Wayne Captures Lead In Game With Wisner

The Wayne ball club met and defeated the Wisner aggregation on the local grounds last Sunday, July 17. The Wisner team took the lead in the early part of the game and it looked for a while that Wayne was going to come off with the short end. Wisner scored in the first two innings in the third local game on its feet and scored two runs. Highland, pitching for Wayne, was not in usual form and allowed eighteen runs in the Wisner attack. Wisner gave seventeen safe hits. Wisner scored in every inning except the second and fifth, and Wayne missed the first, second and third in the seventh. Highland connected for a home run, scoring one man ahead of the game.

HEAVY RAIN FALLS IN THIS VICINITY

Some Corn is Blown Down but no Damage Done. Vegetation Needed the Moisture.

RAIN REGISTERS TWO INCHES

Somewhat over two inches of rain fell Sunday night, and gave the dry ground a much needed soaking. The amount of an obstruction in one of the storm drains was such that it did not escape at the corner of Third and Main streets, and as a consequence T. L. Blair's clothing store was flooded and the floor of the store was covered with over an inch of slimy mud.

Corn and Pig Surpasses Early Expectations

Lincoln, Neb., July 19.—Corn is maintaining its high condition; winter wheat has a wide range of possibilities; oats are disappointing and may fall below preliminary estimates.

Fats and Leans Will Put On Benefit Game

The fat and lean members of local society have been sorted over this week, and selections have been made for a baseball contest between two good teams on the local diamond on Wednesday afternoon, July 27, commencing at 3 o'clock.

Polato Reports Vary

The potato market varies greatly. Some damage was done to the earliest potatoes by the weather and high temperatures, but the export crop is of good size, but that the number per bush is small.

Wyoming Horse Riders Subdue Local Animal

Horsemen from Wyoming were here yesterday and gave a wild west exhibition on the grounds in the city. A man from Wyoming, who was in the audience, was in good condition in most of the counties, and the only complaint is in regard to the prices of live stock.

Culled From Herald's Exchanges For Week

A heavy windstorm struck Bloomfield last Wednesday evening doing considerable damage. The glass fell from the Prescott & Son furniture store was smashed to pieces, a lot of light fixtures were broken, the electric lines, including an electric cornice besides breaking several windows. A number of trees were blown down and some places in the country and grain fields were blown flat. The ice supply at Bloomfield is running low and the company fears there will be some shortage this season. The erection of an artificial sea plant is being considered.

Thos. Kingston, of Stanton, recently received word from Nathan Chase, saying that he was enjoying the scenery of the old world, and that that time was his time.

Rayon Jordan, of near Hartington, had his horse race last week when he was driving four horses attached to a binder. The animals became fractious at the risk of the machine and started to run. Being unable to control them, Mr. Jordan jumped to the ground. The horses were finally stopped by the crate which checked the machine. No damage to the binder or horses resulted.

Francis Kahan, of near Bielow, was nearly killed Sunday July 17, by a walking water from his Ford radiator. He had noticed that the radiator was unusually hot and started to inspect it when it suddenly blew off with a loud report and the boiling water gushed out, severely burning him.

The supreme court of this state went back to Stanton county assessor, the murder case of Harry Thompson, convicted of manslaughter for the murder of a friend in a poker game. Mr. Thompson appealed the case on the ground that he was charged with first degree murder and that he could not be found guilty of another crime.

O. S. Spillman, prominent attorney, was badly injured in an automobile wreck one mile north of Pierce, July 8. A touring car which was driven by an ex-convict and was being made and turned completely over, hitting him underneath when he was blinded by the glaring headlights of another car. The driver of the other car did not stop and his identity was not learned. Ed Schwartz was one with the money. Ifed the car off-and-brought Mr. Spillman to Pierce. No bones were broken and it is thought he was not injured internally, but he was unconscious for two hours and was badly cut.

J. H. Osterander of Randolph, and Hindmarsh brothers of Hartington, left last week for New York City. They will also go to Niagara Falls. They are taking the trip for the pleasure of seeing the country.

The Wauna business girls, all the young ladies employed in the various business houses, organized last week and will have picnics and other social times. They have called themselves the "Old Maids."

The New Lens Law

The following regulations have been issued by the department of public works regarding the new lens law and police officers have been directed to see that they are enforced on and after July 23.

Two white lights are required on the front and one red light on the rear of every automobile used at night.

Spot lights may be used provided they project their light directly on the road in front of the car. Refracting lenses will not be approved by the Department and their use is prohibited. It is impossible with a lens of this type to control the light so that with a sufficient diverging light there will be no glare.

Examples of different lenses are: Warner, More Light and Porif. tion. Gas or oil lamps need not be equipped with approved lenses.

Electrical headlights using a bulb of more than a candle power must be equipped with an approved lens. No bulb shall be over 24 candle power.

Plain glass lenses will not be permitted, even though they are in a messenger which may be fitted to a driver's seat.

Home-made devices will be prohibited. While these devices to a certain extent may be used, they are not light as rule is reduced below the required minimum. Under the law, the department of Public Works is required to approve every lens used; and if home-made lenses were submitted for approval by everyone making them, the fee for the examination of the lens would be prohibitive for those desiring to use them.

The Standard Ford Green Visitor headlamp has been intensively tested and is machine made, and the test has passed all of the requirements of the law.

Approved by the Department of Public Works, a lawful lens, they are not necessary.

The Early Days in Two Counties

From the Wayne Herald, July 26, 1894:
The thermometer registered 100 in the shade today. The sun was shining brightly and the wind was blowing from the west. The crops are doing well and the farmers are busy with the harvest.

Markets, July 20, 1894: Eggs 6c; butter 8c; potatoes \$2.00; wheat 24c; corn 24c; hay \$4.00; hogs \$4.00; cattle \$4.00 to \$4.25.

A number of lending farmers have recently signed mortgages in Wayne, proposed at \$30,000, with \$2,000 payable in five years and \$2,000 payable annually thereafter without any sinking fund.

Chas. Baker was taken sick with appendicitis. The only hope for his recovery was an operation, which was performed by Dr. Leisenring, assisted by Dr. Williams and Dr. Wright. The unusual operation was a delicate and difficult one.

into kingly come with no clothes on their backs. The having of a good and profitable business is the first step in the success of a man. The weather which has been experienced for the past week has been in the nature of a blessing. The crops are doing well and the farmers are busy with the harvest.

We are glad to see that the prejudices against creoles and other proper places of amusement are dying out among our people. A little nonsense now and then, is related by the best of men. It is an axiom, the truth of which is shown by every wise man.

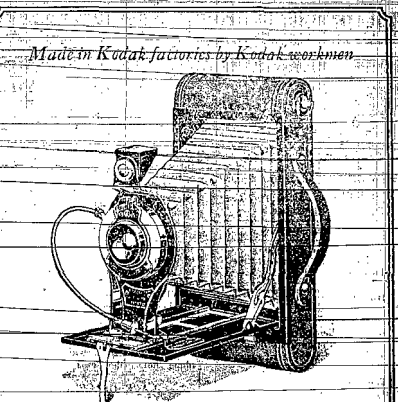

It has been decided by the best physicians that a good laugh is healthy, and that amusements which promote laughter are conducive to health, both physically and mentally. Hence, we were glad to see a large audience in attendance at the late circus. Whether professional or not, it furnished healthy amusement to the people.

Everything for QUALITY nothing for show

THAT'S OUR IDEA in making CAMELS—the Quality Cigarette.

Why, just buy Camels and look at the package! It's the best packing science has devised to keep cigarettes fresh and full-flavored for your taste. Heavy paper outside—secure foil wrapping inside and the revenue stamp over the end to seal the package and keep it air-tight.

And note this! There's nothing flashy about the Camel package. No extra wrappings that do not improve the smoke. Not a cent of needless expense that must come out of the quality of the tobacco.

Camels wonderful and exclusive Quality wins on merit alone.

Because, men smoke Camels who want the taste and fragrance of the finest tobaccos, expertly blended. Men smoke Camels for Camels smooth, refreshing mildness and their freedom from cigarette aftertaste.

Camels are made for men who think for themselves.

From St. Paul, Minn., we had an account of the Chicago Light Open Court case of Mrs. Margaret Chas. While there she heard Rev. Paul Wiley, pastor of Moody church, entertained at a picnic supper at the Country club Friday evening and at a dance at the Church home, after which she returned to Chicago. She is now speculating on whether the coming disincorporation conference will prove the death of the league of Nations. What again? Mrs. John Chichester will entertain the circle next week. None injured in Cyclone. Spaulding, Neb., July 20.—A large number of minor damages to buildings and property were reported as a result of a cyclone which recently swept over Spaulding and the adjacent country. No one was injured. Kansas City Times: Washington is now speculating on whether the coming disincorporation conference will prove the death of the league of Nations. What again? Mrs. Bryan and Admiral Sims talked too much. How ever, we don't regard Mr. Bryan as an expert on when to stop talking.

First Period Ends Saturday, July 30

Second Payments Mean Additional Credits

Members may take a second payment from any person who has made a payment on subscription during the Salesmanship Club Campaign. If you, or some other member secured the first payment, and you secure the second payment, you get the additional credits.

Examples of Second Payments

An Old Subscriber Paid \$2.00. You, or some other member received 1,000 Credits for this subscription. If you get this same subscriber to pay you \$8.00 more, you will receive 24,000 Credits. If the subscriber paid \$4.00, and you get this subscriber to pay for three more years, you will receive 21,000 additional credits.

If the first and second payments of any subscription totals \$10.00, you receive 25,000 Credits. To find the number of credits the second payment receives deduct the number of credits granted on the first payment from the number of the total subscription as given in the credit schedule.

New subscription second payments count the same as old subscription second payments, only twice as many credits are allowed on new subscriptions as old subscriptions.

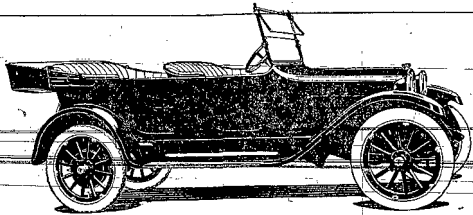

Credit Schedule

Terminating July 30, the following number of Credits will be issued on subscriptions:

	Old Sub.	New Sub.
5 Years	\$10.00	25,000
4 Years	8.00	15,000
3 Years	6.00	12,000
2 Years	4.00	4,000
1 Year	2.00	1,000

FIRST GRAND PRIZE

\$1,128 Dodge Brothers Touring Car

Purchased of and on display at Burret Wright Sales Room

To All Herald Subscribers

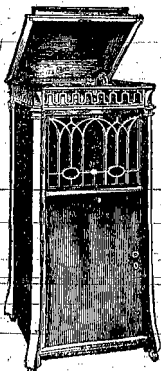

When paying your subscriptions at the Herald office, be sure to ask that credits due on the payment be given to your favorite club member, or better yet, pay the club member direct. Each member is authorized to give receipts for renewal or extension subscriptions, and new subscriptions to the Wayne Herald. Each dollar paid on subscriptions, when for one year or more counts for a certain number of credits for the club member. These club members are not soliciting charitable donations. It is their business to take subscriptions to the Wayne Herald. And the Herald will pay them in valuable prizes for all they accomplish. Encourage your favorite club member. Help her or him along toward the realization of an ambition to own the Dodge touring car, or one of the other prizes by subscribing a few years in advance.

Awake!

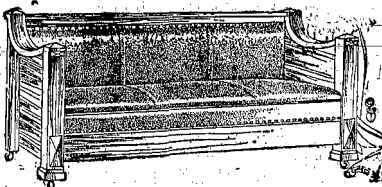

But nine more days remain in the all important First Period of the Salesmanship Club—nine days to win or lose prizes worth hundreds of dollars. If you ever intend to do anything in this campaign, this week is the time to do it. After Saturday night, May 30, subscriptions lose a large portion of their credit value. Not to do your best the remaining nine days of the First Period, is to turn your back on the biggest opportunity that will ever come your way. There is not a club member in this campaign but who has the opportunity of owning the Dodge touring car August 13. Procrastination doesn't win—lost time is never regained. Subscribers should bring or mail their subscriptions to the Herald today, or give their subscriptions to their favorite club member.

SECOND GRAND PRIZE \$295 Edison Phonograph

Prospects Favor Producer

Washington Herald: Production by the soil of national prosperity and happiness, and when the harvests are in by the last of September it will be seen that the Providence has been kind to the farmer. If the farmer had prospered through the promised assistance of congress in bettering his market conditions, the benefits will be handed on to the dealers and manufacturer and by this time next year the chaos of which there is so much talk on the restoration of prosperity.

Harding Supports Coverage

Kansas City Star: The public's concern over a generous policy toward the men who served it in its hour of need. But it was evident that in its present financial straits the government, the land that would have been added by the bonds would be a terrible handicap on industry and on the restoration of prosperity. Apparently congress did not have the courage to face the situation frankly until the president spoke.

Bonus Is a Gratitude

Stillwater, Okla., Gazette: When the allies begin to pay their debts to us and when industry is reestablished on an even keel, when production has reached somewhat near the level of demand, it will be time to take up the problem of financing the war. Proper care of the disabled is a sacred duty, and immediate necessity is a bonus is a gratuity, a national debt of gratitude expressed in dollars.

Senato's Lack of a Leader

Springfield, Mass., Republican: The united party of the senate needs a new leader. Notwithstanding Mr. Lodge's brilliant standing in regard to the Versailles treaty, he has failed to lead the senate in its policy. It has been made so conspicuous by the president's unique and notable intervention in the senate's affairs that the senate's policy is a mystery. The senate's policy is a mystery, and the solution should no longer be left to the hands of business men.

Thrift Does It. Laurel Advocate: The reaction has come to the people who are waiting the other way, and a lot of folks who wanted the easy money they received during the reign of high prices are now feeling mighty blue. It has never failed yet—the hard old law of supply and demand. All that goes up must come down. The fellow who spends more than he earns is always in debt and debts must be repaid or paid. Don't get frightened. If you have lived within your means and had been saving for the rainy day, you won't be hurt. Times will be good again and the thrifty citizen will have to trouble no more.

Get busy at something. Nobody is going to take care of you and you will have to make your own money. Work is the only thing that brings a care reward. And man must still do his best in the sweat of his brow. Work harder, save something and talk less. There never were more opportunities than now, but they are not so easy to find as they were two years ago.

Card of Thanks. We wish to express heartfelt thanks to kind friends who conferred assistance and sympathy during the fatal illness of our beloved wife and mother and also for the many floral tributes. Herman L. Knoll, Paul, William and John Knoll.

Cost of Production, Plus.

Daily Drivers' Journal-Stockman: Recent careful investigations by government agencies demonstrate the fallacy of the assertion that all prices in the heart of the spring wheat country in North Dakota, South Dakota and Minnesota, and of product

ing winter wheat on 574 farms in Minnesota, Nebraska and Missouri.

In the year 1919 what was grown at a cost ranging from \$1.10 per bushel to \$4.50 per bushel—on certain farms—in Spring county, South Dakota; from \$2.60 to \$14.60 per bushel in Morton county, North Dakota and from \$1.90 to \$8 in Clay county, Minnesota, as shown by this survey. In the winter wheat group of farms the cost ranged from \$1.00 to \$18.20 per bushel. No sane miller would think of buying wheat which cost \$4.20 per bushel on the "cost plus" basis, and as for using an average cost for the country at large as a basis for fixing the price, if the average cost of striking such an average could be accomplished, the result would still be unsatisfactory to many thousands of producers, as usually from

\$4 to \$8 per cent of the production is lost above the average.

After all is said and done, production and consumption must comply with the ancient law of supply and demand.

Storm at Randolph.

Randolph, Neb., July 19.—Considerable wind and lightning accompanied the rain here Sunday night. About an inch of rain fell, all within a few minutes. The corn was blown over, but some miller would think of buying wheat which cost \$4.20 per bushel on the "cost plus" basis, which had not yet been harvested, were badly blown down. Only a few fields are yet to be harvested, however. Some of the farm buildings on the Henry Druke place, seven miles southwest of town, were blown down by the storm. The rain has greatly benefited crops.

Japan Must Yield.

Mr. Poincaré's speech, Japan is in no position to thumb her nose at the powers which will take part in the disarmament meeting. The United States, France and Great Britain are the greatest powers on earth. What they say in the international will count. Japan will do her best, beyond doubt, to influence the decisions of the conference favorably—but she is not going to defy them. She cannot possibly afford to do so.

FRENCHMAN WINS PRIZE BY FLYING IN EGG PROPELLED PLANE.

M. G. Doullan, champion French cyclist, has won the honor of being the first man ever to fly. For this feat, he has been awarded a prize of 10,000 francs. On a leg-propelled cyclplane he hoisted off the ground in a Paris exhibition the other day, raised three feet from the ground and flew a distance of 15 feet just far enough to win the prize which has been offered so long.

China Leads in One Thing.—Kansas City Times: The statement that China is willing to disarm is a pretty interesting one. What is so man probably is that China is willing and even anxious that her neighbors should disarm.

Minority Will be Active. New York World: There will be limitation of armament only to the

extent that the public opinion of the five nations immediately concerned compels the limitation of armament. Without the active aid of a million popular sentiment, all the imperialistic interests, all the munition interests, all the commercial interests that expect to derive profit from military force will manage in one way or another to bring the conference to naught.

More Law Needed. Omaha World-Herald: A religious committee finds there are more than two million "uninformed people" in New York City. Carl Dr. Craft on some of his fellow-reformers get a law passed making these people go to church?
