ness, its diamatic simplicity and the vividues of its central character as played by the man who made "The! Last Laugh" and "Wariety" what they were. I annings himself considers it the finest effort of his life.

Support worthy of his talents was given him by Paramount Famous Lasky. Belle Bennett, the wife, heads the featured cast. Miss Bennett's "Stella Dellas" is one of the screens' never-to-beforgotten characters. Another who gave up her starring rights for the Jannings picture is Phyllis. Haver, considered by many the most beautiful blonde in America. Others in the cast are of equal importance and ability, notably Donald Keith and Fred Kohler.

The picture was directed by Victor Fleming, who made "The Rough Ridgrs," "Mantrap" and many other box office winners.

Today After 81 Years

BER FARM WAGONS have been used on American farms for 81 years. That fact alone may not be POSITIVE proof of quality, but it must be admitted that any manufacturing plant that has produced wagons for more than four score years must be making good ones. Further you can rest assured that the Weber name has become known to a good many farmers in that length of time. Practically every community is the home of dozens of Webers, and every one in service is a testimonial to Weber quality. These facts combine with the Patented Fifth Wheel and the Patented Swivel Reach coupling to make the McCormick-Deering Weber the logical wagon choice. See the local McCormick-Deering dealer's display of these good

McCormick-Deering Corn Pickers

Do you look formard to corn husking time with a mind free from worry or are you wondering how the crop will be picked and husked promptly and without loss? The owner of a Mc Cormick-Deering corn picker can go about his daily task or retire at night carefree, for he knows that no matter how big the crop or how scarce labor may be, he can handle his corn easily with his own help.

that defies comparison.

Just think what Chevrolet offers you

A type of performance that is amazing— perfect comfort at every speed—flashing acceleration and remarkable handling -all the marvelous beauty of bodies by Fisher-finished in smart colors of genuine lustrous Duco—a motor worldfamous for power and economy—in short, advanced modern design in every unit that results in the extreme of satisfactory economical transportation.

Because these cars are sold at amazing low prices, they embody the most outstanding motor car value in the world today—a value that defies comparison!

SALES AND SERVICE

M. & K. Chevrolet Company WAYNE, NEBRASKA

Associate Dealers oll, Neb. Wendell Bro ATLOW QUALITY COST

FACT

-AND THE OPEN MIND Tand the most difficult—is to be sure that you

have all the facts before you act. To GET them all, from every possible source, is the first objective in General Motors. The Research Laboratories contribute some. These are nuggets, left in the crucible, after hundreds of ideas that

looked good have been burned away. The Proving Ground contributes others. Dealers contribute. The public contributes. Every department contributes. Through the whole organization runs a spirit of inquiry and of rigid insistence on proof.

OUT OF such thinking come the new models announced from time to time by Chevrolet, Pontiac, Oldsmobile, Oakland, Buick, LaSalle, Cadillac—all with Fisher Bodies. And by Frigidaire. Each new model is a tested step forward. Nothing goes into it as a result of habit or guess or pride of opinion.

Nothing counts but hard-won facts, gathered and used with an open mind.
