Wayne County Used As Taxation Example

The following report from Washington, treating of taxation in New York of the State Real-estate taxes-since 1920-have absorbed a large part of the income from the State department of agriculture. There is reason to believe the root says, that taxes on many of the State department of agriculture. There is reason to believe the root says, that taxes on many of the State department of agriculture. There is reason to believe the root says, that taxes on many of the State department of agriculture. There is reason to believe the root says, that taxes on many of the State department of agriculture. This conclusion is based on a study made in twenty-six states for the year 1919 and on the fact that since that year taxes have generally in receased while rents have been reduced. Local rather than state taxes are levied chiefly to support such that the state levy is reliable to the state of the burden in Nebraska, as the state levy is reliable to the state of the burden in Nebraska, as the state levy is reliable to the state of the whole. In most counties property taxes are levied chiefly to support schools had public highways.

Wayne County was chosen for investigation by federal agents, who consider it typical of the other agricultural sections of the state. They was turned over to the tax gatheren. The percentage is believed to be smuch higher at the present time. It

## FLORENCE TANK WATER HEATER BURNS KEROSENE

## Hot Water in Your Home for two cents an hour

The blessing of hot water may now be enjoyed in thousands of homes where there is no gas and where the cost or discomfort of coal fires is undesirable.

Thanks to the Florence Tank Water Heater, which burns inexpensive kerosene, you can now have an abundance of hot water for the baby, for the children, for dishes, for washing, for shaving, for bathing, and for every household use.

Any home that has a boiler and the necessary plumbing can use the Florence Tank Water Heater. Wherever your hot water tank is located, a plumber can attach the Florence easily and quickly:

It burns kerosene, and the fuel cost is only two cents an hour. It is simple to operate. All you need do is turn the regulator and touch a match to the burners.

The Florence Heaters are made on the same principle as the famous Florence Oil Range. They have the same wickless burners, which vaporize the kerosene and deliyer an intensely hot oil-gas flame close up to the coils.

## A Real Bargain

A fine, highly improved quarter section of Wayne county land located 6 miles from Carroll, 7 miles from Winside and 12 miles from Wayne. A good two-story-8-room house, a good barn and shed combined, double corn crip, granary, chicken houses, hog-house, fine apple and cherry orchard and a good grove on the north-and west of the buildings. Land all fenced and crossfenced and about 125 acressunder cultivation, balance in pasture with living water. This farm must be sold and is the opportunity for some one to get a good farm at a low price. The price is \$22,000.00

We believe this is the best buy in the county.
