Knowledge versus Guesswork

The skilled Chiropractor with his knowledge of the human spine after carefully palpating the spine knows what causes the particular trouble from which you are suffering. He then adjusts the cause and the trouble disappears. There is no "guess-work" about the Chiropractor. He KNOWS the cause of your trouble. Chiropractic Spinal Adjustments will then eliminate that cause and nature does the rest.

An Unusual Recital by artists of national reputation

A rich opportunity is offered to hear artists of high standing on the concert platform—Glenn Ellison, Betsy Lane Shepherd and Miss Dorothy Hoyle—all of whom will appear at the

College Auditorium, Wayne, Friday, November 1st, at 8 p. m.

The program is of unusual merit including selections which will appeal to a wide range of tastes.

Glen Ellison Dorothy Hoyle
Betsy Lane Shepherd

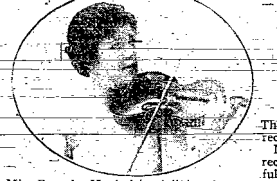

The Artists will be assisted by

The NEW EDISON

The Phonograph with a Soul

—GLEN ELLISON—
The popular Scotch baritone, will be heard in an unique recital at the college auditorium on the evening of November 1.

These are few men who have made such success, both in concert and vaudeville, as Glenn Ellison. In Europe and Australia he is better known as a singer of baritone opera roles. Whatever he sings, is rendered with a wonderful understanding of the requirements of the music. His singing is of an appealing voice. It is when he sings the lovely old songs of his native Scotland that Mr. Ellison rises to artistic heights. He sings them with a rare effect. He has sung leading roles in grand opera in England and Australia. His concerts are generally entirely different from the stilted orthodox kind for he generally includes few rollicking tunes that appeal to everybody.

—MISS DOROTHY HOYLE—
Miss Dorothy Hoyle is a violinist of considerable reputation who has toured in this country for several seasons, as solo artist with Sousa's band, making friends and admirers wherever she has been heard because of her art as well as her unusual talent.

Admittance to the recital will be by card only.

BETSY LANE SHEPHERD

The popular lyric soprano, assisted by Miss Dorothy Hoyle, will be heard in a unique recital at the college auditorium on the evening of November 1.

Miss Shepherd has met with widespread recognition with orchestra, in oratorio and recital. She prides herself on having received her training in America and her work is full proof that our American teachers are excelled by none. As an evidence of Miss Shepherd's artistic ability, she has been reengaged in nearly every city where she appeared last season. The comments of the music critics have been unusually flattering.

Mr. Jones is largely responsible for Miss Shepherd's appearance here. He is a trifle mysterious over the affair, but hints that a surprise awaits the audience.

We are violating no confidence when we state that we understand that Miss Shepherd will attempt the seemingly impossible feat of singing a duet with herself. How? We do not know.

ENSIGN JOSEPH H. COX HERE

Former Student of Wayne State Normal Making Good in Navy.

ENSIGN JOSEPH H. COX

Ensign Joseph H. Cox, now stationed on the U. S. Steamship Mississippi at Fortress Monroe, Virginia, recently visited a few days in Wayne, before enlisting in the navy in September, 1917. Ensign Cox had been for several years a student in the Wayne State Normal school and friends who knew of the record he made here are not surprised that he has made good in the navy.

After enlisting in the Royal school of the navy, "Joe" was stationed for two months at Great Lakes, Illinois. He applied for a transfer to the Naval Reserve Auxiliary, for which a high school education and recommendation were necessary, and in November was sent to Cleveland for training on the U. S. S. Cornell, a

lake freighter, and later to the Municipal Pier, Chicago, where he received training of regular ship route.

time on the U. S. S. Gopher. In this summer twenty-eight were chosen to take the examinations for Annapolis. This examination extended all over the Union, as a class of 200 men were sent every 16 weeks to Annapolis for intensive training, and Joe was one of the 17 out of these 28 picked men who "drew a place" and received a commission of ensign. At Annapolis he transferred to the engineering department and after completing the course received the "silver anchor," the insignia of the regulars at Annapolis. Since then he has been stationed on the battleship Mississippi.

Ensign Cox has had some interesting experiences. He has rubbed up against eastern college men in training and has made good. He is glad to be back among his Nebraska friends for a short time. It is needless to say all are proud of his record.

Joe recently he acquaints his friends with a change in his address and it would indicate that at present he is with the American naval forces operating in European waters.

STATEMENT

The undersigned, excepted to anyone who cannot show a written permit from the county committee. All retail dealers are pledged, or should be pledged, to wholesale dealers not to sell building material to anyone without the permission to build. If they do, their pledge is the cooperation asked from material men by the undersigned committee.

Now, as to being a Farmers' union man, I will say that I have been a member since from the start of the organization, and I have had the honor of being secretary ever since the county was organized over two years ago, a fact of which I am certainly proud. The Farmers' union has no secrets. Its work is an open book. It is a fact of which I am proud that it is being done by the organization at Wayne, Winside, and Carroll, and the savings that have been made by the people of these counties.

It is a fact of which I am proud that it is being done by the organization at Wayne, Winside, and Carroll, and the savings that have been made by the people of these counties.

RESTRICTION OF BUILDING ACTIVITIES.

The war industries board at Washington has restricted building activities in the following manner: First, anyone having a building under process of construction in town at whatever cost or on a farm at a cost exceeding \$1,000, must make application to the County Building Restrictions committee for permission if he wishes to complete the building.

Second, anyone wishing to build a new building in town at whatever cost or on a farm at a cost exceeding \$1,000, must make application to the County Building Committee and through it to the state committee, and finally to the war industries board for permission to construct the building.

Third, anyone wishing to repair a building in town or on a farm at a cost exceeding \$250, must get permission to do so from the war industries board through the county restrictions committee.

The building restrictions committee for Wayne county hereby asks dealers in building materials to cooperate by refusing to sell building material, or deliver material already

sold, unless excepted to anyone who cannot show a written permit from the county committee. All retail dealers are pledged, or should be pledged, to wholesale dealers not to sell building material to anyone without the permission to build. If they do, their pledge is the cooperation asked from material men by the undersigned committee.

Ice Boxes on Wheels

Refrigerator cars for carrying meat are ice boxes traveling on wheels.

Most people in America would have to go without fresh meat or would have to pay more for what they could get, if it were not for these traveling ice boxes.

Gustavus F. Swift, the first Swift in the packing industry, saw the need of these traveling ice boxes before others.

He asked the railroads to build them. The railroads refused. They were equipped, and preferred to haul cattle rather than dressed beef.

So Gustavus F. Swift had to make the cars himself. The first one was a box car rigged up to hold ice. Now there are 7,000 Swift refrigerator cars. Each one is as fine an ice box as you have in your home.

Day and night, fair weather and foul, through heat and cold, these 7,000 cars go rolling up and down the country, keeping meat just right, on its way to you.

Thus another phase of Swift & Company's activities has grown to meet a need no one else could or would supply, in way that matched Swift & Company ideas of being useful.

When you see one of these Swift & Company cars in a train, or on a siding, you will be reminded of what is being done for you as the fruit of experience and a desire to serve.

Swift & Company, U. S. A.

THE SPANISH FLU.

Bisby in Lincoln Journal: Take comfort - the germs of Spanish influenza are not self-perpetuating. Conditions for the time being are ideal for the propagation and dissemination of the virus of Spanish influenza. Do you get it? In a few weeks the epidemic will have run its course, and normal health conditions will again prevail throughout the land. Keep your feet warm, your head cool, your mind calm, your digestive tract in good working order and you have nothing to fear.

Don't jump when something new appears. In a fatal error guess. Don't be torn up with doubts and fears because somebody else's. Of some complaint that you have got. Or might have just as like as not.

We all must die sometime, that's true. And ride home in a hearse. And whether it be the Spanish flu or any other epidemic disease.

What does it matter? And again, What boots it whether you or them?

So, brother, do not be dismayed. But forward move and try. Unrehearsed, undaunted, unabated. As long as you're alive.

By cultivating proper noise. We go along persisting. Competed with those who make noise. Bacteriologizing.

What's the matter with the matter? Bacteriologizing. Bacteriologizing. Bacteriologizing.

How's Your Spark?

No spark is just as bad as no gas. And a weak uncertain fitful spark is worse than the poorest grade of fuel.

You're particular about your gas - why not about your spark. If you aren't getting the red hot sort of spark that makes your motor hum, you ought to come in and ask us why.

We can tell you some interesting things about batteries, and that remarkable insulation - Threaded Rubber - There are facts worth studying in the new booklet "A Mark with a Meaning for You." Ask for a copy.

Carload New York bbl. Apples Soon to Arrive

Every night our cash drawer shows checks from every surrounding town and plenty of them. The people compare prices and the result is we get the business and they often come 15 and 20 miles. Our connection with producers and large distributors make carload service possible on many commodities. Our quick sale and small margin, in fact, has brought large volumes of trade from near and far. As long as weather permits we will continue carload service and in the meantime our bins will be filled to the top with supplies for winter months

THE BIG CAR LOAD SIDNEY

Early Ohio Potatoes

Has arrived and is free unloading. The quality we regard as perfect in size, smoothness and cooking quality, in fact, in any qualification you might mention. If you fail to secure a winter supply of these Cheyenne county spuds you may regret it as they are far better than anything I have seen offered on this market this season. If you are looking for first-class potatoes at a right price, call us up. It's a safe prediction prices will advance after the first sold snap. It's a well known rule that perishable products should be harvested and well under cover by October 25. Don't get the mistaken idea these potatoes are raised under irrigation. They are positively raised by natural rainfall and make good seed in this latitude.

American Auto Tires

We do not hesitate to recommend American tires if you will place them on your car (Ford size only) the big factory stands behind every sale with a guarantee which insures you with full mileage. Just from the fact this store saves you money on tires don't get American quality underrated. When better tires are made this factory will be one of the first to make them. Until our big supply is exhausted, we offer American first quality heavy car type 30x3, \$18.50; 30x4, \$17.25. Here is a chance to profit by the other fellow's purchase before recent advances. We are satisfied with a small margin and you save several dollars. And list them just as sure as we are going to back the leader there will be another 10 per cent advance before November 1. This is straight tip from headquarters.

BUSINESS OF THE WEEK.

Sioux City Journal: Several elements have entered into the business conditions of the last week and have caused a decline in volume and possibilities. The volume which has filled the air has been reflected in business, the price of peace stocks advancing. This peace uncertainty also was reflected in the uncertainty of long-time dealing, business hesitating to take chances with the future which a peace basis would create.

The widespread epidemic of influenza which resulted in the closing of public assemblages in many cities caused a decrease in retail buying throughout the entire country. The talk in many cities of closing department stores as a means of checking the spread of the disease and the wide publicity given the press in this talk led the public to a fear of contracting the malady through this source. Hence, there was a decline in retail buying by the ultimate consumer, which had its effect both on the jobbing and wholesale trade.

The campaign for the fourth liberty loan has had a reflective effect on business. Among the masses ready money to pay cash payment on the contemplated bond purchase has lessened the immediate buying ability. This is only temporary, but the withdrawal of even small sums from a few million transactions, withdrawn from immediate trade channels.

The corn market was affected by the possibility of peace. Profit taking was the order of the day, prices downward. Chicago October corn closed Monday at \$1.21, but slipped to \$1.16 Wednesday, rally to \$1.17. The fourth liberty loan success and the diplomatic developments were nearish influences and were largely responsible for the decline in prices here. The Sioux City and other markets declined early in the week but steadied on Wednesday so that while there was no pronounced downward tendencies, the decline was checked.

CHURCH CALENDAR

Evangelical Lutheran Church, 1420 Grand, pastor, W. H. Hatfield. If not called off by the town board of health, there will be the following services: Casual services at 10:45 a. m. next Saturday. Sunday schools at 9 o'clock and services in English at 10 o'clock next Sunday afternoon.

LESLIE

Henry Greves is erecting a large hog barn.

Mr. H. Hatfield, a former pastor of Pleasant Valley, was a Leslie caller Saturday.

Rev. Mr. Hatfield of Union N. D. gave a sermon at Pleasant Valley Church Sunday.

Mrs. and Mrs. Albert Kai and Mrs. and Mrs. Robert Smith visited at August Kai's Sunday.

A new bridge is being put in near Henry Greves place. This is a much needed improvement.

Mr. and Mrs. Noah Mearns and Mr. and Mrs. George Baskin, jr. were callers at John McGuire's Sunday.

A number of democrats are barred from attending the party meeting, but didn't go far until they learned it had been called on account of the Spanish influenza.

Mr. and Mrs. W. Colter, son-in-law and little daughter of Beloit, Kas. arrived last Tuesday by automobile for a short visit with their relatives the Bystrick family. Will remain to assist with the corn picking.

The Red Cross social in district number 1 Friday evening was a great success. The program by the children was followed by a sale of donated articles and the sale of the "One for the Cause" coupon for eight days sold for \$22. The bicycle was awarded to Rudolph Kai. The pig was awarded to Ed McGuire. The money for the girls and sandwiches after the sale. The net receipts were over \$325, part going to the Junior Red Cross and the rest to the Senior Red Cross.

HOLT COUNTY LAND

Take a trip up to Holt county and see the land for sale there and be convinced it is worth more money than you have to pay for it. Do not expect to see land for \$200 per acre although I will sell you some for that price. There are really two good bargains. One is a 160-acre farm with 100 acres and has been farming 100 acres. From O'Neill, price \$22.50 and should sell for \$30 per acre. The other is a 160-acre farm with 100 acres and has been farming 100 acres. From O'Neill, price \$22.50 and should sell for \$30 per acre. The other is a 160-acre farm with 100 acres and has been farming 100 acres. From O'Neill, price \$22.50 and should sell for \$30 per acre.

Harry Evans is a victim of Spanish influenza at Camp Dodge. The last reports are that Mr. Evans is not improved, although he is in a serious condition. He is a member of the Victoria society, so well known in this part of the state.

The board of health of two Mrs. Ed. Burress took place Tuesday. Col. Fred J. Hestis officiating as auctioneer. Henry Harmer bought eighty acres north of Carroll for \$100.00 and Harphes Gay fifth bought 160 acres six miles southwest of Carroll for \$170.00.

The schools of Carroll will all be closed for the week and all other public places were closed Friday of last week to prevent the spread of Spanish influenza. Carroll like all other places is having her share of the epidemic. Many homes in Carroll and vicinity are afflicted with the disease. The board of health is doing everything possible to prevent the spread of the disease.

President Wilson

wants the American people to live normally—business must be prosperous in order that the American people can buy Liberty Bonds, War Savings Stamps, etc., support the boys in the trenches and win the war

If you buy regularly, live regularly, eat regularly, you will be creating prosperity for others which will travel around the business circle and eventually return back to you.

You'll want a new Fall Suit and Overcoat this season, and you'll want to buy the most desirable—although it is possible at the price. Our Cut-Price Clothes offer you the best medium priced clothing values that money can buy, and they're guaranteed to render you complete satisfaction.

We feel that we can save you real money on your season's outfit. Will you let us show you how we can?

We have everything for fall and winter wear including underwear, flannel shirts, sweaters, Oskosh overalls, working mitts, Florsheim shoes, etc. See us.

AS EARL WATTERSON WOULD SAY: "It is impossible to conceive of any reply to Germany that would affect in the slightest the duty of this government and its allies to continue to use force to the uttermost to rid the world of the menace of that rascally militarism which still to all appearances dominates the mind and heart of Germany."

FARMS FOR SALE

I have for sale three quarter-section farms and two eighty-acre farms. All good terms

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear, there is only one way to cure deafness, and that is by the insertion of a fluid into the middle ear through the Eustachian tube. This fluid restores the balance of the ear, and the hearing power is regained. The result is the same as if the ear had never been diseased. It is not a temporary relief, but a permanent cure. We will give One Hundred Dollars for an analysis of your case, if you cannot be cured by Hall's Catarrh Cure. Write to J. C. HENNEY & CO., Toledo, Ohio. Take Hall's Family Pills for constipation.
