

THIRD YEAR UNDER STATE MANAGEMENT

PROGRESS MADE BY NORMAL

Increased Attendance and Equipment

Wayne Institution Attracting Attention

Last Friday saw the close of the third year of the local Normal school under the management of the state.

The enrollment of the current year reached 750, the largest yet attained by the State Normal. Various notable additions have been made. A department of domestic science, another grade in the training school, a beginning of regular physical culture work for men, shown in the employment of a special coach for the football and basket ball teams. The new science hall has been completed during the current year, affording relief from congested conditions.

But these things do not tell the story of growth. The best things are not subject to statistical statement.

A distinct change for the better has been seen in the upper classes.

When duty and hesitation were confidence and courage have succeeded.

The upper classes have increased in size, because the high school students of this and other states have come to have confidence in the Normal.

Subordinate in an enormous demand for positions in teaching, because the herds of public schools know of the good work done here. One of the results of this epickening and strengthening of school spirit is the increase in the numbers in the upper classes noted.

The increase in the senior class of the current year, that of a year ago was 40 per cent, in the junior class 100 per cent. The fact is, this section of the state is much more conscious of this institution than ever before, and this confidence is destined to continue.

It is a fitting close of the triennial period that there should be begun the construction of the largest building that has as yet graced the campus of this institution.

Even my President, from his overflows, and the entire community, are so much interested in this addition to the equipment, an addition adequate to the large service to be rendered in the immediate and remote future to this section of the country.

FREDERICK DOLSON CARPENTER (By His Pastor).

Sunday evening, July 27, 1913, at the Royal hotel, there departed this life Frederick D. Carpenter who had been of Wayne's prominent business circles.

He was born at Greenfield, Mass., and arrived by the following letter, was 82 years 1 month and 10 days.

His living children are among the profoundest gratitude and thanks to him for his generosity and his kind and friendly life or in death.

"Mrs. F. M. Reilly, Mollie Robin Carpenter."

"Funeral services were conducted at the home of his wife, Mrs. E. E. Taylor, at Carroll, Wis., July 29, 1913, conducted by Rev. P. B. Glavin, pastor of the Methodist Episcopal church, and were attended by many of his acquaintances and friends. Music was furnished by a quartet consisting of Messrs. William Beckwith, C. Johnson, L. L. Alexander and Willis Pinwood. Interment took place in Greenwood cemetery. At the service the following was read: "A neighbor to his neighbor for many years he sought to be a blessing to his neighbor."

of or knew a man of such keen insight that he would have been known to mislead a man's character.

Another business man says: "He was the son of honor, being upright and honest in all his dealings."

"By many striving to establish a home in this country he was bested by a number of our citizen's distresses and failures. To these and many more his interests seemed to be theirs and not his own."

And their children have grown up to honor and respect this lonely business man, who out of life's great school had learned the kindly effects possible to a man in need.

He was public-spirited. While peculiar, eccentric and even unique in his life, he did not keep himself aloof from the claims that the law made upon him. And what shall we say of his high character and noble and high ability?

In his human interests and actions seemed moved from the heavenly source. We would like to say, knowing, if he had a confidence and trust in the man who first the heart of his life.

He was a man to trust in, in the hour by the side of the road; and he was a friend to man."

LATE BARGAIN DAYS FAIRLY SUCCESSFUL

BUYSEASON AMONG FARMERS

Growth Organization of Business Men Necessary for Highest Success - Local Prices.

The bargain days advertised by local merchants for last Thursday, Friday and Saturday attracted more people than usually come here on ordinary days and were probably as successful in that of attendance and volume of business as could reasonably have been expected in view of the hot weather, the busy time among farmers and lack of organization among dealers.

There was no preliminary meeting of business men here. It was a matter of initiative in making plans rather than in calling dealers together to exchange ideas and decide on the details to be carried out. Arranging for a bargain day festival, business men must hold preliminary mass meetings to gain a full expression of views and to secure complete understanding and agreement. Highest success cannot otherwise be attained.

WAYNE BOOSTERS

Laurel Advocate. Fourteen cars of boosters were here from Wayne Monday advertising the Wayne Chautauque for the last week in August, and the Wayne county old settlers' picnic to be held at Wayne August 7. Brothers Howard of the Herald and Gardner of the Democrat were in the bunch and favored this office with a pleasant call.

Randolph Enterprise: The Wayne boosters for the old settlers' picnic, Thursday, August 7, and the Wayne Chautauque, commencing August 24, will leave at 10:30 a. m. for the picnic about 3 o'clock. There were about sixty residents of that city accompanied by the band of that place in the booster auto. They stopped in Randolph, and besides distributing advertising matter, the band rendered a number of songs.

Special program has been arranged for the old settlers' picnic on Thursday, August 7. Col. T. J. Majors of Peru, will be the chief speaker of the day. The Wayne Chautauque, which commences on August 24, will be a good one, with a fine list of films.

Winkfield Tribune: An enthusiastic crowd of Wayne boosters were in town Monday morning advertising the special rates of the different stores, the old settlers' picnic, and the chautauque August 24. There were a dozen auto and a band of several pieces which gave some good music.

Winkfield Tribune: With sweet dripping from their brows, and dust as thick as communion wafers, the Wayne boosters arrived in Winkfield Monday afternoon about 2 o'clock. Fifteen automobiles were in line for the auto party drive. Wayneites dismounted from the cars and proceeded to advertise the town, while the band played several appropriate selections.

Winkfield Tribune: Fourteen auto loads of Wayne citizens, boosters, men who were out for the purpose of boosting their old settlers' picnic, which will be held August 7, and also to advertise the three day 24th carnival which is to be held the 24th, 25th and 26th of August, arrived in Carroll about 4 p. m. Monday. They were in a dozen twelve-piece band and gave four or five selections on Main street.

Winkfield Tribune: Fifteen automobile loads of Wayne boosters invaded our little city Monday afternoon, and frightened us out of a year's growth. We thought the Japs had crossed over and were invading this country and were about to get our goat, when we spotted the smiling faces of those of the Herald, and Gardner of the Democrat, who assured us they were all from Wayne, not merely on a boosting trip, advertising the three days' sale there, and also the chautauque later on.

The Wayne Chautauque STARTS Sunday, August 24 Lasts A Whole Week.

The annual Chautauque will come in about a month. It is the big "retreat" week of the year. It is the week we look to for our entertainment and our annual "let up" in the hard grind.

If you live out of town, we want you here Chautauque week. It will pay you to come in every day. And bring the whole family along. If you live in town, you can go easily enough. The big tent will be centrally located. Everything will be convenient. Not a long, drawn-out affair. A week of clean, purposeful entertainment.

Let your eye wander through this big list that will furnish the big treat:

- CHANCELLOR GEORGE H. BRADFORD of Oklahoma, church educator and lecturer on practical, inspirational themes. SEN. FRANK J. CANNON, first senator from Utah, son of the first counselor of the Mormon church, tells how the Mormons have failed to keep faith with the people in his lecture on the Mormon Kingdom. FATHER D. J. CRONIN on "Literature Worth While." NELS DARLING, business talk specialist, "Cooperation Between Farmer and Merchant." Mr. Darling has addressed the largest business gatherings in this country. SYLVESTER A. LONG, a Chautauque favorite, because a live lecturer. He has lectured at nearly every big Chautauque in the country. DR. C. C. MITCHELL, the fiery little minister from Rhode Island.

---AND THE MUSIC

The music is a whole story in itself. We know something of the Redpath-Groves reputation in music. They say this year they have gone by any previous record. A whole musical festival worth the price of a season ticket in itself.

Seven companies, one for each of the seven Chautauque days. An abundance of variety, no two alike. And an abundance of "class," picked from the choicest that could be brought together regardless of cost.

THE ITALIAN MARINE BAND, directed by Signor Vinci, director of the favorites of the Chautauque last year, the Venetian Troubadours. The greatest of the Victor organizations.

THE NEAPOLITAN GRAND OPERA SINGERS, the most costly feature in music that has been carried over the Chautauque circuit. An eight-piece orchestra and six grand opera singers headed by Signor Mario and Madame Trette, who made such a tremendous success in last summer's Chautauque.

ABOUT THE COST

The Chautauque doesn't cost the patrons much. That is the wonderful thing about it. A season ticket that costs \$2 admits to everything. That reduces the cost for each attraction to a few cents. You will want to go every day; or some of your folks will. The ticket may be transferred within the family.

The tickets are on sale right now. Ask any of the business men. The Junior Chautauque for boys and girls will be a big feature.

Stedstrom and family will leave for Wayne the latter part of the week. Hoskins loses an esteemed citizen and Wayne gains a desirable resident. Mrs. A. Landquist, et al., in company with her two small grandchildren, visited her son Elmer and daughter Christine, in Marcus, To., the past few days, returned to her home near Hoskins on Tuesday last.

Mrs. Charles Morrow who has been a guest at the Arco home of the late Mrs. J. W. Morrow, for her home of the homestead at White River, S. D. who is accompanied by Frances Schlegel, who spent her last moments at the home of Mrs. Morrow.

Mr. and Mrs. O. S. Writter and wife, Mrs. Emma Writter, took Hoskins for a short visit Tuesday afternoon. The business was transacted on Tuesday by Ralph Waddell who will continue to conduct the same in the local location.

Mrs. Caroline Green, who is the manager of her daughter Dorothy, to Mrs. E. Nelson in July 30, at St. Louis. (Mrs. Miss Green is one of Hoskins' popular young women, in fact was born and raised in this community, where she is admired for her many excellent qualities and accomplishments. Mr. Nelson has been in the employ of the Newman-Gratt company for many years, and now is manager of the Hoskins yard, which place he fills with admirable tact. The good wishes of the community go with these young people.

CORNER STONE LAYING. Sunday, July 27, was a happy event for the Hoskins school children, the corner stone of the new school building was laid. The services were very impressive, several ministers officiating. Mr. Hoskins, superintendent of the Hoskins school, delivered the altar sermon. Rev. Mart. Schepps of Pierce, delivered a forceful sermon, well adapted to the occasion, and Prof. Eberhard played the organ in a masterful way, accompanying the church hymns. Rev. E. J. Spang, of the pastor of the Hoskins church, officiated at the laying of the corner stone laying. Mr. Charles Ohlund, of Hoskins, the architect, and Mr. Utchick, of the Hoskins school, officiated at the laying of the corner stone.

The congregations from Hoskins, Norfolk, Hadar and Pierce were well represented, as there was a immense crowd besides the local congregation.

Now about the church itself, it might be remarked that according to the foundation it will be quite a spacious edifice, viz. 32 by 62 and an 80-foot tower, a large hall, metal ceiling, in short, with all the modern improvements. Mr. Charles Ohlund of Hoskins, the widely known contractor, builds the church, and judging by the work Mr. Ohlund has done before in erecting all kinds of buildings, and a church also, the Hoskins congregation may rest assured that with such a responsible one in taking.

ATCHISON-GLOBE SIGHTS. It may have occurred to you that many of the ancient adages are obsolete, or at least ought to be revised when the modern lines of a 1913 model Oh, very well then, here goes Atchison! "Speak louder than words," but the electric circuit pays better than a boiler factory. Never look a gift automobile in the carburetor. It will break quick enough anyhow. Sanitary Bread Making. Should command the attention of every bread patron. The importance of securing FULL WEIGHT, Parchment Paper Wrapped Bread, NOT TOUCHED WITH HUMAN HANDS is well worth your consideration. Every movement to perfect a wholesome loaf of "TIP TOP" Bread is mechanical even to tie the string to secure the parchment paper. The U. S. Steam Bakery (Omaha) with its many windows, white tile floors and walls, is one of the few bakeries thoroughly equipped with modern machinery entirely eliminating the old hand work method done by perspiring workmen. Try "TIP TOP" - the Bread you can eat - and appreciate its merits. RALPH RUNDELL

ATCHISON GLOBE SIGHS.

We have always regarded the fact that it can catch a rabbit as an insufficient excuse for the greyhound. Summer is cool in Colorado because the altitude is almost as high as the price of other commodities and therefore. Men occasionally wish they could go back to the simple life of Adam, but did you ever sit down on a hedge thorn? When a smoker goes to bed at night, he feels that he won't smoke so much the next day, but the tobacco business is increasing. It occurs to us that the gent who says he will quit that he will do so, is going too far out ahead in his search for trouble.

Don't use a cough medicine containing opium or morphine. They contain the same and do not cure, only soothe the cough. Examine the label, and if the medicine contains these harmful opiates, refuse it. Foley's Honey and Tar Compound contains no opiates. It is healing and soothing.

Wayne County Teacher

THE ANNUAL REPORTS. Mr. S. F. Auker of district No. 19, was the first reporter to rise at the report.

Patrons were welcome at all sessions. Chancellor Fuller's work in Hygiene was of special interest to visitors.

Number 29, commonly called the 'Froese' school, will install a new heating system and repair the building with single seats for next year.

A number of the teachers' reports show that a number of the schools had visited the school during the year.

Some teachers make the mistake of changing districts every year. This is bad not only for the teacher, but also for the school.

The little red schoolhouse is to be run in the rural districts. It is a splendid recommendation for a teacher to remain in the same district.

THE LITTLE RED SCHOOLHOUSE

To run the rural districts costs little, although they contain over a third of the population and about a quarter of the wealth of the state.

At the Carroll school board election, only five votes were cast against the proposition.

TEACHERS' READING CIRCLE

The basal book for use in the meetings of the teachers' reading circle throughout the year 1913-14 is 'The Study of Psychology in Teaching'.

REGULATIONS NINE MONTHS

Department of Public Instruction, Lincoln, Neb., July 25, 1913. To County Superintendents: Some school districts failed to vote the number of months of school required by the new law.

TO DIRECTORS AND SCHOOL OFFICERS

Did you ever stop to think what your boys and girls are doing the hour and a half they are away from their books?

OF GENERAL INTEREST

Teachers' examination was held at the courthouse on July 24 and 25.

Both Adela and Elie Schmitz of District No. 37 received Diplomas of Honor at the close of school.

Number 80, east of Sholes, will repair and improve the schoolhouse by putting in a steel ceiling and painting the building.

Most of the certificates will be made out after institute at a rate of one in five for the purpose of the issuance of certificates.
