mrs. Senter next Wednesday afternoon, March 3rd, at 2:30. All are most cordially invited to attend.

Tuesday was a great day for snow-balling. This used to be considered great sport years ago but does not seem to be much indulged in these days.

D. Gamble got caught at Randolph again Monday, in the last blockade, and drove across the country Tuesday in order to get home.

John Beerbohm, a well known pioneer of Cumming county, died at his farm home last Saturday, aged 75 years. He was a native of Germany.

Some talk is being indulged in regarding the city election but nothing definite as to candidates has as yet been decided upon so far as we have heard.

The county has completed the bridge five miles west of town. It was first put in about two years ago, but was never satisfactory so had to be reconstructed.

The subject for the morning sermon at the Methodist Church next Sunday will be "The Sea of Glass". Evening sermon "Weighed and Found Wanting".

The lucky folks in the Tripp county land drawing are now receiving their notices of the time they shall appear at the land office in Gregory and file on their land.

Dr. Lutgen reports two very successful operations the past week. The doctor is meeting with a decided success in this line of his profession since coming to Wayne.

Phil Sullivan returned last week from his several weeks stay in South Dakota, where he went to look after his land interest. He will soon make another trip out there.

The estimate of amount of money necessary to meet the expenses of Wayne county for the present year is \$70,800. See County Clerk's notice for different items.

The funeral services of Neal Williamson, aged between 9 and 10 years, were conducted by Rev. Parker Smith, at the family residence south of the railroad Saturday forenoon.

Having disposed of our residence property in Wayne we wish to sell our household goods at private sale. Call at the house and see them and get prices. M. GOODYEAR

Those handsome Hart, Schaffner & Marx suits are beginning to arrive—will tell you about them next week. Dan Harrington

A new shipment of Axminster and velvet Rugs this week.

The Racket.

Our spring clothes are coming—watch for our announcement next week.

Dan Harrington.

The editor took a trip to Heward, Iowa, Friday morning, returning Saturday morning. He found things there about the same as in this neck of the woods so far as snow was concerned.

J. J. Ahern came home from Chicago Wednesday evening, where he had been for three weeks. While there he did not buy out all the city but he bought a large stock of fine goods.

Ferdinand Remm, a pioneer resident of Cumming county and a well-known contractor and builder, living at West Point, is near the end of life's journey from a paralytic stroke.

It is said there is nothing better for bank cashiers and clerks than a little out door exercise mixed in with their other duties. They have been getting it shoveling snow the past month.

The inter-collegiate debate at Lincoln last Friday night was won by Grand Island college. William Crossland, representing Wesleyan University, securing 4th place, his subject being "National Reform."

Mrs. C. F. Whitney, who had been visiting at Panama, Iowa, came to Wayne Wednesday evening to join her husband. She was accompanied by her sister and baby, of Seattle, Washington, Mrs. S. C. Vose.

A. B. Clark, who had been in the west for a month or more, returned home Saturday morning. He was feeling some better than when he went away but did not receive as much benefit as he was in hopes to do when he went.

R. Philleo, who recently sold out his business here, not wishing to be entirely idle, and wanting something to occupy his mind and attention, will devote a portion of it to the sale of lumber and real estate, having no steady abiding place.

C. A. Chace, came over from Wayne Saturday, taking the first train that ran over the M. & O. since the big storm of February 10. He visited the Chaces here until Monday and then went to Pilgrer to visit James Chace.—Stanton Register.

We have a long article from Brattleboro, Vermont, in relation to the Holstein breed of cattle, with a request to publish, saying that a reader of our paper who is a breeder of those cattle would like to have it appear in our columns. It is quite long but if any one has expressed such a desire and will call at the office and see us about it we shall feel like complying with the request.

There having been a number of accidents in moving picture shows, owing to the films accidentally igniting, Mr. Bellows, the manager of the Lyric, has taken precautions to avoid anything of that kind here. The room where the machine is operated has been boarded up, then a coating of asbestos put on and on top of that sheet iron, so that the room is practically fire proof. His precaution is to be commended.

The Nebraska State Press Association meets at Grand Island this week and we acknowledge an invitation at the hands of the secretary to take our wife or sweetheart and attend. We are sure it would be nice to do so if it were possible, but as it is not we shall simply have to enjoy it by anticipation. The feast "of reason and flow of soul" will no doubt be entertaining and instructive, while the feast of good things at the banquet makes a man's mouth water to think of.

Prof. Durin, who went to Sioux City last week, went into a hospital there and submitted to an operation for gall stones, which was pronounced very successful, and Mrs. Durin informs us this morning that her husband is recovering very rapidly from the operation, which all his friends will be very glad to learn. The case was a very serious one, and if it had not received attention when it did would no doubt have resulted in his death, as the valves of the stomach and bile ducts were involved. All his friends hope for a speedy and permanent recovery.

Judge Hunter continues to do a regular land office business in the marriage license line as the following will show, the following persons having secured licenses the past week: On the 18th, John Reeg and Anna Meyer; Chas Neiman of Stanton county and Anna Gosch of Wayne county. On the 19th, Albert Kirchman of Chicago, Ill., and Anna Weigel of Wayne county. On the 20th, Fred Chapman and Tema Erickson, both of Hoskins; M. Eckert of Stanton county and Rosa Kemp of Wayne county. February 22rd, J. T. Leahy and Miss Taylor of Rapid City, South Dakota, and on the 23rd, Carl H. Surber and Lucy J. Miller; Adam Peifer of Cumming county and Anna Matz of Fremont.

The largest assortment of room size Rugs in N. E. Nebraska, you can't duplicate the price and quality.

S. R. Theobald & Co

There is every indication that the price of brooms will be advanced to 50 cents each. A scarcity of broom corn and the greed of the west are the causes.

See Asker's Sale ad in another column: March 4th is the date. It will be a good way to celebrate the inauguration of the new President by attending this sale.

Yesterday was what is known in church circles as "Ash Wednesday," the beginning of Lent. This will give an early Easter and an early Easter usually insures an early spring.

Mrs. H. P. Bellows, of Wahoo, was in the city Sunday visiting her husband, the gentleman in charge of the Lyric theater, and looking the town over with a view of becoming a resident.

C. F. Whitney arrived from Parker, South Dakota, Friday evening and began work in the Herald office Saturday morning, finding plenty to keep him busy. He is O. K. and so is his work.

In this issue will be found a notice by the city for bidders on the sewer system. It is hoped to get the contract let and plans all perfected so as to begin work on the sewer as soon as the ground is in shape in the spring.

House For Rent

My residence opposite R. Philleo's residence, and known as the Kruger house will be for rent. This is by far the best house in Wayne available for rent.—Grant S. Mears.

Wanted:

A wide awake agent to sell lands and lots in Matagorda Co., Texas. We own 150,000 acres. For particulars address Dr. R. B. Crawford, Special Agent, Burton Hurd Land Co., 1514 Marquette Bldg., Chicago, Ill. M1

Ready to Serve You.

Having opened a novelty repair shop at the second door north of the German store I am prepared for business. Sewing machines of all kinds cleaned and repaired; razors, knives and scissors ground and sharpened; and shoes also repaired on short notice. WILLIAM BROSCHEIT.

Wanted

We will exchange city residence or town lots, for good single-driver, good team of drivers, fresh cow, Dakota or Texas lands at actual values. Will sell at a bargain, Remington type writer, Smith Premier, and an Edison Exhibition model moving picture machine. Houses to Rent. If you have any kind of property to exchange call and see SKREEN & SKREEN.

There are All Kinds of Shoes

But There is Only One Kind That the Boys Can't Wear Out

The "Good for Bad Boys" Shoes

Perhaps your boy has worn them. If he has you will be glad to buy them again. If you have never tried them, don't make a mistake again by buying another make.

"Good for Bad Boys" shoes are made with one point in view—that is WEAR. They are of the best Puritan calf stock, soles and heels of good, clear, solid, oak tanned sole leather, no lining to give out. The shoe is so constructed that it is impossible to rip it. You must see it to appreciate these points. Every pair is guaranteed to outwear any other boys' shoe made—none excepted. We have them in all sizes—men's sizes too.

If you want a lighter shoe, ask for "Good Boys," which is a shoe built on the same plan as the "Good for Bad Boys," but not so heavy. They wear too.

REMEMBER there is only one "Good for Bad Boys" shoe—only one place to buy them. You'd be surprised to know how many boys wear them. Next time YOUR boy needs shoes, try them.

See Asker's Sale ad in another column: March 4th is the date. It will be a good way to celebrate the inauguration of the new President by attending this sale.

Yesterday was what is known in church circles as "Ash Wednesday," the beginning of Lent. This will give an early Easter and an early Easter usually insures an early spring.

Mrs. H. P. Bellows, of Wahoo, was in the city Sunday visiting her husband, the gentleman in charge of the Lyric theater, and looking the town over with a view of becoming a resident.

C. F. Whitney arrived from Parker, South Dakota, Friday evening and began work in the Herald office Saturday morning, finding plenty to keep him busy. He is O. K. and so is his work.

In this issue will be found a notice by the city for bidders on the sewer system. It is hoped to get the contract let and plans all perfected so as to begin work on the sewer as soon as the ground is in shape in the spring.

There are All Kinds of Shoes

But There is Only One Kind That the Boys Can't Wear Out

The "Good for Bad Boys" Shoes

Perhaps your boy has worn them. If he has you will be glad to buy them again. If you have never tried them, don't make a mistake again by buying another make.

"Good for Bad Boys" shoes are made with one point in view—that is WEAR. They are of the best Puritan calf stock, soles and heels of good, clear, solid, oak tanned sole leather, no lining to give out. The shoe is so constructed that it is impossible to rip it. You must see it to appreciate these points. Every pair is guaranteed to outwear any other boys' shoe made—none excepted. We have them in all sizes—men's sizes too.

If you want a lighter shoe, ask for "Good Boys," which is a shoe built on the same plan as the "Good for Bad Boys," but not so heavy. They wear too.

REMEMBER there is only one "Good for Bad Boys" shoe—only one place to buy them. You'd be surprised to know how many boys wear them. Next time YOUR boy needs shoes, try them.

Mr. Seabury and his wife were on the point of moving to another flat. Both of them were anxious that the transfer should be made, at the least possible expense, and the nearness of the new home promised materially to further this aim.

"I can carry loads of little things over in my brown bag," announced Mrs. Seabury. "And you can take books and so on in your big satchel."

In discussing further the matter of transportation, Mrs. Seabury remarked that notwithstanding the heat, she could wear her winter coat over, leave it to return for her spring coat. The idea seemed by impractical husband.

"Why can't you do the same thing?" he said. "I wear over my suit and then come back for another."

"MUST BELIEVE IT."

PERMANENT TARIFF BOARD IS FAVORED

Sentiment at Indianapolis Convention Unanimous for Commission Plan.

CAMPAIGN IS TO BE KEPT UP

Before Final Adjournment J. W. Van Cleave Is Put at Head of Permanent Organization.

The national tariff commission convention came to an end in Indianapolis Thursday and its officials and delegates before their departure expressed confidence that its work would soon be perpetuated in the form of a permanent tariff commission, toward the attainment of which their labors have been directed.

The convention was small in numbers, but large in enthusiasm. Its delegates represented great commercial, agricultural and civic bodies and many were United States Senators, Congressmen or national and state officials.

James W. Van Cleave, chosen as its permanent chairman, had, until his scores of members of the National Association of Manufacturers, and from the platform of the last day, Thad Snow, who declared himself "just a plain, unadorned farmer of Indiana," joined with his predecessors in what had been a remarkable unanimity of expression from various sections, professions and occupations for the establishment by Congress of a permanent, scientific and non-partisan tariff commission.

During the session hundreds of messages of congratulation and encouragement were received. The messages bore the names of many great manufacturers and business houses. Some came from Andrew Carnegie, although the Pittsburgh industrialist had previously expressed his approval of the purpose of the convention.

Before the final stroke of Chairman Van Cleave's gavel, each delegate pledged himself to continue in his home territory the work for which the convention was called.

The permanent committee of 100, of which J. W. Van Cleave is chairman, will give the widest possible distribution to the records of the convention proceedings, and carry on the work of organizing for the creation of a permanent tariff commission. The chairman of the permanent committees of the convention is selected by Chairman Van Cleave as H. E. Miles of Radwin, Wis., of the Executive Committee, and John Horbert, Jr., of Dayton, Ohio, of the Finance Committee.

Big Field Is Open.

Assessing that if the United States is to develop her trade with the twenty Latin-American republics in the western hemisphere, John Barrett, director of the International Bureau of American Republics, in an address before the convention urged that most careful considerations be given tariff relations.

PEACE WITH VENEZUELA.

Protocol Signed to Settle All Disputes with United States.

A protocol in settlement of the matters between the United States and Venezuela, was signed Saturday. The Venezuelan cabinet, the previous day approved the proposal to effect the settlement of all disputes between the United States and Venezuela, thus removing the last obstacle to the signing of the protocol.

Three claims go to The Hague tribunal for arbitration; the fourth is settled by a small cash payment, and the fifth has been settled directly between the Venezuelan government and the claimants. The protocol is equally satisfactory to the United States and to Venezuela, it saves the dignity and honor of Venezuela, while as for the United States, the troublesome claims that have led to so much negotiation are disposed of.

The New York and Bernardes Asphalt Company, through Mr. Buchanan, has reached a direct settlement with the government, by which the company obtains possession of its property in Venezuela and agrees to pay the government a minimum revenue of \$20,000 a year. Furthermore, the company will pay the government a cash indemnity of \$30,000 to compromise the suit brought against it on account of its alleged participation in the Matos revolution.

SIX LOSE LIVES IN FIRE.

Roof Falls and Five Milwaukee Firemen Meet Death.

Five men are dead, nine injured, five of them fatally, and one other man lost his life as a result of a fire which broke out in the warehouse of the John-Manville Manufacturing Company at 225 Milwaukee street, Milwaukee, about noon Saturday and burned fiercely until 12 o'clock, the warehouse, together with the pipe and organ plant of the New-Walsh Manufacturing Company, near by, being practically completely destroyed, entailing a loss of \$200,000, which is covered by insurance.

The firemen were killed by the collapse of a wall of the John-Manville building, which smashed through the roof of the pipe warehouse, on which two companies were stationed. The fire is said to have started from an explosion of oil in the basement. A panic followed among the employees, but all escaped unharmed with the exception of one man.

ADMITS STEALING \$34,000.

Tax Collector Gets 16 Years; Was Robbed of \$20,000 of Loot.

John T. Moran, former tax collector of McKees Rocks, a suburb of Pittsburgh, was sentenced to sixteen years in the penitentiary for forgery and embezzlement. Moran admitted guilty. An official of the Chaffers Trust Company testified that Moran drew \$24,000 of borrowed funds from the bank August 20 last, when he disappeared. Moran said he was robbed of \$20,000 in New York and that the rest all but \$200 of the remainder in traveling. He did not furnish bond in 1907 and 1908 and the borough will lose the whole amount. Asked why he did not furnish a bond, Moran replied: "Because no one asked me."

DEEP SNOW SAVES LOSS OF LIFE.

Great Northern Train Wrecked and Chicago Man Badly Injured.

The deep snow was probably all that saved many of the passengers on the Great Northern train which left Grand Forks, N. D., Tuesday for Winnipeg. The train was derailed three miles north of Ardek, the engine remaining on the track and the coaches going into the ditch. Nearly all of the 150 passengers on the train were more or less injured. One of the more seriously was "Chick" McClen of Chicago. The combination baggage car was derailed, the smoker and observation cars were tipped on the side and the day coach remained upright. The accident was due to a broken rail.

\$50,000 RUG IN WHITE HOUSE.

Gift of Venezuelan to Nation Accepted for President's Home.

A rug said to be worth more than \$50,000 and made of fine Indian wool, was presented to the White House as a gift to the nation and was accepted by President Roosevelt. It will be placed in the parlors of the President's home. The donor was H. H. Terakyan, a rich Armenian of New York City. The rug is six and a half feet long and four and a half feet wide and is of imperial silk heavily jeweled with rich pearls, turquoise, rubies and other oriental stones.

BANKER CONVICTED OF BRIBERY.

Wanted City Deposits—Offered Pittsburgh Candidate Money.

W. W. Ramsey, former president of the General National Bank, was found guilty as indicted in connection with the recent graft exposure in Pittsburgh. Ramsey was granted of banking Counselman John E. Klein by giving him \$17,500, for which Klein was to secure the passage of an ordinance making the bank a depository for city funds.

300 ROASTED ALIVE IN MEXICAN THEATER

Moving Picture Film Sets Fire to Crowded Playhouse at Acapulco and Panic Ensues.

CORPSES BLOCK ALL THE EXITS.

Whole Families Blotted Out by Disaster Which Overtakes City During a Gala Performance.

Three hundred people were burned to death and many were injured in a fire which destroyed the Flores Theater in the City of Acapulco, Mexico, Sunday night. The news of the disaster reached the city of Mexico Monday afternoon, telegraphic communication with Acapulco having been destroyed owing to the fact that the telegraph office adjoining the theater was burned and all wires put out of commission. It is known that several Americans were among the victims.

The Flores Theater was a wooden structure, and Sunday night over 1,000 people crowded into it to witness a special performance given in honor of Governor Daniel Flores of the State of Guerrero, who was visiting the city at the time. One of the numbers on the program consisted of a series of moving pictures. While the operator was exhibiting these a film caught fire and a blaze was quickly communicated to some lighting which had been used for decorative purposes.

Corpses Choke Way.

In incredibly short time the flames spread to all parts of the structure. There were but three narrow exits and the panic-stricken audience rushed to them, many persons falling to be crushed to death, their bodies choking the way to escape for others. The screams of those imprisoned were terrifying. Owing to the rapidity with which the fire spread and its intense heat it was impossible to attempt rescue work, and those imprisoned were literally roasted alive, as the fire burned with little smoke and few were suffocated.

The efforts of the fire department were confined to attempting to save the adjoining buildings, and the firemen succeeded so well that the property loss was small. The telegraph office, post-office and custom house were damaged, but all of the government's records and the registered mail were saved.

Monday pitiful scenes of grief were witnessed on the streets of the city. Men, women and children were wandering from place to place, hunting for relatives and friends. Many of the dead were from the first families of the State, the affair at the theater being a social event of considerable importance and calling out the wealthiest and oldest families for families around. In some instances whole families were wiped out of existence.

The municipal authorities have caused large trenches to be dug and into these the bodies of the dead were laid. Identification of the dead has been impossible, the bodies having been burned in most cases to a crisp. City Important Post.

Taft Cabinet Is Complete.

Knox Agrees to Serve, but Will Take No Increase in Salary.

President-elect Taft has completed his cabinet. Announcement was made Tuesday that Senator Knox would accept the Secretaryship of State under the enabling act passed by Congress, but that at no time during his tenure of office would he accept an increase of salary, even if Congress were to vote one. Jacob M. Dickinson of Chicago and Nashville is to be Secretary of War, appointed to Tennessee. Judge Willis M. Vandever of Wyoming is to be Secretary of the Treasury. This was the last place filled by the president-elect. The remainder of the cabinet is to be as heretofore understood.

STATE STREET, CHICAGO, DURING THE RECENT BLINDING WIND AND SNOW STORM.

ANGELL OUT AS PRESIDENT.

Resigns at Ann Arbor to Be Made Chancellor Forthwith.

Dr. James Burrill Angell has resigned from the presidency of the University of Michigan after thirty-eight years of continuous service. The board of regents accepted the resignation, as Dr. Angell urgently requested that action. But gave assurance that the would not entirely sever his connection with the institution by resigning his ap-

DR. JAMES B. ANGELL.

Pointment to the position of chancellor of the university.

President Angell's resignation will take effect at the close of the present college year. He attempted to resign four years ago, but it that time the regents refused to consider his request. Since that time rumors have been frequent that the venerable educator would relinquish the reins to a younger man. Despite these rumors, the action both of President Angell and the regents came as a big surprise.

Dr. Angell will continue to lecture on international law and the history of treaties even after his resignation takes effect, and as chancellor will receive an annual salary of \$4,000, besides having his present residence maintained.

SINGING STOPS FIRE PANIC.

Lincoln Celebration at Fargo, N. D., Nearly Result in Tragedy.

With the Fargo opera house in Fargo, N. D., packed to the doors, George Redley, engineer at the theater, dashed from the stage through the audience calling for Fire Chief Sutherland. In an instant the place was filled with a mob, with every eye rushing for the exits. The panic rushed to the instrument on the stage and "America" was played. A chorus of voices on the stage took up the air and in a moment the audience joined and order was restored again. Although a few were jostled and slightly bruised, none was seriously injured.

Two Die in Burning Mansion.

Mrs. Robert Skelton, an aged woman, belonging to a prominent family, and a man named Johnson were burned to death in a fire which destroyed an old mansion near Clayville, Va.

A duel with revolvers in a crowded restaurant was witnessed at Milton, Fla., when Frank Fleming and Robert Patton, prominent planters, met to settle a grudge of long standing. The aim of Patton proved the better, and Fleming died. The coroner's jury exonerated Patton.

KILLS SWEETHEART IN TAXICAB.

Jealous Young Man at Reading, Pa., Then Commits Suicide.

While ascending his sweetheart, Estelle Rockwood, to her home in a taxicab in Reading, Pa., after the pair had spent the evening together, George L. Knaut shot the young woman through the head, causing instant death. Later he turned the weapon upon himself and committed suicide. Knaut was 21 years and the girl a year younger. They had been close friends for three years, and it was understood by the girl's parents and by acquaintances that the couple were engaged to be married, although no formal announcement had been made. At midnight the couple were seen on one of the street corners. They were quarreling, and the girl laughed in a taunting manner at her companion. The position of the dead girls' body leads the police to believe that she may have been asleep when she was shot. That jealousy prompted the shooting is the generally accepted theory.

BURGLARS TAKE \$200,000 GEMS.

Chicago Express Reported Victim of Italian Conspiracy Robbery.

It became known the other day that the safe of the Southern Express Company at Pittsburgh, N. C., was broken open and robbed of diamonds and jewelry valued at \$200,000 on Tuesday night, Feb. 9. The jewelry had been sent, it is learned, for the inspection and approval of various wealthy Northerners wintering at Pinehurst by New York and Chicago concerns. The packages were taken to the express office on Tuesday afternoon. The place was broken open early in the morning and robbed of everything of value.

HOLD UP STAGE; SECURE \$600.

Driver of the stage between Mountain Iron and Virginia, Minn., was held up during the night and robbed of \$600. He cashed a check for that amount at Virginia and was driving to Mountain Iron when he was stopped by two masked men at a lonely point of the road. The money belonged to his employer.

DRIVEN ROBBED BY MASKED MEN AFTER CASHING CHECK.

Joe Snell, driver of the stage between Mountain Iron and Virginia, Minn., was held up during the night and robbed of \$600. He cashed a check for that amount at Virginia and was driving to Mountain Iron when he was stopped by two masked men at a lonely point of the road. The money belonged to his employer.

QUAKE OF LAST MONTH FOUND.

Mysterious Shocks Widely Recorded Occurred in Persia.

News has been received showing that the violent earthquake recorded on Jan. 23 at almost every scientific observatory in the world where seismographs are installed had its location in the province of Luristan, western Persia. Sixty villages in this district were wholly or partially destroyed, and the loss of life is placed at between 5,000 and 6,000.

SIXTY-SEVEN DIE WITH SHIP.

The Union Steamship Company of Wellington's steamer, Penguin, was wrecked off Cape Paravani, New Zealand. Some of the passengers and a member of the crew were saved, but the remainder of the ship's company, numbering sixty-seven, are missing and are supposed to have perished. The Penguin is a total loss.

HAS SISTER WATCH SUICIDE.

Calling to his sister to witness his action, Thomas J. McNery, aged 28 years, held aloft a glass containing carbolic acid in Oil City, Pa. As the girl appeared in a doorway, McNery exclaimed: "Here she goes," and drank the poison. He died in half an hour.

MILLIONAIRE TRAPS DYNAMITER.

Defect in Internal Machine Saves Lives of E. W. Jones and Family.

Lawrence M. Jones, a wealthy dry goods merchant of Kansas City, and his family were gathered into the library of their home Tuesday by a man with an automatic revolver and a dynamite bomb who demanded \$7,000. After cleverly maneuvering Mr. Jones managed to gain the man's consent to accompany him and his son to a bank for the funds. While the trio were about to enter the Jones motor car Mr. Jones threw himself upon the man from behind and seized him around the chest in such a fashion as to plow his arms. At the same time, by a trick he learned when a boy, he kicked the man's feet from under him. Both fell and rolled down the stone steps at the edge of the Jones porch.

DRIVEN ROBBED BY MASKED MEN AFTER CASHING CHECK.

Joe Snell, driver of the stage between Mountain Iron and Virginia, Minn., was held up during the night and robbed of \$600. He cashed a check for that amount at Virginia and was driving to Mountain Iron when he was stopped by two masked men at a lonely point of the road. The money belonged to his employer.

For a mild, easy action of the bowels, a single dose of Doan's Regulents is enough. Treatment cures habitual constipation. 25 cents a box. Ask your druggist for them.

Do Not Want It.

There is no call for plain ice cream this kind of weather, and even in summer time the man behind the fountain looks at you as if confident of your rural origin if you venture to call for the "plain." In fact, so great is the demand for new and various ways of disguising the frozen product of the dairy in such a manner that it will not be recognized as ice cream, that many of the dispensaries pay an expert inventor of new sundae a fine salary simply to think up new and startling concoctions based on ice cream, which effectually disguise the fact that the ice cream is there, or at least make it seem to be a very insignificant part of the whole concoction when complete.

Reliable Market Reports

Nothing gives a newspaper a firmer place in public confidence than a well-established reputation for accurate and complete reports of the world's markets. Business men throughout the West have long esteemed The Chicago Record-Herald for the uniformly trustworthy way in which it covers the whole field of financial and commercial news. Whether you want to know what consuls are worth in London or what railroad stock is quoted at in New York, what price corn is bringing in Kansas City or how wheat is selling at Minneapolis or Chicago, you can always turn to the financial and commercial pages of The Record-Herald with the certainty of getting the latest facts in full and unbiased form. The men who write the local live stock, board of trade and financial news for The Record-Herald are experienced staff editors whose years of trusted acquaintance with leading men often give them inside tips on important news in advance of other papers. The only morning newspaper in Chicago having its own special correspondent to cover the New York stock market is The Record-Herald. George S. Beach's daily telegraphic reports from the stock and money markets of Wall street are models of insight and accuracy. The Record-Herald makes it a point to cover in full the financial reports of corporations and the banking activities of Chicago and the West. The "Speculative Gossip" and notes of Wall street and LaSalle street happenings are valued by the largest brokers for their glimpses of real "inside history" of the various markets.

Should Not Pass.

A bill has been introduced into the legislature to change the free high school law in such a manner that the student who takes advantage of this law must attend high school in the same county in which he resides. This bill should be defeated as it would be an injustice to the student. The student should be allowed to attend high school where it is the most convenient. The passage of this bill would work an injustice to all village high schools in the state that are located near the county line!

Stop and Think.

Did you ever stop to think that our town is a town that enjoys many natural and acquired resources a town that feels but the skillful manipulation of man to make them yield bountifully of their rich treasure a substantial town whose foundations are laid upon a soil that can not be surpassed for productiveness—a town supplied with the very best and purest of water a town whose educational advantages have reached a standard through the skillful direction of competent officials, second to that of no other place of its size anywhere a town whose harmony among the communicants of the different churches is in perfect accord with the object sought by our forefathers of the "Mayflower" and all doctrines are ably expounded with untrammelled freedom from the pulpits of our different churches—a town whose social advantages are equal to those afforded by places many times its size and age—a town where the rich enjoy every luxury desired, and the poor are not allowed to suffer—a town where peace and good will toward all men is exemplified.

What Makes Us Persons

Things are not responsible, but persons are. Every person, however insignificant he seems to be, entails responsibility one way or another. Thousands of poor immigrants are daily landed on our shores, every one of whom then looks insignificant enough. And so they are quite forgotten until we find that they have become voters and count just the same as ourselves, and we pay heavily in taxes and misgovernment for our neglect of their education and the failure to give them due consideration. No person could have appeared more insignificant than Dred Scott, when he came before the Supreme Court of the United States. But when that court ruled that he should be held only as a thing of salable commodity, and not as a person, the most stable government in the world, whose money market felt no jar when either of three of its beloved presidents was murdered that same government was shaken to its very foundations. History knows that the Dred Scott decision had more immediate effect in bringing on the terrible civil war which followed it than did any other event. "As to Ourselves," by Dr. William Thompson, in the March Everybody's.

Bond of the Nebraska Culvert Company in the sum of \$1000.00 is hereby approved.

Whereupon Board adjourned to March 2nd 1909.

CHAS. W. REYNOLDS, Clerk.

Legal Notice

Albert Smith and Maggie Hawthorne, defendants, will take notice that on the 13th day of January, 1909, the Norfolk Building and Loan Association, plaintiff herein, filed its petition in the District Court of Wayne County, Nebraska, against said defendants, the object and prayer of which are to foreclose two certain mortgages executed by Susanna Whitaker and H. A. Whitaker to the plaintiff upon lots 2, 4, and 5, in block 5, of Roosevelt Park Addition to the city of Wayne in Wayne county, Nebraska, to secure the payment of two certain bonds or obligations in writings dated February 19th and November 13th, 1906, respectively, for the sums of \$1000.00 and \$100.00, and due and payable in monthly payments of \$13.35 and \$1.55, respectively; that there is now due upon said obligation and mortgages the sum of \$1141.00 for which sum with interest from December 1st, 1908, plaintiff prays for a decree that defendants be required to pay the same, or that said premises may be sold to satisfy the amount due.

You are required to answer said petition on or before the 22nd day of March, 1909.

Dated February 4th, 1909.

The Norfolk Building and Loan Association, by
MAPES & HAZEN, Its Attorneys.
First insertion Feb. 11-4 weeks—10c per line.

It is further ordered that a copy of this order be served upon all persons interested in said estate by causing the same to be published once each week for four successive weeks prior to the date of said hearing in the Wayne Herald a newspaper printed and published in said County of Wayne.

ANSON A. WELCH,
Judge of District Court.
First insertion Feb. 11-4 weeks—10c per line.

Order To Show Cause

In the District Court of Wayne County, Nebraska.

In the matter of the application of Nora M. Payne guardian of the persons and estate of Marie Donnell and Gladys Donnell for leave to sell real estate.

On reading and filing the petition duly verified of Nora M. Payne guardian of the persons and estates of Marie Donnell and Gladys Donnell minors for license to sell the following described real estate to-wit: Lot Sixteen and lot Seventeen in Block Twelve North addition to the town of Wayne, Wayne County, Nebraska; for the purpose of the maintenance and support of said minors and putting the balance of the proceeds the proceeds of said real estate to the use of said minors. And it is ordered by the Court that it would be to the best interest of said minors that their interests in said real estate be sold for said purposes.

It is therefore ordered that the next of kin of said minors and all persons interested in said estate, appear before me at chambers in the Court House in the city of Wayne, Wayne County, Nebraska, on the 6th day of March, 1909, at 10 o'clock A. M. to show cause if any there be, why license should not be granted to said Nora M. Payne guardian to sell said real estate for the purposes above set forth.

And it is further ordered that a copy of this order be published at least three successive weeks in the Wayne Herald, a newspaper printed and published in said County of Wayne and that it shall not be necessary to make personal service of this order upon the next of kin or other persons interested in said estate.

Done in open Court at Wayne in said Judicial District this 16th day of January, 1909.

ANSON A. WELCH,
Judge of District Court.
First insertion Feb. 11-4 weeks—10c per line.

You just dip upon the finest in other food products; get spices that you can depend upon—pure, full of strength and unsurpassed in quality.

The best spices are those that are best in the beginning, selected and ground and sealed with great care.

TOPE BRO'S SPICES

Every particle of their seasonings is retained in the 2 1/2 oz. package. Always uniform. Groceries—10c.

There are two kinds of spices—TOPE'S and TOPE'S.
