Loans Are Made In Dixon County

Corn Placed Under Seal Less Than Previous Year, Report Shows. Farmers of Dixon county have put approximately 360,000 bushels of their 1939 corn crop under AAA loan since December 18, 1939.

The progress of the 1939-40 corn loan program, now in full swing, indicates that the amount of corn which will be placed under seal in Dixon county will be less than the amount sealed under the 1938-39 loan program.

The simplified method for taking out corn loans by which a farmer may sign his note and chattel mortgage and obtain his insurance certificate in but one trip, to the county office has materially speeded up the work of making loans.

Agriculture Is Nation's Safety

In Name of Emergency THE United States News, edited by David Lawrence, says President Roosevelt will not seek a third term.

The United States News thinks Roosevelt will refuse, but that a horde of officeholders will demand his re-election in the name of an emergency.

All these considerations will not make sense to many outside of administration circles, but they may create a convention dilemma whose settlement on the surface may follow the president's more or less reluctant acceptance.

WRITING to his Columbus California, where he is sojourning presumably to escape the rigors of a Nebraska winter, Edgar Howard says in effect that he finds no one out there who is against the president for a third term.

IN HIS Nebraska Farmer, Sam R. McKelvie observes the need of being frank and outspoken in discussing political questions and governmental trends, and he says he proposes to do so more than ever before.

"We are in a crisis and the day of reckoning is at hand. Basically, the economic situation with 10 million unemployed and the national debt doubled in the last seven years is by far the worst it ever has been.

Hugh Butler, candidate for the republican nomination for United States senator, has been making speeches in this part of the state this week.

Youth is impetuous, and jumps at conclusions. The young fellow is inclined to decide more according to impulse than to reason. The logical thing does not so much appeal as the desired thing.

The interests of farmers and townspeople are interdependent. Farmers are benefited by living in the vicinity of a live, prosperous town, an acceptable trade center.

ient proximity to strong educational institutions. On the other hand, a town cannot prosper without prosperous farm communities.

Lent, which starts February 7, is a period of abstinence and repentance, and both may well be practiced regardless of denomination, position, material riches or state of health.

If independent, straightforward thinking is appreciated by citizens of the First district, J. Hyde Sweet, Nebraska City editor, named to the vacancy created by the death of Congressman Heinke, will be elected by an avalanche of votes.

The weather is never just right. It is too cold or too hot, too wet or too dry, and it can't be changed or regulated.

There is no threat to American peace by helping the Finns, unofficially, and any assistance given by private sources helps fortify the cause of democracy.

The Finns and Us. (Omaha Journal-Stockman) It is human nature to have sympathy for the underdog.

Two decades ago Finland was a part of Russia, crushed under heel. But out of the World War came freedom for the Finns, and they soon set out to establish a real democracy.

The strength that the Finns are showing reminds us of the vigor of our own country in its early years, when every man was on his toes to make a living, and when all were united to make a new form of government function successfully.

The Finns are an old people, but with a new vision of freedom and independence. They are close enough to serfdom to know that freedom is worth fighting for.

Roosevelt's 58 1/2 Percent. (Norfolk Daily News)

The New York Sun offered nothing that we didn't know before when it listed the receipts and expenditures under every president since and including George Washington and presented totals showing that President Roosevelt had spent more than half as much in his eight years as the thirty-one presidents who preceded him had spent in 144 1/2 years.

These are the figures. In 144 1/2 years thirty-one presidents spent \$112,203,367,065 and these expenditures included those for five wars; and in eight years Mr. Roosevelt spent \$65,628,526,692, or 58 1/2 percent as much as all the other presidents.

Eight years ago Mr. Roosevelt was telling us that the moderate Hoover deficit was sending the country to bankruptcy, causing stagnation in industry, ruining the farmers and compelling millions of unemployed to walk the streets.

Not long ago he was telling us not to worry, because we owed the money to ourselves. But even a high school boy could pick the flaw in that attempt at consolation and reassurance.

So now the president has another alibi. The debt isn't serious, he says, because we have new improvements and wealth to show for it.

IN THIS COUNTRY. William S. Knudsen who came to America from his native Denmark as a poor immigrant boy, and who is now president of General Motors Corporation, is an outstanding example of what may be accomplished in free America.

Newly (Continued from Page One) lieved state of mind. Those who do not have to pay into funds for old age benefits and unemployment insurance are probably kicking about something else.

Norfolk Woman Explains Advantages of Plan Worked Out

The Parent-Teacher association can serve a definite good in the community when its purpose guides the organization. This seemed to be the consensus of opinion at the meeting Wednesday evening last week when patrons and teachers met at Wayne city school to form such an association.

Work of the Norfolk association was explained by Mrs. W. J. Shively. Norfolk has a unit for each of its five grade schools. One of the objectives is a pre-school clinic. Mothers of children of pre-school age are visited in the spring and invited to bring their children to a clinic in April. Three booths are provided at the clinic, one each for a dentist, eye specialist and doctor.

Prep Teams Win In Pierce Games

Wayne prep basketball teams defeated Pierce at Pierce Friday evening, the first team by 35 to 21 and second by 23 to 17. Both contests were good. In the first team game Wayne led by 19 to 13 at the half, and Sprague was high point man with 12. Coach M. C. Bloss took 14 boys on the trip.

Buy Hammernill On Group Plan

Through the cooperative financing plan a group of Wayne county farmers are buying a hammernill, according to Ray L. Verzell, in charge of farm security administration. The loan of \$115 for this purpose has been approved. Six farmers will use the mill and pay fees which will eventually retire the loan. This type of financing is part of the community service loan program of FSA which since 1935 has loaned \$291,544 to Nebraska groups to finance services which one farmer might need only occasionally or would find too expensive to buy alone. To date 83 such loans have been made to Nebraskans for herd sires and 359 for machinery and equipment for joint use.

Marry Thursday At Larsen Home

Miss Irene E. Larsen Bride of Raymond E. Florine Of This Place.

Miss Irene E. Larsen, daughter of Mr. and Mrs. Frank N. Larsen, and Mr. Raymond E. Florine, son of Mr. and Mrs. Arthur Florine, were married Thursday afternoon, January 18, at 2:30 at the Larsen home, Rev. Clarence P. Hall of Wakefield Lutheran church performing the single ring ceremony in the presence of near relatives and a few friends.

Miss Meta Strate played Lohengrin's march as the bride party entered the parlor and took their places at the improvised altar. At either side of the arch, which was lined and covered with 'smilax, were banked palms and ferns.

Miss Larsen wore street-length dress of stop blue with black accessories. Her corsage was of pink carnations. Miss Lillian Larsen attended her sister as bridesmaid. She wore gold-colored dress with black accessories and had a corsage of white sweetpeas. Mr. Florine and his brother, Kermit Florine, who served as best man, wore dark suits and carnation boutonnieres.

After the ceremony, two-course luncheon was served. This carried out the bride's colors of blue and gold. Mrs. Melvin Larsen, sister-in-law of the bride, baked the three-tier wedding cake which was decorated in the bride's colors and was topped with a miniature bride couple.

Miss Meta Strate, Miss Esther Fresno, Mrs. Marion Schuler and Mrs. Melvin Larsen, who served the luncheon, wore aprons in the bride's colors.

Those present were Rev. Clarence P. Hall of Wakefield, Mr. and Mrs. Arthur Florine and Kermit, Mr. and Mrs. Frank N. Former Minister Locates in West

Rev. and Mrs. F. A. Sala, residents of Carroll some years ago, have located at Kirkland, Wash., according to word received by the G. W. Wingetts and Rev. Sala hopes to do ministerial work when his health improves. Rev. Sala, Methodist pastor here several years, was in Lincoln this fall when he and Mrs. Sala were called to Washington by word that their daughter, Mrs. Ophelia Erie, and infant daughter had died. Deceased left her husband and three small sons.

As Rev. Sala had been in a Lincoln hospital two months before they left, he remained in the west and Mrs. Sala returned to Lincoln to dispose of her household goods. She returned to Washington with a car and trailer.

Ruth and Esther Sala and their families are the only ones of the family still in Lincoln. Ruth's husband is ill in a hospital. Ida Wendel and the Lester Erie families are near Rev. and Mrs. Sala on Washington lake, and Paul is at Hastings.

Birthday Cake Is Replica of Home

C. A. Lack, manager of the Nash-Finch Wholesale company's branch plant at Norfolk, is shown with his birthday cake, baked by his daughter, Mrs. T. H. Fritts, Wayne, which is a replica of the Lack home and front yard. The model is complete in detail, even to the color of the sidewalk. Mrs. Fritts reproduced the lily ponds, the porches and their pillars, shrubbery and lattice work.

Rapid Strides Are Being Made In Improvements

Such rapid strides are being made in development of air-conditioning and mechanical refrigeration that all homes will soon be able to have these comforts and conveniences. This is the observation of Elmer A. Meyer, who arrived home Friday from Chicago where he attended the annual convention of the American Society of Refrigerating Engineers and the Refrigeration Service Engineers society. This is an international organization and men were present from Canada, Argentina and Australia as well as all parts of this country.

The convention was held in the Stevens hotel, the world's largest. There in one room about 200 feet square were displayed by all manufacturing concerns the latest developments in air-conditioning and refrigeration. Lectures and demonstrations on all phases of these lines of business were given. The men also visited manufacturing plants in the city. Banquets and programs were arranged for them, and Anson Weeks' orchestra played while they dined.

Mr. Meyer noted that these comparatively new services are becoming so improved and so much cheaper in cost that they will be available to all. One of the new developments that interested him was the air-conditioning unit for automobiles.

The Wayne man was one of a party of seven from Nebraska, South Dakota and Iowa making the trip to Chicago by car. The weather was the most severe of the winter. The party left Sioux City Sunday last week when wind was blowing a light snow. The storm increased to the east. It took four hours to drive 20 miles west

Sixty Years Ago

Dixon county was in need of a court house 60 years ago, according to the Northern Nebraska Journal published at Ponca by Wm. Huse. It was proposed that the county should have one like Elk Point. Many thought this would be an excellent investment which would not cost more than \$2,000.

The town of Ponca boasted 34 new organs and pianos installed in a year.

Boone county was to have an immigration of 600 Russians. A dispatch from New York stated that a number of Menonites from Russia had landed there and were enroute to Nebraska. They had \$100,000 with them.

The population of Albion, Boone county seat, doubled in 12 months. "C. C. & B. H. Waltz" was the number which Prof. M. S. Davies composed especially for Ponca band.

The Thompson livery barn in Ponca was given extensive repairs. Nebraska wheat crop for the year was estimated at 100 million bushels.

The F. F. Beck home in Sjouz City was destroyed by fire. Mr. Beck rose early and kindled a fire in the range and then returned to bed. When Mrs. Beck rose a half hour later the kitchen was in flames. As the "cistern" was beneath the kitchen and pumping facilities were in that room, it was found necessary to let the house burn and to remove as much of the furniture as possible.

Again a traveler to Niobrara was singing the praises of that town which promised to be north-east Nebraska's metropolis. This visitor said that town was settled by a fine class of people and was full of business. Three drygoods stores, two hardware stores, five first class hotels, a bank, two lumber yards and a newspaper plant made

Wayne Defeats Central Team

Sioux City High Basketball Squad Loses 22-17 Game Here Saturday Night.

Wayne high school basketball team defeated Central high of Sioux City here Saturday evening by 22 to 17.

Central grabbed a 4 to 1 lead in the first quarter, and the visitors had a 12 to 7 advantage at the half. Sioux City led until the last minute of the third quarter when Powers tossed a basket to give Wayne its first lead of 15 to 14. The last period was an exciting contest. Central gained a 16 to 15 lead, then Berry and Powers pulled Wayne into an 18 to 16 advantage. Berry boosted the lead with a basket and Powers added another basket to bring the final score to 22 to 17.

Accession Books At City Library

The Wayne city library has purchased four volumes of Carl Sandburg's life of Abraham Lincoln. "The War Years." Two volumes, "The Prairie Years," were already on the shelves.

A group of new books for children has arrived. Among them are two Penny Parker mystery stories by Mildred A. Wirt, "Tale of the Witch Doll" and "The Vanishing Houseboat."

Clarence Budington Kelland's "Mark Tidd" tells of an ingenious fat boy and his three friends who meet danger and excitement in solving the mystery of the strange footprint in their secret cave. The other book of the series, "Mark Tidd in Business," tells of the same boys who take Smalley's Bazaar and make a success of it in spite of unfair competition.

New books in the series of the Kay Tracey mystery stories by Frances K. Judd are "In the Sunken Garden," "When the Key Turned," "The Strange Echo."

"The X Bar X Boys Riding for Life" and "The X Bar X Boys at the Round-up," by James Cody Ferris, are thrilling tales of the great west told primarily for boys but which will be read by all who love mystery, rapid action and adventure in the great open spaces.

"Through the Air to Alaska," "Lost at the South Pole," "The Lone Eagle of the Border" are new books in the Ted Scott flying stories by Franklin W. Dixon.

"The Bobsey Twins in a Radio Play," "The Bobsey Twins at Windmill Cottage," "The Bobsey Twins at Lighthouse Point," by Laura Lee Hope, are new in this popular series.

"The Clue of the Tapping Heels," by Carolyn Keene, is one of the Nancy Drew mystery stories.

Home Is Damaged On Sub-Zero Day

Fire Breaks Out Twice in Harry Barnett Home Here Thursday.

Fire which started from an overheated stove damaged the ceiling in one room at the Harry Barnett home last Thursday morning when the thermometer stood at about 20 below zero. The loss is insured.

The ceiling above the stove caught fire and was burning vigorously when firemen arrived. It was necessary to cut a hole in the roof to extinguish the blaze. About two hours later the fire broke out again and the department again responded.

Firemen kept the blaze from spreading beyond the ceiling in the one room.

Finland Stands Out As Example Of Fine People

Home-loving, absolutely honest, industrious, thrifty, loyal, well educated. These do many characterize the Finns, the people of the little country making such a brave struggle against the forces of mammoth Russia.

Finns began to settle their homeland adjoining Russia on the northwest in the 17th century. Swedes formed a large portion of the early population and in 1862 the Finns took part in the election of the Swedish king. During the 17th, 18th and 19th centuries the country was frequently the scene of wars between Sweden and Russia.

In a treaty between Sweden and Russia in 1809 Sweden lost Finland. From that date until 1917 Finland was an autonomous grand duchy connected with the Russian empire.

At the beginning of the present century Russia embarked on a policy of Russification, and general oppression followed. The Finns objected to this persecution.

During the period of union with Sweden, lasting over 700 years, Finland acquired a western conception of culture, law and order.

Most of the prizes earned in the health seal sale have arrived. Teachers who can get to Wayne are asked to call for them at the superintendent's office.

Teachers who have not yet arrived and those left uncalled for the last of next week will be mailed to schools.

Finland is seventh in size among European countries. One-tenth of the area is water. The 60,000 lakes are dotted with thousands of islands.

Finland has a population of 3,835,000, about three times that of Nebraska. In 1820 the population was only 1,000,000.

The good health club is holding a contest. Those with the most points for good health habits will be entertained at a Valentine party given by the others.

The 4th grade made a poster showing different forms of clothing.

District 26. P. D. Hill. (Bernadine Meyer, Teacher.) The week before Christmas was a busy one. Gifts were finished and a party was given December 22. Gifts were distributed and refreshments served after games.

School resumed after 10-day vacation. Several pupils have been absent since because of illness.

Ideal club elected as officers: Buddy Peters, president; Donald Cauwe, vice president; Norman Peters, treasurer; Marjorie Cauwe, secretary.

New curtains, bought with part of the proceeds from the box social, were made by the teacher and Mrs. Chas. Meyer and were put up the first of January.

"Good deed" charts have been made for the 2nd, 4th, 5th and 6th grade pupils.

Children at the Crossroads

Nipping Delinquency in the Bud. Playing hooky is as old as the system of education itself. Idleness breeds mischief, so does truancy, and the majority of truants are delinquents in other ways.

Our 14 years of experience have proven that the responsibility for truancy lies with the parents, and consequently we had them into court.

The atmosphere of the courtroom with its witness stand, jury box, the large American flag hanging behind the judge's bench, sobers such parents, and is among the best. This nation is the only one that has paid its war debts to the United States regularly.

Finland has a high standard of education, and women are on an equal plane with men. In literature, music, art, architecture, painting and sculpture the people are leaders.

Finland has compulsory military service for a period of a year. The regular army includes 36,000, and voluntary forces, 100,000 men. In addition 100,000 women fit into positions of responsibility to carry on duties in wartime.

Prizes in Health Sale Arrive Here

Friendships of Children Made Through Letters

Correspondence between children of different countries does much to create better understanding in the world.

From the date of the court appearance until the end of the school year we keep in close touch with truants and their parents in an effort to adjust them fully as social beings.

Usually in truancy cases we must enlist the cooperation of other community agencies. As yet we have never been compelled to place a truant in a state training school.

Dedication Held At Church Here

Large Number Is Present To Hear New Organ Played Sunday.

A large crowd attended the dedication services of the new Everett organ at St. Paul Lutheran church Sunday afternoon. The musical instrument was a gift of one of the older members of the church.

After two verses of "Praise to the Lord," sung by the congregation with Mrs. Carl Ehlers playing accompaniment, the old organ, Rev. F. C. Doctor of Wakefield, and Rev. H. A. Hilpert of Pierce, preached the dedication services in English and German. Mrs. Ehlers then played the accompaniment on the organ for the congregation to finish the hymn.

Miss Bette Blair of Wayne, played three selections, "A Mighty Fortress Is Our God," "Now the Day is Over," "Invocation." Rev. Doctor gave a brief English address. Miss Clara Belle Baeder of Pierce, sang "The Lord Is Our Shepherd," with her father, Richard Baeder, playing the accompaniment. Mr. Baeder is the parochial teacher and organist at the church in Pierce. Rev. H. A. Hilpert preached in German.

Miss Baeder, accompanied by her father, sang "The Lord's Prayer." Mr. Baeder gave a recital, playing "O God, Thy Faithful God," "All Glory Be to God on High," "Praise to the Lord," "The congregation sang 'Now Thank We All Our God,' with Mrs. Ehlers playing the accompaniment. Miss Blair played "Vesper Hymn," "The Lost Chord," "Cradle Song," "Going Home."

The ladies of the church served coffee and cake in the basement. A bouquet of daffodils was on the walnut organ for the services. The instrument has a remote tone outlet and a booster amplifier system.

Rev. H. M. Hilpert, pastor of the church, was pleased to have so many visitors at the services besides the congregation.

\$1356.00 A DAY!

Nebraska's beer tax collections for 1939 averaged more than \$1,356.00 a day—brought the state a total of \$495,242.80. That's why thinking Nebraskans are enthusiastic about the State's brewing industry and the self-regulatory program that is safeguarding it!

Over 90% of the state beer taxes collected in Nebraska are used for public welfare work. Every Nebraskan who buys beer can help us protect this important revenue by supporting only those retailers who operate in the public interest—those who observe the law and refuse to permit abuses.
