Proposed Celebration

Important contribution to the proposed semi-centennial celebration in Wayne. He will send one train made up of a baggage car of 1878, coach of 1883 and locomotive of 1887...

Organizations having appropriate attractions to offer have been in communication with Manager M. L. Ringer. Individuals and groups in different parts of the county have expressed readiness to help...

Progress from ox carts to airplanes is wonderful, and many who have witnessed the transition or who have had a part in it, are still here. A panorama of events leading from the sod shanty to the modern dwelling will doubtless be shown.

The proposed celebration is attracting widespread attention to Wayne, and it is the purpose of the committee in charge to signalize the anniversary in proper manner and to satisfy all reasonable expectations.

Knitted To Sioux City

The remaining ungraveled stretch between Ponca and Sioux City is to be remedied this year, and this improvement will strengthen Sioux City's claim on the ancient Nebraska county seat as a contributing suburb.

Ponca's first railroad was a narrow-gauge running up from Sioux City, later absorbed and standardized by the C. St. P. M. & O. In time, trade territory was cut off by the building of the railroad between Sioux City and Norfolk...

Then arrived automobiles and hard-surfaced highways, and the distance to Sioux City was reduced according to the clock from three hours to twenty minutes. Thus, one of the liveliest and most promising early-day points becomes little more than a desirable residence section of a large and easily accessible city.

Mayor of Chicago

MAYOR THOMPSON of Chicago, has opened his campaign for reelection by attacking Great Britain. He finds fault with the king of England without explaining how, if elected, he will proceed to change the form of government over there...

It would seem that the comparative freedom of organized criminals in Chicago would furnish Mayor Thompson with ample ground for executive leadership without going outside. If he could offer evidence of sincerity in law enforcement and convince honest people that he is trying to protect their rights, he would be in better position to ask for reelection.

Always Had Depressions

IN CONTEMPLATING depressions, Roger Babson, business expert, calls attention to the fact that ten times in the last 90 years this country has been "ruined," but that it never failed to come back with colors flying and business booming.

Mr. Babson says he has traced economic conditions back to 1300 B. C., and that periods of depression happened in the days of the old kings who often had to let up on building temples to favored goddesses until conditions improved.

at capacity and expanding to meet unprecedented demands. It foresees stores crowded with customers and the customers endowed with unparalleled purchasing power.

Spring Arrives

SPRING was officially inaugurated Saturday, and while the sky was gray with intermittent sprays of rain, the behavior of the elements did not indicate an unseasonable turn to winter...

Light showers fell during the following days, but the snow and cold predicted by the weather bureau were mercifully withheld until next winter.

While here for a brief stop one day this week, travelers sent a child out to beg. Beggings by the little one, under 10, seemed to be the policy of the family in making a livelihood.

The Omaha Journal-Stockman says styles and habits of eating have an important influence on the farmer's business. It points out that short skirts and fur coats decreased the demand for wool and reduced the price.

While here for a brief stop one day this week, travelers sent a child out to beg. Beggings by the little one, under 10, seemed to be the policy of the family in making a livelihood.

R. R. Smith who has been spending the winter at Iowa City, returning here this week to look after farming interests, says that city has the most active loafers' club he has ever witnessed.

With his usual clarity and soundness, Dr. A. L. Bixby explains that in attacking sin and crime, he would hold up the multiplied benefits of correct behavior rather than shout the penalties exacted by failure to follow the orderly and upright course.

Noise By Few

Geneva Signal: In an interview given on the eve of his retirement from the federal farm board, Chairman Legge said the principal difficulty of the board was the failure of the six and a half million farmers to co-operate among themselves and with the board.

The public will think less of Theodore Dreiser and Sinclair Lewis, well known authors, as a result of evidence of bitterness between them at a recent meeting in New York.

The state legislature will soon adjourn, and with both state and national lawmakers retired for a season, politics may be allowed to quiet down and affairs of the country to proceed along undisturbed by partisan or sectional differences.

The one who, while off duty, looks out for his employer's interest is safely entrenched and has no reason to feel uneasy over the future.

The able-bodied wind which swept through the business district this week, prompted the suggestion that the city's street flusher ought to function.

It is touching to see a wife so accustomed to loyalty to her husband that she defends his opinions and acts when she knows they are wrong.

Legislatures.

York Republican: When a legislature is in session it may be quite proper to ask: What type of men make the best legislators? Watching the law making from the sidelines with some degree of interest...

Heroes.

An author complains that modern stories do not make their heroes heroic. Instead of a man of iron and courage, redressing wrongs and rescuing the innocent from peril, the hero appears as a weak saphead with no backbone, ready to cry just as the more valiant heroes save him from danger and soothe his agitated nerves.

Applies Everywhere.

Hastings Democrat: The wisest business policy Hastings can pursue at this time, or at any time, is to promote the welfare of industries already established, rather than neglecting them in an effort to secure the establishment of new industries.

Better Times Ahead.

(Omaha Daily Journal-Stockman) "We are in the midst of critical and uneasy times here, with insurrections breaking out which the government is endeavoring to put down with a strong hand.

Business.

Sioux City Journal: It has been understood all along that the present period of depression was worldwide. Practically every country has a large unemployed list with a heavy decrease in production.

Few Partisans Gather.

Geneva Signal: From meagre reports we gather that about thirty members of the republican party gathered at Lincoln one evening last week for some rather indefinite purpose.

Bovine Tuberculosis.

Geneva Signal: As you understand the matter, everybody who really knows anything about bovine tuberculosis considers it dangerous to human life and costly to the livestock interests of the state.

Yrk Republican: When a legislature is in session it may be quite proper to ask: What type of men make the best legislators? Watching the law making from the sidelines with some degree of interest...

PAYING THE PRICE.

Often the one who is inefficient or unwilling to pay the price, would keep up with the procession by restraining useful endeavor. He looks with envy and suspicion on effort that soars above his desire to work for his courage to venture.

# High School Debaters Try Forensic Skill At Northeast Nebraska Meet

### Upper Classmen Prepare for Commencement In Advance of Dates.

### Enter Competitions

### Commercial Group Gets Ready To Take Part in Norfolk Contest in April

Supt. H. R. Best and debate coach W. A. Behl accompanied members of the Wayne high school debate team to Hartington Wednesday to participate in the northeast Nebraska district two-debate tourney. Stanley Davis, Mary Jane Morgan, Max Hendrickson and Dean Winegar were speakers who went to defend the question, "Resolved: That the nations of the world should adopt a plan for complete disarmament, except for such forces as are entered for police purposes."

Other schools entered in the tourney include: Bloomfield, Wakefield, Cuyahoga, Newcastle, Hartington and Wayne college high school. J. Arthur Nelson of Fremont was the judge chosen for the affair. Hartington Lions club offered a trophy to be kept by the winner for one year. Winners will be advanced to the next state contest.

**Plan Spring Events.**  
Juniors are making plans for the annual junior-senior banquet which will be held sometime about the first of May. The affair will be sponsored by committees from the junior class. A pie sale held Saturday of this week will raise some of the necessary funds.

Seniors have decided on class graduation announcements, and hope to complete commencement plans soon.

No definite dates have been set for the track meets with Hartington and South Sioux City, although plans are made to have meets in the near future.

**Speaks on Law.**  
Atty. Brittain spoke to the class in vocations last week on the subject of law. It is the plan of the school to have some speaker discuss a vocation before the class each week, in order to familiarize students with the work of the world.

Charming fables in French are being learned in French classes two and three. Latin classes are having contests over points of grammatical construction. The class in Caege is beginning a semester project on the various phases of Roman life.

Commercial department pupils who will represent Wayne in the district commercial contest to be held in Norfolk April 4 are: Fawnel Beckenhauer, Maryann Noakes, Letha Portenfield, beginning shorthand; Charlene Brown, Romaine Simmerman, Elaine Gilderseave, beginning typing; Bertha Ludes, Flora Rhoads, advanced typing and shorthand; Mary Jane Morgan, Sophie Damme and Jeanne Wright, spelling.

**Prepare for Contests.**  
Preparing for the district music contest in the large group event to be held at Newman Grove April 10, boys' and girls' glee clubs are making arrangements for their numbers. The girls' glee club will

be entered as a unit, as will the boys' double quartet. High and low voice numbers for girls will be given, medium voice for men in the small group event at the college auditorium here April 11.

"The Preat Court," grade school operetta, will be presented at the Gay theatre early in May, according to announcements made this week.

**Have Birthday Party.**  
Gordon Johnson, of the kindergarten, treated his classmates to ice cream, cake and chocolate Easter rabbits Friday in observance of his birthday. Nan Nicholaisen, whose birthday was Thursday, had a treat of candy bars. Kindergarten are making Easter decorations for their classroom this week.

**Study Clothing Accounts.**  
Sixth grade arithmetic class is dealing with checking accounts, and playing "bank" in order to become familiar with the methods used in modern business. Check writing, the making of monthly statements, and stating of bills of merchandise have been considered.

Helen Westhouse's clever poem was voted the most original last week when sixth grade language class wrote verses.

In order to get an idea of "volume" in solids, Melvin Seymour brought to school one day last week a pound print of butter, which was cut into cubes.

Dorothy Ruter treated her classmates in their fourth grade one day last week in honor of their birthday. Fourth grade art pupils are making Holland posters this week. In the spelling contest, the Cronkusers are ahead of the Wildcats for the first time since the contest began.

"How England came to own most of North America" is this week's history topic in the fifth grade. Business letters are being written for language drill. In arithmetic, problems deal with the multiplication of fractions. Marjorie Hook had a birthday party Monday, March 23, when she treated the fifth grade with candy bars.

Lantern pictures are being used to help first grade pupils with their reading. They have been making Easter posters for art work this week.

"The Wind," by Robert Louis Stevenson, has been read in the second grade the past week. A booklet is being made to illustrate the verses. For story hour, "The Dutch Twins" is being read, and a special study of Holland supplies its.

**Study About Clothing.**  
Third grade is enjoying an interesting project, which concerns the making of clothing. In the third grade, too, the life of Robert Louis Stevenson is being studied.

**Seeing the Orient.**  
Lantern slides have vitalized the seventh grade geography class study of life in the orient recently. The slides are shown during class periods as a part of the lesson work.

Geography of Nebraska has supplemented the study of civics in the eighth grade. The new subject will probably continue to the end of the year.

Luncheon at 1 o'clock will be served by Mrs. Henry Kay, and a social time will follow.

Women of the U. D. club met Monday with Mrs. H. B. Craven. The time was spent socially.

Club plans next days next Monday, with Mrs. W. C. Smith, and Mrs. C. H. Fisher on the committee.

house early Wednesday evening to take tests. Two boys were to be prepared to pass the tenderfoot tests at that time, and plans were made to prepare others during the meeting. Mr. Albert was pleased with an attendance of 21 members at the last meeting of the group.

**Golden Rod Troop.**  
Girls of Golden Rod troop of scouts met Tuesday at the city school. Judith Stolpe had charge of folk dancing. The girls worked on tests in observation and child care. The troop meets next Tuesday at the college calisthenium at 5:15.

**With Mrs. J. T. Bressler, Jr.**  
Members of the Fortnightly club were guests of Mrs. J. T. Bressler, Jr., Monday. Mrs. Ralph Beckenhauer had the lesson on Iceland and Greenland and roll call was answered on the same subject. The hostess served luncheon. The club meets April 6 with Mrs. J. M. Brisben.

**J. A. O. Kensington Meets.**  
The members of the J. A. O. Kensington and guests, Mrs. Will Roe, Mrs. O. E. Haas and Mrs. Lloyd Powers, were entertained last Thursday by Mrs. Ed Owens. The time was spent in sewing and Mrs. Howard James read a paper on "Garden Flowers." Mrs. Owens served luncheon.

**For Luther Keeney.**  
Neighbors and relatives went to the L. P. Keeney home Saturday evening to surprise Mr. Keeney on his birthday. The time was spent in visiting and games. Midnight luncheon was served. Those present were the W. E. Back, Ray Perdue, Elhardt Pospishil, George McEachen, George Marten, Lloyd Weible and Vernon Keeney families. Mrs. Chris Weible and John Ernest Harrisfeldt and John Dav-

**Pleasant Valley Club.**  
Fifteen members of the Pleasant Valley club were entertained on Wednesday last week at the home of Mrs. Otto Fleer. Names of favorite early flowers were given for roll call. Mrs. L. R. Winegar read a paper on "Profitable Raising of Poultry," and the club discussed the subject afterward. The rest of the time was spent in games in which Mrs. J. P. Turner and Mrs. John C. Bressler received high hon-

ors. The hostess served. In April Mrs. W. H. Gilderseave entertains.

**Country Club Dinner.**  
The first of a series of Country club socials was held last Thursday evening at the I. O. O. F. hall. Dinner was served at 6:30 and bridge was played afterward by 68. High scores were held by Mrs. H. D. Addison and D. H. Larson. Hosts and hostesses were Mr. and Mrs. W. A. Hiscox, Mr. and Mrs. F. E. Strahan, Dr. and Mrs. Walter Benhaack, Mr. and Mrs. Henry E. Leyth, Mr. and Mrs. P. A. Theobald and Mr. and Mrs. Wm. Meljor. The second party of the series will be held April 2 at Hotel Stratton.

**W. C. T. U. Has Meeting.**  
Members of the W. C. T. U. were entertained Friday by Mrs. O. O. Mitchell, Mrs. W. C. Fox and Mrs. Dart Fox at the Mitchell home. Mrs. C. A. ### Home Tried Recipes

**Beet Relish**  
1 cup cooked beets;  
3 tablespoons horseradish;  
1 tablespoon lemon juice;  
1 teaspoon salt  
2 teaspoons powdered sugar  
Chop the beets, when cold, and add the other ingredients. This recipe makes a delicious relish to be served with cold meats.

**Ham Sandwich Filling**  
2 thin slices of cold boiled ham  
1-4 pound of cream cheese  
4 teaspoons prepared mustard  
A few English walnut meats  
6 sweet pickles  
Grind together ham, cheese, pickles and nuts, moistening with mustard. Spread between thin slices of buttered light or thick bread.

**Peach Melba.**  
A delicious dessert, and the one he heroine always orders in your favorite novel. To make it:  
Place a thin circular slice of sponge cake on a dessert plate. On the cake place half of a canned or preserved peach. Over the peach put vanilla ice cream, which should be covered with a rich raspberry sauce made with cornstarch, sugar, the juice of raspberries, a tiny dash of salt, and sugar if the juice is unsweetened.

**Chicken à la King.**  
1-4 cup butter  
3 tablespoons minced peppers  
1-4 cup sifted flour  
3-4 teaspoon salt  
Few grams paprika and a little pepper  
2 cups thin cream  
2 1/2 cups diced cooked chicken  
1/2 cup canned mushrooms or a few sautéed fresh ones  
1 tablespoon minced pimento.  
Melt the butter, and in it cook the minced peppers until they are soft. Add the flour and seasonings, blend well, and thin with the cream. Stir until smooth, bringing to a boil, and cook over hot water in a double boiler to prevent scorching. Add the chicken, the mushrooms, and the pimento. Serve very hot on thin, crisp slices of buttered toast.

**Cheese Pies.**  
A recipe much sought after by good cooks, and an especially appropriate one to use in preparing

were dinner guests Sunday of Mr. and Mrs. Carl Ritze at Pilger.

### Burns Sustained By Randolph Man

John Kelsch, 20, Randolph man, was seriously burned Monday last week when in a friendly scuffle with Alvin Frahm, the former's clothes were saturated with alcohol from a bottle that was broken. Frahm lit a cigar and Kelsch's clothing caught fire and his body was burned severely before the flames could be extinguished.

### WILL FINISH LINE WITHIN FORTNIGHT

April 1 is the date set for the completion of the natural gas pipe line which is crossing the Missouri river at Sioux City to furnish fuel to the packing plants. It is hoped that the fuel will be in use by that time.

### Early Days in Wayne County

(Taken from the Herald Files for March 27, 1913)

Wayne churches made a special feature of Easter Sunday.  
From the Bonca Journal, April 1, 1880—The Logan Valley is destined this season to receive a large population.  
Mrs. H. J. Graves, mother of O. E. Graves of Wayne, died at her home in Norfolk following a very short illness.  
Former Governor J. Frank Hanley of Indiana was scheduled to speak at the Wayne opera house concerning "Civic Improvement."  
W. L. Wischhof, son of Chris Wischhof, was married to Miss Laura Krueger, daughter of Mr. and Mrs. George Krueger, March 26, 1913.  
Mayor J. H. Kate and U. S. Conn gave out long statements against the licensing of saloons in Wayne, a question which was then coming up to the vote.  
The library board accepted the new Carnegie library building as complete from J. H. Foster & Son, and the place was ready to turn over to the public.  
A. J. Lynch of Sholes was called to Neola, Iowa, by the illness of his father, who was injured during a tornado which had passed through the town earlier in the week.  
The tornado which cut a path through the thickest part of Omaha Sunday afternoon, leaving death and destruction in its wake, was a source of excited interest in Wayne.  
Miss Anna Bartels, eldest daughter of Mr. and Mrs. Henry Bartels of near Wakefield, was married Feb. 25, 1913, to Fred Victor, son of Mr. and Mrs. Carl Victor. The ceremony took place at the German Lutheran church.  
Attorney F. S. Berry informed the Herald that about 100 cases were filed in supreme court ahead of the one speaking to compel the railroad company to build a new depot in Wayne, and that the depot case would doubtless be heard soon.  
R. McEachen brought to the Herald office a copy of the Los Angeles Herald the columns of which were devoted to advertising proposed investments and booming that city and surrounding country. Its advertisements show the ease and enthusiasm with which one can invest his money.  
Dakota City has great expectations in view of railroad extensions, etc. We should not be surprised to see that place (ancient and dull as it now appears to be) blossom out into a thriving town. Dakota City has a splendid class of inhabitants, and if any town ever deserved prosperity, Dakota City does.  
Several disastrous prairie fires raged in the southeastern part of the county, on Monday. M. L. G. Wright was caught in one of them while driving across from W. Lockwood's place to South Creek. His horses, wagon and harness were quite disagreeably scorched, his clothing took fire and the chance of escaping with his life looked at one time very doubtful. He escaped from the fiery furnace considerably singed.  
From the Wayne Herald, March 31, 1904: A mass meeting

was held at the court house in adopted calling upon authorities to farmer said that after enduring luxury of a buggy and doesn't now Wayne March 26, 1904, to prosecute automobile drivers who want that pleasure knocked in the neck against the reckless use of endeared the lives or property or head by misuse of these new-fan- automobiles. Resolutions were others on public highways. One been able of late years to enjoy the gled contrivances.

# STUDEBAKER PRESIDENT WINS national economy championship!

Free Wheeling President Eight sets new A.A.A. record for gasoline economy in famous Pacific Coast contest. Free Wheeling Studebaker Six wins second honors.

ANOTHER triumph for Free Wheeling. Only two Free Wheeling Studebakers were entered in the third annual Gilmore-Wrightwood economy run—and they won first and second place . . . in competition with 40 other cars of 20 makes from the very cheapest to the most costly.

While this run proved officially only the economy of Free Wheeling, it demonstrated conclusively the simplicity of Free Wheeling as well, since all drivers were women.

Mrs. William Harter, in a Free Wheeling President carrying five passengers, took first place with an American Automobile Association record of 46.71 ton miles per gallon of gasoline. Her car averaged better than 17 1/2 speedometer miles per gallon over the 200 mile route which extended continuously upward from sea level to 6000 feet elevation.

Mrs. Jeanne Frost, in a Free Wheeling Studebaker Six, won second honors. Her car averaged over 23 1/2 speedometer miles per gallon of gasoline but, because of its lighter weight, its ton mile average was 44.94. The Studebaker Six used less gas-

oline than any other sedan on the run. Neither car required the addition of oil or water. Free Wheeling not only saves gasoline and oil but chassis wear and repairs. It makes momentum take the place of gasoline—it gives you 10 speedometer miles for 8 engine miles. With Free Wheeling, you shift back and forth between high and second at any speed without touching the clutch. You get the greatest driving thrill and driving safety in motoring. Highway commissioners and safety directors, after driving Free Wheeling Studebakers, have pronounced Free Wheeling with positive gear control a new measure of safety to driver and public.

This same Free Wheeling has been adopted, by Pierce-Arrow and Lincoln. Decide now, that you will choose no new car of the old order until you first go Free Wheeling in a Studebaker President, Commander or Dictator Eight, or brilliant new low-priced Studebaker Six. See a Studebaker dealer today and arrange for a trial drive.

All Studebaker cars now have Free Wheeling. The Studebaker Six (\$795 to \$995), The Dictator Eight (\$1095 to \$1250), The Commander Eight (\$1555 to \$1730), The President Eight (\$1850 to \$2600). Prices at the factory.

**Week's Review of Herald Exchanges**

Herman Draeger died at Pierce Tuesday last week.  
A. E. Bowen will erect a new store building at O'Neill.  
Mrs. Frank Otto of Bloomfield, died last week at the age of 53.  
Peter Frahm, early resident of West Point, died last Thursday.  
Emil Kind, and Miss Helena Wagner of Wisner, were married last week.  
A brooder house and 500 chickens burned at the Ira Wilcox place near Coleridge.  
Miss Shirley Schindler of Emerson, and Ben Stolle of Thurston, were married March 14.  
Mrs. Theresa Grewe, 87, pioneer of Cumming county, died Tuesday last week at West Point.  
Miss Vernice Lind of Hartington and Clarence Knudson of Bloomfield, were married last week.  
James Newbigging of Wisner, suffered broken ribs when two horses he was separating pushed against him.  
Mrs. Angeline High, oldest woman in West Point, was remembered by many last week when she was 91 years old.  
John T. Hall of Pender, and Miss Catherine Thomas, Thurston county assistant, extension agent, were married March 14.  
Mrs. Herman Wachter of Pierce, died March 14 at the age of 60. Her husband, three sons and two daughters survive.  
Attorney A. M. Smith has been selected county judge by Thurston county commissioners. He takes the place of the late Judge Flynn.  
Bloomfield baseball league reorganized with El Hupp as president, E. E. Bruner, vice president, Roy Anderson secretary and Lyle Yeager manager.  
Norma Jean, 3, little daughter of Mr. and Mrs. John Zicht of Wisner, suffered a broken collar bone when she fell from the family car as the back door flew open.  
Three steers belonging to Edwin R. Chance of Stanton, died last week from eating mustard seed. Mr. Chance had, in picking over his seed oats, found 200 pounds of inferior oats which he fed the cattle, not realizing the excess amount of mustard.  
A purse containing about \$3,000 was found on the streets of Norfolk last week by Lawrence Eabwood. The pocketbook, which was badly worn and had \$800 in bills, \$2,290 stock sale check and a credit check for \$17. After examining the purse carefully Mr. Eabwood found the name of the owner, John Schilling of Meadow Grove, in it and returned the property to him.  
Well, the bandit business seems to be holding up.—Ohio State Journal.

## The "Better Homes" Spirit

Delco Light on the Farm Is the Best Method We Know to Create the "Better Homes" Spirit in the Wayne Vicinity.

THE Delco Light plant is as near perfection for a farm lighting system as human skill and ingenuity can make it. Not the slightest detail has been overlooked. An automatic choke makes starting easy, even in cold weather. Direct current from the generator operates from generator on small loads. Combines the advantages of both automatic and generator service.

## Seed and Bulb Exchange Planned in Wayne Soon

Four Checks Are Being Circulated In Payment of Obligations As Project In Thrift.

The flower committee, composed of Mrs. H. H. Hahn, Mrs. Ed. Miller, Mrs. Fred Blair and Mrs. A. B. Carhart, is to have charge of the seed and bulb exchange, planned by the Wayne organization of the Better Homes in America association, on Tuesday, April 14, Thursday, April 16, and Saturday, April 18, at Denbeck's market. Some members will be present on the above named days from 2:30 until 5 in the afternoon to have charge of the exchange. Those who have seeds or bulbs that they wish to exchange should bring them in labeled envelopes or sacks early in the week of the exchange and leave their orders

for seeds or bulbs they may desire in return. Early attendance is urged by the committee so that the largest number of people may be served.

The committee will be prepared to answer questions and assist in solving problems in regard to the selection and culture of annuals, perennials and shrubs. The women hope to have a limited amount of garden literature to distribute.

**Plan Window Display.** The efficient kitchen will be displayed in a window exhibit at the Judson store in Wayne Friday. The home management class of the Wayne State Teachers' college, taught by Miss Mary Currier, has charge of this. The aim is to show how a kitchen in the home of the person of moderate means may be furnished efficiently and attractively.

The class in foods, taught by Miss Currier, has arranged seasonable menus which will be printed else-

where in this issue. These menus are prepared with the idea of suggesting healthful and appetizing foods for this period of the year.

**Thrift Project Progresses.** Four checks of \$10 each, given by meat markets March 12 in payment of debts, are being circulated in the thrift project sponsored by the Better Homes committee. Each person receiving one of the checks is asked to endorse it promptly and pay a debt to someone in Wayne. The checks will be circulated until April 23 when they will be cashed by the holders. By the endorsements it will then be possible to determine how many hundreds of dollars in obligations they have settled.

**Committee at Head.** Mrs. P. A. Theobald is general chairman of the Better Homes plans. Her assistants are as follows: Home economics, Miss Mary Currier; landscaping, C. H. Fisher; flowers, Mrs.

H. H. Hahn; tour, Prof. F. G. Dale; carpentry and manual training, Prof. E. J. Huntmer; and publicity, Mrs. L. F. Perry.

**Urge Cleaning Yards.** The city council passed a resolution endorsing the Better Homes plan and urging persons in Wayne to make special effort to rid their premises of cans and other unsightly things.

**Plan Is National.** The Better Homes movement, of which President Herbert Hoover is honorary chairman, is national in scope. The aim is to improve homes of persons of average income. It also urges beautifying of grounds, improving home facilities and in general making a better, happier and more comfortable home life for everyone.

**Start Move in 1922.** The Better Homes in America organization was started in 1922, and President Hoover, then secretary of commerce, was chairman. Dr. Ray

Lyman Wilbur, secretary of interior, is the active head now. Dr. James Ford is executive director.

More than 7,000 communities entered the better homes campaign last year and a larger number will participate this season. The program varies in different localities. Schools, churches, clubs and other groups, as well as many individuals, are cooperating in the plans. Lectures, demonstrations and trips are among the features arranged. Lectures will probably be given in Wayne the week of April 26 to May 2. "Cooperation, not competition" is the suggested watchword of the better homes movement. A trip to beauty spots and suggestions for improving home grounds will probably be arranged also.

Clayton W. Watkins, extension forester from the college of agriculture in Lincoln, is serving as state chairman. Miss Mary Ellen Brown of the university, is state secretary.
