

MANY ENROLL FOR THE SUMMER TERM

Registration at the Wayne State Teachers College Will be About 1,000 This Week.

SEVERAL CLASSES ARE HEAVY

Miss Elsie Ford Piper, Dean of Women, Will Casement All Girls of the School.

Registration for the eight-week summer session of the Wayne State Teachers College being the 90th mark Wednesday evening, this being fifty more than last summer at this time of year.

Classes that are especially crowded are: College English under Dr. J. H. Blaine, children's history with Mrs. Minnie V. Whitteyer, geography of North America with Prof. E. L. Lacey, psychology, observation and methods. One division of college English has 125 students and other classes are similarly crowded.

Besides filling the five dormitories, students this summer are rooming in 150 homes about town. Miss Elsie Ford Piper has personal supervision over them, visiting all of the homes repeatedly during the summer.

Other Normal School News. The new dining hall is able to accommodate the large number of students this summer far better than did the old hall in previous years.

The swimming pool will be open to the public this summer. Miss Elsie Ford Piper is in charge of the girls' classes, and P. G. Dale in charge of the boys' groups.

Resident graduates of the State Normal will hold their first social evening in the Calisthenium at 7:30 to help on plans for homecoming day which is Friday, June 15.

Rules For Students. Members of the Faculty of the Wayne State Normal appreciate the manner in which the women of Wayne have cooperated in opening their homes to the students for the summer.

DEATH OF ROSS JONES IS REPORTED IN WAYNE

Uncle Now His Whereabouts Had Not Been Known for Two Years.

A report was received in Wayne this week announcing the death of Ross Jones, who it will be remembered, mysteriously disappeared from Wayne in 1901.

Mrs. Jones is an inmate of the state hospital at Norfolk, and the six children are in charge of kindred relatives here in Wayne.

Mr. Jones located in Leslie, Nebraska, about fifteen years ago, where he knew him well on his reconnoitering of his family with his disinclination.

One man who knew the deceased well at the time he suddenly abandoned home, the fact that a life insurance policy was left by him to his wife is the only justification of a charitable view.

Winside Man Wins in Wrestling Match

A large crowd attended the wrestling match held at the Wayne Memorial gymnasium, Monday night.

The main event was between Glen Wroblewski and Earl Wade of Winside. Jack Richmond of Winside, was referee.

The local man has attracted much attention and it remains an undefeated champion.

Have Program Sunday in Church Northeast

The annual Children's day program, in charge of Prof. G. G. Gray, held at the Lutheran church northeast of Wayne, which Rev. E. Gehlke is pastor, was attended Sunday.

Children in the school and members of the choir took part. Rev. E. Gehlke welcomed the visitors and the program included the following:

Recitations by first pupils of the school; songs by children in grades four, five, six, seven, eight, and nine; a play, "The Purple Heart"; and "A Hundred Thousand Voices Shout" song by children in grades four, five, six, seven, eight, and nine.

Are Wed on Saturday In University Place

Lincoln Sunday Star—the first Methodist church of University place was the scene of a beautiful double wedding last evening when Miss Mildred Kallemeyn became the bride of Ralph A. Pettis and Miss Elizabeth Kallemeyn became the bride of Richard Chinn of Wayne. The brides are daughters of Mr. and Mrs. N. W. Kallemeyn of University Place.

The beautiful white roomed and amply decorated the chancel of the church. The ceremonies were performed by Dr. L. B. Schreckenbach in the marriage cases for Miss Mildred and Mr. Pettis while Rev. D. W. McGregor officiated for Miss Elizabeth and Mr. Chinn. Two hundred and fifty guests were present for the ceremony and reception which followed in the church parlors.

During the arrival and seating of the guests, G. Hebert McAnan played a half-hour's program of organ music. His numbers were: "Evening Song" by Martin; "Meditation" by Massenet and "Spring Song" by Hollins. This was followed by violin numbers "Serenade" by Shubert, "Evening Song" by Wagner and "Souvenir" by Drda, played by Prof. W. C. Hunter of Wayne. Elmer Herling of Kansas City sang "O Love and Love" and "I love You Dear" just before the first notes of the Lohengrin wedding march played by Mr. McAnan announced the entrance of the bridal party. The Mendelssohn was played as the recessional.

We, the undersigned, wish to thank our kind Christian friends and neighbors for the beautiful floral offerings, and for the kind and loving assistance rendered us in our recent great bereavement.

The Epworth League will have another party June 11. Miss Miriam Hall is assisting with the housework in the Ed. Sullivan home. Miss Virginia Taylor of Wayne is visiting Miss Alta Vernon and other friends. Misses Powell of Covington, Oklahoma, are guests of the Misses Christiansen. Mr. and Mrs. John Phelan and son Jack were Sioux City visitors Sunday afternoon.

Many farmers around here had much corn washed out by the heavy rains last week. The M. E. church has installed six electric fans to help keep pastor and audience comfortable during warm weather.

Bobbie, 2-year-old son of Minor Sullivan, had his tonsils and adenoids removed one day last week in a Sioux City hospital.

Miss Maude Curley has been engaged by the Blainville, Neb., school board as instructor in normal training for the coming year at a fine salary. This is most gratifying to the friends of one who has grown to womanhood in this community. All are glad to see her sterling worth receive merited recognition.

Mrs. Hans Fiedemann left Monday for an extended visit with her eldest son and family near White Lake, S. D.

Mrs. Katherine Long went to Sioux City Monday morning to attend commencement at Morningside college. Monday was alumni day. St. Anne's parochial school will close June 6 at which time a playlet, entitled "A Southern Cinderella" will be presented. Several musical numbers will be given also.

The Farmers Union here and the Union south of Concord will hold a joint picnic in the Concord park, June 15. Each family will bring two turkey lunches. We have not heard who will be the speaker of the day.

Rev. and Mrs. Clement Hahn and two sons went to Sioux City Monday to attend commencement at Morningside college and visit home folks the while. Mr. Hahn is one of the class of 1923 who received degrees Tuesday.

Mrs. T. Kavanagh is in Sioux City receiving treatment for tuberculosis. This news came as a relief to her many friends, who realized she has been failing in health for several months, and with the care of the four children, the oldest of whom is an invalid, hastened the breakdown. We hope soon to learn of the arrest of the disease.

Genera Greer is felt over the news that Rev. Dr. Hull of Norfolk is ill in a Chicago hospital from a carbuncle on the back of his neck. Dr. Hull is district superintendent of the Methodist churches of northeast Nebraska.

The annual meeting of the Concord Cemetery association which was to have been held June 13, has been postponed until the next day, June 14, 2 p. m., in the Dixon Community Hall. Election of officers and closing of the year's accounts will be business of the day.

Folk Aroused Public Conscience. Kansas City Times: The campaign of 1904, with the spirit it aroused and the encouragement it gave to political decency, has remained a wonderful asset to the state. And of this campaign Tom Fuik was an essential part.

Inman Banks Consolidate. Inman, Neb., June 5.—The two banks here have merged, the Farmers State bank selling to the Inman State Bank. After July 1 there will be only one bank in Inman.

Miss Alvine Leurs returned Monday from her home in Columbus to resume her work at the Wayne State Teachers College.

The extreme top of \$10.60 was scored by Herefords from the feedlots of Arthur Demann of Alta, Neb.

The Wantoch Herefords had been on feed about seven months, according to Mrs. Wantoch's son who accompanied the shipment to market. They had made rapid and substantial gains. The \$10.60 figure was twenty-five cents above the bulk of sales made at Omaha the same day, which ranged from \$8.50 to \$10.25 a hundredweight. This shows the premium paid for the good "Whiteface" from Wayne county.

Hoskins Herefords on Market. Mrs. Matilda Wantoch of Hoskins was represented on the Omaha cattle market June 1 with sixteen head of Hereford steers that averaged 1451 pounds each and sold at \$10.60 a hundredweight, high price for the day on weighty steers, and within ten cents of the day's extreme top.

Rupture

WELL KNOWN TRUSS EXPERT COMING TO NORFOLK.

E. J. Meinhardt, the Truss Expert, from Chicago, will personally be at the Norfolk Hotel, Norfolk, Neb., on Thursday, only June 14. Mr. Meinhardt's "The Vacuum Shield" will not only hold the rupture perfectly, but will contract the opening in ten days on the average—usually giving instantaneous relief withstanding all strain regardless of the size and location of the rupture. This truss is positively guaranteed.

Caution: Ruptured persons should beware of old-style trusses with under- straps. These trusses usually place the strain on the lump and not at the rupture opening. This often causes serious trouble resulting in strangulation and necessitating a dangerous operation. Mr. Meinhardt will be glad to demonstrate without the use of surgery, medical treatment, prescriptions or injections, the quality and results produced by "The Vacuum Shield." These demonstrations will be given free to all who call at the hotel from 10 a. m. to 5 p. m. The largest and most difficult cases, those following operations, are especially desired. Business hours: 10 a. m. to 5 p. m. after place in this section and he will be here for one date only.

Students Are Made Welcome

We welcome to our bakery the throng of students who are attending the Wayne State Normal. We wish them to take advantage of our appetizing lunches which are served at all hours. The cost will be considered moderate.

Visit our fountain and be refreshed by one of the many delicacies it has to offer. We have an extra special every week in ice cream, including brick.

Ask for Homerun Bread, made by an expert at this bakery. It is both wholesome and satisfying.

Accident Flour in Wayne

A well known brand of flour in a new field. Accident flour costs more and is worth it. There is a demand for the best produced in selected hard wheat flour and Accident will fill every requirement. Accident contains a higher percentage of gluten and will produce more good wholesome creamy loaves. A flour that's made for the housewife who cares.
Rolled Oats, \$3.10 Per Bag
 Have about fifty bags left from carload and to sell quick have reduced price to \$3.10 per bag. Many are using rolled oats for the raising of pigs and chickens. This stock is A1 quality and may be used for table use.

Sugar Cane, \$11.20; Beet, \$11.00
 Sugar sales have improved the last week. News paper agitation and cheap political thunder for would-be politicians have been unable to effect the sugar situation. The sugar shortage first reported as 300,000 tons; later authentic reports have raised to 750,000. The normal consumption of sugar is 106 pounds per capita. The present available supply will not permit to exceed sixty-eight pounds per capita. Don't worry about a sugar shortage—just buy sugar if you need it, that's all.

Don't Forget Cookie Demonstration Saturday
 The cookies are just in from the factory and we have some free premiums which will interest the housewife. Don't miss it. Everyone gets a sample of Loose Wiles Co. cookies. Folks like them because they are better.
Sale Continues on Canned Berries
 Have sold more berries during this sale than the last six months. A real sacrifice, 25 cents per can for good syrup berries. Regular price is 40 cents, but the next week will dispose of housewife. Don't miss it. Buy berries and logberries. You cannot afford to "home can" against this opportunity.

Five Cans 2 1/2 Pounds Canned Water Apricots \$1.15
 A cash buy enables us to offer a very fair quality of fruit at five for \$1.15. Very nice for pies and some use for table use by adding sugar.
Herring—Salt or Pickled
 Fresh shipment every week. You are assured of fresh goods. If you like herring we are certain we can please you.
Conkey's Chick Starter
 Ask any housewife who has used it. It's wonderful for starting and raising small chicks. We have this growing food also treated with Semi-Solid Buttermilk—one of the best growing agencies known.

Why wait to buy Semi-Solid?
 Why do a certain few wait until their pigs are seriously in need of help before they buy Semi-Solid Buttermilk? There is nothing you can buy for the hog and chicken industry that will develop the gains and shorten the feeding period as does Semi-Solid. It has ceased to be termed as expense. An item that shows a profit is not an expense—a good investment. Every barrel Semi-Solid will dilute to 2,000 gallons and yet contains lactic acid content equal to home buttermilk. Semi-Solid sells for less in Nebraska than any state in the union.

Hofstra—Insect Killer
 Fortify yourself with a supply of Hofstra to subdue the army of insects of all kinds. Dust on your chicks and fowls—it kills mites and lice on either animals or plants or fowls without slightest injury. A fly killed now is equal to a million in July. Hofstra in 15c reloadable guns and 30c, 60c and \$1.20 packages. Orders filled by mail.

Declares Tanlac Ended 5 Years of Suffering from Stomach Trouble.

"The good health I am enjoying today is all due to this wonderful medicine called Tanlac," is the positive statement made recently by Mrs. Mary Wolcan, 505 S. 29th St., Omaha, Neb.

"I had been troubled with loss of appetite and serious stomach trouble for five years, which interfered with my work and caused me to suffer with indigestion pains and heart palpitation, I was so nervous my hands shook like one with the palsy and my sleep was restless and broken. The condition of my liver made me feel sluggish and dizzy, my head ached, my back and arms were something awful.

"Well, all my troubles have left me since taking the Tanlac treatment, and I eat fine and feel fine in every way. Search the world over and you couldn't find such a grand good medicine as Tanlac.

Chicago & North Western System C. & N. W. Ry. C., St. P., M. & O. Ry. Providing Equipment

When crops are good; business brisk, and everyone employed, statements are often made that there is a shortage of railroad cars and locomotives. A most natural question that now is: What action is the Chicago & North Western Railway System taking to meet the present situation? I will answer by concisely setting forth facts below to show just what has been done to provide cars and locomotives for the service of its patrons.

EQUIPMENT PURCHASED during the seven years 1910-1922 inclusive, consisted of 398 locomotives, 150 passenger cars, 14,352 freight cars, at an aggregate cost of \$5,626,039

EQUIPMENT IN SERVICE on December 31, 1922, consisted of 2,434 locomotives, 2,439 passenger cars, and 78,773 freight cars.

NEW EQUIPMENT purchased for delivery in 1923, consists of 150 locomotives, 250 passenger cars, and 7,500 freight cars, at an aggregate cost of \$24,000,000

COST OF REPAIRING EQUIPMENT during the past seven years aggregated \$182,995,684

This expenditure of almost \$1,000,000 per year for new equipment and \$26,000,000 per year for upkeep emphasizes the earnest and continuous effort to meet the public requirement.

Purchases for the year 1923 are larger than usual. In 1922 there was moved 2,448,000 carloads of freight, of which 1,704,000 were loaded on its lines, an average of 31 carloads for each car—a real achievement. It required 448,871,816 car miles to deliver this at destination and required 228,030,650 miles of empty haul to move cars from points of unloading to points of loading.

At best there will be times when the demand for freight cars will exceed the immediate supply, and at such times we must ask the forbearance of our patrons, who are assured that every possible effort will be made to meet their requirements. A reasonable shortage of equipment at the peak of traffic is not easily overcome, and is no occasion for alarm; and within bounds, indicates a healthy condition of business.

Everyone using freight cars who loads and unloads them promptly increases the available supply of cars and best secures his own interests and those of others. Experience shows that over one-half of the time taken for handling freight is used for loading and unloading, and if this be done promptly there is more than sufficient equipment to handle the traffic of the country.

To the extent of our financial ability and with faith in the future, we have made these expenditures for new cars and locomotives and for the repairing and maintaining of our equipment in service—our faith in the American people and surety-to-our—nationalism compel this action. The splendid co-operation of our shippers in prompt loading and unloading of cars, coupled with the effective service-of-our employees, will enable us to make full use of our increased facilities in our effort to move satisfactorily all traffic offered us.

Hot Weather Necessities

It is poor economy to "get along" without something in your home that is a real necessity.

A Herlick refrigerator will save enough perishable food every day to make it a profitable investment—saying nothing of the enjoyment derived from having solid butter instead of mushy butter—sweet cream instead of sour—fresh berries and fruits instead of spoiled ones. The Herlick actually saves you money.

A Westinghouse Fan might be considered by some as a luxury—others consider it an actual necessity. It is quite certain that those possessing a fan are much more comfortable and enjoy their meals with a fan on the table to a greater extent, than they would otherwise. At night time they get a comfortable and restful sleep that peeps them up for another hard day's work.

A Perfection Kerosene Stove is another necessary as well as economical item for hot weather use—something that will give the user some real, genuine comfort.

We might also mention gasoline sad irons, electric sad irons, etc. We carry a complete stock of everything needed to KEEP COOL.

Nearly Drowned at Neligh.

Neligh, Neb., June 1.—Amos Eeley, who was working with a gang of men under the direction of County Engineer Eubank in an effort to save the second bridge south of this place, fell into the swollen current yesterday and was caught in the underflow. He was carried down stream and under some brush, but fortunately did not become entangled and was hauled out by his companions. He was pretty well exhausted but sustained no serious injury. Mr. Eeley was wearing rubber boots which had collected around the bridge piling when he fell in.

Gratitude.

(Bixby in Lincoln Journal)

As we approach the merry month of June,
Let all our hearts with nature be in tune.
Let "demonstration" heal our bleeding sores,
The who we harmlessly with all our doors,
The woods, the fields, the garden plot,
All that give us our captured grace upon the robes of green in which the earth is decked,
Proclaim the genius of an architect
Whose work is of such sufficientness of touch
That Johnson couldn't criticize it much.
The azure sky with star-eyes peeks in through,
Telling of myriad worlds beyond the blue,
And, added to the sights that cheer the eye
Are earthly friendships that will never die.
So, those who now find fault have no excuse
But when July-ten had for any use,
To wish us once again, and so endure
Its fearful weeks of frightful temperature,
We can have some excuse for failure.
But let's be happy while we may be.

On Sioux City Market.

Will Blake, of Wayne, was on Sioux City market May 23 with two cars of high grade Hereford steers, which averaged 1051 pounds and sold for \$10.23 a hundredweight, within ten cents of the top of the market. The top price was \$10.25, secured by Herefords from the feedlots of A. B. Johnson, a prominent young farmer of Quincy, Cherokee county, Iowa.

Mr. Blake's Herefords had made excellent gains on feed, and the price which they brought was fifty cents a hundredweight above the bulk of sales at Sioux City the same day. Bulk of sales ranged from \$9.25 to \$9.75 a hundredweight.

Mr. Blake was well pleased with the results of his sale on May 23. He reports that there are the usual number of cattle on feed in Wayne county, and the country is full of cattle.

After Half Century Quits Making Flour

Allen News: On Wednesday May 16, the Martinsburg Mills made their last flour, after half a century of operating. N. P. Wallenstein, the present owner, announces that it was necessary to give up the unprofitable concern because of the larger mills and that milling on a small basis is a losing proposition as the small miller can not hope to produce flour today that will compare with the larger miller's mills. Although Martinsburg Mills will continue to grind grit, pancake, buckwheat and such flours, will not again make wheat flour with the rolls and the rolls will be sold as soon as possible. The space hitherto occupied by the milling machinery is to be used for the general store stock which Mr. Wallenstein has. He has found that the general store business is far more profitable.

The history of Martinsburg Mills is rather interesting, inasmuch as it is one of the older institutions of the county. In 1872, Jonathan Martin manufactured a crude paddle wheel, and placing it on one end of a shaft, and end built a small dam and building, thus starting Martinsburg Mills. A short time afterwards a fresher washed out the dam and destroyed the building.

The following year Mr. Martin rebuilt his mill and operated it until 1875, when he sold it to Hurley Brothers. They sold it to P. C. Wright and John Duren, who operated it under the firm name of Duren, Wright and Co. Wright later sold his interest to Mr. Marks, who finally sold out to Mr. Duren. Mr. Duren operated the mill until 1901, selling on May 1, of that year to N. P. Wallenstein, who has operated it since that time.

Floods have several times destroyed the property, so that the present building is the fourth building to house the business. When Jonathan Martin first built the mill-house logs and laid them near the site. A prairie fire came along and destroyed part of the logs and burned the ends of others. The latter logs were used, however, and some of them are in the present building, charred but still as solid, apparently, as when first cut.

In February, 1918, Mr. Wallenstein decided to do away with the old fashioned mill race and paddle wheel, as South Creek, from which water was obtained, did not always have enough water to turn the mill. At that time a gasoline engine was installed and has since furnished the power.

One by one the old relics of early days and early business enterprises are disappearing.

Hoskins Auto Dealer Receives Bad Check

Norfolk Daily News, June 2: According to a Norfolk police report Arnold Pfeil, dealer in automobiles at Hoskins, is holding a check for \$1,000 upon which he can't collect and which he took in payment for an Oakland coupe which is in the possession of Luther Stewart, 35, 1/2 block east of present whereabouts are not known.

According to the police story, Stewart went to Hoskins yesterday, purchased the automobile and gave Pfeil a check in full payment. The check was drawn on the Nebraska State bank of Norfolk and when Stewart sent the check in he was notified that Stewart had no funds in that bank. He now offers a reward

of \$100 for the arrest of Stewart or the recovery of an automobile. Stewart is described by the police as being 42 years old, five feet, nine inches tall. The automobile is described as a model '24', car number 32,445, brown body, and had ASX tires.

Business

Sioux City Journal: Although for the present the threatened building controversy of the eastern district, which centers at Ames, has been averted, the impression that everything has been settled is a little slow in coming. An indication that investors are not quite satisfied with present conditions, having to do with high prices for labor and building materials, is seen in the suggestions from certain quarters that the brakes be put on construction. The idea is that essential buildings should go up and that contracts which can wait should be delayed.

Naturally the objective is an easing of the situation in which capital has found itself following the continued advance of building costs. If fewer buildings were going up here, there and yonder, they argue, there would be more workers and these would not be likely to press wage increases demand. Likewise, that would reduce the competition among materials producers and lower prices therefore could be expected. In opposition to this suggestion, still another element insists that the building plans be carried out. They seem to think that a distressed condition will come if building is delayed, which would be the heaviest handicap the opportunity to again boost rents. Meanwhile hammers and saws and riveting machines and cranes are busy fitting more and always more new structures.

Reports of railroad earnings for the month of semi-annual statement increases over the same period of last year. This statement might have been written with perfect assurance before the lines made their reports. The roads could not have evaded making more money for the reason that they have raised more rates since they were built. That was bound to bring bigger returns. Barring accidents, such as unreasonable legislation might be termed, the railroads ought to be able thoroughly to reconstruct themselves within a reasonably short time. But their right of way still a happy destiny is sure to be disputed.

The most encouraging reports are heard in the merchandising line. Retailers are buying heavily, and with the arrival of summer, are selling more readily. May was a bad month because of low temperatures, but June promises better results. One big Chicago mercantile house reports business much more active than for the same week of a year ago, and says that the outlook for the future are very active. Also it is interesting to note that one of the leading packers makes a statement to the effect that "the demand for our various brisks and with good demand for all products."

Orders for steel for six months are being received, which is good at all plants. As a barometer of business conditions, this one industry "presents" perhaps more "closely than any other, what actually is going on now and what may be expected in the future.

The farmers are guessing as usual. They do not know what is coming, but they are at work in their fields. Their prices fluctuate, often desperately. Crops this year probably will be good and as good as usual, the farmer will be lucky if he gets for his products what they are worth.

As to Drawing Two Salaries.

Lincoln, Neb., June 3.—The right of Prof. Clark E. Mickey to draw two salaries from the state, challenged by State Treasurer C. D. Robinson, has been referred to Gov. Bryan, who is the titular head of the department of public works, which is employing Mr. Mickey as an expert tester of coal material at an annual salary of \$2,500 a year. For his services as professor in the University of Nebraska engineering college Prof. Mickey has been receiving \$4,500 a year. The supreme court many years ago decided a man could draw two salaries from different branches of the state government, but since then the legislature passed a civil code law, which says: "Each secretary and assistant in each department shall receive his entire time to the duties of his office and shall hold no other office or position of profit."

Following a conference between Gov. Bryan and Treasurer Robinson the state treasurer said the governor told him he was in sympathy with his action in withholding payment of the warrants in favor of Mr. Mickey.

Strike Car Went Well. Omaha, Neb., June 3.—A natural gas well has been struck in an oil well on the property of Henry Klein, of Stanford, Neb., according to a special dispatcher from Omaha. The well was discovered when an oil driller was overborne by gas flames while putting a curb in an oil well.

Loot Telephone Office. Beatrice, Neb., June 3.—Returning from Olathe this county, Sheriff John Salling stated that robbers entered the telephone office there and secured \$25 when they escaped with eight hundred dollars of the office funds. No arrests have been made.

By reason of our combined stores—one just opened near the State Normal campus—we are able to better serve all customers. By buying in large quantities to supply both stores, we are able to effect a substantial saving which we gladly pass on to the buying public.

The two stores will cooperate closely, and in both quality and prices will serve the advantage of patrons. We understand the needs of students, and we will buy right and sell right.

Both stores will carry everything students will need—tablets, pens, pencils, ink, erasers, all kinds of paper—in fact, all supplies your requirements may suggest. Call at either store and your wishes will be promptly and courteously served.

We carry a complete stock of Pianos, Player Pianos, Edisons, Victrolas and other musical instruments. The new records are now in, and they offer the latest in classic and popular music.

Better Homes Week

A Pot of Gold at the Rainbow's End

This week—nationally set aside as Better Homes Week—is a most appropriate time to start plans for the new house, new garage or other improvements in town and country. You know the advantage of owning your own home; you know the satisfaction in having new, modern structures. Owning your own home means paying rent to yourself and giving the best environment to your family. Farmers realize the advantage of having modern cribs, granaries, hog houses and barns, so that crops may be properly taken care of; saving time and reducing loss to a minimum.

We can give you a pleasant surprise in the modern plans we have to offer as help in any improvement you may have in mind. We have the right materials and we have the right prices.

See us and let us know your wishes. We can serve your advantage.

**There is a Difference
Between a Good and a Poor Job of Plumbing.**

The fixtures may be the same in both cases; but the drain and supply pipes in one may be put in according to correct sanitary methods, properly vented, graded, etc., and on the other may be put in the cheapest way you can get them in, without regard to future operation in say, five, ten or twenty years. We employ a skilled mechanic, and all of our work is done with strict regards to sanitary rules and in a manner that insures future satisfaction.

The 12-Hour Day Error.
Chicago Tribune: E. H. Gary, chairman of the United States Steel corporation, announces that the 24-hour day does not exist in the steel industry. The chief reason offered is that there is a labor shortage, and that the eight-hour day would require 60,000 more employees and add 10 per cent to the cost of production. Economically, that argument may appear reasonable, but Mr. Gary fails to limit himself to it. He adds explanation and apology, thereby recognizing a moral and social obligation and laying himself open to attack.

Never Too Late.

it was "far too early" to discuss such matters. But does not the colonel now that the election of 1924 may never so well be carried as in 1923? A year before hand is the best time of all to "save the country." Henry Ford is doing it now, with generous means. Would Col. House deny his fellow countrymen the pleasure of joining in that national pastime?

Board of Equalization.
Notice is hereby given that the board of county commissioners, the county assessor, and the county clerk, of Wayne county, Nebraska, do hereby convene in regular session, commencing on Tuesday, the 12th day of June, 1923, for the purpose of equalizing the valuation of personal property as returned by the precinct assessors.
Bear in mind that this is not the year for revaluing real property, but if any feel that an error has occurred in the assessment of any particular piece of real property, such error can be adjusted if called to the attention of the board.

Any and all complaints on the assessment of personal property will be heard at this time.
All tax assessors are especially urged to call and inspect the books, relative to this assessment, as this will materially aid us in avoiding any errors.

The board will continue in session for not less than three (3) days, and all complaints or protests must be made at this time.

OUT OF THE GLOOM.
Many a Gloomy Countenance in Wayne—Now Lightens with Happiness.
A bad back makes you gloomy. Can't be happy with continual backache.
The aches and pains of a bad back are frequently due to weak kidneys.
Doan's Kidney Pills are recommended by weak kidneys.
So Wayne citizens testify.
Mrs. Van Bradford, Wayne, says: "My kidneys were in a weak condition and they did not get right. I had dry spells and a lameness in my back over my kidney. Reading how Doan's Kidney Pills had helped other people, I decided to give them a trial." A few boxes purchased at the Wayne Drug Co., corrected the trouble. Doan's are reliable and effective in "bad work and I don't have to use them now."
Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills the best.

THE UNIVERSAL CAR
Announcement
of interest to
Millions of Families
"I will build a car for the multitude"
Said Henry Ford in 1903—Read how the fulfillment of that prophecy is now made possible through the
Ford Weekly Purchase Plan
For many years it has been Henry Ford's personal ambition to make the Ford universal family car—to put it within the reach of the millions of people who have never been privileged to enjoy the benefits of motor car ownership.
During the past fifteen years over 7,500,000 Ford cars have been placed in the hands of retail customers—more than a million and a half of them within the past twelve months—and yet there are still millions of families who are hopefully looking forward to the day when they can own a Ford.
And now the way is open.
Under the terms of this plan you can select your Ford car, set aside a small amount each week and you will be surprised how soon you will own it. In the meantime your money will be safely deposited to your credit in one of the local banks where it will draw interest.
Think it over. Five dollars will start an account. The whole family can participate in it—father, mother, brothers and sisters each doing a little.
Why not start today?—Stop in and talk it over with your local Ford dealer. He will be glad to fully explain the details of the plan and help you get started toward the ownership of a Ford car.
The State Bank of Wayne will accept deposit on the above plan.

Cunningham, Monte Theobald, Faye Harton, Edna Holte, Ken Embree, Ethel Edgerston, Mabel Young and Lela Olmstead. Winifred Hunter was valedictorian of the group and Miss Emma Hughes was salutatorian.

From Ponca Journal June 10, 1903:
No railroad news of importance. We hope to announce soon, that the cars are again running to this place. The weather here is in a way, and has been oscillating between rains of rain and smiles of sunshine all the week.
A week ago, in company with Messrs. Gantt and Jones, we visited the Logan country, and all were delighted to see the strides which improvement has made in the region where we were in the northeast corner of Wayne county, and two years ago its leading inhabitant, were Indiana estates and waste lands. The Logan river, though a rapid and never failing stream, and whose water powers can be counted by the hundreds, goes to sea last year, had a mill above Oakland. Then McHenry's was built, which by the way, is the only mill in Wayne county and is one of the best in northwestern Iowa.
The republican convention at Chicago after a session of six days, opened on the 36th ballot, for President, then James A. Garfield of Ohio. The first tally was as follows:
Grant 304
Blaine 254
Sherman 63
Edmunds 34
Washburne 30
Winnow 19
The whole number of votes cast was 755. Necessary to a choice 378.
From the first to the 34th ballot there was scarcely any change. Grant and Blaine had about the same strength throughout as on the first. Gen. Garfield in the early part of the contest received no votes whatever. On the 34th ballot Garfield received one vote. The 34th ballot was as follows:
Grant 302
Blaine 273
Sherman 61
Edmunds 11
Winnow 4
Total number of ballots received necessary to a choice 378.
As will be noticed the Grand electoral body to their completion on the last, and that the nomination of Mr. Garfield was due to those who had been voting for Blaine, Sherman, Washburne and Edmunds.

More Cars Shake Themselves to Pieces Than Ever Wear Out

Charge that up to vibration. Vibration causes cars to grow old prematurely by racking their chassis, destroying the "metal life" of vital parts, loosening up their bodies and causing squeaks and rattles. Frequent, costly repairs are the result.

The Studebaker Light-Six is freer from vibration than any car of its approximate size or weight yet produced.

This has been accomplished largely by a complete machining of the crankshaft and connecting rods on all surfaces—a practice used by Studebaker exclusively on cars at this price and found only on a very few other cars whose selling prices are from three to ten times as high as the Light-Six.

There are 61 precision operations in the manufacture of the crankshaft alone, 40 of which range in accuracy from one-quarter thousandth to one thousandth of an inch.

The Light-Six motor embodies the most advanced design known to automobile construction. And no chassis at any price is built to more exacting standards of materials and workmanship.

Aside from its mechanical excellence and its consequent long life, the Light-Six is handsome in design, extremely comfortable, sturdy, and we believe the most economical car to buy and operate ever offered at \$975 or anywhere near this figure.

Its substantial all-steel body, one-piece, rain-proof windshield, ten-inch cushions upholstered in genuine leather, cow lamp—these are among many features heretofore to be had only in higher-priced cars.

For 71 years the name Studebaker has stood for integrity, quality and value.

GAS ON STOMACH WON'T LET YOU SLEEP

Gas often presses on heart and other organs, causing a restless, nervous feeling which prevents sleep. Simple, trustworthy bark, glycerine, etc., as mixed in Adirlex, expels gas and relieves pressure almost instantly, inducing restful sleep. Adirlex often removes surprising old matter from both upper and lower bowel which poisoned stomach and caused gas. Excellent to guard against appendicitis. Wayne Drug Company. 1714d
