Hospital Drive Is County Wide

Campaign Proposed is That Community Buy Institution as Memorial to Veterans

To Spread Interest

Group Ownership Is Urged as Means to Prevent Discontinuing Service in Wayne.

The campaign for sale of the Wayne hospital to the community for a memorial institution, it is proposed, will be made county wide. Subscriptions will be accepted in small amounts in order that interest may be distributed.

A Wayne county hospital, established as a memorial to the veterans of all wars, provides a needed service as well as a monument to honor the patriotic.

As stated in last week's Herald, Dr. S. A. Lutgen, present owner, feels that no privately owned and operated hospital serves the community as does one operated by the people group and presided over by all persons and surgeons alike.

Several years ago Dr. Lutgen built the present twenty-five bed hospital and equipped it with the best devices.

His own efforts to pay off the huge building loan indebtedness failed against it, and he was unable to do so in spite of the fact that the hospital has done more charitable work than many larger city institutions in comparison.

The hospital has been appraised at \$60,000 by disinterested Wayne citizens. Dr. Lutgen has offered to contribute \$20,000 of the appraised valuation of the property if Wayne county people will subscribe the remainder and make this a memorial institution owned and operated by the community for the benefit of all.

Some question the self support of the hospital. Total monthly expense, including five nurses, laundress, janitor, cook, telephone gas, lights, coal, commissary and \$540 for miscellaneous amounts to \$640. The cost of the hospital, if filled to capacity at \$5 per patient, would amount to \$3,600 a month.

A city maintains a fire department for protection of property owners. There may not be a call once a month but the service is ready in case of need.

Addresses Class Graduated Here

State Superintendent Charles W. Taylor of Lincoln, Speaks to County Pupils.

Wayne Band Plays

Miss Pearl E. Sewell Presides and Announces Honors Awarded to Students.

State Superintendent Charles W. Taylor of Lincoln, addressed the class of 128 graduates of the Wayne county rural eighth grade Saturday at the annual exercises held in the Wayne community house.

The Wayne high school band, directed by Prof. F. C. Reed, furnished music. Miss Pearl E. Sewell, county superintendent, presided and presented diplomas.

Mr. Taylor stated that this is a wonderful age in which to live, and to be able to live fifty years from now would be even more wonderful.

"Dictatorship or Democracy was the subject of Mr. Taylor's address. He stated that the deflation of 1920 was not brought on by operation of the laws of supply and demand. The deflation was controlled by the capitalists of the east, he asserted.

"The governor of a federal reserve bank has much power over lives and property," Mr. Taylor stated. Smaller banks clear through the law, and individuals interested in the larger banks thus control the policies of large sections.

Mr. Taylor stated that an economic distasteful is growing in this country. Financial interests of the east are the big influence in fixing of prices. Movement of goods and products is encouraged from west to east, rather than between the north and south.

JUDGING VALUE OF SCHEMES IN REQUEST FOR AID

THE Geneva Signal reports that the Geneva community club has been practicing satisfactorily the service proposed recently by the Herald for handling donations in the business district. After quoting the Herald's reference, the Signal explains: "That is just the service the community club is performing for the business people of Geneva and works to the full satisfaction of all who expect to have their pockets picked by traveling solicitors and who refer the applicants for help to the secretary of the club, who in turn refers applications to the officers who have authority to determine the worthiness of the cause presented. It is a matter of hanging together instead of hanging separately. It is the economical and daisy way and it promotes cooperation in other matters also."

Purchases Land For New Grade

State Department Buys Strip Near Hoskins for Building Section of Highway.

Bridge in Letting

Culverts Are Being Placed on North Road Preparatory to Grading and Graveling.

The Nebraska Department of Public Works has bought from property owners north and east of Hoskins, a strip of land fifteen feet wide along the new road being built, the purpose being to provide a better grade. The highway under construction from the west edge of Wayne county to Winside, follows north of the railroad track to the section midway east of Hoskins, and then turns north. This north road runs through a valley for about two and one-half miles. To raise the road and to provide more material from which to construct the grade, the land on the west side of this section of the highway was bought by the state. Parts of land on the east side of the road were also purchased.

Work of grading the highway west of Winside to join the section mentioned before is nearing completion. A new part of this road will be opened on the north side of the tracks adjoining Winside on the west. This will eliminate two railroad crossings. The letting of this work will probably be taken up by the state department in July.

The part of the new highway running through Winside will be started. This is included in the plan led by the Winside town board recently. Work on the paving will start within three weeks.

Will Gravel North

The state board, at the letting June 30, will contract for construction of a new bridge over Logan creek just south of Wayne. This will be a new steel span about 108 feet long and 20 feet wide.

Will Gravel North

Graveling of the Wayne county section of the Wayne-Lincoln highway will start within about three weeks. The culverts are being placed now. Some grading will follow before the gravel is laid.

Will Gravel North

A few small bridges will be replaced in Wayne county this summer. The commissioners met June 22 for the bridge letting.

Grand Master is Given Due Honor

Nearly Two Hundred Masons Attended Reception for A. R. Davis, State Grand Master. Nearly 200 local and visiting members of the A. F. & A. M. gathered in the pleasant parlors of the Presbyterian church Thursday evening for a banquet in honor of A. R. Davis, lately installed Most Worshipful Grand Master of the Masonic order of Nebraska. The menu which was served by the ladies of the church, and which was abundant and pronounced excellent, was as follows: Fruit cocktail, individual chicken, pies, pickles, buttered new potatoes with parsley, asparagus tips, Parker House rolls, jam, imperial salad, wafers, ice cream, angel's food cake, coffee. Following the dinner which was preceded by music by Prof. W. C. Hunter's orchestra and by a short prayer by Rev. Fenton C. Jones, Prof. O. R. Bowen who presided, introduced the speakers. Judge A. A. Welch who was joined by the honored guest in a law partnership when the latter came to Wayne, appropriately gave the address of welcome. He spoke in a laudatory way of his business and social relationship with Mr. Davis, and alluded to him as the finest type of Mason and citizen. C. E. Burnham of Norfolk, Past Grand Master, gave emphasis to the distinction which has come to Wayne's citizens, and to the accompanying big responsibility and large field for service which he is amply fitted to meet and discharge with credit. Louis E. Smith, another Past Grand Master, and at present Grand Secretary, and Ensign J. Rix, assistant, custodian emeritus, told of the preliminary steps leading to the highest office within the gift of Masonry, and praised the fitness of Mr. Davis for the place. Glenn Gildersleeve sang and responded to an encore, being accompanied at the piano by Mrs. Gildersleeve. Rev. Chas. E. Sheppard of Lincoln, Grand Chaplain, stressed the good points in Masonry and commended Mr. Davis as a man who would fully measure up to his obligations and duties. At this juncture Prof. Bowen, in appropriate words, presented the honored guests with an emblem watch. Mr. Davis responded, and he expressed heartiest appreciation for the gift and for the generous spirit of good will manifested. Congratulations to Mr. Davis and a period of social fellowship followed and thus drew to a close a most happy and successful reception, paying due respect to a deservedly honored and highly esteemed Mason and citizen.

John R. Gemmell Weds Edith Cook

Young Couple Who Are Married at Kearney, Will Live in Boulder, Colorado. Miss Edith Cook, youngest daughter of Mr. and Mrs. C. Allen Cook of Lowell, Neb., and Mr. John R. Gemmell, eldest son of Mr. and Mrs. Robert Gemmell of West Carroll, Neb., were united in marriage at the Allen Cook home in Kearney on the afternoon of June 14. The young couple went to their home at 2314 West street, Pueblo, Colo., this week, the bridegroom being associated with the Colorado Fuel and Iron company. Before the ceremony Mrs. Jason Gornly, sister of the bride, played a piano solo, followed by vocal numbers by Charles R. Cook and Mrs. Lewis Barton. Miss Emily Bliss played "Melody of Love" as the bridal party took their places under an arch of pink and white roses. Rev. D. I. Coon, pastor of the First Baptist church of Kearney, performed the ceremony, using the single ring service; the other members of the bridal party were Miss May Cook and Ralph Gemmell. The bride was dressed in white, cape with short veil held in place by orange blossoms. She carried a bouquet of pink roses and orange blossoms. The house was decorated with baskets of white roses and peonies. Light refreshments were served to the thirty guests under the direction of Miss Alice Nixon of Gibbon. Among the bride's gifts was a plate which was a gift at the golden wedding of the bridegroom's grandparents sixteen years ago. Both Mr. and Mrs. Gemmell are graduates of the University of Nebraska where they were active members of the Palladian literary society. Mrs. Gemmell is also a graduate of the Kearney State Teachers college, and for several years has taught English in Nebraska high schools. Mr. Gemmell was graduated as a mechanical engineer and is now located with the Colorado Fuel and Iron company at Pueblo, Colo. He is associated with the American society of Mechanical Engineers. Fred L. Blair Wayne's Leading Clothier

THE KNOT-HOLE No. 5 Wayne, Nebraska, Thursday, June 23, 1927. Vol. 1 We have a tree trimming ordinance in this town that every body seems to have forgotten about. We hadn't thought of it either for a long time till walking down town the other morning in a light rain we found it impossible to hold an umbrella over our head because of the low hanging branches all along the way. The result was we took a wetting every few feet. Somebody ought to see that this ordinance is enforced so that pedestrians can use the sidewalks without crawling on their hands and knees. A small boy of our acquaintance asked us this morning what it was that fies, sings, and has four legs. And when we gave it up, he said it was two canaries! Just received another pair of American fened. It's a great seller. We're never safe. We get into the bath tub and zowie! Our feet slip but from under us and we hear a crack in the porcelain. We step into a little hole out in the back yard and

box himself. What a beautiful example of genuine unselfishness. Have you ever figured out how much grain you wasted by feeding your hogs on the ground? You would be surprised at the figures. A cement feeding floor eliminates the waste and makes healthier hogs. Agent - "Where's your Ma?" Child - "Choppin' wood." Agent - "Where's your Pa?" Child - "Makin' her." If you're young now and live to a ripe old age, you might possibly outlive a roof made of our cedar shingles. But we doubt it. And the price is only \$5.60 per square. A nice grove of trees is beautiful to look at but it makes a blamed poor machine shed. WANTED - 500 new machine sheds in Wayne county by this fall. They're needed badly. Inquire at this office. A sock in the shoe is worth two in the eye. EVERYTHING TO BUILD ANYTHING

Rebekahs Here In Convention

Many Delegates Gather in Wayne Thursday for Twenty-Fourth Annual Meeting. About 190 Rebekahs attended the twenty-fourth annual convention of district 20 held in Wayne last Thursday. Wayne, Randolph, Winslow, Magnet, Hartington, Crofton, Bloomfield, Laurel, Belden and Coleridge are in the district. Officers for the ensuing year are as follows: Mrs. Alma Hendrickson of Laurel, president; Mrs. Eva Munson of Crofton, vice president; Mrs. Nellie Case of Belden, warden; and Mrs. Dora Shively of Laurel, secretary-treasurer. Appointed officers are: Mrs. Emma Parks of Hartington, marshal; Mrs. Bessie Lewis of Wayne, chaplain; Mrs. Grace Quinn of Laurel, conductor; Mrs. McCulla of Coleridge, inside guardian; and Mrs. Chapman of Randolph, outside guardian. The 1928 convention will be held in Coleridge. Programs were conducted Thursday afternoon and evening. State President Lois Harris of Wayne, and State Secretary Emma Talbot of Omaha, were here to take part. Dinner was served at the Methodist and Baptist churches in the evening. Following the evening program ice cream and wafers were served by a committee of which Mrs. P. L. Mabbott was chairman. Officers the past year were: Mrs. Faye Fleetwood of Wayne, president; Mrs. Mary Thompson of Bloomfield, vice president; Mrs. Alma Hendrickson of Laurel, warden; and Mrs. Ethel McMillan of Wayne, secretary-treasurer. Many attractive window displays were decorated in pink and green, the Rebekah colors, for the convention. Editors Of Nation Guests In Norfolk. About 300 editors from all parts of the country were guests in Norfolk Thursday enroute to the Black Hills. Many bands took part in the parade. First prize for decorated floats was given to Battle Creek, this depicting the last Indian battle on the plains of Nebraska. Hoskins' citizens represented "the largest little city in Nebraska," with a float in the parade. Home and crops of the section were shown. Six famous frontiersmen, Captain Lute North, Dr. W. P. Charver, "Diamond Dick," "Fawcett Bill," "Dixie Wood" Dick, and "Idaho Bill," held a reunion in Norfolk Thursday and led the parade. They and Governor Adam McMullen were principal speakers at the banquet for editors Thursday evening in the Hotel Norfolk.

Rev. H. A. Teckhaus Writes About Trip

Rev. H. A. Teckhaus who is sojourning in Germany this summer, writes to Herald readers June 22 on board the S. S. Stuttgart as follows: "Our trip from Wayne to New York was rather tiresome. The only bright spot was our stop at Niagara Falls. Having read descriptions of the place it had always been our desire to visit the famous falls. Words are inadequate to describe the beauty. Arriving at Niagara Falls Thursday morning at 6:30 we had the first view of the magnificent falls from the train. Later we went with tourists to different points of interest on the American as well as the Canadian side. Two of the three falls are very large, about 2,000 feet in width and 500 feet deep. "One can approach the falls very closely. The roar of the falling waters is deafening. For half a mile one sees nothing but foam and mist. We did not attempt to walk over the bridge to the Cavd of the Winds. It seemed too dan-

Ships Record Hogs. Edward Rethwisch, son of Commissioner Henry Rethwisch of the

Carroll vicinity, broke the weight record for hogs at the Sioux City stock yards last week when he marketed three Poland Chinas with a combined weight of 4,640 pounds. One hog, 3 years old, weighed 1,090 pounds, while the others, 1 1/2 years old, weighed 775 pounds each. The 3-year-old hog said to have been the largest one ever sold at the yards in Sioux City. When the men checked the points saw the figures she thought they referred to cattle instead of hogs. The price received was seven cents per pound.

Daughters of Veterans Meet. Thirty members of the Daughters of Veterans' tent met Wednesday, June 15, at the Legion hall for transaction of business and for a play day program. The hall was decorated in red, white and blue and with flowers. The numbers on the program were as follows: Song, "America," by all; solo, "The Red, White and Blue," Mrs. H. A. Bowman; reading, "The Red, White and Blue," Jean Carnell; "History of the Flag," Mercy Oliver; reading, "McKinley's Tribute to the Flag," Mrs. A. L. Nuernberger; reading, "Respect for the Flag," Mrs. Taniel Hyppse; piano solo, Miss Della Chase; reading, "Your Flag and My Flag," Olive Leonard; Mrs. Mary Hunter and Mrs. Robert Sneath, widows of veterans, were guests. After the program Mrs. Catherine Dilts and Mrs. A. L. Nuernberger served a two-course luncheon. Doctors Meet Today To Hear Discussions Wayne, Cedar, Dixon, Thurston and Dakoto county doctors meet at Emerson this Thursday for a program. Dr. John Bus of Pender has a paper on "A Retrospect and a Prospect." Dr. Cook of Randolph, treats the subject, "Thombo Anigitis Obliterans." Dr. S. M. Weyer of Wakefield, has a paper on "Hemorrhage of the Newly Born," and Dr. Peters of Cedar county has one on "The Country Doctor and His X-Ray." First Presbyterian Church. (Rev. Stephen E. Yerm, pastor) Next Sunday promises to be a big day; at least all indications point that way. In the morning Prof. R. D. Nelson, teacher of English at the Wayne State college, will preach. Some of you have heard Prof. E. Nelson before and will want to hear him again. In the evening a union meeting will be held at the Presbyterian church. Dr. Leonard Stromberg of Oakland, will be the speaker. This service is sponsored by "The Wakefield Welfare Association." The pastor leaves the latter part of the week for Knoxville, Ill., where he will preach three mornings a week. On a visit a month ago to Illinois, he supplied the pulpit at Knoxville and has been invited to return to preach and spend a few days in looking over the field. Remember the first Sunday in July will be communion service. Thursday the Ladies Aid society will meet with Mrs. C. A. Samuelson. As scoutmaster I wish to thank all those who donated supplies, as well as the workers who operated the tables. We are pleased to have our ice cream social which was held in the Wendel garage Saturday. Every-

thing was in our favor. The day was good. The place of meeting was ideal, and we appreciate the use of garage. All the boys were in a working mood. Some worked from 9 in the morning until 11 at night. Over \$50 will be made clear of expense.

Salom Lutheran Church. (Rev. J. A. Martin, pastor) Swedish service at 10 a. m. Sunday school at 10:30 a. m. English service at 11:30 a. m. No services Sunday evening as all are invited to the union service sponsored by the Welfare board at the Presbyterian church. Friday, June 24, is Mid-summer day and the Salem church will sponsor the annual Sunday school picnic. All of the Sunday school children with their parents, all members of Salem and friends are most cordially invited to come and spend the day at the city park. Bring your dinner and we will all eat together at one large family table at 12 o'clock. A program will be given at 2:30. Rev. Mr. Bloomquist of Portland, Ore., will be the speaker. There will be refreshments and ice cream at the stand. Games and races for the children are provided. The committee will solicit Friday morning for milk, cream and eggs for the ice cream as in former years. Thursday, June 30, the Women's Missionary society will meet in the church parlors. We are hoping to have the visiting pastors take part in this. There are several of the women and girls of Salem who are not members of the missionary society. We wish you would come and join so the membership would be 100 percent. We welcome you. Friday evening, July 1 the Lutheran League meets in the church parlors. Methodist Church. (Rev. F. Farner, pastor) The morning service will commemorate St. John's day and the Masons will attend in a group. Visiting members will be here from the Allen lodge. No services in the evening as the congregation will join in the union meeting at the Presbyterian church. The fourth and last quarterly conference will be held at the church Friday evening. Dr. E. D. Hull of Norfolk, district superintendent, will be here. Annual reports of all departments will be given. All of the board and others of the congregation are invited to attend. Swedish Mission Church. (Rev. John G. Nelson, pastor) Regular services next Sunday. Rev. Albert Bengtson of New

York, N. Y., will speak. The congregation joins in the union service at the Presbyterian church in the evening. Dr. Leonard Stromberg of Oakland, will give the sermon. Northwest Wayne (By Staff Correspondent) Ruth Alvin spent Friday in the Albert Doring home.

Alumni Gather At School Here

About 250 Are Present for Annual Home Coming Reunion at Teachers College.

Elect New Officers

Miss Clara E. Smothers Is Chosen President of Group for the Ensuing Year.

About 250 graduates of the Wayne State Teachers college met at the school in Wayne Friday for the annual "home coming." The day's program consisted of chapel exercises, picnic luncheon, play by the Coffee-Miller company, banquet and folk in the gymnasium. Officers were elected as follows for the ensuing year: President, Miss Clara E. Smothers; vice president, Mrs. Opal Reed Schroeder; secretary, Miss Glennie Bacon; and treasurer, Rollie W. Ley. The officers who served the past year are: President, W. R. Hickman; vice president, Miss Mabel Brittle; secretary, Miss Louise Wentz; and treasurer, Rollie W. Ley.

The reunion day program opened with chapel exercises at 10 o'clock. "Alma Mater, Stately Mother," written by Miss Tillie Fag Solfemoser and set to music by Prof. Leon F. Beery was sung. The orchestra, directed by Prof. W. C. Hunter, played. President W. R. Hickman spoke, Cooper Ellis of San Francisco, Calif., member of the class of 1917, gave a short talk. The session especially honored each year the class graduated ten years before. Miss Margaret Maitson played a piano selection. Miss Elsie Ford Piper of Lincoln, former faculty member, was guest for the day and spoke. Abner Gries played the concertina. Pres. U. S. Com. welcomed the alumni and presented to Russell Lindbergh and Miss Genevieve Wright the awards of \$500 and \$200 for the first and third honors which they received in the essay contest conducted by

the National Chemical Society. Music by Miss Manklyn, Abner Gries and the orchestra was arranged for the close of the program.

Picnic luncheon was served at noon in the gymnasium. Unfavorable weather prevented this being served on the lawn as was planned.

The Coffee-Miller players presented "Love in Livery," a comedy of the eighteenth century, in the afternoon. The State Normal budget committee members were hosts to the alumni for this entertainment.

Graduates met at the college cafeteria for the evening banquet. Three long tables were attractive with bouquets of red and white flowers and with nut cups to match. Guests were seated according to classes. The 1917 group was represented by the following: Miss Clara E. Smothers, Louise Wentz, Mr. and Mrs. Cooper Ellis, Mr. and Mrs. W. P. Ganning and Miss Olive Hyde. As Prof. J. G. W. Lewis, sponsor, was unable to be present, Mrs. Lewis and Jeanette, class mascot, were seated with the honored class. A birthday cake with ten lighted candles was a special treat for the group. Abner Gries furnished concertina music during the meal. Class yells and songs enlivened the evening also. A three-course dinner was served. Dancing and visiting in the gymnasium closed the enjoyable day.

Auto Club Reports Roads Fair In State

Lincoln, Neb., June 17.—Road conditions generally were fair today, the Lincoln Automobile club's weekly road report, prepared for the Associated Press, said.

Heavy rains the last week, the report continued have caused the dirt roads to become rough, and gravel highways rather choppy. After they have been maintained they again will be in good condition.

U. S. No. 77, Sioux City to Wall-hill with gravel and dirt to Hooper, rough with one detour at Lyons, Gravel south to Fremont, Lincoln, Beatrice and Wynora.

Fair to good through Kansas, very rough in places.

U. S. No. 38, Omaha to Lincoln, paved and graveled. Gravel west to Atlanta. Dirt stretches to the state line, rough from heavy rains, but very passable.

U. S. No. 81, Yankton to Pierce, good dirt road. Gravel south to Columbus, via Norfolk. Columbus south to Shelby, fair dirt road. Shelby to Geneva, gravel, then good graded dirt road to Belleville.

U. S. No. 20, in northern Nebraska, generally good, two detours that are very rough, one at Atkinson, and one near Cody.

Nebraska, No. 8, Hooper to Norfolk and west to O'Neill, two detours, in fair to good condition.

Open Norfolk Safes. Norfolk, Neb., June 17.—Six safes in six different Norfolk establishments were blown or jimmied during the night, the robbers getting approximately \$300.

The establishments entered were: Braasch Avenue Furniture Exchange store, Norfolk Bridge and Construction office, Raasch Coal company, Schilling Coal company, Gaynor Lumber company and Joyce Lumber company.

The police have no clew, but believe it might have been done by local talent.

Resident Here Enters Flight

Alfred Leckscheid, Formerly of Wayne, Will Attempt Air Trip to Honolulu.

Alfred Leckscheid, formerly of Wayne, is one of two Sioux City aviators who plan a non-stop, non-stop flight from San Diego, Calif., to Honolulu in competition for the \$25,000 prize offered by the Hawaiian Pineapple company for the first to make the journey. Mr. Leckscheid was shop foreman in the Ford Motor company in Wayne in 1922 and 1923. He and Ralph S. Tappan, also of Sioux City, went to St. Louis last week to be present for Lindbergh's welcome. They then plan their flight.

Mr. Leckscheid is 28 years old and was born in Saxony, Germany. He did considerable flying while in Wayne. It was remembered by many that the plane in which he and Mr. McGregor were riding, accidentally fell in a field just west of Wayne one Sunday afternoon when the pilot was living here. Mr. Leckscheid learned to fly from Frank Knight, while engaged by the Sioux City Flying Circus in 1921.

The following from a Sioux City paper tells of the proposed journey.

"Two more Sioux City aviators have entered the contest for the \$25,000 prize offered by the Hawaiian Pineapple company for the first flight from San Diego, Calif., to Honolulu.

"Alfred Leckscheid, 1617 West Sixteenth street, and Ralph S. Tappan, 1821 Pierce street, will make the flight in a Bellanca plane, similar to that used by Chamberlin and Levine in their New York to Berlin flight. A group of business friends of Gainesville, Tex., will furnish financial backing for the flight. Mr. Leckscheid said.

"Mr. Leckscheid will be chief pilot on the trip while Mr. Tappan will accompany him as relief pilot. "Already Ed. Schietzelt, Sioux City young man, has signified his intention of making the flight.

"Both Leckscheid and Tappan will depart for St. Louis Wednesday morning in a five-passenger Lincoln Standard airplane to be among those who will welcome Lindbergh on his arrival in St. Louis Friday. They will fly to Lincoln, Neb., where they will be joined by Ed. Moore, former Sioux City pilot, now of Lincoln, and by Ray Page, of Lincoln. Lindbergh learned to fly in the Page aviation school at Lincoln and it is for this reason that the trip will be made to greet him at St. Louis.

Front St. Louis Leckscheid and Tappan will go east to New York city to complete arrangements for leaving proper equipment and an airship for the Pacific flight. Mr. Leckscheid also indicated that, if the prize for the trip westward over the Pacific ocean was not won in the meantime, he would try the westbound trip as soon as he could get a Bellanca plane."

Tom Meighan Play, Blind Alleys, Coming

Thomas Meighan, hero of many a romance, drama and comedy, enters a new field with his current Paramount production "Blind Alleys," arriving at the Crystal theatre June 24 and 25. The new vehicle can only be described in one way. It is melodrama—fast, thrilling, very impressive—but and this is more important—superbly entertaining!

"Blind Alleys" presents Tom as a marine captain, newly married to a charming Cuban senorita. On the first night of their honeymoon they arrive in New York and proceed to buck up against a series of events which separate them. Meighan is struck by an auto and removed to a hospital and Greta Nissen, his wife, finds herself embroiled with a gang of desperate thugs.

Tom eventually leaves the hospital, only to fall unconscious on the street and wake up in a beautiful home room with a beautiful woman, Evelyn Brent, nursing him back to health. What happens when Greta is rescued and finds her husband in his new surroundings provide the picture with many more dramatic situations than could possibly be adequately described at this time.

Frank Tuttle, director of "Lovers in Quarantine" and "A Kiss in the Dark," is said to have created for the screen exactly what Owen Davis visualized when writing the story. Emmet Crozier prepared the screen play.

The checks and balances which the farmers of the Constitution wisely provided for have proven out, the taxpayers having provided the checks and the Treasury Department holding the balances.—The Thomas E. Pickenill Service.

We like a man that comes right out and says what he thinks, when he agrees with us.—Ohio State Journal.

Scientist suggests that the lower animals may some time overcome and devour the human race. And it's high time now for the squirrels to get started.—Arkansas Gazette.

Some fellows think that the way to stop violation of the law is to make everything legal.—American Lumberman.

The official spokesman has disappeared but his successor is equally dumb on the questions whether Mr. Coolidge in 1912 used a petition against third terms.—Asheville Times.

In County Many Years.

Ponca, Neb., June 16.—The oldest continuous residence of Dixon county is Thomas Donlin, who has just celebrated his 76th birthday. He has lived in the county ever since it was settled in 1856.

When a lad 5 years old, Mr. Donlin's journey with his parents and brothers and sisters from Poweshiek county, Iowa, by covered wagon, to Sioux City, where the family stopped for a week. Mr. Donlin says that immigrants were just beginning to arrive and several families were living in tents. From Sioux City the family ferried across the Missouri river in a small flatboat, managed by three men. The family drove their ox team from Covington, as South Sioux City was then called, to a spot south of Martinsburg, Neb. There Mr. Donlin's father erected a three-room log house for his family and it was their home for years. His brother, William, was the first white child born in Dixon county.

Ponca to Have Chautauqua. Ponca, Neb., June 17.—A four-day chautauqua will be held in Ponca July 12 to 15. The officers who have charge of the program are: Dr. Ray Thompson, chairman; Rev. C. P. Kariker, treasurer, and Francis Kingsbury, secretary. C. C. Charles will have charge of the publicity.

Breaks Arm While Coasting. Ponca, Neb., June 17.—Jerry Knerl, little son of Mr. and Mrs. O. N. Knerl, of Ponca, broke his arm when his wagon upset as he was coasting down hill.

Early Wedding Held in Wayne

George A. Berres Weds Miss Lillian Pedersen at Grace Parsonage Friday.

Mr. George A. Berres and Miss Lillian Pedersen were united in marriage Friday morning, June 17, at 7 o'clock at the Grace Evangelical Lutheran parsonage in Wayne, Rev. H. Hopmann performing the ceremony. Mr. and Mrs. Berres left by automobile for Lake Okoboji to spend a few days. They will make their home in Wayne in the residence which Mrs. Berres recently bought near the court house.

Mr. Berres is a son of Mr. and Mrs. George P. Berres of Wayne. He is one of the city mail carriers here.

Mrs. Berres is a daughter of Mrs. Christine Pedersen of near Emerson. The latter and Mr. and Mrs. George P. Berres were present for the wedding. Mrs. Berres has operated a beauty parlor in Wayne recently.

Former Ponca Merchant Dies. Ponca, Neb., June 17.—D. F. Sweet, for many years a resident of Ponca and who formerly was in the lumber business here, died in his home in Twin Falls, Idaho.

Mrs. Donald Lowe and daughter of Omaha, came Friday to spend a few days in the J. H. Foster and Curtis Foster homes. Mrs. Lowe was formerly Miss Nita Foster.

New \$18,000 Building.

Plainview, Neb., June 17.—P. F. Boynes, who has been in the furniture business here for 32 years, has torn down his building and is replacing it with a modern one. The new building will be worth about \$18,000 and is expected to be ready for use by March 1.

The date of the next Teapot Dome trial postponement will be announced at a later date.—El Paso Times.

Interesting Bits of Wayne County History

Entertainment in the early days consisted of spelling schools, husking bees, holiday celebrations and such like. Programs of music and speaking were prepared, and plays were often presented for the settlement.

CONSIDERATION

Courteous, thoughtful consideration for the feelings of the bereaved members of a family is part of our service. Our chapel was designed with the specific idea in mind of permitting the family complete privacy. Every other possible step is taken to spare our clients any needless pain.

The World's Greatest Tire and the Best Service in Town

If you're thinking about tires here's a combination you can't beat:

The World's Greatest Tire and the BEST SERVICE in Town!

We've got both—the new-type All-Weather Tread Goodyear Balloon and a brand of fast, efficient, painstaking service that will certainly please you.

You ought to know about this new-type tire! Car owners are buying it in pairs, and in complete sets of four with one or two spares. What's the reason?

Why—it's the world's greatest tire! It actually improves the performance of any car, and it adds immeasurably to safety and appearance, no matter what make, or model the car may be.

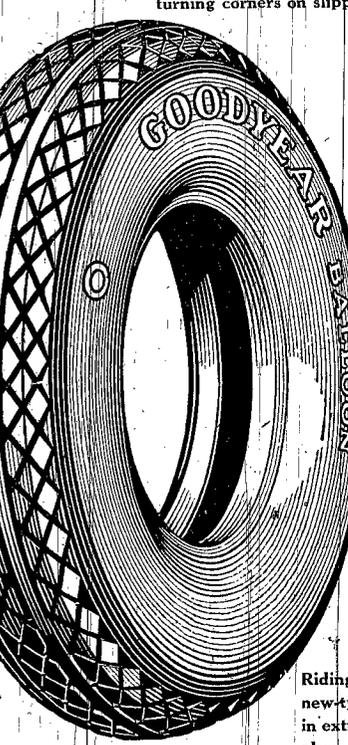

SIX BIG STEPS AHEAD! We've been in the tire business long enough to know a champion when we see it. And the new-type Goodyear All-Weather Tread wins the title by six big steps. Here they are:

** 1 **

TRACTION: The big deep-cut, sharp-edged blocks in the center of this new-type tread grip the road and hang on. On asphalt, concrete, clay, sand or mud, the car drives forward every turn of the wheel.

** 2 **

SAFETY: When you push down on the brakes of a car equipped with this new tire you will appreciate the resistance to skidding provided by the entirely new principle embodied in

** 3 **

SLOW, EVEN TREAD WEAR: At the point of greatest bearing in the tread heavy rubber ribs provide a continuous wearing surface, resulting in freedom from "pot-holes" or "cupping" and insuring slow, even wear and long mileage.

** 4 **

SUPERTWIST: No tire can be better than the material of which it is made, and in the Supertwist cord Goodyear delivered the world the finest casing material. It's extra stretch and longer flexing life have eliminated "shoulder breaks," the arch-problem of low-pressure tire construction, to the point where in Goodyear Tires this trouble has practically disappeared.

** 5 **

QUIETNESS: Smooth, noiseless running is indispensable today to the satisfactory operation of the closed car. Riding on its continuous heavy rubber ribs this new-type All-Weather Tread Goodyear travels in extreme quiet and smoothness, as soundlessly almost as the old-time smooth-surfaced tread.

** 6 **

APPEARANCE: The instant you see this great new tire you will realize how much it will dress up your car. Massive, symmetrical, beautifully patterned, it improves the appearance and value of any car.

And Here's a 7th Point—Mighty Important to You

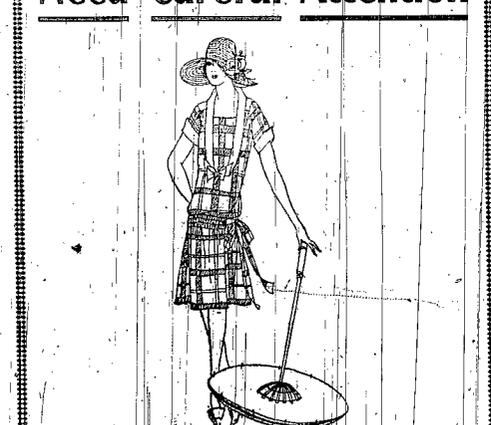

SERVICE When you buy a Goodyear Tire from us you buy from a reputable, established merchant who will be right here—selling Goodyear Tires—long after that tire has run its long mileage. You have a right to expect any tire you buy today to serve you for months, years even—then why take a chance on buying from a dealer who is here today but may be gone tomorrow? We're here to stay—giving authorized Goodyear Service to insure you getting satisfactory, trouble-free, economical mileage out of every tire and tube we sell. Modern equipment for fast, inexpensive repairs. Free inspection, and free inflation service at any time. We'll put a new Goodyear, or a set of them, on your car and do it quickly and correctly. You'll be "all-set" for many months of comfortable, safe travel, and you'll get real pleasure out of seeing your car dressed up for work or play.

lements, formerly employed exclusively by women, have been adopted by a man. We expect to hear of some man suing his wife for divorce on the ground of new support. We shall also expect to see a statutory provision advancing man's age of responsibility.

The Fourth of July is just around the corner, and some towns are planning the usual celebrations. In a town's ambition to offer something new to satisfy the highly developed human taste, ingenuity and pocketbooks are severely taxed. A horseless carriage was a wonderful attraction at the Chicago fair in 1893, and it was still a novelty at the Omaha fair in 1898. Only a few years ago, airplanes were offered as new attractions, at celebrations. Now they are commonplace. To fix up a Fourth of July program that will arouse new interest is difficult and costly.

The fishing experience of the president in Black Hills streams remind us that catching trout is no easy thing to do. It requires little skill to hook bullheads or some other varieties of fish, but when one approaches the task of capturing a trout, he is entering high fish society and he must deport himself with the tact of an accomplished diplomat. The kind of bait used must be suited to the time of day and to the condition of the weather, and water, and it must be changed accordingly. A mullet will let you pat it on the head and seems anxious to be speared and immobilized in the name of piscatorial sportsmanship, but a trout is naturally smart and is always on the alert. In our experience we found we needed a lot of college degrees or other intense training to match wits with the speckled creatures that inhabit mountain streams.

Chief Strongtalk of the Sioux Indian tribe, addressed the editors at Chadron and told them how the Indians had been squeezed out of their happy hunting grounds, and how they had been given inferior lands in lieu of the richly wooded areas which they originally possessed. The chief said the white men appeared and dug into the hills of yellow metal and that they promised the Indians due pay, but that the bulk of profits came in the shape of provisions which could not be converted into things to eat and wear. It is true that they were here first and doubtless have suffered many injustices, but the policy of the government has been to give them generous and helpful treatment, furnishing means for education and often richest lands for cultivation. Many Indians on different reservations have become prosperous, stable and influential citizens.

Market Report. Furnished by Steele, Siman & Co., Sioux City Stock Yards. Sioux City Stock Yards, June 22.—The local cattle market held a relatively good one over the first half of the week. Light receipts here proved more than equal to maintaining the outlet in the face of somewhat larger supplies at other leading centers. In fact, any changes at Sioux City were in the way of strength and at the end of the central session values look anywhere from strong to 25c higher.

The first two days of the week furnished the leading markets of the country with approximately 100,000 cattle, about 10,000 more than arrived Monday and Tuesday last week. Strictly ripe fed heaves were not included in the run, the opening half of the week. Best offered sold at \$12.25, while the bulk of the arrivals continued to be on the fair to good order and worth from \$9.25 to \$11.25. Practically no common material is moving at the time. Only odd transactions are being reported each day from \$9.00 down.

Whatever may have been an earlier interpretation of the principles of secret orders, men have come to accept them with a meaning that is broad and comprehensive. To be the best sort of member of an order, one does not figure that in his business and social relationships he must discriminate in favor of a fellow-member, but that he must deal fairly and honorably with everybody. A man reflects the principles of his lodge by dealing with members and non-members justly and generously. Because one is a member of an order and believes in practical application of its principles, he treats his fellows with proper consideration. He gives sympathy and aid or protection in cases of distress because he is in harmony with certain principles of living. He does not extend relief merely because the one relieved is a fellow lodge member or withheld it because he is not one. He lives the gospel of good will and thereby exalts himself. His life is governed not so much by biased regard for a fellow member as by the spirit of square-dealing and square shooting indicated by the order with which he is affiliated. Thus, lodge members are buying and selling generally through the lives of members.

THE HOSPITAL

A proposition is before the people to buy the Wayne Hospital and convert it into a community institution. It might be just as well if the city or county as a whole could buy it, but the former could not do it under the law, and the latter would have to be authorized by popular vote which would require time and expense. Thus the only way open for public purchase at this time would seem to be by popular subscription. We read the hospital, and we do not want it turned into something else. It is often a life saver. We recall a prominent citizen who would in all likelihood be alive today if he had had the advantage of a local hospital for an operation instead of suffering the preliminary ordeal of a trip to a big city institution. We recall more than one who would probably be dead now if hospital facilities had not been at hand for relief. No one knows how soon he will need use of a hospital, and when one does need it, indifference vanishes and it appears like an oasis in the desert. It would seem forehand and practical to retain and develop the hospital as a community institution, used and supported by the affected community under the care of any physician in the territory.

high and only the milk boiled types are forced to find a slow outlet down around \$7.00. The first two days of the week brought slightly over 200,000 hogs to the 11 leading markets of the country, about 21,000 more than arrived the same two days last week and 19,000 more than arrived the corresponding period in 1926. Fat lambs and yearlings continue hitting the skids, with that type making up the bulk of a movement more than sufficient to meet the requirements of a slack eastern dressed calf. Current top on native spring lambs \$14.25, on clipped yearlings \$12.00 and on choice light clipped ewes \$5.50.

Notice to Bidders.

Sealed proposals will be received at the office of the City clerk of Wayne, Nebraska, until 7:30 o'clock p. m. July 12, 1927, for the construction of sewers and miscellaneous work incidental thereto in Sanitary Sewer District No. 9 of said City.

The engineer's estimate of quantities and unit costs for Sewer District No. 9 are as follows: 640-ft. of 8-in sewer, 1.10, \$704.00 28 vertical ft. manhole, 6.00 168.00 900 lbs M. H. Iron and covers, .07 63.00

\$935.00 All material and labor shall be furnished and construction work shall be prosecuted in accordance with plans and specifications now on file in the office of City Clerk.

Bidders who desire plans and specifications may obtain same from the City Clerk or from the engineers, Nixon & Reynolds, 305 Grain Exchange Bldg., Omaha, Nebraska, upon making a deposit of \$5.00 one-half of which will be returned upon return of plans and specifications.

Bids will be received only on proposal forms which may be obtained on application to the City Clerk or engineers.

Each bid must be accompanied by a certified check drawn on a Nebraska bank of known standing for an amount not less than 10 per cent of the total amount of the accompanying bid, payable without condition to the treasurer of the City of Wayne as an evidence of good faith on the part of the bidder. Certified checks will be returned to the unsuccessful bidders within three days from and after the letting, and to the successful bidder after the contract is signed and a satisfactory bond executed.

The successful bidder will be required to furnish a bond of the form as in specifications, in an amount equal to one hundred (100) per cent of his contract, issued by responsible surety, approved by the City Council, and shall be conditioned upon faithful performance of the work, in strict compliance with the plans, specifications, contract, the payment of all just bills incurred in connection with this contract, and the maintenance of the sewer as specified.

The city reserves the right to reject any or all bids.

Next Year's Campaign.

Lincoln Journal: If Senator Fess of Ohio has correct information the president will be a candidate for another term. Of quite as much interest is his further statement that the ticket will be Coolidge and Dawes. Whether the vice president has been consulted on this program the senator does not say. It is important nevertheless for the implied forgiveness of General Dawes for his insurgency on the farm relief bill and his general independence toward the white house as well as the senate. It has been suspected that Dawes is more favorable to Lowden than to Coolidge. It has been intimated in many quarters that the Lowden movement has the tacit support of General Dawes on the theory that it might be useful in preparing the way for the nomination of the vice president for the first place on the ticket after Coolidge and Lowden have been disposed of. The Fess information has it that Coolidge will be nominated and that Dawes will be content to preside over the senate for another four year period. This is 50th interesting and important, if its truth can be established. The vice president is gracing his office, there can be no doubt about that. He seems to be enjoying it. And certainly he is growing in the respect and regard of the senators who wanted very much to haze him when he took the gravel two years ago.

Bull Snakes.

Omaha World-Herald: These days one rarely passes over the highways without seeing, alive or dead, bull snakes in the roadway. Most of the reptiles are killed by autos running over them.

Farmers are authority for the statement that bull snakes are not only harmless, but the farmers' friend—that they kill countless field mice, gophers and insects, which have done so much money each year to the farmer. The natural instinct of man is to attack and destroy all kinds of snakes at every opportunity—from garter snake to rattler. To him there is no closed season on snakes—that is, to all but the man who knows—the farmer. So the bull snake for all the good he does in preying on rodents must live a precarious life.

Crop Wheat Is To Break Record Lincoln, Nebr., June 20.—Nebraska's 1927 wheat crop will be ready for harvest in some parts of the state within the next two weeks, it is expected to exceed the largest yield ever recorded. A. E. Anderson, head of the federal crop statistics bureau, said today, after a trip over the state. The largest amount of wheat ever produced in the state was 71,000,000 bushels in 1915, he said, and in 1916 the largest yield an acre was attained when the total average showed twenty bushels for every acre planted. Mr. Anderson said that many predictions are being made as to what the yield will make, some as high as 85,000,000 bushels. He refused to approve that estimate but believed that such a yield is entirely possible. Nebraska's normal wheat crop is 50,000,000 bushels. Last year's yield fell 10,000,000 short of normal. Wheat, the federal statistician

said, is excellent in every part of the state and in only a few localities is it thin. The crop is heavy and tall and the heads are nearly one-third longer than ordinary size. Only two things, black rust and a heavy rain with a sweeping wind could prevent the harvesting of a record crop, he continued. Intermittent damp weather might cause rust to gain headway and a heavy wind and rain would beat the stalks, which are unusually high, into the ground. Corn, while not up to normal, he averred, is much better than last year. The eastern third of the state and south of the Platte river looked exceedingly good, he said. The central portion does not present such a good appearance for there the stalks have a bad color and much of the corn is barely out of the ground. Hot, dry weather is needed to assure this crop. Hay and pasture land and other small grain crops are, in excellent condition, Mr. Anderson declared, and should average well up to normal. Alfalfa in some places was

damaged by being drowned by too much rain. Mission Festival Is Held At Baier Grove The annual mission festival of the Evangelical Salem and Theophilus Lutheran churches near Wayne, was held Sunday at the Daniel W. Baier grove southeast of town. Rev. William Fischer is pastor of the two congregations. Rev. Mr. Kaiser of Talmage, Nebr., spoke in the morning and in the afternoon. Rev. R. Heckman of Tilden, spoke in the afternoon. Collection for missions amounted to \$143. Dinner was served at noon and luncheon at the close of the afternoon meeting. The Brown-Ekberg Stores Launch Their Great GOLDEN RULE WEEK

A Tremendous, Record-Breaking Merchandising Event

THE idea of "Golden Rule Week" is not entirely original with us; weekly sales events of this kind have been conducted by some of the largest stores throughout the country with tremendous success. It is an easy matter, in buying merchandise for an event of this size, to obtain large concessions from manufacturers; many items are bought without a cent of profit in order to stimulate buying. We have taken advantage of every opportunity possible with the thought in mind of offering such phenomenal values for this special "Golden Rule Week" that all of our stores will be crowded to the utmost.

It is our earnest wish to have our many friends and old customers take advantage of these extremely low prices. We also hope, by offering these exceptional bargains, to attract many new customers to our stores and demonstrate to them the savings possible by our methods of distributing merchandise.

Fixing Responsibility.

York Republican: Before one makes any broad charges of wrong doing in the management of failed banks it would be proper for him to consider if he has contributed anything to the conditions that have brought about so many failures. Banking men that any business we can now think of is based on confidence. The success of the bank depends upon loaning the capital of the bank and the deposits of its customers to other customers who need financial accommodations. The accommodations are extended to individuals deemed worthy of trust. Now if the customer who generally keeps goodly sums on deposit withdraws them and the borrower, who has been trusted, fails to pay his interest, or the principal when demanded, a situation of danger and injustice for the bank is created; and when that condition becomes extensive and acute, the bank fails. There are some banks whose officers have ruined them by crooked deals; but the most of them that have failed could have weathered the storms of adverse conditions if the customers had played fair and co-operated in the business game of confidence. Next time a bank closes its doors, take a little time to ponder if your own dealings with your bank enable you to sit comfortably in the seat of the scorpian.

Looking Ahead. Hartington Herald: Old adages, which are the wisdom of the ages boiled down, often contain important and helpful truth. Take this one for example, "No great loss without some small gain." There is more than a modicum of truth in that as people who have suffered loss generally realize. At first, the individual may be overwhelmed by a sense of loss and the gain is not apparent, but as time goes on, the feeling of loss diminishes to some extent and the appreciation of gain increases. Time heals the gaping wounds and the individual finds many sources of consolation. He feels thankful in the first place that things are no worse than they are, for no misfortune is so great but what it might be greater, and in addition to this negative consolation, is the positive enjoyment he experiences in planning constructively for the future. To spend much time in retrospect would not only be futile but exceedingly harmful as well and the only reasonable thing to do is to forge ahead. Thus the individual is able to forget past misfortunes and to make of them stepping stones on which he climbs to higher things, which suggests itself as being the path of progress which the human race has always traveled.

To Improve Allen Streets. Allen, Neb., June 16.—Contract for the construction of curb and gutter on that part of highway No. 20 which passes through the main business section of town, an extension of Main street, has been let to McCallan and Dorn of South Sioux City, for 90 cents a lineal foot. Work has been started and according to contract will be completed by June 26. Keyes C. Gaynor, construction engineer, of Sioux City, has charge of the work.

Equalization Board. Wayne, Neb., June 14, 1927. Comes now Frank Exlieb, Henry Rethrich and David Koch, county assessors, Wm. Assenheimer, county assessor and Chas. W. Reynolds, county clerk, and organize as a board of equalization as required by law, with the selection of Wm. Assenheimer as chairman and Chas. W. Reynolds as secretary or clerk. The county assessor reports that all precinct assessors have made their returns, and they are subject to inspection. Whereupon the board proceeded to view the returns. No further business. Whereupon board adjourned to June 15, 1927. Chas. W. Reynolds, Clerk. Wayne, Neb., June 15, 1927. Board of equalization met as per adjournment. All members present. No business completed. Whereupon board adjourned to June 16, 1927. Chas. W. Reynolds, Clerk. Wayne, Neb., June 16, 1927. Board of equalization met as per adjournment. All members present. On motion the board decides on June 22, 1927, at 12 o'clock a. m., as the last date for filing protests against the 1927 assessment, and hearing on such protests will be held on the same date. No further business completed. Whereupon board adjourned to June 28, 1927. Chas. W. Reynolds, Clerk.

Notice to Contractors. Sealed bids will be received at the Department of Public Works in the State House at Lincoln, Nebraska on June 30, 1927 until 9 o'clock a. m., and at that time publicly opened and read for one bridge and incidental work on the Wisner-Wayne, project No. 70-B, Federal Aid Road. The proposed work consists of constructing one bridge. The approximate quantities are: Bridge at Sta. 1-55. 1-60-ft. Pony Truss span on Pedestal piers and wood filling with concrete pavement approach.

Alternate bids to be received for 2-24-ft. I beam spans on steel piling. Plans and specifications for the work may be seen and information secured at the office of the County clerk at Wayne, Nebraska or at the office of the Department of Public Works, Lincoln, Nebraska. The successful bidder will be required to furnish bond in an amount equal to 100 per cent of his contract price.

How to Treat Tires. With the arrival of warm weather, motorists should give closer attention to their tires, according to Guy R. Strickland of the Central garage. "Some automobile owners," said Mr. Strickland, "have the idea that there should be some radical change in the amount of air pressure in their tires in summer weather. Consequently, they reduce the inflation, in the hope of preventing tire trouble. This is a mistake. Tires should be inflated at the recommended pressure the same in the summer as in winter. Maintenance of the proper inflation pressure is by far the most important element of tire care. This there are several important factors affecting tire service, the rule that should be most rigidly observed is this: test your tires with a reliable air gauge at least

once a week and inflate them to the pressure recommended. "Motorists should never let the pressure drop more than three pounds below that minimum, because rapid tread wear, fabric breaks and other troubles are sure to result. "Then there are motorists who abuse balloon tires just because they fail to take into consideration that these low pressure tires should be treated even more carefully, as regards inflation, than the high-pressure tires. Besides proper inflation, the following points should be kept in mind: "Plats should be removed and repaired immediately; wheels should be kept in proper alignment; bent or rusty rims should be corrected; use of tight metal chains should be avoided; tread cuts should be repaired promptly by a reliable vulcanizer; keep brakes properly adjusted; be careful that tires are properly applied, and drive carefully."

The Deeds of Tomorrow. French poet, Herold, Herold is a little piece of verse—it is possibly too didactic to be really poetical—and, more, the pity, the author of it seems to be unknown. This bit of verse, which is almost as good as some that Isaac Kilgore writes, is entitled, simply, "Tomorrow." Some of this paper's readers may have seen it in print somewhere. "Tomorrow" tells about a certain individual who always put off everything until tomorrow. "He was going to be all that a mortal could be—tomorrow," no one could be kinder or braver than he—tomorrow; he resolved to give a friend in need a lift, he was going to write a lot of personal letters to long neglected friends and, oh, he was going to do a world of useful and generous things—tomorrow. But this particular individual was evidently only human, like you and I, and as in the course of human events he died and faded from view, "and all that he left here when living was through, was a mountain of things he intended to do—tomorrow."

Suicide Follows Loss of Dog. Bassett, Neb., June 18.—Dr. E. C. Koons, well known dentist of Bassett, was found dead in his bed Friday noon with a rifle ball through his head. Investigation discloses the fact that the act was premeditated as he had been brooding over his affairs for the past week or two. When discovered he was clutching a .22 calibre rifle in his hands. The bullet, having penetrated the left eye, was lying just below the scalp on the top of his head. The act was probably committed late Thursday night or early Friday morning as physicians say he had been dead for four or five hours. Friends of Dr. Koons attribute his act to the loss of a valuable dog which was poisoned about two weeks ago. He had been brooding over this since and had remarked that he wished the parties had poisoned him instead of his dog. Dr. Koons has been located here eleven years but little is known of his relatives with the exception that he has a son at El Paso, Tex.

The POWER that was hidden in RED CROWN

ETHYL BRAND of Anti-Knock Compound puts at your service a power in Red Crown Gasoline hitherto hidden and unused. It makes Red Crown burn more efficiently—not explosively, but evenly—with a steady, powerful push on the piston for the whole length of the power stroke.

For this reason, Red Crown Ethyl Gasoline gives a gasoline motor much of the flexible power that a steam engine has. It ends knocks on hills, through mud or sand, or when you suddenly accelerate in traffic and throw a heavy load on your motor.

The higher the compression—from carbon or sudden load—the more power this wonderful combination motor fuel develops. The genuine is quick-starting, clean-burning, always-reliable Red Crown Gasoline with Ethyl Brand of Anti-Knock Compound added. Try a tankful. But be sure to get the genuine. It is sold only where you see the RED CROWN Ethyl Gasoline sign on the silver pump.

For "knockless" operation avoid dilution. Wait until your gasoline supply is low before filling with Red Crown Ethyl Gasoline—then, use Red Crown Ethyl Gasoline exclusively.

This sign identifies the genuine. "Knocks out the Knocks—turns carbon into power"

Farm All the Year with the FARMALL

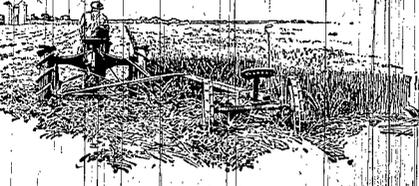

Because the Farmall does all of the power work on the average farm so much better than it has ever been done before, it is hard for a farmer to believe all of the good things you are justified in telling him when he merely sees the tractor standing on the floor of your sales room.

There is so much to be said for the Farmall that it seems incredible. But every doubt disappears once you stage a demonstration on the prospective farm, let him drive the Farmall, and do all of the difficult jobs he can think of to ask you to do. The 30-inch clearance under the rear axle, which may appear odd when the Farmall stands in the store, becomes one of the vitally important features when row crops are being cultivated. After the first turn in close quarters the close-spaced front wheels and the handy steering control are sold to the most difficult customer.

Motorize Your Hay Crop With a McCormick-Deering FARMALL

Farmall Sweep Rake The Farmall sweep rake is added to the list of tools to complete the motorization of the hay crop with the Farmall. The Farmall method of haying enables you to turn your alfalfa, clover or grass into crisp air-dried hay in quick time.

Farmall Hay Tools. The Farmall hay tool line includes the 7-foot power mower, a trailer mower, dump rake, side delivery rake, tedder, and hay loader. The Farmall has ample power to pull any tool or combination of any tools of the above machines. An efficient combination is the pulling of the side-delivery rake behind the Farmall with the mower attachment. This permits turning of the hay shortly after it is cut. Hay thus protected does not bleach while curing. The Farmall method of haying saves time and valuable man labor at a season when every minute is worth real money. Let us tell you more about the Farmall method of haying.

We have everything you need in hay tools or other farm implements or in repairs for any machine.
