## PROSPECT FOR NEW DEPOT

### SHOWING AT HEARING

Feeling of Assurance that Commercial Club Will Sustain City's Demand for Testimony in Brief.

There is every reason to expect that the state railway commission will order the railroad company to build a new passenger depot at Wayne as a result of the hearing held here last Thursday. The showing in support of the demand for the proposed improvement could not have been stronger nor more convincing, and the fair and candid view which the commission is certain to take of the condition, warrants the belief that the long-sought new depot will soon be ordered built.

Commissioners Winnott, Clark and Pusey arrived from Lincoln at 10 o'clock Thursday morning and were met at the depot by members of the Commercial club who accompanied them to the court room where the hearing was to take place. A crowd of interested spectators was on hand when the taking of testimony began.

Witnesses representing the railroad company were present to represent the railroad company, and members of the Wayne county bar—Messrs. A. R. Davis, E. A. and F. S. Berry and W. P. Royce—looked after the interests of the city. The witnesses who were questioned by the railroad attorneys, were also questioned by Mr. Nichols in behalf of the railroad company. But every question put to witnesses by either side only served to strengthen the position taken by the Commercial club.

F. A. Berry was the first man called to the stand. He testified as to the population of Wayne and the towns along the branch line extending from this point and as to the population on the north and south sides of the track in Wayne. The purpose was to show the volume of traffic necessarily handled here, and also to show that the north side of the track and that it was necessary for most people to cross the track in order to reach the depot. He explained the cramped and congested condition at the depot, causing considerable delay and consequent interference with traffic.

S. D. Helyea, contractor, had drawn a plan of the depot and train and presented it with his testimony. He showed that the Commercial club's plan for registering was four feet and four inches by six feet and six inches; that his small apartment was used to maintain to transact their business, and by the plan of the Commercial club receiving and delivering express and sending telegrams.

J. H. Kato of the X-Ray incubator factory testified that the factory was seriously hindered in handling its shipments by the present conditions at the depot. He said if the institution's business kept on growing as it had in the past, it would require an addition to the present depot to handle the machines it will build out here if the present station is devoted exclusively to freight. He testified as to the amount of freight and express coming down the branch line daily.

## THE CITY ELECTION IN WAYNE

### CONTEST FOR ONLY ONE OFFICE

D. S. McVicker Pitted Against Geo. Lamberson for Councilman in Second and is Elected.

The city election passed off quietly with a contest for only one office. In the Second ward D. S. McVicker was nominated by petition for councilman against Geo. Lamberson, the caucus nominee, and was elected by a majority of twelve votes. The other candidates were elected without opposition.

Here is the result: John H. Kato, Lincoln; Forrest Hughes, Lincoln; B. S. Bieland, Lincoln; James Britton, police judge; W. W. Kuyberg, councilman, First ward; D. S. McVicker, councilman, Second ward; Charles H. Bright, councilman Third ward; Phil H. Kohl, J. E. Masteller and W. M. Orr, members of the board of education.

There was no incentive to bring out the full vote as appearing in the Second ward, and as a consequence only 84 votes were cast in the city. In the Second ward the result was McVicker 44, and Lamberson 78.

Mr. Kato who has been chosen mayor, did not seek the honor. He was made the choice of the convention, and was generally accepted as a man of sufficient caliber to lead municipal affairs in a wise and businesslike manner. He has lived in Wayne twelve years in the clothing business. He was six years at Addicks, Ia., removing to Wayne, Ia. He opened a clothing store which is now in charge of his son, Charles. Seven years ago Mr. Kato became the leading spirit in an incubator factory in Wayne and in partnership with E. J. Raymond has been operating a mammoth institution. He is fair and square, and the people of Wayne have confidence in him.

The license question was not submitted to the people in Wayne this year. The voters were voted out year ago, and no attempt was made to bring the question up for discussion by popular voice this year. It is understood that three councilmen favor the city policy, and that they would support a return to the license system. If applications for licenses were presented, it would, if the position of the councilmen in regard to the question were up to the mayor to decide what course to pursue.

## WYANE WOMEN'S CLUBS RESUME SOCIAL EVENTS OF THE WEEK

### MINERVA CLUB

The Minerva club met at the home of Mrs. J. W. Roy Tuesday afternoon and had an interesting program treating of sacred researches. Mrs. J. T. House illustrated the subject with several famous pictures, and showed excellent ability in handling her part of the program. Mrs. Lundgren gave a two-act illustration of Christ's disciples, comprising each one's leading traits—of character and showing Christ's judgment in sending them out together. Mrs. Gracie gave a most appropriate and interesting paper, "Lamentations" were served in the presence of Mrs. Ley who had returned from her sister's sojourn in California.

The Minerva club ladies are looking forward to a treat at their meeting next week when Mrs. Keeper of Los Angeles will be present. Mrs. Kato has just returned from a trip around the world, will be present and give a description of her travels. Mrs. Keeper is an intimate friend of Mrs. Henry and Mrs. Kato having been a member of the first church of the society. Mr. Ley was a member of the house, and the two ladies spent the winter together at Lincoln.

## POSTAL RECEIPTS INCREASE

### GRADE OF THE OFFICE RAISED

Volume of Local Business Growing for Number of Years—Need of Federal Building.

The post office closes another year for the Wayne postoffice, and the report sent the department by Postmaster McNeal shows a big increase in business over what it was a year ago. The last quarter for the year, covering January, February and March shows an increase of \$207.95 over receipts during the same quarter last year. For three years the growth has been particularly big, and the quarter beginning January 1 is the largest of the year. For this quarter the volume of receipts in 1909 amounted to \$2,225.16, in 1910, \$2,687.20, and in 1911, \$2,904.11.

Credit is due the incubator factory and State Normal for a good percentage of the increase, though the healthy and growing condition of the business interests generally has stimulated postoffice receipts very markedly.

The result lifts the grade of the postoffice, and adds \$100 per year to the salary of the postmaster. The showing a year ago gave the postmaster his increased salary.

The volume of business which has been swelling from year to year, and which promises to grow even faster in the future than it has in the past, speaks well for the city, and emphasizes the need of larger quarters for the postoffice. It is patent to any one who investigates, that the business of the Wayne office entitles the city to a federal building, and commercial interests here should not rest until the Nebraska delegation in congress is so thoroughly impressed with the demand that an appropriation is secured and the building provided.

## DEBENDANT FOUND NOT GUILTY

### Grief-stricken Haskins Occupied Attention of Judge Britten in the County Court Monday Afternoon.

W. J. Stephens, manager of the X-Ray incubator factory, was on trial charged with trespassing on Moritz jet, being the complaining witness. After hearing the evidence, the defendant was pronounced not guilty. The complaint against Stephens followed as a consequence of other troubles at Haskins. Messrs. A. R. Davis and Fred S. Berry presented the motion, and H. E. Simon of Lincoln looked after the interests of the defendant. Following Haskins people were in attendance. Gus Moritz and wife, August Deck and wife and Paul Deib, Peter Brumms, Eugene Kautz, Bert Tompkin, W. H. Stephens and wife, C. Tompkin, Editor Row and Will Westenthal. Also Eugene Reichardt of Stanton was in attendance at the trial.

## DEBENDANT FOUND NOT GUILTY

### Grief-stricken Haskins Occupied Attention of Judge Britten in the County Court Monday Afternoon.

W. J. Stephens, manager of the X-Ray incubator factory, was on trial charged with trespassing on Moritz jet, being the complaining witness. After hearing the evidence, the defendant was pronounced not guilty. The complaint against Stephens followed as a consequence of other troubles at Haskins. Messrs. A. R. Davis and Fred S. Berry presented the motion, and H. E. Simon of Lincoln looked after the interests of the defendant. Following Haskins people were in attendance. Gus Moritz and wife, August Deck and wife and Paul Deib, Peter Brumms, Eugene Kautz, Bert Tompkin, W. H. Stephens and wife, C. Tompkin, Editor Row and Will Westenthal. Also Eugene Reichardt of Stanton was in attendance at the trial.

### LIVE STOCK SHIPMENTS

# STYLE

**STYLE** is the most important thing in clothes nowadays. Especially do young men look for it, demand it and GET it.

By style we don't mean freshness—fancy cuffs, odd-shaped lapels, loud patterns. Style such as young men want is a matter of good taste. You can't define it, but you can dress and look it.

## KATE'S CLOTHES

have style, plenty of it, and of the right sort, too. They have tone and class. They'll appeal to those who know what's what in clothes.

## KATE'S

**\$10 A DAY AND ALL EXPENSES. THAT'S WHAT WE WILL GIVE YOU IF YOU GO ON ONE OF OUR EXCURSIONS TO CANADA AND DON'T FIND OUR LANDS AS GOOD AS CLAIMED. ROUND TRIP EXCURSIONS \$27.50 FROM NORFOLK.**

Every first and third Tuesday we run excursions to our Canada wheat lands. First excursion Tuesday, April 18th. Go with us on one of them. Our \$10 a day guarantee is a straight-business proposition. We own over 160,000 acres in the fertile Saskatchewan district which we are selling for \$16 to \$22 per acre on easy payments. Write for our new book "The Guide to the Last West." It tells all you want to know about Canada.

(If you are interested in orchard lands, write for our Sutherland Valley, Oregon, proposition.)

## LUSE LAND & DEVELOPMENT COMPANY

P. H. Davis, District Manager  
Norfolk, Nebraska

### VALUABLE PAPERS STOLEN

When on Monday J. E. Marsteller went to the place at his residence where he kept a box containing valuable papers he found the box gone. In the box were deeds, insurance policies and mining stock. It was a box about two inches long, six inches wide and three inches deep, and while the contents are of no value or benefit to anyone excepting Mr. Marsteller, their loss is a serious one to him.

### BENNETT CONCERT

  - Beethoven Quartet

### FORMER WAYNE WOMAN DIES

Mrs. Thompson Wachob who lived in Wayne twenty years ago, and who was prominently identified with the early history of the town, died at her home in Allegheny city, Pa., on Monday. In Wayne she was a leading member of the Presbyterian church, and was instrumental in organizing the Ladies' Missionary society. She was an estimable woman, and is remembered with esteem by all who knew her. She had been in ill health for a number of years, and was lately afflicted with pneumonia which proved fatal. Her husband died several years ago. A daughter, Mrs. Mathan Jones, lives in Stanton, and a brother, James Wachob, resides in Omaha. On receipt of a telegram announcing her death, Mr. and Mrs. Chance left Stanton Tuesday for Allegheny City. Mrs. Wachob was about 68 years old.

### BILL OF EXCEPTIONS READY

Messrs. Berry & Berry report that the bill of exceptions in the appeal taken by them in behalf of William Flago, who was sentenced to the penitentiary for life on conviction in the district court at Ponca on the charge of killing his sister, Louise Flago, has been completed, and will be filed in the supreme court next week. There are 1,000 typewritten pages in the document. A hearing of the case may not be reached in the supreme court before next fall.

### HERMAN FERMERLING DIES

Herman Fermierling, aged 73, died of heart failure at the home of Wm. F. Fitch, one mile south of Altona, Saturday morning at 4 o'clock. Last Thursday was his seventy-third birthday, and he seemed to be in usual health the day before his death. He is survived by one daughter, Mrs. Fred Trosdel, who lives one-quarter of a mile west of Altona, and the funeral took place from her home Monday afternoon at 2 o'clock. Rev. Mr. Ollendorf of Wiener officiating.

### We Have Met Them

There are men who seem to have the most unhappy faculty of saying the right thing in the wrong place every time.

### Has Two Handles

Every tool now has two handles. We can take hold of it by the handle of anxiety or the handle of faith—Emerson.

### As a Cynic Sees It

We are informed by the esteemed Kansas City Star that "the average citizen has only one chance in 24,000 to live to be 100 years old." Sometimes the average citizen almost convinces us that one chance in 24,000 is too many.

New Flouting Spelled His Name. The Flouting are an ancient race, and the Denbigh earldom dates from 1622. By the way, there is a funny story as regards the names and the spelling. The author of "Tom Jones" was one of the race, and the then Lord Denbigh said to his relative: "Why don't you spell your name 'Flouting,' as the rest of us do, and not 'Floding'?" The writer made answer: "Because I am the first of the family who learned to spell."—Dunelmans.

### The Disadvantage

Ben Nathan, the English humorist, recently returned from America, was expatiating to a friend upon the glories of California. After listening patiently, the friend said: "But there must be some disadvantages in living there?" "No," said Ben Nathan, "it is a perfectly level place. For any man who will work—" "Ah," broke in the friend, "I knew there were some disadvantages!"

### Deeds Count

Never, never think you do not count, no matter of how little importance you may fancy yourself to be. Every moment that you live counts for something, either good or bad. While you are alive your deeds count. Your deeds live after you. There is none without importance.

### Spread Wisdom

"Tell us your name and you won't have any knowledge left for yourself!" is the slogan of an exceedingly small mind, which, if it could but get wise, would realize it knows nothing worth telling—men learn in the same measure that they teach or explain and make things clear to themselves.

### Women's Lot Unenviable

Woman's endless strife of getting three meals ready, sewing good and hot—and sewing on the same old buttons over and under again, and darting holes in the same old socks; too often in a steady job without any pay envelope attached to it.

### Duty

Duty is a power which places with us in the morning and goes to rest with us at night. It is coextensive with the action of our intelligence—it is the shadow which cloaves to us, so where we will, and which duty leaves us when we leave the light of life—Gladstone.

### Reward of Fame

"Now that you are famous, Mr. Rimes, we propose to place a tablet on your former home." "Well?" "What would you wish us to say?" "You might say that I was elected for non-payment of rent," replied the somewhat unimpressed bard.

### Daily Thought

The noisy waves are failures, but the great stide tide is success. Do you know what it is to be failing every day and yet to be sure that your life, as a whole, in its great movement and meaning, is not failing but succeeding?—Phillips Brooks.

### Their Mistake

Some folks get to thinking in sums of figures and seem to forget the bright and shady places peopled by men and women with their joys and rheumatism, for the very reason that they cannot see such trivial things down in their ledgers.

### Season of Calmness

"Jane Jones said to me: 'In case of not knowin' what to do next, I've found it handy to get around a spell, and do nothing.' After that you've always come crying and kin' hoop your self in."

### Sensitive

"Miss Passay is furious with that society reporter." "Why so?" "He published the announcement of her approaching wedding under the column headed 'Late Engagements.'"—Life.

### A Hero

The Player—You're a lover of music, aren't you, Mr. Smith? The Hearer—Yes, but don't mind me. Go right on playing.

### Faith Human Nature

A man dreams of far-famed popularity when he sees a crowd of men standing about him, only to quickly discover they were attracted by selfish interests.

### Useless Effort

There isn't much use asking humanity to be before great sacrifices when they constantly are prostrating themselves before enormous wealth.

### Science's Highest Aim

It science keeps on it may be able to isolate the presidential box some day.—Tombsiton, Epitaph.

### Nugget of Truth

A pen may be driven, but a pencil does the best when it is lead.

### To Swat a Fly

The best fly to swat is the first fly, and the best time to swat it is the instant it appears.

# We Lead the Way

to better things in groceries and to lower prices for life's necessities. If you are not getting the satisfaction you desire in these particulars, we can render you material assistance and save you many a dollar. One trial is sufficient to convince. Our

The Wayne Herald for Good Printing

Several new students enrolled this week for the remainder of the school year. Professor Wiley was out of his class on Monday on account of a slight attack of the grip.

W. D. Redmond is in Lincoln this week on his way to the State Normal. He is looking after some school-boys of interest to the Normal school.

A great many of the teachers at the normal are looking for employment in various parts of the State.

Sight thousand copies of our quarterly bulletin are, just now being sent out to the various normal schools.

Miss Rose Bartlett, teaching at a country school and began teaching on Monday of this week in this county. She had attended the Normal school and will receive a certificate from the State Normal board.

The bill for sewer and water extension for the normal passed the house of representatives on Monday last.

Miss Cora Mel Foster, principal of the Marden School of Music and Education, Chicago, will give "The Servant in the House," at the opera house every evening.

REAL ESTATE TRANSFERS. Real estate transfers were made during April 4, 1911. Reported by L. W. Alter, abstractor, Wayne, Neb.

At Weston Pa and Germantown. The play is said to be magnificent.

Wash Stored Up. One in a while we run across a man so mean that he pulls down the tongue of his shirt.

The One Who Suffers. Well, get cross and angry, and fuss and cranky, if you want to - you are the only one who suffers.

Seldom Does Much Harm. Many times I have heard of a good preacher by keeping his face clean.

Unassailed. "Who's the ossified man?" "Fred him."

An Expert Accountant. Mrs. Newby - Don't you like my new hat, dearest?

Pester Enthusiasm. Let us hasten of finding our earliest friends - let us give in something and strike to attain our admiration for that would enable, and our interest in all that would enrich and beautify, our life - Phillips Brooks.

Cocunut Culture. Eight years are required to bring the average cocunut tree into bearing. There are about 60 or 70 trees to the acre and the profits from cocunut culture are usually good.

Change of the Hair. Hair grows some 1/8 of an inch during the first five years of life, and forty-five. This darkening is more marked in males than in females.

An Opinion of Cates. One of those authors - the fellow who was pilloried, I have forgot his name, indeed - so grave, so solemn, so dogmatical a rogue, that there is no enduring him - Dead Swift.

He Knows. Smouch - "Who's that homely woman over there?" Grrouch - "That's my wife." "But you haven't looked to see which one I mean." "I don't need to." - Cleveland Leader.

Probably. "Fred" I proposed to Miss Dingley last night, didn't you? "I don't know, but she will tell me." - Yes, I guess so. She refused me - Stray Stories.

Improved Camera. An electrical attachment for cameras by the use of which a person may photograph himself from a distance in the invention of a Californian.

Apprentice. Dr. Snivell - "What was the matter with that taxi chauffeur you were called to see last night?" Dr. Kallontel - "Automobilousness."

Must Wait Until His Choice. "After all it isn't mind and down - the price remains that the only way for a girl to choose a husband is to wait till he chooses her."

Went Well into Detail. That 25,314,000 soap bubbles can be produced from a pound of soap has been figured out by a mathematical genius.

This is Really True. To run when I can; to go when I cannot run; to creep when I cannot go - John Bunyan.

With That Exception. You will find people ready enough to do the Samaritan without the oil and twopenny - Sidney Smith.

Pessimism. Charge up a large percentage of the pessimism that prevails to the person who invented plum pudding - Chicago Record-Herald.

The Law of Average. Things average up pretty well in this world; the man who doesn't expect a good deal of time hunting for things has to get away a lot of time putting them away in their proper places - Archbishop Gloster.

The Dressmaker. An Italian has invented an alpaha which opens and shuts like an umbrella. The only drawback we see to it is the fact that some absent-minded persons may borrow it and forget to return it - Puck.

Evils of Eating Alone. Harbors are required to be more than a good deal of the making them. One reason suggested is that bachelors on a diet are - Good company and cheerful conversation aid digestion.

Results Follow Methods. American farmers have so lately been working to get more land, while British and Danish farmers study to get more out of the land. The results are equally different - Wall Street Journal.

Making Both Ends Meet. Young people often run away and get married with the idea that they can live happily on what one lives on alone - but to discover it can easily be done - but for just as long.

When They Lose Them. "People who lose their money are always complaining to their friends and getting into bad humors. People who lose their money haven't any money left to complain to." - Town Topics.

The Danger Signal. The innocent man starts in talking about "dedicating" his services to the honor and welfare of his country hold tight onto your pocketbook - real patriots never do say that!

Nothing to Work On. Adam Zavofox - "Fard, how does softening of the brain act on a fellow when he's getting it?" Job Sturky - "You don't need it, worry 'bout that, old scout. You'll never get it!"

Power of Wealth. Mr. Gholson - "All my money cannot give me health, doctor." Dr. Bokus - "No, perhaps not; but it is of incalculable value nevertheless. It gives your physician great confidence."

In the Adirondack Forests. There are no venomous snakes or beasts in all the great Adirondack forest section, although there are deer in abundance, eagles, plovers, geese, bears and beavers.

Beats of the Human Pulse. The average of the pulse in infancy is 120 per minute; in manhood, 80; at 66 years, 60. The pulse of females is more rapid than that of males.

Among the Suffragists. "How disgusting that Mrs. Jones got the nomination. Why, I have more flowers on my hat than she has in her garden." - Filagreed Blaxter.

Immense Chilean Salt Beds. The percentage of Chile could supply the world with salt for ages to come. The mineral being found in large deposits; 99 per cent. pure.

The Impossible Thing. If a man could only tell what some people wanted, he might have some favors on his hat than she has in her garden." - Filagreed Blaxter.

Wonderfully Minute Works. A dynamo, perfect in every detail, but weighing only a quarter of an ounce, has been made by a French electrician.

More Than Four-fifths of the people in London never enter a place of worship.

New Method of Handling Concrete. An apparatus has been patented to convey concrete through pipes by air pressure from a tank to its place of use.

Activity of the Blood. The blood travels out by the heart travels seven miles an hour, or 4,292,000 miles in a lifetime of 70 years.

Perfumes. We can afford great fortune when our confidence picks, but our gut goes right out when our teeth ache.

Five Celebrate Golden Wedding. Only about one in every thousand married couples lives to celebrate the golden wedding anniversary.

Ever Noticed It? Just when a fellow begins to think the business couldn't possibly go on without him he gets fired - Puck.

Would-Try Again. Most everybody wishes he could live his life over again; but few would live much longer.

The Safest Committee. The people as the committee of the whole is the safest committee when all - Washington Post.

Headquarters for Farm Fences. AMERICAN FENCE
