Make Good Will Tour

Professor Walter Williams, president of the University of Missouri, and Mrs. Williams, are visiting South American countries on a good will educational tour calculated to bring the universities of those and other nations of the Americas in closer touch with one another.

It's an Old-Fashioned Town

Back in the gold days Placerville, Calif., was called "Hanstown" because of the number of its lynchings. For the month of June it's pretending that it's an old-fashioned town as if used to be, but lynchings, of course, aren't on the program.

Rainfall Comes As Relief From Heat

Wednesday morning's 31 inch of rainfall came as a refreshing break in eight days of temperatures which reached maximums of 100 or above. A million dollar rain where the corn is concerned.

JUNIOR BASEBALL IS VS. WISNER TEAM

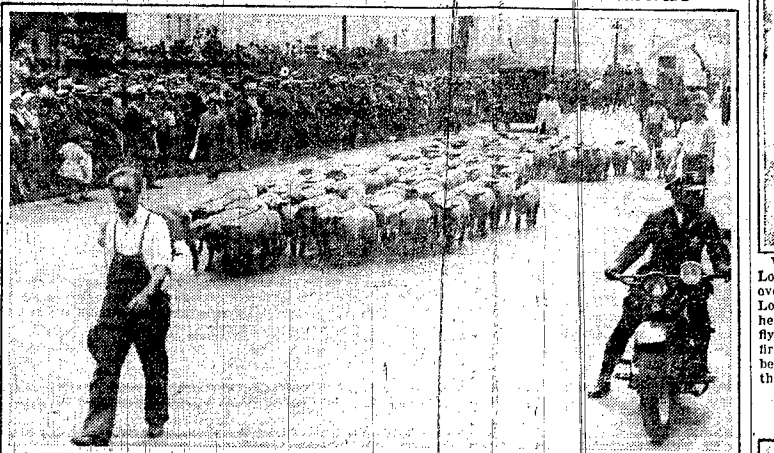

Junior Legion baseball fans are interested in the outcome of the Wayne Legion team game which is being played with the Wisner boys on the fairgrounds at 10:30 this morning.

Speedy

When Frink Kurtz, 17-year-old Los Angeles flyer, made a flight over the new official course back of Long Beach, Calif., the other day, he flew away with the junior speed flying record.

Chicago Watches Unusual Animal Parade

The elephant and the camels of circus parade fame had to take a back seat in Chicago the other day, when cows and sheep and other domestic animals marched through the streets in a parade sponsored by the National Livestock and Meat Board.

7 Hours More News In Lincoln Journal \$1 Until Jan. 1, 1932

It is easy to see how the Lincoln Nebraska State Journal can give seven to ten hours later news than the rural routes and in many towns than any other Lincoln daily and usually two or more hours later news than Omaha newspapers.

Plans Hop

Captain Gordon MacKenzie, A. F. C., is planning a trip over the Pacific waves, but it will be a non-stop aerial flight. He intends to Seattle to Tokyo, Japan, a distance of 4,900 miles.

IN THE WORLD OF SPORTS

SOUTHPAWS MAY HAVE PECULIARITIES, BUT WHERE IS BIG LEAGUE MANAGER WHO COULDN'T USE MORE GROVES, WALBERGS, BRANDTS, MITCHELLS?

THIS is a left-handed year among major league pitchers. The weekly pitching averages tell the story. But if you demand further proof, consult Lorna Pantin, numerologist, or Evangeline Adams, astrologist. They can only juggle a few numbers and look at the stars to tell you the same thing.

of wrong-handed hurling but his advanced years have claimed much of his old zip. The other two southpaw stars in the junior circuit are Walter Stewart of the Browns and Walter (Flin) Miller of the Indians.

Recent averages disclosed that 20 of the 30 southpaws are winning with greater frequency than they lose, while only 29 of 95 right-handers are turning the trick. The only conclusion, then, is that the left-handers are providing a better brand of pitching than the orthodox hurlers, which is what I started to tell you in the first place.

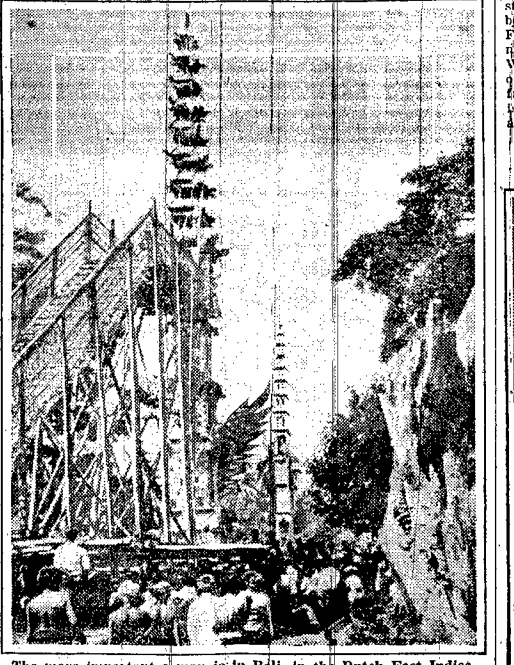

Boy Scouts' Best

Henry Arnold, above, 17-year-old student at Cheyenne, Wash., has been awarded the \$200 Scholarship Fund and gold medal, presented annually by the Veterans of Foreign Wars to the outstanding Boy Scout of America.

Spectacular Cremation Ceremonies Boost High Cost of Dying in Bali

THE cost of living means nothing in Bali. But the cost of dying—that's a real worry. For the Balinese must spend his lifetime saving for a fitting funeral, according to D. A. Vonk, world traveler, who spent some time on this little known island of the Dutch East Indies group.

The more important a man is in Bali, in the Dutch East Indies, the higher the wadiah, or cremation tower that is built for his funeral. The one above is typical of the ones used by the high castes.

Await Cremation

Pending cremation, the dead are buried to await the death of others in the family. They are placed in a separate building, or, in the case of higher castes, the bodies are mummified in the house. The dead spirit must be supplied with food and company right along, and supplying these until cremation liberates the spirit is another item of considerable expense.

**Wayne County
Produce Report**

**Census Bureau Tells of New
Developments in Farming
in North Section.**

County tables in the advance census report for the state show that Wayne county had a total of 8,487 horses on the farm April 1, 1930, despite the fact that this age is supposed to be one of mechanized farming. Mules in the county numbered 1,033 on the same date, and cattle brought up the amazing total of 38,258. Cattle on Wayne county farms January 1, 1925, numbered 37,004; the figure was 32,396 in 1920.

Swine on Wayne county farms alone April 1, 1930, totaled 120,138. January 1, 1925, swine numbered 80,821. In 1920, Wayne county swine numbered 77,234, showing an encouraging increase in the industry on which Nebraska's corn growing importance has been based.

Produce Many Eggs.
Chickens three months old on Wayne county farms April 1, 1930, came to a total of 199,144. Farms reporting on chickens numbered 1,410.

It is estimated that Wayne county chickens produced 1,233,391 dozens of eggs in 1929, enough to keep the world supplied for awhile, it would seem! Only 559,995 dozens were produced in 1924, according to reports, although in 1919, there were 692,912 dozens produced.

**Former Resident
Of Wayne Passes**

Mrs. Mabel Horlocker of Sturgis, S. D., former Wayne college student, died last week. Funeral services were held in Sturgis and burial in Bear Butte cemetery.

Mrs. Horlocker, formerly Miss Mabel Thornton, was born August 10, 1890, at Sacramento, Calif. She lived in Wayne and attended the college here. She was married in 1901 to George Horlocker of Randolph, who died in 1926.

Mr. and Mrs. Horlocker took up a homestead in 1901 on Red Owl creek in South Dakota, living there until 1920 when they went to Sturgis. Deceased leaves two daughters, Denise of Sturgis, and Mrs. John Sieber of Custer, S. D. She also has three sisters, Mrs. John L. Chey of San Diego, Calif., Mrs. Henry Westfall of Yuma, Ariz., and Mrs. Ora Brunson of Spencer, Neb.

**Pioneer Resident
Writes From West**

"Publicity is the best means of creating interest in any growing commodity or project," states R. E. Taylor of Los Angeles, Calif., early resident of Wayne. In a visit with J. P. Gaertner, Mr. Taylor learned of Wayne's golden jubilee this week and writes the Herald, expressing the wish that he might be here for the anniversary.

Mr. Taylor and his wife are both past 82 and are well and busy. Mr. Taylor is planning a trip to South America this summer to look after some gold mine and oil interests.

Mr. Taylor founded Corona colony in California 45 years ago and he has been an active booster for

that city since. Corona has a population of 9,000 now. Corona was planned for a population of 12,000, Mr. Taylor says. "It takes printers ink to boost a town," he continues, "and the Chamber of Commerce must buy newspaper space to boost."

"I remember many happy days in Wayne when the town had very few people," Mr. Taylor writes. "And there were hardships but they were overcome by our belief in the future success of the town and country. Land in Wayne, Cedar, Knox and Pierce counties then sold for \$3 to \$5 per acre."

"Since leaving Wayne in 1886

I have made my home in California and also spent many years in the West India Islands and South America. In one country I was said to be the first American to enter the country, and people looked at me as though an American is some curious animal.

"I remember John Bressler, Henry Lucy, Henry Myers and a few other early settlers at Wayne."

Despite occasional factional criticism, we believe Mr. Raskob appreciates accurately his position in the Democratic party. In fact, he knows what's due him.—Boston Herald.

**Medical Society
Meets in Emerson**

The five-county Medical association met at Emerson Friday with representatives present from Wayne, Dixon, Thurston, Cedar and Dakota counties. Dr. and Mrs. Paul Siman and Dr. Walter Beahack were there from Wayne, and Mrs. Siman was re-elected president of the women's auxiliary organization. Dr. Bliss, Dr. Kennedy and Dr. Overgard of Omaha, Dr. Natzigger of Sioux City, and Dr. Buis of Pender, were on the program. Dr. Stark of Norfolk,

state president, was in attendance. A picnic dinner was served at the Emerson park in the evening. The association meets at Waithill in August.

**ACCEPTS POSITION
IN RHODE ISLAND**

Ervin Watson of Pierce, relative of W. H. Watsons and Charles Whites of Wayne, has accepted a position with the United States department of agriculture to help in eradication of the Japanese beetle near Newport, R. I. Ervin has attended the state university.

**Attorneys Ask a
Rehearing of Case**

Lincoln Journal.—Attorneys for the legal representative of the estate of Charles Killon, whose damage suit against Herman Dinklage of Wayne county was ordered retried, ask the supreme court for a rehearing, asserting that the decision of the court overturns previous holdings as to where the burden of proof rests when a defendant charges that the plaintiff was guilty of contributory negligence. They say that the matter is of prime importance to the attorneys

of the state, inasmuch as the court decision indicates that the enactment of the comparative statute modified previous holdings. The federal courts have unanimously held to the theory that where the defendant alleges contributory negligence it is up to him to prove it, while the state courts have vacillated between that holding and two others. One is that the plaintiff must show he was free from negligence that contributed to the accident, and the other that where the plaintiff makes such a showing the defendant must supply proof to the contrary.

**Have Old Reaper
On Exhibit Here**

As a feature of Wayne's golden jubilee this week Thursday, Friday and Saturday, Ernest Bichel will have on display at the Thompson & Bichel Implement shop in Wayne a McCormick-Deering reaper, of 100 years ago. The present-day binder is a direct descendant of the early reaper and, though many improvements have been made, it retains some of the basic principles of a century ago.

**GRASSHOPPERS IN
THREE COUNTIES
AROUSE DEFENSE**

GRASSHOPPERS are destroying crops in Boyd, Knox and Keya Paha counties, and Governor Bryan has been asked for state aid in destroying the pests. Request is made for purchase of grasshopper poison to assist farmers who lack funds for the purpose. The governor has asked county boards for names of those unable to buy poison. Also Congressman Howard in whose district the plague exists, has written to Washington describing the emergency and asking for the co-operation of government funds and experts. Grasshopper poison distributed in Boyd county some weeks ago was generally unsuccessful through what is believed to have been improper mixture, and the poison proved quite as much a tonic as an eradicator. It seems the legislature appropriated \$25,000 to battle against insect pests. At the time, the corn borer was chiefly in mind, but some one's foresight made the measure include grasshoppers. The governor is said to be careful about digging deeply into the fund because it will have to last two years, but he thinks \$500 or \$600 devoted to buying poison would be all right. How many stragglers would yield to that amount of dope, we do not know, but likely the governor knows. In the meantime, while the state and federal authorities are getting ready to launch an attack, we think it would be only fair to the farmers in the three afflicted counties if the grasshoppers would call a truce.

Ready-to-Wear LARSON'S DRY GOODS Fashionable Shoes

Gets Compensation For Death of Son

Lincoln, Neb.—Action of the Thurston district court in awarding Charles Hill compensation for the Peckley Construction company, of Omaha, was affirmed by the supreme court. Hill's son, John, died from the effects of an accident while employed by the company.

Former Student of Wayne Married

Miss Lily Mapes of Emerson, former Wayne college student, and Louis Peters, of Emerson, were married June 29. They will live in Emerson where Mr. Peters is employed by the railroad.

Brenna News (By Staff Correspondent)

Mr. and Mrs. Ray Gamble spent Thursday evening with the Albert Paulsons. Mr. and Mrs. George Bruns called at the Henry Barnhart home Thursday evening. Mr. and Mrs. George Bruns visited the Dick von Seggerns last week Tuesday evening. Mr. and Mrs. Carl Frevert visited Monday evening of last week at the Will West home. Mr. and Mrs. Ray Gamble visited Sunday evening of last week in the George Steele home.

Return From Trip To West Nebraska

Nels Nelson arrived home Friday from Sidney, Neb., where he spent a couple months looking after land interests. Crop conditions near Sidney are not so good as last year. Mr. Nelson reports: Winter wheat was frozen in May and the stand is very poor. Corn and summer small grain are not making a good stand because of dry weather now. Mr. Nelson's land made about 58 bushels of corn and 60 bushels of wheat to the acre last year. Mr. Nelson says he will be pleased this year if crops pay for taxes.

Church at Schuyler Damaged in Storm

Immanuel Lutheran church at Schuyler was struck by a small twister last week Monday. The chimney was torn off and falling bricks caved in one part of the roof. Three inches of rain fell during the storm. Rev. A. Bergt, relative of J. G. Bergt of Altona, is pastor of the church.

Couple Married in Emerson Church

Miss Bertha Jaeger, daughter of Mr. and Mrs. Henry Jaeger of Emerson, and Ernest R. Anderson of Allen, son of Andrew Anderson of Wakefield, were married Wednesday last week at the St. Paul Lutheran parsonage in Emerson. They will live on a farm near Emerson.

Week's Review of Herald Exchanges

Pender firemen have bought a new truck. Mrs. Anna Davidson died at Laurel Wednesday last week. Erection of a new two-story school in Verdell is under way. J. M. Lammers and sons plan to open a creamery at Harrington. Newman Grove volunteer firemen dedicated their new hall last week. Miss Hazel Utecht and Paul Volpp of Bloomfield, were married June 18. Mrs. Thomas Malone, widow of the founder of Enola, died at Portland, Ore. Mrs. Ginnis Gunderson, 67, resident of Knox county 53 years, died last week. E. P. Hodapp, former head of the Emersion school, is engaged in the insurance business. Stanton business men and their families held their annual picnic at the fair grounds June 30. E. B. Fanske, brother of L. A. Fanske of Wayne, is newly installed Masonic secretary at Pierce. Harold Olson, injured in a re-

cent storm at Crofton, is recovering nicely in a Yankton, S. D., hospital.

Irvin Blue is visiting his father in Decatur after spending 16 years in India where he was principal of a school. Miss Pearl Johnson had a broken nose and Allan Carlson and Gunnar Swanson sustained minor injuries last week when the car driven by Carlson turned over north of Laurel. Mr. Carlson did not see a turn in the road in time and struck a bridge. Mrs. Maggie Walter of Pender, 81, died last week. She was the widow of David N. Walter, Civil war veteran.

HOME-TRIED RECEIPTS

- Lemon Filling. Grate rind of 1 lemon. Add juice, 2 tablespoons cornstarch. 1 cup sugar. To this add 1 cup boiling water and cook over low fire until thick. Add yolks of 2 eggs; after done. Misoey Loves Company. York Republican: One of our editorial friends points out very truthfully that few people shoot themselves in time of war or earthquake or flood or fire. The suicide rate, he declares, is lower in general business depression than in prosperity. It is lower in cold February than in the rare days of June. "No heartache is so unbearable as that of the man who is suffering financial losses and ill health at a time when most of his friends are enjoying good health and satisfactory digestion." "General and widespread misfortune relieves us of the sense of inferiority and enables us to deal with our situation with humor and good quality. Only when we find that we are the exception to the general wise universal rule does our personal situation become insupportable," is his observation. During the drouth days of 1926 I met what former Governor Gilbert has described as the "victim of desperation." Shivering in the same flows of adversity, the man could meet in their old bodies and enjoy a happy old life because they were on the same footing. Few of us mind the affliction that are visited on all, but when we get one sent in our direction, it is different and exclusive; they are able to get down-hearted and want to shoot it off. It does seem harsh to make one pay war debts when she is poor that she has only 30,000 of dollars to her name.—Los Angeles Times.
- Cheese Souffle. (Mrs. W. C. Keettel, Lyons) 1 1/2 cups sugar 1/4 cup butter 2 squares chocolate 2 eggs 1 cup flour milk 1 1/4 cups flour before sifted Sift flour seven times with 1/2 teaspoons soda. Mix in usual way. Add 1/2 teaspoon vanilla and 1/2 teaspoon lemon. Pinch of salt and nutmeg if desired. 2 cups sugar 2 squares chocolate 2-3 cup milk 2 tablespoons butter Vanilla and nuts Cook. Let cool and then beat until creamy. If too hard add cream or water.
- Rhubarb Pie. 2 cups rhubarb cut fine. Put 1/2 cup sugar onto rhubarb. Add 2 beaten eggs. 1 tablespoon flour piece of butter and pinch of nutmeg. Mix and put into raw, open crust. Bake slowly. Serve with whipped cream.
- White Cake. 1 1/2 cups sugar 1/2 cup butter 1 cup and 3 tablespoons of milk 2 cups flour level 2 teaspoons baking powder level 4 egg whites Flavor to suit taste. Lemon and vanilla are good. Bake in layer or loaf. If baked in layers this cake is good with lemon filling between layers and white icing on the outside.
- Cheese Dreams. Spread eight slices of bread with butter. Cover four slices of the buttered bread with thin slices of cheese and cover with the remaining slices of bread. Sprinkle with paprika. Cut the sandwiches in halves and place in a baking dish. Beat two eggs slightly, add one-half teaspoon of salt, one-fourth teaspoon paprika, a few grains of cayenne and two cups of milk. Pour this mixture over the sandwiches and bake until brown. Serve very hot.
- Chocolate Cake. (Recipe for cake winning prize at Nebraska state fair in 1928)

cent storm at Crofton, is recovering nicely in a Yankton, S. D., hospital. Mrs. John Mosman of Emerson calls this Thursday for Denmark to visit her mother, Mrs. Loiesing Schau, who will be 85 July 20. Heads of the annual Epworth League institute camp at Madison are surprised by first day registration of 194, the largest known. Melvin Flehn, 22, former Wisper youth, committed suicide by shooting last Wednesday in Norfolk. He had been despondent because of ill health. Mice are thought to have nibbled matches and started the fire which destroyed a car and garage at the Clyde Ross place in Inman. Nick Sausser, 27, son of Mrs. Kathryn Sausser of Randolph, was painfully injured when the car he was driving struck a hog and upset 13 miles north of Randolph. Great numbers of grasshoppers are reported in Holt county. Poisoned bran is being spread to destroy the pests but the poison has to be thin to prevent killing birds. Henry Schmidt, Pierce, sustained a broken leg when the spare tire he was going to put on a truck fell and exploded. The explosion threw the rim against his leg. A check artist using the name of J. F. Dugan cashed several checks at Emerson last week. He claimed to be a farm laborer and used the name of Robert Voss as signature for the checks, each of which was for \$15. He bought articles at each store and took the balance in cash. To provide relief for the Knox county citizens who sustained either injury or loss of property in the windstorm of cyclonic proportions which struck in the east central part of Knox county Saturday afternoon, June 6, the Knox County Red Cross chapter is sponsoring a drive for \$1,000. Because rabbits she bought for \$70 apiece turned out to be worth only \$2, Mrs. Anna Schneider, 55-year-old widow, formerly of West Point, Nebraska, filed a petition in Douglas county district court against the Nebraska Fur Farms of Enola to recover \$5,600, the amount invested, which was paid from an inheritance.

EVOLUTION of the HEARSE in the PAST FIFTY YEARS

From Then until NOW

"THE HOUSE OF QUALITY AND SERVICE."
Phone 292-W Wayne, Nebr.

View of the new Hearse showing the modern device for side loading. This is an extremely convenient feature of the new Motor Hearse.

Every possible means to make our service all that it should be . . . to provide for every family need and to anticipate them is our desire.

Early Days in Wayne County

Taken from the Herald files for July 3, 1910

Business entered S. Temple's cigar store rifling the cash register \$15 in cash, although the return of the owner of the store forestalled further activities. A rumor that the Herald office had also been entered was unfounded.

Dr. F. C. Zoll and J. C. Wendell were promoters of the Hylo oil company which began business in Wayne during the summer of 1913. Five carloads of Pennsylvania oils constituted the stock with which the place of business opened.

Damage to the extent of \$90 was done at the V. A. Senter home when an oil stove set the kitchen on fire.

Planned for being cleared for the erection of the new depot which had been promised to Wayne, and the railroad company began the erection of new coal sheds. Coal from these sheds was used to fuel engines running on the Bloomfield branch.

The state board of education met in Wayne to discuss plans for the future of Wayne State Normal. It was a question of the day whether

Consider your Adam's Apple!*

Don't Rasp Your Throat With Harsh Irritants

"Reach for a LUCKY instead"

The great Lord Tennyson in a beautiful poem refers to a woman's Adam's Apple as "The warm white apple of her throat." Consider your Adam's Apple. Touch it—your Adam's Apple—That in your larynx—your voice box—it contains your vocal chords. When you consider your Adam's Apple, you are considering your throat—your vocal chords. Protect the delicate tissues within your throat. Be careful in your choice of cigarettes. Don't rasp your throat with harsh irritants! Reach for a LUCKY instead. Here in America LUCKY STRIKE is the only cigarette which brings you the added benefit of the exclusive "TOASTING" Process, which includes the use of modern Ultra Violet Rays. It is this exclusive process that expels certain harsh irritants present in all raw tobaccos. These expelled irritants are sold to manufacturers of chemical compounds. They are not present in your LUCKY STRIKE. And so we say "Consider your Adam's Apple."

LUCKIES are always kind to your throat

"It's toasted"
Including the use of Ultra Violet Rays
