AN INCIDENT OF THE WAR

Book Lost by Randolph Man, Found on Battlefeld

Randolph Times. The war has unnumbered some strange incidents, and one of these is brought to Randolph by Albert W. Tindale, past supreme officer in the Argonne in France on October 4 and the past week a Masonic manual, bearing his name and address on the fly-leaf, and undoubtedly lost by him in the battle in which he was killed, was returned to Randolph. The book was brought to him by a brother Mason into whose hands it fell. But read these letters which tell the story:

72 Prospect street, Passaic, N. J., February 19, 1919.—To the Secretary of Golden Sheaf Lodge No. 202, Randolph, Neb. Sir: I have recently returned from France and have in my possession a Blue Lodge Manual in the inside cover of which is the following address: "A. W. Tindale, Golden Sheaf Lodge No. 202, Randolph, Nebraska."

I have you any knowledge as to his whereabouts. I am forward the book? I feel sure that he would appreciate its return on account of the connection associated with it. Fraternally, Albert H. Walker, Passaic, N. J., A. F. & A. M., Secretary Golden R. Reed on which I answered this letter, asking that the

figure on the side of the road in all particulars as to how the passing manual came into possession. Also gave me the book, my friend, Colgate Tindale left in action on October 4 back to Fleville, one-half mile, and try to locate his pack. Much against my advice and wishes he insisted that he find it. In less than one hour I heard that my friend Colgate had gone West.

You can readily see that I had a twofold reason for bringing the manual back to the U. S. A. Undoubtedly brother Tindale was in the thick of it on October 4 and I can assure you from my own experience on the front that he took it gamely and as a member of the staff.

Will send the book separately. Trusting explanation is clear. I am, Fraternally, Albert H. Walker.

The original of these letters together with the manual carried into action by the Randolph man will be sent to his parents, Mr. and Mrs. J. T. Tindale, Portland, Oregon. It is likely that the spot where the book was found was the place where Albert fell and yielded his life for his country.

Mr. and Mrs. Kenneth Huff who were married in Wayne last week, went to Carroll Saturday evening to visit the latter's parents, Mr. and Mrs. Henry Retwisch. They will make their home on a farm near Belden.

To Meet Labor Shortage

Alliance, Neb., March 12.—The potato growers of Box Butte County, Neb., are looking for a solution of the labor shortage problem. They are holding a meeting at the home of Mrs. J. H. Neely, near Atkinson, Neb., to discuss the matter. The meeting was held on Saturday afternoon and was attended by a large number of growers. The speakers discussed the various methods of securing labor, and the importance of co-operation among the growers. It was decided to form a labor bureau in Box Butte county to secure the necessary help to harvest the potatoes. The bureau will be organized in the near future, and will be in charge of all labor matters in the county. The meeting was a success, and the growers are confident that they will be able to solve their labor shortage problem.

Farmers! Listen to the "Quality Store"

If you are looking for the best place in Wayne county to buy anything in the line of general merchandise, you are looking for the Hurstad "Quality Store."

WILL SEEK INFORMATION Committee Proposes to Get Additional Light on Drainage.

The committee appointed at a recent mass meeting to co-operate with the city council in promoting drainage and paving, experts to recommend the employment of another civil engineer to give advice with reference to the need of drainage. It is believed the efforts of the committee will settle the question of the extent of drainage needed, so

that no one will be disposed to hold back support. The committee has received a letter from E. C. Blondell, railway superintendent, in response to an inquiry based on a local report. The letter follows: Omaha, Neb., March 3, 1919.—Mr. W. Moran, Agent, Wayne, Neb. Dear Sir: This to acknowledge your letter of the 28th ult. with copy of the Wayne "Herald", dated February 27, relative to contemplated drainage in connection with paving at that place. On Sunday, February 16, Mr. A.

B. Clark spoke to me while on my way to the Bloomfield line with snow plow, relative to matter of storm sewer and asked if it would be convenient for our engineers to check the proposed plans and give them the benefit of our experience in sewer and drainage matters. I explained to him that we were in a position to say whether we could or could not. However, when they had their plans prepared, if he would send me a copy, I would submit same to our St. Paul office—that no doubt, if the sewer crossed our right-of-way we would be somewhat interested in the matter. Have the day sent a clipping and other information that I have been able to secure. To our management with the request that they indicate, if anything, can be done, and will advise you as soon as I hear from them. Yours truly, E. C. Blondell.

AGRICULTURE NOTES.

Killing Cattle Ticks Early. Reports to the bureau of animal industry from all states infested by the cattle fever tick tell of excellent responses to the slogan "Dip that tick in March." Many states were in active operation early in the month, while others were being prepared for dipping work not later than March 15. By dipping in March, the federal and state tick eradicators hope to kill millions of the parasites before they can multiply. Early dipping is one of the features of the 1919 campaign, which aims to break all records in amount of territory made tick-free.

Reports Milk Prices in 43 States. Monthly reports are now issued by the bureau of markets showing wholesale and retail prices of milk in over 100 cities in forty-three states. The report for February shows retail prices for standard bottle milk delivered during the month 11 and 20 cents a quart with the most usual prices 14 and 15 cents a quart. Prices paid producers per quart, f. o. b. city varied from 6.4 to 12.7 cents a quart with the bulk of the milk ranging between 7 and 8 cents a quart. The February report carries columns showing the "dealers spread" in cents per quart on 3.5 per cent milk delivered to retail trade. It ranges from 4.8 cents to 11.5 cents.

States Help Tuberculosis Work. Legislatures in twenty-three states that have convened recently are expected to appropriate nearly \$2,000,000 for eradication of tuberculosis from live stock, according to reports to the bureau of animal industry. Much of this money is expected to be appropriated for in-

demping owners for cattle destroyed because of tuberculosis, and in most cases carries the understanding that partial indemnity will be made by the federal government according to a recent act of congress. In states where it is necessary to change the laws relating to tuberculosis eradication in order to co-operate with the federal government and receive Federal assistance in indemnification, necessary changes are expected to be made by J. A. Kiernan, in charge of tuberculosis eradication work of the bureau of animal industry, says that the great interest being shown by state legislatures is good evidence that the importance of tuberculosis eradication is realized and that federal co-operation is appreciated.

Stimulating Use of Dairy Products. The bureau of markets of the department of agriculture announces that it is prepared to furnish local organizations complete plans for campaigns to stimulate the consumption of dairy products in cities. The campaign at Scandia, Minn., conducted in February through the co-operation of the chamber of commerce, the women's division and the local board of health, was a week's campaign to defend the local state college of agriculture and other local organizations. Last year campaigns conducted by the department to encourage the use of dairy products were held in Boston, Detroit, Des Moines, Minneapolis, and St. Paul. At Des Moines after a week's campaign the demand for milk became greater than dealers were able to meet. At another city a dealer who was marketing about 850 pounds of cottage cheese each week increased his sales to 850 pounds a day, and in other cases much-skimmed milk that had been used for cottage cheese was sold in cottage cheese and found a ready market.

Hog-Cholera Losses on Decline. Since 1913 when the United States department of agriculture began work to control hog cholera, the dread disease has become less and less destructive each year. The force averaging 165 federal veterinarians has been maintained, working in co-operation with state and municipal forces in charge of quarantines and other regulatory measures necessary for the success of control work. During the fiscal year 1918, more than 65,000 hogs were inoculated with anti-hog cholera serum; and more than 2,200 farms found to be infected with cholera, were cleaned and disinfected under supervision of the department of veterinarians. Altogether representatives of the department visited more than 15,000 farms to investigate reported out-

breaks, to apply preventive measures, and to clean and disinfect premises. How great a menace hog cholera has been to the nation's swine industry may be judged from the accepted estimate that 90 per cent of hogs lost from all ailments die from cholera. In 1918, the death rate of swine from cholera was placed at 42.1 per thousand. Thus the loss was slightly above 4 per cent for the United States, the lowest on record, according to the department's figures.

Death To Prairie Dogs. Stockville, Neb., March 12.—The days of the prairie dog in Frontier county are numbered. The work of extermination which was started last season by the farm bureau will be continued this spring. All appreciate now that only by a co-operative and county-wide movement has, or can, any headway be made against the pests which in former years have caused thousands of dollars of loss in crops and pasturage.

Overseers Captain Districts. The campaign committee plans again to divide the county into fifty-four road districts with the local road overseers as captains. As the Nebraska road laws name prairie

dogs as nuisances and provide for their destruction the road overseers are naturally keenly interested in the project. One of the most successful raids in 1918, was that made against a prairie dog town in the center of a 340-acre pasture tract. Through the devastation of the dogs the land was almost as bare as the roads and would not adequately maintain thirty head of stock throughout the summer without outside help. Experienced farmers declare that had the dogs been allowed to occupy the land for a few years more, it would have become practically worthless for pasture purposes and farming. **Low Rates on Poison.** The campaign directors are planning to see that the poison (strychnine) and syrup used in combating the pests are furnished the districts at low cost. The county today has a confidence which it never had before that it will only be a question of time when prairie dogs in Frontier county will be things of the past.

C. L. Frank of Chicago, who visited six months at the home of his sister, Mrs. C. J. Johnson, who lives near Wayne, left for Chicago Monday afternoon.

Announcing Our Appointment as Authorized Dealers for

GATES HALF-SOLE TIRES REGISTERED U. S. PAT. OFF. Guaranteed Puncture Proof

Less than three years ago these wonderful tires were perfected and put on the market. Today they are being used by more than 300,000 car-owners, many of whom are business firms operating large fleets of delivery trucks.

Gates Half-Sole Tires make it possible for you to get from 5,000 to 10,000 more miles from the worn tires which you have been throwing away.

They are revolutionizing the tire business for the following reasons:

They cost only one-half as much as other tires.

They carry a stronger guarantee than the tires on your car because they are guaranteed puncture proof.

You cannot equal the service of Gates Half-Sole Tires at three times the price.

Saving one-half is worth while these days.

Investigate before buying another new tire.

Mr. and Mrs. William J. Longmire on which the house and estate did not exactly agree, is now in the hands of a conference committee. The will and probate cases are under consideration. It is sure it will be approved by both branches of the legislature.

AN INCIDENT OF THE WAR

Book Lost by Randolph Man. Found on Battlefield.

Randolph Times: The war has witnessed some strange incidents, and one of these is brought to Randolph. Albert W. Tindale paid the supreme sacrifice in the battle of the Argonne in France on October 4 and the past week a Masonic manual, bearing his name and addressed on the fly leaf, and no doubt lost by him in the battle in which he was killed, was returned to Randolph. The book was brought to this country by a brother Mason and whose hands it fell. But read these letters which tell the story:

72 Prospect street, Passaic, N. J. February 19, 1919.—The Secretary of Golden Sheaf Lodge No. 202 Randolph Neb. Sir: I have recently returned from France and have in my possession a Blue Lodge Manual in the inside cover of which is the following address: "A. W. Tindale, Golden Sheaf Lodge No. 202 Randolph, Nebraska."

I have you any knowledge as to his whereabouts so I forwarded the book? I feel sure that he would appreciate its return on account of the connections associated with it.

Fraternally, Albert H. Walker, Passaic, N. J. A. F. & A. M. Secretary. George I. Keed at once answered this letter, asking that the

To Meet Labor Shortage.

Alliance, Neb., March 12.—The potato growers of Ibox Butte, Daves, Sheridan, Morrill, Scotts Bluff and Banner counties are going to meet their labor shortage this year through co-operative effort and agreement.

The second or third year the farm bureau in Ibox Butte county has secured the necessary help to harvest the potato crop by importing Idaho Indians to the reservation in South Dakota.

The first year the Indians were paid \$3 to \$3.50 a day and in addition were supplied with potatoes, kindling and pasture for their horses. The average Indian picked from 80 to 100 bushels a day at a cost of from 3 to 4 1/2 cents a bushel.

The Indians not only saved the potato growers of the county many thousands of dollars in labor cost but also helped the farmers to harvest most of their 7,000 acres of potatoes in good condition.

In 1918 when the labor situation was still most serious, an increased wage was paid the delegation which came down from Dakota to assist the farmers in securing a crop.

Recognition of the desirability of adopting a liberal, but unimpaired scale, local employers are planning a conference of all growers, planters and adjoining counties in order that a uniform price may be established. It is hoped that the employment may be based upon the bushel rate this season.

"Know Your County."

Aurora, Neb., March 12.—"See Hamilton first" says a sign that is to be used to stimulate a better appreciation of Hamilton county farming opportunities, are up near the top of the 1919 program of the Hamilton county farm bureau.

The purpose of these tours, which in the course of the season will cover all sections of the county, is to see and hear what the other fellow is doing, to exchange ideas, to boost for good roads, and to develop the county in general.

The excursionists visit farms with modern houses and farm buildings as well as carefully planned farms. Such subjects as stock raising, feeders, special pasture crops, and co-operative effort are considered by the speakers who address the meetings.

The farm bureau officials are already planning the 1919 tours and itineraries.

GAMBLE & SENTER

manual he sent to H. C. Neely, asking all particulars as to how the "Basic Flexibility" to quote exactly. Within fifteen minutes after he gave me the book, my friend Cooley by name, declared that he would go back to Flexville, one-half mile, and try to locate his pack. Much against my advice and wishes he insisted that he find it. In less than one hour I heard that my friend Cooley had gone "West."

You can readily see that I had a twofold reason for bringing the manual back to the U. S. A. Undoubtedly brother Tindale was in the thick of it on October 4 and I can assure you from my own experience on the front that he took it gamely and as a member of the craft.

Will send the book separately. Frustrating explanation is clear, I am Fraternally, Albert H. Walker.

The original of these letters together with the manual carried into action by the Randolph man will be sent to his parents, Mr. and Mrs. J. T. Tindale, Portland, Oregon. It is likely that the spot where the book was found was the place where Albert fell and yielded his life for his country.

Mr. and Mrs. Kenneth Huff who were married in Wayne last week, went to Carroll Saturday evening to visit the latter's parents, Mr. and Mrs. Henry Retzschw. They will make their home on a farm near Belden.

Farmers! Listen to the "Quality Store!"

If you are looking for the best place in Wayne county to buy anything in the line of general merchandise, you are looking for the Hurstad "Quality Store."

Wayne, Nebraska

WILL SEEK INFORMATION

Committee Proposes to Get Additional Light on Drainage

The committee appointed at a recent mass meeting to co-operate with the city council in promoting drainage and paving, expects to recommend the employment of another civil engineer to give advice with reference to the need of drainage. It is believed the efforts of the committee will settle the question of the extent of drainage needed, so

that no one will be disposed to hold back support. The committee has received a letter from E. C. Blomfield, railway superintendent, in response to an inquiry based on a local report. The letter follows: Omaha, Neb., March 3, 1919.—Mr. D. W. Moran, Agent, Wayne, Neb. Dear Sir: This to acknowledge your letter of the 28th ult. with copy of the Wayne "Herald," dated February 22, relative to contemplated drainage in connection with paving at that place. On Sunday, February 10, Mr. A.

B. Clark spoke to me while on my way to the Blomfield line with snow plow, relative to matter of storm sewer and asked if it would be consistent for our engineers to check the proposed plans and give them the benefit of our experience in sewer and drainage matters. I explained to him that I was not in a position to say whether we could or could not. However, when they had their plans prepared, if he would send me copy, I would submit same to our St. Paul office; that no doubt if the sewer crossed our right-of-way we would be somewhat interested in the matter. Have this day sent a clipping and other information that I have been able to secure, to our management with the request that they advise what, if anything can be done, and will advise you as soon as I hear from them. Yours truly, E. C. Blomfield.

demifying owners for cattle destroyed because of tuberculosis; and in most cases carries the understanding that partial indemnity will be made by the federal government; cooperate with the federal government and receive Federal assistance in indemnification, necessary changes are expected to be made. Dr. A. Kierman, in charge of tuberculosis eradication work of the bureau of animal industry, says that the great interest being shown by state legislatures is good evidence that the importance of tuberculosis eradication is realized and that federal co-operation is appreciated.

Stimulating Use of Dairy Products. The bureau of markets of the department of agriculture announces that it is prepared to furnish local organizations, companies and clubs campaigns to stimulate the consumption of dairy products in cities. A campaign at Sebald, Mo., was conducted in February through the co-operation of the chamber of commerce, the women's division of the Y. W. C. A., the high school, the state college of agriculture and other local organizations. Last year campaigns conducted by the department to encourage the use of dairy products were held in Boston, Detroit, Des Moines, Minneapolis, and St. Paul. At Des Moines after a week's campaign, the demand for milk became greater than dealers were able to meet. At another city a dealer who was marketing about 850 pounds of cottage cheese each week increased his sales to 850 pounds a day; and in other cases much skimmed milk that had been surplus against the market for cottage cheese and found a ready market.

breaks, to apply preventive measures, and to clean and disinfect premises. How great a menace hog cholera has been to the nation's swine industry may be judged from the accepted estimate that 92 per cent of hogs lost from all ailments die from cholera. In 1918, the death rate of swine from disease was placed at 42.1 per thousand. Thus the loss was slightly above 4 per cent for the United States, the lowest on record, according to the department's figures.

Announcing Our Appointment as Authorized Dealers for

GATES HALF-SOLE TIRES

REGISTERED U.S. PAT. OFF. GUARANTEED PUNCTURE PROOF

Less than three years ago these wonderful tires were perfected and put on the market. Today they are being used by more than 300,000 car-owners, many of whom are business firms operating large fleets of delivery trucks.

Gates Half-Sole Tires make it possible for you to get from 5,000 to 10,000 more miles from the worn tires which you have been throwing away.

They are revolutionizing the tire business for the following reasons:

They cost only one-half as much as other tires.

They carry a stronger guarantee than the tires on your car because they are guaranteed puncture proof.

You cannot equal the service of Gates Half-Sole Tires at three times the price.

Saving one-half is worth while these days.

Investigate before buying another new tire.

AGRICULTURE NOTES.

Killing Cattle Ticks Early.

Reports to the bureau of animal industry from all states infested by the cattle fever tick tell of excellent responses to the slogan, "Dip thick in March." Many districts were in active operation early in the month, while others were being prepared for dipping work not later than March 15. By dipping in March, the federal and state tick eradicators hope to kill millions of the parasites before they can multiply. Early dipping is one of the features of the 1919 campaign, which aims to break all records in amount of territory made tick-free.

Reports Milk Prices in 43 States.

Monthly reports are now issued by the bureau of markets showing wholesale and retail prices of milk in over 100 cities in forty-three states. The report for February shows retail prices for standard bottle milk delivered ranging between 11 and 20 cents a quart with the most usual prices 14 and 15 cents a quart. Prices paid producers per quart of milk varied from 6.1 to 12.7 cents a quart, with the bulk of the milk ranging between 7 and 8 cents a quart. The February report carries a column showing the "dealers spread" in cents per quart on 48 per cent milk delivered to retail trade. It ranges from 41 cents to 11.5 cents.

States Help Tuberculosis Work.

Legislatures in twenty-three states that have convened recently are expected to appropriate nearly \$2,000,000 for eradication of tuberculosis from live stock, according to reports to the bureau of animal industry. Much of this money is expected to be appropriated for im-

Death To Prairie Dogs.

Stockville, Neb., March 12.—The day of the prairie dog in Frontier county are numbered. The work of extermination which was started last season by the turn-

Low Rates on Poison.

The campaign directors are planning to see that the poison (strychnine) and syrup used in combating the pests are furnished the districts at low cost. The county today has a confidence which it never had before that it will only be a question of time when prairie dogs in Frontier county will be things of the past.

Overseers Captain Districts.

The campaign committee plans again to divide the county into fifty-four road districts with the local road overseers as captains. As the Nebraska road law name prairie

Dr. C. A. McMaster, dentist. Office phone 51, residence 297. Two extra good Duroc boars for sale, John S. Lewis, Jr. Will do dressmaking. Mrs. H. Meeker, phone 223, Wayne. Ryson Baking Powder and a cook book free—Basket Store. Mrs. C. Dean went to Pilger Tuesday to visit the home of her uncle. Mrs. Richard Hodgson of Winslow, was a Wayne visitor Wednesday afternoon. Mrs. Lydia Sellers went to Wakefield Sunday to visit the home of her sister. Block, barrel and sack suit—and don't forget Carezed tone—Basket Store. Mr. and Mrs. H. F. Wilson arrived home Wednesday evening from a brief visit in Omaha. P. L. Abbott returned Wednesday morning from Omaha, where he attended the automobile show. J. J. McCarthy of Ponca, was one of the attorneys in a case on trial in the district court here this week. J. P. Golden of O'Neill, Neb., formerly in the abstract business in Wayne, spent Wednesday at this place. Mrs. C. E. Radford and sister, Miss Merle McMillan of Winfield, were visitors in Wayne, Wednesday afternoon. The big coffee sale begins Friday and continues for eight days. Some rare bargains will be offered—Basket Store. Mrs. James Miller went to Sioux City this morning to take advance work in piano music from an instructor at that place. Mrs. P. J. Finn who had been taking medical treatments in Omaha, arrived home Wednesday evening after a brief visit. Miss Ida Clonson of St. Joseph, visited in Wayne Wednesday afternoon with Miss Irma Clonson, who attends the Wayne Normal. C. A. Kingsbury, county attorney of Dixon county, came to Wayne yesterday morning to attend to business in the district court. Mrs. Irma Brown and children of Wakefield, who had been visiting the home of the farmer's brother, A. S. Brown in central Wayne, returned to Wakefield Wednesday afternoon. Dr. D. D. Tobias bought the lot north of the Wayside Cleaners on Main street, from the Odd Fellows and will erect an office building for himself. Work on the new building will commence soon. Mrs. Lute Miller of Winslow, accompanied her daughter, Mrs. L. V. Carter and baby of Carroll, as far as Wakefield Wednesday. Mrs. Carter spent a few days this week at her mother's home. Miss Mavis McGalvey of Carthage, was the guest of Miss Helen Sweeney, teacher in the Wayne high school, Wednesday. She left this morning for her home after a brief business trip to Baker, Moit. F. G. Taylor and family have moved to Wayne from a farm north of Carroll and are comfortably located in a house which they bought in the western part of town. Mr. Taylor will follow his trade as painter and paper hanger. Miss Mary Ovscherker of Norfolk, who came to Wayne to care for her mother, Mrs. S. E. Ovscherker, returned home Wednesday evening. Mrs. Mary Miller, another relative, came Wednesday to care for Mrs. Ovscherker.

It should be made easy instead of difficult for people to make private improvements. Every improvement helps every other piece of property in town.

The way property sells in Wayne should encourage the building of new residences and the making of other improvements. No one can lose on property in this town. New residences and new business blocks are needed. With assurance of a sound profitable investment, why hesitate to build?

The man who says he is in favor of a better order of conditions which are impractical or impossible, might as well announce himself in opposition to the improvements. No one wants to appear in favor, whereas in reality he is against. People who really want the improvement will get behind and support any carefully prepared plan that is feasible.

The past week the city's streets have presented a chaos of traffic and it has been a great task to keep cross walks clear enough for pedestrians to get along without slipping into the murky soup over their rumpless tops. Teams and automobiles have plunged along laboriously, and no one has been careful for exercise or enjoyment. Paved streets will remedy the condition in town where it is worst.

Unanimous endorsement of proposed paving with necessary drainage by two city conventions during the past week gives all possible support to the proposed improvement. A carefully worked out bonding proposition to meet the cost would undoubtedly be approved. It would now seem up to the city council acting on the advice of the committee appointed at a recent mass meeting.

Women having been empowered to vote this district the women of Geneva helped that town carry bonds for a sewerage system. Likewise the women of Wayne will help their town carry bonds for the proposed sewerage system. As a rule, women have pride in their towns, and are not slow to insist on needed improvements. Now that women can vote we may look for better towns. It is up to the women of Wayne to use their influence and votes to put this town in the lead in all respects.

The legislature is not disposed to knock out the primary law according to a Lincoln report. While it is figured that the primary contains many imperfections, legislators hesitate to return the legislature to a convention system.

Notice: The state of Nebraska, Wayne county, ss: In and for said county, court, held at the county court room, in and for said county of Wayne, on the 12th day of March, 1919.

In the matter of the estate of Herman Westerhold deceased. On reading and filing the petition of Mary Westerhold, praying that the instrument filed on the 12th day of March, 1918 and purporting to be the last will and testament of said deceased, may be proved, approved, probated, allowed and revocated as the last will and testament of said Herman Westerhold, deceased, and that the execution of said instrument may be committed and that the administration of said estate may be granted to Mary Westerhold, as executrix.

MORGAN'S TOGGERY advertisement featuring the slogan 'Whose your tailor?' and an illustration of a tailor measuring a customer. Text includes: 'There is symmetry of line, spirited youthfulness and poise in the clever originality and perfect proportioning so manifest in That is why so many of our returning "Boys in the Service" are having us tailor their new clothes to individual order. You, too, can enjoy this same exceptional tailoring by being measured Today!' and 'MORGAN'S TOGGERY'.

SOCIAL NEWS. (Continued from Page One)

Economy: Disintegration the Step?—The revolution of July, 1917, and the establishment of the present Soviet government was reviewed. The fact that the terms Soviet and Bolsheviki are not synonymous was pointed out and definitely defined. That Bolshevism demands why it is a menace and what it threatens to destroy was discussed. The last part of the paper a few suggestions were given of how this evil should be combated by Americans. Articles written by George Lomonossoff, a Russian, were briefly reviewed. One by Edwin Slosson and Florian Vekner, and another by Sarah K. Johnson "How to Meet Bolshevism" was referred to and discussed. The hostess served refreshments.

Bible Study Circles.—Mrs. Horace Theobald entertained the Home Bible Study Circle Tuesday afternoon with Mrs. Daisy Fox as a featured speaker. After the reading of a message from Evangelist F. E. Lundgren, was read describing the revival in lower towns and the organization of three new classes using Grace Saxe's study course. Mr. Lindgren requested prayer for the members of the classes now going on. A presentation was made by Miss E. Young, telling of a great awakening in New York and West Virginia cities through the work of Stephen's party. Mr. Young says: "You will be delighted to know that D. B. Towner, great hymn writer and leader of the new revival and Moody institute, is now with us to lead in song. Last Sunday at Parkersburg, W. Va., at the close of Stephen's message, Towner's eyes were filled with tears, for he said he was so embarrassed O. L. Moody." The next meeting will be with Mrs. Edwin B. Young. Miss Marietta Clasen will entertain the Girls' Bible Study circle Saturday evening.

Coterie Meets.—Mrs. L. A. Fenske was hostess to the Coterie Monday afternoon. After the usual business session, an interesting hour was spent discussing current events. Among the many instructive articles read were the following: "American Dyes" by Mrs. Arthur Ahern; "The Disappearance of Gold" by Mrs. L. A. Fenske; "Porphyrin" by Mr. and Mrs. Theobald; "The Raising of Sunken Ships" by Mrs. W. C. Shuttles; and "The Use of Poison Gas" by Mrs. Theobald. "Practical Glass" by Mrs. Frank Morgan.

The hostess, assisted by little Miss Margaret and Master Richard Fenske, set out delicious home made candies and pop corn. Next Monday, the club will have a social afternoon at the home of Mrs. P. A. Theobald.

W. C. T. U. Meeting.—The W. C. T. U. met with Mrs. Emma Livingston on Friday afternoon. Mrs. C. M. Madden opened the meeting by reading the scripture lesson. Following two songs by the members, a general discussion followed on the subject, "Why I Want to Vote." Mrs. Trumbauer read two papers on "What has the war done for us?" and "What spiritual changes has the war made in the homes?" The next meeting will be held with Mrs. Theobald on Wednesday afternoon, March 21. The following program will be given: Devotions, Mrs. Mims; roll call, Mrs. C. M. Madden; general discussion on "Legal status of women in Nebraska," led by Mrs. J. M. Cherry.

Entertain at Dinner.—Mr. and Mrs. W. E. Jenkins entertained at a dinner party Friday evening at their home in town. Francis Jones who recently returned from overseas service in the navy. The guests found their places at the table by means of place cards filed in the shape of anchors tied to blue circles which extended to the center of the table. The table was decorated with a large, white, fashioned of blue paper with white sails and a small American flag floating from the top. Covers were laid in blue and white. Mr. and Mrs. E. E. Fleewood, Mr. and Mrs. A. T. Cavanaugh, Mr. and Mrs. E. E. Mims, Mr. and Mrs. M. M. Elizabeth Durrice, James McEachen and Mr. and Mrs. Jenkins.

Club Red Cross Report.—The Central Social circle reports the following Red Cross work done during 1914:

July 4 donation	\$3.30
July 9, sale at Carroll	207.70
July 30 donation	1.50
August 11 donation	1.75
February 20 donation	5.75
Total	\$255.95
Expended for working materials	130.55
Balance	\$125.40
This amount was given to the Carroll Red Cross.	
The completed work handed in at Carroll follows: 50 shirts, 20 pillow cases, 22 wristlets, 20 pairs' soppers, 4 socks, nine pairs and ninety garments.	
The club is now doing work given out by the Red Cross and when there isn't any work on hand the	

Our Spring Stocks Are Ready for You

Come Now for First Choice of the New Suits, Capes, and Coats

Silk Dresses at \$18.75 to \$22.50

This stock is now at its very best. You can choose from our own stock and also from hundreds of fine garments that we now have on hand for our out of town sales. As we have already commenced these outside sales and are daily shipping out many of our choice garments, it will be to your advantage to make your selection at this time while the stock is most complete.

Plain tailored suits and fitted coats are still most favored by those who expect to wear their garments more than one season. Navy blue is the favored color, but those who favor a lighter color, will find many pretty styles to choose from in tan, taupe, grey, khaki and Beaver.

A greatly favored new suit style shows the box coat-top button closed, leaving jacket flare open to show a dainty waist of fancy silk.

Capes are gaining in favor as the season advances and we brought home several new models, shown for the first time in Chicago last week. Prices on ready-to-wear are very reasonable and with such a variety of styles to choose from, you are sure to find a garment in suit both your purse and taste if you come now.

We make special mention of the prices, \$18.75 to \$22.50 on these dresses, because during the past three seasons we have been unable to show anywhere near such pretty dresses at such reasonable prices. You can choose from Taffeta, Satin, or Georgette dresses in dozens of pretty styles and all the most desirable colors. (We Fit Them Free of Charge.)

Georgette Waists Special at \$8.50

These lovely waists are the usual \$11.50 to \$15.00 grade, made of the finest Georgette that washes and wears. Beautifully hand-trimmed in beaded work and colored embroideries. Colors—White, flesh and dark shades of navy, taupe, brown and black to match the spring suits. The maker made us a very low price on them because he was unable to obtain more of the trimmings to continue the same styles. Just thirty-six of them at this very special price.

Low Shoes Are Favorites

In the city, oxfords are now most generally worn and with a pair of neat colored gaiters or spats, they are practical footwear for even the coldest days.

Our stock is now all in and you can choose from black kid, patent, brown kid and grey suede in the height of heel you most prefer.

Now is the time to be fitted while we have all sizes.

High Shoes in Pretty Styles

For those who prefer, we have been successful in getting a nice stock of high boots in grey, brown and black kid, patent and satin. Pretty high shoes are very scarce as under government regulations, none have been made since Fall and no more can be made until June. If you insist on high shoes, now is the time to get them.

Dress Skirt Material of Large Plaid Worsteds

Dress Skirts of very large plaid patterns, in fine worsted goods are very popular for spring wear. City stores are showing them at \$24.00 to \$35.00. We obtained a few short lengths of the materials of which these handsome skirts are made and these goods are on sale at \$18.00 to \$12.00 per pattern. If you sew, you can make yourself a handsome skirt at a great saving. If you wish, we will make one for you, making our skirt from these goods at a very moderate charge.

A Splendid Assortment of Curtain Materials

So much attention is now paid to the draping of the home windows that we put in—quite a time when in Chicago, visiting the drapery departments of the large stores and observing the latest methods and materials being used in this work. We bought an unusually fine stock of materials for carrying out the ideas which we can help you plan for your windows that will please you.

Vestees Ribbons The Newest Fad

No matter what style suit you wear, you will want several of these pretty vestees of bright-colored silk or ribbon, at a very moderate cost. They give the same effect as new waists.

We bought many beautiful pieces of silks and ribbons for making these dressy vestees and our salesladies will show you how to make them.

This will be the greatest ribbon season we have ever had and we have made great preparation for it. Beautiful camisole ribbons; ribbons for bags, ribbons for vestees, ribbons for lingerie and for all other purposes, are here in prices up to \$6.00 per yard. Now is a convenient time for you to make up some of these accessories to your costume which you will surely want this spring. Let us give you some ideas for their use.

time is spent "sewing" for one another. The regular meeting will be held next Thursday at the Elder home.

Mrs. Blair, Hostess.—The Acme club met at the home of Mrs. E. S. Blair, Monday afternoon. Members responded to roll-call with current events on "Russia." Two very interesting articles were read by Mrs. J. T. Bressler on "The Heroines of Free Russia," written by Leo Paszolsky and "Russia, Hour of Need," by Major Stanley Washburn. "Why we are Invading Russia" and "Germany Obtaining Firm Grip on Russia," written by David R. Francis, were subjects of articles read by Mrs. E. S. Blair. The club will meet next week with Mrs. I. H. Brittel with Mrs. H. M. Crawford and Mrs. C. E. Carhart, leaders. The lesson will be on Japan.

With Mrs. Wollert.—The Women's club met at the home of Mrs. A. A. Wollert Tuesday evening. The members responded to roll-call with current events. Miss Elizabeth Betts conducted the parliamentary drill on "Motions." The annual election of officers took place with the following results: President, Mrs. William Reckenbrack; vice president, Mrs. Hazel Devore; secretary, Mrs. Elva Brockway and treasurer, Miss Elizabeth Betts. The hostess served ice cream and cake. The next meeting will be held with Mrs. L. B. Young, Tuesday evening, March 25.

Surprise Mrs. Barnett. Thirty members of the Royal Neighborhood enjoyed a

covered dish luncheon Wednesday afternoon in the lodge rooms. The ladies planned this party in honor of Mrs. Harry Barnett, who has been a faithful member of the lodge and recorder for ten years. Mrs. Barnett was asked to meet at the lodge rooms to attend a special meeting, and was greatly surprised to find the ladies with their Kensington bags prepared to spend the afternoon. After a social time, a covered dish luncheon was served. Mrs. Barnett was presented with a ring with her birthstone set in it.

Monday Club Meets.—Mrs. E. Kostomatsky was hostess to the Monday club this week. The ladies for the afternoon was Miss Elizabeth Ford Piper, who gave a fine talk on "The Conquest of Russia Today." Roll-call was answered by current events on Russia. Mrs. Kostomatsky served refreshments. The next meeting will be with Mrs. C. M. Madden, March 17. Mrs. O. R. Bowen will have charge of the lesson. A talk on "Art" will be given by Miss Martha Pierce.

Covered Dish Luncheon.—The members of the O. E. S., enjoyed a covered dish luncheon Monday evening in the lodge rooms. The ladies prepared the supper and coffee was served by the men. At 8 o'clock the regular business was transacted and six candidates were initiated.

Kard Klub.—The new Kard Klub met with Mr. and Mrs. A. T. Cavanaugh Wednesday evening. The evening was spent in five hundred and the guests report a very pleasant time. The hostess served re-

freshments. Mr. and Mrs. W. H. Morris were guests.

St. Mary's Guild.—The members of St. Mary's Guild enjoyed a meeting Thursday afternoon of last week at the home of Mrs. F. S. Berry. Mrs. Bert Johnson and Mrs. Berry were hostesses. The afternoon was spent in sociability. Lunch was served.

Rev. and Mrs. D. W. MacGregor entertained at dinner Wednesday; Judge and Mrs. W. V. Allen of Madison, Neb., and Prof. George H. Wilson, the singer at the Methodist church during the revival meetings.

The Presbyterian Missionary Society is meeting this afternoon with Mrs. F. G. Philten.

Social Forecast. The P. E. O. will meet Monday evening, March 17, with Mrs. V. A. Seaton. The Minerva club will meet with Mrs. W. R. Ellis next Monday. The U. D. club will meet next Monday with Mrs. H. B. Craven. The Presbyterian Aid society will meet Friday, March 19, with Mrs. C. T. Ingham, at 2:30 o'clock. The annual election of officers will take place and the reports of the secretary and treasurer will be given. All members are urged to be present.

Funds to Welcome Boys.—Lincoln, March 10.—Governor S. H. McKelvie will ask the Nebraska legislature for an active fund of \$15,000 for the New York committee and the reports of the secretary looking after homeless Nebraska soldiers, an additional \$10,000 emergency fund to meet any extraordinary circumstances, and an emergency appropriation of \$3,000 to provide the committee with immediate funds. This action follows a report from Norris A. Huse, chairman of the committee, announcing the opening of Nebraska headquarters, in the Hall of States, No. 2, West Twenty-fifth street, and giving an estimate of future needs based upon a year's activities. The Hall of States is financed by the War Camp Community service, and quarters, including desk room, lights, telephone, and janitor service are provided free to the committee. Mrs. Elfin Lease Scott, formerly of Lincoln, made permanent secretary of the Nebraska headquarters, at a salary of \$30 a week. The headquarters opened March 1. In addition to the secretary, the committee will employ a pier director to visit incoming ships and get a line on returning Nebraskans, and a "hospital visitor" to call on Nebraska sick and wounded in the vicinity. The committee will also utilize all of the available volunteer service of former Nebraskans in New York. Mr. Huse says, "Burt Wheldon has been made treasurer of the committee, and Emory A. Buckner and Robert T. Ehl, auditors.

William Prince of the Winside village in Ne. Wayne on business yesterday. He recently drove twenty-seven head of Shorthorn cattle for McKelvie & Barnes for an average of \$200 apiece. The animals were shipped from St. Louis 8 months to 23 months.

CHURCH CALENDAR

Methodist Episcopal Church.—(Rev. D. W. MacGregor, pastor.)—Last Sunday was a great day at the Methodist church. Every department was well represented. The students' class had a great service, and a hospital visitor who addressed the students had something worth while to tell the class about home life and work. Miss Beecher is to be congratulated on her work with the young people. The congregations at each service were unusually large. Professor George H. Wilson is master in the art of getting people to sing. A fine soloist and leader! Come out and hear him!—Constitutional meetings every night except Saturdays. Song service for thirty minutes each evening. Everybody invited to the meetings. Soloists, duets, and congregational singing. The pastor preaches each evening. Come to the revivals!

Presbyterian Church. (Sunday, March 16.) Services will be held as usual, with the morning worship at 10:30. Special music and congregational singing. Sunday school at 11:30, and we urge all especially the parents and grown people to join with us in the study of God's word. Evening worship at 7:30. Committee.

Evangelical Lutheran Church. (Rev. Rindolph Moelling, pastor.)—Sunday school at 10 o'clock, and service at 11 o'clock, next Sunday morning.

CARROLL
Miss Elizabeth Durrie of the Herald staff, is editor of this department, and will visit Carroll every Monday. Any new contributions to these columns from town or country will be received by her. She is also authorized to receive new or renewal subscriptions.

John R. Morris was in Wayne on business Saturday. Steve Lewis went to Omaha Monday to market cattle. Henry Bartels was doing business in Wayne Saturday morning.

Miss Elizabeth Durrie of the Herald staff, is editor of this department, and will visit Carroll every Monday. Any new contributions to these columns from town or country will be received by her. She is also authorized to receive new or renewal subscriptions.

is asked to fill out the cards and return them next Sunday. Three cards have been signed up to date. The Woman's Home Missionary society passed a resolution to make the late Mrs. Dave Theophilus who was a faithful member of the society, a memorial member in token of love and appreciation of her interest in the work.

CONCORD NEWS.

Few Anderson was in Omaha a last days last week. J. B. Gandy made a business trip to Laurel last week. Vernie Johnson spent Sunday with friends at Fremont.

Carl Luth and family were in Concord last Sunday. Mrs. C. H. Tuttle was a Sioux City visitor last Wednesday. Miss Myrtle Shaf was a Sioux City visitor on Monday.

Don Cunningham of Wayne, was in our city one day last week. Mrs. P. Pearson was in Wakefield Wednesday morning between trains. Miss Bessie Erwin was in Wakefield last Monday between trains.

Albert Lehman made a business trip to Omaha last Thursday. Mr. and Mrs. William McCull of Audubon, Ia., was in our city last Saturday.

Miss Nora Nelson, Mrs. James and Mrs. Emma Anderson were Wakefield passengers last Monday. Billie Foote, little son of Mr. and Mrs. L. Foote of Thornton, Neb., visited at the home of his Grandma Foote, a few days last week.

Friday evening, March 7, the high school team met for a game on the home floor. The game resulted in a victory for our boys with a score of 35 to 12.

On Thursday evening, March 6, 1919, a game was held at the high school room. Marion Garwood took first place in the reading, "Over the Baluster," Harriet Beecher Stowe.

Methodist Church. The attendance last Sunday was small on account of the muddy roads and many sick members. The church friends of the congregation were detained at home on account of sickness: Joe Garwood, Mrs. H. A. Garwood and son, Kenneth, Mrs. E. K. King, Mrs. Evan Jenkins, etc., and George Snowden.

1919 - No. 98 for \$165.70, 106 for \$38. 109 for \$25. 110 for \$15. 111 for \$15. 112 for \$15. 197 for \$160.50, 201 for \$40.60, 207 for \$7. 212 for \$20. 216 for \$20.38.

Chas. W. Reynolds, Clerk. Corn Sell on Farms. Lincoln, March 10 - The March 1 crop report of the bureau of crop estimates and Nebraska board of agriculture states that 28 per cent of last year's corn crop is still on farms.

This is equivalent to 34,464,000 bushels compared to 139,709,000 bushels on hand a year ago. The great difference is accounted for from the fact that the 1918 production was very low while the 1917 production was abnormally high.

WAYNE HERALD, THURSDAY, MARCH 13, 1919.

VOL. 32, NO. 40

THE CITY MANAGER PLAN

Explained by J. G. W. Lewis As It Applies to City Like Wayne.

Editor of the Herald:—In response to your request for a brief statement of the city manager plan I submit the following as my interpretation of the main features of the system.

The law permitting cities to adopt the city manager plan is comparatively a recent one, having been passed at the 1917 session of the Nebraska legislature under the sponsorship of Senator McMillan of Wyoming. It applies to all cities having not less than one thousand inhabitants and not more than 10,000 inhabitants.

In the first place, provision is made for an express change of the existing system of city government to the new plan, since all existing laws, ordinances and all obligations under the old plan are hereby enforced under the new system except insofar as they may be inconsistent with the new plan.

The city manager plan is adopted by a vote of the people preceded by the usual petitions, notices and proposition ballot. It is abandoned after one year or a longer period if it is not followed by its adoption.

The governing body of the city under the city manager plan is a city council of five (in our case), elected at large in the city for a term of four years, the expiration of terms having been arranged so as not to come all at the same time. One member of the council is chosen as mayor, whose duties are such as usually conferred on such officer except as inconsistent with the new plan.

The feature which gives the city manager plan its distinctive character is the city manager. He is to be the chief executive officer of the city, chosen by the council and holding office during their pleasure. His salary is to be fixed by ordinance and the council is to have authority to remove him at any time.

His duties are to see that all laws and ordinances are enforced; to exercise the powers of appointment and removal of heads of departments and employees; to prepare the annual budget and keep the council fully advised as to the finances of the city; and to perform such other duties as may be placed upon him by the council. The connection of the council with the administrative service except by ordinance and by inquiry is through the city manager alone.

The city clerk and presumably the city attorney will be appointed by the council and will be under the jurisdiction of the manager. As stated at the beginning, the new system seems to be arranged so as to fit on to the old system, hence it need not be a radical change. It follows a regular city election. This probably explains the requirement that the matter shall not be brought up until after the first day following a regular city election, and explains why the matter is to be voted upon only at a special election.

I G. W. Lewis
From John McDonald.
The following is received by the John McDonald family of Winner, S. D. from their son and brother "over there." John T. McDonald, Jr. has lived practically all his life in and around Wayne, Montabour, Germany, December 23, 1918.—Dear Folks:—It's quite a while since I've heard from you in spite of all the big promises I made last time. How are all of you? I am well.
I received my Christmas package yesterday and was surely glad to get it. It certainly seems good to get something from home. The case and inside were packed and the handkerchiefs, etc. came in mighty handy. I am doing very well today. I am going back to work in the army, out post. We do four hours on duty and eight hours off. I got back to my company all right after leaving the hospital through the most considerable traveling and a lot of time spent in replacement camps.
I caught up with them on the march in the state of Germany. We stayed in Luxembourg about a week. On December 1, we started on the long old hike into Germany. We crossed the Moselle river which is the boundary between Luxembourg and Germany. We also crossed the Rhine at Coblenz and came to this place, which is about

It's Full of Surprises

Here's a house design that's different. It's as far ahead of ordinary houses as this year's automobile is ahead of a 1908 model.
Look at the exterior. Doesn't it leave an impression of "make-yourself-at-home"?
Inside the house you get the same warm welcome. You open the door into the living room and see a splendid fireplace with built-in book-cases on either side. Unusual care is shown in the planning of kitchen and dining room. Study the floor plan and see how every little detail has been provided for.
The second floor plan is just as full of surprises. There are two bed rooms, hall, bath room, a sleeping porch, and plenty of closet room.
We'll be glad to show you this second-floor plan. Drop in today and satisfy yourself.

Better-Built Homes

New home! There's often nearly a lifetime of labor, of sentiment, of hope, of romance, of ambition, expressed in those words. May our lumber experience and our plan service help you in the realization of all your fondest dreams of that new home!

Your Plan

You will need help. Few if any of us, unaided, can sit down and plan a home. All of us have ideas, often very definite ones, of what sort of a home we want and how it should look when finished. Our books of "BETTER-BUILT HOMES" will help you through many of the perplexities and difficulties of building.
In our books of Better-Built Homes are many plans of practical, comfortable, yes, beautiful homes of reasonable cost. The houses shown in these books have all been actually built and a photograph taken. These plans have all been developed by architects, the interior of the house is shown together with the floor plans and the different features of woodwork design. These books will be sent to you upon request, or if you will come to our office we will show you these photographs and plans for your selection. A study of these books, page by page, is the very best thing next to going through the house itself.
If you find exactly the home you want, come to us with your book and talk with us about the plan you have selected.

If you find almost but not quite what you want, come to us with your idea and we will help you with the changes you wish made.

In either event our CURTIS SERVICE will furnish you with the plans and specifications complete, either from your book selection or from your own sketch, and all without one cent of cost to you.

These plans and specifications will be made up complete and are YOURS EXCLUSIVELY designed for YOU and for YOUR OWN HOME.

Our Plan

You have at your command our knowledge of proper construction coupled with our CURTIS Service and their knowledge of interior and exterior designing and you have access to all the things we have learned in helping to create hundreds of better built homes.
You have the benefit of our local experience. We know building requirements in this vicinity. "We know materials, the advantages, disadvantages and costs of them. We can tell you how much the materials for any house will cost.
We shelter your material, too. Your woodwork will not be dumped on your building site where it would be subject to weather, accident and loss. Nothing is delivered to the builder until the time for its need has arrived.
Much of the lasting comfort, pleasure and satisfaction you will get from your new home will come from the beauty, quality and convenience of the woodwork you select for it.
We appreciate the above truth and we want to work with you, plan with you and help you achieve a "BETTER BUILT HOME."

Phileo & Harrington Lumber Co.
Phone 147 "Quality and Service" Main Street

twenty kilometers from Coblenz. I am writing this in the people's house. We have electric lights to read and write by, a good bed and fire and the people treat us fine. I can spread a little German and manage to get by pretty well. They can speak it lots better than I can understand it, but it works darn poor both ways most of the time and if I didn't have free use of my hands, I'd be out of luck.
General Pershing passed through our city today and stopped a few minutes to give us the north and south. This is the first time I ever saw him. They had an infantry band out to put on some music for the occasion.
We haven't had a pay day for five months and there's none in sight yet. I hope I don't get paid till get back to the states, if I don't get some money in my jeans when I get out of the army. I enjoyed the clippings that you sent, as reading material. I got a letter from you Saturday Evening Post and the Y. M. C. A. the other night and have sure been going to read through it.
It's now ten days till Christmas. We're going to have quite a feed from what I heard this noon. I'm due to eat. We lost a lot of horses. I forgot to tell you that I belong to the first division. The Germans that fought against them didn't get into the first division. The best fighters the Germans had. They say they could tell when they were up against the first division by theillery barrage that they put over. The Sixth artillery of the first division holds the record for speed in firing the French gas shells when they use them. They made a record of thirty-two shells a minute. The gun is a trifle larger than a six inch gun. They have the best little field gun in the world, but the Americans improved the gun and beat them in using it.
I received one of each of us, equal of the "stable gang," a present of five marks to buy cigarettes with yesterday. I got back from having a little battery. I was driving two little mules until we went up to Argonne from where they both got away. I lost a lot of horses and mules there. A shell that landed right to our pocket line one night got a bunch of them. I was sleeping in a trench when the shell exploded. I never heard the shell exploded, so you see I sleep in the same old way.
The night before the St. Mihiel drive started I got back from having telephone wire up to the front line at about a quarter to one, a.m. Another fellow and myself had just gotten inside our dugout when the barrage started and all h— broke loose. The woods right around us were full of guns and there were four live mules. I hope to never be out on such a trip on such a night again. I wish I could see the awful dark I couldn't see the horses

Wayne, Neb. My dear Mrs. Huse: During the week of March 17-31, 1919, there will be a mammoth Red Cross campaign for the collection and use of clothing for the joint benefit of all the European countries, except the central powers.

In this campaign all chapters are asked to participate and to organize throughout their entire jurisdiction permitting, if advisable, each branch to ship direct to the designated collection center.
The quota assigned to your chapter is 100 pounds out of total quota to the central division of 1500 tons.

Please let us know the name of the person in your chapter who is in charge of the collection. This clothing will be collected at the Red Cross rooms with the following committee in charge: Mrs. Philip H. Kutz, Mrs. D. W. Nokes, Mrs. H. M. Crawford, Mrs. Lambert Ross, Mrs. Fred Berry.

Word from George E. Hare, Mr. and Mrs. G. H. Hare received letters recently from their son, Geo. E. Hare, who had been in active service in France, and who is now in Luxembourg. The young man is anxious to get home, but says he came out of the fight all right, but had some real experiences. For three months he was at the front, and had the experience of having shells burst around him and wondering if he would be unfortunate enough to be in the way of one of them.

Terry-Gibson.
The marriage of Miss Maude E. Gibson to Mr. Benjamin A. Terry, both of Randolph, took place Thursday afternoon, March 6, at the Methodist parsonage in Wayne. Rev. D. W. MacGregor officiated. The bridal couple left on the afternoon train for the southern part of the state, where they will spend a two weeks' wedding trip. They will make their home on a farm near Randolph.

Ellen Soules Married.
Miss Ellen Soules, daughter of Mr. and Mrs. John Soules of Wayne, was married at Emerson on March 4, to Mr. Frank Evans of Emerson. Mr. Evans is employed in the round house at Emerson.

Advertised Letters.
Wayne, Neb., March 12, 1919.—Edna N. Buch, Bert Gibson, Sammie Haiser, Leanne Johnson, Miss Beulah Kubic, Carl of Tom Ellis, Bonnard Nelson, The Riverside Oil Co., Miss Sadie Thomas, C. A. Berry, Postmaster.

Miss Anna Thompson has accepted a position as saleslady in the Orr and Hare store. She took office on March 11, at 12 E. W. Street.
Chairman Wayne County Chapter, work Monday.
For Use, Clothing.
Yeoman divided it all up as you are present, for this dividend is only given to those present at that meeting. On March 22, the Yeoman will give a special program and box social to which everybody is invited; so Yeoman invite your friends and come prepared for good time. Full particulars announced next week. Watch your paper.
We are preparing to open up the Jubilee department in our household members. Children from 1 to 15 years old insured for 25 cents a month. For full particulars see the district manager, C. Clasen.

10 DAY OFFER

10 DAY OFFER

10 Day Money-Saving Offer on the Round Oak Pipeless Furnace

If you are thinking of purchasing a furnace this year or later, we want to bring to your attention the very special inducement we are offering for the ten days, March 19th to 29th. We will announce the details in a few days. In the meanwhile, we wish to bring to your attention some of the advantages of the ROUND OAK FURNACE with its Improved Pipeless Installation.

Here's What the Round Oak Pipeless Will Do For You

It will heat your home after year with a generous volume of pure, warm, moist, ever-changing air, free from dust, gas and smoke. It will burn any and all fuels successfully and economically. It will hold the fire overnight without re-charging, even in zero weather.

10 Star Points of Round Oak Pipeless Furnace

- ★ 1. Built Absolutely Fire Proof (See Catalogue)
- ★ 2. Largest Gas and Dust Tight Doors in the Market
- ★ 3. Burns All Fuels Successfully—Economically
- ★ 4. Fireproof Laska the Longest Heater in Use
- ★ 5. Humidifies and Circulates Pure Air
- ★ 6. Holds the Fire 24 Hours
- ★ 7. Cool Blastments—Deflects All Heat From the Living Room
- ★ 8. Responds Promptly than a Stove
- ★ 9. Easily Operated and Quickly Made Up
- ★ 10. Made by Makers of Good Good Coal.

Round Oak Pipeless Furnace

The patented, improved, bolted and deep-jointed construction and its heavy castings mean no dust or dirt in your home. We are positive it is the best built, most efficient, durable and satisfactory Pipeless Heating System on the market. It is worth every cent you invest in its purchase. Its saving in fuel alone pays a liberal interest on the investment.

Valuable Heating Book Free
You should secure one of these free Round Oak Pipeless Books, 9 x 12, profusely illustrated, which proves all of these claims and describes other distinctive advantages.

Carhart Hardware

Willard STORAGE BATTERY SERVICE STATION

Frost Nipped

Of course your battery will freeze if you give it a chance. Just let a real hard cold snap catch you after you've run your charge down by extra use of light, by stepping too much on the starter, and by not making sure that you are putting enough current into your battery. Winter is no time to run battery risk. Take hydrometer test often, and if charge isn't up to 1.285 come in and find out why.

Wayne Storage Battery Co.

Second Street, West of Main, Wayne, Neb.

We test, repair and re-charge storage batteries, and always carry a full supply of battery parts, new batteries and rental batteries.

The organization of a Wayne Improvement club is being talked of with the prospect that one may be developed. It is proposed that twenty-five men take stock to the amount of \$1000 each and by combined efforts put up new residences, building and selling them. The purpose is to increase the number of residences in town and encourage more people to locate here.

Mr. and Mrs. Emil Hanson and daughter, Dorothy, had their car loaded Monday and left Tuesday for their new home at Corvettville, Ia. Mr. Hanson moved to Wayne county eighteen years ago, and got well off in farming and land investments. He is a good citizen, and Wayne regrets to lose him. The Hoffa hopes and believes he will return to Wayne to stay in due time.

Blacksmith at Eighty-six.
Geneva, Neb., March 12.—D. B. Bentley, Geneva's veteran blacksmith, is 86 years old. He is in excellent health and spirit, and puts in his usual hours of work, his finding great zest in the work which he has engaged in for seventy years. Mr. Bentley and his family are the guests at a celebratory dinner on the occasion by Mr. and Mrs. J. E. Little of Geneva.

"Heavenly Blue Eyes."
Harvey Floyd Harris, in jail in Connet Bluffs, charged with bigamy, and whose vociferous and spectacular leadership in Wayne county during the recent election, is remembered, drew the following from the Omaha Bee last Thursday:
"The 'heavenly blue eyes' of Har-

vey Floyd Harris, which have charmed so many women, have no potency whatever with the inmates of the county jail, where Harris is still awaiting grand jury investigation on a charge of bigamy.

A communication to the Bee from his fellow-prisoners lifts the curtain a wee bit, and permits a glimpse of the public eye into the gloom of the jail. Here is the letter written by the present inmate associates of Mr. Harris, and signed

"Boys of the County Jail."
"We understand the public retains an interest in H. F. Harris, accused bigamist in this new item of the following little news item:

"It is one of the rates of the Kansas State court here that when a person gets into our jail he is fined \$2 for tobacco and, for the mutual enjoyment of all, some men are made to pay and some can't for lack of funds. The law is no respecter of persons and such unfor-

unately get the same punishment. The judge of the kangaroo court sentences them to hard labor."

"Mr. Harris was one of the unfortunates without money and came within the judgment of the court. The blue eyed charmer is now head pearl diver and kitchen mopper working out his fine like any ordinary man."

"The blue eyed charmer" is now head pearl diver and kitchen mopper working out his fine like any ordinary man. The wonderful charm of the heavenly blue eyes failed to win the judge, for he's a he-man.

PRINCE ALBERT

The Kissel Custom-built Speedster is shaped like a snub-nosed bullet and capable of going as fast as it had been shot from a gun. In color it is a "fussy" car of light yellow with the low hang of a racer. To add to the sport of riding in it at top speed (somewhere around 90 miles an hour) it is equipped with two collapsible seats which can be pulled out over the running board, thus bringing its capacity up to four passengers. Its appeal is altogether youthful. An ambition to own one of these models is on the same plane with that of the brave heroes who fight with each other for a chance to be the first "over the top" in a trench raid. It's a fine car for dodging speed "cops" or running down income tax collectors.

FIFTH LIBERTY LOAN.

Norfolk Daily News, March 7

With public "boom" and the coming of "persuaders" for Liberty loan drives—out of commission—the Victory loan campaign, the fifth and last Liberty loan campaign, will be waged on a national drive argument, according to C. E. Barnham, chairman of Eighth Liberty loan campaign district, who has just returned from a meeting of workers in Omaha where preliminary plans were discussed for the Victory loan campaign in Nebraska.

Early action on the part of the Liberty loan workers in Norfolk indicates that the organization, which put across the first four Liberty loan campaigns, will be asked to get into the harness of the government and accomplish another big task.

The various committees which have been acting heads of committees of Liberty loan campaigns during the war have been told as he will come during April, meaning that the Victory loan campaign will start during that month. The quotas have not been limited at all, but local estimates would indicate that the state may be asked to buy as many bonds as it did during the last drive.

"But with the persuaders now, however, the campaign going to draw people to bond, their main function was asked on his return from Omaha.

"That question has been discussed by the chief of Liberty loan work," the chairman replied. "It means now that the public is being asked for the last time to buy Liberty loan bonds. It has been definitely announced that this will be the last Liberty loan campaign. It means that the people will have to realize that they must come to the aid of the government now. It is a government debt now. The public must once more loan their money to the government and secure good returns for it or in case the campaign fails, the people will have to pay increased taxes in order to cover the same indebtedness."

Tanks Expected to Help.

There are great features in the program for the Victory drive in this state. The posters to be sent out will be elaborate in their designs and the buttons will be decorated with the letter "V" meaning "Victory" loan. "The publicity drive will be brought into action by veterans of the war to force recognition of the great human sacrifice and the great service required to win victory. It is planned to have a number of real fighting tanks in operation in various parts of the state and that a big parade of tanks will be formed crawling all over the eighth campaign district as a vanguard to the solicitors for bond sales.

As a local recognition to the importance of the Victory loan, the fourth campaign committee organization announced the acceptance of a subscription from C. H. Nelsey for \$500 worth of Victory loan bonds.

Will Return Bodies of Marines.

Marines and sailors who died in France will have a final resting place beneath the soil of the land where they so bravely died. They gave their lives in defense of it.

Official announcement is made by the United States Marine Corps through the office in charge of the Kansas City recruiting district, 901 Main street, Kansas City, Mo., that arrangements are being made to exhum the bodies of all marines and sailors buried in France and return them to the United States. Parents or relatives of these heroes may take charge of the bodies and bury them in their home towns, if they choose, and \$100 funeral expenses will be allowed by the marine corps in such cases. Otherwise, the bodies will be laid to rest in a special section of Arlington National cemetery at Washington. The marines suffered through the entire war in France, the figures covering the original strength of the Fifth and Sixth regiments of marines and all reinforcements. Many hospital corpsmen of the navy, serving with the marines, were killed in action and are also affected by the order.

Booze Cases.

Norfolk Daily News, March 8

Governor McKeim is visiting at home and has been working in Norfolk for the past week, with the aid of County Attorney Tyler, members of the board of public works and the public health department. Thursday night when they started the execution of search warrants which resulted in 12 arrests in Norfolk homes and a few business places, indicating, what the authorities declared, that the habit of liquor.

Herman Boche, who has been a principal in two murder cases here and who recently figured in a shooting at the home of Wm. C. Miller, owner of a pool hall on Norfolk avenue was arrested for illegal possession of whiskey. Howard Bremer, a highway driver, was arrested for possession of whiskey and

the police say they found one quart of the liquor in his possession. A complaint was also issued against the Miller pool hall charging gambling. It is alleged that cards have been played there for money.

The Johnson garage, the Jim Kelsey home, the Miller rooms and the Queen City rooming house were searched but no liquor was found. The police declare that it is the second time the Queen City rooms were searched and that at no time has liquor been found.

The rooms over the Kempkes and Hartman's sink parlor were searched and five bottles of beer were taken to the police station. This beer, the police say, is of an old variety and will be returned. Fred Harter in demanding that the beer be returned immediately. Eddy, manager, told the authorities that it represented the last of a case purchased before the dry law went into effect and was being used as a substitute for his 95-cent beer, which he is bedridden in one of the apartments.

Began Roundup Thursday.

The state police have employed on these cases were Harris and Knause who started investigations here about a week ago but did not develop their case until Wednesday. The activities of the officers began at 5:30 Thursday evening after all papers were made ready by the county attorney.

The officers were accompanied on some of their trips of search by a member of the board of public health.

Herman Boche, who has been employed cutting ice on the Hoop lake south of town for some weeks is alleged to have sold a quart of whiskey recently. He will probably be represented in court by Harbart and Stewart who were able to secure a minimum punishment for him after a Kansas City episode.

The hearing in most of the cases was scheduled to be held in Judge Norvell's court late Friday morning.

Boche Pleads Guilty.

Boche pleaded guilty to the charge of having liquor in his possession and the state dismissed the charge of selling. He paid \$100 and costs. When arrested Boche had a check for \$1,100 and over \$200 in cash in his possession. Among the whiskey taken from him by Harris, the state agent, was a quart of what Harris describes as "real corn moonshine whiskey" with an honest-to-God kick in it.

The cases against Miller, Campbell and Bremer were continued until later in the day.

"We are not going to return the beer to Harter until we hear from the governor," said Stentz, Harris.

"We will return the beer to Harter," said County Attorney Tyler. "We are satisfied that it is old beer."

Fresh Sea Food.

Washington, D. C., March 12.—People living in the rural districts in Nebraska can enjoy salt water fish in the best of condition without going to the seashore or anywhere near it. Furthermore they can reduce their grocery bills by using more of this kind of food, says the United States department of agriculture. Frozen fish, equal in flavor to those prepared immediately after they are drawn from the deep, cool sea can be shipped by express or sent by parcel post to your very door during the cold months. After studying the subject for years, inspectors of the bureau of industry of the department say that fish frozen hard just as soon as they are drawn out of the water, comes with salt water or ice and so keeps them fresh until they reach the consumer, fresher than the so-called fresh fish that go to the market packed in ice.

"There is a large supply of frozen fish in stock accumulated to provide for war needs but not yet used by the department specialists, and the list includes some excellent kinds, such as weakfish, mackerel, whiting and herring which are noted for their quality." Because of the unusually large stock on hand, probably twice as much as the country has ever before carried, frozen fish are reasonable in price. The department suggests that dealers in town should communicate with wholesale fish men in the larger northern cities and get a supply of their trade. All packages of frozen fish sent by express or parcel post should be well wrapped and should be marked "Frozen Fish, Keep Cool."

Charges Robbery.

Norfolk Daily News, March 8

George Luethe of Greeley, Neb., who has been visiting with his friends near Allen, Neb., is in Norfolk in a penniless condition with a thrilling story of being held up, shot at and robbed by a band of desperadoes, declares the robbery occurred a short distance from Allen while he was walking along the railroad tracks on his way to the home of his friends. He says that one of the men jumped from under a culvert and pointed a pistol at him demanding that he hand over his money. "I ran down the tracks as fast as I could," says Luethe, "and they fired a number of shots at me, yelling that they wanted my money. I threw my hands up and they were making a good getaway when suddenly several other men sprang up in front of me and stopped me and demanded my money. They searched my pockets, feeling over my clothing for a revolver. They even felt over my trousers legs and feet and searched my money elsewhere about my clothing

Why Telephone Rent Is Paid in Advance

Have you ever wondered why the Telephone Company insists upon the prompt payment of telephone bills?

It is a case where somebody must be trusted. Either we must trust everybody by permitting them to pay us when they please, or everybody must trust us to furnish the telephone service for which they pay in advance.

If we did not require payment in advance some people never would pay.

In such cases the cost of installing the telephone, the expense of furnishing service and the cost of finally removing the telephone would have to be met.

Also, if we permitted "charge accounts," a large number of people would be slow in paying us, and the expense of carrying such accounts on our books would be considerable.

When a merchant does a credit business he must charge more for the merchandise he sells, because the cost to a store of "bad debts" and of carrying "slow" accounts is considerable, the same as it would be for us.

If we did not require payment of telephone rent in advance, it would cost us more for operating expenses, and hence it would be necessary to charge the public more for telephone service than at present.

NEBRASKA TELEPHONE COMPANY.

They took \$135.35 out of my pocket-book and returned the empty purse to me and ordered me to "beat it" down the tracks as fast as my legs would carry me.

Papering and Painting

Let me figure with you on both your paper and paint. I have a line of samples to show and I am confident they will compare favorably with any on the market. I can furnish you paper and do the work.

L. J. Courtright
Phone 337, Wayne.

Luethe declares that he learned around Allen that the same gang of men had been operating in other sections in the vicinity of Allen. He says most of them are young men, who are striving to "beat it" down the tracks as fast as they can at Greeley for financial assistance.

Only a Drop in the Bucket.

St. Paul Pioneer Press: "We have squandered so many millions during the past two years that the few millions necessary to finance the European expedition of President Wilson are a mere drop in the bucket."

Mrs. A. T. Chapin returned home Friday evening. She represented Wayne county at the state liberty loan convention held at Omaha.

Irving Gabeler, discharged from the army, arrived home from Omaha Friday evening, and is again in the Merchants state bank.

Chas. Helms returned from Norfolk Monday, where he has been with his wife, Mrs. Mabel Helms, who is ill in the hospital there.

PAY AND FILE INCOME TAX BEFORE MAR. 15

U. S. Internal Revenue Bureau Gives Warning That Severe Penalties Will Be Enforced.

WOMEN WITHIN LAW'S SCOPE; HOW THEY REPORT INCOME

The Income Tax drive comes to a close on Saturday night, March 15. The payments and returns due on that date under the provisions of the new Revenue Law must be in the hands of local Internal Revenue Collectors before their offices close that night.

The Income Tax is being collected to meet the war expenses. Every person who should and tested his horn on Armistice Day is now called upon to contribute his share of the cost of winning the war.

The taxpayers and the delayers will face severe fines and jail sentences. The Internal Revenue Bureau announces that its officers will check all in to see that every person who comes within the scope of the Income Tax law did his share.

Where to Pay and File.

Residents of Nebraska are required to make their returns and pay their taxes to Geo. L. Loomis, Collector of Internal Revenue, Omaha, Neb., or to any of his deputy collectors who are doing free advisory work on Income Tax.

Payments sent by mail should be attached to the returns should be in the form of check, money order or draft. Cash payments by mail are sent at the taxpayer's risk of loss, and are liable to make your return personally because of illness, absence or incapacity an agent or legal representative may make your return. If there are any doubtful points as to your items of income or allowable deductions you should get in touch at once with a Revenue officer or a banker for advice.

Women Pay Tax.

Women are subject to all the requirements of the Income Tax. Whether single or married, a woman's income from all sources must be considered. If unmarried or if living apart from her husband she must make her return for 1918 if her net income was \$1,000 or over.

If married and living with her husband her income must be considered with the husband's in determining the liability for a return. Their joint income—less the credits allowed by law, is subject to normal tax. The wife's net income is considered separately in computing any excess that may be due. Husband and wife file jointly as a rule. If the husband does not include his wife's income in his return the wife must file a separate return.

Severe Penalties.

The new Revenue Law places severe penalties on a person who fails to make return on time, refuses to make return or orders a fraudulent return. For failure to make return and pay tax on time a fine of not more than \$1,000 is imposed and 20 per cent of the tax due is added to the assessment. For refusing willfully to make return or for making a false or fraudulent return there is a fine of not exceeding \$10,000 and imprisonment of not exceeding one year, or both.

Farmers' Income Taxable.

Every farmer and ranchman who had a fair or a good year in 1918 must heed the Income Tax this year. He must consider all his income as taxable. He is entitled to deduct from his gross income all amounts expended

THE TITAN 10-20

Is a Real Kerosene Tractor

Built from Start to Finish to Operate on Common Coal Oil and Cheap Distillate

It Is Not a Built-Over Gasoline Tractor

Titan Tractor engineers began years ago to build a tractor engine that would operate on kerosene. They succeeded so well that they are now willing to give a written guarantee with every Titan 10-20, that it will deliver its full rated horsepower, and do good serviceable work at all loads within its capacity on kerosene.

What This Difference Means to You

Do you realize what it means to you to buy a Titan 10-20 guaranteed to operate on kerosene? It means that at the present prices of gasoline and kerosene in this country you will save fully one-half your fuel costs over a tractor of equal horsepower operating on gasoline. Sold by

BRENNA

Mr. Dobermecker in the west part of Brenna, was reported quite sick last week.

In spite of weather and almost impassable roads, most of the moving is done in this section.

Mr. and Mrs. P. E. Lindsay and family were Sunday dinner guests at the A. G. Wert home.

Mr. and Mrs. Clifford Strate and children are spending the week at the John Lindsay home.

Miss Bernice Lindsay and Miss Marie Van Norman spent the week-end at their respective homes.

Mr. and Mrs. Fred Soderberg and children were Sunday afternoon

in carrying on his farm. The cost of farm machinery, farm buildings and improvements cannot be deducted. The cost of live stock, either for resale or for breeding purposes, is also regarded as investment.

Overtime and Bonuses Taxed.

Salary and wage earners must consider as taxable every item reported from employers' wages from other sources. Bonuses and overtime pay are to be reported as well as the regular payments.

Allowances for Losses.

Losses sustained in 1918 and not covered by insurance are deductible items if incurred in the taxpayer's business or trade, in any transaction undertaken for profit or arising from fire, storm, shipwreck or other casualty or from theft.

callers at the Harry Robinson home. Miss Anna Grandquist came up from Deemer, where she is employed in the high school, to spend the week-end at home.

A community butchering was held at the E. A. Gildersleeve farm when they butchered quite a number of hogs for the different neighbors.

* **SQUARE DEAL FOR EVERY**

* **INCOME TAX PAYER.**

* Washington, D. C. — "The rights of all persons may being."

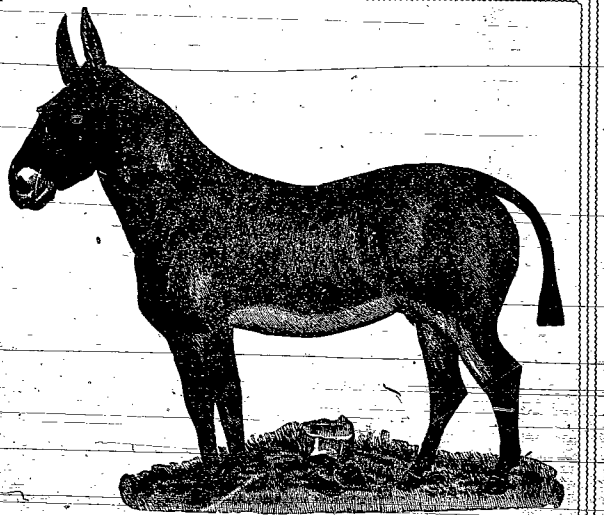

* Income Tax returns are amply protected by provisions for abatement, refunds and appeals," says Commissioner Daniel C. Roper.

* "Every person can be sure of a square deal. No person is expected to pay more than his share of tax. His share is determined solely by the amount and nature of his net income for 1918, as defined in the law."

* "Abatement petitions are dealt with open-handedly. Refunds will be made in every case where too much tax is erroneously collected."

* "The Income Tax is the level all the way through."

Mr. and Mrs. V. J. Senter went to Emerson Tuesday afternoon to meet Mrs. C. W. Meeker and Charles Meeker of Imperial, Neb., who were on their way to Laurel to visit Charles Meeker who is a brother of Mrs. Senter and who attended the State Normal here at our time, returned recently from overseas service in the army. He was in the thick of the fighting in the Argentine forest and was severely wounded. He says the same shell that hit him, caused the mortal wound to the late Roy Keed of Winside. Young Meeker shows marks of his wound, but is not permanent disabled.

BILLIE'S CHOICE DAN C

Steel gray horse, grade, coming three-year old, good weight, over seventeen hands high.

Will make the season at my place, six miles straight north of Winside, and one mile east and half a mile south of Carroll. Both passed state examination.

TERMS: Jack \$18 and horse \$15 to insure a colt to stand and suck. If mare is traded, sold, or removed from the county, foal will come due immediately. I will take due care to avoid accidents, but will not be responsible should any occur. No Sunday service.
