WAYNE HERALD, THURSDAY, MAY 6, 1920.

VOL. 33. NO. 48.

HIGH SCHOOL TEAM SCORES IN DEBATE

Five Schools Will Contest at Lincoln May 15 for Championship—Wayne to Enter.

WEST POINT IS DEFEATED

Judges Compliment Work of Debaters—Wayne Ranked With Best Schools in Nebraska.

The Wayne high school debating team defeated the West Point team at West Point Monday evening. The local debaters upheld the negative side of the question. "Resolved, that government should prohibit strikes on railroads doing interstate business," and the decision of the judges gave two of the three votes to Wayne. Miss Bonnie Hess, Mrs. Lynette Rennick and Leslie Rudd were the winners.

Wayne will now enter the state debate to be held in Lincoln May 15. Five high school teams will take part in this debate, among them Lincoln, Nebraska, and Lincoln, Neb. The five teams go to Lincoln. They will draw to choose their opponents. One team will draw a bye. In the first round two teams will meet and the remaining two will meet in debate and the successful debaters will meet the winners of the second round.

Judges at West Point were: Professor O. K. Parrin of the state university; Professor H. W. Jackson of the state university; and Superintendent C. W. Taylor of the teachers' training school at the university.

Prof. J. R. Armstrong, who judges the strength of the local team in the excellent team work, the finished appearance of the debaters and the unity of the entire team.

Prof. J. R. Armstrong and the winners are receiving much credit for the standard of debating in the Wayne high school. Prof. Armstrong has a strong team but lacked in working together, according to the decision of the judges. One member from West Point especially strong. The royal treatment and good spirit shown by the Wayne high school people were thoroughly appreciated.

The three debaters from here were accompanied by Professor J. R. Armstrong, Howard W. Taylor as substitute, and Marion Surber. They returned Tuesday afternoon from Norfolk by automobile.

WEDNESDAY NUPTIALS

Mr. H. E. Wendell and Miss Tillie Lennart, both of Wakefield, were married at the home of the bride's parents, Mr. and Mrs. W. F. Lennart, in that city, at high noon Wednesday, May 5. Only immediate relatives of the contracting parties were present. The ring ceremony was performed by Rev. C. J. Holm.

Miss Esther and Miss Lulu Bondson of Emerson played the wedding man from West Point. The bride attended in a gown of white georgette silk and carried a shouwer bouquet of roses, was accompanied by her father and Miss Amanda Wendell, bridesmaid, sister of the bridegroom. The bridesmaid was gown in pink satin and carried a bouquet of sweet peas. The bridegroom was attended by the bride's brother, Roy Lennart. A collection of pink and white was carried out.

Following the ceremony and festivities, a four-course wedding dinner was served. The newly wedded couple left in the afternoon for a visit in Sioux City, and on their return will make their home in Wakefield.

The bridegroom has been associated with the Fisher brothers in the automobile business in Wakefield and later. He is now entering into a partnership with the Schultz Auto Co. of Sioux City, and will live in Wakefield. The bride is a popular Wakefield young woman with a host of friends and well-wishers.

Markets, May 6, 1920. Butter, 40c; Eggs, 35c; Corn, 26.65; Oats, \$1.00; Wheat, \$112.50 to \$133.50.

Markets, April 29, 1920. Butter, 40c; Eggs, 35c; Corn, \$1.00; Oats, \$1.00.

Markets, May 8, 1919. Butter, 45c; Eggs, 35c; Corn, \$1.55; Oats, 62c; Hogs, \$19.50.

Student Suicides. Lincoln, Neb., May 4.—Lloyd Shannon, 19, freshman at Nebraska Wesleyan University, shot and killed himself in his room Monday afternoon. He was 18 years old. His father is a wealthy ranchman of Cody, Neb.

Entertainment Column. The program of the Apollo Concert company which was given last Saturday night in the auditorium of the Wayne State Normal was very acceptable.

BIG LOT SALE TOMORROW

Thirty-four Residence Lots, Ideally Located, at Auction.

If the weather is favorable, tomorrow will be a gala day in Wayne. In addition to the excitement of the Savage carnival and the field day games, one stellar event of pep and thrill and story duration will be the public auction of thirty choice residence lots just south of the Wayne State Normal campus.

The National Land & Development Co. of Mapleton, Iowa, is conducting this sale, and its members who have been on the ground the last week getting ready for the event, are men of high standing and sound business judgment. They appreciate the need for more building sites in Wayne and believe the desiring enterprise will reward them with a reasonable profit.

This group of lots will be known as the College View addition to Wayne.

CARNIVAL SEASON OPENS

Rain Interfers With First Day—Opening Shows Tuesday.

Rather inauspicious weather greeted the opening of the Savage carnival, and as a consequence it did not open according to schedule. Rain descended late Monday afternoon and baffled all plans for the initial evening. The program for the day was cancelled, the weather did not interfere with the opening Tuesday, however, and large crowds have been attracted to the grounds.

RAIN DELAYS THE PAVING

Improvement Proceeds Slowly on Account of Weather.

Paving operations in Wayne have been playing hard luck. The forces employed on the job have been unable to work long at a time without interruption by the weather. Some headway in grading has been made between showers in the north part of town, but a good deal of progress would soon develop if rain did not interfere.

A son, Wayne Allen, was born Friday, April 30, to Dr. and Mrs. C. A. McMaster, of Wayne.

SUMMER TERM AT WAYNE NORMAL OPENS JUNE 7

Prospect of Increased Attendance—Change in Faculty.

Prospect of the largest attendance in the history of the institution is evidenced by correspondence received at the Normal office concerning the summer session, which begins June 7. It may be necessary for four hundred students to room in town, and President Conn and the faculty force are busy canvassing the situation to learn what families in Wayne are willing to room or to board and room students during the summer term. Hitherto the people of the community have been very ready to open their homes to students and confidence is felt that the large need will again be met.

With the opening of the summer term, Prof. Charles Elliott Fouser of Evauston, Ill., will begin in work as instructor in music in place of Prof. J. J. Coleman who is going to California.

FORREST HUGHES TO MOVE

Buys Interest With Carl Grothe in a Bank at Harrold, S. D.

Forrest Hughes who has been a resident of Wayne for twelve years, and has spent most of his life in Wayne county, has decided to move to Harrold, S. D., where he will engage in the banking business.

Forrest came to Wayne in 1903 from a farm near Carroll. He was first employed as deputy county treasurer, then clerk of the district court, and of late years has been in partnership with Leslie Hess in abstracting. Forrest has resigned as clerk of court, for which he was re-nominated without opposition at the late primary, and has disposed of his interest in the abstract business.

Loebsock Rehusus.

A marriage license was issued out of the county court this week for Mr. Henry Loebsock and Miss Martha Rehusus, both of Wayne county, who were married at West side yesterday by Rev. Julius Eric.

Card of Thanks.

We wish to thank our kind friends and neighbors for their assistance and sympathy during father's last illness and death—A. C. Williams and family.

CITY COUNCIL STARTS OFF NEW FISCAL YEAR

Officers and Committees Chosen and Permits Granted.

The city council had a final meeting for the fiscal year Monday evening and met to reorganize Tuesday morning.

At the meeting Tuesday morning, C. E. Carhart was elected chairman, and the following officers were appointed and approved: R. S. Benedict, city attorney; A. A. Chance, chief of police; W. A. Stewart, street and alley; E. D. Bichel, water; W. H. Gilderselev, chairman, H. Lundberg, chairman, C. E. Carhart, water.

Nothing startling was done at Monday night's meeting. Only action was given to affairs incident to closing the fiscal year.

BOLLEN REFUSES TO RUN

Wayne Lawyer Not in Sympathy With Non-Partisan League.

Lincoln Journal: "Floyd L. Bollen of Wayne, Neb., will not accept the nomination for attorney general which was made Tuesday afternoon at Grand Island by the nonpartisan league and associated delegates."

Where Truth Entered. Albion News: Governor McKelvie spoke at both Wayne and Tekamah just prior to the primary. At Wayne he received 141 votes and 28 for his nearest opponent, and in Burlington he received 422 to 217 for his closest opponent.

Sang at Chapel.

Miss Alta Burton of Chicago, sister of Miss Helen Burton, head of the department of domestic science in the Normal, sang five numbers in chapel yesterday morning.

MEETING OF WOMEN'S CLUB

Following Business, Hears Reports and Listens to Speech.

Following a business session Saturday afternoon, the Wayne Women's club was regaled with singing, heard reports from delegates to the district meeting and listened to an address on "English Life" by Rev. William Kilburn.

The club voted to pay \$500 on its opera house debt. A proposition to rent the opera house to a paying gang of 125 men was voted down.

Mrs. A. R. Davis and Mrs. T. T. Jones sang a duet, accompanied by Mrs. James Miller on the piano.

Representatives of the National Development company received approval of the constitution of the College View addition, to be given the group of lots to be sold at auction tomorrow.

Roops Needed.

The indications are that the attendance during the coming summer session at the Wayne State Normal school will far exceed anything we have ever had.

John Hufford received an order the past week for an incubator, from Palatka, also one from the Isle of Pines, which is located south of Cuba. Such occasional orders from people in foreign lands, prove that the Radio-Round Incubator

## Named

# Copper-Clad

Because the Copper-Clad range is clad with a sheet of pure copper where other ranges rust out.

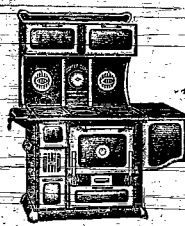

The Copper-Clad Range has four walls and an air space like a Thermos bottle.

Study the section of the Copper-Clad Wall as pictured above. No. 1 is the grey iron inner lining or fire lining. No. 2 is the thick layer of long fibre asbestos, the heat-holding material that makes fuel do double duty. No. 3 is the sheet of pure copper between the sweaty asbestos and outer casing or range body. Notice the domes or round bumps on the sheet of copper. See how they hold the copper sheet away from the range body, leaving a dry air space next to the range body or outer casing as shown by No. 4.

Study the section of the Copper-Clad Wall as pictured above. No. 1 is the grey iron inner lining or fire lining. No. 2 is the thick layer of long fibre asbestos, the heat-holding material that makes fuel do double duty. No. 3 is the sheet of pure copper between the sweaty asbestos and outer casing or range body. Notice the domes or round bumps on the sheet of copper. See how they hold the copper sheet away from the range body, leaving a dry air space next to the range body or outer casing as shown by No. 4.

As all moisture in the asbestos must escape toward the cold side, of away from the heat, you can understand why the sheet of copper must be between the asbestos and cold side or outer casing. When the moisture strikes the copper, it can get no farther, and as copper never rusts, it is not affected by the moisture. The Dry Air Space is almost exactly like the air space in a thermos bottle. But for the air space in a thermos bottle it would not retain the heat. Just so with the Copper-Clad. The dry air space holds heat better than solid iron, even if an inch thick, and is a great fuel saver. It is estimated that this air space saves a shovel of coal at every meal or over a thousand every year.

Then the name Copper-Clad means something to you. It means a range clad with pure copper where other ranges rust out.

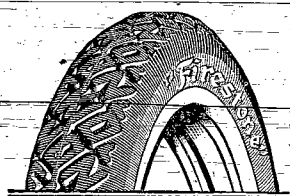

## Carhart Hardware Co.

Wayne, Neb.

factory and Wayne are becoming known throughout the world.

Mrs. Ola Nelson and Mrs. N. E. Larson of Wakefield visited in Wayne Saturday with Mrs. Frank Sedstrom.

Mrs. F. S. Perry and son went to Sioux City Saturday morning to visit relatives, and Mr. Perry followed them to that place Sunday. They returned home Monday evening.

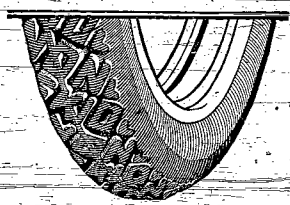

## What Most Miles per Dollar Means To Car Owners

7,000,000

That means quantity buying, quantity production and quantity selling—always the Firestone way to better tire values at low cost.

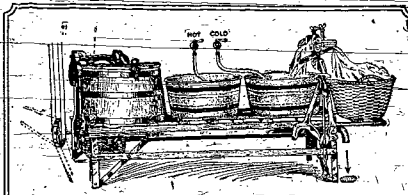

Buy Firestones!

The thing that every tire buyer for big car or small is trying to buy, is mileage economy. And the one way to produce it is scientific manufacturing.

Most miles per dollar is a Firestone pledge, to the big car owner as well as to the owners of light cars. See the new Standard Oversize Firestone Cord.

APRIL PROVED WET MONTH

More Water Fall Than During First Four Months of 1919.

A total of 22 inches of rain fell during April, the wettest month of the year thus far recorded during the first four months of last year. The record of rainfall for four months of this year, as kept by the State Bank of Wayne follows: January, none; February, none; March, 20.5 inches; April, 22 inches. The record for the first four months of 1919 follows: January, 31 of an inch; February, 29 of an inch; March, 33 of an inch; April, 22.5 inches. The total rainfall in 1919 was a fraction over 25 inches.

Death of Thomas Williams. Randolph Times: Mrs. Thomas Williams passed away Sunday afternoon at the home of his son, Arthur Williams, fourteen miles south of Randolph on the Norfolk road. Mr. Williams was taken critically ill on Saturday and death followed the next day. For some time he had been in feeble health and when so Randolph during the winter, his friends remarked upon his waning strength.

Deceased was a brother of the late E. R. Williams and Mrs. C. G. Deben of this city and has visited in Randolph so often as to be quite well known. He was 74 years of age.

Thomas Henry Williams was born in Turin, Lewis county, New York, June 28, 1845, and died at Hoskins, N.Y., April 27, 1920, of heart trouble. He was married January 6, 1876, to Isadore Higley at Waakegan, Ill., and later moved to Flat Rock, N.C., where he lived in farming.

Mr. Williams was farmer at the Lincoln State Asylum farm 16 years, but retired a few years ago to his home in Hoskins. He preceded him to the Great Beyond, March 28, 1909.

Mr. Williams leaves to mourn his demise a host of friends, seven children: Mrs. E. A. Snyder, Denver, Colo.; John Williams, Randolph; T. E. Williams, New York; Ed. Lincoln and Mrs. V. O. Hall of Cereber, Pa.; and Hannah Williams, pioneers of Lewis county, New York, and is survived by but two of the family, G. R. Williams of Omaha and E. B. Williams of Valleyford, Wash.

Mr. Williams was a genial kindly soul and a friend to man. He was a member of the M. E. church and M. W. A.

The funeral was held Tuesday afternoon at 2:30 at the home of his son, T. E. Williams, 220 D St., Rev. Graiz of St. Paul M. E. church officiating. Many beautiful floral offerings were placed on the casket by relatives and friends.

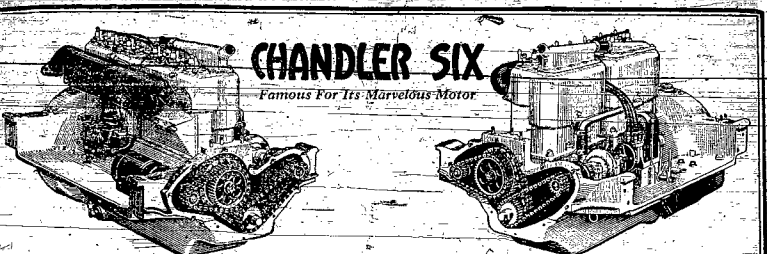

THE EARLY DAYS IN TWO COUNTIES.

From the Wayne Herald, May 4, 1899. The school board elected these officers: F. L. Neely, president; C. O. Fisher, vice president, and E. Hunney, secretary.

Fire starting from a burning straw stack destroyed the buildings, implements and grain on the farm of Thomas Fitzsimons of Logan township.

During a wind storm, Mrs. B. Lunken, seven miles east of Hartung, lost her life while trying to stop a prairie fire. Her little son was badly burned.

From Enca, Journal May 5, 1881. A report of the fall of snow in this country during the past winter has been furnished the Dakota City Eagle by B. Willis, a citizen of that place. He says that snow fell October 15, five inches; November 26, seven inches; December 18, eleven inches; December 26, four inches; January 2, nine inches; January 26, six inches; March 14, four inches; April 8, eight inches; April 9, four inches; April 10 and 11, five inches; April 12 and 13, eight inches; total seventy-one inches. Aside from this, counting two pre-

CHANDLER SIX

Famous For Its Marvelous Motor

See How Chandler Checks With High-Priced Cars

THE Chandler Six throughout its seven years of production has been distinguished for its many distinctively superior features of design and equipment which are used also on the highest priced American cars, and not used in any considerable degree by cars now priced hundreds of dollars higher than the Chandler. See, then, how the Chandler checks with ten of the best-known high-priced cars in these features selected as being characteristic of high-grade design and most efficient service.

Superior Chandler Features and the High-Priced Cars that use Them

- ONE PIECE ALUMINUM MOTOR BASE. Also used by Packard, Cadillac, Lincoln, Buick, Stutz, Pierce-Arrow, Daimler-Benz, Mercedes, etc. TORQUE ARM OR TUBE. Also used by Pierce-Arrow, Daimler-Benz, Brewster, Winton, Cadillac, Packard, Stutz. PIERCE-ARROW, Flat, Brewster, Packard, Locomobile. ANNUAL BALL-BEARING TRANSMISSION. Also used by Packard, Locomobile (Bronze), Mercer, Winton, Fiat, Pierce-Arrow, Stutz, Pierce-Arrow. Locomobile, Packard, Marmon. ANNUAL BALL-BEARING DIFFERENTIAL. Also used by Marmon, Stutz, Locomobile. ANNUAL BALL-BEARING REAR WHEELS. Also used by Packard, Stutz, Locomobile, Marmon, Pierce-Arrow, Fiat, Mercer. HIGH TENSION MAGNETO IGNITION. Also used by Locomobile, Mercer, Fiat, Brewster, Winton.

THEN, see how these seven cars—sixes which may be considered competitive to the Chandler—do NOT check.

- One car, listing at \$2975, checks with Chandler in only one feature. One car, listing at \$2195, checks with Chandler in only two features. One car, listing at \$2685, checks with Chandler in only three features. One car, listing at \$2045, checks with Chandler in only two features. One car, listing at \$2400, checks with Chandler in only one feature. One car, listing at \$1945, checks with Chandler in only one feature. One car, listing at \$2250, does not check with Chandler in any feature.

Not a single one of the seven makes of medium-priced Sixes referred to offers you High Tension Magneto Ignition. The Chandler offers you Bosch, recognized the world over as the best ignition system. Only one of them offers you the silent chain drive, although another one of them is its higher-priced model (\$3450), incorporates this feature.

These Statements are Facts and they Give You Few of the Reasons for Chandler Leadership

The specifications data quoted is substantiated, in every instance, by the manufacturers of the cars referred to.

JACK DENBECK, Prop. Wayne, Neb.

ly heavy hail and sleet storms, Mr. Willis thinks that for thirty years there has not been so much snow in such a day, which, added to the above, would make a total for the season of 106 inches, or more than eight and a half feet. But, notwithstanding all this, and the late-ness of the season, Mr. Willis anticipates a good crop year and a late fall, such as that of '17, which yielded more of the hay of this region was put up after the middle of October.

During last week's flood, a portion of Sioux City was under water. All that part of the city between Fourth street and the river below Pierce street was invaded by several feet of water, and about four hundred houses were flooded, some of them on the lowest ground having water up to their roofs. In Covington the water was from five to twelve feet deep in the streets, some of the houses were floated away. The residents of the town were taken away by boats to Sioux City.

Bigger Hay Crop Than Ever. O'Neill, Neb., April 30.—Holt county, which is the leading hay producing county in the state, already has assured a hay crop bigger than any for the past several years. The floods in the Elkhorn, Missouri and their tributaries, are responsible for this. The hay meadows have been under water for a week or more, enabling the young grass to get a better than usual start.

The hay crop is the one crop of the central western states, which does not suffer from dry spells if it gets a good start in the spring. This year's crop of market hay will be the hay men. The ranges also are in excellent condition according to the ranchmen of the southern and central sections of the country, in which stock raising is one of the principal industries.

The floods arise from the damage to highways, and bridges do little other damage in the country.

and the waters now are receding rapidly. The pleasant, clear and slightly windy weather of the last few days already has dried up the fields sufficiently for farmers to get into them in most localities and the small grain crops are being planted.

Worry Reduced. Baudette, Minn., Region: The girls who used to worry about how their skirts hung haven't much to worry about these days.

Setting on W. J. B. L. T. in the Chicago Tribune: With both Edwards and Bryan in the democratic convention the show will be well worth attending. Well wagger 3 to 4 on Bryan.

The Herrick Refrigerator, Watertown, Mass.

What a difference there is in the enamel lining used in refrigerators—how few you never saw enamel or porcelain so glossy white as that which is used in Herrick Refrigerators—and it lasts. This model can be arranged for outside icing like all three-door Herrick refrigerators. It has wire mesh shelves of high quality, removable, rust-proof, seamless, trip pan and rust-proof, removable drain pipe and tray. Beautifully finished golden oak case with rounded top and corners. Equipped with latest improved cleanable system. Sealed enamel interior. A very popular model for residence requirements.

# LOTS AT YOUR OWN PRICE

## Tomorrow Afternoon, Friday, May 7

### Commencing promptly at 1 o'clock

# 30---CHOICE RESIDENCE LOTS---30

just south of the Wayne State Normal Campus, will be sold at public auction. This is your opportunity to buy residence lots in one of the most desirable sections of the city for either a home or investment. Easily accessible vacant ground in Wayne is becoming scarce, and it will not be long before people will have to go considerably farther out to find building sites. Even if you are not ready to build now, it will pay you to invest at this time in good residence lots. Manifestly this opportunity will knock but once and cannot return.

### Special Offer

With each lot sold will be given the privilege of the next one, two or three lots at the same price each, thus allowing the purchaser to regulate the size of his purchase without competitive bidding against himself, a decided advantage to the purchaser and a privilege not allowed by many companies.

**Terms of Sale: Lots will be sold for one-half cash on day of sale; balance in six months with interest at 8 per cent on deferred payments**

## Band Concert on Grounds During Entire Sale by the Walter Savidge Band

### Seven-Room House at Auction

At the conclusion of the lot sale and on ground adjacent to the plat sold, we will offer to the highest bidder a seven-room house, with cistern, city water and electric lights. Good barn and other outbuildings, newly painted and in good state of repair. Possession may be had immediately.

### Nine-Room House at Auction

We will also sell to highest bidder, H. H. Hickman's modern residence of nine-rooms and bath, near State Normal. It is oak finished on ground floor and hard pine finish upstairs; full basement, hot air furnace, electric lights, city and soft water piped through house. This is a practically new residence. The lot is 75x150 feet and the legal description is lot 5 in Conn. & Britell's addition. Terms of sale, \$4000 September 1, when cash possession will be given; balance to be carried back in a first mortgage for five years at the rate of 6 per cent interest annually. Abstract showing word and merchantable title will be given.

Also we will sell two vacant lots described as lots 3 and 4 in Conn. & Britell's addition. Terms will be made known on day of sale.

# National Land & Development Co. of Mapleton, Ia.

D. H. Cunningham and W. H. Neely, Auctioneers.

**EVERYBODY COME TO THE SALE AND BOOST FOR WAYNE PRESENT AND FUTURE**

### IN ANNUAL CONVENTION

Federation of Women's Clubs at Wisner—Another Nearby News.

The seventeenth annual convention of the Nebraska Federation of women's clubs which was held at Wisner last week was attended by 129 women. Among the prominent women present were state president Mrs. John Slater, state vice president Mrs. E. R. Penney, and past state president Mrs. Harry Keck. Twenty-seven clubs in the Third, Fourth and four out of the district were represented. The loss caused by the high waters in the Elkhorn valley is estimated near \$200,000 in Stanton county, according to S. D. Denney of Stanton. One bridge was washed away and several smaller ones were damaged or destroyed. The National Women's Picket states that Dr. Bollert of that place has been appointed by Surgeon General of the United States, to render first aid treatment to all honorably discharged service men.

Special services were held at Fordyce Wednesday last week in honor of the twenty-fifth anniversary of the ordination of Rev. Father Victor to the priesthood. Many priests from this part of the state attended the services.

Men in Harrington met Friday evening at the local hall. Basketball is gaining in favor as a sport and entertainment. Harrington lost that a baseball team is being organized for a team. The Big 3 are O'Neill, Verdel, Bassett, Harrington and Winner, S. D. One man in Kentucky has planned to send horses to the meet.

The girls' basketball team of the Harrington high school won a game played with the Poncea team at Poncea, Ia. They will play the winners of the Laurel-South Sioux City game. They would then go to Wayne if successful and have a good chance of winning the championship of the district for the second time.

Kusch of Harrington was afflicted with a loss of his voice last week. This is the fourth time the trouble has resulted in deafness while in Queen Victoria's bombing squad of the British forces. He lay on the battlefield seven days being picked up and being taken to the hospital, the ambulance was blown up by a shell and he was in the hospital for one week. The village board of Battle Creek let a contract to the Katz Construc-

tion company of Omaha for a sewer system. The work on this will begin in July and be completed within 90 days. The Katz company has men at work at Alden and Wayne and it will be easy to get the men from those places to do the work at Battle Creek.

A pig club which will meet regularly during the year has been organized at Battle Creek. The work of the club will include feeding, judging and handling of hogs.

Amusement day was observed in Laurel Saturday with band concerts and speeches. The Carroll band furnished the music and O. S. Stillman of Pierce, gave the chief address.

Prospects for the location of a \$30,000 supply depot at Wausa, are very favorable. Jens Olson and the Peters Supply company of Wausa are negotiating with the Nichols Oil company of Omaha for cooperation in the undertaking. This would mean the installing of six tanks with a capacity of 100,000 gallons besides the filling station.

The planning of building a new school building to meet the growth of the school. The new building will probably be used for seasonal training. The telephone lines at Pierce are to be placed in cables underground. The company received 6000 feet of cable from Fremont last week. The improvement will be made in a short time now that materials have arrived.

The new switch contracts for the new telegraph, alternators, etc. necessary to installing the new alternating current. The city also contracted for a new water pump which will be put in before the planting season begins. A strike among the diggers has caused some delay in the work.

The house occupied by the Anton Tichota family eight miles south-west of Randolph, caught fire last week and burned to the ground. There was no fire in the kitchen stove at the time but had been out earlier in the day. It started in the living room. Neighbors helped save the furniture but the house was destroyed.

Continuing for the first time in an automobile and tractor show last week. The show led to an organization among dealers which will meet on an annual occasion and also showed Columbus the need for a municipal auditorium besides stimulating buying. In regard to building a new highway, the Newman Grove Reporter says: It is proposed to open a route that shall leave the Lincoln highway at Denison, Iowa, touch Onawa, Iowa, enter Nebraska at Decatur and take a general course

westward probably touching Battle Creek, Wisner, Stanton, Madison, Newman Grove, Albion, Spalding, Ord and go on westward toward Broken Bow or Anselmo to Arnold or thereabouts and either connect with some existing highway running due west or divert to the southwest and connect with the Lincoln highway at North Platte.

## Why We Sell Gripwell Tires

We are not recommending the Gripwell Tires just because we sell them.

We sell them because we recommend them. There's a difference.

Back of the gripwell product is a conscientious desire, not merely to "make tires" but to make tires right. And it is that determination, more than anything else, which puts the extra miles under your car.

We can fill your wants in either cord or fabric tires, and tubes.

Remember that prices are advancing on account of the scarcity of fabric, and that it is highly important to supply the summer's tire needs now.

Also remember that we handle paints and can give you some real bargains.

### SIXTY-SEVEN IN CONTEST

Forty Children of State Spell Correctly Original List.

Miss Pearl Sewell, county superintendent, who returned Saturday from Lincoln where she supervised the state spelling contest, reported that sixty-seven contestants, representing forty counties, took part. There were 1,420 words in the list to be used. Forty children were still standing when the whole list had been spelled. Dorothy Meyers of Carroll, representing Wayne county, was one of the forty. A very difficult list was then used, country to the understanding of Wayne and a number of other counties who were therefore unprepared.

Mr. R. W. Katon who conducted the contest, said he had managed five interstate contests and in none had the entire list of 1,420 been correctly spelled. The Nebraska boys and girls surprised everybody.

The Lincoln Commercial club gave a banquet in the evening, and also furnished the prizes. The prizes were: Two firsts of \$25 each, two seconds of \$15 each, two thirds of \$10 each and two fourths of \$5 each. Madellen Wilcox, 12 years old, seventh grade, One county, won first in both oral and written making her prizes \$40. In the written contest, Clarence Hadden, sixth grade, Hamilton county, won second prize; Creta Baker, eighth grade, Cass county, third prize; George Hayden, seventh grade, Nuckolls county, won fourth prize. In the oral contest, Mary Johnson, 10 years old, sixth grade, Cedar county, won second prize; Julia Kautia, 12 years old, fourth grade, Hamilton county, third prize; Evelyn Nelson, Phelps county, fourth prize.

### URGES THREE-FOLD GIFTS

Delegates Attend Meeting—Present "Missionary Clinic."

The Missionary societies of the Niobrara Presbytery met last Thursday and Friday, at Emerson for the annual convention. Mrs. D. L. Johnson of Omaha, state president of the synod, spoke at the sessions. She emphasized that the new era was not only asking for money, but also for gifts of prayer and life service. Mrs. Johnson showed that these two last named gifts are of greater importance as well as that of money. To carry on the work in foreign fields is the big problem after the money has been provided. To do it many men and women must pledge their lives to the task. Each district is to furnish a certain number of life service workers. Mr. Johnson explained. Those who cannot do active service are asked to give gifts of money and of prayer. Mrs. Johnson's charge—prayer—should not be overlooked. She advised organizing of prayer groups.

Mrs. A. D. Wolff of Kansas City, Kansas, who is a field worker in the mission field, conducted conference meetings and addressed the delegates. Much interest was taken in her format conference, of which she had charge. Mrs. Wolff's important talk was on the subject of "Predigested Food." She showed how predigested foods are beneficial to the physical person and that the "predigested" spiritual food is just as helpful. She said that the best of mission work are done by those who are interested. Special training in this field was suggested by Mrs. Wolff.

Rev. J. H. Euterolf, for thirteen years a missionary in Africa, told of his experiences in that country. He explained the urgent need of more workers and the extent of the field to be covered by this new campaign. Ponca, Henderson, Wakefield, Emerson and Wayne were represented at the conference. The weather hindered some from attending.

The women of the local Presbyterian society presented the playlet, "The Mission Clinic." Thursday afternoon "The Way" was a very popular part of the program. Mrs. Wolff of Kansas City remarked that she was going to urge all of the societies in her territory to present this.

Seven women from Wayne attended the sessions all or part of the time. They were—Misses Mrs. F. G. Philio, Mrs. W. H. Morris, Mrs. C. A. Orr, Mrs. J. W. Beard, Mrs. C. W. Hiseox, Mrs. H. S. Kinghorn.

### Elkhorn River Receding

Janan, Neb., May 4.—The Elkhorn river at this point is fast receding and is now almost within its banks. Farmers from the outlying districts are beginning to drift into town.

Ed Boyle was the first to reach town from the northeast, across the river, on Wednesday. Will Hartle and Fred Waterbury came in from the northwest and Joe Gallagher arrived from the east on Thursday.

The high waters have ruined many of the hay meadows and hundreds of acres of river meadows are covered with white sand. A large force of men and teams is at work repairing the damage done to bridges, culverts and roads, leading into town.

### FROM A RETIRED FARMER

B. Craig Wants to Help Pave Muddy Roadway Just Inside City.

Editor Wayne Herald: I was talking to our county commissioner, P. M. Corbit, and he tells me that as soon as the state road from Wayne to Hartington is graded and fixed up that the Norfolk to Sioux City road will be in order. He says that within two or three years it will be graded or paved in some way. You will notice that this same road runs through our city, and out city because I am a resident here and own property along this same highway, just inside the city limits. It seems to me that as long as it will be so short a time until the state road will be fixed fit for traffic and that there is present a contract to pave the principal streets of the city, that this would be the time to pave that part of the Norfolk-Sioux City road which passes through our city.

Now we have here a city road that these old retired farmers won't contribute to or do anything to boost for their town, and that they are more of a hindrance than a help to a town. I take issue with such preaching. I will gladly pay my full share of this paving expense, and in addition I will give \$25 towards getting the road paved. Now let us boost for Wayne, the best town in north-west Nebraska, and not compel the public to wait for a road through mid-the city limits, after they have come used to going on surfaced roads in the country.—B. Craig

### CHURCH CALENDAR

Methodist Church. (Rev. Wm. Kilburn, Pastor.) Sunday school 10 a. m. Preaching service 11 a. m. Epworth League 7 p. m. Prayer meeting Wednesday evening at 8 o'clock.

### Evangelical Lutheran Church.

(Rev. H. A. Teekhaus, Pastor.) Sunday school 9:45. Morning worship 10:45. In this service the catechisation of the catechumens will take place. Everybody, especially the parents of these children, are kindly invited to be present at this service.

### The Presbyterian Church.

(Rev. John W. Beard, Pastor.) Services, May 9, 1920. Morning worship at 10:30. Theme of the morning service, "The Foundation of Victory." Evening worship at 8 o'clock. Theme of the evening sermon, "Son of Man." Sabbath school at 11:30. Classes for all who enjoy one of the adult classes. Christian Endeavor at 7 o'clock.

Why not make this church your own home church. A real welcome is always yours.

### First Baptist Church.

(Rev. Robert H. Fratt, S. T. M.) The morning service will be especially in honor of our mothers. This is Mother's day and all are asked to observe it. The subject of the sermon will be "My Mother." The ordinance of Baptism will follow the morning service. Sunday school at 11:45.

The Young People's meeting at 7 p. m. Our contest is full of interest and enthusiasm. Over thirty were in attendance last Sunday. Come out and help your group.

Evening preaching service at 8 p. m. Subject: "The Enthusiasm of Jesus."

The mid-week prayer meeting on Wednesday at 8 p. m. Nothing will be permitted to interfere with this service. In our studies in the life of Jesus we will consider the beginning of his work in Galilee. The scripture lesson is Mark 1:14-45.

We are still awaiting our special solicitor for the N. W. C. U. On his arrival we will push the canvass to completion in a few days. Because of the weather the time has been extended one week to May 28. Weaska has subscribed \$50,000 to date, and eight churches are over the top.

English Lutheran Church. (Rev. J. H. Euterolf, Pastor.) Sunday school 10 a. m. Morning worship 11 o'clock. Evening worship 8 o'clock. Sickiness made it necessary to postpone the Aid meeting until next Thursday afternoon when Miss Rose Assenheimer will entertain at the parsonage. A Mission Band was organized last Sunday afternoon with a membership of seventeen. The following officers were elected: Pres. Willie Lerner; secretary, Helen Thompson; treasurer, Ruby Kay; organist, Melvin Furstad. The meetings will be held the first Sunday afternoon of each month. There are still a great many more who should join in this splendid movement and the membership committee

tees should get busy to increase the number of members. At a congregational meeting held last Sunday it was decided that our church should take an active part in the raising of \$1,800,000 for the Lutheran, World Service campaign. The cause is worthy and the people ought to respond according to their ability.

### Accidental Shooting.

Inman, Neb., May 4.—Kinshold,

Riemers, 12-year-old son of Mr. and Mrs. John Riemers, living one mile west of town, was accidentally shot in the right arm by his 4-year-old brother while they were hunting near the house.

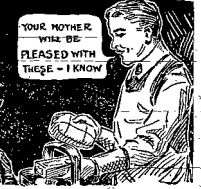

The two boys were after a rabbit under a wood pile near their chicken house. Kinshold put his gun down to move some boards and in reaching out after them, the little brother in some way discharged the gun, the bullet tearing a hole in the

flesh of the elder brother's arm. It is believed the arm will have to be amputated.

### Indifferent to Boycotts.

Kansas City Star: It is doubtful if boycotts on potatoes will help much. Anybody who has looked to the unblinking eyes of a potato must have been convinced it is a manure to care little for public condemnation.

**OPERATA SCORES HIGH**  
 "The Princess of Poppylund" by Grade Pupils is Enjoyed.

The grades of the Wayne public school, under the direction of the musical supervisor, Miss Maudie Shanton, gave the fanciful theater opera, "The Princess of Poppylund," at the opera house Friday evening, April 30.

The entertainment began with an overture by the high school orchestra which was well received.

At the close of the first act, the first act exclamations of delight were called forth by the beautiful state-actings. The scene was a garden at the end of the last act by girls from the sixth and seventh grades, every song brought forth applause and every joke, a response of hearty laughter.

The cast of characters follows:  
 King—Burr Davis.  
 Fizzleton—Frank Peck.  
 Dozer—Donald Taylor.  
 Prince—Gerard Dennis.  
 Pimp—Arthur Hansen.  
 Hipp-honk—Frederick Berry.  
 Princess—Esther May Ingham.  
 Moon-Daisy—Elmira Kadwell.  
 Councillor—Kathryn Davis.  
 Columba—Mary Alice Ley.  
 North—Willie Sand.  
 South—Clarence Kay.  
 East—Lorenz Kay.  
 West—Bert Johnson.  
 Spanish Gypsies—Girls from sixth and seventh grades.

The high school boys' octette sang at the close of the first act and made their usual hit. They responded to an enthusiastic curtain call in a characteristic manner.

At the close of the second act, the high school octette rendered a beautiful selection after which the boys' and girls' octettes sang "The Fly Wedding Morning."

Miss Helen Blair was the piano accompanist. Miss Edna Gemlich, Miss Coila Petras, Mrs. French Penn, Frank Martin and William Laas were the decorating committee.

# Draperies

What wonders can be accomplished in any home, by means of a few yards of tastily chosen drapery, is something every good housewife knows.

Is there a room in your home that needs fixing-up? Is there a nook or corner that can be brightened, and made more home-like—call in and let us explain how you can accomplish this very inexpensively, by means of a few yards of drapery.

We'll even help you plan it and lend all the assistance you wish in the picking-out of patterns and colors that are best suited for the use to which you intend to put them.

Here you will find beautiful draperies in old rose, blue and in figured cretonnes. Their richness of color will add the desired home-like touch to your room.

---

# Curtains

No housecleaning is really complete without new curtains. We feature a well rounded assortment of medium and better grades of domestic curtains.

Examine our new shipment of nets and marquisesettes. These are figured, bared or plain, to suit your needs.

---

Remember the importance of new curtains and draperies in your home.

Visit this store and let us show you these new pieces before you buy

 Bash, Wayne.  
 Wayne 3rd Ward—Wm. Beckenhauer, Wayne; L. L. Latta, Wayne; William Morris, Wayne; C. E. Gildersleeve, Wayne.

**PRESENT MISSION PATRONAGE.**  
 Members of the Woman's Missionary society of the Baptist church gave a five scene pantomime at the home of Mrs. Arthur Norton Tuesday evening. The play is fashioned after Pilgrim's Progress. Missions taking the part of pilgrims in the story.

The first scene presents Missions starting out on her journey. She hears women praying to the Sun Gods for the care of a child. Missions sees seed and takes advantage of the opportunity to help the child and at the same time teach Christianity to the people. Representatives of India, China, Japan, Africa and of the Moslem women then appear and appeal to Missions for help and relief from sickness.

The fourth scene portrays the rays of the shadow of death, showing the wretched doctors, their lake oares and the urgent need for assistance. The first gleam of hope comes to Missions when people begin to accept the teachings of Christ, after Missions has helped them in their need.

The story was brought to the present time and introduced the campaign now being carried out for the help of these people.

**RARE SPECIMENS - FOUND**  
 An Eared Grebe and An Electric Light Bug in Captivity.

Norman Wilson brought an eared grebe to the science laboratory of the high school last week. The bird was found near Logan creek, but is very rare in this locality. The North American Bird Guide shows a colored plate of the grebe which might be a photograph of the one found here. Its range is given as western North America. It breeds from southern California and northern Nebraska north to British Columbia and Manitoba, and winters from California southward. It is casual east to Missouri and Indiana during migrations. Its nest is a heap of wet decaying rubbish floating among the living ones in sloughs. Its eggs are three to seven in number, dull white in color, and 1.2x1.5 in dimension. John West recently shot a grebe near the place where the live bird, probably its mate, was found. He has stuffed his specimen and given it to the high school.

The grebe has seemed to enjoy his captivity in the high school laboratory. He has been very healthy, demanding food and a bath every half hour during the day. He submitted to much petting and must have been thoroughly content. Hours for he startled the janitor by walking into the assembly room where he was at work. He is now in the possession of Prof. Hickman of the Wayne State Normal and doubtless will soon adorn the college museum.

Another interesting specimen in the high school laboratory at present is an *Electra Americana*, a sort of beetle, and the largest of its kind. It is commonly called the fire bug, but is non-poisonous, but capable of tearing the skin off one's finger.

**HERE is a big seven passenger touring car of exceptional character—the Buick Model K Forty-Nine.**

It is an individual car—one that meets a more exacting requirement than the ordinary types in which larger carrying capacity is demanded.

For city or country driving this big, roomy Buick fulfills the demands of each owner, particularly those who desire a family car of beauty, comfort and economy.

Its popularity in demand and selection conclusively proves the choice of the majority of all such buyers—and each day finds additional purchasers placing orders for future delivery.

Following are delegates to democratic county convention who will convene at 10 o'clock a. m. on Tuesday, May 11, 1920, in the county commissioners' room at the court house at Wayne, Neb.:  
 Hoskins—Otto Voss, Hoskins.  
 Garfield—Not any.  
 Sherman—Not any.  
 Hancock—Not any.  
 Chapin—R. T. Malloy, Winside; O. C. Boock, Winside.  
 Deer Creek—J. F. Stanton, Carroll; Frank Leorenz, Carroll; Harry A. Nye, Carroll.  
 Brenna—C. E. Wright, Wayne.  
 Strahan—Not any.  
 Wilbur—Frank J. Kloppe, Wayne.  
 Plun Creek—Not any.  
 Hunter—Not any.  
 Leslie—Frank E. Bressler, Pender.  
 Logan—Ray Dilts, Wakefield; Wm. Beckenhauer, Wayne; Walter Gaebler, Winside.  
 Wayne 1st Ward—Clayde Oman,

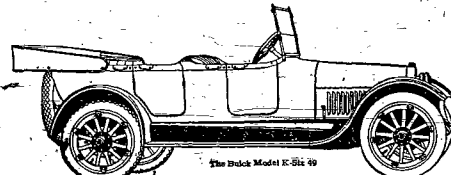

**Meeting of Stockholders of Wakefield Drainage District.**  
 A meeting of the stockholders of the Wakefield Drainage District will be held in the district court room in Pender, Neb., on Tuesday, May 25, at 1 o'clock p. m., to determine the amount of dividend to be paid to the stockholders assessed for benefits on lands in said district. Wakefield Drainage District, by Charles A. Kinyne, President, and Leonard Secor, John D. Haskell, treasurer.

**What the World Needs.**  
 Signor Nitti—Italian Premier: We of today are becoming brutal and stupid because we have war too much on the brain. We are becoming crazy and hard. No poetry is being penned, no music composed, no great books written. For centuries the universities have done little, and the intellectual level of mankind is falling. To me, that is sad. Let us forget about war and write poetry and sing sweet music. The trouble with the world today is that it has forgotten how to smile. When two men stand always face to face each believing the other intends to murder him, they will end it by lightning. If they go on about their business when they meet and one smiles, the other will smile in reply. We need smiles in the world today. Let us try to get away from the war on the earth smiling once again. In a smiling peace lies our only hope of salvation. I will be grateful if you journalists from your four corners of the earth will send one word for me, and that is: The war is over.

**SOCIAL.**

A program was given in the high school auditorium last Friday to celebrate Americanization day.

The women's club meets this afternoon with Mrs. C. A. Mittelstadt instead of with Mrs. John Bruggar.

A large number from Winside and the community attended the dance at the Koplina farm here Saturday night.

The seniors of the high school entertained the juniors at a party in the auditorium Wednesday. Appropriate entertainment made the time pass pleasantly and the seniors served refreshments.

**Birthday Party.**

Mrs. J. Trautwein celebrated her seventh birthday anniversary Saturday afternoon by inviting twenty-three children and Miss Josephine Carter to his home. The time was spent at games and Mrs. Henry Trautwein served a luncheon.

**Sunday Dinner Guests.**

Miss Edith and Miss Josephine Carter entertained Sunday for dinner at the Roy Carter home. Rev. H. H. Herington, Mr. and Mrs. A. E. Huchens and family.

**Grace Church.**

Services Sunday, May 9, at 2:30. Rev. William Kilburn of Wayne, will speak and after the sermon will conduct the third quarterly conference. All members are urged to be present.

**Methodist Church.**

(Rev. J. A. Hutchins, Pastor.)  
Sunday school at 10 a. m.  
—Preaching at 11 a. m. and 8 p. m.  
Epworth League at 7 p. m.  
Devotional meetings are being conducted this week. Services are held every evening except Saturday. Twenty-eight members have been taken into the church this year and more will follow.  
Sunday, Mothers' day will be observed with a special sermon by the pastor and special music. Everyone is invited to wear a flower in observance of the day.

The Women's Foreign Missionary society meets with Mrs. Edith Carter, Friday evening at 7:30.

The Ladies' Aid society met Wednesday afternoon at 2:30 with Mrs. Joe Overman.

At George Bing of Plainville spoke two nights at this church last week. — Rev. William Kilburn of Wayne, presiding.  
The Home Department met last week at the church with Mrs. C. W. Castel as hostess. Rev. Bing of Plainville and G. G. Smith addressed the meeting.

**Notice.**  
Notice is hereby given that sealed bids will be received by the board of county commissioners of Wayne county, Nebraska, at Wayne, Nebraska, for the furnishing of fire and tonnage insurance on the court house and jail for a term of five years, as follows:

Court house	Fire	\$40,000.00
Jail	.....	3,000.00
Court House	Tornado	\$20,000.00
Jail	.....	2,000.00

Bids to be filed on or before noon of the 25th day of May, 1920.  
Bids will be opened at one o'clock, on May 28, 1920, by the county clerk of Wayne county, Nebraska, in the presence of the board of county commissioners of Wayne county, Nebraska, at Wayne, Nebraska.

County reserves the right to reject any and all bids.  
Dated at Wayne, Nebraska, this 30th day of April, A. D. 1920.  
Chas. W. Reynolds, County Clerk (Seal) —m6d

**Notice to Creditors.**  
The State of Nebraska, Wayne county, ss: I, the undersigned, clerk in the county court. In the matter of the estate of Henry Meier, deceased:

To the creditors of said estate: You are hereby notified, that I will sit at the county court room in Wayne, in said county, on the 28th day of May and on the 25th day of August, 1920, at 10 o'clock a. m. each day, to receive and examine all claims against said estate, a view to their adjustment and allowance. The time limited for the presentation of claims against said estate is three months from the 28th day of May, A. D., and the time limited for payment of debts is one

year from said 28th day of May, 1920.  
Witness my hand and the seal of said county court, this 30th day of April, 1920.  
J. W. Cherry, County Judge. —m6d  
(Seal)

**Annual election of Wakefield Drainage District.**  
The annual election of the Wakefield Drainage District will be held in the office of the county clerk in the court house at Pender, on Tuesday, May 25, 1920, from 8 o'clock a. m. to 6 o'clock p. m.

At said election there will be elected one director for five years. The name of the director whose term expires is Charles A. Kinney, Wakefield Drainage District, by Charles A. Kinney, president; Fred Larson, secretary; John D. Haskell, treasurer. —m6d

**Champ-Clark's Qualifications.**  
Lincoln Journal: Barkis Champ Clark announces his resumed vocation. Mr. Clark was 70 years old the 7th of last March. Congress made him a president without the energy and ability to "usurp" the powers of congress. Mr. Clark would fill the bill.

# Warning!

## Buy Your Coal Early

Last winter you suffered some inconvenience — perhaps discomfort — through inability to secure coal. All the elements contributing to this which existed last year still exist, only more so: Decreased, and decreasing, labor supply. Irregularity and unsteadiness of labor. Certain and unescapable car shortage.

### ARE FACTS

The mines cannot produce the required coal for the year unless working twelve months, not merely six. Your dealer has neither financial nor bin capacity to receive coal during the summer in sufficient quantities to protect you unless you help him by early buying.

### IT IS YOUR DUTY

To the miner — by keeping the mines in operation. To your dealer — by supplementing his buying and storage ability. To your family — by assuring your fuel supply. To yourself — by buying when coal is cheap.

### TO BUY EARLY

Place Orders with Us Without Delay

## Farmers Union Co-operative Association

Phone 339, Wayne, Neb.

**WINSIDE**

Miss Dorothy Hise is the editor of this department. Any news contributions to these columns from town or country will be gladly received by her. She is authorized to receive new or renewal subscriptions.

Jim Carr has been critically ill the past week.

Peter Brader has been on the sick list the past week.

W. C. Lowery went to Bloomfield Saturday to visit his son.

A very valuable horse belonging to George Lewis died Sunday.

Mr. Devey and Ray Pawke went to Omaha Monday on business.

Miss Lena Van Cleve was in Wayne between trains Saturday.

Senator H. E. Simon went to Omaha on a business trip Monday.

C. E. Mittelstadt of Norfolk was in Winside last Thursday on business.

Mrs. Hans Anderson and son went to Wayne Monday to have dental work done.

A. Anderson returned Saturday from Madison where he went on a business trip.

C. A. Mittelstadt started the building of a garage Monday on his place in Winside.

C. E. Burnham of the Norfolk National bank at Norfolk, was in Winside Sunday.

George Motson and daughter Miss Beatrice Motson, went to Sioux City Monday to spend the day.

Miss Laura and Miss Margie Carlson came last Thursday to visit a few days at the home of their daughter Mrs. G. M. Jordan.

Mrs. Edward Moore, who was operated upon at the Winside hospital a couple of weeks ago, left Monday for her home in Randolph.

The Winside baseball team will meet the Hoskins team at Hoskins next Sunday if the weather permits. This is the first game of the season.

who spent the winter in California, returned to Norfolk Saturday. Mr. Needham was in Winside the first of the week.

Dr. and Mrs. V. L. Simon were in Sioux City Wednesday last week. While there they bought a new operating table with the proceeds donated to the hospital by the Women's club when they gave a supper for this purpose last February.

At word Mr. Howard Prince went to Wakefield Saturday. They will visit there a few days before going to their home on McCluskey, N. D.

Mrs. George Gaylor, Miss Margaret Gaylor and Miss Clover Hart went with them as far as Wakefield, returning on the evening train.

**Commencement Day Set.**  
The date for the commencement exercises at the Winside high school has been planned for May 20. The baccalaureate exercises will be on the Sunday before, which will be May 16. As yet the speakers have not been definitely chosen for the commencement.

**Shipments, May 2.**  
Oscar Hoeman, one car of cattle.  
Lloyd Prince, one car of hogs.  
Andrew Anderson, one car of mixed.

**Last Lyceum Number.**  
The Chicago Orchestra club presented the last of the series of lyceum numbers at the auditorium last Friday evening of last week. This company was a group of young women who rendered a program of instrumental and vocal music and recitations.

**Organize Overall Club.**  
An overall club was organized last week in Winside and the members began Monday to carry out their pledge to wear either overalls or old suits. The plan is not to buy overalls and increase the price of these but to carry out the idea of saving by conserving in buying.

**Resume Work on Telephone Lines.**  
Work of removing telephone lines from Main street and putting up new cables in the alleys was resumed this week. Most of the lines were put in the alleys last fall but the weather had prevented further work until now. Men have come and they plan to finish soon.

**Frank Mettlen** was in Wayne, Friday.

The American Legion post had a meeting Friday at the Tribune office in Wayne as a program for a public entertainment Tuesday evening was planned.

**Loeback-Rhemus.**  
Miss Martha Rhemus and Mr. Henry Loeback were united in marriage at the home of the bride's parents in Winside Wednesday afternoon at 2 o'clock. Rev. Frick performed the ceremony. The young people will live in the Carlisle home.

Near relatives and friends were the only guests present. A dinner was served after the wedding.

The bride is the daughter of Mr. and Mrs. Ludwig Rhemus and the

Senator Johnson can make the showing he did in the conservative old state of New Jersey it is manifest that he must be figured on as a very fine presidential possibility.

School Notes.

Lawrence O'Keefe and Herman Hirschert have enrolled in the eighth grade to review for the examinations.

The eighth grade is making territorial maps of the United States this week.

Erma Phillips and Dale Hancock are back in school after having been quarantined for chicken pox for several weeks.

The juniors conducted the convocation exercises Thursday morning. The program consisted of a farce, "The Death of Pen," and a newspaper edited by the junior class.

Annual Junior-Senior Banquet.

The Junior-Senior banquet was held Friday night in the basement of the M. E. church. A four-course dinner was served by the Ladies Aid society. Miss Gwendolyn Texley presided as toastmistress. The toasts were:

- Ingenuity—Clifford Rees.
- Dep.—Griffith Garwood.
- Persistence—Miss Richardson.
- Energy—Anna Brink.
- Initiative—Olive Andrews.
- Smiles—L. A. Garwood.
- Miss Lotie Ostrander, Miss Alma Thomas, Miss Olive Huse and Miss Paul Sala gave impromptu speeches.

Represents Wayne County.

Miss Dorothy Meyers, accompanied by County Superintendent Miss Pearl Sewell, went to Lincoln Thursday morning as a representative of Wayne county. Miss Meyers was one of the thirty contestants

who did not misspell a word, until the words of the advanced list were given. The contestants were really entering in the Commercial club while they were in Lincoln. Miss Meyers considers it a trip very much worth while.

Lutheran Church.

Regular services Sunday at 10 o'clock.

Congregational Church.

Sunday afternoon at 1 o'clock regular services. At the same time Junior Endeavor.

Baptist Church.

(Rev. S. E. Bishop, Pastor.) Rejoice with us; last Sunday a good number were present at Sunday school and church.

There will be a regular business meeting Saturday evening at 8 o'clock. Let all the members be present. This will be the last meeting during my pastorate, as our work closes with this month.

Methodist Church.

(Rev. F. E. Sala, Pastor.) The Woman's Home Missionary society met with Mrs. Daniel Davis Tuesday afternoon with Mrs. Charles Jones as leader. The Lenten offering was taken.

The Mother's Jewels met Tuesday afternoon with Mrs. Eunice Lind as leader. The Lenten offering was taken.

The prayer meeting Thursday evening will be conducted by the Woman's Home Missionary society. Choir practice will follow the service.

Mother's day will be observed Sunday with a fitting sermon. A special invitation is extended to all mothers. Sunday evening the pastor's subject will be "God's Searchlight."

One hundred and fifty were present in the church Sunday morning. Let's make it two hundred next Sunday.

CONCORD NEWS

Richard Reese was a Wayne business visitor Friday.

Niel Grandjeannet was a Wayne passenger Monday.

Mr. Harry Foflette was a Randolph visitor Monday.

Mrs. Hugh Mathers was shopping in Randolph Monday.

Miss Wilma Garwood was a Sioux City visitor Saturday.

Victor Isom of Winnebago transacted business in Sholes last week.

Sheriff O. C. Lewis of Wayne, was in Sholes on business Monday.

G. D. Burnham of Randolph, motored to Sholes on business Friday.

Louis Carsten and Frank Kunsman motored to Randolph Saturday.

Billy Fisher of Randolph, was in Sholes on insurance business Monday.

Geo. T. Porter of Wayne was in Sholes Wednesday taking the county census.

Mrs. Nelson and daughters, Alice and Esther, were shopping in Wayne Tuesday afternoon.

Mrs. Gessen was very ill last week. She is making rapid improvement, however, at this writing.

W. E. Philby returned from Omaha Monday evening after transacting business there for a few days.

Nick Hansen returned to his home in South Dakota last week after a short visit at the M. Hansen home.

Miss Bertha Winget returned from Belden Monday evening after few days' visit at the home of her friend, Miss Hazel Borax.

Miss Marie Casteel returned Tuesday to her school work after a few days' illness. Her mother, Mrs. Ruth, substituted in her absence.

Last Tuesday Joe Mattingly drove an old wolf and several young ones into their den at a national trap and seven young ones were captured.

The Grandjeannet family left Saturday for their new home, which they will make at a small town near Logan, Iowa. Everyone extends best wishes for their prosperity and happiness.

The ancient history class has completed its ancient history text and is now pursuing a course in history of the great world's war. This course is very instructive and helpful and all could read this book with benefit.

Mail by Airplane.

Winner, S. D. The first airplane mail service to be inaugurated in the state of South Dakota will soon be in service between White River and Winner, which will bring this city twenty-four hours nearer the Black Hills country. It is expected the trip between the two towns will require three or four hours while it now takes about seven hours to make the journey.

A landing field, where a hangar will be erected, has been secured, one mile from the center of Winner and preparations are under way at White River for the erection of necessary buildings at that end of the terminal.

It is understood that a one ton plane has been secured for this service and it will carry passengers as well as mail.

The first arrival of a passenger airplane occurred here Saturday when a plane carrying three patriotic Henry Rows, Lyman H. Monery and Irwin A. Lense, en route to Newell, S. D., stopped for the night.

# For Quick Sale

Having arranged to move to Harrold, S. D., I will sell my modern Wayne home at a figure that will be considered a good bargain. The residence is located seven blocks from the postoffice and four blocks from the Wayne State Normal. It consists of seven rooms and a bath, besides four large closets. It is strictly modern, having a hot air furnace, electric lights, hot and cold hard and soft water pumped by electricity to all parts of the house; full basement, cemented and drained, containing laundry room, fruit room, coal bins, etc. A screened porch extends entire length east front of house. The property includes a garage 12x18.

In all respects the residence and everything in connection with it is in good repair and practically new.

See Me at Once.

# And Now A REAL Tire — The SPRAGUE

**Inseparable Cords      Double-Extra-Ply Fabrics      Laminated Tubes**

In accordance with our policy of securing for you the best to be had, we investigated the materials and construction of many different makes of tires. One manufacturer, we found, had not been influenced by the larger profits in cheaper materials and volume production — one tire is being built as strongly and as perfectly, we are convinced, as is possible to build.

That tire is the SPRAGUE.

SPRAGUE Cord Tires are built for the user who wants a better value than he has ever before received. For these tires only super-quality long-fibre cord is selected. Each strand is then thoroughly insulated with pure rubber. There can be no rubbing or wear of cord against cord.

Curing is done by air-bag system, a slow but 100% efficient method. Inner as well as outer plies are perfectly cured — separation, buckles and mold pinches are practically impossible.

In the SPRAGUE Cord Tire you get quality of materials, workmanship and attention to detail of construction, superior, we are confident, to that in any other make of Cords.

**Endurance Lies Within the Plies**

SPRAGUE Fabric Tires have one more ply of fabric than ANY other, TWO more than most others.

Please get this firmly in mind — one more ply than any other tire built, two more than most others — **double-extra-ply!**

And not only are there more plies in the SPRAGUE but every ply is of the highest quality, 17 1/2 oz. fabric, the strongest known.

**Here is the Difference:**

Size	Plies in SPRAGUE TIRES	Plies in Other Tires
3 1/2-inch	6	4-5
4-inch	7	5-6
4 1/2-inch	8	6
5-inch	8	7

SPRAGUE Tires, cord and fabric, have also more pure rubber. We found that the SPRAGUE tread is 88 per cent, and the sidewalls, cushion and friction are 94 per cent pure rubber!

Is it any wonder we are pleased to offer you these tires?

**SPRAGUE Tubes**

SPRAGUE Tubes are proper companions for SPRAGUE Tires. Laminated, not molded, they are built layer on layer of 94 per cent pure gum. They are twice as heavy as most other tubes, yet so pure that they will float (a government test for purity of rubber).

Absolutely non-porous. Thick, heavy, pure, they are tubes that will give you two to three times the wear of the ordinary kind.

More and better materials, built on oversize cords, SPRAGUES cannot help but give you more satisfactory wear and LOWER COST PER MILE.

Test out a set of SPRAGUES, under the most severe conditions, and we'll back them to live up to their reputation of "Best Tires Built".

# Mr. Farmer--Uncle Sam Says South Dakota Leads All the Rest

Composite Condition of All Crops in South Dakota Declared by United States Department of Agriculture to lead all others in the union. State produced in 1919, in new wealth, an average of \$4843 for every family of five in the state. South Dakota leads entire union in number of automobiles per capita. South Dakotans have on deposit in South Dakota banks an average of nearly \$400 per capita, said to be best in country.

## ABUNDANT RAINFALL EXPLAINS BOUNTIFUL CROPS

As shown by the annual reports of the United States Weather Bureau, the abundant rainfall which matured South Dakota's great 1919 crop is characteristic of South Dakota. The official annual precipitation in South Dakota makes the following record for the preceding ten years:

1907	18.92 inches
1908	24.01 inches
1909	26.99 inches
1910	15.49 inches
1911	19.18 inches
1912	18.50 inches
1913	27.80 inches
1914	21.57 inches
1915	28.54 inches
1916	29.90 inches
1917	16.77 inches
1918	25.00 inches

The conclusion of the whole matter as to rainfall in South Dakota is told by the official United States Weather Bureau in the following report:

"The average annual precipitation for that portion of South Dakota lying east of the 100th meridian is about 22.3 inches, about 83 per cent of which is received between March 1 and Sept. 30. The average annual precipitation for that portion of the State lying west of the 100 meridian, exclusive of the higher parts of the Black Hills, is about 17.3 inches, about 81 per cent of which is between March 1 and Sept. 30. The largest monthly amounts usually occur in May, June and July."

## ALFAFA

Alfalfa has become the great stock forage crop of South Dakota. It is raised successfully in every county in the state. The peculiar climate conditions existing give the largest and richest yields in both

hay and seed from this plant. Three crops of hay per year is the usual yield. If grown for seed, the yield is from six to ten bushels per acre and buyers from the large seed firms with whom the South Dakota seed is a favorite, come here from all parts of the United States to buy seed for commercial purposes. The price of South Dakota alfalfa averages about two dollars per ton, and in many places grows elsewhere. The yield of hay averages from three to four tons per acre and has been selling at \$16.00 to \$25.00 per ton.

## ONE OF EIGHT LEADING CORN STATES OF UNION

That South Dakota has become one of the greatest corn states in the union is shown by the fact that South Dakota was one of only eight states in the United States to produce more than a hundred million bushels of corn in the year 1918. South Dakota in 1918 raised a total of 108,188,000 bushels of corn, according to the United States Department of Agriculture.

South Dakota's average yield per acre of corn in 1918 was 34.0 bushels, as compared with the average for the United States of 24.0 bushels per acre.

South Dakota's average yield of 34 bushels of corn per acre in 1918, compared with 36 bushels in Ohio, 33 bushels in Indiana, 33.5 bushels in Illinois, 30.0 bushels in Michigan, 40.5 bushels in Wisconsin, 40 bushels in Minnesota, 36.0 in Iowa, 20.0 in Missouri, 17.7 in Nebraska, and 7.1 bushels in Kansas.

South Dakota's average yield per acre of corn in 1918 was 34.0 bushels, as compared with the average for the United States of 24.0 bushels per acre.

wheat in 1918 was 19.0 bushels, as compared with only 13.0 bushels in North Dakota and 21.0 bushels in Minnesota.

South Dakota ranked sixth among all the states of the union in production of oats in 1918. The total yield in South Dakota was \$4,240,000 bushels, as compared with \$5,188,000 in Nebraska, \$1,238,000 in Kansas, \$1,260,000 in Iowa, \$1,196,000 in Missouri, \$5,050,000 in Indiana and \$9,200,000 in Ohio.

The yield of oats per acre for the entire state of South Dakota in 1918 was 39.0 bushels, as compared with 22.0 in Kansas, 22.2 in Nebraska, 23.5 in North Dakota, 29.0 in Missouri, 42 in Iowa, 44.0 in Minnesota, 44 in Illinois, 42 in Indiana and 44 in Ohio.

## A FEW INTERESTING FACTS ABOUT JERAULD COUNTY

Jerauld is a small county but one of the best in the state. The picturesque Westington Hills extend across the county from north to south, but aside from these hills the surface is generally smooth and level. The soil is a heavy black loam with yellow clay subsoil. The county is especially well watered--springs, shallow wells, tubular soft water wells, and artesian wells. In the production of wheat, corn and alfalfa our county stands second to none in the state. Land sells from \$40 to \$150.00 per acre, according to improvements, place for sale, etc. It is worth more money and is continually advancing and the time is fast coming when it will be too high for a poor man to buy. Don't wait until too late. Come now and look it over.

## TERMS

We have farms that can be bought on easy terms. We own and control a number of the best farms in this part of South Dakota and can arrange terms to suit the purchaser. There is going to be a big demand for the cheaper land this year and we advise prospective buyers to come early. See our local representative who will be glad to give you any information you wish.

COME AT ONCE AND HAVE THE CHOICE TO PICK FROM

**MR. RENTER-COME WHERE CORN IS KING:** Do you realize that land that produces good Corn and Alfalfa covers a very small portion of the U. S. A. Do you realize that the Corn and Alfalfa producing land is being bought up by men who realize that if they do not get a home soon it is going to be impossible for them to get a home? Do you realize that you can own a farm cheaper than you can rent, that you can make the advance in the price of your farm by owning it, that you actually put the increase in the farm you rent. Do you realize that Corn and Alfalfa land is being sold in the east for \$500 to \$800 per acre, that this land will not produce any more than the farms we are offering. Do you realize that there is going to be more land change hands this year than any year in the history of the country and that this is going to be bought by the man who is a renter today but is going to be the owner tomorrow, the man with a backbone, the man that had to rent this year but has made up his mind to own his farm next year.

## Farms from \$35 to \$150 Per Acre—Improved and Unimproved

**MR. RENTER:** If you are tired of renting, if you want to own a home, come where you can accumulate wealth, come where your children will get a start in life, where you can buy proven Corn and Alfalfa land, where it is cheaper for you to own land than to pay high rent, where good farms are yet within reach, that belong to the Sunshine State, where we have good farms improved and unimproved, farms to sell to you at prices that will make you money on the advance of land in a short time, in many cases our raw land after being broken up will pay for itself in one year. We have good land from \$35 per acre up, all can be bought on easy terms and long time payments. Write us your wants or see our local representative.

Westington Springs, South Dakota

W. L. FISHER, Wayne, Nebraska

## AGRICULTURE NOTES

### Clean-Up the Stable Fly

Man ever tried to sleep on a hot summer night when just one mosquito had crept through the window screen? Imagine your state of mind if that pesky nuisance were multiplied by 100 and you had your hands tied!

The stable fly according to the Bureau of Entomology and Plant Quarantine of the United States department of agriculture is something comparable with what a horse, mule, or cow endures when stung early in the spring before the flies are different in color and just what are different is little understood at present. It is in this field of investigation of increasing importance because of the growing volume of heavy traffic that the federal investigators expect to secure important information.

### "Drink More Milk" Campaigns Succeeded

Milk is essential on practically every farm in the middle west, yet many of our farmers are ignorant of the fact that their children are drinking less milk than boys and girls in other parts of the country. This is in spite of the fact that milk is cheaper and fresher in the country than in the city. It is not that the farmer cannot get a sufficient quantity of milk, but that the quality is not so good as that of the city. The increase in milk consumption during the last year has been from 1 to 33 per cent.

### Relation of Soils to Road Building

An investigation which promises to place at the disposal of highway engineers important information regarding the relation of soils to highway durability has been undertaken by the bureau of public roads, United States department of agriculture. This work includes taking samples of soil at points in the subgrade of a highway where the road has begun to fail, studying surrounding geological conditions to determine how moisture arrives in the subgrade, the moisture content, its value, making laboratory tests to determine the physical characteristics of soils, and obtaining a complete list of the bearing value of soils. In this investigation it is proposed to obtain an adequate correlation as possible between the character of soils in the subgrade of roads and their bearing value.

### Bureau of Public Roads in this work

Preliminary investigation has been started in Maryland on the Washington-Baltimore road and will be extended beyond Baltimore and on other roads in Maryland. Progress has been made in the matter of laboratory tests of samples of subgrade material and other samples already having been examined. The federal highway engineers believe that soils differ widely in their ability to support loads, particularly when they are wet. Just why this is true and just what are the causes of the difference are different is little understood at present. It is in this field of investigation of increasing importance because of the growing volume of heavy traffic that the federal investigators expect to secure important information.

### "Drink More Milk" Campaigns Succeeded

Milk is essential on practically every farm in the middle west, yet many of our farmers are ignorant of the fact that their children are drinking less milk than boys and girls in other parts of the country. This is in spite of the fact that milk is cheaper and fresher in the country than in the city. It is not that the farmer cannot get a sufficient quantity of milk, but that the quality is not so good as that of the city. The increase in milk consumption during the last year has been from 1 to 33 per cent.

### Relation of Soils to Road Building

An investigation which promises to place at the disposal of highway engineers important information regarding the relation of soils to highway durability has been undertaken by the bureau of public roads, United States department of agriculture. In this investigation it is proposed to obtain an adequate correlation as possible between the character of soils in the subgrade of roads and their bearing value.

### Various counties in the state, and thousands of rural school children are now carrying milk school for lunch.

### Tuberculin Test Figures by Breeds

The relative freedom of a herd of cattle from tuberculosis depends on the kind of management the herd receives rather than upon a resistance inherent in the various breeds. This conclusion, applying to 14 recognized breeds of cattle in the United States, is based on a series of official tuberculin tests on or nearly half a million animals. As a basis for answering inquiries regarding the prevalence of tuberculosis in various classes and breeds of cattle, the federal bureau of animal industry has compiled all of its test records since the beginning of the tuberculin test campaign. The results, though capable of receiving many interpretations, fail to show that any breed is more resistant to the disease than another. Of 30,670 Hereford cattle tested in purebred herds, the percentage of reactors was unusually high, being 10.7 per cent. But in grade herds of the same breed the percentage of reactors was 5.1. In the Aberdeen Angus breed the experience was rather different. Here, only 2.2 per cent of reactors, compared with 2.9 in grade herds. Among the northwestern 5.7 per cent of reactors, compared with 3.7 per cent in grade herds, about 7,000 animals being included in the computations.

### Girls Killed by Lightning

Dunning, Neb., May 4.—Ruth Taylor, aged 8, and Ruby Moger, 7, school girls, were struck by lightning and killed yesterday afternoon at a school house in the country near here. The school building was demolished but none of the occupants was injured.

## WANT COLUMN

**FOR SALE — STRAWBERRIES** and Everbearing. 100 for \$1.50; 50 for \$1.00. Phone Black 191. m61
