PLANS FOR BOOSTER EXCURSION MONDAY

DEALERS TO VISIT NEIGHBORS

Will Advertise Special Clearing Sale Days and Give Away Wayside Chautauqua.

The hot weather has not paralyzed the enthusiasm of Wayne merchants as witness their detailed announcements for special sale days, Thursday, Friday and Saturday, July 25 and 26. To further boost for this extraordinary bargain event, fifteen automobile loads of Wayne's live wires will start out Monday morning on a tour of neighboring towns. They will visit Wakefield, Winslow, Laurel, Randolph, Carroll, Dixon, Hartington, and Seward. They will distribute bills advertising the sale and the Chautauqua which comes later. They will boost for Wayne along all lines. Anyone with a car wishing to join the trip and take passengers to S. J. Apple, is requested to report to Fred Blair at N. A. Senter.

COMMITTEES BUSY PLANNING PICNIC

GETTING READY FOR REUNION

Col. T. J. Majors of Fern, to make Peñacopa address—Sioux City Band May Furnish Music.

Last Thursday afternoon, heads of committees of the Old Settlers' and Pioneer's association met at the city hall at which time definite plans were made for the annual meeting to be held on Thursday, August 7. President Ferguson is greatly encouraged with the outlook for a successful meeting this year. The program committee has secured Col. T. J. Majors for the principal address and an attractive feature will be added to the program—Professor M. S. Davies, chairman of the music committee, is working up a large chorus of mixed voices, and he will arrange other special musical numbers. G. M. G. will be in charge of the picnic, which has an important part to fill and will do his part toward making the meeting a success. Miss Charlotte M. White is chairman of the reception committee. She will be assisted by a large number of helpers. The picnic will be held at the city hall on August 7, and will be held at home. Fred S. Blair, chairman of the committee on amusements, is at work and there will be no lack of enjoyable events in the afternoon. The secretary was instructed to take up the matter with the chairman of the board that Red's band of Sioux City, Ia., will be here and furnish music for the occasion.

On the whole, Thursday, August 7, 1913, will be made a red letter day for Wayne county and all persons interested in the success of the meeting this year, and all who are desirous of bringing alive the spirit of the organization should join the executive committee in its endeavor to make the forthcoming reunion of old settlers at Wayne a success in every particular, and to give the program an planned the widest possible publicity.

DISSATISFIED BOY LEAVES FARM HOME

HIS DESTINATION UNKNOWN

The Anxious Parents Offer Reward of \$50 for Information Locating Their Son.

Pete Martin, aged 17 years, son of Mr. and Mrs. Fred H. Martin, who live there and one-half miles north of Wayne, left home Sunday and has not been seen since. He started out apparently to visit a neighbor, but instead came to Wayne, and was seen on the eastbound train in the afternoon. Before leaving, he told a Wayne boy that he liked his parents, and had had no trouble at home, but did not like farming, and proved to be a serious farmer, and had previously talked to his parents about his aversion to farming and his ambition to become a railroad man. But no one at home had any suspicion that he intended to leave.

The parents are anxious to find the boy, and have offered a reward of \$50 for information locating him. He has a fair complexion, brown hair and blue eyes, and wore a dark brown suit, salt or straw hat and tan shoes. The family moved to Wayne county from Iowa last March, and location of his farm vacant by Wayne Washburn.

RECEPTION AT LEY HOME LAST EVENING

These hundred invited guests attended the marriage reception given by Mr. and Mrs. Henry Ley at their home last evening in honor of Mr. and Mrs. Le Roy W. Ley whose wedding took place recently. Elaborate plans for the social function were carried out in a faultless manner, under the direction of Mrs. Henry Ley. The guests came in four groups, the first at 7:30, and remained in honor.

The guests were received at the entrance by little Nellie Lane and Joy Ley who ushered them into the reception hall where they were received by Mrs. Henry Ley, Mr. and Mrs. Le Roy Ley, Mr. and Mrs. J. L. Kane, and Mrs. C. M. D. Ward.

The reception hall, parlors and stairs were artistically decorated with ferns and pink and white roses. The background in the library was banked with palms and ferns, ferns and pink and white carnations were judiciously placed on the dining room table. The south porch was fitted out in Japanese style, and in that department was found a large punch bowl at which presided Mrs. F. S. Barry and Henry Ley, Jr.

Both attended in Japanese costumes. In the east parlor, the grand old organ was played by Mrs. Le Roy W. Ley, who played the organ, and Mrs. Le Roy W. Ley, who played the organ, and Mrs. Le Roy W. Ley, who played the organ.

Before leaving, the guests were invited to inspect the many beautiful gifts presented to Mr. and Mrs. Le Roy W. Ley.

The youngest of the guests arrived at 10:30, and on invitation, they were furnished with the extra enjoyment of a dance at the opera house. At a proper juncture in the proceedings, the bride's bouquet was brought forth and sent flying through the air, and a half of it fell into the hands of L. A. Kiplinger and the other half into those of Miss Florence Welch.

It is needless to say that each group had a pleasant time and felt royally entertained.

IMPROVEMENTS FOR WAYNE IN PROSPECT

ELECTROLIBES AND PAVING

Information as to Cost Being Ascertained—Incubator Factory for Wayne Talked of.

The Commercial club executive board did not meet Tuesday on account of other attractions, but will get together soon again and hear reports, and consider propositions looking to public improvements. The secretary has written the David City club to ascertain the cost of electrolibres and paving recently put in there. There is a general conviction that steps in that direction should be taken in Wayne.

It is understood a proposition will be presented to the club having in view the establishment of an incubator factory here. The fact that Wayne has been known a long time as an incubator town would give a new industry considerable advantage. It is exciting for an enterprise of the kind here, and it is not likely to remain long unaccepted.

Several contemplated enterprises and improvements are to be discussed by the club committee. New people moving to Wayne, and new industries and buildings, will be discussed in prospect, encourage the committee in its efforts for a bigger and busier city.

"THE WITCHING HOUR" SCORES BIG SUCCESS

"The Witching Hour," presented by the high school students at the Grand Hotel Tuesday evening, was greeted by a packed house, notwithstanding the barrier of intensely hot weather. The yards had been filled with cars and each was well taken. The unfolding of the interesting plot by skilled performers, and the splendid music furnished by the large audience, and frequent applause gave evidence of the appreciation. By reason of the fact that many who wanted to see the play could not gain admittance to the opera house Tuesday evening, the performance will be seen by an advertisement elsewhere in this paper.

If Fred Phillee had not been running at a very low speed with his Ford a few weeks ago, last week when a boy, playing in the street, ran in front of the car, there would undoubtedly have been serious consequences. A son of J. W. O'Neal was playing in the street with companions and apparently did not see the approaching automobile. Mr. Phillee blew his horn, and as he approached the crowd of boys, he slowed down. Unfortunately, the lad, who was running from a companion, jumped in front of the machine. Mr. Phillee applied the brakes and stopped the engine and brought the car to a standstill. The boy was knocked down, but was not run over, and luckily escaped injury. The experience should be a warning to boys to exercise caution when playing in public streets. If Mr. Phillee had been driving at high speed, with his head car he could have stopped so quickly and results would have been more grievous.

OPPRESSIVE HEAT CAUSES SUFFERING

The heat has been so intense this week that labor under the blazing sun during the middle of the day has been unsafe and almost impossible. It is understood that farmers have wisely followed the practice of suspending field work when the weather has been hot.

There has been some suffering from heat among students attending the summer session of the State Normal. One student, Miss Stella Spahr of Plinville, was overcome by the heat Tuesday morning and a physician had to be called to revive her. It has been suggested that the state could well afford to furnish normal schools with electric fans for use during the summer term.

DISPUTE RESULTS IN PHYSICAL VIOLENCE

At Norfolk Monday afternoon, when the ball team at that place was playing the Hawaiian natives, a sanguinary riot was precipitated. The riot was headed by Mayor C. W. Verger of Norfolk, and Editor Frank E. Martin of the Bath Creek Enterprise. The mayor explains that Martin and companions came on the ground using abusive language, and later addressed him impudently, it is supposed in regard to some trouble over a game at Mendon Grove.

of importance in the city and surrounding country, and giving some interesting features of the program of the national educational meeting. The address of Dr. J. A. Beattie at convocation last Thursday morning was greatly appreciated by students and faculty. Dr. Beattie has been very responsible positions in educational work, the most notable being the presidency of the Pan normal school, 1892-1896, and later president of Hiram college, O.

Perhaps the best known and best loved man among the school men of this country is Dr. A. E. Winship of Boston. His address on "The Person of Element" was one of inspiration and nobility to the large audience that listened to him in the chapel of the Normal school last Friday evening, and we are sure that many teachers of northeast Nebraska will go out better equipped for efficient work because of having come in touch with this great educational leader.

Henry Stehr Resentenced. Madison, Neb., July 15.—As an attendant of the state prison at Lincoln, the sentence beginning with November 27, 1911, at which time Henry Stehr began to serve an indeterminate sentence of one to five years passed upon him by Judge Welch in November, 1911, term of the first court. If Stehr is allowed the customary two months per year for good behavior by the prison authorities, he already has served the full two years' sentence passed upon him today, and without doubt he will be released within a few days. His wife and baby reside in Madison.

HERALD EXCHANGE GLEANINGS OF WEEK

Randolph's chautauqua opens August 8 and lasts eight days. The Randolph Enterprise urges John Kohl of Randolph, as a candidate for governor on the democratic ticket. It is reported that the heat register in High "ar" 147 degrees in the place of 118 on the 20th day last week. Please Call: Dr. J. R. Severin came up from South Omaha the Fourth and visited a couple of days with friends.

The doctor is well pleased with his position in the government service in the department of animal industry. The Dakota county pioneers' and old settlers' association will hold its annual picnic at **Waukegan City on Thursday, August 28.** The Harrington News wants a thorough and impartial investigation of bridge building in Cedar county, and criticizes the county board with a good deal of severity for not making provision accordingly. The editor of the Pierce Leader serves notice on the public that he is still a democrat, but adds that "we are not going to be tied so blamed tight that we will support any old dud of a candidate because he is a democrat if he does not come up to the standard with the opponent."

Figuring over the number of surgical operations performed every week, the Ponce Journal Leader urges the establishment of a hospital in the town as a valuable business enterprise. The paper contends that people would rather have operations at home, and would thus leave their money at home. If a hospital were handy, more people might decide to let the operator on. A home industry of this sort, impossible to be interfered with by mail-order competition, would become popular and prosperous. Harrington News: Three human skeletons in a good state of preservation were uncovered by Road Overseer L. A. Case Tuesday while he was making a cut on the top of a hill two miles south of town. The skeletons were buried only two or three feet deep, and were covered with clam shells. The grave also contained a few horn ornaments cut into beads about an inch long. The dry sand on the top of the hill preserved them from decay remarkably well, and they might have been buried there more than forty years ago, no one having any recollection of such a burial since the settlement of the country. Possibly they were the remains of Indians, trappers or early adventurers who were overthrown by the storm-robert while this country was yet a wilderness. The skulls were intact, and showed no signs of violence. Perhaps some early settler might be able to throw light on the origin of the grave. Perhaps it will always remain a matter for conjecture.

What interurban lines have been for the Illinois town mentioned in the following from the Fremont Herald, they would do for Nebraska towns: Tom Fahay was born and raised at Peru, Ill., and he has been in the habit of go-

ing back there regularly the past few years to see the "old folks." For twenty years the old town stood at a standstill, and then someone had the nerve to agitate an interurban railway. Peru and La Salle almost join together. They are known as the "Twin Cities" by all people central Illinois. The two towns stood shoulder to shoulder and fought interurbans to a standstill, but the interurbans came, with the result that Peru took on such an advance that the town is hardly recognizable by former residents. The streets have been newly paved, a \$150,000 hotel erected, a boulevard has been built along a high bluff overlooking the Illinois river, and it is lined with beautiful, modern homes, and the business of the town is rated as better than was known even in palmy days when passenger and freight steamers ran up the river from St. Louis. And instead of one interurban, the town has three such lines, and Mr. Fahay says interurbans are credited with the rejuvenation of one of the best and prettiest towns in the state."

COL. BIXBY REFERS TO POET JOHN NEIHARDT

Bixby in Lincoln County: How many Nebraska people know anything about Robert Bridges, the new poet laureate of England? If he lives until the twenty-third of October he will have rounded out his sixty-ninth year. All his life, his doctor has been a thoughtful, unobtrusive character, content to observe rather than be observed. For thirty years, he has lived in retirement at Oxford, in close communion with the artistic and artistic that time he has written a great deal, and a small portion of his work, which has looked it over, pronounced it good, and "passed it up." Now that he has received unalloyed recognition as court poet of Great Britain, people will read what he writes and has written, and the critics will get busy writing criticisms of his work. Robert Bridges has been a long time on the way, but he is here. What shall we say of him? Let him speak for himself in his own modest way: O my uncarved songs, what are ye worth, that in my secret book with so much care I write you, this one here and that one there, marking the time and order of your birth? How, with a fancy so unkind to mirth,

A voice so hard, a style so warm and rare, Look ye for any welcome anywhere. From any self or heart—home on the earth? Should others ask you this, say then I was young, finding I should have loved and there to turn'd. "Twere something yet to live again among The gentle youth beloved and where I learn'd My art, he then remembered for my song. Contrast if you will, the work of the new laureate of England with that of our own John G. Neihardt, who if it were in our power to bestow the honor should be declared the poet laureate of North America. Mr. Neihardt is heroic, sweeping, compelling in the rhythmic roar that goes up when he mounts the foam-flecked Pegasus and tames the spurs into his "bleating flanks. "Give me the heart of man," writes Neihardt; and you have the feeling that a heart will "come up for one" in instant recognition of his demand or the water and chef will be hitting the ties for the next town inside of half an hour. There is nothing apologetic in the way the American poet puts it up to you: "If you are stupid, and can't appreciate it, go your way, but keep out of mine."

"I am a fierce brain-stormer
Out of the western wild;
I am a great reformer,
I am a perfect child.

"I am the snow-capped mountain,
Kissing the sky of blue;
I am the gushing fountain
Thunder and lightning, too.

"I am the tempest roaring
Over the desert plain;
I am the giant roaring,
I am the rushing train.

"Everything earthly falters
When I begin to think—
Where are my pans and bladders?
—Bring me a tub of ink!"

Neihardt's poetry thrills you like the news of a political victory. You picture him as a modern John G. Neihardt in the fittest possible condition to meet all comers. He has it taken, who are my pans and bladders? —Bring me a tub of ink!"

Still it wouldn't be so bad if a man could confine his spring fever to springtime.

A scene of gaiety is a great aggravation to a man who is really tired and wants to sleep.

A young man never knows as much as he thinks he does, and this rule is hard-to-observe-in-lifetime.

A few women are born lucky and have as many clothes in later years as they had when they got married.

The local postoffice situation has not materially changed. The present postmaster's term expires next February, but when the time comes, there will be enough candidates in the field to make a lively contest for the place.

Hard coal is said to be selling at \$10.75 per ton in Omaha, and it is further said that the price will go up next fall when the need of fuel becomes more apparent and pressing. It is not easy at this season to arouse much enthusiasm over the fuel supply.

The Los Angeles boys who took the liberty to blow a whistle on an interurban car, causing another car to crash ahead and plunge into it, with many fatalities and serious injuries, were just ambitious to do something extraordinary to call attention to themselves, and they succeeded in doing it very effectually.

The Columbus Telegram advises the governor that the state normal board is supposed to be non-partisan organization and therefore that he should not appoint a republican as a member. The governor being a democrat, he should take a non-partisan view of the board by appointing a democrat. The Telegram thinks he appoints a republican will show himself offensively partisan.

The parasite living on society without rendering any service in return, is not a knocker. He just absorbs all he can and gives nothing back, doing both cheerfully and gratefully. But he does not kick and do unnecessary injury. Therefore a knocker who knocks against public or private enterprises is in a different class from a parasite. He not only does nothing in return for what he gets, but seeks to tear down and destroy the town which sustains him.

There is a growing belief that the state legislature needs reforming—reduced in size and increased in understanding and efficiency. It is believed that common-sense thinking and effort during legislative session is confined to a small minority of the membership. A few do the business, and they have to log around the majority who are on the payroll, and have a voice in the proceedings. As a result, work moves slowly and expensively, and little real work is accomplished. It is argued that the state would get better service at greatly reduced cost by abolishing the legislature and employing in its place a commission of thoroughly competent men to be on the job all the time.

The plan of Secretary Bryan to spend his summer vacation on the lecture platform for pay, thus enabling him to add enough to his salary to live without encroaching on his capital stock, has developed a good deal of adverse criticism, especially at Washington. So much interest was aroused that Senator Bristow of Kansas took advantage of the opportunity to get into the limelight by introducing a resolution designed to result finally in an increased salary for the secretary, so he would not have to do other work than his regular duties to make a living. No objection was made to show that Mr. Bryan is neglecting his duties. While he no doubt often deserves criticism, it looks decidedly pennywise to raise a roar over his lecture series covering the vacation period.

In Tuesday's Sioux City Journal appears what is called a snapshot picture of President Wilson and wife and daughter. Each one's photo was caught afar. It is cruel to photograph people without giving them an opportunity to arrange their faces to show off to the best possible advantage, and people submitting to a photographic operation should be careful to see that their facial features are so adjusted that they can make the best appearance of what they are capable. Nature was not overly generous in providing for the good looks of the president and family, and whenever they are photographed the highest skill should be employed. If they forget to close their mouths during the operation, they should be gently advised to do so.

ANOTHER SNAP IN WAYNE HOME.

One of the best bargains in a Wayne home will be found in the residence of O. A. King, situated about one-half mile between the State Normal and the high school. The place is modern throughout. Cemented basement under the entire house; first-class furnace; good eaters, and automatic pump supplying soft water for upper floors and bathroom; hardwood floors; awnings, screens, and storm windows; electric lighted and costly fixtures for the purpose; big plot of ground with valuable shade trees; cement walks. Everything up-to-date and first-class. This place is certain to sell soon, and anyone wanting a modern home at a bargain should call it. For particulars inquire at the Herald office, Wayne, Neb.

BROKE UP THE GAMES.

Charley's Antics With His "Bread and Butter" and Sugar On.
Charley was a nice, busy, beg, but he had one serious fault, which I deem it my duty to mention, although it was perhaps a natural outgrowth of his habit of being so busy. He was a very fat man, and he was very fat. He was so fat that he was always out of breath when he was running, and he was so fat that he was always out of breath when he was running. And that, too, you will say was natural enough if you've been a boy. He didn't hold it in the grasp of his hand the other boys; he elevated it dutifully on the tips of his fingers and thumb, just as a water carrier carries a tray. That, I say, was immoral. And he ate around it in concentric circles, ever approaching the supreme saccharine pinnacle of palatability at the geographical center of the slice. But long before he had circumvented his trencher the first time most of us would be scampering for home to get the nearest policeman that would interfere with our would produce.—William Brady, M. D., in the Outlook Magazine.

How To Buy Cheaply

It is very good economy to buy certain groceries in quantities. There are canned goods which you will find it wise to buy by the half-dozen or dozen cans. You not only effect a considerable saving, but you will find the convenience worth while. This is particularly true of canned soups, pork and beans, salmon and mackerel, and such foods as may always be used in emergency. We select a trial order. We give you what you want, when you want it. We are so careful in our grocery buying that you don't have to be careful in yours; just use us.

Five ordinances were passed: one making the annual appropriation, one providing for the appointment of a city physician, one fixing the time for regular meeting of the city council on the second and last Tuesdays of each month, one providing the annual tax, and one regulating the wiring of buildings. The street commissioner filed his report showing sidewalks, alley crossings and bridges that are dangerous, recommending that new ones be constructed. His report was accepted, and steps taken to make needed improvements.

ORDINANCE NO. 218.

An ordinance providing for the annual appropriation bill of the City of Wayne, Nebraska, for the fiscal year commencing May 6, 1913. There is hereby appropriated out of the general fund of said city the sum of \$3,650, as follows: Printing and supplies, \$150.00; General and incidental expenses, 1000.00; Salaries, 2500.00.

Section Ten.—The above appropriation aggregating the sum of \$46,295.00

is the total expense and expenditure of funds for all purposes for the said city of Wayne, Nebraska for the fiscal year beginning the first Tuesday in May, 1913.

Section Eleven.—This ordinance shall take effect and be in force from and after its passage, approval and publication as required by law.

Passed and approved this 14th day of July, 1913. C. A. CHACE, Mayor. J. M. Cherry, City Clerk. (Seal) J170

ORDINANCE NO. 216

An ordinance governing the wiring of buildings for electricity and governing and fixing the location of electric light meters, and providing a penalty for the violation of any of the provisions of this ordinance.

Be it ordained by the Mayor and Council of the City of Wayne, Nebraska:

Section 1.—No electric wiring shall be erected or maintained in the City of Wayne, Nebraska, which will not meet the Rules and Requirements of the National Board of Fire Underwriters, a copy of which rules and regulations are now on file with the City Clerk.

Section 2.—All apparatus and Equipment, including switches, fuses, switches, boards and appliances of every kind, shall be of the most approved pattern, and as safe as can be had.

Section 3.—Electricians and all other persons or persons acting or repairing electric wiring shall leave the wires exposed until after the same has been inspected and approved by said city.

Section 4.—Electric meters shall be placed on the outside of the building, and in such position that they can be read without the use of a ladder or other appliance, and shall be so situated that the dial shall not be less than 6 feet 6 inches from the floor and floor, and if they are not under a porch or storm shed, they shall be protected by a box not less than 14 inches high, 14 inches wide and 10 inches deep, and if of wood, shall be lined thoroughly with asbestos paper, and have a door securely hung which shall also be lined with asbestos paper.

Section 5.—All electric light meters which are now installed, which are not in conformity with these requirements, shall be removed by the owner of the premises on or before the first day of October, 1913, and so placed that they can be read without entering the house or other building.

Section 6.—In public buildings, stores and other public places which are kept open and are accessible at all times, the above sections 4 and 5 shall not apply, provided the meters are in a convenient place, and in such position that they can be easily read without the use of a ladder or other appliance.

Section 7.—When electric wiring has been completed, the contractor or owner of the premises shall notify the City Electrician that it is ready for inspection, and shall not cover up any of the work or suffer anyone in his employ to cover said work until the work has been inspected, and he has received a certificate to the effect that the work is approved by the City Electrician.

Section 8.—The owner of the property shall pay for each inspection the sum of \$1 for each inspection, and shall be collected the same as other City accounts.

Section 9.—In case the work is not properly done, the work shall be taken down and be put up properly and then re-inspected, and the owner of the property shall pay an additional fee of \$1 for re-inspection.

Section 10.—Any person or persons, partnership or corporation found violating any provision or section of this ordinance shall be deemed guilty of a misdemeanor, and on conviction shall be fined in any sum not exceeding \$5 and costs of suit.

Section 11.—Light users who shall fail or refuse to comply with section 5 of this ordinance before October 1, 1913, shall have the lights cut off from said building until the changes are made.

Section 12.—All ordinances or parts of ordinances in conflict with this ordinance are hereby repealed.

This ordinance to take effect and be in force from and after its passage, approval and publication as required by law.

Passed and approved this 14th day of July, 1913. C. A. CHACE, Mayor. J. M. Cherry, Clerk. (Seal) J171

The East Is Calling You. Western New York Offers You....

Better Land for Less Money

Than Any Other Place.

You can make no better investment than a Fertile, Well Improved Farm, near markets. You are offered your choice of 300 improved farms in the richest counties in Western New York. These farms are at the door of the world's greatest markets—forty million of people to feed. You hold the keys to the world's markets when you buy a farm in Western New York.

Here is the kind of farm you can buy in the Lake Region of New York for \$99 per acre. Note the handsome house, the big barns and the shady lawns. This farm is in the peach district. Men grow rich growing peaches, apples and other fruits here. There are no wormout farms in this part of New York. These farms are more fertile and produce bigger crops than most farms in the midwest, and prices are 25 to 100 per cent higher for everything you raise. Why are land prices low?—The young men have jumped over dollars in the country to pick up dimes in the cities. The old men have grown rich on these farms and want to retire. It's your chance.

House with Furnace and Bath on Farm No. 8104. Large, new barn.

Farm No. S 102—85 Acres, \$99 per Acre—\$8,400.

Here is an excellent farm, only one and one-half miles from Kendal, three miles from Romulus, a village of 500 people, and about eight miles from Geneva. School and church about one-half mile away. Neighbors all about. Beautiful Seneca lake one mile west with plenty of opportunity for boating and fishing.

The soil is fertile and well drained. There is some timothy and clover and about five acres of alfalfa.

The improvements are substantial and very attractive, the house having eight rooms with a large attic, and it is heated by a furnace. There is a roomy cellar with stone foundation and cement floor. A good well is just at the door and a cistern pump in the house. There is also a woodshed and laundry. Around the house and some splendid old maples and other shade trees.

The barns are well painted, the main building being 24 by 70, with 16-foot posts and stone foundation. There is a wing 16 by 32 feet. There are also open sheds for stock and machinery. There is an old house used for a tool shop, also a chicken house, hog house, etc.

The value of the improvements, if replaced, would mean an expenditure of at least \$5,000, and such a farm in Illinois or Iowa would readily sell at \$200 per acre.

ALFALFA

Raised the price of western farm lands 50 to 75 per cent. They have just begun to raise alfalfa in New York State, and are producing as much per acre as is raised anywhere in the west and it brings \$18 to \$25 per ton. What does yours bring?

FORTY MILLION PEOPLE LIVE

Within a few hours' ride of the 300 farms we offer for sale in Western New York. Do you realize how much it takes to feed that multitude. This state has ten million people and about eight million live in the cities—they expect the farms to feed them. If you live near enough to market to save you ten cents on a bushel of wheat.

WHO GETS THE DIFFERENCE?

The New York farmer gets from \$6 to \$11 per acre more for his wheat than the western farmer, because he is nearer to market. The same is true of all farm products. These Ontario and Seneca county farms produce big crops of Alfalfa, Clover, Wheat, Corn, Oats, Timothy, Potatoes, Cabbage, Beans, and this is a

WONDERFUL FRUIT COUNTRY

It has no superior for Apples, Peaches, Pears, Cherries, Grapes, Plums, Apricots, Quinces, Currants, Berries. No fruit failures—smudge pots unknown.

THE PRICE IS RIGHT.

Prices range from \$60 to \$100 per acre. Farms of equal fertility would cost you double the money in Nebraska, Iowa or Illinois. It is absurd to pay \$150 per acre for an improved farm in Central Nebraska with only one-half enough average rainfall to absolutely insure a crop and pay 1,500 to 1,700 miles of transportation, when you can buy a better improved farm that will raise more bushels per acre, in Western New York, within 300 miles of the best markets in the world for less money.

THE WEEK WITH THE CHURCHES.

German Evangelical Lutheran
(Rev. T. Moulton, Pastor)
Services and Sunday school as usual next Sunday—Young people's meeting in the evening at 7 o'clock.

St. Mary's Catholic Church
(Rev. William Kearns, Pastor)
Mass—Sunday morning at 10:30. Benediction at 7:30 in the evening. Catechism instruction at 11 o'clock Saturday morning.

Presbyterian Church
There will be no services next Sunday, but Sunday school at 10:30. It is hoped that all our people will avail themselves of this opportunity to visit the Sunday school and make this day a banner day for attendance, besides encouraging the children in their attendance.

In the evening, all will join in the vespers services on the courthouse lawn.

Baptist Church
Dr. Wilson Allen of Omaha, will occupy the pulpit next Sunday morning. Sunday school at the usual hour.

In the evening, services on the courthouse lawn.

St. Paul's Lutheran Church
(Rev. Floyd E. Blessing, Pastor)
The subject for the sermon for next Sunday morning will be "The Modern Pharisee," Matt. xx, 1-10. When Christ was asked, he met with a great many trials and difficulties. Possibly chief among those who caused him trouble were the Pharisees. They were always seeking opportunity to entrap him and hinder the mission which he came to fulfill. But since the days of Christ, the "nam-Pharisee" is not heard very much, for the Pharisee became too well known, that the person who wishes to do the same destructive work, is known by the different name, which seems to give a better impression of his work. But the Pharisee exists today as in the days of Christ, and is still casting his destructive poison against christianity.

Sunday school at 10 o'clock. The interest in our Sunday school work is steadily increasing. Many of the scholars will get their second pay for perfect attendance next Sunday.

The church and Sunday school picnic will be held the last of this month. The committee have been appointed, and plans are being made.

Choir rehearsal next Friday evening at 8 o'clock.

The Ladies' Aid society will meet at the home of Mrs. Victor Carlson July 24.

The pastor spent several days this week among the Emerson people.

A good chance for a good evening lunch at a reasonable price.

Miss Francis Erickson will lead the league service on Friday evening, July 26; John iv, 10-14, vii, 37-39. Come, bring a friend with you.

A splendid service last Sunday morning. Hough Hall and a good feeding.

The subject was "Christ's Crucifixion." Come with us next Sunday, Oct. 11, 1913, at 1 o'clock, p. m. She has just been repaid, even if the temperature is high. We are saved, for such was the price.

July 30-August 7—finest gathering in the state and nation—Nebraska World league assembly at Lincoln. This year, Bishops Bristol and Stratton, Bishop Batiste will give a series of evangelistic sermons, Bishop Stanz missionary addresses. Leaders and lecturers as follows: "Lung Pow," Chou, a native of China; Charles M. D. Abington, a native of France, son of the famous historian; "Beth-My-Fa" Patterson of Bethel, Bishop of the U. S. C. E.; Governors Hadley of Missouri and Hanley of Louisiana and Haddon of Alabama; Dr. George R. Stewart of Tennessee, preacher and lecturer; Dr. Byron L. Lick, illustrated lecturer on Babylonian culture; "The Bible and the People" and "The Bible and the People" by Dr. Eugene Blake of Chicago, on Sunday school; Miss Lamonaux addresses the girls Saturday. Other notable men and women will be heard, as well as many of the leading musicians and entertainers. A good chance for your vacation company. Write President L. O. Jones for terms.

suffered from rheumatism—a patient, uncomplaining endurer, and through it all a hostler, more useful life could not have been lived. Saturday evening, June 7, 1913, she was stricken with paralysis, and during the days and weeks following all that loving care and skill could do was done for her, but to no avail—she passed away very peacefully and quietly Tuesday evening, July 9, 1913, at 1 o'clock, p. m. She has just been repaid, even if the temperature is high. We are saved, for such was the price.

The funeral services were held at the home in University Place, Neb., Wednesday afternoon at 5 o'clock, July 17, conducted by Rev. A. L. Kasper, pastor of Westminster Presbyterian church of which church deceased was a member. The floral offerings from relatives and friends were many and beautiful. Thursday morning, July 10, the family left with the remains for Stanton, Neb., where they were buried. The remains of her father and mother, where, also, eight years ago, the eldest son, William, was laid to rest. Upon arrival in Stanton, the casket was placed in the Congregational church, where the body was viewed by the many relatives and friends from Stanton, Wayne and Carroll. A simple and fitting service was held at the grave, conducted by Rev. J. J. Klopp, a former pastor and friend. The four sons, Charles, Frank Harvey, Harry and Will Trent, acted as pall bearers.

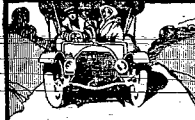

The deceased is survived by her husband, four sons and two daughters, Charles S. and family, who live in Wakefield, Neb.; Frank R. and family at Hatchcock, Neb.; Harvey D. and wife at Hutchison, Kan.; Harry O. and wife at Beatrice, Neb.; and one daughter with her father at University Place, Neb. She is also survived by her two brothers, John and William Batie, and sisters, Mrs. S. L. Conger, Mrs. J. E. Dosey and Miss Mary Batie, all of Stanton and a sister, Mrs. M. R. Beebe, of Forest Grove, Ore.

TO PROTECT BASS.
Lincoln, Neb., July 14.—Game Warden Gust Buetenbeck and Fish Commissioner O'Brien have returned from Dakota City, where they went to look up the proposition of putting up screens at Crystal Lake, near that city, to prevent carp and buffalo fish from getting into the lake at high water periods and destroying the bass, which are quite plentiful in the lake. The lake is comprised of the old bed of the Missouri river, and is about six miles in length. It has been stocked with bass, and if the carp and buffalo can be kept out of it, the fishing for the former will be good.

ATCHISON GLOBE SIGHTS. There are a good many excuses being given for the fact that Atchison has no country-claims members will cure dyspepsia. If some reports were't exaggerated there would be no use of reporting. It is hard for a boy to understand that he may come day get enough ice cream. Strangely enough, a lot of people who can't write prose attempt to write poetry. A woman always insists on a verbatim report, with footnotes and marginal references. An ex-convict finds it hard to live down his record; but he should have thought of that earlier. Man is a selfish animal—regardless of what he says about going to the circus to take the children. As a rule, if a woman is in love with her husband, she needn't put on a show in public to prove it. It is a great good to give a black eye, give him one in return. You shouldn't expect to get something for nothing. An optimist is a gent who hopes to catch fish enough to make his tackle an investment instead of an expense item. Football must seem soft to a youth who has spent the summer feeding wheat to a rapid-fire threshing machine. "Visitors," remarked the grocer as he laid his grocery bill, "I'm disappointed in some respects, but they always have good appetites." Link Preston: "Every time I return from a trip, I say, 'Never again.'" and mean it, for inside of three weeks my hot foot gets restless. On the theory that no one pays any attention to newspaper articles, we urge you to drink all the ice-water you can during this hot weather. I know the birth rate of easy marks is about one a minute, but it is the fact that I am one of them that worries me.—H. to Hoskins.

EX-WARDEN INSANE.

West Point, Neb., July 14.—Peter Feyn of Deemer, an old settler and a man held in high esteem, became suddenly demented and wandered away from home last week. After a search had been made for him, he suddenly returned home. He will be cared for at a private sanitarium. Mr. Feyn was a former assistant warden at the state penitentiary under the late A. D. Bessler, and later was appointed warden of the Wyoming state penitentiary, which position he filled with credit up to a short time ago.

SURPRISING CURE OF STOMACH TROUBLE.

When you have trouble with your stomach or chronic constipation, don't imagine that your case is beyond help just because your doctor fails to give you relief. Mrs. G. Stender, Plainfield, N. J., writes, "For over a month past I have been troubled with my stomach. Everything I ate upset it terribly. One of Chamberlain's advertising booklets came to me. After reading a few of the letters from people who have been cured by Chamberlain's Tablets, I decided to try them. I have taken nearly three-fourths of a package of them and can now eat almost everything that I want." For sale by all dealers.—Ad.

THE BEST MEDICINE IN THE WORLD.

"My little girl had dysentery very bad. I thought she would die. Chamberlain's Colic, Cholera and Diarrhoea Remedy cured her, and I can truly say that I think it is the best medicine in the world," writes Mrs. William Orville Clark, Mich. For sale by all dealers.—Ad.

The Advantage of Buying Your Groceries of BEAMAN:

Beaman's superior facilities for handling fresh fruit in a sanitary way has centered the fresh fruit business to one store and enables the "Ideal Grocery" to have fresh arrivals every day. The fact that our fruit accounts for a very large one gives us prestige over the smaller stores when being filled by the wholesaler.

The addition of a large ice chest enables us to serve you better than ever in fruits and meats.

Our fruits are displayed inside and kept away from the dust and flies, as much as possible.

Our smoked meat department has grown in popularity, and is a saving to those who have patronized it.

We have been able to get the Morrell line of bacon which has the reputation of being the sweetest cured piece on the market. Ask for Morrells.

Watch grape juice used in lemonade is very popular. Ask about it. Order your sardines and salmon by the half dozen, and have them on ice when you want them.

Beaman has the best grocery in northeast Nebraska, and will have the best in the state.
