Snappy Business Suits

For Young and Old

If you're a young man in years, we hope you are young enough in your ideas to know what good up-to-the-minute clothes mean in life. We don't mean the extreme, "candy" kind, but the good substantial kind that real men want to wear.

If you are old in years, stay young in ideas by keeping up with the times. Your old baggy suits with their straight cut trouser pockets, are relics of the Nineteenth Century and shouldn't be worn any more than the stage coach should be used for travel. Remember, you're as young as you feel, so feel young by getting into one of our new Fall and Winter Suits.

The visitors report about 45,000 men in the entire camp. The roads between here and Camp Funston are in fine condition.

paved the entire town this summer and all are well satisfied and don't understand why they did not pave the streets before. Audubon has not as many people as you have in your beautiful little city. If you don't make the people vote for paving, I will refuse to receive your good weekly paper after this year.

I don't know how my family could get along without a visit each week to Wayne through your interesting publication, but I will not be interested in a town that is a back number and not up to date. Get busy now so that you will be ready to commence early in the spring. I know the enterprise and public spirit of your citizens and all that is needed to get them enthusiastic on any public enterprise, is a little work to stir up. Now I want you to start now and keep stirring until the boiling point is reached and the streets will be paved in Wayne next summer. Then you can proudly boast that you have the best town

in the state of that class. With best wishes to all, I remain, Yours very truly, J. H. Kate.

FOUR-MINUTE MEN.

Lincoln, Nov. 12.—Beginning this week the Four-Minute men will undertake a new campaign in Nebraska in connection with a similar campaign in every state in the union, to bring before the people of the state official information on the steps being taken by the government and organizations working with the government for "Maintaining Morals and Morale" among our soldiers and sailors. The work being done in camps and elsewhere for the protection, entertainment, physical and moral well-being of the men who will defend the flag will be outlined and briefly described by the Four-Minute Men in their short addresses before audiences in moving picture theaters, theaters, churches, schools and wherever else people congregate.

An idea of the scope of the work that will be done in this week's campaign may be gained by a hasty review of the efforts of the speakers during the recent drive for the second liberty loan. In that campaign in Nebraska alone nearly 850 speakers made a total of about 1,000 speeches to more than 300,000 people. A campaign along even larger and broader lines will be worked out this week, and through these men who have volunteered to give their time and efforts to the government for the benefit of the people, that they may know the conditions under which the flag's defenders are being trained, the people of Nebraska will have a chance to obtain first hand information as to the way the men are situated at the great concentration camps.

Prof. M. M. Fogg, head of the Four-Minute movement in Nebraska, announced today that the Four-Minute Men have organized in 106 Nebraska cities and towns.

A PATRIOTIC RECORD.

"Don't Bite the Hand That's Feeding You" is a popular patriotic record played on the Brunswick at the Frank Gaertner-fore store. Here are the words:

Last night as I lay sleeping, A wonderful dream came to me; I saw Uncle Sammy weeping For his children over the sea. They had come to him friendless and poor.

When from tyrants' oppression they fled; But now they abuse and revile him 'Till at last in just anger he said:

Chorus. If you don't like your Uncle Sammy, Then go back to your home o'er the sea. To the land from where you came, whatever be it's name. But don't be ungrateful to me. If you don't like the stars in Old Glory.

If you don't like the red, white, and blue, Then don't like the cur in the story.

Don't bite the hand that's feeding you.

Recall on the day when you landed, How I welcomed you to my shore, For you came here empty-handed, And allegiance forever you swore. Then I gathered you close to my bosom.

And for clothes and of food you got more; So when in my trouble I need you 'Till you'll have to remember your oath.

WANTS TO SEE WAYNE PAVE

So writes J. H. Kate of Des Moines, Former Citizen of Wayne.

J. H. Kate of Des Moines, Ia., former well known citizen of Wayne, and at one time mayor of this place, is anxious to see Wayne pave, and the course of a letter to the Herald, he says:

Des Moines, Ia., Nov. 9, 1917. The Wayne Herald, Wayne, Neb. My Dear Mr. Huss:

I failed to visit your good town this summer, but I have resolved never again to let a year slip through and not see the good people of Wayne county.

I do hope you will have your town paved next summer, which will easily make it the best town I ever saw. Audubon, Ia., where I lived before I went to Wayne to live,

The BRUNSWICK Unlocks the Gates for All Lovers of Music

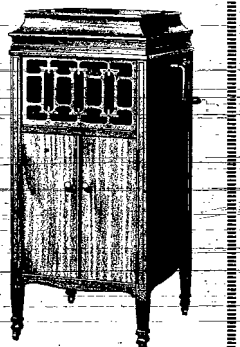

Until the coming of this Brunswick, music lovers had to buy and play records made by the makers of their phonographs. This meant barring many of the favorite artists. It meant a limited selection.

For instance, the Brunswick makes it possible for you to now enjoy the famous Pathe records, Europe's favorites. These wonderful Pathe records cannot be played on ordinary phonographs. The Brunswick provides a sound box for the Pathe records without extra cost.

Now you may buy any record you want, whatever make, and the Brunswick will play it as you never heard it played before. The Brunswick plays all records. It is all phonographs in one. It opens the gate to a new world of music, hitherto limited.

Hear the Brunswick yourself, then decide. We leave it to you, after making comparison. We know you will agree with thousands of others that THE BRUNSWICK has a better tone, and that its many features make it the phonograph you always wanted.

Blow another bugleblast, and blow it loud and strong. Let the echoes carry it and pass the word along. "Safety for Democracy" is the slogan and the song. Forward the Star-Spangled Banner!

Wearily the world was waiting for our battle-cry. Now the world has heard it, and we fling it loud and high—"Safety for Democracy" is the slogan and the song.

There has been considerable speculation as to what kind of a fish it was that we described in our last week's issue. Some say it was a sturgeon, which is a very rare fish, to be caught in the Missouri. Mr. Armstrong says that he is sure it was a spoonbill or shovel sturgeon.

Y. M. C. A. AND WAR WORK. Omaha Bee: Another drive for funds for the Y. M. C. A. war work begins this week, and Nebraska is asked to contribute \$250,000 of the \$35,000,000 sought to be raised. This money will be used to support the activities of the association at home and abroad in connection with the American army.

Most reports endorse the work, and civilians who have witnessed its operation give it high praise. It tends to preserve the youth of our country who are under arms from the temptations and dangers that beset them—and already has shown its ability to serve by assuring and creating much of evil that would be associated with army life. It does not tend to sissy the young soldiers, but brings out and strengthens their more manly qualities, and helps to make real men of them.

BUSINESS REPORT.

New York, November 10.—Bradstreet's Friday says: Most reports indicate that a large volume of business is passing while at the same time industry is active and collections are prompt but with all equipment is factored by adverse developments overseas, by drastic liquidation of securities and by the fact that various propaganda to restrict consumption of goods, unfavorably affect distribution by retail dealers.

Buying for the holidays is in evidence and in a general way the goods are improved but in this respect reports tend to present indications of conservatory buying, probably because of inordinately high prices for the goods in the market.

THE FIELD OF BUSINESS.

St. Louis City Journal: Foreign developments in their effect on American securities constituted an outstanding feature of the week's business. After a poor start of the week, in which representative shares on the New York stock market went down from 37 to 37 points and less.

Help Us Serve the Nation First!

We can perform our full measure of service to the nation only when we handle the governments' requests for services, for equipment and for men ahead of all private requirements.

New construction to meet the increased demands upon our facilities brought about by the war has held back by the shortage of both labor and materials.

You can "do your bit" by saving only for equipment. You must have and by making only such local and long distance calls as are absolutely necessary.

"THE ETERNAL SIN"
At Crystal Theater

Another feature at the Crystal Theater Thursday, November 22, "The Eternal Sin", in which Florence Reed takes the leading role, is one of the strongest dramas ever placed upon the screen. She portrays wonderful character, showing her great capacity for love and devotion, as well as hatred and revenge. She places the man she loves in dire peril, by attempting to avenge herself upon certain bitter enemies. This is one of the greatest stories ever told by that master of literature, Victor Hugo.

Thanksgiving Hardware

Get one of our roasting pans and be sure of having your chicken or goose or turkey done to a rich golden brown.

The LISK roaster is the kind we carry, and there is none better. It is self-basting, and is effected by means of the depressed-center in the cover. When the roast begins to cook, the juices vaporize and rise to the top of the dish. Condensing on the cover they run toward the center and drip back upon the roast, basting it continuously.

We can supply your every kitchen want in Aluminum, Enamel and Iron ware.
