

AN UNPRECEDENTED CROWD AT SERVICE

Service flag dedication and farewell program here Sunday afternoon.

TEN THOUSAND PRESENT Music by Carroll Band and Welsh Sextet—Speeches by F. S. Berry and Rev. Frank Williams.

The crowd attending the program in Wayne Sunday afternoon...

The Carroll home guards and Carroll band were present in uniform...

The invocation was pronounced by Rev. S. X. Cross of the Presbyterian church...

Mr. Berry spoke in part as follows: Three ministers appear upon the program this afternoon...

We have passed the cross roads in this war and are on the road to certain victory...

"America believes in a free and open diplomacy, where the world will have no lord."

"America believes in the freedom of the seas for all who have the right to travel thereon."

"America believes in a concert of free peoples going on to make the world free."

"The second thing I want to tell you is that America is back of you."

STUDENT NURSE RESERVE TO BE ORGANIZED HERE

The war is creating an unprecedented demand for trained nurses...

Qualifications: Intelligent, responsible women of good education and sound physical condition.

Women who enroll engage to hold themselves in readiness...

Enlists in Navy. Will Forbes who came to Wayne last week for a short visit...

Mr. Forbes was met by his parents, Mr. and Mrs. J. C. Forbes...

Relatives and friends please watch this list and further additions which will be published here weekly...

But if your relative or friend enlisted or left in a draft from some other county...

TO OBSERVE ANGELUS. Members of the Presbyterian church at Wakefield...

ADVERTISED LETTERS. Wayne, Neb., July 24, 1918: Elizabeth Lower, Esq.:

# Pianos & Player Pianos

A Vertical Piano with the tonal qualities of a Horizontal Grand; Unrivalled for Richness and Depth of Tone  
The name--**The Acoustigrande**, made by Chickering Brothers, Chicago

**T**HE guiding device in our Player Pianos insures the perfect tracking of the music roll—perfect alignment at all times. This patented feature is one other of the many that have made the player action in our instruments the most popular, the most efficient in the world. Let us show you how our guiding or Tracking Device works. Its functions and operation are highly interesting and important.

## Davenport-Treacy Pianos

Nearly half a century has elapsed since this concern was started in 1870. Then only a small firm with but a few hands—today a great factory with many skilled employees. In these many years the Davenport-Treacy Pianos have gained not only a national but an international fame for extreme excellence. They have gone forth East, West, North and South, each proclaiming the high standard of these artistic instruments.

The highest development in piano and player piano construction has been reflected in these superb instruments—they are as near perfection as human skill and endeavor can attain—they possess extraordinary value in tone, elegance and durability.

### STRUCTURAL FEATURES

The structural features of the Davenport-Treacy piano are of special interest to every one analyzing the merits of a piano. The construction of this instrument is of the best, the material is substantial and high-grade. Every part is thoroughly inspected by our testing department before going into the piano. The veneers chosen are of the most beautiful coloring, the varnishing and polishing are of the highest order, that you may have an instrument whose exquisite appearance will be as perfect many years from now as it is today.

The sounding board is the result of years of intensive study by the best acousticians of this country and abroad. Special selected spruce is used, of years of careful seasoning; the proper curvatures being obtained in a most painstaking manner. It is absolutely necessary that the sounding board be built absolutely perfect that the intensity of the sound waves may be of the right character, for only in this way can sonority and sweetness of tone be secured.

The strings used are of the finest quality and are noted for their tensile strength, tone and durability; music wire and copper base strings being used. Careful attention is given to the selection of the strings by expert string specialists. The action of the Davenport-Treacy piano is a delight to the accomplished pianist. It is so perfectly adjusted, so carefully made in every minute part and the feel of the hammers so firm, yet elastic that the quick, responsive action of this piano has been highly praised by music authorities. The keys are genuine ivory.

The quality of the carefully selected materials, the care and personal attention given each part and every little detail by the artisans engaged in the building of these magnificent instruments, the scientific precision of design and construction entering into these pianos; and the exact knowledge of musical requirements, have made the Davenport-Treacy pianos unsurpassed in tone, appearance and lasting qualities.

According to reports a tax of 20 per cent will be added before long to prices of musical instruments, besides the increased cost of manufacturing. Therefore, the sooner you place your order, the better.

**O**NE of the many exclusive patents of the Player Action contained in our Player Pianos is the Flexible Striking Finger.

The much sought, yet rarely realized, human touch—the soulful playing of the performer, is directly due to this ingenious feature.

The art of the accomplished pianist, playing by hand, is remarkably duplicated by the Flexible Striking Finger.

Come in and find out what the important functions of this feature of our Player Pianos are.

# Wayne Jones Book and Music Store Wayne

**LOCAL NEWS**  
Miss Ethel Barton, trained nurse; phone 207. 1131fad  
Miss Ruby Reed visited in Wayne Saturday morning.  
Last week Ponca people organized a company of home guards.  
Dr. C. A. McMaster, dentist, Office phone 51, residence Red 133. A191fad  
Mr. and Mrs. Frank Harschman were visitors in Sioux City Friday.

John Sousa arrived home Friday from Omaha where he took an examination preliminary to entering the engineering department of the government. He says he scored ninety-eight in the matter of handling boilers. He is home subject to Warren Johnson of Oakland, Ia., who visited last week a few days at the home of his aunt, Mrs. G. T. Porter. Wayne, left for home Saturday morning.  
**BULLS FOR SALE.**  
Sons of Britton Goods 339752, the only living son of the most famous, Shorthorn, Imported Choice Goods 186802, the kind that will pay for themselves on common cattle. Most of them are good enough to head pure bred here, the blood sought by the best breeders. Bred and owned by Jno. S. Lewis, jr., & Son. Can spare a few females.—Jno. S. Lewis, jr., & Son, Wayne, Neb. 111eovfad  
**AS TO A RIGHT PEACE.**  
To the hind—A man who ever in an eastern publication is fearful of a premature peace, a peace this fall. If it comes, this observer says, it will be adjusted to satisfy France, Great Britain, Germany, France and Great Britain, he holds, are so war weary that they are ready for an arrangement that will protect them and Germany is ready to give up Belgium and Alsace-Lorraine for a free hand in Russia and the near east. America is ready to such peace. It could be merely a truce. America entered this war in order to make it a war to end war. What is the answer? Another year of war, if necessary. Millions more American soldiers in the front and a victory that shall protect Russia, the Balkans, and all other countries, including Germany, from future aggression.—J. T. HOUSE.

by a reputable citizen who vouches for his good faith, unless the person is known personally to the chapter officials.  
The Red Cross will endeavor to deliver all proper messages without cost to the applicant for this service. Answers will be received by the same procedure, that is, through Washington and then to the individual.  
No money can be sent and no letters will be delivered to persons in the military or naval forces of the enemy.  
**NEBRASKA STATE FAIR.**  
Lincoln, Neb., July 20.—Definite announcement that the 1918 Nebraska state fair will be held at Lincoln has been made by E. P. Danielson, secretary of the Nebraska state board of agriculture. Rumors that the state fair grounds are to be utilized as an army concentration camp causing a discontinuance of the annual exhibition, led Secretary Danielson to issue the following statement:  
"Contrary to the truth of the mat-

ter it is being rumored throughout the state that the Nebraska state fair has been discontinued and that the fair grounds will be used solely as a concentration camp. This rumor is false and is working a great injury upon the state fair."  
**NOTICE.**  
Notice is hereby given that I have taken up at my premises in Garfield precinct, Wayne county, Nebraska, the following described property, to-wit: Two steers, each about two years of age, one Red Polled and one red steer with white spot in forehead and short horns. Owner may have property by proving same and paying costs.  
Dated June 15, 1918.  
J2045P Martin P. Jensen.  
**A RUSSIAN PUZZLE.**  
Ohio State Journal: It must be a pretty difficult matter these days for a Russian with any money or other portable valuables to distinguish between a normal situation and a reign of terror.

**When They Begin to Talk Copperized, Charcoalized, Aluminized, or Any Kind of Buncolized—just remember this—**

The sheet of copper must be between the asbestos and outer casing—range body, as it is in the Copper-Clad Range. It can do no good anywhere else.  
Buy a Copper-Clad—The World's Greatest Range.

**Carhart Hardware**

**FOR COMMUNICATION.**  
"Anybody in good standing in this country may write to relatives or friends in Germany, Austria, Belgium, Poland and the countries adjacent to such places. If countries occupied by them, through a new bureau of communication of the American Red Cross.  
The message to be sent should be taken to any Red Cross chapter and certain formalities complied with. The Red Cross will send it via Washington and neutral countries, but naturally cannot guarantee the delivery of any message in present war conditions. However, the service is being conducted generally without interruption.  
Only purely personal family messages should be offered to the Red Cross for transmission. Messages relating to financial or political matters, or public affairs cannot be forwarded. The person using this service should present a letter signed

## "THE SIRENS OF THE SEA"

The story concerns a baby girl washed on the shore of a strange island in the Pacific, followed a fortnight later by the sister of a Hiji an old beach comber, and adopted by Wellington Stanhope and his wife, wealthy Americans residing on the island. Grown to beautiful girlhood, she is placed by her foster-parents in the fashionable seminary for girls located on the island and attended by students from the states. The girls don sevege and skeleles in a particularly festive party on the beach one day, and they are sighted by Gerald Waldron, wealthy young American, cruising in foreign waters to escape ently, accompanied by his friend Hartly Royce. Believing the money, to have escaped from some enchanted land—the young men steer their launch in their midst as they swim out to them.

A stern attachment follows between Sybil, the island girl and Gerald Royce, too, is deeply interested in the young woman, which adds to the discomfite of Julie, a hearted and successful student from Texas. She tells Gerald on Sybil's eighteenth birthday, after she has gone to seek the service of Hiji, to tell her the name of her guests, that a mystery surrounds the birth of Sybil. Sybil has been followed by Hartly and when he repeats his advances, she jumps over a cliff into the ocean.

Gerald, going to look for her, finds her caps—and there follows a long search through an enchanted island and a final terrific struggle between Gerald and Royce, before the young lovers depart for America on the hero's luxurious yacht.

## TO HEAD HIS OWN COMPANY

Sessie Hayakawa, according to advice from the west coast this week has headed the list of photographers in productions which he will himself stage. Manner of release has not been decided upon, according to announcements. Mr. Hayakawa's most recent pictures have been released by Paramount and the star has a large following throughout the country.

It is claimed that unlimited capital has been placed at Mr. Hayakawa's disposal, and studio arrangements have already been made which are sure to furnish every facility for the perfect production of the class of photodramas which are to be filmed. "Eight features a year will be made," it is said, and the stories will be the best obtainable.

In the matter of plays, nothing has been made known thus far with the exception that the feminine lead will be a player well known in emotional dramatic screen work. The cast will be good in proportion, it is claimed.

Mr. Hayakawa, in connection with his decision to make his own features, said: "I am proud, indeed, to head my own company, and I am going to do my best to go over the top in making productions that will appeal to the patrons of the houses where the great photoplays are displayed. I want to make pictures that all the people will enjoy and make them so well that they will be of a lasting character. Wait for results. These I am confident will be perfectly satisfactory."

Sessie Hayakawa's organization has been formed under the name of the Hawthorn Picture Corporation and its headquarters are in the H. W. Hellman Building, Los Angeles.

## VIVIAN MARTIN BIG STAR

For Vivian Martin's next Paramount picture there has been assembled a cast that Paramount considers would do justice to any feature picture. Two of the principal parts are Captain Shad Gould and Zoeth Hamilton, and these are played by Theodore Roberts and James Neill.

Under a make-up of apparent gruffness Captain Shad hides an exceedingly tender heart. Uncle Zoeth is more demonstrative of his affection for Mary Gusta, but both of these old men, in their guardianship of the strange little personage who is more interesting to them, than their lives, and Mary Gusta herself, in her "motherly" care of her guardians, stand out as a charming trio, as is said.

Harrison Ford is cast as the young leading man, Crawford Smith, son of the absconding partner.

Uncle Sam and Harrison Ford, as screen lovers, will be remembered from "Molly Entangled," in which Miss Martin was the vivacious Molly Star and Ford her good-looking Irish sweetheart, Barney Malone.

Jane Wolff appears in the cast as Mary Gust's sister, Helen Gilmore. Mrs. Hobbs, the housekeeper from whom Mary Gusta is rescued by Uncle Shad and Uncle Zoeth, Richard Dix, in the early stage of the picture. Bert Hadley appears as a peer, while John Burton is cast as Judge Baxter.

## MUST CULTIVATE CHARM.

No one in the world can explain the secret of charm so well as Madeline Carroll. Her forceful personality, the stake of the world for over fifty years. At the age of seventy-two in spite of the most serious physical disabilities, the great French woman has undertaken another tour of the Americas, and will appear this winter in repertoire before the public that she has stood loved next to her own. "If I do not appear on the threshold of life," says Madame Bernhardt, in the May Motion Picture Magazine, "asking of me something with which to buy happiness, I should beg for charm. For if one has charm, she will be loved. Beauty does not matter. If a woman has charm she can secure whatever she wants—love, success, power. Charm may be cultivated; let me tell you how it is done. The woman of charm has abundant vitality. She does not drag herself wearily about. She enjoys life, and shows that she does. There is charm in her movements, in her speech and her smile. The woman of charm has the power of being interested in everyone and everything for a time. She is interested in the persons who cross her path. This brings happiness and admiration. They are hers. Thought of self destroys magnetism. Charm lies in consideration of others for thereby comes self-consciousness and acquires habit of making others happy. Certainly charm can be cultivated; assuredly, yes."

## CARUSO IN MOVIES.

The world's most famous tenor, Enrico Caruso, who is known to every man, woman and child in every corner of the globe, has contracted to do two pictures for Artcraft during the coming season.

This is the most important happening in the film world in years. For some weeks past there have been about many rumors concerning the star's affiliations, but nothing definite was given out until a week ago, when the rumors were confirmed by the Famous Players-Lasky corporation.

The news has created a sensation throughout the entire country. Exhibitors and public have both realized the tremendous significance of this announcement. Caruso had long been approached by various companies with tempting offers, but nothing hitherto prevailed to move him from his stand. That he has at last realized the artistic significance of motion pictures is a matter of rejoicing on the part of public and exhibitor.

## THE SOULS OF CORPORATIONS.

There is an old axiom of English that corporations have no souls. The managers of thousands of corporations have given their services and their means to the Liberty Loan, to the Red Cross, and to the U. S. C. A. and to other national efforts during this war seems to disprove the truth of the saying.

The congress of the United States seems to have adopted the view that a corporation may have a soul, since it has authorized national banks to contribute to the American National Red Cross out of any net profits available under the law for the declaration of dividends. The latter provides that funds so contributed shall be used by the Red Cross in furnishing voluntary aid to the sick and wounded of the combatant armies, the voluntary relief of the army and navy of the United States and the relief of the suffering caused by the war to the people of the United States and their allied nations.

## PATRIOTISM WITHOUT HESITATION.

If our soldier boys deliberated as long before doing their duty as some of our people at home hesitate over doing theirs, the victory would be doubtful.

It is a sort of financial cowardice to hesitate to put your money in the United States Government securities, and to deliberate over the wisdom and patriotism of the investment, is to hesitate in supporting our soldiers.

## A PLAY FOR ALL AGES.

Admission ticket to the making one picture each year for "the kids"—including she says, those from seven to seventy-seven. Marguerite Clark will be seen in her latest Paramount photoplay, "The Seven Swans," which was adapted from Hans Anderson and directed by J. Scarle Dawley who has directed Miss Clark in most of her productions, including the famous Mary Roberts Rinehart "Baby" story and the famous "Snow White" fairy story.

For the forthcoming "Charles Ray" picture, "The Claws of the Hunt" Thomas H. Ince has selected a story that is not only timely but decidedly effective in that it portrays a situation all too common in the early stages of America's entry into the world war.

For the sake of art Marguerite Clark (pictured in the murky waters of the Mississippi River) for the scene in "Uncle Tom's Cabin," in which Little Eva is rescued from death by Uncle Tom. President E. J. Bly has written in every foreign language and over five million clips.

## Goldwyn Pictures

Madge Kennedy

### "The Service Star"

THE FLAG OF ALL MOTHERS

"The Service Star," as its title indicates, is of extreme timeliness appealing as it does to every owner of a service flag. It is the story of the slacker who built his own prison.

IT'S A GOLDWYN PICTURE.  
Admission 10 and 20 cents.

Jack Pickford

### "The Spirit of '17"

He's a Yankee Doodle Dandy—a Yankee Doodle Do or Die. Be sure to see this red, white and blue story, of the "old home town."

IT'S A PARAMOUNT PICTURE  
Admission 10 and 15 cents.

Saturday, July 27

## Mary Pickford in "A Girl of Yesterday"

Mary Pickford, the idol of the screen, is featured in the role of a modest little girl who starts in the clothes of a by-gone period.

MARY PICKFORD

It is a delightful romance played with an abundance of spirit.

IT'S A PARAMOUNT PICTURE  
Admission 10 and 15c.

Monday, July 29

Tuesday

July 30

Wed., July 31

Louise Lovely, Carmel Meyers and Jack Mulhall, co-stars

### "The Sirens of the Sea"

This is one of the most lavish and beautiful pictures to come to the Crystal this season. It was inspired by Heine's "Legend of the Lorelei." One thousand persons were constantly employed in the cast, and the production took six months to complete. Unusual swimming, dancing, diving are featured in this six-act production.

Admission 10 and 20 cents.

Thursday

Aug. 1

J. Warren Kerrigan

### "A Turn of a Card"

A PARALTA PRODUCTION  
Admission 10 and 15 Cents.

Carmel Meyers

### "The City of Tears"

—ALSO—  
"The Lion's Claws"

Carmel Meyers has a corking part in her new picture. It's that of an opera singer who has nothing but her voice to depend upon for a living.

It's a Bluebird  
Admission 10c and 20c

star safely to the shore, she gasped: "That's the nastiest tasting water I ever drank."

A temporary lull, which is caused by the fact that Dorothy Dalton is taking a vacation in the East, Egid Bennett has just completed a picture and Charles Ray no more than started on a new one, has struck the Ince studio in Los Angeles.

The announcement that Frances Marion has been engaged to prepare the screen adaptation of "He Comes Up Smiling" confirms the report that Douglas Fairbanks will go to the extremes for hundred percent working material.

"The Firefly of France," Wallace Reid's characterization of the famous story from the Saturday Evening Post, is due soon. If you have heard the story, you'll especially want to see it. If you haven't, you'll be astounded as the plot unfolds before you.

Theda Bara admits that she has more clippings about herself than any one in the U. S., with the exception possibly of President Will. If you haven't, you'll find Theda Bara withers in every foreign language and over five million clips.

ings with herself as the theme are jested into huge books which are kept in her safe. Would you call that sheer modesty?

Doesn't look as if our friend Crane Wilbur will return to the screen for some time to come. He is making a tremendous success with his own stock company in his own theater, the Wilbur playhouse, at Oakland, Calif.

Olive Thomas arrived back on the coast with the largest diamond to be found among the photoplays colony in California—a nine karat one! And Olive's such a little girl.

Theda Bara's sets are all enclosed from prying eyes while she is at work in "Salome."

Preparations are being made at the Ince studio at Hollywood for still another picture, starring Egid Bennett, some of the scenes of which will be laid in the Hawaiian Islands. The preliminary announcement of the new production was made just as the company was preparing to start work on a picture by C. Gardner Sullivan, which will be the "deferred" until "The Hawaiian story, which is as yet minus a title, is completed."

My Country 'Tis of Thee, Sweet Land of Liberty.

I pledge allegiance to my flag and to the Republic for which it stands; one nation indivisible with Liberty and Justice to all.

General Hill is one of the German commanders mentioned in the dispatches. But all the German officers act that way.

The breaking of the drouth the first of the week was worth millions of dollars to the state. It would seem that nothing ever to happen could prevent a corn crop of unprecedented size and quality.

Encouraging reports continue from the battle front. The way American soldiers are driving back the enemy fully meets the expectations of home folks, and puts to flight any feeling of uneasiness over results. There is no question now the war will end. The only question is when it will end, but the way the allies have been moving of late it will not last long. And when it is over we will have a world free from autocratic tyrants and safe, it is hoped for all time, for liberty-loving peoples everywhere.

In the course of his speech at the big patriotic demonstration in Wayne Sunday, Rev. Frank Williams of Wakefield remarked incidentally that Wakefield and Logan townships should belong to Wayne county. This is a fact which none hereabouts will dispute. The dunning which resulted in the two townships becoming a part of Dixon county, has been pointed out many

times. Annexation to Wayne county could be accomplished if enough people in Dixon county were willing as they probably would not be.

A reasonable amount of self conceit is a necessary propelling force, but the Lord didn't intend to have it developed to such proportions that it becomes a threatening explosive or an intolerable plague.

"Now be a strong man and do your best in the job of whipping our enemies" said a mother in parting with her son as he left for the war Monday morning. This feeling of pride and desire is a powerful stimulant in the present task. And the usual attitude of courage on the part of the American mother is manifested in the pluck and daring and skill of the American boy on the battle front.

The mother of the boys who have gone to France to fight a world menace, are probably the ones who suffer most, and it would seem that the duty of people at home to lighten as far as possible such burdens with encouraging sunshine and assurance. The mother is usually passing through the evening of life. Her children are her chief love and comfort. Though loved by the right course they follow which offers his life, she suffers, usually in silence, severest heartaches over the boy she brought into the world to live. Her reciprocal love she largely depended on for inspiration during her declining years. Of course, she will see him when he comes back, and in honor, and to the last moment of her life she will nurse recollection of the noble part he has contributed to civilization. In the meantime, however, she suffers, and during this time let those who cannot serve at the front, be busy at home in the way that may be contributed to civilization.

### No Extra Sugar or Flour for Thrashing.

We have had a number of requests for extra sugar and flour for thrashing. I have issued a few permits for extra sugar, but do not want to issue any more. As I view it, thrashing is largely a matter of exchange of labor, and a man in a thrashing season gets away from home about as much as others get at his home. This should make a family back again even and there should be no reason for having an extra allowance of sugar or flour. Look ahead a little and plan to get along on your usual allowance. Keep the sugar bowl off the table. Let everyone drink his tea and coffee with sugar. The extreme shortage of

sugar makes it imperative that we abide by the strictest regulations.—J. H. Kemp.

## AN UNPRECEDENTED CROWD AT SERVICE

(Continued from Page One.)

Under the shadow of His wing now and always.  
The service flag with over 300 stars was lowered, and its purpose was explained by Mr. Ahern. It is a beautiful and impressive flag and aroused pride in the hearts of all. The comfort kits were presented with a brief talk by Mrs. E. W. Huse, chairman of the Wayne county Red Cross.

It was a grand patriotic demonstration and everyone left pleased. The speeches by E. S. Berry and Rev. Frank Williams were one hundred per cent American and added fuel to the already flaming fires of patriotism.

The following entrained for Camp Dodge: Carl Herman King, Herbert William Bergt, Louis W. G. Rehms, Henry Harry Swegard, Herman Peter Galt, John Henry Keadie, Grover P. Larson, Edward Earnest Behmer, jr., Eugene Everett Hale, Otto August Kaus, Fred Henry Danme, George Ben Berger, Adolph August Henry Baier, Fred Tuckeb, George Gus Raibold, August Henry Bermann, George Harry Rehms, Louis Gokolski, Paul H. Young, Bernard A. Meyer, Walter Arthur Putz, Johnie Hayden Owens, Olin Frex, Herr Paul Cook, Albert Samuel Kennard, Wallace Garnett Cadwell, Harry Griffith Evans, Richard Morgan Jones, Edwin Jones, Edward William Niemann, John Joseph New Swagery, William Morris Ritze, Vern Orlando Selton, Thomas Roberts, Herbert Arthur Edward Peters, Willie Fred Schulz, Carl Wilhelm Jansen Gravelhoff, John Carl Berz, William Peter Boyer, William John Hoffman, Nels Alfred Bjorklund, Ed. Joseph To. Camp Funston, Kansas; Fred Lewis Beckman, Albert Theodore Sundell.  
To Fort Riley: Marion Elza Kelley, Laurice P. Bressler was transferred from Wyoming and left Monday for Camp Dodge.

Joseph L. Langenfeld was transferred from Wyoming and left Monday for Camp Dodge, Iowa.  
Emmanuel P. Lange was transferred from South Dakota and left Monday morning for Camp Dodge, Iowa.

## SOCIAL NEWS

### Social Forecast.

The Helping Hand society will meet August 1, at the home of Mrs. Alex Jeffrey.

The St. Mary's Guild is meeting this afternoon at the home of Mrs. J. P. Gearhart.

The members of the Coterie club and their husbands and families are planning a picnic to be held at the Country club Friday evening.

### Class Picnic.

The Junior Missionary society of the Methodist church enjoyed a picnic supper Wednesday evening at the A. M. Helt home in the east part of town. Miss Florence Gardner, the superintendent, accompanied the young folks.

### Entertain Clubs.

Mrs. Eth Laughlin entertained about thirty ladies, members of the Rural Home society and Pleasant Valley clubs, at her country home last Thursday afternoon. The time was spent doing Red Cross work and visiting. A short business session was conducted during the afternoon. The hostess served light refreshments.

### Class Parties.

Members of the 1918 graduating class of the Wayne State Normal enjoyed a picnic on the campus on Monday evening. The evening was spent in making Red Cross supplies. The party later went to the College cafe, where they enjoyed ice cream and wafers.

Wednesday evening, the same group had a swimming party in the Normal swimming pool.

### Picnic at Club House.

A party of neighbors and friends took their supper to the Country Club Saturday afternoon and enjoyed a picnic on the lawn. Following supper, golf croquet and other outdoor sports were enjoyed. The party was presided over by Mr. C. A. Chace and daughters, Miss Goldie and Miss Marguerite, Joy Ley, Mr. and Mrs. Perry Theobald and family, Paul Bowen, Miss Blise Ford Piper, and Miss Jessie Hawley. Miss Dorothy, Miss Olive and John Ehrhardt of Lewiston, Ida.

### Bible Circle Meetings.

The Ladies' Bible Study circle members drove out to the William Lieberghoff farm home Tuesday afternoon for their usual lesson study. Mrs. Thomas Bracken was the leader, and led an interesting study of the scriptures. Special prayers were offered for the boys who left Monday for Camp Dodge, Iowa. Mrs.

Claude Ferrell will be hostess to the circle next Tuesday.

The Young Ladies' Bible Study circle was entertained Wednesday evening at the home of Mrs. E. B. Young. This was a farewell meeting for the members who attended the circle this year. There will be a brief vacation of the work until the fall term of school opens.

### An Afternoon Party.

The home of Mrs. James Miller was the scene of a pleasant function Friday afternoon, when Mrs. Miller and sister, Miss Faye Britton, entertained nearly thirty guests in honor of their sister, Mrs. Alex Stewart, formerly Miss Edna Britton, of Minneapolis, Minn., and Mrs. Otto Teg-

elberg of Wahoo, Neb., formerly Miss Nettie Perry. An abundance of vari-colored sweet peas were used in decorating. While the guests knitted, a musical program consisting of the following numbers was given: Vocal solo, Mrs. A. R. Davis, accompanied on the piano by Mrs. Horace Theobald; Mrs. J. H. Fowler and Mrs. William Mellor each a piano solo; Mrs. W. E. Johnson, vocal selection, and Mrs. F. P. Jones, vocal solo, accompanied on the piano by Mrs. James Miller. Light refreshments were served.

Mrs. L. E. Panabaker, Mrs. Jack Liveringhouse and Miss Esther Glasser drove to Sholes Wednesday afternoon to get chokecherries.

## The Cash System Wins

Scores of patrons have become thoroughly converted to the sane, safe, and convenient way of transacting business, that is cash over the counter for foodstuffs they buy and produce they have to sell. Dozens of patrons we refused credit after adopting the cash system, have since become regular patrons and were free to confess that the cash system is the only satisfactory way of conducting business. The Basket Store is not a so-called cash store, but a cash store in fact, and business is solicited on no other terms than spot cash over the counter. This system enables us to buy goods before extreme advances, the purchase of larger quantities and handling on the quick sale and small margin plan. The installing of the Basket Store has already saved this community hundreds of dollars directly and indirectly. It is those who stop to think and place the credit where it belongs who are our loyal co-operators. The Basket Store is in a position to offer you more value, better and fresher goods, and more good, real satisfaction than any store in the county.

### SPECIALS FOR FRIDAY, SATURDAY AND MONDAY.

**LOCAL NEWS.**

T. V. B. auto oil. See "Trum." J251ad

Will Melzach was a passenger to Omaha Wednesday afternoon. John Soules was in Norfolk on business between trains Monday.

John Carhart went to Omaha on Tuesday to bring to Wayne a new motor truck.

Miss Paula Mittelstadt and Miss Abbie Lound of Winside, were visitors in Wayne Wednesday morning.

Mrs. Charles Tompsett of Omaha arrived here Friday to visit her daughter, Mrs. R. B. Judson, and family.

Claude Wright and wife and children went to Omaha Tuesday afternoon to drive a new automobile to Wayne.

William James of Thurston who spent a week in Wayne, guest of Mrs. William Beckenhauer, returned home Tuesday afternoon.

J. Russell Cunningham has enlisted as an auto mechanic in the government service and expects to leave August 15 for Kansas City to take up the work.

J. H. Porter of Randolph, was in Wayne on business yesterday. Mr. Porter sold his 160 acres northwest of Carroll to Dr. A. Texley of that place for \$25,000.

It is your patriotic duty to use as little sugar as possible. I have no sugar, but I do have pure extracted honey. Use it instead of sugar. E. Carhart, J251ad

Donald Whitcomb of Winnebago, Neb., was a guest of Hays Main a few days this week. Mr. Whitcomb was the son of the late Hays at the state university at Lincoln.

Miss Katherine Elwood of Chicago who spent six weeks in Wayne at the home of her aunt, Mrs. A. A. Pryor, and cousin, Miss Margaret Pryor, left for her home Wednesday.

Miss Alta Blough, at the head of the kindergarten department of the Wayne schools during the past two years, has been elected primary civic teacher at Wesleyan university, Lincoln.

LOST—A United States tire on rim, somewhere between Wayne and Hoskins, Saturday. Finder leave at the Hoskins State bank and receive a liberal reward. William Langenberg, Hoskins, Neb. J251ad

The Foreign Missionary society of the Methodist church will meet Friday afternoon, July 26, with Mrs. George Fortner at 2.30. All come and bring your mite boxes and assist the treasurer by paying your dues.

Mrs. Emma Schemel of Hoskins, visited in Wayne Tuesday with her daughter, Miss Margaret Schemel, who is a member of the faculty this summer at the Normal, and daughter Miss Frances, who is a student at the Normal.

Mrs. Alex Stewart and son of Minneapolis, Minn., who had been visiting the former's mother, Mrs. James Britton, and other relatives here for several weeks, left Monday morning for Sanborn, Ia., to visit before returning home.

J. H. Foster, local contractor, has contracted with a new modern residence for True Prescott, three and one-half miles southwest of Wayne. The main part of the house will be 30x40 with a rear addition 18x20. The cost will be about \$2,000.

R. B. Howell of Omaha has filed as republican candidate for governor. His platform includes co-operation, state regulation or municipal ownership of public utilities, and rigid inspection or control of stockyards, packing houses and terminal elevators.

Wayne county presents scenes of luxuriance unequalled elsewhere in the state and unsurpassed in former years in this section, according to S. P. Aker who has lately traveled in all parts of Nebraska and who has been a careful observer of crop conditions. Late rains have removed any fear of damage by drought, and

every field gives assurance of increased abundance.

G. E. Chapman was doing business in Omaha Monday.

P. H. Koll left Wednesday afternoon for Colorado, on a two weeks' business trip.

William Mellor shipped a car of hogs to Omaha Tuesday. He accompanied the shipment.

Mike Coleman went to Omaha the first of the week to market a car of cattle for Jim Collins.

### THE EARLY DAYS IN TWO COUNTIES

Early days from the Wayne Herald, July 28, 1888.

Miss Sweet entertained friends at the home of Mrs. E. D. Mitchell. A daughter was born to Mr. and Mrs. George Westrop of Winlock.

Miss Anna Gamble entertained a party of friends at a lawn party, at her home.

S. B. Seese purchased 400 head of sheep in Omaha and left an order for 1500 more.

Clem Theobald who had been attending summer school at Lincoln returned home.

Mr. H. A. Langford of Billings, Mont., arrived in Wayne to visit his sister, Mrs. E. Cunningham.

A big corn deal occurred in Sioux City in which 260,000 bushels of corn were sold for export to Germany.

Dr. and Mrs. Crawford arrived home from Denver. They brought one of their grandchildren home with them.

Axel Koefoed and W. H. Hoguewood are doing a great deal of work for the M. W. A. in Harrington and vicinity.

Jared W. Jones, one of the oldest and most highly esteemed citizens of Wayne, died July 24, after several weeks of illness.

L. P. Grig and Mrs. Jennie Adair were united in marriage at the home of the bride in Traverse, Mich., July 19. They expected to arrive in Wayne and make their home in the house vacated by Mr. Andrews.

The members of the "Fifth Band" were entertained by Mr. and Mrs. E. B. Young. During their evening, Miss Lucy Buffington sang several selections. Mr. Terwilliger read an interesting paper and Rev. Bithell gave a short address.

A number of the married ladies of the city visited the home of Mrs. M. J. Jacob, north-west of Wayne, where they enjoyed a picnic dinner. The ladies enjoying the outing were: Mesdames Miller, Swan, Dearholt, Fucker, Williams, Grinnell, Theobald and Jones and Dun Harrington.

The commencement exercises of the college were held at the opera house. There were twenty-three graduates in the class. This was the close of the seventh year's work of the college. Next year three new teachers will be added: Miss Chase, Prof. F. M. Grigg and Prof. J. J. Gibbins.

The home of Peter Mears was the scene of a happy gathering of the children and grand children of Mr. and Mrs. Mears. The occasion of this reunion was to celebrate Mrs. Mears' seventy-third birthday. Those present were: Mr. and Mrs. Peter Mears, their sons, Grant and William and wives, J. B. Stallsmith and G. A. Benson and families, J. M. Clark and wife, Mrs. M. Goss and Mrs. H. A. Hogue of Grinnell, Ia.

From the Ponca Journal, August 2, 1883.

The Wakefield Star has been sold to a man by the name of Woodward who will take possession in August.

The contemplated railroad from Omaha through Cedar county, has been effectually knocked in the head by the branch from Wakefield.

N. P. Brasfield, formerly of this place, has started a blacksmith shop in Wayne and is doing a good business. We are glad to hear of his prosperity.

Friday and Saturday the heat was ahead of anything seen before this year. As an offset, on Monday the weather was cold enough for an overcoat.

We understand that it is finally settled that the railroad will not be

extended from Ponca this year. It looks as though the extension was a long way off in the dim future. While the non-extension does not mean that the extension is impossible, it will be beneficial to it, yet the delay is to be regretted, as such extension would have been of great value to that part of the county west of us.

**RED CROSS MEMBERSHIP.**  
Memberships in the Red Cross is maintained by 5,944,953 persons in Central Division (Illinois, Michigan, Wisconsin, Iowa, and Nebraska) or 25.3 per cent of the population of the five states.  
A year ago the number of members in the Red Cross in this division was less than 200,000. By far the greater number of the members are of the 31 year class, but it is interesting to know that nearly 5,000 paid \$100 each for membership, which makes them "patrons" of the Red Cross.

All members who paid \$2 or more receive the Red Cross magazine for a year, and there are 272,538 such members, or 6.9 per cent of the total membership.

By states the membership is as follows: Illinois, 827,160 members, or 12.5 per cent of the population; Michigan, 518,000 or 20.9 per cent; Wisconsin, 632,398, or 25.1 per cent; Iowa, 1,037,511, or 42 per cent; Nebraska, 528,740, or 41 per cent.

Lowest number of members and percentage of population enrolled, Nebraska is second in percentage of population enrolled.

**TRUE SOLDIER'S COMMAND**  
"Carry on!"

That's the true soldier's command to his comrades when he drops wounded.

And the comrades go right ahead leaving the wounded man to the stretcher-bearers.

The idea has been adapted by the United States government to the career of the wounded man in private life. All our wounded boys or blinded boys will be trained for occupations at the expense of the government, aided by the American Red Cross.

Armless men, legless men, blind men are being taught trades that make them self-supporting. They are "carrying on" in the highest sense of the idea. Charity is the last thing they want.

A new magazine is being issued by the American Red Cross for the surgeon-general of the United States army and its title is "Carry On." This magazine tells how the disabled soldiers are being made to earn as much or more than they earned before entering the army.

Those really interested in this magazine should write to "Carry On," 211 Broadway, New York City for free copies.

### BE OPTIMISTIC.

Here's Good News for Wayne Residents.

Have you a pain in the small of the back?  
Headaches, dizziness, nervous spells?  
Are you languid, irritable, and weak?

Annoyed by urinary disorders? Don't despair, profit by Wayne experiences.

Wayne people know Doan's Kidney Pills—have used them—recommend them.

Here's a Wayne resident's statement:

Ole Hurstad, retired farmer, says: "I have had no occasion to use Doan's Kidney Pills for some time. The relief they gave me and others of the family from backache and other symptoms of kidney trouble has shown that Doan's are reliable."  
Price five at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hurstad had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.—Adv.

### NOBLESSE OBLIGE.

Chicago Tribune: All of Col. Roosevelt's sons are at the front, one now dead on the field of honor. They have kept the high faith in which they were bred, they have proved the "mettle of their pasture." Representatives of the oldest American stock, they have honored that stock. Sons of a great American, a world-famed leader of men, they are fulfilling the ideals of manliness, of courageous service of high hearted patriotism he has preached so eloquently, and all true Americans are glad that it is so.

### Mrs. Burns' Letter.

Here is a letter that is certain to prove of interest to people in this vicinity, as cases of this sort occur in almost every neighborhood, and people should know what to do in like circumstances:

Savannah, Mo., Oct. 13, 1916.  
"I used a bottle of Chamberlain's Colic and Diarrhoea Remedy about nine years ago and it cured me of flux (dysentery). I had another attack of the complaint some three or four years ago, and a few doses of this remedy cured me. I have recommended Chamberlain's Colic and Diarrhoea Remedy to dozens of people since I first used it."—Adv.

# Willard SERVICE STATION

## New Life in the Old Car

There's nothing that puts new vim and vigor in the old car as a new battery will.

And there's no battery that will keep the kick in the spark so long and so reliably as the Still Better Willard with Thruled Rubber Insulation.

You'll know this insulation is *inside* when you see the Willard trademark brand *outside* your battery.

Come in and ask about this big battery improvement—and get our booklet "A Mark with a Meaning for You."

## Wayne Storage Battery Company

Second Street, West of Main

Branch of NEBRASKA STORAGE BATTERY CO. Of Omaha.

We test, repair and recharge storage batteries, and always carry a full supply of battery parts, new batteries and rental batteries. Testing service is free.

## Field News

Several staff is editor of this department, by Tuesday. Any news contributions to the country will be gladly received by the staff. Renewal subscriptions.

on 23 evening for the benefit of the local Red Cross. The proceeds amounted to \$107. This was the first public appearance of the club in Wakefield and each member acquitted herself in a very creditable manner. The club gave a concert at Allen Tuesday evening.

**Resolutions.**  
Hall of Corinthian lodge, No. 31, A. F. & A. M., Wakefield, Neb., July 23, 1918.

Whereas, it hath pleased the Great Master of the Universe to call from earthly labor to heavenly rest the soul of our departed brother, Herbert Paine Shumway, the last Past Worshipful Master of this lodge,

children Whereas, the noble character and illustrious work of our brother found a large sphere, not only in the ordinary commerce and business life of his community, but also in its educational, civic and public life, reaching even far beyond this community and into the halls of the senate chamber of the state, and into many other of the wide activities of community, county and state. Be it therefore resolved, that we are profoundly grateful to the Great Master for the life and work of our deceased brother through which the people of this community in particular and the citizens of the state of Nebraska in general have been benefited and the annals of Corinthian lodge forever enriched, therefore

Be it also resolved, that the sincere and most heartfelt sympathy and condolence of the brethren of Corinthian lodge be extended to the widow and family of our deceased brother, and that a copy of these resolutions be conveyed to them and also be communicated to the press. Signed for and on behalf of the Corinthian Lodge No. 83 A. F. & A. M., Wakefield, Neb., Frank Williams, committee.

**Mission Church.**  
(Rev. C. J. Holm, Pastor.)  
Regular services will be carried out next Sunday. Rev. E. Wallin of Chicago will preach both morning and evening.

**Swedish Lutheran Church.**  
(Rev. J. T. Kraft, pastor.)  
The regular meeting of the Luther league will be held Friday evening in the church.  
Sunday school picnic will be held at the church lawn this afternoon at 2 o'clock. After an interesting program, by the children, ice cream and cake will be served.

**Presbyterian Church.**  
(Rev. P. M. Orr, pastor.)  
The Ladies' Aid society is meeting this afternoon in the church.  
Order of worship:  
Sunday school at 10 o'clock.  
Morning preaching at 11 o'clock. The subject will be, "The Finger of God."  
Christian Endeavor at 7 o'clock.  
Evening worship at 8 o'clock.  
Subject for tomorrow: "A Story—Twist—Love and Duty."  
Prayer meeting Thursday evening, followed by a meeting of the session.

**Methodist Church.**  
(Rev. Frank Williams, pastor.)  
Sunday school at 10:45 a. m.  
Preaching services at 11 a. m. and 8 p. m.  
Epworth league at 7 p. m.  
Prayer meeting and mid-week service.

In spite of so many people being out of town on Sunday last, we got our services, the trip to Wayne in the afternoon when the pastor was honored by an invitation to address the great patriotic meeting held on the departure of forty-five army men enrolled under the draft, making it a very full day for the pastor. The new Bible class for young men also began its work on Sunday with the pastor for teacher. This class seems likely to supply a longfelt want in our Sunday school, and the young men of our families are eager to come along and make it a successful and permanent organization.

We propose holding all services as usual on Sunday next when the postponed Sunday school re-organization and election of officers will be held at Pleasant Valley in the afternoon.

## A Veritable Armored Body of "Tank"-Like Stability

The body, hood and fenders of every Kissel Hundred Point Six are made of twenty gauge sheet steel, heat-treated to withstand the stress and strain of continuous driving. Likewise all woods used are subjected to rigid climatic tests.

Its Hundred Quality Features fully cover every vital detail of design and construction to stand up under "wartime" service.

## The All-Year Car

Full motoring efficiency and economy are available twelve months in the year with the ALL-YEAR Car. The top is built-in, not on, and entirely removable when the weather makes it desirable.

The present demand for KisselKars necessitates our receiving your order now if an early delivery is desired.

## D-E WORM-DRIVE 1 1-2 2 TON TRUCK

Chassis Carrying Capacity, Including Weight of Body 4500 lbs.

In the early days of the motor truck, the burden of its advertising was: "TRUCK versus HORSE." Today the enlightened business man no longer questions which of the two is the better for his hauling. He now figures WHICH OF THE VARIOUS MAKES OF motor trucks offer him the MOST FOR HIS MONEY and the GREATEST PROFIT IN OPERATION.

He has learned that the pleasure car chassis with a commercial body on it is not fit for the job of transportation any more than a go-cart would answer the purpose of a wheelbarrow. He knows, now, that profitable transportation requires a motor truck that is a motor truck from the ground up.

That is the sort of a motor truck we have built in the Model B 1 1/2 Ton D-E WORM DRIVE. Like the rest of the D-E line it was built for hard and exacting service—to yield the greatest revenue possible that can be derived from a motor truck.

A mere superficial examination of the chassis of a motor truck, listening to the purr of its motor, or going out on the road to see how it acts on a hill, is not the way to intelligently buy a motor truck. On the other hand, it isn't necessary to be an expert on the mechanics of motor trucks to buy with the same good judgment that marks your transactions in your own business.

The shrewd motor truck buyer of today buys—not by the looks, sound, or reputation of a motor truck—but by specifications—comparing them, one with the other, point by point. By such a method of comparison the real worth of a motor truck is brought to light.

You will find out much more about the relative worth of the various makes in this manner and know more about what to look for in motor trucks than all the "demonstrations" and talk in the world will give you.

You will find, after you are all through, that the one motor truck that offers you the most for your money in every way is the D-E.

The next step is to see D-E Worm-Drive Motor Trucks and go over them from radiator to tail lamp, and this is what you will find: Heavier frames, heavier springs, heavier wheels with more spokes, heavier worm-drive rear axles and more powerful motors than any other worm-drive motor trucks offered at D-E prices. The more you know about technical details—such as balance, design, simplicity of arrangement, the various units of construction, finish, etc., the more enthusiastic you will be about them. But the essentials are so positively remarkable, so easy to appreciate and so evident, that you will need no further proof of D-E superiority.

And now we come to that interesting subject, the pay load. Right here comes the crucial test of a motor truck's value. It is not only necessary to know that the truck you buy is mechanically good, but capable of hauling the utmost in pay load without stress or strain, and thus yield you the maximum of profit. In D-E Worm-Drive Motor Trucks you get capacity to an unusual degree. Take our Model B. The chassis carrying capacity of this model, including weight of body, is 4500 pounds. In other words, with a 500-pound body, you get a carrying capacity of two tons. Think of what that means in dollars and cents to you!

and insurance. In addition to the romance of the adventure, they utilize their sources of support.

The revolution is a curious one of feminine duplicity. While soldiers have been protected from the influences of open immorality, they have become the prey of a peculiar form of marriage exploitation for profit by conscienceless women, not only in isolated cases, but according to officials of the war bureau, "in all sections of the country, from Maine to California."—New York World.

## CONCORD SUFFERS LOSS

### Gas and Oil Tanks Catch Fire from Truck and Threaten Town.

Concord, Neb., July 20.—Fire believed to have been caused by the back-firing of a motor-truck this morning destroyed two gasoline and kerosene tanks each having a capacity of 15,000 gallons as well as a considerable portion of the yard of the Fullerton Lumber company, situated nearby. The tanks were the property of the Gasoline Supply company of Sioux City.

For a time it was believed certain that the entire town was doomed, but heroic effort on the part of the Concord volunteer fire department, augmented by chemical engineers from St. James, Kansas and Wakefield, kept the fire under control. The loss is estimated at about \$35,000. No one was injured.

The burning tank stood about seventy-five feet from the residence of F. E. Junk, Concord manager for the oil concern, and for a time it was believed the house could not be saved. Doors were wrenched from their hinges and windows torn out in order to permit speedy removal of the furniture.

The fire started at 8 o'clock, the truck, said to have caused the fire was driven out of reach of the fire before the flames gained headway.

The dense smoke from the fire was plainly visible in Wayne. Wayne firemen with their chemical engine responded promptly and were soon on the ground. They and the firemen from Wakefield assisted materially in getting the flames under control and reducing loss.

## THE FIELD OF BUSINESS.

Sioux City Journal: War bulletins gave the predominant impulse to American business during the last week, sharply affecting securities and grain prices. After an initial reaction of from one to three points in war issues on announcement of the German offensive, the more favorable reports, culminating in the Franco-American offer of a \$100,000,000 loan to the United States steel continued to lead, touching 108 1/2. The latter is expected to have expended itself as the week closed. Higher corn prices, due to a car shortage and beneficial rains, were registered early in the week, but ensuing breaks brought August delivery down from \$1.63 5/8 to \$1.50 5/8, and September delivery from \$1.63 1/2 to \$1.51 7/8. Oats were more stubborn, largely on account of adverse Canadian conditions. No. 2 white oats, cash, sold during the week at from 77 1/4 to 81 1/2 cents.

Other influences in the field of foodstuffs were the food administration's announcement that the market would be maintained by the federal grain control act, protect growers from unfair grading of wheat; a forecast of record crops of beans, sugar beets, peanuts, and several other food crops; and the indicated possibility of tobacco rationing. The report of the national Live Stock exchange declared the meat situation exceptionally good, with increased production of meat animals. A slight cut in beef prices before winter was predicted.

Additional loans to Italy and Belgium raised the total of American advances to belligerents to \$6,380,040,000. Money rates, both on time and call loans were unchanged through the week, holding at 6 per cent. International bonds were firm or strong and the Liberty issues were steady. Liberty 3 1/2s sold marginally between 99.0 and 66.66, with the 4s and 4 1/2s between 93 and 95.

Some unsettlement in labor was reported. A strike of boilermakers at Oakland was ordered ended. Anthracite mines workers were placed in a deferred draft classification. Secretary Baker, including the players are non-productively engaged and refused to grant deferred classification to them. It was indicated that a similar ruling may soon be made regarding theatrical men and men of draft age in the "movies." President Wilson, at the request of the war board, nominated ten umpires, including Henry Ford and C. C. McChord, of the interstate commerce commission, as umpires to sit in labor disputes where the board is unable to decide.

War work in the essential industries was very active. A large increase in the demand for steel led to indications of further cuts in supplies to non-essential lines, notably passenger automobiles. The war industries board took over control of chlorin manufacture. Government controlled railroads arranged to drop their insurance policies, the task of the government agency.

# Washday a "Glad" Day

## Why Not?

### The Maytag Multi-Motor Washer Does the Work

The Maytag Multi-Motor Washer makes washdays holidays—enables you to get the washing all done and out on the line before nine. And not on just one Monday—but every Monday. Mondays in summer when there are so many shirt waists, light dresses and other garments—Mondays in winter when the blankets and heavy pieces go in—every Monday for fifty-two weeks in the year—every day, too, if you want to use it that often.

There's a Maytag Washer of Every Type—Hand, Power-driven, Electric—All Built to the Envyable Maytag Standard

We also handle the Sub Marine turn-tub washer, with wringer and bench included, is considered one of the best yet offered on the market.

We handle electric, gas and hand power engines. See us before you buy.

For the best Separator on the market—see our De Laval's.

# Kay & Bichel

Phone Ash 3081

Wayne, Neb.

Resumption of several lightless nights each week was ordered as a conservation measure. A selling corporation was formed to dispose of 140 German concerns in this country, holding property worth \$25,000,000. Contracts to Japan and China for ship reached an aggregate of \$100,000,000. It was stated that a loan of \$50,000,000 on certain conditions will be made to China. A 10 per cent minimum tax on incomes of individuals and corporations with no lowering of present exemptions, was said to be favored in the house ways and means committee.

Commercial reports announced a slight seasonal slackening in the jobbing trade and a quiet tone in the retail lines. Business, however, compares very favorably with corresponding periods in other years.

## ANOTHER POSTPONEMENT.
