### Cedar County Man Is Burned By Explosion

Hartington, Neb., Dec. 6.—With a high pulse and a temperature of 102 degrees, fears are entertained for the recovery of Edward Erickson, who was severely burned by an explosion of a keg of kerosene from which he was pouring oil into the kitchen stove. Every effort is being made to assist the young man's recovery. His burns are terrible, but high temperatures, there is some hope held out for his recovery.

The fire which is home of Mrs. Erickson saved her husband from burning to death at the spot. When the can exploded, throwing the burning oil all over the victim's face, arms, chest and clothing, she had the presence of mind to grab a blanket and throw it over him. As it was his face was deeply burned, his left hand almost entirely destroyed and his chest severely burned. If he should recover, the attending physician fears he will be crippled for life, losing his left hand and being otherwise incapacitated.

A greater tragedy was prevented by neighbors who were passing the Erickson house on their way to pick up and saw the flames which thickened and would have burned the building and burned up the entire family, including Mr. and Mrs. Erickson and their baby boy. When Mr. Erickson was rendered almost helpless and Mrs. Erickson had fainted, the carpenter entered the house, put out the fire and rendered first aid.

**Boys at Conference Adopt Resolutions**

The report of the findings committee of the Wayne conference of older boys, held in Wayne November 26 to 28 is as follows:  
 In our discussion groups we sought out the present day influences on character development.  
 These that we ourselves are responsible for we divided into two groups, destructive and helpful. The destructive ones are: Public pool

halls, some dance halls, drink, some athletics, older prostitution, thoughtless spending of money, cheating, too much social activities, bad associates, misuse of automobile, tobacco, going to movies, games and amusements, some magazines, gambling, some radio programs, some teachers and sweating. The helpful ones are: Christian societies, church organizations, Hi-Y clubs, boy scouts, parents, examples of leaders, DeMolay, school organizations, home, athletics, some organizations, some movies, good associates, national honor society, church, Sunday school and Y. M. C. A.

We discussed the attitude we should have toward these things, and came to the following conclusions as to what we should do as a district, as an individual, and as Hi-Y members—First, we should set a good example ourselves; second, emphasize the high ideals of our organizations; third, take home the fine inspirations we have gotten here and put them into practice; fourth, substitute the right kind of amusements for the destructive influences; fifth, select good leaders carefully; sixth, cooperate with our teachers and parents; seventh, put on a four-square program, realizing our individual responsibilities at all times and thereby enjoying the perfect measure of a man, by following the Man of Galilee.

**Resolutions:**  
 The resolutions committee adopted the following:  
 Firstly: Resolved, that we extend our appreciation to the Wayne Hi-Y club, Wayne State Teachers College, city of Wayne, Wayne high school for such a cordial welcome, and to other Wayne organizations for their services and music which have all helped make this conference a success.  
 Secondly: Resolved, that we thank the Baptist ladies for the splendid banquet given us on the opening night of the conference.  
 Thirdly: Resolved, that we extend our appreciation to the Kiwanis Club and the Woman's club for having made the Wayne conference possible, and the ministerial association.

Fourthly: Resolved, that the conference secretary thank the main sponsors for their forceful and inspiring messages, by writing a personal letter to each of them.  
 Fifthly: Resolved, that in this manner we publicly thank the people of Wayne who have opened their homes for the entertainment of conference delegates, and that each fellow writes a personal letter to his host and hostess, expressing his appreciation of their hospitality.  
 Sixthly: Resolved, that the members of the sponsoring committee hereby informed that their guidance and efforts are appreciated by the members of this conference, and that our appreciation also be extended to others who have made it possible for us to be present at this conference, whether parents or friends.

Seventhly: Resolved, that the press of this district be thanked for the publicity given this Older Boys' conference.  
 Be it further resolved, that a copy of these resolutions be spread upon our conference minutes, a copy sent to each Hi-Y club at school of the district, a copy to the state office of the Young Men's Christian association at Omaha, and copies sent to the press of this district.

Signed: James Latta, chairman Archie Berry, Kenneth Drexlow, Lynn Burkholder, Warren Townsend.

**PYREX Transparent Oven-ware**

Pyrex is probably the most popular piece of merchandise for gift purposes. It is truly a UTILITY GIFT. It is enthusiastically received by all. This ware well deserves a place in every household. All over the country housewives know they get better results when baking in Pyrex. They appreciate, too, the greater convenience of baking and serving in the same dish—the charm of sparkling oven-ware on the table—the ease with which it can be kept spotlessly clean and sanitary.

The ideal gift is a piece of Pyrex in a ROYAL ROCHESTER mounting. This combination has never been equaled. It serves the double purpose of being a wonderful utensil to cook food in and of presenting a dainty appearance on the table.

Electrical devices at this season are very appropriate and make a gift that can hardly be surpassed. Our electrical department is full of popular items suitable for all purposes. We are offering one outstanding BARGAIN for this week—a \$5.00 Hair Dryer for \$3.78 and fully guaranteed. We also have a Western Electric sad iron at a bargain price—\$3.95.

This paper is represented for general advertising by the Nebraska Press Association.

Show has delayed corn picking this week, although favorable weather this month, fresh, the work is likely if not assured.

All kinds of showers are bestowed on earth's individuals, but we can think of none that would be more appropriate or acceptable than a handkerchief shower for one who is suffering from influenza or a bad cold.

The other fellow's job looks easy. The farmer who tries merchandising, decides to go back to farming; the merchant who releases his hold to farm, comes back to town and works from the bottom up again. So many think newspaper business is a snap that newspaper cemeteries are kept clean, and there with freshly made graves.

The publisher of the Emerson Tri-Country Press has, for every dollar he had invested in the plant through a fire last week, the only insurance on the property going to a former owner. Enough has been received from the support of the publisher in commendable fashion and propose to see that he is able to resume his business in a short time.

Some way should be found to free the business district of snow, and not allow it to pile up and freeze, and then have to wait until springtime warmth melts it. Active cooperation between business houses and city authorities would quickly dispose of every foot of snow that the downtown streets would be made easily passable for both vehicles and pedestrians.

The Norfolk Daily News points out that if dairying is to be properly encouraged in Nebraska, the Omaha market for butterfat should bear the same relation to price commensurate with that offered in Minnesota. It wants to know why the Omaha market for butterfat should bear the same relation to price quoted in Sioux City and eleven cents lower than that quoted in St. Paul. If dairying is to develop as it deserves, the prices should be jacked up to a level where they belong and kept at a parity with those prevailing elsewhere.

Different northeast Nebraska towns have started pre-Christmas festivities a good deal after the fashion of those held in Wayne for many years. Wayne is a little slower than usual in decorating its streets, but many pretty trees are here and will soon be up, and the committees charge may be expected to put extra punch into their plans during the coming few weeks. The Herald is informed that response to the invitation to children to write radio station KGHG asking Santa Claus to appear in person has been unusually large and general, the great bulk of coupons clipped from this newspaper. The interest aroused is encouraging and gratifying.

Congress resumed this week, and the president's annual message has been offered for the analysis of approving and disapproving countrymen. We wish members of each party in congress would present the

### MARITAL PLEDGES.

When a young man and woman appear before the altar to pledge marital ties, they agree to take each other for better or worse, though as a matter of fact, neither thinks the other will be worse. If they turn out well, and prosperity comes, they continue in a loving frame of mind. But if adversity comes along and deals sharp blows, it is hard to turn back and certain buyers. Then if one's pledge at the altar has been based on material riches rather than on affectionate compatibility, happy relationship is in danger of slipping a few eggs from time to time until it ends in despair and regret. After that, the only way to avert the inevitable is to negotiate a contract may negate the ill effect of misfortune by working jointly to overcome obstacles and turn the tide in the direction of achievement and success.

unique spectacle of showing the country how little they can play, self-polluted instead of how much they can play it. It could be refreshing if they would offer proof that they are doing more than inclined to approach public problems and meet legislative needs without putting personal interest or party advantage to the front. What the country needs is more stalwart statesmanship and less cunning camouflage. Really selfish interests are served best by forgetting them and giving unrestricted and unbiased consideration to the country's present and future welfare.

The metropolitan newspapers are cooperating in a general survey to find out the attitude of people toward religion. The purpose is to determine the relative number of people who believe in immortality and who think the churches and religious institutions are good for society. The effort is designed to separate fundamentalists from modernists, those who adhere to a literal interpretation of the Bible from those who are orthodox and more liberal. We think the inquiry will reveal a big majority in favor of some kind of religious belief, based on immortality, as valuable to society, but a surprisingly small number who hold to the old orthodox notion of reward and punishment. We think it will show popular wish for immortality and an interest in the good results of religion, while the declining materialistic dogmas which were originally accepted generally and had great influence.

**Business.** Sioux City Journal: According to a survey completed by the research department of the National Association of Credit Men, encouraging soundness in business conditions is indicated. The survey was one devoted to credit conditions and volume of industrial output, merchandising, purchasing strength and general economic activity. The announcement of the survey reveals that the association is satisfied that the situation now is quite as good as it was six months ago. That would mean that the business movement over known in this country. It was then that car loadings began to go over the

### NOT DEAD.

There is a movement to stress observance of the Golden Rule. Last Sunday was special Golden Rule day when preachers were asked to practice denial in support of worthy charity. The Golden Rule is not so newly dead and unworkable as some cynics have supposed. It was practically applied in most laudable fashion in Wayne county last week when two farmers, the recoveries from an operation and the other indigent by a broken arm, were visited by groups of neighbors and invited to stand aside while they went into their fields and gathered their corn. The same helpful neighborliness that keeps the Golden Rule alive and operating in farming communities could be applied in large centers with wonderfully stimulating happiness, if people would grow out of the habit of turning from self-seeking to consideration of the rights and needs of others.

million mark with surprising regularity. There had been a little slowdown in April and part of May, but in June there was an appreciable acceleration. The survey of the credit men showed in detail some most satisfactory conditions. Attention was given to employment with the discovery that it is excellent at this time. The unemployed list is smaller than usual and cannot be considered a cause for the slightest anxiety. That means, of course, gainful occupations by the overwhelming majority of the working people and that, in turn, is proof enough that the buying power will remain strong so long as there is no change in this particular.

Crops are fair, the mines are producing well and building is holding its own, says the survey. Besides, holiday shoppers are reported as being optimistic of the steadiness of the buying power, and this is taken as indicating what trade shall be in the immediate

future. A strong holiday trade—and it is generally reported—is interpreted to mean the extension of trade strength far into the new year. Consequently, no seasonal lull is feared in midwinter, although after the first of the year some industrial lines may lessen production while taking advantage of more convenient opportunities for changes in business operations, the taking of inventories and new building.

Enough class 1 railroads have reported net operating income for October to guarantee that a record for month has been made if not a record for any previous month in all history of American transportation. Seven systems have reported an aggregate net of \$130,162,000 for the month, which represents a gain of 5.9 per cent over the earnings of the same month a year ago. The increase over September is 2.4 per cent.

Interests are facing the same situation with reference to farm prices and the possibility—or impossibility—of self-legislation. It is not believed that the session of congress now convening will even reach a decision whether to enact such legislation as continues to be demanded. The only thing that could bring farm relief, apparently, would be a special session of the Seventieth congress, and while some legislatures are favoring such a step on the administration, President Coolidge is not expected to fall in with the idea, particularly since the administration is against the kind of legislation the farmers desire.

Mrs. C. J. Rundell who was injured in a fall last week, is improving nicely at the home of her son, J. R. Rundell.

Market Report Furnished by Steele, Siman & Co., Sioux City Stock Yards.

Sioux City Stock Yards, Dec. 7.—The cattle market held up well the latter part of last week and opened on a steady basis this week but closed off a bit on the second day.

Receipts were moderate around the market circuit on first two days of the week, amounting to 155,000 of the 11 leading centers, a slight increase compared with a week ago.

Steers and yearlings generally held a firm basis. Light weight steers topped at \$12.00. Good yearlings sold at \$10 to \$11.50 with short feds at \$8.50 to \$10 and warmed ups at \$7 to \$8.50. Heavy steers sold at \$5 to \$10. Some of the western steers were taken by packers at \$6 to \$7.50.

General quality of fat steers and yearling supply was medium and plain. Fancy light weight steers would sell about \$12 and heavy hewers would bring over \$10 and possibly up to \$11.

Butcher stock held a steady basis on the first day of the week but slowed down and weakened a trifle on the second session. The market slumped last week and has reached the lowest level in a long time.

A string of pure bred black calves sold at \$9.10 last week, the highest price of the year. Good light steers sold at \$7.50 to \$9.25 this week with weightier grades at \$7 to \$7.50. Plain and medium steers sold at \$6 to \$7 with common types doing to \$5.

Fed cubs sold at \$4 to \$4.75, with heifers at \$4.50 to \$6.75. Most of the heifers were on the short fed and warmed up order that

sold at \$7 to \$8.50 and only a few sales were made outside of that range. Fed cows sold largely at \$5 to \$7.50, with few to \$8 and \$8.50 while warmed ups sold down to \$4.50. Unfed butcher cows and heifers ranged at \$4.25 to \$6.50. Canners sold at \$3.50 to \$3.85 and cutters \$4.85 to \$4.45.

The hog market reached the highest level in nearly a month at the close of last week, but slumped a little on the first two days of this week when receipts increased.

Supplies at the 11 leading markets the first two days this week amounted to 365,000 head, an increase of 2,000 and 10,700 over last week and a year ago.

Western pigs advanced 25c to 50c this week with an extreme top at \$12.50 and bulk at \$11.75 to \$12.25.

The practical top was \$11.50 this week, with bulk of sale \$11.25 to \$11.50. Good butchers weighing from 150 to 160 pounds and up sold within 15c of the top—some ranges at \$10.75 to \$11.25.

Carroll Pioneer Funeral Sunday

Mrs. Thomas James, Who Had Lived Here Past Forty-two Years, Dies On Thursday.

Mrs. Thomas James, who had been a resident of Carroll vicinity for the past forty-two years, died last Thursday following a long illness. Funeral service was conducted Sunday afternoon. Rev. W. O. Jones of the Presbyterian church, had charge of the service. Mrs. James' maiden name was Miss Jane Ann Jones. She was born May 22, 1854, in Llanfyllin, Montgomeryshire, North Wales. When 1 year old she came with her parents, Mr. and Mrs. Edward Jones, to Plattsmouth, Nebraska. In 1870, she was united in marriage with Thomas James and the family moved from Plattsmouth to Bridgewater, N. Y. After spending three years in the latter place, they moved to Red Oak, Iowa, and ten years later came to Carroll. They were among the early settlers in the Carroll vicinity and have watched the country develop into a rich farming community.

Seven children were born to Mr. and Mrs. James, one having died in infancy. Besides her husband, she leaves the following sons and daughters: Mrs. W. I. James of Colorado Springs, Colo.; Mrs. David E. James and Mrs. W. H. Morris of near Winfield, Will E. James of Peetz, Colo.; Mr. Henry Theophilus of Colorado and Ward T. James who is at home. One sister lives in Westfield, N. Y. There are twenty-six grandchildren. She was a member of the Bethany Presbyterian church, having joined about forty years ago. She was very faithful to her family, friends and to her church, and will long be remembered by many.

Funeral services for the former were held at 10 o'clock Sunday morning at the home of Mrs. H. L. Bredemeyer. Mrs. Carl Carlson entertained December 15.

**Bit of Acting Gets Nice Bit of Change**

Sidney A. Franklin, who directed Comstock's Talmadge's latest picture, "The Duchess of Buffalo," to appear at the Crystal theatre on Friday and Saturday of this week, is preparing to appear in the smallest roles of his pictures. In Miss Talmadge's comedy "Dramatic of Russia" life there is a character who appears in only a few feet of film, but one whom Franklin was having a difficult time to cast satisfactorily.

The picture was in production Franklin attended a downtown Los Angeles theatre. One of the principals in the musical show was Eddie

Borden, who divides his time between the stage and the screen. The picture director decided that the comrade was the actor for the "bit," and Borden was signed.—Borden spent only a couple of hours at the studio and completed his part, receiving a sum which, if computed on a weekly basis, would rank him with highly paid stars.

"What I could knock over a job like that every morning while I'm working on the stage, and I'd soon have a Rolls, a swimming pool and a few police dogs and break into the Hollywood aristocracy," mused Eddie.

"The Duchess of Buffalo" was produced by Joseph M. Schenck for First National.

## Warrants Exempt From Taxation

Lincoln, Neb., Dec. 1.—The 3,314 state general fund warrants, totaling \$113,726, which have been registered to date, in the state treasurer's office and all similar warrants to be registered in the future, are exempt from all forms of taxation, according to a statement made at the office of the treasurer.

Inquiries regarding taxability of state warrants have been coming into the office since Treasurer Robinson began their registration the middle of this month.

The Nebraska supreme court settled the question of taxing warrants four years ago, when it filed an opinion in the case of Drell vs. Furness county. The opinion was written by Judge Letton and he laid down the rule that warrants issued by governmental subdivisions of state for a lawful purpose are instrumentalities of government itself and therefore exempt.

**New Auto Plates.** Lincoln, Dec. 4.—The green and white license plates that were flourished from the front and rear of Nebraska motor vehicles this year, will begin fading into maroon and white during the next month.

Many county treasurers will start issuing the new plates next week but it is unlawful for them to replace the 1926 green and white tags until January 1.

The issuance of license tags for nearly 350,000 automobiles and trucks in Nebraska makes one of the busiest periods of the year for county treasurers. With each vehicle registered six receipts must be made. One set received by the car owner, three are kept on file by the county treasurer and two are sent to the state bureau of registration.

**"The Vanishing Race."** Omaha World-Herald: The government bureau of Indian affairs does not agree with average reports about the population of the "vanishing race"—the North American Indian.

The government report recently issued gives the present Indian population of all localities in the United States as 349,595, a net gain of 46,145 during the past ten years. The increase in numbers is attributed to the introduction of modern sanitary conditions among the redskins—grouping various states statistically the report shows that there are 30 thousand in North and South Dakota, Montana, Minnesota and Nebraska.

During the recent years, the Indians have made remarkable progress in agriculture and the raising of livestock. They now own live stock and poultry valued at about \$30,150,000, including 300 thousand horses, 161 thousand cattle, and 867 thousand sheep. Near 27,500 Indians farm

about 610,500 acres of land, while 31,725 are utilizing 20,423,758 acres of land in stock raising.

Among the best farmers are many of the Indians on the Omaha Indian reservation, but a few hours' drive by auto out of Omaha, this has been proven by the prizes taken at state and county fairs.

Really, this seems to make it appear that somebody has been misled, formed about the "vanishing race."

**Bill By Howard.** Washington, Dec. 9.—A bill protecting deposits in National banks will be introduced in congress, Representative Howard, democrat, Nebraska, announced today.

Howard said the measure would be almost identical with the Nebraska statute for guaranty of deposits in state banks.

"The Nebraska law," Howard said, "has been of such vast value to the people of my state that I am impelled by sense of duty to make effort to give to the people of all states a protection of their deposits in national banks as certain as the protection carried by that law to depositors in Nebraska state banks."

**Printing Plant At Emerson Is Burned**

Emerson, Neb., Dec. 4.—Fire was discovered in the Emerson Enterprise building by Roy Greenwood, who was on his way to work. The fire department did not work but was unable to save either building or contents.

The building was owned by C. E. Armstrong and it and the printing equipment were almost a total loss, amounting to about \$15,000, with practically no insurance.

The cause of the fire is not known. It was thought to have been caused by defective wiring.

**A Box Social.** A program and box social will be held in district 64, on Saturday evening, December 18, 1926, at 8 o'clock, six miles south and five east of Wayne. Alice Chichester, teacher. 4101P

**Takes Newspaper 56 Years.** West Point, Neb., Dec. 4.—The Republican, local weekly newspaper claims to have the oldest continuous subscriber of any Nebraska newspaper.

Ferdinand Koch of West Point said after receiving this week's issue of the paper that he had been a continuous reader of it since its founding, 56 years ago.

**Notice to Creditors.** The State of Nebraska, Wayne County, ss. In the County Court. In the matter of the estate of Wilhelm C. Vahlkamp, deceased.

To the creditors of said estate: You are hereby notified, that I will sit at the county court room in Wayne, in said county, on the 31st day of December, 1926, and on the 31st day of March, 1927 at 10 o'clock a. m., each day to receive and examine all claims against said estate, with a view to their adjustment, and allowance. The time limited for the presentation of claims against said estate is three months from the 31st day of December, 1926, and the time limited for payment of the claims is the year from said 31st day of December, 1926.

Witness my hand and the seal of said county court, this 4th day of December, 1926.

### Senior Class of High School Chooses Colors and Transacts Other Business

#### Preparations for Basketball Season Begin, With a Number Out For Practice

The flower and color committee appointed by the president of the senior class reported at a meeting held last week. The class chose red and silver as the colors. The sweet pea was chosen as the class flower. The motto committee also reported, and a motto was decided upon in case the school does not desire to word—the motto according to the ring designs. On Friday a ring bearing a torch design was chosen.

The senior class entertained the high school teachers at a party last Friday evening in the kindergarten room at the high school. Contests and games were the evening's diversion.

The United States history class is studying the critical period of American history.

The economics class has completed the unit "Employers and Employees."

#### Junior Class Notes.

The junior class chose the play "Come Out of the Kitchen" as a class meeting held Thursday, December 2. The play was taken from the book of the same name by Alice Dietz. The play was conducted the first of this week.

The English class completed the study of the play "The Merchant of Venice" and the members will continue the study of prominent men in the field of English literature.

#### Sophomore Class Notes.

The English class is studying "Types of the Short Story," by Heydeck. The class studies several examples and then writes stories illustrating one of the examples studied. The Latin IV class started Book III of the Caeser's Commentaries.

#### H. Y. Notes.

Nearly all members of the local H. Y. club registered for the Older Boys conference, November 28 and 29. Most of the sessions were held at the Normal. Fredrick Perry was elected conference secretary.

The real boys who attended the conference were: Ferris Gifford, Herman Sund, Walden Felber, Doc Surber, Max Ellis, Newell Pollard, Alvin Fisher, Herbert Perry, Blaine Ellis, Harold Marshall, Fredrick Berry, Bernard Pollard, Elmer Brighen, Verne Carle, Gerald Dennis, Maurice Wright, Stanley McChesney, Darrell Trumbauer, Theodore Jones, Myron Jessaway, Donald Besman, Arthur Gruber, Braden Carhart and Leon Foster.

#### Office Notes.

The student council met during the convention period Wednesday afternoon. The council allowed bills which amounted to about \$150. Among these bills was one which amounted to \$35. This bill was for three basketballs and other basketball equipment. At the next meeting the council will take action upon what student activities shall be awarded letters.

Salemen for class rings and pins have been visiting the office the last week. The senior ring and pin committee will make their selection and then present them to the senior class. The class has chosen from the four designs submitted.

Teachers' meeting was held Monday night, December 6. Board meeting also was held Monday night, December 6.

Twenty men responded to the call for candidates for basketball last Wednesday after school. Of this number four are letter men. Practice began last Saturday at the high school gymnasium. Arrangements have been made for the use of the Normal gymnasium.

The first basketball game of the season is to be held with Carroll, December 17, at Carroll.

#### Assembly Notes.

Mrs. Otis Pollard, chairman of a committee which will prepare pro-

grams along the line of citizenship. The subjects will be a list of needs for character development and main criticism of the high school product. Business men will be treated as competent speakers.

The other members of the committee are: Paul Peterson, Gerald Dennis, Viola Kopp and Bernard Pollard. The Wayne public school building in citizenship was shown in the assembly for a brief period Tuesday morning.

Dorothy Davis and the third grade, Dorothy Davis and Maxine Rhodes play marches this week.

Alma Martin and Doris Judson will be the winners of the contest.

Peter Henkel was sick last week. He was unable to do his duties as janitor.

#### Local W Club Notes.

A meeting of the W club was called November 29, and reports from the entertainment and constitution committees were given.

The constitution drawn up last year cannot be located, and the committee will meet next week to draw up a new one.

The entertainment committee did not report anything definite. Because of conflicting engagements, the time of the meeting has not been decided. The business session, however, will be held in Paul Peterson's room next week. Entertainment will take place in the basement.

The officers for the nation of the new members are proceeding rapidly.

#### Athletic Notes.

Wayne's football season ended November 27, when the whistle blew ending the Wayne-South Sioux City game.

The team's record this year has been good considering the number of men which Coach Paul Peterson could use at times. They have won four games, lost three and tied one, and have scored eighty-eight points to the opponents' sixty points.

The football team will lose four men this year by graduation: Beneshoff, Gifford, Erxleben and Captain Dennis. Dennis has played quarterback three years, and Gifford played tackle two years. Beneshoff and Erxleben in their two years of play have acted as utility men. During his first year Erxleben played his regular position at halfback but this year he has also played guard and end. Beneshoff, during his first year, played guard, tackle and end, and started his second year at halfback. He started the Randolph game at guard but was shifted to end after a few minutes' play and has held this position since that time.

Three men, Ellis at center, Surber at tackle and guard and Perry at halfback and fullback, have not missed a minute of play this year. Besides these three, only Gifford and Beneshoff have played in every quarter of every game.

#### Kindergarten.

Bonadell Roland and Dean Granquist celebrated their birthdays together in their room last Wednesday. Mrs. Geo. Roland, and Mrs. Ed Granquist were at the party. Mrs. Chas. Meyer visited the kindergarten this week.

The children are making Christmas decorations. They have small Christmas trees and pictures of Santa Claus.

#### Fourth Grade.

The following pupils were neither absent nor tardy during the last six weeks: Paul Bertson, Lee Porter, Margaret Olson, Earl Borawitz, Mary Alice Gilderieve, Helen Vath, Frances Baker, Amy Pearl Barnum, Helen Bay, Iola Harris and Doris Roberts and Alice May Young.

Language classes write Thanksgiving stories and plays.

The study of geography was finished by the B class this semester and pupils will take the study of hygiene.

The A class is making health posters.

The contest in multiplication tables ended last week. The winners received big all-day suckers and the losers received little all-day suckers.

Thanksgiving stories were told by the B class and the A class read Thanksgiving stories. The classes entertained each other. Margaret Olson, Helen Vath and Mary Alice Gilderieve read stories to the kindergarten, first and second grades.

#### Fifth Grade Notes.

The A class had a perfect attendance for the last six weeks. The A class pupils are: Einar Bernson, Margaret Bradford, Kathryn Craven, Ida Kieckhoff, Helen Jones, Romaine Smanstman, Lucille Surber and Cleo Kingdom. Pupils of B class for last six weeks who were neither tardy nor absent are: Margaret Poltz, Bessie Isom, Netha Janni, Ruth Killion, Igea Perry, Ruth Rhodes, Ruby Rhodes, Lloyd Dotson, Harry Kemp, Raymond Sala, Orvin Soll and Burdette Thies.

#### Eighth Grade Notes.

Robert Jorgensen wrote to the Saranac Lake, New York, for any information concerning Dr. Trudeau, the inscription written on his tombstone, and something referring to the sanatorium. They received four booklets and a large picture of the sanatorium. The picture is about twenty-four by four inches.

One of the booklets contained the inscription. The front of the pedestal bears the following inscription: Edward S. Trudeau.

Those who have been healed in the sanatorium were erected this monument here. A token of their gratitude. August 10, 1913.

On the reverse of the pedestal is the following:

"To cure sometimes, To relieve often To comfort always."

The book, "Health Heroes," tells of the life of Dr. Trudeau.

The B class race between the Fords and Hudsons is still in progress. Robert Jorgensen is responsible for the news of the eighth grade this week.

#### Ninth Grade.

Latin classes are studying the third declension and also passive voice.

The ninth English class is studying the construction of sentences.

The ninth grade algebra class is

now taking up the study of linear equations and problems containing fractions.

The agriculture class has been having laboratory work all week. Pupils are studying corn, naming the parts and drawing pictures of them.

A dozen photos make a dozen Christmas presents. Have them made now and your Christmas worries will be over. Craven Studio.

W. W. Hammond, former manager of the Smith-Hovelson Lumber Co. in Randolph, and Miss Gertrude Ketchum were married in Loveland, Colo.

R. L. Cochran, state secretary of public works, has filed reports urging the construction or acquisition of bridges at Sioux City, Omaha and Nebraska City, which shall be free bridges. The Iowa commission has

recommended a small per cent of the road fund for upkeep of the bridges. The Nebraska commission will propose a means of finance at the next legislature.

C. C. Gifford of Wayne, 72 years old, picked seventy bushels of corn for three weeks.

Interior of the Pilger Herald building is being remodeled.

The Des Moines stock company has presented "The Blue Bird" and "The Little Foxes" recently. Mr. Atwater is now in the policy loan department of the insurance company for which he is employed. Mrs. Atwater plans to visit in Wayne in the spring.

### Ronald Reed Makes Good In Coaching

Ronald Reed, son of Mr. and Mrs. Reed of Wayne, is making a good record with his athletic coaching work in the Mount Vernon, Iowa, high school. The Mount Vernon paper says: "Much of the success of the season must be attributed to Coach Reed as a director and to the willingness of the boys to 'stick' throughout the entire season." The high school football team played seven games and won all but one. Points made by Mount Vernon total seventy-eight, while those made by Lincoln total twenty-six. Coach Reed is now putting the boys through basketball practice and about twenty-five have reported. Thirty games will be scheduled. Mr. Reed was prominent in athletics at the Wayne State Normal and friends will be glad to hear of his success in coaching.

**Relying On Youth.** One of the greatest assets of an agrarian and one of its largest if not its chief potential asset, is the youth of the land who are being trained to a better knowledge of farming operations by the adoption of new ideas in farm management and live stock breeding and feeding. At this moment in our country the farming operations in the stock exposition being held in Chicago, the youth of the farms are taking a prominent part. There are members of the 4-H club, devoted to the development of head, heart, home and health. They are viewing and those made live stock competition, raising crops and breeding and feeding bees and pigs. They are learning by practical experience and observing an actual competition these methods of choosing seed, planting it, tending it, harvesting it, and disposing of the product. With their new and improved training in the arts of agriculture they are showing their elders shrewd and safe cuts to success they never knew or tried. But the progress which is born of experience will come when these trained boys and girls become the actual farmers and put their training into actual practice. Looking ahead to the days when the farm problems shall be attacked by younger heads from the standpoint of training, instead of long experience, we may expect to see some changes adopted that will raise farming to a more exalted position among the competitive industries of the age. This is not to throw any discredit upon the efforts and industry of the pioneers west. But a new day is dawning, if it has not already burst, and with it will come new methods of meeting the situations and solving the perplexing problems.

**What is Tough Luck?** Fairbury News: We overheard a little conversation in front of the Fairbury postoffice a few days ago, discussing a little tough luck a citizen of the community recently had. One spoke up and said that while the man

did not worked like a dog all his life he didn't have any more than a flivver, a photograph and a few farm implements to show for it. And then another cut in, with a little philosophy "You believe our readers will enjoy 'Yes,'" said the philosopher. "But think how well fixed he would have looked to our dads. Thirty years ago he'd have been a plowman, with what he's got. His house and farm machinery stacked up with the best, and that old flivver, that back-numbered photograph, that one-lunged radio set would have had everybody in this neighborhood gasping for miles around. It goes to show how hard ships change, but ain't news done away with... In Dad's time a farmer was an object of pity if he had no hand harvest his crops and had only home-made furniture in a log or sod house." There's a lot of food for thought in those words, and especially for those of our citizens who are inclined to be dissatisfied with what they have. They'll be feeling sorry for us, maybe, fifty years from now, and feeling that we had few comforts of life. But we won't be here then, at least a good many of us will not. So why not devote a little of the time we spend in wishing for the things we haven't got in being glad we have advantages and comforts people fifty years ago never dreamed of?

**Community Development.** Emerson, Neb., Dec. 2.—As a result of a just meeting of farmers and bankers of this locality, a program of community development work with definite plans to increase profits in farming, Dixon county's principal industry, will be launched here.

The purpose of the meeting, which will be held here under the direction of the Farmers State Bank, December 7, is to discuss and lay plans for a community association of farmers and bankers, interested in promoting prosperity through the use of dairy cows, which will be known as the Dixon county farm where cows are milked is the introduction of modern business methods based on a simple book account of cows, cow so as to determine how to feed for most profitable production.

The delegate assembly of the state teachers' association meet in Lincoln this week-end, beginning today. Fourteen from the Third district were elected at the teachers' meeting in

Norfolk in November, to represent this section. Miss Glennie Bacon, Saml. T. S. Hook, Miss Pearl Sewell,

Prof. A. F. Gilliver and Miss Edith Marshall of Wayne are among the fourteen elected at Norfolk.

**LISTEN FARMERS!** If you want any well-work done yet this fall, pipe-laying or cave digging, now is the time to do it. I will be ready for you at any time before it gets too cold. I also handle pumps, pipes and cylinders at a very reasonable price.

Call up 106—Old Fred Will Come.

# HEATER

Early Days In Two Counties

From the Wayne Herald for January 10, 1907: E. W. Fisher went to Humphrey to visit. Alex Vemberger went to Wauna to visit Olaf Berg. John F. Davis of Ogden, Utah, is visiting in Carroll. Will Morris of Carroll, returned from a visit at Shell Lake, Wis. A daughter's birth was announced Jan. 6, 1907, to Mr. and Mrs. Ray Roberts. A son was born to Mr. and Mrs. W. W. Harkness at 11:00 P. M. A daughter was born to Mr. and Mrs. John Sylvanus of near Carroll. James Pile went to Lincoln to resume his study at the state university. Miss Nellie Porter returned to Sioux City after a short visit in Carroll. John R. Morris sold a quarter section of land near Carroll to Hugh Edwards. Perry and Morgan have opened an office in the implement house near the depot. Mr. and Mrs. William Fleetwood went to Salisbury, Mo., to visit a daughter. Gideon Powell died south of Wayne January 7, 1907. Four children survive. Miss Faye Brittain returned to her school work at Sanborn, Iowa, after a visit and a short stay in Wayne. W. J. Ross who has been farming south of Wayne, is moving to a place near Winslow. Mr. and Mrs. Clem Theobald returned to Lincoln after visiting in the S. R. Theobald home. W. O. Gamble returned from a visit to his son, Dr. H. W. Gamble, in Missouri Valley, Iowa. Senator LaFollette will speak in Wayne according to arrangements of the chautauque committee. Arthur Parry was in Carroll arranging to move to the farm he bought from Robert Jones. Chancellor Andrews of the state university, will deliver the graduation address here this spring. W. W. Leitch of Harbor and Miss Loretta Fisher of Winside, were issued a marriage license January 8, 1907. Mrs. Mary of Maine, nephew of Mrs. J. Shurbahn, is clerking in the Kate and Buford clothing store. William Simmerman and Miss

Goldie Robinson were married January 2, 1907, at the Methodist church. C. G. Hutchins and Miss Nettie Glesburn were married. Both are graduates of the Nebraska Normal College. Mr. and Mrs. L. C. Walling and Mrs. J. Finney returned to Lehigh after visiting in the A. E. Harmon home. Mr. and Mrs. Phil Kubiak child son returned from a visit in Chicago. Miss Nettie Perry entertained a group of young people. Mr. and Mrs. John Smith who had her left arm injured in a runaway several months ago, underwent an operation in Omaha and is improving nicely. E. Cunningham of near Lincoln, considerable of his land in Idaho under cultivation this year. His son, Donald, and Mr. and Mrs. Fred Washworth have left for Squirrel, Idaho, to take up their residence of the land. Wayne Royal Neighbors have elected the following officers: Mrs. Barlett Carter, president; Mrs. M. J. Crossland, Mrs. Winterrun, Mrs. Shrewer, Mrs. McNeil, Mrs. Crockett, Mrs. Goodyear, Mrs. Wright and Mrs. J. A. Agler.

The Wayne choral union has been organized and officers elected as follows: E. Cunningham, president; Prof. Buchanan, vice president; Miss Jessie Tucker, secretary; Mrs. John Simon, treasurer; Mrs. Morris, leader; and Mrs. J. G. Miller, pianist. Early Days from Ponca Journal, December 2, 1887: Today is the shortest day of the year—it is also one of the coldest and most disagreeable. Flipping weather is a continual reminder that the Ponca Coal company is constantly providing a genial remedy for cold, viz: coal. About 75 families in Ponca and 60 in the country are now using this coal, and many more would use it but the miners are not able to get out half the amount of coal they are capable of producing. We hear that Dan Mereson is coming back from California, to which country he went about two months ago. He is a great traveler in hunt for a place to locate in, but thus far seems not to have found the right spot. He has been in California several times, also he has been to Florida and some other southern states, but always returns to Ponca. Dixon county is in fact a better country than any that he has visited, and while a man may be foolish to go away, he shows wisdom and discretion in coming back. We understand also that John Lawrence, formerly of this place and Wayne, and who moved to southern California last spring, will soon return to Wayne. Markets, December 21, 1887: Hogs, \$1.80 to \$2.00; wheat, 50c to 60c; corn, 40c to 50c; oats, 25c to 30c; buckwheat, 50c; flax, \$1.00; potatoes, 80c; butter, 15c to 17c; fresh eggs, 16c; hides, 4c; fat cows, \$1.90 to \$2.25; steers, \$2.25 to \$2.50.

To Jacob Brugger. You are hereby notified that on the 5th day of November 1926, I bought at public sale of the County Treasurer of Wayne County, Nebraska, Lot 5 (five) of subdivision 1 (one) of B. E. P.'s 1st addition to Winside, Nebraska, for the taxes on said lot for the year 1925 amounting to \$3.90 and that I have since paid the subsequent taxes thereon for the years 1923, 1924 and 1925, amounting to \$10.22. That said lots were assessed in the name of Jacob Brugger. Four weeks thereafter notified that the time in which you may redeem said property will expire on the 23rd day of March 1927, and unless same is redeemed by that date, I will apply to the County Treasurer of Wayne County, Nebraska, for a deed therefor. Dated this 23rd day of November, 1926. n2543 J. H. BRUGGER, Purchaser.

Influence of the Press. Hartington Herald: More and more one is impressed with the power and influence of the press. The newspaper is probably the greatest single force in the world today. Its power is immeasurable and its influence is felt far and wide. It is a wonderful news gathering agency—cover the globe, bringing the events of the day to our breakfast table, and its editorial columns are of great opinion in a degree which has never been estimated. This is essentially a newspaper age and the scope of the press' its various departments is constantly broadening. It is impossible to conceive of a state of society today where the newspaper does not function. Without its informative, educational and enlightening influence, the world would return to the abysmal shadows of the dark ages, and progress would be at an end. This is an unchanging fact and there is no dignity and satisfaction in it for those who, even in the remotest capacity, are engaged in newspaper work. Publishers and editors may not acquire great riches, but they generally live long and useful lives and their happiness consists in serving well the communities in which they live. Their job is not an easy one for their work taxes physical and mental powers to the utmost, but it is a job that is richly paid in all the things which are really worth while and their influence, to be a constructive force in the community and to enjoy a sense of power, is the reward of the successful editor and writer who would not exchange for any other.

Overdoing? Hurry, Worry and Overwork Bring Heavy Strain.

MODERN life throws a heavy burden on our bodily machinery. The eliminative organs, especially the kidneys, are apt to be become sluggish. Retention of excess acid and other poisonous wastes often gives rise to a dull, languid feeling and, sometimes, toxic backaches and headaches. That the kidneys are not functioning perfectly is often shown by burning or scanty passage of secretions. More and more people are learning to assist their kidneys by the occasional use of Doan's Pills—a stimulant diuretic. Ask your neighbor!
