## Who Saves the Most Wool?

JONES buys a cotton mixed suit, pays \$25 for it. It looks pretty good at first but in a week or two it's all out of shape and wearing poorly.

Brown buys an all-wool, Hart Schaffner & Marx suit for \$35. When Jones' suit is worn out, Brown's suit is still stylish, good looking and is wearing fine.

Jones consumes nearly twice as much wool as Brown and a great deal more labor and money.

The clothes service we're offering the men of this town is all-wool, not only in fabric, but in wear, style and guarantee of satisfaction. When you come here you help the Nation's call for economy and you save for yourself.

The magnificent tone of the Hazelton Piano is its chief glory. Inspired with a determination to create the most perfect toned piano, the House of Hazelton has spared no effort at any time in its history to build an instrument of true tone richness and of marvellous musical resources.

## Adam-Schaaf Piano

The tone of the Adam-Schaaf Piano is clear and sustained in its free vibrations, with a rich, full volume and no tendency to stridency.

The epidemic that caused interruption in the church services for a few weeks has now subsided and health restrictions are no longer in effect. With all its seriousness we have reason for gratitude. Let us show our gratefulness to the Giver of all things, the Father, and thanksgiving to the cause of the kingdom.

Presbyterian Church. (Rev. S. N. Cross, Pastor.) As far as we can tell now, at least the morning preaching service and the Sunday school will be held at this church next Sunday. The action of the members here in strength is forcibly illustrated in the work that is being done by church people in all lines of war activities. Let all of us be united in the things that need to be done by Christians.

WALTER C. BARRETT DIES Telegram to that Effect Received by Parents in Wayne. Friday evening Mr. and Mrs. M. Barrett of Wayne received a telegram announcing the death October 1 of their son, Walter C. Barrett, somewhere overseas. Pneumonia was the cause. No news regarding his sickness was received. Shortly before receipt of the telegram, a card came announcing his safe arrival overseas.

Walter C. Barrett entered the army from Wyoming last July and had his preliminary training at Watson, Tex. He grew to young manhood on a farm in Wayne county, and a few years ago went on a homestead in Wyoming. He was 26 years of age.

Besides his parents, Mr. and Mrs. Mrs. J. M. Barrett, at this place, the young man leaves two brothers, Kavburn Barrett in Omaha, and William Barrett in Wyoming, and two sisters, Mrs. Ruth Hatfield of the county, and Miss Edith Barrett of Wayne.

It is learned that Kavburn Barrett has just entered the government service at Omaha.

The deceased was a young man of sterling qualities, and he will be remembered with esteem. Many friends will sympathize with the sorrowing family.

Becoming Glasses are Always Possible to Get. And yet—and yet—handsome men and women are on Wayne streets every day wearing glasses so utterly unbecoming as to make the angels weep. Why do they desecrate Nature's gifts so unnecessarily? We replace any kind of broken lenses, and do grinding the same as any one in this vicinity.

These agencies according to the Rev. S. N. Cross, still in the hands of the government. Considerable progress is being made against the subversive movement. The government should stand by the men in public life who stand against home. We hope to see the postponed prohibition activity renewed in the national congress now that the election is over. People who believe in prohibition will not relax their attention to this matter.

There is a movement in the church today known as the "New Movement." Some should fear it all that you can see in it. The church does what may rightly be expected of it. It is the duty of the church to stand for the right conception of man's duty to his fellow man. Personalism has never been a time when the church could have more faithful field than it has now.

FROM FORMER WAYNE BOY

Dr. F. Meeker, brother of Mrs. A. Senf, and former student of Wayne University, writes the following letter from France to the Imperial, Nebraska Republican, Foreign Auditing Office for the Army, U. S. Post Office, Paris, September 27, 1918.

Mr. M. H. Pratt, Imperial, Nebraska. I will remember the nice promise I made to you one day as old Dave was about to return on his feeting trip to McCook and his mother, too, the pen-pal stretched to my failure to keep that promise, rather than have my name appear in glowing headlines in an issue of the Republican as the latest initiate of the Annapolis Club. I will, with the censor's permission, send you a few lines now.

After spending a week or two in Washington and New York receiving instructions and attending to a few matters of business, I am going for overseas service in this department. We left our port of embarkation for the land of the beating hills, and, however hard it was to watch the favored land of America fade from view, there was a certain amount of satisfaction in the richest compensation, in the consciousness of being identified in some capacity, however small, with a history which has made a name which would permit you to come to the spot where it is being written to history of the world.

So far there have been times and situations which have been quite a little more than a wonderful voyage. The most wonderful and beautiful sight in France is not any particular scene which Nature's God has not also shown to the eye which the mind of genius constructed; nor the productions from the master hands of famous artists is the heroic American soldier who is here, not to defend his country, or that which goes to constitute the sum total of the mental and material treasures which we call "home," but is here on foreign soil, fighting in defense of an ideal, and if you would know the innermost working of the human heart, talk with this boy who is facing death, that others may live, and think of himself or his future, but of others and their future. We see real men and wonder why we have not met more of them before.

The task which America has accepted is a big one, and it is an exemplification of that genius and force which have always characterized her as a nation. The innermost duty remains, it seems, of dealing the final blow, but it must be forever borne in mind that France and England and the other Allies are the most wonderful fight in the history of the world. The countless women you pass on the streets here; wives, mothers, sisters and sweethearts, dressed in mourning, bears silent testimony to the huge human sacrifice which they have already made, and will continue to make until that damnable system which has thrown the whole world into a turmoil is, once and for all,

time, wiped off the face of the earth. Already it looks as if the mud is settling in on the wall, and before they are well on their way to accomplishing 1918, which the war was to be waiting for.

And so it goes—there are many, many things of interest happening every day, and it is an experience never to be forgotten, but with it all we still welcome that golden day when we can return to God's country and God's people and settle back to our normal pursuits, and have a little more of the life we were so built. However, the "hoche" is best on to the ground.

THE SUGAR SCHEDULE.

Omaha, Nov. 6.—The two-pound allotment of sugar to individuals is changed, effective November 1, by Gordon W. Mantle, federal food administrator for Nebraska, to three pounds per person per month. In addition, families may now buy a month's supply of one time. This change in amount comes as a result of the food administrator's promise to raise the amount as soon as possible. Optimistic reports of the Cuban crop, together with the fact that shipping will be available to transport that sugar from Cuba, is the reason the amount has been raised.

Food administrators of Nebraska are being notified to issue certificates to retailers on the basis of three pounds—in short, they will be allotted one third more for November than they were in October. The new allotment will permit the retailer to carry and preserve, and also the consumption of, fruits that were canned with small amounts of sugar.

PACKERS AGREE TO \$17.50

Omaha, Neb., Nov. 6.—Packers have agreed with the food administrator to maintain an average daily minimum price of \$17.50 per hundred for hogs marketed in November. This price is based on the Chicago market, according to Gordon W. Mantle, federal food administrator for Nebraska.

"Our Country," Title of This Great Land of Liberty.

I pledge allegiance to my flag and to the Republic for which it stands, one nation indivisible with Liberty and Justice to all.

Eating is an essential though it should not monopolize our thought and conversation all the time.

The actual urgency for early Christmas shopping is strengthened this year by the support of the government which asks for early buying in the interest of economy and conservation. The public will not only serve self, but the government by shopping early.

The strenuous efforts of the two great political parties to win favor had a share of popular attention the past week. The campaign became rather bitter before the close, though people will now become calm and accept results philosophically. Now that the contest is over, the country will again give main consideration to the winning of the war.

With Germany left alone to fight the forces of the allies, and in armistice with that country in prospect, the end of the war is apparently near. If Germany accepts the terms laid down by the allied governments, fighting will stop promptly to permit peace. If the war is settled right, all will welcome the end, and it is assured that nothing short of full and just reparation will be acceptable to the allies.

Newspaper editors are urged by the American Press to fight against unnecessary interference with their rights. Increasing infringement on the press from different sources has aroused frequent notes of complaint and protest. As a free press is the greatest safeguard of a free people, all this interest in seeing it perpetuated. This subject of vital popular concern, will be discussed from time to time.

Emperor Charles of Austria has declared his intention to remain neutral. He has refused to sign the armistice with the allies on the ground that the terms are too harsh. He has turned the key over to a field marshal with a name as long as from here to Winside. But Charles should not maintain so much false dignity. He had so certainly as to think heads. He may feel extra lucky if he comes out of the scrape with his imperial title intact.

We believe the republican party is in a measure to the present, and the election of Woodrow Wilson for the election of Woodrow Wilson. The republican party is in a measure to the present, and the election of Woodrow Wilson for the election of Woodrow Wilson.

Note: It is but seldom that the management of this theatre recommends to patrons any particular photoplay, because we realize that among the hundreds of people who attend this theatre there must necessarily be a wide variance of opinion as to what constitutes an "enjoyable" picture. However, I do not hesitate in stating that this is one of the best pictures of the year, and will appeal to everyone, whether man, woman or child.

PEACE AND BUSINESS. Sioux City Journal: Both speculative and mercantile business have shown a strong tendency for the past few days to discount an early peace. The development began in the right speculative financial market and was most noticeable in the stock, which are directly affected by war conditions. From this business reaction has been purchased among mercantile activities, creating, especially during last week a condition of hesitations and uncertainty. As a result, there has been a decided shrinkage in the volume of business. There is no doubt behind the changed conditions. The reluctance to make heavy purchases is merely an unbusinesslike habit, the changes which must come with peace. Cancellation of "buyers" more extensive than for months past, but are made not because of financial stress, but because business reflects that there must be a price adjustment to the new con-

ditions when they come and that large advance purchases will materially delay such adjustment.

Retail business has shown a slight increase during the week, due to the passing of the influenza epidemic and the completion of the fourth Liberty loan. Larger numbers of buyers were noticed in all retail centers in which the epidemic had run its course, while the decreased sales during its prevalence were made up by larger ones at this time. The people having completed their cash payments on Liberty bonds again had available money for retail buying.

Wall Street reflected the peace sentiment at the close of last week by renewed buying of peace stocks. Those which are commonly designated as war stocks and their related shares were heavy, with narrow margins.

The successful financing of the crop movement and the completion where the Germans can't organize relaxation in the money market.

Let loan dropped from 6 to 4 percent in New York and a like decline followed in other financial centers.

### LETTER FROM FRANCE

Dear Folks: Having a little spare time on hand this evening, will try and make up for a lack of my neglect. Have been inspecting some of the old trenches hereabouts today; found plenty of old ammunition and other material of all sorts; also saw some good camouflaged trenches, roads, etc. There is a wood store here that has been shelled pretty severely, and consequently looks rather ragged. The trees stand out about the surface of heavy artillery, very stationed nearby are heard. Several "beavies" were stationed all most in our doorway a few days ago, and when fired would dash into the windows of the tent. One explosion knocked down our stove-pipe.

Get some mail today, second-class papers of July 26 and 31. They read an order pertaining to Christmas packages. Each soldier is to be issued a coupon to send home as a permit for a package. There is quite a bit of dissatisfaction, however, as the boys dislike the idea of asking for a gift. The boys have started another argument about the surplus of live ammunition in the states—Kansas, Nebraska, and Oklahoma against the rest. We have some awful "freside" news about "matches" sometimes, but generally win up by agreeing that any old place in the U. S. A. is good enough for us.

I'll bet there are "hot times" in the old town these nights. If everything goes well, the German tanks will be driven off French soil this month and across the Rhine into the spring. Here's hoping.

OBITUARY OF ROBERT BASIL WATKINS.

(By the Pastor) Robert Basil Watkins was born in England Nov. 3, 1851, and came to Winslow Neb., with his mother, sister and two brothers when four years of age. All of his life he lived in Wayne county, except the past four years.

Mr. Watkins was married to Miss Sarah Ann Greely in Concord, Neb., Sept. 11, 1911. To this union were born five children, all of whom are living at the present time. He farmed two years near Randolph, afterwards moving to Greeley, Neb., at which place he was residing until he came to Randolph in 1917. He was a member of the James Larsen. His wife and children were visiting here and he intended to start home immediately with them, but was taken to his home because of illness. He was sick with Spanish influenza when he came but did not realize the condition until he had developed into pneumonia. His death occurred October 29, 1918, aged 27 years, 11 months and 23 days.

Besides his loving wife, he is survived by five children. They are Anna, Edward, Floise, Thomas and Joseph. He leaves to his surviving mother, Mrs. C. J. Fisher, Greeley, Neb., and his stepfather, C. J. Fisher, of the same place; a sister, Mrs. James L. Larsen, Randolph, Neb.; a brother Samuel Watkins, and a half brother, Delbert Fisher, both of whom reside in Greeley, Neb. Mr. Watkins realized he had the disease and was calm in that though believing it was the Lord's will. He proved far exceeding his duty and faith in his Maker that some day he would again be joined in an unbroken family throughout eternity. Short services were held at the grave Thursday afternoon by Rev. F. J. Hansen of the Wayne Baptist church. His body was laid away to rest in Greenwood cemetery.

Out of town relatives who attended the funeral services were: C. J. Fisher, his stepfather; Delbert Fisher, his stepbrother; Greely, Neb., also several relatives of his wife.

May the peace of God which passeth all understanding be their possession in this hour of great trial and suffering in the arms of all those who love them.
