CHURCH CALENDAR

Methodist Episcopal Church. (Rev. D. W. MacGregor, Pastor.) This church is still doing something worth while for humanity. The pastor has sent \$137 for this church to the wounded soldiers war fund.

First Baptist Church. (Rev. Fletcher J. Jordan, Pastor.) Regular services in the Baptist church next Sunday. The pastor will speak at both services.

Evangelical Lutheran Church. (Rev. Rudolph Noehring, Pastor.) Next Saturday the pastor's confirmation classes will meet at Winfield 11:45 a. m., and at Wayne at 3:45 p. m.

In the summer as we do in the winter. We must not forget the assembling of ourselves together as the manner of some is. We need in these times of crisis the comfort and consolation of the sanctuary as perhaps never before.

Strangers and those who have no church affiliations are always welcome and urged to come and cast in their lot with us.

At the Winfield church, Sunday school 10 o'clock and divine worship at 11 o'clock a. m.

At the Wayne church, Sunday school 10 o'clock and divine worship at 3 o'clock p. m. Services at both places in English.

Presbyterian Church. (Rev. J. C. Patterson, Pastor.) All the services of this church will be continued through the summer months except the mid-week prayer meetings and the Sunday evening preaching service.

The "Throne of Grace" will be the theme of the sermon at the hour of the morning worship. There will be special music under the direction of Mrs. A. R. Davis, chorister.

All lines of Sunday school work are kept up with ardor and vigor on our long. We want to see each person in his place in the Sunday school. Visitors are always welcome in the Sunday school.

Miss Daisy Fox will lead the Y. P. S. C. E. meeting next Sunday evening. The topic will be: "Lessons from Favorite Psalms." A hearty invitation is extended to all to be present. Come at 7 o'clock sharp.

Go to church! The people are all more than ever interested in church-going. Do not neglect your great opportunity. The biggest men of our country feel the need of an hour on Sunday in the church service.

The Sunday evening service will be omitted next Sunday to let all feel free to attend the mass meeting for the dedication of the new service flag. We are proud of the men who have gone to the front. We cannot do them too great honor.

SMALL GRAIN LOSS. While inspecting the fields of small grain for diseases, I found from 50 to 70 per cent smut in the fields. Much of the smut is of the kind that could be easily treated in the spring for about one cent per bushel by using formalin on the seed.

WE CAN EASILY see how much could be saved as in some of the fields the loss is nearly three-fourths, while in all fields there is from 20 to 30 per cent loss.

CARD OF THANKS. We desire to express our sincere thanks to friends and neighbors who so faithfully assisted us at the time of our sorrow, for the beautiful flowers, and also to the neighbors who came and visited the grain.

The Place to Buy Groceries is at

O. P. Hurstad & Son's, Wayne, Neb.

That we can save you an attractive margin on groceries is not mere wind, but a fact which investigation or experience will amply prove. It is reasonable to suppose that a general store, doing the volume of business this store is doing, can get along without large profits on any single line. So, on groceries, we can give the public the benefit of our extensive and varied departments, each contributing to the growth and success of each other.

Your grocery trade at this store will amount to an important saving in the course of a year. Careful buying is necessary in these times of high prices, and the best policy is to try out a store that can guarantee you a saving.

Try Hurstad's store for groceries and see what you gain for yourself.

OBITUARY.

Harry Franklin Coley was born September 4, 1892, and died July 9, 1918, being aged 25 years, 10 months and 5 days at the time of his death. He grew to manhood in Stanton county, having lived there the larger portion of his life.

On August 24 he was married to Ethel Jones of Stanton.

To this union were born three children, Ola Irene, aged 4 years; Floyd Elwyn, aged 2 years, and Bonnie Lorene, aged 8 months. Besides his wife and children he leaves to mourn his loss two brothers, William Coley of Mitchell and Edward Coley of Mitchell, Neb., also four uncles, William, Elbert, James, and Ed Burge, and one aunt, Mrs. E. H. Waggoner. His father died ten years ago, and his mother last February. Two brothers and two sisters died several years ago. He was not a member of any church, but was a firm believer in the Christian faith. He was all that a faithful husband and a kind and loving father could be.

NATURALIZATION.

The amendment to the naturalization laws approved May 9, 1918, make it unlawful to issue a declaration of intention on election day during the period of thirty days preceding the holding of election in the jurisdiction of the court. For this reason, there will be no declarations of intention issued from July 21 and including August 20, 1918, the date of the primary election in Nebraska, nor will any declaration of intention be issued from October 5 and including November 5, 1918, on account of the general election.

Naturalization of Alien Enemies. The said amendment of May 9, 1918, also provides for the naturalization of certain natives of Germany or Austria-Hungary, who are not citizens of the United States and who are considered alien enemies although they may have been naturalized under the laws of some other

country. None of these may become citizens of the United States during the present war unless he comes under the following provisions of law:

Any such person who declared his intention not less than two years nor more than seven years prior to the existence of the state of war between this country and his sovereign may proceed to file his petition for naturalization, if he has not already done so.

Any such person who was entitled without making a declaration of intention to file his petition for naturalization at the time of the commencement of the state of war with his sovereign, and who did not exercise this right before the existence of the state of war, may do so if he has not done so since the existence of the state of war.

The widows and minor children of deceased declarants may proceed, if they proceed within the seven-year period, of the declaration of intention providing the declaration of intention was two years old at the existence of the state of war.

Those who acquired the right, by honorable discharge from the military or naval service of the United States, to file their petitions for naturalization, but who had not done so prior to the existence of the state of war with their sovereigns may still proceed to petition under this subdivision.

The petition for naturalization of any such person that was pending at the existence of the state of war with his sovereign may have a final and favorable hearing upon his petition if he is otherwise entitled to admission.—Forrest L. Hughes Clerk District Court.

"My Country 'Tis of Thee, Sweet Land of Liberty!"

I pledge allegiance to my flag and to the Republic for which it stands; one nation indivisible with Liberty and Justice to all.

Richard L. Metcalfe has come to the surface as a likely candidate for the democratic nomination for United States senator.

We noticed this inscription in bold letters on a grip carried by a traveler up Main street recently: "To Hell With a meeting and we cordially endorse the suggestion, and hope it may be realized at an early date."

The biggest drive is yet to come, and it is the drive that will sweep across Germany and into Berlin. It is the drive that will give the Kaiser and his devoted satellites the finishing touches they have long deserved. It is the drive that will end tyrant Prussianism for all time. Hasten the day!

American soldiers are surprising the world with their skill, initiative and courage. They are showing the world the superiority of the American soldier. Every American soldier is anxious to go over the top, anxious to strike a blow at hateful autocracy and to give the eternal satisfaction of helping dethrone Prussian barbarism.

J. H. Kemp of Wayne has been favorably mentioned for a democratic nomination for regent of the state university. It is pointed out that the corner of the state has not been adequately represented on the state ticket, and that representation is long overdue. It is further pointed out that Mr. Kemp's experience and ability would materially aid his success as regent.

The filing of Judge R. E. Evans of Dakota City for the office of congressman from this district gives assurance that the present incumbent will be opposed by a man of excellent ability and unusual personal popularity in the election next fall. Judge Evans is held in highest esteem by people who know him, and it is believed that he will win a race horse if his acquaintance is properly extended.

The Kaiser is represented as having written a letter to his sons congratulating them over their safety during the war in contrast with all other German families who have been miserably represented on the fortune in a measure to the protecting hand of the Lord. He mentions, however, that he has aided the Lord and that he has not been able to do so. Hence, he has kept his sons out of the reach of danger.

This must be about the twentieth anniversary of the notable meeting held at the Wayne courthouse to condemn automobiling and protest against the use of automobiles on public highways. We mention automobiling in the singular because there was only one in the county at that time, whereas it has become a menace to automobiles, and were frightened half to death when they saw the one motor car scooting along. Long since when it was firmly arranged that the automobile as a nuisance, fraught with infinite evil, have become owners and drivers of cars, they did not feel able to get along without them.

People will be pleased to know that the S. T. Perry field has secured himself as county attorney. He was asked by different men of prominence in the state to become a candidate for attorney general, but he decided he could not afford to do so in view of his law practice and residence here. But he has decided to return for county attorney, not understanding the salary is not commensurate with the services required. The appointments are not great enough to justify expense in leaving the office, and it is likely rejection will be conceded without opposition. That his official record will be heavily endorsed, there is no doubt. Conscience has inspired his discharge of duty, and his public service, without flourish or loud

trumping, has been very effective and satisfactory. He has not brought prosecutions on mere suspicion. He has found evidence of lawlessness, he has put on the screws of court proceedings. He manfully seeks to serve society in the best possible way, and his attitude and efforts are appreciated and applauded.

S. R. McKelvie, who would no doubt now be serving as governor of Nebraska if Douglas county had not defeated him for the nomination two years ago, is again before the people for the office mentioned, and it looks as though he would be winning. McKelvie is well known and is very capable. He is a man of sound judgment, and would make an acceptable chief executive.

**BOYS ARE MAKING GOOD**  
Omaha Bee: No taint of vaingloriousness will be found in the elation of the boys in the city, as they read accounts of how our boys received their full share of the great German lunge in the battle of Rheims. As they expected them, what had been promised for them, and upheld the traditions of their race in glorious form. "Freddible de-pression" is the military euphemism employed to describe what the Hun hordes encountered in one American sector. Explained for the use of the man in the street, this means a massing of machine guns, backed up by determined infantry, alert for the charge, and the whole supported by the most efficient machine gun business and are kept about doing it. Against this the German wave dashed and broke and fell back routed. Here the boys in khaki were not content with merely turning an advance into a retreat, but struck such a counter blow as fairly shattered the nerve of the foe. Prisoners, including a brigade staff of officers, testify to the prowess of the American youngsters and admit their efficiency. From elsewhere along the sixty-five miles of battle front come reports of the steadfastness with which the Americans met the onslaught, and to the glory about these young men of ours in France—they are making good.

**UNIVERSITY TRAINING**  
Lincoln, Neb., July 17.—More than 900 Nebraska young men have completed the first half of the eight weeks' period of training in the city of Lincoln. The training camp held at the University of Nebraska this year. In the middle of August another group of selective service men from Nebraska will be ordered to Lincoln to take training for the part they are to play in Uncle Sam's fight for democracy.

The camp is composed of three distinct units. One is located at the city university campus, another at the old Nebraska Military Academy and the other at the Nebraska college of agriculture. The men are given intensive training along vocational lines, including gasoline engine, tractor, metal and wood work, and the like. The men are given the work they are now doing. They are putting us through a fairly stiff grind, but are glad to know we are in the army and training to do our bit," said one man from the campus detachment.

Y. M. C. A. secretaries are now on duty at all three camps. Programs of an entertaining and instructive nature are scheduled every night at each place. The one at the house is located at the city camp in the Temple building. A list of all the men at the three camps is on file at the Y. M. C. A. building. The Temple building, for the convenience of visitors.

Lincoln, Neb., July 17.—Nebraska men who call upon the selective service act may volunteer to take a special course of instruction next month at the University of Nebraska training school to qualify themselves for various branches of army service.

Nine hundred and sixty men who are the draft boards will make up the August quota of selectees who will go into training at the university. Another 100 men who are the draft boards will make up the August quota of selectees who will go into training at the university. Another 100 men who are the draft boards will make up the August quota of selectees who will go into training at the university.

Men who registered last June may volunteer for the August special training course but they cannot be drafted until the start of the draft. Anderson's announcement. All of the men who are to take the course must have a primary school education, be of equivalent age and must also have some aptitudinal or mechanical work. They must also be able to pass the new physical examination under the standards established for the military service for general military service.

The men who come to Lincoln in the August quota will be expected to take the places of the men who began training at the university some time ago under the call made June 18.

Mrs. Perry Theobald entertained the members of the Coterie club on Wednesday afternoon at her home in the north part of town. The afternoon was spent in "five hundred." The guests report a delightful afternoon. The hostess served light refreshments.

**An Informal Party**  
An informal party was held at the home of Mr. and Mrs. Anton Lerner Thursday evening of last week in honor of Miss Emma Ege of Bloomfield who was a guest at the Lerner home. The young people spent the evening in games and music. Late in the evening light refreshments were served.

**St. Mary's Guild**  
The St. Mary's Guild met last Thursday afternoon at the home of Mrs. Marcus Kropp with Mrs. Kruger and Mrs. Bert Johnson as hostesses. A large number of members and a few guests enjoyed the hours knitting and visiting. At an appropriate time the hostesses served lunch. The guests from out of town were: Mrs. J. H. Brugger, Mrs. E. W. Cullen and Miss Loretta Cullen of Winside.

**Bible Study Circles**  
The Bible study circle met at the home of Mrs. Emma Liverhouse Tuesday afternoon. Mrs. Lucy Wells of Clearfield, Ia., was leader of a very interesting lesson. The next meeting will be with Mrs. William Liebhengood, west of Wayne. The ladies are asked to meet at the Methodist church Tuesday afternoon, July 23, to ride in cars to the meeting place.

**Girls' Bible Study Circle**  
The Girls' Bible study circle evening meeting Friday evening with Miss Amy Goree, Miss Nellie Bartlett was leader of the lesson and Miss Mae Hietala presided over the business session. The circle will meet next Friday evening with Mrs. H. H. Hickman.

**Mrs. Perdue, Hostess**  
Mrs. Ray Perdue was hostess to the members of the Central Social circle and a few guests Thursday afternoon of last week. The early part of the afternoon was spent in knitting and other Red Cross work and was followed by the business session. The following were elected: Mrs. Guy Elder, president; Mrs. George McEachen, vice president; and Mrs. John Heaton, secretary and treasurer. At the close of the afternoon refreshments were served. The club guests were: Mrs. George Bush and daughters, Mrs. E. G. Glendon and Mrs. George Bush, Mrs. John Carlson, Miss Kate and Miss Elvina Carlson. The next meeting will be held with Mrs. John Greier, the second Thursday in August.

**Benefit of Kit Fund**  
One of the largest and most successful ice cream social ever held in Wayne or vicinity, took place Friday evening at the Clarence Corbit farm east of town, under the auspices of the "Smiles and Tears" club of country ladies. It is estimated that about 350 people were there to hear the program and enjoy the social amenities of candy and cake. An interesting program of music, readings and talks was given. F. S. Berry gave a rousing patriotic speech which was greeted with enthusiastic applause. The lawn was lighted with Japanese lanterns and the porches were decorated with patriotic colors. The proceeds of the social amounted to \$83 of which \$75 was given to the soldiers' comfort kit fund. The balance of one dollar was just expenses. The contribution to the comfort kit fund was most welcome.

**At the Chace Home**  
Chapter A. Z. P. E. O. met at the home of Mrs. C. A. Chace Monday evening, July 15. The early part of the evening was devoted to listening to the excellent report from the grand chapter, by Miss Lucy Britton, the delegate. The members then enjoyed a grand package one having brought a package which sold for 10 cents. The proceeds which amounted to \$6.00 were given to the comfort kit fund of the soldier boys. This feature of the evening caused a great deal of merriment as some of the packages revealed "what elephantine" and "what elephantine" packages were brought to a close when the members bid farewell to Miss Ella Morrison, a new member who had just been introduced to the club. Preparatory to sailing for New York to do Red Cross canteen work. While the members regretted her departure they realized that she was needed in a broader sphere.

The hostesses, Mrs. Chace and daughter, Miss Marguerite, served

**AUTHORIZED CALL FOR 1918 Republican State Convention.**  
The Republicans of the state of Nebraska are hereby called to meet in the City of Lincoln on Tuesday, July 30, at 12 o'clock, noon for the purpose of adopting a platform and selecting a state central committee and for the transaction of such other business as may properly come before the convention.

The representation in such convention will be based on the vote cast for presidential electors in 1918, allowing one delegate for each 100 votes or major fraction thereof, which apportionment will entitle the various counties to representation as follows:

- Adams, 20; Antelope, 15; Arthur, 11; Banner, 12; Blaine, 2; Boone, 12; Butte, 6; Boyd, 8; Brown, 10; Buffalo, 22; Burr, 6; Butler, 11; Cass, 19; Cedar, 17; Chase, 4; Cherokee, 11; Cheyenne, 6; Clay, 17; Clay, 17; Comming, 14; Custer, 20; Dakota, 6; Dawes, 8; Dawson, 15; Deuel, 2; Dixon, 12; Dodge, 24; Douglas, 14; Dundy, 3; Fillmore, 15; Franklin, 11; Frontier, 7; Furness, 16; Gage, 3; Garden, 3; Gardenfield, 3; Gosper, 4; Grant, 2; Greeley, 6; Hall, 25; Hamilton, 14; Harlan, 8; Hayes, 2; Hitchcock, 4; Holt, 16; Hooker, 2; Howard, 7; Jefferson, 18; Johnson, 14; Kearney, 8; Keith, 4; Keya Paha, 3; Kimball, 2; Knox, 19; Lancaster, 70; Lincoln, 13; Logan, 2; Lyon, 12; Morrill, 1; Madison, 24; Merrick, 12; Phelps, 2; York, 20; Total, 1168.

It is further recommended that no proxies be allowed and that the delegates present from each of the respective counties be authorized to cast the full vote for their delegation.

In accordance with the rules of the republican state central committee, credentials of delegates to the convention should be filed with the secretary of the state committee at least five days before the date of the convention.

The members of the county central committee for each county who are to conduct the 1918 campaign must be chosen at the delegate county convention and reported at once to the state committee. Dated this 2nd day of July, 1918.

The workers in the knitting department are busy these days making socks for the soldiers. Last week the chairman of the knitting department gave out 100 pounds of yarn to the women in this vicinity.

### Community Service Flag Postponed Dedication Service to Be Held on Next Sunday.

At the last moment, on account of the non-arrival of the flag, the union meeting for the dedication of the community service flag which had been arranged for the auditorium for last Sunday evening had to be postponed until next Sunday evening, July 21, when it is hoped everything can be carried out as originally planned. The invoice for the flag had been here over a week and it was thought for sure that the flag would be here before Sunday. It did not arrive, however, the postponement. As for as the committee can be sure of anything of this kind in these days, the flag will be on hand for Sunday next, and everybody is invited to be present for its dedication.

### Swedish Lutheran Church. (Rev. J. T. Kraft, Pastor.)

The Martha society met Wednesday afternoon at the Ole Dalighren home.

### Presbyterian Church Notes.

The Ladies' Aid society members were entertained Thursday afternoon at last week at the home of Mrs. Walter Carlson. A pleasant

time was spent in sewing, the work being furnished by the hostess. At an appropriate hour, patriotic ice cream and cake were served.

Members of the Christian Endeavor society drove in cars to Allen, Neb., Sunday evening and attended the 25th meeting of that society. They report an interesting and helpful meeting.

The Missionary society met Friday evening with Mrs. N. H. Hanson. An unusually large number were present and the lesson on "The Mountaineers and the Orientals in the United States," which was led by Mrs. C. B. Coe, the president, was greatly enjoyed.

Rev. P. E. Orr of Lincoln, who accepted the call to become pastor of this church by special invitation last sermon Sunday morning at the usual hour for morning worship. Rev. Mr. Orr was formerly pastor of the Dutch Reformed church for a number of years, in Lincoln.

### WOMEN TO SELL BONDS.

Chicago, July 17.—The work of enrolling 1,000,000 women of the United States pledged to sell one-half of the fourth Liberty loan of \$6,000,000 was begun Monday at a conference of representatives from all parts of the country under the auspices of the national women's loan committee.

"No new dresses," said Mrs. Ella Flagg Young, who in the absence of Mrs. W. G. McAdoo, chairman of the national committee, presided at the conference. "I have not had a new dress for the last three years."

"No new hat or garments," said Mrs. A. S. Baldwin, one of the so-called leaders of San Francisco in charge of the women's Liberty loan work on the western side of the Rockies. "I've been wearing the same old brown plume on winter and summer hats."

The women leaders of the nation emphasized that thrift must become fashionable to aid the new loan and encourage it to every economy of personal expenditure so that they might better the record made in the last loan when 40 per cent of the total sales were handled by women.

### FOR ATTORNEY-GENERAL.

Norfolk Daily News: W. L. Dowling, former county attorney of Madison county, son-in-law of District Judge W. Allen and a prominent lawyer of Norfolk will become a republican candidate for the attorney generalship of Nebraska. This he learned Tuesday morning when Mr. Dowling admitted that he had sent in his filings and had decided to become a candidate.

"I have taken this step after long consideration," said Mr. Dowling, who, it is known, has been urged for

many weeks by friends in Lincoln, Omaha, Fremont and Norfolk, to become a candidate for the state office. Several of his friends have been urging him to become a candidate for congress, but he decided he would rather take his chances for the state office.

### IMPROBABLE.

Kansas City Times: Attributing that mysterious disease among Germans to a lack of soap is interesting, but lacks plausibility. If a lack of soap brought on such a disease there are whole districts in southeastern Europe which would have been exterminated years ago.

### OMAHA SLIGHTED.

Minneapolis Journal: Omaha is inclined to complain because Charles Schwab does not lay down a few keels on its swimming hole in the Missouri.

### POPULAR TURNING POINT.

New York Sun: The senate in drafting a bill prohibiting the sale of liquor after January 1 may have considered the psychology of the new leaf.

### NEW EXCUSE.

# THE BRISCOE

## The car with the Half-Million Dollar Motor

Nearly everyone who sees the Briscoe motor for the first time says, "What a clean, simple-looking motor." It is just that; simple, well enclosed, and with the minimum of wiring or outside pipes, in fact no complicated mechanism.

The Briscoe 4-24 motor was built, tested, and the first series manufactured in France in 1912 under the direction of Benjamin Briscoe, who has been prominent in American automobile manufacturing since the beginning of the industry. Associated with him in the designing and developing of this motor were the greatest automobile engineers of France. The result of the work of these men is a motor more powerful, more economical, and at the same time smoother running than any of its size yet produced.

When the manufacture of Briscoe cars was begun in America the better production methods in this country made it possible to lower the price and from the first the Briscoe has been a success.

A car so well built, made so beautiful, so strong, yet light, so powerful and economical of upkeep that every obstacle that is in the way of enjoyment is absolutely removed.

### ORDER OF HEARING ON PETITION FOR APPOINTMENT OF ADMINISTRATOR.

In the County Court of Wayne County, Nebraska.

State of Nebraska, County of Wayne, ss.

To all persons interested in the estate of Otto Frederickson, deceased:

On reading the petition of Walter Frederickson praying that the administration of said estate be granted to Christina Frederickson as administratrix, it is hereby ordered that you, and all persons interested in said matter, may, and do, appear at the County Court to be held in and for said County, on the 3d day of August, A. D., 1918, at 10 o'clock a. m., to show cause, if any there be, why the prayer of the petitioner should not be granted, and that notice of the pendency of said petition, and that the hearing thereof be given to all persons interested in said matter by publishing a copy of this order in the Wayne Herald, a weekly newspaper printed in said county, three successive weeks prior to said day of hearing.

Witness my hand and seal of said Court, this 16th day of July, A. D. 1918. JAS. E. BRITTAIN, (Seal) County Judge.

in an hour's time cleaned up seventy acres. Four binders were put to use that day and did the work up nicely. Captain Sexton and Lieutenant Avanger of the company headed the workmen. Any time any farmer is in need of help he should feel free to call on these men; they are very willing to respond.

**Ponca Advocate:** Quite a lot of interest and excitement were caused by the appearance of a balloon over Ponca. Some thought that it was an escaped observation balloon from Fort Omaha. Others thought it was a Red Cross balloon, and many delegates to the republican county convention which is hereby called to meet at the courthouse in Wayne on Saturday, July 27, 1918, at 4 o'clock p. m., for the purpose of selecting delegates to the republican state convention which is to be held in Lincoln, Nebraska, on Tuesday, July 30, 1918, and to transact such other business as may come before the convention.

**Omaha Trade Exhibit:** In its regular article on the state of trade, Bradstreet's, in its latest issue, says that the best some of the best in the country, and that the country is at the flood tide in industry. Summer shut-downs, which are customary, are not to be expected. Shipbuilding is making a marvelous showing, and Independence day launchings were a feature last week. Wholesale trade is reported quieter at primary points, but nothing is active for this time of year. Retail trade is good, with prices strong. The stock market is cheerfully active. Last week there was the smallest number of failures recorded for a decade. The work or light law is working quietly, but none the less it is causing some uneasiness in the minds of conditions of employment, which also is bringing women's share in the work of the nation into greater prominence.

**Nebraska Farmer:** Secret political meetings have in the past led to grave difficulties, and perhaps more than any other cause of trouble brought about our present system of primaries and the Australian ballot system of election.

Secret treaties between nations have been in no small measure responsible for the present world war, and one of the objects we are fighting for is to close away with secret treaties and secret diplomacy.

In democracies people must have the privilege of assembling at any time, and any place, to openly and freely discuss the matters of their government. If they do not have this privilege, democracy will defeat its own purpose.

The government need have no fear of open and public meetings. If it transpires that seditious utterances are made, or if traitorous actions are planned, the remedy will come in stopping meetings of that nature or in punishing the offenders.

**Creighton News:** Crofton drew the top notch crowd in attendance at any battalion review of the home guards of Knox county this summer, when they presented the spectacular battalion review on a specially adapted field adjoining their town last Sunday.

The day was ideal and a very big crowd of folks from all over Knox county and adjoining counties were out to view the affair so ably conducted.

Major Whistler and his sergeant named commanded the martialled guards on mounts, and even the horses seemed proficient in their role. Formative phalanx movement entranced those who viewed the review and feature formations included the disciplinary training. The grand affair was augmented by the excellent music supplied by the Crofton and Bloomfield bands.

The next and probably last battalion review of the home guards this season will be held at Weir on Sunday, July 21. Our sister city to the east is planning to entertain a mighty big crowd of visitors on that day and plans are already being made by a lot of Creighton folks to invade their town on a sight-seeing expedition which will include the feature event, the battalion review of the home guards of Knox county at Wausa.

**Wisner Chronicle:** A party of engineers composed of Messrs. Robert McKee, M. L. McKee, and Mr. W. Jacobson were in the city Tuesday engaged in surveying the new military highway which is to be constructed from Omaha following the Black Hills trail. This is to be a concrete road eighteen feet in width and in a conversation with the Chronicle these gentlemen stated that the grading will be done this fall and the concreting completed first year as far as Norfolk to the west.

This is the most important project the federal government, the state and the counties through which the highway traverses, each bearing the cost equally. In Cumming county the road will extend east to Oakland north to Baxter and west to Crowell and Lincoln highway and northwest through Beemer, Wisner and on to Pilger and Norfolk.

This is the most important project in the line of road improvement so far inaugurated in the state, and one that will meet with the best success as a result of the progress of the territory opened by the road and by the traveling public. The Black Hills trail through this

condition is at present in a disjunct condition; and following as it does the Elkhorn bottom is a stretch of road which is hard to construct of any material in good shape. The concrete construction contemplated will make it a highway that will be a delight to the traveling public, and of incalculable benefit to our people. It will attract wide attention and great popularity.

### CALL FOR REPUBLICAN COUNTY CONVENTION

The republican electors of the several precincts of Wayne county, Nebraska, are hereby requested to select delegates to the republican county convention which is hereby called to meet at the courthouse in Wayne on Saturday, July 27, 1918, at 4 o'clock p. m., for the purpose of selecting delegates to the republican state convention which is to be held in Lincoln, Nebraska, on Tuesday, July 30, 1918, and to transact such other business as may come before the convention.

The several precincts of the county are entitled to delegates to said county convention as follows: Hopkins 5, Garfield 4, Sherman 6, Hancock 2, Chapin 5, Deer Creek 10, Brenna 4, Strahan 4, Withur 4, Plum Creek 4, Hunter 5, Leslie 2, Logan 4, Wausie 4, Wayne First Ward 4, Wayne Second Ward 7, Wayne Third Ward 9.

The appointment of delegates is based upon the vote cast for a general election of 1916.

By order of the Republican County Central Committee.

L. W. Roe, Chairman.

Forrest L. Hughes, Sec'y.

### STATE FAIR WILL AGAIN PRESENT FEATURE CIRCUS

In a bulletin recently put out by the Nebraska state board of agriculture it is definitely stated that the Hagenbeck-Wallace circus which last year showed before the grandstand at the state fair has again been secured and will present an entirely new program the four days of the fair, September 3 to 6.

It will be remembered that early in the summer the Hagenbeck-Wallace circus suffered a disastrous wreck with the loss of a great many lives. At first it was feared that the loss of life was among members whose services could not be replaced. Definite assurance has been sent the state board of agriculture, however, that the circus will fulfill its engagement, the loss of life be-

# Keep Your Car in the Best of Condition

Your automobile needs treatment once in a while, just like the human body. The carburetor may be out of order, the spark plugs may be dirty, the cylinders may be clogged up with carbon and working poorly. In fact, your car can get sick, just as you can.

If there is anything the matter with your car, call us up, and we'll give it a thorough examination—locating and repairing the trouble quickly and economically.

## The New Way to Health

Your Spine is an Index to Your Health.

### NINETY PER CENT

Of all diseases originate at points indicated by arrow heads. The diseases given below are ONLY A FEW OF THE MANY which are caused by sub-luxations of the spine.

1. Slight subluxations at this point will cause so-called headaches, eye diseases, deafness, epilepsy, vertigo, insomnia, wry neck, facial paralysis, locomotor ataxia, etc.

2. A slight subluxation of a vertebra in this part of the spine is the cause of so-called throat trouble, neuritis, pain in the shoulders and arms, gouty, nervous prostration, la grippe, dizziness, bleeding from nose, disorder of lungs, catarrh, etc.

3. The arrow head marked No. 3 locates the part of the spine wherein subluxations will cause so-called bronchitis, felons, pain between the shoulder blades, rheumatism of the arms and shoulders, hay fever, writers' cramp, etc.

4. A vertebral subluxation at this point causes so-called nervousness, heart disease, asthma, pneumonia, tuberculosis, difficult breathing, other lung troubles, etc.

5. The arrow head marked No. 5 locates the part of the spine wherein subluxations will cause so-called enlargement of the spleen, pleurisy and a score of other troubles, so-called, are caused by subluxations in this part of the spine, sometimes so slight as to remain unnoticed by others except the trained chiropractor.

6. Here we find the cause of so-called gall stones, dyspepsia of upper bowels, fevers, ailments, indigestion, worms, etc.

7. Bright's disease, diabetes, dizziness, kidney, skin disease, boils, eruptions and other diseases, so-called, are caused by nerves being stretched in this part of the spine, as the point indicated in the spinal opening, etc.

8. Regulations of such troubles as so-called dropsy, rheumatism, lungago, etc., follow Chiropactic adjustments of this point.

9. Why have so-called constipation, rectal troubles, etc., which, when chronic, require adjustments at this part of the spine will remove the cause?

10. A slight slippage of one or two invertebrate bones will likewise produce so-called sciatica, together with many "diseases" of pelvis and lower extremities.

For County Commissioner Third District

Harry Tidrick, the well and favorably known farmer and fine stock breeder of the Winside vicinity, has filed on the democratic ticket as a candidate for county commissioner to represent the Third district. Mr. Tidrick came to Wayne county 29 years ago from Ohio, locating in Brenna, then just across the line in Hancock. He is probably the oldest assessor in point of continuous service in the county. He has served in that capacity for eleven years, never on his own initiative, but always at the urgent request of friends. He has been road overseer for fourteen years. The satisfactory manner in which he has handled the duties of the two trusts is attested by the people of his precinct. The signal success he has made of his own affairs is a sure criterion of the success he would make in handling county business. His judgment is manifestly safe and sound.

**"De-Sulphating"—A Cure That's Worse Than the Disease.**

Mixed in with the helpful information articles that regular readers usually get is a good deal of battery advice that should not be followed. Read it if you will—but don't take it seriously until you have an expert opinion.

This sound advice is given to car owners by Mr. J. A. Gurnon, local "Willard" expert, who is taken to Burke Saturday morning for burial. Funeral services were held from the Catholic church Sunday afternoon at 3 o'clock. Walter was born in Wayne, February 26, 1917, and lived all his life at his home in Burke. He leaves besides his father and mother one sister, aged 4 years, and one brother, besides many relatives. The bereaved parents have the sympathy of Wayne friends in the loss of their little one.

### TO THE TRESHERMEN OF WAYNE COUNTY

All the threshermen of Wayne county are requested to meet with the county food administrator at the city hall in Wayne, on Saturday, July 20, at 3 p. m. All members of the county food administration are also requested to be present. At this meeting rules and regulations governing threshing will be presented and other matters of importance will be talked over and agreed upon. A threshing committee with Geo. Farran chairman, has been appointed. This committee will have charge of and power to act in all matters pertaining to grain threshing in Wayne county this summer and fall. Let all threshermen and other members of the county food administration make an honest effort to meet with us on the above date.

J. H. Kemp, Federal Food Administrator for Wayne county.

### CONSERVATION OF SUGAR.

Omaha, July 17.—The conservation of sugar is the all important thing to get under way here.

Maximum carrying with minimum sugar is the urgent request of the food administration. Six different methods have been suggested for the preservation of fruits which require little sugar and oft times none. Drying fruits, of course, is the easiest, and saves both sugar and cans. Pickling fruits is fast growing in favor, while the bottling of fruit juices and syrups has many followers.

In getting sugar-for-canning purposes application must be made to the county food administrator after the first twenty-five pounds have been purchased. Sufficient sugar should be secured to properly preserve the fruits, but housewives should use just as little as possible, asks the food administration.

### HONEY FOR SALE.

I am now harvesting my new crop of white and sweet clover extracted honey, which I am offering to the public at practically carload prices. The price will be varied through the season according to the market price, but I believe it safe to predict that those who buy early will save money thereby. All orders will be filled in rotation as the price charged will be the price in effect at date of delivery, not at the date the order is placed. In quantities of sixty pounds or more no charge will be made for the container, but in any quantity of less than sixty pounds, the purchaser will furnish container or pay for it.

To those who bought my honey last year, no mention of its quality and purity is necessary as the repeat orders now on file will testify. But to those who have never tried it, and who think that honey is all alike no matter where or by whom produced, I want to say that there is as much difference in honey as there is in butter production and as much difference in quality, flavor and sanitary conditions. I make the offer to refund the full base price to any dissatisfied customer upon return of the unused portion. Leave your orders at Carhart Hardware or telephone my residence.

C. E. CARHART,  
P. S.—I do not produce or sell comb honey. J181d

### DEATH OF LITTLE CHILD.

Walter, one of the 16-month-old twins of Mr. and Mrs. E. T. Slaughter of Burke, S. D., died at the home of his grandparents, Mr. and Mrs. Patrick Dixon in Wayne, Friday evening at 10:30 o'clock. The little child had been sick with stomach trouble for two weeks, but the last few days had seemed to be getting better. The other children in the family had also been suffering with the same trouble. The remains, accompanied by the parents and Miss Sarah Dixon, were taken to Burke Saturday morning for burial. Funeral services were held from the Catholic church Sunday afternoon at 3 o'clock.

### GIFT TO THE RED CROSS.

The late will testament for the benefit of the Red Cross resulted in a gift of \$100 the sum desired, to the organization. The following is a list of the gifts: The Red Cross is now in possession of the money.

Wayne, Neb., July 13, 1918.

Received from Frank S. Morgan \$100.00 proceeds from voluntary Red Cross relief tournament held July 4, 1918. W. M. Orr, treasurer Wayne Chapter.

### TWO POUNDS MONTHLY.

Omaha, Neb., July 17.—While three pounds of sugar per person per month is the allotment for Nebraska, the request of the food administration for Nebraska is that patriotic citizens cut their two pounds per person per month. However, under no circumstances can more than 3 pounds per person per month be bought, and then only two pounds at a time.

### DIRECT TO CONSUMERS.

"Direct to consumers"—that is the plan of the Pennsylvania Consumers Oil Company of Council Bluffs, Ia., of which J. C. Trumbauer is the representative for Wayne and Dixon counties. The company handles the best of automobile oils, greases, paints, tires and tubes, and the volume of business Mr. Trumbauer has already done is proof of the quality of the goods he is offering. Saturdays he will be found at Jack Liveringhouse's electric shop.

### NOT EVEN WOUNDED.

Sioux Falls Argus-Leader: Most of the prominent families in Germany have lost heavily in the war, but the Hohenzollern family it still intact. The Kaiser's six well fed sons always stay well in the back ground when there is any fighting to be done. The Kaiser is a great advocate of war—for other people's sons, but not for his own.

### IN SOUTH DAKOTA.

Proquois Chief: The republicans, democrats and leaguers all having declared for state owned elevators, flour mills, packing plants, etc., it makes it easy for those who favor that sort of thing to select their ticket. Voters who are not crazy along these lines are not in an enviable position.

### OMAHA ON SUGAR CARDS.

Omaha, Neb., July 17.—Omaha is the first big city to issue the sugar card. Beginning last Monday consumers could buy sugar for household use only upon presentation of their card, which was issued by the retail grocer. The card calls for two pounds at a time and as the purchase is made, the card is punched. Stubs of the cards are sent to the food administration, where they are filed to prevent duplication in buying. The Omaha card system is the voluntary action of Omaha grocers, who finance and distribute them. They have the backing and approval of the federal food administration for Nebraska.

### BY WAY OF ACKNOWLEDGMENT.

Minneapolis Journal: King George has been favorably impressed by buckeye cakes dashed with maple syrup, and by baseball. President Wilson might reciprocate by the return of action of Omaha grocers, who finance and distribute them. They have the backing and approval of the federal food administration for Nebraska.

### NOT NOR FIRST INSTANCE.

New York World: For a comparatively small labor organization it must be admitted that the Commercial Telegraphers union has been highly successful, with the help of Newcomb Carleton, in bullying the government of the United States.

### GERMAN MENTAL PROCESS.

Sioux Falls Press: A thing need not be so to warrant the German in asserting it. It is sufficient warrant if he wishes it were so. Hence Admiral von Capelle's statement that all goes merrily with German submarine warfare.

### SOME TRIFLE OR OTHER.

Nashville Southern Lumberman: Maybe Mr. McAdoo's health would be better if he had some sort of work to keep his mind occupied.

### SURE TO WORK.

Judge: If a woman wants a welcome when she returns, she should leave her husband with the baby when she goes.

### NO YIELDING THERE.

Atlanta Constitution: The Austrians are convinced that the shell-necked sign means the same thing in Italian.

## This Farm Owner's Profits Assured

HIS crop is going to be in at the proper time—the soil will be properly prepared—and he won't be worried about the labor shortage. By using the Titan 10-20 Tractor he has placed his farm on a definite and economical commercial basis. This means maximum production at the lowest operating expense.

The Titan operates equally well on kerosene and gasoline. On every size farm—in every kind of soil the Titan 10-20 has proven its value. Assure maximum profits from your farm this year—

## With a Titan Tractor and Oliver Plows

The Oliver Plow is recognized as the tractor plow—built especially for that work. The Oliver organization has utilized an experience of 60 years as plowmakers for the world, in producing a plow that conforms to the unusual requirements of tractor service.

It has great strength. It is easy to operate—a simple trip rope controls the plows from the tractor seat. The plow points enter and leave the ground first, which insures uniform furrows. Further, the combined rolling Coulters and Joints bury all trash and stalks in the bottom of the furrow.

A good tractor—the Titan 10-20, with a good plow—the Oliver. That is the ideal plowing outfit—the outfit that you want—this spring! Let's talk it over.

### AMERICANS HAVE MORE BECAUSE THEY DO MORE

Just as the American farmer reduced the time necessary to raise a bushel of wheat from 31 hours to 8 minutes by improved machinery, so have Americans in all walks of life doubled and trebled their producing capacity. They have done this by means of improved device or machine that increases the result of their labor. Instead of skimping and saving they get busy and do more that they may have more.

Now they are equipping the kitchen with real machinery, and it is high time, as the kitchen range is a cooking machine that works three times a day, every day, and as a machine it should be the very best possible. That means that their kitchen should be equipped with a Copper-Clad Range, which is plain, smooth, free from hinges, catches and latches, rivet and bolt heads, a range that cleans like a dish and never rusts out.

Buy a Copper-Clad—The World's Greatest Range.

Prof. A. E. Nordgren, mentioned in the following paragraph from the Pender Republic, was at one time an instructor in the Wayne high school: "Prof. A. E. Nordgren packed his household effects and on Saturday shipped them to Clark, this state, where on Wednesday of this week he entered upon his duties as one of the banking force of the Farmers' State bank of that place. Mr. Nordgren had contemplated changing his vocation for some time and the opportunity for the change presented itself at Clark and he accepted it with pleasure. Pender high school regret to lose him as their superintendent. The community, however, is unanimous in wishing him unbounded success in his new line of work. As a teacher, Professor Nordgren gave excellent satisfaction here and the Republic has faith that he will make good with his banking concern he is associated with."

### GETS SIXTY DAYS IN JAIL

Wright Guilty of Transporting Booze Into Burt County.

John Wright who offends in Wayne when he isn't offending elsewhere, was sentenced to sixty days in the county jail at Tekamah for bootlegging, according to the following news paragraph in Saturday's Omaha papers:

Tekamah, Neb., July 12.—John Wright this morning was sentenced in county court to sixty days in the county jail, and to pay a fine of \$100. He had an automobile load of booze consisting of kegs of beer and many quarts of liquor.

It is understood this is not his first offense, as a warrant is out for a man named Wright in Wayne, Neb., for bootlegging with \$100 worth of liquor; so, after he has survived the Burt county sentence, he will be turned over to the Wayne officials to see if he is ill at death.

### CARNIVAL AT RANDOLPH.

Walter Savidge's Amusement company went through Wayne the first of the week to fill an engagement at Randolph. Mr. Savidge reports a very successful season thus far. That the company has been giving satisfaction is evidenced by favorable newspaper reports. Here is an excerpt from the Star-Journal of Ainsworth, where the carnival showed recently:

"The Savidge Carnival company arrived Sunday evening and have had a rainy time the first few days, it being too muddy to carnival on Tuesday night.

"The Savidge Players are up to their usual standard and are highly pleasing to those who have attended thus far. The Tuesday evening performance, 'The Calling of Dan Matthews,' was exceptionally good, but was given on Wednesday evening because of the rain. The performance before Thursday night, 'In Walked Jimmy' was the title of the play; Friday night, 'Officer 666'; Saturday afternoon, 'The Heart of Dixie'; and Saturday evening, 'The Love of God and Man.' will be presented by the company.

"Every man of the carnival company owns a Liberty bond, and some more than one, all have bought stamps; and are many times members of the Red Cross. The majority of the members called on the chapter officers here and asked to become members of our local chapter. The initiative on this subject was taken by the company. They have attended the workrooms Thursday and helped where they could.

also asking for yarn that they might knit while in the city.

The amusement companies all over the United States are paying the largest revenue tax of any organizations and this is one reason why the president asks that we keep up the nonpartisan side of our communities. There is also a war tax on every ticket, which goes to help our government and so when you attend the Walter Savidge Carnival company, you are not being entertained, but you are helping Uncle Sam with his big war problem."

### MISS MORRISON LEAVES

She Goes to Omaha Preliminary to Starting for France.

Miss Ella K. Morrison who has been delegated one from Nebraska to engage in Red Cross canteen service in France, left Wayne the first of the week for Omaha preliminary to reporting in New York July 23. Within a week from that date she will take passage for France.

Regarding her call, the Omaha Bee of July 12, says:

"Miss Ella K. Morrison of Wayne, Neb., sister of Miss Estelle Morrison, instructor in English at Central high school, has been ordered to report in New York City by July 23, and to be ready to sail within a week thereafter to take up Red Cross canteen work. Miss Morrison volunteered for the service some time ago and was successful in passing the necessary preliminary examinations. She will pay her own expenses.

"Miss Morrison has been instructor in surgical dressings for the Red Cross at the University of the state for some time. She was educated at the University of Nebraska and in Europe. She is the daughter of the late John Morrison, Lincoln attorney, and of the late Mrs. Ella K. Morrison. Recently she has been making her home with her sister, Mrs. J. Woodward Jones of Wayne.

### DAKOTA CITY MAN FILES

Justice R. E. Evans of Dakota City, Enters Race for Congress.

Lincoln, July 12.—Judge R. E. Evans of Dakota City has filed for the republican nomination for congress in the Third Nebraska district. The filing was accompanied with petitions from ten of the eighteen counties of the district and contained more than five hundred names, many of them being well known and influential republicans of the district.

Judge Evans has long been one of the live and influential men of that section of the state, having been delegate to national conventions. He was special prosecutor of prohibition law violators in his district. As a result of the gang of bootleggers which had been operating in that part of the state was curbed.

Perry Jarvis of Sioux City was in Wayne Monday morning on his way home from Carroll where he visited relatives over Sunday.

for the use of federal employes in Washington, will begin at once.

It is expected that the first units will be ready for occupancy early in September. Accommodations will first be provided for approximately 5,000 persons. Additional accommodations will be provided as they are needed. Each room will be arranged for the occupancy of but one person. In the meantime, the room registration office, which is conducted by the District of Columbia Council of Defense under the auspices of the Council of National Defense, is able to provide rooming and boarding accommodations for the new appointees. At the latest report the room registration office had on its lists more than 5,000 rooms which had been inspected and found available for government employes.

Those who arrive on late trains may find accommodations for the night by applying at the booth of the District Council of Defense, which is prominently situated at the Union station, where all trains arrive.

# Pianos & Player Pianos

A Vertical Piano with the tonal qualities of a Horizontal Grand; Unrivalled for Richness and Depth of Tone  
The name---**The Acoustigrande**, made by Chickering Brothers, Chicago

**T**HE guiding device in our Player Pianos insures the perfect tracking of the music roll—perfect alignment at all times. This patented feature is one other of the many that have made the player action in our instruments the most popular, the most efficient in the world. Let us show you how our guiding or Tracking Device works. Its functions and operation are highly interesting and important.

**Davenport-Treacy Pianos**  
Nearly half a century has elapsed since this concern was started in 1870. Then only a small firm with but a few hands—today a great factory with many skilled employees. In these many years the Davenport-Treacy Pianos have gained not only a national but an international fame for extreme excellence. They have gone forth East, West, North and South, each proclaiming the high standard of these artistic instruments. \*  
The highest development in piano and player piano construction has been reflected in these superb instruments—they are as near perfection as human skill and endeavor can attain—they possess extraordinary value in tone, elegance and durability.

**STRUCTURAL FEATURES**  
The structural features of the Davenport-Treacy piano are of special interest to every one analyzing the merits of a piano. The construction of this instrument is of the best, the material is substantial and high-grade. Every part is thoroughly inspected by our testing department before going into the piano. The veneers chosen are of the most beautiful coloring, the remaining and polishing are of the highest order, that you may have an instrument whose exquisite appearance will be as perfect many years from now as it is today.

The sounding board is the result of years of intensive study by the best acousticians of this country and abroad. Special selected spruce is used for the sounding board, the proper curvatures being obtained in a most painstaking manner. It is absolutely necessary that the sounding board be built absolutely perfect that the intensity of the sound waves may be of the right character, for only in this way can sonority and sweetness of tone be obtained.

The strings used are of the finest quality and are noted for their tensile strength, tone and durability; music wire and copper bass strings being used. Careful attention is given to the selection of the strings by expert stringers. The specialist action of the Davenport-Treacy piano is a delight to the accomplished pianist. It is so perfectly adjusted, so carefully made in every minute part and the felt of the hammers so firm, yet elastic, that the quick, responsive action of this piano has been highly praised by music authorities. The keys are genuine ivory.  
The quality of the carefully selected materials, the care and personal attention given each part and every little detail by the artisans engaged in the building of these magnificent instruments; the scientific principles of design and construction entering into these pianos; and the exact knowledge of musical requirements that have made the Davenport-Treacy pianos unsurpassed in tone, appearance and lasting qualities.

According to reports a tax of 20 per cent will be added before long to prices of musical instruments, besides the increased cost of manufacturing. Therefore, the sooner you place your order, the better.

**O**NE of the many exclusive patents of the Player Action contained in our Player Pianos is the Flexible Striking Finger.

The much sought, yet rarely realized, human touch—the soulful playing of the performer, is directly due to this ingenious feature.

The art of the accomplished pianist, playing by hand, is remarkably duplicated by the Flexible Striking Finger.

Come in and find out what the important functions of this feature of our Player Pianos are.

### UNCLE WALT The Poet-Philosopher

**INTO GERMANY.**  
I hope before this war is done, and we've suppressed the frightful Hun, our men will march on German soil, and sunny treasured landscapes spoil. The German people ought to know just how it feels to have a foe shoot up their houses and the kirks and overturn the whole blamed works. They should be given half a chance to see what deeds were wrought in France, their slaughter factories destroyed; they ought to see the bombshells burst among their fields of winterwheat and see the flash of sicknesses beneath their waving protezed trees. I would not advocate their plan of dealing death to dame and man, of slaying babes and hanging priests, for allied soldiers are not heathens, but I would see our men in line somewhere along the storied Rhine, and have them rake the country well, and show the Teuts that war is hell. Unless we bring it to their door, they'll soon

forget the years of gore, and say it's what they're yearning for, when some mad ruler leads for war. Oh, let the Teutons have enough of all this blood and carnage stuff.

**STILL LIVING.**  
We've lived to see the greatest scrap that ever jarred the mundane map. Four years ago, in padded days, we spent our money hunting. Some prophets stood around and said that balmy peace would soon be dead. They panted the air, it made them weep that other nations seemed asleep, while at their forges busy Huns were making swords and bombs and guns. "Go to, false prophets!" we exclaimed; "you really ought to be ashamed to rend your heads and say that peace, the precious boon, will ever cease. We're civilized, we have advanced; the world is now so circumstanced that every nation only asks a chance to do its useful tasks, and hale its bay and put up ice, and see it always has the price. No government is so insane that it has conquest on the brain, so chase yourselves, oh clings seers, and let us yoke our bridled steers." Four years ago we talked like this! Who said that ignorance is bliss? Our ignorance has cost a lot since we were handing out such rot. We've lived to see the planet torn, we've lived to see the nations mourn. And we shall to each swing the busies wished a ge-place in the sun, into the outer darkness east and groping in a hor-tent vast.

rainy day! And size up debt for what it is—a monster with a genial phiz, a thing that hides deceit and guile behind a bland, adoring smile.

**IN COLORADO.**  
Mid Colorado's giant hills I've settled for the summertime, and feel the old ecstatic thrills, when viewing spectacles sublime. I'd like to talk of what I see, of nooky peaks, of snow-capped crags, of crystal streams wild and free, for all these things are wearing bills. But when GAL, TWO I had some tourist guy, and try to tell him how I feel, he paws the earth, and makes reply, "We'll whip the Huns, I'll bet a wheel. The Brits, and the Russians are treating there in numbers large enough to note; their coatalls flutter in the air, and they will get the Teuton goat." Oh, yes, these hills are out of sight, the raging torrents are O.K., but when our boys are out to fight, what price are hills and torrents, pray? The Prussians fight with dragging step, they've scurried so long they're human weep, and soon our soldiers, full of pep, will wind their legs around their necks. Oh, yes, this vista is a peer that landscape surely takes the bun; but who would of such trifles preach, when we are out to squelch the Hun? Ah, me, I'm an old conger to soul, to pass with me the summer-time, to sit with me upon a knoll, and talk of scenery sublime!

around my neck, my lungs and windpipe are a wreck. The doctor says that exercise is just the stuff for hefty guys; if I don't take my daily walk, I'll soon be plumped, said the doc; scared stiff by all his fierce harangues, I still saw off the parsnips.

**SLACKERS.**  
The men are driven forth to work, to keep the pulleys humming, of wonder, the crystal streams are in a'fer; if they've a kick they can't let the man who has no useful chore must hunt another planet. But how about the dame serene, through life so idly ambling, who burns up tabs of gasoline in vain and foolish rambing. Her thoughts are still of trifling things, of loaves and of colars, of bouilloned hair and diamond rings, and shoes at twenty dollars. She thinks the war a horrid bore to which kings are addicted, her heart of celluloid is sore, that sugar is restricted. She sees her loyal sisters strain and toil in useful service; and sighs like this give her a pain, they make her tired and nervous. Oh,

### WARTIME DEBT.

In times like these keep out of debt; your solvency's your one best bet. So long as you don't owe a cent to any one, the business agent, you have the right to look ahead without a bit of fear or dread. The times are weird, uncertain, tense; no man has such private sense that he can say what grief's in stock tomorrow at 10 o'clock. We only know that prices rise until they reach a snag, the skies are wished a place in the sun, into the outer darkness east and groping in a hor-tent vast.

### EXERCISE.

This little stunt each day is mine; I walk three versts in rain or shine. When breakfast is over, I'm off away, I gird my well known loins and say, "Fairwell, fond wife and loving aunt! The time has come to gallivant. The sawdust tells me I must wank for sixty minutes by the clock; so I must leave my dear abode, and push myself along, the wayward, the sawdust tells me I'll fare—well, old girl, I'm a long farewell!" Oh, then I sweat along the led, and motor cars come up by me, the drivers yell at me, "Get out of the way, you're getting in the way!" You're wearing out the countryside; it wasn't built for such a weight—get in and ride, you old boy! It takes all the time of fortitude to say, "I'm in the walking mood; I guess I will not ride today!" and groan along my stony way. I walk three versts and then return to where the household besons burn, and sit me down beneath the tree; I've sprained my ankles and my knees, who'll be giving me the dusty track, and I have stitches in my back, and shooting pains

## Fourth Anniversary

ON MONDAY, JULY 15, the Citizen's State Bank of Carroll, completed its fourth year, and entered its fifth year with satisfaction over accomplishments and with justified feeling of assurance over the future.

Vaughn G. Williams was the founder of the bank, and is the moving spirit of the institution today. He is always on the job, and long hours and strict application to duty have not in the least impaired his good nature or dulled his sense of good humor. Vaughn always extends the glad hand, because he feels that way, and his cordial mannerism has been a way to the bank which has been a part of his life during the past four years.

As chief force behind the institution, it is well to mention that Mr. Williams moved from Wales, Iowa, to a farm three miles southwest of Carroll in 1891. After two years on the farm, he took a business course in the old Nebraska College under President J. M. Pile at Wayne. Then he went into banking. He was identified with banks at Wayne and Winside, and then for three years at Malvern, Iowa, and three years at Smithfield, Neb., all the time getting valuable experience in his chosen vocation. Four years ago he organized and launched the Citizens' State Bank at Carroll.

Note the growth in deposits of this comparatively young banking institution:

July 15, 1914.....	\$ 367.94
July 15, 1915.....	27,327.15
July 15, 1916.....	53,728.41
July 15, 1917.....	102,470.53
July 15, 1918.....	120,360.23

It is also well to note that the bank's customers have already purchased \$60,000 in war savings stamps and liberty bonds.

Friends of the bank will be gratified over its good health and auspicious future.

**PAID IN NEW YORK.**  
Rochester, N. Y., Democrat- Chronicle: Nebraska enjoys the proud distinction of having sold its quota of war stamps, collecting the money therefor and turning the same into the national treasury, being the first state to meet its obligations in this respect. The quota was \$25,940,294 and at the end of June the total money received was \$26,022,113. But there seems to be no intention of resting on this record for it is asserted that the total of sales before the end of the year will be \$33,000,000. It is also claimed that Nebraska leads in her per capita subscriptions to Liberty Loans, Red Cross, and other war funds. The state's quota on Red Cross membership was 79,000 and the number actually joining was 501,339. And there are other things in which our neighbors to the west have made enviable records. It is evident that we of the east will have to travel much faster than we have been doing lately before it will be safe to throw verbal bricks at Nebraska on account of its war activities, and the same is true of advance lines.

### THE EARLY DAYS IN TWO COUNTIES

From the Wayne Herald, July 21, 1898.

John Sherbahn sold 30,000 brick one day this week.

Lightning struck a haystack on the David Cunningham farm south of town.

John Harrington purchased the grain business of Smith & Ellis south of the track.

Miss Ethel Holtz entertained forty of her young friends in honor of her fourteenth birthday.

Mr. and Mrs. James Bannister went to Omaha to bid their son Frank goodbye before he left for the front.

Miss Maude Britton accompanied Mr. and Mrs. T. A. Anthony of Wausau to Omaha to attend the exposition.

N. B. Cullen and William Sisk left on their wheels for Fargo, N. D., to see the harvest fields and to spend the summer there.

Mr. and Mrs. Charles Fisher had an exciting time when their team ran away. Fortunately none of the occupants were hurt.

H. F. Belden and Arthur moved to Wayne and is occupying the residence of Rev. C. Jones, near the high school building.

R. Philco, Charles Lund, Will Gildersleeve, Charley Thompson, Edward Phillips and Rev. D. C. Thompson went to Chicago.

The personal property of Gust Holtgren was sold by Auctioneer Reynolds and brought good prices. The horses sold for \$50 apiece.

H. L. Kimball, Gilbert French, Earl Wright, Homer Sken, Harry Fisher and Fred Wright started overland for an outing at Lake Okoboji.

The Wayne lodge M. W. A. attended the annual log rolling association picnic at Harrington. The Wayne Corn Police band accompanied them.

Fred N. Beal, cousin of John and George Deane of Wayne, was among the wounded who arrived in New York from Santiago on board the hospital ship Gylgiste. Mr. Beal was deputy U. S. Marshal of Oklahoma before he enlisted in the army.

From the Ponca Journal, July 19, 1918.

We have lately had a series of spiteful little storms—wind, rain, hail, thunder and lightning, etc. which have been unpleasant, and in some localities injurious.

The Cedar County Nonpartisan club candidates for office will soon begin to make regular visits into the county, and can be spotted every time by their habit of tickling the baby under the chin, and praising the dinner.

Friday was another field day for the storms. At the brick yard of McKinney was hurt the worst. The child was badly hurt by a board which was blown off the kiln. Mr. McKinney was hurt the worst, requiring the attendance of Dr. O'Connell.

In the afternoon a hailstorm came from the north, accompanied by a high wind. In town the gardens and fruit trees were severely injured and many windows on the north side of buildings had glass broken out. This turmoil of the elements is not pleasant.

It seems to be the impression of many that the sudden show of energy on the part of the railroad company in extending the road is only a big bluff game, done for the purpose of frightening away the Omaha company, which would have intended to build a line through Cedar county. It is said that if the Omaha company had not made a move to build this company would have remained quiet, and that if the Omaha company is bluffing off, the extension business will cease.

On Sunday afternoon and Sunday night, the worst looking cloud, the worst thunder and lightning, and the worst crop of hailstones outside of the hail factory, reconquered this country, and misdirected concentrated wrath upon it. Considerable damage was done in various parts of the county, though it is to be hoped it will not prove as serious as was feared. Many Armstrong told us that in the neighborhood where he lives a few miles southwest from Martinsburg the hailstones were as large as hen's eggs. Of course they must have cut up the growing crops badly, knocked off the fruit, and broken windows where the wind was severe. In Logan Grove precinct some crops are said to have been completely destroyed.

**NOTICE.**

Notice is hereby given that I have taken up at my premises in Garfield precinct, Wayne county, Nebraska, the following described property, to wit: Two steers, each about two years of age, one Red Polled and one red steer with white spots in forehead and along horns. Owner may have property by proving same and paying costs.

### IN RED CROSS WORKROOMS

Groups Gathered, Permit Special Food Study—Other Items.

Red Cross workrooms have been of great assistance to home demonstration agents as offering places where large groups of women may be reached and interested in special food study. In addition to giving talks on food saving, in several towns the agent prepares the noon lunch once a week for the workers. This serves to demonstrate good conservation recipes. Suppers for the benefit of the Red Cross have given successfully in many places under the agent's Men as well as women are thus interested in the possibilities of war cooking.

### Campaign for More Hogs Successful

Although definite figures are not yet obtainable, the Animal Husbandry Division of the Bureau of Animal Industry is assured that the campaign to increase pork production at least 15 per cent over last year has been successful. According to reports practically every state has done its part in obtaining this increase, and some have exceeded by 25 per cent. Data gathered by the United States department of Agriculture show that on April 7 brood sows on the farms in the United States had increased by 10 per cent over the number on the same date the previous year. Weather conditions during March and April were very favorable almost the entire hog producing country, with the result that there was a larger percentage of pigs raised than has been the case for many years.

### Smut Control Effects Large Saving.

A staff of forty field men of the United States Department of Agriculture under the direction of eight leaders, is conducting a campaign for the control of smuts and other preventable cereal diseases in the northern and western states. The field men are in conjunction with state agencies, county agents, and other farm advisers in conducting seed-treatment demonstrations before farmers' organizations of high schools, county and township high schools, and city organizations. Emphasis is placed on the treatment of preventable smuts of wheat, oats, barley, rye, and grain sorghums. The work thus far conducted in the territory mentioned probably has resulted in the treatment of 50 per cent of all the seed wheat, oats, and barley sown. This means a probable saving, according to the United States Department of Agriculture, of not less than 10,000,000 bushels of wheat, 25,000,000 bushels of oats, and 4,000,000 bushels of barley.

### Washing the Barberry.

The campaign to eradicate the common barberry, which was started by the United States Department of Agriculture last spring, has already met with gratifying results. The common barberry harbors the black or stem rust of wheat, oats, barley, and rye, a disease which causes enormous losses in this country. In certain European countries it has been demonstrated that the eradication of the barberry has resulted in a marked decrease in the amount of damage caused by this disease. In central and northwestern states where the campaign is being conducted the sentiment has been aroused. Nurserymen for the most part have agreed to distribute seedling common barberry plants. Several state councils of defense have issued appeals for the eradication of this barberry, and

the public safety commission of Minnesota has issued an order providing for compulsory eradication in that state. A law providing for eradication has been on the statute books of North Dakota for more than a year.

### PHOTOGRAPHS WANTED.

The navy department is collecting photographs of enlisted men who lose their lives in the war that their memory may be perpetuated. Secretary Daniels asks relatives or others having such photographs to lend them to the navy that copies may be made for the navy's records. Originals will be returned to the owners as fast as copies can be made. A photograph of each man is to be forwarded by the navy department to the training station where he began his career in the service. At each of such stations a memorial gallery of honor or a hero's corner is to be established so that for all time the face of the man of the navy who has made the supreme sacrifice may be honored by the youth of the future sent to the station for training.

All pictures, loaned or contributed, should be securely wrapped for mailing after they have been marked with the name, branch of service, and recruiting station, the young man entered after enlistment. They should be addressed to the Recruiting Division, Bureau of Navigation, Navy Department, Washington, D. C. Care will be taken to return safely the photograph to the sender, when desired, together with one of the copies made of it.

### IMPROVEMENTS.

Many additional buildings are contemplated, and general construction work will be rushed to completion during the summer and fall. In some instances the camp work has been extended to drainage of an entire district surrounding the camp to remove danger of disease arising from the proximity of swamps. Liberty theaters have been erected at all major army cantonments. Each of these theaters has an average enclosed seating capacity of 2,000. Theaters and amusement buildings have been erected also in national guard camps and at other points where troops are in training.

More than \$22,000,000 have been expended during the past six months under the direction of the construction division of the army in making additions and improvements to camps and cantonments. This sum does not include the cost of additions to the hospital equipments or the improvements made at other army stations.

The improvement work consisted of additional buildings for housing the men and providing for their comforts and needs. Among buildings erected were quarters for officers and nurses, repair shops, additional barracks, coffee-roasting plants, kitchens, and bakeries, and theaters. New roads were laid and sanitation works improved and extended.

### WAR INTENTIONS.

"We intend what our forefathers, the founders of this Republic, intended. We in America believe our participation in this war to be the fruition of what they planned. Our case differs from theirs only in this, that it is our inestimable privilege to concert with men out of every nation who are fighting for the liberties of America secure, but the liberties of every other people as well."

"There can be but one issue. The settlement must be final. There can be no compromise. No halfway decision would be tolerable. No halfway decision is conceivable. The blind leaders of Prussia have forced their knee little clutch-of-forces which can never be crushed to earth again; for they have in their heart a inspiration and a purpose which are deathless and of the very stuff of triumph."—From the President's Mount Vernon Address.

### LEAFLETS DISTRIBUTED.

Nearly 20,000,000 United States Food Leaflets, carrying the message of war-time food saving, briefly told, have been distributed by the United States department of Agriculture during the last six months. The actual count to May 15 shows that 18,213,340 leaflets have been distributed chiefly through organizations and by demonstrators who come in direct contact with individuals and communities where practical demonstrations, carrying out the suggestions made in the leaflets, have been given in homes, schools, war kitchens and before women's and girls' clubs in rural and urban districts; farm bureaus, and so on. They have also been distributed through public libraries. Manufacturers and other dealers have purchased them in large quantities for distribution among their employees or customers. They have been translated in foreign languages and distributed in the homes of foreign people in many States. The leaflets were prepared by specialists of the Department of Agriculture and the Food Administration, and the latter has distributed many millions of them.

### A GOOD FRIEND.

A good friend stands by you when it needs. Wayne people tell how Doan's Kidney Pills have stood by them. Mr. Ira J. Doan of Wayne endorsed Doan's almost six years ago and again confirms the return. Could you ask for more convincing evidence?

"I was in bed for several weeks with a severe attack of the grip," says Mr. Hoshaw. "Upon recovering I found my kidneys had become weak. I was a sufferer from sharp pains across the small of my back and lameness through my loins. My head throbed for hours at a time and I couldn't rest well at night. After taking Doan's Kidney Pills a few days, the backache was relieved and my kidneys were strengthened. In three weeks all symptoms of kidney trouble had disappeared."

Mrs. Hoshaw gave the above statement in August, 1910, and almost six years later, on July 15, 1916, she added: "I keep Doan's Kidney Pills in the house all the time, getting them at Felber's Pharmacy. They keep me good by driving away any signs of kidney trouble I may have."

### SAVE AND SELL STRAW.

Keep fire away from straw stacks and sell the straw for the use of the army is the advice of the grain and marketing specialists of the Bureau of Markets, who point out the wastefulness of burning it, especially in view of the demand for it at military army camps. It is suggested that all straw be baled as soon after threshing as possible. If assistance in marketing straw is needed, the grain and hay reporting service of the Bureau of Markets is ready to help.

### Mrs. Burns' Letter.

Here is a letter that is certain to prove of interest to people in the vicinity, as cases of this sort occur in almost every neighborhood, and people should know what to do in case of fire. Mrs. Burns writes: "I used a bottle of Chamberlain's Colic and Diarrhoea Remedy about a week ago and it cured me of dysentery. I had another attack of the complaint some three or four years ago, and a few doses of Chamberlain's Colic and Diarrhoea Remedy to dozens of people since I first used it."—Adv.

## How France Has Been Fed

"Before the war, a distinguished French Officer, General Maitrot, wrote a series of articles in the 'Echo de Paris' to warn France, that in case of war, the French meat industry would be unable to supply the French army in the field with fresh meat,—owing especially to the lack of modern refrigerating plants and of refrigerating transportation,—and too, owing to the deficiency in the national herd."

"Since the war began the French army has never been short of fresh meat, thanks mainly to the prosperous condition of the American meat industry, and too, to the American live stock breeders."

The foregoing statement was made by a representative of the Allies now in the United States.

Another representative of the Allies said recently:

"that the American packers have been of the greatest possible assistance to the Allies and have, by their efficient cooperation, contributed in the utmost degree to the successful prosecution of the war."

Swift & Company, U.S.A.

Two candidates for County Judge to fill vacancy.  
 At the same time and places there will be submitted the question of calling of a constitutional convention.

Which primary will be open at eight o'clock in the morning and will continue open until eight o'clock in the evening of the same day.  
 In testimony whereof, I have hereunto set my hand and seal this 26th day of June A. D. 1918.  
 (Seal) CHAS. W. REYNOLDS, County Clerk.

such a high and inelastic regulation would have.

Dullness marked securities for the week. Selling at times was heavy.

The crop report, talk of high taxes on luxury, indicating that certain war group companies would ask the aid of the government in financing issues, and reports of coming satisfactory contract farms between the government and the railroads reacted one way or the other.

The bond list was mostly easy. The market was strong at 6 per cent. A loan of \$15,000,000 by the government to Great Britain made the total advanced to belligerents \$266,590,000.

Plans for a congressional recess up to about August 24 were worked out, depending on the disposition of the pending bills. The wire control bill was passed. A preliminary victory was won by the sequestration prohibitionists in the fight on the dry clause of the emergency agricultural bill but agreement was reached to delay final action until after the recess.

The projected strike of telephone employees was postponed indefinitely at the president's request.

Suggestions for high taxes on tobacco, liquors, clothing, amusements, automobiles, gasoline, servants, and many other things were made.

A sugar board was appointed to fix prices for the benefit of consumers, at a loss to the government if that appears necessary. Reduction in the price of cotton goods approximately 20 to 30 per cent were approved by the president. Rationing of coal for domestic consumers, which economy in its use will be compelled, was announced as a fixed policy. Brewers were notified that they cannot depend on receiving relief after the amount necessary to take care of their present materials is consumed.

Commercial reviews indicated that little seasonal halting of manufacturing is to be expected. Summer shut-downs for lack of orders are nowhere in sight. Heavy coal production in the first part of June, followed by a decrease due to sluggish movement of cars, was reported. The harvest, where it is under way, has developed no labor shortage, according to the department of agriculture.

**SUGAR.**

There is now a sugar shortage and unless every one conserves very diligently there will be a greater shortage if not a famine in this very essential commodity.

Every merchant in the county is

required to keep a record of all sugar sold for domestic purposes.

Country people may buy not more than five pounds at a time. The maximum amount that any one person is entitled to in a month is three pounds, but when such an order is expected to get along on as much less as he possibly can.

Relative to sugar for canning and preserving let us say that every one is to do the maximum amount of canning on the minimum amount of sugar. Do not let anything go to waste that should be canned or preserved. Some things can be canned successfully without sugar. Some with very little sugar. Try substituting syrup for sugar or at least use part syrup. If 25 lbs. of sugar is not sufficient for your canning and preserving, see your merchant about a second 25-lb. lot. If the second 25 lb. lot is not sufficient, see me for the third and subsequent lots.—J. H. Kemp, Federal Food Administrator for Wayne County.

**DEMOCRATIC CONVENTION.**

The democratic electors of Wayne county are called to meet at the courthouse in Wayne on Saturday, July 27, 1918, at 2 o'clock P. M. for the purpose of selecting delegates to the state convention to be held at Hastings July 30, 1918, to elect a county central committee, and to transact such other business as may properly come before the convention.

It is hoped that every precinct in the county will be represented by its accredited delegation.—J. H. Kemp, Secretary Democratic County Committee.

Duluth News-Tribune. This is what (Mr. Taft) says: "The president represents the people, and the electorate will stand by him while he is president. They will only elect a republican congress when they are made to see that a republican congress back of him will be more certainly perform the people's will to adopt and carry to the bitter end and at any cost a world plan to conquer Germany." The Maytag Multi-Motor Washer makes washdays holidays—enables you to get the washing all done and out on the line before nine. And not on just one Monday—but every Monday. Mondays in summer when there are so many shirt waists, light dresses and other garments—Mondays in winter when the blankets and heavy pieces go in—every Monday for fifty-two weeks in the year—every day, too, if you want to use it that often

There's a Maytag Washer of Every Type—Hand, Power-driven, Electric—All Built to the Envyable Maytag Standard

We also handle the Sub Marine turn-tub washer, with wringer and bench included, is considered one of the best yet offered on the market.

We handle electric, gas and hand power engines. See us before you buy.

For the best Separator on the market—see our De Laval's.
