WAYNE, NEBRASKA, THURSDAY, NOVEMBER 1, 1917.

**CHRISTMAS CHEER FOR SOLDIER BOYS**

The Red Cross Women to Fill Christmas Packages for Soldier Boys.

**THE RED CROSS NEEDS YOU**

Public Urged to Give Money to Buy Gifts for Wayne County's allotment of 130 Boys.

At Christmas time this year many of the soldier boys will be in France, thousands in the cantonments at home, besides thousands in the regular army posts and in the navy. Every one is eager to help in giving the Christmas cheer.

In order that the men may be equally remembered, the Red Cross headquarters have allotted a certain number of Christmas packages to be filled by each county. Wayne county has 130 boys in the training camps and has been asked to furnish the same number of Christmas packages.

Every man, woman and child is asked to help finance the Wayne County Red Cross to prepare these packages.

Mrs. O. R. Bowen was elected chairman of the Red Cross committee on Christmas packages, and money should be sent to her as soon as possible. Winside will furnish thirty packages, Carroll thirty and Wayne twenty. The Red Cross headquarters have allotted a certain number of Christmas packages to be filled by each county. Wayne county has 130 boys in the training camps and has been asked to furnish the same number of Christmas packages.

Contributing money to the Red Cross for filling the packages does not prohibit people from sending gifts to their own boys and friends. The Wayne Red Cross committee needs funds to buy the articles to fill their appropriation. According to the rules for sending Christmas packages to the soldiers, sent by the Red Cross, the money for the packages must be raised through contributions by individuals for that specific purpose.

Any one wishing to send hard candy, cookies or fruit cakes should pack them in tin boxes, such as nabisco boxes and leave them in the basement of the library building for the committee.

The committee composed of representatives from each woman's club and other organizations in Wayne, met at the home of Mrs. T. A. Boyer, Tuesday afternoon, and discussed in detail the system of getting people interested in giving the boys a merry Christmas. The ladies present at this meeting were: Mrs. P. L. Malby from the Republican lodge; Mrs. M. S. Davies, P. E. O. society; Miss Nettie Craven, Shakespeare club; Mrs. C. T. Ingman, Acme club; Mrs. E. E. Leakey, Minerva club; Mrs. J. E. Leakey, W. C. T. U. society; Mrs. C. W. Hixson, Woman's club; Mrs. W. H. Morris, U. D. club; Mrs. Carroll Ore and Mrs. D. F. Cunningham from the Country Club; Mrs. S. J. Killen, Eastern Star lodge; Mrs. C. A. Lamberson, Royal Neighbor lodge, and Mrs. O. A. Bowen from the Monday Club.

The Acme club started the fund by contributing \$10.

The public school children are doing their bit for the soldiers by giving five and ten cent pieces. A few of the ladies who will be Christmas boxes to receive contributions.

**Increase Membership.**  
The Red Cross drive for increasing the membership last Saturday resulted in thirty-eight new members. The ladies who assisted at the different stores were: Miss Fae Britton and Miss Margaret Pryor at Ahern's store, Mrs. W. A. Hixson and Mrs. V. A. Senter at Crockett's store, Mrs. Florence Theobald and Mrs. Margaret Shultheis at S. E. Theobald & Co.'s, and Mrs. C. E. Carhart and Mrs. E. E. Leakey at J. H. Wendt & Co.'s.

One of the windows in each of the above stores was decorated with samples of the articles which the Red Cross society had made and the exhibit was fine. The ladies who were especially appreciative of the kindness of the merchants for their attention and help in providing places for the displays.

The food sale for the benefit of the Red Cross held in Roe's grocery store Saturday afternoon amounted to nearly \$50. That was the first of a series of sales. The second one will be held next Saturday.

**Ship Knitted Goods.**  
The Wayne County Red Cross chapter sent a box of knitted goods to Chicago this week. The shipment consisted of seven pairs of wristers, thirty-nine pairs of socks, and seven pairs of mittens.

Thirty-seven scarves and mittens were sent in a few days. A box of sewed garments is being packed and will be sent soon.

Ernest Berschner, who is 84 years old is busy knitting socks on his machine. He made fifteen pairs in one week.

**DISLOYAL TALK CHARGED**

Bloomfield Men Jailed for Opposition to the Government.

The few Bloomfield citizens who have manifested disloyalty to the government in the war, have aroused the patriotic fervor of the community to a high pitch of indignation and determination. They propose to tolerate no disloyalty. As an instance, according to a report received from the Mayor of Bloomfield, he arrested John Sellen and Gus Isebauber, two Bloomfield men on Saturday morning on a charge of opposing the draft law and obstructing the draft law committee. The two men were placed in jail Saturday and when the patriotic meeting was in progress during the night, they were marched to court well to ward the city hall opera house, where they could be seen by all those present. After the meeting they were returned to jail.

**MOVING PICTURES SHOW UNDERNEATH SEA STORY**

Jules Verne's Tale Thrills Crystal Theater Audiences.

The Crystal Theater in Wayne is an important center of attraction. Last Thursday and Friday nights the manager, Ed. H. Hering, for each of four shows to see the wonderful motion picture reproduction of Jules Verne's "Twenty Thousand Leagues Under the Sea." When Jules Verne has invented the character, air and imaginary tales of a kingdom underneath the sea it is presumed he had no idea his own fancy creation ever would or could be visualized. His fascinated reader dreamed of heroes like the dauntless Captain Nemo, but his wildest flights of fancy did not permit them to hold out any hope of seeing them.

Twenty Thousand Leagues Under the Sea is a drama of the sea rather than a drama of people. The tale is an interesting plot, the undersea wonders, with the performers traveling among the sharks on the bottom of the ocean, excited the interest of a diverse audience.

The picture is another marvel of the movie world. The crowds were thoroughly pleased, and the manager, Ed. H. Hering, will furnish such fractions is appreciated.

**Three Minute Speakers.**  
Miss Alma Blandin, food demonstrator for northeast Nebraska spoke at the Crystal Thursday night, and urged upon the audience the importance of the Liberty Loan.

**Normal Football Ends**  
Football Players Will Finish Season in the Corn Fields.

Western Union college of Le Mars, Ia. defeated the Wayne Normal on the local gridiron last Friday by a score of 32 to 0.

The ministers certainly packed a load of beef in their pockets at the quarter back was a football player from the shoulders up.

**Denesia-Collins.**  
The wedding of Miss Mary E. Collins, daughter of Mr. and Mrs. F. H. Collins of Carroll, to Harry Denesia, son of Mr. and Mrs. Charles Denesia, took place Tuesday morning at 10 o'clock at the Catholic church in Carroll, Rev. William Kearns officiating.

Miss Irene Collins, sister of the bride, was bridesmaid, and Mrs. F. H. Collins acted as maid of honor. A large number of friends and relatives witnessed the wedding.

Following the ceremony a wedding dinner was given at the home of the bride's parents. Many older friends of the couple gave them a reception in the afternoon and the young people enjoyed a dance in the evening.

**FOOD DEMONSTRATION AT THE STATE NORMAL**

Shows How to Conserve Wheat

At the invitation of the Wayne women of the County Food Conservation committee about 250 women gathered at the State Normal auditorium for a demonstration of wheat substitutes and war breads.

Under direction of Miss Agnes Finnigan, head of the domestic science department of the Normal yesterday afternoon, members of the domestic science class, Misses Gulliver, Papoz, Glimsdale, and Foster, demonstrated the making of potato bread, oatmeal bread, corn meal bread, and other breads. These women, certainly deserve credit for their work, for some of them had to begin at 6 o'clock in the morning in order that the finished product might be ready for serving in the afternoon. Each lady presented a sample of each of these breads and of other—corn flour and the whole wheat bread. All were pronounced excellent and were commended for conservation of wheat did not seem to call for much praise or hardship. Perhaps a demonstration of meat substitutes will be given following the demonstration.

Miss Alma Blandin, district emergency home demonstration agent for northeast Nebraska, told of the work that is done by the home demonstration agent. There are ten districts of Nebraska at the present time. The ten counties first organizing a permanent "Home Makers' association in their county, and their work will then be in the county in which they are located and not in a district comprising eight or ten counties which they are now doing.

It was decided to form a temporary "Home Makers' association in Wayne county and accordingly the following officers of the temporary organization were elected: Chairman, Mrs. George Cross; vice-chairman, Mrs. William Buetow; secretary, Miss Mary Marston.

The following women were elected representing country precincts: In the remaining precincts representatives will be appointed by the executive committee of the Home Makers' association, which consists of the officers and three representatives from the precincts.

Brenna—Mrs. Irving Moses; Hoskins—Mrs. E. Schemel; Sherman—Mrs. W. J. Miller; Hancock—Mrs. Frank Wilson; Hunter—Mrs. W. A. K. Neely; Deer Creek—Mrs. Geo. Vandy; Strahan—Mrs. H. J. Miner.

**NEWS OF PUBLIC SCHOOLS**

First Basketball Game of Season Friday—Musical Program.

Miss Ruth Ingman visited the high school yesterday. As many children seem to be suffering from eye strain, throat trouble, defective teeth, and like ills, plans are being considered for a medical examination in the schools.

Quarterly examinations are in progress this week. Reports will be issued soon. Parents should give their children careful consideration, and where it seems advisable, confer with the teachers.

The first interschool basketball game of the season will be played Friday at 8 o'clock, between Wayne and Winside. An admission of 25 cents will be charged.

Miss Alma Blandin, district home demonstration agent, addressed the high school Tuesday afternoon on "What High School Students Can Do to Aid in Food Conservation."

Among other things she suggested a reduction in the use of candy, ice cream and gum, aiding the mother in her efforts to conserve by eating unappetizingly wheatless and meatless meals, and by guarding carefully against waste.

The following musical program was given yesterday afternoon in the high school assembly room: Violin solo, Mary House, accompanied by her mother, Mrs. P. House; two local selections by the girls' quartet composed of Faeuel Senter, Dorothy Jones, Martha Crockett, and Madeline Pohner; vocal number, John McCormack; piano duet, William Goldsmith and Mrs. J. T. House. Efforts of the executive committee would be more appreciated if such programs were of more frequent occurrence.

**NEW POSTAL RATES GO INTO EFFECT TONIGHT**

After 6 o'clock the Two-Cent Postage Goes to Three Cents

Increased postal rates in accordance with the new revenue law will go into effect at 6 o'clock this evening. Letters mailed on regular days will cost three cents. Those having to send stamps on hand will need one cent more.

Washington, Oct. 31.—This is the day of grace from many new postal rates.

With the exception of many new letter rates and tobacco taxes which will take effect Friday, the special rates on documents, legal instruments and parcel post packages which go into operation December 1, all special taxes begin to apply at midnight tonight. This includes: One cent on each time paid for insurance admissions.

Three cents on payments for freight transportation. Eight per cent on passenger fares. Ten per cent on payments for inland and similar accommodations. Five per cent on all pipe-line transportation.

Five cents on each telegraph, telephone or radio message costing 15 cents or more. Five cents on each cigar, cigarette, tobacco and products. Ten per cent on club dues.

Eight cents on each \$100 of new fire insurance on each policy. Five per cent premium paid on fire, marine, casualty and other insurance policies.

**DEATH OF WILLIAM HOUSE**

Died Friday in Sioux City Hospital—Funeral Held Sunday.

William House, who had been a resident of Wayne county for many years, died in a Sioux City hospital last Friday. An operation was performed there before the funeral. The funeral service was held in the Presbyterian church of which he was a member, Sunday afternoon at 3 o'clock, conducted by the pastor, Rev. S. C. Croft.

Mr. House was born in Canada December 12, 1835, and was therefore aged 81 years, 10 months and 14 days. He moved to eastern Iowa in the early days of that country, and after a short time came to Wayne county. He had suffered with rheumatism for a long term of years, and was compelled to get around by the aid of crutches. He was a well known and highly esteemed citizen.

He is survived by his wife, Mrs. Mary House, one son and two daughters by a former marriage; J. H. House of Benson, Neb.; Arthur and B. Williams of Crofton, and Mrs. H. C. Roland of Yankton, S. D.

**DISTRICT MEETING OF MINISTERS HELD HERE**

Plan Campaign for Fund for Retired Ministers of Church.

A meeting of ministers and laymen of the Norfolk district of the Methodist church was held in the Wayne church, Tuesday evening, in the interest of the proposed fund of a half million dollars for the support of retired ministers. It was decided to launch the campaign on Sunday and continue it during the month of November. Ministers will exchange pulpits, and emphasize the importance of the fund.

Each minister in attendance at the Wayne meeting was accompanied by a layman. Twenty-five visitors were present. Visiting ministers were: Rev. E. T. Conley, Norfolk; Rev. Mr. Reed, Stanton; Rev. Mr. McAllister, Tilden; Rev. Mr. Shicklock, Tilden; Rev. Mr. Zimmerman, Pierce; Rev. Mr. Long, Plainview; Rev. Mr. High, Randolph; Rev. Mr. Shoaf, Osmond; Rev. Frank Williams, Wakefield; Mr. Pearson, Wynot; Rev. R. J. McKenzie, Carroll; Rev. J. R. Gettys, University Place; Rev. F. R. Furman, district superintendent, Norfolk.

**H. J. MINER BUYS MALE CALF**

Adds Grand Type of Polled Durham to His Herd of Fine Stock.

The past week H. J. Miner, one month of Wayne, bought of W. S. Stewart & Son of Kennard, Neb., a yearling Polled Durham calf at a price close to the thousand-dollar mark. Though young, this animal has already cut a considerable swath in show rings. It has taken first place at fairs at Lincoln, Huron and Sioux City. It defeated everything in its class at the Iowa and Kansas state fairs. This is a grand calf, and reflects the good judgment of Mr. Miner in the selection of pure bred cattle. He believes in having none but the best.

**NO ADDITIONAL ORDERS**

Date of Entrainment of Next Quota of Soldiers Not Known.

The local board has received no instructions regarding the date of entrainment for the remaining seven contingents of soldiers required to fill Wayne county's quota of eighty-nine under the first call. The first contingent calls is still unknown.

On his return from Canada last week, Bryan H. Klopping registered, and his number brought him into the first call. He had no claim exemptions, he was slated to go with the next group.

COUNTY IS BEHIND QUOTA

Wayne County Buys \$244,050 in Bonds—State Oversubscribes  
The campaign for the second liberty loan closed Saturday, and Wayne county people bought a total of \$244,050 in bonds. Wayne county's share was fixed at \$240,000. It is believed the failure to reach the quota is due to the fact that many Wayne county buyers resided at Randolph, Laurel, Wakefield, Webster, Centerville and Pilger and were therefore listed in other counties.

Omaha, Neb., Oct. 28.—Nebraska has oversubscribed her quota of the second Liberty loan by nearly \$4,000,000, with a grand total of \$33,504,800 reported.  
Omaha urged high above the \$7,888,000 mark with a total of \$19,323,000, amounting to an oversubscription of \$2,235,000, or more than half the total oversubscription of the state.  
Thirty-four counties, according to the best unofficial records, oversubscribed their quotas of the loan. Some of the counties have not reported their figures and it is possible that the state total may reach \$34,000,000. Next to Douglas, Lancaster county leads in amount, having secured \$3,535,000. The county's subscription will amount to more than \$10,430,000.

Washington, Oct. 29.—Returns from the second Liberty loan campaign reaching the treasury department early today gave no definite indication as to the total subscription. The 17th measure of the nation's response probably will not be known definitely before the latter part of the week.  
Treasury officials on the basis of returns at hand, were unable to say whether subscription to the second known definitely before the latter part of the week.

Further figures showing Liberty loan subscription totals, the treasury department announced today, will not be made public here until November 1. This decision was reached when it became apparent that the federal reserve banks would be unable to make more than approximate returns before that time.

SIGN FOOD PLEDGE CARDS  
Oct. 31—Nebraska's response to the request to sign food pledge cards will be nearly ninety per cent of the population, according to early reports. From every part of the state comes enthusiastic response to the campaign, inaugurated through the public school children and teachers of the state last week.  
Understanding that the pledge means that Nebraska will cooperate as far as circumstances permit, the people are signing with a vim which means practically unanimous action throughout the state.  
The campaign will be closed this week, and it is estimated that more than 200,000 families will have signed cards by that time.

WEST POINT NOTES  
West Point, Neb., Oct. 28.—The Liberty loan drive was productive of excellent results. The quota of Cumming county was \$375,000, and it was oversubscribed.

Pigs Bring High Prices  
A sale of Poland China pigs was held this week in this county. A litter of pigs were sold for more than \$100. The best one of the litter brought \$700.

DAYTON'S PURE BRED SALE

Duroc Jersey Male Pigs in Sale Ring in Wayne—Average \$68.75.

V. L. Dayton had a large crowd at his public sale of pure bred Duroc Jersey pigs in the Wayne pavilion last Saturday, and bidding was lively. Most of the animals were high class and were quickly sold. A few not of first rank brought down the average. Two males that sold for \$220 and three gilts that sold for \$175 were from the 3000 litter. Wallace Broome bought the top pig at \$17.50. The average on males was \$68.75. D. H. Cunningham officiated as auctioneer. Following is the list:

Benefit Wayne County Soldier Boys' Mess Fund "THE SPY"

An eight-reel motion picture, dealing with the Kaiser's despicable spy system in America, will be given at the Crystal Theatre, Wayne, on

Sunday and Monday, Nov. 11-12

Under the auspices of the Public Service Club, to supply the much needed mess fund for Wayne county's soldier boys.

"The Spy" is a revelation of the diabolical intrigue practiced by the German government in the United States...

All know how the German government gains information in this country through its secret agents. But did you know that a young American went to Berlin and stole the list of names of the agents operating in this country?

PRESS COMMENTS ON "THE SPY":

"Audience sat in rapt attention and all but gasped aloud." - New York Times. "A remarkable picture." - New York Tribune.

First show starts Sunday afternoon at 2 o'clock, and will be repeated as often as the crowds come. Monday's first performance starts at 7 o'clock p.m.

MANAGER M. B. NIELSON GUARANTEES THE PICTURE WILL BE AWFUL WORTH THE PRICE OF ADMISSION, AND SAYS IF ANY ONE IS DISSATISFIED AFTER SEEING IT HE WILL BE GLAD TO FORFEIT THE MONEY ON HIS OWN RESPONSIBILITY.

WHAT IS THIS MESS FUND? It is a sum of money to be sent to our soldier boys. Every one of our 89 boys in the training camps will receive his equal share of the money raised by this great war picture.

HOW THE MONEY IS SPENT

The government now allows about 40 cents per day for food for each of our men. The Company Mess Sergeant buys all the food possible for this 40 cents but we know he can't manage to buy with that sum any of the good things necessary for an occasional extra good Sunday dinner, or for Thanksgiving or Christmas.

Gen. Wood has ordered every man in Camp Funston to engage in athletic sport of some kind. Every man must take part in basketball, baseball, football, indoor baseball or some other athletic sport that will help build him up into a hearty soldier.

country that commodity became unobtainable except in small quantities in the east and to some degree in midwestern cities. Temporarily a sort of unofficial embargo on the operation of candy factories, syrup plants and similar concerns was enforced.

Extension of government control of supplies and prices continued, as usual. It was permitted to become known that the president may take steps to restrict the production of materials not essential to the war. This may be undertaken under a plan to bring about gradual reduction of the output of pig iron...

Arrangements have been made whereby employees of the Bell system may subscribe for Liberty loan bonds and pay for them on install-

## A Thrilling Comparison

Shows how credit stores are working under a terrible handicap. The reasons are self-evident why cash stores, which sprung up during the last year are in a thriving condition, and the people are steadily diverting their support from stores of old credit methods.

### THE BASKET STORE

As every one knows, is one of those new type doing business for strictly cash and no delivery, and offers its patrons a satisfactory saving on every dollar. The following is a comparison of a number of items of expense which the cash system eliminates.

Over \$3,000 Wasted Every Year by Old-Time Credit Methods

YEARLY EXPENSE		
CREDIT STORE		BASKET STORE
Free delivery of goods — an average of \$60 per month	\$720.00	Basket Store..... NONE
Bookkeeper and collector \$60 per month	720.00	Basket Store..... NONE
Forgotten charges — estimated at \$25 per month	300.00	Basket Store..... NONE
Interest on \$4,000 book accounts at 8 per cent	320.00	Basket Store..... NONE
Loss on cash discounts on estimated purchases based on 30 day turnover	384.00	Basket Store Has Saved Every Cent of Cash Discount on Purchases.
Money borrowed to carry book accounts	240.00	Basket Store..... NONE
Uncollectable accounts	\$50.00 to \$100.00	Basket Store..... NONE
Rents—In excess of the Basket Store \$200.00 to \$300.00		Basket Store Is Out of the High Rent District.
	\$3,084.00	NONE

How we eliminate this enormous waste of expense is by simply demanding the cash, paying cash for all purchases and gaining the discounts. We buy in quantities and give the patron the benefit. Jobbers who have snap prices are after our business as they know it's always cash. Plenty of large orders which often go to mail order houses are coming to the Basket Store. In fact, all classes who are interested in making their dollars go as far as possible are our loyal supporters.

THE OPPORTUNITY OF ECONOMY PRESENTS ITSELF. WILL YOU ACCEPT?

Total, \$244,050.

### OVERSUBSCRIBES.

Bloomfield, Neb., Oct. 30.—When the Liberty loan drive came to a close Saturday evening Bloomfield and vicinity had taken \$155,000 worth of the bonds, exceeding its apportionment by approximately \$40,000. A patriotic meeting was held in the opera house in the evening, the house being filled. Stirring speeches were made by Mayor Tharm, Dr. W. H. Muhlen, W. D. Egan and A. R. Davis of Wayne. Enthusiastic applause greeted the remarks of the speakers and the temper of the meeting was such as should convince the few doubtful ones in the community that it is time for them to "get right."

### OPPORTUNITIES FOR EDUCATION AT WASHINGTON.

Washington, D. C., Oct. 30.—To obtain a college degree and a livelihood at the same time, no city in the country offers an opportunity more attractive than that to be had in the metropolitan city. The several universities at Washington provide evening classes with hours arranged conveniently for government employees. A practically unlimited amount of work at half past four and all libraries, including the library of congress, are open at night.

For years thousands of young people have entered the civil service at Washington with the main idea of devoting three or four years to equipping themselves for a professional career, and while supporting themselves. Many of the young men live at fraternity houses, cooperatively conducted, thereby lessening the living expenses and securing a place where they can entertain their friends.

In addition to the university courses, the Young Men's Christian association, the Y. M. C. A., and the evening classes in mechanics, languages, accounting, stenography, and typewriting, and the usual high school studies.

Withstanding the drafts for military service, practically all school in Washington show an increased enrollment this year. This is due to the great influx incident to the war, and the fact that old and new clerks and other employees have been appointed in the departments and this great civilian army is being added to daily. Stenographers, typewriters, and other mechanical draftsmen for the service generally, and what are known as schedule clerks, index and catalogue clerks, qualified in statistics, and accountants, and all other qualified in business administration for the office of the ordinance department of the army, are in demand.

### WOMEN WEAR OVERALLS

Lincoln, Oct. 30.—Mayor Miller is urging that women wear work overalls on the streets of Lincoln so long as they are not worn for impersonating purposes. Two women employed at manual labor in the Easton yards, called at the executive's office to ask permission to ride to and from work in overalls. The women were of the impression that the law would not apply to them if they wore the "jeans" beyond the boundaries of the railroad yards. The mayor cannot quite see where a hardship is worked by the wearing of an overalls or a cloak in public places; but if the women prefer the jumper and overall rain coat, the executive has no objections.

### SELECTING SEED CORN.

(Norfolk Daily News.)  
A communication from Noel M. Rhodes, county agricultural agent, has suggested that enough seed corn be selected this year for a two year

supply. The reason for a two years supply is only a matter of looking ahead for the future, and to insure a good supply of seed should the first planting be drowned out or the next crop be injured by an early frost.

Seed corn to be at its best should be selected from the field before the first hard freeze. Two very hard freezes so far no doubt have hurt much corn for seed purposes. This is all the more reason that an extra large amount of seed should be selected this year, either now from the field before any more freezing weather or at husking time. Good corn, no matter how picked, should be stored in a dry, well ventilated place and protected from severe freezing weather. Each spring finds a scarcity of good seed so any surplus that is selected this year can be readily sold to some man who has not thought it necessary to select his seed corn until he was ready to plant it.

### WAYNE HOUSEKEEPER.

(By Food Demonstrator.)  
Are you an American housemaker? Do you want your country to win this war?  
Do you believe it is essential that our allies and our army be properly fed?  
Do you realize that the responsibility of feeding them comes back to each individual woman in every kitchen in America?  
Do you think America is worth while?

If you can answer "yes" to these questions show your loyalty by signing the Hoover pledge card. Enroll yourself as willing to save food and serve your country. The U. S. department of agriculture, cooperating with the state colleges through the home demonstration agents, is ready to help you plan war-time meals. Take some of that oatmeal soup from breakfast, some of that roast from yesterday's dinner and try this: Save wheat and practice meat economy.

**Meat Meal Croquettes.**  
I can't brook oatmeal (quite dry, salted).  
A cup ground cold cooked meat scraps.  
Shape into croquettes, roll in crumbs and dip in small amount of fat or brown in the oven.

### WILL NAME BANK.

Omaha, Oct. 30.—The Liberty loan committee will within the next few days compile and publish a list of the banks of the state which contributed to the success of the second Liberty loan in Nebraska. There will also be a list of banks which refused to back the big patriotic loan and did not subscribe. The purpose of the committee is to lay bare the facts, to the people of this country, showing that institutions were patriotic and which were not. The state subscription will exceed the amount credited at the close of the drive. Saturday night, when Nebraska's subscription was already nearly \$4,000,000 over the state quota.

### CARD OF THANKS.

To our many kind friends we desire to hereby express our sincere appreciation for the many kindnesses shown us during our late bereavement.—Mrs. Flora House, J. H. House, Mrs. Cora B. Williams, Mrs. H. U. Roland.

### ORDER OF HEARING ON ORIGINAL PROBATE OF WILL.

The state of Nebraska, Wayne county, ss.  
At a county court, held at the county court room, in and for said county, on the 30th day of October, 1917.

Present, James Britton, county judge.  
In the matter of the estate of William Hojse, deceased, and that the execution of said instrument may be committed and that the administration of said estate may be granted to H. B. Jones as executor. Ordered, that on the 24th day of October, 1917, at 9 o'clock a. m., is assigned for hearing said petition, when all persons interested in said matter may appear at said court to be held in and for said county and show cause why the prayer of the petitioner should not be granted; and that notice of the pendency of said petition and the hearing thereon be given to all persons interested in said matter by publishing a copy of this order in the Wayne Herald, a weekly newspaper printed in said county, three successive weeks prior to said day of hearing.

### JNO. WRIGHT TRIED AGAIN.

Convicted on Charge of Intoxication, He Takes an Appeal.

If John Wright comes to town, court officials begin to get up and take notice. He took in from somewhere last week, and he has been in town a good deal of the time since. Last Friday he was tried in the county court on a charge of getting away liquor and on conviction was sentenced to sixty days in jail. He appealed the case to the district court. It occupied the attention of the county court again Tuesday on a charge of having been intoxicated May 6 last. He entered a plea of not guilty, but Sheriff Geo. T. Porter and Marshal Geo. Miner testified to the contrary and the well-tressed guilty and fined \$25. This case was also appealed.

### PATRIOTIC RALLY.

A patriotic rally will be held at the Presbyterian church at 8 p. m. Monday night, November 5, at 8 p. m. Rev. Denton E. Cleveland of Omaha, will deliver a lecture, entitled "The Challenge of the Young Men of the Church."  
Everybody is invited to come and hear Rev. Cleveland. Especially the young men of draft age are invited, as he has a big message for you. The church will also have a Carroll Tuesday night, November 6, and at Winside Wednesday night, November 7. A tree will offering will be taken to buy copies of a small book written by Dr. Cleveland to put in the Christmas packages for the soldiers.

### SOCIAL NEWS.

#### St. Mary's Guild.

The ladies of the St. Mary's Guild met at the home of Mr. W. J. McFuerney last Thursday afternoon. A pleasant afternoon was spent in knitting for the Red Cross. At 5 o'clock delicious refreshments were served.

The neighbors of Mr. and Mrs. Everett Sherman gathered at their home Monday evening to give them a farewell surprise party. Games and sociality made the time pass pleasantly. Refreshments were served. A set of silverware was presented to Mr. and Mrs. Sherman who leave this week for their new home in Missouri.

#### Students Entertained.

The first of a series of neighborhood parties planned for the winter was given by the Zaratheusia society to the students at the faculty of the Normal last Saturday night at the home of Miss Josephine Mack. More originality and fun—could scarcely be packed into one frolic. Chastity figures were met by a charming siren and a minstrel. The guests ascended by a ladder to the upper room where were revealed the witches with bubbling cauldron. By dark stairways the witchy halls the trembling visitors then descended to the abodes below. In passage each touched the cold heart of a dead man. In a shadowy cavern a skeleton gazed at each making arrival. Then came the climax when in a coffin was revealed the true body of Kaiser Bill and over him bending a spirit surgeon who removed his gall, gizzard and a yellow streak, but no heart could be found. Ascending to upper air, a barn dance was enjoyed. Then refreshments were served to the lawn faculty of October 29th, and a pumpkin pie with a souvenir wooden spoon for each guest. A great bonfire due to ceremonies now consumed the corpse of the German monarch; his soul was waited to the appropriate abode and college songs and cheers for the hostess completed a successful and happy evening. Miss Mack, the minister, Zaratheusia and other members are her enthusiastic adherents. The first of the neighborhood parties augurs well for the season.

### NEBRASKA MAN SWINDLED

Chicago, Oct. 30.—Further operations of confidence men in several days ago, swindled Charles H. Jordan, president of a bank in Fort Wayne, Ind., out of \$15,000, were revealed today when the Chicago police began search for the men who recently bilked a bank official living near Bloomington, Ill., out of \$80,000 and J. B. Clancy, Ansley, Neb., out of \$40,000.  
The Bloomington banker, whose whose name is withheld, is said to have been swindled in a sale of fake stocks. Tierney met up with "big business men" in Excelsior Springs, Mo., and was "in" in on several deals through which he lost \$40,000.

## GOVERNMENT BONDS SAME AS CASH

Government bonds will be accepted at full face value at this store in exchange for musical instruments or anything else carried in this store. We regard government bonds the same as money, and we will be glad to treat them the same as money in all transactions.  
If you would like to own a fine piano or piano player, Edison or Victrola, and have more bonds than money to spare, we will be pleased to make a deal with you in exchange for bonds without a cent's extra charge to you.

LET US SHOW YOU OUR DAVENPORT & TRAGO PIANO PLAYERS, CHICKERING BROTHERS' PIANOS, MILTON PIANOS AND OTHER POPULAR MAKES. Put a musical instrument into your home for Christmas. If not a piano, let us demonstrate an Edison or Victrola. No home is complete without music. No home can afford to be without the happy and enlivening influence of melody and song.  
HEAR THE NEW RECORDS  
Call at the store and hear the latest Edison and Victrola records. Latest patriotic songs and instrumental selections.

## Jones BOOK AND MUSIC STORE

A man whose opinion isn't prejudiced, probably doesn't know much about it. An Atchison man has so much trouble he is troubled a good deal of the time. When you tell anything confidentially, remember other people do the same thing.

## PRE-WAR PRICES

This store is fortunate in having contracted for many shipments of merchandise before late advances in prices. The advantage thus gained is given to the public. In these strenuous times when demands for cash on every hand are pressing more and more, it is certainly worth while and a source of high satisfaction to be able to buy at reasonable prices without sacrificing qualities. Every dollar you save here may be used to help meet the greatly increased cost of other things needed.

<b>TONIGHT</b>	Maxine Elliott	<b>NOVEMBER 1</b>	<b>FRIDAY</b>	Pauline Frederick	<b>NOVEMBER 2</b>
-in-					
<b>"FIGHTING ODDS"</b>					
This photo-dramatic play deals with society and big business. Miss Elliott's role is that of the wife of a modern type of man who is held in the worst notice of New York Ford, but who is used as a catspaw by a powerful New York financier and for the moment ruined through the commission of a technical error under the law. Don't miss this Goldwyn picture tonight.

<b>"THE PRISON WITHOUT WALLS"</b>		
Wallace Reid is seen as a prison reform expert, and Miss Steadman as a young philanthropist. The prison expert is sent to discover who is grafting among the prison wardens. While on a tour of inspection the young philanthropist meets the prison expert and upon his release, still in search of the chief grafter, he is given a position as her secretary, only to discover that the man to whom she is engaged is suspected of being the "man higher up."		
How the supposed ex-convict and the young philanthropist fall in love—and how the grafter, jealous, tries to have him done away with and how the guilty are finally brought to justice and the true conditions divulged, is brought about in a gripping and unusual manner.

# A Story of Success

In less than a year the Prest-O-Lite Storage Batteries have been adopted as standard equipment by manufacturers of representative cars in every class. This, alone, is proof of the superiority of Prest-O-Lite.

## A Better Battery A System of Service

Prest-O-Lite has succeeded because it is a better battery. It is capable of greater endurance—longer life—increased value in everyday service under any and all conditions of road and weather. You who know the meaning of grids, cells, terminel, sulphation and other "inside facts" should inquire about the Prest-O-Lite tests.

In keeping with the great increasing demand for these better batteries—the Prest-O-Lite system of service has, in the past year, doubled and doubled again, in the number of its battery service stations until today you will find honest, intelligent, expert service awaiting you wherever you drive your car. Get in line with Prest-O-Lite. It means the beginning of the end of your battery trouble.

The Brunswick Unlocks the Gates for All Lovers of Music

Until the coming of the Brunswick, music lovers had to buy and play records made by the makers of their phonographs. This meant barring many of the favorite artists. It meant a limited selection.

For instance, the Brunswick makes it possible for you to now enjoy the famous Pathe records, Europe's favorites. These wonderful Pathe records cannot be played on ordinary phonographs.

Now you may buy any record you want, whatever make, and the Brunswick will played it as you never heard it played before. The Brunswick plays all records. It is all phonographs in one.

Hear the Brunswick yourself, then decide. We leave it to you, after making comparison. We know you will agree with thousands of others that THE BRUNSWICK has a better tone, and that its many features make it the phonograph you always wanted.

# Wakefield News

Miss Elizabeth Durrie of the Herald staff is editor of this department, and will visit Wakefield every Tuesday. Any news contributions to these columns from town or country will be gladly received by her. She is also authorized to receive news or general subscriptions.

Ole Hurstad of Wayne was a business caller in Wakefield Tuesday.

A daughter was born Wednesday, October 24, to Mr. and Mrs. Ernest Hanson.

Miss Doris Lee, who had been visiting at Stuart, Neb., returned home Monday.

Bonds amounting to \$75,000 were bought through the Wakefield banks last week.

Miss Amanda Larson returned Monday from Howells, Neb., where she had been visiting friends.

Miss Nellie Packer who teaches school near Rosalie, spent Sunday with home folks in Wakefield.

Mrs. C. U. Bloomquist returned Monday evening from Omaha where she had been visiting her son and family.

Miss Grace Kay, Miss Alta Chinn, Miss Anna Kay and Miss Stella Morrell were visitors in Wayne last Thursday.

Miss Anna Bloomquist, daughter of Mr. and Mrs. C. U. Bloomquist, left Sunday for Pasadena, Calif., where she will spend the winter.

Mr. and Mrs. W. S. Ebersole left Friday for Fort Riley, Kan., to visit their son Gene who expects to be transferred to another camp soon.

Miss Julia Baskell who visited two weeks with her brother, J. D. Baskell and family, in Wakefield, returned to her home in Lincoln Tuesday.

H. C. Willman of Tekamah, was a guest of Prof. and Mrs. M. L. Zereman in the First National bank at Tekamah.

Mr. and Mrs. Clarence Bard and Mrs. E. E. Hyspe left Saturday for Wahoo, Neb., to spend a few days with Mr. Bard's mother, Mrs. Catherine Bard. They also attended a confirmation festival of the Swedish Lutheran church in Wahoo.

Lutheran church in session there this week.

Four Wakefield boys have recently been made officers at Camp Funston. Alva Rowman has been promoted from company clerk to sergeant; Clifford Carlson was also made sergeant. Fredolph Johnson is a corporal. Carl Swanson, who was chosen as one of the twenty to train the negroes, is also in line for promotion.

A meeting was held at the Logan hotel in Wakefield Friday evening when W. C. Hutchins, jr., of Sioux City was presented to help perfect a permanent organization of Home Guards. Mr. Hutchins is an experienced army man and has been engaged to drill the guards. Elmer Henry was elected chairman and J. R. Reato, secretary. Committees have been appointed and they report good starts have been made.

The Wakefield Red Cross chapter sent their second consignment to Chicago Monday. The shipment consisted of 24 pairs of socks, 14 pairs of pajamas, 15 sweaters, 15 wristers, 15 ambulance pillows, 9 scarfs, 9 wash cloths, 24 napkins, 26 smock handkerchiefs, 26 muslin shirts and 9 quilts. Several quilts and ambulance pillows are ready for the third shipment. The largest box that could be obtained would not hold all that was ready for this time. A great many of the knitted articles cannot be turned in on account of the scarcity of yarn. Old ladies are happy to again take on the almost lost art. A few pairs of socks have been turned in by men who are confined to the house.

### SOCIAL

The members of the Christian Endeavor society of the Presbyterian church enjoyed a winner and

marshmallow roast last Wednesday afternoon. Five o'clock in the park. Twenty young people made up the party and an enjoyable time was reported.

The Ladies' Aid society is meeting this afternoon at the home of Mrs. Lillian Brown. Refreshments will be served at the close of the afternoon.

**A Philathea Meeting.**  
The members of the Philathea class of the Presbyterian Sunday school will meet tomorrow evening at the home of Mrs. George Reato. After the business session the evening will be spent in knitting for the Red Cross. The hostess will serve light refreshments.

**Entertain Saturday.**  
Last Saturday evening Mr. and Mrs. Richard Chinn entertained a party of twenty married people in honor of Mr. and Mrs. George W. Bremer, who left yesterday for a winter's sojourn in Texas. The evening was spent in various games and the guests report a pleasant time. At an appropriate hour the guests enjoyed a delicious refreshment.

**A Jolly Party.**  
A jolly crowd of fifty young people enjoyed a Halloween party Wednesday evening at the home of Miss Mary Mathewson and Miss Evangeline Fleetwood. The guests met at the home of the former, where lively games and stunts had been planned. The home was decorated elaborately with pumpkins, witches and Halloween festooning. After spending an hour at the Mathewson home the guests proceeded to the Fleetwood home where another series of games were scheduled. After a jolly time delightful refreshments were served.

**A Halloween Party.**  
Miss Mabel Kay and Miss Gertrude Kohlmeier entertained fifteen girls at a jolly Halloween party at the home of the latter last Wednesday evening. The rooms were artistically decorated with jack o' lanterns, bats and witches. Games and clever stunts appropriate to the occasion furnished the evening's entertainment. At the close of the evening the guests were invited to the dining room where they were seated at one long table decorated with jack o' lanterns and witches. Each guest found her place at the table by means of place cards in Halloween design. The guests enjoyed a delicious lunch served by the hostesses.

**Receives Equipment.**  
The new playground equipment which the Wakefield school board ordered several weeks ago, arrived this week and will be installed as soon as the weather permits. This equipment consists of one outdoor gymnasium outfit composed of one trapeze, two horizontal bars, two swings, one set of horizontal bars and one steel flexible ladder with anchors; also one school slide, one four-board see-saw outfit, two indoor baseball outfits, two volleyball sets, shots, discs and a few smaller pieces.

**Death of Peter Sundell.**  
The funeral services of Peter Sundell of Gregory, S. D., but who formerly lived near Wakefield, were held from the Swedish Lutheran church, Friday afternoon, Rev. J. T. Kraft officiating.

Peter Sundell was born in Sweden August 25, 1863. He came to America in 1875 and located in Swedonia, Ill. In 1908 he moved to Wayne county, locating with his brothers on a farm near Wakefield. He lived there until 1914 when he moved to a farm near Gregory, where he lived up to the time of his death. He leaves three sisters and three brothers two of whom, Ed and John, live near Wakefield.

**Win Two Games.**  
The boys' and girls' basketball teams from Carroll played the Wakefield boys and girls Friday evening. During the first half of the game between the boys, the sides were evenly matched, but the Carroll team fell toward the last half of the game, giving Wakefield the score, 34 to 18.

The girls' game was a lively one, but the visiting team was defeated with a score of 19 to 7. Earl T. Price, president of the Wakefield schools refereed the boys' game. Miss Louise Wendt of Wakefield and Miss Marie James of Carroll acted as referees for the girls' game.

The side lines for Wakefield inspired enthusiasm among the players with their yells, under the direction of the yell-master, Dolliver Hyspe.

**Automobile Stolen.**  
The following account of the Buick six automobile, belonging to Emil Utecht which was stolen on Main street Saturday night, is taken from the Omaha Bee, October 29: "A police squad pursued and arrested three young men early yesterday morning as they started to cross the Dodge street bridge toward Council Bluffs in a stolen automobile. The machine was stolen at Wakefield, Neb., Saturday night.

They were held at the station pending arrival of Wakefield officers. They gave their names as Ralph Frost, 15; A. J. Worthen, 16, both of Emerson, Neb., and George

### THE EARLY DAYS IN TWO COUNTIES.

From the Wayne Herald-Tribune, November 12, 1885:

A son was born to Mr. and Mrs. G. D. Roe, November 5, 1885. The father is a native of Chicago to buy a stock of goods for his store. A daughter was born to Mr. and Mrs. William Kettler, November 10, 1885.

Mrs. P. A. English went to Mankato, Minn., to spend several weeks with friends.

North Dakota had a ten-inch snowfall, accompanied by intensely cold weather.

The band has been engaged to play every Wednesday and Saturday nights at the skating rink.

James J. Connor, and Nushbaum and F. M. Northrup were business callers in Sioux City.

Emil Weber went to Omaha to complete arrangements for putting in a new boiler and engine at the mill.

Mrs. H. E. Nye was very sick and Dr. Bartley of Sioux City, was called to Wayne in consultation with Dr. Love and Dr. Wightman.

The members of the Catholic church will hold a fair, for the purpose of raising funds to complete payments on their church building.

From the Wayne Herald, November 1, 1894:

A daughter was born to Mr. and Mrs. Charles Craven October 31, 1894.

Miss Addie Knoles of Winslow, visited Miss Gerlie Weber several days.

Edna Britton entertained a number of little people at a Harvest party.

Mrs. T. W. Theobald died Friday, October 26, 1894, at the age of 58 years.

Rev. W. W. Theobald went to Norfolk to attend the Baptist convention.

John Brennan of Sioux City, gave an address at a republican political rally at the opera house.

The two weeks old son of Mr. and Mrs. Clyde Oman, died. Rev. Millard conducted the funeral services.

The Happy Hour club met with Rollie Ley. Miss Maude Reynolds received the royal prize and Floyd loved the consolation prize.

Miss C. M. White, president of the North Nebraska Teachers' association, was the guest at the J. A. Hornberger home in Norfolk.

Miss Grace White of Des Moines, and Frank Metten and Harvey Mason of Winslow, attended the Hatowen party at the Craven studio.

In 1887 the young people in Wayne gave a Harvest party and since that time it has been the custom to celebrate the occasion annually. The party this year was given at the Craven photograph gal-

lery and sixty people were present to enjoy the evening's entertainment.

From Ponca Journal, October 31, 1878:

A great many disastrous prairie fires have been occurring from parts of the state, during the past few days. An immense quantity of hay and grain has been destroyed, and in many instances whole families have been burned out of their homes.

He was a very old man. His face was long as a piece of chalk and his eyes like a pair of red coals. He came into our office yesterday while we were deep in a thrilling chapter of *Father Martin*. He seemed anxious about the weather. His mind appeared to dwell on meteorological matters. He mournfully informed us of the state of the weather during the past nineteen long years. We were moved—deeply moved. We gazed at his venerable form and wondered why Providence had imposed on us the hard duty of slaughtering this superior person. But the man kept on coming. He came from the misty past, he launched into the present. Every phase of the weather was ably elucidated. We moved uneasily in our chairs. We were asked to subscribe to the fund of the weather. He went blindly on to meet his fate. Quitting the dull present, he struck out into the realm of the future.

"Think I will have a coolish winter," said he, "and I will have a cold in the 'signs all point that way," he continued. "Corn shucks are thicker 'n' buckskin; hair on dogs' tails powerful long; wind blows from the north first day of October; hogs melts weigh a pound a bushel whoop!" Dear reader, that good old man no longer perambulates this terrestrial ball. He has been taken from the sidewalks of that city whose streets are paved with gold and silver. His mangled remains are to be found in the weeds back of this office.

### VALUE OF THE RED CROSS

What It Means to a Nation Fighting For World Freedom.

Lord Northcliffe says: "When you are asked to subscribe to the fund of the Red Cross, does it ever occur to you that you are asked to forward a work which is of the greatest value to yourself?"

Do you ever reflect that whatever is done to bring victory nearer is a personal benefit to yourself, that all the activities connected with the Expeditionary Force which the United States is sending to France are in the interest of you, and of every other man, woman and child in the country?

Do you think of the Red Cross work as being very far away and remote from your daily life? Do you give to it merely as an agency which it is your duty to support, which is a "deserving charity," which might as well be handed to you by those whose opinion you respect?

Or do you see in Red Cross work a work which is of the utmost service to you and your family and your friends, to your city or town or village, to your home?

The war seems to you, no doubt, long way off, far in the middle west. It is easy to understand how its results may affect France or Belgium. It is not difficult to imagine what are the feelings of people in the oceanic countries. But it must be difficult, very difficult, for those who live in the middle west to see how they themselves can be affected by the issue of the struggle.

There is a position to look after, no doubt. And do not forget that in subscribing to the Red Cross you are paying your share of the cost of the war. You are to live in as you wish to live, not in fear and suspicion, not in neighborhood and conflict, but in a friendly, neighborly relation, based on the justice and honor, not on force and greed.

as we have been trying to make them for a long time past. Not only do we have a strong opinion that their will upon the weak, seize what they coveted in defiance of common honesty, reduce to slavery those who opposed them. Not only would they be the Russian victory. There would be a more terrible outcome still.

"The relations between individuals would change for the worse also. That is, we would have no more of the better feelings among nations? Because men have got to know one another, and the old dislikes and prejudices were passing away. Such as the feelings of individuals are so will be the feelings of groups. Men and women will always have to get to know one another very much as nations do."

Therefore, if the Prussian view that nations are natural enemies should triumph, the world would be a very different place. The men are natural enemies. If it came to be accepted as part of the natural order of things that one nation should steal from and tyrannize over another, the world would be a very different place. It would be seen that the human race would go back to the condition of wild animals. The principle of life on this earth of man, would be that everything must be permitted to the strong. Right would have no chance against might. All the morality which has been painfully built up through centuries would be thrown into the dust.

"It is to save this morality, to prevent the relations between man and man from becoming like those of wild beasts, that the United States is sending to France a force of men to care for these soldiers, not only when they fall sick, but while they are well also. The American Red Cross is asking you for money."

As soon as your soldiers land in France, the Red Cross will begin to look after them. It will have sent men for the purpose of distributing tobacco. It will see that every man receives these warm comforters and socks and mittens that kind fingers are knitting now, and will have them sent to him as long as the American army stays there, if the men are to be kept warm. All this and much else in addition to the great work of finding the wounded and caring for them, is the work of the Red Cross in the year, nursing them, having them operated upon if they need it, sending them to places where they will "convalesce" speedily and in pleasant surroundings.

It is a great deal of the way in which the British and the French Red Cross work is done, and I have a whole-hearted admiration for all who are doing it. The "Times," one of our newspapers, the London Times, opened its columns to receive subscriptions for the Red Cross at the very beginning of the war. It received them at the rate of nearly a thousand dollars a day and in all has raised for this excellent purpose more than \$35,000,000. The money was so wisely administered that less than three per cent of the amount was lost through carelessness or mismanagement and office expenses.

I have no doubt that the American Red Cross is equally well managed. It certainly could not have done, capable heads than such men as Gibson and Davidson. Pay good heed to the appeals which are made to you for your help in this good work. Victory depends upon the measure upon the treatment of the wounded. When the United States has two or three million men in the field, the Red Cross organization will have hundreds of thousands of men to look after. See that it is put into a position to look after them well. And do not forget that in subscribing to the Red Cross you are paying your share of the cost of the war.

Do you live in as you wish to live, not in fear and suspicion, not in neighborhood and conflict, but in a friendly, neighborly relation, based on the justice and honor, not on force and greed.

### AS TO THE SUGAR MARKET

Local Dealer Receives an Explanation From Wholesaler.

The present scarcity of sugar is explained in a communication to a local dealer from the Tolerton & Warfield Co., wholesale grocers of Sioux City, and the following excerpts from the letter will be read with interest:

"The heavy talk of shortage of sugar is now with us. Our country found it to be its duty to send one of our fleets, France, spending over \$100,000,000 of sugar to partially supply its needs. France has been getting along with less than one-fourth the sugar we use per capita. It was necessary to supply her. This unfortunately came at a season of large demand with us for preserving, and when possible scarcity was predicted, and widely advertised by the papers—many consumers purchased in large quantities. The result which further aggravated the situation, repeating the conditions of early spring when the same scarcity occurred, was that we had to supply a few days' supply of sugar requested by the food administration we do not believe anyone would have been inconvenienced. If the war continues long we may be compelled to comply with the advice of

# Ideal Hog and Poultry Waterer

An absolutely sanitary Waterer that will not freeze in winter and keeps the water cool, fresh and clean. An ideal one for around the Waterer. Every hog raiser knows that good, clean water is an absolute necessity in raising hogs and chickens to get the most out of them. They do not raise hogs or poultry until the crops up and raise the better care they receive the more profit they make for you. They will leave his feed and take a few swallows of water if the water is convenient for him. They require lots of water. They will not drink from a trough if the system in a good healthy condition. A hog consumes from 7 to 8 gallons of water for each pound of dry matter eaten—nearly twice as much as horses and men.

You can positively save 25 per cent of your feed cost by giving your hogs a constant supply of good, clean water with the chill off just as they want it.

A hog will live and put on weight for 4 or 5 days practically no water if the water is not there. If he will begin to lose weight in two days if he has no water, even though he has all the corn he wants.

It is one of the chief errors on the farm to properly water the hogs, especially in cold, zero weather when the water freezes in the trough in the trough two or three times a day to give the hogs fresh water, and even then they do not have water as often as they should. With an Ideal Waterer you can have a constant supply of good, clean water with the chill off just as they want it, night and day. Hogs will drink freely from a waterer when the water is convenient and the right temperature.

With the tank style of Waterers the water is kept in a vacuum system. The troughs fall but never overflow. No mud holes or disease breeding places, around the drinking troughs. The water is kept in a vacuum system. The troughs or cattle cannot step into it or damage it, and hogs cannot get into it with their feet to foul it. The water is kept in a vacuum system but they can always have all they want to drink.

In the top of the tank is a vacuum—no air or anything but just space. A complete vacuum is a non-conductor of heat and cold so this keeps the water cool in summer and helps to keep it warm in winter.

In cold weather the water that is exposed to the air will freeze first. There is no advantage in keeping water in a tank when it freezes in the trough where the hogs drink. You will note that the lamp sets directly under the drinking pan so the water cannot freeze and the heat then passes up around the tank and keeps the water at just the right temperature for the Ideal Waterer. The thermometer at 35 degrees below zero.

The heat being properly applied as it is, and continuing to use the lamp can be turned low so it uses only a small amount of coal oil. It costs only 2 or 3 cents a day to keep the water warm in the winter.

An approach is built to the drinking trough so hogs of any size can drink.

The Ideal Waterers are made of heavy galvanized iron and have a substantial and will last for years. They are shipped complete with lamp and metal chimney.

### Waterers for Farms Having a Water Supply.

Many farms have supply tanks and for these we make the No. 10 and No. 22 Waterers which are connected to the water supply system or can be connected to a common town stock tank cement tank.

The No. 10 and No. 22 Waterers are made of heavy galvanized iron and have a heavy positive stop valve to prevent the water from running into the drinking pan. Simply run the water under frost line to the Waterers, then up through the bottom and the water will be in the drinking pan.

No. 22, which has two drinking troughs, is so constructed that it can be set into the ground, making the troughs the right height for hogs to drink.

The door being in the upper part of the Waterer so you can easily place the lamp under the drinking pan. As a permanent Waterer in the hog lot where you have water piped from a supply tank the No. 22 is just what you want.

- No. 10—For attaching to supply tank, weight 40 lbs. \$15.00
- No. 5—60-gallon Waterer, weight 100 lbs. \$25.00
- No. 102—Same No. 10, with two drinking troughs, weight 40 lbs. \$17.00
- No. 22—To be attached to supply tank, with two drinking troughs, weight 45 lbs. \$20.00
- No. 52—60-gallon Waterer, with two drinking troughs, weight 100 lbs. \$31.00
- No. 62—100-gallon Waterer, with two drinking troughs, weight 140 lbs. \$40.00

### IDEAL NON-FREEZING STOCK WATERER

This sanitary drinking fountain for horses and cattle. This stock waterer is constructed of heavy galvanized iron, with heavy supports and braces. It can be connected to any supply tank or water pressure, and has a float valve which will work perfectly on any pressure from 5 to 100 pounds.

The float is protected by a partition so that it cannot be disturbed.

There is an opening in the bottom so that the tank can be easily cleaned.

The waterer is 30 inches high, 29 inches in diameter and holds 22 gallons. \$25.00

There is a 1-inch air-space between the water tank and the outside casing which gives the heat a perfect circulation.

This waterer has a large lamp which keeps it from freezing in the winter.

The lamp burns 3 quarts and will burn 48 hours of zero weather.

Get an Ideal Non-Freezing Stock Waterer installed at once and your horses and cattle will have clean, sanitary water at all times, both summer and winter.

Price complete with lamp \$41.00.

### Ideal Chicken Waterer.

You realize the importance of giving chickens good, fresh, clean water, both winter and summer, and know how much trouble it is to properly water the chickens. In zero weather you must carry water to them several times a day and then it stays warm only a short time.

It is very easy to give your chickens fresh water with the chill off. Eggs are 65 per cent water and the young hens must have plenty of good water at the right temperature.

The extra eggs you will get will soon pay for an Ideal Waterer besides the saving of time and labor.

It is no trouble to have a constant supply of good, pure water at the right temperature for your chickens if you use an Ideal Chicken Waterer. It holds 5 gallons and the water is automatically led to the drinking pan by the vacuum system.

There is always about one inch of water in the drinking pan so the chickens always have all they want.

The drinking cup is protected so the chickens can get into their heads in to drink. They cannot get into it with their feet or scratch dirt into the water.

The waterer is made of heavy galvanized iron and will last for years. They are shipped complete with lamp and metal chimney.

With an Ideal Waterer you know your chickens have all the water they want—just as they want it, night and day.

Price complete with lamp \$7.00.

The output of all the best sugar refineries in the country is under the jurisdiction of one man, Mr. Earl in Chicago, who is working without pay and has one of the hardest, most thankless jobs in the country. No job can be ordered over the top, supply including what he may have in transit. Every order for beet sugar given by a jobber to any refinery is submitted to Mr. Earl for his approval, and if the jobber has not sugar on order or in his house for over ten days supply, the Chicago controller approves the order and sends it to any refinery who is able to fill the order and to any part of the country where the railroad congestion is least. When we order sugar we cannot order over ten days supply including what we have in transit. We do not know from what refinery we will get it, or owing to congestion of railroad traffic, when we will receive it, and no refinery can ship sugar without orders from the Chicago controller.
