

NEW HOSPITAL IS TO OPEN NOV. 27

Public Reception on Thursday, Friday and Saturday of Next Week in New Building. INSPECTION IS INVITED... Following Reception, Old Hospital to Be Abandoned for New One - Highest Hope Gained.

Dr. S. A. Lutgen's new hospital on North Main street will be completed and opened for a public reception on Thursday, Friday and Saturday of next week.

People have asked the privilege of furnishing rooms in the hospital and of providing suitable things that would establish personal interest.

Following the last day of the reception, hospital headquarters will be moved from the old building to the new one.

NEW WAYNE HOSPITAL assumed full responsibility, and decided to sink or swim, according to merit.

Birth Record. A son was born Sunday, November 16, to Mr. and Mrs. D. Hanson of the Concord vicinity.

Hospital Notes. Mrs. Frank Obst of Royal, Neb., who has been attending the State Normal, was operated upon last Friday for a case of acute appendicitis.

Miss Dorothy Roth of Niobrara, Neb., entered the hospital Monday for medical care.

Miss Helen Inwood of Wakefield had adenoids and tonsils removed Monday.

Dr. O. A. Britton of Turek, Neb., visited the hospital this week.

RED CROSS ENROLLMENT EXTENDED TO HOLIDAYS

Brenna Precinct Makes Best of Few Reports from County. The Red Cross membership drive in Nebraska has been extended until the holidays by the state officers of the organization.

Only three precincts have made reports to the county secretary, and these are not complete.

Deaths of Mrs. Sherbahn. Passes Away Monday Following Illness Due to Apoplexy.

COAL PROBLEM IS STILL UNSOLVED

Only Bituminous Product on Wheels or Railroads Here for Some Time.

Interest Aroused Early in Summer Over Shortage Induced Increased Shipments.

No soft coal will be received in Wayne except that which is already on wheels or in receiving cars.

The situation in Wayne is not so serious as in many of the surrounding towns.

Under the provisions of a new dairy law passed at the last session of the legislature.

The new law provides that no milk will be sold in this county unless it has been examined by a licensed veterinarian.

The policy of the department of agriculture is to give the time to owners of dairy cows to have the animals tested.

By Hotel Menu for Thanksgiving Dinner.

Oyster Cocktail, Oyster Soup, Oyster Stew.

Roast Turkey with Cranberry Sauce, Roast Domestic Duck with Apple Dressing.

Light Finger Rolls, Dessert, Apple Pie.

After-Dinner Mints, Light Finger Rolls, Dessert.

After-Dinner Mints, Light Finger Rolls, Dessert.

Lalley Light and Power
Saves Labor on the Farm

Lalley Electric Light is actually a farm economy.
It is an economy because it saves both labor and time.
It is an economy because, on the other hand, it gives better light for work which must be done before daylight or after dark.
Light and power are always ready, at the lowest possible operating cost.
It is a fact that Lalley savings do pay its way.

Lalley Light is a complete unit—engine and generator—with 16-cell storage battery. It supplies ample electricity for lights, water pump, washing machines, sweeper, vacuum separator, feeding mill, etc.

J. S. LIVERINGHOUSE
WAYNE, NEBR.

Lalley Light saves time, saves labor, saves money.

Goodrich Tires Resell Themselves

BECAUSE they give the maximum amount of service to the user. Any tire can be sold once, but the automobile driver wants a tire he can depend on for endurance and safety. Goodrich tires are built for reliable service.

Users and dealers of Goodrich tires are protected by certification of Goodrich More-Mileage Adjustment.

6,000 miles for Fabric Tires
8,000 miles for Silvertown Cord Tires

Goodrich tires are built with an extra thick, extra wide tread. The interlocking safety bars spread beyond the ball of the tire to the side walls. When carrying great weight, Goodrich tires lay more tough tread rubber and more safety clutch on the road than other tires. Mileage, safety and comfort are built into every Goodrich tire.

Pinched Nerves

Pinched nerves are the cause of disease. The condition is caused by the misplacement of the small bones (vertebrae) of the spine. The Vital Force is thus prevented from flowing uninteruptedly to the various organs and disease ensues. **CHIROPRACTIC SPINAL ADJUSTMENTS** given by a competent chiropractor with the bare hands only, put the bones back in place, the pinching is relieved and the Vital Force flows to the various organs. Health is then the result. Consultation and Spinal Analysis Free.

Nebraska Relief Work.
Mr. C. V. Vickery, secretary, Mr. C. P. Burgess, field director, and national leaders of the American committee for Near East Relief will meet Nebraska county chairmen and prominent workers in an all day conference Saturday, November 22, at the Hotel Pontenelle, Omaha. It is expected that from among the many interested in this relief at least one hundred representative Nebraskans will attend.

The American committee has saved the remnants of the stricken peoples of the Near East from their term of persecution, disease, and death. Already tens of thousands of orphans gathered in by the American committee in the larger centers are partially self-supporting, while many thousands of adults who have passed through the human clearing gates of all stations are on their way to the rebuilding of self-sustaining communities. In the case

of Armenia the initial stages of national rebirth from the blood-stained dust are taking place.

After five years of superhuman effort on the part of a heroic band of American doctors it is unthinkable that Americans will let the people of these lands die, at a time when their rehabilitation, under the protection of one of the powers, is at hand.

Nebraska alone has sent in excess of \$500,000.00 for this relief, which is one of the largest per capita contributions of any state. The money has been raised under great difficulties, it being necessary to conduct drives in many counties during the early spring under most unfavorable climatic conditions, together with the fact that large tracts of country had to be covered. Notwithstanding this, the expense of raising this money has been less than 2 per cent and borne entirely by special contributions, made for this purpose, so that every penny, subscribed by sympathizers, for relief has gone to the afflicted people—H. H. Baldrige, President; Chas. M. Wilhelm, Secretary; John C. Wharton, Treasurer.

TEACHERS ARE EXAMINED

An Unusually Large Number of Girls Take Necessary Test

Forty-three ladies took the county teachers' examinations in Wayne on Saturday. There were no men. This is an unusually large number to take the examinations at this time of year. Several high school girls from Wayne, Rosalia, and Wayne took the examinations, but most of those present were students in the Wayne State Normal or teachers applying for new levels of certification. The grades will be received in about three weeks, according to announcement made by the county superintendent, Miss Pearl Sewell.

Ladies Aid Program
The Ladies Aid society of the Presbyterian church wishes to announce that on Friday evening, November 21, in the auditorium of the church, they will give a little play entitled "The Ladies Aid Clinic." A good social time is anticipated. All members and friends of the congregation and church are cordially invited to attend. One feature of the program will be the opening of the "red cross" very gift through the summer. The program will be as follows: Organ solo, Mrs. James Miller; reading, Miss Dewey; vocal solo, Miss Combs; play, "The Ladies Aid Clinic," characters: doctor, Mrs. W. H. Morriss; nurse, Mrs. J. W. Baird; patients, Mrs. P. M. Gorch, Mrs. Ben Cahart, Mrs. E. W. Huse, Mrs. Fred Blair, Mrs. A. R. Davis, Mrs. J. J. Williams, and Mrs. H. S. Ringland. Organ solo, Mrs. James Miller.

Taken Up.
On the William Watson place, three and one-half miles north of Wayne, a red yearling heifer. Owner may have same by paying damages. Call or see Oscar Paulsen, Phone 111-421.

COUNCIL HOLDS SPECIAL

Absence of Mayor Prevents Action Preliminary to Paving.

The absence of the mayor from city council meeting Monday night prevented the body from passing the ordinances necessary before advertising for paving bids. J. H. Kemp, the mayor, was sick Monday and the ordinances could not be passed without the mayor and three-fourths of the council present. If Mr. Kemp is able to attend the regular meeting next Tuesday night, the business will receive attention. The meeting Monday night was an adjourned session. A few bills were allowed and ordinance 265 passed. This fixed the curb lines of the streets in the first paving district and was the first step in the legal procedure before advertising for paving bids. It did not require the mayor's presence to be passed. The council figured that if no further delays were occasioned, advertising for bids could start about December 4. However, the bids cannot be received until the first of the year, when it is hoped the contract can be let.

UNION SERVICE IN WAYNE

Churches Will Unite in Fitting Thanksgiving Program.

Rev. John W. Beard will preach the sermon at the union Thanksgiving services to be held at the Methodist church at 10:30 o'clock Thanksgiving morning. His subject will be "The Thanksgiving Story." The Rev. H. A. Teckhaus will read the scripture lesson, and the Rev. William Kilburn will pronounce the benediction. The Rev. J. H. Fetterolf will introduce the other ministers.

Special music will be furnished by the combined choirs of all the churches. This will include some of the best voices in Wayne, and fitting anthems and hymns will be selected for the occasion.

Thanksgiving Day

As Thanksgiving comes one week from today, the Herald will issue a day earlier than usual to give the force an opportunity to enjoy the vacation. Therefore, advertisements, correspondence, and communications for November 27 should be furnished a day earlier than usual.

Mr. and Mrs. Lee James of Carroll were in Wayne Saturday to see the latter's father, S. C. Kemp, who is sick.

Bakery Changes Hands

E. Lingren, the new owner has, taken over the management of the Wayne Bakery and will be pleased to fill your orders for Justrite bread, pies, cakes, cookies and other baked goods.

THE WAYNE HERALD

The Oldest Established Paper in Wayne County.

Published Every Thursday.

Entered at the Postoffice at Wayne, Neb., as Second Class Mail Matter in 1895 under the act of March 3, 1879. Known office of publication, Wayne, Neb.

E. W. HUSE, Editor and Proprietor

Subscription \$2.00 per Year in Advance.

Telephone 146.

The Harrington Herald gives expression to this timely and truthful suggestion, and it is not infrequently mistaken for brains."

Announcement of a wrestling match in a neighboring town reveals that this is a good deal of a wrestling match for everybody every day.

The business district could be improved by removing out-of-date signs and posters or other things that are not timely or useful.

The new dairy law which is mentioned by request in today's Herald, is proposed to guard the health of any who may still be able to buy milk or cream, or butter.

Compromise over any proposition that arouses sharp differences is usually a safe solution, and that would seem to be the way for the United States senate to handle the league of nations covenant.

Also chickens seem to have lately developed striking habits, and their abbreviated production has had the effect of lifting the price of eggs so high that one cannot afford to eat chickens, except in small doses by the attending physician.

Physicians meeting in Norfolk this week have decided that the crime wave is due to disease and insanity. We wonder if bolshevism and anarchy, greed and profane and the get-all-you-can-for-nothing spirit, frequently manifested, cannot be traced to the same source.

A few people have manifested interest in the proposed new hotel at Norfolk, but only a few have said what they would do or would not do in the way of subscribing stock.

Figuring on the circulation of the Herald and the improved service otherwise rendered, advertising rates are cheaper than they were ten years ago. The only way we can hope to meet the increased cost entering into newspapering and the increased cost involved in the perplexing process of moving and having our being is to multiply the volume of advertising, and that is what we are doing.

Many men now in comfortable circumstances remember how they laid the foundation of their wealth by self-denial, long hours and unremitting toil. They got their start by working early and late and by

More of such pluck and perseverance and independence which always find reward, would be refreshing and encouraging at this time, since so many people want much for little, and spend profitable time trying to figure out how they can get the most for the least service.

One thing we are going to express gratitude for on Thanksgiving day is free air unless someone gets control and puts a meter on it in the meantime. It is a great privilege that is allowed to breathe out air and all one wants from day to day without having to shell for it. It is one thing that lanky labor unions or great capitalists have not thus far been able to interfere with either in quantity or quality. But we believe they would if they could. As they haven't and they can't we shall raise our voice in devout thanks.

The activity of the government against members of the I. W. W. in different parts of the country is encouraging, and will help charity and benefit society. Our own state

TO SUBSCRIBERS.
The increased cost of mailing this newspaper and the prospect of still greater increase will make adherence to strictly cash-in-advance subscription policy imperative. Reference to the label bearing your name will show the month and year to which you are paid. If your time is up, please renew promptly and insure uninterrupted service. Subscriptions will necessarily have to be discontinued unless renewals are made within reasonable time after expiration.

administration is doing effective work in that direction. The unprovoked and unwarranted attack on marching soldier boys at Centralia, Wash., during an Armistice day parade has stimulated widespread effort to put a quietus on anarchistic propaganda and head off a growing menace to orderly government. It is hoped the federal and state authorities will keep up the campaign against undesirable who are apparently against the form of government which would exist if they could inaugurate an era of chaos and terror.

People are inclined to be edge-wise and out of sorts. If nothing is apparent on which to base grievance, they find something with the aid of active imaginations. One way to restore a healthy and sensible peace foundation is to get an appreciative idea of the other fellow's view point and the other fellow's burden. With the labor union making reasonable and reasonable demands and the capitalist employer coldly withholding full justice, the great middle class on both sides are most dependent for support and equilibrium, becomes discouraged and often irritable. The middle class without whom the world is not worth living, by bitter and devouring hate, chafes under the resulting oppression of selfish class conflict. It is largely up to this middle class to see that measurable justice is done by both sides, and that industry, production, trade, and other employments are restored to the same and progressive prewar status.

Students of the Wayne State Normal, observing this week as "Better English Week," if better English includes elimination of coarse slang, as we assume it does, the effort is still more advisable and encouraging. Some words and phrases technically falling into the category of slang, are inoffensive and often convey important meaning ideas more forcefully than language accepted as the purest and best. However, coarse slang, bordering on profanity, has come into too frequent use, and it is distasteful even to those who would sometimes employ it. Especially when it falls from the lips of a girl, it most offends and disgusts. So much refinement and delicate taste are expected from a young woman that when she gives expression to raw slang one's heart sinks with disappointment. Let other schools and pools outside of schools specialize in better english including effort to reduce circulation of slang that outrages one's sensibilities.

Representatives of 600,000 American farmers, meeting at Grand Rapids, Mich., refused to join an alliance with labor unions and organization to hold a conference with leaders of the latter was declined. This result is just what we would expect, as the only way we can hope to meet the increased cost entering into newspapering and the increased cost involved in the perplexing process of moving and having our being is to multiply the volume of advertising, and that is what we are doing.

SOCIAL NEWS

Social Forecast.
The Milverton club will meet with Mrs. J. J. Colman next Monday with the young people of the congregation circle will meet with Miss Charlotte Ziegler Friday evening.

The hostess served a buffet luncheon. Next week the members will meet with Mrs. H. F. Wilson and a covered dish lunch will be served.

Alpha Woman's Club.
The Alpha Woman's club met on Tuesday evening with Mrs. A. A. Wollert. The program of the evening was very interesting. Donald Wollert played two piano selections. Florence Beckenauer sang a solo and gave a reading. Mrs. C. E. Wright read a paper on the origin of Thanksgiving. Mrs. Wollert served refreshments. The club will meet next Tuesday with Mrs. Burret Wright.

Mrs. Theobald Entertains.
Mrs. William Beckenauer will entertain the members of the W. C. T. U. tonight. The program will consist of a musical reading by Mrs. S. A. Lugen, a vocal solo by Virginia Burre, a violin solo by Mrs. Bessie Hiscox, a reading by Mrs. George W. Fortner, a piano solo by Lela Mitchell and a solo by Mrs. C. O. B. Morgan. After the program, old-fashioned games will be played. Mrs. Beckenauer will serve a dainty luncheon.

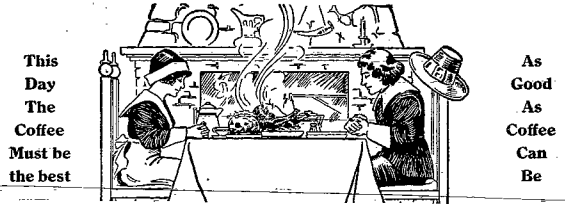

Mrs. Mellor Hostess.
Mrs. William Mellor was hostess to the guests of the Young Women's Christian Association at the Warren Sulthless home. After the business session, Mrs. A. R. Davis gave an interesting review of Edward Bellamy's book, "The Recitation of Brian Kent." Mrs. Mellor served refreshments. Next Monday the club will meet with Mrs. E. S. Morgan. The meeting will be a social one and a covered dish luncheon will be served.

Monday Club Meeting.
The Monday club met Monday afternoon, November 17, with Mrs. E. Kossomatsky, at the home of Mrs. Carroll Orr. Mrs. Margaret Wheeler, a guest at the meeting, read a very interesting paper relating her experiences in Europe after the outbreak of the war. Mrs. Charles Beebe of Wakefield gave an instructive review of the physical features of New Zealand. Mrs. Gay Walters of Spokane, Wash., was also a guest of the club. After delicious refreshments were served the club adjourned to meet November 24, with Mrs. H. H. Hahn.

W. C. T. U. with Mrs. Crossland.
The members of the W. C. T. U. met with Mrs. George Crossland on Friday afternoon in a pleasant session. At Mrs. V. L. Davidson's charge of devotionals, "The Old Time Town" and Heart of a Rose were

Ahern's

Here You'll Find the Extra Nice Things for Your Thanksgiving Dinner

CHASE & SANBORN'S "SEAL BRAND" COFFEE

Serve Richelieu Canned Fruit

Nothing finer can be had. Your guests will praise them. These fruits are left to ripen on the trees and vines which permits them to get their full flavor before they go into the cans. The syrup is thick and rich, and perfectly sweetened. Every can filled to the limit with the best fruit grown.

You Can Depend on Us For Fresh Supplies and The Best Quality of these Special Good Things for Your Thanksgiving Dinner

Jams and Jellies Like Home Made

Just pure fruit and sugar - no preservatives - no foreign flavoring, no adulterants. Made exactly as you would make it and made from finer flavored, better fruit than you can generally buy for home canning. Dozens of varieties to select from - perfect and apricot being one of the favorites.

And Richelieu Canned Vegetables

The best is none too good for Thanksgiving dinner. Richelieu vegetables are in a class by themselves. Your peas and corn and tomatoes and beans will measure up to the rest of your dinner if you serve Richelieu.

Use Pure Extracts and Spices
The success of your dinner will depend largely on your use of pure extracts and spices. Don't spoil good cooking with poor flavoring. Get Richelieu vanilla, lemon, and nutmeg. They are absolutely

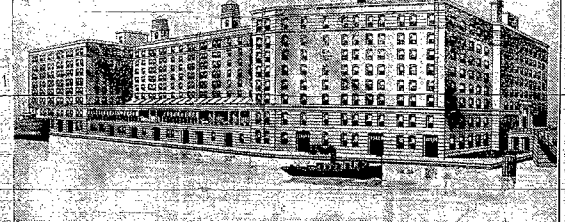

You Can Depend on Pillsbury Flour

No matter what you are baking, whether it's plain bread or cream puffs, hot biscuits or angel food - the flour for you to use is Pillsbury's Best. It costs about 2 for 5 cents. You don't need one flour for pies, one for cakes, and one for something else. Pillsbury's will answer every purpose perfectly.

Fine Apples - Reasonably Priced
Pancy Jonathans are at their best now and good enough for anybody. As 2 for 5 cents - they cost about 2 for 5 cents. We have a fine stock. Winesaps and Black Twigs by the barrel or bushel, \$3.50 per bushel.

THE HOUSE BEHIND THE GOODS

EST. 1862 SPRAGUE, WARNER & COMPANY Chicago

The greatest grocery distributors in the world, whose goods are famous everywhere for their fine qualities and full honest weight and pack. We have the agency for these groceries and sell them in increasing quantities every year to hundreds of families in our community who know and appreciate the best in foodstuffs.

(Continued on page 5.)

MEN!

Take care of yourselves

and the weather changes won't make you sick. Buy good all-wool Staley underwear or part wool or fleece lined... and keep warm. Wear leather vests or sheep lined coats. Mackintosh and flannel shirts. We have all of these and some more. New, better suits and overcoats, just arrived.

Carhart spent yesterday in Sioux City. G. M. Graven spent Monday afternoon in Carroll. W. H. Bawton went to Omaha yesterday morning. E. J. Auken left Tuesday evening for Kingston.

Schulte and sons, John and Louis Hasemann. Miss Anna Harms spent Sunday in Winside. Mrs. C. M. Jones of Carroll shopped in Wayne Tuesday. Mrs. C. Clasen went to Norfolk Tuesday to spend several days. Mrs. J. H. Rundell was a business passenger to Sioux City Tuesday, returning Wednesday. Mrs. Henry Ley and Mrs. F. P. Anderson went to Sioux City Tuesday for a few days' visit. Mrs. C. W. Meeker of Imperial, Neb., came Tuesday evening to visit her daughter, Mrs. A. A. Senter. The last crop of apples which will arrive in Wayne, this year, rolled into the Farmers' elevator yesterday. G. W. Fortner returned from Omaha Tuesday where he visited his sister, Mrs. M. L. Melick, for a few days. Howard Petras of Lyons was here Sunday visiting his sister, Miss Coila Petras, who teaches the first grade at the city school. The executive committee of the Wayne-Chautauque association has made a contest with the Millard school for next year's program. It is promised that the attractions will be better than ever. The cost

is only \$35 more than it was this year. Rev. R. H. Pratt went to Norfolk Wednesday. W. M. Orr went to Omaha Wednesday on business. Mr. and Mrs. J. M. Barrett spent Wednesday in Norfolk. Miss Frieda Dreveson of Winside spent Wednesday in Wayne. Mrs. B. M. McIntyre of Winside shopped in Wayne Tuesday. Mrs. Ed Brockman went to Sioux City Wednesday for a few days. Walter Gaeber of Winside was in Wayne between trains Tuesday. Mrs. N. Tolstrup and Mrs. J. W. Stewart of Emerson spent Wednesday in Wayne. Frank Sederstrom arrived home Tuesday evening from a trip to source in California. Mr. James Finn and son, Clifford Finn, went to Minneapolis Wednesday to spend a week or two. Carl and Ben Cook track today. burner. Phone 148. C. A. Chace just the right size for the base & Co. Geo. Behan is an actor. See him in the great play, "The Hearts of Men," at the Crystal Thursday and Friday. Mrs. N. M. Sackerson and Miss Ruth Sackerson of Wakefield, spent the week-end here with Mrs. W. M. Meyer who was visiting relatives at this place and vicinity. Mr. and Mrs. Homer Johnson of Sioux City were in Wayne over Sunday. Mrs. J. E. Burgess. Dr. O. A. Brittel of Eureka, Mont., left Monday evening for his home, after visiting his brother, Prof. I. H. Brittel, for a few days. Mrs. Pearl Freeman and Miss May Whitaker of Norfolk, spent Saturday in Wayne, guests of their aunt, Mrs. O. S. Roberts. Get busy, be on the alert and buy some of those apples which just arrived yesterday from Kansas. They are at the Farmers' elevator. Mrs. C. T. Ringer returned to her home in Council Bluffs Thursday afternoon. Mrs. Ringer is on her way with her son, Martin Ringer. Mrs. M. A. G. Matton of Lincoln spent Tuesday night in Wayne with Mrs. B. W. Davis. She went to Sioux City Wednesday morning. Mr. and Mrs. James Scudder of Tuesday for Rochester, Minn., where both will enter the Mayo hospital, and if advisable, will undergo operations. Mrs. M. A. Ackles and little son of Sidney, Neb., who had been visiting the former's sister, Mrs. Alex Scott, for two weeks, left Wednesday for Phoenix. Misses Bernice Kieffer, Faye Wiley, Mildred McKnight, Ruth Neuman and Violet Blines of Winside were in Wayne Saturday to take teachers' examinations. The report that Vern Fisher is going to move his battery business away from Wayne is a mistake. It will be kept here permanently, and until March 1 at the present stand. Dr. and Mrs. E. B. Erskine went to Tilden, Neb., Wednesday night. Dr. Erskine is the one making the opening case of Dr. C. T. Ingham's practice, while the latter was away. Mrs. W. R. Miller went to Minneapolis Wednesday to arrange to have her household goods shipped here. Mr. and Mrs. Her and two children recently moved here from Minneapolis, and have located on a farm near this point. Mr. and Mrs. John W. Davis and four children who had been visiting Mr. and Mrs. June Conger a week, left Wednesday for California where they will live. They have not yet selected a location. They came to Wayne from Dalton. Sam Barley went to Sioux City Tuesday to meet and accompany as far as Omaha his daughter, Mrs. Jay Jones, and children who left this week for a visit with Mrs. Jones' sister, Mrs. Pearl Cowles at Leavenworth, Kas. When Ella Wheeler Wilcox wrote that beautiful poem "Laugh and the World Laughs with you, Weep and you Weep Alone," it indicated that she had an idea of the ups and downs of this life. But you will buy some of those Kansas apples which just arrived, you will have an idea of the pleasures of this life. Call Mr. Chapman for particulars. Mrs. D. C. Main who is spending the winter at Lincoln with her daughter, Miss Winifred, who is a student in the state university, came to Wayne Tuesday evening to

Special Sale on Suits and Dresses
Discount on All Coats
We are going to clean up our Wool and Silk Dresses and Suits, and have marked them to make a quick move. ONE LARGE RACK is arranged with silk and all-wool dresses to sell at \$25.00--your choice. They are values up to \$35.00. All new and up-to-date garments. One rack of dresses, serge and poplins, at \$12.50 for the choice. They are values up to \$20.00 and are extremely good bargains. The suits will be sold at actual cost to manufacture. All of them are "Palmer Garments," made of the very best all-wool materials. The styles are correct. We guarantee them in every way. ALL ALTERATIONS ARE FREE. We will make a special discount on all coats, ladies' or children's, during this sale. Full stock of standard patterns on hand. If you would like to have a Fashion sheet mailed to your address each month, leave your name with us and we shall take pleasure in sending one. Standard Fashions are the best. S. R. Theobald & Co. Wayne, Neb.

Lincoln Brand Flour

Markets are very strong, and prices of flour will be considerably higher. The man who buys his flour now will display good judgment. Wheat brought \$3.00 on the Minneapolis market this week, so there is no question that flour will be higher. Lincoln brand flour is the best flour produced by the Pillsbury Milling Company. It's non-adversed--all the goodness goes in the flour. You are paying for nothing but flour, the best obtainable. We desire every housewife to accept as a special message that Lincoln is all you could wish for in flour and at prices that will demonstrate its superiority.

Special Prices on Bulk Apples

Reduced to \$2.00

Must make room for carload box apples soon to arrive, and will clear out about 150 bushels of apples at \$2 or 2 1/2 per pound. This is a rare bargain. Bring your sacks. Three days will no doubt exhaust the supply.

Box Apples

Delicious Jonathans and Black Twigs, \$3.40 to \$5.50. Also Wisconsin's bushel barrels at \$14. This store is headquarters for apples--a good supply at all times and at prices based on carload service.

Coffee Still Going Up

A world demand for coffee is gradually forcing the market up. By January 1 coffee will be 10 per cent higher. This store has a big supply and some good contracts which protect us on advances, and incidentally this protection will be extended to our patrons. We appreciate the scores of quantity orders received on coffee during the last year. Everybody saved money, bought under the market and the quality of coffee induced repeat orders. Basket Store Blend, 25 pounds for \$11.75. This is less than present replacement cost. Old crop Santos, 25 pounds for \$11.25 is another bargain and Mammouth Guatemala at 25 pounds for \$10 is at least \$2.50 below competitors. Our money-back guarantee is back of every sale. No sale is complete until you are satisfied. If you buy now you will buy right.

For Your Wife's Christmas Present

We have that 100-piece dinner set. Have it set aside. Good patterns, good goods from across merchandise that's almost impossible to secure now. Our price \$45.00, about \$15 less than city prices, even less than mall order houses. These patterns were bought six months ago, lately arrived. Jobbers promise no more shipments until next year.

Specials for Friday, Saturday and Monday

Table with 2 columns: Item and Price. Includes American Cheese, Large Toasties, Cranberries, Blue Karo Syrup, Honey Karo Syrup, Purp. Honey, Fresh Assorted Cookies, Pure Cocoa, Parlor Brooms, Tall Milk, Tall Red Salmon, Large Game Apples, Basket Store Blend Coffee, Mammouth Guatemala.

Basket Store

look after business and visit friends. Mrs. J. G. Wessel of Carroll shopped in Wayne Wednesday. Misses Lillian and Ethel Bergman of Lyons spent Wednesday in Wayne. The report that Vern Fisher is going to move his battery business away from Wayne is a mistake. It will be kept here permanently, and until March 1 at the present stand. Anders Oscar Alfred Carlson who lives on route 1, six miles southwest of Wakefield, applied for his second naturalization papers in district court here November 18. He came to the United States in 1913. The report that Vern Fisher is going to move his battery business away from Wayne is a mistake. It will be kept here permanently, and until March 1 at the present stand. Bible Study Circle. The Bible Study circle met at the home of Mrs. W. S. Brown Tuesday afternoon. Mrs. Carlos Martin led the Sunday school lesson. After the study a letter from the wife of a prominent business man of Hutchinson, Minn., was read. It told of a remarkable revival that had swept that community through the prayers of a few women who met Tuesday afternoons to pray for their town. A hundred young people and many older ones were converted. "Best of all," wrote the enthusiastic Danish woman, "was the Victorious Life conference the ministers invited here in September, when many of the young people volunteered for mission fields." Mrs. Charles Reynolds will be hostess next week.

SOCIAL NEWS. (Continued from Page 4) sung by Mrs. C. O. Mitchell. "Movements--Their Effect on the Young" was the subject of a paper read by Mrs. J. G. Mines. Extracts from W. C. T. U. publications, The Union Worker and The Union Signal, were read by Mrs. J. H. Boyce. Mrs. A. A. Wollett, Mrs. J. M. Cherry, and Mrs. G. W. Fortner, and proved instructive and entertaining. The Thanksgiving program will be given Friday, November 23, at 8 o'clock at the home of Mrs. P. L. Barnes.

Ford THE UNIVERSAL CAR. There are more than 3,000,000 Ford cars in daily operation in the United States. This is a little better than one-half of all the motor cars used in America. The Ford car is every man's necessity. No matter what his business may be, it solves the problem of cheapest transportation. We solicit your order now, because production is limited, and we must make it the lot to supply first orders first. \$650. Sedan, \$775. Truck Chassis, \$550. These prices f. o. b. Detroit. Wayne Motor Co. Image of a Ford car.

P. E. O. with Mrs. Cunningham. Members of the P. E. O. met on Monday evening at the home of Mrs. D. H. Cunningham. After the usual order of business the chapter had the pleasure of initiating Mrs. A. M. Jacobs and welcoming her as a new member. Continuing the study of American women in civic work, Mrs. W. H. Morris read a story of the life of Kate Bernard, twice commissioner of charities and corrections of Oklahoma and originator of some of the laws of that state. The evening's resolutions by Mrs. P. E. O. were much appreciated. The chapter deeply regrets the loss of one member, Miss Rachel M. Arnold, a faithful and loyal member of P. E. O. and an efficient past-president.

Citizens National Bank Capital and Surplus, \$75,000.00 Managed by bankers of practical experience who know the needs of Wayne county farmers and business men. H. C. HENNEY, Pres. D. E. BRAINARD, Vice Pres. H. B. JONES, Cashier. P. H. MEYER, Asst. Cash.

CHURCH CALENDAR

Methodist Church.
(Rev. William Kilburn-Pastor.)
Sunday school at 10 o'clock.
Preaching at 11 o'clock a. m. and 7:30 p. m.
Bpworth League, 6:45 p. m.
Prayer meeting Wednesday evening at 8 o'clock.

Presbyterian Church.
(Rev. John W. Beard Pastor.)
Services November 28, 1919.
Morning service at 10:30. Theme of the morning sermon, "The Task of Breeding." Evening service at 7:30. Theme of the evening sermon, "Fishesman's Luck."
Sunday school at 11:30. Classes for all ages.
Christian Endeavor at 6:30.
Subject, "Practicing Thanksgiving."
Miss Helen Reynolds leads the singing.
You will enjoy these services if you come. You will find a hearty welcome when you are here.

First Baptist Church.
(Rev. Robert H. Pratt, S. T. M., Minister.)
Services at 10:30 a. m. and 7:30 p. m.
The pastor will speak on the topic, "How Paul Sold Religion at Athens."
The Sunday school meets at 11:30.
The B. Y. P. U. service at 6:30 will be led by Mrs. Walter Heston.
The topic is on how we may practice thanksgiving.
The evening preaching service is at 7:30. The subject will be "Spiritual Fevers."
A social for all the members of the church and congregation will be held in the church parlors on Friday evening, November 21. The ladies union has charge of the arrangements and will give as a turkey dinner. Every member of the church and congregation is cordially invited.

English Lutheran Church.
(Rev. J. H. Fetterolf, Pastor.)
Sunday school next Sunday at 10 a. m.
Public worship at 11 a. m. and 7:30 p. m.
The subject of the morning sermon will be a continuation of the subject presented last Sunday on

"Systematic Giving." It is earnestly desired that our members be present at this service that they may learn something of the plan the United Lutheran church is trying to carry out the coming year to get its finances on a systematic basis.
For the evening service the subject will be "Under the Tumbler Tree."
Liturgy at 6:45 p. m.
Catechetical instruction Saturday at 10:30.
The time set for the every-member canvass is from November 24-30. This is to raise money for a part of the local congregation for the coming year and for the benevolences of the church at large. Bad roads may interfere with the canvass being made on schedule time, but we hope to see every member co-operate and heartily join in the movement for a better financial system the coming year.

Evangelical Lutheran Church.
(Rev. H. A. Teelhaus, Pastor.)
November 23:
Sunday school at 10 a. m.
Regular morning service at 11. The Lord's Supper will be administered and an offering taken.
Every Saturday catechetical instruction at 2 p. m.

The World is Now Being Revised

Revision, Rehabilitation, and Reconstruction are going forward in every industrial, professional, social, and political field—in every art and in every science.—The World has a new vision. The thoughts that we thought up to mid-summer of 1914—we can think no more. The very facts on which our thinking was based are altered.

NEILSON'S
Perpetual Loose-Leaf
ENCYCLOPAEDIA
Research Bureau for Special Information

Down to Date
In these unusual times teeming with stirring and important information to nations and men the world over, an Extraordinary Encyclopaedia has become an absolute necessity.
American enterprise has solved the problem by making a "Living Encyclopaedia" that is perpetually new. Born in America—made in America—by Americans—for Americans—it covers the whole world.

Down to Date
The war is now history. Nations are being remade. You must keep in step with the world. This is the only reference work that has been simply marking time during the greatest years in history. Neilson's changes with the changing world.
ALWAYS NEW.—Every six months all subscribers to NEILSON'S receive their renewal pages, 250 pages or more, between 500 and 700 pages each year. These include over 2,000 changes and keep Neilson's perpetually accurate and up to date.

Save Time, Look it up in Neilson's!
Neilson's Reading and Study Courses in United States History, Business Economics, Nature Study, Agriculture, and Home Economics are declared by educational authorities to be equal to a college course and training in each of these departments. By their use a boy can remain on the farm and yet receive all the advantages of a college course in Scientific Farming; a girl may have the services of the leading authorities on household economics without leaving her home; while the professional and business man may receive a business training superior to that which can be obtained from any of the widely advertised business institutes.

Nelson's Research-Service Bureau
For scientific reports and special information, and correspondence. Every member of Neilson's is entitled to free membership in this bureau. If at any time you are in doubt on any subject, old or new, write to this bureau with the positive assurance that you will promptly receive the latest obtainable and most dependable information.

The Wayne Hospital Will be Opened Thanksgiving Week When the Public is Invited

to be present and inspect the new building. It is a twenty-patient hospital, modern in every respect and has all the conveniences of the metropolitan hospitals. It has been built not only for service, but with a view to making it artistic and attractive.

The new hospital is an institution that, although built and managed by Dr. S. A. Lutgen, will help to build up Wayne. The people of Wayne and the surrounding community are urged to attend the opening, so that they will know just what this institution is and what it will mean to them.

Private Rooms

Although the hospital is planned to take care of twenty patients, many of the private rooms are large enough to be converted into small wards in case of emergency, so that the capacity can be doubled. Each room is light and airy. The walls are tinted in soft grays, blues, and buffs that are soothing and gloom-dispelling. Some of the rooms have extra wide doors, so that very sick patients may be taken to the x-ray room without being lifted from their beds. A few of the rooms are equipped with telephones. Different citizens have asked permission to furnish rooms, and name plates will be put on the doors of rooms thus furnished.

Halls and Diet Kitchens

The corridors are wide and light. A diet kitchen has been placed on each floor in the space that will later be converted into a hall-connecting the main building with additional wings. Drinking fountains, dumb-waiters, and other hall conveniences facilitate work and eliminate all possible confusion.

Plumbing

A bathroom has been installed on each floor and in the basement. In each of these, the fixtures have been arranged in separate compartments for the greater convenience of patients and nurses. Provisions have been made to give patients medical and chemical baths.

Operating Room

The operating room, on the upper floor, is lighted not only by walls of windows, but also by a large skylight. A square of electric lights in the ceiling gives a gayly blue reflection from the x-ray shade directed toward the operating table. This light is not blinding but is the easiest on the eyes. An exhaust fan in the ceiling carries out all fumes after fumigation. The room is equipped with hot and cold city and sterilized water. An instrument case is built in the wall.

X-Ray Room

X-ray pictures are taken in the basement room, where the machine has been installed. The patient can be placed in any desired position to have the picture taken. These plates are developed in the hospital's dark-room. X-ray treatment is also given.

Sun Porches

Overlooking what will be a garden are sun-porches on each floor. Recuperating patients will be given the advantage of sunshine, fresh air, and the outdoors without having to be moved from one floor to another.

Offices

The consulting office is at the right of the waiting room, which is connected with the reception hall. The head nurse also has a private office on the second floor. A laboratory for making blood tests and other bacteriological work is also on second floor. This is fully equipped for the work, which will be handled by an expert in that line. Between the laboratory and the operating room is a sterilizing room.

Signal System

The usual hospital precautions against noise have been exceeded in the Wayne Hospital by the adoption of a system of light signals. Each room is equipped with a push button at the bed which lights a bulb above the door in the hall. When a patient wants a nurse, he will press the button. The light over his door will indicate in which room he is and a hall light on each floor will show whether he is on first or second floor. The buzzing of electric bells will be eliminated, and the service will be quicker, as the nurses can more easily interpret the signals.

Telephone System

A telephone system by which any of the offices can be reached from any other office without calling central is an added convenience in conveying messages throughout the building with the minimum amount of confusion.

Elevator

A push button elevator will be a step and time saver. Very sick or unconscious patients can be brought into the basement of the hospital through a side door and taken up in the elevator to the operating room or to private rooms.

Heating System

The Moline Vapor Vacuum heating system which has been installed can be regulated in each room. Any part of a radiator can be shut off so that each room may be heated according to the comfort and requirements of the patient.

Gas for Cooking

Artificial gas, made in a plant in the basement, will be used for cooking. This will be connected not only with the kitchen, but with the diet kitchens.

Laundry

Machinery is being installed so that all the laundry can be done in the basement. The operation will take only thirty or forty minutes before the laundry will be ready to distribute.

Basement

The nurses' dining room is in the basement. No patients will be allowed there. A completely equipped kitchen, supplied with all the modern conveniences of built-in furniture, adjoins the dining room. Nurses' cooks, and janitor's rooms are also in the basement.

Fireproof

The hospital is a keystone finished building, a material that is fire, water, wind, and crack-proof. The walls are tile and the shingles are also fireproof. Extra precaution against fire is taken in the installation of fire hose in the wall on each floor. These are connected by an inch and a half pipe with the water main, insuring instant pressure in case of fire.

Grounds

A landscape gardener has mapped out a garden at the south of the hospital and will oversee the arrangement of trees, shrubs, and flowers. The hospital will ultimately be extended over the greater part of the grounds which are 150 by 300 feet.

History of the Wayne Hospital

The new building is the culmination of three years' hard work. Dr. Lutgen, who came to Wayne in December, 1916, established a hospital in 1916. He had seven beds in the little building across the street from the new one. About 500 abdominal operations were performed, besides numerous minor operations, but because of the lack of space, few medical cases were accepted. The new hospital will be open to surgical, medical and maternity cases and will be operated on the same plan of faithful service as the public found to be used in the old one.

DIAMOND RINGS

There is magic in the words, and when you give her a diamond you can count upon it being the most valued gift she has ever received. It will be pleased beyond measure and of course that is what you wish.

Aside from the joy of owning a diamond there is a practical side that comes from the fact that diamonds are constantly advancing in value and are therefore a splendid investment.

When you buy a diamond ring from this store our reputation for reliability and quality guarantees you that you will get the most valuable money and get just what we represent the stone to be.

BY ALL MEANS GIVE A DIAMOND IF YOU CAN.

Call and make your selection now before the Holiday Rush.

It is hereby ordered that you and all persons interested in said matter, may, and do appear at the county court to be

This Thanksgiving Selling Brings Distinctive Winter Modes in Ready-To-Wear At Uncommonly Favorable Prices

It goes without saying you want to be smartly and becomingly clad for Thanksgiving, whether you intend to spend the day far away or to entertain guests at home. And in these noteworthy displays, we feel sure, you will find attire that you feel is "right" from a standpoint of beauty, dependability and price.

The Fall Coat is a Smart Affair

Usually it is fashioned of soft, wooly fabrics with a long nap. Bolivia, Chamoison, Lustrola, Frost-Glow, and Silverstone are enjoying an immense vogue. There is a general tendency for the coat to be more snug-fitting and tailored with a tighter sleeve than has been seen for some seasons. Fine accentuations add a note of luxury to many.

FOR COMMUNITY SCHOOL

Prof. A. V. Teed of Wayne Sets Forth His Idea of Proposition.

Prof. A. V. Teed of Wayne State Normal faculty, in Nebraska Farmer: Conditions vary so much in Nebraska that it requires considerable time even to attempt to set forth in general statements the factors essential for such an ideal rural school.

The community should provide fully accredited schools of twelve grades housed in a modern building with an adequate teaching force and a source of study which will provide a solid foundation of general culture and as much of vocational training as may be offered with profit in a high school.

Two requirements are absolute and must not be disregarded if the school is to be a permanent success, namely, enough children to provide a reasonable enrollment for each grade and thus justify the expense, and sufficient taxable wealth to finance the school without burdening the community.

A study of high school conditions in our state reveals but few twelve grade schools in districts where the school census is less than 200. When we consider the intense civic pride of our small towns which lead many of them to run more school than their finances justify and the fact that many communities are not situated upon a high school education, we must admit that the four-year high school will have a struggle for existence. The district has 150 to 200 children of school age. In a smaller district the small number of pupils in the high school grades will always invite criticism on account of the high cost per pupil. While no exact figures are available,

I am afraid that but few open country districts will have this number of pupils within reasonable transportation limits.

The measure of the district should be the number of children within transportation limits and not in sections, but if thirty-five acres should approach as nearly as possible that of a township of thirty-six square miles. When the district contains a town a much smaller area will be just as satisfactory and will offer fewer difficulties in transportation. In the average well-settled parts of Nebraska there should give a valuation in the neighborhood of \$500,000, though a good school may be maintained upon less valuation by increasing the tax levy. Outside of our ranch sections almost any Nebraska community can support such a school.

The school should have a site of five to ten acres depending upon the amount of ground, if any, that is to be given to demarcation and experimental work in agriculture, respectively. I am of the opinion that such instruction can best be given in our state in the form of home project work. In other event the teacher of agriculture should be hired for the entire year and a man worth having would be well paid.

The building should have at least four-class rooms for grade pupils, a high school assembly room with stage, a community room, two recitation rooms, a laboratory, a gymnasium, a manual training shop and a kitchen for domestic science. Economy in building as well as in teaching force may be secured by seating the seventh and eighth grades in the high school assembly with the high school grades. This is in harmony with the latest educational practice and helps to bridge

the gap between the grades and high school. The building should have a good heating and ventilating system, a private lighting plant, a pressure water system for fountains and a septic tank for sewerage which city connections are not available. Such a building properly equipped would probably cost from \$50,000 to \$75,000 at present prices. If the sites in the open country, teachers' cottages should be provided at an additional cost of \$5,000 to \$8,000.

The school should have four grade teachers and three or four high school teachers. The grade teachers will cost about \$100 per month and the high school teachers will average about \$150 per month. Janitor service will probably cost \$100 per month.

Now transportation school is better than transportation and while the problem offers many difficulties, it has been solved in 10,000 communities in the United States and I am too loyal to Nebraska to say that it cannot be done here. In fact, transportation has been a success in many Nebraska districts for several years. If wagons are used they will cost from \$200 to \$300 each and should be owned by the district. Responsible drivers should be employed and they should furnish their own teams. High school boys are doing this work in many districts and doing it successfully, but I doubt the advisability of adopting this as a general plan on account of the discipline in the wagons. These wagons should never attempt to cover a route of more than six miles, but can haul from fifteen to twenty children. In the past years delivery with teams have been hired for \$60 per month, but they would no doubt cost \$100 or more at present prices. The amount of fuel for transportation needed will vary from year to year in the same district, making any estimate upon transportation very uncertain, but we are to be saying that at least four wagons will be needed and probably the surplus will be used for other purposes.

Auto Trucks for Transportation. Two or three automobile trucks will do the same work in a more satisfactory manner with less expense at the present cost. The truck can cover more miles in the same time and can go to the house door for the children that are getting a condition which causes just complaint when children have to wait by the roadside for the wagon. It should not be difficult to arrange for other transportation on the few days when the trucks cannot go, for all the farm teams will be idle on such days.

In these days of high prices estimates at best can be nothing but guess work, but a summary of those figures would indicate that an annual running expense of our ideal school will total \$10,000 to \$15,000 with the four- to six- mile school of thirty miles. When prices assume a normal level the cost will be proportionately less. Where the school is located in a town the expense will be lower for fewer children will have to be transported, a teachers' cottage will not be needed, teachers can be hired for less money and electricity, water, drainage and janitor service may be had with less expense.

The school described is not a cheap institution, but it will be worth all it costs. It will provide a center for community activities, which the one-teacher school can never do and will give the country boys and girls a "square deal" by providing that equality of opportunity which is the hope of our democracy.

There will be districts where on account of local conditions such a school is impossible. These schools should consolidate for grade work and two years of high school. Such a school should be run by one or two teachers. Two teachers should be used for the grade work thus doubling the time for recitations and more than doubling the efficiency of the grades. The other teacher could teach the usual ninth and tenth grade work, but she would have to be versatile and not have time for electives. In other districts grade work only should be attempted. Most of our agitation for consolidation in Nebraska has been based upon the need for high school privileges, but any school man who has ever supervised rural schools will tell you that the grade work of our country schools is wasteful and inefficient, and that the splendid success achieved by country boys and girls is largely due to the habits formed on the farm and not to any particular merit of the country school.

People who have returned from Rochester, Minn., recently report that Carl Madson who has been there the past few months for relief from a wound received in the service in France, is steadily improving, and encourage the belief that his health will be fully restored in due time. The will of the surgeons at Rochester has so far materially reduced the source of the trouble, and the young man looks and feels much improved.

So Human

---it amazed all Wayne

SOME of your friends must have been in the huge audience which heard Alice Verlet in her Tone-Test recital at the Normal auditorium Friday, October 10. Ask them about it. This is the astonishing discovery they made:

The keenest musical ear cannot distinguish any difference between the voice of the living artist and the Re-Creation of that voice by the New Edison.

And does it not amaze you, too, that Mr. Edison has succeeded in producing an instrument that captures every subtle sweetness of the human voice—that gives you all the ear can give you of the art of the world's great artists. No other phonograph dares to make this direct comparison.

THE NEW EDISON

"The Phonograph with a Soul!"

The New Edison alone can RE-CREATE music for you. Come in and hear it for yourself. Make the great discovery for yourself.

Jones Book-Music Store

Phone Black 107. Wayne, Nebraska

*The instrument used in the Tone-Test is the regular model which sells for \$285. It is an exact duplicate of the Laboratory Model which Mr. Edison perfected after spending Three Million Dollars in experiments.

Lay a bet on rolling 'em with

PRINCE ALBERT

the national joy smoke

ROLLING your own cigarettes with Prince Albert is just about as joyous a sideline as you ever carried around in your grip! For, take it at any angle, you never got such quality, flavor, fragrance and coolness in a makin's cigarette in your life as every "P. A. home-made" will present you!

Prince Albert puts new smokenotions under your bonnet! It's so delightful rolled into a cigarette—and, so easy to roll! And, you just take to it like you been doing it since away back! You see, P. A. is crimp cut and a cinch to handle! It stays put—and you don't lose a lot when you start to hug the paper around the tobacco!

You'll like Prince Albert in a jiminy pie as much as you do in a home-rolled cigarette, too! Bite and parch are cut out by our exclusive patented process. You know 'P. A.' is the tobacco that has led three men to smoke pipes where one was smoked before. Yes—sir, Prince Albert blazed the way. And, me-o-may, what a wad of smokesport will ripple your way every time you fill up!

Copyright 1919 by E. J. Reynolds Tobacco Co.

Awaiting your say-so, you'll find enough to hold title and tin, handsome pound and half, royal tin, ten-cents and—libal class, practical—ground crimp-cut glass holder with strong, insulative top that keeps Prince Albert in such perfect condition!

CHAMBERLAIN TOBACCO

GIRL SEVERELY BURNED

Daughter of Cedar County Farmer Catches Fire From Stove.

Hartington News.—Little Helen Murray, 13-year-old daughter of Hugh Murray, farming about seven miles southwest of Hartington, narrowly escaped being burned to death at her father's home last Friday afternoon when her hair became ignited while she was putting coals in the stove. Failing to extinguish the flames in a few minutes, with rare presence of mind, ran out of the house and jumped into a tank of water nearby. She then ran across the field more than a quarter of a mile to where her father was working. He took her back to the house and summoned a physician.

The little girl was brought to St. John's hospital, where everything possible was done to ease her pain. She was so badly burned about the head, face and across the shoulders that it is believed she will have to remain in the hospital for more than three months. It is feared that some of the burns are of the third class, the inside layer of skin being destroyed. If this proves to be a fact it may be necessary to graft skin in order that the wounds may heal. Her hands were also badly burned while trying to extinguish the flames.

Mr. Murray is a well known and highly respected farmer, occupying the old Dell Jordan place. He resided in this vicinity for several years until a few years ago, when the family removed to the southwest part of the county. Mrs. Murray resided here about two years ago. The family returned to Cedar county and little Helen tried to take the mother's place in the household at home. She has two brothers older than she at home and there are other children younger.

The little girl had used kerosene on her hair during the afternoon. When she started to make the fire to prepare supper her oily tresses became ignited from the coals in the stove and blazed about her head. She was alone at the time but with rare thoughtfulness tried to extinguish the flames by wrapping her head in a quilt. This proving ineffectual, she ran outside and jumped into the tank.

When she was brought to the hospital she was suffering from a very severe cold as well as the burns. Sympathy for the brave little lady is being expressed on all sides, and the hope is universal that she will speedily recover and suffer no permanent ill effects.

The Farmer Will Turn

Aurora Republican: Nebraska farmers are wondering why they should work twice to sixteen hours a day to keep up production and keep down prices for those who work a six-hour day and reaping the man who produces more than a minimum?

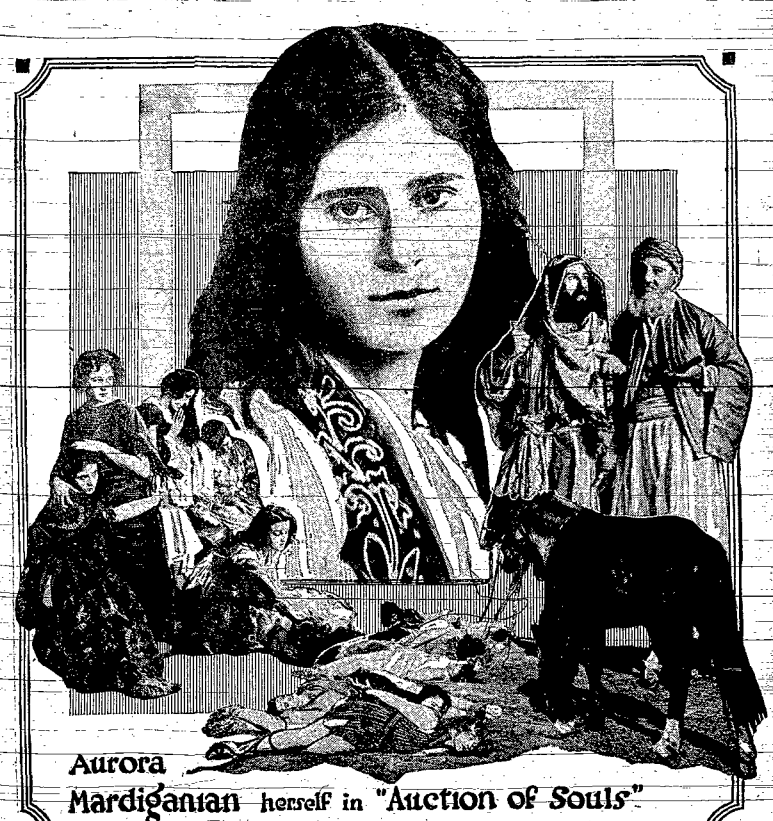

Why should one class be worked to death to make up for extravagance of the other class? Why should one get shorter and shorter hours and more efficiency in the service rendered?

With the coal strike, the longshoreman strike, the railroad strike and police strike, the idea of a farmer's strike is growing. Why should the farmer alone lustle and slave for long hours?

The farmer can live without the coal, but he cannot live without the constant strife and clucking of industries, and the demand that he produce more and more.

Will he live better than the multitude of city dwellers. The revolutions of the past have produced the down-trodden peasants and tenants—never from

STRAINED EYES CAUSE PHYSICAL ILLS

Nervous troubles, headaches and discomforts are caused by eye strain. Often when the strain is not noticeable while reading, tired eyes, frayed nerves, and irritability later will show the need for glasses.

If you even suspect your eyes need attention, come in and have them examined. Don't take a chance with your eyes but imagine what it would mean to lose your sight. We don't guess but we thoroughly diagnose your case before prescribing lenses.

Phonograph Prices Are Too High

No, not down at my place. Where else? Vogue's place. I have two new Nightingale Phonographs to sell at a great bargain. They sell all over the country for \$27.00 with 20 records. I will sell them at \$14.50 with 20 records. They stand 32 inches high, 24 inches wide, 21 inches deep. Have the famous self-adjusting silent running Stevenson motor which plays 7 records with one winding and is guaranteed the best of all the latest improvements. Has the new Nightingale all-records ball bearing tone arm which plays Victor, Columbia, Pathé, Odeon, Edison and any other record made, without an attachment. Has automatic stop, tone modulator. Tone is what you want. You do not want a tone that is a letter or as good a tone as the Nightingale phonograph. Come here and see the new Nightingale phonograph and be convinced that the Nightingale has the tone, and as fine a case as you ever saw, and that I have the greater minimum bargain you ever saw. Come anyway, whether you want to buy or not. Just let me tell you why you pay \$27.00 for one outfit that I sell for \$14.50. The Nightingale will prove to you that there is nothing better. Have one in dark oak, one in walnut—Ernest Vogel, three and one-half blocks east of the opera house. 2144

Attention, Huskers!

A Dixon county husker challenges the world for a husking match. Here is the challenge: Ponca, Neb., Nov. 11, 1919. I wish to announce that I claim to be the champion corn picker of northeast Nebraska, as I picked one hundred and fifty bushels of corn in ten hours and scooped it, and will wager I can pick two hundred bushels of corn in ten hours and not scoop it. If any body can beat that I will withdraw. Win. Bridgford.

Mystery of Costs.

St. Paul Pioneer Press: Among them don't miss this.—It costs 41 cents to bring a ton of coal by water from Buffalo to Duluth as against 60 to 90 cents to haul it across the dock after it gets there.

Former Wakefield Men.

Hartington Herald: J. L. Hunter & Son, who came up from Wakefield last spring and purchased the Jensen farm, four miles south of town, are building up a reputation as breeders of Duroc Jersey hogs. They are engaged exclusively in this business, and have on hand now 125 head of fine pure-bred hogs of this kind. They expect to make an exhibit next year at the county fair.

When Politicians Are Puzzled.

Springfield, Mass., Republican: It has always been observed that the elections are most wholesome which baffle the politicians who try to interpret them.

To furnish satisfactory service.

Telephone employees must be well paid and telephone equipment must be kept in good repair.

The expenses of operating the telephone have increased tremendously in the last few years.

Wages and the cost of materials have advanced greatly.

For these reasons telephone rates must be higher than they were.

NEBRASKA TELEPHONE COMPANY

Phone Ash 861. Wayne, Neb.

the lead-owning class. The revolutionary tendency in our country comes from the agitator and social-political class, who fight to reduce the present and increase the future.

The indications are that the farmer will reject advances to unite his political and industrial fortunes with theirs, and when it comes to the general strike to force a division of property as advocated by radical agitators, the farmer will fight socialism. He will not toil eighteen hours to feed the six-hour slacker.

How They Do It In Missouri.

From an exchange: A sale bill bearing the signature of Will Out Work, has been going the rounds of the press and through the Missouri auction sale, giving evidence of what queer combinations can be made by a printer who is tight and badly pies the galley. The bill announcing the sale includes the following list: Twenty-five cows, broke to work; 41 head of cultivators, coming in soon; 10 head of shoveling boars with scoops by side; 8 piano mares; 120 rods of canvas belting, better than new; DeLaval cow, with ice cream attachment; McCormick binder, in foil; Poland China hotted, due to farrow in April; 14 head of chickens, with grass seed attachment in good working order; 2 J. I. C. riding heaters, good as new; spraying outfit, can be ridden by child; 15 billy goats; 70 inches capacity, with spraying nozzle and other attachments, many other articles too numerous to mention which I expect to get at night between now and date of sale.

City Handles Coal.

Ord Quiz: At the request of the coal dealers of Ord the city administration will take full charge of the distribution of such coal as comes to town during the shortage period. This course was determined upon at a special meeting Monday evening and a committee of three was named with the mayor as

chairman, to say who shall have coal and who shall not. Blanks were prepared and anyone wanting coal has to fill out a blank, telling names in his family, size of house, etc.

The method of besting how much coal on hand at time of request and what, in his opinion, will be required to last two weeks, a two weeks supply being all that is allowed at the start. The Sack company received a car of coal Tuesday afternoon and it was doted out in 300 lb. lots.

Of course if the coal situation is to remain critical the above method was the way to handle the matter for there are a lot of people who are about out of coal and some

gals, who have plenty of fuel for present needs would be pigish. By adopting this method a record signed by the applicant will be on file and, probably there will be no one who will attempt to get more than present needs.

Notable Hog Sale.

Stanton Register: The Ed Kern sale of Durocs drew the usual large crowd to Stanton and was one of the best sales Ed ever had. The total amount of the sale was \$59,575, with the top boar selling for \$3,000, to E. S. Kitterman, Kingsley, Ia., and the top gilt selling for \$300 to William Madsen, Beemer. The average of the sale was about \$100.

Three Things to Do When Storing Your Car for the Winter

- drain your radiator.
—jack up your wheels.
—bring your storage battery to us.

To have your storage battery as good as new next spring, take it out of your car and bring it to us for winter care. Freezing, bursting, overdischarge and buckling will be prevented—and a big repair or replacement bill saved—if you let us store it, keep it charged and fill it regularly. And the cost of this service is small. Do it now—before the freezing weather sets in.

American Legion Organization.

Last Thursday evening fifty-three men met at the fire hall and organized a post of the American Legion. Harry Borg was elected chairman, Walter Johnson vice-chairman, Harold Davidson secretary and H. J. Kuntz treasurer.

Birthday Party.

Mrs. Martin Ekeroth entertained twenty small children and their mothers Wednesday afternoon in honor of little Clarice's second birthday anniversary. A social time was enjoyed. Mrs. Ekeroth served a three-course luncheon.

Men Enjoy Banquet.

Fifty members of the Presbyterian congregation successfully planned and carried out a "big" together banquet at the church Tuesday evening. The ladies of the Missionary society served the banquet. Captain W. Board of Warrenton gave an interesting talk. Musical numbers were also on the program.

Honor Mrs. Bannan.

Mrs. R. D. Aller and Miss Frances Mitchell entertained several friends Monday afternoon in honor of Mrs. G. H. Bannan of Lake Ok-Claw. A social time was enjoyed. Mrs. Aller served refreshments. Mrs. Mary Cook was also a guest of honor.

Announcement Party.

Saturday afternoon, on her birthday anniversary, Miss Olive Astrope entertained about thirty friends at her home south of Wakefield. The occasion was a "rainbow" party. Decorations were in the rainbow colors and threads of rainbow hues were strung about the room. On the arrival of the guests each one was given one of the threads to follow. At the end of the thread was found the announcement from Bess Cupert of the date of the marriage of Earl Leonard to Miss Olive Astrope on December 3. After a pleasant social time the hostess served a two-course lunch.

School Notes.

New apparatus had been received for the physics laboratory. The normal trainers took teach-

the near future. The proceeds will be used to meet football expenses.

The football game played with the Stanton high school team last Friday at Wakefield resulted in a victory for Stanton with a score of 26 to 13.

The football team will go to Hartington Friday to play with the high school team of that place.

Friday ends the second six weeks of school. The regular examinations will be given at that time.

Miss Alma Craven who was un-

able to teach for a few days because of illness, resumed her duties in the high school this week.

Obituary.
Eglin Ephraim Driskell, one of the oldest settlers of Wayne county, Nebraska, and honored as a veteran of the Civil war, was born at Burlington, Des Moines county, Iowa, November 7, 1835, and passed away at his home southeast of Wakefield November 10, 1919, at the age of 84 years and 4 days.

Mr. Driskell was one of the most public-spirited citizens of his locality, interested in all things pertaining to the general welfare of the community, always ready to do his share to promote the same. He fought his way through many difficulties and discouragements to a very substantial success.

On January 8, 1917, he suffered an accident in which he lost all the fingers of his right hand. At his

age this caused him considerable worry. Mr. Driskell was in his usual health and performed his duties about the farm until a week before his death. He was taken suddenly ill on Tuesday morning, November 4, and steadily grew worse, passing away at an early hour November 10. He was reared and educated in Iowa and in November, 1861, enlisted in Co. K, 14th Iowa Volunteer infantry, serving three years. In March, 1865, he enlisted in Company B, Fourth U. S. Veteran infantry from which he was discharged in March, 1866. He participated in many important battles of the war during his long and faithful service and won an enviable record. He was severely wounded in the battle of Corinth, Mississippi, after which he spent two months in a hospital. At Shiloh, the entire regiment and brigade were captured by the enemy, but Mr. Driskell at the time was driving a team, and so escaped. The principal engagements in which he fought were Fort Henry, Fort Donelson, where fourteen thousand prisoners were captured. Mr. Driskell's brigade was the first to go over the breastworks; Pittsburgh Landing, Shiloh, Corinth, Tappelo, and Yellow Bayou. After Lincoln was assassinated the regiment was sent to Washington, and for four or five months they guarded the conspirators who had planned the killing of Lincoln and his cabinet. When the conspirators were captured, Mr. Driskell stood on the prison wall and a few feet from the place of execution. Afterward the regiment did provost and guard duty at Columbus, O., and Louisiana.

At the close of the war, Mr. Driskell engaged in farming in Louisiana, Louisiana and later in Erskine county. He was united in marriage with Miss Mary Hartman September 27, 1859. To this union four children were born, two girls and two boys, all of whom, with his wife and a brother who died while when the end came. In 1854 he came to Wayne county, Nebraska, and settled on the farm he was living on at the time of his death.

Many changes have taken place since Mr. Driskell first came to Nebraska, thirty-seven years ago. He was one of the most successful farmers and cattle-leaders of the section where he lived, and was a man of influence and stability, interested in every public movement and ready to advance the cause of progress in every form. In 1888 he lost considerable stock in the well-remembered, bilharzed and has at other times suffered loss from various causes, but he steadily progressed on his way to prosperity.

He leaves behind his death, his wife and four children, Mrs. William Hugelman, Mrs. John McCormick and W. R. Driskell, all of Wakefield, and J. O. Driskell of Randolph, Ia., and one brother, J. O. Driskell of Windsor, Mo.

The funeral was held at the home on Thursday afternoon, conducted by Rev. John W. Beard of the Presbyterian church of Wayne. The body was laid to rest in the Wakefield cemetery. Those who attended the funeral from a distance were a brother, J. O. Driskell, Windsor, Mo.; James O. Driskell and family of Randolph, Ia.; Mr. and Mrs. C. Patts of Randolph, Ia.; Mr. and Mrs. Oliver Driskell, Mrs. Searley Driskell, Mrs. Chester Driskell and W. J. Grant, of Omaha.

Fred W. Weible, Owner

D. H. Cunningham, Auct. Farmers State Bank, Winside, Clerk

(Continued on Last Page.)

I was there to make a sketch of Mrs. Luchessa was just over, and she was talking to a little girl of seven. The first words I heard, as she sat down at the table, were "National Biscuits." "National Biscuits" is a name that has been given to the best of biscuits. First I had to see how they were made. Then when they were ready to eat, I found that they were indeed the best of biscuits. Always fresh—always welcome. An appetizer at the beginning of the meal, making the best soup better, and the final touch of satisfaction when the cheese and coffee are served. Nothing can take the place of **Uneeda Biscuit** on the family table.

NATIONAL BISCUIT COMPANY

Wages of Teachers.

Genova Signal: The Signal can see no reason why any school board should hesitate to face the fact that all teachers are going to draw more wages next year than they did this year unless their wages were substantially increased during the present school year.

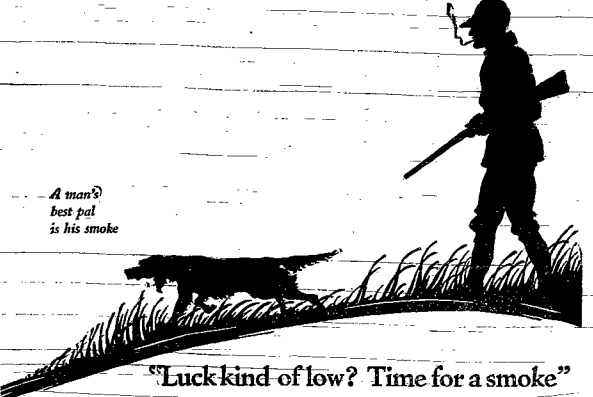

Here are the facts: Nearly everything is higher now than it was at the beginning of the school year. The only exception is hogs and the big packers had to do a lot of explaining about the price they are putting on hogs. The printing industry is a fair example. Printers have jumped up to 7 cents per pound wholesale, to which must be added the high government freight rate, drayage, storage and other expenses that always pile up. All printing office help is drawing from fifty to 100 per cent more pay than it drew when the world war started. The high cost of coal and labor have increased the cost of the heat, light and power that every printing office must use.

Every other industry is having the same increases in operating cost. In addition there are other considerations that make operation more expensive. One is the great difficulty in nearly every line to get merchandise, machinery and other supplies. It is into any store and ask the proprietor about this and he will unfold a tale of woe that will make you want to cry. When a merchant can't get goods he loses sales. Every printing office has trouble in keeping up the stock of supplies and is constantly apologizing to some customer for unavoidable delays and changes in stock specifications.

Now only this, but the wise school board is going to have itself and make early contracts with good teachers if it is able to find enough good ones to go around. Many teachers are being lured into other occupations. Three Chautauque bureaus are pleading with Superintendent Weisel to do summer work and there is a rumor out that he has been approached with a suggestion that he abandon school work for another occupation. Agents of various concerns were hovering around the teachers at their annual state meeting at Omaha last week hunting for available young men and young women of apparent capacity to take all sorts of positions outside of the teaching profession.

The Signal has before it a letter that has just come in from the Mergenthaler Linotype Co., quoting statistical experts, all of whom seem to agree that there is no prospect that there will be a decline in the high cost of living or a material reduction in wages for the next two or three years at least. The experts believe that the high point will be reached in the next twelve months but they do not look for an early decline. Every moment of experience for the past year has given us reason to take the same view. When the armistice was signed a year ago we thought prices and wages would soon decline but they have generally gone the other way.

Every board of education has a serious duty to perform on behalf of the tax payers whom it represents and the Signal is not given to advising anybody to do any hallowing, but it believes there is every reason to expect that it will be imperatively necessary to raise the wages to teachers locally and so done it is the duty of the board to go about it in an early date. High taxes do not please the Signal but naturally we must expect higher taxes when everything else gets higher.

"Luck kind of low? Time for a smoke"

— Ches. Field

LIGHT UP a Chesterfield. Now you're in Luck. No mistake about it, Chesterfields sure do come through on "Satisfy"!

None but the finest varieties of Turkish and Domestic tobaccos, specially selected and expertly blended — is it any wonder that Chesterfields welcome comparison with the best you ever smoked?

Ordinary blending brings out flavor, of course, but blending by Chesterfield's process brings out a new flavor — a flavor that "they" didn't know was there.

And this blend is exclusive — based on our private formula. It cannot be duplicated, or even closely imitated.

You get "Satisfy" in Chesterfields and nowhere else.

And the special moisture-proof wrapping lets none of their flavor escape.

Speed Its Departing.

Sioux Falls Argus-Leader: There should be no delay in bunkering the ship that is scheduled to carry those anarchists to the land from which they came.

A Question of Precedence.

New York World: Illinois editors have "hitched Coolidge to the Lowden boom." But which candidate ought logically to be the tail of the kite?

Gift of Ice for a Name

Next Monday, Nov. 24, the opportunity to earn a ton of ice delivered or 3,000 pounds not delivered by suggesting a name for the new ice and cold storage firm of the Homer Seace and V. V. Ley will be over. Proper having names to offer should bring or mail them to the Herald office before that date.

For the best name — best meaning the one which the firm accepts and uses — handed in before November 24, a ton of ice will be delivered anywhere in the city, in such quantities as the person receiving it may wish. If the suggestor of the name lives anywhere else in the county, except Wayne City, 3,000 pounds of ice will be given, but not delivered.

In order that the contest may be fair, Mr. Seace and Mr. Ley will not know the names of the persons handing in the titles. Clip out the following Coupon, put down your idea of a firm name, and sign your own name. Send the coupon to the Herald office, where a record will be kept. All the suggested firm names will be turned over to Mr. Seace and Mr. Ley and they will select the one which seems most fitting to them.

The Man That Sells You an "Exide" Starting and Lighting Battery

KNOWS—

That he is selling you a battery that will satisfy the demands of your starting and lighting systems for a vital and enduring power supply.

That the "Exide" has 31 years of exclusive storage battery building behind every detail and has absolutely proved its practical worth.

That it "costs most to make, but least to use" because it is manufactured not to meet the market's competition but to give enduring service to the customer.

If you knew the "Exide" as well as the man who sells "Exide" knows it, you would be an "Exide" user. It will pay you to know.

Vern Fisher

Phone Ash 861 Wayne, Neb.

Girl Loses Treasures.

World-Herald: Beautiful black dresses, in a baby's feet long, were clipped from the head of Miss Mona Calder, 17-years-old of Papillion Friday afternoon.

Miss Calder believed the braids was slipped while she was descending in an elevator at the Brandeis Theater building, where she had gone with her uncle, H. C. Tye, to consult W. P. Wherry about her eyes. She left the office about 5 o'clock.

At 5:30 she arrived home and taking off her coat, discovered her hair had been shorn from her head. The hair had been tied with a ribbon at the back of the neck, and about an inch below the ribbon it had been clipped straight off.

Mona attended the Papillion High School and her hair has been her pride, and the envy of her schoolmates ever since she entered school.

Her uncle, D. L. Carpenter, 3728 Marcy street, is confident that the hair was clipped by a professional hair thief and no prancer.

Miss Calder has no opinion. All she knows is that her beautiful hair is gone.

Campaign Against Rats.

Big Horn Journal: The campaign for the extermination of rats, staged by Mayor H. P. Cunningham, came to a close on the first of the month. As a result of the contest, 323 rats were despatched to the happy hunting grounds. George Weger carried off first honors, an even eighty-three rats being his share of the killed. For his work he received first prize, \$3.00 and 5¢ for every rat he slaughtered. It amounted to \$7.35. For second honors, Clarence Dowdy was the winner. He had 66 rats to his credit and his monetary remuneration amounted to \$3.90. Right through was third place, taken by W. J. Cunningham in the list with 32 rodents and his share of the pot was \$3.60. The total amount paid out for rats and for prizes was \$32.35. As each one of the rats would do at least ten dollars' worth of damage in a year, the total of the saving would amount to \$5,300, and the deal was cheap at the price paid. The rats killed during the campaign were of all ages, size, color and description. They were all there from the old, long-whiskered grand-daddy down to the young rat who had just started out into the world to make his own money.

Mayor Cunningham assures us that he considers the contest a real success and feels that it should be made an annual event.

Col. House Out of It. Kansas City Star: Col. House is so determined not to run for president that he wouldn't do it even if both parties combined to offer him the nomination. Which, it must be admitted, probably let's him out.

One Word From Us, and— Chicago Tribune: For the fourth time the supreme council in Paris has directed the Rumanians to withdraw from Hungary. One word from the council and the Rumanians do as they are bid.

Handicapping the Angels. Philadelphia Public Ledger: If Sunday flying is forbidden, the angels must be at a considerable disadvantage.

A Tardy Triumph. Minneapolis Journal: Silver bulion has been fooling around the inspired 16 to 1 ratio with gold, and may yet cross the sacred line and cavort on the other side. The Cammer is dusting off its 1896 rosters.

FORD CAR TURNS TURTLE

Tire Blowout Turns Automobile Over—Other Nearby News.

When one of the tires of M. R. Dutcher's car blew out, the Ford automobile, according to the Pierce County Call, Mr. Dutcher was driving from Pierce to Norfolk to meet his son, K. M. Dutcher, when the tire blew the Ford upside down into a ditch by the side of the road. Mr. Dutcher was pinned under the car fifteen minutes before he was rescued. The car was righted, Mr. Dutcher released, and they all went on their way to Norfolk.

C. L. Thomas died at the home of his mother, Mrs. Eric Rhodman, in Pierce, November 10, after living three months with a broken back. The young man who was only 21 years old, was hurt in an automobile accident last August. He is survived by his wife and two sons, one of whom was born three days before the father's death.

A lay suit against the Woodmen of the World that may affect 80,000 members was instituted in district court at Randolph, November 8. Charles E. Fowler, George W. Parr, John S. Chiknbeard and William F. Youell are suing for themselves and all others similarly situated to prevent the fraternal beneficiary association from putting into effect the new rate January 1, 1920, adopted at the sovereign camp meeting at Casper, 1917. These rates are much higher than those now in effect. The petition claims that the adoption of these rates is in violation of the laws of Nebraska. Attorneys from Nebraska City, Sedalia, Mo., and St. Louis, have been employed by the plaintiffs.

The Cedar County News announces that there have been nearly one-fifth more weddings in the first year of peace than in the preceding year. The records of the county judge show that ninety-two couples were married in the year which ended Armistice day as against sixty-five weddings in the last year of the war.

Prof. M. H. Wescon of Oakland who is connected with the English department of the University of Nebraska, is joint author of a book called "English, Science and Engineering." It has been adopted in the universities of Virginia, Kentucky and South Dakota, Selieffield School at Yale, Alabama, and Rose Polytechnic institutions, and a number of state colleges.

The Danish people of Laurel have purchased here about a half lot of new residence addition and have let a contract for the erection of a parsonage.

The Armistice day celebration at Laurel had to be postponed indefinitely because of unfavorable weather. The chairman of the Laurel post of the American Legion declares the celebration will be held even if they have to wait until favorable weather for good weather and possible roads.

Forty-seven soldiers and sailors from Stanton organized a chapter of the American Legion and received their charter last week.

In regard to the football game between Stanton and Wayne State University: We note that the report from Wayne to the dailies was that it was the second team and from what we learned from the Stanton men they could see but one of the regular team out, and he was put out the first of the season. Our hope is to see the regular team beat the best team Wayne Normal could put up. The Herald understands the question is to be submitted to the railway commission for immediate and unprejudiced decision.

A Baby Strike is Called—South Sioux City, Neb., Nov. 11, 1919.

To the Editor: A nationwide strike of all the babies of America is hereby called for the evening of December 24, 1919, unless the following demands are granted:

1. A voice in determining the hours of their parents.
 2. Emancipation from the tin can.
 3. Shorter hours of labor and longer naps.
 4. Better housing conditions and environments.
 5. A higher type of ancestors.
 6. A fair representation of the Union in every American home.
 7. That the reins of government be returned to the babies of America, as soon as they are able and strong enough, will take the reins of local, state, and national government into their own hands.
 8. (Signed) A Babying Delegate.
- Some of these demands may seem childish, but not less so. I believe than some of those of other agitators. In Don Quixote, Cervantes held feudalism up to the ridicule of the world and the system was laughed out of existence. May I hope to be able to do the same in some degree, to help rationalize the American spirit, or, at least, Toledo Sherry. Author of the Model Farm Plan of Education.

Cathedral Phonograph

A MUSICAL instrument of Tonal excellence, design and beauty, with two exclusive inventions giving it leadership among phonographs.

The Morrison Electro-Magnetic Reproducer

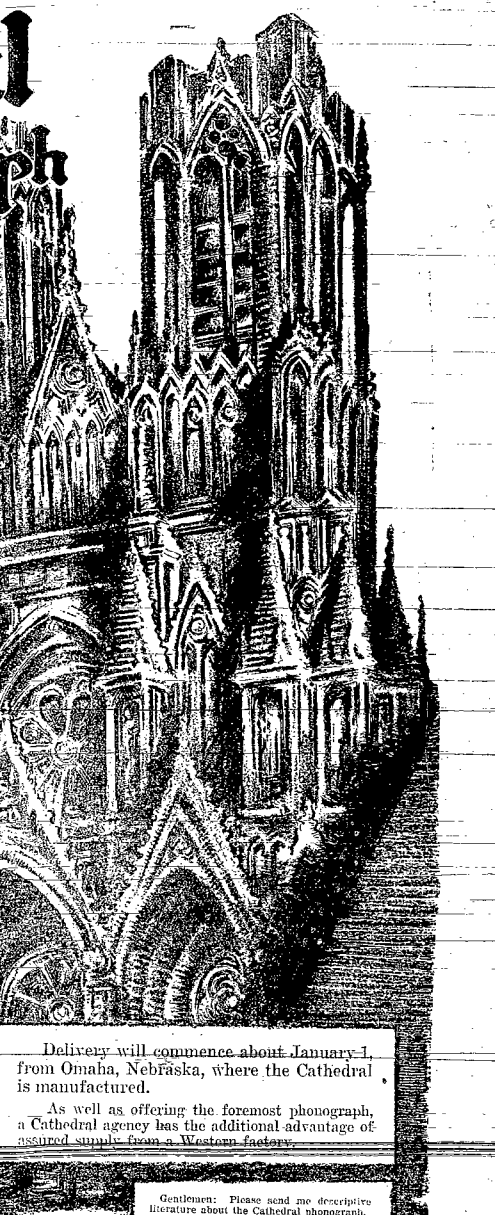

Makes faithful contact with the record always a certainty—the first application of an electro-magnetic principle to phonographic reproduction.

The Rodgers All Record Tone Arm

Permits the playing of any disc record accurately and to the greatest limit of its musical possibilities—the first appliance that adjusts itself properly to the record.

A CATHEDRAL places ALL the voices at the command of its possessor—you are not limited to any one record.

The finest artistry of the cabinet maker's craft has been utilized to make Cathedral cabinets worthy of the place the instrument occupies. Only the best grades of the most beautiful woods enter into these cases, which are specially designed and copyrighted, in order that their individuality might be guaranteed to Cathedral patrons. In addition to Cabinet Styles, selection may be had from Period Designs and Console Types.

Delivery will commence about January 1, from Omaha, Nebraska, where the Cathedral is manufactured.

As well as offering the foremost phonograph, a Cathedral agency has the additional advantage of assured supply from a Western factory.

Gentlemen: Please send me descriptive literature about the Cathedral phonograph.

Call for American Coal. The problem of providing steady work for the coal miners is simplified by the present world demand for American coal. The National Bank of Commerce of New York, saying in its monthly magazine that more than half of the world's coal resources are in the United States, adds that the acute problem is not the domestic but the international coal situation. This is true, and there is general agreement that the only relief is to be found in increased production in this country. The export trade question is complicated by the excessive rates charged by coal carrying shipping companies, but if satisfactory readjustment of freight rates can be made, we can meet the foreign demand by speeding up production here. Conditions in Europe are such that this demand is likely to continue indefinitely, and while it lasts American operators will be safeguarded against all danger of overproduction. Coal not needed at home in any season will be shipped abroad. Thus, continuous operation of the mines will be assured, and the basis of a complaint which the miners have evidently made in good faith

will be removed. It will not be overlooked in this connection that large exportation of coal means large addition to the income of this country.

The Publishing Crisis. The decision of the American newspaper publishers association to limit the size of newspapers and increase advertising and subscription rates has been forecast by a real crisis in periodical publishing. Costs of all kinds have increased to such an extent that experts believe the total advance to be not less than 100 per cent in a single year. This cost covers wages, postage, and prices of virtually every article entering into newspaper production.

At the same time the enormous increase of national advertising has thrown the business into a topography condition by requiring the publication of unreasonably large papers. These issues have accentuated the paper famine which had already become acute during the war. Paper which sold at one time at about 2 cents a pound has been steadily advancing until some of the

experts are declaring that 10-cent paper is actually in sight. Being unable to influence the supply the publishers have decided to take the bull by the horns and limit the size of the newspapers by arbitrary action.

While this will cure a part of the evil, it will not meet the increased cost of production. This must be provided for by means of higher subscription and advertising rates. A countrywide movement to make these advances has now been inaugurated by the publishers' association. It will be accompanied, of course, by a complete exposition of the needs of the business and the causes of the advance. Complete publicity is necessary when a business revolution of such magnitude takes place. Every reader and every advertiser is entitled to know the facts and these will be furnished fully from time to time as the advances in rates develop.

Ulysses Dispatch: Ray Anstine narrowly escaped serious injury last Saturday morning when he attempted to avoid running over a dog with the Ford which he was driving. In

turning suddenly to miss the dog his car turned over resulting in damaging the car. Anstine came out of the smashup with only one cut on his face which necessitated the attention of a surgeon.

How Did the Anarchists Get In? Kansas City Times: The country can't help wondering how all these Russian anarchists, who are now to be deported, gained admission to the United States. Wasn't the Bureau of Immigration on the job? Or was it so anxious to please the sentimentalists who were influential on behalf of the conscientious objectors that it let the bars down?

Not "Golden Rule's" Way. Springfield, Mass.: Republican: The late "Golden Rule" Jones would have been interested, if not dismayed, by Toledo's action in voting an order of the trolley cars and tracks. That wasn't his way of getting at it.

Relative Values. Minneapolis Journal: The burlesque first-looks-for-bottled goods, then for cash, and finally he carries off the eggs.

turning suddenly to miss the dog his car turned over resulting in damaging the car. Anstine came out of the smashup with only one cut on his face which necessitated the attention of a surgeon.

J. C. Sparks of Sidney, Neb., Mes. E. Brennan and Mrs. E. J. Hughes at an afternoon tea Thursday.
Mrs. J. M. Zimmerman and son Jesse returned to their home at Omaha Monday after a visit with her parents, Mr. and Mrs. Charles Bonifant.
Miss Christine Hansen who has been visiting her brother Dean and family, left for Rushville, Neb., on Monday at which place she has accepted a position with the public school.
Mrs. Clarence Lisle entertained at her home last Wednesday. In spite of the bad weather and bad roads, a large crowd attended. At the close of the meeting a delicious lunch was served.

HOSKINS
Boys to Mr. and Mrs. W. Koplin November 14, a son.
A tally pull was given at the Behner home Sunday.
Hazel Ruhlau was a business passenger to Shippie Friday.
Walter Fenske shipped a car load of cattle to Omaha Thursday.
The new piano which has been purchased for the public school, came Friday.
Irwin and Agnes Kling of Norfolk visited at the Edwin Winter home Friday.
Harry Love of Stanton visited at the Carl Manthei home last Wednesday.
Venus Ruhlou of Norfolk was a guest of homefolks Saturday afternoon.
Edna and Ed Marotz and A. K. Johnson were Omaha passengers Monday.
Miss Pauline Amend and Miss Ella Strate were Wayne visitors Saturday.
There will be a program and picnic at the Dresden school on November 26.
Carl Pfeil and Edna Krause visited at the John Forahl home in Norfolk Sunday.
The Lutheran parochial school students have started work on their Christmas program.
Miss Eleanor Heberer was a guest of her sister, Margaret at Norfolk, Saturday and Sunday.
Mr. and Mrs. J. Gottsch went to Winfield Friday to visit at the home of Mr. Gottsch's parents.
Mrs. Henry Bruse and daughter, Minnie were guests at the J. Dobbin home at Norfolk, Saturday.
Mr. and Mrs. Lawrence Gleason

of Norfolk visited at the Gus Schroeder home Sunday.
Emmett Warrick and Mr. Kirkpatrick of Meadow Grove, were business visitors here Saturday.
Edwin Scheerich and W. Werner left Friday for Naperville, Ill., where they will attend Northwestern college.
Mrs. E. Winter went to Norfolk Friday to spend the week end with her parents, Mr. and Mrs. Wm. Kling.
Rev. J. Harms went to Columbus Saturday where he gave a lecture on missionary work in India, Sunday evening, November 16.
The first number of the Iccan

pany, will be given December 2, instead of November 27 as was first stated.
Word was received here of the death of M. Benedict of Norfolk at an Omaha hospital Sunday morning. Mr. Benedict was a former Hoskins resident.

Leon Peltzer will hold a sale on November 20. Mr. Peltzer and family will leave December 1 for Broken Bow, Neb., where they will make their home.
English services were held at the Lutheran church on Sunday evening. There will be services in the English language every two weeks, in the evening.
Miss Mary Behmer of Norfolk the occasion was the Iccan stock wedding anniversary of Mr. and Mrs. Kollath. An enjoyable evening was spent.

Complaint Against Stock Yards.
Lincoln, Neb., Nov. 16.—Complaint against the quality of hay sold to livestock at the Iccan stock yards in South Omaha is made by Jesse M. Calkins, cattle shipper of Center, Neb.
Calkins backs up his argument with two sample sacks of hay, which he has sent to the commission. He claims the hay sold to him had been harvested after it was dead in the field, and that after feeding it to his cattle they became gaunt and thin and failed to bring as high prices as they would have brought otherwise. He says he paid \$40 a ton for the hay.

Becoming Prohibitive.
Philadelphia Public Ledger:—The cost of clothing goes much higher, Gen. George's prophecy that the white race will flock to the tropics, may come true.

RHOBSTAT CATCHES FIRE

Caused Suspension of Pumping at Power Plant Sunday.

The burning out of a hoostat at the power plant—Sunday—morning caused high points in the city to be without water nearly all day. The hoostat, which is used to regulate the current of the electric motor which controls the pump, is said to have been in operation for several years ago. With the parking left in it. This caught on fire Sunday morning with the result that the city had to quit pumping water. The Wayne State Normal pump was used all day in an effort to keep up the supply of water, but very little pressure could be worked up because the reservoir was emptied. A big stream of water was running into a ditch where the storm sewer is being laid and this, with a few other steady drains on the supply soon exhausted the water in the tank.

The hoostat was taken apart and repaired so that it could be used. This work was completed about 4 o'clock in the afternoon, when the city began pumping again and the pressure was again strong enough so that all consumers could get water.

I. W. W. MEMBERS ARRESTED

Governor Takes Lead in Ridding State of Undesirables.

Omaha, Neb., Nov. 17.—Seven teen alleged members of the I. W. W. were arrested here yesterday in a raid on their lodge rooms at 106 North Thirteenth street. The raid was under direction of Major E. D. White of the United States army and Chief of Police Eberstein and was the first move made by the authorities of the state wide roundup of the I. W. W. ordered Thursday by Governor McKelvie to rid the state of radicals.

Two Held in Fremont.

Fremont, Neb., Nov. 17.—Acting on instructions recently issued by Governor McKelvie, two men carrying I. W. W. membership cards were arrested here yesterday. They are held on a charge of vagrancy and County Attorney Cook said he would prosecute them. The county attorney yesterday no-

tioned Governor McKelvie of his intention to rid the community of men connected with the Industrial Workers' organization. An investigation is to be made of the report that grading outfits in the northern part of the county are made up largely of avowed members of the I. W. W., and that they are engaged in propagating their doctrines.

CHANGES CONSTITUTION

Wayne Women's Club Adds Treasurer to List of Officers.

At a meeting of the Wayne Women's club Saturday afternoon, the constitution was changed to provide for the election of a treasurer. Heretofore the secretary has also acted as treasurer. The executive board elected Mrs. M. S. Davies to the newly provided office.

The committee consisting of Mrs. G. W. Crossland, Mrs. F. G. Phillo, and Mrs. Henry Ley, gave a report concerning the opera house. They recommended that they be converted into play grounds instead of being rented for a garden next year.

Miss Margaret Mines gave a reading entitled "Higher Culture in Dixie" and responded to an encore. Miss Jessie Jenks, librarian at the Wayne State Normal, read her paper on "High School Library" which she gave recently at the state meeting of librarians in Omaha. She recommended that every high school should have a librarian or library teacher to aid students in reading the best books.

Mrs. J. G. W. Lewis, the president, gave a review of what she heard in the child's welfare department of the state teachers' meeting in Omaha recently.

The next meeting of the club will be held on the first Saturday in December.

To Teach His Own Children.

Lincoln, Neb., Nov. 16.—J. Walter Fisher, former legislator from Boone county, and for years a school teacher holding a life certificate, has applied to the superintendent that his certificate be validated. Fisher says he is dissatisfied with the school in his district, and shall teach his own children.

Miss Henrietta Busskohl of Bloomfield, was a Saturday shopper in Wayne.

Hunter Frozen to Death.

Mullen, Neb., Nov. 16.—Lauren Ireton, 35, a rancher twenty miles south of here, was found frozen to death back of the ranch house Saturday by his father, Ray Ireton. The son left Wednesday night to hunt rabbits, and when he did not return

he was thought to have gone to a neighbor's home, and search for him did not begin until the next morning. His body was found on a hillside just back of the house. He is supposed to have fallen into the Dis-mal river and frozen before he could reach the house.

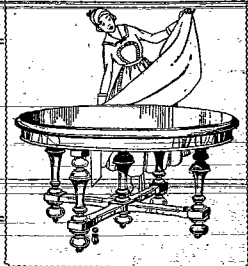

Found Dead in His Wagon.

Lyons, Neb., Nov. 16.—H. A. Kelley, a prominent farmer living near here, was found dead in a wagon box, where he had been husking corn. It is thought he died of apoplexy. He was 54 years old and leaves a widow, three daughters, and

one son. Another son died at one of the army camps.

A Dangerous Pastime. Minneapolis Journal. Uncle Sam's actions indicate that half bricks must not be bounced on his tall hat.

Serve Thanksgiving Dinner on a New Table

THE Thanksgiving feast will taste better if it is served on a new table. We have a full line of dining room suites in Jacobean, William and Mary, and other styles that are always good. We have some very pretty sets in golden oak waxed.

Tables Priced from \$22.00 Up.

Dining Room Suites Priced from \$75.00 Up.

PUBLIC SALE

As I am expecting to put in all of my time in the manufacture of the Lessmann loader, I am compelled to sell my entire farm equipment consisting of live stock, grain, hay and machinery...

Friday, Nov. 28

Commencing at 12 o'clock, noon, sharp

8---Head of Horses---8

One span black mares, 5 and 8 years old, weight 2,500; one bay gelding, 5 years old, weight 1,100; one black horse, 10 years old, weight 1,100; one sorrel mare, 10 years old, weight 1,100; one black horse, 11 years old, weight 1,000; one three-year-old, one black horse, 7 years old.

36---Head of Cattle---36

Six milch cows. One thoroughbred Holstein, just fresh; one good grade cow, just fresh; four others, some giving milk; few young calves, balance good grade stockers.

58---Poland China Hogs---58

Anyone figuring on Breed sows for spring will do well to look this bunch over. They originated from a very choice herd of registered sows.

Farm Machinery, Etc.

McCormick 8-foot binder, Deering mower, Bradley mower, new Osborn hay rake, McCormick hay stacker, new Dain hay sweep, John Deere gang-plow, Dutch sulky plow, new Bradley 8-foot disc, new; one four-section harrow, one two-section harrow, new, hay rack, good as new; one wide tire wagon, complete with box; one wagon, in good shape; one new John Deere wagon, triple box; one bob sled, Janesville single row cultivator, Twentieth Century single cultivator, John Deere two-row cultivator, Sateley corn planter, single buggy, Twentieth Century manure spreader, refrigerator, Home Creamery churn, oil stove, DeLaval cream separator, six rolls wire cribbing, one-hole corn sheller, new; one engate seeder, gasoline and kerosene barrels, four sets work harness and fly nets, new wagon tank pump, numerous other things, one four-horse and one five-horse evenor, road drag, seed corn rack, Old Trusty incubator, one I. H. C. feed grinder, 50-foot steel cable, two feed bunks.

Four Stacks Alfalfa Hay

1,200 Bushels Corn in Crib 500 Bushels Oats

Free Lunch at 11:30. TERMS: Ten months' time will be given on approved notes bearing eight per cent interest. Sums of \$100.00 and under, cash.

Herbert F. Lessmann, Owner D. H. Cunningham, Auctioneer. Chas. Beebe, Clerk

In his veins the blood is boiling, he earns the cheer-up grin. Green envy, reader, is the answer; it's gnawing like a deadly cancer, in Harry Tom and Dick; it takes the bloom from human pleasures, it turns to dross the old world's treasures, and makes the spirit sick.

CLOSING OUT SALE

As we are going to quit farming we will hold a joint closing out sale on the Bruner farm two miles west and three miles north of Wayne, and seven miles east of Carroll, on

Monday, November 24

Commencing at 12 o'clock.

Free Lunch at Noon

Seven Head of Horses

Gray gelding 5 years old, weight 1,500; black gelding 12 years old, weight 1,500; two geldings, 6 years old, weight 1,350 each; sorrel mare 5 years old, weight 1,250; bay saddle horse, 9 years old, weight 1,000; black saddle mare, 9 years old, weight 1,000.

Fifteen Head of Cattle

Five milch cows, five yearlings, two heifers in calf, three spring calves, two fall calves. Part of this offering are high grade Holsteins.

Thirty-six Head of Hogs

Some extra good-brood sows, balance stock hogs.

About Five Dozen Chickens

Machinery, etc.

Three box wagons, one a John Deere, nearly new; one rack wagon, two 2-row cultivators, John Deere and Bailer; two disc cultivators, 2-shovel cultivators, gang plow, 16-inch Janesville riding plow, three other plows, endgate seeder, Watt corn sheller and 4-horse engine, two steel harrows, Sandwich grinder, two corn planters, three disc harrows, fanning mill, and corn grader, Fairbanks engine 1 1/2-h. p., power washer, Butterfly-cream separator, four sets work-harness, set single-harness, some blacksmith tools, 8-foot Independent mower and numerous other articles.

TERMS: Twelve months' time at 8 per cent interest; \$10.00 and under cash. No property to be removed until settled for.

D. H. Cunningham, Auctioneer.

State Bank, Clerk.

n13-20

THE EARLY DAYS IN TWO COUNTIES

From the Wayne Herald, November 20, 1902:

A. A. Welch went to Chadron on legal business.

A son was born to Mr. and Mrs. Herman Henney November 17.

A daughter was born to Mr. and Mrs. J. S. Lewis November 12.

F. H. Jones sold his residence property to William Wright for \$3,500 and expected to build a modern residence in the near future.

R. E. K. Mellor was in Carroll looking after business. He was in charge of the hotel business.

Wilton Little of Canton, Mo., bought the Boyd Hotel from Mrs. Todenhot and took possession November 11. Although he had at one time been in the hotel business, he was a traveling salesman when he purchased the hotel.

Mrs. F. A. Chaon died at her home five miles northeast of Wayne November 5, after an illness of many months. Mrs. Chaon, who was 60 years old, had lived in Wayne county twenty-three years. She was sur-

vived by her husband and eleven children.

Grant Mears, the sheriff, made a trip to Platt, S. D., where he secured a man wanted for taking a horse, buggy and harness from E. H. Wright, who resided southwest of Wayne.

The gold medal contest given at the Baptist church November 10 resulted in Mrs. Grace Herr's being awarded the gold medal by the judges, the Rev. Birrell, the Rev. Weldon and Professor Gregg. There were five contestants, all of whom gave recitations.

From Ponca Journal, November 24, 1881:

The Minnesota has gone into the territory.

A telephone connection is talked of between Sioux City and Dakota City. Why not? And why not have such a line between Sioux City and Ponca?

Numerous loads of wood are being brought into town this week. This will knock down the outrageously high price of wood which has lately prevailed.

The coal company continues to remain very quiet, and in consequence the coal stock is not advancing rapidly. We believe the entire

price would pay if it were continued, and that a big layer of coal would be found just as Prof. Aughey said. The fact is that this country is going to have to rely soon in some way in the matter of fuel, and if this coal enterprise is abandoned it looks as though some people would soon have cold times.

The gold medal contest given at the Baptist church November 10 resulted in Mrs. Grace Herr's being awarded the gold medal by the judges, the Rev. Birrell, the Rev. Weldon and Professor Gregg. There were five contestants, all of whom gave recitations.

From Ponca Journal, November 24, 1881:

The Minnesota has gone into the territory.

A telephone connection is talked of between Sioux City and Dakota City. Why not? And why not have such a line between Sioux City and Ponca?

Numerous loads of wood are being brought into town this week. This will knock down the outrageously high price of wood which has lately prevailed.

The coal company continues to remain very quiet, and in consequence the coal stock is not advancing rapidly. We believe the entire

price would pay if it were continued, and that a big layer of coal would be found just as Prof. Aughey said. The fact is that this country is going to have to rely soon in some way in the matter of fuel, and if this coal enterprise is abandoned it looks as though some people would soon have cold times.

help from forces outside of their own ranks. Their leadership is impelled in such manner that if they were to divulge the depth and breadth of the cleavage within the camp they would be deposed, and thus all the advantage they now enjoy by reason of their inner position would be lost. They must fight the mutineers and put them down without sounding the alarm, or be borne down by them, in which case the alarm would be too late, even if it could be sounded.

As a market Ponca now takes rank second to no other place in northern Nebraska, or in the state, for that matter. The town now has one or more buyers for every kind of produce, and the competition on some articles often runs them clear

of the market. The butter has sold as high as 32 cents a pound, while the quotation today gives it at 22 cents. A large number of hogs have been marketed this week at good prices, though the buyers are not now paying within 50 to 60 cents of what they were last week. The wheat and potato receipts have been light this week. Other products have been heavy and brought good prices. A large number of hogs have been marketed this week at good prices. Wheat 50c to 85c, corn 30c, butter 22c.

Cotton a Luxury. Springfield, Mass., Republican. With-cotton-selling in Arkansas at \$1 a pound we may have to wear silk. What cheap cotton has meant

little appreciated. For one thing it has played an important part in the reduction of disease by making a more fastidious personal cleanliness possible for the masses. The sanitary and hygienic value of cheap cotton is so great that on this ground alone there would be cause to hope that the present shortage will soon be relieved.

An Attenuated Minority. Chicago Daily News: In America the howling "reds" are just about one-half of 1 per cent of the population, the great silent herd voting majority constituting the rest of it.

He's Disappeared. Dallas News: What has become of the old-fashioned artisan who took pride in turning out a good job of work?

NOT AN ISOLATED CASE. Many Similar Cases in Wayne and Vicinity. This Wayne man's story given here is not an isolated case by any means, week after week, year after year, our neighbors are telling similar good news. Ask your neighbor, M. Kroger, prop. of grain and coal business, Wayne, says: "I had a dull ache across my kidneys and was bothered by irregular passages of the kidney secretions. Doan's Kidney Pills relieved me from the first and finally cured me."

Again Praises Doan's. Nearly six years later Mr. Kroger said: "It has been three years since I have had occasion to use Doan's Kidney Pills. I never fail to give them credit for having rid me of kidney trouble."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Kroger had. Foster-McClellan Co., Buffalo, N. Y.

Road Notice. To whom it may concern: The commissioner appointed to locate a road on and along the south side of the C. St. F. M. & D. Railroad right of way through the southeast quarter of Section Thirty-one (31) Township Twenty-six (26) Range three (3) east in Wayne county, Nebraska, has reported in favor of the establishment thereof, and all objections thereto or claims for damages must be filed in the county clerk's office on or before noon on the 15th day of January A. D. 1920, or such road will be established without reference thereto.

Witness my hand and seal this 8th day of November, A. D. 1919. Chas. W. Reynolds, County Clerk.

Notice of Summons. To Gordon H. Allensworth, non-resident defendant: You are hereby notified that on the 26th day of February, 1918 Mildred Roberts Allensworth filed a petition against you in the District Court of Wayne County, Nebraska, the object and prayer of which are to obtain a divorce from you on the ground that you being of sufficient ability to provide main-

tenance and support for plaintiff, have grossly, wantonly and cruelly neglected so to do, and for the further reason that you are an habitual drunkard. You are required to answer said petition on or before Monday, the 22nd day of December, 1919.

Mildred Roberts Allensworth, Plaintiff. By James E. Brittain, her attorney, n13t4

Coolidge in the Running. "New York World: Those who have been counting themselves "in the running" for the republican presidential nomination next year may well ask themselves whether the reelection of Coolidge as governor of Massachusetts means no straight out another candidate who may be more than a dark horse.

Romeo Will Find a Way. B. L. T. in the Chicago Tribune: Irish lasses discovered fraternizing with British soldiers will be scalped by the Irish republican army, and their names published to the world. This romance is introduced to lighten a dark situation. For Romeo O'Montague will find a way to Juliet O'Capulet's balcony.

Oysters Mincemeat

Take home some of our oysters to fry for supper. They make a quick, hot meal on a frosty night. Scallop oysters are delicious and oyster soup is fine on the Sunday menu.

It is none too early to make mincemeat for Thanksgiving

We have the meat for it and we also have prepared mincemeat that is as good as what you make at home and is much less trouble to make. If you can't think what to have for dessert, try some of our mincemeat in a pie.

Central Meat Market

Our Own Destitute. During the war, the American people gave unsparingly and cheerfully of their time, labor and money for the people of stricken Europe.

Drive after drive was successfully carried through. Charitable institutions here at home suffered to a vast extent in consequence. How much they suffered is being made the subject of comment by many great writers and thinkers who dwell on the American institutions be given an inning now. During the war, money went abroad, prices at home increased toward of heights to a vast extent by the needy increased by over 30 per cent. Our own institutions were harassed and handicapped and burdened with debtors.

The Christian Home Orphanage at Council Bluffs, Ia., which has a daily average of 250 inmates to provide for, is undertaking a "Thanksgiving drive to enable it to continue its great work for orphan and destitute children. If you feel that something should now be done for American institutions, send a "Thanksgiving offering to this worthy orphanage.

Hard Pressed. Washington Post: The true distress among leaders are few and very hard pressed. They are badly handicapped in their struggle because they cannot call for

A CLEAN FOOD

Visitors are always welcome at the factory where

Gooch's Best Macaroni

is made. It is one of the cleanest food factories in the world. The macaroni is made and packed by machinery and is rarely touched by human hands.

Sold in the Best Stores

CARROLL

Miss Sarah Halliburton of the school staff, is editor of the department and will visit Carroll every Monday. Any news items may be sent to her from town or country will be gladly received by her. She is also authorized to receive new or renewal subscriptions.

A. E. Seasted made a business trip to Omaha Monday.

James & Davis shipped a car of cattle to Omaha Friday.

Mrs. H. L. Bredemeyer spent Monday afternoon in Wayne.

E. H. Davis of Siles was business visitor in Carroll Saturday.

Miss Catherine Owens of west town spent Sunday in Carroll.

Mr. and Mrs. Jones were business visitors in Wayne Monday. Fred Jarvis returned Thursday night from a business trip to Omaha.

Mr. and Mrs. Howell Jones and baby Clair went to Sioux City Friday.

Miss Catherine Owens was a business visitor in Wayne Saturday afternoon.

Miss Katherine Peterson of Carroll was in Wayne between trains Saturday.

Keely Allensworth went to Sioux City Monday to have dental work done.

Mr. and Mrs. Mathias Jones spent Sunday in Bloomfield with Mr. and Mrs. Frank Hargis.

Miss Ruth Bartells and Miss Gladys Jones who teach in Belden, spent Sunday in Carroll.

Miss William Roberts who lives four miles north of Carroll, was taken seriously sick Saturday.

Mrs. H. L. Heemer and her guests, forty of them very pleasant, Patriotic decorations were used and red and white carnations were on the table. Tiny knapsacks were the favors.

Elmer Jones acted as toastmaster. Mrs. George Yarnan gave the welcoming address. Misses Clara and Ethel Linn gave a solo duet. Miss Harriet Jones gave a recitation. Misses Mabel and Eunice Linn and Miss Edna Jones sang a trio and Harry Evans sang a solo. Addresses were made by Charles Clonson, returned Y. M. C. A. worker; Keely Allensworth, John Laurie, and Rodney Garwood.

The assembled servicemen decided to form a post of the American Legion. They appointed Elmer Allensworth a committee to make preliminary arrangements.

Mr. and Mrs. T. J. Thomas went to Minneapolis Tuesday to consult a specialist about the former's health.

Miss Mabel Linn and Miss Edna Jones have returned from Sioux City where they spent several days last week.

Emmer Warwick of Meadow Grove attended services at the Methodist church in Carroll Sunday night.

Mr. and Mrs. Gus Wessell returned to their home in Wisner Saturday after spending two days with Ed Wessell.

Don't forget the date of Steve Davis' sale, December 9, two miles south of Carroll. Will sell eighteen head of good mules. See notice later.

Mrs. H. C. Bartells who has been in Minneapolis two weeks receiving medical treatment, is expected home this week. Her condition is much improved.

George Yarnan is sick with a gripper. Her daughter, Miss Beth Yarnan, a nurse in the hospital at Norfolk, came Sunday to take care of her mother.

Mr. and Mrs. Hugo Cole have returned to their home in Belden. He says he is much pleased with his new home, where he has been living about a year.

Miss Catherine Owens will leave Friday for Chicago, where she will attend the Western Conservatory of Music. She will complete her course in voice and piano next June.

Mrs. Louise Klumpner of Nora, Minn. came Monday to visit her sister, Mrs. J. H. Hokamp. The former's sons, Herman, Willie, and Elmer Klumpner, had been in Carroll several days.

Evan Jenkins left Monday for Atkinson, Neb., on a business trip. As soon as he sells his stock on the farm he intends to move to Atkinson where he will enter the auctioneer business.

Mrs. Charles Barley left Monday to go to her home in the north. Mrs. Leas, Minn., after spending a month in Carroll with her parents, Mr. and Mrs. Alex Laurie, her father accompanied her to Wayne Monday.

Irin Linn who broke both bones in his right forearm, is getting along nicely. He was trying to drain his eye when the engine was running recently. His sleeve caught in the machinery and his arm was broken.

Gordon McKenzie of Osceola, Neb. came to attend the banquet for returned soldiers Friday night. He formerly lived in Carroll and went from here into service. Mr. McKenzie remained over Sunday with friends.

The big stone pillars for the First National bank building were elevated to position by the entrance Monday, while an admiring crowd watched and advised. The body of each pillar is a single piece of stone and had to be fixed by an elaborate arrangement of pulleys.

Examine School Children. The board of health is giving the school children a physical examination. They report that the general health is unusually good, and that 90 per cent of the students are neglecting their teeth. The doc-

tors have not found a large per cent of pupils needing glasses and only comparatively few who should have tonsils and adenoids removed. This is the first physical examination of school children in and near Carroll, but it is to be an annual inspection.

To Install Electroliners.

Electroliners similar to those in Wayne are to be installed in the business section of Carroll. The work will be done by them and have them put in every hundred feet on each side of the street.

Markets, November 17, 1919.

Table with market prices for various commodities like Corn, Oats, Barley, Hens, Eggs, etc.

There has been little change in the markets since last week. Chickens are a little higher and there has been a slight drop in the hog market. Corn was higher, but dropped again.

SOCIAL.

Mrs. Hannah Owens entertained the members of the Queen Esther society of the Methodist church on Monday night.

Mrs. J. A. Jones entertained at dinner Sunday. The guests were Miss Catherine Owens, Miss Edna Jones and Poy George.

Banquet for Soldiers. The members of the Epworth League and the Ladies Aid Society of the Methodist church gave a foot cover dinner in the church basement Friday night in honor of the returned soldiers and sailors. About forty of them were present. Patriotic decorations were used and red and white carnations were on the table. Tiny knapsacks were the favors.

Elmer Jones acted as toastmaster. Mrs. George Yarnan gave the welcoming address. Misses Clara and Ethel Linn gave a solo duet. Miss Harriet Jones gave a recitation. Misses Mabel and Eunice Linn and Miss Edna Jones sang a trio and Harry Evans sang a solo. Addresses were made by Charles Clonson, returned Y. M. C. A. worker; Keely Allensworth, John Laurie, and Rodney Garwood.

The assembled servicemen decided to form a post of the American Legion. They appointed Elmer Allensworth a committee to make preliminary arrangements.

School Notes.

The fifth grade finished their "Golden Deeds," a booklet, this week. James Mills is absent from the eighth grade this week.

Armistice day was observed in the Carroll school by a short program for corn-picking. The high school auditorium. The pupils of the grades joined the high school students at 3 o'clock. The following program was given:

The "Star Spangled Banner," followed by the Flag Salute, by the school.

Instrumental Duet—Gunnell Texley and Wilma Francis. Community Singing. Address—Rev. Mr. Bishop.

Extra classes are being held each day in high school for the benefit of those who have been absent for corn-picking. We cannot hope for the pupil to get what he should have gotten had he been in school each day, but we do try to aid him so that he may not fall at the end of the semester. Even with this extra help some will fail for they are not strong enough to do the extra work after returning to school.

Gordon McKenzie of Osceola, Neb., was a high school visitor last Friday afternoon.

Lutheran Church.

(Rev. N. Sereres, Pastor.) There are no services at the church next Sunday because the pastor will be in Minneapolis.

Methodist Church.

(Rev. F. E. Sala, Pastor.) Regular services will be held Sunday.

Prayer meeting at the usual time Wednesday night.

The first quarterly conference was held Tuesday night, with Dr. E. M. Furman, district superintendent, in presence. After the conference, Dr. C. M. Shepherd of Lincoln, gave an address on "The Genesis of the American." This lecture was under the auspices of the Epworth League.

Two new Bible classes were organized Sunday, with seven members in the men's class and four in the women's. All not already attending Bible class the invited to join one of these.

Baptist Church.

(Rev. E. Bishop, Pastor.) Rev. R. H. Bryant, pastor of the Baptist church at Wayne, spoke at a conference of the pastors of Carroll Friday, at the Baptist parsonage. His talk was of the interest of the inter-church movement.

Although the roads were in a very bad condition for travel last Sunday, a large number of country people were both Sunday school and church.

Some of the regular-number were present, but there were some new faces in the congregation. Everyone is urged to attend next Sunday and to come to time.

The subject of the sermon Sunday morning will be "The Way, the Truth and the Life." The evening subject will be "The Master Has Come and Callet for Thee."

Union services will be held at the Baptist church at 10:30 o'clock on Thanksgiving morning. Everyone is invited to come and give thanks for the year's blessings. Rev. F. E. Sala, pastor of the Methodist church, will preach the sermon.

Philadelphia Public Ledger: It is of the first importance, however, that the responsibility of the government will not have been fully discharged with the effective demonstration of the supremacy of the law and with the mere termination of the strike. For it has been made plain only too evident that we have been fatally negligent in the creation of ways and means for the protection of the people against such unforeseen interferences with the supply of vital necessities of life, such as has occurred in the present case. If the workers in so vastly important a public utility are to be denied the use of the strike as a weapon in their struggle for better working conditions and for a wage

scale commensurate with their needs and the character of their labor, then in justice to them some way must be found to put them on a footing of equality with their employers when it comes to bargaining over labor conditions. The flat contradictions of fact between the spokesmen of the operators and of the miners, revealed in the discussions of the last week, plainly indicate the need of some agency or tribunal competent to elicit the truth and the whole truth, as to the reasons for unjust and abnormal conditions of which both sides complain. There must be something radically wrong with the industry if the mines are only worked on half time, and whether this is due to defective methods of distribution and transportation or to a purpose to restrict the output and maintain high prices, the people upon whom the ultimate burden falls have a right to know where the fault lies, and they have the right to demand that a serious effort shall be made to find a remedy.

Hopeless.

Kansas City Star: Those kidnapers had considerable crust to think they could grab Edson Ford when the whole machinery of the United States' conscription law couldn't do it.

Advertisement for Toys are Scarce, We have a Big Stock of Christmas Goods Now on Display, ONLY FIVE WEEKS UNTIL CHRISTMAS, VARIETY STORE, J. C. NUSS, Proprietor, WAYNE, NEB.

Large advertisement for PUBLIC SALE Monday Dec. 1, featuring 8 Head of Horses, 47 Head of Cattle, 145 High Grade Duroc Jersey and Poland China Hogs, Farm Machinery, and 100 Tons of Hay.

AGRICULTURAL NOTES.

Stocks of Old Corn Reduced.
The stock of old corn on farms in Wayne county is estimated at 7,283,000 bushels, which is 2.8 per cent of the 1918 crop. The corresponding figure a year ago was 11,628,000 bushels and the average of the preceding five years was 8,277,000 bushels.

Free Plans for Grain.
"Knock-down" or portable granaries can be used to care for wheat on the farm, plans for which have been published by the United States department of agriculture. The use of these storehouses often enables the grower to market his produce with better profit. The plans can be obtained free on request.

Disease Stops Imports.
The importation from England of cattle and all other cud-chewing animals and swine is being held up by the United States department of agriculture on account of an outbreak of foot-and-mouth disease in the Isle of Wight. The present ban will be in force until from 31 to 90 days have elapsed after all the animals exposed to the disease have been disposed of and the premises affected have been thoroughly dis-

infected.
This last outbreak occurred late in October, and is the most recent of several which occurred at irregular intervals in different parts of England, during 1910 and 1918. Some of the previous outbreaks have been in Warwickshire and Dorsetshire. At different times the department of agriculture has been on the point of permitting importation, when the disease would be discovered in a new region. Dealers have put in applications for permits to import a total of 850 cattle, but have been prevented from doing so on account of this ban. Probably there are many others, who have not yet made formal application for permits to the department. All of the cattle to be imported from England are purchased.

Danger in Raw Pork.
At this season there is especial danger of illness following the eating of pork that is raw or only partially cooked. Of course, most Americans do not knowingly consume uncooked pork, although it is eaten not infrequently either as raw ham or in sausages that have been insufficiently cooked. At hog-killing time particularly there are many homemade meat products prepared on the farm, and consequently special care should be taken to make

sure that pork, before it is eaten, is sufficiently cooked.
The disease known as trichinosis, which may result from eating raw or imperfectly cooked pork, is caused by microscopic worms known as trichinae. These parasites in years past have been found to be present in one out of seventy-one hogs, and if the presence of dead trichinae and trichina-like bodies is neglected, the count, an average of one out of every thirty-nine hogs has been found affected, triple many other infectious diseases, the severity of the attack of trichinosis depends upon the number of parasites swallowed. Large quantities of slightly infected pork must be eaten in order to produce bad effects; but on the other hand, severe illness may be caused by eating small amounts of pork that is heavily infected.

Indiana Treats Rats Roughly.
Twenty-eight Indiana counties have waged intensive war against rats, in co-operation with the United States department of agriculture, through the bureau of biological survey. A special day was set apart for this purpose, in which time, according to the official tally list, 57,000 rats "went west." Complete figures are not available, but estimates are to the effect that several hundred thousand rats end-

ed their earthly careers, on "rat drives" day.
The economic value of rat extermination is considerable, especially for the farmer. As a single rat will destroy one bushel of corn a year, and at the same time officiate as a special messenger for the spreading of disease. Rats are very prolific, producing from six to ten young in a litter and more than six litters a year. A fact which makes the rat a most formidable enemy. Notwithstanding the enormous loss directly traceable to them, people are not yet easily awakened to the fearful menace of these pests and the importance of ridding the country of them. Recommendation has been made by the agricultural authorities that the governor of Indiana appoint a special "rat day" each year, in order that this campaign may be annually continued. During the recent campaign Knox county led in the total number of rats killed, the inhabitants of this territory slaughtering 10,791 of the marauders.

Child Fatally Scalded.
Blair, Nov. 16.—Water, son of Nels Petersen, living five miles west of Blair, fell into a tub of hot water, sustaining injuries from which he died yesterday in a local hospital.

A Closing SALE!

As I am quitting the farm, I will sell on the John T. Bressler farm, six and one-half miles south of Wayne and two miles north and one mile west of Altona, on

Tuesday, December 2

Commencing at 12 o'clock, noon

Free Lunch at Noon

HAS DONE ME A WORLD OF GOOD

Fee Says It's Remarkable How Quickly Tanlac Has Made Him Feel Right Again.

"My next door neighbor put me on to Tanlac and, it certainly is remarkable how quickly it has gotten me to feeling right again," said James H. Fee, a well-known carpenter employed at the Rock Island rail-road yards at 335 E. avenue East, Cedar Rapids. "In conversation with a Tanlac representative, recently...

"My stomach and kidneys have bothered me so much during the past three years," he explained, "that I often had to lay off from work at night in so much pain I could not get out of bed. Gas would form on my stomach after eating and cause such awful pain that I could hardly stand it, and while I tried many different medicines nothing did me any good. "So I got a bottle of Tanlac, on the advice of my neighbor who had been greatly benefited by it, and soon after starting on it I began to straighten right up. I have taken three bottles now and am feeling like a new man. I have no more trouble with my stomach nor any more pain in my kidneys and back. It is without a doubt a great medicine for it has certainly done me a world of good. I talk so much about its wonderful improvement and what caused it that my friends often call me 'Tanlac.' I never fail to recommend it to anyone who is not well, and I would not mind several who have taken it on my behalf and they all tell me it has relieved them of their troubles, too."

Tanlac proved of great benefit to Mr. Fee because it contains certain medicinal properties which combat such troubles. Thousands are now using this famous medicine in all parts of the United States, and Canada and in each case the preparation is accomplishing surprising results. Scores of testimonials are received daily from men and women of unquestioned honesty and integrity expressing their gratitude as a result of having found such a great source of relief.

Tanlac is sold in Wayne by Wayne Drug Co., and in Carroll by L. R. King.—adv.

Holding a Steady Course

St. Louis City Journal: Like a ship at sea during a storm, trade and business are holding a steady course, regardless of the clouds of internal unrest and industrial disturbances due to the coal strike. The coal strike has not reduced the productive capacities of manufacturers as yet, and the gradual resumption of coal mining following the withdrawal of the strike order indicates that there will be sufficient fuel available to tide over whatever difficulties and restrictions may result from the short suspension of mining operations. The coal strike has steadied trade by discouraging the speculative activities of the market and the impossibility to fill orders.

The index level of commodity prices has reached the high point of last summer, indicating a scarcity of supplies which may send retail prices up again, if the production is not materially increased within a reasonably short time. Labor troubles are keeping down production, and the industrial improvement is not encouraging. The steel strike is now a thing of the past in industry. It is but a faint memory and the market will be so small that it may be ignored. The mills have not been able to meet the demands of steel products and the demands would have been much greater had the mills been able to expand rather than contract their outputs. The government is offering for sale steel shortage and is offering for sale 20,000 of fabricated and unfinished steel bands when the shipbuilding program begins. This will relieve the present shortage—because much of this product is now available for the industrial demands with the forces now working in the steel mills.

Retail purchases fell off during the week but are being made up by corresponding week of last year. Individual indebtedness increased in the country as a whole, but the Pacific coast and the agricultural sections show a decrease. Payments were about the same as the previous week, but were about 7 per cent below that of the corresponding week of last year.

Retail trade in the smaller cities was good, with demands principally for the better class of merchandise. In the larger cities, the retail trade was largely through special sales, the regularly marked goods not being entirely sought after. This indicates a spirit of economy and retrenchment among the masses which was reflected in the increased number of the banks in the larger population centers.

Cotties and Profiteers.
New York World: For most of the difficult problems raised by the war, human genius found a solution. Money, organization, ammunition, transports, equipment, strategy, everything pertaining to military art on a mammoth scale, had only to have its needs indicated to be supplied. Yet there were two subtle foes of efficiency, the cotie and the profiteer, with which it was impossible to cope. Even the resourceful Ludendorff was baffled by the profiteer, as he bears witness in his memoirs.
"Profiteering was the deadliest sin; and our inability to eradicate it was a matter of the greatest regret to me from the point of view of morale at home and in the field. Many times I made an effort to get to the bottom of it. The war profiteer is a loathsome phenomenon, and he and the corruption of his influence have done us incalculable harm."
The war profiteer was the human coat of the war, "a loathsome phenomenon" which no insecticide of legislation or of moral or military regulation could eradicate. Great fleas have little fleas to bite 'em," but this voracious flea was immune from any restraint. His gains at the expense of his country were an irritant poison to patriotism, and the corruption of his influence, as the German says, did incalculable harm.
If there was no remedy for his voracity in war, can we be found in peace?

PUBLIC SALE

I will sell at public auction four and a half miles south and three-fourths of a mile west of Wayne, and eight miles southeast of Winside, on
