Wireless Is To Be
Further Regulated

The use of the radiophone has become so general in the past six months that the government of the United States is taking steps to regulate the use of the instrument. President Harding has called a conference to be held on February 27 and during the meeting a special order has been issued, forbidding amateurs to send out radio currents. Such a tremendous interference has been felt in parts of the country where radiophones were numerous that such an order was necessary for the benefit of more important communications. The present step the government issues three types of licenses to the radio amateur, to the training and technical station, to the broadcasting station, to the college maintainers, and to commercial stations. The radio experts in the conference at Washington will go over all field the present changes the present organization to meet the enormous progress which the radio phone has made in the past few months.

Radio Prize Contest!

Under Auspices of Jones Book-Music Store and Northeast Nebraska Radio Club

Event—

The Jones Book-Music store at Wayne, Nebraska, will give prizes as follows: 1st, \$6.00; 2nd, \$4.00, \$3.00, \$2.00, and five prizes of \$1.00 each, to the person who most accurately reports our message by wireless.

The Jones Book-Music store is putting a new book on the market. We choose this way of advertising the book, because of the newness of the method. The title of the book is, "The Government of Nebraska." O. R. Bowen, M. A. of the State Teachers College, is the author. F. H. Jones & Son are the publishers. We are going to send a fifty word message announcing this book.

How to Make Off With the Prize—

Catch this message as accurately as you can. It will be sent out three nights at six, eight and twelve words. The first night ten words will be left out of the message, the second night five will be left out of the message, and the third night you will get them all. When you have copied the message as accurately as possible, go to your editor, explain the experiment to him, have him write the incident mentioning the unique way in which F. H. Jones & Son, Publishers, announced the book, "Government of Nebraska."

Facts for You to Know About

1. The message, Monday, Feb. 27, first message; Wednesday, March 1, second message; Friday, March 3, third message. Note that these messages will be sent at 8 o'clock. It will be the same message sent each night; but at a different rate of speed.
2. The message must be returned within two weeks after March 3, written as you have received it together with the newspaper paragraph. It is better to send the whole newspaper with the news item marked off.
3. In case of tie distance will have preference.
5. Local amateurs of Wayne will not be allowed to compete.

6. Contest will not be restricted to members of the Northeast Nebraska Radio Club.
7. Any questions you wish to ask write to Jones Book-Music Store, care of F. C. Jones, Wayne, Neb.
8. Judges will be Professors I. H. Britell, Chas. Chinn and Earl Schroer of the Wayne State Normal Faculty.
9. In this contest any man may qualify. If you are now a six-word man, you may get official credit of a twelve-word man if you pick up the message at twelve words. Therefore, in addition to the prizes you may attain qualifications.

All Radio Stations are Eligible for This Contest

We have barred the locals, so you can see that you all have an equal chance. The man who can receive but six words if he is accurate, will have a good chance to win. The Jones Book-Music Store hopes that every member will take an interest in this experiment and that you all will respond. For any more details, or for anything you do not understand thus far, write to the address given at No. 7 above.

Methodist Men Hold Informal Discussion

The Christian Brotherhood of the Methodist Sunday school held an open supper for men and boys at the church Thursday evening. The boys of the classes of Rev. William Kilburn and Burnett Wright were in attendance. The members of those three classes and the guests made a total of seventy men and boys, who listened to and took part in the important discussion which followed the supper. Prof. E. E. Lackey presented the nature of the topics for discussion in the brotherhood class for the next four Sundays under the general subject of "What the Church is For." President U. S. Conn of the Wayne State Teachers College who gave the address of the evening was introduced by Rev. Mr. Kilburn. President Conn's subject was, "The School's Contribution to Citizenship." He discussed present day social and moral affairs in relation to young

men and boys and the influence of home, church and school. An informal discussion of the topic followed.

Death of Mrs. Dale's Father.
Mrs. Fred Dale was called to Lincoln Thursday of last week by the sudden death of her father, Edward Wrigley. The following accounts of his death came from Fairbury and Lincoln:

Fairbury, Neb., Feb. 16.—The lifeless body of Edward Wrigley of Lincoln was found by Peter Wolters near Harbrie, Neb., Wednesday evening at 7 o'clock. His body was found by the roadside near the wheel of his automobile where he was apparently removing a casing. The theory is advanced that the exertion caused by removing the casing brought on apoplexy from which he died. Mr. Wrigley was a former resident of the Harbrie vicinity coming in the early twenties and residing there until his retirement to Lincoln about five years ago. His remains were found

close to his old farm and it is supposed that he was on his way to visit the old place.

Lincoln, Neb., Feb. 17.—Ed Wrigley, lived at Seventeenth and Chesnut streets. He is survived by his wife and three children, John E., of Derby, Ia.; Arthur of Basin, Wyo., and Mrs. Fred Dale of Wayne, Neb. He was an Englishman, coming to this country with his parents when he was a small child. He was sixty-three years old and an extensive Jefferson county property owner.

He was apparently in the best of health when he left Lincoln Wednesday morning.

Banker Makes Big Personal Sacrifice

Lincoln, Neb., Feb. 16.—Forty years ago C. J. O'Connor lived at Homer, Neb., with a sack over his shoulder filled with trinkets which he traded for Indians for land allotments. Yesterday O'Connor, at the age of 70, walked from his beautiful home with a suitcase holding his personal effects, all he had left in worldly possessions.

In the forty years he was transformed from Indian trader to storekeeper and then to president of the Homer State Bank, which was closed yesterday by J. E. Hart, secretary of the department of trade and commerce.

"During the war when everything was at peak prices O'Connor purchased land with unlimited credit which was valued at \$300,000," Hart said today.

"He has voluntarily sacrificed everything he had in the world to satisfy his creditors from whom he borrowed money to buy hundreds of acres of land at peak prices.

"It is the biggest voluntary, personal sacrifice made by any banker in the numerous failures of the last two years.

Thanks to O'Connor's action in turning over everything to liquidate the Hart failure, Hart's creditors eventually the failure would not cost the guaranty fund more than \$25,000.

Whither?
Springfield, Mass., Republican: Ireland has still to decide whether to go in for Nobel peace prizes like Norway and Sweden, or to keep itself on the map in the Balkan fashion. Fame for a small country means, as a rule, one thing or the other.

Double Tragedy In Stanton County Home

Stanton, Neb., Feb. 17.—A double tragedy occurred in Stanton county Thursday afternoon when Frederick Renner, living about fifteen miles southeast of here murdered his wife and then took his own life. No cause for the act is known.

Mrs. Renner's head was blown off by the discharge of a shotgun at close range in the hands of her husband while they were out on the barnyard doing the chores about 6 o'clock Thursday afternoon. Renner then went behind the chicken house and shot himself in the abdomen, dying almost instantly.

They live about nine miles north of Howells, on the farm of Mr. Renner's father, who made his home with the couple. The elder Mr. Renner, who is 81 years old, is said to have seen the tragedy and notified County Attorney Cowan here immediately. No inquest was held.

Mr. Renner was a prosperous farmer and was said to have been in exceptionally good circumstances, so that it is not believed that financial troubles had anything to do with the tragedy.

They leave four small children, aged 6, 7, 8 and 2 years.

Mr. Renner was about 37 years old and Mrs. Renner was about 30.

Mother at Winner.
Winner, Neb., Feb. 17.—Mr. and Mrs. Frederick Renner, who met death on their farm about twelve miles south of here in Stanton county Thursday afternoon, when Mr. Renner shot his wife and then took his own life, are well known in this vicinity. Mrs. Renner was born and reared in this community. Her maiden name was Rosa Schultz. Her mother, Mrs. William Schultz, and sister, Clara, live in Winner. She also has four brothers in this vicinity, August, William and Henry Schultz.

Both Mr. and Mrs. Renner came from prosperous and well respected families. The Renner family is one of the largest in this part of the state, many relatives living in both Stanton and Gering counties.

Ulrich-Schulte.
Miss Ida Johanna Schulte and Walter Ulrich were united in marriage on Wednesday, February 16, at 2 o'clock at the Evangelical Lutheran church near Wayne. The bride was attended by her cousin, Miss Lydia Schulte, and the bridesmaid by the bride's brother, Theodore Schulte. The bride was garbed in white crepe de chine dress and Miss Schulte wore pink organdie. The ceremony was

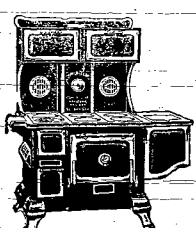

performed by Rev. William Fisher. In addition to the immediate members of the family, those in attendance at the wedding were: John Schulte of Missouri, End Schulte of Gering, Neb., Arthur and Herbert Bruns and Henry Flegel and family of Winnsie, Otto Flegel, Louis Ulrich, Mr. and Mrs. Maurice Ulrich, August Wittler and family and Henry Lage of the Wayne vicinity. A reception was held in the evening at the home of the bride's parents, Mr. and Mrs. Frank Schulte. The bridegroom is a son of Chas. Ulrich, southeast of Wayne, Mr. and Mrs. Ulrich are now at home on the farm of Louis Ulrich, five and one-half miles southwest of Wayne.

Way Open for Young Men.
Minneapolis Journal: The young man who is bent on service to his fellow men should study the careers of Lincoln, Roosevelt and the other

great American. Opportunities for such service are greater today than ever they were, because America hungers for leadership. It has urgent problems to solve, but no one appears to solve them. Half-bred minds in public service seek for weak compromise, but their very actions display misunderstanding of fundamentals and a lack of thoroughness that would spell failure anywhere. Let one man arise in government who has a knowledge of its problems; and who can translate that understanding into action, and his success is certain.

One Class of Husbands Hitched.
Norfolk, Neb., News: A Kansas woman says one of the recompenses of being a farmer's wife is that she always knows where her husband spends his evenings. And, if he is a successful farmer, she might have added, his mornings and afternoons, too.

Range Happy

Happy—what a word—what a world of meaning. A contented woman, proud of her work, proud of her cooking machine.

All machinery is designed to lighten labor, to enable one to do more and do it better. Then cooking machines are no exception and the Copper-Clad cooking machine is The World's Greatest Range. Holding heat like a thermos bottle, a woman knows no exception and the Copper-Clad cooking machine is The World's Greatest Range. Holding heat like a thermos bottle, a woman knows exactly what she can depend on. She knows, too, that she is saving fuel.

She appreciates a Copper-Clad most when it comes to cleaning it. With no hinges, catches and latches, with no ornaments or corners, with no rivets or bolt heads on the nickel, the Copper-Clad cleans like a dish and a woman's delight. Then, why shouldn't a proud owner of a Copper-Clad be Range Happy? Because the Copper-Clad is The World's Greatest Range.

NEW McCall Pattern 2511

You Know It Will Turn Out RIGHT When You Use a "Printed" Pattern

Now you can cut into the most expensive materials and be sure that the dress you make will have the "right effect." For when you use a "printed" pattern, you're safeguarded from making mistakes. Anyone, no matter if it is the first experience in dressmaking, can go ahead and finish a garment so that it fits to perfection if a new McCall, "it's printed," is used.

The rightness-in-making is promised by the "printing" on every McCall Pattern which gives an absolutely steady, unvaried measurement—a new thing in patterns.

"Printed" Patterns Are For More Successful Sewing.

Ahern's

New goods will be arriving from Chicago by Saturday. Mr. Ahern will ship by express many of the purchases he is now making in the Chicago market.

You can begin your sewing now with confidence that your garments will be in correct style because the fashion features for spring are decided. The new sleeves, uneven Wristers, fachu collars, longer waist lines and the stunning new grille sashes.

The materials most in favor are already priced, too, at this store. Besides hundreds of pretty patterns in Ginghams, Percales, Romper Cloths and Devonshires, we now are showing Cheer, Spring Yokes, Silks, Fancy Novel Shirtings and Organzies. Our stock of trimmings, buttons and patterns is also most complete.

If you have in mind a new coat, suit or dress for spring, you need not wait to come now and make your selection while we have all the coats, suits and dresses which will later on be taken away for our out of town sales. We are making very attractive prices on our Ready to Wear—we can do it under our out of town sales plan. Come in and see what the variety and moderate prices await you in the Ready to Wear section.

We have just accepted the agency for the children's shoes for children. We have given these extraordinary shoes a thorough try-out on our own children during the past two years and they are so far ahead in wearing and fitting qualities of any shoes we have ever seen that we have decided to keep them in stock.

They are particularly for little folks wearing sizes 3 to 8 in infants and 8 to 2 in boys' and girls'. You will find them the best shoe investment you ever made.

Wayne Girl Stockings for your boys and girls will save you a lot of money. Try one pair and watch the wear. They are work savers and money savers.

Be sure and buy your Seal Brand Coffee for the next month in 3-lb. cans. The Women's Club receive 20c for the label-off of this size can. Try one pair and watch the wear. They are work savers and money savers.

Arch Preserver Shoes Keep the Feet Well

A smart, stylish shoe built with a special arch construction to afford the kind of walking base nature requires for the foot.

It is a shoe for well feet because it will keep them well. However, if you have foot troubles you will find delightful relief by wearing this shoe.

There are a great many people suffering from ailments brought on by broken-down arches—and wrongly shaped and wrongly fitted shoes. Of late years shoe-makers have developed special arch support shoes to relieve these troubles, and some of them are proving a real boon to folks with foot ailments. We have selected the one for our stock that has proven most successful and will be very glad to show you the good features of the famous "Arch Preserver Shoes." They have style as well as comfort, too.

One cannot forever shine by use of borrowed light. One must eventually radiate inherent brilliance or drop out of sight.

No business in this progressive day can expect to enjoy any considerable prosperity without judicious and persistent newspaper advertising. People study prices and qualities and buy advertised goods. They are not buying trade at institutions that offer no reasonable excuse for patronizing them.

Thanks to a business-like official record, Wayne county's financial condition contrasts sharply and favorably with that in several north Nebraska counties that might be mentioned. Wayne county bears no load of indebtedness, and its credit is of the highest order. If people who own property in this county, do not consider themselves fortunate, they ought to investigate conditions in other counties.

Some people are so used to having things to worry about that if they don't have them, they feel lost and irregularly. They have been cast out of their usual orbit. They nervously seek something that will grab consciousness and cause worry. We know

a man who sometimes gets up in the morning with nothing going in his mind, and he suffers a good deal of discomfort until he figures out something to worry about.

Prof. F. M. Gregg, formerly of Wayne, now member of the faculty of Wesleyan university, made a speech before the city principals of Lincoln schools one day this week, and pointed out that moral behavior is a question of psychology, that every nervous action is related to a muscle or gland. In discussing tendencies, he said half of education is the control of the lower tendencies.

The action of C. J. O'Connor, the Homer banker, in turning over all his possessions to forty creditors, is heroic. The report states that he is located at Homer forty years ago. At first he traded with the Indians. Finally he became a banker. During the big dry of 1907-1908, he lost the shadow of old age as fast gathering, he goes forth to begin anew. That is tragedy.

Members of the so-called progressive party have been holding district meetings over the state. One was held at Tecumseh last week. The new party proposes to curtail public expenditures, reduce taxation, increase the city principal of Lincoln and reduce the price of what one has to buy. The new party's resolutions attack both old parties as fallacious, borax and nightmares. Both old parties are stigmatized as imposters in the solution of problems that barrow and harass society. The new party offers a sure panacea for all ills, including crop shortage, wheat rust, pyorrhea, corns, bunions and warts. The new party will take nature, burdock and nightmarish elements, put mild sephers into every season, stay premature baldness and sweat, signatory of health, happiness and riches out of an in-

congruity of physical and mental-energies, divergent ambitions and inclinations, and varying powers of accomplishment. The man who can do well in an hour what another man would do poorly in two hours shall be paid no more. The farmer who uses rakes and plows, one crop, instead of several crops, or hogs, cattle, and poultry, will reap an equal harvest of dollars with the more thoughtful, more ambitious and more industrious. It might be supposed that equality of opportunity would, under the magic spell of the new party, be supplied with equality that is unearned and impossible. But this new party will likely get nowhere in particular. The chief ambition of its leaders to find official berths or places of prestige and power may win temporarily or may go down to defeat, depending on the temper of the people at the time. But be that as it may, it is to the party's credit that it is sailing under independent colors; and if, since the old neutral party, it offers something that may be modified and made practical, it will be turned to popular advantage by the machinery of government which is always accessible to means of improvement. The new party will live for a while, and may pass into unconscionable doing some possible good, and perhaps no harm, depending on the license it is allowed.

Death of Mrs. Broschett—Mrs. Johann Broschett died on Thursday, Feb. 16, at her home southwest of Wayne, at the age of 30 years, 2 months and 22 days. Funeral services were held Monday afternoon at 2 o'clock at the First Lutheran church and she was laid to rest in the cemetery there. She is survived by seven children, Mrs. Henry Zechmiller of Ainsworth, Neb., Mrs. Mike Thoen of Chicago, William Broschett of Wayne, Mrs. William Roggenbach of Ainsworth and Bertha, Herman and Emil, who live on the home place. She is also survived by seventeen grandchildren and nine great grandchildren.

Johanna Augusta Schadenwenker was born, November 25, 1841, at

Koneberg, Germany, and was baptized there. At an early age she moved with her folks to Allenburg, Germany, where she grew to womanhood and was confirmed. She was married to Franz Broschett on March 20, 1863, and they went to Rich, Russia, where they lived until October 1887. Their children were born to them in the year, 1882, they came to America, first settling in Chicago, and later in May, 1888; they moved to Ainsworth.

Mrs. Broschett came to Wayne county in 1888 and lived on the same farm until her death.

Shipments. The following shipments were made from this point during the week: To Omaha one car of oats, three cars of corn; three cars of cattle, and one car of hogs; to Sioux

City, nine cars of hogs, and two cars of cattle.

The Early Days in Two Counties

Early Days from Wayne Herald for February 27, 1902:

The Slattery and family have moved from Hoskins to Wayne. The morning electric light service is to be discontinued after this week. Frank Hood brought in ten fine Pintail ducks from Big Two creek. A gusty rain has been falling all day making it rather unpleasant outside. Blind Boone gave his concert here to a large and appreciative audience.

If all reports concerning the ice crop are true, there will be no ice here next summer.

Mark Jeffrey and family have left for Chelan, Wash., where they will join the Wayne colony.

The Knights of Pythias lodge in Walside is doing well and to not be a K. P. is out of fashion.

From the Walside Tribune: Ed Rennie marketed a car load of hogs Tuesday and got the top price.

George Rowcher has sold his farm three miles north-west of Wayne and will move to town. Kasper Korn purchased one eighty and Chas. Spahr the other.

Miss Leona Hunter sailed Sunday from New York on the United States transport McClellan for Manila. On the vessel were 200 teachers, most of whom were from the middle states and the south and west.

Wakefield's new auditorium is a splendid evidence of the "push" of the business men of that burg. It is modern in all respects, handsomely seated with opera chairs, heated by hot air and in fact is a model opera house.

A very pretty wedding took place at the home of Mr. and Mrs. A. L. Tucker, February 26, when their daughter, Maude, was united in matrimony to Mr. Harry B. Jones. The ceremony was performed by Rev. Welden of the Baptist church.

A. H. Ellis, clerk, at 2 o'clock Saturday morning of apoplexy. Funeral services were held Sunday afternoon. Mr. Ellis was an early settler of Wayne, and was for many years proprietor of the Boyd hotel and later engaging in the lumber, coal and grain business.

John R. Hays, having announced that he is not a candidate for congress, the Tribune cannot refrain from remarking that if the G. O. P. of this district were looking for a man that perfectly fills the bill they need not look farther than Walside and should unanimously nominate E. R. Gurney.

From the Ponca Journal Feb. 26, 1880:

Farmers are talking of sowing wheat.

The roads are dry and dusty as in mid-summer.

A general sprinkle of rain laid the dust this morning.

We hear that the report that a gold mine had been discovered near the Summit, is a mistake.

J. W. Blank, better known by the sobriquet of "Whiskey John," has made himself conspicuously absent in these parts, and the creditors that believe behind him those of neighboring towns in pronouncing him one of the most unmitigated dead-beats and rascals men extant. The editor of the Walside Tribune is, to use a familiar quotation, "jack of all trades," but seemingly the one most suited to his task and his rate as distiller and tramp is distiller of poor whiskey, in which he is a complete and powerful success.

As a matter of fact, the substance of which is a short but interesting biography of our poet laureate, Mr. Rockwell. We commend with pleasure to our readers this brief sketch of the venerable poet as containing the principal and most important events in his life up to the present time. It will be seen the same persistent energy has always characterized him in the different pursuits he has followed. Although three score and ten years of his life have passed, he bears his age with dignified and unflinching equanimity. All the essential elements that are combined to make life and health enjoyable are proclaimed in our time-honored poet's stately bearing, erect carriage, keen eye, and, above all, his character as a citizen, which is as irreproachable and unblemished as the divine music with which he is inspired.

A Difference of Opinion.

Chicago Daily News: With all deference to the great man, Thomas A. Edison's assertion that a birthday is like any other day must be disputed. It ought to be like any other day, but one's friends and family make so much of the event that it becomes a day not of rejoicing but of painful reminder. Lucky are the unlettered who observe no birthdays!

Omaha Bee: In connection with the soldiers' bonus folks appear to be unanimous on two points. All want the bonus and all want to pay tax to make it possible. Otherwise the way is clear.

Yankee Press and Dakotan: Automobiles want roadside telephone poles abolished. There's no limit to the natural consciousness of inebriate motorists. These drivers are always running up unexpectedly and swerving an innocent speeder.

PUBLIC AUCTION!

As I am going to quit farming, I will sell at public auction on what is known as the old Stageman place, one mile north and two and three-quarters miles west of Wayne, on

Monday, Feb. 27

by Hiram Jency Maxim

Directed by
J. SEARLE
DAWLEY

Did you ever see a real volcano in the movies? Not just a puff of smoke, but real red hot lava. You will see it in "A Virgin Paradise." Also beautiful scenery, a good story with wild animals, etc., and actually has a peach of a fight right at the climax of the picture. It's well worth seeing.

First Show at 7:30; Second Show at 9:00

musical teacher, has been unable to be with us the past two weeks because of illness. The school hopes that she will soon recover and be able to return.

Some school members of the board of education attended a meeting at Allen last Thursday. Among other things they resolved to prepare and adopt a uniform schedule of teachers' salaries in the schools of the county and to inquire as to the living expenses of the teachers, and the upkeep of schools. Another meeting will be held at Allen on Wednesday. The amount spent for tobacco in the United States the past year was found to be three times the amount spent for teachers' salaries.

Friday a general pep meeting was held during high school assembly period. School songs were sung afterwards, the school practiced a few yell.

Wakefield added two more victo-

ses to her list last Friday when the outside boys and the Winner girls were defeated. Both games were fast and extremely interesting throughout. A large crowd attended the game. The girls' game was the first at the end of the first half the score stood 5 to 3 in Wakefield's favor. During the second half Wakefield was ahead a great deal and the result was 17-5.

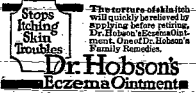

The Wakefield girls were: Gertrude Erickson, G. Aha Fisher, G. Alice Ekroos, G. Clara Johnson, G. Edith Neurnberger. The boys' game too, was fast and interesting. The first half ended 14-3 in Wakefield's favor. During the last half Harry Swenson and Vinston Johnson played instead of Lawrence Johnson and Robert Thorsell. The result of the game was Wakefield 27-3. The winner of the game was Lawrence Johnson.

It is a pleasure to be able to offer you this remarkable storage battery. The RAY is sweeping the country by storm. Its wonderful showing in test performances has convinced people that the high cost of batteries and battery service is a thing of the past.

Notice the price of RAYS. They are as much as \$25 lower than widely advertised batteries which have not been able to compete with RAY performance. Bonified tests have been made by engineering authorities (we have the records to show you) which prove the RAY to be three times as rugged as other widely known makes of much higher price.

Still further proof of RAY superiority is the fact that the factory presents to each purchaser a two-year unconditional guarantee. This is the broadest battery guarantee known. It means that, if your battery fails to function properly at any time within two years from date of sale from our service station to you, then you will be given a new battery.

Such a guarantee would not be possible if the RAY were not a remarkable electrical achievement. The reason why this battery is better is because of the famous "Lavier Formula Plates" found on no other battery. These plates are so tough and rugged that they will not wash down or disintegrate, even under excessive charge and discharge, yet they are so porous that the RAY is practically 100 per cent efficient. In fact, these plates are so durable that the electrolyte level may run below the tops of the plates so that the top portion becomes dry without doing any harm whatever to the battery.

This is the one battery which cannot be overcharged or overheated in your car.

You should investigate this battery. It is manufactured by the Ray Battery Company of Ypsilanti, Michigan, and carried in stock by us. Come in right away and see the RAY.

Wayne Loses Close Contest to Norfolk

Wayne basketball shooters lost to Norfolk high school on Friday evening by a score of 22-24 in a closely matched game, played on the local floor. The game had been scheduled for Saturday afternoon and although the change in dates was not known until two hours before the game, there was a large and enthusiastic crowd in attendance. Norfolk high school was also represented with a band of rooters.

The game was fiercely fought throughout and the outcome was in doubt until the final blast of the timekeeper's whistle. Wayne's five-man defense worked nicely against the highly reputed pass work of the invading squad. The playing was rough during both halves and several mix-ups almost resulted in serious accidents. The first half ended with Norfolk leading 11-9.

The second half was practically a repetition of the previous one, Norfolk being able to maintain their one and two point lead. Both teams suffered from being able to locate the basket, many near goals falling around the hoop and onto the field again. The game ended with Wayne

bearing the small end of the 23-22 score.

The line-up and summary of the game follows:
 Wayne: Peterson, F.; Moran, F.; 5 field goals; Sund., C., 2 field goals; Rippon, G., 1 field goal, 2 free throws; Brainerd, G., 2 field goals; Mary, G.; Norfolk: Allen, J., McClean, F., 5 field goals; King, C., 5 field goals, 3 free throws; Malm, G.; Henning, G.

Business.
 Sioux City Journal: It is an oft-quoted fact for general retail trade which accounts for the impression that what activity there is irregular. Spring, however, is at hand and buying enthusiasm in some lines will be revived just as in the past, but perhaps, not in such large volume as in the more prosperous years. Trade's best, the wholesale and jobbing trade still lacks definite form. "Although the stirring of spring buying is noted by jobbers at many northern and eastern-west-central markets, with optimistic sentiment showing more growth than actual buying." Sentiment, it may be appropriately observed, is a necessary ingredient in the recovery of business. It is just like the benefit that comes to a sick man when he believes he is going to get well. A better business sentiment, based upon tangible realities that sensibly can be expected to contribute to recovery, is a good thing for that recovery. Even in business the spiritual attitude is quite as necessary as the material factors.

Some developments for improvement have been made recently in better prices for farm products. The wheat market shows an increased strength, with this grain up nearly 30 per cent. Corn has advanced 30 per cent, and hogs have increased their strength by 20 per cent. Sheep have done much better than any other live stock, the price fluctuating anywhere between 50 and 100 per cent. These are the material things that are calculated to create a better feeling of sentiment among the farmers. Other material things—the actual improvements to be observed in the broader recognition by the rest of the country of the farmer's rights and his importance to the national life. Legislative successes in congress achieved by the agricultural bloc in the senate may be expected to contribute to an improved mental attitude of the farmers from now on. The farmers, it can be said, do not feel so helpless as in the past, and that is a good thing for them.

The business situation in this country has not changed much since the first of the year with reference to the results created by foreign trade and conditions. America still depends for prosperity upon how other nations may have foreign trade has picked up a little recently, but not in sufficient volume to make an impression that is much more than perceptible. It is true that hogs are demanding better prices as a result of an increased European demand for this farm product, but the activity is less strong in other lines. A stronger market prevails in South America than for some time with the southerners interesting themselves in northern goods to the point of placing larger orders on the whole sale markets. That will stimulate industrial activity here somewhat, but the thing that is needed now, as everyone may see, is stimulation that greatly increased foreign orders will bring. The exchange situation, however, will have to clear up more before that can be business. Some currencies expect lower prices on certain commodities and others are equally confident they are to advance. Both may be right when the fluctuations that are natural developments are taken into account. The consensus of opinion seems to be that an average strike now would not be far from the bedrock on which prices eventually will find their foundation. Prices cannot be expected on the whole to go much lower and buying sentiment will not permit them to go appreciably higher.

Open Letter No. 1 From the Omaha Grain Exchange to the Farmers and Grain Growers of the West.

Gentlemen: As accused by the United States Grain Growers, Inc., of spending fabulous sums to destroy the CONTRARY IS THE TRUTH. The entire amount spent by grain dealers of the West to defend themselves from libelous attacks approximates \$87,000, a smaller sum than is spent in annual salaries for a few of the United States Grain Growers Inc. headquarters officials.

The Publicity Department of the Grain Growers stops at no trouble, however glaring, if it will fill the lanes of hatred against grain exchanges, and if we remain silent, they would say that the public would cover the place in it. It may be well to specify a few instances:

(1) In June, 1921, the United States Grain Growers Inc. sent out from its Chicago headquarters 8,000 leaflets headed "Department of Information." It was therein stated that the Chicago Board of Trade had received \$600,000 as "commissions" yearly. This statement was intended for the organized farmers of the United States Grain Growers Inc. It was so used that the story thus started has been kept going in their campaign to the injury of their speaker at the Farmers-Grain Dealers Convention two weeks ago. Their own publicity department in Lincoln, when corrected, admitted that when \$42,250,000 had been used in arriving at the total of \$49,000,000, a sum of \$15,551,000 should have been used, an error of \$30,395,000 or nearly 200 per cent, but they have never corrected the organizers to discontinue publishing the original untruth, and they are still repeating it to a credulous public.

The Grain Exchange and its members invite the fullest investigations to the end that customers may be satisfied that they are being treated as the fullest investigation sources of legitimate profit. 1221ad

Culled From Randall's Exchanges For Week

The Omaha Herald: Among other resolutions adopted by the Older-Boys' conference recently held at Oakland, is the following: "Resolved, That we go on record as opposed to the present inmodest mode of dress among high school girls."

Laurel Advocate: H. J. Candor, B. J. Helle and R. L. Lathrop attended the funeral of T. W. Moran at Wayne Saturday. Mr. Candor was telegraph operator at Wayne twenty years ago and was well acquainted with the deceased who had been the agent of the Omaha road at that place for nearly forty years.

Randolph Enterprise: Ed. Kern of Stanton, has refused \$75,000 for Great Orion Sensation, the Duroc Jersey hog that weighs 1,000 pounds, is ten feet in length and nearly four feet tall. He is Great Orion Sensation, the hog that was twice world's champion, the only hog that was ever given this honor. He is a Nebraska-bred, white, weighing the greatest blood lines of the breed. Not only is he good himself, but last year's offspring won 120 first prizes, 180 second prizes, 145 third, thirteen junior championships, fourteen senior championships and fourteen grand championships. Just last week Mr. Kern's hog sale of this breeding averaged \$300 a head, a total of \$21,000, the highest sale of the season. In Randolph, the Duroc hogs of F. W. Blutz & Son and Fred Lageschulte, are headed by grandsons of this wonderful sire.

The general theme of the conference of Older Girls of Burlington was "Wholesome Recreation, Pure Thinking, Higher Scholarship and Higher Service." Discussion of the girls themselves will concern the topics, "Why Go To College?" "How Shall I Choose My Friends?" and "How Shall I Spend My Spare Time?"

The Tekamah post of the American Legion has a membership of 73 out of the 110 ex-service men in that community.

A movement is on foot, as is seen in the Aurora Republican, to furnish additional water supply by irrigation to central Nebraska farmers. The following counties will profit by the project: Phelps, Adams, Clay and Hamilton. The plan has been outlined as follows: "The water will be pumped and operated and sold by the government, each farmer will buy only what water he needs and pay the government for use of the water."

The fire that broke out in the Newman Grove Volunteer Fire department last Tuesday, on the same day as the general state fire officials visited the town. They inspected the public school and witnessed the usual fire drill. The grade building was evacuated in thirty-four seconds from the time the alarm was given and the high school was evacuated in thirty-two seconds. In the afternoon for the school children and again the evening, the fire prevention films were shown which were first shown at the state convention in Norfolk last month.

Farmers in the vicinity of Newman Grove have organized themselves into a vigilance committee to a graduate of the Wayne State Normal, has been re-elected superintendent of the Lincoln Lyceum and received a \$1,000 salary. Lyons was his first school and the district is now getting him for the third year. He is probably the youngest superintendent in Nebraska, at least in a town the size of Lyons. Randolph is his home town.

Randolph firemen are going to be given six months' vacation pay to be operated by pushing a button either at the telephone office or at the light plant.

Roland Vinckel, who is a graduate of the Wayne State Normal, has been re-elected superintendent of the Lincoln Lyceum and received a \$1,000 salary. Lyons was his first school and the district is now getting him for the third year. He is probably the youngest superintendent in Nebraska, at least in a town the size of Lyons. Randolph is his home town.

Agriculture Notes

Road Building. Road building is one of the Nation's industries, according to statistics compiled by the bureau of public roads, United States department of agriculture, and surpasses such great industries as the manufacture of steel and iron as well as the production of coal. In 1921, more than 600,000 men were employed in the steel and iron industry. It is estimated that the United States department of agriculture was engaged in making, selling and repairing automobiles. As compared with this an army of approximately 100,000 men were engaged in road construction throughout the road construction

season in building and repairing the country's highways.

Fifty million tons of stone and gravel will be required by the 28,000 miles of federal aid roads either completed or under construction in the United States at the end of the present fiscal year, according to the estimates of the bureau of public roads. Some idea of the quantity is given by the fact that it is equal to a million carloads. If the material were piled in one place in the form of a cube it would be approximately 1,000 feet in each direction, or nearly twice as high as the Washington monument.

Freezing Point Determined.

The freezing points of a large variety of vegetables and fruits which are likely to be subjected to freezing conditions during harvesting, handling or marketing have been the object of special studies on the present plant industry of the United States department of agriculture. Between 19,000 and 20,000 determinations have been made, including the freezing points of twenty-five varieties of apples, twenty-two kinds of strawberries, eighteen varieties of grapes, nineteen types of sweet potatoes, nineteen tomato varieties, and many varieties of cherries, grapes, raspberries, plums, blackberries, raspberries, cranberries and some other

flowers, particularly peonies, roses and lilies. Besides this general study, the work is being continued with the principal fruits and vegetables which are liable to be in danger of freezing either in transit or on the market. In this work the methods of detecting freezing injury, the rate at which fruits or vegetables freeze in constant low temperatures are determined.

The freezing points were determined for eighteen standard varieties of Irish potatoes, grown under the same cultural conditions, harvested at the same time and stored at the same temperatures. The freezing point also parently varies with the variety and shows a tendency to vary with the family group. It has been shown that potatoes can frequently be exposed to temperatures much below their freezing points if they are not disturbed until the temperature is again above the freezing point. This is an important consideration to potato growers and handlers.

Notice to Creditors.

The state of Nebraska, Wayne county, ss. In the county court. In the matter of the estate of Edward Owen, deceased. To the creditors of said estate: You are hereby notified, that I will sit at the county court room in

Wayne, in said county on the 2nd day of March, and on the 2nd day of September, 1922, at 10 o'clock a. m., each day to receive and examine all claims against said estate, with a view to their adjustment and allowance. The time limited for the presentation of claims against said estate is six months from the 2nd day of March, A. D. 1922, and the time limited for payment of debts is one year from said 2nd day of March, 1922.

Witness my hand and the seal of said county court this 4th day of February, 1922.

Capital Punishment Needed. St. Paul Pioneer Press: Capital punishment is the only effective means of abating the epidemic of murders now prevailing in this country as a result of abolition of the death penalty in Minnesota and a few other states, and various reasons which prevent its infliction in the rest. The present system puts a premium on the murder, as Rev. Chas. L. Grant, pastor of the Faith Lutheran church, of St. Paul, said in a sermon. It also puts a premium on all other crimes of violence, when the threat of murder is put at the disposal of the criminal. The presence of 121 murderers in the state prison

is sufficient evidence of the result of mere life imprisonment for that crime.

MR. STOCKMAN!

SIoux CITY IS YOUR MARKET

Sioux City is your logical market for several reasons. The haul is decidedly shorter and you who have had costly experience in the matter of shrinkage can appreciate the importance of reducing that loss and with the short haul to Sioux City it is reasonable to assume that the shrinkage is reduced to a minimum. Another important consideration is the freight. The table below will show you the difference in the rate to Omaha and to Sioux City.

To You Who Have been shipping to Sioux City and know the advantages of so doing, this advertisement is directed with the intention of manifesting appreciation and a desire for your continued patronage.
To You Who Have Never shipped to this market, this advertisement is an invitation to weigh carefully the advantages offered by Sioux City in contrast with other markets, and if you will let your own good judgment decide the matter, that is all we ask. We have no fear of the outcome.

NORTHWEST WAKEFIELD

Miss Edna Lessman visited Mrs. Era Miller a few days last week. Miss Alma Lindberg went to Norfolk last week for an indefinite stay. Mr. and Mrs. Emil Miller were Sunday dinner guests at the Wm. Lessman home.

Messes, Jess Isom and Melvin Briggs of Allen, were Saturday evening callers in Park Hill.

Miss Marie Fredericksen spent four days in town last week, her mother having the grippe.

Hjalmar Lund, Ben Lund, Leo Dahlgren, each marketed a car of cash on Monday.

A fair-sized crowd attended the Shoberg sale, and prices were good. W. H. Neely was the auctioneer.

Mr. and Mrs. John Erickson went to Wausa Tuesday to attend the marriage of their niece, Miss Edith Angley.

The Misses Aylene and Nellie Nelson and Alice Anderson of Concord were weekend visitors in the John Erickson home.

Mr. and Mrs. Erick Johnson were the attendants at the marriage of Mr. and Mrs. Neils Youngquist at Sioux City last week.

Wallace Ring entertained about twenty men at an oyster stew not long ago in honor of a few of the Concord brethren.

Mr. and Mrs. Edvard O. James, town, S. D., visited his brother, Victor Oak, at the George Rhodes home last week and with other relatives. Teacher and pupils had a Valentine box and a short social hour at Park Hill school last Tuesday in honor of Marvin Linder who moved from the district.

Oak Bros., Dahlgren Bros., Gust M. Johnson and Wallace and Edvard Erickson were weekend visitors at Erick Johnson's near Sunnyside last Saturday evening. An oyster stew was the chief entertainment.

Emil Miller, G. E. Pecher, Wallace Ring, O. P. Dahlgren, Emil Backstrom, Ernest Peterson, Axel Fredericksen, Arthur Fell, William Lessman, Fred Fliese, Fred Lousson, Francis Kimball, Fred Mathiesen, Mrs. W. C. Ring, and Fred Mueller were among those noticed at the school officers' meeting held at Albert last Thursday. A fine meeting is the report.

very useful gifts were received. The hostesses served a splendid luncheon at the close of the afternoon.

Miscellaneous Showers

The Wives of the Rev. Edris Erickson entertained four friends in a miscellaneous shower Saturday afternoon in honor of Miss Alice Anderson of Concord. Her marriage to Bernard Erickson will take place Wednesday, February 22. Visiting, taking kodak pictures and writing notices for the bride-to-be formed part of the afternoon's entertainment. A mock wedding was also a feature. To the strains of the song, "Here Comes the Bride" sung by Miss Ruth Erickson, the bride party descended the stairs. Miss Nellie Erickson, as bride, Edna Erickson as bridesmaid, Helen Levine as bridesmaid and Ruth Bengston as groomsmen, while Aylene Nelson as minister, with her National catalog, after due ceremony pronounced them husband and wife, congratulations following. The guest of honor was then given a string and told to wind into a ball and collect the packages. She found tied to it—After following the string upstairs and downstairs, she wrapped the gifts in the parlor, where each was doing the same. At the close of the afternoon, the hostesses served a tasty three-course lunch. Out-of-town guests were Misses Aylene and Nellie Nelson of Concord.

No Frozen Closet Pipes
And the resulting discomfort and expense

For outhouse, garage or any unheated part of the house or factory, you'll find there's nothing that will fill the bill better than a TANK VOGEL Frost Proof Closet.

The water supply and valves are below the freezing point in the ground and, after flushing, the pipes run dry again. There is absolutely no danger of freezing when you install a Tank Vogel. No need to spend money on heating as in the case of ordinary closets. You have modern closet comfort for the year around despite the weather.

Box Social Success

The box social given at the S. M. Anderson school on Friday was a success financially as well as otherwise. A good program was rendered by the school, followed by "Yankie Doodle," sang by a ladies' trio in costume, and a play "Taking Father's Place" given by the young people. The cast also favored the large audience with a song. Refreshments were served as usual.

Miss Edna Erickson was the teacher.

Mrs. W. C. Ring and Marcel returned Wednesday from a few days' visit in Leslie. While there, they also attended the birthday surprise on Mrs. Frank Bressler.

Mr. and Mrs. Otto Sabs and Melvin of north of Wayne, were Thursday night guests at the home of Peter Miller.

Skating Party.
Miss Yaltah McMillan was hostess to twenty friends at a skating party on last Thursday evening. After a few hours spent skating on the pond, a lunch was served at the McMillan home.

Midnight Wedding.
The lights of Winside were left on for a half hour into Sunday morning this week in order that the marriage of two Norfolk young men, Miss Mary Connor and Walter Lamb, might proceed without interruption. While Rev. E. N. Kittell officiated at the marriage, Rev. William Kilburn in Wayne, was waiting anxiously, as he had all evening, for the arrival of the bridal couple.

The bridegroom, Walter Lamb, had gone to Wayne on Saturday morning to secure the usual license and promised to return to Wayne with the bride in the evening by automobile. He secured in advance the services of Rev. William Kilburn. While in Wayne Rev. Kilburn, while away the evening hours and at last becoming frantic, called the county judge in consultation, the bride and groom were then wedded in the mud near Winside. When they were finally able to make Winside, it was nearing the hour of midnight.

Rev. and Mrs. E. N. Kittell were ready for a good night's sleep in preparation for Sunday services when they were awakened to the door by a light rap. It was the prospective bridegroom who had decided to give up the advantage of being married in Wayne. After a conference with the city light plant which ended in a promise to keep the lights on for a "little" longer, the marriage was duly performed.

New All Malleable Front

Look closely at the point of arrow—this's where a steel range gives out quickly. Not so with a Majestic, as the front malleable door frame on all Majestic family ranges extends over the front part of flue at both top and bottom of oven—thus strengthening Majestic ranges over 100 per cent at a point where all others are weakest.

The body of Majestic ranges is made in one piece (no seams) riveted to this all malleable front.

One of the strongest reasons why you should buy a Majestic.

John D. Kern's Sale of

42 Head of Sensation Duroc Bred Sows and Gilts

Friday, March 3

At White's Barn, Stanton, Neb., at 1:30 p. m.

42 Head of Sensation Bred Sows and Gilts

This offering consists of 3 tried sows and 39 spring gilts.

These gilts are sired by Great Orion Sensation, twice world's champion boar, and by the grand champion boar of the Western National Livestock Show in Denver, 1922. Others are sired by K. & B.'s Great Orion Sensation, litter mator to the boar that Studor paid \$10,000 for. A few others by Sensation Master.

This offering is bred to Sensation Critic D 404407 for March and April farrow. Sensation's Critic D is a son of Big Orion Sensation who is a full brother to Sensation. His dam is Blue Ross, one of the very best sows of the Duroc breed. We bought this boar to mate to daughters of Great Orion Sensation, as we know just what the result will be. There never was as good a time to go in the hog business as right now and there never was a better place to buy Sensation stock than right here.

Offering has had simultaneous treatment and we consider it immune.

Terms: Cash, or fifty per cent cash and six months' time at ten per cent interest on good bankable notes.

The state of Nebraska, Wayne county, ss.
At a county court, held at the county court room, in and for said county of Wayne, on the 21st day of February, 1922.

Present, J. M. Cherry, county judge.

In the matter of the estate of Jane Ann Belcher McManigal, deceased.

On reading and filing the petition of Daniel McManigal, praying that the instrument filed on this day of February, 1922, and purporting to be the last will and testament of said deceased, may be proved, approved, probated, allowed and recorded as the last will and testament of said Jane Ann Belcher McManigal, deceased, and that the execution of said instrument be a legal and valid act, and that the administration of said estate may be granted to Daniel McManigal as executor.

Ordered, That March 10, A. D. 1922, at 9 o'clock, in the afternoon, for hearing said petition, when all persons interested in said matter may appear at a county court to be held in and for said county, and show cause why the prayer of the petitioner should not be granted; and that notice of the pendency of said petition and the hearing thereof be given to all persons interested in said matter by publishing a copy of this order in the Wayne Herald, a weekly newspaper printed in said county, three successive weeks prior to said day of hearing.
