

M. L. Ringer Proposes to Retire from Office at Expiration of His Present Term

As to the majority which carries a two-year term, Martin L. Ringer who is now concluding his tenth year, says he positively will not run again.

It was the city's 50th anniversary celebration in 1930 that brought Mayor Ringer to the front as a man of public spirit and accomplished leadership.

Mayor Ringer had a stirring experience, and his administration leaves a record of many worthy accomplishments. Paving and sewer extensions and building of the new auditorium were among notable results.

Between now and the preliminary conventions people will be casting about for a successor to the mayor's office.

As to the Herald's recent Chamber of Commerce poll results of which were published in the issue of November 27, it could do no more than set forth an expression of opinions.

WEEK'S ATTRACTION AT LOCAL THEATRE REVIVES MEMORIES

WHAT impressed us most in the showing of "One Foot in Heaven" at the local theatre the first of the week was revival of old-time church narrowness—restraints on preachers and their families, the presumption of comparatively heavy donors and the self-projected importance of choir members who stuck to the limelight even though they couldn't sing.

Mr. Rennick's preaching was often permitted to sing on account of family prominence. False piety or an unwitting misinterpretation of true devoutness often led to bald shallowness and inconsistency in religious worship to the injury of Christianity's vehicle, the church.

Red Cross Work History Is Told

(Continued from Page One)

Red Cross is financed through the annual membership drive. The roll call is sufficient to conduct all welfare work except in emergencies. Of each membership 50 cents is set up for national catastrophes and the rest remains for local work. Income from an endowment fund, established by life memberships, pays expenses of the national staff. All other services are voluntary.

Red Cross is organized everywhere to give immediate assistance in case of need. When the Japs attacked Pearl Harbor and Manila, workers had been on duty since August, 1941. The injured received care and others were evacuated to places of safety.

Wayne county is asked to raise \$1,800 for the war emergency. Prof. Parke explained that 15 per cent of this may be retained for purchase of yarn and other supplies to be used for the armed forces.

The past year the Red Cross has spent \$12,981,100 for welfare work. This has been used for the armed forces, relief of civilians in war areas, disaster welfare, nursing, first aid, water safety, accident prevention, junior Red Cross.

Besides the home service which is carried on continually for those in need, Wayne chapter has done sewing and knitting, packed kits for service men, conducted first aid and swimming instruction, helped those in this area left homeless by floods and performed other welfare services.

Prof. Parke was introduced by Supt. J. W. Litherland, new program chairman.

Buy for Defense.

Kiwanians plan to be among the first organizations 100 per cent in the purchase of defense stamps and bonds. W. H. Sweet urged all to do so by next Monday. Practically the entire membership had already done so.

R. K. Kirkman introduced Dr. C. P. Cuff, new member.

Guests were Geo. Kunkel of Yankton, Joe Watson and Robert Munderloh of West Point, the last two with Chet Walters.

Fraternity Meets.

Kappa Mu Epsilon, national honorary mathematics fraternity, met Monday evening in the student union building. Homer Seace, secretary, spoke on the "Life of Galileo." Robert Dale gave a report on "Mathematics in Our Defense Program." The chapter decided to take some part in helping to further an interest in mathematics in South America. The chapter is planning to sponsor a tag day to raise money to contribute to Bolentino Matematico, the oldest mathematical magazine published in South America. Margie Morgan, president of the Wayne chapter, is in charge of the plans.

arms which overlooks the beautiful harbor of Rio de Janeiro from one of the 365 mountain peaks that rise from the water's edge. Sight of this statue "melts all prejudices," Mrs. Simms explained, and "inspires the toughest." Only one other brings tears of joy and that is the statue of liberty in New York.

Must Have Understanding.

"Understanding South Americans is a matter of life or death," Mrs. Simms warned.

For three reasons South Americans are more closely bound to Europe than to this nation, the speaker stated. Settlements were started by Europeans who did not bring wives to establish homes but who married natives. This blood tie is strong and is inclined to hold favor over whites in America who have insisted on staying white. Secondly, South America is much closer to Europe than to the United States. A line drawn south from New York strikes Chili on the west coast, travels from New York to Rio requires 12 days and from Europe to Rio five days. Thirdly, money exchange between the United States and South America is not favorable for the latter because gold is hoarded in the United States. One likes to travel in South America with United States money for \$1 gives \$1.17. But the South American will never come here when he loses in the same proportion on the exchange. Mrs. Simms explained that Hitler gave a favorable exchange which encouraged travel in Germany. He then used the increased value of the American dollars thus secured to help finance the war machine with which he designs world domination.

Hitler's aim in going into Russia was to secure grain and oil. It is conceded that his next plan was to reach south and across the Atlantic. Dakar, west Africa, is only six hours' flying time from Brazil.

Wealth Is Untapped.

To show the vast size of Brazil, Mrs. Simms told that it is as large as the United States with a second state of Texas added. Five European countries would fit into Texas. Brazil's wealth, which lies mainly in diamonds and gold, has not been touched. But in that nation only 15 per cent of the people have enough to eat. The government is a democracy but the president, in power since 1930, rules like a dictator. The leader realizes that he must elevate the 85 per cent of his nation is an easy prey for any conqueror. "Yankee imperialism" are the two words which stir those people more than any others. But, explained Mrs. Simms, when peoples of the two nations get together, the Brazilians and Yankees see good qualities in each other.

The speaker spoke briefly of Uruguay, little nation between Brazil and Argentina, known as the most perfect of all democracies. Twice the nazi attempts to undermine the government have been thwarted. Once these fifth columnists were loaded on ships and sent back to Europe. A second time help from the United States, Brazil and Argentina settled the uprising and the nazis are held in prisons there.

Argentina Is Uncertain.

In Argentina the people are whites mainly and much like Yankees but they are "never sure of us." This country has influenced elections there until Herbert Hoover became president and made the first good will visit. Then Franklin Roosevelt continued the good neighbor policy. South Americans are beginning to have faith in the United States. But "the good neighbor policy will not work until we make it work," Mrs. Simms added. "As a nation we

need friends and South America has much to offer."

The speaker advised careful watching of the Pan-American conference opening this week in Rio. "It may tell whether we remain free." Friendship is the basis, the philosophy and almost the religion of South America, stated Mrs. Simms who complimented Cordell Hull for bringing home an understanding of this. South Americans have taken an important step by teaching English in their schools. "Have we recognized by placing Spanish in our schools?" the speaker questioned.

"The next generation faces things we cannot conceive of now. Are we going to use our powers to unite and live?"

Officers Elected By St. Paul Church

St. Paul Lutheran congregation, at the annual meeting Sunday following services, chose O. G. Nelson vice president to assist Rev. G. Gieschen who is president of the church council. Harry Wert, LeRoy Grimm and Gereon Allvin were chosen to the church council for three years, the last two being re-elected. Paul Zepelin was elected secretary. Herman Lundberg treasurer. Miss Nina Thompson benevolence treasurer. Miss Charlotte Ziegler financial secretary. Installation will be next Sunday.

Married in Chapel In West Saturday

Hazel Danofsky Is Bride Of Harlan Farrens at Los Angeles Manor.

Hazel Danofsky, daughter of Mr. and Mrs. Clarence Livinghouse of Wayne, and Harlan Farrens, son of Mr. and Mrs. Bryan Farrens of Decatur, were married January 3 at 9:30 in the evening at the Wedding Manor in Los Angeles, Cal., by Rev. Julius DuBose. The couple is living at 724 West 60th, apartment 1 at Los Angeles.

The bride wore a powder blue street-length dress trimmed with white lace. Her accessories were black. She wore a corsage of gardenias and red roses. Mrs. Elsie Stillman, cousin of the bride, was bridesmaid and wore a navy blue dress with white trimming and black accessories. Her corsage was gardenia and yellow roses.

The bridegroom and his best man, Dimmick Stillman, wore dark suits.

A reception followed the wedding at the Dimmick Stillman home.

Mrs. Tom Dunn was taken to a local hospital Tuesday afternoon and underwent an operation Wednesday.

Forms for Income Taxes Are Mailed

Forms for filing returns of income for 1941 have been sent to persons who filed returns last year. Failure to receive a form, however, does not relieve a taxpayer of his obligation to file his return and pay the tax on time—on or before March 16 if the return is made on the calendar-year basis, as is the case with most individuals.

Forms may be obtained upon request, written or personal, from the offices of collectors and from deputy collectors of internal revenue in the larger cities and towns.

A person should file his return on Form 1040, unless his gross income for 1941 does not exceed \$3,000 and consists wholly of salary, wages, or other compensation for personal services, dividends, interest, rent, annuities, or royalties, in which event he may elect to file it on Form 1040A, a simplified form on which the tax may be readily ascertained by reference to a table contained in the form.

The return must be filed with the collector of internal revenue for the district in which the taxpayer has his legal residence or principal place of business on or before midnight of March 16, 1942. The tax may be paid in full at the time of filing the return or in four equal instalments, due on

or before March 16, June 15, September 15, and December 15.

In making out your income tax return read carefully the instructions that accompany the form. If you need more information, it may be obtained at the office of the collector of internal revenue, deputy collector, or an internal revenue agent in charge.

Remember that single persons or married persons not living with husband or wife, who earn as much as \$14.43 a week for the 52 weeks of the year, and married persons living together who have aggregate earnings of as much as \$28.85 a week for the year, are required to file returns.

THE KNOT-HOLE

Vol. 3 Wayne, Neb., Thurs., Jan. 15, 1942. No. 42

The woman autoist posed for a snapshot in front of the fallen pillars of an ancient temple in Greece. "Don't get the car in the picture," she said, "or my husband will think I ran into the place."

"When it comes to satifing, you'll have to hand it to Venus de Milo."

"Why?"

"How else could she eat?"

You've got to hand it to Pinnacle for either cooking or heating, for there is no coal that is cleaner, hotter or longer lasting.

Yes, we're still selling storm wind-downs. There's a bit of winter ahead of us, so if this last cold spell showed that you need storm sash, let us know at once. We'll have

That Harco furnace coal has certainly been giving its users their money's worth. It's the right size for furnace or stove, and the right

price for your pocketbook.

them for you in a jiffy.

"How much are your eggs?"

"Fifty cents a dozen for whole ones, 25 cents for cracked ones."

"Crack me a dozen, please."

"The best stoker coal is coal that has been 'cracked' from lump coal. It is not slack coal. Insist on Broken Aro or Harco stoker coal and get the best there is, prepared as it should be.

Rainbow coal, only \$8.75 per ton, but worth more. Here's your chance to get a bargain in real heating value.

Molly: "Did you enjoy your canoe ride with Jerry?"

Folly: "No. He just hugged the shore all evening."

Start Is Success In Defense Sales

Plan Intramural Schedule Of Basketball Games in Wayne High School.

Sale of defense stamps got off to a most successful start in Wayne school Monday. Solicitation on two of eight home rooms sold \$20 worth. Competition will be conducted between grades and home rooms and the high ranking ones will be designated. The weekly pupil average purchase will also be noted.

Games Are Arranged.
Intra-mural basketball games are scheduled in Wayne high school with six teams to compete. Coach Frank Sullivan, who is directing the series, has tried to make the teams of about equal ability. Games are scheduled each Tuesday and Friday until the series is completed.

Bob Harrison is captain of the Hot Shots. Del Jensen, Gordon Johnson, Lyle Gamble, Ralph Germeroth and Don Simonin are with him. Rex Johnson is captain of the Mud Hens, and others are Stanley Gamble, Dick Sand, Don McPherran, Howard Sala and Leland Asay. Scoreless Wonders have Jack Beah as captain, also Gordon Bressler, Toyce Gildersleeve, Art Jensen, Darrell McPherran, Chuck Howell and Jerome Reiners. Alley Cats, with Dick Peters captain, also have Frity Ellis, Arnold Kihlt, Warren Helgren, Richard Sala, Merlin Freyert and Dean Allfin. Brown Bombers have Bob Meyer as captain. Others on the team are Curtis Nye, DeWayne Tilton, Harold Kohrt, Orville Peters and Willbert Stuthman. Faculty has been include Axel Bungeard, Herbert Smith, Milton Deekman and Frank Sullivan.

Semester to Close.
First semester closes Friday and reports will go out next Wednesday. The schedule for second period has only minor changes.

Mrs. David Simms of Hastings, addressed high school students Tuesday.

South Sioux City basketball team plays here Friday evening. Both teams have good records so an interesting game is assured.

Miss Margaret Prest of Adams, will begin her teaching in the high school next Monday.

Corporal Witt was here Wednesday to address students.

The 10th English class has been studying mystery stories. Students learned the theory of the short story by Poe, "Signal Man," by Dickens, was read aloud to the class. A reading list of mystery stories has been given the students, from which they will make choice for book reports.

The 11th English class has been studying the essay. Students have enjoyed works of Lowell, Emerson, Hearn, Holmes and Thoreau. A test is to be given this week.

Each guide has several assistants who give reports, arrange picture shows and demonstrations. Each pupil outlines the trip on a map and marks important spots.

The 8th English class is doing original compositions. At present they are giving their imaginations full swing by writing dreams.

From Sixth Grade.
Multiplying of mixed numbers is being studied.

Snowflakes were cut and pasted on windows in art.

Study of Greece is completed.

In Fifth Grade Room.
Hi-geography class is studying the Great Lakes region. Stories about French explorers have been studied.

Defense stamps were bought by 14 in the room.

Pupils have memorized "Star Spangled Banner" and sing it each morning after flag salute.

opening was held Wednesday when pupils wore their parents' clothes and invited other grades in. Grocery lists were made with prices of articles; signs were printed; paper money was made and each has an oilcloth pocketbook for this. C. L. Pickett furnished a telephone. Pupils have learned songs appropriate to study of foods.

From Second Grade.
Elaine Ote brought a magic plant ball which the children prepared for growth by soaking in water.

Nearly all the children have purchased defense stamps. Some plan to buy one a week until the book is filled. All are interested in earning and saving money for their country.

The class is making many articles for the various departments of the Five and Ten store. Costume jewelry made from clay, macaroni and paper, also pictures, books and paper dolls are some of the articles made.

From First Grade.
The 1st grade bought \$3.80 worth of defense stamps Monday. Mrs. Kermit Corzine visited Friday.

Plan for Defense in College Study
Wayne Teachers college has streamlined its program, in both the curricula and extra-curricular activities, to meet the national defense and war-effort needs of America today.
For about a year Wayne college committee on national defense has been developing a program designed especially to help preserve the American way of life. Since the Pearl Harbor attack this committee has accelerated its work.
Dean Clarence McGinn, chairman of the committee, reveals that the new program aims at providing and encouraging total fitness for all students and faculty members, through three areas of activity: Physical, mental and moral.
The physical education and

home economics departments, and other curricular and extra-curricular work, have been cooperating in the physical fitness program. An effort is being made to give developmental exercises to a greater number of people. The home economics department has suggested a menu for the maintenance of good health. Hiking clubs are being organized. Courses in first aid and in home nursing will be offered next semester.
The library, the college newspaper, the college news bureau, the convocation programs and the curriculum are contributing to the mental-alertness area of the college, life. The library maintains a reading shelf of materials on war and defense. The education department, largely through its visual-auditory education course, presents to the class and sometimes to the convocation sound motion pictures dealing with some phase of defense.
The religious organizations of the college have broadened their work to include the national defense and war efforts. Y. M. C. A. and Y. W. C. A. in a recent joint session held a panel discussion of "Post-War Policies." All these religious organizations, the Y. M., the Y. W., Lutheran club and Newman club, declare that their programs aim at contributing to the moral-character area of the college life.
On the college national defense committee are the following faculty members: Dean Clarence McGinn, Miss E. Marie Hove, Mrs. Martha Smith-Spith, Coach James H. Morrison, Miss Lenore P. Ramsey, Prof. Kenneth N. Parke, Dr. J. R. Johnson and Miss Louise Kimmel, also two students, Anita Olson and Harold Boche.

The following letter was ordered read in all the churches by Bishop James H. Ryan last Sunday:
The American Red Cross is now engaged in raising \$50,000,000 for war purposes, and Sunday, January 11, has been designated as "Red Cross Sunday." On that day, the Reverend pastors are requested to place before their people the fact of this nation-wide campaign and to explain its purposes.
The American people are aware, almost universally, of the splendid charitable work of the Red Cross. No organization does more, in times of crises, to relieve suffering and hardships caused by untoward events than does the Red Cross. It works and dispenses our charity in a most efficient manner and with regard only to the needs of those who call upon it for help. We should contribute, each to the very limit of his ability, to this splendid American organization, not merely out of patriotic motives but also, and particularly, from the Christian motive of charity, of love of our neighbor. The virtues of compassion, pity, help to the unfortunate are preeminently Christian virtues. Such virtues are exemplified by the Red Cross in action. We should consider it a privilege to help the Red Cross express our love of God and neighbor by its immense activities in behalf of those less fortunate than we.
I bespeak for the Red Cross campaign in the city and the diocese of Omaha the fullest cooperation of both the clergy and laity.

Christian Science Services
"Life" is the subject of the lesson-sermon which will be read in Churches of Christ, Scientist, throughout the world, on Sunday, January 18.
The Golden Text is: "How excellent is thy lovingkindness, O God! therefore the children of men put their trust under the shadow of thy wings. . . . For with thee is the fountain of life; in thy light shall we see light." (Psalms 36: 7, 9).
Among the citations which comprise the lesson-sermon is the following from the Bible: "And this is life eternal, that they might know thee the only true God, and Jesus Christ, whom thou hast sent." (John 17:3).
The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "This is life eternal," says Jesus, "is, not shall be; and then he defines everlasting life as a present knowledge of his Father and of himself, . . . the knowledge of Love, Truth, and Life." This is life eternal, that they might know Thee, the only true God, and Jesus Christ, whom Thou hast sent." The Scriptures say, "Man shall not live by bread alone, but by every word that proceedeth out of the mouth of God," showing that Truth is the actual life of man; but mankind objects to making this teaching practical." (p. 410).

APPAREL FOR MEN AND WOMEN

Washington, D. C., January 8, 1942. The second session of the seventy-seventh congress opened quietly with little more than 300 members present.

Regular supply bills, which usually take weeks to formulate, will be prepared and made ready for house action in faster time according to chairman who have told agency heads.

Members returning from the holiday recess found soldiers with fixed bayonets patrolling the buildings in which they have offices.

Corridors in the house office buildings now have large signs and arrows pointing to air raid shelters.

Telephone lines in Washington are so choked now that it is hard to reach various government agencies.

Many young men now holding good secretarial and stenographic jobs here will soon go into the armed services.

Dr. Fred Wiegman, president of Midland College, Fremont, Neb., has been in Washington calling on the Nebraska delegation.

Col. Hurban, minister of the Czechoslovak legation, sat near the Third district member in the house of representatives during the president's historic speech on the state of the union.

Some coordination or consolidation of the NYA and CCC agencies is expected. As soon as the appropriations committee begins work on funds for these agencies, some definite news regarding their future is expected.

The broadcasting of daily forecasts and other weather information was discontinued at the request of the military authorities because of the potential value of such information to the enemy.

The Third district office received the following letter, written in German from a lady in our district: "You will certainly be surprised to receive a letter from a poor old lady like I think I am."

The president declares that the war budget will be expanded so that monthly expenditures will average about four billions of dollars during 1942.

The president declares that the war budget will be expanded so that monthly expenditures will average about four billions of dollars during 1942.

The appropriations made by congress for national defense and general war purposes reach a new high mark one never before approached in the history of the world.

This great war program absorbs more and more of men and materials and before it is complete half and more of the people will be in some form of defense work.

more than double what Britain has expended during the first two and a half years of the present World War.

This total of 70 billions of dollars includes approximately 15 billions for the lend-lease program, leaving the remainder of 55 billions available for our own war purposes.

Even Hitler, after his years of careful planning, finds now that even his immense preparations are insufficient to maintain the production and replacement demanded by a long and costly war campaign.

The order restricting the production and sale of motor vehicle tires for civilian use in order to conserve their stock of rubber brought home to our people the fact that war demands are of enormous proportions.

**Carl E. Strate Passes Away
At Residence Near Here
Saturday Evening.**

Funeral rites were held Wednesday afternoon at 1:30 from the home east of Hoskins, and at 2 from the Peace Reformed church southeast of town for Carl E. Strate, who passed away very suddenly Saturday evening. Burial was in the Spring Branch cemetery.

Carl Ernest Strate, son of Fredrick and Augusta Strate, was born at the family home one-half mile east of Hoskins, the farm where the family now resides, August 2, 1875, and died January 10 at the age of 56 years, 5 months and 8 days. He was baptized in the Reformed faith October 3, 1875, by Rev. F. C. Rupperecht and confirmed on April 14, 1889, by Rev. Otto Krohn.

Mr. Strate and Louise Puls were united in marriage February 22, 1906, at the Peace Reformed church by Rev. C. H. Herber. Mr. Strate observed their 25th wedding anniversary last year. Following their marriage they started housekeeping on the Strate farm where deceased was born and resided until his death.

Deceased leaves his wife, three daughters, Miss Emma at home, Clara now Mrs. Reuben Miller of Danbury, Ia., Hilma now Mrs. Walter Peterson of Oklahoma City, and two sons, Ernest and Walter at home. There is one grandson, Larry Miller. He is also survived by two brothers, Simon and Ernest, one sister, Mrs. Sophie Knebel of Norfolk. One daughter, Lydia, died in 1927. His parents, one sister and two brothers also preceded him in death.

Mr. Strate had been well until Saturday when he had a heart attack. He had his right lower limb amputated in December, 1935.

**Funeral Rites Are Conducted
At Norfolk and Hoskins
For August Ziemer.**

Funeral services were held for August Ziemer of Beemer, formerly of Hoskins, Saturday afternoon at a Norfolk funeral home. Rev. F. C. Ebinger and the Odd Fellow lodge were in charge. Burial was in the Hoskins cemetery.

August Ziemer was born in Chicago, Ill., November 28, 1860, and died at the home of his daughter, Mrs. Henry Beethoven, January 8, at the age of 71 years, 1 month and 10 days. When Mr. Ziemer was 5 years old he moved with his parents to Wheaton, Ill., where he received his education. In April, 1879, he came west, settling in Hoskins, his home until four years ago when he went to live with his daughter.

He was united in marriage to Maud Woolley May 8, 1888. To this union were born two sons and four daughters. His wife and one son preceded him in death.

Mr. Ziemer was a long-time resident of Hoskins community, having experienced many of the hardships of the early days. Farming was his chosen occupation.

Deceased leaves one son, Franklin, of Huntington Park, Cal., four daughters, Mrs. Wm. Ruhlow, Mrs. Harry Ruhlow, Mrs. Howard Jones, all of Chicago, Mrs. Henry Beethoven of West Point; one sister, Mrs. Elizabeth Houser of Long

Beach, Cal.; one brother, John of Enid, Okla., and nine grandchildren.

Funeral services were held Wednesday afternoon at 1:30 from the home east of Hoskins, and at 2 from the Peace Reformed church southeast of town for Carl E. Strate, who passed away very suddenly Saturday evening. Burial was in the Spring Branch cemetery.

Lieutenant Governor Seeks Salary of Official for Time of Service.

Lieut. Governor W. E. Johnson's salary claim against the state for time he served in the capacity of governor, previously denied, was submitted to the supreme court at Lincoln Friday for oral argument. Johnson, formerly of Wayne, presented a claim for an amount equal to the salary drawn by the governor for the time former Gov. R. L. Cochran was absent from the state and he performed the duties and assumed the responsibilities of that office. The state auditor refused to pay the claim, though he had an opinion from Attorney General Johnson that it should be paid. Lieut. Governor Johnson's attorney argued that intention of the framers of the constitution was to provide for additional compensation for services rendered by reason of the absence from the state of the governor. The state constitution also designates that powers and duties of the governor devolve upon the lieutenant governor in the absence of the governor from the state, attorneys contend. Assistant Attorney General Vail said that the state auditor and Lancaster county district court both acted properly in refusing to approve the claim. No appropriation for paying the lieutenant governor in such a case is provided, he argued. Gov. Cochran had drawn all the salary appropriated to him. As Johnson did not make any protest then, Vail claims, he is now prevented from making a claim.

Shooting in City Fatal Last Week

Garriel Bird, 45, husband of the former Hulda Kai of Leslie precinct, died Tuesday last week in an Omaha hospital where he was taken January 3 after being shot in Council Bluffs. Thomas Wesley Yates, 73, of Council Bluffs, is being held on open charge. Bird had gone to the Yates home to see Mrs. Mabel Goodnature, who was once in partnership with the former in a cafe.

YOUNG MAN CITED FOR RESCUE WORK

Ernest Bourks, son of Mr. and Mrs. Art Bourks of Newman Grove, formerly of Pender and Wayne, was recently cited for rescue work after a plane crash on a mountain in Utah. Bourks was one of 30 soldiers assigned to rescue the pilot. He and four others did so, locating him and carrying him down perilously steep slopes. All were honored.

Coast Guard Sets Goal for January

W. S. coast guard in Omaha has set 1,000 as its goal for January. "There are a number of good reasons for volunteering now," Chief Boatwain Lee Scott pointed out. "In the first place, the coast guard watch, along our coasts and harbors, must be doubled immediately. Also, every young man wants to serve his country, as he must do in some form eventually. The best time to join is now, when he's needed most, and when he can choose the branch of service he likes—the one where he feels he can do the most good. In addition, the coast guard offers him a chance for a career in more than a hundred different professions and trades."

Require Seed to Be Tested and Tagged

The Nebraska seed law requires that all seed sold or offered within the state must be tested and tagged with the analysis, according to Raymond Kinch, state seed analyst with the Nebraska state department of agriculture and inspection. The seed tag attached to each seed container must show the percentage of pure seed, inert matter, crop seeds, weed seeds and the germination.

Besides the percentage of germination and purity other information about the seed must be shown, such as kind and variety, origin, date the germination test was made and the number of secondary noxious weed seeds present, if any.

Analysis of seed samples up to five per month are made by the seed laboratory at the state capitol, free of charge, for each person. When samples of seed are to be analyzed it is very essential that the sample be representative of the entire lot, else the test will not reflect the true quality of the seed. Farmers who have seed to sell may obtain approved labels from the department at one cent per label.

August Ziemer Dies at Beemer

Rites for former head of Hoskins State Bank held at Norfolk.

August Ziemer, 81, former bank president and coal dealer in Hoskins, died Thursday morning, January 8, at the home of a daughter, Mrs. Henry Beerholm, near Beemer, where he had made his home the past four years. Mr. Ziemer had been bedfast since last summer.

Funeral rites were conducted Saturday afternoon at 2:30 from Berge - Thienhaus - Howler - Swoboda mortuary in Norfolk, with Rev. F. C. Ebinger in charge. Odd Fellows assisted with committal in Hoskins cemetery.

Mr. Ziemer farmed for some years before he became president of Hoskins State bank. He also operated a coal business there. August Ziemer was born in Chicago November 28, 1860. At the age of 5 he went with his parents to Wheaton, Ill., where he received his education. In April, 1879, he came west and located at Hoskins.

Mr. Ziemer married Miss Maude Woolley May 8, 1888. Two sons and a daughter were born to them. One son preceded Mr. Ziemer in death.

Surviving Mr. Ziemer are four daughters, Mrs. Beerholm of Beemer, Mrs. Wm. Ruhlow, Mrs. Harry Ruhlow and Mrs. Howard Jones of Chicago, and one son, Franklin, of Huntington Park, Cal. Mrs. Ziemer died in 1927.

All the children excepting Franklin were present for the rites.

Receive Pamphlet To Help in Taxes

Wayne public library recently received the pamphlet, "Your Income Tax," prepared by J. K. Lasser, which should serve as a great help in preparing 1941 tax returns. Novels received include "Wind-swept," written by Mary Ellen Chase, a book with a setting on the coast of Maine; "Genesis Fever," by Carl Carmer, telling how a man found the peace which he had thought lost forever.

"The Shoemaker's Son, the Life of Hans Christian Andersen," by Constance Buel, tells the story of the author of "Ugly Duckling" and other stories which all love. "Chlorine Darrow for the Defense" is a biography written by Irving Stone.

"Home Handcraft for Girls," by Ruth M. Hall and A. Neely Hall, tells how to redecorate rooms, operate puppets and a host of other things both useful and fun.

Project Lesson Will Be Given

Old Glass Hobby Is Interesting And Educational

Mrs. J. G. Miller, whose hobby is collecting "old glass," articles and learning their history, spoke to the Wayne branch of the A. A. U. W. Thursday evening at the Woman's club rooms. She showed many samples of the patterns.

"We are living in an age of hobbies," began the speaker, naming a number of different ones. Stamp collecting rates first, being the hobby of the most people. Mrs. Miller recommended a hobby as educational as well as interesting.

Mrs. Miller started her collection with a small glass hat which her mother used for tooth picks. Some other pieces in her display formerly belonged to her mother, grandmother and Mr. Miller's mother. She has bought many.

When asked what she does with her glass articles, Mrs. Miller replied that she looks at them. Each piece is different and beautiful. She has her hobby to admire just as others hang pictures on walls to look at.

The history of glass, which goes back to the third century B. C., is very interesting as well as the many legends about it. Venice is most famous for its glass making. The early method of making glass containers was by glass blowers who did it with a wooden pipe. This method is still employed in the glass factory near Mexico City which the Millers visited last summer.

The main ingredients in the making of glass are salt and soda. The colors are made by adding gold to produce red, bone for white, iron for green, nickel for violet and others. The patterns are made by etching, painting or staining, covering the object with wax and then dipping it in acid.

Mrs. Miller closed by telling that when she is blue and things do not go right for her, she turns to her hobby for consolation and inspiration.

To open the program, pupils of Prof. John R. Keith played violin solos. Joe Gillespie played "Little Laddie and Little Lassie" and "In the Garden." Miss Adele Sweet of Stanton, played "Elegy" and "A Little Waltz," by Hans Sitt. Miss Genevieve Lundak of Pierce, played the accompaniment.

This meeting was in charge of the fellowship chairman, Mrs. John T. Bressler, jr. She announced that over \$23 had been collected for the fund with a goal of \$25.

Hostesses were Miss Beulah Randle, Miss Virginia Carper, Miss Ruth Ross and Mrs. D. S. Wightman.

The next meeting of the branch will be February 12 when the drama group is in charge. The committee is Miss Mildred Piper, Mrs. J. T. Bressler, jr., Miss Lois Crouch, Miss Gretel Hackenberg and Mrs. W. G. Ingram.

Officers Are Relected at Annual Program Held in Wayne Auditorium

Weed eradication, test plots, tree planting, soil conservation, demonstrations, women's and 4-H club work, corn picking contest, county fair, feeders' meeting, certified seed service, mattress making, aluminum campaign and keeping farm accounts are among the numerous services included in Wayne county extension program the past year, according to a review given for the annual farm bureau program and business session attended by 450 Friday evening in Wayne auditorium.

Officers Elected.

Alfred Sydow, F. J. Moses, Leo Sellon, Lawrence Ring and Mrs. Paul Spittiger were reelected to the board of directors. They and five others were nominated by a committee and the whole group elected. T. P. Roberts, AAA chairman, and Mrs. Clarence Schroeder, project chairman, also serve on the board.

Summary Presented.

The summary, presented by Agent Chet Walters for Alfred Sydow, showed that Wayne county had 104 boys and 196 girls enrolled in 4-H work the past year. The 51 attending camp at Wynot was the largest county delegation, and the 115 at judging day in Emerson was also the largest. Twenty calves were bought at Gordon and 110 sheep in western Nebraska for 4-H feeders.

Bandweed eradication was a proudest of the year. The bureau promoted organization of the district for ridding the area of the pest. Wayne and Curming counties secured 20,000 pounds of chlorate which was sold at a saving to 100 farmers, these being the only weed districts in the state securing a supply. In this connection a weed survey was made in the county. The extension office also conducts seed surveys, helping the farmer be certain he is getting good seeds.

Wayne county took the largest delegation to feeders' day in Lincoln, this trip sponsored by agricultural committee of Chamber of Commerce. Special information on stock feeding was given by M. N. Conway of Chicago, at a district meeting here.

Field day, starting with a visit at Ed. Grubb's barley test plot and closing at Albert Watson's soil conservation fields, was sponsored. Planting of 26,000 Clarke-McNary trees, county corn picking contest at Ed. Everett's and the county fair with a fine array of displays showing the agricultural wealth of the county were featured.

Women's project club work with 230 enrolled is another feature. Healthful lunches for home and school, toys for children, care in case of illness, clothing the family at low cost and decorative finishes for clothing are topics considered, one each month.

The mattress factory sponsored by the extension service has made 400 mattresses for 360 families. An aluminum campaign was conducted for national defense. Farm account books were kept. More than 6,000 bulletins were distributed and about 1,300 office calls were answered.

Mr. Watson reported for the soils district, placing Wayne county among the very highest agriculturally in the state. He told that the best and most brome grass is raised here.

Pictures Are Shown

Dr. F. D. Keim of Lincoln, showed motion pictures of the experimental station at Lincoln and also of sub-stations. He then presented a colored motion picture of the Rocky mountains.

W. H. Swett extended the welcome for the Chamber of Commerce, assuring the group that Wayne people are interested in extension work and are anxious to help in every way possible to further this program.

F. S. Berry of the defense speaking committee, gave a short talk

Certify Corn Loans For Many in County

Clarence A. Bard, AAA committee chairman in charge of commodity loans, states that as of January 8, the Wayne county AAA committee had certified 406 corn loans totaling 441,690 bushels. Another 100 loans are in process of completion with applications being made every day. The completed loans have put in circulation \$318,000 in Wayne and adjoining counties. With an average of 10 cents per bushel difference in favor of sealing price over market price of free corn, this means over \$44,000 added income for Wayne county cooperating farmers up to the time this report is made, while corn is kept in possession of the men who produced it.

Is Named Chairman Of Paralysis Drive

R. K. Kirkman is Wayne county chairman of the drive to raise funds for the National Foundation for Infantile Paralysis. The state quota is \$37,500. The campaign opened January 12 and will be concluded with nation-wide birthday balls January 30. H. W. Rakow is Dixon county chairman.

APPOINTED TO POST IN MOTOR DIVISION

M. A. Siel, Wayne, was appointed by Governor Dwight Griswold Saturday to the motor vehicle dealers' administrative board for the term ending January 3, 1942. He succeeds C. M. Miller, Valentine, who resigned.

Is Receiving Care For Severe Injury

Following injury to his left eye and side in the Pearl Harbor attack by Japs December 7, Hollis Francis, son of Mr. and Mrs. G. C. Francis, was removed to a San Francisco hospital where he is now convalescing. The youth's eye became infected from the steel injury and the member had to be removed. Hollis' left side was badly burned and cut by flying shrapnel fragments. He is getting along nicely.

The youth, who did not wish his parents to worry about his condition, had had a friend write letters to home folks. He told that a broken finger kept him from doing the writing.

Mrs. Aydath Fredrickson, who lives on the west coast, recently visited her brother in the hospital and learned more about his injuries.

Steps Are Urged To Increase Eggs

Prices for eggs are good and farmers are urged to get the largest possible production, according to a bulletin distributed by Agent Chet Walters. A great increase can be had without any great increase in poultry population. In fact, increasing numbers alone may defeat the purpose. This is especially true where housing facilities are lacking. Crowding layers into uncomfortable quarters may impair their health so much that fewer instead of more eggs may be the result. A few helps to increase egg production are given as follows:

Make the house comfortable by having it clean, well bedded, well lighted and free of drafts. A straw loft would do much to keep the house dry and warm during the winter.

Allow the hens plenty of room, 3 to 3 1/2 square feet per bird. And give them roosting room—7 to 8 inches per hen—with roosts 14 inches apart. One 4-foot feeder, full of good laying mash for every 25 to 30 hens is recommended. It is a good

plan to keep a feeder and waterer on the roosts. More feeders mean more feed will be consumed and the more feed the hens eat, the more eggs they lay.

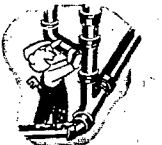

Because eggs contain about 80 per cent water, it is necessary that hens consume large quantities of it. One hundred hens, in good production will use about 4 or 5 gallons of water daily.

Cull and remove the coarse, fat hens and the thin, low vitality pullets. Removing the weak, unthrifty birds, lessens the danger of disease outbreaks among the layers. It also saves feed and housing space. A daily feeding of wet mash will do much to keep hens in good condition and good production.
