

WAYNE, NEBRASKA, THURSDAY, MARCH 14, 1918.

VOL. 13, NO. 40

ANOTHER PIONEER DIES

Wayne, Nebraska, March 13.—The death of an old pioneer, Mr. J. H. Hahn, occurred at his home here on Wednesday, March 13, at 10:30 a. m. He was 85 years of age. He was born in Germany and came to this country in 1848. He was a member of the Methodist church and was a very successful farmer. He is survived by a wife and several children. The funeral will be held at 2 p. m. on Friday, March 15, at the home of Mrs. J. H. Hahn. Burial will be in the cemetery.

WAYNE MEN RESPOND WELL TO GUARD DUTY

New Members Joining Rank—Five Hundred are Expected.

The home guard organization is growing and interest in the drills continues unabated. One man who was unable to go on guard tonight, owing to a cold, was W. C. Hahn. This may be done if one feels unable to respond to the call.

Captain Paul Harrington issues this review:

Every one is responding in fine shape in the home guard membership drive and if each man will in turn, one man to join, the membership will reach the five hundred mark this week. A great many new men have already signed the roster, but every member is requested to bring in at least one new member.

The response of the members assigned for night guard work has been fine and each man has taken his turn with a spirit that speaks well for the home guard organization. Every man who has been posted for guard duty thus far has responded promptly. The drill work is going good, and the men are taking to the work with an enthusiasm that will insure for Wayne a high class militia organization. New men are coming to the drill every Tuesday and Thursday nights. All men wishing to start are urged to attend these nights, and the sooner the better.

Next week, the question of uniforms and guns will be taken up and discussed by the members and plans will be worked out for the purchase of the same.

Dues are payable to Mustering sergeant B. F. Strahan. Either call at the First National bank and pay the sergeant or mail the same to him. Dues are fifty cents per quarter and payable at once.

Regular meeting nights at the college gymnasium, Tuesday and Thursday at 8 o'clock sharp.

Mr. Meister of the Gem Cafe and Mr. Kosloff of the Calumet Cafe wish to inform the guard that hot coffee, sandwiches and pie are on sale free to the four men on duty each night. This is a very fine, patriotic thing for these two gentlemen to offer, and is duly appreciated by the guard members.

Assignments for guard duty, March 15 to March 22 inclusive:

Friday night, March 15—Ahlers, H., Brader, Albert, Berry, F. S., Grant, H. B.

Saturday night, March 16—Buetow, Chas. H., Chapman, G. E., Chance, A. A., Dennis, John T.

Sunday night, March 17—Buetow, W. H., Dewey, B. E., Dempsey, Arthur, Davison, A. E.

Monday night, March 18—Davis, A. R., Dayton, V. L., DeVillie, Ed, W. J., Ellis, W. R.

Tuesday night, March 19—Ellis, Fred, Eicher, O. N., Elming, Frank E., Fleming, B. S.

Wednesday night, March 20—Fitch, Don, Foster, J. H., Fleetwood, E. E., Forbes, J. C.

Thursday night, March 21—Fox, Clifton, Ferrel, H. R., Fitch, Earl, Fleming, Keith.

Friday night, March 22—Forbes, I. R., Gruenemeyer, A. G., Gamble, W. B., Gildersleeve, Lloyd.

AURORA BOREALIS SEEN HERE THURSDAY NIGHT

Phenomenon Which Appeared to Watchful-Wayne Observers.

(By Dr. T. J. House.)

Ever since I saw the Aurora Borealis on a summer night in my boyhood from the front porch of an Iowa farm home, I have wondered whether this latitude would, in my life time, reveal another sky so dazzling, so bewildering. On that occasion the glow seemed to emanate from the zenith in long streamers and again in a solid mass. The display lasted until about morning. It was said that for hours the telegraph wires would not carry messages, so great was the atmospheric disturbance.

Being of a religious turn of mind, I wondered whether this was the beginning of the final catastrophe in which the elements should melt with the heat here and I and a very few others he caught up into the air while the vast majority went in another direction. Many people supposed the phenomenon was a portent of disaster. Mr. John Shurtz's prophecies were recalled and excitement lasted for weeks.

The colorings painted on the celestial canvas last Thursday night were to the full as gorgeous as those seen in my boyhood. I think, however, that there was less movement in the upper edge, a more steady glow of amazing brightness.

Probably the advance of scientific knowledge accounts for the small degree of excitement resulting from this latest display. We know more about electricity. While we do not understand, we yet harness and use it as the slave of our desires.

The electric pole is 12 degrees east of the geographical pole. This fact reveals why the arch of color extends from northwest to southeast, having its highest point to the northeast.

No Aurora does not forego the lightning, pestilence or the end of the world. Our Indian predecessors gazed, wondered and called upon the Great Spirit when they saw "his sign in sky. A thousand years from now truly injured children will behold it with delight and awe. Like us, they will not fear it, but will feel that the great artist is at work, "his wonders in the heavens."

READING CIRCLE IS HELD

Teachers of County Attend Meeting Despite Bad Weather.

Notwithstanding a favorable weather and the absence of teachers at the meeting of the County Reading Circle last Saturday was large and encouraging. The forenoon was devoted to community singing and to reading the first six chapters of Strayer and Norsworthy's "How to Teach." Prof. E. L. Lackey led the community singing and all enjoyed it very much.

In the afternoon Dean H. H. Hahn summed up the most important and most valuable points and the book for the teachers and closed by urging upon all teachers the necessity of such teaching of patriotic and civic duty to the children to carry on the government now being sustained and developed. He said: "We are not fighting this war for ourselves, but for the coming democracy of a world which will be made up of the school children of today and those who come after them." The teachers appreciated Mr. Hahn's talk and his helpful interest in the reading circle work.

Miss Mary Ellen Brown of the university state farm was present and explained and urged the forming of boys' and girls' clubs. She mentioned sewing clubs, gardening clubs, canning clubs, pig raising clubs, corn clubs, and others.

Forty-five club members are in Wayne county, and all were asked to come to the meeting, but on account of the inclement weather only nine were present. The six sewing girls present responded to the request of forming a club. Their samples were passed around and examined by the teachers. The six girls are: Myrtle Reichert and Rosa Rohlf, district No. 79; Edna Muls, district No. 11; and Helen Neulke, district No. 11. They are now working. Edna Muls has earned a certificate of achievement for completing the first course in sewing. The three boys are: Edna Muls, Wayne Jackson, Edwin McDowell and Orville Meink of the Sholes consolidated school. Wayne Jackson and Orville Meink have completed the corn growing project and are entitled to certificates of achievement. Any child who completes a project may be excused from the corn growing obligation in agriculture. Edwin McDowell had completed the pig raising project for which he received a certificate of achievement. He was given honor mail, awarded by the Nebraska Farm Journal, and a free trip to the junior farmers' congress in Lincoln next June. Descriptions of the projects by the boys were very interesting.

Mr. H. H. Hahn explained the work of the Junior Red Cross now being completed at the schools. He showed the knitted articles, surgical dressings, comfort kits, etc., that may be made by the children.

NOVELTY FAIR FOR JUNIOR RED CROSS

Six Hundred Dollars Realized by Laudable Efforts of the City School.

PLAYGROUND MONEY ALSO

Oyster Supper Followed by Series of Attractions Including Sale of Roster for \$250.

The novelty fair at the school house last Friday evening for the benefit of the Junior Red Cross, under the supervision of Supt. J. R. Armstrong, was assisted by a corps of teachers, was attended by a huge crowd and was a signal success, realizing total cash of \$600.

The total sum of \$135 was raised for playground equipment.

An oyster supper was the first thing on the program. Then, gastronomically sustained people journeyed from one attraction to another and shelled out their change with encouraging willingness. Here a list of the attractions:

Play—"German Kultur in Belgium."

Moving pictures furnished by M. P. Nelson.

Animated Dolls—Inventions of A. J. N. Igriv.

Fish Pond—Tads for the little tads.

Aquarium—100 Rare Specimens loaned by the state.

"The Jones Family."

Theatricals—Film—Showing doctor performing major operation at a base hospital.

"The Seat of the Mighty," Judge For. O. Bowen and J. H. Kemp, custodians.

"The Flag Tag," or "What You Should Wear," school exhibit.

The auctioning of a roster was the stellar performance, and was the biggest money getter on the program. The east side was auctioned by Mr. D. H. Lunningham officiated as auctioneer. The sale excited spirited rivalry, and was very interesting. The total amount of money realized until receipts amounted to \$250.

Following this sale, the need of the Junior Red Cross equipment was explained. The sum of \$135 was raised as a starter.

The Wayne school will now score a hundred per cent in the Red Cross movement, in excess of the work made headway in the playground work. Both teachers and students have good reason to feel encouraged.

WOMEN LEATHER FOR COATS

That Good Warm Piece of Kid to Make Coats for Soldiers.

The leather from the Red Cross is being discarded and made into leather waist coats and jackets.

The secretary of the Red Cross chapter, after the ladies bring their discarded furniture to the Red Cross, they are made into coats for soldiers.

The Red Cross is now in charge of the leather. The Red Cross is now in charge of the leather. The Red Cross is now in charge of the leather.

ACCEPTS JOB AT CARROLL

Ed. Murrill Resigns as Electrician For the City of Wayne.

At the meeting of the city council Tuesday evening, Ed. Murrill resigned as city electrician, the same to take effect April 1. Mr. Murrill has accepted a similar position at Carroll, Nebraska.

A SERIOUS ACCIDENT

Eric Thompson, who lives on a farm three miles south of Wayne, suffered a serious accident Tuesday afternoon when he fractured his right leg and was badly injured while attempting to jump into a hay rack to stop the horses which started to run away. Mr. Thompson was thrown back on the ground, falling on his right side. His wife and mother, Mrs. Chris Thompson and brother, A. C. Thompson accompanied him to the hospital. He was taken to the St. Joseph's hospital where the broken bones were set. He was brought home to his home on Tuesday. Mr. Thompson will probably be confined to his bed for six weeks.

GIGANTIC DRIVE FOR WAR SAVINGS STAMPS

Friday, March 22, is Designated as "Date to Go Over the Top."

The attention of Herald readers is called to the three pages in today's paper on the subject of the big war savings stamp drive to be made on Friday, March 22. Concentrated effort will be put forth at that time to put Wayne county "over the top" in the matter of the quota exceeded. Schools and places of business have been asked to close Friday afternoon in unite in the drive for the worthy movement. People are requested to buy stamps to the limit of their ability, and thus not only make wise and profitable investments, but aid the war for world freedom.

HOARDING

I have reason to believe that there are people in Wayne county who are violating the government's anti-hoarding law. I recognize the fact that most of the hoarding is committed through ignorance rather than through intentional violation of the law. Any town person who has more than one sack of flour on hand is violating the law. Any person who has more than two sacks is violating the law and is subject to either two years imprisonment or \$5,000 fine, or both. Any person having flour on hand in excess of the amount stipulated, should at once dispose of the excess amount. The merchants will buy this at current market price. It is my opinion that nearly everyone is anxious to be a good patriotic citizen and zealous to obey and observe the laws. Any one having flour in excess of the amount stipulated is hereby urged to take such excess amount to his dealer at once and thus avoid any further treatment for the same. One returning excess flour should get a statement from the merchant to whom it is taken, to the effect that he has disposed of his excess flour. This statement is to be sent to me. The party disposing of the excess flour should execute an affidavit to the effect that he has only the amount permitted by law on hand. Said affidavit is to be sent to me.—J. H. Kemp, County Federal Food Administrator.

A SENSATION COMING

M. B. Nielson of the Crystal Theater, received a telegram Tuesday from the Jewett company that a startling seven-reel picture entitled "Kaiser, Beast of Berlin" had been released in the United States for bookings.

M. B. Nielson wired order for the production with March 26 and 27 fixed for showing here. Mr. Nielson says it is a high priced picture, but he has never presented here, and that its startling features cannot fail to arouse widespread interest. The attraction opened in New York this week with unprecedented crowds.

Ranges and Rust

She Can Stop All Outside Rust, But She Can't Stop Inside Rust

You never saw a range rust so badly on the outside that a little oil or stove polish wouldn't stop the rust. But what can you do for inside rust, even if you knew it was rusting? You never know it until rusted through and you couldn't do anything if you knew it. By placing the sheet of copper between the sweat and asbestos and range body, in Copper-Clad Ranges, internal rust is prevented. The copper

stops the sweat and the dry air space prevents any moisture from touching the outer casing. If there is no internal rust, you can take care of external rust with a greasy rag or a little graphite or oil or some fine wax or stove polish. Any of these things stops the rust if you can see it. Buy a Copper-Clad Range like the Copper-Clad range will never be destroyed by internal rust. It can't rust out.

Why Malleable Iron Ranges?

So That They Can Be Riveted Tight Like a Steam Boiler

Did you ever draw two pieces of cast iron together with bolts? Did you get it tight? No; the cast iron broke. Did you ever bend a piece of enameled iron? What happened? The glass covering, the enamel, cracked and peeled off. Ranges--the perfect cooking machine--must be tight as a steam boiler. Nothing

that can't stand riveting and drawing tight is worth working up into a high grade range. Like the Copper-Clad range. Get a malleable iron range because they are tight and stay tight. While getting, get the one malleable iron range with the solid malleable back flue--the Copper-Clad--the range that can't rust out.

ORDER OF HEARING ON ORIGINAL PROBATE OF WILL.

The State of Nebraska, Wayne county, ss.

At a county court, held at the county court room, in and for said county of Wayne, on the 1st day of March, 1918.

Present, Jas. E. Brittain, county judge.

In the matter of the estate of Claus Beck, deceased.

On reading and filing the petition of George Beck, praying that the instrument filed on the 1st day of March, 1918, and purporting to be the last Will and Testament of said Claus Beck, deceased, and which deceased, may be proved, approved, probated, allowed and recorded as the last Will and Testament of said Claus Beck, deceased, and that the administration of said instrument may be committed and that the administration of said estate may be granted to George Beck as executor.

Ordered, That March 25th A. D. 1918, at 2 o'clock p. m., is assigned for hearing said petition, in which all persons interested in said matter may appear at a county court to be held in and for said county, and show cause why the prayer of the petitioner should not be granted, and that notice of the hearing of said petition and the hearing thereof, be given to all persons interested in said matter by publishing a copy of this order in the Wayne Herald, a weekly newspaper printed in said county, for three successive weeks prior to said day of hearing.

JAS. E. BRITTAIN, County Judge.

Mrs. Walter Howard of Wakefield, was the guest of Miss Fern Griggs Friday and Saturday.

Save butter, lard, suet. Have better food at less cost. Use **MAZOLA**

Since Mazola is a vegetable oil it enables you to save butter, lard and suet in deep frying, sautéing, shortening as requested by Mr. Hoover.

And since it is pressed from golden American corn, you can be sure of its purity.

It is more economical than the old cooking mediums because it can be used over and over again--does not transmit taste or odor from one food to another.

Get Mazola from your grocer in pint, quart, half-gallon or gallon tins--the large sizes are the most economical. Also ask for the free Mazola Book of Recipes, or write us direct.

Very honey retailed by Mazola does not give entire satisfaction.

ences, setting out shade trees, trimming their fruit trees, and slipping up things generally. O. P. Sullenberger, Esq., the county surveyor, has fully prepared himself for the business of his office. Besides his theodolite, chain, square and compass, spirit level, etc., he has a splendid team of horses, new harness and the gayest kind of a carriage, in which it is a luxury to ride. Prairie fires are now very prevalent. Every night the glare of the burning grass is seen all directions. Thus far, but little damage has been done. Some fences have been burned and a few stacks of hay—four—fortunately—no—dwelling houses or barns. But until this prairie burning is over, people will have to watch carefully, or some night they will be burned out. Several fearful fires have raged through the county within the past ten days, and it is a matter of congratulation that the citizens have escaped serious injury to their property. A tremendous storm of snow vis-

ited the western and southwestern part of the state last week. The trains on the U. P. railroad were blocked—the fall of snow was immense and the cold was very great. Here, in the northern part of the state, we have not had the slightest indications of a storm. The weather has been pleasant, the roads dry, and people are putting in their crops. It would almost seem that the order of nature has been reversed from what it used to be, and that instead of going south one must come north to find a warm and pleasant climate.

A Bilious Attack

When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. They cost only a quarter.—Adv.

"My Country 'Tis of Thee, The Sweet Land of Liberty."

I pledge allegiance to my flag and to the Republic for which it stands; one nation indivisible with Liberty and Justice to all.

In connection with boasted headway in buffaloning Russia, the Kaiser, in a recent statement, takes occasion to give God honorable mention.

Wayne should bear in mind the district teachers' meeting to be held here the last week in the month, and give ready to extend a cordial welcome.

The first tornado of the season has struck Ohio, killing ten people and destroying much property. We would suggest that the next one be headed for Berlin.

Wayne county has the wealth and the patriotic desire to fully aid in any proposition that will put in the greatest war effort in the purchase of war savings stamps.

The month of March this far has been rather less ugly than usual. March has a bad reputation, and seldom fails to fully measure up to it. This year the month has dealt out several fairly like days, and may furnish an exception to the rule.

Even chronic tight-wads are going to get into the habit of cheering before the war is over. They will be made to realize that this gigantic conflict belongs to them as well as to others, that the future security of life and property will rest on the outcome, and that united effort and sacrifice are requisites of victory.

All talk of peace without complete victory over the German nation is ill advised and useless. A compromise is unthinkable. At first America shrank from thought of war, but was finally, through the intrigues and lawlessness and barbarity of Prussianism, driven into it. Now that it has been forced to defend democracy and advance world freedom, it cannot relax until the boastful and menacing militarism of Germany has been crushed and the world has been made safe for the peaceful pursuits of society everywhere. Germany has committed too many ruthless crimes, and civilization is permitted to exact a patched up peace that would enable it to prepare for another world war. It must be defeated and its internal forces of preparation overturned. Samuel Harden Church says this in the course of a lengthy article in Manufacturers' Records, "I am beginning to wonder in my mind what the ultimate

Is It Worth a Dime a Day To Be An American?

If every person in Nebraska were to save a dime-a-day-and invest in Savings Stamps, the state's quota would be complete before the end of the year. Is there anybody who cannot save ten cents a day? Is there anybody in this town who cannot double that amount? No, there isn't. Let's prove it by doing it, each and every one of us.

Resolve today to lay away 10 cents for each member of the family by purchasing interest-bearing War Savings Stamps.

mate-expatriation of Germany is going to be. Is it possible that the world will permit Germany to say, as a western outlaw might say: 'Gentlemen, the drinks are on us!' and-with-the-payment of certain fixed indemnities assume once more an equal station among the civilized nations of the world? The least that can be done to members of the ruling body of Germany is to force them to quit. Germany must be changed. The Janesville has made a new oscillating gang plow, a New Method of Furrow Laying, and a New Method of Handling the Plow in the Furrow by the Operator

THIS NEWEST AND BEST PLOW, best as proven by winning in last three contests against all competitors at Big Rock and Wheatland, Illinois, for three consecutive years, has that very delicately curved mold-board, built to turn the soil in the best possible way with the least resistance, making a light draft and does perfect work.

Bearms are hung to a single bail which is operated by the lever. Lever or foot-lift may each be operated separately or jointly, perfectly regulating depth of furrow with bottom absolutely level.

Come in and let us show you all the good points about this new Janesville plow.

It is almost needless to tell the farmer who has used an oscillating Janesville gang plow or their farm machinery that if there is to be any improvement the Janesville people will have it, for they spare nothing in expense to place the best in the hands of their dealers. We handle the full line of Janesville Famous Farm Machinery, and once you try the plow so perfect you will find it that you will be interested in their Disc Harrows, Seeders, Corn Planters and Cultivators, and later we will tell you of other labor-saving implements in their season.

Our stock of farm implements is now very complete, and the machinery of known merit and real value is carried here.

KAISER AND THE DEVIL.
Essex, Iowa, Independent: The Kaiser and the Devil in an agitated way, and the Devil stopped his prying to hear what Bill would say.

Bill approached him quite contently; for he wanted something; and he would make his last endeavor to enlist him with the Hun.

So he said: "My dear good Satan, I'm in trouble, I'm afraid; if it does not work together sure as hell my grave is made. I have worried and I've wondered, and the Huns stand in dismay when they hear the preparation over there in U. S. A."

I had thought that Gott was with me, but of late He's hard as bone, so I've come for your assistance, and well—out—Him—from—His—throne. Now, dear Satan, won't you help me? We are a team that would rise, and when the awful war is over we'll own Heaven, Earth and Hell.

"I surely am disgusted with the Gott up in the skies, instead of helping me He's helping the allies. Just say the word and I'll abide; you come along, but I'll decide; and tonight at just 11, I'll call out a string of zeppelins and we'll make a raid on Heaven."

All this while old Satan wondered, scratched his head and then he pondered. When he found his equilibrium, after Bill had gotten through, he addressed Bill Holzencoller in these words, severe but true:

"You're a dirty, lowborn ingrate, you're the worst I ever knew—your dippy, talking fighty, and to win your greatest blunder you would wreck your God Almighty!"

"You for years have had a notion that you had a regular call, and some day you'd rule in Heaven, but Oh, Bill, you'll bet a fall. And this fall it is not far distant. We're training sure as hell, for the allies have your measure and they'll fix you good and well."

"You have stooped to the lowest level; you have broken every rule; all the world is now against you, you're a great big jackass fool."

"I don't like your talk of methods, you're the best that is true, but you've wrecked and butchered millions, and I have no use for you."

"Look at Belgium, poor bleeding Belgium—look at France, and England too; and because you had a notion that the world you could subdue."

"Punishment, I've a reputation but I've watched you all the while; and for downright ornery meanness you have the Devil skinned a mile."

All the fire and brimstone, all the groans and shrieks of hell, you have equalled and surpassed them, and you know it mighty well."

"Now, Kaiser Wilhelm, listen: you will not finish what you've started; the Hohenzollern family, and those will soon have parted."

"You heard from President Wilson, he told you what he'd do, but you thought he was only bluffing, now you know he's coming through."

"Over there they're training soldiers, and oh, God, how they can fight; they've got your dirty carcass, because they are fighting for the right."

"When the bugle call is sounded, you'll have no time to pray, for they're coming on in millions and they hail from the U. S. A."

BE TRUE TO YOUR FAMILY

Edward Everett Hale: If you are ever tempted to say a word or to do a thing that shall not be between you and your family, your God and your country, pray to Him in his mercy to take you that instant home to his own Heaven. Stick by your family, boys; forget you have a self, while you do everything for them. Think of your home, boys; write and send and talk

about it, let it be nearer and nearer to your thought the farther you have traveled from it, and rush back to it when you are free. And for your country, boy, and for that flag. Never dream a dream but of serving her as she bids you, though the service costs you through so thousands of lives. No matter what happens to you, no matter who flatters you or who abuses you, never look at another flag, never let a night pass but you pray to God to bless that flag. Remember, boy, that behind officers and government and people even, there is the country herself, your country, and that you belong to her as you belong to your own mother. Stand by her, boy, as you would stand by your mother.

WATTLES WILL SPEAK.

Omaha, Neb., March 13.—Gordon W. Wattles, federal food administrator for Nebraska, is in Washington attending the meeting of food administrators from over the United States.

Mr. Wattles will address the administrators on methods of organization, based on the Nebraska division. The invitation came from Herbert Hoover, U. S. food administrator, and shows the regard with which Nebraska is held in Washington.

NEWSPAPERS IN THE WAR

The Band Bulletin, Kansas City: There is one branch of the American army at home which is doing more than any other toward winning this war. It is, or should be, styled the Newspaper Battery, manned by as brave and as loyal and true patriots as are to be found anywhere.

In the division of the Newspaper Reserve district are more than 2,500 guns, ranging from a little 3-column folio which is fired off weekly, to great 16 to 48-page destroyers which are fired daily—often two, three and four times a day.

Not an issue of any one of these newspapers is sent out that does not contain, along with the news of the day or the week, editorial and special articles full of patriotic fire that point the way of the people to duty, or intelligent accounts of the progress of the various activities for the national defense.

These newspapers are among the greatest educational forces in America. They voice the sentiment of the people, their ideals, hopes and

ambitions. Yet, do the people appreciate them as they should?

In this great crisis of our history the newspapers have performed the greatest service for the cause of democracy, righteousness and square dealing among men and among nations. They are backing Uncle Sam at every turn—noble and patriotic editors and publishers these—and when America and its allies win—surely they will—the Newspaper Battery will come in for a full measure of the glory that comes with victory.

FEDERAL FOOD TALKERS

Omaha, Neb., March 13.—Fifty thousand Nebraskans heard the food talks of the speakers who toured the state last week. With few exceptions the meetings in the various Nebraska cities were largely attended.

The message of food conservation was driven home by the speakers in telling fashion, and a realization of the seriousness of the war was impressed as never before.

Is There a War Zone in Your Spine?

Very Few Perfect "Backbones"

One Way You Can Make Sure

Are found in this world, and consequently, whether people are conscious of it or not, there is usually "something wrong" in the bodily organism. Look the world over and you, too, will decide that he who is absolutely well is a rare individual. Some, of course, are more sick than others: some grunt, others growl, some are about, others are laid-up, some are cheerful, others groan their way through life: some hobble, others crutch: some have a mere headache, others suffer intense pain—but many are normal in one degree or another. Now there must be some reason for all this sickness. Health is sick; disease is abnormal.

Health is a condition resulting from the unimpeded flow of health energy from the brain to all parts of the body. When the vertebrae are pushed out of place they impinge the nerves and cut off this energy and diseased organs are the result. Dislocated vertebrae are really war zones where trouble is always brewing.

Is to have a FREE analysis of your spine. The method of the chiropractor is to palpate along the spine with his sensitive finger tips until he finds a bone out of line. For instance you have the nose-bled. The chiropractor runs his hand up and down your spinal column until he locates the point of exit of the nerves that lead to the nose, adjusts the vertebrae at that particular spot—and the ailment is gone. When you are attacked by indigestion—the chiropractor by this same process of palpations finds that the nerves leading to the stomach are impinged by vertebra out of line. By adjusting the spinal bones with his bare hands he removes the pinch on these nerves. This makes possible the free flow of energy between the brain and the diseased organ, which, of course, leads to permanent health. So well can the chiropractors read the spine that he can analyse a great majority of the cases without asking the patients a single question. Mrs. Joseph Weber, now classed among the seven greatest violinists of the world, was able to win in her art only after paralytic conditions in her arm were discovered and removed by the chiropractic method.

THOMAS A. EDISON HAS BACK ADJUSTED.

(Mountain Head News, Davenport, Ia.)
 Val Kuhn, D. C. of Milwaukee, Wis., sends us a good clipping. The article is taken from the Milwaukee (Wis.) Journal of January 13, 1918. The article is as follows:
 Edison cracks spine in war work. "Washington—The wizard of East Orange has staged another thriller, viz.: Thrown his backbone out of place, thrown it back and returned to his patriotic duties in Washington, all in the course of three days.

"Mr. Edison has been working for Uncle Sam. Hidden in the office once occupied by Admiral Dewey in the navy department annex, refusing to see anyone, he is performing wonders, details of which are withheld for military reasons."
 "He was working in this office when upon bending over a desk something cracked and he found it difficult to resume his upright position. Suffering much pain, he was taken to the house he occupies in Washington, and doctors called.

Mr. Edison believed he had acute lumbago. He wanted to see his family doctor in East Orange and it is said he made the trip there. At any rate the doctor discovered that a vertebra had been thrown out of place. With Mr. Edison's assistance it was thrown back again and at the end of the third day the young old man was in his office here hard at work again."

"We quote the article now because it has special bearing in connection with another article which also appears about Edison wrenching his back and having it fixed."
 "A letter from Mr. Brisbane to the editor of 'The American Magazine' reads:
 "I have your letter asking 'Won't you write two or three hundred words about Mr. Edison to go with this picture of you and him?' Tell, perhaps, what you and he talked

about that day? Or give us your characterization of Edison, telling what you think is his most remarkable quality? Anything about Edison that you would like to say would interest us."
 "Mr. Edison was interested in the device constructed by my friend Frank Straus, which makes possible the use of a business photograph in a moving automobile, even on rough roads. He was especially interested in that car which I had chosen for the experiment—because of the car's transmission, power communicated without the touch of a pedal, something, perhaps, like the system that keeps the earth spinning in its orbit."
 "Mr. Edison, examining, knitting his brows, digging into the material before him, discussed practical common sense. I can give you his exact words because I wrote them immediately in an editorial that I published."
 "I quote from that editorial: 'The main thing is to keep your body loose,' said Mr. Edison. As he said it, he kicked one of his low shoes off, exposing an interesting gray stock-

ing; then put it on again, showing it was absolutely loose."
 "Every inch of your body is pinched anywhere. If you want to live a long time and work while you live, keep your body perfectly free from pressure."
 "Don't, as a matter of course, have any pressure on your neck or wrists, or on any spot where the big veins and arteries are exposed. Remember, also that every inch of the body should be kept free of pressure."
 "Every inch is covered with the little capillaries, hairlike veins that feed the whole body and the millions of cells."
 "Pressure anywhere means that a certain part of your body is deprived of its natural food. And starvation and death begin where the body is pressed and choked."
 "On the same occasion Mr. Edison recommended two or three books. I cannot recall their names. He said a number of interesting things which I imagine themselves more important than they are—he and they would dislike to see those things in print."
 "You ask, 'What is Edison's most remarkable quality?'"
 "Power to extend mental and physical concentration and hard work into old age perhaps. Edison's brain is a coherer that gathers in space, by wireless, scientific facts, and hands them out to the world."
 —Arthur Brisbane.

loan and announced by Secretary McAdoo, is the plan of giving a win-dow card bearing a reproduction of the flag to each purchaser of a bond, and of establishing honor rolls in each community, or organization of any kind, to bear the names of the subscribers.

It is planned also to unfurl a state honor flag at each capital after the campaign is ended, to bear the names and records of each community which won a quota flag. A national flag, to be flown at Washington after the campaign, will bear the records of states.

RED CROSS UNDER FIRE

"What could any army do without the Red Cross?" asks Sergeant Ronald Kingsley, late of the 38th Canadian infantry, who is a veteran of the French front permanently discharged because of injuries received in battle.

Sergeant Kingsley answers his own question.
 "I think that probably the greatest tribute that can be paid to the Red Cross is the confidence of the wounded man. He feels that no matter how badly wounded he may be, if once he gets to the Red Cross man his life is safe."
 "I witnessed an incident during the battle of the Somme which I shall never forget. A Red Cross officer and four stretcher bearers came to the support trenches for some wounded men. The officer raised a Red Cross flag in plain view of the Germans and with his men began to dress the wounds and finally to put the soldiers on stretchers. As they walked off the Germans deliberately fired on the party and the officer went down. He got up and started again, but was hit a second time and did not get up."
 "Almost at the same time we heard a salvo of German three-inch shells which wounded all the stretcher-bearers and the wounded soldiers received new wounds. Yet in spite of this, another Red Cross party—that says day went out and brought in wounded men. Need one say anything more? I think not."

"The work of the Red Cross on the battlefield goes on night and day. Invariably the men and the ambulances are in range of enemy guns. Devotion to duty characterizes the Red Cross workers and the American boys are stimulated by this assurance."

TO AWARD HONOR FLAGS

The third Liberty loan is to have a distinctive flag of its own. Red border, white interior field with three verticle blue stripes, is the design for the honor emblem which will be bestowed upon each city exceeding its quota of Liberty bonds. If a city doubles its quota rate will add to its flag a strip of a tripling of the quota will be recognized by two stars.

WOMEN'S GOWNS.
 Omaha Bee: Suspend your judgment for a moment—one of the really important matters connected with the war is about to be determined. Woman has to decide whether she will don the bifurcated neck garment that has distinguished man for centuries or whether she will stick to her own wardrobe. It is not merely this, of course, is not for ordinary occasions, but when working in the field. For our shortage of farm labor is to be relieved by the formation of the Woman's Land Army, on a basis similar to that of England, where the organization has been of immense help. A milk canary the cause is now among as and soon will be laying her message before the women. It ought to be easy to decide. When women went into railroad work in the big shops and elsewhere, she found she could not be safe in skirts. Overall is not becoming, although sentimentally admirable as a badge of honest toil, but they are quite convenient around machinery. Now if woman goes into the field to plow and plant, to cultivate and harvest, shall she be denied the freedom vouchsafed to man under like conditions? Is justice to be rendered her? Will man and draw man's pay, let her wear man's clothing.

Dependancy Due to Constipation.
 Women often become nervous and despondent. When this is due to constipation it is easily corrected by taking an occasional dose of Chamberlain's Tablets. These tablets are easy to take and pleasant in effect.

PRESIDENT CONN SPEAKS
 "Democracy on Trial" is Discussed at Presbyterian Church.

(Continued.)
 A large concourse of citizens filled the auditorium and part of the gallery at the Presbyterian church last Sunday evening to hear President U. S. Conn in a patriotic address. President Conn has just returned from a trip to Washington and other eastern cities and said in the introduction to his lecture, that what he saw and heard in the east inspired much of his address. "It is the war," he said, "that has given us this opportunity on 'Trial.'" He said that while there are many evidences of a splendid patriotism here in the middle west, there is not the same degree of enthusiasm that we are. "There is," he said, "an atmosphere of patriotic fervor that can be felt wherever one goes in the eastern cities."
 Mr. Conn said that any one of several reasons might account for the fact that the eastern part of the country is more interested at present than we are. There are soldiers on every hand. The coast towns are in danger of attack from the sea. The people are closer to the seat of war than we are.
 The speaker said that while we do not show the lively enthusiasm that is manifested in the east, our great cities and states show that we are not lacking here in real patriotism. We should, he said, discriminate in our support of organizations and agencies that propose to carry out our war effort. The war, Y. M. C. A., Red Cross, and W. Y. C. A. are mentioned as deserving all the support we can give.
 Mr. Conn said that he was convinced that the war is now fundamentally a war between ideals. The war must be fought to a complete victory, because the two sets of ideals cannot any longer exist together in this world. All the evils of autocracy and the rule of the man in the iron ruling body. The best that civilization has achieved in the way of democracy is found in American. The two sets of ideals have come into final conflict.
 The speaker said he felt sure right would win. The conclusion of his address was a splendid prayer for the peace of the world to stand back of the military forces that are fighting for democracy. "We must all be soldiers," said he. "We must be willing to give, or go, or do to the utmost of our powers to preserve government of the people for the people and by the people."

CHURCH DEDICATES FLAG
 Due Services at Lutheran Church Honoring Soldier Boy.

A very impressive flag dedication service was held at the English Lutheran church last Sunday morning. The program was of unusual interest to the members of the congregation. A. D. Erickson in a few well chosen words presented to the congregation a service flag as a gift to the church. The pastor in behalf of the church and sacredly consecrated in the name of God and in honor of the fourteen young men whose stars it bears, then was placed upon the wall beside the pulpit.
 The names of the boys were read together with the branch of service to which each belongs, and as each name was read a member of the respective family pinned a star to the white field of the flag. One gold star was placed on the flag in memory of Jens Jorgensen who died at Camp Funston January 10.
 The address delivered by Prof. O. R. Bowen, I. H. Briell, H. H. Hahn were full of patriotism and were much appreciated by the large congregation present.
 The roll of honor is composed of the following names: Fred K. H. Eichoff, Harris Sorenson, Sergt. Raymond Fox, Harry H. Hansen, Carl Julhin, John M. Gustafson, Sergt. A. E. Gustafson, Rollie Miller, Ralph Bohmert, Peter Christensen, Sergt. George Andersen, Linn Hanson, Fred Lerner, Jens Jorgensen.

CHURCH CALENDAR

English Lutheran Church. (Rev. J. H. Fetterolf, Pastor.) Sunday school 10 a. m. Public worship with sermon 11 a. m. and 7:30 p. m. Mrs. Frank Sederstrom will entertain the Ladies' Aid next Thursday afternoon. Union Lenten services will be held by four of the Protestant churches beginning next Monday evening and continuing through the week. There will be a sermon each evening by one of the pastors. The pastor of this church would like to see a good representation of his members at each of these services. They are meant to be helpful.

Methodist Episcopal Church. (Rev. D. W. MacGregor, Pastor.) Let us begin the Lord's day with attending the Sunday school. Classes for all who will come. Parents come with your children and stay for the morning service. Sermon 11 a. m. "The Young Ruler, and the One Thing He Lacked." Boy Scouts will meet at 6:30 p. m. Great interest in this department. See how they grow in numbers. Epworth league, 6:30 p. m. Last Sunday evening league was a lumina- and the orchestra music was fine. St. Patrick social Friday evening. Don't forget it. One dime is the admission. Music, refreshments, and a jolly good time. The Intermediate league will meet at 7:30 p. m. in ladies' parlor. Sermon: 7:30 p. m. "The Little Man of Importance, whom Jesus Called Down." Good singing and good music at all the services. Lenten services during the Holy Week, March 25 to 29. The five last days with Jesus as He approached the cross. Every member plans to be present at these Lenten services, just one hour each evening. Each service will bring us nearer to the cross.

Presbyterian Church. (Rev. S. X. Cross, Pastor.) Henry W. Lampe has spent a number of years in Japan and Korea. He will speak next Sunday morning on "Methods Followed in Mission Work in Korea." In the evening, Mr. Lampe will speak on some subject having to do with the attitude of the far east in the great war. This evening meeting is planned as a patriotic service. All are cordially invited to be present. These Sunday evening meetings should be so planned as to keep the home fires burning until the boys come home. That is not all. The biggest work the church will ever have accomplished is to begin when the boys begin to come home, after the great victory has been won. It is high time for us to begin to clean house and get ready for that supreme event.

When we hear a good deal about the part that Japan plays and should play in the present crisis, Mr. Lampe used to live in Japan and knows the people. His home at present is in Korea. He knows east-

ern Russia pretty well. We expect him to tell about at least some of these things at the meeting next Sunday evening. This should prove to be a fine informational meeting. It is only by good fortune that we are able to announce Mr. Henry W. Lampe for next Sunday. He is in press' general demand for all kinds of meetings everywhere. He has been speaking in Texas for several weeks, and leaves again for the south immediately after his visit with us. People are interested these days in what goes on in the Orient.

First Baptist Church. (Rev. Fletcher Jordan, Pastor.) Preaching service, 10:30 a. m. and 7:30 p. m. Sunday school 11:30 a. m. The school increased in attendance materially last Sunday. Since the warm weather is coming let us be in our places each Sunday. In a standard church seventy-five per cent of the membership of the church ought to be enrolled in the Sunday school.

Next Sunday evening the topic of the B. Y. P. U. service is "The Art of Living with Others." I Peter 3:8-16. The meeting starts at 6:30 p. m. The young people of the church should avail themselves of this opportunity to learn to pray and testify in public.

Music fills a very large place in the practicing of the gospellers. For this reason each member of the church and congregation who can sing ought to serve God in this way. Choir rehearsal each Thursday evening at 7:30 p. m.

Please remember the week of services to be held in accordance with the plan of President Wilson to make the month of March a season of intercessory prayer. These meetings are to be held in the different churches from the 18th to the 23d of March.

This church voted a little time ago to hold a series of revival meetings beginning the middle of May. The services of Rev. P. Sherrill of Fort Worth, Tex., has been secured. He has done work in our state for two years and has been very successful. Strangers and those without church privileges are welcome to attend the services of our church.

CHURCHES OBSERVE WEEK OF PRAYER.

Beginning March 18 the churches in town will hold services each evening at 7:30 p. m. These meetings are in keeping with the wishes of President Wilson that we make the month of March a period of special prayer. Monday evening the service will be held in the Presbyterian church. Rev. D. W. MacGregor will speak. Tuesday evening in the English Lutheran church, Rev. F. J. Jordan speaks. Wednesday evening Rev. S. X. Cross speaks in the Methodist church. On Thursday evening in the Baptist church Rev. J. H. Fetterolf preaches, and the last meeting is held in the Presbyterian church with Rev. D. W. MacGregor as the speaker. It is hoped that every-one will come out to these services.

A USEFUL PAIN

Wayne People Should Heed its Warning.

Have you a sharp pain or a dull ache across the small of your back? Do you realize that it's often a timely sign of kidney weakness? Prompt treatment is a safeguard against more serious kidney troubles. Use Doan's Kidney Pills. Profit by a Wayne resident's experience. Mrs. Mary Boeckenhauer says: "I had awful pains in my back and was never without a dragging ache through it. I could hardly get around and I would have given anything for a let up for a little while from that steady ache. I felt weak and was often dizzy and the kidneys didn't act often enough and I was certainly in a bad way. Doan's Kidney Pills relieved me of all those symptoms and occasional spasms which kept my kidneys in good condition."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Boeckenhauer had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

Bell Telephone Service Is for Uncle Sam Before Anyone Else. When war was declared the entire Bell Telephone System—including our equipment and our employees—was placed at the service of the government. All the great military bureaus, training camps, cantonments, navy yards, munition plants, arsenals and warehouses have been connected by telephone. The Bell System has organized and furnished to the government fourteen complete battalions of trained telephone men who are skilled in constructing, maintaining and operating telephone lines for the forces in France or are in mobilization camps ready to embark. A great number of our employees have also joined the national guard or other military organizations or have been drafted. These thousands of men and women cannot be readily replaced. The Bell telephone men now with the army in France, recently completed the first all-American telephone system overseas. Cable dispatches to the press say that it is a great treat for the officers to use an American-built telephone system after trying to talk on the lines in use over there. With our working forces depleted, with equipment growing more scarce and telephone materials costing practically double what they did two years ago, our problems are becoming very serious. When you use the telephone won't you please remember the difficulties under which we are furnishing service? Won't you help us to "do our bit" by not asking for additional telephone equipment at this time and by making no unnecessary local or long distance calls? NEBRASKA TELEPHONE COMPANY

The Pneumonia Season.

The cold, damp weather of March seems to be the most favorable for the pneumonia germ. Now is the time to be careful. Pneumonia often results from a cold. The quicker a cold is gotten rid of the less the danger. As soon as the first indication of a cold appears, take Chamberlain's Cough Remedy. As to the value of this preparation, ask anyone who has used it.—Adv.

Mrs. Will Kind of Oto, Ia., arrived in Wakefield Thursday to see her aunt, Mrs. W. J. C. Smith.

E. E. Hyspe attended the merchants' convention in Omaha last week. He returned on Friday.

Mrs. Levi Dilts left Thursday morning for a month's visit with friends in Omaha and Lincoln.

Mrs. Agnes Mathieson of Omaha spent Sunday with her parents, Mr. and Mrs. Andrew Mathieson, in Wakefield.

William Kay and son, William Jr., were passengers on Omaha Tuesday. While there they purchased three Oakland cars, one of which they sold at Pender on their way home.

Mrs. W. S. Ebersole and Mrs. H. D. Ware and little daughter, Eleanor, left Friday for Excelsior Springs, Mo., where they are going for the benefit of their health.

A meeting of the Royal Arch Masonic lodge was held in the lodge rooms, Monday evening. Three candidates were initiated into the order: C. E. Ten Eyck, William Ellis, and O. C. Wisdom.

Mrs. Ernest Hanson spent the days last week with her husband, who is recovering from an operation for appendicitis in a Sioux City hospital. He expects to be able to return home the end of the week.

Mr. and Mrs. Arthur Larson of Sioux City, have moved to Wakefield, where Mr. Larson is employed in the hardware store of C. E. Johnson. Mr. Larson is a son of Mr. and Mrs. John Larson of Wakefield.

D. C. Leamer went to Sioux City Wednesday to attend the banquet given by the Rotary club in the Mandamin hotel in honor of the Scotch comedian, Harry Lauder.

Mr. Leamer attended the entertainment at the auditorium in the evening, Mr. Lauder taking the leading part.

SOCIAL NOTES.

Miss Vena Green entertained the young ladies of the Philathea class of the Presbyterian church Monday evening. The guests spent the evening making quilts for the Red Cross. Their teacher, Mrs. R. H. Matheson, was also present.

A party was given by Floyd Johnson at his home Friday evening. All had a jolly time.

Mr. and Mrs. Nels Larson entertained a company of friends at dinner Sunday in honor of their daughter, Mrs. Henry Larson, and her husband who were married last week.

Mrs. Walter Howard is entertaining guests at a Kensington this afternoon.

Patriotic Meeting.

A large crowd gathered in the auditorium Friday evening to listen to an address by Walter A. Hope-well of Tekamah, who presented in forceful fashion the imperative need of food conservation. He said the military body that produced the last cargo of wheat would win the war. He emphasized the vital necessity

Pay enough for quality in your spring clothes.

"Pay enough" refers to the good of you men who buy—not to the man who sells. It means the price of all-wool fabrics, fine tailoring, good style—those things are absolutely necessary for long-wear and satisfaction.

We were delighted with the warm welcome we received at the Swedish Lutheran church last Sunday evening,

and everyone enjoyed the hopeful and cheering tone of Rev. Kraft's experiences among the boys in the training camps. It is to the credit of our whole community that one of our churches and pastors should have had the public spirit to be able to present such a report to so large a christian assembly.

At the annual meeting of our Sunday school board, held Monday evening, the following officers were elected for the ensuing year: Supt., C. S. Beebe; assistant Supt., Geo. Barto; secretary, Miss Ethel Hunter; treasurer, W. L. Busby; librarian, Roy Coley; organist, Miss Williams, with Edith Williams as assistant organist. Let us speed our new officers on their way by having a large attendance at Sunday school next Sunday.

At the morning service Rev. N. A. Martin, D. D., secretary of the Nebraska Methodist Episcopal hospital at Omaha, will be with us to tell of the hospital work. Already

the hospital is caring for our sick soldiers, and Dr. Martin has a most interesting story to tell. We ought to have a big crowd to hear him. Dr. Martin will be at the Pleasant Valley church on Saturday evening at 8 o'clock, with pictures of the hospital work and an illustrated lantern lecture which we should like that whole neighborhood to see and hear. If we can get him to leave those slides with us when he goes from us on Sunday afternoon we will show them to our friends in our service at Wakefield on Sunday evening.

BOOK DRIVE WEEK.

Select from your libraries good books in good condition; wrap and mark "Library War Service" and take them to the public library. They will be sent to camp libraries in America and "over there."

A sane sensible war service.

Former Wakefield Man.
 Pierce Leader. A transaction has been made within the past week whereby Jos. Braun disposes of his furniture and undertaking business in Pierce to E. D. Lundak and possession will be given about the middle of June next. The principals in the deal need no extensive introduction. Mr. Braun has conducted the business in Pierce for the past five years and has always enjoyed a splendid business, and at all times proving himself a good business man. Mr. Lundak has been principal of the Pierce public schools for the past two years and has proven to be one of the best men in this capacity that the school has ever had. In fact, his services have been valued so highly that the board of education gave him a substantial increase in salary for the coming year. Needless to say, both patrons and pupils of the Pierce schools will regret exceedingly to learn of his contemplated retirement from school work this spring.
 For the past few years, during vacation periods, it has been known by some that Mr. Lundak has been away from home, and therefore he has equipped himself very well to handle that part of the business which he assumes charge of in this store.
 It is taken as a whole, Pierce people are sorry to lose such an admirable and competent school man as Prof. E. D. Lundak, but will be pleased to know that he will and his estimable fam-

Buy War Savings Stamps!

As a Nation we have staked all on the outcome of the war. As individuals we should do the same—for if the Nation loses, Everyone in America loses.
 To win the war we must give the Government every opportunity to get all the money necessary.
 War Savings Stamps are an investment that everyone can buy, because they are sold in quantities to meet every purse.
 War Savings Stamps raise money quickly for the Government and give the purchaser the liberal interest of nearly 4 1/2%.
 The Government of the United States is asking no favor in offering these Stamps for sale, but rather giving everyone an opportunity to buy a gift of security at a splendid rate of interest.
 We are urging everyone to buy War Savings Stamps to the limit of their ability.

IMPORTANT NOTICE!

Meetings Will be Held Friday Afternoon, March 22, at 2 P. M., to Obtain Subscriptions for War Savings Stamps.

All Schools and Business Houses in the County Have Been Asked to Close at 2 P. M. That Day

Governor Issues Proclamation

Meetings of all tax payers and wage earners in this county will be held in each school house in the county at 2 p. m. on Friday, March 22, 1918. These meetings have been called by War Savings Director Ward M. Burgess, appointed under the authority of the Secretary of the United States Treasury, and pursuant to the proclamation of the Governor of the State of Nebraska.

The school moderator in rural districts will preside at each school house meeting, and the school director will keep a record of the proceedings. The director will report the names of all persons present and the amount of War Savings Stamps subscribed for by them. He will also report the names of any absent persons and the names of those persons who refuse or neglect to subscribe and the reasons for so doing.

War Savings Stamps (which are United States Government Bonds the same as Liberty Bonds), can be paid for during any month in the year 1918, but it is intended that subscriptions will be signed for them on March 22.

The price of each War Savings Stamp depends upon the month during which it is bought. During March each Stamp will cost \$4.14. In April each Stamp will cost \$4.15, and so on, one cent more each month during 1918. On January 1st, 1923, the Government of the United States will redeem all War Savings Stamps at \$5.00 each, no matter during which month in 1918 they were bought. They cost less during the early months in 1918 than during the later months because the person who buys earlier has loaned his money to the Government for a longer time than if he should buy later.

By way of illustration, note the following table:

COST OF WAR SAVINGS STAMPS DURING MARCH, APRIL AND MAY, 1918.				
	Cost in March	Cost in April	Cost in May	And Are Worth on Jan. 1, 1923
1 Stamp	\$ 4.14	\$ 4.15	\$ 4.16	\$ 5.00
20 Stamps	82.80	83.00	83.20	100.00
50 Stamps	207.00	207.50	208.00	250.00
100 Stamps	414.00	415.00	416.00	500.00
200 Stamps	828.00	830.00	832.00	1,000.00

The law provides that no person can hold in his own name War Savings Stamps exceeding \$1,000 maturity value. War Savings Stamps, however, may be purchased in the name of other members of the family, including minor children.

The money invested in War Savings Stamps is not a gift, or a donation, but is a loan to the Government. It will all be paid back with 4% compound interest. If, because of some serious financial reverses, or calamity, it should be necessary to get your money before January 1, 1923, you may do so by giving ten days' notice to any Money Order postmaster, in which case you can get what you paid for the Stamps, with interest to date of payment. The Stamps are tax free when registered at the postoffice they are insured against loss; they are backed by all the property in the United States; they cannot fall below par in value; they are the most convenient and best paying investment ever offered by our Government.

The Government of the United States expects every citizen to subscribe its quota of War Savings Stamps.

It is to be hoped that the subscriptions taken at the meetings in this county will show that the people here the loyal American citizens to whom our Government, in this time of need, does not call in vain.

SPECIAL NOTE FOR WAYNE COUNTY

The allotment of War Savings Stamps for this County is \$215,729. This is \$20 for each man, woman and child in the County, as estimated by the United States Census Bureau at Washington, July 1, 1917. This means that the minimum subscription which will be accepted from any person financially able to do so, will be \$20 for each person in the family. Many persons financially able to do so, must subscribe more than \$20.00 for each man, woman and child in the family, in order to make up for those persons who are absolutely unable to subscribe for that amount.

TO THE CITIZENS OF WAYNE:

Friday, March 22, 1918, is War Savings Day by official proclamation of Governor Keith Neville, and War Savings Director, Ward M. Burgess. All loyal citizens of this community will accordingly devote the afternoon of said day after two o'clock to subscribing for War Savings Stamps, and otherwise promoting their sale in large amounts.

All who are able should subscribe the limit.

Signed G. W. LAMBERSON, Mayor.

As a nation we have staked all on the out-come of the war. As individuals we stand or fall the same—for if the nation loses, everyone in America loses. To win the war, we must give the Government every opportunity to get all the money necessary to meet every purpose. War Savings Stamps are an investment that everyone can buy because they are sold in quantities liberal interest of nearly 4 1/2 per cent. The Government of the United States is asking no favor in offering these stamps to you, but rather giving everyone an opportunity to buy a gilt-edge security at a special rate of interest. We are urging everyone to buy War Savings Stamps to the limit of their ability.

IMPORTANT NOTICE!

Meetings Will be Held Friday Afternoon, March 22, at 2 P. M., to Obtain Subscriptions for War Savings Stamps.

All Schools and Business Houses in the County Have Been Asked to Close at 2 P. M. That Day

Governor Issues Proclamation

Meetings of all tax payers and wage earners in this county will be held in each school house in the county at 2 p. m. on Friday, March 22, 1918. These meetings have been called by War Savings Director Ward M. Burgess, appointed under the authority of the Secretary of the United States Treasury, and pursuant to the proclamation of the Governor of the State of Nebraska.

The school moderator in rural districts will preside at each school house meeting, and the school director will keep a record of the proceedings. The director will report the names of all persons present and the amount of War Savings Stamps subscribed for by them. He will also report the names of any absent persons and the names of those persons who refuse or neglect to subscribe and the reasons for so doing.

War Savings Stamps (which are United States Government Bonds and the same as Liberty Bonds), can be paid for during any month in the year 1918, but it is intended that subscriptions will be signed for them on March 22.

The price of each War Savings Stamp depends upon the month during which it is bought. During March each Stamp will cost \$4.14. In April each Stamp will cost \$4.15, and so on, one cent more each month during 1918. On January 1st, 1923, the Government of the United States will redeem all War Savings Stamps at \$5.00 each, no matter during which month in 1918 they were bought. They cost less during the early months in 1918 than during the later months because the person who buys earlier has loaned his money to the Government for a longer time than if he should buy later.

By way of illustration, note the following table:

COST OF WAR SAVINGS STAMPS DURING MARCH, APRIL AND MAY, 1918

	Cost in March	Cost in April	Cost in May	Cost in June
1 Stamp	\$ 4.14	\$ 4.15	\$ 4.16	\$ 4.17
20 Stamps	82.80	83.00	83.20	83.40
50 Stamps	207.00	207.50	208.00	208.50
100 Stamps	414.00	415.00	416.00	417.00
200 Stamps	828.00	830.00	832.00	834.00

The law provides that no person can hold in his own name War Savings Stamps exceeding \$1,000 maturity value. War Savings Stamps however may be purchased in the name of other members of the family, including minor children.

The money invested in War Savings Stamps is not a gift, or a donation, but is a loan to the Government. It will all be paid back with 4 1/2 per cent interest. If, because of some serious financial reverses, or calamity it should be necessary to get your money before January 1, 1923, you may do so by giving ten days' notice to any Money Order postmaster, to which case you can get what you paid for the Stamps, with interest to date of payment. The Stamps are tax free; when registered at the postoffice they are insured against loss; they are backed by all the property in the United States; they cannot fall below par in value; they are the most convenient and best paying investment ever offered by our Government.

The Government of the United States expects every school district and county to subscribe its quota of War Savings Stamps.

It is to be hoped that the subscriptions taken at the meetings in this county will show that the people here are loyal American citizens to their Government, in this time of need, does not call in vain.

SPECIAL NOTE FOR WAYNE COUNTY

The allotment of War Savings Stamps for this County is \$212,000. This is \$20 for each man, woman and child in the County. As estimated by the United States Census Bureau at Washington for July 1, 1918. This means that the minimum subscription which will be accepted from any person financially able to do so, will be \$20 for each person in the family. Many persons, financially able to do so, may subscribe more than \$20 for each man, woman and child in the family in order to make up for those persons who are absolutely unable to subscribe for that amount.

The city of Wayne will be canvassed thoroughly under the above date by a committee for this purpose.

All loyal citizens of this community will accordingly during the afternoon of said day after two o'clock to subscribing for War Savings Stamps and otherwise promoting their sale and securing the assistance of solicitors.

(SIGNED) ROLLIE W. LEBY

War Savings Chairman for Wayne County, appointed by the Director Ward M. Burgess, under authority of the Secretary of the United States Treasury.

Mayor's Proclamation GREETING

TO THE CITIZENS OF WAYNE:

Friday, March 22, 1918, is War Savings Day by official proclamation of the President, and War Savings Director, Ward M. Burgess. All loyal citizens of this county are urged to devote the afternoon of said day after two o'clock to the purchase of War Savings Stamps and otherwise promoting their sale in large amounts. All who are able should subscribe the limit.
