

Organize Republican Club—Wars Deface and Outrage a Grand Old World—Fairbury Editor Recalls Life's Changes in Sixty Years.

Women of Wayne and vicinity organized a Republican club Saturday afternoon, and the large attendance and lively interest insure vigorous teamwork in behalf of the cause they represent.

It has not been many years since the electoral franchise was granted to women, and we could never see any sensible reason why it was ever denied them.

Mad People in Wonderful World. The world is richer in everything needed for human comfort, and it is strange, indeed, that people cannot be allowed to enjoy its blessings without interference from sanguinary Mars.

After Sixty Years. Editor W. F. Cramb of the Fairbury Journal, has started a series of articles recounting changes that have taken place since he landed in Nebraska 60 years ago.

Editor Cramb would probably agree that the resourcefulness drawn on to get along in moderate comfort in the old days developed sturdy independence that became prominently identified with the mid-western character.

Old methods were valuable in fusing iron into human blood and encouraging practices of patience and self-denial, but they would be considered impossible in the swift moving procession of recent years.

Many will accompany Editor Cramb in his travels from the tall candle to the electric globe, from the scythe to the self-impeller, from the ox cart to the automobile and airplane.

Co-ed: "I don't think I should get zero in this exam!"

Prof.: "Neither do I, but that's the lowest mark there is."

When you buy coal, there is one thing you should have in mind. That thing is, instead of buying 2,000 lbs. of coal, you are actually buying so much heat. In Black Hawk furnace coal you are getting the most heat for the dollar spent. Ask for it by name—Black Hawk! Your fuel dollar will go farther if you do.

Talkative Lady: "A big man like you might be better occupied than in cruelly catching little fish."

Fisherman: "Perhaps you're right, but if this fish had kept his mouth shut, he wouldn't be here."

We just can't keep our mouth shut about that new Glidden bright red barn paint. If you use it once, you couldn't either. You've probably never seen a paint as good as this at so reasonable a price.

Found on Freshman's registration card:  
Name of parents: "Mamma and Papa."

The name of the best in stokers is Will-Burt. It's built better and heavier, lasts longer, and be-

cause of its automatic air control, burns coal better. Buy the stoker that gives you the most for your money—the Will-Burt.

"Dear sir," writes a customer "for nine years I was totally deaf and after using your Ear Salve for only ten days I heard from my brother in Idaho."

You will soon be in that corn field in earnest, and your stay there will be much longer than last year, for which you are properly thankful. ### Elderly Laurel Men Pioneered In This Vicinity

Two Laurel residents, William Krei and David French, have birthdays this month and both are in the 90's. Mr. Krei will be 92 September 29, and Mr. French was 93 September 8. The two are alike also in the fact that they are active and have been influential in northeast Nebraska history.

Mr. Krei, a native of Mickelenberg, Schwerin, Germany, was born in 1848 and came to this country with his parents in 1871, locating on a farm near Guttenberg, Ia. He married Miss Anna Haack in 1873 at a double wedding ceremony for himself and his brother, John, William Krei now being the only one of the four in the wedding party still living. He came to Nebraska in 1881 and pioneered south of Laurel in Wayne county, living in a two-room dugout. Mr. Krei recalls that twisted hay and corn stalks had to be used

for fuel in early days as there were no trees.

Mrs. Krei died in 1929, on the couple's 54th wedding anniversary, at the Krei farm near Norfolk. Mr. Krei now makes his home with a daughter, Mrs. W. L. Monk of Laurel. There are four sons and three daughters in the family.

Mr. French was born in a home on the line separating New Hampshire and Canada, in 1847, making it a question whether he was English or American. His mother died when he was born and he was taken to Chicago to an aunt and later to Beaver Dam, Wis. The aunt had 10 children of her own so David later went to the home of another family who became attracted to him. At 10 he and a brother went to a lumber camp and David worked as a cabin boy on the Great Lakes steamers. At 19 he took passage to Texas by way of New York. Arriving at Galveston, he went into the cattle business. He drove cattle to market at Abilene, Kan., and later took up a new venture in lead mining at Joplin, Mo. In three and a half years he made and lost a fortune.

Mr. French returned to Beaver Dam and married Ruth Wana-maker. He bought a railroad land near LeMars, Ia., for \$6.25 an acre and later the wanderlust took him to White Lake, S. D., where he homesteaded. In 1889 he bought land in Cedar county. The Black Hills gold discoveries lured him and a second time he lost by his ventures. He then bought land near

### Commercial Notes.

Retailing and business management class has started work in record keeping. Personal records are used at present, and each member is required to keep a diary of his reactions to the work of this class. Also, the viewpoint of management is kept before the class, and the importance of records for future planning as well as for determination of profit and loss is stressed in this course.

Shorthand students this week have been practicing taking dictation. Previously practiced material is used. Dictation starts at 30 words a minute, then 40, 50 and finally 60 words per minute. Material used several weeks ago is reviewed at 40 and 50 words per minute. Retailing and shorthand classes show a nice increase in enrollment, but the typing I classes show a decline.

A total of 103 students are taking work in the commercial department.

Willkie Support AMONG DEMOCRATS who have joined the Willkie forces is John W. Davis, who ran against Coolidge for the presidency in 1924. Mr. Davis says he would not "entrust for more than eight years, at the most, the vast, the expanding, the fateful powers of the presidency of the United States."

The New York Times, which has not supported a republican candidate since 1908, has announced its endorsement of Willkie with this explanation:

"Because we believe he is better equipped than Mr. Roosevelt to provide this country with an adequate defense; because we believe he is a practical liberal who understands the need of increased production; because we believe that the fiscal policies of Mr. Roosevelt have failed disastrously; because we believe that at a time when the traditional safeguards of democracy are falling everywhere it is particularly important to honor and preserve the American tradition against vesting the enormous powers of the presidency in the hands of any man for three consecutive terms of office."

The Christian Science Monitor, which takes high ground in politics, making unbiased appraisal of candidates, upholds Mr. Willkie's serious questioning of the administration's inroads on democracy and commends his determination to make democracy safe from within and thus safeguard it against threats from without. The Monitor says among other things:

"We do not believe that dictatorship is around the corner in the United States. But we do believe that precious values of a free society are being eaten away when millions cannot find work because governmental policies are discouraging free enterprise, when the people are taught to look to Washington for support, when the legislative branch of government loses its grip on the power of the purse and the executive takes it over, when bureaucracy grows like a mushroom and a government of law tends to become a government of men exercising tremendous arbitrary power, when class hatreds are encouraged and politicians seek votes by appeals to the selfish interests of mobs instead of asking all to sacrifice for the welfare of all, when billions are added to the public debt, but few are willing even to think of paying them off, when defeatism and cynicism and materialism are rampant in Washington and the corrupt machines of the big cities seek to Tammanyize the federal government, when local government decays and power is centralized in one place and one man."

It is not conceivable that the big newspapers and magazines which are warning against the weaknesses and dangers of new deal policies are mistaken in their judgment, or that they are prompted by other than the highest motives. If Willkie were not the right man to lead the nation out of the bog of economic failure and to safeguard its free institutions against alien aggression, the great publications of the country would say so.

To Awaken America SPEAKING of the bombing and burning of London as more than the destruction of a great city, Wendell L. Willkie, in his Coffeyville speech, said: "A philosophy is in flames, a way of life is in peril." He emphasized that while our cities are not in flames, our democracy is in danger. Whatever may be the intentions of the new deal, he believes it has impaired and further threatens the system it professes to uphold. Following an arraignment of economic fumbling, Candidate Willkie concluded with these words:

"A man who cannot save democracy in peace, cannot save it in crisis. No man can save democracy who has lost his faith in the people. Sooner or later—and I say the time is now—the people will lose faith in him. I am here to represent that faith. I represent your power, the power of the people, to judge, to choose, and to elect in a political campaign. This power you have not yet given away to Mr. Roosevelt. If you elect me as your president, you will never give it away to anybody. I shall preserve this power of yours because I believe in you. I believe in your sense of responsibility. I believe in your desire to share the burden of making this nation effective and strong. I call upon you, therefore, to help me fight this battle of America. I call upon you to awaken your fellow citizens to these moral and spiritual values, without the exercise of which our democracy must inevitably contract into dictatorship. I call upon you to exact of every man in government office the same standards of courage, of honesty, of thrift, of enterprise, and of humanity, that you exact of yourselves. And I turn to that vast, mistaken, deluded government of ours in Washington, and I say: Give our country back to us. We want it. We love it. We should like to share the burden of it amongst ourselves. We should like if necessary to suffer for it, so that we may pass it on intact to other generations."

In conflict with the advice of Washington, Jefferson, Bryan and others we have a communication from official circles at Lincoln making a feeble attempt to uphold the "third-term" idea. It was pointed out that the constitutional convention considered fixing a seven-year presidential term without possibility of reelection. But on reflection it was decided as the report states, that an incumbent might become indifferent or dangerous to the public serv-

ice if his official tenure were limited, and also it was suggested that we might be in the midst of a terrible war, with shrapnel carelessly dropping about our heads, and therefore that retention of the man in power might be deemed desirable. So the number of terms a president could serve was left to tradition. If on further reflection the convention had visioned an execution without proved power of leadership in either civic or military crises, it would doubtless have fixed restrictions accordingly. The communication smacks of desperation in trying to bolster up a weak cause.

Every household in America must have felt profound relief when word was flashed that the little California child had been rescued from a bold kidnaper and that the kidnaper had been captured. The lumberjacks who made the rescue and delivered the guilty one into the toils of the law reflected genuine western courage, and they deserve the gratitude of every family circle in America. Kidnaping is probably the most atrocious crime known. Every parent is agonized by thought of a child stolen from his or her parents. It is hoped authorities will be able to uncover any others connected with this latest kidnaping outrage and bring them to justice in the interest of future home protection.

In line with the "on order" plans for war equipment, carefully explained by the president some time ago, we are inclined to believe reemployment and prosperity are still "on order"—not likely to be realized under the present administration. Soaking industry and small business may or may not be "on order." Anyway, it has been painfully accomplished. Also we are forced to observe late economic emergencies as the inevitable outgrowth of earlier emergencies caused by new deal mismanagement. The new deal may be accepted as a synonym for emergency, the same causing, compounding and aggravating subsequent emergencies.

A Washington report quotes Representative Andress of Minnesota as telling the house that President Roosevelt is likely to resign in a year or two if he is elected and turn the job over to Wallace. Thus, the acclaimed indispensable man would suddenly become dispensable. And we would jump from the frying pan into the fire.

Now comes the report that voluntary enlistments in military service have become so numerous and satisfactory that the need of conscription has been greatly lessened.

If a fellow can endure the shift from ninety above down to the frost line, he is likely to be able to stand any reasonable punishment.

A writer wonders if new deal planners anticipate giving the unemployed a third term, too.

Who Was He?

(Appearing in Los Angeles Times) He was born of wealthy parents. He showed no exceptional scholastic aptitude. He early identified himself with the democratic party. He was almost a consistent failure in business enterprises. He devoted most of his adult life to politics. He governed an important political subdivision and was later elevated to the highest office of the land. He used this high position to make vast social experiments. He tampered with the calendar. He instituted purges against those who opposed him. He packed the law body with men who would do his bidding. The senate deliberated, but he drew the most important powers into his own hands. He spent unprecedented sums of public money, with the unreserved approval of the common people. His unbounded popularity established him as permanent dictator, and with that came the end of the republic. He was Gaius Julius Caesar. (Authorities: Britannica and National encyclopedias; West's Ancient History.)

Willkie's Indictment.

(Philadelphia Bulletin) Mr. Willkie's attack on the Roosevelt administration for its failure to bring about greater industrial production strikes at a vulnerable point in the democratic armor. No matter what figures are quoted or charts used, it is a plain fact, which most voters admit, that there are still, after nearly eight years of the new deal, millions of unemployed men, many unused factories, buildings and millions of idle dollars. We have no genuine recovery. The republican candidate pins this failure on those new dealers in office who have no real faith in the system of private enterprise or in the business men of America. If there are some who do not think that all the blame rests on these "hatchet" men, there are few who can deny that the president has put in power men whom private business does not trust. Cordial co-operation between business and government should have been gained. Mr. Roosevelt made it impossible by placing men in office whose words and actions made business suspicious of their motives. Mr. Willkie paints a picture of muddled confusion in peacetime which would be disastrous if it were carried over in a national defense emergency. Private business must do the main part of the job of rearmament. Our failure to achieve the full use of our industrial resources of the last eight years is now a serious handicap to the defense of democracy. Machines have become obsolete, plant equipment has not expanded, and skilled workmen have not been trained. All this is due to a sickness of our society, which pump-priming and borrowing have failed to cure.

HOME BUYING.

The "Buy Nebraska" campaign, launched this week with advertisements in Nebraska's newspapers and with announcements over all the state's radio stations will call attention to the unexcelled qualities of various Nebraska products such as apples, potatoes, canned fruits and vegetables. Nebraska wheat and beet sugar are being advertised nationally. Keith Neville, commission chairman, says: "It is to the best interests of every Nebraskan to give preference to the products of the state." Mr. Neville explains: "We are not advocating boycott of products from outside the state in calling attention of Nebraskans to the merits of our state's products and asking them to 'Buy Nebraska.' When our own products are of equal or better quality and as low or lower in price, it is just common sense for Nebraskans to use them. That will build business and increase employment and payrolls in Nebraska and bring a greater measure of prosperity to every resident."

AS A BOY. Wendell Willkie was not a pampered creature of material fortune. He had no rich legacy to lean on. He earned his way by hard work, and he had to practice self-denial. Of his school days, one of his Elwood, Ind., teachers, C. M. Frazier, wrote the following letter, appearing in the Chicago Tribune and republished by the Christian Science Monitor: "I knew Wendell Willkie as a fine and decent boy brought up by a great mother who taught all her children to be that way. Young Willkie was always the ideal student. Thus he retained all that he learned. What he tells you is his own and from the heart and not read off speeches. He is sincere because he came up the hard way. The road of honor—straight and narrow—paved with hard labor and sacrifices. I know his mind well, and know he is strongly opposed to royalty, special privilege, and the third term, which definitely smacks of royalty. I believe Willkie will try to practice the Golden Rule instead of talking about it."

Christian Science Services

"Reality" is the subject of the lesson-sermon which will be read in Churches of Christ, Scientist, throughout the world, on Sunday, September 29.

The Golden Text is: "Fear not, little flock; for it is your Father's good pleasure to give you the kingdom" (Luke 12:32).

Among the citations, which comprise the lesson-sermon is the following from the Bible: "And when he was demanded of the Pharisees, when the kingdom of God should come, he answered them and said, The kingdom of God cometh not with observation; Neither shall they say, Lo here! or, lo there! for behold, the kingdom of God is within you" (Luke 17:20,21).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "This is Scriptural authority for concluding that such a recognition of being is, and has been, possible to men in this present state of existence,—that we can become conscious, here and now, of a cessation of death, sorrow, and pain. This is indeed a foretaste of absolute Christian Science. Take heart, dear sufferer, for this reality of being will surely appear some time and in some way. There will be no more pain, and all tears will be wiped away. When you read this, remember Jesus' words: 'The kingdom of God is within you.' This spiritual consciousness is therefore a present possibility" (p. 573, 574).

## Heart Trouble Is Fatal to Woman

### Conduct Funeral Services For Mrs. H. P. Olson at Church Wednesday

Mrs. H. P. Olson, 54, passed away Sunday morning at her home two miles south and two west of Wakefield after being ill for some time with heart trouble. Funeral rites were conducted Wednesday afternoon at 2 from the home and at 2:30 from the Covenant Mission church with Rev. C. A. Turnquist and the Hyspe service in charge. Burial was in the Wakefield cemetery.

Mrs. Clarence Holm sang "Pearly Gates." Mrs. Clarence Holm and Mrs. Reuben Holm sang "Home Over There."

Mable Munson, daughter of Mr. and Mrs. John Munson, was born June 1, 1886, south of Wakefield in Wayne county. She was raised in this community. On February 22, 1911, she was married to H. P. Olson. The couple lived for two years on a farm northeast of Wakefield and since then have lived on their present farm.

Deceased was confirmed by Rev. C. G. Johnson and has been a faithful member of the Mission church since. She was also a member of the Ladies' Aid.

Mrs. Olson leaves her husband and four children, Elviss, LaVerne, Glenn and Myron, all at home. She is also survived by three brothers, Arthur, Clifford and Harry Munson, all of Wakefield. Her parents and two sisters preceded her in death.

Pallbearers were Arthur Felt, Emil Anderson, Bernard Erickson, Ed. Gustafson, Herbert Johnson and Leonard Fredrickson.

## Funeral Services Conducted Here

Funeral services were held Friday afternoon at 2 from the home and at 2:30 in the Wakefield cemetery for Glendora Fay Pierson, 13-year-old daughter of Mr. and Mrs. Charles Pierson, who passed away Tuesday morning in a Sioux City hospital from infantile paralysis.

Shirley Sprague of Wayne, sang "Some Day You Will Understand" at the home and "The Garden of Eden" at the cemetery. Helen Erickson, Delores Hall, Lavonne Anderson, Janet Nelson and Alice Jane Beckenhauer sang "Safe in the Arms of Jesus."

Relatives here from out of town for the rites were Miss Lois Pierson of Ogden, Ia., Fred Pierson of Ravenna, Miss Ruth and Miss Mildred Nelson and Mrs. Helen Love of Sioux City.

## Football Team To Open Season

### Physical Examinations Are Given to All Students in Local School.

Wakefield high school football team will open the season this Friday afternoon by playing the strong Pender team on the local gridiron. Wakefield has several inexperienced players this year but they have been working hard.

### Health Examinations.

All students are to be examined this Thursday by the local doctors and dentists. Reports of these examinations will accompany the first period report cards. Every pupil must be as physically fit as possible in order to do satisfactory school work.

### Three Week Grades.

In many cases it is difficult to make a close estimate of the grades earned by pupils during the first three weeks. All teachers have reported the names of students who need to do more work and these names have been posted on the bulletin board to inform the pupils of this fact.

### Constitution Program.

The constitution program which was presented by the seniors last Friday was creditably done. Much is to be gained by appearing before the student body and telling in a person's own words what one has been able to find out about some assignment and then to be critical of how things have been done in the past.

### Activity Tickets.

Activity tickets have been given to the class secretaries for distribution among the members of the respective classes. These tickets represent a big saving to the students and make possible attendance at all school activities at an exceedingly low cost. Attention to 40 per cent of the activities will produce a saving. The use of tickets gives the organizations some working funds for the year and is good insurance for some activity which may run into bad weather by conflict with activities of the town.

### Attend Funeral.

Many students attended the funeral of Glendora Fay Pierson, a freshman, last Friday. Her death was a shock to the Wakefield student body and faculty. The entire group extends sympathy to the Pierson family.

### To Relative's Funeral.

Mr. and Mrs. C. H. Peterson, Carroll Van Valin were in Alta, Ia., Sunday for the funeral of Mr. Peterson's grandmother, Mrs. J. O. Peterson.

### Card of Thanks.

We wish to express sincere appreciation for the many kindnesses and remembrances during our recent bereavement. Mr. and Mrs. Charles Pierson and Dean.

### Rainfall Here.

The rainfall Monday amounted to .04 of an inch, according to the government gauge at Long's. The high temperatures for last week were: Wednesday 97, Thursday 84, Friday 93, Saturday 95, Sunday 89, Monday 79.

### In City Hospital.

Mardelle Mortenson, daughter of Mr. and Mrs. Marvin Mortenson, was taken ill Saturday with a mild case of infantile paralysis. She was taken to a Sioux City hospital Sunday. Mardelle has suffered no ill effects of the disease which has been checked.

neday afternoon the ladies visited Mrs. Caroline Olson and the C. Len Davis family.

Mr. and Mrs. Ross Roberts and Kaye and Wilber Roberts of Council Bluffs, were Saturday overnight and Sunday visitors in the Marvin Mortenson home. The latter remained for an indefinite stay in the Mortenson home.

Mrs. Josephine Gustafson attended the funeral of the late Frank Johnson of California at Emerson Monday. Mr. Johnson owned and lived on the farm south of Emerson now occupied by Mrs. Aldor Johnson and family.

Our heartfelt sympathy is extended to the Chas. Pierson family in their bereavement. Glendora will be greatly missed by her many friends, whom she won by her pleasant personality, in the community, church and school.

G. Alfred Johnson and Mr. and Mrs. Ellis Johnson who accompanied Frank Hanson on a trip to visit relatives in Minnesota, Iowa, Illinois and Kansas, were entertained at dinner Friday in the Melvin Larsen home enroute home. The blue grass along the roadsides in the pastures and woodland was a treat to the eyes of the Nebraskaans.

Mr. and Mrs. Fred Harrison and Norma Jean, Mr. and Mrs. Walter Carlson and Teddy and Mr. and Mrs. Melvin Henry joined Mr. and Mrs. Dwayne Scott and Jacky and Harry Scott of Ponca, and enjoyed picnic dinner and supper at the state park Sunday.

# Wildcats Cop Easy 38-0 Win in Season's Opener Here Before 3000 Fans

## New Men Show Up to Good Advantage as Entire Squad Sees Action Against Weak Southern Normal Pointers.

The black and gold of Wayne State romped to an easy 38 to 0 victory here Friday night in the season's opening football game against a weak and disorganized eleven from Southern Normal of South Dakota.

Using his entire squad of about 40 men, Coach Jim Morrison proved to the crowd of more than 3,000 people that he has a number of rookies who are making his eight veterans work plenty hard to hold on to their first string positions.

New men showing up best Friday night included Braasch, Page, Bob Childs, Westphal, Olson and Lucas in the line, and Warren, Retzlaff, Kozisek, Garvin, Kelly and Little in the backfield.

Southern Normal looked best at the beginning of the game, holding Wayne practically even until late in the first quarter when Wayne scored its first touchdown. The home boys counted three more times in the third quarter and twice in the fourth.

## Retzlaff Scores First

Late in the initial quarter Wayne took a punt on its own 10 and started its first touchdown drive. With Kelly and Best doing most of the ball carrying and a pass from Best to Lindahl good for 26 yards the Wildcats got down to the 2-yard line. At this point a reverse, Best to Retzlaff, sent the latter over into play territory on the first time he carried the ball for Wayne State. This was almost a duplicate of the feat that his older brother, Ervin, Wayne star of several years ago, performed when he handled the pigskin for the first time for former Wayne coach, Ray Hickman. Shell's kick for point was good.

## Although the black and gold failed to score in the second quarter they piled up a good many yards and kept the red-clad pointers busy staving off clearing attempts.

At the beginning of the second half an attempted Southern Normal punt was blocked on the 25-yard line by Tackle Braasch. After gaining 15 yards on line plunges the Wayne boys were set back 15 on a penalty, and at this point Danny Hungerford flipped a forward into the end zone which was swatted by Joe Lindahl in spite of the fact that he was completely surrounded by Pointers.

## The next touchdown drive started on the visitor's 18 and ended on the Wayne State 12 when Best tossed a lateral to Retzlaff who went over standing up.

Starting on their own 49, the Wildcats executed a triple pass play that netted 20 yards and Best skirted right end behind fine interference to score without any trouble.

## Little Scores on Interception.

Early in the last frame Southern Normal, deep in their own territory, punted to Retzlaff, on the Wayne 40 who returned the ball to the Southern Normal 8. Best then tried a right end run that was good for 6 points. A few plays later a Southern Normal pass on their own 40 was intercepted by Little, rookie half back, who did a nice job of broken field running to score the final touchdown of the game. A pass, Morgan to Smith, was good for the extra point.

## The starting line-ups were:

Wayne (38)	S. Normal (0)	
Nitz	LE	Wersner
Braasch	LT	Lverson
B. Childs	LG	Swenson
Fay Webb	C	Strythe
Coryell	RG	Truesdell
Fitch	RT	Junker
Lindahl	RE	Petzold
Morgan	QB	Montgomery
Hungerford	LT	Jordeth
Bud Best	RH	Weber
Kelly	FB	Lindstrom

Wayne substitutions included Warren, Riley, Olson, Westphal, Retzlaff, Lucas, Kozisek, Garvin, Knott, Shell, Little, Page, Dale, B. Webb, Purtzer, Pile, Polezna, Peterson, McDermott, Smith, Poe, Annes, McKnight, Shaumaker, Rooney and Underberg.

Southern Normal substitutions included Dempster, Widmer, Hoaglin, Jensen, Lane and Eggers.

## Wayne Prep Opens Six-Man Season at Dakota City Friday

The Wayne Prep six-man football team will open its season tomorrow afternoon when Coach Bob Garvin and M. C. Bloss take 11 men to invade the damp of the strong Dakota City squad. Garvin has been working his team hard the past week and has his boys ready to give their best against a crew that has already defeated Homer and Colevige and is rated as one of the best six-man outfits in this section. Making the trip for the Wayne team will be Don Echtenkamp, Kenneth Whorlow, Dale Bloss, Bob Hughes, Elwin Sprague, Max Gifford, Dick Gifford, Billy Orr, Bert Hughes, Warren Finn and Jack Dale.

The Preparers will be host to the Homer six-man squad here Thursday of next week, instead of Friday as previously announced. This will be the little Wildcats' first appearance before local fans.

## Wins Rich Purse At Eastern Track

Jockey Irving Anderson, who grew to young manhood in the Winside vicinity, Saturday rode the winner in the coveted \$19,550 Beldame handicap at famed Aqueduct race track in New York. Anderson, rated as one of the nation's leading jockeys, was up on Fairy Chant, 3-year-old chestnut filly from the Fox Catcher Farms of William du Pont, Jr., and covered the mile and a furlong, against a field of 15 others, in 1:50 4-5, just 2-5 of a second from the track record.

## Wayne Wins from Pierce High, 6 to 0

### Joe Kessler Races 75 Yards With Opening Kick-off for Only Score of First Game.

Coach Frank Sullivan's blue and white gridders of Wayne high school went to Pierce last Friday afternoon to tangle with "Dutch" Henke's football warriors in their first conference game of the season. On the opening kick-off, Joe Kessler, Wayne fullback, grabbed the ball on his own 25-yard line and behind fine interference ran 75 yards for a touchdown to provide the only score of the game and give the Sullivan boys a win on their first game.

## Coach Morrison Will Take Twenty-six Wildcats on Vermillion Trip Saturday.

After a week of hard work spent ironing out the deficiencies which showed up in the Southern Normal game, Coach Jim Morrison and a squad of 26 Wildcats leave Saturday morning for Vermillion, S. D., where they will clash with the powerful South Dakota university eleven at 2:15 in the afternoon.

With emphasis on pass defense and offensive blocking, Morrison has been putting his men through some pretty hard paces this week. Stiff scrimmages the middle of the week revealed considerable improvement in cooperation between the line and the backfield.

## As announced Wednesday noon, the tentative line-up for Saturday's game will be the same as the starting team last Friday, with Nitz at left end, Braasch at left tackle, Childs at left guard, Fay Webb at center, Coryell at right guard, Westphal at right tackle, Lindahl at right end, Morgan at quarter, Hungerford at right half, Best at left half and Kelly at fullback.

During the past week, however, Morrison has been doing considerable switching of positions and Saturday's game, as a consequence, may see Braasch at left end, Underberg at left tackle, Polezna at left guard and Page at center. The backfield may also be altered, giving service to Kelly, Best and Hungerford, with Warren as the possible blocking back, and Kozisek in either the blocking back or the tail back position.

## Next week the Wildcats again play host when they meet the Nebraska Wesleyan eleven here Friday evening, October 4, at 8 o'clock.

## Wildcats Will Meet Northern Teachers At Norfolk Nov. 1st

Arrangements were completed this week whereby the Wayne State Wildcats will play a game on what had been their one open date. Through the efforts of the Norfolk Chamber of Commerce, the Wayne team has been scheduled to clash with the Northern State Teachers college of Aberdeen, S. D., Friday, November 1, in a night game at the Norfolk athletic park.

The plan of having the Wayne State team play one of its games at Norfolk was instituted last fall when the Wayne-Chadron game was played at the Norfolk park, the Wildcats losing 13 to 0 before an estimated crowd of 4,000.

## Wayne Prep Opens Six-Man Season at Dakota City Friday

The Wayne Prep six-man football team will open its season tomorrow afternoon when Coach Bob Garvin and M. C. Bloss take 11 men to invade the damp of the strong Dakota City squad. Garvin has been working his team hard the past week and has his boys ready to give their best against a crew that has already defeated Homer and Colevige and is rated as one of the best six-man outfits in this section. Making the trip for the Wayne team will be Don Echtenkamp, Kenneth Whorlow, Dale Bloss, Bob Hughes, Elwin Sprague, Max Gifford, Dick Gifford, Billy Orr, Bert Hughes, Warren Finn and Jack Dale.

The Preparers will be host to the Homer six-man squad here Thursday of next week, instead of Friday as previously announced. This will be the little Wildcats' first appearance before local fans.

## Recipes

### Raisin Sauce.

3/4 cup raisins  
1 cup water  
4 or 5 cloves  
1 cup sugar

1 tablespoon vinegar  
Few grains pepper

Cover raisins with water, add cloves and simmer 5 minutes. Combine dry ingredients, add to mixture, stir till slightly thickened, add remaining ingredients and serve hot.

### Spinach Timbales.

Drain 1 No. 2 can or 2 1/2 cups cooked fresh spinach and chop very fine. Add 1/4 cup butter or margarine, 1/2 teaspoon salt, a few grains of pepper, dash of nutmeg, 1 tablespoon horseradish. Beat 2 eggs slightly, add 1 cup milk. Combine with spinach mixture. Pour into greased timbale molds. Set in a pan of hot water. Bake in a moderate oven 45 minutes.

### Sautéed Tomatoes.

Wash 6 medium-sized tomatoes, and cut into half-inch slices. Sprinkle with salt and pepper. Dredge with flour or bread crumbs. Sauté until brown. Place on hot platter and pour 1 cup medium white sauce over them.

## CONGRESS AS SEEN BY KARL STEFAN

Washington, D. C., September 18, 1940

The National Washington Memorial church at Valley Forge, Pa., will observe the 17th annual Nebraska state service October 6, commemorating the faith and patriotism of the citizens of Nebraska. There are about 1,700 Nebraska people in Washington and many of them have been invited to attend these services. Nebraska is well represented at Valley Forge. The state panel in the roof of the Colburn Dames of America in the state of Nebraska. The state flag was presented by Mrs. B. G. Miller as state director for Nebraska for the American Revolution. She is the designer of the flag. The state bell for the Washington memorial national capitol was dedicated last year and was given by the Daughters of the American Revolution.

In answer to questions as to the number of persons and households in our nation receiving various kinds of relief, it can be stated that in February, 1933, there were 4,974,000 households and 19,565,000 persons receiving various kinds of relief. According to Colonel Harrington, WPA commissioner, in February, 1939, there were 7,278,000 households and 22,781,000 persons receiving various kinds of relief—an increase of 2,302,000 households and 3,216,000 individuals over 1933. Other questions are coming in as to unemployment figures and the best answer to these questions comes from the American Federation of Labor which states that in 1933 the available number of employed persons was 36,559,000, while the available number of unemployed for the same year was 13,723,000. The figures from the same source for 1938 show that the available number of gainful workers was 52,879,211, of which 41,942,945 were employed and 10,936,265 were unemployed.

The March American Federation preliminary figures show that in January, 1939, there were 53,194,932 gainful workers, of whom 41,608,901 were employed and 11,523,031 were unemployed. Another authority, which is the census of unemployment, shows that in November, 1937, there were 54,474,000 persons 15 years old and over seeking gainful employment. Department economists say that this figure increases at the rate of about 400,000 persons a year and that in November, 1938, there were 54,874,000 persons 15 years old and over seeking gainful occupation. If these figures may be accepted, there was an average of 12,931,000 unemployed for the year and 13,185,000 for the month of January, 1939. With the tremendous amount of expenditures for national defense and new activity in the industrial sections, officials here predict that there will be a big decrease in the number of unemployed persons from month to month from now on.

Tomorrow afternoon Coach Sullivan's boys will play host to a powerful and aggressive eleven from Stanton. The game will be held at the new municipal athletic park with the kick-off at 2:30. On the following Friday, October 4, Hartington high school will send its eleven to Wayne in what will be the local team's second league contest.

Dwight Felton, Nebraska state WPA administrator, is expected in Washington during the week to discuss the unemployment problem in our state and also to give figures regarding this unemployment to the WPA officials here with the hope that there will be some additional quota allotments to Nebraska. The WPA has approximately 28,000 persons certified as eligible for employment in Nebraska, of whom but 20,000 are working on WPA. It is estimated that this number will be doubled by December. The officials in Nebraska have no way of estimating how many will be employed by WPA through October, November and December. This office is informed by WPA officials in Nebraska that the benefits to the unemployed in Nebraska from the selective service program is problematical. Very few will come within the provisions of the legislation who are now employed on WPA. The great bulk of the workers in Nebraska are older people and those within this age limit are nearly all unfit for military service. If industry replaces those called for military service, their ranks

will probably be filled from the unemployed. However, Nebraska officials question very much that employment will be in proportion to the number called.

This office is informed by the state WPA officials that improvement in the corn prospect will have little effect on unemployment. Reports indicate that early planted corn was badly damaged and that it is only the later corn that benefited from the rains.

There are some indications of a shortage of projects in many sections of our state, due to the fact that counties have so exhausted their funds that they are not able to contribute the 25 per cent cost required by law. Although the national defense program activities have not yet been noticeable as affecting unemployment in Nebraska, it is hoped that eventually some of this activity will reach our state. Up to date, according to Nebraska information, the manufacturers of tents have been awarded some small contracts. Other industries in Nebraska have not yet benefited from the emergency business.

The big difficulty in our state now is the plight of the tenant farmer. Where farmers have been able to retain an equity in their land, they are eligible for help from various farm agencies. The tenant farmer, however, when the drouth has exhausted his funds, is left only one choice. He is required to move into town and seek employment, and this seems impossible. He then turns to WPA. Within the quotas assigned to Nebraska, it has been impossible to take care of these people. The law requires WPA to reassign those who leave the rolls for employment in private industry, when the latter employment terminates. For the reason that much of this latter employment is seasonal, and for other reasons, the number seeking reassignment exceeds the number leaving the rolls for private employment and the result is that the Nebraska quota is over-absorbed. Therefore, because of the drouth, and because the volume of the defense program in Nebraska is not yet sufficient to produce appreciable pick-up in employment, an enlarged state WPA quota is badly needed.

Visitors to the Third congressional district office during the past few days include the following: Edward Frank and Dave Wagner of Omaha; Mr. and Mrs. Leander Murphy and their son and daughter, Larry and Cortha, accompanied by Mr. Anderson, all of Fremont; Father Adrian J. VanVeer of Wayne; Fred J. Berry, Jr. of Wayne; Mr. and Mrs. H. M. Holmquist of Oakland; Mr. and Mrs. M. D. Pond, of Lyons; Mrs. Richard Decker of Washington, who formerly lived in Oakland; and Frank G. Arnold of Fullerton.

In reply to questions about appropriations, it can be said that for the seven fiscal years from June 30, 1933, to June 30, 1940, congress has appropriated the sum of \$65,346,482,906. That has increased the gross national debt from \$20,934,729,209, where it stood February 28, 1933, to an all-time high of \$44,457,845,210 on June 30, 1940, or nearly 20 billion dollars more than the war-time peak. The war-time peak was \$25,482,034,419. The future for appropriations is very gloomy. With the avowed determination to watch over the entire western hemisphere, appropriation committee members look for tremendous future authorizations and appropriations. While this committee is speculating as to the need for future billions of expenditures, the ways and means committee is speculating about new sources of revenue.

Since the death of Senator Lundeen in the recent plane accident, a bitter fight to take the civil aeronautics board away from the department of commerce and again make it an independent authority has been started.

Minister Tells Gratitude Felt For Liberty Here

Gratitude for American liberty, expressed by Rev. W. A. Mansur of Inavale, Neb., formerly of Winside, is typical of the feeling of many who have come here from other countries. The Methodist minister's inspiring message explains this gratitude as follows:

"Let me tell you.

"In 1776 a valiant band of New Englanders fought for their liberties. Under General George Washington they created a nation dedicated to freedom. There grew on this continent a mighty people spanning the Atlantic seaboard to the Pacific coast. They conquered the prairies, they tamed the Indians, and they turned the wilderness into the garden of God. The light of these people shone round the world.

"Another thing. This light reached a small people out there in the land of Christ, Greater Syria. There Christ was born, the Apostles wrote the New Testament, built the church, and carried the Gospel to the ends of the earth. And so they too, adventured to far-off America. They came for liberty, for opportunity, and they found it here. Although few in number they have been progressive, law-abiding and loyal to their American home land. These people from Syria, Lebanon and Palestine never forgot to be thankful to America, and that is why I write about American liberty, just gratitude to America.

"When some people discover I am of foreign birth they become prejudiced. They have called me names, and even persecute me. Friends have asked me to answer them. I have answered them by many articles. But then, I remember, that these prejudiced people are not America, they are not true Americans and thank God for that. I asked a man 'What makes you an American?' And the best answer he could give me was 'I was born here.' I know that isn't the true answer. That's another reason why as a Four Minute Man I write and talk for the true Americanism.

"I write about American liberty out of sheer gratitude for the freedom which I enjoy. Others fought for this liberty, others preserved it, others died for winning it. Out of gratitude I feel it my duty to preserve and defend our American liberties. When my son wrote the other day, 'I am ready to give my life for the defense of America.' I

## Women Organize Republican Club

Will Take Active Part in Campaign Promoting Party Interests.

Wayne County Women's Republican club was organized Saturday afternoon when an enthusiastic group of about 100 from various parts of the county met at the Women's club rooms for a short program and tea. The group will actively promote the republican cause and plans other gatherings. A desire for informative sessions for men and women was expressed.

Mrs. D. S. Wightman, Wayne, was elected president; Mrs. P. A. Theobald, Wayne, secretary; Mrs. Louis Kahl, Winside, treasurer; Mrs. M. L. Swihart, Carroll, auditor; Mrs. Lawrence Ring, Wakefield, Mrs. A. A. Welch, Wayne, and Mrs. Earl Potter, Hoskins, directors.

Each precinct has a vice president and these are the following: Mrs. W. F. Dangberg for Brenna, Mrs. John Getman for Chapin, Mrs. Geo. Linn for Deer Creek, Mrs. Guy Anderson for Garfield, Mrs. Art Herschler for Hancock, Mrs. John C. Bressler for Hunter, Mrs. W. J. Ohlund for Hoskins, Mrs. Henry Korth for Leslie, Mrs. Art Borg for Logan, Mrs. Jennie Bastian for Plum Creek, Mrs. C. H. Morris for Sherman, Mrs. W. R. French for Strahan, Mrs. John Bush for Wilbur, and Mrs. F. J. Dimmel for Winside.

Miss Florence Evans, Mrs. T. S. Hook and Mrs. G. J. Hess comprised the nominating committee.

The program, presided over by Mrs. L. B. McClure who is vice chairman in the county republican organization, included singing of "America," the Lord's prayer, pledge of allegiance, short talk by E. W. Huse, delegate to the national convention in Philadelphia, and group songs.

Mr. Huse commended the organization and pointed out the need of united effort to restore constitutional government and make certain the American way of life.

A social time followed during which tea was served. Mrs. A. A. Welch and Mrs. T. S. Hook presided at the table which was attractive with flowers in patriotic colors. Mrs. C. A. Orr, Mrs. E. O. Stratton, Mrs. M. C. Bloss and Mrs. Ralph Crockett were on the serving committee.

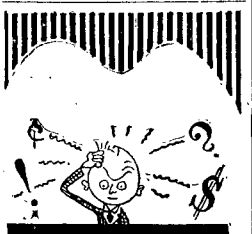

### To New Position.

## Need to Inspire Loyalty of Youth

H. E. Siman Stresses Need To Preserve Freedom So Dearlly Gained.

The importance of preserving American freedom was stressed by H. E. Siman who addressed D. A. R. members from Neligh, Norfolk, West Point, Coleridge and Wayne at the Women's club rooms here last Thursday. Mr. Siman pointed out that in the Revolutionary, Civil and World Wars Americans have sacrificed everything to safeguard this precious heritage of freedom. He would inform the youth of today about the patriotism shown in these earlier crises so they may be inspired to realize how precious is this dearly-gained freedom and so they may be willing to help preserve it.

Mrs. Geo. H. Holderman of York, state regent, stressed the need to protect America against nazi propaganda. She told that some history texts being used in schools pretend to be American but insidiously teach nazi propaganda. Mrs. Holderman also stressed showing proper reverence for the flag, using it only for patriotic occasions and not for decoration.

Mrs. Jessie Reynolds, local regent, presided and called for reports from each chapter. Mrs. R. W. Ley responded for Wayne.

Noon luncheon at Hotel Stratton was attended by 46. Mrs. J. G. Miller there presented flowers to the state regent.

## Awards Are Made In Golf Tourney

In a blind bogey tournament at Wayne County club Sunday, R. L. Larson won the award for closest tee shot on number 2; Fred G. Dale, for closest 2nd shot on number 3; Howard Furlong, for longest putt on number 4; Supt. N. F. Thorpe, for longest drive on number 7; Fred G. Dale, for closest 2nd shot on number 8; John Carhart and Clarence Wright, for score tie.

In charge of the event were W. H. Sweet, R. K. Kirkman, Dr. L. F. Perry, F. B. Decker and Clarence Wright.

Several families had picnics at the grounds.

## Drive Is Launched By Baptist Church

The crime bill in the United States is nearly 15 billions yearly. Americans spent more than 15 billions for alcohol and seven billions in gambling places in 1939. Every year 14 million petty crimes are committed in this country, most of them by offenders under 21 years of age. There is a major crime every 22 seconds and a murder every hour.

In politics millions cast their votes for personal gain, selling their citizenship for a few dollars or a job. A democracy cannot exist unless the people feel a responsibility for maintaining honesty and decency in government.

In this country 27 million under 21 years receive no religious training whatsoever. The downfall of American democracy is threatened when these youths become voters unless, heroic measures are taken.

These facts have prompted Baptist churches of America to launch a two-year church school drive beginning October 6, according to an announcement by Rev. C. L. Eads. The goal is 10 per cent increase in church school attendance. In the Wayne church the average last year was 68 and the new goal is 89. The drive in Baptist churches alone will bring 200,000 more young folks to church school attendance.

### Hold Sherman Caucus.

Republican caucus in Sherman precinct will be held Monday, September 30, at 8 p. m. in Sholes hall. L. E. Jenkins, committeeman.

# Men to Register Under Draft Law

## Racing and Flying In Daring Feats Are Related Here

Many have wondered where dare-devil racers and fliers place their faith as they seem so nonchalant about the outcome of a race. Paul Henyan of Philadelphia, formerly of Wayne and nephew of the Jeffreys of this place, has been in the racing business since 1914, and he states that most, if not all, dare-devils worry not at all about the risk of a race but rather leave it to the Divine Maker. Many racers have superstitions in which they believe, such as having a baby's shoe under the car seat or carrying lucky coins, but these are only secondary faith trusts.

Mr. Henyan flew during the World war and did stunt flying at the close of the war, leaping from the wing of one plane to a ladder on another while the planes were 9,000 feet above ground. He once missed the ladder with one hand and hung precariously in mid air for a few seconds.

Mr. Henyan reports that he rode with Dave Benchie from Chicago to Omaha in 1918 when the first air-mail service was started. The trip, which should have taken nine hours, lasted three days because of a sleet storm and a forced landing in Dubuque, Ia.

Beside flying, Mr. Henyan has done a great deal of automobile racing. He has had a number of narrow escapes, once racing at Elgin, Ill., on a road which had the turns blocked off with straw to avoid injuring any one who got shoved off. Mr. Henyan was shoved into the straw which immediately caught fire. He says he doesn't remember how he got out; he only knows he escaped.

Mr. Henyan reports spending Labor day at Syracuse, N. Y., as a spectator of the 100-mile championship race. There he witnessed the death of a young boy.

Mr. Henyan won his first race at West Point, Neb., in 1906, traveling 32 miles an hour. Last year he rode with Jimmie Snyder in the 500-mile race at Indianapolis, the speed being 137 miles per hour. Jimmie Snyder placed second in this race and the following week was killed in St. Louis while entering in a midday race and traveling only 60 or 65 miles per hour.

Mr. Henyan reports that in 1911 he set 50, 100 and 125-mile records in Amamotol, N. J. In 1928 he set a record at Altoona, Pa., traveling 145 miles per hour. He has been associated with "Wild" Bill Cummings, Art Smith and Floyd Roberts.

Paul Henyan no longer races, at the present time being connected with the Standard Oil company. This is the first time he has been to Wayne to visit in 28 years and he notes great improvement. When he left none of the streets in Wayne were paved and most names in business have changed.

Nebraskans will be trained at Fort Snelling, Mann., and Fort Leavenworth, Kan.

## Wayne County Has About One Thousand in Age Category Called.

Wayne county will have about 1,000 between the ages of 21 and 35 registering October 16 in this nation's first peacetime draft which is the initial step toward putting 400,000 men into the army by January 1. An estimated 10,500,000 will register at precinct polling places between 7 a. m. and 9 p. m. on the designated day.

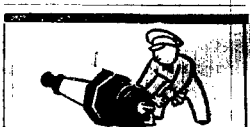

Figures taken from personal tax schedules place the estimate at 250 in Wayne, 37 in Winside, 28 in Carroll, 22 in Hoskins and 9 in Sholes. By precincts the records show 90 in Chapin, 37 in Hancock, 41 in Hunter, 49 in Hoskins, 68 in Garfield, 43 in Sherman, 81 in Brenna, 47 in Strahan, 63 in Plum Creek, 38 in Leslie, 43 in Wilbur, 50 in Deer Creek and 30 in Logan.

Each man between the designated ages will fill out a brief registration card and certificate. The latter he will retain. All employers are urged to allow their employees time to attend to this duty.

Men who are in active or reserve armed services are exempt from registration. Those who are ill on the day of registration will be issued regulations regarding this duty later. Americans outside the country will also be enrolled at a time designated later.

Those registering will be divided into four categories: Those available for immediate service; those deferred because of the essential service they are rendering in their present occupations; those deferred because they have wives or others dependent upon them for support; and those deferred because of terms of the act, including government officials, aliens and criminals. The first mentioned class includes men who are single, whose jobs do not keep them from service and who have no major physical defects.

Nebraskans will be trained at Fort Snelling, Mann., and Fort Leavenworth, Kan.

his hands when a trunk dropped onto it at the depot. Don Woolley of Hoskins, returned from a land prospecting trip to Indian territory in Oklahoma. H. A. Sonner sold a quarter section near Wayne to F. E. McDonald for \$45 an acre. Ernest Pfeil of Stanton, and Miss Alma Jahn of Hoskins, were married October 15, 1924. N. J. Juhlin and George Stringer went to Lincoln, to the Grand lodge of I.O.O.F.

John Eklund and Miss Helen Johnson of Wakefield, were married October 15, 1924. E. H. Edwards is moving from the W. H. James farm near Carroll to Lake Crystal, Minn. John M. Black, 72, died at the home of his brother, W. W. Black, near Carroll, October 12, 1924. Burning out a fuse ignited a blanket at the Dan Harrington home. The blaze was soon extinguished. Frank Larson, son of J. P. Larson of LaPorte, had his left leg broken when a horse threw him. Mrs. Alice McManigal sold her property in Wayne to Geo. Kimball for \$1,000. Explosion of a can of kerosene resulted in the death of Doris, Hazel and Dora Barnhart at the family home in Hartington in September, 1924.

Wayne stores agreed to close evenings during revival meetings at the Presbyterian church. W. H. Billiter conducted a coat show at Carroll and prizes went to Mr. Schluns, James Stephens and Mr. Billiter. A dispatch from Mexico states that the Pan-American railroad owned by the Everetts of Lyons, J. O. Milligan of Wakefield, and other Nebraskans, has been sold to St. Louis capitalists. Frank Benser, postmaster and merchant at Hoskins, suffered injury to his right leg when a gun accidentally discharged when men were buying shells. Edward F. Jones of Carroll, and Miss Etta Lewis of Brenna, were married October 18, 1924. Samuel Livingston died at the home of his son, John, October 15, 1924, aged 83.

**Early Growth Noted.**  
From Ponca Journal for October 17, 1886: Growing wealth and undeveloped resources are shown in figures from the county assessor. Dixon county has in round numbers 4,000 horses, 16,000 cattle, 2,200 hogs, 645 sheep, 180 mules. There are 47 safs, 7 steam engines, 2 steamboats, 487 sewing machines. Railroad property is valued at \$113,000 or \$4,000 per mile. Money in the banks totals \$23,000. The sum of \$6,609 is invested in household goods, and stores have \$43,000 worth of merchandise. The report shows that to date people have invested their money in necessities, such as calico, rather than in such luxuries as marble top tables. Residents have 15 pianos, 131 organs, 13 billiard tables, 255 watches and clocks. It appears that most people keep track of time without time pieces. Dixon county has under cultivation 100,000 acres and 200,000 acres not under cultivation. Its valuation is placed at \$5,000,000.

**In Wayne for 1924.**

## Sponsor Contest For Citizenship

### Each High School May Send Two Boys and Two Girls To County Event.

The 10th annual 1940 World-Herald, American Legion Young Citizens contest will be held again this year in all counties throughout the state Saturday, October 19. Two girls and two boys will be eligible to participate from each high school. They will be chosen by the principals and teachers of the school, and will be selected for the tests because of their superior citizenship, intelligence and health.

All examination papers written by the students October 19 will be mailed directly to Dr. A. A. Reed of the University of Nebraska, and from the results of these examinations 52 boys and girls will be selected to represent the 13 districts into which the state is divided.

All expenses paid trips to and from Omaha will be awarded each of the 52 boy and girl district winners November 19 and 20, when all will receive further examinations. Medals will be awarded to the 10 young citizens who rank highest.

Supt. F. B. Decker will direct the Wayne county contest at the court house October 18 and each high school is urged to send two boys and two girls to participate.

### Ten in Six Grades.

District 46, taught by Janet Sellon, has 10 pupils enrolled in six grades. These are: Ann Marie Habrock, 7, Dewayne Benning, Lorie Benning, Orville Parker, 6, Darrel Campbell, 5, Minnie Benning, Dale Franzen, 3, Hubert Nettleton, 2, Lavern Benning, Helen Benning, 1.

### Cooperation vs. Orphanages and Crime

Shortly before the end of prohibition some officers knocked on the judge's door at 2 o'clock in the morning and informed him that they had four minor children whose mother was in jail upon a charge of selling liquor, and asked what to do with them.

Ranging in age from 5 to 12 years, they were indeed a bewildered and frightened group. Arrangements were made for their temporary care with an aged couple who had plenty of room.

Their father had died of alcoholism a few weeks before, and the mother, who had a police record all of her life, was selling liquor and providing a loafing place for crooks, dope fiends, and other undesirable human elements. The officers had done their duty in promptly taking charge of the children, because they were in great moral danger, especially the attractive 12-year-old daughter whom the mother placed in charge of liquor sales when she was absent from the home. Even though the mother was, up to this time, a lowly character, there was an exceptionally strong love between her and the children; and so we concluded we would not disrupt the home unless there was no other solution.

When the mother appeared in court, she was insistent that she was selling liquor in order to provide home and food for her children, and it became apparent that there was no other source of income. It seemed that for the first time in her life she realized that there existed an

authority for the protection of her children, and that she could not deal with them in such manner as she saw fit.

A number of people objected strenuously when we decided to give this mother an opportunity to establish a decent home for her brood.

The case was continued for six months; a relief agency, by scout executive, pastor, and doctor were called upon to cooperate.

The family was moved to another locality. One child was fitted with glasses; another's tonsils were removed. All were enrolled in Sunday school and brought in contact with character-building agencies. A position was secured for the mother, and that supplemented with some income and clothing from relief agencies, made it unnecessary for her to continue in the illegal liquor business for the purpose of providing for her children.

At the end of two years all persons interested in the case concluded that the family was so well established that further supervision and aid were unnecessary. The children participated in school, church, and civic activities and became real assets to the community. The eldest daughter is now teaching school and is contributing a part of her income towards the support of the younger members.

This case plainly shows what can be accomplished by a group of citizens working in cooperation to save neglected and dependent children from orphanages, and possibly, careers of crime.

## Carroll Pioneer Dies at Ashton

### R. B. Merrill Suffers Fatal Heart Attack Waiting in Car at Farm.

A heart attack suffered in a car provided fatal September 20 to R. D. Merrill, 75, of Ashton, Idaho, pioneer of Carroll who was in the banking, lumber and hardware business here nearly half a century ago. Funeral rites were conducted at Ashton.

Mr. Merrill had been in ill health for some years but had carried on his business as usual. He had accompanied Geo. Chambers to a farm near Ashton September 14 to inspect potatoes. Mr. Chambers went to the farm house and left Mr. Merrill in the car. On his return Mr. Chambers found Mr. Merrill dead. The latter had suffered a heart attack.

Rodney Davis Merrill was born January 22, 1865, in Lewiston, Maine. As a child he moved with his parents, Mr. and Mrs. M. S. Merrill, to Atkinson, Ia. When he was a young man he and his father associated in a bank at Hartington, Neb. Mr. Merrill came to Carroll 48 years ago and he was in business here some years. In 1908 he moved to Ashton and started the R. D. Merrill grain company. He built an elevator in Ashton and others in nearby points. Later he was connected with the First National bank there. The past 11 years Mr. Merrill had managed the Michael Leonard Seed Co.

Mr. Merrill belonged to the Masonic and Odd Fellow lodges in Ashton. Surviving Mr. Merrill are his wife, Edna, one daughter, Mrs. Leona Cutler of Farragut, Ia., a sister, Mrs. Abbie Dunlap of Vermillion, S. D., and a brother, Rev. J. W. Merrill of Macomb, Ill.

**SURE...everybody notices the ONE black sheep!**  
That's one of the reasons why the Brewing Industry is co-operating with the legal authorities to eliminate ALL black sheep from Beer Retailing.

Our records show that only a few of Nebraska's 2,500 retail beer establishments disobey the law or permit anti-social conditions. Nevertheless... to protect beer's good name... the brewing industry wants undesirable retailing eliminated entirely. We want all beer taverns to be what the vast majority already are... clean, attractive, decent places.

We are asking action to do this with our "clean up or close up" program. Good citizens can help this program by reporting law violators to enforcement officials or to our Committee.

## Couple Married At Church Here

### Miss Ruby Harper Becomes Bride of Clyde Wacker Friday Evening

Miss Ruby Harper, daughter of Mr. and Mrs. Everett Harper of near Carroll, became the bride of Clyde Wacker, son of Mr. and Mrs. Henry Wacker, also of Carroll, at a pretty candlelight service in the Methodist church in Winside Friday evening at 8 o'clock. Rev. Gerald Rosenberger performed the double ring ceremony in the presence of relatives and friends.

The bride was gowned in a dark blue street-length dress and carried an arm bouquet of gladioli and lilies. She was attended by her sister, Miss Margaret Harper, who wore a wine dress with a corsage of fresh flowers. Mr. Wacker was attended by his brother, Walter. Both men wore the conventional dark suits.

Mrs. Gerald Rosenberger sang "I Love You Truly" before the ceremony. She was accompanied by Miss Talitha Janke, who also played the wedding march.

Cecil Harper and Gordon Fisher served as ushers.

Immediately following the ceremony a reception was held in the church parlors, which were attractively decorated in pink and white. The parents of the bridal couple and other close relatives were served at the bride's table which had as a centerpiece a large wedding cake. The program included songs by a group of young girls.

Mr. and Mrs. Wacker will make their home on a farm one mile east and two miles north of Carroll.

Mrs. Wacker was graduated from Winside high school and since that time has been at home.

Mrs. C. H. Hall of Volney, Va., grandmother of the bride, and Mr. and Mrs. S. R. Hall and two sons of Grant, Va., the first named being the bride's uncle, arrived Monday evening of last week for two weeks' visit. They were also guests at the wedding.

## Freshman Class Initiated Here

### William A. Crossland Gives Address to Students of School Tuesday

Winside high school freshmen were initiated into high school at a special convocation Wednesday afternoon last week. The class roll includes Arline Rehms, Warren Baird, Goldia Coulter, Marvin Baird, Irene Damme, Ruby Fischer, Walter Gaebler, Henry Hank, Dorothy Jensen, Freddie Loeback, Lila Mae Neary, Verdelle Niemann, Ann Noreen Loeback, LeRoy Peterson, Shirley Prince, Richard Reeg, Betty Suehl, Lowell Sweigard, Robert Thies, Howard Voss, Shirley Wade, Alvin Wagner, LeRoy Wagner, Betty Lou Weible, Louise Weible and LeRoy Wittler.

The freshmen were required to carry out various obligations throughout the day. In a special election, the following freshmen were honored by the upperclassmen: Betty Suehl as the best looking girl; Walter Gaebler, best looking and most popular boy; Betty Lou Weible, most popular girl; and the girl in the class most likely to succeed in life: LeRoy Wittler, boy in the class most likely to succeed in life.

Class statistics provide the following information: Of the 26 members, 12 are boys and 14 girls; rural students, 20; town students, 6; average age, 13 years, 11 months; average weight, 116 1/2 pounds; average height, 5 feet, 3 inches.

Following the convocation, freshmen and sophomores had athletic contests. The sophomores won in every event which included two relay races and a softball game with the score standing at 15 to 12 after five innings. The freshmen girls will wear green hair ribbons and the boys green neckties for three weeks. The upperclassmen treated the group to watermelon.

Freshman class officers were announced at the regular convocation Thursday. They are LeRoy Wittler, president; Ann Noreen Loeback, vice president; Betty Lou Weible, secretary; Verdelle Niemann, treasurer. The class sponsor will be elected next week. LeRoy Wittler spoke in behalf of the members of the class in appreciation for the entertainment the day before. He stated that the students would do all in their power to make themselves a credit to Winside high school and to do their share in upholding traditions and standards.

**Speaks on Constitution.**  
W. A. Crossland, Wayne attorney and candidate for the Nebraska unicameral legislature, spoke to the high school assembly Tuesday last week on "Constitution of the United States." He urged that everyone become familiar with the provisions of this document in order better to carry out obligations as citizens. Mr. Crossland assumed that all citizens would fight hard if this country were actually invaded. He also insisted that it is one's duty to know when people within this country are making efforts to break down and evade the provisions of the constitution, upon which democracy rests.

Winside students enjoyed Mr. Crossland's discussion and wish to have him return for another assembly.

**High School Classes.**  
Lila Mae Neary, Ann Noreen Loeback, Richard Reeg, Betty Lou Weible and LeRoy Wittler ranked highest in a weekly algebra test last week.

Among interesting problems solved by algebraic formulas was one involving the length of time it takes a bomb to fall to the earth from an airplane flying at an altitude of 10,000 feet. The class found it takes 25 seconds.

The freshmen wrote school songs last Thursday. Arlene Asmus was judged first by the class. Lila Mae Neary's second and Betty Lou Weible's third. They were sung during class period Monday.

G. A. A. have been invited to attend Play day at Norfolk Saturday, September 28. Most of the freshmen girls have their gym suits and shoes and are ready to enter all activities.

In a two weeks biology test, Mary Claire Jordan had a perfect paper. Bernard Hansen and Ruth Gormley received 98 per cent.

Lila Mae Neary had a perfect paper in a general science test.

**Baseball Game.**  
Harmer of Carroll, and Smith of Winside, locked in a pitching duel Tuesday of last week on the Winside diamond with Carroll finally winning the game, 3 to 2. Harmer allowed four hits and struck out 16. Smith gave up six hits and whiffed nine. Hills made two hits for Carroll and Davis a single and a triple for Winside.

# Rocks Effective When Gun Fails

## Geese Create Problem for Fair Officials When They Eat Tags.

An officer in western Kansas may supplement his regular artillery with a pocket full of rocks. He fired three times at a big jack rabbit which sat untruffed. Disgusted, he threw a rock that caught the rabbit behind the ears and got results.

Officials at the Hamilton, Mont. fair were in a pretty mess when it came time to return the display of geese to the owners. The geese had eaten their identification tags.

When one of 7-year-old triplets in Kansas came out dressed differently from the others, a neighbor asked the reason. The child replied that she sometimes gets tired of being triplets.

A New York family couldn't stand the daily pounding of woodpeckers on their home from daylight to dark so they have had asbestos shingles placed to stop the attack.

A Kentucky man is proud of a receipt for speeding. In Indiana he was arrested, fined \$1 and costs of \$5. The receipt was signed, "Jesse James, magistrate."

A North Carolina farmer bought his children a bicycle. Showing them how to ride, the father fell and broke a leg. The daughter fell off and broke her nose, and the son toppled off and broke an arm.

Stanley Miskey of Wisconsin, figures that no Friday, the 13th, could be worse than the last one. When he went to get his car which had been marooned by floods he found the doors locked and the keys inside. He got under a push up a floor board and found a nest of hornets. He got into the car and found mice. Checking further he found the headlights gone and all four tires flat.

A woman kept a rural school in Arkansas open each day though no pupils appeared and received pay each month under her contract. The judge ruled that if she attended college and failed to appear daily her salary could be cut off.

An Illinois wedding started in a parlor and was concluded in a pasture. Just as the minister was about to pronounce the couple man and wife, the bride's father realized that the house was not in the county in which the license was secured. The wedding party adjourned to the pasture which was in the proper county and finished the ceremony. Cows looked on in wonderment.

Claude Skinner's false teeth caught up with him on Friday, the 13th. The man lost his teeth while swimming off the New Jersey coast a month ago. He figured they were goners. But waves washed the teeth ashore and a hotel clerk mailed them to him. Skinner celebrated the 13th with a steak dinner.

An eastern man is having a time keeping up with his car. The machine was stolen and found abandoned. When he went to get it, the keys were missing. He returned home for a second set and came back to find the car gone again.

Michael, owner of a freak horse he had been exhibiting at eastern fairs, argued half an hour in court to the effect that the horse was in no pain. Officers disagreed and said the animal should be destroyed. After the long debate, Michael remarked, "Anyway, the horse is dead." When asked why he hadn't said so, Michael replied that no one had asked about that.

A Kansas City barber nicked a patron's nose while shaving him. The barber hurried to the telephone for aid and cut his own thumb on the razor.

The longest known poker game, played in Las Vegas, Nev., lasted 99 hours. Americans, Chinese and Italians participated and most of those who started stayed for the finish.

How disappointing it must be to Mother Nature to look on and watch scientists in two hours time change leaves, grass, wood and cornstalks into coal and oil, a process that requires millions of years for nature. The materials are heated under pressure with chemicals and these elements abolish time almost literally. And the scientists can decide which product they want, making slight changes to produce the desired one.

# Announcing the big NEW FORD 1941 FORD

In some years, some cars take a big jump ahead. The Ford does that for 1941.

It has jumped ahead in size. It's the biggest Ford we've ever built, inside and out. It's wider. It has a longer wheelbase. Its seating room is wider by as much as 7 inches. It has new wide doors and semi-concealed running boards.

You'll notice also a new beauty, achieved by a skillful blending of mass with longer flowing lines. Larger windshield and windows give better vision all around.

One of its biggest advantages is the new soft ride.

New, slower-action springs give a slow, gentle, gliding movement. A newly designed stabilizer helps absorb road shocks, and maintains balance on sharp curves and in cross winds.

More rapid acceleration to match its familiar speed and power makes this new Ford an even livelier car to drive.

These are only a few of this new car's outstanding features. It represents all the rich experience gained in building more than 28 million motor cars.

Any Ford dealer can give you many good reasons for making this your 1941 car.

Get the Facts and You'll Get a Ford!
