

Wayne Citizen Passes Friday
D. E. Brainerd, President of Citizens National Bank Here, Dies in Sioux City Monday

ENCOURAGING.
During the past days, of May, this year, receipts from real estate taxes at the county treasurer's office amounted to \$141,000. For the same period last year, from May 1 to May 15, 1925, receipts aggregated \$130,000. During the same period in 1925, receipts totalled \$129,600. Increased receipts may be attributed to better prices for farm products and consequently to more money and better feeling. Conditions are more prosperous and stable than they were a year ago, and the prospect inspires confidence.

Developing Leadership

Montgomery, West Va., May 16, 1926.
Dear Herald: To be sure one swallow doesn't make a summer, but how about two swallows? With a dozen independent colleges eligible to compete and only four teachers, how happy are we to have the Nebraska Bar association prize for two in our section finds three teachers. Among the winners: Further, Peru wins the presidency and Wayne is also near the top, no independent college this year at least. The first year (the second last year) being either first or second.

In a general meeting of the regional secretary of the Y. M. C. A., spoke to student groups at the Wayne State Teachers College last night. In a general meeting of the afternoon here discussed the labor strike in England, its fundamental and immediate causes. Three-fourths of the forty million laborers were involved. Mr. Cherrington stated that as long as the percentage of laborers is and will always be so large, England will never have a civil war, because capital gives way to labor at the crisis. The seeming cause of the strikes, the speaker asserted, is wages. The fundamental cause dates back to King Charles I, boy king, who was imposed upon by a few persons who gained at that time large tracts of land, thus placing money power in the hands of a few.

Dundee Garden Drive Stakes Stand Storms Like a Post

These stakes are made from straight - grained CYPRESS, thoroughly saturated with wood preserver, then painted white. They will last indefinitely, can be driven without breaking or splitting and are not an eye-sore in the garden as the usual stake is.

Two stakes only are necessary for most plants. As the plant grows, the string connecting them is pushed up by the plants so that they hold the plant into position at any height.

The cut here shows a TRELIS made of 7 stakes. Five of them make a beautiful Lawn Fan for climbing roses.

Prices range from 12 1/2 to 15c.

Be as proud of your garden as you are of your home. These stakes will help you to do it.

Public Auction On the premises Saturday, May 29th At 2:00 p. m.

On the above date, we, as authorized agents for Mrs. H. W. Robinson, will offer for sale at public auction the new residence property known as the Harry Robinson residence located on the Northwest corner of Twelfth and Main streets and just across the street west of State Normal grounds.

Description of Property

This residence has been built about eighteen months and is a large nine-room house situated on a corner lot, 50x150, facing east toward the State Normal grounds.

There is a large double garage finished as is the house, in gray Kellastone, on this property.

The house is finished in Kellastone and is of extra heavy construction; the studding all of 2x6 instead of the ordinary type of construction. The basement is a full basement completely finished and plastered. The lower floor is finished throughout in oak and the rooms consist of a large sun-parlor, living room with built-in bookcases, a dining room with built-in buffet, a large kitchen and large pantry equipped with built-in cupboards. There is also a mighty nice breakfast room with built-in furniture. There is also a lavatory on the lower floor. The second story of this beautiful home is finished in hard pine and the rooms consist of four large bedrooms and a bathroom and sleeping porch. The bedrooms are equipped with built-in dressers and chests of drawers. The house is heated with a hot water system, one of the best on the market.

This beautiful new residence should carry a special appeal to the family seeking a home that combines beauty, utility and sturdiness of construction. There has been absolutely no expense spared in its construction and it has been built throughout with the idea of comfort uppermost in the mind of the builder.

To the parents of a family, a home, located as this home is, should be borne in mind the fact that one of the best schools in Nebraska is practically at their front door. A school where it is possible for them to start their children in the kindergarten and have them right at home from that time until they have completed their first two years of University work.

Last, but by no means least, this beautiful home is situated in Wayne, which as a home city acknowledges no peer in the state.

You are going to buy this house at your own price and we fully realize that the price, which will prevail, will be far and away below the actual cost of construction for such a home. However, that is your gain and our loss and we are willing for you to have it if you are willing to avail yourself of this golden opportunity. BE SURE AND BE THERE

The Date is May 29—the time 2:00 p. m.

TERMS: The property will be sold subject to the encumbrance on it, which may be paid off. You will find the terms extremely liberal. Possession given immediately.

Methodist Church. (Rev. F. Farmer, Pastor). The Sunday school: Last Sunday

we reached another high mark in the attendance at the church school. In the month of April we made a high record of 92 in attendance twice during the month, and last Sunday we went up another notch. Let's see just what we can do some Sunday and swell the attendance far over the 100 mark. We can with your help. Next Sunday we plan to have all the twins of our church together for a group picture. We have 34

pairs of twins and one set of triplets in the church. However, only five of the pairs of twins are available for the services of next Sunday. If by chance we have missed some of the twins, we hope they will respond and be present at the church at 9:30 sharp next Sunday. The service at 11 a. m. we hope to make of special interest by the help of the choir. The sermon will (Continued on Page Seven.)

Miss Wilma Francis will play the class march. Rev. W. O. Jones of the Presbyterian church, delivered the class sermon Sunday evening at the Methodist church. His subject was "Education." He spoke of the need of both secular and religious education, stating that young folks should seek each kind. It is best to have as much secular training as possible, Rev. Jones stated, and it is also important to seek as much religious education as possible. He spoke of the value of high school training and also added that young folks should get religious training in church, young people's services and in Sunday school. Seniors sat in a group in the church. Rev. J. D. Thomas read the scriptures. Rev. W. W. Hull gave the benediction. Miss Lela Peck and Edmund Werner sang the national anthem. A selection was also given by an octet including Dan Thomas, Edmund Werner, Dr. W. C. Logan, Celyn Morris, Miss Lela Peck, Mr. Ludwig Larsen, Mr. George Clark and Mrs. Tom Roberts. The senior class play, "The Luck Like Bad," was presented Tuesday evening at the community hall. The annual junior-senior banquet was given last Thursday evening in the Methodist church parlors. Pink and white streamers were decorated effectively over the ceiling and about the sides of the room. Tosses were placed in bouquets on the tables. Miss Wilma Francis played during the three-course dinner served by the women of the Aid society. Donald Linn acted as toastmaster and welcomed the senior class. Walter Bredemeyer, president of the senior class, responded. Toasts were given as follows: "Won't, Blanche Collins," "Now," "And a Link," "Try," Helen Morris, and "Summary," Merritt Jones. Picnics for students of the grades were held Tuesday. School closes for the summer term. (Continued on Page Eight.)

Wayne Votes For Electric System

Bonds of \$4,000 Are Issued After Election On April 19, To Build Plant.

The Wayne city council, in response to a petition signed by ten or more resident tree hoppers, introduced a special election for bonds to vote on April 19, 1926, for \$4,000 in bonds for establishing, equipping and maintaining an electric light system for the city. The cost was estimated at \$6,000, according to the petition. The election carried by a vote of 199 to 57 and nine bonds of \$500 each were issued. In twenty years but payable in time after ten years. A tax was levied to raise \$25 annually to pay the interest on the bonds.

Signers of the petition asking for the electric light system were as follows: Fred Hopp, Ed Reynolds, Fred Hoop, F. Williams, T. W. Moran, W. J. Burson, Peter Cyle, E. Hunter, E. R. Chace, Ira C. Richards, H. Gregory, L. S. Winer, C. Cline, F. H. Farnsworth, H. C. H. and R. Perrin; Second ward, R. J. Armstrong, F. L. Neely, George L. Cook, Charles Robbins, D. S. McKeon, J. E. Kolb, W. S. Goldie, I. W. Alter, A. F. Brenner, E. S. Blair and G. L. Miner; and Third ward, Frank Fuller, Dan Harrington, S. R. Theobald, Frank A. Dearborn, A. L. Tucker, Nelson Grimsley, J. M. Cherry, A. J. Ferguson, H. C. Wain, R. E. K. Mellor, B. Phillips, E. M. Smith and J. J. Williams.

Bids for construction of the electric light plant were opened by the city council Aug. 31, 1925, but action was deferred until Sept. 1. At the meeting Sept. 1 three bids were rejected and that of John T. Burke of Omaha was accepted. At the time the council voted to reconsider whether the building should be brick or frame. R. Phillips placed a high bid that he would do the brick work for \$600 and the wood work for \$217.58, and the council accepted this offer. It was at this time that a small brick was built for the engine on the present site of the power plant and a frame structure was erected for the boiler. The council was given the contract for the machinery and he received for this and part of the wiring \$3,325.95.

Electric light service was given patrons last in the evening. A petition was presented—the council asking for morning service but at this time the council was unable to grant the request.

The electric rate was first fixed at fifty cents a month for sixteen candle lights and 12 1/2 meters and electric power. The meter rate was fifteen cents per 4000 volts.

The council granted privilege 4000 volts on the streets and the city of Wayne for electric light and power purposes.

Kerosene lamps on posts were the lights used in the streets. When the electric system was installed the old posts were disposed of and arch lights were hung in the middle of the street intersections in the business district. Later such lights were placed at intersections in the residence district. Lights are no longer suspended in the center of the streets. The electric lights have replaced the business district lamps and electric lights on posts are placed in the residence section.

F. C. Larson who was city electrician when Wayne first put in the electric system, did much of the wiring.

Limit Use of Water.

When Wayne's water works system was new it was necessary to control the use of water. For this reason a restriction was made on the time water might be used for lawns. In 1884 the city council decided that those having 50-foot lots might use the water two hours, those having 75-foot lots might use it one and one-half hours and those having 100-foot lots might use it three hours. The time when water might be used for lawns was also restricted between the hours of 5 and 8 in the evening.

When the system was first installed it was difficult to maintain an even water pressure on the hills and in the low parts of town. For this reason J. P. Geertney, Nelson Grimsley and O. D. Kortright were chosen from the council to investigate the water pressure and charge the consumers rates in proportion to the pressure.

Water meters were installed. It was voted by the council that a rate of seven and one-half cents an hour and gallons be charged those using water for sprinkling. The first rate set was fifteen cents. In a short time the amount was cut to seven and one-half. For those not having meters and using the water for sprinkling, the general rate was increased one hundred percent.

In 1895 the new standpipe was given a coat of paint and this was done by George Wilcox at a cost of \$15.

A petition was presented this city council in 1896 asking that all kinds of business not necessary to the open be closed on Sundays. This was passed.

The council voted to prohibit riding bicycles on the sidewalk. In 1897 the railroad company, in 1897, requested the council to prevent boys from jumping onto and off of the train. The council about the same time, asked the company to station a watchman at the intersection of Main Street and the railroad tracks

at the time trains arrived and departed in order that accidents might be prevented.

The council was petitioned by citizens that a curfew ordinance be passed and put in effect in order that young folks might be kept at home in the evenings.

Rez Kill An Eagle.

Hartington, Neb., May 13.—Leonard Olson, 37, son of Mr. and Mrs. Olaf Olson who live about 13 miles northwest of here with the first eagle he ever owned killed a large eagle in a grove near the Olson home.

The bird measured 40 inches from head to tip of tail and had a wingspread of 7 1/2 feet. It was brownish gray in color and at first was thought to be a hawk as it soared over the farm yards in the neighborhood. Young Olson discovered the bird roosting in the grove where it had made its home for years.

M. F. Gregoire and son, Donald, of Omaha, spent the week-end here with the former's sister, Mrs. S. X. Cross and family.

Mrs. F. L. Boyce and her daughter, Miss Jessie Boyce, the former of whom had been visiting her, drove to Sioux Falls, S. D., Friday afternoon. Miss Boyce spent the week-end there and returned Sunday.

Rev. and Mrs. John Beard and three sons who live in Washington, plan a visit in Wayne this summer, probably in August. Rev. Mr. Beard is pastor of the Presbyterian church in Wayne a few years ago.

Miss Margaret Scheffel drove to Lincoln Friday. She spent the week-end there with her mother and in Fairmont with her sister. Mrs. Lula Waite accompanied her to Fremont and then went to Omaha to see her daughter.

Henry Lee of Wayne, student at the state university in Lincoln, took a number of parts in "Ved Caelator," a drama written by Miss Ruth Moore, Nebraska university student, dealing with standardization of fraternities and societies.

Mrs. Herbert Welch and son, Herbert Anson, Jr., of Long Island, N. Y., arrived here Friday morning to spend a couple of weeks with Judge and Mrs. A. A. Welch. They had been visiting Mrs. Herbert Welch's father and brother in Seattle, Wash., and came here from there.

Mrs. Fontanelle Smith returned Sunday from Omaha where she went Wednesday of last week to stay with the C. E. Wright family few days while some of the relatives went to Illinois to accompany there for burial of the body of Mrs. C. E. Wright's mother, the late Mrs. William Lee Grant.

Mrs. H. Anderson of Rockford, Ill. who came to Wakefield last week to visit her daughter, Mrs. Warner Anderson, visited at the Frank Sederstrom home in Wayne from Thursday until Saturday. She went to Wakefield and will then go to Lincoln to see another daughter. She plans to return here before going back to Illinois.

Prof. and Mrs. Leon F. Beery and son plan to leave the last of next week by automobile for Boston. Miss Letta Meyer will accompany them and Prof. Beery's parents, Mr. and Mrs. William Beery, will join them at Chicago and go on the trip. Prof. Beery plans to attend Columbia University in New York City this summer. Mrs. Beery will visit her father in Boston.

When the system was first installed it was difficult to maintain an even water pressure on the hills and in the low parts of town. For this reason J. P. Geertney, Nelson Grimsley and O. D. Kortright were chosen from the council to investigate the water pressure and charge the consumers rates in proportion to the pressure.

Water meters were installed. It was voted by the council that a rate of seven and one-half cents an hour and gallons be charged those using water for sprinkling. The first rate set was fifteen cents. In a short time the amount was cut to seven and one-half. For those not having meters and using the water for sprinkling, the general rate was increased one hundred percent.

In 1895 the new standpipe was given a coat of paint and this was done by George Wilcox at a cost of \$15.

A petition was presented this city council in 1896 asking that all kinds of business not necessary to the open be closed on Sundays. This was passed.

The council voted to prohibit riding bicycles on the sidewalk. In 1897 the railroad company, in 1897, requested the council to prevent boys from jumping onto and off of the train. The council about the same time, asked the company to station a watchman at the intersection of Main Street and the railroad tracks

Fourteenth Meet Is Held Friday

Five New District Track Records Are Set By High School Students in Wayne.

Randolph high school took first honors in the fourteenth annual track, field and weight meet held in Wayne-Friday afternoon under the auspices of the Northeast Nebraska Athletic League. A cup was the award and the number of points made was 29. Nigh took second honors with 27 points. Tekamah as third with 16. The other teams winning points in the meet are as follows: Norfolk, 14; Allen, 13; West Point, 11.3; Lyons, 9; Pender, 7; Rosalie, 5; Pilger, 4; Hartington, 2.3; Osmond, 2; Bloomfield, 1; and Margaret, 3. Teams participating besides those mentioned, were Battle Creek, Laurel, Oakdale, training school, Wakefield, Winnebago and Wynot.

Lyman of Allen, received a cup for highest individual honors, his record being 13. Lamson of Neligh, was second with 12 points.

Five new district records were established at the meet as follows: Williams of Neligh, 440 dash; Lamson of Neligh, high hurdles; Ireland of Tekamah, 680 dash; Andrews of

Are Your Winter Garments Safe?

We believe the damage done each year by the moth is rapidly decreasing. Many people are forming the habit of having all their winter garments cleansed before storing them for the long summer.

Our cleansing process absolutely destroys all trace of moth in garments and helps to keep them away.

Chris Wischoff acted as chairman and Mr. Corbit as secretary. The executive committee includes Mr. Wischoff, Mr. Corbit, Henry Leseman, August Witter and E. O. Richardson. A. P. Gosard was chosen manager of the station.

From Ponca Journal May 16, 1926:

A soaking rain accompanied by the first thunder and lightning of the season, was on hand Tuesday night. Randolph is liable to be quite an important railroad town. It already has a branch of the C. St. P. M. & O. from Wayne, and it will also have the "Davenport Line," and very likely will get the Yankton and Norfolk. These three competing and rival roads, ought to make Randolph a boom town.

The persistent determination of the Short Line people to build their road from Covington, has been from the first a source of happiness under difficulties. They have had to fight to get, even at exorbitant prices, the right of way through Dakota county and now the bridge company proposes to charge them for crossing trains on the bridge at the city rates which virtually shut them out. They talk about building another bridge, but that is hardly possible.

The railroad company has been drilling a hole into the ground at Emerson for the purpose of having an artesian well. We understand that on Monday, at a depth of between three and four hundred feet, the drill passed through a layer of coal. The kind of drill used—a "dry" drill—prevents an exact determination as to the thickness of

the coal; but it is believed to be of paying thickness and of good quality. If a good paying vein has been found, Emerson will at once be raised into a boomers' heaven. We hope it will be so, yet judging from the local experience at Ponca, we cannot help having doubts.

Culled from Herald's Exchanges for Week

J. R. Kinder of Madison, state commander of the American Legion, gives the Memorial day address in Norfolk.

C. F. Humphrey of Dixon, bought the Joe Ober building in Hartington. Jacob Johnson has a meat market in it.

Carl H. Peterson, commander of the Norfolk American Legion post, will deliver the Memorial day address in Laurel.

Miss Stella Coan of Emerson, and Mr. Clifford Howard of Madison, were married Tuesday of last week in Emerson.

The Cedar county fair will be held Sept. 7 to 15 in Hartington. Superintendents of the departments and committees have been named.

Missions of Pierce elected as officers for the coming year: Emil Grundwald, Rudolph Turk, Harry Grundwald, B. A. Powers and E. B. Fenske.

Henry Keltusen, 74, of Bloomfield, committed suicide last week. It is thought his mind became deranged over grieving since the death of his wife.

Thelma, two sons and a daughter, were born May 12 to Mr. and Mrs. E. M. Moore of Randolph. The infants have been named Billy, Bobby and Betty.

The Fred Wilson house northeast of McLees was destroyed by fire Tuesday of last week. John Taggart lives on the farm. The blaze seems to have started in the pantry about midnight.

The Ponca band, under the direction of Prof. F. C. Reed, gave the first open air concert of the season last Saturday evening. A new bandstand is being built.

H. A. Peterson who has a poultry farm at Laurel, sent an order of eggs to Copenhagen, Denmark, last week. They go to the Jens P. Jensen poultry farm in Denmark.

Silas Lyman of Wakefield, student in the Allen high school, made a new record in the discus throw at the state track meet in Lincoln May 8. His throw was four feet farther than the previous state record.

James A. McEachen has resigned as cashier of a Randolph bank and as Randolph city treasurer and he has bought an interest in the E. A. Pegler Co., wholesale pickle and vinegar firm in Lincoln. The McEachen plan to move to Lincoln June 1.

The Order of Muscovites will hold initiation ceremonies May 21 in Bloomfield. Candidates from Nough, Albion, Plainview, Elgin, Creighton, Pierce, Verdigris, Niobrara, Lynch, Crofton and Bloomfield will be taken into the lodge. Rebekah women will serve dinner.

The establishing of a new town on the Nebraska side of the new bridge leading to Yankton, S. D. is being proposed. It is suggested that the name of the place be Halle, for John Hall, president of the Farmers Commercial club who lives here. A booster celebration will be held near July 4 for the proposal.

Instructors in the Randolph school for next year have been selected as follows: Superintendent, R. A. Dawson; high school, Donald Snagg; Miss Elaine Morover, Miss Eleanor Sullivan, Miss Lucy Edwards, Miss Frances Stupnagel, Miss Louella

Everybody says "It costs so little to Own and to Operate"

Although it is bigger and more rugged than other low-priced cars, Chevrolet has a world-wide reputation of costing less to own and to operate. This reputation has been won, first, by the longer life, slower depreciation, and freedom from repair that result from Chevrolet's modern design—and, second, by the oil and gas economy of Chevrolet's powerful valve-in-head motor. Hundreds of thousands of Chevrolet owners will tell you that this car is not only powerful, speedy, comfortable and smart appearing—but that you can enjoy its exclusive advantages at a cost which is lower than you imagine. Come in—get a demonstration and let us show you why this is true. So Smooth—So Powerful
