

NO DEPOT PLANS FILED AT NOON SITE FOR A FEDERAL BUILDING

PLANS FOR NEW DEPOT TO BE FILED TODAY

The M. & O. railway company had filed its plans for a new depot at Wayne with the state commission on June 14 at 12:30 this afternoon, when the Herald office was in communication with Lincoln. It is expected the plans will be filed before night, as this is the last day for doing so, according to the order of the commission. If the plans are satisfactory to the commission and it is so determined that they will be acceptable, a time limit will be fixed for the completion of the building.

NEW CANDIDATES FOR THE COUNTY OFFICES

Four new candidates filed during the past week holding the following: John Miller of Wayne, republican, for treasurer; W. H. Stephens of Hoskins, republican, for sheriff; Mrs. Elsie Eitzen of Wayne, republican, for county assessor; and Herbert H. Hammett of Carroll, republican, for clerk of the district court. Several more are expected to file as candidates for sheriff, which promises to continue the most agitated subject of official position in the county. It is also expected that there will be plenty of candidates for the other offices before the date for filing rolls arrived.

HYMENEAL

NELSON-MARTIN.
A very pretty home wedding took place Wednesday evening at the home of Mr. and Mrs. Frank Martin, when the bride and groom were united in marriage to Mr. David Nelson.

As the clock ceased striking 8, Miss Pearl Hughes took her place at the altar, and the Rev. H. H. Hammett, officiating, the wedding march was heard, the bride and groom, with Mr. Clarence Nelson and Miss Alice Wadsworth as attendants, descended the stairs and took their places under a large hall of green and white. Here Rev. Richardson of the Baptist church spoke the words which bind the happy couple for life. The bride wore a beautiful dress of colorized white net and carried a bouquet of bride's roses. The groom wore the conventional black. The color scheme of pink, white and green was carried out in the decorations of the room. The bride has grown to young womanhood in Wayne and is known by all to be a model young woman and a worthy prize for the man who has her.

The groom is a member of the Classen and Nelson Bros. firm. During his two years' residence in Wayne he has made a host of friends. Mr. and Mrs. Nelson left this morn-

FIRST STEP TOWARD FEDERAL BUILDING

Yesterday's Washington dispatches reported that Congressman Latta had introduced a bill in congress providing for the purchase of a site for a federal building at Wayne, Mo. The bill is expected to be introduced in the House at Albany, West Point, Hartington, Kanah and Schuyler were also introduced. The amount to be expended for a site at each place cannot exceed \$50,000. The pressing need for larger postoffice quarters at Wayne should hasten action in behalf of this point. The Wayne Commercial club may be able to do some effective work in helping the needed improvement along.

ing for a short visit with Mr. Nelson's parents at Redwood, Neb., after which they will be at home in Wayne. Their many friends join in wishing them a long and happy married life.

SABS-WISCHHOFF.

Mr. Albert C. Sabs, son of Mr. and Mrs. John Sabs, and Miss Minnie Wischhoff, daughter of Mr. Chris Wischhoff, were united in marriage at the German church northeast of town, yesterday afternoon at 4 o'clock. Rev. E. Schuber, the pastor, performing the ceremony. Only relatives and a small number of immediate friends were present. The bride was given in white silk tulle, trimmed with hand-embroidered lace. She carried a bouquet of white roses. The groom wore the usual black. Messrs. Willie Sabs and Willie Wischhoff and Misses Alvina Sabs and Meta Wischhoff attended the couple.

After the ceremony at the church, the bridal party and guests repaired to the home of the bride's father, where a splendid three-course supper was served. The table was decorated with garlands and ferns. The party had a social time during the evening, and departed at a late hour, wishing the newly wedded couple much happiness and prosperity. The couple received many valuable presents as evidence of the esteem in which they are held. Both are well known and popular young people, and begin married life with the most favorable outlook. They will make their home on a farm near Carroll.

EVENTS FOR WEEK AMONG THE CHURCHES

St. Mary's Catholic.
(Rev. William Kearns, Pastor.)
The black mass was said Sunday, after which Father Kearns goes to Carroll to hold mass at 10:30. Benediction services in the evening at 7:30.

German Lutheran.
(Rev. J. H. Karpestaun, Pastor.)
No preaching service at the German Lutheran church next Sunday, on account of the pastor's absence, who will

attend the mission camp at Norfolk, Sunday evening at the usual hour.

St. Paul's Lutheran.
(Rev. C. J. Rieger, Pastor.)
Rev. J. H. Hummon, former pastor of the Kountze Memorial church of Omaha, will preach at the St. Paul's Lutheran church next Sunday at 11 a. m. Sunday school will commence at 10 a. m.

First Baptist.
(Rev. R. P. Robinson, Pastor.)
Worship and preaching at 10:45 a. m. and 8 p. m. The subject of the morning sermon will be "The Glory of Divine Grace"; in the evening, "The Ministry of Love." Sunday school at 12 o'clock. Young people's meeting at

11 o'clock in the school of the subject of next Sunday evening will be "Nature's Beauty" or "Consider the Lilies."

The Sunday school of the Presbyterian church will meet during the summer months before the service for divine worship. Regular meeting Sunday morning. The Sunday school will begin at 10 o'clock and the preaching service at 11 o'clock. This change is made in the interest of the Sunday school, as it has been found that the morning hours are best for study of all kinds during the hot weather. The schools during the week begin at 7 a. m. through June, July and August, as it is found to be desirable to use the early hours of the day rather than the

FLAG DAY OBSERVED AT STATE NORMAL

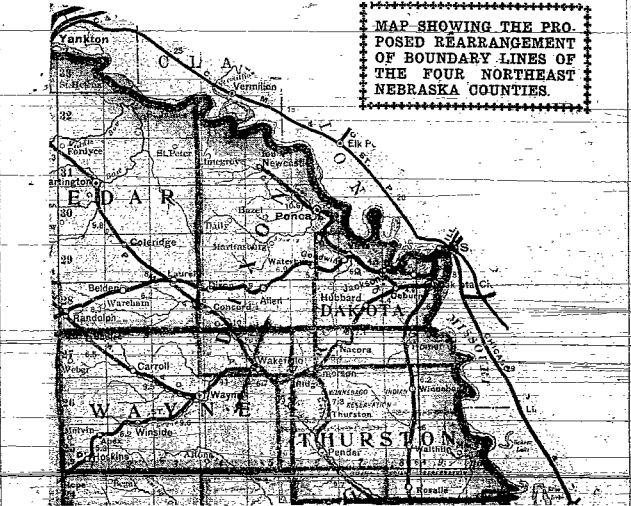

SPEAKING, READING AND SONGS

Professor Lewis Gives Talk on the Origin and Meaning of the Flag—Other Normal Notes.
Flag day was observed at the Normal with appropriate exercises. Mr. A. Lansing of Omaha sang a solo. Professor Lewis gave a talk on "The Origin and Meaning of the Flag," which was followed by a vocal solo by Herbert Welch and a reading by Miss McBeth. The selection chosen by Miss McBeth was: "In the Name of Old Glory," by J. Whitcomb Ring, and in response

preacted by the students of the Normal.

Thirty-five new students registered for work the first of the week, and the attendance is now about 200. With the buildings and equipment in use at the present time the school can properly care for about 350 students, and the attendance at this summer session shows the great necessity for the new buildings which will be erected the coming year.

President Conn has planned a course of lectures on educational topics for the summer school. The guest lecturer of the leading school men and school women of Iowa and Nebraska. On Monday, June 19, Superintendent Dixon of the Tekamah schools will lecture before the teachers of the Normal, and he will be followed by Superintendent Haddock of Sioux City, Superintendent Bowen of West Point, Superintendent Myers of Blair, Superintendent Pilger of Pierce county, and Superintendent Teel of Dixon county.

HOSKINS BOY DIES OF HEART FAILURE

FOUND DEAD BY HIS MOTHER

Lad Apparently in Good Health When Mother Goes to Visit Neighbor—Coroner's Autopsy.

Dr. J. J. Williams, coroner, was called to Hoskins yesterday noon to investigate the cause of death of Leon Bush, 12-year-old son of Mr. and Mrs. Carl Bush. The boy was found dead by his mother on her return from a visit to a neighbor, and the coroner's autopsy showed that death was due to heart failure. No apparent cause was necessary.

Mrs. Bush went to see a neighbor, and left the boy to look after a 2-year-old child. The lad was apparently in good health when she left. On her return she found him on a bed, face down and life gone. It was at first suspected that the boy might have accidentally taken some poison. The coroner's investigation, however, revealed a diseased heart, which clearly explained the sad ending of a young life. Funeral services will be held Friday night, the German Lutheran church. The grief-stricken parents have the sympathy of many friends over their bereavement.

WAYNE OHAUTAQUA, AUGUST 11

MISS CLARE KVELLO, SOPRANO.

The first classes in the Normal begin at 7 o'clock during the summer. This is done to avoid class work in the afternoon and nearly everyone prefers the earlier hour to the warm part of the day.

Another department that gives very popular high summer school students is the model school. About the highest level of the Normal is the teaching of Miss Fairchild, Miss Sprengle and Miss Johnson.

The next meeting of the board of education will be held in Lincoln on Wednesday, June 21. At this time the contract for the 'new building' will be let and other fee-lower time water extension approved by the board.

All the old board write on the Normal grounds have recently been replaced with new cement walks. This improvement adds greatly to the appearance of the building and means much more for the comfort and convenience of the students.

The reading given by Miss McBeth at the flag day exercises was the same that she gave two years ago in Brussels, Belgium, on National day. The hearty applause given at the close of the reading shows that the Normal is the pride of the people.

THE BLACK LINES DRAWN ON THE ABOVE MAP SHOW HOW FOUR COUNTIES, WAYNE, DIXON, DAKOTA AND THURSTON, WOULD LOOK CONVERTED INTO THREE. THE REARRANGEMENT WOULD GIVE EACH OF THE THREE COUNTIES ABOUT FIFTEEN TOWNSHIPS, AND WOULD BE FAIR AND JUST TO ALL PARTS OF THE TERRITORY CONCERNED. THE PLAN WOULD NOT ONLY SAVE THE CONVENIENCE OF PEOPLE GENERALLY BUT WOULD ELIMINATE ONE SET OF COUNTY OFFICERS WITH THE LARGE INCIDENTAL EXPENSE OF MAINTENANCE.

7 p. m. The leader of the young people's meeting is Miss Charlotte Larson; the subject, "A Grace for Common Duties."

The Sunday school has arranged to observe Children's Day on July 2. The following meetings will be held in the near future. At the recent election of officers, Miss Ruby Hughes was elected president.

We cordially invite all to attend our services.

Methodist.

(Rev. William Gorst, Pastor.)
Last Sunday Rev. A. S. Biell preached a very able and helpful sermon to a large congregation and the communion service was participated in by a large number of people. Rev. Biell will be a welcome visitor to the Wayne people at any time.

Next Sunday morning the pastor will preach on the topic, "Not Afraid to Show Ourselves." The evening service will be to young men. The young men of the congregation are specially invited to be present.

Children's day will be observed in an excellent program by the Sunday school at 10:30 o'clock Sunday morning, June 25. Parents desiring baptism for their children are requested to present them at the opening of the service. At the same time in opportunity will be given for people to accept membership in the church either by certificate or profession of faith.

In the evening a musical program will be rendered by the choir and others, with a brief address on church music by the pastor.

These notices are given far in advance so that the entire membership and congregation may plan to attend and make June 25 a great day.

Presbyterian.
(Rev. Alexander Corkey, D. D., Pastor.)
Next Sunday morning the sermon will be on the subject, "God's Character." The series of sermons, entitled

ing in an ancient sage gave "The Blue and the Gray." The exercises opened with the singing of "America" and closed with "The Star Spangled Banner." The music being under the direction of Professor Coleman.

Normal Notes.

Superintendent Kemp and Dr. Corley were visiting Wednesday.

The members of the faculty will be entertaining at the home of President and Mrs. Conn Friday evening.

Miss Kellen is justly proud of the interest that is being shown in her work. More than one-third of the normal school is enrolled in the art department.

The first classes in the Normal begin at 7 o'clock during the summer.

This is done to avoid class work in the afternoon and nearly everyone prefers the earlier hour to the warm part of the day.

Another department that gives very popular high summer school students is the model school.

About the highest level of the Normal is the teaching of Miss Fairchild, Miss Sprengle and Miss Johnson.

The next meeting of the board of education will be held in Lincoln on Wednesday, June 21. At this time the contract for the 'new building' will be let and other fee-lower time water extension approved by the board.

All the old board write on the Normal grounds have recently been replaced with new cement walks.

This improvement adds greatly to the appearance of the building and means much more for the comfort and convenience of the students.

Vudor Hammock
Made extra strong where most strain comes.

People Have Investigated

And by test find there is more actual difference in the quality of GASOLINE and KEROSENE than any two commodities on the market.

What's the Difference?

So often that question has been asked. Not so now. Tests and comparisons have developed self-evident results, and for the sake of a few cents of apparent saving, 50 per cent of the people now refuse to accept Kerosene and Gasoline of questionable quality.

This community demands quality, not alone on refined oils, but all kinds of commodities.

White Rose Gasoline and National Light Oil, 2 years ago, was introduced as quality items. For miles around they have been sold. In every section for 8 miles surrounding Wayne in any direction, either White Rose or National Light are represented, and in many neighborhoods none but high-grade products are in use.

If you are in doubt as to the superior quality of these goods, our list of 300 constant users is at your service. Place yourself in communication with these patrons who use our oil and gasoline in 50 gallon lots. They have had an opportunity to test their qualities, and can render valuable advice.

The constant demand for White Rose Gasoline and National Light Oil make it possible to continue shipping in car lots. Can supply the trade in any quantity, either in tanks or steel barrels, and, remember, there is an implied guarantee with every sale, that these oils are high-grade quality, and you will be fully satisfied.

OUR COMPLETE LINE NATIONAL REFINING COMPANY PRODUCTS ALWAYS ON HAND:

- White Rose Gasoline.
- Black Beauty Axle Grease.
- National Machine Castor Oil.
- National Harvester Oil.
- National Gas Engine Oil.
- National Light Oil.
- National Carbonless Motor Oil.
- National Separator Oil.
- National Transmission Grease.
- National Asplenum Black Paint.

The Herald Foreman Says: Have used White Rose Gasoline in this office constantly for nearly a year. As compared with other gasoline, I find it keeps the engine cleaner, and it is first class in every way.

The Democrat Foreman: Unsatisfactory service of our engine caused us to try White Rose Gasoline. Since then have used it continually, and have never cleaned the spark plug from that date.

NATIONAL LIGHT OIL COUPON.
Present this Coupon and receive FREE one gallon National Light Oil with a purchase of four gallons.
Good until and including Saturday, June 24.

WHITE ROSE GASOLINE COUPON.
Present this Coupon and receive FREE one gallon White Rose Gasoline with a purchase of four gallons.
Good until and including Saturday, June 24.

J. R. Rundell & Co

LOCAL NEWS.

INDUSTRIOUS ONE IS WINNER

Fact That Should Be Appreciated by Boys and Girls Who Are Called Clever.

There is an innocent amount of nonsense talked about people being "clever" and the talk is very often not only misleading, but positively and cleverly untrue. It is often well at school or college, it is explained by the simple word, "clever," and those who do badly are on the other hand, "not clever." And so the "clever" one are expected always to win the honors and the others are expected to follow behind at respectable distance. It would not be so much matter about ordinary onlookers lacking in about ordinary onlookers. In the case of the "clever" ones, however, they were unaffected. But it generally happens that they accept the situation, believing the verdict, and their studies and outlook are in consequence being substantially damaged. As a matter of fact, the verdict is very rarely true. The prizes are won much more frequently by those who are exceptionally industrious, rather than by the exceptionally gifted, and it makes all the difference in the world if this fact is appreciated.

This Princess an Artist.

Some charming water-colors painted by the Duke of Connaught's daughter, Princess Patricia, are being exhibited at the Royal Amateur society's exhibition. The princess is one of the most talented artists in the world. Her paintings are of a high standard, and she is a member of the Royal Society of Artists. Her subjects are in consequence being substantially damaged. As a matter of fact, the verdict is very rarely true. The prizes are won much more frequently by those who are exceptionally industrious, rather than by the exceptionally gifted, and it makes all the difference in the world if this fact is appreciated.

A North Dakota Wolf-Kill.

In crossing the Big Bend on his way to the north, a wolf was killed by a party of hunters in the vicinity of Oshtemo. The wolf was a large one, and was found to be a member of the same pack which had been killed near the mouth of the Red River last year.

—Bettie had no gun, so it was a case of 20 for the best with nature's weapons, which he had equipped to get a good grip on the wolf's tail. The wolf then made a few hurried circles around Mr. Bettie's head and landed head first kerplunk in the ditch box, dead as a door-nail—and Hans continued on his way to the village.

—A North Dakota Wolf-Kill. In crossing the Big Bend on his way to the north, a wolf was killed by a party of hunters in the vicinity of Oshtemo. The wolf was a large one, and was found to be a member of the same pack which had been killed near the mouth of the Red River last year.

Surplus of Patience.

"Patience" is a patient fellow, "Yes, indeed." He'll spend half the afternoon explaining something to you which you haven't the slightest desire to know.

COMING CHATTAQUA.

Every day there is something different. It will be a big week. The plans in detail.

They need only a Chattanooga season to be a Chattanooga season.

It will be one afternoon and evening of Chattanooga week.

The special department for boys and girls will be interesting to them.

There are to be seven musical companies—one for each day of Chattanooga week.

There is a Royal Italian Guard band in one of the best bands during Chattanooga week.

They will be giving talks, picnics, scouts' dinners and many other things of that sort.

The program is the best Chattanooga program ever had. It is a few number is a high class number—a top notch in the Chattanooga Club.

This City is going to have a Chautauqua this Summer

It Starts August 11 and Lasts a Week

A Chautauqua—a week out of doors under a large tent. A week of fine music and entertainment. A week of rest and recreation. It comes right in the hot weather—when you'll want and need a few days of rest. The program, planned and arranged by a great Chautauqua System, is the best Chautauqua program that could be arranged.

See the Talent List:

The Royal Italian Guards Band, with Signor Pasquale Ferrante, Director.

The largest and strongest band doing Chautauqua work. They are this summer making their first tour west of the Missouri river.

Victor Murdock, the Great Insurgent Congressman.

Governor E. W. Hoch, of Kansas.

H. Ruthven MacDonald, Canadian Baritone.

Knows the world over as the favorite baritone of the Dominion of Canada.

Father P. J. MacCorry, Eminent Priest. Father MacCorry is the greatest of the past priests. His lecture, "The Story Beautiful," is surpassed in vividness and beauty and clearness only by the Passion Play of the Tyrol Pessants.

The Killarney Ladies Orchestra.

This orchestra was organized by a selection of leading members of great concert companies of the two continents. They represent a collection of some of the greatest stars in the musical world. They are specializing in Irish music—everything from the simple Irish ballad to the classics. They are gorgeously costumed.

Sid Laddon, Character Delineator.

Has made of the work of make-up, a great art.

The Boston Lyric Concert Company.

And it's a home enterprise—maintained and supported by the men and women of the community.

Make your plans to include the Chautauqua week at home.

There is a different musical company every day—and every day the program changes.

You never saw such variety in a Chautauqua program.

And you never saw such an array of high-class talent on a seven days' program.

Then, too, there is a boys' and girls' play—a regular boys' and girls' Chautauqua.

This is directed by two playground experts. A week of fun for boys and girls. Let them plan for it, too.

Fish Stories.

In your papers of June 13th last, appeared a reader-to-the-editor of the Oregon daily, appears an account of two brothers in California liberating a fish from a snare as they come along. One of my neighbors, who lives near the Trask River Falls, has two big bull snakes that catch salmon trout and deliver them to a tub of water near the back door step, alive—very morning for breakfast. They get in return a dish of warm milk right and morning. The family is supplied with fish in this way. The house is three-quarters of a mile from the nearest point of the river and the fish rarely arrive dead.

Two years ago I helped to drive a bunch of steers across the divide and built the Trask just below the falls. Naturally the animals stopped to drink. Last spring a butcher in Forest Grove extracted a 14-pound salmon from the stomach of one of the steers. The salmon was still alive, and after being kept in salt water for several days was killed and sold to the merchant.

SAVE STOCK SHIPMENTS.

Following are the live stock shipments during the week:

C. B. Thompson, car cattle to South Omaha yesterday.

W. L. Cunningham, car hogs to Sioux City Tuesday.

James Arter, car hogs to Sioux City yesterday.

Simon Goeman, car hogs to Sioux City Monday.

E. B. Chichester, car cattle to South Omaha Sunday.

Strahan & Kingsbury, car cattle to Sioux City Saturday.

Simon Goeman, two cars cattle to Sioux City Saturday.

A. Kivring, car hogs to Sioux City Thursday of the week.

The following parties had stock shipments to Chicago Saturday: George Heffelt, two cars cattle; L. M. Owen, two cars cattle; Henry Kloppe, live cattle; O. H. Brown, one car cattle; and William Malory, two cars cattle.

Mrs. A. C. Zehner, Southern Reform Lecturer.

Mrs. Zehner is the exponent of the one-country idea—a doing away with sectional prejudices. She is a member of the National Suffragette League and a lecturer of national fame.

Alton Packard, Humorist.

Charles M. Mayne, Lecturer.

The Leo-Lathrop-Fullenwider Concert Company.

Eugene Laurant, Magician.

Frank N. Lynch, Lecturer.

Byron Platt, Prophet of a New Era.

Hattie Reed Grace Company.

Mrs. Reed and twin daughters—an afternoon and evening of music.

Ernest J. Sias, Lecturer.

Sylvester A. Long, the Business Man and Lecturer.

Was president of a furniture factory—closed his desk two years ago—lecture on practical subjects. His success has been phenomenal.

Mattison W. Chase, Silver-Tongued Orator of the North.

More than a male quartet—a male quartet that sings and plays, too.

The Chautauqua is a whole-community affair. It should include everyone in the community.

You'll need a ticket and a ticket bought now costs about 15 cents for each program. That's all!

Fifteen cents for an hour and a half of the best music and the best entertainment that could be found.

That's on the REASON TICKET plan—and the season ticket if bought now helps to make your Chautauqua a permanent Chautauqua.

Because that's where the count is made in estimating a community's Chautauqua interest.

The season ticket admits only a person at a time, but it is interchangeable among members of one family.

See how easy?

Plan it that way!

QUEER FACT OF ELECTRICITY

Varying Fatality of Shocks Depends on Many Factors Other Than the Voltage.

Workers in electrical establishments who are familiar with the untold number of fatal accidents that men have without tremendous electrical shock without damage, while others have been killed by the same or even lower voltages, will be interested in a paper published by the British Medical Association. This paper, in considering the curious fact that an electric shock of 100 volts is sometimes fatal, while currents of 1,000 volts do not always kill, points out that the effects depend on many factors. The volume of amperage, of the currents as well as its tension may count. The character of the current is whether it is direct or alternating may play some part and the duration of the shock and the point of application may signify much. Then, too, the resistance of the skin is not always the same. One individual may differ greatly from another in susceptibility, and even the condition of the mind is found to have an influence, as a person prepared to receive a shock is less liable to be affected than one receiving it unexpectedly.

Will Be Valuable Book.

Mason of Chicago started a Bible on a long journey in the fall of 1910. It is to be kept for a time in the possession of at least one of the princes of the principal city of the country and ultimately returned to its starting point. It is to be placed among the precious archives of the Chicago Masons. It is expected that twenty-five years will be required for the Bible to complete its passage from lodge to lodge until all the blank pages provided for the record of its custodian shall have been filled. A lodge in Columbus, O., which had the Bible recently sent to special train to Springfield in that lodge to convey the traveling Bible to a lodge there, where it was received with impressive ceremonies.

If you aren't planning for that Chautauqua that is going to be here this summer, you ought to be.

Maggie a Thieves' Accomplice.

Six thieves and a magpie have been run in by the Paris police. The bird, true to its instinct, was an active member of the gang. It did not purloin on its own account, but it helped—very valuable. The six thieves, all under sixteen, chose a sufficiently slumpled tradesman, and entered his shop. The bird was perched on the wrist of one of the boys, and did tricks, bowed, danced and chattered.

The magpie was perched on the neck of one of the boys, and was being used to reach. The boys and the shopkeeper started hunting for the bird—and it was the boys, however, for one of them, stopped behind, near the till, and emptied it. A waltz called the bird down, and bird and boys were off with their booty. The game seems to have succeeded only one trusting tradesman before the gang, including the magpie, was captured.

One Old Church Burned.

The old Church of St. Michael, Hinton, Devon, England, which dates from the thirteenth century, and was one of the finest pieces of architecture in the county, was destroyed by fire the other day.

The tower and the spire were saved, but the rest of the church was completely gutted. The church was built by Bishop Courtenay, the "humbly prelate" of Shrewsbury. Richard III. According to an old legend it was originally intended to erect the church at the foot of the hill, but the architect, who was a Jew, when the butler commanded their work, the stones placed in position during the day were each night transported to the top of the hill, with the result that the plan was changed.

Aerial Snagging.

The first aerial snagging has come to grief. He tried to fly from Italy to Switzerland and tumbled into the arms of a customs officer. Aerial snagging is a fascinating game and the fact that it is hazardous makes it all the more so. When a man tries to make a trouble for the unhelpful tariff system.

The Chautauqua provides a week's rest with entertainment.

The Chautauqua provides a week's rest with entertainment.

HYMENEAL.

BILLS-EVERETT.

On Wednesday afternoon, June 14, at 12:30 p. m. occurred the marriage of Mr. Robert E. Bills and Miss Ethel B. Everett, both of Lyons, Neb. The ceremony took place in the study of the Presbyterian church. Rev. Alexander Gaskin officiating, and was witnessed only by the immediate friends. After the wedding the party proceeded to the home of Mrs. Homer Seave, who is a sister of the bride, where dinner was served.

WILL HIRE LIBRARIAN.

At the regular meeting of the library board Tuesday night it was decided to have a special meeting next week for the purpose of hiring a librarian for the coming year, as there will be a vacancy the first of July.

SIMPLE ASSAULT CHARGED.

Complaint has been filed in the county court by Frank Brossler of Leola, against charging Leo Chelcort with simple assault. Lindley Brossler being the one alleged to have been assaulted. A hearing will take place before Judge Britton June 20.

THE FORD AUTOMOBILE.

Reports state that many Ford automobiles are being bought these days in neighboring towns. They are giving very satisfactory results and are fast coming to be among the most popular and best selling machines on the market. Messrs. Nicholas & King handle the Ford in Wayne, and according to reports are reasonably assured of making a lot of sales before the season is over. The Ford is durable, easy riding, economical to run, and is a veritable mountain climber.

TOUR OF EUROPE.

Will Forbes, who will be a senior at the state university next September, sailed June 5 from Boston for an extended tour through Europe and the British Isles. While abroad he will visit for several of the dairy papers, besides collecting many pictures and valuable data in connection with his work.

Mr. Forbes has been very successful in his school work the past year. He was recently elected a member of the Innocents at the state university, which is one of the greatest honors that ever comes to a university man.

The position of state dairy inspector was offered him for the summer, but he declined to turn down the offer for this trip abroad.

He will return some time in September, when he will resume his studies at college.

Would Change Old Custom.

The custom of distinguishing marriage from unmarried women by giving the classification of women into married and unmarried is antiquated and undignified and must be abolished, according to the German Mothers' society of this city. A correspondent of the Chicago News says the society has adopted resolutions calling for the reform, in which it says: "The classification of women into those who have been through the marriage ceremony and those who have not is improper and undignified. Every man, regardless of his marital status, is called 'Mr.' and every woman who respects the dignity of her sex is called 'Mrs.' or 'Miss.' This would be a great step toward the uplifting of our ethical ideals." As there is no legal obstacle to the change, the society petitions the authorities to make a beginning by employing only that title in all official communications.

Fine Mink Furs for Prize Dog.

If a fine dog that can boast of a pedigree and wear two sets of furniture just as though it were a cat, who know that one of them was not the dog's father. But even the grammar will be roughly let that there are exceptions to all rules. This time the exception is Gessie Lady Jane, owned, controlled and trained by J. H. Lane. The cat with which she has been stepping about in a few days is made of mink and will cost \$250. The coat is striped with red and light mink and has 14 dangling tails. Considering the past records of Lady Jane Mr. Lane doesn't think he is doing too well for the dog.

Some Rate Problems.

The method of "trial and error" in computing telephone rates has thrown innumerable telephone companies into the bankruptcy court. Creditors have been left by unscrupulous promoters who have lowered rates below the danger mark.

For more than a quarter of a century, rate experts in the employ of this company have closely studied the problems that enter into rate making for both local and long-distance telephone service.

You as a telephone user have a right to know why you pay the rate you do for service.

This Company, appreciating your patronage, will, in following articles in this paper, explain the means by which telephone rates have been brought to a basis of absolute fairness for both the telephone user and the stockholder.

Those are just a few straws to show where the wind blows. If you look over our HOME GOODS BARGAIN TABLE in the rear you'll find a good many more of such money saving items. And they are not cheap goods—WE GUARANTEE THE SAME QUALITY OF GOODS YOU buy anywhere else, but probably pay more. Just because we can save you a nickel or dime on a dishpan or a tin nail or a rolling pin or a pair of stockings, is not proof that they are cheaper goods. Many kitchen goods and most of the everyday household goods come in one quality only. If they do come in several, we generally keep them in all and price them accordingly, so that the price, if nothing else, will tell you the difference. The reason for our low prices are: SMALL PROFITS, LOW EXPENSES, QUICK RETURNS, CASH SALES BUT NOT CHEAPER QUALITY. Convince yourself by testing us.

FACTS REGARDING THE TREES IN WAYNE

NUMBER AND KIND GROWN HERE

Botany Class of the High School Classifies Trees at Request of Forestry Department.

At the request of the forestry department of the state university, the path grade botany class, under the direction of Mrs. Moore, recently classified all the trees within the corporate limits of the city of Wayne.

There are about 4,000 trees in all, and the tallest tree is about seventy feet high.

Members of the class made use of their "goniometer" in measuring the height and diameter of the trees. For the height they compared the shadow of the tree with the shadow of a known height, and by proportion obtained the required measure.

The following table gives the relative height of each kind, the diameter of the largest tree, four and one-half feet across ground, and the height of the tallest tree:

Table with 3 columns: Species Name, Growth Habit (Planted, Rare, Common), and Height (Loam, Dry, etc.). Lists various tree species like Populus tremuloides, Acer saccharum, etc.

As a piece of watermelon on ice. A catnip leaf in the hot, better than the overrated cabbage leaf, helps keep the outside of the head cool as right thinking does the inside. Intelligent dressing, requiring some independent action of the fashion plates will help further. The sub-stir-suspender, permitting an unobscured abandonment of the coat, has saved many a masculine life. Above all it is essential to keep the stomach in order. In summer the temptation is strong to make a refrigerating food of the stomach. We forget that less food is needed than in winter, and then try to carry the fever of over-eating in winter's clothing. In cold countries, however, a far more general uncontentiousness, and sun-strokes that are really stomach strokes. A diet reduced to two or three light meals a day, with cool water and fruit, will usually give away summer sores. For that a trip to the mountains, that is, to the mountains that hurry causes more "sun-strokes" than heat. Go to the Mexican town barrier, where the people and the day do liberations and he vice. But what use is hurrying if it does not take us to hospital? Combine these cures, as

Some men's credit is too good for their good. If a business man is deservingly failing, it is not his fault. Prudent fault doesn't help unless you can afford a remedy for it. When the hand holds, the union goes on a strike it isn't for shorter hours. You are too easily influenced if a

Quick Meal Self-Generating Gasoline Stove. Pays for itself in the gasoline it saves. ABSOLUTELY SAFE, a time saver, keeps the kitchen cool. Something to be appreciated by every housewife in the land.

Craven & Welch. Dealers in all kinds of building materials such as Builders' Hardware, Paints, Gypsum Plaster, Sackett Plaster Board, Cement, Sand and all kinds of Cement Building Stone.

Clasen & Nelson Brothers. Carpenters, Contractors and Builders. Proprietors Of Ideal Concrete Stone Works. Plans and Estimates Cheerfully Furnished. All Orders Receive Prompt Attention.

Table with 3 columns: Species Name, Growth Habit (Planted, Rare, Common), and Height (Loam, Dry, etc.). Lists various tree species like Cottonwood, Silver Maple, etc.

TO CONQUER THE HEAT

Lincoln Journal: It should be observed that while the temperature this first third of June has repeatedly passed the 100 mark, no preparations of heat have been made here. People in cottages down to sea level at 96, or even less if their stomachs are bad. Dry heat and active air currents make Nebraska torridly uncomfortable till it is dreaded.

It is possible, however, to suffer from the heat even in Nebraska. Without walking far one may find such people on any hot day. In many cases nothing but a cake of ice to sip upon can help the sufferer. Physical weakness not readily remedied is a prey to heat. Some are forced to work in ways that make the heat burdensome to the healthiest in body and mind. Some are forced to work in the sun, from which heat could be escaped by the use of a little knowledge and self-control.

BARBQUE AND GROPS.

The following letter from G. E. Chalked written at Broadland, S. D., under date of May 4 appeared in the Weekly of May 4: "Maybe it would please you to know that we experienced the recent earthquake shock. The noise was like the clatter of a train. It was followed by an explosion. There were no clouds except as they looked slightly just at the horizon. Horses and barns creaked as if swayed by a terrific wind storm, though the atmosphere was calm for several minutes. Horses rattled a tune in the embowd while the pictures on the wall played a game of chance. Horses in the stable shivered as if an approaching calamity, while others in the stable were as if in motion; people rushed to the street with their work in hand thinking the chimney had been knocked off, others thought an aeroplane had suddenly descended to 'black' rain. Many of the men thought the building was falling over on them, while those inside thought the floor was coming up to meet their face. There was no damage done here. The shock moved from south to north. It was about two hours in crossing the state. "If I remember correctly, it was much more pronounced than the one experienced at Washburn, Neb. nearly three weeks ago. It came early in the morning and followed a noise like the report of a gun. Those who guessed the duration of this shock thought it was five minutes, but those who heard

LETTER'S GRINDER.

Grinding wheels of Carborundum - the "Only Wheel" that gives satisfaction for sharpening dies, plows, knives and all kinds of tools, as they positively will not draw the temper. Come in and let me show you how it works. Vogel's Hardware, 38 ft.

NOTICE TO CONTRACTORS.

The board of education will receive bids until 6 a. m. June 21, 1911, for the erection of the library and science hall at the Wayne State Normal school.

EXECUTOR'S SALE OF REAL ESTATE.

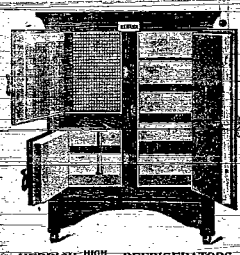

Notice is hereby given that in pursuance of license thereto, issued by Assn. A. Welch, Judge of the District Court of Wayne County, Nebraska, on the 5th day of June, 1911, for the sale of the real estate hereinafter described, I will sell at public vendue to the highest bidder for cash, at the door of the office of the Clerk of the District Court of Wayne County, Nebraska, in the court house in Wayne, in said county, on Thursday, the 6th day of July, 1911, at the hour of three o'clock p. m., the following described real estate to-wit: Lot ten (10), Block Four (4), in the original town of Carroll, Wayne County, Nebraska, said sale to remain open one hour.

WE INVITE YOUR ACCOUNT

State Bank of Wayne. HENRY LEY, Pres. R. W. LEY, Cashier. C. A. CHASE, Vice Pres. HERMAN LUNDBERG, Asst. Cash. State Bank of Wayne. We will give you every inducement that is consistent with safe banking as well as courtesy and a personal interest in your business.

The Easiest Refrigerators In the World to Clean

There's just one Refrigerator that can be THOROUGHLY cleaned EASILY. That's the HERRICK REFRIGERATOR. We want you to remember that name. It stands for purity and cleanliness in the food you eat. The inside parts of this refrigerator can be easily removed, and you can get into the corners without any trouble.

There's just one Refrigerator that can be THOROUGHLY cleaned EASILY. That's the HERRICK REFRIGERATOR. We want you to remember that name. It stands for purity and cleanliness in the food you eat.

No mold accumulates in places you can't get at, because there are no such places. These refrigerators appeal to women who believe in purity and cleanliness. They appeal to those who believe in economy. They appeal to those who like exterior beauty, for they are not only ten times better than any other kind, but are decidedly more handsome. They are white enameled and splendidly built. We have a complete line. You cannot afford to leave this store out of consideration when you buy a Refrigerator.

Barrett & Dally. Wayne, Nebraska.

State Bank of Wayne. HENRY LEY, Pres. R. W. LEY, Cashier. C. A. CHASE, Vice Pres. HERMAN LUNDBERG, Asst. Cash.

The Wayne Herald

The Oldest Established Paper in Wayne County. Entered as the Postoffice at Wayne, Neb., as second class mail matter.

HERALD PUBLISHING CO. B. W. HULSE, Editor and Manager. Published Every Thursday. Subscription, \$1.50 a Year.

Telephone No. 146.

Advertising rates made known on application. Copy for display advertising will be sent by mail for \$1.00 per week to insure publication.

The death of Carrie Nation receives a sympathetic notice. Her actions are given approval, but to those efforts gained credit for the late reforms in the enforcement of the prohibitory law in Kansas.

Some men employed as policemen have life with brutal indifference. The Omaha officer who shot down a man without the remotest justification ought to be held by the city of Omaha to insure publication.

The boy, who has some mental employment is not so likely to succeed in society and get into trouble. The active, growing youth has an accumulation of energy which must be expended in some way.

Justice of A. A. Welch and Judge R. E. Fess of Dakota City have been pointed out as northeast Nebraska well fitted for places on the supreme bench. Each has a thorough understanding of the law and each has an advantage of a judicial temperament.

People would like it if the weather department would not be in such a hurry to unload its stock of infernal elements.

There is usually more alarm over unfavorable weather than results warranted. Crops are never hurt so seriously as feared.

The cost of running a city and keeping up its improvements is necessarily greater than that of running a village. People can't expect city improvements with village expenses.

A Lincoln doctor says bathing in cold water during hot weather is unhealthy. It produces an infectious shock to the system that warm water bath does not.

The editor of the big avoironment of the Pender Republic thinks a lean man suffers less from heat than a fat one. He is mistaken. The nerves of the lean man are more nearly exposed, and therefore more sensitive to either heat or cold.

The license taken by many children in losing their parents and ruling in the house is a source of a good deal of distress to their mothers.

The "great the fly" agitation aroused by John B. Smith, entomologist, says this: "The fly is a man's good friend; necessary so long as man is a filthy animal. When he becomes a clean pig, the fly will disappear."

If anyone imagines Wayne is limping along behind the rest of its class as a business center, he should consult the tables of statistics or freight shipments as presented by the state railway commission. He will find Wayne usually in the lead.

The editor of the Dakota City Eagle apologizes to citizens of the town for the "punishment" of Omaha which is used by a cow which is recently installed on his home place.

Mrs. Warner of the Lyons Mirror who recently notified one of its class as a "punishment" of Omaha which is used by a cow which is recently installed on his home place.

It is pleasing to know the Herald is not charged with giving less reading matter than the advertising warrants. Sometimes the advertising does not meet the requirements of the reading matter given; other times it does so fully. The Herald tries to follow as far as possible the good and safe rule of having space devoted to news features and that devoted to paid advertising.

MAGNANIMOUS EDITOR.

In explaining the significance of referring to allow his colleagues of Dixon, Thurston and Dakota to build a court house at Emerson for the use of all, without other county seats, the Editor reports in support of its proposition.

Furthermore, this would put an end to the rumpus the Wayne Herald is trying to stir up in the southwest part of Dixon county. The Board are trying to get the Board and Logan Township people interested in annexing themselves to Wayne county. Such not! Now, you Wayne Herald, we want you to tell your news sticklers about this business. You can't have those townships! You already have more territory in your county than you can govern properly, and we suggest that you get busy trying to govern what you have a little better before you reach out trying to steal some from us. The Emerson Enterprise says you can't have that territory, and that settles it. We are disappointed and grieved to note the greed of the Enterprise in wanting to swallow three counties. The Herald merely speaks for two townships. Later, seeing the importance of this matter, we have had the managers of other counties, this paper has figured out a feasible way to consolidate four into three, making a rearrangement beneficial to all. We trust the Enterprise becomes more practical, it will embrace the latest proposition submitted.

ODDS AND ENDS.

The building of a city hall will soon be up to the people, and the proposition should be given approval with enthusiasm.

People would like it if the weather department would not be in such a hurry to unload its stock of infernal elements.

There is usually more alarm over unfavorable weather than results warranted. Crops are never hurt so seriously as feared.

Uncle Walt

The Poet Philosopher

A statesman, wise and hearty, gets up some wondrous scheme, to help our land to grow, and make life seem a dream. The people there are all so glad, and change their minds, and take it all apart; some day it will and take it all apart; some day it will and take it all apart; some day it will and take it all apart.

THE TWO EXTREMES. I dream and guess, and take it all apart; some day it will and take it all apart; some day it will and take it all apart; some day it will and take it all apart.

CASABIANCA who hold the public affairs should all be fired; he cried, "they should make room for worthy chaps who wait their turn, outside."

THE BOY STOOD ON THE BURNING DECK. An orator was held in that sense of the word, he spoke quite fluently.

would stir a hard saw just, and make him dance and yell. O, all the blooming flowers that make their grandstand plays, about the garden borders and in the meadow, and the little blue and white beauty; they're Nature's dainties; it's surely no one's duty, I say, to greet on them. In summer days I greet them; they fill me with delight; but when the winter comes, and they do not taste just right. You seek them and you see them; their fragrance is so sweet that when you come to see them they knock you off your feet. Their lives are always flatter than a soap bubble. Who did Honzas succeed as king? Who did Honzas succeed as king? Who did Honzas succeed as king? Who did Honzas succeed as king?

COBONATION and gravel or bend glowing splinters of the knee. There's a stirring and dashing scene; and every and prince of every land have come to jolly the king and queen. But the face of the monarch is sad and worn; the face of the man who has seldom been a king, and he is called to mourn that he was called to the reigning graft. Perhaps he envies the man who digs the man who digs in a humble soil, with his muley cow and his flock of pigs, and his apple tree and his garden plot. He may have dreamt of a quiet life, afar from diamonds and thrones and silk, with his barefoot kids and his happy wife, who sings while skimming the morning milk. To a king, too, a lot of hay and good corn and a village sales may seem far better than holding sway over England, Scotland, Cork and Wales. To live your life in the building mire of a king, or to live your life in the building mire of a king, or to live your life in the building mire of a king, or to live your life in the building mire of a king.

PROFESSOR J. J. COLEMAN.

Among those recently added to the faculty of the State Normal School is Professor J. J. Coleman of Charter Oak, Ia. Professor Coleman was elected to this position because of his special fitness for the place. He comes to us with a great many years of successful experience as a director of music. That Professor Coleman has the confidence of the people with whom he has worked in Charter Oak is evidenced by many favorable comments upon his work in the public schools of that place. The following are only a few of the many good things said concerning him:

"The program given by the schools last Friday evening was one of the best ever given in Charter Oak. Every number was sung and each one was something different from the one before it. Professor Coleman sang two very good selections in his rich baritone voice, which were well received. Professor Coleman was more seen than heard in the entertainment, as his influence was noticeable in every number. The work of the various classes Friday evening showed plainly that the board made no mistake in calling him to this position."

"Professor Coleman will leave us next year, having been elected to a place in the Normal School at Wayne, Neb., a place that is exactly in line with his best training and where his heart is best. The boys in the band and orchestra will miss him next year. At Wayne his work will be the organizing of a new music department in the Normal school, and we are hoping that he makes good."

CARROLL CASE TO BE HEARD HERE SATURDAY

A daughter was born to Mr. and Mrs. C. F. Whitney Sunday, but unfortunately it lived only a short time. The baby was laid to rest in Greenwood cemetery Monday. The many friends of Mr. and Mrs. Whitney sympathize with them in their great disappointment and sorrow.

Luther's Grinders—grinding wheels of Carborundum. "The Only Wheel" that will give satisfaction for sharpening discs, plow shares, sickles and all kinds of tools, as they positively will not draw the temper. Come in and see the grinder at work.

VOGET'S HARDWARE.

London's Enormous Rental. The gross rental of London's buildings is £43,000,000, while that of all the agricultural land in England and Wales is under 27,000,000.

Most important. Next to knowing when to seize an opportunity, the most important thing in life is to know when to forego an advantage.—Baconford.

Should Have Reason for Faith. It is always right that a man should be able to render a reason for the faith that is within him.—Sydney Smith.

Unkind. Howell—"What business is he in?" Powell—"I'm not certain, but I think he has discovered a sure cure for brains."

THE CITIZENS OF WAYNE. On account of the extreme dry weather we find it impossible to pump enough water so as to have sufficient in the standpipe at all times for fire protection. You are hereby requested to use water for lawn or garden purposes during the hours from 6 to 8 a. m. and 6 to 8 p. m. I sincerely hope every one will comply with this request, otherwise we will be compelled to order all outside hydrants closed during hot weather. If each citizen will be economical in the use of water during the dry, hot weather, we will always have sufficient water in the standpipe for fire protection.

JOHN H. KATE, Mayor.

CARROLL CASE TO BE HEARD HERE SATURDAY

The hearing of the case growing out of the petition for a return license at Carroll will be heard by Judge S. A. Welch in Wayne next Saturday. It will be remembered that the village board of Carroll voted to grant a license after a hearing on a remonstrance supported by 107 signers. The hearing was presided over by Judge S. A. Welch and Frank A. Berry appearing for the remonstrators and Attorney H. E. Simon of Winfield defending the petition. The remonstrators charged that there were not enough bona fide freeholders signing the petition to make it comply with the law. Following the decision of the board unfavorable to the remonstrators, an appeal was taken to the district court. It is expected that a big crowd of Carroll people will come to Wayne Saturday to witness former proceedings in the case.

WAYNE CHAUTAUQUA, AUGUST 11.

MISS MYRTLE LEE, CONTRALTO.

POLITICAL ADVERTISING.

W. O. HANSEN

CANDIDATE FOR DEMOCRATIC NOMINATION FOR COUNTY TREASURER

W. O. Hansen was born in Germany where at the age of twelve and one-half years he graduated from school. He removed with his parents to Iowa where his mother now resides. After making good use of the English schools for three years he was compelled to make his own livelihood, and spent several years in the butcher business, in which he is now engaged. Dull times in the nineties made work scarce, and he drifted over the country, finally securing employment with building contractors at Slayton, Minn. He worked three years at various places in Minnesota and the Dakotas learning the brick mason's trade.

After being married at Slayton in 1900, he left for Colorado and spent a year at Colorado Springs laying brick. Then he secured the responsible position of foreman with Benjamin Brewer, a well known Denver contractor. In that capacity Mr. Hansen served his employer faultlessly at Colorado City, Colorado Springs and Manitou for three years. His wife's health did not permit him to stay any longer, but was forced to find a lower altitude.

He then moved to Randolph and bought a half interest in business with his brother who now resides there. After three years of successful business at Randolph, Mr. Hansen came to Wayne about four years ago, where he has since resided, and where he conducts his present business, the finest meat market in Nebraska.

REAL FURNITURE BARGAINS

IN THE FURNITURE BUSINESS, AS IN ALL OTHER LINES OF BUSINESS, WE HAVE PIECES THAT STICK TO THE FLOOR. BY THAT I MEAN PIECES THAT ON ACCOUNT OF THE STYLE, FINISH OR PRICE, ARE NOT READY SELLERS. IT IS MY INTENTION AT ALL TIMES TO CARRY NOTHING BUT STRICTLY FIRST CLASS, UP-TO-DATE GOODS—AND BEING SITUATED LIKE THE IRISHMAN WITH ONLY ONE ROOM, "WELL PREPARED FOR COMERS AND GOERS, BUT HAVE NO ROOM FOR STAYERS," I WILL OFFER THE STAYERS BY WHAT IS KNOWN AS THE GREEN TAG SYSTEM. THAT IS, A LARGE GREEN TAG WILL BE PLACED ON THE ARTICLES AND THEY WILL BE MARKED AT PRICES THAT YOU CANNOT AFFORD TO MISS, AS MANY OF THEM WILL BE MARKED BELOW COST, AS I HAVE DECIDED TO MOVE THEM BETWEEN NOW AND JULY 1, AS I GO TO BUY MY FALL STOCK AT THAT TIME.

I COULD GIVE A LIST OF THE ARTICLES WITH THE PRICES, BUT YOU WOULD HAVE TO SEE THE GOODS TO APPRECIATE THE VALUES. I WILL INCLUDE PIECES OF NEARLY EVERY DESCRIPTION IN THIS SALE, AND IF YOU NEED A FEW PIECES OR HAVE HAD YOUR EYE ON ANY PARTICULAR PIECE AND HAVE HESITATED BUYING IT BECAUSE YOU FELT LIKE THE PRICE WAS MORE THAN YOU CARED TO PAY, YOU HAD BETTER CALL AND SEE IF THE PIECE DOES NOT HAVE A GREEN TAG ON. REMEMBER I HAVE ONLY A FEW PIECES, AND WITH THE PRICE I WILL PUT ON THEM THEY WILL BE LIKE ICE IN AUGUST, SO DO NOT WAIT AND BE DISAPPOINTED. YOU NEED THE GOODS AND I NEED THE MONEY TO BUY MORE GOODS, SO LET US MAKE THE EXCHANGE.

OUR OWN DELIVERY SERVICE. PHONE 366 WHEN IN A HURRY.

The Strawberry crop was cut short, and if it keeps dry the Raspberries will go the same way. Now is the time to buy your Pineapples. The market is as low as it will be.

I have bought the Mason Jar, also have put in the Economy Jar. Remember these points and tell your neighbors:

POINTS OF THE ECONOMY JAR.—Marvelous, because it uses no rubber ring. Economy Jars embody ALL the essential features of a perfect Jar.

The only jar that uses no rubber ring. Rubber rings in time become porous, leak air, taint, mould and spoil the contents.

Instead of a rubber ring the Economy has a pure, tiny, everlasting, always airtight gasket which is a part of the cap. It is guaranteed odorless, tasteless, sanitary, unaffected by any food acids, and remains airtight forever. Nothing else like it. Easy and simple to seal and open.

Wide, smooth mouth; your hand can easily slip into, easy to fit, permits the large fruit and vegetables to be preserved whole. Easy to clean.

Straight sides—smooth edge. Made of Crystal flint glass, even thickness, very little breakage. Caps are gold lacquered; absolutely unaffected by any known food acid, as are sweet and clean as the glass itself. Sure Seal, and self-sealing, airtight. Most economical. You need never lose an ounce of food—you can test every jar. Sanitary—no zinc to corrode—no hidden corners—NO "RUBBER RING"—no mouldy, discolored or soured fruit.

A child can seal and open it. No screw top to twist on or off, no rubber ring to adjust, no cut or burned fingers.

Can be used twelve months in the year for every article in season and every day in the year. Is as perfect for vegetables, meats, fish, game, etc., as for fruit.

With it you save all surplus food in your kitchen. In this respect alone it more than pays for itself. The only airtight jar used by professional packers.

Absolutely the only jar known, of which all the above mentioned facts are true. Ask us about the ECONOMY JAR—We will be pleased to show you.

POLITICAL ADVERTISING.

PINGREE C. HUGHES

who is asking the democratic nomination for sheriff at the primary election August 16th, is a native of this state. He first saw the light of day at York, and when quite small came with his parents to Wayne county. They settled on a farm near old LaPorte. About three years after moving to this county the father died. Though small, Pingree assisted his mother and brothers to solve the problems of life on a farm, as best they could.

At the age of 13 the young man started out for himself to make his way in the world and acquire some education. After finishing the grades, he attended the high school at Plainview until he was eligible to enter a higher institution of learning, when he attended the Nebraska Normal school at this place, studying his way through and graduating in 1909. His first year in college was a hard one for him, and he had a job of milking thirteen cows twice a day for board and lodging. After finishing the college course he taught for a time, but all this time he was looking out that no chance for acquiring knowledge was missed, and he devoted considerable time to reading law and medicine.

For a year or more past he has successfully filled the responsible position of local manager at Wayne for the Nebraska Telephone company, where he is at present engaged. In social and fraternal circles he stands well, and is identified as a member of the M. E. church, the Masons and the Woodmen of the World, and a few weeks ago he took unto himself a wife from among the fair young ladies of Wayne.

Having made good in life thus far by his own efforts he feels that he is qualified mentally, educationally and physically to successfully perform the duties of the office to which he aspires, and he asks the support of the voters of Wayne county.

GOOD NEWS.

Many Wayne Readers Have Heard It and Profited Thereby.

"Good news travels fast," and the thousands of bad luck sufferers in Wayne are glad to learn that prompt relief is within their reach. Many a lame back and aching back is today more thanks to Dean's Kidney Pills.

Our citizens are telling the good news of the experience with the Old Quaker Remedy. Here's an example worth reading:

Mr. Wood, Fleetwood, of Wayne, Mo., says: "When I began using Dean's Kidney Pills, I was in such great misery that I could scarcely get along. There was a dull, heavy ache across the small of my back and I was lame and stiff. I had a feeling of tiredness and languor and it was out of the question for me to rest at night. I felt the beneficial effect of Dean's Kidney Pills immediately after beginning their use and I continued taking them until I was restored to good health. Whenever I hear any complaining of disordered kidneys, I advise a trial of Dean's Kidney Pills."

For sale by all druggists. Price 50 cents. *Worcester Milligan, Inc., Buffalo, N. Y.* Sole agents for the East of States.

Remember the name—don't take no incident

INCIDENT OF EASTER MORN

Little Hapening, the Moral of Which is Fine Feathers Don't Make Fine Birds.

It was Easter morning, and although the air was crisp and cold, Fifth avenue was filled with its usual Easter crowd—women strutting about in peacocks, anxious that all might see their hats, their gowns; and men—incident to woman's attire—wearing 50-cent wigs and hats. Their tailor and tailors had done their duty well, that money—their money—is a good deal, and it is a power for good or evil.

An old, wrinkled, poorly-dressed woman, in an effort to pass through the crowd, was pushed and a basket of small pieces of wood she had gathered was overturned and its contents scattered about the sidewalk. Slowly, painfully she stooped and tried to gather up her coat and kindling, but she was fastidiously thronged, never noticing her, passed on.

A big, husky workman saw the old lady and instantly began to assist her. After they had got her hat and wood in the basket, the old lady, with tears in her eyes, said, "Thank you, sir." "It was no trouble, ma'am," he replied, "no trouble at all," and went on his way.

It was only a little thing. One small incident in the life of the big city, with its "idle rich," but the moral is there.

Fine feathers don't make fine birds.

The Dog's Bath.

Short-coated dogs need grooming as well as the long-haired varieties. "They" are in good condition, they should be well brushed every morning.

Opinions differ as to the washing of terriers, many people saying they should not be washed frequently, but or sand-bath being rubbed well into their coats to clean them. Terriers' special experience with fox terriers prove that thoroughly washing them with soap and warm water, and a disinfectant once a week will keep them sweet and clean, and absolutely free from fleas and vermin of any description, of course proper bathing, etc., receive proper attention. The dog must be well dried and brushed and never thoroughly rinsed off, especially near the ears, or it may cause canker of the ear, which is a common complaint, and may often be relieved by shaking a large pinch of boracic acid powder into the ear three times a week.

Thackeray's Talented Daughter.

The centenary of the birth of William Makepeace Thackeray, the great novelist, will occur on July 15. And if there should be no formal observance of the event, many will pause a moment on that day and honor to the memory of the great English writer.

If there should be any public observance in England of the centenary it is probable that the "Kitties" would take a considerable part.

Lady Ritchie—Anne Isabelle Thackeray—the great novelist's daughter, has had many names for herself by her own abilities. She married her cousin, Mr. Richmond Thackeray Ritchie, in 1871, and is now known as Lady Ritchie.

In a great measure she inherited her talents from her father. She has done considerable writing. The "Kitties" on the "Club" and "Old Kensington" being considered by many as her best works.

Spring Hepatitis.

"You are so fatigued after getting out your doors this year," remarked the first humorist.

"Always well until the weather is settled," responded the second humorist. "That is my variable croquet."

POLITICAL ADVERTISING.

CANDIDATE FOR SHERIFF.

August C. Walter, who has been a resident of Wayne for the past five years, and who during that time has been in the employment of J. G. Miller & Co.'s General Store, presents himself to republican electors as a candidate for sheriff, subject to their wishes to be expressed at the coming primary. He deserves and will appreciate the support of Wayne county people.

POLITICAL ADVERTISING.

COUNTY TREASURER.

Lambert W. Roe, who has fled as republican candidate for county treasurer, is one of the best known and best liked citizens in Wayne county. He was born in Huntingdon county, Pennsylvania, living there until he grew to young manhood, when he came to Wayne county. In trying to farm the rocks in Pennsylvania, his father had an uphill task, and as an unavoidable consequence his boys could not be given a fancy start in a financial way. Ambitious, Lambert immigrated to the west and located in Wayne in 1855. His lot was that of early-settlers generally—an abundance of hope, grit and energy, but mighty little cash. He entered into the meat business here in 1886, and continued a successful meat and stock business until March, 1910, since when he has been engaged in the Wayne Feed Mill.

Mr. Roe's long business career here has given him general acquaintance over the county, and his frank and square treatment of his fellowmen has made him stand deservedly high. His cordial and strictly upright attitude toward the public in handling his private business for many years is an assurance of the eminently satisfactory manner in which he will treat taxpayers and handle the treasurer's affairs in case he is intrusted to do so.

POLITICAL ADVERTISING.

CANDIDATE FOR TREASURER.

Oliver E. Graves, republican candidate for county treasurer, was born in Jo Daviss county, Illinois, in 1871, and came to Nebraska with his parents, Mr. and Mrs. Homer Graves, twenty-nine years ago, locating on a farm near Wisner. Mr. Graves came to Wayne nineteen years ago, and attended the Wayne Normal school, doing janitor work while completing the commercial course. He has been a resident of Wayne county ever since with the exception of eight years when he was engaged in the stock business at Atchison. He has been engaged in the grain and coal business in Wayne during the past three years as one of the firm of Graves & Lamberson. He is capable of giving the taxpayers of Wayne county the very best service as their treasurer, and pledges himself to do so.

POPE WILL NOT LEAVE ROME.

Papal Paper Says It Is Fully to Believe His Holiness Will Move to Lourdes.

Appropos of the celebrations attending the fiftieth anniversary of Italian independence there is again, it is said, some talk that Pope Pius X. may leave Rome and install himself at Lourdes, the most pronouncedly Catholic community, perhaps, in France.

Commenting on this, Le Cri de Paris says that it is fully to believe that his holiness has ever seriously entertained the project of quitting the Eternal City, and still less that of establishing himself upon the territory of the French republic. "The only time," says Le Cri, "that the papacy thought to come to French soil was in the days of the popes at Avignon, was immediately following the occupation of Rome by the Italians. Under the election of October 2, 1870, which assured the union of Rome with united Italy. Pius thought he could no longer remain in Rome, and still less that of establishing himself upon the territory of the French republic. Monsieur Talies declared himself favorable to the project, but Cardinal Rampolla opposed it and had sufficient influence with Pius IX. to have him resolve to Rome a prisoner. After this Bismarck offered Pius IX. an asylum at Cologne, and still later the pope's household formed the project of installing him in the Azores."

Literary Town Names.

If the Commonwealth capital is named Shakespeare it will not be the only Shakespeare in the world. Ontario contributing one already. Bacon, on the other hand, figures twice in United States town nomenclature, though one cannot be sure without local knowledge whether it was the man who did the Bacon's Banquet. There is often that difficulty in looking through town names apparently reminiscent of literature in these days. America is full of Miltons and Byrons, but do they all commemorate the poets? One feels less doubt about the latter than the former. Thompson and the Spillies and Keats. Dickens scores three. Thackeray one. Carlyle a rustic one. Radcliffe eight. Hugo three. Balzac two. Goethe one and Schiller one, but 'tis look in vain for Spenser or Dante. On the other hand, Homer, Virgil, Plato and Cicero abound.—London Chronicle.

WHERE DYNAMITE IS KING

Stupendous Job of Tunneling and Filling Being Done in New Jersey Mountains.

When the grandfather of the present era found his engineers disputing as to the best route for a railway between two cities in his dominions, the autocrat took miles and miles and drew the map a straight line from the one town to the other. "Build it so!" he commanded. And he was obeyed. That was the freak of disempowerment in this present century, skilled engineers set themselves a like task at a saner bidding. Up in the mountains of New Jersey today a straight line is built with a cut-off that, when completed, will shorten the right of way by a few miles, locally, it is the largest railroad contract ever undertaken. The cut-off is being built to save miles—nothing else. To that end, the topography of the country is disregarded as recklessly as the czar disregarded it in Russia aforesaid. Simply the road must run where the company wishes it to run, not where nature offers a path. A mountain in the way must be tunneled, a valley that intrudes must be filled.

It is for this sort of work that the god of dynamite gives up his tons and piles miracle on miracle in achievement. About thirteen carloads with transitory rest to the cut-off from the nearest powder works each week. Allowing four hundred and fifty carloads at fifty pounds each, to a car, we have a total of 322,500 pounds used there in a single month, which amounts to almost ten thousand pounds daily. Just think of it—ten thousand pounds of dynamite exploded in that nook amid the mountains every day! And that has been going on for a year already, and the end is not yet.

Ugly Duckling Child's Favorite. It is the plain, simple doll or toy which brings a child out and in a sense, educates him," says "Sir Lander" in the London Daily Mirror. "Take the case of the little girl and her family of dolls. There are dolls of all kinds, but the one which is loved most by the child is the plain, painted wooden doll with no attractions of special kind. The other dolls may be remarkably lifelike and pretty, but it is this ugly duckling which stimulates her imagination. With boys the plain ball, in my opinion, is the one of the most valuable playthings. Marbles, too, is an excellent game for children. "We have paintings on record, which are about 3,000 years old, of Egyptians playing at ball. Throughout history the ball has been conspicuous as a plaything. I certainly advocate the simple doll or toy which leaves something to the imagination for young children. Let the boys and girls play for Chautauque, too.

FARMS IN THE EMPIRE STATE

New York Headed the Entire List Recently in Hay, Potatoes and Buckwheat.

Let not the agricultural belt look with contempt upon the state of New York as a farming community. It does not pretend to compete with Illinois or Iowa in the production of corn, with Minnesota and Kansas in its output of wheat, but according to a crop acreage list recently published in a report issued by the department of agriculture in New York, it headed the entire list in hay, potatoes and buckwheat. As an apple raiser it is also in the front rank, as well as in dairy products.

Now the census, which no one dares dispute except the resident farmers of New York, rates the farms lands and buildings of New York as worth \$4,176,222,000, an increase in value of 31 per cent in ten years. To be sure, that is less than one-fourth of the assessed valuation of all realty in Maryland, but New York farms in the state average only \$52 an acre in value, while land in lower Broadway has sold as high as \$900 the square foot.

An industry that increased its payments for labor alone from \$7,000,000 in 1907 to over \$100,000,000 in 1910, and which there are nearly 215,000 proprietors deserves the respectful consideration of states disposed to assume that all the business of the United States is done west of the Alleghenias and that the whole state of New York is Wall street's backyard.—New York Times.

Little Left of Legacy.

A few days ago an old woman of eighty, living in a village some twenty miles from Paris, became a widow. Among her husband's papers she found a postoffice bill for 10 francs (16 cents) showing a balance of two francs (32 cents). She went to the postoffice and asked for the money. "Have you sent the taxes on your inheritance?" she was asked and on her replying "No" was told to go to a town three miles off, where she would have to give a receipt for the taxes. On her way she was sent back to her own village to fetch her husband's death certificate.—She got this, but the receipt she had to go to the other town, and was given a paper, for which she had to pay eight cents—six cents for the 10 per cent tax on the one, and twelve cents left by her husband—two cents for the stamp. She then walked the three miles, back to her village, bringing twelve notes in all, found the postoffice closed, and next morning she was given the 36 cents which her husband had left.

To Walk With God.

Life is full of minor vexations as well as major sorrows, and for both the little and the big troubles divine grace must constantly be sought and put into exercise, lest this or that little be swallowed up of overmuch sorrow, as Paul feared some in his time might be. Life is a school, in every school discipline must be maintained. Many of the hard tests that come to us are of our own making, and all are meant for our spiritual good. If God did not love us he would permit us always to be at ease in Zion. There are gains and advantages as the world regards them, which are dear at any price, since they tend to separate us from God. It is better, if need be, to walk in the dark with God, than to go alone in the light.

SINGING HILLS AND CLIFFS

Examples of the Way in Which Nature Creates Musical Sounds Rarely Numerous.

In certain parts of the world are mountains and hills which are said by the natives to sing. In the Pyrenees certain cliffs emit plaintive sounds resembling the strains of a harp. Two other cliffs in the same chain are called the "singers." When the wind in the southwest they send forth a peculiar sound not altogether musical. The faces of these cliffs are marked by deep gullies open in front, which may be compared to the pipes of an organ. At certain times a stratum of air, held between the cliffs and bordering trees, closes the openings while the wind blows freely between the gullies, or organ pipes behind; hence the music that is heard.

At the confluence of the Orinoco and the Rio Meta are granite cliffs which sing at sunrise. Humboldt refers to the phenomenon as the musical stones of the Orinoco. The music is caused by the rush of the expanding air through fissures partially closed by mica.

Many more examples might be cited to show that nature makes use of principles which have been adopted by man in the creation of musical sounds. Not are the musical sounds of nature confined to rocks, mountains, and hills, for in Hawaii is a sand-bank fifty feet high, which when the hand is moved about in the loose sand, produces a sound like that of a melodeon. It is said that if the observer slides down the bank on his back, dragging both hands in the sand, the sound becomes as loud as faint thunder.

Wood-Splitting Contest.

Three of the Eves brothers attempted to break the record for cutting and splitting wood made several years ago by members of their family. The contest took place at Cortland. The record of the elder brothers was 30 cords in 9 hours and 20 minutes. Saturday's work resulted in 34 1/2 cords in 8 hours and 30 minutes. Seneca Herald.

THE EARLY DAYS IN TWO COUNTIES

HAPPENINGS AT THESE PERIODS

Old Events in Wayne County Thirty Years Ago—Old Times in District County.

From the Wayne Review, published by Hunter & Christie, at LaPorte, Ind. 1881. A daughter was born to Mr. and Mrs. P. Dixon.

Regular trains have been running on the S. P. M. & O. railroad. Wayne county was without a regular physician after the new law went into effect.

Died of diphtheria. (Thirty years ago) Mrs. and Mrs. C. E. Hunter, of LaPorte.

The railroad announces a reduction in passenger rates from 5 cents to 4 cents a mile.

Real estate transfers are frequent, and the Review suggests that the rate of cheap lands in Wayne county is fast and sure.

The prospect in the town of Wayne did not look so favorable to certain merchants contemplating locating there when they came to view the landscape over it, as it did at a distance. They could not see enough of distance there.

From the Wayne Herald, published by W. H. McNeal, June 25, 1891. Died, of apoplexy, Charles Thompson, aged 47 years.

Hill as large as hen's egg fell in the vicinity of Norfolk.

The Wayne ball team went to Popea and defeated the club of that place.

The tailor shop of Lon Holtz was broken open and robbed of a pair of pants and a high top boot just finished for a customer.

The Herald boasts of the flourishing condition of the Wayne Summer Normal under the management of Professor R. W. Ashley, Professor J. J. Glisterleeve and Miss N. E. Hochstadt, and predicts that it will be the most successful one in the state.

From Wayne Herald, published by W. H. McNeal, June 27, 1901. Wayne ball team defeated Wakefield in a score of 20 to 8.

Frank Gaudin graduated from the Kentucky Military academy.

A manager, GEORGE W. Woodman, Bull Spitzberger and Miss Woodman. Seven cattle and four horses were killed by lightning on the farm of J. R. Manning, near Carroll.

Laying of the cornerstone for the new Lutheran church erected on the corner of the two streets north of Wayne is announced.

Mrs. Clarissa Harmon, who was seriously injured in a fall at the court house, died at the age of 91 years. She came to Wayne county in 1869.

George E. Kinnison, a student at the University of Michigan, died of typhoid fever.

At the meeting of the commissioners, J. J. McAllister was appointed county attorney for the ensuing year.

Near DeSoto a four-foot vein of quartz has been discovered. It is reported the same vein which was struck by the Ponca agency at a depth of 20 feet.

It was our extreme good fortune on Tuesday to meet upon the street Prof. Brewer, who a few years ago was celebrated for the discovery of the Wisconsinian.

The new town of Wayne, in Wayne county, according to common reports, will have five hundred homes and twenty-five hundred people before long.

And yet it is said that there is not a house within a mile of the proposed town at this time. When the matter is settled it will be an important event for this county.

Middle-aged and Elderly People.—Use Foley Kidney Pills for quick and permanent relief in all cases of kidney and bladder troubles, and for

FORMER PONCA GUY KILLED. Doctor diagnosed that Joseph's pores told of the murder in that city of Mrs. Lucy Marshall, formerly Lucy Gach of Ponca, by her jealous and enraged husband. The murder occurred on the morning of the 10th inst. Mrs. Marshall and George W. Curtis, Mr. and Mrs. Marshall lived at Reno, Wyo. and Mrs. Marshall followed Curtis to Denver, where they started a restaurant. Marshall followed and tried to effect a reconciliation, failing in which he killed his wife.

You are eating too much if you can't finish a steak without catnap, horse cough or indigestion.

Foley Kidney Pills contain just the ingredients necessary to regulate and strengthen the action of the kidneys and bladder. Try them yourself. Felter's Pharmacy.

A Good Fellow isn't a good fellow or good for anything else when his resources are exhausted.

It is worse than useless to take any medicine for muscular or chronic rheumatism. All that is needed is a proper application of Chamberlain's Liniment. For sale by all dealers.

Most back aches will not cure unless a little life is observed that the muscles are looking the other way.

Don't use harsh physics. The reaction weakens the bowels, leads to chronic constipation. Get Doan's Regulax. They operate easy on the stomach, cure constipation.

It is all right to tout your own herb occasionally, but don't get the notion that you are the whole hand.

The uniform success that has attended the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy has made it a favorite everywhere. It can always be depended upon. For sale by all dealers.

People don't dread smallpox as much as they used to, but time has done nothing to modify their fear of it.

My child was burned terribly about his face, neck and chest. I applied Dr. Thomas' Electric Oil. The pain ceased, and the child went into a restful sleep. Mrs. Nancy M. Hanson, Hansburg, N. Y.

When a man keeps a diary he thinks it ought to be at least as interesting as the one Pepsy wrote.

Whooping cough is not dangerous when the cough is kept loose and expectation easy by giving Chamberlain's Cough Remedy. It has been used in many epidemics and it will be the most successful one in the state.

From Wayne Herald, published by W. H. McNeal, June 27, 1901. Wayne ball team defeated Wakefield in a score of 20 to 8.

Frank Gaudin graduated from the Kentucky Military academy.

A manager, GEORGE W. Woodman, Bull Spitzberger and Miss Woodman. Seven cattle and four horses were killed by lightning on the farm of J. R. Manning, near Carroll.

Laying of the cornerstone for the new Lutheran church erected on the corner of the two streets north of Wayne is announced.

And yet it is said that there is not a house within a mile of the proposed town at this time. When the matter is settled it will be an important event for this county.

Middle-aged and Elderly People.—Use Foley Kidney Pills for quick and permanent relief in all cases of kidney and bladder troubles, and for

painful and ghastly irregularities, Felter's Pharmacy.

As a general thing, the man who contends that cigarettes are the least harmful form of tobacco, is a man who smokes them.

A Leading California Druggist. Pasadena, Cal., March 9, 1911.—Foley & Co., Gentlemen: We have sold and recommended Foley's Kidney and Tar Compound for years. We believe it to be one of the most efficient expectorants on the market.

There are those many who seem to doubt most of their loyalty to the lodge, admitting of course the extolment of lodges in their neighborhood.

Your Neighbor's Experience. How you may profit by it. See Foley Kidney Pills. Mrs. E. G. Whitling, 309 Willow street, Akron, O., says: "For some time I had a very serious case of kidney trouble and I suffered from a discharge from the bladder. I had speaks floating before my eyes and I felt all tired out and miserable. I saw Foley Kidney Pills advertised and got a bottle and took them according to directions. My symptoms were almost at once. The pain and dizzy headaches left me, my eyesight became clear and today I can say I am well woman, thanks to Foley Kidney Pills."

Balzac. Balzac drank of Eugene Grand and Ureole Miroulet in the mean of the most famous doctors. Cabane lectures. He used to shut the window shutters to exclude air, ferns and objects, drink coffee from tin but not from Delft, cup and saucer and give himself eye to his imagination. From sun and moon to the stars. He heard saw a scratching on his back. He was more frequently than not reproached for his eighteen-out-of-the-door children. His mother of women knew very little about them but his gift of divination and his delicate power served him in good stead. He was a man of great strength of mind, great energy and wealth of unselfish devotion, and of delicate sentiment wrapped up in them.—Paris Letter to London Truth.

Here is Real Superstition.—A little book published in Cologne in 1665 under the title of "Gestaltliche und tethliche Krankheiten des Pest" gives a crude explanation of the plague and its various forms. It is full of the most grotesque and absurd notions of the planet, eclipses of the moon or sun, inundations, earthquakes, famines and wars. Often, also, it shows the origin of the plague, ducks and geese. It is frequently attributed to the anger of God for man's sin;—such as injustice;—and the anger of the angels. The book is full of the most grotesque and absurd notions of the planet, eclipses of the moon or sun, inundations, earthquakes, famines and wars.

WINSIE LADY HONOURED. Laurel Advocate. The home of Mrs. A. C. Coltz was the center of much merit Thursday night, when it was opened to about forty of her lady friends, in honor of Mrs. H. E. Siman at Winzie. The occasion was one of the guests, was interspersed with several piano selections, rendered most tastefully with excellent touch and beautiful interpretation, by the guest of honor, Mrs. H. E. Siman, who played with much interest. The guest who first correctly answered the hostess's question with the name of a flower was presented with a coronation. The guests were then asked to display their talents by writing a few lines forming the poem: "Kiss." The judges were baffled in their decision, so gave four worthy mention. Mrs. H. E. Siman, who wrote: "Kiss me, my love, as you kiss the dew on the grass, and I will be as fresh as a rose." Mrs. Fred DeWitt acting as assistant. Messrs. Christy Galt and Alfred Ponce served as officials, and during the evening.
