Pig Stolen

A most reckless and daring act was perpetrated a few evenings ago, when a party or parties, drove into the Horby feed yards and deliberately cut the throat of a nice hog, loaded it into a wagon and drove away. It rather looks as though this was a robbery rather than a simple act of thievery. The parties could be caught they would fare pretty roughly in the hands of the people.—Winside Tribune.

Why Not Do It?

Why do not our farmers raise more turkeys. It does not look just right to us when a great farming community like the one in which Wayne is situated does not produce enough of all kind of products for the home demand at least. In order to have turkeys for Thanksgiving, and most everybody seems to think that a Thanksgiving dinner is not complete without a turkey for dinner, several coops of those fowls have had to be imported, thus adding to the cost with no benefit to anyone here.

Petition Filed

The Chicago, St. Paul, Minneapolis and Omaha railway filed a petition in federal court Thursday in which it seeks to have declared void the Aldrich commodity freight rate law and the 2-cent passenger rate law. The Northwestern entered the suit about two weeks ago. The entrance of the M. & O. completes the list and all the roads in the state are now combined against the state in an effort to knock out the laws. The brief filed by the M. & O. is almost a counterpart in points set forth of the briefs filed by the roads which began the suit. The formality of filing in the federal court now is gone through with in order that it may share the benefits, if any, the roads will gain, by the voiding of the act.

Monday Club Meets

The Monday club meeting for the 29th has an exceedingly good program, and the men are not only going to have a part in eating a good supper, that is, some of them are, but are also to have a chance to speak their little piece. Mrs. Chace is to be the hostess and there is to be a six o'clock supper. The quotation for the evening is: "Not for himself, but for the world, he lives." The topic for the evening is: "What America has done for the world through its philanthropists." After the supper the program will be: Music, "Auld Lang Syne"; "Philanthropy Developed Through Municipal Reform," Judge A. A. Welch; "Philanthropy Developed Through the Educational Idea," D. C. Main; Ladies' Quartette, "Sweet and Low"; "Philanthropy Developed Through Medical Science," Dr. W. C. Wightman; "Humanitarians," Dr. T. B. Heckert; "Transcendentalists, Utopians of All Ages," Mr. Charles Beebe; "My Old Kentucky Home," Male Voices; Ladies' Humming Chorus, leader, Mrs. Marsteller.

In Memoriam

Miss Kate Anderson was born in Sweden October 17, 1841, married to Die Linskog June 16, 1867, came to Washington county, Nebraska, in the fall of 1880, moved to Wayne county in 1890, in 1892 came to Stanton county, and moved on a farm seven miles northwest of Pilger, where her husband died, March 8, 1892. In 1903 she, with her three children that were at home, moved to Blair, Nebraska, living there three years when she moved to Hartington, Nebraska, where she lived with her daughter, Mrs. Pete Anderson, until death claimed her November 10, 1909, at 12:30 a. m. being sixty-eight years and twenty-three days old. The body was shipped here for burial Thursday, November 12, the funeral being held in the M. E. church at 2 o'clock, conducted by Rev. Goodell and interment was made in the cemetery north of town where her husband was buried. Four children were born to bless this union and all survive her as follows: Nels Linskog of this place, Chas. Linskog of Sacramento, California, Miss Marie Linskog and Mrs. Pete Anderson of Hartington, Nebraska. The first three were born in Sweden and Anna in Washington county, this state.

Those present at the funeral besides the children were, Karl Peterson of Blair, Marie Nelson of Hartington, and John Erickson and wife of Blair, close friends of the deceased.

Mrs. Linskog was a faithful member of the Swedish Lutheran church and during her last sickness, in which she suffered very much, she prayed her Lord to take her home to rest.—Pilger Herald.

W. H. Stageman, the rustling real estate man of Randolph, was in Wayne Saturday afternoon. He claims to have sold over one million acres of land the past year. On one deal he and a partner cleared up \$5,000 in thirty days. At that rate he ought to soon be a millionaire.

Every man ought to think enough of the comfort of his own family and those of his neighbors and friends who have to pass over his sidewalk, to get up very early in the morning after each snowstorm and shovel the walks clear of snow. It may be a little hard on the back but it is good for the conscience and creates a fine appetite and draws down blessings upon his head.

Several persons who registered in the recent land lottery are to be prosecuted on the charge of perjury. The government is now preparing the evidence and arrests will be made in a very short time. This information comes from a reliable source which cannot be disclosed at this time. We do not believe that anyone who registered from this vicinity were foolish enough to do a thing like that.

The Same Everywhere

The county spends about twelve thousand dollars yearly for making roads and what do they get. Nothing permanent that is certain. One of our county officials tells us that the main trouble is that those who do the work for the county are inclined to slack it, that the fault lies in the incompetency of road overseers. Not that the overseers purposely render poor work but that they lack the knowledge. The county might find it of advantage to have a couple of days instruction given the overseers in the various portions of the county, the instruction to be given by a man who knows how to build roads and make them good. Spending ten to twelve thousand dollars a year ought to produce better goods than we have in the shape of roads.—Tekamah Journal.

After many months of hard work, and no little worry, the ladies of the Presbyterian church gathered together a cartload of old papers and magazines and shipped them Saturday. If it had been men at the work they would have given up in despair before the task was one-half done, but with the ladies (bless their dear hearts) they never say fail with anything they undertake.

The grain elevator men have been sending out to their agents a circular advising the farmers to hold their corn crop owing to its damp condition. As there is a difference of twenty cents per bushel on the Chicago market between the poorest new corn and the best old corn, it would seem to be a paying investment to hold on to it.

Wayne was well represented at the county Sunday school convention at Carroll Saturday and Sunday. Among those who were in attendance were Mrs. Bert Brown, Miss Bessie Marsteller, Miss Mary Mason, Miss Charlotte White, C. S. Beebe, F. H. Jones and Rev. E. B. Young. The sessions were interesting.

They want their money's worth in good merchandise and not cheap, poorly made goods at any price. That is the reason why our trade is increasing. County Sunday School Convention.

The county Sunday School Convention at Carroll proved one of the most successful and enjoyable of our Sunday School conventions. All of the sessions were well attended especially the Sunday services. Rev. Chas. S. Lewis, State Secretary, and Miss Margaret Brown, Supt. of the Elementary Department, were present. The "Twentieth Century Sunday School" at ten o'clock as conducted by Rev. Lewis in the senior department and Miss Brown in the elementary department was certainly a live school and proves the advance in bible study methods.

Miss Brown's address "Little People, Big Plans, Proven Possibilities" and Rev. Lewis' address, "The Heart of the Boy and the Girl," were inspiring and should make us all anxious to lead the boys and girls into a true christian character. The music by the Carroll choir was fine and the Carroll people made the delegates very welcome in their homes. Everyone present seemed to feel the benefit of the convention. The following officers were elected: C. S. Beebe, President; Rev. J. N. Funk, Vice-president; F. H. Jones, Secretary and Treasurer; Mary V. Mason, Supt. Teaching Training Department; Jennie Vennerberg, Supt. of Elementary Department; Rev. Kirkpatrick, Supt. of Adult Department; Mrs. Evans Jenkins, Supt. of Home Department; Rev. R. F. Shacklock, Supt. of Pastors' Department; Miss C. M. White, Supt. of Temperance Department.

The following resolutions were adopted:

WHEREAS, we, assembled as a Sunday School County Convention, have received so many suggestions in regard to our work in the Sunday School, we are

RESOLVED, With God's help to take up our work in a different spirit and endeavor to do it in an up-to-date manner; to do our duty toward the multitudes who are not in the Sunday School work, by making our work so interesting that they will be constrained to come to the help of the Lord, to the help of the Lord against the mighty.

To the field workers who have made our duty so plain, to the Carroll people who have furnished the music, and also those who have so generously entertained us, we tender our warmest thanks and pray the Father to reward them.

And since our last district convention our Father in His wisdom has removed from the Winside district that most earnest and loving sister, Mrs. W. I. Lowry, we commend to our Heavenly Father's care her husband and other mourning friends, hoping that all may imitate her example and strive to make their lives as useful as she did hers.

Baptist Notes

The services in the basement of the new church last Sunday were well attended in spite of the cold, had weather.

There were 124 at Sunday School and the offering amounted to \$115. The largest amount given by one class was \$40.10. "The Broken Circle," a class of young men and women taught by Mrs. Smith got credit for this.

The song service in the evening was much enjoyed by a large crowd, and many of the people spoke words of appreciation.

Our services in the basement of the new church next Sunday at the usual time. Preaching 10:45, S. S. at 12:00, B. Y. P. U. 6:30 and regular evening service at 7:30.

Don't forget that the Baptist Ladies Union will hold their sale and serve meals in the church during the Corri Show, December 1 and 2, and they respectfully solicit your patronage.

PARKER SMITH, Pastor.

Leslie Crockett has been at Hartington several days the past week looking after some business matters and thinks he will go to South Dakota a little later on.

Married

Mr. Alfred Hass of Holstein, Iowa, and Miss Regina Hansen, of Wayne, Nebraska, were united in marriage at the Lutheran parsonage by Rev. C. J. Ringer, on Wednesday, November 24, 1909, at noon. The bride is one of Wayne's highly esteemed young ladies and daughter of Richard Hansen. The groom is one of Iowa's successful farmers. This young couple will reside on the groom's farm near Holstein, Iowa.

High School Notes.

It is a great improvement to have all the desks fastened firmly in their places.

The pictures are hung and the rooms all look fine. More pictures could be used to good advantage, however.

The high school is indebted to the Herald for "The Scientific American" which comes to our reading and reference table each week.

The laboratory is now ready for use.

Mrs. M. A. Phillips donated a bust of Lincoln to the high school.

Mrs. Mears furnished beautiful framed pictures of Washington, Froebel and Miss Peabody for the Kindergarten.

Miss Stocking placed a beautiful bust of "The Laughing Boy" in the first grade room.

Mrs. Wightman recently presented the grade rooms with some valuable reference books.

The metal figures on the doors correspond with the grades in the rooms.

The committee on gymnasium equipment met last week one evening and ordered about \$275 worth of athletic and physical culture goods. Prof. Huntemer, who has had a great deal of experience in gymnasium work, was kind enough to meet and advise with this committee.

Some of our teachers will spend Thanksgiving at their respective homes.

A PRACTICAL Boy's Overcoat

We like to see our customers get the most suitable clothes when they come here and, for this reason, want to recommend this particular garment for your boy.

It's a dressy, stylish overcoat. He can wear it anywhere. It's a durable overcoat. He can wear it every day and be good enough to put away in the spring for next year.

It's an XTRAGOOD overcoat. This speaks for itself on the question of quality. And we sell it at a price that's fair.

We've also boy's suits of this make. There's a fullness in all XTRAGOOD suits that gives the boy room to grow, and makes it impossible for active, fun-loving boys to split the seams or rip the cloth.

But, more important, XTRAGOOD clothes are so tailored that they are practically wear-proof. All trousers are lined throughout. It amounts to the same thing as having a lighter pair fitted inside a heavier.

Make it a point to see XTRAGOOD clothes before buying your boys' suits and overcoats

Why it Pays To use CALUMET

INSTEAD OF CHEAP AND BIG CAN BAKING POWDER

You simply cannot get as good results from the cheap and big can kind—the baking cannot be as evenly raised—it cannot be as delicious—it cannot be so pure and wholesome—because the quality is not there. And it cannot be any more economical. Calumet is medium in price—the standard 1-lb. size can costs 35c. Less it is required and the baking is certain to be better. Try the only—if not satisfactory your money will be returned.

Calumet Received Highest Award—World's Pure Food Exposition. FREE—recipe handbook helps cook. Send 4c and slip found in pound can.

THE CHEAP and Big Can Kind

In this can you get more substance but not more baking powder. It is great in quantity only—not in economy—set in satisfaction.

W. H. Needham has finished nineteen years of good hard work on the Bloomfield Monitor and started out on his 20th year last week as fresh as when he first began. Some things improve with age and the Monitor is one of them under the management of Bro. Needham who has been continuously at the helm.

Rev. J. W. Kirkpatrick, at the M. E. church, last Sunday morning, had for his theme "America for Christ," and preached an excellent sermon along missionary lines, after which the annual collection was taken for the cause of Home Missions. In the evening he preached a most admirable sermon on "True Freedom," from the text "If the Son makes you free you shall be free indeed." It was an evangelistic sermon in keeping with the series of meetings now being held at the church and was certainly a sermon that ought to have been productive of some serious thoughts on the part of all his hearers. The meetings are still in progress at the church and all are invited to attend them every evening during the week.

Small Blaze

Sunday morning the fire department was called out by a fire in the east part of town in a residence owned by James Bush. The fire originated from the stove pipe in some manner, catching in a partition through which it passed. The fire had got a pretty good start by the time the company arrived on the scene, the blaze just beginning to break through the roof, but the department soon had it under control. Some of the furniture was carried out of doors and the water did considerable damage to other portions of it, besides most of the plastering to fall off the ceiling in one of the lower rooms.

Shot up the Train

Was it malicious mischief, pure carelessness, or what was the reason, and what did he expect to gain by it are some of the questions that have been asked since Sunday afternoon regarding an incident that occurred between here and Wakefield. As the passenger train due to leave here at 2:15 in the afternoon was speeding on its way to Sioux City, the engineer and fireman noticed a team hitched to a buggy tied to a telegraph pole, about two miles east of town, and little distance from the train and nearer the track, stood a man with a gun in his hands. After the engine and baggage car had got beyond the individual he apparently deliberately shot both barrels of his gun at the moving train. Whether he sought to hit conductor McDonald, who had charge of the train, and narrowly escaped being hit, or what was his thought or intent, will likely not be known unless he should be discovered and arrested. No one was hit by the flying shot or glass so as to be injured, but the upper pane in one window was shattered into hundreds of pieces and some holes made in one or two other panes beside the side of the car was pretty well peppered with shot. As soon as the train reached Wakefield a message regarding the deed was sent back here and an hour or so later in trying to see the sheriff or city marshal to go out and look the ground over and see if they could find the man or get any trace or clue of him, but neither one of could be found, so the opportunity was lost. What ought to have been done was for the conductor to stop the train, which could have been done in a few feet, and then arrested the man. This no doubt could have been by the train men, for, unless the man was criminally inclined, it is not likely that he would have shown flight. One of the railway company's detectives arrived Sunday evening to investigate the case, but the snow of that night obliterated every trace, but if the detective is as good as those men usually are, he will eventually pick up the recalcitrant individual. If a man has a spite against a railway company it is a mighty poor way to show it, by imperting the lives of innocent men and women. It was not an accident, for the man was not waving, and was too close to the track not to have seen the train. It was done deliberately, but for what purpose it is hard to tell.

NORMAL NOTES

Prof. Bright made the one o'clock talk last Saturday afternoon. His subject was "Philippine Islands." Mrs. Munn, of Ann Arbor, Michigan, who has been visiting Mrs. Pile, left for her home Monday afternoon. School closed Wednesday evening and recitations will not begin until Monday morning after the Thanksgiving recess. Miss Florence Parmelee, State Secretary of the Y. W. C. A., spent Tuesday and Wednesday in Wayne. Tuesday evening the young ladies held a reception in her honor in the Y. W. C. A. rooms. Among former students who visited the office Saturday were Lulu Ward of Wayne, Sadie Parnot of Wakefield, Frank Krueger of Wakefield and Ernest Samuelson of Wayne.

At the meeting of the Y. M. C. A. and Y. W. C. A. Wednesday afternoon, the following delegates were chosen to attend the convention to be held in Rochester, New York, next month: Chas. R. Chinn from the Y. M. C. A. and Lottie M. Robertson from the Y. W. C. A.

Died in Sioux City

At 10:30 last Sunday morning in Wayne occurred the funeral of Mrs. Martha E. Murphy, of Fargo, North Dakota. Deceased was a sister of Mrs. R. J. Roush, who had been in Sioux City for several weeks assisting in caring for her. Mrs. Murphy was born in Augusta, Maine, in the year 1845. In 1849 she removed with her parents to Minnesota, and was united in marriage in 1861 to Matthew Murphy. To this union ten children—four sons and six daughters—were born, of whom four daughters and two sons were present at the funeral. Her husband, who is being cared for by one of the daughters, is in such poor health that he was unable to be present. Mrs. Murphy had been in poor health for some time and was finally taken to Sioux City by one of the daughters for an operation, but the doctors said it was too late and nothing could be done to relieve her. Cancer was the cause of death, which occurred on the 18th, and burial was made here in Greenwood cemetery, Rev. C. Ringer of St. Paul's church, officiating at the grave.

Lucy Lee Concert Company

The next attraction in the season's entertainment course will be at Presbyterian church Tuesday evening, the 30th. Miss Lee, sister of Katharine Ridgeway, heads her own company on the merits of her work and her ability to entertain an audience. She is a joyous reader. That fire and snap and abandonment of self in a complete surrender to the demands both of the characters she represents and the audience she is reading to coupled with a strong physical frame and a knowledge of what material will entertain, combine to make her and her work a distinct addition to the lyceum world. Great as reader with the famous Temple Male Quartette, great as an individual artist, and

great as a woman, the Redpath Bureau confidently introduces Miss Lee to the lyceum public. Associated with Miss Lee are three people who have been selected both because they are artists and because they are willing to adapt their work to lyceum audiences. Mr. Burton Thatcher is a baritone of rare strength and power. He sings and sings thrills his hearers. Mr. Gaylord Yost, late of Berlin, is equal to the best of lyceum violinists. It is with the keenest of satisfaction to his managers that he has been retained on the Redpath list for another season. Accompanying Mr. Yost, Ella Schroeder, violinist and accompanist, will delight her hearers with her duet work with Mr. Yost.

When "The Irish Senator" appears at the opera house next Monday night our theatre goers will witness the same cast headed by Mr. James McCabe at the popular prices of 25, 35 and 50 cents as the one that has toured the country for the past two seasons at dollar prices. No comedy for the past two seasons has given us much good, refined comedy as has "The Irish Senator." There are sixty laughs to the minute and a sure cure for the blues. The management guarantees this attraction as one of the best of the season.

As there has been something said in the Democrat regarding Orrin Garwood leaving his wife and child without money, etc., I would like to state that the same was a mistake, if not a false representation, as I learn from the bank at Hoskins that there was money left in the bank. Did not learn how much but Mrs. Garwood drew the money. It looks to me as if the boy did not and does not now intend to desert his family, that he got discouraged over the financial deal and that he would leave money, what he could, for them while he looked up business elsewhere. I think Mrs. Garwood got excited and worried over his leaving and not telling where he was going and exaggerated in her mind the conditions of things and didn't wait for developments. If he did desert her I have no apology to make but think it unfair for him to be misrepresented in other things. JUNSON GARWOOD.

Have You Musical Ambition for Your Children?

If so, have you provided them with the proper kind of a musical instrument on which to learn the art of playing? To a little child just learning to play a piano, music very often means only a tiresome round of finger exercise, and the cause is very often due to the fact that the child only has a poor, cheap constructed piano to learn on, whereas if they had a good instrument, one that would give out pure, sweet music, the task of practicing would be cut down one-half.

If you contemplate buying a Piano for your children, SEE TO IT that you get the best. We are the agents for the best pianos made in this country; pianos that have a national reputation, and which any musician will tell you are the best there is. They are:

CHICKERING BROS., STEINWAY, WEBER, HARDMAN, EMERSON

Why buy the cheap kind at good prices, when it is possible for you to buy any of the above makes? The week of the corn show will be about the right time to place your orders, should you contemplate getting a Piano for Christmas, and during that week we will quote you some very interesting prices on GOOD HIGH GRADE PIANOS. Give us a call.
