# Home Tried Recipes

Tried recipes are always a welcome aid to housekeepers. The Herald invites its readers to contribute cooking suggestions to others through this column.

**A Scalloped Vegetable Dish.**  
(By Mrs. Art Aukey, Winfield)  
Cook sliced carrots in very little water to which a little salt and butter have been added. Cook until dry being careful not to scorch. In a separate kettle cook string beans in a little water to which thin slices of bacon and a little salt have been added. Cook until dry.

Line casserole with ground bread crumbs slightly moistened with butter. Alternate beans and carrots in layers.

Put casserole in full pour over the contents a white sauce made of the following:

- 4 tablespoons butter.
- 4 tablespoons flour.
- 1 pint of milk.

Cover the contents of the dish with buttered crumbs. Place in oven and bake until crumbs are brown.

**Canning Vegetables.**  
(Mrs. George Roggenbach, Altona)  
Prepare string beans as for table use by cleaning and cutting them down. Place in jars with 1 teaspoon of salt to each quart. Fill jars with water and sterilize 3 hours.

The same method may be used for peas and other vegetables with success.

**Poor Man's Cookies.**  
Swedish recipe for coffee cookies.

- 2 tablespoons thick cream
- 2 eggs (1 white and 3 yolks)
- 2 tablespoons sugar
- Nutmeg
- Pinch of salt
- Flour to thicken. Roll thin, cut in oblongs about one by two inches. Cut small lengthwise slit in middle of cookie and fold end through this. Place in deep fat and cook until light brown. Roll in powdered sugar if desired.

**Meringue or Goodies.**  
(Mrs. J. G. Bergt, Altona)  
Meringues are especially good to serve with ice cream.

- 3 egg whites
- 1 cup sugar
- 1/2 teaspoon vinegar
- 1 teaspoon vanilla
- 1 teaspoon almond extract

Beat eggs stiff, add sugar slowly and keep beating with egg beater all the time. Add flavoring and vinegar and then beat with egg beater 10 minutes longer. When stiff enough to stand alone put clean wrapping paper not waxed, on pan and put meringues in little piles about two inches apart. Bake in warm oven about an hour. They should be light pale brown at the end of this time.

**Chocolate Cake.**  
(Mrs. Charles Roggenbach, Altona)

- 2 cups flour
- 1 egg
- 1 cup sugar
- 2 tablespoons cocoa
- 1 cup sour cream
- 1 level tablespoon soda
- 1 tablespoon butter
- 1 tablespoon vanilla

Sift flour, sugar and cocoa together. Add cream and unbeaten egg, vanilla and shortening. Beat all 5 minutes. Bake in loaf.

**Burnt Sugar Cake.**  
(Mrs. Geo. Roggenbach, Altona)

- 2 cups sugar
- 1/2 cup butter
- 2 eggs beaten separately
- 1 cup cold water
- 3 teaspoons cranell
- 1 teaspoon vanilla
- 2 teaspoons baking powder
- 2 1/2 cups flour

Mix and bake in layer.

**Caramel Recipe.**  
1 cup sugar in skillet. Cook until it smokes. Add 1/2 cup boiling water and let cook until it makes a thick syrup.

**Frosting.**

- 1 cup sugar
- 1-3 cup water

Let boil till syrup draws a string. Add two teaspoons of caramel and whip. Add 1/2 teaspoon cream of tartar before whipping.

**Dill Pickles.**  
(By Mrs. Emma Baker, Wayne)  
Select cucumbers of any size and put in jars with several good-sized pieces of dill to each jar. To each half-gallon, add one table-

spoon of salt. Fill jars with water to which one-third of a cup of vinegar has been added to each half gallon. Cover with nice grape leaves and seal.

The liquid may be boiled and poured hot over the cucumbers or used cold. Mrs. Baker has been successful with each method.

**A Baked Vegetable Dish.**  
(By Mrs. Joe Baker, Wayne)

- One pound of hamburger fried in one-half a cup of butter.
- One small bunch of celery and two onions, sliced.
- One package of macaroni, boiled in salt water and drained.
- One small can of peas, one small can of tomatoes and one can of chili con carne.

Salt and pepper to taste, add all ingredients together. Bake in baking dish for one hour.

**Nougat Cake.**  
(By Mrs. Harry Perdus)

- 1 teaspoon vanilla
- 1 cup sugar
- 1/2 cup butter
- 1 cup sour milk or butter milk
- 1 and 1/2 cups flour
- 3 teaspoons cocoa
- 1 teaspoon soda
- 2 eggs
- 1 cup of nuts or raisins

Mix the butter and sugar together. Add the eggs and beat. Then add the milk.

Mix the dry ingredients with a little salt and sift. Stir into the liquid ingredients. Add the nuts or raisins and the vanilla. If raisins are used it is better to put them into the liquid ingredients. If the nuts are used add after the dry and liquid have been mixed together.

Put into layer tins and bake.

This makes a red chocolate cake which is very simply and quickly done.

**Grape Jam.**  
(By Mrs. Gereon Alvin)

Grape jam made by this recipe has won prizes at fairs in two different towns.

Boil skins and pulp of blue grapes separately. Run the cooked pulp through a colander, then put with skins.

Measure out the combined mixture and as much sugar as you have grapes.

Boil until thick. Pour into glass jars and cover with parowax.

**Pineapple Upside-Down Cake.**  
(By Mrs. Gereon Alvin, Wayne)

Melt one tablespoon of butter in a big skillet. Pour over this one can of sliced or shredded pineapple. Add one cup of brown sugar.

Make a batter of the following ingredients:

- 1 egg
- 1 tablespoon melted butter
- 1/2 cup sugar
- 1-3 of a cup of milk
- 1 teaspoon baking powder. Sift this with one cup flour.
- 1 teaspoon vanilla

Pour batter over ingredients in the skillet and bake for 30 minutes. Serve as pudding with whipped cream.

**Pineapple Cottage Pudding.**  
(Mrs. A. W. Ahern, Wayne)

- 1/4 cup butter
- 1 cup granulated sugar
- 1 egg
- 1/2 cup milk
- 1 1/2 cups flour
- 3 tablespoons baking powder
- 1/2 teaspoon salt
- 1/2 cup grated or finely chopped pineapple

Cream butter and gradually add sugar, beating until creamy. Add egg beaten until very light. Mix and sift flour, salt and baking powder and add alternately with milk to sifted mixture. Beat until batter is smooth and stir in pineapple. Turn into an oiled and floured square or oblong shallow pan and bake 30 minutes in a moderately hot oven. Serve warm with pineapple sauce.

**Pineapple Sauce.**

- 3/4 cup sugar
- 2 teaspoons cornstarch
- Few grains salt
- 1 cup boiling water
- 1 tablespoon butter
- 1/2 cup finely sliced pineapple

Mix and sift sugar, cornstarch and salt. Add boiling water, stirring rapidly and adding the water slowly. Stir until smooth and bring to the boiling point. Boil five minutes and add butter. Stir and cook until butter is thoroughly incorporated and remove from fire. Add pineapple and serve.

## Many Nails On Road Gathered By Magnet

Fremont—Over 151 pounds of nails, brads, wire, bolts and what not, have been gathered on highway No. 8, the Blackhills Trail, between Fremont and West Point.

This accumulation of junk is being exhibited at the chamber of commerce and illustrates the reason for so many punctures on graveled and dirt highways.

This is a part of the work being done for automobilists by the Nebraska highway department. The junk was picked up by an electric magnet as it was run over the highway. The magnet is rigged up on a trailer attached to one of the highway trucks.

The magnet is bar shaped and is 10 feet long and about 8 inches wide and it is hauled at a speed of about six miles an hour and if anyone does not believe that it does business it is only necessary to inspect the huge junk. Any one of the thousands of items could cause a puncture and tie up any traveler for at least ten minutes.

The electric tie up is with the motor. When it is stopped the accumulation of junk just falls off. The operators lay a canvas down under the magnet, stop the engine and dump the accumulation in a truck.

Cutting a swath ten feet wide on a highway a round trip and a half is necessary to free the highway of the nails, etc.

**Sells West Point Bakery.**  
West Point, Neb., July 26. William Kreplela has sold his business known as the City Bakery to Fred Soil of Stanton. Mr. Kreplela has successfully conducted the bakery shop for the past few years which was run previous to that time by his father for many years. The new proprietor took charge at once.

John Grier, Jr. spent last week Wednesday afternoon in the Ray Perdue home with Milford Brown. The boys spent that afternoon at the S. W. Elder and Mrs. Sadie Snodgrass homes. Mrs. Ray Perdue was also there.

Mrs. Julia Gildersleeve and children spent from Tuesday until Thursday last week in the Albert Paulsen home. They and Mrs. Paulsen and children visited Mrs. Addie McPherson at Wakefield on Thursday afternoon.

Mrs. H. C. Barelman and daughters, Ardath and Lois, and Mrs. Henry Prevett spent Friday afternoon in the Ed. Hageman home. Miss Meta Hageman returned home with Mrs. Barelman to help her cook for threshers Saturday.

Lowell Meyers spent from Sunday until Tuesday last week with Alvin and Clarence Carlson, and Clarence stayed with Lowell from Tuesday until Thursday. The Walfrid Carlsons spent Thursday evening with the Charles Meyers family and took Clarence home with them.

Mr. and Mrs. Amos Echtenkamp entertained at dinner Sunday Mr. and Mrs. William Nickols and family, Mr. and Mrs. Otto Rosacker and baby, Mr. and Mrs. William Racherbauer and family, Mr. and Mrs. Will Echtenkamp, Jr., and family and Raymond and Robie Nickols.

Mr. and Mrs. G. W. Albert will go to Stanton August 3 to attend a reunion of the Kern families. Mrs. Albert's father, D. H. Kern, will be 87 August 30 and his children and grandchildren plan to honor him. Mr. Kern's brothers and their families will also be present. The Kerns have held such reunions each summer for about ten years.

Miss Lois Pond who had spent a couple weeks here with her sister, Mrs. Claude Weeces, returned to Craig Thursday evening. She went with Mr. and Mrs. Walter Hanne who came from Craig Thursday to attend the Beckenhauer-Wilbur wedding. Miss Pond and Mrs. Weeces spent Thursday evening at the Clarence Soderberg home while Hanne attended the wedding.

C. L. Franks of Chicago, who is here visiting his sister, Mrs. C. J. Johnson, plans to remain most of this week. He, Mr. and Mrs. Johnson, Mr. and Mrs. Wilbur Spahr and Mrs. Harvey Haas and son, Carl, were Friday dinner guests in the Julius Knudsen home. Mr. Franks, Mr. and Mrs. Johnson and Mr. and Mrs. Haas and son were Sunday guests of Mr. and Mrs. Wilbur Spahr.

## Guard Your Credit

If you were asking our advice in financial matters, the first thing that would come into our mind would be, "Guard your credit." When you lose your credit, you just about lose everything in a financial way. Neglect in paying bills is, perhaps, the shortest road to credit loss.

We know a young man who recently found himself pretty deeply in debt. He actually didn't know which way to turn. However, he went to each creditor, had a heart to heart talk, and then set to work to pay out. And he's making wonderful progress.

We admire the grit of that young man. He's going to make good. After he has paid his debts, which he will do very shortly if all goes well, he will have the respect of all his creditors and his credit will be A-1.

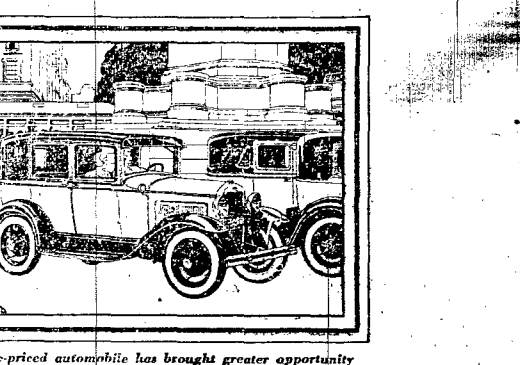

The First National Bank would be glad to talk over with you any of your financial problems.

# Meeting the Needs of Millions of People

The low-priced automobile has brought greater opportunity and added hours of recreation to millions of men and women.

BECAUSE the automobile is such an important factor in the lives and prosperity of so many people, the purpose of the Ford Motor Company is something more than the mere manufacture of a motor car.

There is no service in simply setting up a machine or a plant and letting it turn out goods. The service extends into every detail of the business—design, production, the wages paid and the selling price. All are a part of the plan.

The Ford Motor Company looks upon itself as charged with making an automobile that will meet the needs of millions of people and to provide it at a low price. That is its mission. That is its duty and its obligation to the public.

The search for better ways of doing things is never-ending. There is ceaseless, untiring effort to find new methods and new machines that will save steps and time in manufacturing. The Ford plants are, in reality, a great mechanical university, dedicated to the advancement of industry. Many manufacturers come to see and share the progress made.

The greatest progress comes by never standing still. Today's methods, however successful, can never be taken as wholly the best efforts of the moment. Tomorrow must bring an improvement in the methods of the day before. Hard work usually finds the way.

Once it was thought impossible to cast gray iron by the endless chain method. All precedent was against it and every previous experiment had failed. But fair prices to the public demanded that wasteful methods be eliminated. Finally the way was found.

Abetter way of making axle shafts saved thirty-six million dollars in four years. A new method of cutting crankcases reduced the cost by \$500,000 a year. The perfection of a new machine saved a similar amount on such a little thing as one bolt. Then electric welding was developed to make many bolts unnecessary and to increase structural strength.

Just a little while ago, an endless chain conveyor almost four miles long was installed at the Rouge plant. This conveyor has a daily capacity of 300,000 parts weighing more than 2,000,000 pounds. By substituting the tireless, unvarying machine for tasks formerly done by hand, it has made the day's work easier for thousands of workers and saved time and money in the manufacture of the car.

All of these things are done in the interest of the public—so that the benefits of reliable, economical transportation may be placed within the means of every one.

**Early Days in Wayne County**

From the Wayne Herald for August 15, 1912:  
A carnival and baseball tournament is being held at Carroll this week.

Mrs. H. Madsen and daughter, Doris, left for Westington, S. D., for a visit.

L. A. Fanske arrived home from Kansas City where he attended a jeweler's convention.

A modern nine-room house is being built on the J. G. Grimsley farm east of Wayne.

Mrs. Arthur Auker is recovering from an appendicitis operation in a Sioux City hospital.

The Old Settlers' picnic will be held at Bressler's grove north of Wayne, August 22, 1912.

Mrs. Henry Schroer and little son left for Charlestown, Neb., for a visit with relatives.

Mrs. Guy Lewis and daughter were arrivals from East View, S. D., for a visit with relatives.

Roy Taylor of Biencoe, Iowa, visited his cousin, A. R. Davis, here, going on to Gregory, S. D.

Mrs. Chas. Bailey of Albert Lea, Minn., is visiting her parents, Mr. and Mrs. Alex Laurie, at Carroll.

Miss Margaret Kauffman of Guttenberg, N. Y., arrived here for a visit with her cousin, Mrs. Wm. Piopenstock.

Mrs. M. S. Davis went to Sioux City to visit her sister, Mrs. Welby, before the latter left for her home at Colfax, Wash.

A. S. Watkinson, vice presidential nominee of the Prohibition party was in Wayne and addressed a crowd on Main street.

James T. Leahy accompanied his niece, Miss Bertha Leahy, as

far as Norfolk on her return to her home at Winner, S. D.

The library board met in regular session. The salary of Mrs. Davies, librarian, was fixed at \$25 per month from the date of the opening of the new building.

Nels Sjoberg and Miss Emma Anderson were married at Concord August 14, 1912. The couple will live on a farm near Newman Grove.

Mr. and Mrs. John Harrington left for the west. They will stop at Salt Lake City to visit their son, Paul, and then go on to Ash-ton, Idaho.

Attorney J. H. Neely and wife and two sons of Mifflintown, Pa., visited Mr. Neely's brother, W. A. K. Neely, northeast of town, this past week.

Miss Mabel Gildersleeve who had visited her sister, Mrs. Grace Steadman in Wayne, for some time, left for her home at Red Wing, Minn.

Mr. Herman Henney was considerably annoyed when entertaining a group of guests, to find that ice cream which she planned to serve had been stolen.

Harry Bowman, 14-year old son of Mr. and Mrs. B. R. Bowman of Norfolk, was killed when a shotgun he carried while hunting, was accidentally discharged.

Henry Lessman of northeast of Wayne, observed his birthday anniversary August 11, 1912, by entertaining forty friends at his home. He was 61 years old.

Ralph J. Isom and Miss Jessie Guern were married August 13, 1912, at the German Lutheran church parsonage. The couple will live on a farm near Concord.

There is talk of planning a series of airship flights in connection with the proposed fall festival in Wayne. Comparatively few peo-

ple here have seen aeroplane flights and would welcome the opportunity.

Miss Vallie Armacost, Miss Pearl Sewell and Cella and Lloyd Gildersleeve who left several weeks ago for a trip through Colorado, Utah and the Yellowstone, arrived home.

Rev. F. E. Blessing who has held the pastorate of the Lutheran church here since the resignation of Rev. C. J. Ringer, leaves in October to resume his studies at Atchison, Kan.

Mrs. B. W. Tillman and baby who had spent the past two months here in the Wm. Mellor home, left for Lexington, Mo., to visit her parents before returning to Washington, D. C.

Fred R. Wright and bride, nee Winifred Northrop, will be in Wayne in September, 1912, on their return home from their wedding trip. They were married August 7, 1912, at Eugene, Ore.

In the tennis tournament an interesting match in the doubles has been played between J. H. Pile and Morgan, and Mines and Tilkey. Pile and Morgan won after three hard sets had been played.

C. H. Hendrickson, city attorney of Wayne, and Miss Bertha Auker, daughter of Mr. and Mrs. S. E. Auker of Wayne, were married on August 14, 1912, at Omaha. They will make their home in Wayne.

Julius Schmude of Winside, was severely injured when thrown against a glass door, in a friendly scuffle. The glass was broken, cutting a deep gash in his head and neck which necessitated several stitches to close.

C. W. Salsbery, of Wayne, and Miss Eva Beauchemin of Jefferson, S. D., were married in Sioux City August 14, 1912. They will live in Wayne where Mr. Salsbery is employed in the Craven photo-

graph gallery. Mrs. Salsbery has taught in the Wayne schools for a couple of years.

Miss Cora M. Surber and Elmer E. Gailey, the latter of Elgin, were married August 15, 1912, at the home of Miss Surber's parents, Mr. and Mrs. E. A. Surber, four miles northwest of Wayne. They will make their home at Elgin.

August Samuelson's spirited team which recently threw his son, Ernest, from a buggy and fractured one of his legs, ran away on Main street, wrecking the buggy. Mr. and Mrs. Samuelson and daughter who were in the vehicle were uninjured although Mr. Samuelson was thrown from it.

**Effort To Preserve Norfolk Cemetery**

Norfolk, Neb., July 24.—Norfolk's first cemetery where more than 100 pioneers are buried has been turned into a hog lot. Tombstones are toppled over, stones are rooted up and people who lay flowers on the graves of their departed relatives have to keep watch over the graves so the hogs do not eat up the floral tributes.

This condition was reported to County Attorney Hadley Kelsey and the Rotary club, and an investigation is being made in an effort to get the cemetery back into the hands of the relatives of pioneers who want the ground for the purpose of making it a beauty spot.

County Attorney Kelsey stated that the ground was originally part of the Kidder homestead and in some way was diverted to the present owners of the land. The owners are willing to sell it to the local people who wish to keep alive the memory of the men and wo-

men who were the first residents of Norfolk.

According to the information secured by County Attorney Kelsey, the land—about five acres—was set aside by the late Rev. James Kidder, the First Congregational minister here, for a cemetery, but it was not properly conveyed.

**Buried in 1867.**  
The oldest grave in the cemetery is that of Mrs. Ferdinand Pasewalk, who died in 1867. She was the wife of one of the pioneers who led a caravan of Wisconsin pioneers to Nebraska in that year. They came overland in covered wagons hauled by oxen and built log houses and sod shanties. When Mrs. Pasewalk became ill that year two men drove a wagon to Omaha for a doctor, but the doctor arrived too late.

In those days there were no undertakers here and the bodies of the dead were buried almost immediately. For a semblance of mourning, the coffins, which were crude boxes, were painted with charcoal mixed with sour milk.

A diphtheria epidemic in the pioneer days wiped out scores of the children in 1868 and many of those are also buried in this plot.

This little cemetery was the resting place of protestants and Catholics alike in early Norfolk history, and the community now is making a heroic effort to rescue the plot as a bit of early Norfolk history.

**NEW Polarine**  
THE MODERN MOTOR OIL

needs changing less frequently

Selected crude oils and an improved process of refining give new Polarine—freedom from wax and tar—less than half the carbon of old process oils—unexcelled resistance to the thickening effect of cold and the thinning effect of heat—exceptional durability.

This modern motor oil consumes slowly—resists dilution—contains no unstable ingredients to form crankcase sludge that clogs oil lines.

With new Polarine you lubricate your motor safely and economically. You don't need to change oil so frequently because it holds its body better and stays clean longer.

Premium in quality, the new Polarine is sold at no advance in price. Consult the new Polarine Chart for correct grade—25c a quart.

**Bigger, Faster, Sturdier and more economical**

In size, speed and durability, the Chevrolet Six-Cylinder Truck is superior to any haulage unit ever built by Chevrolet. Yet, for all these decided advantages, it shows (according to many prominent fleet users) a lower maintenance cost than any other low-priced truck of similar capacity?

These basic facts should be borne in mind by everyone considering the purchase of an inexpensive haulage unit—in these days, when business men are watching transportation costs.

Many important features of the Chevrolet Six-Cylinder Truck are given below. Study them. Use them as a basis of comparison—to prove quality—modern design—and EXTRA VALUE!

**Search For Oil Is Made In State**

If the engineers who are drilling for oil in Nebraska know their stuff, some time within the next sixty days some anxious land owners in Nebraska whose land is under lease to oil promotion companies are going to know whether the dictum of the federal farm board to produce something beside wheat for a change is practical and profitable.

A number of drillings are in progress. Red Cloud, Holdrege, Central City and Campbell are in the public eye particularly because of tests being made there. At Red Cloud a well is being drilled by the Mid-States Exploration company. It is down 2,000 feet. The engineer expects to complete his test within 20 to 60 days. A check of the cuttings of the Red Cloud well with a well bored by the same company in the Layton field, seventy miles southwest, show similar formations and the presence of limestone formations to a great depth. Limestone represents decomposed marine life which is generally conceded to be the basis of petroleum. In the vicinity of Red Cloud in Webster, Franklin, Adams, Hall and adjoining counties thousands of acres have been leased to the Texas Production company. The Shell interests have 7,200 acres under lease near Red Cloud. Other major companies

have leases scattered through south central Nebraska.

Northeast of Grand Island in Merrick county the Jayhawk Producing & Refining company has driven a well to the depth of about 1000 feet and the formations encountered are looked upon as favorable.

The well five miles northwest of Holdrege is just getting under way. It is being driven by the Trees Oil company. A second well by the U. S. Drilling company has been started at Campbell. The first well showed oil but the loss of drilling tools compelled abandonment.
