**War Talk**  
 WHILE nations are still struggling to get over the last war, prospects for another conflict are being discussed. With recollections of the horrors of war still fresh, it is inconceivable that any group could be persuaded to move in that direction. While Japanese and Russian officials of high rank disclaim any intentions to fight, a clash of arms between them is freely predicted. Prospect of war between the United States and Japan is frequently mentioned.

The American masses have been fed up on military experiences, and they will not sanction any war that is not purely defensive. One effective safeguard to peace in this country would be a law conscripting every dollar as well as every man in case of hostilities. This is one law that should be read into the federal statutes to stay. And while the government is inclined to take over private industries, it could head off certain war profits by absorbing all the munition factories in the country. Let there be no opportunity for profiteering, no one to escape from equal burdens of war, and there would be no war.

**Value in NRA**  
 AS a purely recovery measure, the NRA seems to have done little good. It has hindered rather than helped important equality between prices for farm products and those for manufactured goods. However, as a means of reform in business practices, especially in relieving child labor in factory centers, it has undoubtedly proved of genuine value. Often an emergency is required to remove a serious blot on civilization. Secession of the south is what precipitated the Civil war and led to freedom of the slaves. Agitation against using Negroes as mere chattels had been going on for a long time, but it took secession to hasten a crisis and end human bondage. So, the sweatshops where little children were dwarfed by long hours of toil, have been required under the NRA to yield to more humanitarian practices. Freedom of children in factory centers to enjoy average privileges, though incidental in the NRA program, is the plan's most valuable contribution. Popular opinion will insure its permanency.

**Suspended For One Day**  
 DUE to a mandatory order from the post office department at Washington, deliveries of all mails today, Washington's birthday, are forbidden. Postmasters have no choice. Post offices will dispatch mail to other points, but they are not allowed to make local distributions or permit carrier service. To respect for the memory of George Washington is added a plan to effect one day's economy in operating cost, as we are informed. Under the circumstances, with mail facilities tied up on our day of publication, subscribers in this area will be one day late.

**Silver Wedding Surprise Sunday**  
 Mr. and Mrs. John Reeg celebrated their silver wedding anniversary Sunday when a large group of relatives came to their home as a surprise. The guests brought dinner and supper. Cards were played in the afternoon and evening. The guests were Mr. and Mrs. Dietrich Meyer of Winside, Mr. and Mrs. Henry Rudebusch and son and daughter of Randolph, Mr. and Mrs. Herman Meierdicks and family of Pender, Mr. and Mrs. John Test and family of Wakefield, Mr. and Mrs. Bernard Meyer and family, Mr. and Mrs. Will Meyer and family, Mr. and Mrs. Carl Meyer and family, Mrs. Ed. Nieman and son, Fredrick, Mr. and Mrs. Adam Reeg and family, Mr. and Mrs. Jacob Reeg and Walter, and Peter Reeg and family of Pierce. The John Reegs have lived on the farm west of Wayne for 14 years.

**Omaha Man Injured When Car Overtakes**  
 Ed. J. Strathman of Omaha, received a gash on the forehead and facial bruises when his car overturned on the Wakefield highway Wednesday afternoon. Mr. Strathman met a truck and went into the ditch to avoid hitting it, the crash badly damaging the car and cutting the driver. He was brought in Wayne for medical care. Mr. Strathman is a salesman for the McClurg company.

**Three Have Positions.**  
 Three college students have secured teaching positions through the placement bureau at Dean H. H. Hahn's office. Miss Irol Whitmore was elected to fill a vacancy in the English and dramatics departments of Omond high school, and left Wednesday last week to take up the new work. Miss Alice Heller of Hooper, has contracted to teach primary room in district 12, Dodge county, the coming year. Miss Esther Pennington of Silver Creek, has been elected to teach the Brummel school south of Winside.

in receiving their copies. On certain holidays which are generally observed, we are accustomed to pushing publication a day ahead, but this cannot be done without curtailing production and causing extra cost, not apparently warranted on this occasion. This delay which the public may be persuaded to endure patiently on account of the economy involved, is regrettable, but cannot be avoided.

The move to investigate the income tax report of Col. Lindbergh following his letter asking the administration to grant air mail contractors a hearing is getting away from the issue. The fact that Lindbergh is not a money grabber or a grandstander, as proved by his refusal to make a contract with motion pictures following his celebrated flight, makes certain that his income tax report will stand the closest scrutiny. The bad feature of the income tax incident is the attempt to dig up something—even foreign to the question—in the hope of discrediting the pioneer flyer who voices a protest contrary to the administration's action. It will impress the public that the income tax inquiry did not need to wait until the colonel had given offense in an entirely different direction.

In a speech over a national radio network Tuesday night, General Hugh S. Johnson, national head of the NRA, told about meetings to be held to discuss the different codes and make them as nearly perfect as possible. He invites criticism and suggestions, but we doubt if he wants anyone to butt into his plans with anything but favorable criticism. It is probably a fact that the NRA is quite impossible of full compliance in small centers, but it may operate to the advantage of large communities. If so, the comparatively small places are indirectly benefited. The general is so far from amiable in his utterances that he nettles and repels one who is not convinced of his superior logic and superlative wisdom.

There is no likelihood of a slip in plans for the proposed post office building. The site has been bought, and we understand the money has been appropriated for the improvement. The proposed community house for which bonds were voted last fall, seems to be making slower headway. A report that the proposition had been definitely sidetracked in Washington appears to have been a mistake. Local effort is being put forth to secure favorable action, and there seems no sound reason why it should not be able to do so. Wayne has acted fully in accord with government proposals for community improvements through federal assistance, and benefits resulting from such cooperative arrangements elsewhere may reasonably be expected here.

An appropriation is being asked from congress to eradicate the grasshopper pest from marginal lands—lands at best scantily productive—and at the same time economists advise that the government should buy the marginal lands and take them permanently out of cultivation. But if the government should buy marginal lands, it would be impossible to teach grasshoppers to stay on them, and so it would be necessary to kill the pests to prevent crop destruction on neighboring areas selected for production.

Constant vigilance and unflagging effort seem to be the requirements for steady community progress. If we lie down in the belief that everything necessary has been done to accomplish a purpose, something is likely to happen to defeat plans and push back the goal. A community that expects to go ahead, must be ever on the alert and ever pushing to acquire the improvements and advantages it needs.

Like Florida points, this territory is feeling somewhat the influence of the terrific onslaughts of bitter winter in the far east.

**Altona News**  
 Junior Stauffer was here from Wakefield visiting at the Frank Schulz home last week, coming on Sunday and remaining until Wednesday. On Tuesday evening, Mrs. Schulz, Raymond Schulz and Junior called at the Pete Hansen home.

**Has Birthday.**  
 About 35 relatives and friends were guests in the Gus Laase home Friday evening, February 16, celebrating Mr. Laase's birthday. They took lunch, and the men played cards while the women visited.

Frevert and family, Mr. and Mrs. Fred Frevert and daughters, Herman, Mary and Marvin Frevert of Pilger, Mrs. Henrietta Siegert of Pilger, and Miss Helen Wieland came for the evening. Mrs. Paul Spittgerber served cake at the close.

**To Anniversary.**  
 Relatives went to the Lee Stauffer home in Wakefield Wednesday evening last week to observe the Stauffers' sixth wedding anniversary. Those included were Mr. and Mrs. Herman Schowalter, Mr. and Mrs. Henry Stauffer and Ruth, Mr. and Mrs. Frank Schulz, Mr. and Mrs. Earl Schulz, Mr. and Mrs. C. Len Davis of Wakefield. The guests took lunch which was served after a social evening.

**Iowa Couple Married.**  
 Mr. Edward L. Blakely of Omaha, and Miss Bernice H. Kightingler of Dunlap, Iowa, were married February 17 by Judge J. M. Cherry.

**CITY HOSTESS.**  
 A city hostess is a role which serves well the purpose of welcoming newcomers and making them feel like staying and inviting their friends to join them. We have just heard of a town of 5,000 in California which employs a tactful young woman as hostess. When a family moves into town, she loses no time in making a personal call, bearing a letter of welcome from the mayor. In addition, she gives complimentary tickets to the theatres and bestows other special privileges. A stranger in a community always needs sustaining courage, and when official and other courtesies come along just at the time when one is all set and ready to be homesick and sorrowful, the influence is powerfully helpful. California is acknowledgedly up-to-ways to make a stranger feel that he has struck a gold mine, and while that state also has ways to persuade investments—sometimes unwise—it is an example of demonstrated hospitality that might well be followed by other states. Every one in California seems to be long to a committee to extend the glad hand. Then emphasis is given by employing the municipal hostess. Nebraska towns feel just as friendly and the spirit of welcome is just as cordial, but they make no demonstrations and are slow in offering sympathetic considerations. The Bible says something about being a stranger and being taken in. California works the scriptural idea from two angles—first literally, and then figuratively. We would recommend the hostess idea for Nebraska towns, applied sincerely, as the main idea to warm fellowship and build contented communities. Let us profit by some of the good points developed by the ultra sophisticated state of California.

**Rhythm Orchestra Plays For Kiwanis**  
 Kiwanians and Kiwanian-ladies of the future entertained the club at luncheon meeting in Hotel Stratton Monday noon, when second and third grade rhythm orchestra furnished the program. About 28 were in the group and little Dorothy Nelson led the sailor-capped youngsters, while Miss Hazel Reeve, their director, played piano accompaniments. Norman Ray Reynolds and Robert Wright contributed a sailor song, then stepped aside to let Nancy Mines, Marilyn Stratton and Marjorie Ann Berg swing into a gay little dance. Numbers played were "Jolly Coppermith March," "Intermezzo Russe" and "Le Secret."

President J. C. Johnson was in the chair, and Fred Blair led group singing, accompanied by Kermit Stewart. Board meeting was announced for that evening. Read the Herald want column.

**CLUBS.**  
 Anita, Iowa, located mid-way between Omaha and Des Moines, and having a population of 1,000, boasts of supporting more clubs than any town of similar size in the United States. Wayne is larger, but we have been long convinced that it has more clubs according to population than any other place in the world. The rapidity and facility with which a club is started at Anita are illustrated by the claim that two aviators, forced to use a parachute in landing, had the "Almagamated Association of Parachute Jumpers of America, Inc.," organized when they hit the ground. This is admittedly fast work in meeting the emergency for a club. But Wayne is also quick on the trigger when occasion reveals suffering lack of group affiliation. Anita should know that some persons here who were flung violently from an automobile had a club organized and officers elected when they landed in a nearby ditch, with clearly penned notes of explanation for use in case of any serious anatomical disarrangement. In their meteoric flight they had decided to christen the club, "A Coalition for the Rebuilding of Highways to Safeguard Motoring at Eighty Miles an Hour," with the usual appeal for government aid. In the animated interest in the maintenance of clubs we would inform Anita and the rest of the world that Wayne has no equal. Another thing of which we are certain; many clubs answering all the multiplied and multiplying emotions and inclinations, of a community give to life zest and inquiring interest that otherwise would be sadly lacking. Many clubs covering the entire gamut from playing "bridge" to raising children denote a progressive community—a useful, helpful, happy community. Our challenge to Anita and others for comparison is accompanied by heartiest felicitations.

## Hostess Plan Is To Be Developed

**Business And Professional Women's Club Sponsors Greeting Program.**  
 Hereafter, newcomers to Wayne city will receive an official welcome soon after establishing residence here, as result of action taken at Business and Professional Women's club meeting last Monday evening at the Mrs. E. K. McElroy home. Representatives from the hostess committee, made up of Mrs. Paul Siman, chairman, Miss Genevieve Kingston, Mrs. Russell Larson, Miss Doris Judson, Miss Mary Jane Morgan, Miss Helen Kellogg and Miss Miriam Hulen, will call upon new residents, greet them and offer them any information about the city which they will need as they become a part of this community. A pamphlet giving data about city improvements, facts about the college, highways, railroad and bus facilities, fair grounds, new airport, the names and locations of streets, will be handed the newcomers, also theater tickets as courtesy of Philip March. Church, lodge and social club affiliations will be learned, and the pastors and heads of these organizations will be notified. The committee will appreciate information of any families moving into Wayne.

Cooperating with the League of Nations association to organize the peace forces of the country behind a program urging entrance of this country into the league, the club is serving as representative in this district, and securing information from the neighboring towns of Winnebago, Emerson, Coleridge, Huntington, Laurel, Pender, Ponce, Randolph, South Sioux City, Walthill and Wakefield. Petitions will be circulated in Wayne by club members. Miss Leona Bahde, Miss Marian Price, Miss Verna Elfson, Miss Arlyn Nelson, Miss Eva Glimsdal and Mrs. Evelyn Wambarger have been named to this committee.

During the business meeting, Miss Norma Carpenter reported on the CWS sewing and clerical projects which have been sponsored by the club. The 11 women employed over the county each week have received a total of \$805.50 to date, and the club committee has assigned 104 women to a week's employment since January 1. Future of the work awaits word from Lincoln.

The boy scouts and girl scouts were each voted \$2.50 to aid in their community programs. During national business women's week, the club will sponsor a radio program from the Herald studio. Miss Ann Geisler is in charge.

"Crazy" bridge was diversion for the Monday evening meeting, and the seven tables of players indulged in such handicaps as playing four hands with a lollypop in the mouth, wearing hussing gloves, observing silent rule, and playing with one hand behind the back. A prize was presented to winner of each round. Guests were Miss Margaret Fanske, Miss Mary Kile and Miss Coila Potras, and Miss Dorothy Slater attended as a new member. Patriotic theme was carried out in the serving, with tiny American flags topping the dessert. Committee for the affair included Miss Evelyn Mellor, chairman, Miss Ann Geisler, Miss Cleo Patterson, Miss Eulalie Brigger and Miss Marian Price. A dinner meeting is planned for March 5, in charge of Miss Nina Thompson, health chairman. Mrs. S. D. DeWolf, etiquette chairman, will present a play.

## Accepts Position At Montana Fort

M. K. McConnell came home Tuesday evening from Alma, Neb., where he had been working in a CCC camp. He visited with his folks, Mr. and Mrs. Charles McConnell, until Wednesday noon when he left for Montana. He has a position in the U. S. engineer office at Fort Peck, where the large government dam is being constructed.

**Magician To Entertain.**  
 Kenneth Carlson, magician, will come to Wayne school Friday afternoon at 3:15 o'clock to entertain the children with magic art.

**Twin Is Improving.**  
 Margaret Ellen, 3, twin daughter of the Henry Wackers of near Carroll, is some better this week from pneumonia.

**LOCALS**  
 Phil Briggs, Roy Jeffrey and Gerald Anderson went to Omaha yesterday and will return today.  
 C. W. Browns has rented the Kearns residence occupied by the P. D. Gordons and will move in March. The Gordons are going to Fairbury.  
 Frank Ergleben accompanied Carroll met to Lincoln last Thursday in regard to improving highway No. 113 west of Wayne.  
 Dr. and Mrs. T. T. Jones and daughters, Miss Helen and Miss Margaret, were 6 o'clock dinner guests in the John T. Bressler, Sr. home Thursday evening.  
 Perry Millie and Miss Ellen Blatchford of Newcastles, were married last week.

## New Orleans Visit Enjoyed By Leys

The Mardi Gras is an interesting big carnival, Mr. and Mrs. Rollic W. Leys found on their visit to New Orleans. The Leys left Wayne by car February 8 and arrived home Tuesday night, having traveled about 2,500 miles. The whole city of New Orleans takes part in the Mardi Gras celebration, neighborhood carnivals and parades being similar to the big carnival and parade on Canal street. Many decorated floats and bands entered the festive parade, and huge crowds of people lined every street.

Enroute south the Leys went to Kansas City, Fort Smith, Ark., and Shreveport, La. They returned by way of Jackson and Vicksburg, Miss., and St. Louis. They encountered some rain on the way down and were in a blizzard Sunday between St. Louis and Kansas City on the return. Otherwise the weather was delightful, like fresh April days. The temperature in New Orleans was like spring and gardens and yards were beautiful with green. Flowers were in bloom and many people covered these at night for fear of possible frost.

Conditions seem improved in the south, the Leys report. Business men in New Orleans and Memphis stated that sales have been better and that people are encouraged. Mississippi farmers are planting cotton at this season, the Wayne people found. Most of the labor is done by colored people.

The Leys spent part of a day at Vicksburg and visited the national park there. Time did not permit their stopping at other points.

## Farmers Enter Corn-Hog Plan

**About Fifty Percent Have Signed Reduction Contract To Date In County.**  
 Corn-hog reduction contracts signed by Wayne county farmers numbered 894 last night, G. H. Liggett reports. The first period of sign-ups was completed February 21.

In the first period meetings were held at various places over the county to explain the plan and sign contracts. It is likely that all signing will be done at the court house from now on, Mr. Liggett states. No closing date has yet been announced.

Corn loans to Wayne county farmers represent \$190,000 to date. The time limit for taking out these loans has been set for March 31. Mr. Liggett reports 50 percent of the farmers in the county have signed reduction contracts to date and in some precincts as many as 90 percent have signed up. It is expected that before closing date for accepting contracts that about 90 percent of the farmers in the county will have signed contracts.

While no definite date has been set as a deadline for accepting contracts it is advisable for a farmer to fill out his contract as soon as he can so that he will not be in the position of a good many wheat farmers who wanted to fill in their wheat contracts after they could no longer be accepted.

There are a few farmers in Wayne county who have been planning to plant rape on their contracted acres. There is a definite list of crops approved to be planted on the contracted acres and rape is not among them. Therefore, these farmers who are planning on planting rape on this acreage will have to select another crop.

**Card of Thanks.**  
 We wish to express our appreciation for the many kindnesses of friends, and especially of the Masonic lodge, at death of our father, S. D. Relyea. Mate E. Relyea, Mr. and Mrs. W. E. Jordan and Mr. and Mrs. W. R. Hickman.

**House Is Moved.**  
 Mr. and Mrs. James McIntosh moved their residence from the John Beckman farm one and a half miles north of Wayne to the place two miles north. The McIntoshes and Beckmans have farmed 280 acres. The former are planning to farm the 80 on west side of the road at the corner north and will have their residence there. The Beckmans will farm the 200 acres on the east side of the highway.

Ruling Is Made In Corn-Hog Plan

At least one live pig constitutes a "litter" under the corn-hog contract, according to a recent ruling of the corn-hog section at Washington. Farmers have been asking questions frequently in the last few days about how to count up their hog base or figure their 1934 hog business if some of their sows farrowed dead pigs, G. H. Liggett says.

The new ruling means that the farmer can count in his hog base only litters of live pigs farrowed in the two-year period, December 1, 1931-November 30, 1933. In the year 1934 he will be required to count only the litters which include one or more live pigs. In other words, if a sow farrows a dead litter, that does not count as one of the quota the farmer is permitted to farrow under the corn-hog contract. He can breed the sow for another litter during the year or buy another sow to take her place.

In planning to comply with the corn-hog requirements, many Nebraska farmers say they will farrow less than the permitted numbers of litters in the spring and then farrow as many litters in the fall of 1934 as they think will be needed to raise the 75 per cent of their base number of pigs. While farmers under the corn-hog contract agree to reduce both the number of litters and pigs raised for market 25 per cent, their chief problem is to get the right number of pigs from the litters farrowed. Farmers who have had poor luck with their hogs in the last two years and raised only a small number of pigs per sow, will probably not farrow out their full quota of litters in 1934 because they can't over-run on the number of pigs they raise for market.

Mrs. Albert Newgren, 75, died at Hubbard last week. Miss Iva Haldeen and Harlan Voigt of Randolph, were married February 10.

There is no evening service but all friends are invited to the Epworth League meeting. Do not neglect your church attendance.

Presbyterian Church. (Rev. P. A. Davies, pastor) Next Sunday February 25, is the first Sunday of the church loyalty campaign that is being stressed in Nebraska at the present time. In many of our churches an effort will be made to get the full membership out and a roll call will be taken at the morning service. Even though for several reasons it seemed impossible for the Wayne churches officially to be in this movement, members of our Ministerial association would urge the members of our churches to remember the movement and give their loyalty to it by attending the service of their own church next Sunday morning. It might be interesting to find what percent of our members are present. This could be done by a committee in the congregation without disturbing our regular program.

Cold as it was last Sunday evening, we had a large number present for the supper and first session of our mission classes. About 120 sat down to the supper and some 95 stayed for the classes. The four classes were under the leadership of Supt. H. R. Best, who had charge of the adult group; Mrs. F. A. Davies who had charge of the high school group; Miss Leone Westover, who had charge of the intermediate group; and Miss Elizabeth Wentworth, who had charge of the smaller children. The books that we are studying are full of interest as they deal in a very frank way with the real problems of the church in our day. The next session of our school will be next Sunday evening. Supper at 6:30 and classes following. The committee in charge of the supper for next Sunday evening is as follows: Mrs. H. S. England, Mrs. A. A. Welch, Mrs. F. E. Gamble, Mrs. Clarence Corbit, Mrs. H. H. Hanscom and Mrs. Oscar Johnson. The Ladies' Aid will meet Wednesday afternoon at the church parlors. Mrs. Wm. Mellor reviewed the book "Within the Present." Miss Matton Seymour brought special music. The committee in charge was Mrs. C. C. Herndon, Mrs. E. E. Gailey, Mrs. G. H. Liggett, Mrs. Curly and Miss Mabel Dayton. The services for next Sunday are as follows: Sunday school, 10 a. m.; morning worship, 11; school of missions, 6:30 p. m.

Work Systematic In Corn-Hog Plan

Counties already starting to sign corn-hog contracts are not attempting to break any speed records in getting the forms completed in a day or so, according to the state corn-hog administrator's office in Lincoln.

All counties are going at the job systematically and will keep a few well-trained men on the job at every precinct signing place.

Little America Aviation and Exploration Club. With Byrd at the South Pole. My New Job! PRESSURE CAMP, SOMEWHERE IN ANTARCTICA. Feb. 8 (via Mackay Radio): Goodbye, good old Jacob Ruppert. Our grand old steel gaship, never intended for pounding through hundreds of miles of ice cakes as big as the Brooklyn Bridge and bergs as big as half of Boston, is leaving us for a whole year. I hate to see her go, I bet I'll yell like a fool when she leaves into sight again next December or January. She has been a grand old friend to us, noisy, smelly, uncomfortable, but we've felt safe on her, that is, comparatively safe.

At least she never showed any tendency to crack open and spill us all into the sea, the way this whole landscape around here is doing.

At all day long—and that means 24 hours long—radio messages arrive from the various caches we've established all over the place so if the ice goes out it may not take everything with it. They tell us to send ten gallons of Tydol gas for the tractors to Number One cache, send fifteen gallons to Pressure Camp for the snowmobiles, send 25 gallons of Veedol oil to Little America for the Condor, 20 gallons to Number Two cache for the Fokker. Then there are calls for kerosene for the stoves. It's like a combination of Fifth Avenue and Roosevelt Field here, with the automotive activity. The amount of gasoline and oil used is tremendous. In one 24-hour period the planes, tractors and other motor equipment drew 750 gallons of gas and 60 gallons of oil. And I have to keep track of it all, seeing that it all gets safely to our permanent home at Little America and meanwhile making sure that as they draw it each machine gets the proper fuel and lubricants.

Here we have vivid illustrations of the old and new methods of exploratory transportation. It takes a dog team three hours to go between the ship and Little America, dangerous pressure ridges and crevasses. Any of the planes makes the same trip in three minutes with a greater load. It is interesting and thrilling, this unloading business, with planes roaring overhead, tractors milling over the ice, snowmobiles whizzing along throwing up big chunks of snow and the dog teams struggling along the side of the trail. There will be no rest until all the supplies are safely at Little America. Foodstuffs, gasoline and oil take priority over everything else. We are working strictly on our own code—20 hours a day! Lots of fun!

The maps and membership cards are still pouring out through the mail. And membership applications are still pouring in. If you and your friends, without cost, would like to join the club and get the free maps, simply send us a stamped, self-addressed envelope to Arthur Abele, Jr., President, Little America Aviation and Exploration Club, Hotel Lexington, 48th Street and Lexington Avenue, New York, N. Y.

Frozen Boots!

LITTLE AMERICA, AN T A R C T I C A, Feb. 12 (via Mackay Radio)—Believe it or not, we are still hauling supplies from the scattered caches on the ice into Little America and, according to my boss, Commander Noville, we shall be at it for a total of three weeks or more. I am actually living in a little tent out by Pressure Camp and I'm looking forward to getting into one of those warm snow-buried wooden huts in Little America that isn't in danger of being blown away by the wind.

Speaking of wind, we've got plenty of it and they tell me this is only a beginner. We are reaching the end of our summer season down here and the boys tell me it is nice and balmy. I would n't know that. The thermometer says fifteen degrees below zero and a biting wind sends the cold right through our veins.

There are 51 of us working on the ice and already we are watching each other's faces for signs of frostbite. If we see a small white dot appear on another fellow's nose we run up to him and help him to rub it with snow to restore the circulation. Frostbite is no fun under our circumstances and Dr. Shipley has been busy fighting it with us, but now he is gone. Illness forced him to quit the Expedition and he is on his way back to New Zealand on the Jacob Ruppert. We'll miss him. We understand the research ship, Discovery II, is bringing us another doctor who will be transferred to the Bear at Oakland and brought here to spend the next year or so with us on the ice. Then the Bear will have to run out of here to New Zealand before the Ross Sea freezes again, so we'll be left all alone for twelve months! I wonder—about a lot of things!

In addition to my job of segregating the many types of fuel and oil for the various airplanes, tractors and snowmobiles, as they require it, I am now helping in the distribution of parts for all these machines. Gosh, I didn't know there was so much work in the world! The only water we have is heated snow, so even the sketchy washing of hands and face and shaving are priceless luxuries. Bathing is out of the question. Later, when we get indoors we'll clear ourselves with cold cream. I never realized what a wonderful soap that was. "Gee, How I Hate To Get Up In The Morning." It is a miserable feeling crawling out of a warm sleeping bag into a temperature of ten below zero and finding your boots frozen solid so you have to beat them against the tent pole to soften them up before you can put them on and thus get your feet in out of the weather. No yawning or stretching. Once awake and out of your nest and you have to move fast. Al Carbone, the cook, is having a picnic trying to feed us properly. Working under tremendous difficulties, with only a single three-burner gasolite stove, to prepare five meals every 24 hours for 51 men, he is performing miracles. But we must eat fast. The food turns stone cold in two or three minutes and, freezes solid in ten. Out on the trail we have thermos bottles of hot cocoa. You can bet I am very careful to keep that stove supplied with the proper gasoline.

We are working day and night at top speed to get our supplies to Little America before the bay ice and barrier ice feet break off. There is a considerable crisis of this kind now at Pressure Ridge but, with luck, we'll beat it.

I'm delighted at the radio news that these disconnected, hurried little yarns of mine are proving interesting and are running in hundreds of newspapers and that my club is growing so fast. They tell me that high school teachers in history, science and geography are enrolling their entire classes and studying the stories with the working men every week. That's swell! The more the merrier. We welcome, as members, without any cost whatever, all people interested in aviation, adventure and exploration who send in a self-addressed stamped envelope to C. A. Abele, Jr., president, Little America Aviation and Exploration Club, Hotel Lexington, 48th Street and Lexington Avenue, New York, N. Y. and the club staff will send them all a membership card and a big map of the South Polar region.

### Presents Gifts To Wayne Church

Altar and Other Furnishings Are Memorial Given By Chris Knoll.

Gothic altar with pulpit to match in oak, an altar picture painted by Klagesert of Minneapolis and a baptismal font have been given to Our Redeemer's Evangelical Lutheran church of Wayne by the late Louis Knoll. The gifts amount to about \$1,000.

It was in 1928 that Mr. Knoll decided to make the memorial gift to the church. He designated that the purchases were not to be made until after his death. In 1929, however, he permitted the improvements but no one except Rev. H. A. Teckhaus knew whose gift they were.

The facts about the gift were made known to members of the family and friends this month at funeral services of the donor.

### Negroes Defeat Picked Quintet

The dusky Harlem "Globe-Trotters" whooped and wise-cracked their course through a colorful game with picked Wayne team on Tuesday evening, adding another win to their string of victories. Good-natured, skillful, noisy, the New York quintet showed the local folks some excellent basketball, and played a clean game throughout. Wayne showed the visitors some clever work, considering that the team had not practiced together. Final score was 28 to 29 in the visitor's favor.

Robert Brandt of Norfolk, Kenneth Paul of West Point, Ollis Decker of Arlington, all college students, Coach W. R. Hickman and Coach Floyd Alexander of Belden, made up the starting line-up, and Coach Robert Gibb of Wayne high school, Coach Fred Schneider of Pilger high school, Coach Clarence Swartz of Pender, and Coach Freeman Decker of Carroll were substitutes. The "Globe-Trotters" brought only five men. Dennis, their center, made the winning basket after Wayne led 28 to 27 with a minute and a half left to play. Wayne led 16 to 10 at the half but lost the lead in second period, with a constantly changing line-up. The gymnasium was crowded to capacity with college students, faculty members and townspeople. In the preliminary tilt, Winside high defeated Carroll high, 28 to 21.

Wayne plays Peru here on Friday evening, and will end the season with a game here next Tuesday evening with Western Union college of LeMars, Iowa.

### Local Cage Fans Witness An Exciting Basketball Game Tuesday.
