

### Seniors Complete Plans For Week Of Commencement Activity

Dates for senior events have been set, and plans for the spring season have been made, announces Supt. H. B. Best. The senior play will be given at the Gay theatre Tuesday evening, May 24. Juniors will banquet seniors Friday evening, May 27 and the baccalaureate service will be Sunday evening, May 29, at the Presbyterian church. The Rev. W. C. Heidenreich will preach the sermon. On Monday evening, May 30, a class day program will be given at the high school assembly. The commencement address will be given Tuesday evening, May 30, by Dean F. E. Henslik of the State Teachers College, University of Nebraska.

**Make Track Plans.**  
Wayne high school boys who are vaulting, racing and throwing discus and javelin these days are the following: Dean Hughes, Melvin Brown, Everett Dennis, Ronald Young, William Studley, Robert Ross, Vernon Hughes, James Da-

vidas, Franklin Victor, Robert Wilson and Robert Kingston. They, under the direction of Coach R. K. Holder, will be entered in an invitational meet to be held at the college Friday of this week. Invitations have been issued to 72 schools and, if a large number respond, preliminaries will be run off in the morning. Otherwise, the afternoon hours will be sufficient for the completion of the competition.

In seventh grade art class, tulip day was observed Tuesday when each child brought flowers from home, sketched them and colored them in delicate water color. The panels will be used to make a decorative border above the blackboard.

Seventh grade geography class is studying comparisons between Uruguay and Paraguay and has found that the country first named is the more prosperous.

Maps are being made by eighth grade geography students, who have chosen their own kind of maps. Some of the children are designing relief maps, others are making political maps, or economic studies.

**Take Up New Work.**  
"What a good citizen does in the world of work," is the topic now under consideration in the grammar room civics group. Each child is making a special investigation of the field in which he is most interested, and which he hopes to choose for his own.

The Louis and Clarke expedition, and special studies concerning Sacajawea, the Bird-Woman who led the explorers, have intrigued members of the seventh grade history group for the past week.

Lantern slides of germs and microbes have been shown in sixth grade hygiene during the past week. The children have also done some microscope studies which were interesting.

**Make Special Reports.**  
European countries and phases of life which differ from our own have been touched upon by sixth grade geography classes in the past few days. Outside source material has been used, and a number of pictures have been shown.

Ila Gildersleeve brought an armload of apple blossoms with which to decorate the grammar room this week.

The eighth grade has been making picture study books for art. Much of the material incorporated into the booklets came from the art exhibit.

Sixth grade arithmetic groups are considering discount this week. In the eighth grade arithmetic class, an introduction to algebra and the equation is being presented. Interest is the subject in the seventh grade.

Pastel watercolors have been used to paint flower motifs in the third grade. A health yearbook is also being made. The book will contain posters and other handwork completed during the year and nicely enclosed in a cover. The new silent reader was started in the third grade recently.

**Will Go To Kearney.**  
Mr. and Mrs. Leonard Good and Faunel Auken will drive to Kearney Friday to take the contestants to the state commercial contest. Entrants will be as follows: Catherine Craven, bookkeeping; Louise Boeckenhauer and Charlene Brown, shorthand; Helen Jones and Jeanne Wright, first year typing; Charlene Brown, Romaine Simmerman and Romaine Gildersleeve, second year typing.

Chorus reading is the newest experiment undertaken in the high school dramatics classes.

Charlene Brown and Stanley Davis will go to Sioux City May 16 to enter the national forensic meet. The meet will begin on Monday and will continue three days. Winners each day will compete the following day.

**Celebrate on Birthdays.**  
Maxine Johnson celebrated her

birthday by having a party in the kindergarten room Friday. Maxine's birthday does not take place during the school year, so she had the party Friday, when she gave Maybaskets to each of the children. Home made doughnuts were served to the guests.

Delmar Davis had a birthday party in the kindergarten room Monday when he served popcorn and home made candy. Fred Ellis and Evelyn Boe missed the party because they were at home with illness.

Gold stars for completing six penmanship projects were given last week to Dorothy Jean Casper, Jimmy Eakin, Doris Rockwell and Dorothy Ahlvers, all of the first grade.

In the fourth grade, a student-appointed committee will take charge of bulletin-board changes from now on. The group is making a geography booklet for a special project. The fourth grade girls are two points ahead of the boys in the spelling race which they started some time ago. Original safety first posters are being made for art. Long division has been completed in the arithmetic group, and "Winken, Blinken and Nod" illustrations are being made for the Eugene Field booklets.

**Largest Affair of Year.**  
The year's largest student affair will be the student activity banquet to be held at Hotel Stratton next Wednesday evening. The student council is in charge of the meeting, which will begin with a several course dinner and continue with a program. W. R. Hickman will be one of the principal speakers of the evening, and coaches of the commercial, athletic, debate and declamatory groups will also talk. D. H. Cunningham, member of the board of education, has also been asked to speak. Students from the commercial department, the athletic teams, the debate team and the declamatory group will attend the affair.

called the democratic county convention to order. J. E. Brittain was elected chairman and M. L. Ringer secretary of the convention.

Mr. Brittain was elected chairman of the democratic county central committee for the ensuing two years. Frank F. Korff was elected secretary, and Henry E. Ley treasurer.

The resolutions committee for the party included: Frank Kloppe, Henry C. Bartels and Simon State.

Democrats named the following as delegates to the state democratic convention: Mrs. O. R. Bowen, James E. Brittain, Frank Kloppe, Dr. A. Topley, P. H. Kohl, C. A. Berry and Walter Gabler. Alternates are George Anderson, J. V. Garwood, Charles Misfeldt, Albert Killion, J. P. Clausen, T. J. Pryor and Dr. L. W. Jamieson.

Representative Frank Kloppe addressed the democratic convention.

Precincts of the county will be represented on the democratic county central committee for the coming two years by the following: Hoskins, Simon State and Mrs. Wm. Ruhlow; Garfield, George W. Sweigard and Mrs. J. G.

Drevsen; Hancock, C. L. Imel; Chapin, T. J. Pryor; Deer Creek, M. W. Ahern and Miss Marie Stanton; Brenna, Fred Baird and Mrs. F. I. Moses; Strahan, George Hofeldt; Wilbur, Frank Griffith and Mrs. Frank Griffith; Plum Creek, Albert Killion and Mrs. George Fox; Hunter, A. J. Kirwah; Leslie, John Minihan and Mrs. George Buskirk; Logan, Frank Hanson and Mrs. Albert Borg; Winside, C. E. Schellenberg; Wayne First ward, Clyde Oman and Mrs. W. A. Emery; Wayne Second ward, V. A. Senter and Mrs. E. J. Huntemer; and Wayne Third ward, J. E. McGinty and Mrs. O. R. Bowen.

**Lumbermen Meet Here On Thursday**  
Twenty-six lumbermen of northeast Nebraska had dinner together last Thursday evening at Hotel Stratton and afterward heard an address on paint by Ivan D. Woods of the University of Nebraska extension department. Phil Runyan of Fremont, insurance representative, and Harry Dole of Lincoln, secretary of the state lumbermen's association, also spoke briefly. This was the last of 19 such meetings held over the state.

**Real Estate Taxes Being Collected**  
County Treasurer J. J. Steele reports the sum of \$69,369.26 collected from real estate taxes during April this year. In the same period last year the amount was \$77,837.95. Considering the fact that taxes are lower, the showing is good. About 400 property owners paid taxes the past week.

**To Science Meet.**  
Miss Louise Wendt plans to go to Omaha Friday to attend the meeting of the State Academy of Sciences. The session will be held at the Fontenelle hotel.

Mother's Day — The day of millions of thrills to mothers of America whose hearts throb with joy through the manifests of elevation tendered by those whom they love most, their children. It is the happiest day of all the year to the mother who receives the tender tributes that mean to them but one thing . . . Love Recompensed. Show devotion to her on Mother's Day and every day throughout the year.

What Would Any Mother Appreciate More On Mothers' Than A Dependable

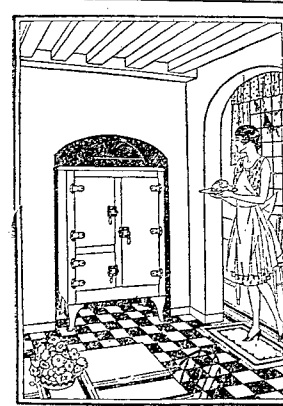

### Ice Refrigerator

The good health of her children is the main concern of every mother, and with a dependable ice refrigerator, such as we sell kept full of clean ice, will keep baby's milk sweet and preserve all other food.

Our prices are reasonable, and we would be pleased to put one in your home before Mothers' Day.

### Time To Plan Refrigeration

Now is the time to plan your refrigeration for spring and summer. Electric refrigeration has proved the best and safest method. And the plan of small weekly payments makes it possible for every family to own a Frigidaire. If you want an abundant supply of ice cubes, delicious frozen desserts, crisp vegetables — if you want the permanent beauty and cleanliness of Lifetime Porcelain-on-steel, inside and out — if you want all the convenient features of advanced refrigeration — be sure that the refrigeration you buy is Frigidaire, a true General Motors value — the only

electric refrigerator bearing the Frigidaire name.

#### New Low Prices In Effect

At the low prices and convenient terms now in effect, the cost of a genuine Frigidaire, with all its advantages, is only a few cents more per day than the cost of the cheapest automatic refrigerator. And because of its surplus power, long life, and low operating cost, Frigidaire will save you money every day — now and for years to come.

Visit our display room and see for yourself why Frigidaire is the choice of those who investigate carefully before they buy.

**THE BEST by TEST**  
**"MOLINE"**  
**Corn Planter**  
  
There is no tool so important to raising a good crop as an accurate corn planter. The Moline planter has been proven for its accuracy. It has been used for five consecutive years by the world's champion corn grower. Under a test it planted 1083 hills without missing a single kernel. These records are supported by the data of the United States Department of Agriculture and the Ohio State University.  
We particularly invite your attention to the combination edge-drop and round hole seed plate feature. The hoppers on this planter can be equipped with either type of plate very quickly and with every planter you get two sets of round hole plates, two sets of edge-drop plates and a set of blank plates. With the edge drop plates you will get greater accuracy if you use graded corn; however, ungraded corn and other seeds round hole plates have proven more satisfactory.
