J. J. AHERN STORE

VICTIM OF THEFT

Robbers Get Several Hundred Dollars Worth of Plain Suits, Waists, Hose and Socks

TWO MEN ARE SUSPECTED

Indications Point to Probability That Work Was Carried Out by Professionals

Theft of several hundred dollars worth of goods from J. J. Ahern's store here Monday night follows a wave of robbery in Iowa which appears to be spreading to northern Nebraska. Indications are that the work at Ahern's was done by professional thieves who either had been in the Ahern store or had received such information from persons there.

Although two men were under suspicion, A. J. Ahern said no trace of the goods had been found.

J. J. Ahern, who had been in Rochester several weeks, returned last night, after stopping in Sioux City. As a great deal of the stolen goods from other towns has been flowing into Sioux City, Ahern's watchfulness is to be exerted there to detect any trace of the materials taken from Wayne.

The store consisted of crepe de chine, georgette crepe, silk, hose, georgette crepe waists and a few suits. A. J. Ahern said that the goods could not be checked up until the invoices were determined.

No apparent attempt was made to open the safe. The stolen goods which could not readily be identified, taken leads to the conclusion that professional thieves were at work.

The suits had been taken Monday and were not yet marked. Two suit cases were lying in front of the store, and the suspicion is that the robbers used them to carry the goods.

Although the loss was not discovered until A. J. Ahern came to the store early Tuesday morning, the theft was thought to have been completed between 7:30 and 9 o'clock Monday evening.

For the first evening in two weeks, Mrs. Ahern was out of the store Monday evening. Although a light was noticed in the store, someone who entered the store was not investigated, who pointed to the conclusion that those who entered the store were familiar with the store.

A light was noticed in the store between 7:30 and 9 o'clock. Passers-by assumed Mrs. Ahern was in the store. Ahern's night watchman, said he saw a man in the store, but thought he was one of the clerks.

Death of Harold McIntyre

Harold McIntyre, the son of Dr. H. B. McIntyre, of Winnsboro, died Wednesday morning, March 17. Funeral service will be conducted at the home by Rev. J. J. Ahern at 10 o'clock Monday morning at 10 o'clock. Interment will be in the Winnsboro cemetery.

Harold was 13 years, 2 months and 10 days of age. He had been ill for several weeks, remaining unconscious more than three weeks before he died. His sickness was a complication of influenza and typhoid fever.

The deceased is survived by his parents and a sister, Mrs. J. J. Ahern. One brother was drowned a few years ago while playing near a pond.

CLASS PLAY ON MARCH 30

Juniors of State Normal to Present "All-of-a-Sudden Peggy"

On Tuesday, March 30, at the Auditorium, the Juniors, under the direction of Miss Martha Dewey, head of the department of expression will present the three-act comedy, "All-of-a-Sudden Peggy," by Ernest Denney. The members of the cast have been practicing for some weeks and confidence is expressed that the high standard of amateur plays set by the Normal will be maintained by the class of 1920.

The following will constitute the cast: Miss Martha Dewey, who is interested in spiders—Glen Leavison—Major Archie Phillips, who does things for the good of the family about two weeks ago, and was enthusiastically received.

All parts in this production are taken by Normal girls, and it is a success—as actresses as well as actors. The play itself is a laugh-provoking story of American life.

The play was given in Wakefield about two weeks ago, and was enthusiastically received.

NIGHT-WATCHMAN FINDS

BLAZE IN WAYNE BAKERY

Little Damage Done When Dry Wall Above Oven Ignites

A small blaze in the rear end of the Wayne bakery was discovered about 1 o'clock this morning by the night watchman, A. A. Chance. The fire department was called and a fire extinguisher was used. No serious damage was done.

The fire was in the back wall of the building, above the bake oven. It is thought the timbers had dried out so thoroughly that heat from the oven ran them to ignition.

Although only a dying fire was left in the oven furnace when the bakers left about 9:30 o'clock, heat retained in the oven might have been enough to make the dry wall above blaze.

J. Longmire, the proprietor of the bakery, said this morning he had not had time to examine the oven to determine the amount of damage. Although a fire extinguisher was used, a hole burned in the wall, it is probably the damage was not great. The loss was covered by insurance.

FILE AS CANDIDATES

No Democrats Have Announced Desire for Nominations

Since last week five have filed for nominations for county and state offices. The only nomination for representative on the republican ticket, Ward Kanda and August Hoeneke have filed for this place. Others who have filed since last week are: Otto Ulrich for state senator, Republican ticket; Forrest L. Hughes for clerk of the district court on the republican ticket; Henry Redfish for commissioner from Second district on the republican ticket.

As yet, no one has announced his candidacy for nomination to democratic ticket. Saturday, March 20, is the last day on which candidates may file. The primary election will be held April 20.

P. W. GILDERSELEE DIES

Sick Only Five Days After Acute Attack of Appendicitis

The death of Fred W. Gildersleeve Tuesday came after a sickness of only five days, as a result of an acute attack of appendicitis. Although he was in bed for only five days, his condition was so serious that nothing could help him. He became sick Friday.

Mr. Gildersleeve was held at the Methodist church in Wayne at 2 o'clock this afternoon and burial was in Greenwood cemetery. Rev. B. W. Winslow conducted the service.

Mr. Gildersleeve, who was a native of Wayne county, was born October 16, 1892. After attending school in this county and at Wayne State Normal, he was married to Miss Julia Winslow of this county.

Mr. Gildersleeve was 27 years and 5 months old. He had been living southwest of Wayne until this spring, when he moved to the Jens Anderson farm three miles northwest of town.

Mr. Gildersleeve is survived by his wife and two little daughters, Mary Alice and Ila; his parents, Mr. and Mrs. E. Gildersleeve; a sister, Mrs. E. Gildersleeve; and a brother, Dorothy Gildersleeve, all of Wayne. He is also survived by his many other more distant relatives.

His sisters are: Mrs. C. I. Straight of Waterloo, Ia.; Mrs. A. J. Winslow of Wayne; Mrs. Dorothy Gildersleeve, all of Wayne. He is also survived by his many other more distant relatives.

Death of Young Lady

Miss Ruth Willingham, a daughter of Mr. and Mrs. Charles Pfeil of near Wayne, died at her home March 12. A funeral service was held at the home at 12 o'clock Monday, followed by services at the Evangelical Lutheran church at 2 o'clock. Rev. H. A. Teichman officiated. Burial was in Greenwood cemetery.

Miss Pfeil was born here January 22, 1902, and was baptized in the Lutheran church. She died at birth, she was an invalid all her life. She was 18 years, 1 month and 6 days old when she died.

Near relatives who survive are the parents, one brother, William Pfeil, and three sisters as follows: Mrs. Will Sydow, Mrs. Will F. Meyer and Mrs. Miss Greenwald. Other Norfolk relatives who attended the funeral were: Mrs. Gus Selby, Mrs. Louis Krause, and Mrs. John Pfeil of Hoskins.

TAG DAY BRINGS \$370

Contributions to Date for Y. W. C. A. Amount to \$300.

Donations amounting to \$370 were received for the Y. W. C. A. Tag Day for the benefit of the girls who sold tags after church services at the various protestant churches Sunday morning. This amount is in addition to the subscription in Wayne to \$100.

During a two week's absence of Miss L. W. Carter, who is secretary and chairman of the Y. W. C. A. campaign for funds, Mrs. A. C. Welch has acted as chairman. She has a number of boys in the county who have been prevented from approaching the rural clubs and churches for contributions, but that Miss L. W. Carter will be next week, she would give the people in the county an opportunity to do some of the good work of the Y. W. C. A.

Both Carroll and Winslow have had tag days for this fund, and netted \$60, which has been turned in to the Y. W. C. A. headquarters in this state. Mrs. L. W. Carter has a number of boys in the county, and Mrs. Art Auker in Winslow.

WOUNDED FEEL NEGLECT

State Overlooked Nebraska Soldiers at Fort Sheridan

That Nebraska has not taken as much interest in its wounded soldiers as other states have in theirs seems to be the attitude of the boys in Camp Hospital 28. While H. H. Antles of Lincoln, secretary of the public welfare department of the state, is at Fort Sheridan recently, Nebraska club was formed. Any remembrances may be sent to the Nebraska club's secretary, James E. Miller.

The new club has thirty-one members, including nurses and other women doing reconstruction work at the hospital. Among these is Miss Marguerite Chase of Wayne, who has been busy in attending a recent banquet given by the club.

All of these wounded soldiers have undergone many operations in the hope of regaining health and the ability to become self-sustaining. Women doing reconstruction work at the hospital are very sympathetic and forgetful of the people of their state until recently a few remembrances from clubs and individuals in Nebraska have been shown the boys that they are not forgotten.

Spoke to Geography Class. Rev. William Kilburn addressed the members of Prof. E. E. Lacey's geography class at Wayne Wednesday. The class had been studying the geography of England, and as Mr. Kilburn is a native of that country he talked with the course of study.

Mr. Kilburn described the geography of the country industrial and agricultural. He made many interesting-made-in-England, as well as many other points of interest. Although Mr. Kilburn has never been back to England, he has kept him from returning for a visit five years ago, and he has had a very good opportunity. Although he is of course admires and loves his mother country, he thinks it is a pity that he has not been able to visit his home here permanently.

Brown-Van Slyke. Victor Brown and Miss Gladys M. Van Slyke, both of Randolph, were married at the Methodist parsonage in Wayne Monday. The bride was a teacher near Osmond. Mr. Brown is employed in the ice cream factory in Randolph.

STATE HIGHWAY IS TO HAVE PATROL

State Engineer Here to Plan System of Maintenance for State Roads in Wayne County

TO USE AUTOMOBILE FUND Six Men to be Employed—State to Furnish Tractor and Trucks—New Work Starts April 1

An advanced step is to be taken this spring in the maintenance of state roads in "Wayne county." Mr. E. B. Blakely, the state engineering department, was in Wayne yesterday in consultation with P. M. Corbin, county road supervisor, over plans to install three patrols of the thirty-seven miles of state highway in this county.

It is proposed to divide the state road into three parts, and employ two men on constituting one patrol to look after each part. Two trucks and one tractor will be furnished by the state. The six men will be constantly employed, and will keep the highway in good condition, repairing all bridges and culverts.

Seventy-five per cent of the money from automobiles is to go to the state, and the expense of maintaining the patrols will be met from this fund. All but three and one-half per cent of the automobile money comes back into the county in the shape of road improvements.

Plans to be made for the road fund to be used in emergencies. The county will no longer have to pay out money for the thirty-seven miles of state highway, and can use its available funds for other roads. The new plan of patrol work will be started April 1, and in the meantime the state will employ and the necessary equipment provided.

Furnished work on the Wayne-Laurel road project will be resumed in the near future. Like all other road work in the county, the work will be under the supervision of Mr. Corbin.

SEWER DITCHES LEVELLED

Construction Company Sets Stakes to Finish Contract

Workmen for the Katz Construction company are retreating and leveling the storm sewer trenches this week. Work on the storm sewer project was here last week. The engineer who examined the streets and found them in bad condition as a result of the neglected trenches, and he telegraphed the construction company to remedy the conditions, men were sent to put the trenches in satisfactory shape.

The successive snows had caused the earth to settle in the trenches, so that the ditches were not at the original depth. The earth in the trenches prevented proper drainage.

Stakes were set this week for the rest of the storm sewer in the original contract. This includes a block on Main street, between First and Second streets, a short distance on First and Second streets. As soon as the frost is out of the ground enough so digging can be started, the storm sewer is to be completed. An extension to the originally planned sewer is to be added, but that is not yet let a contract for this work.

Pratt went to Lincoln Monday to attend a meeting of the Nebraska Baptist executive committee and a one-day training conference for members of a team which is to conduct a series of institutes in the churches of the state. Each Baptist church is to have to institute one day between March 22 and April 2, and Mr. Pratt has been selected to assist in conducting these.

August Ziemer of Hoskins, was in Wayne Friday on his way home from Bloomfield, where he remained by the death of his grandaunt, the child of Mr. and Mrs. Art Ziegler, formerly of Hoskins. The little girl who was aged 8 years and 5 months, died from an attack of croup on Wednesday of last week. The funeral and interment took place at Hoskins Sunday. Ziemer was accompanied on Friday by his nephew, Al Houser of Norfolk. (Continued) Home of Mrs. Ervin, whose home is in Grand Junction, Colo., has taught science in the local high school the last two years and made her home with Mr. and Mrs. J. R. Armstrong. She will teach the rest of the school term. Mr. Ervin, whose home is in Carroll, is district manager of the Yeoman lodge, and Mrs. Ervin is his district secretary. They have organized new branches of the lodge in towns in two counties, including Wayne county. Mrs. Ervin will assist him in this work as soon as the school term is ended.

chise is found an important safeguard in private ownership. Miss Elizabeth Kingsbury and Mrs. Elizabeth Brown visited former school friend in Sioux City Saturday. Miss Florence Gardner returned Sunday to Pender, where she teaches, after being at home about a week when she had the mumps. Earl Fitch had the index finger of his left hand badly crushed Saturday, while repairing a Ford car. The part he was working on dropped and caught his hand. Mr. and Mrs. N. D. Johnson returned to their home in Emerson Monday, after spending the week-end here with the former's brother, H. W. Johnson, and family. Mrs. Ida Osback and son, Joe, who had been visiting the families of E. Perrell and Clyde Perrell in Wayne, returned Sunday evening to their home at Harrison, Neb. Mr. and Mrs. George Damon of Council Bluffs, came Saturday to visit Mr. and Mrs. H. S. Ringland. Mr. Damon returned home Monday, but Mrs. Damon remained until today. The Sunday Omaha Bee published a picture of the Nebraskans at Fort Sheridan, Ill. Miss Margaret Clace was in the group with the accompanying article mentioned that Miss Clace is teaching weaving to wounded service men there. According to the Omaha Bee, Miss Elizabeth Mines, who is attending the university at Grinnell, Ia., has been appointed one of the four monitors in the cottage in which she lives. Her duty will be to oversee the other girls on her floor and in part be responsible for their conduct. Mr. and Mrs. J. L. Kelly and Mr. and Mrs. Art Halladay arrived home Saturday from Boyd county, where they spent ten days with their daughter, Mrs. Kelly, and Mrs. Kelly. Following the death of Mr. Kibby a few months ago, Mrs. Kibby had an auction house of farm equipment and Mr. Kelly and Mr. Halladay helped her in the undertaking.

Fatal Gasoline Explosion.

Winnetoon, Neb., March 12.—Frank Kohrer died here Tuesday from burns received from an exploding gasoline tank. He was filling an automobile tank with gasoline and had a lighted lantern nearby when the gasoline caught from the lantern, exploded and threw a mass of the burning liquid on him, seriously burning him about the face, hands and

limbs. Funeral services were held Thursday from the Catholic church at Creighton.

He is survived by his wife, one small son, mother, three brothers and three sisters.

KEMP HEADS CITY TICKET

Lamberson, Ingham and Owen Are Only New Candidates.

Only three changes from the present city administration were made in the ticket nominated at the citizens' caucus Friday night, and all these were made because the present officers did not want to accept the places again. George Lamberson was the nominee for city clerk to succeed Lambert. Roy Dr. C. T. Ingham was nominated to succeed Herman Hooley on the board of education, and J. M. Owen was selected as the candidate for councilman from the Third ward to succeed L. C. Gildersleeve.

In the absence of the chairman, C. A. Chace, A. R. Davis called the convention to order. After a temporary organization was effected, T. W. Moran and W. O. Hansen were selected as permanent chairman and secretary. A. R. Davis nominated Mayor J. H. Kemp as a candidate for re-election. Although the latter asked to be excused on the grounds of long public service and ill health, he was unanimously chosen to lead the ticket.

L. S. Ringland was unanimously nominated as a candidate to succeed himself as city treasurer, and George Lamberson was the choice for city clerk.

A. R. Davis was nominated to succeed himself on the board of education, and to succeed himself as city treasurer, and substitute the name of Dr. C. T. Ingham. These two were selected as the candidates for the vacancies on the board.

Robert J. Gildersleeve was nominated for city engineer, and the chairman and secretary of the caucus were instructed to fill these vacancies occurring on the ticket.

After the general convention, ward caucuses were held at the city hall, the funeral parlors and Fred Blais's store. At these, W. H. Gildersleeve was nominated to succeed himself as councilman from the First ward, C. W. Hixson from Second ward and L. M. Owen from Third.

THE EARLY DAYS IN TWO COUNTIES

From the Wayne Herald for March 16, 1920.

(Prof. Pile delivered an address at Page.)

John Larson and D. A. Jones attended to business in Malvern this week.

A young blizzard this week makes it look like six months of winter and six of summer.

Wayne huntmen are getting ready for the spring hunt. Geese and ducks are flying northward.

Miss Theo Scaree and Miss Pearl Reynolds attended the Dixon county teachers' meeting at Wakefield. Miss Reynolds read a paper on the subject, "The Teacher is Responsible."

The teachers' meeting of Wayne county was held at the Presbyterian church. Fifty teachers were present. Miss C. M. White was president of the association. Among the numbers on the program, Miss Anna Gamble sang a solo, Mrs. C. H. Bright gave a talk on "What the Home Means from the teachers' standpoint."

Grand Champion Young addressed the meeting of the Knights of Pythias. Officers for the coming year are: H. G. Maute, C. C. W. H. McVey, V. C. A. A. Welch, prober, F. A. Dearborn, M. of E. T. B. WILL NEED FIVE BALLOTS

Separate Ballots and Boxes Required for Men and Women.

Lincoln, March 12—Separate ballots and ballot boxes must be provided for male and female voters in the April 20 primary election according to a decision made this evening by the Secretary of State at Lincoln.

This is necessary because Nebraska women are not permitted to vote for constitutional officers. The secretary of state holds there must be five separate ballots printed, possibly six, one each for republican men and women, democratic

Genuine International Repairs

Made for the I. H. C. line by the International Harvester Company

Repairs made for International implements and other farm equipment by the Harvester company are the only repairs made from the original patterns. All others are taken from copies, and in this roundabout reproduction they may lose in correctness of shape, sharpness of detail, closeness in fitting and quality of material. These repairs are made for Deering, McCormick, Milwaukee, Titan and other International-made machines.

Genuine I. H. C. repairs are made of the same material, have the same finish, fit as accurately and wear just as long as similar parts purchased with the original implement or machine.

We are the Authorized I. H. C. Dealers

There is one certain and infallible way to secure genuine I. H. C. repairs—buy them from us.

District Judge Insists Petitioner Study Up On America

Before granting the petition for citizenship presented by William A. Ekins at the opening of the district court in Harrison last week, Judge Guy Graves made the petitioner promise to subscribe to a county paper and city daily, keep informed about the activities of the American government and become more familiar with the English language. Mr. Ekins was unable to make definite answers to questions about the government of this country or to name the Nebraska senators, but seemed to be informed as to the activities of the Non-Partisan League. Judge Graves took the opportunity to discuss A. J. Towley, the head of the league, as a man totally lacking in appreciation of American ideals. He pointed out some of the things upheld by the soviet government of Russia, which Towley had endorsed, and explained that many members of the Non-Partisan League undoubtedly joined in good faith, but they should study the purposes of the leaders before they accept the statements of paid organizers.

The plan of having a union station in Laurel has been abandoned after a trial. The Burlington station has been re-opened and will again be put to use, and the C. & N. W. station at Laurel will be abandoned.

P. M. & O. railroad will continue to use the present depot.

The Pierce county Non-Partisan League held its convention last week to elect delegates to the senatorial and congressional conventions and to name a county ticket. The Pierce County Call says: "Only seven were present and were not for their disregard of parliamentary rule, which treated amusing situations, the convention would have lacked interest." The candidates selected are to file as republicans.

Allison is trying to organize a country club, and fifty-eight persons have taken memberships. A tract of desirable land has been selected for this purpose.

The city council of Aurora has recently accepted a petition to add another paying district of thirteen blocks to the three already created. The Aurora Republican records that March settlements in Hamilton county this year were more than double any previous year. In 1919, the settlements amounted to a million dollars; in 1920 the total \$2,290,727.50.

Under the delusion that someone was trying to poison her, Miss Mattie Lundgren of Silver Creek, refused to eat for so many days that her death resulted. She died in the hospital in Columbus. Ill health is said to have affected her mind.

Ed. M. Kern of Stanton, who had his second sale of Durco's this week, netted \$40,045 last week. The average was \$8667.79 and the top price \$1,500.

Bidders from all parts of the country were present. William Groth, one of the early residents of Ponca, died at his home last week. Funeral service was conducted Thursday.

The city council of Ponca has drafted a resolution at once, providing for four sanitary sewer districts, including the entire town. The division was made so that it would give owners in an east of town objective, that section could be left out of the system without preventing the rest from getting the sewer.

The two federated women's clubs in Randolph have consolidated to make one larger and stronger organization. New Era has been selected as an appropriate name for the new body. An ice jam which threatened to break up a bridge over a creek at Bloomfield had to be broken by dynamiting last week. Rapidly rising water caused fear of flood. A new drainage channel helped to prevent such a disaster.

The Harrison Herald rejoices over the recent authorization of a company of the National Guard in Harrison as the only thing remaining to make this city, though mighty metropolitan. The hundred members necessary are to be recruited from the American Legion post and the Home Guard. His Herald declares the company will be a great advertisement for Harrison and will be the reason for the \$100-a-month flow into the town without any investment. Fred Anderson of Wausa, left last week for a visit to his old home in Sweden, but he is expected to return to his new home in Nebraska eighteen years ago. His aged mother and youngest sister live in Sweden, but have visited him here.

Tekamah business men and individuals have contributed \$1,155 toward a new home for the American Legion near here. The new home contributions, which number 102, range from \$200 to \$5 each.

Supposed to be incendiary. Stanton, Neb., March 14.—Fire supposed to be of incendiary origin destroyed the house and barn with thirty tons of hay, belonging to Al Glassman near here. The fire was discovered by persons passing on the road and both buildings were found to be in flames at the same time so county officials claim that neither building could have been kindled from the other. No one was living on the property at the time of the fire. Mr. Glassman purchased the farm last summer and had not yet moved to the place. Bloodhounds were sent here from

Albia, Wednesday, in an endeavor to run down the criminal but were unable to accomplish anything. The fire-fonds were tracked to the road which is believed they entered, awaiting automobile. Interesting news is expected to develop from the alibi.

Court Orders Referendum. Lincoln, March 12.—The supreme court in effect today ordered a referendum next fall on Gov. Samuel R. McElwain's civil-administrative code law under which many state agencies were consolidated into a few large departments each with a secretary at its head. The case was decided an appeal by opponents of the law from a lower court decision which had refused to order the filing by the secretary of state of petitions for a referendum. Friends of the law opposed filing of the petitions on the ground that they did not have full copies of the law attached to them when they were circulated.

Stanton County Suicide. Stanton, Neb., March 13.—As a result of the domestic troubles Anton Hagenrick, a young man living in the southern part of Stanton county committed suicide Wednesday evening by blowing out his brains. Hagenrick's young wife was suing him for divorce, and brooding over his trouble it is believed his mind became unstrung, driving him temporarily insane and resorting to death for relief. He was about 30 years of age and had a nice start in farming and indications pointed to a successful business life.

Rev. W. E. Jenkins of Carroll was in Wayne Wednesday on her way to Pierson, Ia., to visit her parents a week.

Mrs. S. C. Beebe of Wakefield, Kan., Tuesday night, called here by the death of Fred Gildersleepe.

Mrs. Beebe went to Emerson Wednesday to meet Mrs. A. Straight of Waterloo, Ia., a sister of Mr. Gildersleepe.

Rev. John W. Beard and Henry Korff went to Coleridge Monday to attend a social meeting at the American Legion of that place.

The program for the Beard was on the program for the first address which fully met the expectations of the crowd.

Mr. Korff used to live at Coleridge, and the American Legion there was named in honor of his son who met death on the battle-fields of France.

"He cannot be expected to take extra duties on his regular job in addition to his growing duties as constable. However, he did not name any one who might be drafted for the proposed job."

Lieber-Kruger. An impressive wedding took place at the Lutheran church northwest of Wayne on Tuesday, March 9, at 2 p. m., when Miss Marcia Kruger, daughter of Mr. and Mrs. Geo. Kruger, was united in marriage to Mr. Friedrich W. Lieber, son of Mr. and Mrs. Richard Lieber of Waterloo, Rev. E. Gehlke officiating at the ceremony.

Prof. H. C. Schmidt played the wedding march.

The bridal couple was accompanied by Miss Mattie Lieber, sister of the bridegroom, and P. Kruger, brother of the bride. The bride was dressed in tulle of silk georgette crepe, beautifully beaded in Michigan and black, and wore a diamond necklace.

The bridegroom wore a suit of navy blue. The bride carried a bouquet of American Beauty roses and carnations. Only relatives and close friends were present.

Mr. Lieber received his honorable discharge from the United States army February 21, after having served two years. He was in a hospital seventeen months on account of wounds received in the service.

Following the ceremony, a four-course wedding dinner was served at the George Kruger home. The young couple have gone to house-keeping on the bridegroom's farm north of Emerson.

Quite a few guests attending the wedding were: Mrs. A. A. Donner and Miss Ella Donner and Miss Annie Waible of Malvern, Iowa.

Many friends extended hearty congratulations and good wishes to the worthy couple.

Difference in Towns. Chandler, Okla., Tribune: As you travel through the state you pass through many small towns, all of about the same size, and all more or less alike. And yet as you look at them through the train windows, they make different impressions upon you.

As you pass through one town you will think, "What an attractive town; I should like to live here," and then only a few miles distant will create in you a feeling of aversion.

What is the difference in the two towns? The answer may be found in the fact that one gives the appearance of prosperity and "peg" while the other does not.

The streets of the first were clean, usually paved, the lawns will be kept, the houses painted and the people you see from the train will be bustling about as though they had plenty to do and were glad to do it.

The second town, on the other hand, will appear as though it kept tumble-down houses, set in weed-choked lawns, board walks, streets strewn with paper, will meet you grumpy and the people on the station platform—and hanging around the unswept steps of the village stores will give you the impression that they do nothing and are nothing.

If we want to attract people to our city we must be careful of the impression we make upon them. We must try not to let slide the little things which added together, make up the appearance of the town.

We want strangers to know that we are up and doing, that we have a "live" town in which it is a pleasure to live.

Of course you want a Fordson Tractor

But if you want it for spring plowing don't put it off—order now.

Our Supply is Limited; There are not Enough Fordsons to go Around.

The Fordson is an ideal tractor for your farm. It is built compactly, simply, yet with abundant power. It pulls two bottom plows and will do a proportionate amount of any other farm work. The Fordson engine is unusual, it is simple, easily cared for, and so designed that the farmer can give any attention required in service. The entire head of the cylinders which are cast enblock, can be removed for grinding valves; the air cleaned with an improved air washer; a special carburetor allows the use of kerosene without any of the trouble that is commonly associated with this fuel.

Ask any farmer who owns a Fordson tractor and he will tell you that it has met his fullest expectations

IN FIGHT FOR CONGRESS

J. W. Rice of Norfolk, files for the Democratic nomination.

Norfolk Daily News, March 15: J. W. Rice, lawyer, has filed for the democratic nomination for congress in the Third Nebraska district. The filing was made at Lincoln on Saturday and announcement was made last Sunday. Mr. Rice told his democratic friends that he had been waiting to give other possible candidates an opportunity to file, but the time had become so short that he decided to take the initiative and carry the standard of his party in the Third district campaign.

Mr. Rice is a life-long democrat, a staunch admirer of Woodrow Wilson and the present administration, a progressive worker for the government during the world war and once a colonel on the governor's staff in this state's former football star.

Mr. Rice was born at Neligh, Neb., on Jan. 16, 1884. He graduated from the Neligh high school and from the law department of the state university. Football fans will recall Mr. Rice as the "fighting tackle" on the Cornhusker team in 1905 and 1906. He played in some of the heaviest contests during those years including those with Michigan, Kansas and Chicago. He was elected county attorney of Antelope county in November, 1908, and served one term. He came to Norfolk from Neligh six years ago and engaged in the practice of law with C. H. Kelsey.

Mr. Rice is the only democrat who has filed for the nomination in the third district thus far. Robert E. Evans of Dakota City, the present Republican nominee, has filed for re-nomination and will probably have no opposition. It is predicted that Rice will also be alone in the field for nomination in the democratic party. This gives rise to considerable speculation as to what move the Non-partisan league will make. It is noted that there are said to be a three-cornered fight will be staged for the Third district congressional seat after the primaries. It is further noted that a Non-partisan league will run its own candidate by petition after the primaries.

WOULD REPRESENT WAYNE

Ward Ramo files for Representative from This County.

A Lincoln report the first of the week stated that Ward Ramo, Wayne student in the state university, had filed as a candidate for the republican nomination for representative from this county.

Also graduated from the Wayne high school and then attended the State Normal until the war broke out and he enlisted in the army. Upon government service, he went to Lincoln to attend the university where he is studying education. During his college days he played in the Lincoln postoffice.

Advice to Girls

Norfolk Daily News, Mrs. Catherine Sellin of Kane, Pa., hale and hearty at 95, gives advice to girls of the new generation on the question of dress.

"To attain sound health and long life," she says, "a girl must observe these simple rules. She must eat slowly, breathe deeply, get plenty of sleep, never expose her throat to cold weather by wearing these modern low-necked dresses, and she must not wear high-heeled shoes."

Good enough advice, very likely—but what chance is there of its being observed? The venerable Mrs. Sellin, we fear, is a back number. Every slip of a girl nowadays knows a heap more than any grandmother of her generation—and possibly have learned in a long life of experience and observation.

Another thing that Mrs. Sellin recommends is exercise, particularly digging in the soil. "The best thing in the world for a woman's health is to get into loose overalls and work around in the garden."

"The very idea! Can anybody see, even in his mind's eye, any present-day girl doing so perfectly? But regardless of this, working in the garden? Not that the modern girl is averse to exercise—but she prefers to take it in a dainty, lady-like way. One thing this old-fashioned adviser spared the girls. She did not specifically recommend dish-washing, as many a doctor has done in his mad-aid to health, beauty and longevity. If she had, she would have met the obvious retort: "What are electrical dish-washers for, anyhow?"

Process of Elimination

Sloux Falls Press: Senator Hitchcock is the latest whom Mr. Bryan has announced he has slated for the political scrap. By process of elimination the Nebraskan will soon have his list of possible democratic leaders cut down to himself.

What's His Excuse?

Kansas City Times: Henry S. Graves, head of the federal forest service, has resigned. Now why do you suppose he did this? He never attended a cabinet meeting in the president's illness.

READY TO ACCEPT GOSPEL

Baptist Secretary Says World Yearns for Christianity.

Dr. Ray E. York, Baptist state secretary, spoke at the Baptist church Sunday night on the New World movement. He pointed out that a great opportunity existed to Christianize the world and that only America was in a position to do this. That all nations as a result of the world war were ready to accept the comfort of Christianity now was Dr. York's opinion, but he added that unless such help was given soon these peoples will feel their hearts against Christians and the opportunity would be lost.

No European nation was preparing to take part in this kind of all Christian movements, Dr. York pointed out, because all had lost too great a per cent of their man power and had too many American alone could undertake the work, the speaker declared, and this country would have to act at once. He described the world of the present as one of great uncertainty and showed that it was impossible for this country to turn its back on its neighbors.

Dr. York also spoke of the other work included in the New World movement. Home missions, he said, were hardly distinguishable from foreign, as most of the persons to be helped through home missions were of foreign birth. Part of the money raised for the New World movement is to be used for the upkeep of Baptist schools and other institutions. A great call on preachers has been sent out and the Baptists alone are making an effort to get 30,000 young men in the northern states to study for the ministry. Dr. York explained that the Baptist New World movement was similar in all other denominations in that all are endeavoring to conduct a great Christianizing campaign at home and abroad. The New World movement, he said, was affiliated with all the others in the Inter-Church World movement.

Field of Business: Sioux City Journal: People who for sixteen months have hoped to go to bed with high prices going upward, who have suffered through the nightmare of high prices while they slept, but who expected to find these prices collapsed in the morning have become astute concerning the expected betterment of conditions. They are beginning to understand that the decline will come gradually, and will extend over a long period of time. Trade and business conditions last week justify the conclusion that a period

of reaction is about to set in. There was no actual recession in prices as a whole, but there was a pronounced tendency to limit both wholesale and retail purchases to actual requirements. This policy means that buyers are not willing to purchase at present high prices for future sales. If there was not a decline in prices they would invest at current prices and sell at advanced ones.

The policy of buying only for immediate demands resulted in a reduction of the volume of both retail and wholesale trade. Inclement weather and the fact that since the period of transition from winter to spring trade were aggravating influences in the reduction of trade volume, but at bottom the cause was constitutional rather than symptomatic. The trade restrictions tendency is not sporadic. It has been in evidence for more than a fortnight. It has its inception in the decline of extravagance which had held people in its grip. It is a feeling of a need of order to become sobered. They realized with a start that the days of high wages and constant employment might not last, and they began a re-orientation which was immediately reflected in the volume of trade. The tendency to economize has spread rapidly during the last three or four weeks and commodities at lower prices are showing an increase in volume of sales over those of high prices. High price levels will be maintained so long as the demand for high priced commodities holds up. The volume of shoes last week was as great as for the corresponding period of January, but the sales were largely of lower priced goods, showing that the tendency of trade is to buy more, but lower priced shoes.

Industry suffers from low efficiency and the total output is below what it should be in consequence. But in some lines, notably steel, the mills show a slight increase in output per man. The trend of labor towards peace settlement of industrial disputes, the return of the industrial to private ownership and the preparation for spring building are strong currents in the national picture, and encourage signs of industrial conditions.

The Way of a Woman.

Jay E. House in the Philadelphia Public Ledger: After a woman has worked for years to get her daughter married off, she breaks down and cries throughout the wedding ceremony because of the thought that she is about to be forever separated from her child.

AGRICULTURE NOTES Plant Quarantine Act Violated.

Three violations of the federal quarantine prohibiting the shipment of currants, gooseberries, and other plants from states east of and including Minnesota, Iowa, Missouri, Arkansas, and Louisiana to the western states were discovered by agents of the United States Department of Agriculture during the fall of 1919. It was ascertained upon investigation that the nurserymen making shipments did not actually violate the quarantine, but were ignorant of the regulations. Violations of the federal quarantine are punishable by a fine not exceeding \$500 or by imprisonment not exceeding one year or both.

The purpose of this quarantine is to prevent a destructive disease of the five-needled pines, commonly called the white-pine blister rust, from reaching the western states and attacking the extremely valuable western white-pine and sugar-pine forests. This disease may be carried from one state to another upon five-needled pines or upon any species of currant or gooseberry bushes. All nurserymen, therefore, are urged to cooperate with the department of agriculture in enforcing this quarantine and thus prevent the dissemination of the disease from reaching the western forests.

Ready for the Hessian Fly. It is likely that more will be heard this year about the Hessian fly than in any year since Gen. Howe's hired Hessians are supposed to have brought the pest to Long Island during the Revolution. There have been numerous destructive outbreaks of the Hessian fly and a great deal has been found out about it, but nobody was in position to do the job properly.

Another outbreak is likely this spring, and the United States Department of agriculture is ready for it.

Two years ago the appropriation for Hessian fly work was increased sufficiently to provide for the principal needs. Shortly afterwards the Bureau of entomology established three stations for the purpose of systematic study. They are at Carle, Pa., Central, Ill., and Wichita, Kans. Each station is equipped with a full set of weather instruments, and several readings are taken each day throughout the year. Sowings have been made at various dates for several years to determine the fly-free period for each year. Experiments have been conducted with many varieties of wheat to determine their fly-resisting qualities. Exhaustive investigations are under way on parasites of the Hessian fly. The main object is to determine what effect the presence or absence of any particular parasite has on periodical outbreaks of the fly.

When the last great outbreak came five years ago no such complete preparation for study had been made. If the threatening one materializes this spring the preparation that has been made should result in a number of important studies.

Locusts Brood Twice Often.

People who last year saw the periodical cicada—17-year locust—in countless numbers and later saw the trees all broken and brown are the result, may have difficulty in realizing that this insect is a vanishing species. Yet that is the fact. The clearing of lands and other causes have already reduced it very greatly, and, some time in the remote future, there may be no periodical cicadas. One of the destructive influences is unfavorable weather, though the broods emerge earlier in the spring than they do not often encounter freezing. There is, however, at least one notable exception. Brood No. 19 of the 13-year race had encountered freezing weather in Tennessee during two successive appearances. In the middle Tennessee counties in 1894, 1897, and 1898, the brood numbers. Freezing weather came about the middle of May and, in many areas, the ground was almost covered with dead cicadas. Most of them had not begun laying. When the brood reappeared in 1907, its numbers in that region were tremendously diminished but, under favorable conditions, it would have re-established itself. But again, around the middle of May, freezing weather prevailed in middle Tennessee. Brood No. 19 was again frozen before it completed its life cycle. These are the only times on record that freezing has occurred so late in that region.

Makes Compromise Impossible.

St. Paul Pioneer Press: The president's letter makes irreconcilable out of every friendly and constructive spirit of the treaty. He has succeeded in giving every critic of the treaty both a noble and amiable tone to the same camp. If he had deliberately intended to kill the treaty, he could not have succeeded more effectively. It will remove the last possibility of compromise in the senate, throws the whole debate into the realm of political campaign, and whatever the result of the voting may be, destroys every possibility of a workable international agreement.

Never a Quitter.

Daily Journal: Stockman A. D. Good many farmers who have suffered losses in feeding cattle and hogs the past season are now engaged in looking after his farm, and according to the Des Moines Register, he announces that in spite of the big slump in live stock prices he will continue to feed and intends to go right on raising live stock on his farm. Hard times, crop losses, all of these things, the Wilcox has seen in his years of experience on his place in Webster

county, but in spite of this he is still cheerful and expects to play the game. "Quit the stock business? Not a word," he said, "but I can't make up the loss on a shipment of cattle or hogs by quitting the business. Keeping at it is what will put me ahead in the long run. Yes, always at it, year in and year out, making money where I rest it, is the system which will show a respectable-looking bank balance over a ten-year period. I haven't been discouraged since I started raising cattle and hogs forty years ago, and I am too old to get blue now."

Democratic Discard.

Lincoln, Neb., March 11.—W. J. Bryan's recent statement that he elected a delegate to the democratic national convention, he would not vote for the presidential nomination of Senator Hitchcock, has been replied to by J. M. Althen, manager of a Hitchcock-for-president club, with a statement that "Senator Hitchcock's friends welcome the issue" and "will meet Bryan in every precinct in Nebraska."

Replying to Mr. Bryan's assertion that if Nebraska voters instruct for Senator Hitchcock he would allow an alleged delegate to the convention to vote in his place, Mr. Althen said Mr. Bryan had "spent years preaching in favor of the instructions and now he asks the people of Nebraska to elect him as delegate and instruct him, and then serves notice on his constituents that his instructions given him will not be binding."

literary and social meeting Monday (tomorrow) at 8 p. m. The catechumens will meet Saturday at 4 o'clock. Palm Sunday there will be held reception of members and communion services at both the Swedish and English services. The adult catechetical class will then be confirmed. Will Give Concert. The Wennerberg Male Chorus of Augustana College and Theological Seminary, Rock Island, Ill., is making its seventeenth annual concert tour through Iowa, Nebraska, Colorado and return. This community is fortunate to come in on this tour. The chorus will give its concert at the Salem Lutheran church, March 29. In quality of music and art of interpretation the Wennerberg chorus has set a new standard for college glee clubs and has been recognized as the "Glee Club that's different." It endeavors to do more than merely entertain. It sincerely seeks to bring a message in song to its audience and everything it sings is worth while. In an effort to maintain these high standards, the chorus has spared no efforts to perfect an attractive program for the present season. The twenty voices of the chorus have been carefully chosen; regular rehearsals have been held twice a week throughout the school year and with especial emphasis laid on ensemble harmony and interpretation; the result is a chorus well worth hearing. Prof. L. W. Kling is director of the chorus. Mr. Kling, though not a musician by profession, has gained a widespread reputation for his ability along musical lines. He is at present solo chorist with the Tri-City Symphony orchestra, one of the foremost in his kind in the middle west. Miss Hulda Peterson will accompany the chorus as solo violinist. Miss Mildred Nelson is accompanist. (Continued on Page Five)

HAVE YOU EVER MADE the acquaintance of that wide-awake ever-plugging, congenial and always pleasing service manager of the Wakefield Motor Company?

If so, you have met a real honest-to-goodness and thorough mechanic. If not, take our advice and make the acquaintance of Park Robinson, as he was one of the oldest men in the service in Sioux City, where he passed the "Efficiency Course," and we can't say too much for Park, because in reality he is one of the most valuable tools in the "Wakefield Automobile Chest."

No Other Light Car Offers So Much

Unusual power and control, quick pick-up and extraordinary acceleration to real speed, are features inherent in the Cleveland Six and features with which Cleveland owners are delighted.

Many a Cleveland Six owner has said, "It would be hard to tell you what a good car the Cleveland honestly is. It's wonderful!"

The Cleveland is wonderful because it is a splendidly developed and finished product, not a car rushed into the market. Three years ago the plans for production of this car were far advanced. But, with war approaching, production and marketing were delayed though experimental and engineering work were continued and test cars kept on the road. When war ended, came the Cleveland. Built in a fine big factory, with all

conditions and equipment assuring the very best of manufacture, and built by men whose successful experience had been wholly in the production of fine cars, the Cleveland Six began rolling out to the world last August. Since then thousands have gone to delighted owners, and thousands more are going every month.

There isn't any other light car that will give you so much of all that you want, and at such a fair price.

Come let us show you what a car, the Cleveland is

MYSTERIOUS PAINS AND ACHES.

Make Life Hard to Bear For Many Wayne Women.

"Too many women mistake their pains and aches for troubles peculiar to the sex. More often disordered kidneys are causing the aching back, dizzy spells, headaches and irregular urination. Kidney weakness becomes dangerous if neglected. Use a time-tried kidney remedy—Doan's Kidney Pills. They are never without a dragging ache through my back. I could hardly get around and I would have given anything for a—up for a little while from that steady ache. I felt weak and was often dizzy, too. My kidneys didn't act often enough and I was certainly in a bad way. Doan's Kidney Pills relieved me of all these symptoms and occasional nose-since has kept my kidneys in good condition."

What Is Chiropractic?

By HARRY E. VEDDER, D. C., Ph. C. Author and Professor of Chiropractic Physiology.

The following is taken from a statement over the signature of Richard C. Cabot, M. D., of Boston, Mass., recognized by the Medical Fraternity as one of the greatest diagnosticians in the world.

"The foremost drugless method in the United States today is that of Chiropractic. Not only are there more Chiropractors in business, but the largest non-medical institution in the world is a Chiropractic school.

There is a vital, God-given quality in every person which makes him act, breathe, think and live. It is called Innate (meaning inborn) Intelligence.

It is a well known fact that if all the nerves leading to the hand were cut, that hand would be paralyzed, and try as hard as we might, we could not move it.

If it is true that an organ stops function when the nerves supplying it are cut, then it is equally true that they function improperly when the nerves supplying them are pinched.

Examination discloses the fact that there is one place, and only one, where these nerve fibres can be pinched. This is in the spine where they leave the spinal cord and make their exit through tiny openings between the bony segments.

If the affected nerve supplies the arm, we have some form of disease expressing itself there. If, on the other hand, it is one of the nerves supplying the stomach, we have abnormal functions there.

The Chiropractor is trained to locate the nerves which are at fault, to determine the places where they make the exit from the spine, and to adjust the vertebrae back to their normal position.

Overlook Opportunity

The same newspapers that recently carried Herbert Hoover's admonition to the American engineers that "we are swamped with debt and taxed to the limit" credit is woefully inflated and speculation and waste are rampant," also carried a news report of the sale of \$1,000 worth of fuel on the same day at prices showing an average of over 50 per cent over those recorded last fall. An economist has agreed that the way Americans should combat the high cost of living is to depend upon the wise buying, elimination of waste and extravagance, and saving and safe investment, particularly in government saving securities. The country is "money drunk" and the following are the whims which some wise doctors have prescribed for the sobering up. George M. Reynolds, president Continental and Commercial National bank of Chicago—"Everyone must begin to realize that there are only two ways of cheapening oil, fuel, clothing and luxuries. One is by the practice of sensible economy—the joy ride of the spenders causes prices to soar higher and higher; the other way, and both are imperative, is to increase production. There cannot be much lowering of prices until more goods are made and more food is produced in the world."

John McHugh, vice president M. & M. bank of New York: "There has developed widespread extravagance. In individual instances almost no number the rule has been to 'buy until more' and not to 'work and save.' The result is the accumulation of 'high' prices for many things which we could have gotten along without, consequent expansion in the scale of living and an appreciable strain on credit."

James H. Manning, president National Savings bank of New York: "The average wage earner or salary man is too ready in expenditures, eliminating the essential and purchasing the non-essential; thus failing to save what the opportunity would offer."

Alfred E. Marling, president

Chamber of Commerce, state of New York: "It is necessary for everyone to save in order to repair the damage done by the war. It has been estimated a 10 per cent increase in production, a 20 per cent from living cost, and if, by the thrift campaign, a 10 per cent reduction in buying of unnecessary goods, a total of 30 per cent decrease in prices would follow, making a total decrease of 40 per cent in the cost of living. There you have the diagnosis and the prescription. The hardest part remains, that of making the patient take the medicine."

"Save Money on Meat" Week

The department of justice announced the first of the week's dates of "Save Money on Meat" week in the various states. During these weeks an effort will be made to reduce materially the prices of the cuts of beef, pork and lamb now in heavy demand by showing the many advantages of turning to those which are equally nutritious but which cost much less.

The first "Save Money on Meat" week, which has been previously announced, will be held from March 22 to March 27, throughout each of the following states: Illinois, Wisconsin, Ohio, Pennsylvania, Iowa, Indiana, Michigan, New Jersey, New York.

The week beginning March 29 will be "Save Money on Meat" week in Maine, Vermont, Massachusetts, Washington, New Hampshire, Connecticut, Rhode Island, Oregon, California.

The week beginning April 5 will be "Save Money on Meat" week in the district of Columbia and the following states: Maryland, Virginia, Kentucky, South Carolina, Florida, Mississippi, Alabama, West Virginia, Delaware, North Carolina, Tennessee, Georgia, Louisiana, Missouri.

The week beginning April 12 will be "Save Money on Meat" week in each of the following states: Texas, Kansas, South Dakota, North Dakota, Idaho, Nevada, Colorado, Oklahoma, Nebraska, Minnesota, Montana, Wyoming, Utah, Arizona, New Mexico.

On each day "Save Money on Meat" week some particular cut or cuts of the inexpensive variety will be featured and will be sold at a low price. Retailers who hitherto have not carried in stock some of the less costly cuts because their customers did not ask for them intend to try in adequate quantities of such portions of meat. If the consumers will take advantage of the highly nutritious and palatable pieces of meat which are relatively inexpensive, the saving effected will be tremendous, and the sickened demand for the cuts not popular will result in lower prices thereon.

Under present conditions the prices of the choicest cuts are in extreme instances fifty or sixty cent higher per pound than the price of other good, wholesome meat from the same animal.

Altitude Record Not Lowered.
