Funeral Rites Held Saturday

Services Are Conducted At Home and Church Here For A. C. Thompson.

Passes Wednesday

Deceased Was Member of Thompson & Bichel Implement Firm Several Years.

Funeral services were conducted at the home in Wayne and at the St. Paul's Lutheran church Saturday at 2 o'clock for A. C. Thompson, who passed away at a Sioux City hospital Wednesday night.

Andrew C. Thompson, was born at Wayne, Neb., August 22, 1892. His early life was spent in the paternal home. He married Miss Esther Madsen June 4, 1913.

Mr. Thompson spent his life on a farm near Wayne until December, 1926, when he moved to Wayne and became associated with Ernest Bichel in the implement business.

Besides his wife and daughters, Mr. Thompson is survived by his mother, Mrs. Christ Thompson, of Wayne, and five sisters and two brothers as follows: Mrs. Theodore Larsen and Mrs. Thomas A. Sundahl of Wayne, Mrs. John Kay of Omaha, Miss Anna Thompson, Miss Nina Thompson, Jens Thompson and Eric Thompson of Wayne.

Parades will be in charge of another committee. Features from the entertainment may be used in the parade, but the committee hopes to have local floats and characters in costume for daily parades.

Prizes will probably be offered for the best floats, and pioneer floats will be most encouraged. The history of Wayne county is rich in incidents, and it has been suggested that highly successful floats could feature some of the thrilling episodes of an earlier day.

Those here from out of town for the funeral services were the following: Mr. and Mrs. Fred Thompson of Council Bluffs, Iowa, Mr. and Mrs. Ed Ginzell of Ruthton, Minn., George Madsen of Chicago, Mr. and Mrs. John Rockwell of St. Paul, Minn., Mr. Ed Thompson of Sturgis, S. D., Mr. and Mrs. John Kay and Mr. and Mrs. Kenneth Perry of Omaha, Miss Mildred Thompson of Sioux City, and Miss Vida Beck of Lincoln, Wis.

Business houses closed during funeral services.

Golden Jubilee Will Be Time of Real Homecoming For Pioneers And Former Residents of County

Town Will Be Decorated In Gold To Mark Fiftieth Anniversary Dates.

Review Finances

Plan Pioneer Floats for Parades To Be Held During Three-Day Celebration in City.

Wayne's golden jubilee, to celebrate the fiftieth anniversary of her founding, will be a real homecoming for pioneers and for former Wayne county residents who have moved away.

The board of directors met at the city hall Monday evening to check the results of the finance campaign and to start committee work on details of the entertainment.

Gold will be the color most used in decoration of the town for July 2, 3 and 4, dates chosen for the jubilee.

Don Cunningham states, it may be possible to list announcements.

Pioneers, early settlers, and prominent Wayne county people who have moved away will be invited to return to Wayne for a visit during the jubilee days.

Local musical talent will be called on for the occasion, and the committee may engage other musical groups.

Baseball games and athletic events will be featured, and every effort will be made by business men to make the town attractive and the occasion of the golden jubilee a memorable one.

NEW BUILDING ORDERS ADOPTED

Council Approves Ordinance on Fire Limit in Wayne Enforce New Rulings.

For Public Safety

Specifications Must Be Given to Council for Building or Other Work in Area.

Superseding the old building ordinance 197, passed in 1911, is the new ordinance, 363, making new provisions about building and creating new rules for the fire limit in Wayne.

The most important provision of the new ordinance is that no building which has been more than half destroyed by fire, for example, can be remodeled or repaired, altered, or added to.

Among interesting provisions in the ordinance, which the city attorney drew up, is the one which prohibits the construction within the city fire limit of any building of combustible material.

All plans for the repairing, altering, adding to and changing of the buildings within the fire limit, says the ordinance, must be filed with the council for permission.

In the new ordinance, the public will be protected during building operations by barricades and lights, and by police supervision in case these requirements are not fulfilled.

Many points, designed for the protection of public safety, have been included in the new ordinance.

Local musical talent will be called on for the occasion, and the committee may engage other musical groups.

The clerk read the annual financial report of the city of Wayne, which the council accepted.

The council determined to warn the public against the misuse of the city dump. Signs are posted prohibiting the disposal of automobile bodies in the dump.

Present Entertainment

In addition to the class exercises, Letha and Wilbur Porterfield will sing a duet, Mary Norton will give a reading, and Herbert Perry and Walter Sund will sing a popular song.

Seniors and juniors and members of the faculty went on a picnic Wednesday evening.

Plan Commencement

Dr. Frank G. Smith of the First Central Congregational church in Omaha will deliver the commencement address Friday evening, May 22.

GRAVEL IS WEAK AND WASTING BUT SAFER THAN DIRT

GRAVEL is better than nothing, but it is not lasting and in the long run doubtless costs more than paving. Late rains have proved that highways, long gravelled or thinly gravelled, are not altogether satisfactory.

It is plainly evident that highways must be freshly gravelled at proper intervals to keep them in good shape during wet weather. Iowa gravelled and then paved, and likely Nebraska will adopt the same policy.

The cheaper gravel enables more hard-surfaced roads for the expenditure, but they are subject to frequent repairs and replacements.

Some headway is being made in paving highways in this state and it will undoubtedly gain favor as time goes on.

In the meantime gravel serves better than impassable mud. With hard-surfaced highways north to Yanikon, south to Omaha, west to Norfolk and east to Sioux City, the next thing in order would seem to be gravel to Carroll and other sections northwest of here.

"I can't imagine what's the matter with me, doctor, I'm continually thinking about myself." "But, what do you most stop worrying over trifles?" "When the grass commences to get green, then you know for sure whether your house needs a new coat of paint." "A local doctor tells us a patient of his once asked him: 'Doctor, how long will it be until I'm well enough to eat the things that don't agree with me?'" "Don't you know, cried the motor car after the accident, 'that you should always give a woman driver half the road?'" "I always do," explained the unfortunate man, "when I can find out which side she wants."

"I always do," explained the unfortunate man, "when I can find out which side she wants." "Modernizing the old home is the popular idea now. It can be done without great expense." "Drive in for small bits of lumber to make minor repairs. We'll wire it on the old car in no time." "If there's a man in Wayne who doesn't feel self-conscious the first time he appears on the street in a new straw hat, we'd like to see him."

Dynamite Case Hearing Is Set. (Continued from Page One) store. He said the men were strangers to him. Kettler, according to testimony, sold twelve one-half-pound sticks of dynamite at 30c a pound and also some caps.

Testimony revealed that the three men returned to Emerson from Homer. Harold Pope, 16, testified that he was standing on the First National bank corner when the men drove up in the yellow car from the direction of Homer.

The youth's father called him to get into the car. The lad testified that his father had caps and fuses in his pockets. He also testified that the stick of dynamite was in a box in the front seat. Some conversation, the boy testified, centered about smoking in the car and some of the party thought smoking dangerous with dynamite in the machine.

Go To Creek To Fish. The group of men drove to Wakefield where they found Raymond Lute down town. The last named joined them. From Wakefield, testimony shows, the five went in the Pope car two miles east and about one and one-half miles south. They opened a gate on the west side of the road and drove through a pasture to Logan creek.

The party, according to testimony, fired one stick of dynamite and got two small fish. As this was not sufficient they abandoned the place and drove back to the road and then southeast along the drainage ditch for about one mile. This was in Thurston county and witnesses stated that two shots were fired at this point. The charges frightened a team which Glenn Lute, brother of Raymond Lute, was working in a field near the ditch. Glenn Lute talked to the party it was shown, and the five then moved northwest along the ditch to a point just south of a railroad crossing. The car, it was asserted, was left beside the road while the party went to the ditch where a cottonwood tree in the stream had forced the water to cut a deep hole in the bed.

The drainage ditch is about 60 feet wide at the point the men chose for fishing. The earth which was cut for the ditch makes the distance about 20 feet from the top of the earth pile to the water level. Hings, it was asserted, stated that he did not feel well and did not want to get into the creek. He and the boy, Harold Pope, were sent about 400 feet downstream, where the water was shallow, to pick the fish from the stream after Hings and Pope dynamited them at the hole. Harold was to wade in the water to pick up the fish. McAllister testified that he was too highly intoxicated to walk and he thus stayed at the car.

Dynamiting Dangerous. To dynamite fish, it was shown, the dynamite must be held in the hand until just ready to explode. If it is thrown too soon the fire goes out in the water before the fuse reaches the powder. Pope and Lute were lighting their dynamite, the fourth stick they exploded that day, when the powder discharged before they anticipated and the two were fatally injured.

Throws Powder Away. Hings testified that after the discharge he ran to the bodies and pulled fuses and caps out of the pockets in Pope's clothes. He also testified that he threw these and the remaining sticks of dynamite and the fish into a deep hole in the creek. Dynamiting fish is a crime and charges were filed against Hings and McAllister after the fatal accident. No charge was filed against Harold Pope who is 16 and who was invited by the others to join the group.

Oscar Magee testified that his land is in Thurston county, that the northwest corner post on his land is five rods from the ditch and that another post on his land is on the opposite side of the ditch and is on the county line. The county surveyor's findings last Friday bore out Magee's testimony.

Thurston County Judge Archie Smith is attorney for Hings, and Phil F. Verzani of Ponca, is attorney for McAllister. H. D. Addison is attorney for the state. A member of the attorney general's staff from Lincoln will also be here as attorney for the state in the next hearing.

Use of bills within the area covered by a newspaper means lack of confidence in the coverage of a newspaper and belief that people respond more to bill advertising than to newspaper advertising.

Grade Youngsters Present Operetta At Gay Theatre Wednesday Evening When "The Forest Court" Is Held

Story of a Small Boy in Court Before Judge Owl Is Told in Songs.

Includes All Grades

Charming Partonimes Are Played In Choruses by Children in Grades.

"The Forest Court" by Grant Schaefer, is the operetta in which grade school folk appeared at the Gay theatre Tuesday evening of this week. Miss Arline Urban, music instructor in the schools, was in charge of the production. She was assisted by Miss May Giles and Miss Vera Mae O'Neil. The high school music class served as the production staff, and Wilbur Portertield took charge of the scenery and stage production.

The operetta was the story of a small boy who played in the woods until he was so tired that he fell asleep and the fairies conspired to catch a spell over him. When Judge Owl takes Tommy, played by Russell Fox, to the Forest Court, it is discovered that the small boy has saved a butterfly, so he is allowed to go free. Then all the forest folk hold a revel in which many gay folk dances and songs are included.

In Character Cast:
The part of Tommy, the small boy, was taken by Russell Fox. Four children who appeared in the early part of the play were LeRoy Sund, Phyllis Pinkham, Margaret Larson, and Orval Graham. Lloyd Surber and Fred Glederslev were the two elves, and Mildred Ann Mau was the Cheer-up Cricket. Roberts Baker took the part of Spirit of the Stream, and leaders in the Rippling Water act were Betty Ellis, Marjorie Hook, Kathryn Young and Mildred Ring-

Lyle Stevens was the First Leaf of the season, and Mary Catherine Cavanaugh and Marjorie Glederslev played the parts of Bluebells. Elaine Ringler and Margaret Fitch were Bunnies. Mona Jane Hill and Betty Jean Glederslev were Pansies. Carol Jean Nicholas and Dorothy Beeks were Poppies.

A Wise Old Owl
Wayne McMaster was Judge Owl in the court, and Junior Rae Lee took the part of the First Owl. Walter Ellis was the Rabbit and Barbara Hook was the Tortoise messengers in the court. Shirley Powers was the Windflower and Marian Vate was Silver Wings. Jean Mines took the part of Queen of the Fairies.

Ring dancer: LeRoy Bonavitz, Junior Cartwright, Betsy Dunn, P. Harrington, Roland Mahndie.

Raymond Murray, Donald McPherson, Ruth Jean Phillips, Harold Racherbaumer, Betty Sund, Betty Ann Zepplin, James Hurlbert, Warren Swinney, Wilbur Ahlvers, Robert Bentback, Mildred Franzen, Ralph Hachmeier, Wilma Jean Hoguewood, Harold McPherson, Violet Reibold, Arline Ulrich, Irene Beeks, Patricia Brown, Richard Ellis, Darrell Johnson, Mildred Junck, Billy Kemp, Wendall Swinney, Jack Penkollow, Dorothy Reibold, Robert Thies, Scotty Thompson, Roma Chiscott, John Harrington, Eleanor Sadill, Van Bradford, Robert Cook, Junior Hachmeier, Jessie Louise Johnson, Elma Mae Jones, Norman Mahndie, Vern Neve, Maxine Conyers, Elvin Swinney, Wilma Stenson, Elizabeth Blair, Fern Evans, Carlyle Horrell, Chesler Jensen, Arnold Junck, Dorothy Liedtke, Eston McGarrah, Wilson Newberry, Verdun Hurlbert, Dorothy Comstock, George Ahlvers.

An audience of good size attended the affair at the theatre Tuesday evening. The hour was set for 8 o'clock so the children could be in early.

Hydro-Electric Dam.
Verdigre, Neb.—The new hydro-electric dam which was proposed last fall by a construction company soon will be a reality. Engineers have started to survey the land and

make soundings. The dam site is 10 miles northwest of Verdigre and land was purchased from Joseph Kurka and Theodore Birt, farm owners bordering the Niobrara river.

Four hundred cars of cement will be unloaded at Verdigre and trucked to the dam site. A road nearly has been completed by the grading crew. The dam and electrical installation will conform with that of the company's Spencer dam, and will furnish electric energy to this part of Knox and adjoining counties.

Company To Open Season In Wayne

Walter Savidge Amusement Organization To Begin Twentieth Year.

Walter Savidge Amusement company opens its twentieth season in Wayne Monday, June 1, and for one entire week will bring all new plays in the canvas theatre as well as new novelties and shows on the midway. Band concerts will be given each day, and free acts will be presented at the grounds each afternoon and evening. The company will be in Wayne only one week this season.

The big dramatic company will present the best of dramatic plays this year with a new cast. New Verdigre will be featured between acts.

"For Crying Out Loud" is the three-act comedy for the first night, Monday. This play is by Joe Lawlis, well known actor-playwright. The story rotates around a family by the name of Kelly, their poor friends, rich friends and Yiddish friends. An equal volume of pure comedy material is seldom found in a play. Those who liked "Abe's Irish Rose" will be more than pleased with "For Crying Out Loud."

"Modern Wives and Absent Husbands" a story of southwest Texas, written by Edmond Pauls, will be featured.

"A Little Hoodlum," comedy-drama in three acts by Ted and Virginia Maxwell, is one of this season's feature plays.

The Thursday play is "The Schmeer's Reward," three-act comedy-drama by Tracy Markey.

"The Eighteenth Amendment," which will be presented Friday evening, is the feature of the week. This play deals with a subject of vital interest to every father, mother, son and daughter.

A three-act comedy-drama is scheduled for showing Saturday afternoon at 2:45. "Married for Money," comedy-drama by the actor-author, Tracy Markey, will be featured Saturday evening.

On the well-lighted midway will be found the merry-go-round, ferris wheel, kiddie-rides and others.

Baby May who is known as the American fat girl, weighing 450 pounds, will be here. She speaks seven languages. Both her illusions will also entertain. European novelties, another sideshow, has strange and curious people from all parts of the world. Koo Koo, the bird boy, Clara-Leroy, sister and brother born joined together, and other living and amazing human paradoxes will be with the company. Mr. Savidge has gone to considerable expense to bring this circus sideshow from the east for this season.

Frank Gallagher of San Antonio, Texas, stage director, and Oscar Seibel of Chippewa Falls, Wis., head canvas man, and two assistants arrived the first of the week. Others of the company will be here within a few days and preparations for the season will be under way.

The Savidge company will travel in its special train through western Nebraska and South Dakota, returning to this state for several fall fair engagements.

Ponca Seventy-five Years Old Now

Ponca, Neb.—Seventy-five years ago, in 1836, the first white settlers, a mere dozen, camped the first night on the south bank of the Aoway, within a stone's throw of what now is Ponca.

Adam Smith built the first log house a half-mile south of Ponca. These first settlers, who came from Pennsylvania, selected their land near each other for protection from the Indians. The number of pioneers steadily increased during 1837-38, and in the latter year Dixon county was organized.

Goose Lake Popular.
Clearwater, Neb.—While big bass stories must be halted for a time, Goose lake bullheads have come in for their share of attention. There were at least 50 active fishermen here and at one time no less than 100 cane poles were planted here and there on the shores. Several hundred large yellow lake bullheads rewarded the anglers.

But it was not so much the catch that interested sportsmen as learning that the great body of water, fishless for so long a time, is fairly teeming with small bullheads.

Hurt In Accident.
Madison, Neb., May 11—Fritz Dittberner Jr., about 23, received a fracture of a collar bone about 1:30 Sunday morning when his automobile struck a guard-rail post a mile south of the highway corner just west of here.

Dittberner's car was almost totally wrecked. He was alone at the time. Dittberner lives about four miles southwest of Madison.

SPRING FESTIVAL TO BE HELD HERE

Mission festival of the Swedish Mission church begins with a program sponsored by the young people at next Thursday evening. Music and readings will be part of the program, and the speaker will be Rev. Paul F. Erickson, new pastor of the First Covenant church in Omaha. Rev. Erickson is a graduate of Leland Stanford university. The festival is being planned as a benefit for North Park College in Chicago.

Services are planned for Friday, Saturday and Sunday, when the congregation will have a covered dish dinner together at noon.

Rev. K. A. Isaacson of Aurora has promised to come as one of the speakers for the spring mission festival.

Has Surprise Sunday. Mrs. C. W. Long had a Mothers' Day treat Sunday when her daughter talked to her long distance from Kay Cee Wyoming.

Have Fine Rain. The slow-falling rain of this week had averaged 1.06 inches up to Tuesday noon, according to records kept at C. W. Long's drug store.

Taken To Hospital. Kenneth Cornell, who went to Wayne Friday evening for treatment, underwent an appendectomy Saturday morning. He is reported to be convalescing nicely now.

Go To Convention. A number of members of the Methodist societies plan to attend the twenty-sixth annual conference to be held in Norfolk next week. Rev. and Mrs. R. Poe hope to attend Wednesday's meetings.

To Teach at Winnetoon. Miss Margaret Kohlmeier, who is this year a student at Wayne State Teachers College, is to teach at Winnetoon next year. She will have charge of the seventh and eighth grades, and is to teach Latin in the high school. Miss Kohlmeier spent Mothers' Day at home.

Pond Is Finished On Schroeder Farm

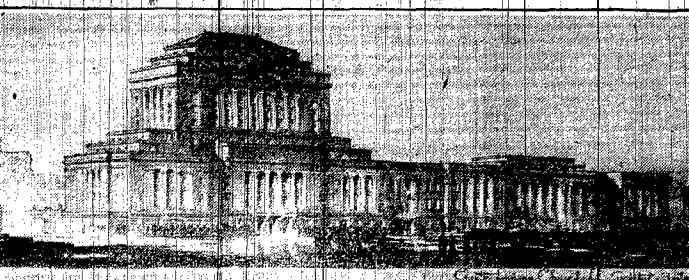

Drag line dredge finished Saturday work of digging a pond on the John Schroeder farm. The pond is in a pasture and is fed with natural springs. Schroeders will stock the water with fish.

A similar pond was recently dug on the Charles Schroeder farm. Alfonso's parting wisecrack, we take it, was, "Well, here's one Bourbon that won't be aged in wood." Virginian-Pilot.

CHURCH ANNOUNCEMENTS

Church of Christ. (G. B. Dunning, pastor) 10 a. m. Bible school, Mrs. R. H. Jacques, superintendent. 11 a. m. worship and communion. 7:00 p. m. Christian Endeavor. 8:00 p. m. Wednesday prayer meeting.

New Christian Science Publishing House

Boston, Mass. — Continued growth of the activities of The Christian Science Publishing Society has necessitated expanded facilities. To meet this condition the Christian Science Board of Directors of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, will erect, as soon as plans and arrangements are completed, a new Publishing House.

The new building, which will cost in the neighborhood of \$3,000,000, will occupy approximately 58,000 square feet of ground bounded by Massachusetts Avenue, Norway, Falmouth and Clearway Streets, Back Bay. Operated by Mrs. J. T. Bressler, jr., at the console. Special choir music by Miss Gladys Sulerud, music director, in charge.

No evening services in this church as we will join in the baccalaureate service at the Presbyterian church.

We greatly appreciated the fine congregations in attendance at the services last Sunday. The fine loyalty of the membership gladdens and cheers.

Immanuel Ev. Luth. Church. 4 miles north and 3 east. (Rev. F. C. Doctor, pastor) Services in the English language next Sunday at 10:00 a. m. Sunday school after the services.

Christian Science Society. Services, 11 a. m. Subject "Mortals and Immortals." Golden text, Gal. 6:8.

The public is cordially invited. The subject of the lesson-reading at all Christian Science churches and societies on Sunday, May 10, was "Adam and Fuller's Man." The principal object of the lesson was to show that man in God's image and likeness is spiritual and never has fallen to a lower plane, and that the story of Adam and Eve in the Bible is in reality a denial of the popular supposition that man is or can be material.

READING AND PASSAGE OF ORDINANCE NUMBER 363. Ordinance No. 363 was introduced and was read for the first time, the same being an Ordinance prescribing and naming the "Fire Limits" of the City of Wayne, Nebraska; prohibiting the use of certain building materials therein; prohibiting the moving of buildings constructed of combustible materials within said "Fire Limits" or from any part of this City into said "Fire Limits" except under certain conditions prescribed therein; providing that any person desiring to erect or remodel any building, or to make excavations or underground constructions within the corporate limits shall secure a permit in writing before commencement of such work; prescribing the extent and character of repairs to existing buildings or structures which will be permissible; requiring the removal of buildings and structures when damaged by fire; prohibiting accumulations of combustible material within said "Fire Limits"; providing for the repeal of prior ordinances in conflict; prescribing the time when this ordinance shall be in full force and take effect; and providing the penalty for the violation of the several provisions of this ordinance.

It was moved by Councilman Horney and seconded by Councilman Ellis that the rules requiring an ordinance to be read on three separate days be dispensed with and that Ordinance No. 363 be passed to its second reading. On roll call by the chairman the following members voted "yes": to-wit: Bichel, Lewis, Miller, Wright, Ellis and Horney. None voting "no." Motion was made by Bichel and seconded by Horney that the rule requiring an ordinance to be read on three separate days be dispensed with and that Ordinance No. 363 be passed to its third and last reading. Motion put by the chairman and on roll call the following members voted "yes": to-wit: Bichel, Lewis, Miller, Wright, Ellis and Horney. None voting "no." Motion was made by Bichel and seconded by Horney that Ordinance No. 363 be passed as read. Motion put by the chairman and on roll call the following members voted "yes": to-wit: Bichel, Lewis, Miller, Wright, Ellis and Horney. None voting "no." Motion was declared carried and Ordinance No. 363 was duly passed and is as follows:

Ordinance No. 363. An ordinance prescribing and naming the "Fire Limits" of the City of Wayne, Nebraska; prohibiting the use of certain building materials therein; prohibiting the moving of buildings constructed of combustible materials within said "Fire Limits" or from any part of this City into said "Fire Limits" except under certain conditions prescribed therein; providing that any person desiring to erect or remodel any building, or to make excavations or underground constructions within the corporate limits shall secure a permit in writing before commencement of such work; prescribing the extent and character of repairs to existing buildings or structures which will be permissible; requiring the removal of buildings and structures when damaged by fire; prohibiting accumulations of combustible material within said "Fire Limits"; providing for the repeal of prior ordinances in conflict; prescribing the time when this ordinance shall be in full force and take effect; and providing the penalty for the violation of the several provisions of this ordinance.

Section 2. DEFINITION OF TERMS—For the purposes of this ordinance the word "Building" shall be construed to mean a house for business, residence, or public use or for the shelter of man or beast or the storage or display for sale of goods, wares, and merchandise; or any erection connected with the temporary or permanent use of man; any fixture or article of a chattel nature which can be severed from the land after having been affixed to it. The word "Structure" shall be construed to mean any production or piece of work used for shelter, artificially built up or composed of parts joined together in some definite manner and not necessarily affixed to the land, although resting upon it and capable of being moved from one place to another.

Section 3. NEW CONSTRUCTIONS AND ADDITIONS: MATERIALS PERMITTED—No combustible or wooden building or structure shall hereafter be built within the "Fire Limits." Every building hereafter erected or enlarged within the "Fire Limits" shall be enclosed on all sides with walls constructed wholly of stone, well-burned brick, terra cotta, concrete or equivalent incombustible materials, including roofs and dormer windows, and covered with noncombustible material with tin, iron, slate

tile or fireproof roof. All corners shall be of incombustible material. No alteration or addition to any frame, stucco, or iron-plated structure now located in said "Fire Limits," increasing the size of such structure, shall be made unless the same is made of incombustible material.

Section 4. MOVING BUILDINGS, BOND REQUIRED—It shall be unlawful for any person to move any frame building or building of combustible material from any part of said City into the territory described in Section one (1) hereof, or to move any such building from one place to another within said territory. Provided, that upon application in writing from the owner or agent, permission may be granted by a two-thirds vote of the Mayor and Council for a temporary removal of said combustible building to such a location in the street or other place within such "Fire Limits" as said council shall specify, when the owner of any such building desires immediately to construct on its former site a building of non-combustible material and shall immediately after the completion of said non-combustible building move said combustible building outside of the said "Fire Limits" and providing further, that before any such permit shall be issued, the owner or agent desiring the same shall furnish the City of Wayne, Nebraska, with a good and sufficient bond conditioned to save the said City harmless from any liability occasioned by such removal and the payment of a penalty of ten (\$10.00) dollars per day for each and every day such combustible building is allowed to remain on its temporary site after the completion of the non-combustible building.

Section 5. BUILDING PERMITS: PERMITS TO CONSTRUCT OR TO REPAIR—It shall be unlawful for any person to construct any new building or structure or to alter, improve, repair or add to any now existing frame structures located within the corporate limits or to begin the construction of any building within the corporate limits of the City of Wayne, without first obtaining a permit therefor as required by the provisions of this Ordinance. Applications for the construction, alteration or repair of buildings or structures outside the "Fire Limits" shall be in writing and made to the City Clerk and permits therefor shall issue as a matter of course. Applications for the construction, alterations, improvement, or repair of buildings and structures within the "Fire Limits" shall be in writing addressed to the Mayor and Council of said City, and shall be accompanied by a copy of the plans and specifications for the proposed construction, alteration, improvement or repairs. If such plans and specifications are in conformity with the provisions of the ordinances of the City of Wayne, Nebraska, the Mayor and Council shall order the issuance forthwith of a permit to the applicant therefor. Such permit shall be issued by the City Clerk under the seal of the City, and a record shall be kept by the Clerk of his action and the action of the Mayor and Council in the action of the Mayor and Council in the construction of the building authorized to be erected or repaired, in any manner so that such building shall conform to the ordinances of the City of Wayne. Permits to repair, alter, improve or add to existing frame structures within the "Fire Limits" shall be granted where the repairs, alterations, improvements or additions to be made change or affect not more than fifty (50%) per cent of the original structure (exclusive of foundation) and where alterations, improvements or additions are made of materials prescribed in Section three (3) of this ordinance; provided, however, if the application to repair, alter, improve or add to existing frame buildings within the "Fire Limits" change or affect more than fifty (50%) per cent of the original structure (exclusive of foundation) such application shall be refused until the applicant shall request a permit to erect a new building or structure of non-combustible materials governed by the provisions of this ordinance. Repairs, alterations or improvements to existing non-combustible buildings or structures in said "Fire Limits" shall be allowed only on condition that materials prescribed in Section Three (3) of this ordinance be used in the making thereof. Provided, however, permits for minor repairs such as to stop leaky shingle roofs where the work might be construed as patching, or covering small areas on the outside or inside of combustible buildings, shall not require fireproof materials.

Section 6. BARRICADES AND LIGHTS—It shall be the duty of the owner, tenant, lessee or contractor, and of all of any of them, during the construction of any building or improvement upon or near the line of any public street, highway, alley, or sidewalk, to have all excavations and exposures of any kind protected and guarded by suitable guards or barricades by day, and by warning red lights at night. In case of the failure, neglect, or refusal of said persons, or any of them, to erect such guards and keep the said street, highway, or sidewalk well and securely guarded, it shall be lawful for the

Street Commissioner or any Police Officer of said City forthwith to stop all work upon said building and improvement until the said guards are erected and kept in the manner aforesaid.

Section 7. EXTERIOR, DIVISION AND FIRE WALLS, THICKNESS OF: BRICK VENEER BUILDINGS: FOUNDATIONS: BASEMENTS—All exterior or division walls of buildings hereafter erected in said "Fire Limits" shall be of sufficient thickness to support the load to be carried. All exterior or division brick walls in one story buildings shall be not less than eight (8) inches in thickness; in two story buildings shall be not less than twelve (12) inches in thickness in the first story and shall be not less than eight (8) inches in thickness in the second story; in three story buildings shall be not less than seven (7) inches in thickness in the first story, not less than twelve (12) inches in thickness in the second story and not less than eight (8) inches in thickness in the third story. Reinforced stone or gravel concrete exterior or division walls with steel reinforcements running both horizontally and vertically and weighing not less than one-half (1/2) pound per square foot must have a thickness of not less than eight (8) inches. That portion of exterior brick walls exposed to street shall be faced with pressed brick. That portion of exterior hollow tile walls exposed to street or alley shall be faced with stucco not less than one (1) inch in thickness, or at the discretion of the owner, that portion of wall exposed to street may be faced with pressed brick. Fire walls shall be not less than eight (8) inches in thickness. All division walls shall be constructed so that their thickness shall be not less than twelve (12) inches. No brick veneer buildings will be permitted or allowed to be constructed in the "Fire Limits." Foundations, excavations and cement basements shall be constructed of fireproof material, in a workmanlike manner and in accordance with the best practice in the building industry.

Section 8. IRONCLADS—All buildings, sheds and structures known as ironclads, that is, buildings, sheds or structures constructed of wood and covered with sheet iron or tin, or by sheet iron or posts or any skeleton support structure of wood or combustible material, shall be considered and deemed for all purposes within every section of this ordinance to be constructed of combustible materials and the erection of such buildings, sheds and structures is hereby prohibited.

Section 9. REMOVAL WHEN DAMAGED BY FIRE—Whenever any wooden or combustible building or structure or any non-combustible building stands within said "Fire Limits" and it has been or shall be damaged by fire or other casualty to the extent of five (5%) per cent or more of its value (exclusive of four (4) percent of the value taken over or rebuilt, but shall not be taken over and removed within the (30) days from the date of such fire or other casualty, and it shall be unlawful for any person, persons, company or corporation to repair or rebuild any such damaged building or structure, or for any owner thereof to fail to remove any such damaged building or structure within thirty (30) days after notice to do so from the Mayor and Council of the City of Wayne, Nebraska.

Section 10. ACCUMULATION OF COMBUSTIBLES—It shall be unlawful for any person or persons to stack, pile or accumulate any hay, straw, garbage, refuse or any other combustible material of any nature within said "Fire Limits."

Section 11. VIOLATION, PENALTY—Any persons, persons, firm or corporation who shall violate, neglect or refuse to comply with, or who resists or opposes, the enforcement of any of the provisions of this ordinance shall, upon conviction, be fined not more than one hundred (\$100.00) dollars for each offense, and every such person, persons, firm or corporation shall be deemed guilty of a separate offense for every day on which such violation, neglect or refusal shall continue, and any builder, contractor or owner who shall construct, or cause to be constructed any building or any part of such building, in violation of any of the provisions of this ordinance, and any architect or other person designing or drawing plans for, or having charge of, such building or part of such building, or who shall permit it to be so constructed shall be liable to the penalties provided by this section; and the person or persons so found guilty shall stand committed to the City Jail until such fine and costs of prosecution be paid, secured, or discharged as provided by law.

Section 12. REPEAL OF PRIOR ORDINANCES IN CONFLICT—All ordinances and parts of ordinances, including Ordinance No. 197, passed and approved prior to the passage and approval of this ordinance and in conflict therewith are hereby repealed.

Section 13. WHEN OPERATIVE—This ordinance shall be in full force and take effect from and after its passage, approval and publication according to law. Passed and approved, May 12, 1931. ATTEST: W. S. Bressler, J. G. W. Lewis, City Clerk, Acting Mayor. SEAL. J. G. W. Lewis, Acting Mayor.

Contest Entered In Clark Estate

Notice of Appeal Is Given by Mabel Clark Wilhelm in Father's Will.

The will of Aaron B. Clark, filed in Wayne county court June 30, 1928, was admitted to probate on Tuesday this week. In behalf of the daughter of deceased, Mabel Clark Wilhelm, Attorney C. H. Hendrickson filed objections and gave notice of appeal to district court. F. S. Berry is attorney for the estate. Absence of Mrs. Wilhelm, who was in the Philippines, and of Mrs. Margaret E. Clark, who has been ill in California, have delayed action on the will. Neither was here Tuesday when the instrument was admitted.

The will, which was made out April 15, 1927, provides that after funeral expenses have been paid and a monument placed in Greenwood cemetery, Mrs. Margaret E. Clark, wife of the deceased, shall receive \$3,000, to be paid at the rate of \$500 a month. To her shall be given all of the household and personal effects of deceased at Wayne and Los Angeles, Calif. Mrs. Clark is also to receive lots 15 and 16, Crawford and Brown's addition to Wayne, this being the family residence property. The will provides for a gift of \$1,000 to Mabel Clark Wilhelm.

After the above provisions have been fulfilled from the property of the late Mr. Clark, all his remaining personal property and all real estate not before devised are to be evaluated by the executor of the will, each piece of land separately, and Mrs. Clark is to select such real estate as she desires, not exceeding in net value one-half of the total as fixed by the executor. After accepting this she relinquishes all right to other property.

The residue of Mr. Clark's property, real and personal, shall be bequeathed in trust to Robert A. Shug of Coleridge, nephew of deceased, and to Fred S. Berry, who shall receive rents, interest and profits from said property and pay therefrom to his daughter, Mabel Clark Wilhelm, the sum of \$100 a month during her life, or \$150 a month if she is not properly supported. If she needs a home, the will provides that she shall have one. On the death of the daughter, the sum shall be paid \$100 a month to Glen Wilhelm, her son, until he reaches the age of 25; when the last named reaches the

age of 25 or if he is 25 when his mother dies, he receives the half of the Clark estate from which payments are made. Should Mr. Clark's daughter and grandson both die, the half of his estate left to them shall be divided in equal shares among May Clark, Robert A. Shug, Clyde Shug, Ida Clark, George Clark, Grace Clark, Ellen Clark Horn and Mildred Wright.

Robert A. Shug and Fred S. Berry, executor and attorney for the estate, shall have charge of all business connected with the property and shall be paid annually for their services.

Slow Rains Soak Nebraska Fiefs

"Excellent for the crops," farmers pronounce the slow, soaking rains of Friday, Saturday, Sunday and Monday. Although the total amount of rain falling during those three days did not exceed one to three inches in northeast Nebraska, the slowness of the downpour was of the variety that typifies a helpful shower. Wayne had a total of 1 1/2 inches and Wakefield reported a fall of 1.06 inches.

Roads were soft, and even the gravelled highways were soaked with the excess moisture. Farmers are looking for good growing weather to bring things out, and to dry the land for corn planting.

Presbyterian Church (Rev. P. A. Davies, Pastor) Stewardship implies planning, and applies to time as well as money. Hours of service to be remembered for next Sunday, Sunday school, 10 a. m. It is our hope that the new hymn books will be here for this service. Morning service, 11 a. m. At this time the new elders elected at the Congregational meeting are to be ordained and installed. At the close of the service, the Lord's supper will be celebrated.

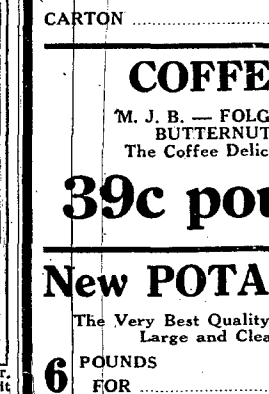

Intermediate and Young People's C. E. services at 6:30 p. m. High school baccalaureate service, 8 p. m. Rev. W. E. Braisted will deliver the message.

Even though it rained, Mother's day services were well attended. Mrs. T. T. Jones assisted by Mrs. W. E. Vail, Mrs. Chas. Ash, and Mrs. Frank Gamble, entertained the Missionary society Wednesday afternoon. Mrs. Howard Hanson had charge of the lesson while Mrs. A. R. Davis led the devotionals.

Circus Days In Seventies Were Gay Occasions Asserts Old Advertisement

Northern Nebraska Journal Has Growing Account of Entertainment.

Allow No Gambling

Sidewalk shows and menageries are barred from World's First Legitimate Big Top.

Gayety was gayety in the days of the great New York circus which came to Ponca Saturday, August 10, 1878, to play a one-night stand. Perhaps moderns have had their taste spoiled. Perhaps too many spectacular talkies have made spectators a bit blasé. At any rate, a circus is just a circus today. And in the seventies, a circus was an event.

Says the two column advertisement in the Northern Nebraska Journal of that date: "The greatest New York Circus, the giant enterprise of America. Wait for it. Wait for it. Don't fail to see it. One hundred and sixty men and horses in the oldest and only legitimate circus on earth must have seemed stupendous. One can almost hear the impatience of children retting to get to the circus early when the horses were slow. What quantities of pink lemonade and other beverages, sold under license, must have flowed on circus days!

Harbors No Thieves.

Menageries, no sidewalk shows, no gambling, said the advertisement, which was adorned with three, only three, small illustrations. But better than anything, in the mind of the circus advertising manager, was the presence of no "clothes line thieves," whatever they might be. Apparently, one could safely wear his fine gold watch, an assortment of charms, and perhaps a seal ring, with perfect safety.

Thirty-four star artists appeared with the troupe, it is forewarned in the newspaper. Among the artists were to be seven great equestrians, including Mlle Josphene, premier equestrienne; John McMahon, the daring bareback and hurdle rider; Little Lizzie, the pet of the public and the smallest two-horse rider in the world; Wm Demotta, the beautiful trick rider.

Cherry County's Farms Fewer in Number But Big

Nebraska's largest county, Cherry, whose spacious distances would swallow up the states of Connecticut, Delaware and Rhode Island in one gulp and leave the District of Columbia for dessert, has only 1,401 farms, but, believe us, they are no back lot truck patches. There are 814 of them over 1,000 acres big. In fact, the average size farm in Cherry county is 2,310.4 acres. The federal census bureau, you see, does not make a distinction between a farm and a ranch; they are all farms to the enumerators at Washington.

There are 3,531,488 acres of land in Cherry county. Remember this county is approximately 99 miles long and 62 miles wide with an area of 5,986.7 square miles within its borders. What land is not taken up with lakes is converted into crop land and cattle ranches. (The crop returns are not very impressive—1,022,883 bushels of corn, 366,459 bushels of oats, 51,340 bushels of wheat, 63,546 bushels, barley, 154,210 bushels of rye, 80,633 bushels of potatoes and 280,545 tons of hay in 1929. But 214,430 range cattle, most of them white faces, were on the ranches, besides 8,313 cows giving milk.

It is known that cattle raising is the big business in Cherry county. There are some immense ranches there, among them several that are rich in big game and big game. Like Wood Bros, George Brandeis, McKelvie and Dave Hanna ranches. In Cherry county are fine fishing lakes and excellent hunting in the spring and fall. From this standpoint it is very likely Nebraska's most popular county. Its immense size engulfs thousands of hunters and fishermen and sends them back to their vacations with new impressions of Nebraska's size and variety. It is a county where owners live on their own land, tend their flocks and enjoy the great open spaces and clear air of one of the most interesting sections of Nebraska.

Make Museum of Old Pony Express

The colorful days of the pony express are to be recalled and an important historical relic reclaimed when the American Legion post of Gothenburg moves an old stage station from the Ninety-six ranch, near that place, owned by the Williams family, Nebraska pioneers to the city park at Gothenburg and converts it into a museum. The structure is a story and half log building. The first story was erected in 1856. The half story was added twelve years later.

The building is constructed of real cedar logs taken from the hills south of the old station and is located about four miles directly east of Fort McPherson National Cemetery where a fluttering Old Glory marks the last bivouac of many soldiers who lost their lives on the frontier in battle with Indians and from natural causes.

Traces of the old Oregon Trail may be seen immediately in front of the building which has been used as a farm warehouse by the Williams family for nearly half a century. The owner has generously donated the buildings to the Legion post. The old express station is 14 by 32 feet in size. Adjoining it is a smaller log structure that was used as a blacksmith shop. It retains its original form except that the owner has put on a new roof.

Lawmakers Have New Road Bills

State Attempts To Make Highway Driving Safer For Nebraskans.

Accident statistics for Nebraska as compiled by the Nebraska Press Association and the Rehabilitation Division of the state Department of Vocational Education gives the following report for the two-week period ending May 5, 1931:

No. Dths. Inj.	Total
23	32
7	5
1	1
17	28
11	13

The last legislature passed 3 bills designed to make Nebraska's streets and highways safe. Undoubtedly the widespread publicity accorded to Nebraska accident information by the press of the state for the past two years has done much to show the necessity for better regulation of traffic on our streets and highways.

S. F. 33 regulates weight, height, length, speed and loads of trucks and provides protection to our highway system against excessive

caused accidents in which 35 persons were injured; 17 drivers lost control of their cars and 25 persons were injured. Speed was the cause of all accidents; intoxicated drivers caused 3 accidents. Of the 17 pedestrians struck by cars, 8 were children and 9 were adults.

Motor vehicle report for the two-week period ending May 5, 1931:

No. Dths. Inj.	Total
168	5 198 203
74	3 71 74
64	1 63 64
33	2 32 34
68	7 63 70

Sixteen small children were injured while playing at school. Sports were responsible for injuries to 13 older children.

During the last two weeks, 30 industrial workers were injured; 2 were disabled and 2 were killed. Total industrial accident casualties since January 1, 1931 are 217.

Sixty-four accidents on the farm were responsible for 62 injuries; 1 disability and 1 death. Farm animals injured 34 people—11 were injured in run aways; 10 were kicked by horses or cows; 6 were trampled by enraged bulls and 7 were injured in other ways. Accidents in the home caused 60 injuries, 3 disabilities and 7 deaths in two weeks.

Recklessness Is Cause. Twenty-three reckless drivers

loading as well as protection for life and limb.

S. F. 24, its framers tell us, will ultimately remove the reckless and irresponsible driver from our highways. It is based on the Safety Responsibility Act sponsored originally by the A.A.A.

S. F. 460, signed May 7 by Governor Bryan, "The Lap Drivers Bill," was amended before final passage to include S. F. 181, the Uniform Act Regulating traffic on streets and highways. This bill and the big truck bill combined give to Nebraska the major recommendations of the last National Conference on street and highway safety.

Beckenhauers Go To Miami Meeting

The Kiwanis International meeting at Miami, Florida, elected William O. Harris of San Bernardino as president. The election took place last Wednesday at the fifteenth annual meeting of the group.

Mr. and Mrs. William Beckenhauer, who went to Miami, for the gathering, are not expected home until the last of this week. They sent a box of Florida fruit to the family in Wayne last week end with the word that the trip was a pleasant, interesting one.

College Tracksters Display Winnings

Wayne State Teachers College tracksters are proud of the record shown in their latest display of medals and trophies. Among the winnings are to be seen the bronze figures of runners, a dozen silver and gold medals and several plaques.

The N. I. A. A. trophy for 1929, the sprint medley prize for 1931, won by Dennis, Cappelano, Christensen and Littel, and the 1931 mile relay prize won by Dennis, Andrews, Christensen and Littel are among the prizes. Others include the N. I. A. A. trophy for the 880 relay in 1929, the award for the Norfolk, Wayne, Kearney triangular meet for 1930, and the N. I. A. A. mile relay prize for 1929.

Other winnings include the 1930 first Wayne invitational intercollegiate meet and the medals won

in the Dakota relays at Sioux Falls, S. D., in 1931. Although it was not possible to get together all of the medals won by individuals, a good showing has been made by the track men.

MISS BRITELL HAS PAPER AT MEETING

"The Orchid Michorria" was the paper read by Miss Mabel Britell at the meeting of the Nebraska Academy of Sciences in Lincoln last week-end. The gatherings were held at the University of Nebraska buildings, and members of the Academy from over the state were in attendance. Prof. and Mrs. Britell were at the meetings, as also were Prof. and Mrs. C. R. Chinn, who were in the city to spend the week-end with Mrs. Chinn's people.

Radio Audition To Be This Week

Atwater Kent Elimination Contest Will Be Heard Over Station WGAJ.

About 25 will contest at Norfolk Saturday, May 16, in an Atwater Kent audition from 3:30 to 4:30 in the afternoon, announces Miss Ardath Conn, who is in charge of the broadcast. Contestants will come from Ainsworth, Dixon and Knox counties. Winners are one boy and one girl, will be eligible to go to the state contest in Omaha next autumn, as the Saturday meet is an elimination affair.

Six judges will give out their decisions, which will not be affected by comments sent to the station, although listeners are invited to send their comments, for the encouragement of the young performers.

Miss Conn acted as judge at the Madison county audition held Friday. Winners were Howard Stark, tenor, and Beatrice McGowan, soprano.

Week by week, the economic situation throughout the country remains practically unchanged. That is to say that while claims of improvement are made variously, the change is not perceptible. For the average man, the conditions are about what they have been for more than a year.

Still, it is better to be governed by the hopeful view, so one may accept the government reports of increased employment and federal reserve statistics on general levity. These support the repeated assertions that the change for the better is a gradual one. No one insists the improvement is marked, but all surely will agree that any gains made are to be valued.

There is a continued tendency on the part of the masses to wait until signs of business recovery are more pronounced. This is holding back buying power in a way that is hurtful to all classes. The very people, themselves, who have not been reduced in circumstances and who are in the market for necessities only are endangering their own situation by practicing too strict economy. They have no assurance that unemployment will not be their lot before the upturn comes.

The domestic market is the hope of American business just as it has been all along. How to improve it remains the riddle no one yet has solved. Obviously, rational confidence has got to be restored before the people can be persuaded to buy in greater quantities the commodities they desire and could have but for the unwise policy of retrenchment that has been bred of psychological fear.

The meetings of the international chamber of commerce in Washington have emphasized the urgency of stronger world trade. If a way could be found to stimulate world commerce and the domestic market could be strengthened at the same time, actual recovery would result. Foreign delegates to the international conference have protested against war debt relations and the high tariff policies. They have been impressive in their arguments, and the Journal is convinced there is merit in their proposals. It is doubted that this country has done everything possible to improve the international situation, and it is more convincing than ever before that we shall have to assume a large part of the initiative in solving the problem.

Freight car loadings for the week ending April 25 numbered 759,272, a reduction of 730 cars below the preceding week and one of 147,607 below the same period last year.

Mother Of Many Is Very Happy

Children Are All So Good To Mrs. Malissa Keyser, Omaha Resident.

One of the women who was especially happy on Mother's day is Mrs. Malissa Keyser of Omaha, who, at the age of 90, has 123 living descendants all of whom know her and are happy when she is about. Mrs. Keyser raised 14 out of 16 children and not one of them ever caused her sorrow. Mrs. Iva Goodwin of Wayne, John Keyser of Wakefield, and Mitchell Keyser of Emerson, are among her 12 living children.

"I have never had a child talk back to me or refuse to do as I asked," said Mrs. Keyser. "And now that I am old and have no home of my own, they all want to take care of me and have me come to them. They write me often and remember my birthdays and holidays. I believe there is no mother who could be happier or prouder than I am right now."

Mrs. Keyser was alone at the home of a daughter, Mrs. Chris Peterson, in Omaha last week when interviewed by a World Herald correspondent. A radio, kettles and checkers helped her enjoy herself. Near her was a framed photograph of her late husband, John Keyser of Wakefield, who was blinded by service in Cuba during the Spanish-American war. While the interviewers were in her home a daughter arrived from California for a surprise visit with her mother. "You see," Mrs. Keyser said, "this is just the way it always is. They are all so good."

Mrs. Keyser was born December 13, 1841, in Wayne county, Ind., and was married March 27, 1856 at Sidney, Iowa, to William Preston Keyser. Mr. Keyser served in the Civil war and Mrs. Keyser cared for the three children while he was gone. Mr. Keyser died 15 years ago.

"We were very poor and the children had to do their share of the work," asserted Mrs. Keyser, "but that was good for them. I spun wool from our sheep and made the older ones clothes. I made my own soap, helped with the meat in the smokehouse, cooked, baked, milked, sewed and doctored all of them when they were sick. Now I can't see to sew or read but when I sit alone I am never lonely—there are so many memories."

Guardianship Stands For Hoskkins Man

Lincoln, Neb.—Robert Fenske, wealthy Wayne County farmer, must remain under a guardianship according to a ruling of the supreme court. He had appealed the guardianship imposed because of his addiction to liquor. The Wayne district court also refused to relieve him of the guardianship.

In his petition, filed July 1, 1929, Fenske said he had not used any intoxicating liquor since February 12, 1929, and only a nominal amount before that, and that he is "an absolutely sober, temperate man and is entirely through with the use of intoxicating liquors for all time, is a man of sound mind and memory, and is entitled to manage his own property and to be discharged from all management or control herein."

The court is of the opinion that the evidence falls far short of proof by a preponderance of the evidence that he has permanently ceased to use intoxicating liquor to excess.

Skeleton of Buffalo Is Unearthed Here

An antiquity from the pioneer days, perhaps, is the buffalo skeleton found by workmen of Homer Space at the building site on which they are working near Ninth and Window streets. The skeleton, which the men recognized as that of a buffalo, was found in soil which is a deposit of prairie grasses.

Play Water on Fireman

Allen Thibatte, one of the firemen, volunteered to go into the storage house and try to reach a valve located in a rear corner which would shut off the lead from a 15,000-gallon tank.

While the firemen sprayed water on him and on the fire near him he reached the valve and partially closed it. The heat drove him out, however, before he could finish the job.

The firemen then tore away a portion of the wall nearest the valve and Lee Butterfield managed to get to the valve and finish turning it off.

There had been only about 1,000 gallons of gasoline in the large tank and the firemen were afraid that this would all run out leaving only gasoline vapor in the tank. This would have almost certainly resulted in a destructive explosion if the fire had reached the vapor.

The firemen had a high-powered rifle handy with which they intended to puncture the tank and let the vapor escape if it started to bulge. The nearby Standard Oil company plant was saved.

Poppy Sale Will Be On Saturday

Members of Auxiliary Plan To Canvass Residences — Business Houses.

Saturday, May 23, is the day set for the annual sale of poppies by members of the American Legion Auxiliary. This year, members of the Wayne chapter will undertake the sale themselves, canvassing the homes of the town, and visiting the business houses. In other years, at least a part of the sale has been delegated to boys and girls of the town. Auxiliary members have divided the town, and will canvass it systematically, in order that no one can be missed in the sale.

Proceeds from the sale of the poppies, it has been explained go to the care of the veterans, and much of it brings benefit to the families of men who were disabled in the war. Much of the relief work which Auxiliary Units are carrying out in all parts of the country for the needy families of veterans," says the Auxiliary pamphlet, "is being financed through the receipts from last May's poppy sale."

To Give Employment.

This spring has been made in the veterans' institutions, as they have been in 31 states of the union. The Auxiliary has taken charge of this enormous project, with a total of 10,000,000 flowers made.

The flowers are really not meant to be "sold," the Auxiliary members explain. They are meant to be offered in exchange for a contribution of any size, that contribution to be given to the benefit and care of the veterans of the war.

Storage Destroyed In Pilger Fire

Norfolk News, May 11: A spectacular fire in which a score or more of volunteer firemen risked their lives in order to prevent the explosion of gasoline storage tanks occurred at Pilger Saturday afternoon, according to reports brought to Norfolk by witnesses.

The blaze broke out about 2:30 in the afternoon in the storage house of the Kile R. Martin Oil company. It is reported, but the fire was prevented from reaching the storage tanks and a possible terrific explosion averted.

Pump-Engine Back-Fires.

John Carson, tank wagon driver, had just finished loading his truck with gasoline when the fire started. A small gasoline engine used to operate a pump/back-fired, it is reported, igniting oil in the vicinity.

Carson drove the truck a safe distance away and also tossed a can of gasoline which had been placed near the small engine outside. He tried to beat out the flames with sacks, but they were so far back under the engine that he could not reach them and they continued to spread.

The driver then called the fire department and shut off the lead from a gasoline tank. The heat from the fire soon melted the gas-lets in the valve, however, permitting gasoline to shoot out in a fine spray and feed the flames.

The fire department arrived and began playing water on the fire,

Home Tried Recipes

Peanut Brittle Ice Cream

1 quart single cream
1/2 cup sugar
1 1/2 to 2 cups ground peanut brittle
1-4 teaspoon salt
Heat 1 cup of cream to the boiling point, add the sugar and the ground peanut brittle, and stir well until dissolved. Mix with the remaining cream and the salt. Use a freezing mixture of one part, salt and four to six parts of ice, and turn the crank of the freezer slowly. After freezing, remove the gasher, pack the freezer with more ice and salt, and let stand for an hour or more to ripen.

Rhubarb and Fig Jam

2 1/2 pounds rhubarb
1 lemon
2 pounds sugar
1/2 cup dried figs
Cut rhubarb in small pieces, and add figs, chopped fine. Then add the chopped rind, the juice of the lemon, and the sugar. Let stand overnight. In the morning, cook slowly for one hour and turn into glasses. Nut meats may be added if desired.

Pineapple-Rhubarb Conserve

Cut fine enough rhubarb to make the pint, and to it add two quarts of finely diced pineapple. Arrange the fruit in layers in a preserving kettle, with the pulp of two large oranges, and two and one half quarts of sugar. Chop the rinds of the oranges very fine, cover with cold water and let stand overnight. Then cook in the same water until tender. Add the rind to the fruit and the sugar, which should first be allowed to stand several hours, to make the juice run freely. Cook until thick enough for marmalade. Store in jelly glasses.

English Rhubarb Jam

1 quart finely cut rhubarb
6 oranges
1 1/2 pounds of sugar
Remove the pulp and chop the rinds of the oranges. Place the orange pulp in the preserving kettle with the sugar, rhubarb and orange rind and bring slowly to the boiling point. Skim as the mixture

cools, and when the jam stiffens when tested on a plate, it is finished. Cover, sealing with paraffin, and store in a cool, dry place.

Veal Mousse with New Peas

1 tablespoon gelatine
1 cup ground cooked veal
1/2 cup cold veal broth
1 3/4 cups hot veal broth
3 egg whites
3 egg yolks
1 cup whipping cream
1-2 teaspoon salt
1-4 teaspoon white pepper
Soak the gelatine in cold broth for 5 minutes. Beat the egg yolk well, add the hot broth slowly while beating, mix in the gelatine, and cook all together in a double boiler until the mixture coats the spoon. Add the veal and let the mixture cool. Fold in the stiffly beaten egg whites, the seasoning, and the whipping cream. Put the mixture in a wetting mold and chill until stiff. Unmold and serve with hot creamed new peas.

On Faculty Row. Coleman and House were building new homes on faculty row, and trees had been planted. "This," said a student reporter, "in a few years, this street has been changed from a plain, unattractive one to the picturesque Faculty Row."

Student editors of the paper stressed the work at the Normal. A history of the work at the college may interest readers of today.

The enrollment during the first semester of the school the fall of 1910, was 285. Just two years later, during the first semester of this school year (1913) the enrollment reached the 400 mark. In 1911, there were three graduates, and one to receive a trainer's certificate in 1912, there was a graduating class of 23 and a junior class of about the same size. This

year, there are only 25 graduates, but there are more than 40 in the junior class. Next year there will probably be 50 graduates. Many will receive junior certificates and trainer's certificates from the normal this year.

Announcing— Another Great Red Top Invention—the ALL-DRIVE End, Gate and Corner Post

Here it is, the first All-Drive Steel End, Gate and Corner Post—the most simply constructed and easiest to install—the only one that drives—and a Red Top.

The corner has only three parts, the end only two. There is no complicated assembly, no multitude of loose parts to put together.

You simply drive the upright member into the firm, solid subsoil, bolt on the braces, drive the brace plates and you are ready to stretch your wire. There you have it, the firm and lasting foundation of your fence, a one-man job easily done in a few minutes. No holes to dig—no water, stone or cement to haul and mix, no waiting for concrete to set or harden. When you DRIVE this new Red Top you've done it all, and, with Red Top Studded Tee line posts, you have an All-Steel Fence, permanent, and built at the lowest cost per rod.

Come and see it—this new Red Top All-Drive Steel End, Gate and Corner Post. You'll be impressed with its simplicity, its sturdy strength, and the ease with which it is installed.

Let us help you work out your fencing problems to give you the biggest value your money can buy.

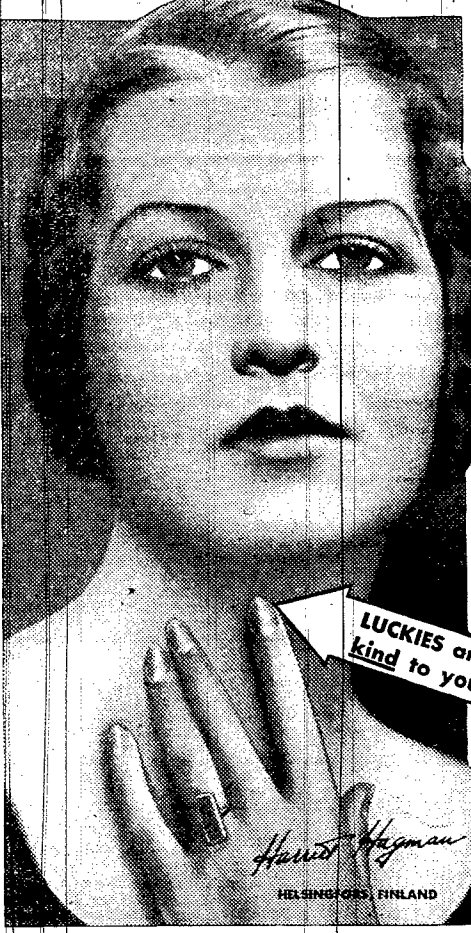

That's our job!

Consider your Adam's Apple!!

Don't Rasp Your Throat With Harsh Irritants

"Reach for a LUCKY instead"

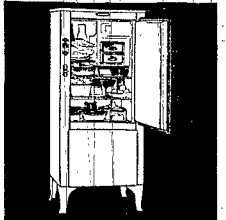

Now! Please!—Actually put your finger on your Adam's Apple. Touch it—your Adam's Apple—Do you know you are actually touching your larynx?—This is your voice box—it contains your vocal chords. When you consider your Adam's Apple, you are considering your throat—your vocal chords. Don't rasp your throat with harsh irritants—Reach for a LUCKY instead—Remember, LUCKY STRIKE is the only cigarette in America that through its exclusive "TOASTING" process expels certain harsh irritants present in all raw tobaccos. These expelled irritants are sold to manufacturers of chemical compounds. They are not present in your LUCKY STRIKE, and so we say "Consider your Adam's Apple."

On smooth Steel Rails foods slide in and out of FRIGIDAIRE!

Push a heavy bowl of soup-sock into a Frigidaire—it doesn't stoner its way to the back of the shelf—slipping over as it goes. And when you want it again it doesn't have to be coaxed to come out—it seems absolutely eager to obey your guiding hand... This is because Frigidaire Food Shelves are made of smooth steel rails all running one way—from front to back. Now, in themselves, easy-riding rails on food shelves are small things. But they are one of the many things that go to make Frigidaire Convenience, which (millions of women will tell you) is a Very Big Thing, indeed!

Gutzon Borglum Is Visitor in Fremont

Gutzon Borglum stopped at Fremont a few days ago to visit his old home town. He related to the pupils of the high school how he received his first award as an embryo sculptor. He carved a beautiful and his father, a Fremont physician administered the award—a sound spanking. The deterring, however, did not work. The youthful carver kept on with his dreams and talent and today he is recognized among the famous modern sculptors.

Sculptor Borglum was enroute from Texas to the scene of his greatest work at Mount Rushmore, South Dakota, where he is directing the carving of heads of Washington, Jefferson, Lincoln and Roosevelt on the face of the mountain. He stopped at his former home to be the guest of the D. A. R. and to consider plans for the carving of statues on two panels of the Fremont high school. He was introduced to the high school by his boyhood friend, William Fowler, and delighted the pupils with some interesting comments on his boyhood days.

This former Nebraskan has time for other things besides carving. He is a painter, a writer, an investigator and takes an occasional flier in politics. Pres. Wilson he investigated the coal-aircraft failure during the war. He was quite prominently identified with the Non-Parlians league movement about ten years ago.

His heroic figures have made him famous. His equestrian figures of Sheridan at Washington and Chicago, his marble head of Lincoln in the national capitol, his group of 42 figures in bronze, called the Wars of America, at Newark, N. J., are outstanding examples of his vision and execution. He is also a designer of coins for memorial purposes.

Borglum's home is at Stamford, Connecticut. His winters are spent at his summer home in San Antonio, Texas.

McCORMICK-DEERING SERVICE - Always Ready When You Need It

YOUR community is served by a well-established McCormick-Deering dealer, as is practically every farming community in the land. His stocks and service are backed up by this large, permanently established International Harvester branch house right here in your own section. In McCormick-Deering dealers' stores the repair bins are well stocked with genuine IHC repair parts. Thousands of these dealers maintain completely equipped service stations, offering factory-standard service on all International Harvester equipment. Additional service stations are being established as rapidly as they are justified by business in the community.

As a direct result, McCormick-Deering service is better today than it was last year or 10 years ago; our resources and reputation are your guarantee that it will be still better when the tractor or any other machine you buy today is 10 years old.

It is our business to protect you in this way, and we take our obligation seriously. It is your business to buy where you get the greatest value; not just the day you sign the order, but through every day and every year you rely on your purchase for cost-reducing work in your fields.

The lack of a small \$1 repair part can easily cost you \$10 or \$100 in lost labor or delayed work, for time flies in the producing

season and Nature waits on no man. Your men cost you money when they are idle, the same as when they are working. When you need service on a farm tractor or any other machine you need it quick. International Harvester knows this out of 100 years of experience with farm operating equipment and maintains complete service to back up every tractor and machine bearing the McCormick-Deering or International name.

Keep this superior service in mind when you select new power or equipment with which to reduce your crop production costs. Compare McCormick-Deering tractors and machines with any or all others—weighing one feature against another and one quality against another—then you will be doubly glad to buy your equipment where you can get the absolute assurance of good, quick, convenient service which is offered you by this International Harvester branch and the McCormick-Deering dealer serving your community.

Farmall Savings Investment Plan:

Ask the McCormick-Deering dealer for details of this new plan under which you or any other responsible farmer can purchase a Farmall and Farmall equipment now and meet the first payment this fall with just a part of the savings made possible by the new equipment in the production of your corn crop, with two years in which to pay the balance.

"WE SERVICE WHAT WE SELL"

Graduates, We Envy You!

Another splendid group of young people graduate from the Wayne schools. They represent the Wayne community's most valuable "crop" — our finished product. Naturally we're proud and gratified. We envy these graduates. Life is a pretty bumpy road, but the scenery along the way is beautiful and the trip is very much worth while.

We wish these young people every success — every happiness. And may their lives reflect great credit upon their old home town.

Notice of Referee's Sale. Notice is hereby given that under and by virtue of an order of the District Court of Wayne County, Nebraska, made and entered on the 20th day of April, 1931, in a cause then pending in said court wherein Albert Dammé is the plaintiff and Edward Dammé, Emma Dammé and Melvin C. Baker are defendants, ordering and directing the undersigned referee to sell the real estate hereinafter described.

Now, therefore, I, Fred Dammé, referee, will on the 25th day of May, 1931, at 10 o'clock a. m. at the East front door of the court house in the city of Wayne, Wayne County, Nebraska, sell at public auction to the highest bidder the following described real estate, to-wit:

The west one-fourth (1/4) of the southeast quarter (SE 1/4) and the East (E) sixty acres (60A) of the southwest quarter (SW 1/4) in Section thirty-one (31) Township twenty-six (26) Range four (4) East of the sixth (6th) p. m. Wayne County, Nebraska.

The southwest quarter (SW 1/4) of Section Five (5) Township twenty-five (25) Range four (4) East of the sixth (6th) p. m. Wayne County, Nebraska.

The terms of the sale will be 20% of the purchase price cash on the date of sale, the balance upon confirmation of the sale by the court.

Dated at Wayne, Nebraska, this 20th day of April, 1931. Fred Dammé, Referee.

Legal Notice of Hearing On Petition. In the County Court of Wayne County, Nebraska, in the matter of the estate of William C. Wightman, deceased.

Notice of Hearing. To William W. Thoms, Methodist Episcopal Hospital of Omaha, Nebraska, Robert Wightman, the County of Wayne, in the State of Nebraska, the County of Cedar, in the State of Nebraska, Rolfe W. Ley, Herman Lundberg, G. A. Mittelstadt, E. W. Huse, Edith Wightman, Jacqueline Mae Wightman, Minnie S. Wightman, Donald S. Wightman, and to all persons interested in the estate of William C. Wightman, deceased.

You, and each of you, and all persons interested in the estate of William C. Wightman, deceased, are hereby notified that Donald S. Wightman has filed his petition in the County Court of Wayne County, Nebraska, alleging, among other things, that William C. Wightman departed this life in the State of California on or about the 9th day of March, 1930, and at the time of his death was a resident of the County of Los Angeles, in said State of California.

At a County Court, held at the County Court Room, in and for said County, ss.

Board met as per adjournment. All members present. Minutes of meeting held April 21, 1931, read and approved.

The funds of the county, and its numerous subdivisions, of which the county treasurer is custodian, are found to be deposited in the banks of the county at the close of business for April, 1931, which does not include the funds invested in liberty bonds or the funds on hand in the office of the county treasurer, are as follows:

County of Wayne, on the 4th day of May, 1931. Present, J. M. Cherry, County Judge. In the matter of the estate of Ella B. Goding, deceased. On reading and filing the petition of Hazel Vera Ames, praying that the instrument filed on the 4th day of May, 1931, and purporting to be the last will and testament of said deceased, may be proved, approved, probated, allowed and recorded as the last will and testament of said Ella B. Goding, deceased, and that the execution of said instrument may be committed and that the administration of said estate may be granted to Hazel Vera Ames as executrix.

Ordered, that May 22, A. D. 1931, at 10 o'clock a. m. is assigned for hearing said petition, when all persons interested in said matter may appear at a County Court to be held in and for said County, and show cause why the prayer of the petitioner should not be granted; and that notice of the pendency of said petition and the hearing thereon, be given to all persons interested in said matter by publishing a copy of this order in the Wayne Herald, a weekly newspaper printed in said County, three successive weeks prior to said day of hearing.

Notice of Referee's Sale. Notice is hereby given that under and by virtue of an order of the District Court of Wayne County, Nebraska, made and entered on the 20th day of April, 1931, in a case then pending in said court wherein Ida Meade is plaintiff and Roy Davis, Maude Christopherson, Hazel Neary, Belle Newham, Clarence Davis, Edna Davis, Marian Davis and Earl Davis, minor children of Walter Davis, deceased, and Charles R. Newham, George W. Newham, James C. Newham and Paul D. Newham, children and heirs at law of Belle Newham, deceased, are the defendants, ordering and directing the undersigned referee to sell the real estate hereinafter described.

Now therefore, I, Don Miller, referee, will on the 22nd day of June, 1931, at 10:00 a. m. at the front door of the dwelling house on the premises hereinafter described, sell at public auction to the highest bidder the following described real estate, to-wit:

Lots 8 and 9 in subdivision of outlet 2, Bressler & Pattersons there be, why said account should not be approved and the prayer of the petitioner be not granted.

Dated this 5th day of May 1931. J. M. Cherry, County Judge.

Helen Marotz Is Bride At Norfolk

Miss Helen Marotz, daughter of Mrs. Hannah Marotz of Hoskins, became the bride of Arthur Schelpepper, son of Mr. and Mrs. William Schelpepper of near Stanton, at a ceremony performed at the Lutheran church in Norfolk Sunday, May 3, at 3 in the afternoon. The Rev. Meyer, pastor of the church, officiated. The couple was attended by Miss Elaine Gruett of Pierce, and Irving Schelpepper, also of Pierce. The bride wore a gown of tulle lace with hose and shoes to match. Her flowers were red roses, combined with baby's breath. Miss Gruett, who attended her, wore a frock of tan crepe, and carried a similar bouquet. Following the ceremony a wedding dinner was served at the home of the bride's mother, Mrs. Hannah Marotz, in Hoskins. Guests were: Mr. and Mrs. Arthur Schelpepper, Mr. and Mrs. William Schelpepper, Hilda and Walter, Mr. and Mrs. Harold Schelpepper and daughters, Mr. and Mrs. Emil Puls and family, Mr. and Mrs. Fred Marotz and family, Mr. and Mrs. Henry Deck and son, Mr. and Mrs. Arnold Pfeiland Arthur Marotz. Mr. and Mrs. Schelpepper left Monday morning for a motor honeymoon to Omaha and other points in the southern part of the state. They planned to be gone about a week. On their return they will occupy the William Schelpepper home near Stanton. The bride is well-known in Hoskins community, where she attended the public school. Mr. Schelpepper is a graduate of Stanton high school, and has been associated with his father on the farm since.

Still the Most Popular Two-Row Cultivator

John Deere NH

The fact that there are more John Deere two-row cultivators in use than any other make means just one thing—that thousands of farmers find they do their work better than any other cultivator they can buy. This is a mighty important thing for you to remember when you are ready to purchase a new cultivator. The NH is the preferred cultivator for checked corn territories. One feature of its great popularity is the long view it gives the operator. You know the value of a long view in good cultivating; it helps you to prevent digging out, lifting, or covering hills. With the NH you can always see three hills at once—the hill ahead of the shovels, the hill being worked, and the hill just passed. Other advantages you will be sure to like are: the spacing lever, which enables you to space rigs in or out as you drive; the tilting lever, which permits changing set and back of shovels without stopping team; and the master lever, which raises or lowers all rigs—no stop necessary at end of rows.

Men's SUITS

We will not waste time nor space in describing these suits. All we want to ask you is to come in and look them over. Clothing prices remained up longer than any other item in wearing apparel. It was difficult to make adjustments necessary to accomplish it. Finally 1931 ushered in a new scale of prices and now values are as low as we have ever known them to be. The Golden Rule features a line of suits at this price of very attractive patterns which are made up in such a way as to give both fit and style.
