WRITES OF HIS TRIP

EDITOR HERALD:

BEDITOR HERALD:
We have now been in Twin Falls
about a week. Were in Salt Lake

Brigham Young certain

miss Myrtle Hewins of Wayne, will be two days. Brightan Young certainly left a grand inheritance to that city when he made such wide avenues and large blocks, which are new paved for five miles each way, berdered with grand shade trees, and whole blocks of beautiful white three to five story buildings, mad of of brick.

The crops of peaches, apples, and other fruits are ripening now and are on the market. Have been out around Twin Falls and other near by towns considerable lately. The farms are more thickly settled than in Wayne county, as they have learned that 80 acres is all two men can take care of, and I think that forty acres for one man is better. It looks as though this was going to make a great apple county. I was in a four year old orchard yesterday and saw apple trees loaded with fruit. Flums, prunes, some peaches and peats, and all kinds of small fruit were also heavy laden. I get gorged almost every day on strawberries, liackberries, dowberries and raspberries are just coming into market. The first crop of alfalfa and clover are already in the stack. Wheat and oats are in head, all are big crops. They cannot help it, as water, when needed, and plenty of it, make a sure crop.

Twin Falls has in process of building to the stans \$50,000 worth of it, make a sure crop.

Twin Falls has in process of building of the stans \$50,000 worth of structures right now. Among these buildings are a \$135,000 court house, \$125,000 shool house, thirteen brick stores, two and three stories high. Money is in good demand. Wish I had some to loan here. The wind has a knack of whirling about without notice, making many a man and dirt. There is a good market here for fall the grain, and hay for sheep feeding. One shipment, a train of double deckers drawn by two engines went out of here last week for Omaha. There were two thousand lambs in the train load.

Made a trip to Flier, a small town west of your Flier, a small town was of \$100 high and the process of the proc

prices as the news comes from lowa and Nebraska that the hay crop will be light.

Look at the map of Idaho and you will see what an important part, the ill named Snake river plays toward making Idaho a wealthy state. This state would hardly be worthy the name of a state if this river were hothere. It squirms, and twists, and tumbles down rocky cliffs, and at Shoshone Falls, five miles from here, this river makes a perpendicular plunge of 220 feet, giving a power for electricity which lights all the towns for 100 miles each way. This power runs all the grain mills and other machinery the same distance, and to see the millions of acres of volcanic ash, fine as any plaster you ever saw, made to produce the most prolific growth of crops any man could wish for, simply makes one feel to say: "How wonderful are the works of God.!"

Sorry the providence of God has visited the righteous people of Wayne with a haif storm. Mrs. Philleo is in good health, and we will pursue the even theore of our wayn for awhile yet.

Not True

It was reported Saturday afternoon that a man named Roberts, who had been acting as cook at City Cafe, had taken a dose of laudanum with suicidal intent. Dr. Williams was called and could find nothing that led him to believe that the man had taken poison. In the doctor's opinion the man was suffering from a form of hysteria or something of that nature, brought on by a family lar of large dimensions. According to Marshal Miner, this is the same individual who had been making individual who had been making threats against the life of his wife and saying that he would cut the and skipping for Omaha. After being gone several days he returned Friday bringing the child with him. His wife did not care for any reconciliation and the night was spent in threshing over their troubles with the above result.

Who'll Secure \$10.00 In Gold on July 4th?

The Contest is Open to All!

Who will be the first to capture Miss Splendid, the Splendid Flour Girl? She will be on our streets and mingle with the crowd from 10 o'clock a.m. until noon, it is not known whether the person representing. Miss Splendid resides in Wayne, in the country, or perhaps she may be a strange girl coming to Wayne to have a jolly good time with the rest of us. At any rate, Miss Splendid will be found. It's only a question of who will be first and secure the \$10 in Gold.

How to Find Miss Splendid

FIRST: Secure a handbill, "How to Find Miss Splendid," which will be distributed freely at nine o'clock, an hour before the hunt begins. If you have not secured a handbill, call at the store for one.

SECOND: When approaching a lady whom you ect of being Miss Splendid, display your handbill and say: "I beg pardon, but are you the mysterious Miss Splendid, representing Splendid Flour for Ralph Rundell, the Grocers" If you have asked the question properly and have the right party she will answer you "yes." and the Place to Buy! We have Fireworks Galore!

The last two years we did not have enough fireworks to supply the demand for them, so this year we bought very heavy, and as the City Mayor requested us not to sell any before July 2, we will have to make extra low prices on them now, so as to dispose of them in just two days.

We have every hing in the line of fireworks that the law allows us to sell and no boy has a really good time on the 4th of July unless he has plenty of fireworks.

If you will compare our prices on fireworks with those of other stores, we are sure you will buy here.

The Wayne base ball club went t Randolph Friday and met defeat by a score of 10 to 1 it was a game full of errors from start to finish Randolph got five scores in the first inning through errors and some very rank decisions on the part of the umpire, and in the 5th inning they got 5 more scores through errors. The fact is that the whole Wayne infield

went into the air in those two in nings and gave the Randolph tean its ten scores, not one of which its ten scores, not one or which was carned. Whyne got one score in the second inning. Wayne had five hits and Randolph 9 hits. Sahs pitched a good game. This game illustrates second inning. Way a good game. This game illustrates the fact that the Wayne boys need to do more practicing together. The time to practice is not when you are playing a game with an opposing team. Human Life for July

Human Life occupies a niche pe-culiarly its own in the literary tem-ple of fame because it is the only magazine which deals exclusively with stories about living people. In some issue throughout the year will be found the fresh and fascinating life story of every man and woman who is helping to make present-day American history, together with numerous shorter sketches of clever and interesting people who are doing things out of the ordinary. The July issue contains the story of Congressman Norris of Nebraska, the "little corporal" of the insurgents who battered down the Eastile of Cannonism. His life story is strong in human interest, as showing the influences which moulded the man. with stories about living people
