## Do You Want a Fine Gold Watch Free?

Remember This is No Fake!  
We Are Going to Give Away a Watch Free of Charge!

### How to Get One:

Send us the name and address of a party you know is going to buy a piano. If we sell them, we will notify you. You then can call at our Piano Department and you will get your Choice of a Gold Watch, either an Elgin or Waltham movement. These watches will be displayed in our show window in a few days.

## We Are After the Piano Business of Wayne

With this idea, we are going to enlarge our Music Department. We already have a nice line of pianos in stock to choose from and with a large shipment on the way we expect to be able to please the most critical buyer.

We have just employed a man for this department with a large experience, who will be glad to demonstrate to you at any time.

## F. H. JONES MUSIC DEPARTMENT

C. F. E. FLORINE, Department Manager

# PUBLIC SALE

of

## Household Goods

## Saturday, Oct. 1

Three or four bed room suits, complete, four extra dressers, six good rockers, two secretaries, one library table, one kitchen table and other articles of furniture too numerous to mention. Sale to be held on vacant lot west of meat market unless day is stormy when sale will be held in building recently vacated by C. R. Witter. CLYDE OMAN, Auct.

## MRS. PILE

### NORMAL SCHOOL ORGANIZES

#### REGISTRATION ON MONDAY

Classes at Work Tuesday—Many Counties of State Represented—Prospect Bright.

The Normal School at Wayne opened as a state school on Monday, September 19, and all students who reached Wayne on registration day were classified and ready to begin work Tuesday morning. It is too early in the term to estimate what the attendance will be, but the enrollment to date is all that could be expected, and President Conn expresses himself as being well pleased

form a class in trigonometry, and this subject will be offered both semesters instead of only the second semester as was originally planned.

In the department of English the work includes a class in advanced writing and speaking, a class in American literature and a class in Shakespeare. The class in writing and speaking is having an enjoyable time studying the master-pieces of modern oratory. This class will not be content with mere reading of text. It is studying the psychology of public speaking, analyzing the conditions that obtain in public assemblages, and before the close of the semester the members will compete publicly for a prize in oratory. In the Latin department the work

The Model School opens Monday, September 26, with Miss Edith Stocking in charge of first and second grades, while Miss Rachel Fairchild directs the work in the fifth and seventh grades. There is thus represented in the Model School a typical grade of each of the three divisions of the elementary school. The ward building near the Normal School, which is in good repair and an ideal location, will be used. The rooms have been thoroughly cleaned and furnished with new seats. Everything has been made pleasant and attractive, and the school offers an excellent opportunity for observation work.

President Conn reports that the interest manifested in the work of the school by the people of northeast Nebraska is very gratifying. Even at this early date letters have been received from persons who hold responsible positions in leading high schools, making inquiry concerning the work offered at Wayne, and planning to enter the summer term and do credit work toward the completion of the advanced course. Some expect to carry several hours' work during the year while looking after the interests of their own school, to be taken as work in absentia, and then enter at a later date and complete their course by residence study. One or two principals living in the vicinity of Wayne will spend Saturdays at the Normal School and in this way work toward the completion of a higher course.

It is the belief of President Conn and his faculty that the Normal School should be made of the largest possible benefit to the people of the state, and in pursuance of this plan courses will be offered, meeting at such hours as are convenient to those interested in the work. Some have asked for special work in literature. Should a sufficient number express a desire to join this class, Professor House has offered to arrange the work, giving it at such a time as will be convenient to all. The author studied will be Browning, perhaps the greatest life poet since Shake-

U. S. CONN, President of the Normal

with the outlook for the future of the school. The registration list of the first day's enrollment shows students from following counties of Nebraska: Antelope, Boyd, Burl, Cedar, Colfax, Cuming, Dixon, Knox, Madison, Pierce, Platte, Washington, and Wayne; also three students from Union county, South Dakota, and one from Dubuque county, Iowa.

The course of study outlined in a recent bulletin of the school provides for two full years of college work in advance of that offered in strong four-year high schools. High school graduates with thirty credit points enter the junior year of the Normal School and complete the advanced course in two years. Five young men and young women who have completed the work of the Wayne public schools registered in the Normal School last Monday and will be members of the class of 1912.

In addition to the advanced work, classes have been organized in nearly all common branch subjects. Several students now in attendance are taking work in review, preparatory for passing the state examination for a teacher's certificate. The work starts with excellent classes in arithmetic, grammar, penmanship, orthography, reading, drawing, English composition, book-keeping, U. S. history, geography, and theory and art of teaching. Students who desire to prepare for a first grade county certificate will find classes this semester in algebra, botany, physics and geometry. The school is splendidly equipped

starts with good classes in beginning Latin, Caesar and Vergil. In the department of German, three classes in German have been organized, and now requests are coming to

W. D. REDMOND, Registrar

Miss Kingsbury to offer a course in French.

The department of education offers for the first semester courses in general psychology, and in gener-

speare. Special work will also be arranged in other departments of the school. For complete information in regard to the work of the school, write to President U. S. Conn, Wayne, Nebraska.

#### TO PRESERVE TEETH.

At the meeting of the North Nebraska Dental society at Norfolk September 20, a new policy was adopted in regard to instructing the general public in the value and care of the teeth. A committee was appointed to suggest ways and means of reaching the public.

This committee recommended that the society adopt a policy of educating people as to the value and importance of the care of the teeth by the following methods:

In the public schools by means of pamphlets distributed among the teachers and children and published by authority of the dental society.

By dentists making short talks to school children and women's clubs on the care of the teeth.

It was recommended that the dentists of each town and city get together on a policy of advertising dentistry by means of paid advertisements in their local papers. These advertisements are to be approved by a committee appointed by the society.

For rent, two farms, two and three-fourths miles from Ashton, Idaho. Inquire of Dan Harrington.

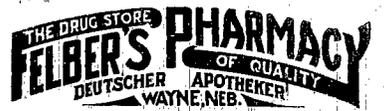

H. H. HAHN, Dean of the Faculty and Head of the Department of Education

to offer strong courses in advanced work, and the course leading to the life professional certificate will be made a strong feature. New classes have already been organized to meet calls being made by students for advanced elective work. Professor Bright of the department of mathematics finds it necessary to

al method of teaching. There is a comparatively large number enrolled in each course. Not only the quantity but the quality is good, for some of the students in this department are teachers and principals of considerable experience. Everything points to strong work from the beginning.

## Are Your Pigs Full of Worms?

Pen them up. Do not give them anything to eat for one day. This is necessary to get their stomachs empty. A worm medicine is best on an empty stomach. Then give WORMITE, in thick slop made of ground feed morning and evening for three days. The number of worms that will be killed and expelled from your pigs will make you think they are worm factories working overtime. If your pigs are wormy, you cannot give them Wormite too soon.

## GRAND MILLINERY OPENING

at the store of the Misses Van Gilder. They invite the ladies of Wayne and vicinity to this Fall and Winter Exhibit of Hats

Friday and Saturday

September 23 and 24

All the latest styles in millinery. We carry the Lansco Hat. Call and see what fashion suggests for the season.

MISSSES VAN GILDER

## Fancy Red Jonathan Apples

To those who are acquainted with this variety of apples it is not necessary to mention, it's the "best ever" for eating and just tart enough to cook nicely. I am now selling on the last half of a full car of Jonathans received last Saturday. They are just the kind for the children to carry to school. It will please them and they will keep them well too. Nothing does more to reduce your doctor bills than the using of fresh fruit in moderate portions. Can fill your order for a peck, bushel or barrel until present supply is sold.

## National Light Kerosene

is just as good as ever. The demand for high grade oil will increase as the season advances. The unsatisfactory results of using cheap low-grade oil, its users best explain. Use a product for which you will have words of praise. National Light is an oil of merit. No smokey chimneys or a bad odor—just a bright, steady light. Sold in any quantity from one to fifty gallons.

HOW MUCH DO YOU PAY FOR CRACKERS? If you buy crackers in 5, 10 or 25c packages you will find the weight stamped in fine type. You will observe you are paying not less than 13c up to 16c per pound. Why pay 13c for the common thick soda crackers, with uncertain freshness, when you have an opportunity to purchase Iten's Fairy Wafer crackers in 7 pound tin cans, received direct from the bakery every three days, at 10c per pound? Call for free sample. Crackers are not the only money saving item at my store.

## Cash Specials Ending September 29

- 100 6-LB. SACKS JERSEY CREAM PANCAKE FLOUR Just received. This is the kind I will handle this season. All ready to mix with milk or water. That every family may know the merits of this flour will sell regular 25c sizes on sale.....19c
- 200 CANS SNOW-WHITE HOMINY. This is high grade and always retails at 15c, 2 for 25c. Sale price.....3 for 25c
- 100 BUSHELS JONATHAN APPLES. Fine for eating or cooking. Competitors get 25 per cent. more. Sale price per peck.....40c
- 20 GROSS TOWN TALK PARLOR MATCHES, full 500 count, always sold at 5c straight, sale price...3 boxes 10c All medium grades of coffee are 2 to 3c per pound higher on the wholesale market.

My purchases have been protected against the advance. For some time I will be in a position to furnish coffee at the old price.

## Ralph Rundell

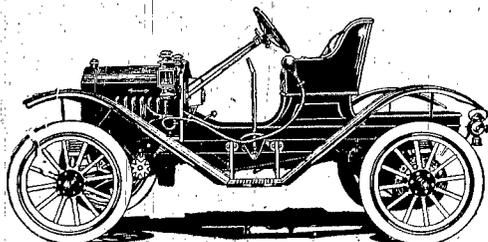

I do not keep Splendid Flour—I sell it—every day too.

# AUTOMOBILE AND PIANO

## To be Given Away in a Voting Contest and Subscription Rally Conducted by the Wayne Herald and the Nebraska Farmer

### BRUSH AUTOMOBILE, TRYBER PIANO AND OTHER VALUABLE PRIZES

#### First Prize: Brush Automobile

The grand prize in this contest will be one of the famous Brush automobiles (runabout.) This automobile is one of the best all-purpose machines on the market today and it will soon be placed on exhibition where it can be examined.

#### SOME THINGS THE BRUSH HAS DONE

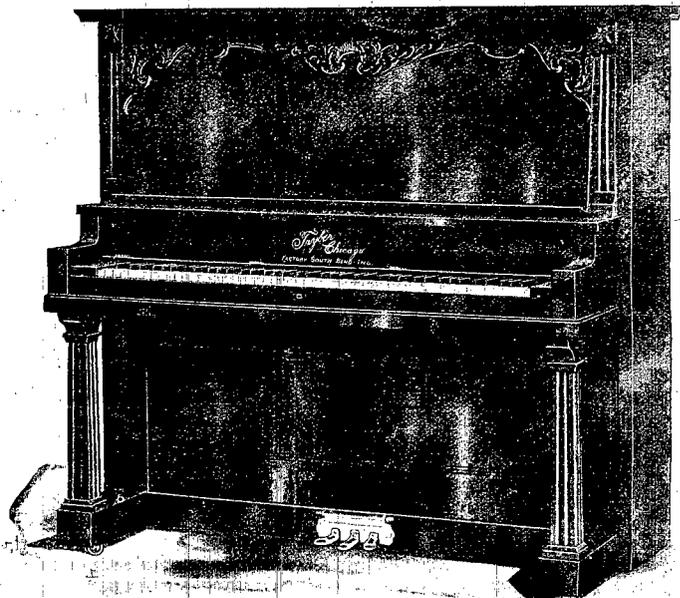

In the 1909 Glidden Tour the Brush covered the 2,636 miles in 15 days and finished in good shape in Kansas City—a lot more than can be said of some of the big cars. In the "Little Glidden" at Minneapolis, it finished with perfect road and technical scores and won the Gregg Trophy over three 4-cylinder cars. It climbed Pike's Peak in eight hours, every inch of the way under its own power. It crossed the American Continent. Last year it won the Algonquin Hill Climb in its class. Barred this year. In the Denver Motor Club Run, Denver to Pueblo and return, the Brush was the only car out of sixteen, most of them big ones, to finish with a perfect technical score. In the 1909 New York One-gallon Fuel Test, the Brush made 40.6 miles on one gallon of gasoline. In the Buffalo contest it made 41.2 miles on one gallon. This means less than 3-8 of a cent a mile for fuel. Other notable performances are the Five-car Efficiency Run, the Atlanta, Ohio, Michigan and Kansas City Endurance Runs.

THESE are pretty big prizes to give away in a contest of this kind, but that's what we are going to do. Whether we realize five dollars or five thousand dollars out of the undertaking, we will do just as we say we will. What the Herald wants is subscriptions; the Nebraska Farmer is also after the circulation. We are going to give these prizes to those who are willing to help us in the undertaking. The prizes are of such magnitude that no one can afford to stay out of the contest if they have a very little time to devote to the work of securing subscriptions. Remember these prizes have all been bought for cash and they must go and will be given away sometime between this and Christmas.

Any lady or gentleman, married or single, may compete for these prizes. Votes will be issued free on all subscription payments, either new or renewals, to the Wayne Herald and Nebraska Farmer and those receiving the highest number of votes will be awarded the prizes at the close of the contest. There is no way in which votes can be secured only on subscriptions.

### Contest Starts October 3 and Will Close Before Christmas

#### SECOND PRIZE---TRYBER PIANO

Pianos are usually given as first prizes in a contest of this kind, but this time we have stepped beyond all bounds of the rule and go so far as to give an automobile as first prize, so the piano that has always been heard of as the grand prize must come in second place. But in buying a piano for second prize we are proud to say that we were lucky to find one of the famous Tryber make. When we were ready to purchase the piano we called on F. H. Jones, who handles many good makes of pianos, besides a nice line of books, phonographs and art goods, and we found that the Tryber piano was one of his leading instruments and that it is well known in Wayne county, so we bought it. For many, many years the Tryber piano has stood the test of time. It is an instrument which for beauty of design, tone and durability cannot be excelled. The piano is now on exhibition at Mr. Jones' store and all we ask is for you to call and examine it.

AUTOMOBILE AND PIANO NOT THE ONLY PRIZES THAT WILL BE AWARDED. OTHERS WILL BE ANNOUNCED LATER

#### What to Do:

Read the following suggestions and go to work. You can win one of these elegant prizes if you make the effort, and perhaps the Grand Prize.

Get your supplies at the Herald office and get busy. Let everyone know that you are out for one of the prizes. Get your friends to working for you. Secure your votes by taking subscriptions to the Wayne Herald or to the Nebraska Farmer. See everybody; it makes no difference where they live, you can get them to subscribe for one or both of the papers, or if they are already taking them, to renew their subscriptions.

Write to your friends and have your friends write to their friends. It means something to secure this fine automobile. Don't wait for an introduction. Don't wait for someone to nominate you or ask you to get into the race, but send in your name today to the Wayne Herald and begin working for a prize as soon as the contest opens.

It will be easy to secure subscriptions for the two papers at the clubbing price of \$2.00, which is fifty cents reduction on the two. Remember that all money received on back subscription to the Herald will count for votes the same as a renewal subscription.

#### THE PRICE OF THE PAPERS

The subscription price of the Wayne Herald is the same as before the contest started, \$1.50 per year; the price of the Nebraska Farmer is the same as it always has been, \$1.00 per year; subscriptions may be taken for either of the papers at their regular price or for the two papers at the rate of \$2.00 per year.

#### Nomination Blank---500 Votes

TO THE WAYNE HERALD:

I suggest the name of.....  
 P. O. ....Route..... as a contestant in the Wayne Herald and Nebraska Farmer Automobile-Piano Voting Contest. I would like very much to see this party win one of the prizes and will do what I can to get..... to enter the race and work for votes.

My Name is.....

The above Blank may be made out and returned to the Wayne Herald office before October 22, and will count on the contest for 500 votes for the name written therein. Not more than one blank will be counted for any one contestant. The name of the person making the nomination will not be divulged.

#### Contest Rules and Regulations:

1. Any lady or gentleman, married or single, may become a contestant at any time during the contest.
2. All contestants have the right to have as many people working for them as they wish.
3. In case of a tie for any prize the persons so tying shall become joint owners of the prize.
4. There will be no duplicate voting cards issued.
5. No votes will be issued until the money has been received at the Wayne Herald office.
6. A new subscriber is a person not taking the Herald at the time this Contest started.
7. No one can be counted as a new subscriber but once during the Contest. If the name is entered on the record book once and a second payment is made, the second payment will be counted an old subscription.
8. Votes may be cast in the ballot box as soon as they have been issued, or they may be taken away and cast at any time during the contest.
9. Anyone coming to the office and paying subscription will be given a voting card and will have a right to cast it for anyone he wishes.
10. Subscribers can vote as often as they choose by paying money on subscription for the Wayne Herald or Nebraska Farmer.
11. No contestant is limited to any particular territory, but has the right to secure subscriptions any place in the United States.
12. All questions that arise which are not covered by these rules are to be decided by the Contest Manager.
13. Votes cannot be transferred from one contestant to another in any way. Any contestant, or their agent, found buying or trying to buy votes, or their equivalent, from another contestant, or his or her agents, will forfeit his or her right to any of the prizes offered in this Contest, and shall become disqualified as a contestant. The same rule shall also apply to any contestant selling or offering to sell votes to another contestant, or his or her agents. Contestants will please remember this rule.
14. All contestants will be provided with receipt books and a copy of the Wayne Herald subscription list in the territory in which they wish to work. They will be authorized to collect money on subscription and give a receipt for same and they will be entitled to the votes that go with the money collected.

#### About Nomination:

Candidates may nominate themselves or their friends may do so for them by filling out the nomination blank on this page and sending it to the Wayne Herald, at Wayne. This nomination blank will count for five hundred votes to start the contestant in the work. The list of people nominated will soon be published in the Herald. Be sure to have your name in the first list published as people will be anxious to see who the nominees are.

#### Voting Schedule:

- For each year's new subscription to the Wayne Herald, 800 votes.
- For each year's renewal subscription to the Wayne Herald, 400 votes.
- For each year's subscription to the Nebraska Farmer alone, 800 votes.
- For each year's renewal subscription to the Wayne Herald, together with a year's subscription to the Nebraska Farmer, 1200 votes.
- For each year's new subscription to the Wayne Herald, together with a year's subscription to the Nebraska Farmer, 1600 votes.
- Five years paid to both papers 2000 extra votes.

Address all Correspondence relative to the Contest to the Contest Manager Wayne Herald, Wayne, Nebraska.

The several important new buildings which Wayne ought to have, will materialize in due time under the force of constant and determined effort on the part of the commercial club.

Colonel Roosevelt's endorsement of President Taft's administration in his speech at Syracuse will be disappointing and discouraging to those insurgents who expected him to try and kick the foundation from under the chief executive.

Though the rest of the world may be against him, Speaker Cannon cannot be kept out of congress while his own district stays with him, and the returns from the Illinois primary don't indicate any disposition to turn down the old gladiator at home.

The new management of the Lincoln Daily Star announces that its political policy will be made independent. If it means that the paper will be devoted to the support of the democratic parties it will not have the task of changing its former course.

Governor Shallenberger is talked of for the United States senate two years hence, and Editor Sorenson of the Omaha Examiner, who is a constant candidate, promising to be in the thick of the next contest, says he is willing to be pitted against the present executive.

Governor Haskell's punctilious regard for the supreme court as expressed in his criticism of Roosevelt will be accepted as a spasm of personal hostility toward the latter, a few of whose acts while president were particularly offensive to the Oklahoma chief executive.

No one disputes the demand for a re-apportionment of the legislative districts of the state, both of the leading political parties being pledged to do it. When it is done, we will have larger representation in the legislature, and will therefore cut a bigger swath in legislative affairs.

At the age of 85, a retired merchant at St. Louis, killed himself because he could not stand idleness. One never becomes so old that ambition to do things ceases. Activity and a purpose stimulate buoyancy and prolong life. No one, no matter how far along in years, wants to be sidetracked.

President Taft and Colonel Roosevelt had a conference at New Haven Monday at the solicitation of the latter who, in his New York fight, is said to want the moral support of the president. It is also probable the president, in the difficult task of chief executive, would like to have the support of Roosevelt.

There is no doubt that the world is growing better. Men and methods cannot be made perfect by a sudden and Quixotic movement, but through evolution human character is being steadily improved. The man who makes the least noise is often doing the most good in raising the standard of citizenship.

No one acquainted with Walt Mason believed the news dispatch which said he had suicided in Philadelphia. If there were ever a time in his whole life when he would be least tempted to quit and plunge into the oblivion of the grave it is in these years when his surpassing genius is attracting universal attention and favor. Walt will rejoice to live many years and make literature sparkle with the luster of his pen.

Maine people who voted against republicans, complained about the cost of living, and as the increased cost of living is due mainly to the high market for farm products, the voice of the people of that far eastern state is virtually lifted in protest against the propriety of the agricultural class. Nebraska being a farming community, its voters are not likely to view conditions from the same standpoint occupied by the people of Maine.

Since the convention system of making nominations was wiped out, political organizations in a number of counties have sought to provide substitutes in the way of political banquets, at which, in addition to sumptuous repasts, speeches were made by party leaders. We have heard of but few gatherings this year, though many may yet be held before the campaign is over. Wouldn't it be advisable for the republican cen-

tral committee to carry out such a banquet in Wayne and thus arouse political interest? Besides stirring enthusiasm, people would get together, renew acquaintance and have a social time.

Senator Gore of Oklahoma, advised the democrats of the Fifth Nebraska district to lay party aside and support Congressman Norris, republican, whose course in the lower house won the favor of the blind senator. But the democrats couldn't figure out party success in that way, and so nominated Sullivan. Lately Mr. Bryan has come out warmly for Sullivan. If Mr. Norris expected to win democratic support, he is likely to be disappointed.

If Wayne had an improved or new opera house, it could attract theatrical and operatic entertainments of a higher order. Capital that might become interested in such an improvement would of course like to know whether there would be sufficient patronage to justify the investment, but that is a question which could not be fully determined in advance. Considering the size and quality of the city, one would suppose ample support would be accorded an up-to-date opera house.

Opening of the normal school under state management marks the beginning of a new and advanced era for that educational institution. The state is back of the school, and all the financial support needed to guarantee the best equipments and a sufficient faculty of high class educators will be provided. It will take time to attract deserved attendance, but growth in enrollment and facilities will follow steadily, and the aim of the management will be to make it the leading normal in the state. In the effort to realize this worthy ambition, the faculty will have the hearty co-operation of the citizens of Wayne. They are justly proud of the institution, and will boost for it at all times.

When people voted for a change in the national administration in 1896, they did so because prices for farm products were so low that agriculture was made unprofitable and discouraging, and as a result everybody was made hard up. Now people, particularly in the east, threaten to vote for a change because farm products are too high. The protest against prostrated conditions in 1896 proved effective and brought relief, and a change now would no doubt prove quite as potent as it did then, though in a different way. The incubus of business paralysis, armies of unemployed and wrecked values that spread gloom and despair over the nation fifteen years ago, may be restored by wild assaults on the cost of farm products and radical legislative experiments. The farmers of Nebraska have such reason to be satisfied that they may be expected to do their part to prevent a revulsion of times as suggested by the action of the voters in Maine.

### TO ADVERTISE THE HERALD.

The Herald has arranged with the Nebraska Farmer of Lincoln to join in an advertising and subscription-extension campaign in Wayne county beginning October 3. An automobile, piano and other prizes will be given away. The purpose is to advertise the paper and secure renewals and new subscribers. There is just as much reason for a newspaper to advertise what it has to offer as for a merchant or any other dealer to do so, and the automobile contest is one effective way of doing it. The Omaha World-Herald, Lincoln Star and Sioux City Journal, and Norfolk, Beatrice, Nebraska City, Fremont and Hastings papers and many others have employed contests with success and satisfaction.

The Nebraska Farmer has been entrusted with the Herald's contest because its agents have had years of successful experience in this work, and know how to carry out the details to the satisfaction of both the public and the publisher. The Farmer has managed such contests in many of the state's leading centers, and its methods are commended in the highest terms by publishers without exception.

In writing C. M. Husted, the Farmer's contest manager, Edgar Howard of the Columbus Telegram closed by saying: "We are always thanking you for having talked us into the good thing." The editor of the leading Fairbury paper, the News, says in the course of his words of praise: "The simplicity and cleanliness of your voting plan appealed to us in the beginning and has appealed to our patrons and to the public. Everything connected with the contest has been of the most satisfactory character." Every one of the publishers with whom the Farmer has been associated in subscription-extension plans, praises in generous manner the methods of that paper as carried out by its expert managers.

It is only reasonable to suppose that the success which has attended

contests conducted by the Nebraska Farmer in other counties will be fully equaled in Wayne county. This county is thickly populated by a well-to-do class of intelligent people, and the field is therefore as good as the best in the state for the amassing of a giant subscription list by an up-to-date county paper. No effort nor expense is being spared to make the Herald fully representative of all parts of the county, and we feel confident that people, not now taking the paper, will become regular readers when they learn its merits.

The Herald will not be sent to any subscriber without prompt payment, and this rule will be more rigidly followed after the close of the contest campaign when overhauling the list, already begun, will have been completed. Any mistakes in credits, past, present or future, should be reported promptly to this office, and will be readily and cheerfully corrected.

The forthcoming contest will be conducted in a manner absolutely fair to everybody, and the value of the prizes will justify spirited interest on the part of the public. The Herald will be made attractive enough to make the canvass by contestants easily productive of results. Large centers like Wayne will have no advantage over farming communities.

### COMMENDS TAFT.

Collier's Weekly which has been unfriendly to President Taft's administration, finally acknowledges and praises some of the good things he has been doing. Approving a recent appointment, it says:

"After the dismissal of Gifford Pinchot last winter, the president won general approval for his selection of Mr. Graves to head the forestry department. The decision which he finally reached about the head of the bureau of mines a few weeks ago was equally judicious, and as to the commission for the study and regulation of railroad securities no better board could be constituted in the United States. There is not a member who is not exceptionally fitted by intellect, character, and experience to carry out the intricate, difficult and extremely important duties of this commission. When Mr. Taft acts under the proper influences—or probably when he acts by himself without any influences at all—he still shows flashes of the qualities which made him win so much credit in the positions which he held before he became president."

### \$500 REWARD.

Will be paid by the firm of Clasen & Nelson Bros., cement block manufacturers and general contractors, for information leading to the arrest and conviction of the party or parties who on the night of September 16, 1910, attempted to destroy our buildings by fire which was started in our stock room.

And hereafter anyone loitering about the building or premises after working hours, not having business with the firm or members of the firm, will do so at their own risk, as we will not be responsible for the consequences or what might happen to any such.

CLASEN & NELSON BROS.

### POTATOES

I will be in the potato business as long as the supply and demand will justify me. Good, early ripe potatoes in bulk or retail from car, near depot, at Wayne, Neb., at right prices.

S. E. AUKER, S22-ft

### Man of the Sea.

There is that in the sea life which can enable the roughest material, though, as the observer, the sailor should be seen on his own deck and not a shore, where, owing to the too sudden relaxation of the discipline that is his daily portion, he is not seen at his best. The seaman is born, not made. He is none the worse for having run away to sea, for any little irregularities in his character will speedily be tamed by life before the mast. It is his spirit, if it is the right one, that against the narrow limits of the water and even suffocates in the wider streets of cities. His eyes strain after far horizons that symbolize the infinite. Not for nothing is he called "a dog," for his is a "sea" life. Yet for him the sea has a taster that its wolfish cruelty never dims.—F. G. Aflalo, in *The London Morning Post*.

### Candles Still Used in Europe.

In many parts of Europe the candle business is carried on by large establishments with abundant capital. In Great Britain there was quite recently at least what we should call a candle trust that yielded good returns. Anybody who has sojourned in a very rural English inn will not need to be told whence comes some of the demands for candles.

### (Kissing the Dying.

To kiss the dying was long considered a gift of strength to the kisser, and among the Romans the nearest of kin was supposed to kiss the expiring one in order to receive the soul as it escaped the body. To this day the same custom is maintained among the European Jews and at the death of a czar of Russia.—The Smart Set.

We only see in a lifetime a dozen faces marked with the peace of a contented spirit.—Becher.

## Uncle Walt The Poet Philosopher

The doctors come and raise a riot, because I'm fond of steak and pie; they say I'll have to change my diet, or I'll curl up some day and die. "You have a flush that's rather hectic," in gloomy tones the doctors say; "moreover you are apoplectic, and ought to live on prairie hay. Rich grub will kill you if you eat it—it's brought you to an evil pass; and if you're wise you'll surely beat it out to the fields and there eat grass."

### EATING AS A PASTIME

This is a dismal and a drab age, when one who has the price of steak must fill his inner works with cabbage and succotash until they ache, and a nickel in his jeans, stands staring—ah me, what a pity!—before the baker's window panes; and sees the cakes piled up in hummocks, the pies; the doughnuts and the bread, but they were made for other people's stomachs, and Willie wishes he were dead. His lot, you'll say is not delightful, he sounds the lower depths of woe; but I contend its far more frightful to have a pocket full of dough, to have all kinds of cast-iron nickles, and have the doctors come and say: "You'll have to live on slaw and pickles, and beets and squash and beans and hay."

I threw my money at the birds; and sages came with warning words, and talked about the rainy day, "You ought to file your seeds away," the sages said, "for winter use; don't always have your purse-strings loose. You may fall sick, or blind, or dumb, and when the high-priced sawbones come, and druggists charge you for their pills, and nurses spring their little bills, you'll breathe a wish, in bitter tones, that you had salted down some bones."

### TROUBLE EITHER WAY

Their discourse was so wise and grave that I at once began to save; I carried bundles to the bank until exertion made me lank; I saved and saved until my roll would do to plug a stovepipe hole, and then (it broke the banker's heart!) I blew it for a motorcar. It's painted red and gold and green, and fairly thirsts for gasoline. It pants and snorts and smokes and tears and wildly calls for more repairs. I like the good old spendthrift way, to blow one's troubles day by day; I like to waste wealth as it comes, in small and unobtrusive sums; that's better than to skimp and shave, and pinch, economize and save for months together, like a dunce, and then blow in your wad at once.

The red man of the olden days, of whom the gifted Cooper wrote, roamed through the silent woodland ways, and scalped a gent, or cut his throat. Remote, majestic and severe, he scorned the paleface and his wiles, and it was not for gin or beer

### THE POOR INDIAN

the red man walked the forest aisles. The foeman heard his battle screech and thought it wise to take a walk; and when Lo had to make a speech, he beat Dan Webster half a block. O, he was then a being bold, the hero of a world romance; sublime he stood, in blanket rolled, among his cousins and his ants. Alas! the red man of today no longer roams the virgin park; he's thrown the tomahawk away, and joined the tribe of easy marks. No more he trails the paleface down, and hangs a scalp-lock in his lair; he hunts the paleface in the town, and buys gold bricks and heated air. No more the red men sternly stand, and breathe defiance to their foes; they're busy trading cash and land for chalk and string, and things like those. No more, for wigwam and for squaw, Lo seeks the thickest of the strife; he hires some man who deals in law, and gives a mortgage on his life. No Cooper could a hero find, among the red men of today; some notary, with legal mind, might write their story, in a way.

It used to be, when I was young, a candidate would wag his tongue until election day was over, and then he'd wag his tongue no more. When all the rootbacks had been killed, and all the pibrochs had been stilled, and all the Warning Notes had died, the statesman quit their tireless quest, and gave the weary world a rest. The voter saw election pass, and then returned to cutting grass, and didn't worry, fret or chafe—he knew the government was safe. The good old ways of yesteryear! Now campaigns run throughout the year, and jawsmiths thunder, storm and prance, and scare us silly, every chance. They bring dark Perils from their den, and show us host of bogie men, and soak us when we're not on guard, and spring statistics

by the yard, and wave stuffed clubs, and make us think that everything is on the blink. And notwithstanding all their song, my friends, there's really nothing wrong. There never was a better time, and all this fussing is a crime. The man who works, and works with vim finds fortune trotting after him. The government can not be beat; the bulwarks are as good as wheat; the eagle flaps its bully wings and turns a somersault and sings, and everything is all O. K. to those who work, day after day.

### NEW FEATURE ADDED.

We commence today the publication of a series of suggestive questions on the International Sunday School Lessons. For some time past these weekly questions have been stirring a great deal of national interest. They are published in nearly a thousand newspaper towns and are studied by millions of readers. They are received warmly by the public and enthusiastically endorsed by clergymen of all the churches. Sunday school superintendents, teachers, and adult Bible class scholars use them in every town where they are published, and the general public is much interested.

Rev. Dr. T. S. Linscott, who prepares the service, is a distinguished divine, whose writings are acknowledged as the highest merit throughout the religious world. He personally conducts an adult Bible class with a membership of between one and two hundred, and has held their interest year after year by means of the questions he propounds. He is conceded to be one of the leading Sunday school experts on this continent.

Dr. Linscott has adopted the methods of Socrates and made the service one of suggestive questions, which, while far-reaching, and such as to command the interest; thought, study and research of almost everyone who reads them, yet have nothing in them to arouse the antagonism of anyone, for they do not oppose any man's view—they do not expound—and have won, not only the support of every Protestant denomination, but also, Roman Catholic clergymen. This cannot be said of any other religious newspaper feature.

This important service has been made a permanent feature of the Herald, and everyone who is interested, should order the paper sent to his or her address and not miss an issue.

### Avoid Caustic and Acid Use

## Old Dutch Cleanser

This handy, all-round Cleanser is entirely free from caustic, acid and alkali; it is hygienic, cleans mechanically, not chemically. It is not only the safest, but also the easiest and quickest cleanser ever discovered for

### Cleaning, Scrubbing, Scouring, Polishing

It is the only cleanser to use on milk-pails, pans, separators and on all cooking utensils. Use it for all cleaning throughout the house.

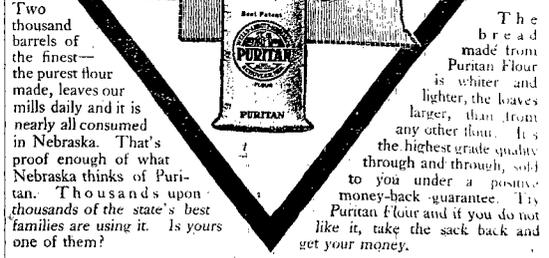

How to Clean Windows The Best Way—Sprinkle Old Dutch Cleanser on a cloth or sponge, just dampened sufficiently to hold the powder, without dusting, and apply to the glass, rubbing briskly. Then polish with a dry cloth and a very little Old Dutch Cleanser. If the above directions are followed excellent results will be secured with less work than by ordinary methods, or with other articles.

10¢ LARGE SIFTER CAN

## Your Baking Cannot Fail If You Use Puritan Flour

Because It's the Purest Because It's the Finest

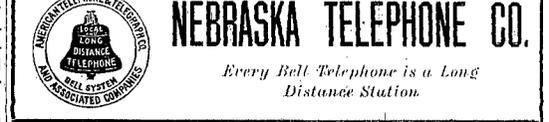

Two thousand barrels of the finest—the purest flour made, leaves our mills daily and it is nearly all consumed in Nebraska. That's proof enough of what Nebraska thinks of Puritan. Thousands upon thousands of the state's best families are using it. Is yours one of them?

### Wells-Abbott-Nieman Company The Puritan Millers, Schuyler, Nebraska

## Everybody Relies on The Bell Directory

The Bell Telephone Directory contains the names of people who can be reached at once. It is the universal calling list, in thousands of towns, and the recognized business and social directory.

Persons whose names are in the telephone directory are always available. They can be reached by friends at home or by those in distant cities. Bell service is universal and distance makes no difference.

## BARGAINS EVERY DAY

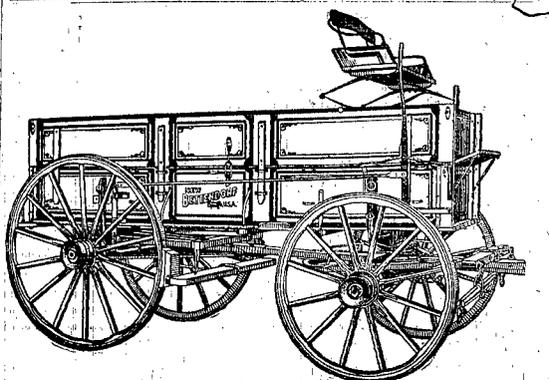

### Special Bargains Every Saturday

If you come to our store and pick out at random any article, you are reasonably sure to pick a bargain in nine out of ten cases. Besides we have specials every week and our prices, interesting as they are at all times, we reduce on certain articles still more. Our specials for next week are:

- LIGHTNING MOUSE TRAPS, the most satisfactory trap on the market... 2 for 5c
- HAIRBRUSHES, high-grade in every respect, extra long china bristles... 18c
- HEADLIGHT GLASS WASH BOARDS, the first time offered for... 25c

By reason of recent lucky purchases and by our policy of being satisfied with small profits we are enabled to name very special prices on a good many other goods. Come and see what we have, examine our goods and prices. We are confident that you will always reserve a portion of your purchases for the

Nemo, the league player who was engaged by the Commercial club here in the base ball team this summer, left for his home in Omaha Sunday afternoon.  
Mr. and Mrs. Harry Whittaker and children left Sunday for their home in Craig, after a visit with Mrs. Whittaker's sister, Mrs. T. W. Moran and family.  
For sale, 320 acres, improved, with good buildings, described as north half of 35-26-1. Can be bought if taken soon for \$65 per acre. Inquire at this office.  
Mrs. S. Simpson of Hayes, S. D., sister of Mrs. Relyea, was in Wayne the latter part of last week, preparatory to entering her daughter Winifred, in the state normal.  
C. H. Whitney of Hartington, democratic nominee for attorney general, was circulating among Wayne people Monday. He was accompanied by Mr. Morton.  
Jens Anderson whose farm is three and one-half miles northwest of Wayne, is having a new cement foundation built under his barn, and is making other improvements.  
The Messdames Arthur Peterson and Gus Bodenstedt of Carroll, were summoned to Wayne last Friday on account of the critical illness of their little sister, Minnie Dornberger.  
Representing Phil Kohl, real estate dealer, Albert Berry accompanied William and Henry Eichenkamp and Henry Meyer, jr., of Hand county, S. D., Tuesday, to look at some land. They will prob-

ably also journey into Minnesota before returning.

Mrs. Rollie Ley was a visitor to Sioux City Tuesday.

Mrs. Milt La Croix and daughter Pearl returned to their home in Sioux City Sunday.

Joe Meyers and family, who have been Wayne residents for some time, moved out on the Ted Perry ranch, north of town, on Monday.

Mrs. Reibold of Bloomfield, sister of Mrs. J. J. Dornberger, was in Wayne Monday to see her sick niece. She returned home in the evening.

Miss Eva Mellor left Tuesday morning for Brownell Hall, Omaha, where she will resume her studies for the year. She attended that institution last year.

On Monday Jake Wellbaum who is employed at the implement house of C. W. Hixco, caught one of his feet in the revolving wheels of a gasoline engine and crushed one of the toes, tearing off the nail.

Mr. and Mrs. Jas. Franks arrived home from Omaha Friday, where the latter consulted a specialist concerning her health. She reports that an operation is necessary and will take place next week.

Miss Helen L. Senter of Bancroft, arrived here Saturday afternoon to remain and take a course in the State Normal college. While here she will make her home with the family of her brother, V. A. Senter.

Miss Millie Woolston of Magnet, daughter of I. O. Woolston, formerly of Wayne, was here Saturday to take the teachers' examination. While in Wayne she was the guest of the family of A. J. Ferguson.

There will be no preaching service at the St. Pauls Lutheran church next Sunday. The pastor, Rev. C. J. Ringer, will be away over Sunday attending the Nebraska Synod, which meets at Beatrice this week.

The annual Missionfest took place at the German church north of Wayne last Sunday, services having been held both morning and afternoon. Two visiting ministers assisted the regular pastor, Rev. Emil Gehrke, and a large crowd attended.

Wayne people who helped to swell the attendance at the fair in Sioux City Tuesday morning are: Messrs. and Mesdames G. G. Haller, W. B. Hyatt, Geo. Hofeldt and two daughters, Lou Owen, Mrs. Jas. Jeffries and the Misses Agnes Shannon, Hattie Blazer, Anna and Stina Nelson, Henry Vahlecamp and family and Wm. Pond.

The new building being built by Jno. T. Bressler for the meat market of W. O. Hanssen is nearing completion, and it is apparent that nothing has been omitted to make it sanitary and convenient. The lower floor has been arranged and finished for a meat market, and if there is a better building for the purpose in the state, it has not been pointed out.

A. G. Bohnert returned home from Wisner Friday where he had gone to help furnish music for the stock show. He also reports having attended a reunion of the old first regiment band, of which all members were present with the exception of two; the aggregation having been royally entertained by Dr. Pritchard of that place. Mr. Bohnert says the stock show was a decided success in every detail.

Mr. and Mrs. John R. Hamer who live two and one-half miles west of Carroll, came to Wayne Monday accompanied by their daughter, Miss Annie, who remained to take a course in the Nebraska Normal school. Besides the usual rush of farm work, Mr. Hamer is busy tearing down the old house left on his place after the completion of his new residence. The lumber will be used to build a big cob house. Mr. Hamer reports that the farmers with whom he is associated in the thrashing business, will probably begin thrashing next week. He says the best yield of wheat in his vicinity thus far is from the farm of Spencer Jones who got twenty-seven bushels to the acre. He states that the corn looks good, and believes another week of hot weather will put it beyond the danger of injury by frost.

### THOMPSON-MILES

Yesterday at noon the wedding of Mr. Geo. Thompson to Miss Elizabeth Miles took place at the home of the bride's parents, Mr. and Mrs. W. Y. Miles, eight miles southwest of Wayne, Rev. Mr. Tindell of Norfolk officiating. The ceremony was performed in the presence of a large circle of friends of the contracting parties, and was followed by a sumptuous dinner, the bride and groom occupying seats of honor at the well-laden festal board. After a season of sociability in which congratulations and good wishes were profusely expressed, the guests dispersed, and the newly wedded young couple left for their home on the groom's splendid farm eight miles northwest of this city. The bride and groom are among Wayne county's popular young people, and they have a host of friends who wish them unstinted prosperity and happiness.

### A GREAT SUBSCRIPTION CAMPAIGN.

Automobile, Piano and Other Valuable Prizes to be Awarded.

This paper has joined hands with the Nebraska Farmer, of Lincoln, and has made arrangements to put on one of the greatest subscription campaigns that has ever been attempted by any county seat paper in the state of Nebraska. We are going to give away some costly and suitable prizes to those who are willing to take hold and help us in the great undertaking. What we want is circulation and we are willing to pay the price in order to get it, so we are going to adopt the plan that many of the most up-to-date newspapers in the state have tried out, and by taking the Nebraska Farmer, which is one of the best known agricultural papers of the state, in with us, it enables us to offer prizes that we could not think of offering if we were in it alone.

The Nebraska Farmer is not only well known over the state but the company is a strong company, being incorporated for one hundred thousand dollars, and their experience in the undertaking, as well as their backing, enables us to do things that we could not think of doing alone.

The subscription campaign will be something on the order of a voting contest, although it will be conducted much different from any subscription contest that has ever been heard of in or around Wayne and it will be conducted in a straight business-like manner. The grand prize will be an automobile and the second prize will be a piano, and we will also have a liberal number of smaller prizes to award at the close of the contest. These prizes will be awarded to those securing the greatest number of votes and votes will be issued free on all subscription payments to the Wayne Herald and Nebraska Farmer and a special clubbing price will be made on the two papers.

The prizes will all be awarded to parties in Wayne or Wayne county or Dixon county. Any lady or gentleman, married or single, will be allowed to compete for the prizes, and it will be arranged so anyone living in the country will have an equal chance with the town people for the grand prize.

The full details of this grand gift-giving subscription rally are enumerated in a page ad. of this paper and we would like for you to read them and become acquainted with the plan, as we expect to make the contest the talk of the county before we are through with it.

We want representatives from all parts of Wayne county and from the southern part of Dixon county. It is a splendid chance to secure a valuable prize for only a little work. Read the page ad. and send in your name as a candidate for the prizes and be ready to begin work as soon as the contest opens.

**BANKERS PROGRAM IS OUT**  
Copies of the program for the fourteenth annual convention of the Nebraska Bankers' Association to be held in Omaha September 27, and 28 have been received by local bankers, some of whom will attend the meeting.

Some of the details of the program are: Leslie M. Shaw, former secretary of the treasury, speaks at the banquet; S. R. Barton, state auditor, talks on "Bankers and the Banking Board;" Alexander D. Noyes, financial editor of the New York Evening Post, on "The Future of American Banking," and many other speakers of note will be heard. The bankers of Omaha and South Omaha will entertain the visitors at the Orpheum theatre and tender them a dinner at the Field club. Invitations to attend the convention and assurances of a good time all around are also being received from the business men of Omaha; the invitation being signed by Edgar Allen, president of the Commercial club, and C. T. Kountze, president of the clearing house association.

### DESTROYS SLEEP.

Many Wayne People Testify to This.

You can't sleep at night, With aches and pains of a bad back. All on account of the kidneys. Doan's Kidney Pills bring peaceful slumber. They cure all kidney ills. Anton Biegler, Wayne, Nebr., says: "About two years ago my back was very stiff and I could hardly get up after sitting awhile. At night after a hard day's work, I was in such great pain that I could not get any proper rest. The kidney secretions caused me much annoyance by their frequency in passage. Learning of Doan's Kidney Pills, I got a box and their use helped me so greatly that I continued taking them until I was well. I have never had any serious kidney trouble since."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

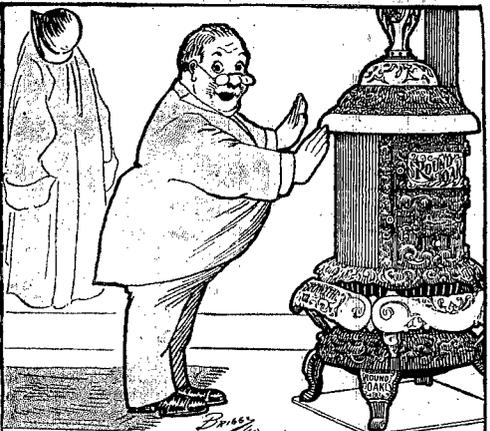

We are sole agents for the following well known lines, because the manufacturers of high grade goods seek high grade representation.

**S. CARPEN & BROS. UP-HOLSTERED GOODS**

**AHA! SOME STOVE, THIS!**  
NOT AT ALL SURPRISING—IT'S A ROUND OAK

**A Stayer** IT ALWAYS WAS—IT IS TODAY—  
the most perfect heating stove on earth. It has never been changed—only in style of ornamentation. Principle of construction the same as it was forty years ago and it is still the BEST—the FIRST and FOREMOST—the MOST SUCCESSFUL STOVE in America.

Over four hundred imitations and never a one so good—or that approached it—in doing the business of heating—of holding the fire—saving the fuel and lasting qualities. Millions of good people know it and will vouch for it—and so will you if you buy it, and try it. We guarantee it stronger than anything else we sell. See the name "Round Oak" on the leg. Sometimes they CALL an imitation "Round Oak."

COUNTY CORRESPONDENCE

HUNTER.

Mr. Lewis Johnson and wife are visiting relatives in Iowa. Most of the stack-thrashing has been completed in this neighborhood. Leonard Fleetwood went to Lincoln this week to enter the state university. Quite a number from this vicinity are attending the fair at Sioux City this week. Mr. and Mrs. Emil Carlson returned Tuesday from a two weeks' visit in Colorado. Invitations are out announcing the marriage of Miss Lillie Sandahl to Mr. Ernest E. Hypes Wednesday, Sept. 28, 1910. Miss Esther Samuelson returned to her school work in Colorado Springs Wednesday after having spent the summer at home.

CARROLL

Miss Zoe Adams of Hendley, Neb., is a guest of Miss Christine Lundquist. Wm. H. Morris and wife are rejoicing over a recent arrival in their home. It's a girl. Miss Minta Lewis came up from Omaha the first of the week for a short visit with home folks. Quite a delegation of Carroll people are attending the Inter-State fair at Sioux City this week. L. Larson, a former Carroll boy, who has been at Stanton and other points down the line for the past two years, has again returned to Carroll and will engage in the painting and paper hanging business. The married and single men met in a mighty game of ball last Friday, but the benedicts were unable to do anything with their younger opponents and went down to defeat. Score 3 to 1. Not feeling satisfied they demanded satisfaction and on Monday they again assembled on the diamond determined to show the youngsters that they were the stronger, but in spite of their valiant efforts the married ones were administered a crushing defeat. A movement is on foot to organize a volunteer fire company here. A meeting was held Monday evening, and officers were elected. J. H. Mellick was chosen chairman or president; W. H. James, vice-president; G. E. Grow, secretary, and Bert Francis, treasurer. Geo. Holeykamp was elected as fire chief. A committee to draft a constitution and by-laws was appointed and the meeting adjourned until Wednesday evening, when the people will meet to complete the organization and adopt the constitution and by-laws.

WINSIDE.

Mrs. I. O. Brown was taken very sick while out at Sam Rew's residence Friday night, but is improving now. Mr. Halstead will have the J. R. Mundy stock closed out by October 1, when the building will be for rent, as he expects to move away. The Saturday night dance club has been re-organized, and good music and a fine time generally were reported at the initial gathering. Many Winside people go to the Sioux City fair every day. We have heard no comments as to whether the fair is good or not. Mr. William Prince, our next representative, was taking in the Stanton fair Tuesday. We have never heard anything but a good word for Mr. Prince. These warm nights one can hear the band music until he goes to sleep. The boys are improving rapidly, and some day we will be able to let our neighbors know that Winside has a band. From what one hears occasionally it looks as though Dahlman got more votes at the primary than he will get at the election in November, as many Democrats do not favor his extreme views on personal liberty. Friday evening about twenty of the Knights of Pythias and their wives gave Sam Rew and his wife a successful and happy surprise by driving to their place, four miles southeast of town. The guests took eatables along, and the spread was good enough for a king. There was plenty of amusement, and Mr. and Mrs. Rew performed well their parts in seeing that all had a pleasant time.

HOSKINS.

Miss Nora Ziemer Sundayed at home. A Ziemer was a Wayne visitor last Saturday. Frank Benser and wife were Sioux City visitors Tuesday. Edwin Schemel from Crofton spent Sunday at home. R. Roerke goes to Hadar to spend a week in his bank there. Miss Alice Heckman went to Sioux City Monday to remain several days. Rev. Mr. Miller of Norfolk and

wife, were Hoskins visitors Sunday.

Leo Raymer of Omaha, visited at the John Foster home over Sunday. Mrs. Anna Nelson and Miss Anna Lundquist took in the Stanton fair Thursday. Miss Lilith Foster returned from Omaha Tuesday for a short visit with home folks. Rev. Mr. Braener of Hadar and daughter, were visitors at the Aron home over Sunday. Gus Schwan sold his residence property, south of the depot to Aronshild on Friday last. Arnold Pfeil purchased Mr. Chas. Green's auto, and Mr. Green will invest in a new Overland car. Mr. and Mrs. Henry Wetzlich and son, Herbert, returned Friday after a week's visit at Waterloo, Iowa. The German Evangelical church has been holding open-air meetings in Nickles' grove for the past week. Three new pianos were placed in Hoskins' homes the past week, viz: Robert Templin, Hotel Schultz and R. F. Miller. The Misses Stella and Luzetta Ziemer leave Monday for Wayne to attend the State Normal for the coming year. Miss Christine Lundquist left for Carroll, Nebr., Saturday after a brief stay with her parents on her return from Burwell, Nebr. Mr. Kleehang who underwent an operation for appendicitis at the M. E. hospital, Omaha, some weeks ago, returned home Saturday last. Both Messrs. Schroeder and Hinway will put up fine residences in the eastern part of town, to be ready for occupation before cold weather sets in. The Bell company's men completed their job of repairing lines and adding a copper circuit between Wayne and Norfolk. They left for Norfolk Monday. The German Lutheran church celebrated its Missionsfest on the church grounds last Sunday. The day was such an ideal one that it contributed largely to the success of the undertaking. Albert Aron, whose convalescence from typhoid fever is making satisfactory progress, expects to leave for New York about the 25th where he has engaged passage on the Kaiserin Auguste Victoria. Mr. Aron jr., of Wisconsin, has the distinction of having won the Ottendorfer prize for last year, and hence, goes to Germany to spend a year at the university of Leipzig.

SHOLES NEWS

Wm. Gramkau is having the house that he recently bought of Swan Nelson painted. The Sioux City fair has had a splendid attendance from this neighborhood this year. Mrs. H. A. Senn has been visiting the past week with her folks and friends at Hartington. The enrollment in school here this year beats all previous records. More than ninety are now on the roll. Myron Embree was a visitor here Wednesday morning. Myron is at present working as a conductor on the street cars in Omaha. Peter Larsen is making extensive improvements at his place, a mile west of town. He is remodeling his house and building one of the largest barns in the county. Another old resident will return this fall. This is Mr. T. F. Summers. He has been in South Dakota for two years, west of the Missouri river, homesteading. An invitation dance was given by Mr. and Mrs. Frank Lorenz last Saturday night in the large new barn that has just been completed at their place. A fine time was had by those who participated. The young folks of this community are planning a hallowe'en hunt for the last of October. Definite arrangements have not yet been made, but a good time is already assured for those who participate. The many friends of Dot Burnham will be glad to learn that Dot and his family will take up their residence in Sholes this fall. He has proved up on his claim in Tripp county, S. D., and now returns to his old friends. Mrs. Ida Clark attended the meeting of the Randolph Ladies' club Wednesday at Randolph. This was the first meeting of the season. The club will meet with Mrs. Clark at her home here at their next meeting which will be in two weeks. Jas. Stephens is confined to his home with a broken ankle that he received by jumping from the top of a fence. At the time he thought it was a sprain but subsequent examination showed that one of the bones of the ankle had been broken. He is now able to be around on crutches. The friends in this county of Ed. Carroll will regret to learn that he

is in the hospital at Sioux City. He has undergone an operation for appendicitis and is now on the mend. Ed. has been in poor health since last fall and the current report has it that it will be necessary for him to remain at the hospital for some time. Douglas Haines, our blacksmith, this week, closed a deal whereby he turns his shop and home here to Mr. Frank Wise, of Bartlett, Wheeler county, for 440 acres of land in the named county. Possession will be given by both parties in about two weeks. Mr. Haines and family have resided here but a short time, but in their brief residence they have made many friends who will regret to see them leave. What came near resulting in a serious accident occurred here Monday afternoon. John Bradley, who buys cream here, was in his shop, the old J. D. Beaton property, and was engaged in softening some paint brushes in some kerosene. He grew tired of the slow progress that he was making by having the can containing the oil in a bucket that contained hot water, so to hurry he placed the can with the oil in it on his gasoline stove. His results were almost instantaneous, oil was thrown to all parts of the room and a deadly gas charged the air in the room. Mr. Bradley was just able to get to the door and open it. Prompt assistance was at hand and the flames were extinguished. The only injury Mr. Bradley suffered was a severe burn on his right hand. OVER THE STATE. Excavation for paving at Norfolk was commenced Tuesday. The populist state central committee, in session at Lincoln Tuesday, decided to leave the head of its ticket blank. The Norfolk team defeated the Hopkins lady baseball aggregation Tuesday afternoon, the score standing 5 to 4. It was a lively game, and it is said the Norfolk boys had to work hard to win. A Madison doctor says he heard the name of Pinchot pronounced frequently at the St. Paul conservation congress by those who ought to know how, and says it should be Pin-sho, not Pin-shot. W. J. Bryan virtually bolts the head of the democratic ticket, declaring that while he will support the state for Congressman Hitchcock and democratic candidates for state offices, he will withhold his support from Dahlman on account of the latter's position on the liquor question. A farmer near Eli invited some visitors into his new automobile to drive out and see his fine herd of Hereford cattle. A bull quietly grazing in the pasture, was not used to the machine, and when he saw it coming, prepared to fight. The animal attacked the machine with fury; the result was a costly wreck. South Omaha Live Stock Market. Special report, So. Omaha, Nebr., September 20, 1910. Cattle—Receipts 21,000 for two days; best grades of all classes steady; common slow to 10c lower, following break of 25c last Thursday and Friday. Top corn fed \$7.60; few around \$7.00 to 7.35; ordinary \$5.75 to \$6.50. Run of western cattle heaviest since 1902. Top beef last week \$6.80; top feeders \$5.85. Quality of bulk seems not as good as earlier, prices ranging from \$4.75 to \$5.75 and common \$4.00 to \$4.75. Best heifers \$4.75; general average of cows and heifers \$3.50 to \$4.25; canners and cutters \$2.75 to \$3.85; calves strong at \$5.50 to \$7.00 for veal; \$4.50 to \$5.00 for good stock calves. Bulls in same level, \$3.35 to \$3.75. Future prices depend upon receipts which promise heavy. Good cattle will be in demand and common work some lower. Hogs—This week opens with light supplies, 3,000 for two days. Steady yesterday but 20 to 25c lower today. Bulk \$3.55 to \$3.85, top \$9.20. Prices are fluctuating sharply. Packers are fighting the market hard and lower prices seem likely to prevail, the question being how long the "break" will be delayed. TODAY'S LOCAL MARKET. Fat cattle.....\$5 to \$7.00. Hogs.....\$3.00. Wheat......90c. Corn......41c. Oats......25c. Barley......53c. Butter......20c. Eggs......18c. Englishman's Queer Freak. When Mr. J. R. Cobley, a shoemaker, whose death at the age of ninety has occurred at Surflet, Lincolnshire, England, was sent out into the world at the age of ten, his mother told him to wear a silk hat, and the hat indoors and out of doors until the day of his death. Modern Marriage. Every marriage should have a business manager, a good general manager to see that the parties are properly fitted. The parties to the marriage will attend to the love but neglect the business end of the match, which is more important.—Atchison Globe.

Copyright 1909 The House of Kuppenheimer Chicago

As a Matter of Fact
Cold weather usually catches you napping, doesn't it?
You awake some morning to find winter upon you and, because you have neglected to lay in your stock of heavier clothing, you are subject to a deal of discomfort, and to exposure which may terminate in serious illness, or worse.
Now is the Time to Buy
Our fall stock is new, having been recently received and you will find it much more satisfactory to make your purchases before the different lines have been picked over.

One Thing to be Considered
Is your winter suit. We carry a full line of snappy ready-to-wear garments, all great values and each one bearing the Kuppenheimer label, which in itself is a quality pledge.
Our MADE-TO-MEASURE SUITS are something of a hobby with us. They have given such universal satisfaction that they have become one of our best advertising mediums.
Every suit sells others for us. Do you wonder that we are enthusiastic about them? Try one of our MADE-TO-MEASURE SUITS. They are backed by the tailors as well as our personal guarantee.

Our fall and winter stock of hats, neckwear, shoes, hosiery, collars, shirts and gloves is complete and new. There has never been a time when more snap and style was shown in these lines. Let us fit you out.

LION'S HEAD ALWAYS IN USE
From Earliest Times It Has Been Associated With Fountains and Flowing Water.
"Charm of Temple Gardens.
WASP IS FRIEND OF MINERS
Active in Ridding Cabins of the Pest of Spiders and Therefore Welcomed and Protected.
Worry is the Real Enemy.
A busy life is a healthy one, and few suffer from overwork. Mental strain is the worst that undermines health; worry and annoyance and impatience are not wholesome, and when a woman meets her duties with such weapons she can hardly expect to find happiness and contentment.
A Neglected Occupation.
While the girls are casting about to learn all that is learnable, will they please remark that one of the things worth learning is the girl's own job.
Dangerous Job.
Kind Lady—Here is a rhabdomyosarcoma wound on your arm? Tired Tim—I was a lookout, mum. Kind Lady—Ah, a lookout on a steamer and there was a collision? Tired Tim—No, mum, a lookout for a second-story man and a watchman winged me, mum.
Choose the Beautiful.
There is a beautiful and an ugly way in which to say almost everything, and happiness depends upon which way we take.
Polish for Mahogany Furniture.
A tablespoon each of olive oil and vinegar to one quart of lake water will be found a most effectual way for both cleansing and polishing mahogany furniture.
The Short and Simple Annals.
"Me gotta da good job," said Pietro, as he gave the monkey a little more line after grinding out on his organ a selection from "Santa Lucia."
Modified It.
"How was the hotel you stopped at?" "So bad that father swore he would never go there again."
Engage Another.
"Will promote beauty," say the headlines. Evidently another stenographer is to be married.
Christianity.
Christianity is intensely practical, and has no trait more striking than common sense.—Buxton.

The Staley Line
Of underclothing is universally known, so it is unnecessary for us to say much about it. You undoubtedly know all about the fit and quality of these goods.
Another line which is just as famous for all the qualities which go to make good undergarments is the Vassar. The Vassar line is lighter in weight than the Staley goods, so whatever your wants may be, they may be met with something in our extensive stock.

NOW are you going to disregard our little reminder and allow the first cold wave to "slip up on you." or are you going to obey that impulse and do your shopping early?

Your New Shoes are Here

Our shoe department is a complete and exceptionally fine shoe store. Four of the very best lines of shoes in America are handled here. The new Fall styles are all in and we are ready to fit the whole family with shoes that we will guarantee to give you your money's worth in wear, comfort and style.

QUEEN QUALITY Shoes for Women.  
KREIDER'S Shoes for Children.  
THE PACKARD Shoe for Men.

**LIGHTNING STRIKES HOUSE**  
PEOPLE SHOCKED BY THE BOLT

W. L. Fisher's Residence Damaged  
Little Girl Shocked.—Mrs. Duerig also Suffers.

Lightning that accompanied the storm this morning struck the residence of W. L. Fisher, on North Main street, and prompted the fire alarm. The flash hit the house where the electric wires enter. Mr. Fisher's little girl, Alice, aged six years, was standing near a window, ten feet from the point where the bolt struck, and was severely shocked. She recovered and was restored to her usual condition, however, in a short time.

Mr. Fisher got out the garden hose and with the assistance of the neighbors threw water and put out the flames before the fire company arrived on the scene. The house was scorched and the damage will amount to about \$60, covered by insurance.

The same bolt of lightning that set fire to the Fisher house, shocked several people in the neighborhood. Mrs. Theodore Dyerig suffered a severe shock. She was working in the kitchen when the flash caused her to stumble and fall. She soon recovered and is now enjoying her usual health.

**NEWS FROM WAYNE SCHOOLS**

A few pupils are absent on account of sickness.

A few new pupils have been enrolled within the last week. The enrollment is now 485.

Our boys will meet the Norfolk high school boys in a game of football on Saturday October 1, at Norfolk.

We are sorry to learn that the Kirkpatrick family will soon leave for Norfolk. Elder, in the high

school, and Mary, in the eighth grade, are good students.

Among the visitors within the last week were as follows: Messdames Pile, Bressler and Kirkpatrick, and Misses Moran, Strickland, Stocking and Portner.

Assignments to the Normal Model schools will be made this week. In making these assignments we shall do the best we know for everybody concerned and we sincerely hope no one will be disappointed.—CORRESPONDENT.

On Wednesday morning Rev. Kirkpatrick made a most splendid twenty-minute address to our high school. Mr. Kirkpatrick took for his theme "Creative Power" or "Originality," and impressed upon his hearers the importance of independent thinking and independent doing.

H. B. Shook was called to Ohio, the first of the week owing to the death of his father, J. J. Shook.

It was reported that managers of the base ball teams of Norfolk, Madison, Stanton, Wisner and West Point were to meet at Stanton yesterday to discuss plans for the formation of a league. Why wasn't the Wayne team included?

C. A. Chase and family went to Stanton yesterday morning, going in L. L. Way's automobile, to attend the marriage of Miss Bessie Horton, who is a friend of the family. The wedding took place yesterday. The Chase family also attended the county fair in progress at Stanton.

On Friday morning of last week the senior class gave the following twenty minute program, with Alfred Lewis, presiding: Vocal solo, Herbert Welch; Tot Chapin played the accompaniment; biography of Renil, the artist who painted "The Aurora," Minnie Miller; the story of Aurora (mythology); Leslie Epler. An electric light fuse that burned out in the millinery store of the Misses

Van Gilder caused an alarm of fire to be turned in yesterday afternoon. No damage was done. The fuse in the millinery store was one of fifteen that burned out yesterday on account of the belt flying off the engine at the power plant, thus increasing the speed of the generator.

Miss Roodifer, our kindergarten director, invited the mothers of the kindergarten children to a "Mothers' Meeting" last Thursday afternoon for the purpose of becoming acquainted and talking over the kindergarten work. Such meetings result in better understanding and consequently in splendid co-operation.

A copy of the Owanka, S. D., Bee, received by the HERALD, gives an account of a trip through the Bad Lands by a party of young people, among whom was Miss Nina Nelson, a former Wayne girl. According to the article the party had an interesting time, enlivened by the frequent appearance of wild animals, thrilling adventures and varying stretches of rugged scenery.

A pleasant surprise was given Miss Faye Powers last Thursday evening, when a number of young lady friends kindly remembered her in honor of her birthday anniversary. At an appropriate hour light refreshments were served and a general good time was spent. She was presented with a dainty cut-glass bon-bon dish by the girls, as a memento of the occasion.

The Stanton Register issues a plaint of bitterness over its belief that some of the Wayne baseball rooters were ungentlemanly in their conduct toward the visitors here last week. If the Stanton boys were frequently insulted and a brick thrown at the manager, as the Register charges, complaint should have been made at the time and an effort made to put a stop to the mistreatment. Rivalry between the two teams had become intense, and

in each town there were perhaps some whose bias became offensive and deserving of reproof. Behavior in each town should be preserved, with avoidance of affront to visitors, and friendly relations maintained if possible.

**AT THE MARBLE WORKS**

Prof. R. Durrin, the pioneer marble worker, has lately received some splendid new stock of carved stone, several very valuable monuments and new designs. He uses a variety of imported stone, and when he turns out a piece of work, it is as good as can be produced anywhere in the world. No man in the state understands qualities and designs for monument better than Prof. Durrin.

Among other orders which he has on hand, is one for a valuable monument to be placed at the grave of the late W. B. Goreham at Pender. A class of work which he seldom does, has been ordered for the monument that will mark the grave of Miss Louise Flege who was killed some months ago and whose remains rest in the German cemetery northeast of town. By a process originated and patented by Prof. Durrin, the picture of the deceased person is drawn on marble and is set in the monument. The likeness is exact, and the process used is a guarantee against injury from the elements. Prof. Durrin says he has not done a piece of work like it before in fifteen or eighteen years. There is one at Wakefield, one at Altona, one in Wayne, and one in the German cemetery northeast of town. Aside from those, there is none anywhere. Prof. Durrin is the only one doing that kind of work, and as it is a difficult task, he does not solicit orders for it.

FOR SALE  
My farm, nearly 340 acres, adjoining the town of Wayne on the west, known as the Ran Frazier farm. E. T. RENNICK, S22-1f

**FEDERATION GIVES LIBRARY**  
NEW BOARD ASSUMES CHARGE

Ladies Established Present Library Eleven Years Ago—Success—Crowned Efforts.

The city federation of women's clubs whose organization created the public library eleven years ago and has maintained it since then, met Tuesday afternoon and decided to turn over to the city library board the books, funds and management of the institution. This step follows the move for a Carnegie library, preparatory to which a board was chosen and a lot for a building purchased. There are now 1,545 books, and these, together with \$127 to help buy the lot and \$84 for maintenance, pass into the hands of the board, consisting of the following members: Rev. Parker Smith, Jas. Ahern, Dr. Green, Chas. Culler, Mrs. H. F. Wilson, Mrs. Elsie Littell, Mrs. C. A. Chase, Mrs. Henry Ley, and Mrs. Bert Brown.

Eleven years ago the ladies of the city organized a federation whose chief purpose was to establish a public library. The county board generously donated use of a room in the basement of the court house, and the nucleus of a library was secured by giving what was termed a "book social." People entered into the plan with enthusiasm, and soon the ladies were able to make a very creditable showing in the way of standard literature. To the number of volumes, new ones were steadily added, and the federation commends people of the city and vicinity for many valuable contributions.

The ladies had to devote much time and thought to ways of raising money with which to accumulate books and keep up the library, and at this time reflect with satisfaction on the success that attended their efforts. Until three years ago they took turns keeping the library open every Saturday afternoon. Since then they have been able to employ a librarian. As many as 145 books have been taken out in one afternoon, and the records show that the literature has been generally circulated, which fact is evidence that it has been appreciated.

The new organization, developing the library in accordance with the Carnegie plan, will be able to strengthen the institution and increase its benefits. The service will not be confined to Saturdays, but extend through the week.

The ladies deserve large credit for what they have accomplished. They deserve to see their burden lifted and crystallized in the more advanced Carnegie plan.

**PERSONAL AND OTHERWISE**

Mrs. E. Clark went to Laurel yesterday on business.

Mrs. E. J. Raymond was a visitor to Omaha yesterday.

The will of the late Ed. Pfeil was probated this morning.

Bert Brown was in Winside between trains yesterday.

J. H. Rehder was a Wayne visitor from Creighton yesterday.

Miss Alvina Petersen went to her home in Winside yesterday.

R. Philleo sold a lot and barn this week to D. A. Jones for \$500.

Mrs. Will Boeman, of Norfolk, was a Wayne visitor yesterday.

W. H. Gildersleeve received five car loads of cattle this morning.

Nels Orcutt went to Sioux City yesterday to visit his daughter and attend the fair.

Messrs. Ferdinand Thun and Nick Hansen were arrivals home from the fair last evening.

Wm. Biegler went to Sioux City yesterday to take in the fair and visit his sister and family.

True Prescott is building a new granary on his farm four miles southwest of Wayne.

Mrs. H. Lawrence of Red Oak, Ia., arrived here Saturday to visit her son, Dr. T. B. Heckert.

Attorney Jack Koenigstein and F. G. Corvill of Norfolk were in Wayne on business this morning.

Mrs. Laura Lewis returned last night from her visit at Council Bluffs and other Iowa points.

Harold Mears was in Randolph over Sunday visiting the family of Lou Holtz, formerly of Wayne.

Clouds gathered during the night, and a heavy rain storm broke over this section early this morning.

Judge A. A. Welch went to Pierce yesterday where he held court, and today is holding court at Madison.

Notwithstanding the rain storm this morning more than fifty people boarded the early train for Sioux City.

Mrs. John Miller, living on College hill, was reported very ill the first of the week, but at last accounts was convalescing.

H. C. Bartels, democratic candidate for representative, came down from Carroll this morning, and went on to Stanton to attend the county

fair and get acquainted with voters. Wm. James, real estate agent of Carroll, and Rev. Mr. Shacklock, also of Carroll, were in Wayne on business yesterday.

A. J. Ferguson and wife left today for Osakis, Minn., where and at other points in that state they will visit for two weeks.

Miss Rose Fallon of O'Neill, was a guest of the Misses Van Gilder the first of the week, having been on her way to Chicago.

The new residence of Henry Stallsmith on college hill is nearing completion. He will have a splendid place when finished.

Mr. and Mrs. Eph Beckenhauer and children returned yesterday from Huron, S. D., where they attended the state fair.

E. B. Young returned Monday from Pleasant View school house where on Sunday he closed a series of religious meetings.

The second story of J. G. Mines' new building is going up fast. It is an attractive and desirable addition to the business district.

The past successful and enjoyable baseball season for Wayne will be an inspiration for the maintenance of a strong team next year.

Mrs. Roscoe Church of Davenport, Ia., is visiting her parents, Mr. and Mrs. F. M. Griffith, four and one-half miles northwest of town.

A few Poland China male pigs of early farrow for sale, by E. T. RENNICK, one half-mile west of Wayne. S22-1f

Miss Nellie Martin went to Morrill, Nebr., last evening at which place she will visit Mrs. May Young, formerly Miss Gildersleeve of this place.

R. Philleo departed this morning at ten o'clock for Twin Falls, Idaho, where he will spend a few months with his son, E. B., who is in business there.

Mrs. Emil Hansen and daughter, Mrs. Carl Hagerman and husband, came home from Sioux City last evening, where they had been visitors at the fair.

Miss Esther Samuelson left for Colorado Springs, Colorado, yesterday morning, where she will teach school. She taught in the same city last year.

C. M. Husted, the Nebraska Farmer's contest manager, drove up from Omaha yesterday with the Brush automobile which is to be given away in the HERALD contest.

Geo. Harder, William Harder, William Blecke, Otto Hendricks, and Otto Krei went to Omaha this morning with the intention of buying cattle to feed on their farms in this vicinity.

A marriage license was granted from the county court Tuesday to Mr. Frank Hart and Miss Francis Miller, both of Winside. They were married at Winside Tuesday by Rev. Amos Fetzner.

Mrs. Mines' Sunday school class will sell home-made candy at Epler's store, Saturday afternoon, September 24. There will also be a limited supply of bread and cake. First come, first served.

Miss Eunice Hutchins, who was here visiting the family of H. B. Hutchins, went to Sioux City yesterday to be married there in the afternoon at 2 o'clock to Mr. George Haughn of that place.

Word has been received here that M. S. Davies who is under treatment in the hospital at Rochester, Minn., is steadily improving in health and will probably be able to return home the last of this month.

The four year old child of Mrs. Steadman fell from a swing last Sunday and bit an ugly gash in the tongue. Dr. Lutgen was called and had to take three stitches in the afflicted member to draw it together.

Judge Britton issued marriage licenses yesterday to Mr. Walfred Carlson and Miss Esther Nelson, and Mr. John Blair and Miss Mary Mailer, both couples living in Wayne county. Judge Britton also married each couple.

Dr. Heckert and Dr. Green attended the meeting of the Northeast Nebraska Dental association at Norfolk Tuesday. About fifty were present, and the session was interesting and profitable. Norfolk was selected as the place for the next meeting.

Advertised Letter List—Letters, Elix Ander, Miss Lena Larsen, Wayne Sweet and Moses Williams. Cards, Minnie Brannsworth, L. Dennis, Miss Blanche Foreman, Miss Jennie Jones, Miss Lena Larsen, C. L. Littell, Claes Thunberg, Jessie Vian, and Loren Washburn. Sept. 21, 1910. W. H. MCNEAL.

Mr. and Mrs. Fred Thompson arrived from Wessington Springs, S. D., yesterday, having been summoned here by the death of Mrs. Thompson's grandfather, Mr. Shorten. Mrs. Thompson had only just returned to her home in South Dakota last Friday, after an extended visit here among relatives.

**OPERA HOUSE**

September 30

"A Pair of Pinks"

Funniest show on the road. Prices 25c, 35c and 50c.

**Read Down this column**

**Blankets**

These cool nights reminds you of those cotton and wool blankets that you must buy. We have a big lot of them in all colors and sizes. We call your attention to a 12-4 wool finish blanket—just as good as the wool blanket—a special price of

\$3 Pair

**Clothing**

We still have a few men's and boys' winter suits left which we will sell for less than cost price. Also a few overcoats. These are all good, new styles. Don't fail to look them over.

**Sweater Coats**

Big assortment of sweater coats for children, men and ladies. All new colors.

\$1 to \$4

**Shoes**

Have you tried a pair of those Hard Knock shoes for boys and girls. They cost no more than other shoes but wear twice as long.

**J. G. MILLER & CO**

**THE UNION HOTEL**

Been newly furnished and papered throughout and will give the people the best of service. Special Sunday dinners 35 cents : : : :

**A. G. BOHNERT**  
Proprietor

**Courtright & Son,**  
PAINTERS AND PAPER HANGERS  
Wayne, Nebraska. Phone 299

**Cotton Challies**

One of the nicest and best materials to be found. This fabric usually sells for 10c. Our special price for one week, yard

5c

**Store News for you**

Every week it is our aim to tell you something of interest about what we have to

sell. We believe that it will be to your interest to look up our advertisements every week and then come to this store. You will always find everything exactly as advertised. At present this store is filled with the very best of Fall merchandise, priced so that, no matter how economically inclined, every purchaser will feel sure of having their money's worth. We list here a few of the good bargains. Look through the entire list:

**Gingham Dresses**

We have several one- and two-piece dresses, the last of a line, which were good bargains at \$2.75 and \$3. The last of the lot will be priced for one week at

**\$1.75 and \$2**

**New Fall Waists**

New waists are coming all the time and by the time this appears in the paper we hope to have in stock a complete showing of silk waists in plain and Persian silks.

**Dress Goods**

Worsted dress goods in the best of fabrics. Prettiest designs and most popular colors. We have for your inspection the best and largest line we have ever had.

50c to \$1.75

**Silks**

Fall silks in plain colors and Persian designs. Exclusive patterns and excellent qualities of fabric. These are in lengths suitable for dress or waist. No two alike. Per yard

\$1

**Suits and Coats**

The styles of the Wooltex garments are copied more than those of any other make known. Style alone costs the Wooltex makers \$50,000 every year, yet the garments are placed in your hands for as little money as many more cheaply made garments.

Besides this certainty of correct style the Wooltex garments are sold under an absolute guarantee. Should your suit or coat prove defective in any particular with two whole seasons' wear the garment will be made good as ever or a new one given in exchange. The prices on these garments are very moderate.

**Separate Skirts**

Should you have need for a new separate skirt your time spent in investigating our line will be well spent.

Every piece of material made into one of these skirts is pre-shrunk and every gore is cut straight with the warp. This insures permanent shapeliness—no sagging and no shrinking.

The styles are correct for separate skirts, none of them having the appearance of being a part of a suit.

Prices \$5 to \$12.50

**Outings, Fleeces**

Though cotton goods are higher than a year ago we have brought our outings and fleeces at a price that enables us to sell them at no more than formerly. Price

10c

**Comforter Goods**

Silkoline, standard, lots of pretty patterns, 12 1-2c.

Cretonnes, an extra good fabric for good comforters, 8c.

Cotton batts in all the different kinds, 12 1-2c to \$1.

**Blankets**

At no time before have we been so well able to give you just what you will need in this line.

Cotton blankets, 75c to \$1.50.  
Wool finished, 2.00 to 4.50.  
Wool blankets, 5.00 to 9.00.  
Robes, 2.50 to 3.50.

"The workman's pay envelope is a very leaky affair," says the judge, "and seems to defy repair. Patronize Raymond's and see how easy it is to stop up a few of the leaks."

**Dr. S. A. Lutgen, Physician and Surgeon.**

**LOCAL BRIEFS**

Elaborate preparations have been made for the reception to be tendered college and public school teachers at the M. E. church tomorrow night.

Mrs. S. H. Elmund of Tacoma, Wash., and Mrs. John Fredrickson of Creighton, Neb., sister and mother of J. A. Fredrickson, are visiting the family here this week.

Mr. and Mrs. Roscoe Jones and baby returned to their home in Malvern, Iowa, Monday, after a pleasant visit of two weeks with the families of J. W. Morgan and D. A. Jones.

It might be well to arrange for a joint meeting of railroad officials and the state railway commission at the Wayne depot when trains are due and the rush of people, coming and going, is manifest.

J. H. Kemp, superintendent of the city schools, arrived home Sunday morning from near Pierre, S. D., where he went Friday to look at some land with a view of buying. He purchased 160 acres.

Mr. and Mrs. Jesse McMath and children of Persia, Iowa, and Mr. and Mrs. Ed. Sorenson and baby of Tekamah, were arrivals in Wayne Saturday, having been called here by the sickness of their sister, Minnie.

Mr. Drake and family departed Saturday for Cleveland, Ohio, where they will visit before going out to Seattle, Wash., where they will reside. Mr. Drake was employed by Barrett & Dally, local hardware dealers.

Wayne friends of Rev. C. S. Sharpe, former pastor of the M. E. church here, but now at Garden City, Kas., will regret to hear of his extremely poor health. He has been obliged to give up the ministry. His daughter has a position as teacher in the schools of Garden City.

Earl Perkins, who was an employee in Geo. Stringer's blacksmith shop the past summer, and who was so unfortunate as to lose the thumb and third finger of the right hand while working with a planer, last week received accident insurance from the M. W. A., amounting to \$51.35.

One who drives into the country in any direction, is favorably impressed by the improvements seen on every hand. Farmers in all parts of Wayne county are adding new buildings or repairing old ones, and in all respects multiplying things that give convenience, comfort and good looks. Their abundant crops, with every recurring year explain why these improvements can be made.

The death of a young boy from infantile paralysis at Ponca last week prompted the closing of the city schools for a few days, during which the building was thoroughly fumigated as a precautionary measure. Fumigating with disinfectants a school house is a wise move whether there is any immediate danger or not. It is a safe-guard against any contagious disease which may develop.

**A GOOD POSITION.** Can be had by ambitious young men and ladies in the field of "Wireless" or Railway telegraphy. Since the 8-hour law became effective, and since the "Wireless" companies are establishing stations throughout the country there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$90 per month, with good chance of advancement. The National Telegraph Institution operates six official institutes in America, under supervision of R. R. and Wireless Officials and places all graduates into positions. It will pay you to write them for full details at Davenport, Ia., Cincinnati, O., Portland, Ore., or Memphis, Tenn. S-15 6t

**Order of Hearing and Notice on Petition for Settlement of Account.**

In the County Court of Wayne County, Nebraska. STATE OF NEBRASKA.

WAYNE COUNTY. To the Heirs and all persons interested in the estate of Rudolph Heftl, deceased:

On reading the petition of Fred John Heftl, Executor, praying a final settlement and allowance of his account filed in this Court on the 9th day of September, 1910, and for distribution of the residue of said estate. It is hereby ordered that you and all persons interested in said matter may, and do, appear at the County Court to be held in and for said county, on the 30th day of September, A. D. 1910, at 10 o'clock A. M., to show cause if any there be, why the prayer of the petitioner should not be granted, and that notice of the pendency of said petition and the hearing thereof be given to all persons interested in said matter by publishing a copy of the order in the Wayne Herald, a weekly newspaper printed in said county, for three successive weeks prior to said day of hearing.

(SEAL) JAMES BRITTON, County Judge

**LOCAL BRIEFS**

Blaine Skeen went to Plainview Tuesday to play ball.

C. D. Martin left Tuesday on a trip to Austin, Minn.

L. F. Neely was a business visitor to Sioux City Tuesday.

Mrs. Theo. Mildner came up from Pigeon Tuesday afternoon.

W. W. Alter left for his ranch out in Holt county Tuesday evening.

Fred and Jas. Pile went to Sioux City in their automobile Tuesday.

Wm. Glassmeyer and wife went to the southern part of the state Tuesday.

Mrs. W. H. Linder of Burlington, Ia. is here, the guest of Mrs. J. F. Barrett.

John Rush, bank examiner, of Omaha was in Wayne Monday and Tuesday.

Mrs. Julia McCrary of Randolph, was a visitor in Wayne between trains Tuesday.

Mrs. L. Joyce of Randolph, was a visitor at the J. E. Harmon home the first of the week.

H. H. Taylor, living three miles east of Wayne, is confined to his house with rheumatism.

The U. B. club, a literary organization, holds its initial meeting for the season next Monday.

E. Pargeter, commercial agent of the Union Pacific railroad, was in Wayne from Norfolk Tuesday.

On Friday night of next week the Masons will invite their ladies to join them in a supper and social time.

Mrs. James Crawford and Bosteder were in Sioux City the first of the week, returning Tuesday evening.

Butterine that fully meets the test of government inspectors, for sale at W. O. Hanssen's market. S15-17

F. G. Philleo led the meeting at the Presbyterian church last night, taking for his subject the life of Paul.

Mrs. M. La Croix returned home from Sioux City Tuesday evening, where she had been receiving treatment.

Mr. and Mrs. June Conger and son Clarence were Tuesday afternoon visitors to Sioux City to attend the fair.

Pure, fresh butterine at W. O. Hanssen's market. It looks and tastes like butter and is just as good as butter. S15-17

The Presbyterian ladies are already planning for their annual chicken pie supper which takes place October 15.

Six coaches belonging to a special train and packed with Sioux City visitors, passed through Wayne yesterday morning.

J. J. Dornberger arrived home yesterday from Ocean Park, Cal., called here hurriedly by the serious illness of his daughter.

Rev. J. J. Parker of Albion, was in Wayne between trains Tuesday, en route to Randolph where he was going to officiate at a wedding.

S. B. Auker returned Sunday from the northwest part of the state where he bought several car loads of potatoes for the Wayne market.

Everybody is enthusiastic over the corn crop. It is giving proof of turning out better than expected. It always does that in this country.

Mrs. P. P. Davey and children of Ponca, were arrivals in Wayne Tuesday evening for a visit with her parents, Mr. and Mrs. F. M. Skeen.

Mrs. Elsie Surber and children went to Norfolk Tuesday evening, where Mrs. Surber will make her home with her mother, Mrs. Nichols.

Mrs. Hall of Streator, Ill., left Wednesday morning for her home after an extended visit with her sisters, Mesdames R. Durrin and Wm. Hesse.

J. E. Hufford inspected sample lines of holiday goods displayed by eastern houses in Sioux City Tuesday, and bought part of the stock he will carry this year.

Mrs. Place and daughter of Riverside, Cal., who were visiting the family of H. F. Wilson, went to Dexter, Ia., Tuesday. Mrs. Place is a sister of Mr. Wilson.

Fred W. Bronn, formerly of Wakefield, has resigned as county judge of Dixon county, and expects to resume the practice of law. F.

D. Fales has been appointed to fill the vacancy until his successor can be elected.

The Commercial club committee is at work on plans for the annual corn and domestic science display, and will soon be ready to announce the classification and premium list.

Miss Reba Nangle arrived home yesterday morning from Scotts Bluffs, Nebr., where she had spent a pleasant vacation of several weeks with Mesdames Ebert and Johnson.

The incubator factory is now comfortably housed in its spacious new building, and when the rush season opens every convenience for rapid work and the dispatch of business will be at hand.

Eighty people from Wayne and vicinity boarded the trains here Tuesday morning for the Sioux City fair. Sixty-five people came down the branch at the same time, all headed for Sioux City.

It is reported that a wholesale jail delivery was prevented at Dakota City by the jailer who discovered a large hole cut through the floor in the court room above. Five prisoners charged with crimes were occupying the jail.

The local committee having the proposed public library building in charge has written Andrew Carnegie stating that a suitable lot has been bought and asking for an explanation as to steps necessary to take to secure the usual gift from the philanthropist.

The Ladies' Aid society of the Methodist church will hold their regular business meeting in the church parlors, Thursday afternoon, September 29 at 3 o'clock. A ten cent lunch will be served by Mesdames Craven, Culler, Reynolds, Craven and Cherry.

W. M. Lessman who resides four and one-half miles northeast of here, is advertising a sale of fine Shorthorn cattle with the intention of going into other business. As will be seen by his advertisement elsewhere in this paper, the sale takes place in Wayne October 5. People interested in or wanting high grade stock should remember the date and attend the sale.

The Sioux City fair has designated days for the special attraction of neighboring states. For instance, yesterday was Nebraska day. It was supposed more people from this state would pour into the city on the day mentioned and it is probable they did. Hundreds of Nebraskans have enjoyed the fair, but it is hoped they forgot to do their trading until they got back home.

Among Wayne people attending the fair in Sioux City Wednesday were the following: Messrs and Mesdames A. R. Davies, E. S. Blair, Ed. Johnson, Herman Lundberg, C. W. Reynolds, R. Durrin, F. S. Strahan, Art Norton, and Mesdames, W. W. Kingsbury, Ed. Ellis and Leonard Elsing, and Messrs. Wm. VonSeggern, H. B. Shook, I. C. Lowery and B. F. Feather.

Minnie, 7-year-old daughter of Mr. and Mrs. Jake Dornberger, was operated on last Saturday at this place. The child had been sick about a week, and her condition became very serious, an operation finally deemed the only source of relief. Her recovery has been considered doubtful. Her father who was in California, was notified by wire and immediately started for Wayne. Yesterday the child's condition was reported more favorable.

School children who are learning history, and older folks who get a patriotic thrill from the scenes of early events, can secure without cost very notable prints of such subjects as Paul Revere's ride, Israel Putnam's escape, battle of Lexington, Boston tea-party, Priscilla and John Alden, and the old State House at Boston.

The pictures are the work of Edward Penfield, one of the greatest of American artists, and are considered by connoisseurs to be the best work that Mr. Penfield has ever done.

This is the first publication of these drawings and the originals will undoubtedly take very high rank in the field of historical art.

They have been reproduced in colors and beautifully printed on leaflets. They are issued for advertising purposes by Hart Schaffner & Marx and are being distributed by Dan Harrington.

**DESERVES SECOND TERM.**

Silas R. Barton, was born at New London, Iowa, May 21, 1871. The next year his father took up a homestead near Aurora in Hamilton county, Neb., where he resided until the time of his death, July 1910. Mr. Barton grew up at this place and attended the public schools of Hamilton county. He graduated from the high school of Aurora and fitted himself for a teacher by taking a course at the state normal school at Peru. He was a teacher and farmer until January 1, 1897, was then deputy county treasurer of Hamilton county for three years.

In 1901 Mr. Barton was elected grand recorder of the A. O. U. W. of the state of Nebraska and retained that position until he was elected state auditor in 1908. He removed to Grand Island in 1901 and has resided there since that time. He is asking a second term at the hands of the people of Nebraska, through the republican party.

The republican candidate for state auditor has made a specialty of life

SILAS R. BARTON, of Grand Island State Auditor, Republican Candidate for Re-election, Second Term

insurance, and of insurance generally in all of its various branches, for a period of many years and is recognized as an authority on that important subject. In his capacity as an official he has faithfully and intelligently guarded the interests of the people, not only in insurance matters, but also in all other important business pertaining to his office.

Mr. Barton is a trained business man of wide experience and there is no question of his special fitness for the high office which he now holds and to which he is asking the people for the compliment of an election for a second term. It is usual to reward a faithful official with a second term, and we believe that the people of Nebraska will make no exception in this case.

Few people realize the vast importance of the state insurance department. The department has supervision over 360 companies licensed to operate in Nebraska. It requires over 19,000 certificates or agents' licenses to supply the agents annually. The people of Nebraska paid for insurance during the year 1909 over twelve and three-quarter millions of dollars divided as follows:

Fire and Tornado	\$ 4,204,671
Life, all classes	7,484,096
Casualty, surety, etc.	1,097,426
	12,786,193

The insurance department causes to be paid into the state treasury for fees and taxes about \$120,000 annually.

The total appropriations of the last legislature for the insurance department, including salaries and all office expenses, amounted to less than \$6000 per year.

The administration of the insurance department under the present state auditor, Silas R. Barton, has been both efficient and vigorous. Insurance companies practicing questionable methods have been called to account and made to conform to law and more honest dealings with their policy holders. The record and condition of companies applying for admission have been carefully considered and unless a company applying could show a perfectly solvent condition and clean record, it was refused a license to do business in the state. Complaints against both companies and agents have been carefully investigated and as far as possible, under our inefficient laws, justice done to all parties concerned.

**E. B. COWLES.**

E. B. Cowles, for two years commissioner of public lands and buildings, an office which he has filled with efficiency, came to Nebraska in 1873, when he settled on Cub Creek, in Jefferson county, working on a farm in summer and teaching school in the winter season. He still owns the farm on which he settled at that time, and raises Poland China hogs and Red Polled cattle.

In 1879 Mr. Cowles was elected superintendent of schools of Jefferson county, continuing in that office until the year 1892. In 1894 Mr. Cowles was appointed deputy county treasurer of Jefferson county, and for some time had full charge of the

office, the county treasurer, A. M. Davis, having moved to his farm during part of the term and the full management of the office devolving on his deputy. For three years prior to his election as commissioner of public lands, in 1908, Mr. Cowles was employed in the office of the county assessor. Being well qualified for the office, to which he was elected, his term as commissioner has been a successful one and he well deserves re-election at the hands of the voters of Nebraska next November. He was nominated by a vote of more than two to one over his opponent, which denotes that the people will be well satisfied to have him remain in the office which he has so ably filled.

**DEATH OF MR. SHORTEN.**

James Shorten died suddenly of heart failure at his residence in Wayne Monday evening. Shortly after supper he complained of a pain in his stomach, and Drs. Williams and Leisenring were summoned. But before the physicians reached his bedside, he was dead. While he had been ailing for some time with what he supposed was stomach trouble, he was able to be up and about the house and was not considered seriously sick.

Mr. Shorten was 82 years old January 19 last. He was a native of Ireland, and came to the United States twenty years ago, locating in New Hampshire, where, fifty-four years ago, he was married to Mrs. Shorten who survives him. From New Hampshire the family moved to Iowa City, Ia., and in 1888 came to Wayne county. They lived on a farm in this vicinity until eleven years ago when they moved into Wayne.

Of eight sons and daughters born to the couple, four survive him, being the following: Mrs. F. M. Hooper of Randolph, W. T. Shorten of Orchard, Mrs. C. E. Turnbull of Norfolk, and A. E. Dellahoy of Wayne. They, with their mother, live to mourn his loss.

Mr. Shorten was raised an Episcopalian, joining that church when he was 16 years of age. While living in Wayne he affiliated with the Presbyterian church. The funeral will be conducted from that church this afternoon at 3 o'clock, Rev. Alexander Corkey, the pastor, officiating.

Mr. Shorten was a good citizen, and will be remembered with esteem by many friends.

**ENDORSES ALDRICH.**

Richard L. Metcalf, associate editor of Bryan's Commoner, has come out openly in opposition to Dahلمان and in support of Aldrich, the republican candidate. In a letter to Mr. Aldrich, Mr. Metcalf says:

"LINCOLN, Neb., Sept. 17, 1910. —Hon. Chester H. Aldrich, David City, Neb.:—Dear Sir:—I intend to give you my support in your candidacy for the office of governor of Nebraska. I have known your opponent, Mr. James C. Dahلمان, for more than twenty years and would not join in any personal disparagement of him. On the contrary I respect him for certain sterling qualities I know him to possess. But his nomination was secured through the active and notorious interference in democratic primaries of the liquor interests and he represents, admittedly, everything the liquor interests desire in the way of legislation. He promises to approve a bill repealing the 8 o'clock closing law and to veto a county option bill and in every way stands as the frank, outspoken champion of the most obnoxious of all the special interests."

"It would be difficult to make an issue clearer than the one that has been forced upon the people of Nebraska through the bold and undisguised edict of the liquor trust. It is a bigger question than 8 o'clock closing and a more important one than county option. Beside it the personality of candidates sinks into insignificance. Shall the people of Nebraska surrender political power into the keeping of the liquor trust; shall they put the stamp of approval upon that trust's executed threat to destroy a governor who dared to go counter to its wishes? That is the issue as I understand it."

"I respect every man's opinion on this question, but I am unable to see it in any other light than that a vote for Mr. Dahلمان is a vote to deliver Nebraska into the merciless keeping of an institution that is responsible for too many tears and too much sorrow to be entrusted with the governorship of this great state."

"As a democrat who from boyhood days has served his party, I am reluctant to do anything that would even temporarily separate me from party organization. But the democratic primaries recently held were controlled by republicans, voting under the leadership of the liquor interests, rather than by democrats; and if we must follow republican leadership then I prefer to choose the sort of republican leadership I am to have."

"In the exercise of this privilege I choose you as my candidate for governor and I am at your service. Yours truly,  
"RICHARD L. METCALFE."

**New Coats, Suits, Skirts**

red-headed.

Occasional showers are useful, but  
the weather man should not go away  
on his vacation and forget to turn  
them off.

It has been decided that a divorced  
woman is the widow of her former  
husband. This classifies husbands with  
the dead ones.

Married men, according to statistics,  
are subject to fewer accidents than  
are single men. Somebody is keeping  
tab on their hours.

An Illinois man has patented a safe-  
ty pill with two points. However,  
wearers of the gaiters are still waiting  
for the two-headed pill.

It may be marvelous, but it is hu-  
man that Susie, the pet ape, should  
refuse chewing gum simply because  
her teacher tells her to?

The Philadelphia man who was  
choked to death by a high collar died  
a death that ought to turn Harry Lehr  
and Berry Wall green with envy.

Half a million in counterfeit coin  
has been recovered by the United  
States in the past year. Has any one  
heard of any real money being recovered?

Correspondents are arguing that a  
lie is occasionally justifiable and a  
Brooklyn judge decides that "dam" is  
not profane. Being good is becoming  
easier.

In Paris filet of beef is worth 50  
cents a pound and only cheap cuts of  
horse meat are as low as 20 cents.  
No wonder they call it "that dear  
Paris."

The language of the North American  
Indian and the Japanese contain no  
cuss-words. What a handicap when  
an aborigine hit his finger with a pre-  
historic ax!

Canada has discovered that it has  
\$39,000,000 worth of pent bags and  
it is wondering how it can induce its  
people to use peat at a low cost, in  
preference to coal at high cost.

The uncle of the King of Portugal,  
who saw a man killed in a street fight  
among ruffians in New York, is now  
in a position to go home and write a  
book about American civilization.

Esperanto will never offend against  
the pure-food laws, unless its adver-  
saries, being merely human, revolt  
against its limited expressions for  
emotional relief. Its vocabulary does  
not contain a single swear word.

England is now figuring on a gas-  
driven battleship to render obsolete  
all vessels of the Dreadnought type.  
People over there must sit up nights  
thinking of new ways to spend public  
money.

A Foughkeepsie man who went to  
California to accumulate a fortune  
rapidly has just returned after an ab-  
sence of 61 years. The old gentleman  
will probably put in the rest of his  
days reading all the get-rich-quick lit-  
erature he can find and giving it to  
his ha.

In the presence of all this wonder-  
ful aviation on the other side of the  
ocean it would seem to be high time  
for Americans to do a few stunts; or  
is it to be said that an aeroplane is  
to have no honor in its own country?

Army experts who claim that it is  
hard to hit an airplane with a rifle ball  
will merely wish the captain of the  
prize imbelle who thinks it a joke to  
shoot at a passing aviator.

Smuggling diamonds through the  
the steamerage is a dodge which failed  
to work with the alert New York cus-  
tomers authorities lately. The smuggler  
argued that the authorities would not  
think of looking in the steamer for  
valuables and the authorities argued  
the steamer might think just that  
way.

**LARSEN MAKES GOOD**  
CAPTAIN SAFELY NAVIGATES  
NIAGARA RAPIDS IN MOTOR  
BOAT.

After Leaving the Whirlpool the En-  
gine Stops Working and Little Craft  
Becomes a Plaything for Violent  
Waters—Turns Completely Over.

Niagara Falls, N. Y.—Capt. Klaus  
Larsen, in his little motor boat, the  
Ferro, late Sunday afternoon made a  
successful trip from the foot of the  
cataract through the whirlpool rapids to  
within a mile of Lewiston, a distance  
of four and one-half miles. He started  
from the Maid of the Mist dock at  
4:45 p. m. and ran on a rock on the  
American side at 5:05. Despite the  
battering of the whirlpool rapids, Lar-  
sen went through safely, but his boat  
was leaking badly at the finish. He  
suffered an injury of the leg. The  
Ferro swung under the Cantleiver  
bridge, the engine running at top  
speed, and was caught in the swift  
drift, where the river begins its rush  
down to the middle of the channel,  
and in less than three minutes he  
made the great pool.

In the trip through the rapids the lit-  
tle boat was lost to sight most of the  
time, but at Great Wave it was shot  
twenty feet out of the water. The  
boat landed right and continued to the  
pool. Larsen kept to the outer edge  
of the pool and passed out and down  
without accident. Just as he left the  
pool the engine stopped working and  
Larsen was at the mercy of the water-  
wraiths, hardly less violent than those  
above. The little boat swung around  
stern first, and turned completely  
over, Larsen coming out badly batter-  
ed. It was here he injured his leg.  
From here on Larsen was a mere  
plaything of the rapids, unable to hold  
the course.

"Why, then, does capital pause  
upon the threshold of investment?  
The answer, we believe, to be plain.  
It awaits adjustment of the relations  
of government to business. . . . The  
sole problem consists of determining  
how government can maintain an  
even balance between aggregations  
of interests, on the one hand, and the  
whole people, on the other, protect-  
ing the latter against extortion and  
saving the former from mad assaults.  
"The solution is not easy to find  
for the simple reason that the situa-  
tion is without precedent. But is not  
progress being made along sane  
and cautious lines? . . .

**Carroll's Trial Is Now On**  
Both Sides in Case Were Ready for  
Business Monday Morning When  
Court Opened.

Des Moines, Ia.—Gov. Carroll went  
on trial in the Polk county district  
court before Judge Howe Monday to  
defend himself against an indictment  
charging him with criminally libeling  
John Coward, a former member of the  
state board of control.

Everything was in readiness for the  
trial, and the task of selecting the  
jury began promptly at 9 o'clock. Both  
sides of the case and the court were  
ready to open the trial on schedule  
time.

Spectators had a hard time getting  
seats, for the capacity of the court-  
room is limited to about 200, and  
there were about 100 jurymen in the  
room for examination.

Gov. Carroll, as heretofore, has  
maintained absolute silence regarding  
the case. Since the indictment was re-  
turned against him he has made no  
public statement regarding the trial.

**Traction Cars Meet.**  
Union City, Ind.—Two men were killed  
and 13 people injured when two  
traction cars met in a head-on collision  
here. The dead are Wendell Chen-  
dler, motorman of Union City, and  
Seymour Thapp, a passenger of Union  
City. All of the injured were brought  
to Union City and none are in a dan-  
gerous condition. Investigation as to  
the blame will be made on Monday. It  
is claimed that there was a misunder-  
standing regarding orders.

**Head of Friars Arrested.**  
Lisbon.—According to Saturday's  
papers Mr. Baldomero, superior of the  
Aldeia Ponte friars, was arrested as he  
was entering the Spanish monastery.  
The monastery decree and its occu-  
pants expelled and threatened with  
arrest if they returned to this coun-  
try.

**Juarez's Statue Unveiled.**  
El Paso, Tex.—Elaborate ceremonies  
attended the unveiling of the statue  
of Benito Juarez, the George Washing-  
ton of Mexico, in the town of Juarez,  
Mex., opposite this city, Sunday.  
About 25,000 people witnessed the cere-  
monies.

**Sioux City Live Stock Market.**  
Sioux City, Ia.—Saturday's quotat-  
ions on the local live stock market  
follow: Top beefs, \$7.40. Top hogs,  
\$9.15.

**Confesses to Crime.**  
Arkansas City, Kan.—Eddy Shep-  
ard, the 16-year-old daughter of J. V.  
Shepard, who with his brother, Taylor  
Shepard, was murdered at the home in  
Newkirk, Okla., Friday morning, con-  
fessed to County Attorney Burns and  
Sheriff Ratter that she killed the two  
men, because they whipped her.

**Taken for a Burglar.**  
Uniontown, Pa.—Anna Cole was mis-  
taken for a burglar and perhaps fatal-  
ly shot by her friend and neighbor,  
Charles Klose.

**Four Lose Their Lives.**  
Brownsville, Tex.—As a result of the  
overflow of the Rio Grande river, four  
cavaliers by the recent heavy rains, four  
Mexicans are reported drowned near  
Hidalgo. Several small towns in the  
Rio Grande valley are partially flooded  
and the water is still rising.

**Robbed of Her Jewels.**  
Columbus, O.—Mrs. Charles A. Haw-  
ley, a resident of Washington, D. C.,  
was robbed of approximately \$3,000  
worth of jewels and other valuables  
in the union station here.

**Case Suddenly Ended.**  
Doniphan, Mo.—Thomas N. Kennon,  
who was on trial on the charge of mur-  
der, left the court room and killed  
himself in his room in a hotel.

**NO CLOUDS IN SIGHT**  
COLONEL GEORGE HARVEY SAYS  
COUNTRY ALL RIGHT.

**THE WRITER SEES NO CLOUD**  
Striking Article in North American  
Review That is Attracting Wide  
Attention.

The attention of business and pro-  
fessional men in all portions of the  
country has been attracted to a strik-  
ingly strong article by Col. George  
Harvey in the September issue of the  
North American Review in which the  
writer takes a view of the greatest  
hopefulness for the future of America  
and Americans. The article is en-  
titled "A Plea for the Conservation of  
Common Sense," and it is meeting  
with the cordial approval of business  
men of all shades of political opinion  
throughout the entire country. In  
part, Colonel Harvey says:

"Unquestionably a spirit of unrest  
dominates the land. But, if it be  
true that fundamentally the condition  
of the country is sound, must we  
necessarily succumb to despondency  
abandon effort looking to retrieval  
and erige like cravens before clouds  
that only threaten? Rather ought  
we not to analyze conditions, search  
for causes, find the root of the dis-  
tresses, which even now exists only in  
men's minds, and then, after the  
American fashion, apply such reme-  
dies as seem most likely to produce  
beneficent results?

**Capital and Labor Not Antagonistic.**  
"The Link that connects labor with  
capital is not broken but we may not  
deny that it is less cohesive than it  
should be or that conditions war-  
rant. Financially, the country is  
stronger than ever before in its his-  
tory. Recovery from a panic so  
severe as that of three years ago was  
never before so prompt and compara-  
tively complete. The masses are  
practically free from debt. Money is  
held by the banks in abundance and  
rates are low.

"Why, then, does capital pause  
upon the threshold of investment?  
The answer, we believe, to be plain.  
It awaits adjustment of the relations  
of government to business. . . . The  
sole problem consists of determining  
how government can maintain an  
even balance between aggregations  
of interests, on the one hand, and the  
whole people, on the other, protect-  
ing the latter against extortion and  
saving the former from mad assaults.  
"The solution is not easy to find  
for the simple reason that the situa-  
tion is without precedent. But is not  
progress being made along sane  
and cautious lines? . . .

**Conserve Common Sense.**  
"Is not the present, as we have  
seen, exceptionally secure? What,  
then, of preparations for the future?  
Patriotism is the basis of our insti-  
tutions. And patriotism in the minds  
of our youth is no longer linked solely  
with fireworks and deeds of daring. It  
is taught in our schools. A new  
course has been added—a course in  
loyalty. Methodically, our children  
learn how to vote, how to conduct  
primaries, conventions and elections,  
how to discriminate between qualifica-  
tions of candidates and, finally, how  
to govern as well as serve. They are  
taught to despise bribery and all  
forms of corruption and fraud as  
treason. Their creed, which they are  
made to know by heart, is not com-  
plex. It is simple, but comprehensive,  
no less beautiful in diction than  
lofty in aspiration. These are the  
pledges which are given upon their  
mattresses:

"As it is cowardly for a soldier to  
run away from battle, so it is cowardly  
for any citizen not to contribute  
his share to the well-being of his  
country. America is my own dear  
land; she nourishes me, and I will  
love her and do my duty to her,  
whose child, servant and civil soldier  
I am.

"As the health and happiness of  
my body depend upon each muscle  
and nerve and drop of blood doing  
its work in its place, so the health  
and happiness of my country depend  
upon each citizen doing his work in  
his place.

"These young citizens are our  
hostages to fortune. Can we not  
safely assume that the principles an-  
nouncing their lives augur well for the  
permanency of the Republic? When  
before have the foundation stones  
of continuance been laid with such  
care and promise of durability?  
"The future, then, is bright. And  
the present? But one thing is need-  
ful. No present movement is more  
laudable than that which looks to  
conservation of natural resources.  
But let us never forget that the great-  
est principle is Common Sense. Let  
that be conserved and applied with-  
out cessation, and soon it will be  
found that all the ills of which we  
complain but know not of are only  
such as attend upon the growing  
pains of a great and blessed country.

**He Knows the Game.**  
According to the Metropolitan Mag-  
azine, Fire Chief John Conway of Jer-  
sey City, has solved the baseball ex-  
posure question by the posting of the  
following printed notice on his desk  
at his headquarters:

"All requests for leave of absence  
owing to grandmothers' funerals, long  
back, house cleaning, morning sore  
throat, headache, brainstorm, cousin's  
wedding, general indisposition, etc.,  
must be handed to the chief not later  
than ten o'clock on the morning of the  
game."

**Duty Smears.**  
"How can you go around," demand-  
ed his wife, "with tobacco juice all  
over your face?"  
"This isn't tobacco juice," respond-  
ed the candidate mildly. "It's mo-  
lasses. I've been kissing babies."

**Preceding.**  
"See the boys,"  
"Yes; kids got lots of fun pretend-  
ing."  
"And grown-ups, too. I put in my  
vacation pretending I was rich."

**THE STATE'S WARDS**  
MORE LIBERALITY WANTED IN  
APPROPRIATIONS.

**41EWS OF TREASURER BRIAN**  
Unfortunates of the State Should Be  
Better Provided For—Other Mat-  
ters at the Capital.

State Treasurer Brian believes the  
next legislature should be liberal in  
its appropriations for the mainte-  
nance of state institutions, to the end  
that the unfortunates of the state  
may be cared for in a humane man-  
ner.

At the insane asylum at Lincoln  
and at Hastings, Mr. Brian says there  
should be an additional building con-  
structed, to care for the patients. The  
new building at Hastings, which it  
was thought would take care of the  
increased number of insane has not  
proven adequate, while at the Lincoln  
institution there is need, not only for  
more room for the patients, but for  
the attendants as well.

"At the Lincoln asylum," said Mr.  
Brian, "the attendants are not housed  
as they should be. They sleep in  
rooms off from the wards, where the  
patients are kept and it stands to  
reason they can get very little rest.  
At Hastings there is a separate cot-  
tage for the attendants, where they  
can live. The legislature should ap-  
propriate enough money to build a  
cottage for the attendants. The room  
that they now take up in the main  
building could well be used for the  
patients.

"There should also be a separate  
building for the treatment of inebri-  
ates. These people should not be  
compelled to live along with the in-  
sane people.

It is very probable the normal  
schools may need new buildings, but  
there is no question but what the  
capacity of the asylums should be in-  
creased for the state certainly  
should look after its unfortunates and  
look after their right."

**Court Martial for Guards.**  
The military board of the national  
guard met and decided to issue an  
order calling a court-martial to try  
the members of the guard who failed  
to go to Fort Riley. The punishment  
is a fine, imprisonment or dishonor-  
able discharge from the guard.

Adjutant General Hartigan has on  
file charges against twenty young  
men who disobeyed the orders to at-  
tend the encampment and it is ex-  
pected that commanders of com-  
panies will report more.

This is the first time that a court-  
martial for this purpose has ever  
been called in the state, and for sev-  
eral days the adjutant general hesi-  
tated about taking the action be-  
cause of the cost. He decided with  
the other members of the military  
board, Colonel Eberly and Colonel  
Mack, that the best interests of the  
guard could be served by such a pro-  
ceeding. The court will consist of  
seven members detailed from the  
guard and the judge advocate general  
will also be appointed for this occa-  
sion.

Adjutant General Hartigan will  
not be a member of the court, but  
will prefer all the charges. Some of  
the cases, he said, are very aggravat-  
ing.

**Regulation Issued.**  
A regulation for the return of Ray  
Hill, E. Wolverton and Fred Way to  
Dakota county, where they are want-  
ed on a charge of burglary, from  
Sioux City, where they are under ar-  
rest, was issued from the governor's  
office.

**State University Finances.**  
From the cash fund of the state  
university there has been paid into  
the state treasury a total of \$32,301.76  
leaving a balance on hand at the  
close of the semi-annual period of  
\$3,118.90. The principal items are as  
follows: animal husbandry depart-  
ment sales, \$4,803.91; dairy husbandry  
department sales, \$4,922.25; dor-  
mitory in home economics, student  
board, \$3,652.27; incidental fees, (col-  
leges) \$5,461; laboratory fees, \$3,229-  
90; law college, tuition and examina-  
tion fees, \$3,539; sub-station North  
Platte sales, \$5,754.76; text book  
sales, \$6,744.

**Nebraskans Held Their Own.**  
Nebraska exhibitors of live stock at  
the state fair were more than able to  
hold their own against the best  
breeders of live stock from beyond  
the borders of the state. Foreign ex-  
hibitors of cattle were able to make  
considerable inroads, taking away a  
lot of first prizes. Nebraskans prac-  
tically cleaned the platter in the  
horse exhibits, took away the big  
prizes in the swine exhibits and over-  
whelmed outside exhibitors of sheep.

**Engineer Hurd Reports Progress.**  
E. C. Hurd, engineer in charge of  
the physical valuation department of  
the State Railway commission, has  
filed a report covering the work his  
department has done from June 1 to  
August 31. During that period sta-  
tion maps and right of way maps  
have been prepared covering 1,324  
miles. There has been inspected of  
the Burlington 760 miles and of the  
Union Pacific 615 miles. There has  
been inspected a grand total of 6,108  
miles, during which the department  
has traveled 12,256 miles.

**Cowles' Case in Supreme Court.**  
The suit of Edward B. Cowles, ap-  
pellant, against Harriet Cowles, ap-  
pellant, has reached the supreme  
court from Jefferson county. The  
suit is over the title to a quarter sec-  
tion of land in Jefferson county. The  
appellee contends that he bought the  
land in 1872 and later had the deed  
to it made out to his mother, to hold  
in trust for him. Before his mother's  
death he had her transfer the land to  
his sister to hold in trust. The suit  
is now over the ownership of the  
land.

**THE STATE MILITIA.**  
Adjutant General's Order for Annual  
Inspection.

The annual inspection of the Ne-  
braska National Guards, as required  
by law, will be made by General John  
C. Hartigan, adjutant general, and  
Major E. H. Phelps, assistant ad-  
jutant general, at 8:00 o'clock, p. m.,  
on the following dates:

Company H, First Infantry, Crete  
Monday, October 17.  
Company C, First Infantry,  
Beatrice, Tuesday, October 18.  
Galling Gan Company, Beatrice  
Tuesday, October 18.

Company K, First Infantry, Wy-  
more, Wednesday, October 19.  
Company L, Second Infantry, Alma,  
Thursday, October 20.

Company B, Second Infantry,  
Beaver City, Friday, October 21.  
Company M, First Infantry, Mc-  
Cook, Saturday, October 22.  
Company E, Second Infantry, Hold-  
rege, Monday, October 24.

Company D, Second Infantry, Hast-  
ings, Tuesday, October 25.  
Band, Second Infantry, Kearney,  
Wednesday, October 26.

Company A, Second Infantry,  
Kearney, Wednesday, October 26.  
Company I, Second Infantry,  
Aurora, Thursday, October 27.

Company A, First Infantry, York,  
Friday, October 28.  
Company G, First Infantry, Geneva,  
Saturday, October 29.

Shenandoah Corps, Fremont, Monday,  
October 31.  
Company K, Second Infantry,  
Schuyler, Tuesday, November 1.

Company M, Second Infantry,  
Albion, Wednesday, November 2.  
Company D, First Infantry, Nor-  
folk, Thursday, November 3.

Company B, First Infantry, Stanton,  
Friday, November 4.  
Company E, First Infantry, Blair,  
Saturday, November 5.

Company L, First Infantry, Omaha,  
Monday, November 7.  
Company G, Second Infantry,  
Omaha, Monday, November 7.

Company F, Second Infantry,  
Omaha, Tuesday, November 8.  
Engineer Corps, Omaha, Tuesday,  
November 8.

Company C, Second Infantry, Ne-  
braska City, Thursday, November 10.  
Company F, Second Infantry, Lin-  
coln, Friday, November 11.

Hospital Corps, Lincoln, Friday, No-  
vember 11.  
Band, First Infantry, Bloomfield,  
Tuesday, November 15.

The order says:  
The inspection will be in heavy  
marching order, either blue uniforms  
or khaki, depending on the weather  
and discretion of the commanding of-  
ficer, but dress must be uniform,  
campaign hats and leggings and is  
made to ascertain if the companies  
are armed, uniformed and equipped  
for active duty in the field. Company  
commanders will see that the armory,  
records, ordnance stores and quar-  
termaster supplies are in readiness for  
inspection on arrival of the inspecting  
officer, who should be met on his ar-  
rival and every facility offered to ex-  
pedite this work of inspection.

**Governor Invited to Texas.**  
Governor Shallenberger has re-  
ceived an invitation to act as a judge  
of shorthorns at the Texas state fair,  
to be held at Dallas. Shorthorns are  
to be judged October 26. He has not  
yet decided whether he can accept.

**Objects to Transfer Switch.**  
The Burlington railroad objects to  
uniting with the St. Joseph & Grand  
Island railroad in constructing a  
transfer switch at the town of Edgar  
and so indicated in an answer to the  
petition filed with the State Railway  
commission regarding the matter. The  
Farmers' Co-operative association and  
others filed an application with the  
commission asking for the transfer  
switch, and in a separate answer the  
Burlington said facilities afforded to  
the people of Edgar were ample  
and the transfer not needed.

**Appointed Secretary.**  
L. B. Fuller of David City was ap-  
pointed secretary of the republican  
state committee by Chairman William  
Husenther. Mr. Fuller has been the  
manager of the chautauqua at David  
City, and for two campaigns he has  
managed the political affairs of C. H.  
Adair, candidate for governor.

**The Recent State Fair.**  
The forty-second annual state fair  
was a great success. Every day an  
attendance record was broken and for  
the week the attendance figures are  
in a class by themselves. By many  
thousand more people passed  
through the gates than in any  
previous year.

The fair in every respect surpassed  
any that has gone before in Nebraska.  
The weather was ideal from the first  
to the last day. More premiums were  
given than in any previous year and  
more exhibits were shown than ever  
before. The expense of the fair, of  
course, was more than for any  
previous fair and at the same time the  
income was so much greater that the  
board will not more money than in  
former years.

**Civil Service Examinations.**  
The United States civil service com-  
mission announces the following ex-  
aminations to be held at Lincoln,  
Grand Island, Norfolk, North Platte  
and Omaha: September 14, physician  
(male), Indian service; September 21,  
assistant in wireless telephony, signal  
service at large; September 21,  
trained nurse, Indian station, and  
Philippine service; September 28,  
examiner, United States civil service  
commission; October 5, electrical as-  
sistant, signal service at large.

**Visitors to the Penitentiary.**  
Warden Smith turned \$770.71 into  
the state treasury, a part of the money  
collected from visitors to Lincoln dur-  
ing its fair who wanted to see the in-  
terior of the penitentiary. Unless one  
has a pass through from the governor's  
office he cannot enter. A fee of 10 cents  
is charged. Warden Smith says that  
he received over \$800 in fees and that  
2,700 passes were taken up. Over  
11,000 people visited the prison.  
Some of the collection went for extra  
expense of ushers, etc.

**SLOW.**  
"What, hasn't George proposed  
yet?"  
"No, what can you expect of a man  
who won't speed his automobile over  
fifteen miles an hour."

**Someone Might Get Hurt.**  
Pietro had drilled to Florida and  
was working with a gang at railroad  
construction. He had been told to  
beware of rattlesnakes, but assured  
that they would always give the  
warning rattle before striking.  
"One hot day he was eating his noon  
luncheon on a pine log when he saw  
a big rattler coiled a few feet in front  
of him. He eyed the serpent and be-  
gan to lift his legs over the log. He  
had barely got them out of the way  
when the snake's fangs hit the bark  
beneath him."  
"Son of a gun!" yelled Pietro.  
"Why you no ranga da bell?"—Every-  
body's Magazine.

**A Handicapped Official.**  
"You let one of the swiftest auto  
scorches get by without a word?"  
"I know it," replied the village con-  
stable. "My glasses don't suit my  
eyes like they used to, and I can't do  
anything with an auto that ain't got  
slow enough for me to read the num-  
ber."

**World's Largest Cemetery.**  
At Rockwood, Australia, is the  
largest cemetery in the world. It  
covers 2,000 acres. Only a plot of 200  
acres has been used thus far, in  
which 100,000 persons of all national-  
ities have been buried.

## Ideal Concrete Stone Works

Wayne, Nebraska

## A home for You

### Built on Honor at a Moderate Price

We are contemplating building two or three modern, up-to-date six-, seven- and eight-room Cement Block houses which when completed will be for sale. Plans and photographs are at our office. Those thinking of buying a home will do well to see us now as we can then arrange the interior to suit buyer. Construction, materials and workmanship throughout will be first-class.

We also build houses from your own plans and cheerfully submit estimates. Before building come and see us if you want first-class work and the full value for your money.

# SEE OUR MILLINERY

Weber Bros' Wayne Roller Mills pay two cents above market price for wheat.

### SUGGESTIVE QUESTIONS

On the Sunday School Lesson by Rev. Dr. Linscott for the International Press Bible Question Club.

(Copyright 1910 by Rev. T. S. Linscott, D.D.)

(Copyright, 1910, by Rev. T. S. Linscott, D.D.)

Sept. 25th, 1910.

(Copyright, 1910, by Rev. T. S. Linscott, D.D.)

Temperance Lesson. Gal. v. 15-26.

Golden Text—If we live in the Spirit, let us also walk in the Spirit. Gal. v. 25.

Verses 15-26—What should be our attitude toward sin, or other?

Why is it that, even among professed Christians, there is so much evil speaking of those who are about?

What rule should govern our conversation about our fellows?

Why is it not legitimate to discuss an evil report about the absent, even if we have reason to believe it is true?

Verses 16-17—What does it imply to "walk in the Spirit?"

Do the natural and legitimate appetites, and desires of the body, necessarily war against the Spirit of God, or is the reference here to the flesh, or sinful mind?

Does God expect every man through the power of the Spirit, to succeed in resisting every sinful temptation, or is that the ideal only?

Verses 18. To what extent may we take the Spirit to direct us, as to what we should, and should not, do?

Verses 19-21—How many, of the sins in this catalogue, are sins of the body, and how many the sins of the soul?

### IN THE VICINITY.

Winside Tribune: J. C. Ecker has been appointed by Gov. Shallenberger as a delegate to the Farmers' National Congress which convenes in Lincoln Oct. 6.

Stanton Reporter: Alfred Moore returned Saturday from his trip to Corroll. He settled up for his insurance of his barn that recently burned there but has not as yet sold his lot.

Southeast Cedar news in Hartington News: Mrs. Erickson of Wayne has been visiting her daughter, Mrs. Frank Nelson. She and her granddaughter, Alice, started Tuesday for a visit with friends and relatives in Omaha.

Winside Tribune: Mrs. Fred Woollager, who resides over near Hoskins, was in town Saturday with a load of grapes, which she picked from her own yard. They were very nice and she met with a ready sale for them.

Winside Tribune: Mrs. A. M. Averill of Blair, was a guest at the Cullen home two or three days last week, and left for Hoskins Saturday evening. She said that Mr. Averill had gone out west to get more land and they were thinking of leaving Blair.

Randolph Times: R. H. Harris of Lynch, son-in-law of Wm. Allen of this city, owns two fast horses. One of them, Lady Jean Etta, a three-year-old pacer, has started six times and won three firsts and three seconds. The other one, Early Storm, won a \$1,000 purse at Des Moines.

Hoskins Headlight: A special meeting of the voters of school district No. 9 was held Saturday afternoon to decide on the kind of heating plant to be put in the school house. They decided on putting in a steam heating plant and voted that the school board and building committee purchase the plant and have it put in before school commences this fall or as soon as possible.

"The Cedar county fair was held at Hartington last week, and the exhibits were better and attendance larger than ever before. Speaking of the ball games, the Herald says: "Bloomfield defeated Randolph in a good game of basket ball, score 15 to 14, and Coleridge took the ball game away from Fordyce in the 16th inning by running in three scores on an error. Up to that time neither teams had scored."

Gruetli news in Columbus Tribune: Rev. E. F. Franz, of Hoskins, was a guest over Sunday of Rev. J. B. Braun. On this occasion the Gruetli congregation held their annual Harvest-Dome-services. Rev. Mr. Franz delivered a splendid sermon. The church had been elaborately decorated by the young ladies of the congregation with flowers, garden and field products. Although only the best was brought for decoration, it showed that the drought had not affected crops as had been thought.

Wakefield Republican: Orrin Harman took his mother to an Omaha hospital last Sunday, she, having gone totally blind. Mrs. Koontz and husband who were visiting in Nebraska City, were notified and joined them at Omaha. Mrs. Harman will remain at the hospital for a week or so to see if something cannot be done to restore her eyesight. Her many friends sincerely hope something may be done, so she can see again. Mr. and Mrs. Koontz and Orrin returned to Wakefield Monday evening.

The Wausa Gazette copies the Herald's suggestion for an extension of the Burlington railroad from Oakland to Belden, and adds this comment: "The route proposed by the

How many of these sins are impossible of commission if we had no physical nature?

If the use of the appetite and passions of the body, and the desires of the heart and mind, are fully under the control of the Spirit, how many of these sins would be possible of commission?

Is drunkenness, for example, a sin of the body, or the soul, or both?

When a drunkard is liberated from the body does he still have a craving for drink?

What is the best cure for drunkenness?

How long would a drunkard crave strong drink, if he could not procure any?

Why is it impossible for those who are controlled by the flesh, to inherit the Kingdom of God?

Verses 22-24—How many, or how much, of these fruits of the Spirit, ripens on the day we first commit ourselves to be "led of the Spirit?"

A flower garden needs at least two things, viz., to be free of weeds and for the flowers to grow, the one being sudden and the other gradual; does this fairly represent the needs of a soul, and if so, specify the process?

Verses 25—Do those who receive the Spirit have to learn to walk in Him, and if so, how is it done? (This question must be answered in writing by members of the club.)

Verses 26—If a Christian, out of love, is engaged in good work, is it right or wrong for him to desire to know that his work is appreciated?

If one Christian worker is jealous of another worker, how would you characterize such a person?

Lesson for Sunday, Oct. 2nd, 1910. The Wise and Foolish Virgins. Matt. xxv: 1-12

editor of the Wayne Herald is very good but the only thing is that he stopped before he had it completed. After hitting Belden what would be the matter of continuing in a north-westerly direction passing through Wausa and continuing on westward and northward striking all the rich country between here and the Creighton road passing through Knox county's capital town Center and continuing up to Niobrara. Let's have it done."

Fremont Tribune: The farmers and ranchmen of Nebraska appear inclined to kill the goose that lays the golden egg, or, rather, to slaughter the cow that suckles the golden calf. The present high price of cattle is causing a tremendous rush to market. Very much of the immature stuff is going out of the state so that the future of the cattle business is likely to suffer for the immediate gain there is. The corn crop will be a large one, with sufficient yield to support the cattle that are being prematurely disposed of. It may be that a little later, when all danger of frost damage is past, the movement of young stock from the ranches and farms will be checked.

O'Neill Frontier: J. C. Ecker of Winside, Nebr., was in the city Tuesday visiting old-time friends and looking after business for the Mutual Insurance Company, for which he is agent in this territory. Mr. Ecker was a resident of this city twenty-one years ago and was local editor of the O'Neill Item, then owned by the late Clarence Selah. Prior to that time he was engaged in the newspaper business at Minnesota and made a reputation as a writer of entertaining democratic editorials. Mr. Ecker is now located at Winside where he has a newspaper but does not have much to do with the management thereof, the paper being conducted by Mrs. Ecker and son, Clyde. While a lifelong democrat, J. C. says he will probably have to vote for Aldrich this year as he has no use for Dablimanism or his followers.

Hives, eczema, itch or salt rheum sets you crazy. Can't bear the touch of your clothing. Doan's Ointment cures the most obstinate cases. Why suffer? All druggists sell it.

A Word of Encouragement. If the timber supply runs out entirely why not use for building in future the tables that came over in the Mayflower.—Louisville Courier-Journal.

Don't use harsh physics. The reaction weakens the bowels, leads to chronic constipation. Get Doan's Regulents. They operate easily, tone the stomach, cure constipation.

Not Everything. "You play poker as though it were everything in life." "But it isn't. There's a limit to everything and the kind of poker I play has no limit."

Your complexion as well as your temper is rendered miserable by a disordered liver. By taking Chamberlain's Stomach and Liver Tablets you can improve both. Sold by all dealers.

Queer Reason for Divorce. Woman wants to divorce her husband because he stutters. Most married men don't even get a chance to do that.—New York Herald.

Not a minute should be lost when a child shows symptoms of croup. Chamberlain's Cough Remedy given as soon as the child becomes hoarse, or even after the croupy cough appears, will prevent the attack. Sold by all dealers.

Safe Medicine for Children. Foley's Honey and Tar is safe and effective medicine for children as it does not contain opiates or harmful drugs. Get only the genuine Foley's

Honey and Tar in the yellow package. Felber's Pharmacy.

Taffy for Grandmother. There is hardly anything that flatters a grandmother more than telling her you don't believe she is one.—Galveston News.

The Gratitude of Elderly People Goes out to whatever helps give them ease, comfort and strength. Foley Kidney Pills cure kidney and bladder diseases promptly, and give comfort and relief to elderly people. Felber's Pharmacy.

Discovery of Porcelain. Society may suit some people, but so far as we are concerned it consists of nothing but an uncomfortable chair to sit on and a dab of something indigestible to eat.—Atchison Globe.

Don't waste your money buying plasters when you can get a bottle of Chamberlain's Liniment for twenty-five cents. A piece of flannel dampened with this liniment is superior to any plaster for lame back pains in the side and chest, and much cheaper. Sold by all dealers.

Discovery of Porcelain. Porcelain was discovered by an alchemist who was seeking a mixture of earths that would make the most durable crucibles.

Chamberlain's Colic, Cholera and Diarrhoea Remedy is today the best known medicine in use for the relief and cure of bowel complaints. It cures griping, diarrhoea, dysentery, and should be taken at the first unnatural looseness of the bowels. It is equally valuable for children and adults. It always cures. Sold by all dealers.

Phlandering. Phlandering is a dangerous game at which to play, but the woman usually has to pay the stakes.—T. P. O'Connor, in London T. P.'s Weekly.

Your kidney trouble may be of long standing, it may be either acute or chronic, but whatever it is Foley's Kidney Remedy will aid you to get rid of it quickly and restore your natural health and vigor. "One bottle of Foley's Kidney Remedy made me well," said J. Sibbald of Grand View, Wis. Commence taking it now. Felber's Pharmacy.

The Embargo Removed. She—My chaperon can't see a thing without her glasses, and now she's mislaid them. He (chuckling)—S-sh! Don't say anything! I've got them in my pocket.—Boston Transcript.

"Can be depended upon" is an expression we all like to hear, and when it is used in connection with Chamberlain's Colic, Cholera and Diarrhoea Remedy it means that it never fails to cure diarrhoea, dysentery or bowel complaints. It is pleasant to take and equally valuable for children and adults. Sold by all dealers.

Ready for Any Possibility. There is nothing like providing for all eventualities. A London woman informed the magistrates that when her husband struck her she sent for the police, the doctor and the vicar.

Mrs. Jacob Wilmert, Lincoln, Ill., found her way back to perfect health. She writes: "I suffered with kidney trouble and backache and my appetite was very poor at times. A few weeks ago I got Foley's Kidney Pills and gave them a fair trial. They gave me great relief, so continued till now I am again in perfect health." Felber's Pharmacy.

By Way of Variety. "What will you do when you get too old for your monogamy, Jimmie?" "I guess I'll go on (the stage with a prize fight)."—Louisville Courier-Journal.

When Merit Wins. When the medicine you take cures your disease, tones up your system and makes you feel better, stronger and more vigorous than before. That is what Foley's Kidney Pills do for you, in all cases of backache, headache, nervousness, loss of appetite, sleeplessness and general weakness that is caused by any disorder of the kidneys or bladder. Felber's Pharmacy.

A Slight Jolt. Spleenish—I'd nevah mawry a strong-minded woman, doncher know. Miss Caustique—I can readily believe that. In fact, I don't believe the woman who faces the parson with you will have any mind at all.

A Reliable Medicine—Not a Narcotic. Mrs. F. Marti, St. Joe, Mich., says Foley's Honey and Tar saved her little boy's life. She writes: "Our little boy contracted a severe bronchial trouble and as the doctor's medicine did not cure him, I gave him Foley's Honey and Tar in which I have great faith. It cures the cough as well as the choking and gasping spells, and he got well in a short time. Foley's Honey and Tar has many times saved us much trouble and we are never without it in the house." Felber's Pharmacy.

Eggs at One-Third Price. I can furnish a few settings of eggs from my best pen of Blueblood Barred Rocks at \$1 per fifteen.

### GORST APPOINTED FOR WAYNE

FORMER PASTOR COMES BACK  
Rev. J. W. Kirkpatrick Goes From Wayne to Norfolk Church—Total List of Appointments.

The Methodist conference for the Norfolk district closed at Fullerton Monday when appointments for the year were announced. Rev. J. W. Kirkpatrick, pastor of the Wayne church for a year and a half, goes to Norfolk, and Rev. William Gorst of Omaha, comes here. The changes take place at once, Rev. Gorst to occupy the pulpit of the Wayne church next Sunday.

During their stay in Wayne, Rev. Kirkpatrick and family have made many friends whose hearty good wishes accompany them to their new field of labor.

Rev. Gorst has been at the head of the Wayne church before—some twenty years ago, and his ability, demonstrated here then and elsewhere since, gives assurance that he will be well liked and strongly supported.

Here is the complete list of appointments for the district:

D. K. Tindall, district superintendent, Norfolk, Neb.; Allen, O. W. Rummel; Bancroft, C. A. Burdick; Beemer, E. T. Antrim; Beldon and Stokes, J. C. Galloway; Bloomfield, A. W. Ahrends; Carroll, R. F. Shacklock; Central circuit, J. J. Kemper; Coleridge, C. E. Connell; Creston and Leigh, C. H. Moore; Dakota City, William R. Warren; Decatur, William Gornell; Hartington and Spring Valley, Gustav E. Vohnagen; Homer and Hubbard, John L. Phillips; Laurel, Harry G. Langley; Lyons, A. S. Buell; Madison, Frank Drulliner; Waskell, S. A. Drais; Norfolk, J. W. Kirkpatrick; Norfolk circuit, Roy A. Garlock; Pender and Thurston, E. E. Day; Pilger, Henry M. St. Louis; Ponca and Waterbury, John P. Koe; Randolph, John P. Yost; South Sioux City, J. L. Phillips; Stanton, John F. Foucher; Wakefield, Joseph H. Smith; Walthill, E. E. Shaffer; Wausa, A. E. Fowler; Wayne, William Gorst; Winslow, Amos Felzer; Wisner, L. V. Sloumb; Wynot and Crofton, W. O. Romick.

We wish to express heart-felt thanks to the many friends who tendered sympathy and assistance at the time of the death of our husband and father.—Mrs. Jas. Shorten and family.

### NOT IN HER SECOND BEST

Aunt Peace Had Retained Some of the Vanities Common to the World.

Quakers believe in a sober garb, but they are by no means without that quality which would be termed vanity in the world's people. Aunt Peace Lawton had this quality to a marked degree.

One day a strolling photographer asked permission to take a picture of the Lawton family, sitting on their very lawn. Mr. Lawton gave the permission, but his remarks were not approved by Aunt Peace. When it became evident that her gentle remonstrance had no effect, Aunt Peace said to the photographer: "I don't care if you take a picture of me, but I don't want you to take a picture of my face and head completely."

Why, Aunt Peace, what made you do that?" asked her nephew, reproachfully, when he had permission from the photographer to speak.

"William," said the old lady, calmly, "I thought that I propose to be put in a picture with my second-best cap on and my kerchief sadly in need of an iron that is greatly mistaken."—Youth's Companion.

**Perverse Citations.**  
More persistent even than the hackneyed quotation is the verbally accurate quotation which is almost universally perverted in meaning. "One touch of nature makes the whole world kin" is commonly understood as expressing the fraternal sympathy of mankind. But it is the line in "The Merchant of Venice" and you will discover, on reading it, that it only means that all men are created of the same clay in one respect, that of being novelties. A "foregone conclusion" is always used to mean a result which is absolutely certain. "Hello ma'am" by the phrase something that had actually been done in the past, which Casio did over again in a dream. And "to be or not to be" is almost invariably meant in the sense of "to be done or not to be done," instead of "to exist or not to exist."

**A Squirrel Barometer.**  
A merchant in a western city has a fox squirrel barometer. It is a domesticated fox squirrel. He keeps the little pet in a large paint barrel, all inclosed with the exception of a small round hole in one end. Inside the barrel is a good supply of straw, old paper and leaves. During a run of weather of any kind, hot, cold, wet or dry, the little animal is in and out of the hole, according to the sense of the barometer. But should there be a change coming, say 10 or 12 hours off, the squirrel plugs up his hole with the matter from his bed and keeps it closed until the change comes. It is claimed the squirrel never makes a mistake, and that he gives no false alarms to his keeper.

**Adversity and Virtue.**  
Adversity tries men, but virtue struggles after grace, regardless of the adverse fights.—Siffius Italicus.

### MEAN LOWER RATES

EFFECT OF WATERWAY COMPETITION ON THE RAILWAYS OF THE COUNTRY.

### DIRECT AND INDIRECT SAVING

Conservative Estimate Is That in a Single Year It Would Be More Than Enough to Discharge the Entire National Debt.

It was stated in a previous article that waterways produce both direct and indirect savings in the cost of transportation and also exert what may be called a creative effect. As an instance of the direct saving it was shown that the 100,000,000 tons of freight handled on the great lakes in 1907 were carried for \$500,000,000 less than it would have cost by rail. If the opinion of the United States army engineers is correct—and this opinion is based upon results actually achieved on the rivers of Europe—we have a number of rivers on which, when properly improved, freight can be carried for less than on the lakes and many rivers on which it can be carried for much less than by rail. If, therefore, the plan advocated by the National Rivers and Harbors congress should be carried out—which includes the improvement of all our rivers to such extent as shall be found advisable after expert examination—their effect on the cost of transportation would be vastly increased. It would probably be increased tenfold, but if it were only doubled the direct saving in a single year would be more than enough to pay off the national debt.

But this is not the end of the benefits which the general improvement of our waterways would bring. It is only the beginning. Beside the direct saving there is an indirect saving which results from the effect of waterways on railway freight rates, for rates made always lower on railroads which have the waterway competition than on those which do not. The amount of this saving is not everywhere the same, owing to difference in conditions, but we can get a good general idea of it from a study of some simple instances.

### Freight Rates Affected.

Freight rates from New York to Salt Lake or Spokane are much higher than from St. Paul or St. Louis, although the distance is much less, because goods can be carried to the Pacific coast by water, around Cape Horn, while there is no waterway of any kind to the inland cities named. It is not the ocean alone that affects railroad rates. Compare the rates on first class merchandise to river towns and inland towns situated about 250 miles from St. Louis. Towns on the upper Mississippi get a rate of 33 cents a hundred, inland towns pay 63 cents; towns on the Ohio pay 41 cents; towns in the same region pay 57.

A still more striking instance, and one showing the direct result of waterway improvement, is to be found on the Columbia river. Before the locks at the cascades were built freight rates on nails, and that class of goods, from Portland to The Dalles were \$6.40 per ton. As soon as the locks were finished and the steamboats could get through, the railroad rate dropped to two dollars per ton—less than one-third what it was before.

That the difference was due to the river improvement is shown by the fact that rates were not reduced beyond the point to which the steamboats could run. For instance, the rate on salt in the old lots was \$1.50 per ton to The Dalles, and \$10.20 per ton to Unalaska—\$1.50 per ton for the 88 miles with water competition and \$8.70 per ton for the next 100 miles without. These rates have since been reduced as the improvement has proceeded, and when the work is finished and boats can run far up the Columbia river and to Lewistown and other points in Idaho on its principal tributary, the Snake river, the people in all that region will benefit not only by the direct saving on goods carried by water, but also by the indirect saving through the reduced rate on goods carried by rail. Exactly similar results would follow the radical improvement of rivers all over the United States.

### Indirect Saving Large.

There is, however, no possible way of finding out just how much this indirect saving would be. Rates on some freight would be reduced greatly, on some not at all. But we can get some idea of the amount of freight which might be influenced. In the fiscal year ending June 30, 1907, the total amount of freight handled by the railroads of the United States was 1,795,336,659 tons. Some of this was hauled a short distance, some a long distance, and some was handled by more than one road, but it was equal to 336,601,340 tons hauled one mile. If the comprehensive improvement of our waterways should make an average reduction of one mill per ton-mile—the difference in the rates on salt being above 70 times as much, or seven cents per ton-mile—it would make a saving of over \$336,600,000 on the value of business handled in the fiscal year.

At first glance, it looks as if that would mean disaster to the railroads, but that is the exact opposite of the truth. Strange as it may seem, the surest and speediest way to enlarge the business and increase the profits of the railroads of the United States is to improve the waterways of the United States.

**Voices.**  
He was eager to kiss her. And she? She heard two voices speaking, and one was the voice of the mother that bore her. "Don't!" it said. But the other, which was the voice of all her mothers since Eve, said: "Do!" And the majority rules.—Puck.

**Carpling.**  
The professor of literature had been criticized sharply for certain letters written by him. "Confound those cheap critics," he muttered, "there's nothing wrong with the letters. I'd say any one to find a split infinitive in the lot."

### SAVING OF MILLIONS

WHAT COMPREHENSIVE SYSTEM OF WATERWAYS IMPROVEMENT MEANS TO FARMERS.

### FIGURES TO SUPPORT FACTS

On Shipments of Grain Alone the Direct Return Would Mean \$100,000,000, and Proportionately All Other Products Would Be Affected.

In a former article we gave facts and figures to prove that, if the comprehensive plan of waterway improvement advocated by the National Rivers and Harbors congress were carried out, the direct return to the farmers of the country, on the single item of grain, would certainly be \$100,000,000 a year—and probably would be more than twice that sum.

But grain is not the only item on which the farmers would receive a benefit. The fact is that for the farmers—and everybody else, for that matter—the cost of transportation influences practically everything he buys, sells, eats, wears or uses in any way whatever, except water, air and sunshine. The average man is inclined to laugh when told that he pays out more for transportation than he does for taxes or because of the tariff—but his laughter does not alter the fact in the least.

There are three principal methods of transportation, the wagonway, the railway and the waterway, and there is so great a difference in the cost of transportation by these different methods that it is worth while to study the matter a little. The experts of the good roads bureau estimate the cost of hauling a ton of freight one mile by horse and wagon on the average road in the United States at 25 cents. The cost on a thoroughly good, smooth road might be reduced to 10 cents. Poor's Manual gives 7.82 mills per ton-mile as the average price received by the railroads in 1907, while the official reports kept at the Soo show that the average rate on the freight carried into and out of Lake Superior in the same year was only 8 of one mill.

### Facts in a Nutshell.

You can better understand what these figures mean if they are stated in another way. They mean that if you have a dollar to spend in shipping a ton of freight you can haul it 14 miles on an average road, 10 miles on a first-class road, 12 1/2 miles on a rail road, and 1,250 miles on a lake vessel.

It is very easy to see that good roads are a lot better than poor roads but that transportation by horse and wagon is too costly at the best to be used except for small loads and short distances. So far as interstate traffic is concerned the wagon road must be left entirely out of consideration. It is just as easy to see what a great benefit would result from the building of a railway into a region where there was none before, and that a still greater benefit would result from improving a river that it is made dependably navigable when it was not so before.

Waterways increase prosperity in three principal ways, viz: direct saving, indirect saving, and by what may be called a creative effect. The direct savings is that which occurs on goods actually carried by water, and some facts which indicate how great this direct saving is, will also make more plain the vast difference between the cost of transportation by rail and by water.

Through the Soo canal at the outlet of Lake Superior there were carried in 1907, 58,217,214 tons of freight. This was carried an average distance of 328.3 miles at an average cost of 8 of one mill per ton-mile. If this had been shipped by rail at the average railway rate for that year (7.82 mills) its transportation would have cost \$338,633,304 more than was paid for its carriage by water.

Freight carried on all lakes that year was in round numbers, 100,000,000 tons. This vast tonnage was carried for \$50,000,000 less than it would have cost to send it by rail, and the improvements, which produced a saving large enough to pay off the national debt in less than two years, cost only \$36,000,000.

### Proof of Good Results.

Wouldn't you call that a pretty fair dividend on the investment? And don't you think it would pay to improve all our waterways as fast and as far as we can?

"But," says one, "what reason is there to suppose that improved rivers would give anything like as good results? That has been obtained on the lakes." That is a proper question and is entitled to an answer.

The only waterway in this country which has been improved as a whole is composed of the four lakes above Niagara Falls, but there are many improved rivers in Europe. From a careful study of the results obtained on these rivers the engineers estimate that when the improvement of the Ohio river is finished, freight can be carried therefor for one-half mill per ton-mile. That means that the dollar which will carry a ton 12 1/2 miles by rail and 1,250 miles by lake will carry it 2,500 miles by river.

Cost of transportation will vary on different rivers with depth, width, swiftness of current, etc., but the estimated cost on a completely improved Ohio river can be increased by 60 per cent before it will equal the average cost on the lakes in 1907, and there is still a margin of nearly 400 per cent before you reach a rate one-half as high as that of the rail. It will pay to improve our rivers.

### FREIGHT BY WATER

GOOD FOR COUNTRY

IMPROVEMENT OF WATERWAYS WILL DEVELOP RESOURCES OF EVERY SECTION.

Costs Only One-Sixth to One-Tenth as Much as by Rail.

### TRANSPORTATION'S BIG TOLL

American People Annually Pay Out Three Times as Much for Transportation as They Pay for Support of the Government.

Do you know that the people of the United States pay out each year about three times as much in transportation taxes, that is, for the carriage of freight and passengers, as they pay in taxes for the support of government, national, state and local?

That transportation affects the price of everything that everybody buys, sells, eats, wears or uses in any way whatever—air, water and sunshine excepted?

That cheap transportation benefits both the producer and the consumer, making wheat and cotton higher and flour and cloth lower at one and the same time?

That the cheapest known transportation is water transportation, costing, on the average, from one sixth to one tenth as much as transportation by rail?

That the direct saving on the goods actually carried by water in the United States is over \$500,000,000 a year?

That railroads always make lower rates when subject to the competition of waterways than where such competition does not exist?

That the indirect saving, thus caused, is probably as large as the direct saving given above?

That both the direct and indirect saving would be largely increased by the further improvement of our waterways?

That waterways always increase the profits of the railroads with which they come into competition? For the reason that waterways, by giving cheap transportation for raw materials, actually create both industry and commerce? As is indicated by the fact?

That in 1900 there was only one city in the United States, with a population of 150,000 or over, which was not located on a navigable waterway? And further?

How Frankfurt Benefited.  
That Frankfurt, Germany, grew more in the twenty years after the River Main was canalized than it had grown in the two hundred years before? And again?

That Germany, which is nearly 60,000 square miles smaller than Texas, but has one of the finest waterway systems in the world, had in 1908 a foreign commerce greater than that of the United States by over \$600,000,000?

That throughout the civilized world the largest cities, the densest population, the most prosperous people are to be found along navigable waterways?

That the surest and speediest way to develop the resources of the nation and every state and section thereof, to increase the growth of every city and community in the country, to promote the prosperity of every interest, including the railroads, and of every citizen, east, west, north and south, is to improve all our waterways as fast and as far as we can?

That money used for the improvement of waterways, wisely planned and honestly constructed, is not an expenditure but an investment, which will pay a dividend of at least 100 per cent a year?

**Provision for Funds.**  
That the benefits which would result from the comprehensive improvement of our waterways, and the losses which would follow our failure to make such improvement, are so enormous, that funds should be provided by the issuance of bonds—as has been done by railroads—so that the work may be begun at once and finished as soon as possible?

That the national government claims exclusive jurisdiction and exercises supreme control over all navigable waterways?

That it depends entirely on the congress of the United States whether the work of creating a great national system of waterways shall be done at all, and how soon it shall be finished?

That the vote of the member of congress from your district will help to decide the policy of the government with regard to waterways?

That the action of congressmen is influenced by the wishes of their constituents, when they know what those wishes are?

That you have the right to ask the candidates for congress in your district to state their position on this question now, before the election?

That you are blind to your own interests if you do not ask your candidates to pledge themselves to work and vote for waterways if elected, and then demand of the one who is elected that he shall keep his pledge?

The facts and figures given in this series of articles have been submitted in the hope that those who read them would see the importance of the policy of waterway improvement advocated by the National Rivers and Harbors congress, and would aid in securing the adoption of that policy. How well they have served the purpose for which they were written must be left for their readers to decide.

Every obstruction to the free and open navigation of our waterways is a brake on the wheels of industry.

**Only Needed Another.**  
I was walking on the beach last Sunday with my nephew, and I told him that I would give him a dollar if he could find two pebbles exactly alike. Full of glee, John began searching. By and by he came running to me very much excited, and said: "Oh, uncle, I've found one of them."—Exchange.

**Eternity.**  
Only by walking hand in hand with nature is it possible to disabuse the mind of the contracted belief that time is now and eternity tomorrow. Eternity is today.—Jeffries.

WHERE MONEY IS IN QUESTION  
You must not be misled by the fact that money is in question. You must not be misled by the fact that money is in question. You must not be misled by the fact that money is in question.

THE FIRST NATIONAL BANK  
OLD BANK IN WAYNE, NEBRASKA  
WAYNE, NEBRASKA

Barred Cockerels Half Price!  
Buy your 1911 breeders NOW and save half! I have several hundred big-boned, snappy barred flocks for sale. C. F. Whitney

STATE BANK OF WAYNE  
HENRY LEV, President. C. A. CHASE, Vice President. R. W. LEV, Cashier  
INDIVIDUAL RESPONSIBILITY \$200,000  
Will do a general banking business. Interest paid on time deposits.

CAN BE CALLED TOO FAR  
Relaxed Muscles, Indulged in the Extreme, Dismal to the Health.

Sensible Mother of Boys  
Had Mrs. L.'s Her Mind Welcome Daughters-in-Law and Love Them.

We read much of the benefit of relaxing, which is true as far as concerns the nerves and temper; there is another kind of relaxing, that of muscles, that is dangerous if made a habit.

It is all right not to keep oneself tense to let every thing go occasionally and just for the time. The trouble lies in making this habit permanent.

If a girl or boy gets into the habit of dropping his shoulders, lolling, sprawling over a table, crouching over books or game do you know what happens? The ligaments are weakened, the muscles lose tone, sometimes, even the bones grow distorted if the habit is acquired while young bones are still soft.

It is not pleasant to be continually nagging at child "sit up" and "keep your elbows off the table." "Hold your shoulders up" and keep up the good work though it means daily rows.

Such things are more than a question of good manners; they mean good health. It is a big temptation to let things go, but remember that crooked backs, cramped lungs, distorted hips and shoulders, badly pulled necks, all the organs of our body out of place, follow muscles that are not kept stretched to their natural position.

**SURPRISE FOR THE VISITOR**  
Maggie Remembered Her Lesson and Was Only Anxious to "Do It Right, Ma'am."

How to open the door and receive visitors properly was the first lesson that green Maggie, fresh from a home where they opened the door every day to make the instruction practical, Maggie and her mistress took turns in going outside and ringing the bell and presenting a card. "Maggie took a childish delight in this peep-oo social game, and at the end of each experiment she said: "Did I do it right that time, ma'am?"

But for a long time it wasn't right. Each time "Did I do it right?" was answered with a despairing "No."

At last her mistress said: "Yes, I guess you will do now. I do hope Mrs. Brown won't find many faults in you."

In less than an hour after the sign of approval had been put upon Maggie's behavior, Mrs. Brown called. One glance at her card assured Maggie that she was the social arbiter whose disapproval her mistress feared.

With a light heart she wanted to say "Good-bye" and stepped outside, closed the door, and rang the bell. Mrs. Brown, being in and not knowing what to do, she opened the door. Maggie stepped in and presented Mrs. Brown's card.

"Did I do it right, ma'am?" she asked.

"Degrees of Misery."  
Two young ladies were talking the other day about a third who had just become engaged to a widower who plays the cornet and has four children.

"What could be worse," exclaimed one, "than four children and a cornet?" "Nothing," said the other, "excepting, perhaps, six children and a trombone."

**PART OF AN INTERESTING PET**  
Bird in No Way Objectionable and Easy to Keep Healthy and Happy.

Parrots, always popular, are now quite the rage, and any girl acquiring one for the first time will find a most interesting pet. Mr. Poll need not screech or be otherwise objectionable to those who do not admire him, and, indeed, never will be noisy unless he is unhappy because hungry, thirsty, ill or lonely.

Under any of these conditions we humans cry out until relieved, and Polly will do the same. He is a most sociable fellow, and though sometimes a great talker, he is a good listener as well, and his little head on one side when "conversed with," and seeing him in a most intelligent and often most comical way. If left too much alone he gets very unhappy and mopes so that unless you understand the cause you might think him seriously ill.

Must in any form be aches and it will always "glisten E." when he is grumpy. Another of his peculiarities is that he dislikes to be disturbed when able to "do his business," he is susceptible to deafness when humming. It is wise as well as kind to cover his cage at night with a cloth.

**Natural Curiosity.**  
It is strange that people who pay real cash for nondetectable counterfeit bills never ask why the makers of the spurious currency forego the pleasure of expending it themselves.

**Parrot's Pet.**  
I bought a cigar named after you today," said the low comedian, who looked rather pale. "Really?" smiled the prima donna. "I wasn't aware I had so great an honor thrust upon me." "Honor! Suffering smokers!" gasped the comedian, "but I must not say more; rest assured, little one, your secret is safe with me."—Illustrated Sunday Magazine.

**An English Topiary.**  
Mr. Cutbush is a topiary expert and an official tree clipper in Highgate and Barnet, England.

**Parrot's Pet.**
