Formerly in Wayne.

John Hostetter who is referred to in the following paragraph from the Bloomfield Journal, was at one time proprietor of the Crystal theatre in Wayne.

John Hostetter, a former resident of Bloomfield and well known to most of our readers, now living in Waterloo, Iowa, is rapidly getting into the magate class in the moving picture line. He has just acquired the Royal theatre in Sioux City and this now gives him a chain of seven picture houses. He has

three in Waterloo, one at Cedar Rapids, one at Charles City, one at Marshalltown and now one at Sioux City. His brother, Jim, is now associated with him and is in charge of the Marshalltown theatre. Gen. Norman has charge of the theatre at Charles City. Mr. Hostetter, we understand, also had his eye on the Princess at Sioux City, but someone beat him to it.

Intervention Policy Weakened.

Springfield, Mass. Republican Intervention in Mexico on account of the lack of protection there for American citizens doesn't seem quite so convincing a policy now that two Mexicans have been forcibly taken from the jail in Pueblo, Colorado and lynched by an American mob. No protection for Mexicans exists in Colorado, and Colorado hasn't the excuse Mexico has.

FIRST DIVISION MAN-HOME

After Months in Germany, Ralph Carhart Returns to Wayne.

After spending some eight months in Germany and participating in the two great parades of the First Division in New York and Washington, Ralph Carhart received his discharge last week and arrived home on Thursday, Sept. 25.

He enlisted on May 28, 1918, and was assigned to Ambulance Co. 12, First Sanitary Train, First Division, sailing for France soon after his enlistment. He was in the four great drives which took place last summer: St. Mihiel, the Argonne, Sedan, and battle of the Meuse river. Soon after the armistice was signed, the First Division went to Germany, where they were camped at various places along the Rhine river.

Carhart landed in New York on Sept. 8. He was one of the marching units, which made up the great First Division parade, led by Pershing, which took place in New York soon after their arrival. They also paraded in Washington. He received his discharge from Camp Dodge last week.

Double Wedding Near Altona.

A unique double wedding occurred on Wednesday afternoon of last week at 2 o'clock in the Lutheran church, east of Altona, where Miss Ida Matthes was united in marriage to Edward Roggenbach and her sister, Miss Rosa Matthes, was married to Otto Thies. The ceremony was performed by Rev. Fred Schaller. The bridesmaids were Helen Roggenbach and Miss Ida Becker and the groomsmen, Frank Matthes and Henry Thies.

After the ceremony, all those present returned to the home of Mr. and Mrs. August Matthes, one and one-half miles southwest of Altona, where the wedding supper was served. The witness band entertained the large crowd until a late hour.

Mr. and Mrs. Edward Roggenbach will make their home on a farm, two miles southwest of Altona, after next March. Mr. and Mrs. Otto Thies will also live on a farm, one mile north of Altona, where Mr. Thies is now farming. The many relatives and friends join in wishing the two couples long and happy married lives.

Miss Verlet Loves French Girls But
Mlle. Verlet, the "Little Belgian Queen of Song" as she is called in her home near Brussels, is surprised that Americans should ever have thought for a minute that the French girls are not the "big" soldier boys away from us.

"You would not like it if we did not appreciate your boys' France," she says in her quaint way. "All the same your boys will not forget you. While they were thinking how nice those French girls were, they were thinking about their own girls at home too. And now that they are home you see they have forgotten all about the French girls."

Mlle. Verlet will give a concert in the Normal Auditorium in Wayne on Friday night, October 10. She has an international reputation and comes to America direct from the Paris Grand Opera. We are fortunate in having this chance to hear the famous Belgian.

WALTER SAVIDGE AMUSEMENT CO.

Wayne Fall Festival.

The Walter Savidge Amusement company will open a week's engagement in Wayne on Wednesday, Oct. 6. This will mark the closing week of the season for this company which has been the most successful, both financially and artistically, that they have ever enjoyed. Mr. Savidge plans many improvements for next season and has recently purchased a new sleeping car to add to his railroad equipment.

During the coming engagement the Savidge Dramatic Players will present their repertoire of popular plays in the Big Tent Theatre opening with Edward Peeples' beautiful comedy drama, "The Rainbow Trail" and changing the play weekly during the engagement. The Ferris Wheel and Merry-Go-Round will be in operation both afternoon and evening and free concerts will be given by the Savidge Concert Band.

American Legion to Meet.

The charter, Irwin B. Sears Post, No. 43, American Legion has been received. A meeting will be held Friday, October 3, 1919, at 8 p. m. in the City Hall. At this time important business will be transacted, officers for the year will be elected and delegates will be elected to the state convention in Omaha and the adoption of a constitution for the local post.

All former soldiers, sailors and marines are invited to attend this meeting and become members of this post, which is organized for Wayne county.

Everybody Must Help.
Chicago Daily News. Do not expect too much of this international conference in October. Unassisted, it cannot usher in the millennium, which is large and heavy on its feet. Everybody will have to assist in the ushering by assiduously practicing the golden rule.

Are They Worth The Price?

LIKE everything else, good clothes are higher priced; but they're no higher in proportion than good workmen. The only question about either is, are they worth the price? A man or a suit that gives full value in service is a worth good price.

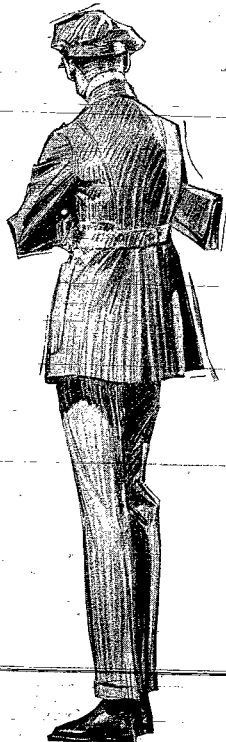

Hart Schaffner & Marx make that kind of clothes; all-wood fabrics, high grade workmanship, liveliest style; they guarantee, and we guarantee, satisfaction to you in these clothes.

Whenever you're ready for a suit or overcoat, we're ready to see that you get the right one.

There is no question in your mind today about the necessity of a truck on your farm; the only question is:

"What Kind of a Truck Shall I Buy?"

Investigate the GMC Line

You'll find GMC Trucks are practical, common-sense trucks—built in a practical, common-sense manner. Strong and substantial throughout, with abundant power for all needs, built to carry the rated load with safety; they are able to render satisfactory service in most difficult work.

It's the Way GMC Trucks are Built that Makes Them Superior

A high standard is rigidly adhered to in their construction; no cheapening of this or that part is permitted. Under difficult conditions of road and weather, winter and summer, GMC Trucks are giving their owners consistent, reliable service because they are built right.

Economy of a High Grade Truck

Although the initial cost of high grade trucks is necessarily higher, records of experienced truck owners show that in the long run high grade trucks are the best investment. They give more dependable service, stand up better, require less repair shop attention, replacements are less frequent and depreciation is less.

We welcome the chance to talk with you regarding trucks for your business—and will furnish statements from satisfied GMC users. The experience of the GMC organization is at your command.

Plan a Memorial.
Announcement is made of the appointment of Mr. John T. Bressler of Wayne, as district chairman for the Roosevelt Memorial association in connection with a national movement to provide an appropriate memorial for America's distinguished former citizen and president, Col. Theodore Roosevelt.

Mr. Bressler will have general charge in Wayne county and is now perfecting an organization for receiving subscriptions from Roosevelt admirers who want to assist in perpetuating his memory and influence.

One of the pleasing features in connection with the campaign is the fact that the movement is non-partisan.

In the long list of names of the various state committees now interested in the work of obtaining such memorials will be the list of the national executive committee, appear the names of many of the most prominent democrats in the United States, as well as the names of republicans and men prominent in

other walks of life aside from politics.

Leading men throughout the country, regardless of political or personal views, were one man to respond to the call for leaders when first the plan was mentioned, and the movement since has grown to such an extent there remains but the one thought—that of making certain the success of the plan. A glance down the list of Roosevelt Memorial association members discloses the following men now prominent in Democratic circles:

Thomas F. Smith, who is a member of the National Committee; Tammany, secretary and congressman; Alton B. Parker, former chief justice of the Court of Appeals who was the Democratic presidential candidate against Colonel Roosevelt in 1904; Robert Adamson, former secretary to Mayor Gaynor of New York and former fire commissioner of the City of New York; George Harvey, editor of the North American Review and Harvey's Weekly; Congressman James A. Gallivan, of Massachusetts, who is representing

a Boston district; Theodore Francis Green of Providence, R. I.; Thomas Taggart, chairman of the Democratic national campaign in 1904 who has accepted the honorary chairmanship for Indiana; the Hon. George Turner of Spokane, Wash., formerly a United States senator; Senator Geo. E. Chamberlain, of Oregon, who is a member of the national committee; Luke E. Wright, former governor-general of the Philippines; former Governor Luke Lea of Nashville, Tenn., who was a colonel in the American expeditionary forces; John Mitchell, the noted labor leader and now a member of the New York State Industrial commission; Hon. John M. Packer, of Louisiana, a member of the national committee.

Announcing the ROSEBUD LAND AUCTION SALE

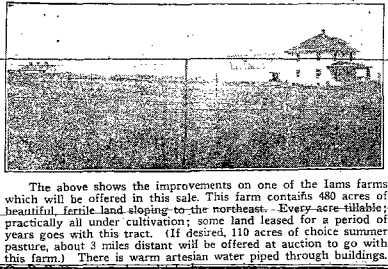

Rain or Shine in the Auditorium
Winner, South Dakota, Saturday, October 11

Featuring
2,000 Acres of the Frank Lam's Estate Lands

and 50 Quarter Sections Improved Farms and High Class Prairie Land and Six Ranches

ALL HIGHLY PRODUCTIVE CORN AND ALFALFA TRACTS

The above shows the improvements on one of the Iams farms which will be offered in this sale. This farm contains 480 acres of beautiful, fertile land sloping to the northeast. Every acre tillable; practically all under cultivation; some land leased for a period of years goes with this tract. If desired, 110 acres of choice summer pasture, about 3 miles distant will be offered at auction to go with this farm. There is warm artesian water piped through buildings.

THE IAMS ESTATE LANDS are owned by Harold A. Oldham and Ed Haish by purchase from the estate and warranty deed will be executed by them to the purchasers and possession given March 1, 1920.

THE LANDS OFFERED in this sale in addition to the IAMS LANDS are all owned and controlled by Harold A. Oldham. Deeds will be executed and possession given March 1, 1920.

A FEATURE OF THIS SALE: All interested parties may be assured there will be positively no by-bidding. The sale will be conducted along high-class, dignified lines, and any purchaser may be assured of a square deal. It is the intention of the owners of this land to have every tract offered appraised at a low price, and any bid made above the appraisement, the land will pass to the high bidder. The sale will be positively completed and title pass to the high bidder.

TERMS OF SALE:—Terms of sale on the Iams lands are exceptionally easy, requiring only 10 per cent of purchase price on day of sale; 10 per cent January 2, 1920; 5 per cent and 10 per cent March 1, 1920; 40 to 50 per cent for 10 years at 6 per cent, OPTIONAL PAYMENTS; the balance bearing 6 per cent interest.

On R. F. 27, route and rural telephone service.

Full particulars and illustrations mailed upon request by addressing

Harold A. Oldham
WINNER S. D.

COL. H. F. SLAUGHTER, Auctioneer.

THE QUALITY OF THE LANDS OFFERED is such that the purchaser to improve his farm in a substantial way before being required to meet other payments, besides interest, for three years. This is worthy of consideration. Good terms will be made on the remaining offerings, but each tract carries its respective terms, which may be ascertained upon request or on day of sale, when they will be announced.

160 Acre Farm for Sale

UP-TO-DATE RURAL PLANS

New Projects Punt Under Way by Progressive Agencies.

Purebred Live Stock Directory. The Purebred Live Stock association of Dakota county has started something, which it is to be hoped, will grow in favor among live stock men. They recently issued a directory of forty-eight pages, containing the classifications of all the live stock raised, with the names and addresses of all members of the association. The list discloses that there are thirty-five breeders of purebred cattle and hogs and ten poultry breeders in the county who are members of the purebred association. Advertisements from the different breeders and from the Sioux City stock yards make up the remainder of the book.

The value of keeping close and definite account of purebred stock as an advertising medium for one's county is becoming more and more

apparent to progressive citizens.

The Albion News recently published an account of some of the farmers living in the territory around Albion—who are building up important herds of purebred stock. The ads for purebred stock sales being run every week in the Herald are calling attention to the fact that Wayne County can also boast of a large number of prominent breeders.

Rural School Conference.

"Better rural schools" is now the slogan heard among educators throughout the country. Among the agencies which the Bureau of Education are now emphasizing in their work, are a series of conferences. The fifteenth conference is to meet at Sioux Falls, S. D., October 12 to 15. Four governors, twelve state superintendents, many leaders in rural educational work, farmers, and club women will gather to discuss what the rural schools must

do and be to meet modern conditions. The closing of many one-room country schools in every state proves that the old-time school has gone. What has come to take its place? This is but one of the many phases of the question which will be taken up.

Opportunity in Vocational Agriculture.

Vocational agriculture means simply to prepare for the vocation of farming. According to the Smith-Hughes bill, which provides the funds for this new feature in education, in order to accomplish this purpose, the work must include three things: agricultural shop work and supervised practical work. Classes in these branches have been organized in the Randolph high school to give the young men of the county a chance to acquire practical farming knowledge.

Get Relatives Mixed.

Grand Island, Neb., Sept. 27.—Baptized in 1916 at the age of 16, "shell shocked" in the Argonne in 1918, officially listed among the dead and not even now able to recall his nurses during that period, Harry Anderson appeared in this city Thursday in search of his parents. Instead, he found an uncle. Still the uncle's name was Alfred Anderson, which the soldier thought was the name of his father, while George Anderson, whom he thought was his uncle, is the father and is believed to be in Ottawa, Kan.

For some time the unfortunate soldier was not able to recall his own name. He said all of the former conditions and relationships are coming back to him, though slowly. He was amply able to take care of himself. After leaving the hospital he resumed his duties and was in due time sent home. He was discharged in June, worked some time in Chicago, later at Ottawa, Kan. The young man's condition is attributed entirely to the shell shock. His uncle and aunt, farmers living four miles from Albia, have taken him to their home and will notify the parents.

Local Dealer Wins.

J. S. Lavandicus, the local dealer for the Lalley Electric Light and Power Plant, has been notified by the Lalley Light Corporation that he has been awarded a special prize for his sales record during the month of August.

The Lalley Light Corporation, located at Detroit, Mich., offered its over three hundred dealers in the United States a series of prizes for those making the best sales records during the month of August. One of these prizes was a large leather portfolio containing complete equipment for a salesman.

The result of this contest was that about one thousand Lalley Light Plants have been sold each week recently.

Mr. Livinghouse is naturally proud of his sales record and is enthusiastic about the future of his Lalley Light and Power business. He believes that within a few years there will be very few progressive farmers who do not have full electric equipment in their homes.

Eureka!

I've found a house!
I hate the place and all pertaining to it—
(I can't think how the builders dared do it!)
I hate the windows, that refuse to shut.
I hate the floors, I hate the kitchen, but
I've found a house!
I hate the buses screeching past the door.
I hate the rain (I'm disgusted with their roar).
I hate the boxes on my window sill.
I hate the scrubby, grubby garden—will
I've found a house!
I hate the paper that adorns the wall
(I hate to see it peeling off the wall).
I hate the staircase (steep instead of low).
I hate the basement: I'm unhappy though
I've found a house!
I loathe the landlord and his load of lies—
(I hope he'll go to Hades when he dies!)
I hate the neighborhood—in front, behind,
The views give me the blues. But never mind—
I've found a house!

September Trade Level.

Sioux City Journal: The steel strike which has been in progress a week has been the positive influence in trade and commerce, though in spite of that strike in an industry which ramifies into a number of others, the general trade level for the month is high. Considerable of this result is due to seasonal buying of the last few days when cool weather increased the retail sales of winter commodities, overcoming the depression of the previous three weeks. The strike itself has had no direct effect on trade except in the immediate vicinities of the plants affected. It is not likely that the interests of the strikers will have any material impression on retail trade until their funds begin to run low. It is certain that most of the men who have left the plants have a reserve from which to draw during the strike.

"A little knowledge is a dangerous thing"—and the confirmed tire "shopper" can hardly hope to have more than a very little knowledge of any make of tires—or any real understanding of true tire economy.

The car owner who rides on Firestone Gray Sidewall Tires stops "shopping." He knows that at least one make of tire delivers more miles of service. He knows that the name Firestone uniformly spells economy to him.

BEDDING SPECIALS

For National Blanket Week

Offerings to Please Thrifty Shoppers

WHAT could be more timely as a special offering than bedding? Just when the snappy weather is becoming a bit disagreeable in its crisp evenings and nights, you are afforded an opportunity to purchase your winter bedding at savings worth while. Those who have already provided themselves with a supply of warm bed clothes will perhaps decide when they learn of these values, that they can well afford to make further purchases in view of the reductions. And for the women who have thus far delayed their buying, this is a veritable golden opportunity. Careful buying on our part has made this possible.

HEAVY, FULL SIZE COTTON BLANKETS in gray, pink and blue borders \$2.90 to \$6.00

PLAID WOOL BLANKETS that are to sell for \$11.00 afford you a generous saving. The patterns are pretty and the blankets heavy.

NASHUA WOOL-NAP BLANKETS are here in many dainty shades. They are warm without being heavy. Market at \$7.00

A SPECIAL GROUP OF COMFORTS will interest you. They are made of Silkline, and other fabrics in flowered patterns and are priced at \$3.25 to \$8.50

We have a new line of BED SPREADS here in many attractive patterns, and the prices are lower than you have a right to expect.

Garments for Outdoor Wear

After you have purchased your bedding, don't forget that you will need some new out-door garments.

We have an assortment of women's sweaters in rose, Alice blue, navy and red, which are priced from \$4.00 to \$10

Don't fail to provide your school girl with one of our knitted tam o'shanter. These are a new stock, which we just received last week and they are going fast. They come in white, green, brown, blue, and many combinations of colors at \$1.60, \$1.75 and \$2.10

For the youngest child we have stocking caps in all varied colors. These caps are warm, fitting snugly to the head, and are long enough to stay on well. Priced at \$1.00

O.P. Hurstad & Son

WAYNE, NEBRASKA

How long it will last is unknown. Until the expenditures for living begin to get close to the bottom of the funds the living conditions of the strikers will not be changed so that except for shifts of men from the localities, there will be little reduction in retail buying for a while. The trade conditions in the agricultural sections are healthy—there is a sufficient amount of available money to provide for the buying demands of the people, and they are purchasing according to their desires. The steel strike will be reflected in the automobile trade, where the supply of steel will be curtailed, though if the strike does not run into months, it is believed there is sufficient material available to keep most of the automobile factories in operation. The building trades have not been affected yet, but it is expected that a long strike will curtail operations in these and

cautious investment and contracts predominate in many of them.

Notice of Settlement of Account.

In the County Court of Wayne County, Nebraska.

The State of Nebraska, Wayne County, ss: To all persons interested in the estate of William S. Brown, deceased. On reading the petition of Hager F. Wilson, executor, praying a final settlement and allowance of his account filed in this court on the 15th day of September, 1919, and of distribution of residue of estate, it is hereby ordered that you and all persons interested in said matter may and do appear at the County Court to be held in and for said county on the 3d day of October, A. D. 1919, at 10 o'clock a. m., to show cause, if any there be, why the prayer of the petitioner should not be granted, and that notice of the pendency of

said petition and the hearing thereof be given to all persons interested in said matter by publishing a copy of this order in the Wayne Herald, a weekly newspaper printed in said county, three successive weeks prior to said day of hearing. (Seal) J. M. CHERRY, County Judge.

Villa Hasn't Forgotten. New York World: Villa's complaint, in a "manifesto for the nation," that the Carranza government permitted American troops to cross the border into Juarez last June is well founded. It was an occasion that Villa and his forces had good reason to remember and regret.

The national Lutheran council is making an appeal for needed clothing to be sent to the war-stricken people of Europe. Our Lutheran commissioners who have been sent to the depleted countries are finding the conditions very distressing. The need is appalling. Unless immediate help is sent thousands will freeze and starve. The executive committee of the national Lutheran coun-

oil are rapidly making plans for receiving, baling and packing clothing that will be sent from the various parts of the country to New York. Arrangements for transportation over-seas have already been made. Our European commissioners are arranging for the distribution of the clothing in Europe through the pastors and officials of the church. At least 2000 tons of clothing are needed. Much more can be used. The contribution of clothing from this Fair store or Theo. Carlson's store. An offering will take a week from next Sunday to defray the expenses of getting this clothing to the needy ones in Europe.

FIRE! FIRE!

As the cold weather approaches it is necessary that the furnaces and heating stoves be fired up to keep the houses and places of business comfortable. This naturally increases the danger of fire on account of defective pipes and flues or on account of some slight carelessness in emptying ashes.

At the present high prices of material and furniture, can you afford to rebuild and refurnish your home?

Have you looked over your policy to see that it is still effective and that you are amply protected in case of fire?

TEXAS TOWN WANTS HELP

Storm-Swept Corpus Christi Seeks Financial Relief.

To the Mayor, Wayne, Neb.
 Dear Sir: Corpus Christi and vicinity has been overwhelmed by a disastrous hurricane and tidal wave. The death toll is already more than 1,000, and is growing as the bay gives up its dead. More than 5,000 people are destitute, and the property loss exceeds \$20,000,000.

To care for the destitute, homeless and suffering, various hundreds of thousands of dollars the citizens of Texas and other states have responded speedily and nobly to the first appeal for help sent broadcast over the nation.

The state government has sent troops to preserve order, and assist in clearing the city of debris.

Seventy-five per cent of the business men of Corpus Christi are bankrupt today. Some of them have had their places of business swept away, together with their homes. Many of them have lost members of their families, and all of them have suffered irreparable damage.

A committee of bankers and merchants, with Red Cross representatives, formed to make a survey of property loss has reported the damage to exceed twenty millions, covering devastated areas of forty miles along the coast. It is not too high, it may be too low.

All contributions may be sent to Gov. W. P. Hobby, Mayor Gordon Boone, or Corpus Christi, or to the undersigned, and will be allotted to the stricken districts by national officers of the Red Cross after said officers have made a complete survey of the devastated area.

Corpus Christi intends to rebuild and start anew. It is not discouraged, and is again, but looks to the future with the confidence characteristic of a brave people. One of the oldest towns in Texas, it has never before asked for aid, but has given often and freely.

Today it is weighed down with sorrow and disaster; tomorrow it will rise again, but must have financial help NOW!

Will you help us in this hour? and be assured that it is needed and will be appreciated.

Very truly yours,
 Clark Reese,
 Chairman Finance Relief Commit-

tee, Corpus Christi, Tex.
 Wayne, Neb., Oct. 1, 1919
 In the People of Wayne and Vicinity:

The above letter from the Chairman of the Finance Relief Committee of Corpus Christi, Tex., deserves our attention, and the stricken and suffering people merit such aid as we can give them. May I be privileged to do all to give something toward their relief. Leave your contribution at any one of the three banks in Wayne, and it will be forwarded. DO IT NOW.

J. H. Kemp, Mayor.

High School Notes.

The Thursday convocation was given over to a short program on the Salvation Army: "History of the Salvation Army, Madge Winterstein; song, "Salvation Lassie of Mine," Faunel Senter; and "Why the Salvation Army Made Good," by Bonnie Hess.

Friday, the high school students enjoyed an address by C. X. Cross, of the Wayne State Normal. He pointed out illustrations to show how important it is to be well engaged in all of its accomplishments.

The convocation on Monday will be held by the school to high school spelling. The result of the contest on Monday was 4 to 3 in favor of the south.

On Tuesday the classes were organized and the following officers elected:

Junior—Frank Martin, president; Orville Thompson, treasurer; Madge Winterstein, secretary; Cathryn Bahner, class reporter.

Senior-Sophomore A class—Frances Brown, president; Guyrune Laska, vice-president; Eva McKim, secretary-treasurer; Henry Ley, class reporter.

Senior-Sophomore B—Frances Surber, president; Chris Will, vice-president; Beane Hesse, secretary; Tom Moran, class reporter.

Junior Sophomore A—Ellis Miller, president; Grant McEachen, vice-president; Ruth Jones, secretary; Henrietta Hurst, treasurer; Opal Thompson, class reporter.

Junior Sophomore B—Rose King-

ler, president; Leo McMurphy, vice-president; Harry Hansen, secretary; John Higgins, treasurer; Owen Brainard, class reporter.

Presliens A—Alice Wright, president; Edward Reynolds, secretary-treasurer; Paul Dowen, class reporter.

Presliens B—Dorothy Felber, president; Erwin Larson, secretary; Melvin Olson, treasurer; Louis Hennegar, class reporter.

Grade Notes.

Mrs. Helen Atkins is substituting in the first grade this week for Miss Botas who is ill.

Merton Wright is a new pupil in the second grade.

WAYNE COUNTY FARM SALE

Stock and Grain Farm at Auction—Other Farm Attractions.

Another unusual opportunity for the person looking for a farm home in Wayne county becomes apparent when the sale on October 14 of a farm, owned by Wensel Pospisil, is noticed. This farm is made up of 320 acres, located one mile north and four miles west of Wayne.

It has the advantage of being on a main road, close to Wayne schools and the State Normal. The land is heavy soil which has always been kept in a high state of cultivation. The water supply never fails and is piped to different parts of the farm. There is also a large reservoir, which guarantees a sufficient amount for watering stock.

The big drawing card of this place is that it has not been held for speculation purposes. It was bought a year ago by the present owner, who had no intention of selling. He would not do so now, had he not bought a farm next to his home place at West Point.

A farm made up of eighty acres of rich, fertile, well-drained soil, is to be sold at auction on October 14.

near Carroll, have some bargains in Poland-China hogs, any of which are good enough to eat—any of which are good enough to feed.

Three breeders of Duroc-Jerseys are selling hogs this fall. C. F. Sandahl will put thirty-five purebred winter and spring bear pigs up for sale at the pavilion in Wayne on October 25. He is also expecting to have a Shorthorn cattle sale later at Laurel.

Spring ad fall boars of the best type are for sale by Peter Iversen, at his farm near Winnside.

J. L. Hapner & Sons at Coleridge are offering spring and fall boars of every equipment—breeder, feeder, and finisher.

The highest type of Polled Shorthorns may be seen at the H. J. Miner farm, one mile out of Wayne. The herd bulls are outstanding types of good breeding.

A piece of farm machinery which really saves labor is typified in the Lessmann loader, a picture of which is shown on the farm page. If you wish to invest in a machine which will more than pay for itself in one season, and save you from a disagreeable job, investigate the Lessmann loader.

Weds. Jenk.
 Miss Victoria Jenk, daughter of Mr. and Mrs. John Jenk, was married on Tuesday, September 30, to Mr. Howard B. Kirk of Lodge Pole, Neb. The ceremony was performed at the courthouse by Judge J. M. Cherry. Miss Anna Jenk, sister of the bride, and Miss Jean Kirk, sister of the bridegroom, were the only attendants. After the ceremony, a dinner was served at the John Jenk home to a few relatives and friends. Mr. and Mrs. Kirk left Tuesday night for Omaha, where they will attend Akasbar. They will be at home after October 30, at Lodge Pole, Neb.

able sin is fear. Nothing matters much to you are not afraid. The way to see ghosts is to be afraid of them.

The way to come to grief is to be afraid of coming to grief. You can acquire almost any disease, from infantile paralysis to senile decay, by being afraid of it. And a large proportion of deaths is due to the fear of death.

"WHY DON'T YOU WEAR KRYPTOKS?"
 Yes, I wore those old-fashioned bifocals with their disagreeable seam. The seam annoyed me and blurred my vision. And I never realized how old those "antiques" made me look until one day my daughter asked, "Mother, what is that queer-looking crack in your glasses?" I forthwith went in search of two-vision glasses without the disagreeing marks. I found them in

Distinctively New

IN this fall display of millinery you will find well exemplified that finest of millinery arts—that which can take modes certain of universal vogue and by original interpretation lift them far above the commonplace.

Rich, soft-toned colored facings, specialities of color to accent the style, clever placing of trimmings—you will find all these methods employed in our display.

And from the many alluring styles shown you can choose with assurance—for every hat is authoritative in style. You will find but one hat of a kind—assuring exclusiveness. Select your fall millinery soon, so that you will have a more complete stock from which to choose.

In the three sales 150 head of spring pigs will be offered. The principal part of the good boars and gilts selling are by BIG SPECIAL, a splendid breeding son of Mouw's Special, and BOB AGAIN, the Big Bob boar in service in the herd.

Over 250 head of pigs were raised on the McEachen farms this season. Nothing of spring farrow is being retained in the herd, and the great lot of gilts going in this sale are decidedly attractive to good breeders and stockmen of northeastern Nebraska.

At Wayne on Saturday, October 11, will be offered some of the choicest gilts of the season. A LITTER Sired by

L. P. Coleman will represent

Exhibition Prizes at Fair

The question is often asked by those who have not participated in
fairs to any great extent; "Why bother to exhibit? Only a few can take
prizes. True enough, there can't be prizes for every exhibitor. The fair
that tries to arrange things so that everybody can get a prize does not
amount to much usually. It doesn't mean much to win a prize when you
are the only one in your class.

The prize is not the main thing after all. The biggest thing is the
education the exhibitors get for themselves. "Exhibit," say those who
have tried it, "for your own sake. You will have a better hog or calf, bet-
ter corn, a better loaf of bread or can of preserves next year by reason of
having exhibited this, whether you win or not. And with proper attention
paid to preparation, the prizes are sure to come, too, sooner or later."

There is no sure way to pick out the defects or merits of the articles
of your own production than to put them up on exhibition beside those
from fifty other farms. Immediately, many points loom up that were not
noticeable at home.

Some people miss prizes merely because they do not understand how
to prepare their exhibits to show to the best advantage. A story is told of
a club boy in Mississippi, who grew an acre of mighty good corn. After
entering an exhibit of it in the county fair and taking no prizes, he was
anxious to know why his corn didn't take a prize. The county agent went
over it with him, showing him that some of the biggest ears had crooked
rows, and others had defects. He picked out one ear, and said, "If
you had ten like this, you would win a prize."

The boy went home, examined every ear of corn he had raised, and
found nine more which he thought were as good as the one the agent had
selected. He sent the ten ears to the state fair and won first prize in his
class. Knowing how to select his corn exhibit made him into a state
winner.

Preparing stock for an exhibit is a most complicated problem. It is
not only necessary to select the right individuals, but they must be put
in good condition and kept there. There is a knack to every trade and
pure bred stock men in Wayne county have proved that they have a great
knack when it comes to the breeding of high grade stock. They now have
the opportunity to show what they can offer in the way of exhibition.

The Lessmann Loader

(Less Men Loader)

You Need It on Your Farm

Why?

1. Because, this machine will pay the largest dividends of any farm machinery that you have. If used, it will more than pay for itself in one season in the amount of work it will do.
2. Because, it will load any and all kinds of manure as fast as you can haul it out. We have loaded eighty bushel spreaders in three minutes.
3. Because, it will make an easy and quick job out of the most disagreeable of all jobs.
4. Because, it is constructed from materials which will last. Everything about the loader is steel and cast iron; only a few short pieces of oak plank on the machine.
5. Because, it is the only machine that will load manure on spreader or wagon without the driver leaving his seat on the machine.

John Deere

The Bridge Trussed Sagless Elevator

When you're putting up a new elevator or corn crib, YOU WANT--

The Biggest Capacity with the Least Building Cost

The cost of putting up a corn crib and granary in one and equipping it with a John Deere elevator, is actually less than the cost of putting up an old style crib alone. Come in and see us for estimates of different cribs which can be built.

An Elevator which will Not Sag

This steel portable elevator is bridge trussed with channel steel braces that run from the center at the bottom to the top at each end. When the elevator is assembled, this channel bridge trussing zig-zags from one end to the another. The result is secure bracing and trussing.

An Elevator to Save Work

Unloading corn or small grain with an elevator saves twenty to thirty minutes on a load. Besides saving time, it makes the work easier. Boys and hired help appreciate an effort to reduce the drudgery of farming. They are more inclined to stay on a farm where labor-saving machinery is used.

WHY

The "Exide" Starting and Lighting Battery

For Your Car

Because

- it is made by the largest maker of storage batteries in the world
- it embodies the experience of thirty-one years of making storage batteries for every storage battery purpose
- it is built in every detail upon the idea of enduring quality rather than on a price basis
- it possesses many special features—including the unit cell assembly, non-flooding filling plugs and extra-tough, semi-flexible jars—each one of which has proved its worth in long years of practical service
- it is the battery that will put real "punch and power" behind the starting and lighting system of your car, and keep it there.
