### Winnebago Wins 'B' Tournament

Wayne Prep Places Second And Lyons Third Here Saturday Night.

Winnebago won the class B high school basketball tournament in Wayne by defeating Wayne prep in finals Saturday evening at the auditorium 44 to 27. Lyons placed third and Coleridge fourth, the former winning over the latter Saturday night in the game between losers of semi-finals by 31 to 18.

In second round Thursday night Winnebago defeated Newcastle 43 to 19; Lyons won from Emerson 36 to 27; Coleridge defeated Laurel 32 to 30; and Wayne prep won from Winnside 36 to 33.

In semi-finals Friday evening Winnebago defeated Lyons 36 to 23, and Wayne prep won from Coleridge 41 to 20.

Winnebago received the trophy presented by the state association, and Wayne prep the one presented by Wayne Chamber of Commerce. Lyons was presented the tournament ball.

Supt. N. F. Thorpe, director, and G. B. Childs, manager, were in charge of the successful event.

### Officers Elected By Women's Club

Mrs. S. A. Lutgen Speaks on Citizenship Plans for This Community.

Wayne Women's club, meeting Friday in the club rooms, elected Mrs. L. A. Fanske president for the coming year; succeeding Mrs. Hobert Aulker. Other officers are: Vice president, Mrs. Clarence Wright; secretary, Mrs. R. W. Casper; treasurer, Mrs. F. L. Blair; auditor, Mrs. Raymond Cherry; house chairman, Mrs. W. D. Noakes; music chairman, Mrs. C. C. Herndon; membership chairman, Mrs. W. S. Bressler; publicity, Mrs. E. W. Huse and Mrs. R. J. Kingsley. Mrs. J. T. Anderson is program chairman next year. The club has a membership of 157, of whom 45 are in the Business and Professional division.

Mrs. S. A. Lutgen spoke on citizenship, telling of the need for character development in the home and school. Among the earmarks of the ideal home Mrs. Lutgen listed the following of Christ's example, each doing some work and sharing responsibility, each studying to prepare himself and each developing character. Only one-third of the children in this country have attended church or Sunday school. Ideals of citizens make this the world's greatest nation, though 59 nationalities are represented. To build a high standard of citizenship is the aim. With this in view the club, with the help of others, will recognize young citizens at a community program in May.

Mrs. Lutgen showed miniatures of president's wives and told of their contributions to citizenship. Refreshments were served by Mrs. W. D. Noakes, Mrs. W. F. Most, Mrs. C. E. Nicholaisen, Mrs. O. G. Nelson, Mrs. Aug. Nyberg and Mrs. N. P. Nyberg.

The Wayne club will celebrate its birthday and the 50th anniversary of the Federation of March 29. Mrs. M. S. McDuffee of Norfolk, will give a history of the Federation. Mrs. E. W. Huse gives the history of the Wayne club, and Mrs. F. S. Berry has charge of the birthday cake. On the social committee are Mrs. K. N. Parke, Mrs. Clyde Oman, Mrs. Otto Olson, Mrs. Ed. Perry, Mrs. C. L. Pickett, Mrs. Roy Pierson.

### Injuries Minor In Car Accident

Mrs. J. Albert Johnson and Son in Auto Mishap Near Wakefield.

Mrs. J. Albert Johnson and son, Gordon, were bruised and the latter had a minor ear injury Wednesday evening last week when the car in which they were returning from Sioux City turned over five and a half miles north of Wakefield. The car was considerably damaged.

Mrs. Johnson was driving and her son was the only one accompanying her. The car struck loose gravel and went over twice. The machine first landed on the side and then righted itself on the wheels.

The Wayne folks walked to a farm home about half a mile away and called Mr. Johnson who went to bring them home.

Speaks at Norfolk.

Dr. Mary T. Honey addressed Norfolk branch of University Women Thursday evening at the home of Mrs. V. M. Winkle, giving a report of the International Federation of University Women conference she attended at Stockholm last August. Miss Clara E. Smothers took Dr. Honey to Norfolk.

From the Ponca Journal for March 9, 1882: The new state of Dakota is to have 80,000 square miles or 320,000 quarter sections of land, a large portion of which is good and tillable. The population is estimated at 200,000. It has 70 weekly and five daily newspapers, 327 post offices, 33 flour mills and 48 banks. The territory is in debt only \$90,000, this being from the penitentiary and asylum... The first permanent settlement in Nebraska was made in 1854. There is a marked contrast between then and now. Then this country was a wild and unbroken expanse of prairie tenanted by Indians and buffaloes. Now it is covered by a network of railroads, is thickly sprinkled over with thriving cities and towns. A large part of the unbroken prairie has been transformed into highly cultivated farms, and wealth and prosperity reign in what was a wilderness 28 years ago. In that time the population has grown to over 500,000.

## But It's True

Mr. Stubbins' robin died at its self-appointed task. The Caesar feat has been explained by some dental and medical authorities merely as having been evitence of phenomenal muscular control. Miss Jukes and her partner were taking part in a dance marathon. They won. The event, which took place in 1909, differed from similar contests as held today in that the Jukes-MacLaren couple look out no time for rest.

## Will Give Tests Once a Month

### Some New Rulings Are Made By State Department On Examinations.

Wayne county 8th graders will take examinations in towns of the county only one day in April and one in May, according to word received by Supt. F. B. Decker. The first date is Thursday, April 11, and the second Friday, May 10.

The tests will be offered at the schools in Winside, Hoskins, Carroll, Sholes, Wakefield and Wayne, the ones in Wayne being in the activities room of the city school. These will begin at 8:15 a. m.

Arithmetic, grammar, spelling and reading will be offered in the morning. History-civics, geography-agriculture and physiology-hygiene are given in the afternoon. Penmanship grade will be given on the penmanship in other papers.

Grammar, all the arithmetic test excepting part of one question and sentences and words to be written on regular examination paper.

The history-civics and geography-agriculture tests will be on four-page leaflets. In each of these two tests will be 50 answers to be written in on blanks in the printed form. The physiology-hygiene test will be printed on one sheet, and this will also require 50 answers to be filled in on blanks. In the printed forms pupils will be required to match words, match phrases, complete sentences and answer multiple choice questions.

In spelling the state department will ask pupils to answer parts 1, 2 and 3 on printed test paper. Sentences and words to be dictated will be written on regular examination paper.

In grammar 20 per cent of the whole examination will be on letter writing.

Questions in history-civics will not require the names of officials now holding office. The questions may, however, call for the names of officers.

Those who passed in agriculture last year will be excused from answering part 2 in the geography-agriculture test. Those who earned a passing grade in mental arithmetic last year will be excused from answering part 2 in arithmetic, consisting of three problems in arithmetic, and part 3. These pupils should write all of part 1 for which complete solution and analysis must be given.

Some pupils who are repeating the 8th grade this year earned a passing grade in civics last year and may be excused from taking part 2 in history-civics. Pen and ink must be used for the grammar test. Either pen or pencil may be used for arithmetic and spelling and for filling in blanks in other tests. Pupils will be sent individual examination numbers by Supt. Decker before the test dates and these numbers are to be written on each page of the test papers. Each pupil will keep his same number for both April and May tests.

All papers will be corrected by persons having teachers' certificates now in force and having had teaching experience. Pupils must earn an average grade of 75 per cent with no grade below 60. Absolutely no special examinations will be given to those who fail to pass the two regular examinations.

**District 36.** (Hannah Mills, teacher.) Ruth Johnson, 3rd grader, enrolled this month. Betty and Stella Siemsen and Bobbie Thomas moved from the district.

Preparations are being made to enter the music festival in Wayne this month. Brightly colored tulips have been made for the windows. All enjoy simplified soccer.

**District 64.** (Maxine Emmons, teacher.) Easter lilies were made in art Friday. Fair projects are also being made.

The 7th graders are reviewing for examinations. Some students are studying for the spelling contest, and all are learning songs for the county music festival. A collection of Indian chief pictures is displayed in the room.

## Interest Increases In Spelling Contest

Indications are that the county spelling contest, to be held at the court house March 30, will have a larger number of participants than ever. The lower grade contest is new this year and much interest is taken in this division. The contest for grade pupils begins at 10 a. m. and will be conducted by Supt. N. F. Thorpe. The upper grades will compete at 1:30 with Judge E. W. Hesse of Hartington, in charge.

Two medal pins will be awarded in each division. **Director Is Named.** Gwilym E. Jones has been named director in district 44. He succeeds Leonard Link who moved to another district.

**Two in Hospital.** Two pupils from district 71 have been in a Wayne hospital recently. Virgil Stolz underwent an operation for appendicitis last week, and Duane Grifer is a medical patient.

Children at the Crossroads Ernest L. Reeker

**Young Brigades.** Two brothers, 12 and 14 years of age, stood before the juvenile court and confessed that they had entered a home, stolen a valuable set of heavy aluminum cooking ware, smashed it with an ax, and sold it to an unscrupulous junk-dealer.

Evidence disclosed that they had been told by playmates that it was "easy to sell anything" to certain junk-dealers and second-hand stores. We rounded up the youthful merchants and discovered that they were a well-organized gang; that they had purloined considerable property which they marred to make it saleable as junk. All of the boys acknowledged that they would not have stolen the articles had it not been possible to dispose of them for ready cash.

Placed on probation, one of the conditions was that they procure jobs and make full restitution. Although the entire group has been working at odd jobs for

the past year, they have paid only about half of their financial obligations and will not be released from probation until they have fully paid them.

Much delinquency in youth is a result of gangs, and when they are broken up, as in this junk-stealing ring, then law-violating ceases.

We went a step further in this case. We urged and are supporting a proposed ordinance, copy of which we will be glad to supply, prohibiting the purchase of junk by dealers from persons under 18 years of age. Such an ordinance all cities should consider, not only as a safeguard against the destruction of valuable property to obfuscate its identity for the purpose of selling it as junk, but also for the protection of honest, licensed junk-dealers, who receive no better title to property than the seller has.

## Issue Warrant for Magazine Salesman

A warrant has been sworn out for the arrest of a magazine salesman who is charged with having solicited illegally in Wayne county. The stranger has called on teachers, especially beginning teachers, during school hours and has told them either that Supt. F. B. Decker sent him or that he was from the college. He took subscriptions to popular teachers' magazines. Part of the time a woman accompanied him. Teachers were invited to sign blanks which the salesman claimed were not binding until full but which turned out to be checks. The traveler filled in the amount from \$2 to \$5 in the blanks and cashed them at filling stations. The salesman was soliciting without Supt. Decker's knowledge or sanction. Supt. Decker warns that anyone soliciting rural teachers between 8 a. m. and 5 p. m. will be arrested unless these parties have special permission written on the superintendent's office stationery and signed by Mr. Decker.

**Director Is Named.** Gwilym E. Jones has been named director in district 44. He succeeds Leonard Link who moved to another district.

**Two in Hospital.** Two pupils from district 71 have been in a Wayne hospital recently. Virgil Stolz underwent an operation for appendicitis last week, and Duane Grifer is a medical patient.

## Dates to Remember

March 23—Rural school music festival at Wayne college. March 30—Wayne county spelling contest at court house. April 9—Primary election. April 11—Eighth grade examinations. April 13—Teachers' examinations. April 19—Northeast Nebraska spelling contest at court house. April 26—Interstate spelling contest at Council Bluffs. April 27—State spelling contest in Omaha. May 10—Eighth grade examinations. May 25—tentative—Eighth grade commencement exercises. June 10—Annual school meetings.

## Winside Students Make Office Sign

Winside manual training department, in charge of Supt. E. P. Wendt, has made and presented to Supt. F. B. Decker a sign to put over the latter's door at the court house. The words, "County Superintendent," in script lettering, are cut from wood and painted orange with blue edge. The letters are raised slightly from the wooden background which is painted white. The sign was hung last Thursday.

**Required School Days.** Schools must be in session 176 days to qualify for their share in the apportionment of state money. The number of days was inadvertently mentioned as 126 last week.

**District 73.** (Wilma Kail, teacher.) Bobbie Hansen still has perfect attendance for the term. He was the only pupil with this record last year.

**District 79.** (Mrs. Mildred Witte, teacher.) Pupils earning perfect attendance records for February are Marvin and Lois Kramer and Ruby Fischer.

February window decorations were silhouettes of Washington and Lincoln.

Lawell Rohlf, 1st grader, has his third primer. He can count by 5's to 50 and by 10's to 100. He also has two new workbooks.

Richard Thomas and Shirley Belle Swanson moved to district 55. Pupils and teacher gave a farewell for them the afternoon of March 1 when games were followed by luncheon.

Holland scenes have been made by Wilma Jensen, Goldie Coulter and Ruby Fischer. Girls and Dutch boys and girls decorate the room.

Mrs. Wm. Krueger visited March 7. New songs learned include The Chase, Pussy Willow, God Bless America.

**District 47.** (Mrs. Erma Peterson, teacher.) Nine of 13 pupils had perfect attendance the past month. Primary pupils have illustrated "The Old Woman in the Shoe" and the display is in the room. The poster was made from useless articles. The background is a light figured ceiling wallpaper upon which is mounted a huge snow which was drawn and cut from the advertising section of the daily newspaper. Boys and girls on the picture were cut from catalogs and magazines.

Intermediate grades are working on health posters and charts. The posters center around good health habits with an illustrated picture. The charts are records of each child's weekly health habits. They include the time the child went to bed and the time he rose, miles walked to school and home, and hours spent in the fresh air and sunshine. A vegetable and fruit pie included daily as well as three glasses of milk daily. Weights were taken at the beginning of the making of the chart, and after a few weeks' work these will be taken again.

Upper grades are spending their extra time, including 30 minutes at the close of the day, on a thorough review for the state examinations.

Mrs. Rudolph Kay treated pupils and teacher March 6 to ice cream and cake for her daughter, Marcelline's birthday. Mrs. Nolan Christensen was also a guest.

**Change Winter-killed oil—and here's why to change to OIL-PLATING**

Slush in the gutter is scarcely thinner and dirtier than Winter oil over-staying in your engine. Drain now! Get cylinders, rings, bearings, and other precious parts OIL-PLATED by changing to Conoco Germ Processed oil—patented.

Your Mileage Merchant puts it in at an ordinary price, in the ordinary way. But how extraordinary is the man-made extra substance in the Conoco formula, that sets up a strong "power of attraction"—makes engine parts draw glossy OIL-PLATING all over themselves and keep holding it close... as drain-proof as plating on hub caps.

Sorghum Grains Are Good Feeds

Sorghum grains make satisfactory feed for dairy cattle when they are supplemented, according to R. F. Morgan of the university dairy department.

Sorghum grains are similar to corn in make-up but lower in fat and slightly higher in protein. Sorghum grain is also low in calcium and phosphorus.

Experiments have shown that ground milo is equal to ground corn for dairy cows. Ground kafir is equal to ground corn for dairy heifers but worth three per cent less for dairy cows.

Sorghum grains should be supplemented with feeds rich in protein, such as bran or linseed, cottonseed or soybean meal.

## Soil Conservation Work Is Stressed

Supervisors of Nebraska's 10 soil conservation districts, soil conservationists and county agricultural agents were in Lincoln last Thursday and Friday to attend a state conference on this work. Dean W. Burr, W. H. Brokaw and G. E. Condra, state committee, were in charge. Chester Walters, Dan Leuck and M. J. Hankins of Wayne county, and Walter Chace and Allan Yorke of Stanton county, went together.

The importance of conserving soil fertility and moisture for the present as well as future welfare of the state was stressed. H. E. Kingstrom, secretary for the state committee, presented objectives of the work. G. R. Scheidt of Douglas county, explained the agent's position on conservation. J. E. Lawrence, Lincoln editor, gave the banquet address, stressing the need of the work in crop production. Dr. P. D. Keim described new varieties, hybrids, alfalfa and grasses, that will help in soil erosion control. Frank Kaiser, Greeley county farmer, told of his experiments and urged conservation as one's duty in leaving land in as good shape for coming generations as it was left by those before. Mr. Brokaw closed by explaining that the extension service and agents can and are anxious to give help to all wanting it.

Hearing on Wayne county's application for a soil district will be held April 3 in Winside and in district 32.

## Quality Important In Chicken Stock

Good chicks are healthy chicks from healthy parent stock of good brood quality. They respond to good brooding and feeding. They grow fast and uniformly into plump, well-feathered broilers weighing two and a half to three pounds at 12 weeks and into good layers at six months of age. A good chick will grow fast, mature early and lay extra good quality eggs. It will live a long time and reproduce its kind.

## Plant Vegetables Early.

Long-time records show that cool, moist weather can be expected in late April, throughout May and early June. In the northern part of the state peas, radishes, spinach, lettuce and onions should be planted by the middle of April, and parsnips, beans and sweet corn by the last of that month.

## Contest Is Planned.

Nebbraska 4-H members and vocational agriculture students will compete in a judging contest in connection with the Aberdeen-Angus Breeders' association meeting in Columbus March 28.

A grant of \$34,277 for general road improvement in Cedar county was approved as a WPA project. The work will include building new bridges.
