George Manton of Cherokee, Speaks To Kiwanians About Business.

Tells of Services

Chamber of Commerce Can Boost Town and Provide Mutual Help Among Merchants.

With the present day movement to large centers and the ease of travel and communication, the size of Wayne must make a greater effort than ever to attract visitors...

Weather Brings Unusual Warmth For The Season

The way the weather acted with the close of March and introduction of April, it looked as though the month would show a lot of ugliness.

Gamble Stores Come To Wayne

Company Leases Bookstore Building For Ten-Year Period From Jones.

Will Open In June

Will Dispose Of Business Conducted Past Thirty Years by Late F. H. Jones.

Gamble-Skogmo, Inc., last Friday leased for a period of ten years the Jones bookstore building and will open a store in Wayne the first of June.

The 148 Gamble stores in eight middle western states did a five and one-half million dollar business in 1930, an increase of one-half million over 1929.

Gamble stores employ many people and select workers from territory in which their stores are located.

Must Expand Retail

The future does not hold a great deal of promise in way of factories and other new enterprises for small cities, Mr. Manton believes.

Nebraska already has six Gamble stores and Wayne will make the seventh. Others are located at Beatrice, Fremont, Kearney, Norfolk, West Point and York.

Business Men Consider Commercial Club An Investment In Betterment

Modern Need Is Widening Of Trade Territory As Promised by Club.

Propose a Secretary

Many Discuss Plan to Hire Paid Club Secretary to Deal With Problems.

Commercial club organization is an investment in city improvement, says J. C. Nuss in discussing the proposal to organize such a club in Wayne.

Must Meet Change

A change has come over business in the last few years, he believes. Where the merchant formerly made a fairly large profit on the fewer items sold, he now makes a smaller profit on the item, but sells a larger number of articles.

County Assessors Begin Valuations

All Precincts Represented At Schedule Discussion Held Saturday.

- The public is cordially invited.
- The subject of the lesson-lesson read at all Christian Science churches and societies on Sunday, April 5, was "Unreality." The golden text, selected from the Bible was, "The things which are seen are temporal; but the things which are not seen are eternal." This and other Biblical selections are intended to show that there is a great difference between that which God knows and does and that which mortals often believe, and also brings out that mortal belief is the unreality which needs correcting by spiritual understanding.
- One citation read from "Science and Health with Key to the Scriptures," by Mary Baker Eddy (p. 277) is, "As God himself is good and is spirit, goodness and spirituality must be immortal. Their opposites, evil and matter, are mortal error, and error has no creator. If goodness and spirituality are real, evil and materiality are unreal and cannot be the outcome of an infinite God, good."
- Presbyterian Church.**
(Rev. P. A. Davies, pastor)
- At 7:30 next Sunday evening, the young people of the church plan to repeat the beautiful play pageant, "The Dream that Came True." Many who saw it before have asked to have it repeated, not only that they might see it again, but also with the thought that those who were not present might see it. The first time there were many present from Wakefield, Carroll,

Shooting Star

After seeing 14-year-old Arlayne Brown, above, of St. Louis, Mo., knock off moth balls and sniff out spiders from a distance with a 38 caliber revolver bullets, you got the idea she is rather a good shot. Here's where Motor Oil does its biggest job!

THIS SPACE MUST BE SEALED!

WHEN you put oil in your crankcase . . . remember—from there it goes to your cylinder—to that space between the piston and the cylinder wall. There is where oil does its biggest job! It must fit that space and seal the piston in every compression and power stroke.

Naturally this space changes with wear—and wear comes through mileage and usage. If your car or tractor is new and the space is small—a heavy bodied oil doesn't get into the space—and if you have driven it until the space has worn large, a light bodied oil lets your power blow by.

That is why the authorized Oplaine Dealer asks, "What's the mileage on your car, or hours of operation on your tractor?" This indicates how much space there is between the piston and the cylinder wall.

This space must be sealed—if you want full power from your fuel, if you want less dilution and sludge, less carbon trouble, less wear and lower repair bills. Seal the piston—and you have greater security and economy of operation, increased pleasure and satisfaction in driving.

Sinclair Motor Oil is made and sold in different grades to seal the power in your engine as the space between the cylinder wall and the piston changes.

Tell us the mileage reading on your speedometer, the hours of operation on your tractor—and we will give you not only an oil of the finest quality but correct lubrication.

Chattel Inventories List White Kid Gloves and Plain Sunbonnets

Shallow and narrow though it may be as a basis for judgment, most individuals notice clothing and personal belongings, and on them found their ideas of people they meet. Going through early records of life in Wayne county, one is impressed with the records of personal belongings, and from a reading of the faded ink records some colorful pictures of some of them are seen. Some of them a little odd, of the people who made the beginnings in this community.

Missing Beemer Banker Located

Paul Wupper, former president of the Beemer State bank at Beemer, Neb., who has been sought since September, 1928, in this country and Germany on charges of embezzling nearly a million dollars from the institution, which failed, is under arrest in Philadelphia on charge of bigamy. The long search came to an end when Frederick Brinkman, arraigned in Philadelphia on the bigamy charge brought by Mrs. Helwig Brinkman, who says she married him a year ago in that city, made the following statement: "I, the undersigned, am wanted in Lincoln, Neb., in connection with the closing of the Beemer State bank in 1928. Signed, Paul Wupper."
