

SIXTY FIRST YEAR

Metal Pouring in From All Parts of County - Tonnage Mounts - United and Determined Effort Apparent - School Children Active - Program Next Saturday - Farm Labor Problem.

United effort has resulted in a gigantic outpouring of scrap metal in Wayne county the past week. Tons have been piled up, but it is any mistakes have been made in reporting weights they have been too little rather than too much.

Every school boy and girl and teacher in Wayne county is contributing. Each is aroused and enthusiastic. Each is on the alert. None is unconscious of the facts of the war, and not one fails to understand the pressing demand for citizen resourcefulness.

Citizens of the different communities of the county have had special days and have put forth redoubled efforts. Reports have been made good headway in the ascending weight scale the past week, and it is hoped remaining three days of the special drive will far surpass expectations.

Complaints of examples of indifference or of narrow selfishness in supporting war projects, reported from different points in the state, should not divert attention or energies from the main plan to build allied force.

Next Saturday afternoon in Wayne a note of patriotic triumph will be sounded, and we hope the program can be made of sufficient interest to justify a large turnout from towns and rural precincts.

Incidentally, the junk being hauled from farms and towns—earthmarked for the country's enemies—will greatly improve the appearance of the post-war landscape.

Weight receipts in the school contest which should be brought to the Herald office, will be turned over to the judges Saturday and results will be announced as soon as possible.

As Husking Begins. The drain of farm boys into war industry and the armed forces becomes alarming when a crop is ready to gather.

Miss Mildred Ann Maut of Wayne, became the bride of Lt. Wm. Beverly Carving of Wayne last Friday afternoon at 3 at Foster Field chapel, Victoria, Texas.

Curtail Service On Rail Branch

Star Mail Routes Likely To Be Established for Points on Lines.

The state railway commission in Lincoln Monday gave the C. St. P. M. & O. authority to substitute tri-weekly mixed train service for daily except Sunday mixed service on its Crofton-Wakefield and Bloomfield-Wayne branches.

Commissioner Duane Swanson, who wrote the order, said that to deny the applications to substitute tri-weekly service, in effect on a great many branch lines, and thus save \$30,000 a year, would amount to a denial of due process of law and to confiscation of property.

Commissioner Good, dissenting, said the railway after trying to change service surreptitiously and causing the commission to invoke aid of the supreme court, now appeals for authority to do what it tried to do illegally.

Will Have Star Routes. Star mail routes will likely be established out of Wayne to serve the two lines, one for each branch.

Conclude Scrap Drive In Rally

Program Is Scheduled for Saturday in Wayne to Consummate Effort.

SCRAP RALLY IN WAYNE SATURDAY, OCT. 17. Concert by WSTC band—1:30 p.m. Singing of "America." Welsh Quartet numbers—2:15 p.m. Address by Judge A. E. Wenke—2:30 p. m.

Wayne county's efforts in the second big scrap drive will be consummated Saturday, with a celebration in Wayne. Wayne State Teachers college band, with Prof. John R. Keith director, will furnish a concert. With the band will be featured accordion music by Rosemary Von Drack of Verdigr.

District Judge A. E. Wenke of Stanton, will give an appropriate address from a platform at the bank corner. Attorney H. E. Simon will introduce him.

Are to Give Tests For Pilot Training. Dean Hahn Administers Four Examinations for Candidates Here.

Wayne State Teachers college will give a C.P.T. mental test in the college training school this Friday at 1 p. m., to determine what men are eligible to take the civilian pilot training course in the November session or in later sessions. Men who are interested should take the mental test this Friday. Previous enlistment is not necessary.

Wayne college C.P.T. can accommodate a number of qualified men, including some who might wish to become glider pilots. Men who are taking glider training have their expenses paid by the government and trained glider pilots become staff sergeants receiving about \$180 per month.

Dean H. H. Hahn will administer the tests Friday. Four different tests are included in the series: An inventory of personal data, a test of mental ability, a test of mechanical comprehension, and a test of aviation information.

Men 18 to 37 may take tests. The mental tests do not obligate one to take pilot training, nor is it necessary to enlist in army reserves to do so. Those interested in becoming service pilots, flying instructors or glider pilots should investigate the opportunities.

All Parts of Wayne County Are Pushing Salvage of Materials Essential To Successful War Effort.

SCHOOLS—COLLEGES COOPERATING WITH OUTSIDE DEMANDS

IT IS encouraging to know that high school students, able and willing to help farmers pick their corn, are to be granted vacations for the purpose with the privilege of later making up their studies. It is also noted with satisfaction that the college is to be closed during the last half of November to serve a double purpose—afford freedom to work in corn fields and to supplant the usual Christmas holiday vacation, the latter to prevent excessive passenger traffic at a time when soldiers will be coming and going in greater numbers and will likely need all possible travel accommodations.

Wayne county scrap total reached 1,005,132 pounds Wednesday noon. Many loads of scrap were still rolling in and are not included in the weights.

This county stood 12th in Tuesday morning's report on the state's scrap drive. With 796,121 pounds then in, the per capita average was 80.58 pounds. The Tuesday night total of 880,591 brought the average to 89.1. Intensified efforts this week are expected to push the average over the 113.62 realized in the first scrap drive.

Wayne county's scrap record has risen steadily the past week with amounts as follows: September 30 with 71,300 pounds; October 2 with 65,837 pounds; October 3 with 133,980 pounds; October 4 with 154,240; October 7 with 214,000; October 9 with 453,041; October 10 with 716,136; October 12 with 796,121; October 13 with 880,591; October 14 with 1,005,132.

Make Special Campaign. The intensive drive last Thursday and Friday in the county added 239,041 tons of scrap and 283,095 Friday included in Thursday's drive, which centered around Wayne, Winslow and Healding. 172,648 pounds were gathered by about 200 volunteers with 54 trucks. The men and boys brought in 89 loads during the canvass around Wayne. Trucks out of Winslow brought in 12,000 pounds and out of Healding, 21,000.

To Contestants. To facilitate figuring weights and determining results, all schools, students and teachers participating in the scrap drive contest should have their receipts at the Herald office not later than 3 o'clock next Saturday afternoon, October 17, when the judges will take charge.

The major share of the Friday collection consisted of 235,810 pounds gathered in the vicinities of Carroll and Sholes under supervision of the Carroll Lions club and business men in Carroll. Friday and men and women gathered out on massed 25,000 large trucks they combed the area and added the large amount to the county's record. Sholes business houses also closed for the day Friday to help. Additional scrap will be added to the collection.

Relic Is Added. One of the pieces added Wednesday was the Civil war cannon from the court house lawn. This relic, now on its way to serve a useful purpose, weighs about 800 pounds.

In School Contest. Weight slips for schools entering the scrap contest should be turned in at the Wayne Herald office by 3 p. m. Saturday. Judging will be done by Frank Erleben, M. I. Swihart and W. J. Misfeldt and awards will be made as soon as possible. Cash prizes totaling \$100 will be awarded.

College Instructor Helps Plan Course. Prof. Raymond Schreiner will go to Lincoln Saturday to confer with the industrial arts curriculum committee of seven recently appointed by State Supt. C. W. Taylor. This group has the duty of writing a new industrial arts curriculum for high schools and publishing this in a bulletin. Prof. Schreiner is responsible for drafting the course in plastics, leathercraft, general mechanical drawing and two units of general shop. He met with the others September 19.

To Stage Parade In Scrap Drive

School Dismisses Wednesday Afternoon to Conclude Intensive Campaign.

To culminate an intensive two-week scrap drive in Wayne city school, a parade will be staged Friday morning at 10:30 when students will put on a patriotic march through the business district. Young folks will wear arm bands designating the rankings they have earned in the schools' army scrap. High school was dismissed Wednesday all day and grades in the afternoon to finish up the campaign.

The total turned in Monday night was 39,232 1/2 pounds with 20,862 pounds in the hands of dealers and 18,370 1/2 pounds in the pile at the school grounds. Leslie Allemen, who had turned in 8,500, was highest then.

The amounts up to Monday evening were as follows: Kindergarten, 302 pounds; 1st grade, 2,440; 2nd, 1,347; 3rd, 2,797 and 3-4; 4th, 5,102 1/2; 5th, 3,611 1/4; 6th, 3,147 1/2; 7th, 2,085 1/2; 8th, 1,767 1/2; Miss Margaret Prest's home room, 3,589; Miss Adelaide Cook's home room, 7,425; Maurice Lamoree's home room, 6,344; Miss Mildred Clark's home room, 3,171; Henry Menk's home room, 1,407 1/2; Mrs. Hazel Frahm's home room, 417 1/2; Miss Viva Fredrickson's home room, 700.

Will Husk Corn.
About 40 high school students have signed up for corn picking. These students will report each Monday to have their work checked and to receive new assignments.

Girls' physical education classes are starting tumbling in preparation for a program after the football season.

Due to fine weather, many high school students are still painting out of doors with water color. Others are working on still life studies in the art room.

Since the government asked for five of the school's typewriters, another class in 1st and 2nd year typing was added.

Carroll and Mary Klemish, freshmen, are new in school.

Elizabeth Thill conducted class recreation in Latin I on Roman homes Monday.

Junior High Items.
The 7th art students are making crayon batik studies. Trees

are colored with crayola and the entire picture is then printed with black tempera paint. The 8th art students are working with pastel. They just finished trees with charcoal so they could understand rhythm of light and dark. In pastel they learn rhythm of color.

The 7th citizenship club has red, white and blue shield for a banner. At the top is a blue field and below are red and white stripes. For each week that the class remains on the honor roll, a silver star is placed Friday in the blue field. In addition, a separate stripe is assigned to each pupil and on this he keeps his individual honor roll. Each Friday evening a star is placed on the stripe if a pupil remains on the honor roll. Blue stars are used on red stripes and red on white. Whispering and other misdemeanors take away merits and determine the week's ratings.

The 8th history class is studying pre-Revolutionary period.

Fifth Grade Items.
In the scrap drive, Irene Gilbert is second lieutenant; Betty Jean Miller, Tommy Bahe, Richard Jensen, Paul Einung and Tommy Hansen, corporals; Loretta Woods, Helen Pile, Leon Parenti, Harold Corzine, Lea Horrell and Lois Russell, privates first class. The total for the room Monday was 3,920 pounds.

In Fourth Grade.
Jacqueline Andersen was elected first lieutenant and Tommy Roberts second lieutenant for the scrap drive. Other officers are: First lieutenant, Reno Pflor; second lieutenant, Jerry Stirtz; sergeants, Tommy Lindsay and Rowan Wittze; corporals, Tommy Roberts, Derelea Woods, Vivian Hofeldt and Jack March; privates first class, Ila Smith, Barbara Ley, Janis Derry, Betty Jean Rogge, Virgil Rohlf, Ruth McPherran.

Jerry Stirtz treated 4th graders with cakes last week for his birthday.

The 100 per cent arithmetic club members this week are Ronnie Willers, Heinz Otte and Derelea Woods.

Third Grade Items.
Pupils are learning simple tunes on the piano, bells and bottles. They do this by using the so-fa syllables. The syllable names are pasted on E major scale of the

Democracy Safe If Three Stand

Justice Essential to Lasting Peace, Chinese Student Asserts Monday.

"As long as the United States, China and Britain stand, democracy can't fall. Victory is on the allies' side but we must remember two things: No privilege is possible without responsibility; the strong must be just so as to prevent a repetition of the world war." These were the conclusions expressed by Albert Fenn, Chinese student at the University of Nebraska, in addressing Wayne Kawanami Monday noon. Mr. Fenn came to this country seven years ago and is now working on his Ph. D. degree. He was presented Monday by Supt. J. W. Latherland.

Mr. Fenn explained how Japan got its powers. From China Japan took culture. Japanese language can't be written so the Japs use Chinese. Their music is Chinese. Mr. Fenn explained that Chinese family names are of one syllable whereas Jap names are more than one.

From Britain the Japs took their ideas of statesmanship from the United States. Their ideas of wealth, making Japan the fifth most wealthy nation in the world, and from Germany, their militarism.

Factors in Resistance.

China has been able to withstand several years of Japanese onslaught because of five factors: vast space, large population, endurance, solid unity and international aid.

Mr. Fenn explained the importance of large space in a country, allowing retreat to gain time. Small countries have no extra area so cannot take advantage of this. China has four million square miles of territory. Russia seven million and India two million. Though China lost 10 per cent of her territory, she gained what was far more important, five years of time to prepare. Space allows nations to absorb invasion and yet stand.

Large population also helps. Though China lost 60 million, she had 450 million so can provide continual reinforcements.

Endurance is a characteristic of Chinese. Those people know hardships. They can suffer and still keep building.

China has solid unity. No political divisions slow down efforts as in some nations. The Chinese in China as well as those all over the world are united.

All nations interested in China too are helping, and China is repaying all. Mr. Fenn stated it may take years but China will repay every favor.

Mr. Fenn told that his country has been sending gunboats and mail to the United States for years in return for assistance. This is only one of many examples of mutual help. Russia is aiding China and indirectly helping herself by preventing Jap attack. China appreciates all this and will make restitution.

Vote to Meet Early.

Kiwanian-accepted the proposal of the board that meetings begin at 12:15 with song session.

Ernest Samuelson, presented as a new member by R. K. Kirkman, was presented the Kiwanian button.

Dean Clarence McGinn was honored on his birthday and received chrysanthemums.

Prof. Raymond Schreiner was a guest of J. G. Miller; Dr. Carter Morgan of North Carolina, of Dr. J. T. Anderson; Mr. J. Anoy of Lincoln, of W. C. Skanson; Dean H. H. Iahm, of Prof. O. R. Bowen;

No Mass Voting

CHRIST Wunderlich of Columbus, no doubt speaks generally for citizens of German descent when, as quoted by the Norfolk Daily News, he denies that any one can control and deliver the so called German vote as a group. He denies that an Omaha publisher has such vote in his vest pocket to be guaranteed to Senator Geo. W. Norris or to any one else.

As quoted by the News, Mr. Wunderlich says in part:

"What is this so called German vote? I for one want to be excused from belonging to any vest pocket edition. We of German descent came over here on our own account, after we had done our duty to that land. We have done and do our duty here; we have helped build up all these years in this, our country.

"When we were granted our citizenship papers we made an oath which is holy to us. We are proud of our citizenship and we should also, as free Americans attend to our own thinking; and it is absurd and ridiculous to put claim that one man holds this so called 'German vote' in his vest pocket.

"We are in a very serious war, there is and should be only an American vote, guided by our own, conscience and judgment."

The Next Congress

AS POINTED out by Alfred M. Landon, republican presidential candidate in 1936, speaking at Lincoln, there is no disagreement among Americans over prosecuting the war to the limit and getting rid of world gangsters. But, as also emphasized by Landon, the imperative need is for less conflict between bureau heads in Washington, fewer contradictions and less confusion. Landon notes what many have thought that the election of anti-new deal congressmen would intensify the war effort and hurry the struggle to a successful conclusion.

Clarence Budington Kelland, executive director of the republican national committee, in a radio address recently, virtually supported Landon's idea. Anti-new dealers, imbued with war responsibilities, would cut out bureaucratic dead timber within official Washington, unify and intensify the conflict and thus reduce losses.

Changing the anti-new deal minority to an anti-new deal majority in congress would give strength and decision to the legislative branch of the government, and that is what is important in the present crisis.

Stressing Election

IN emphasizing the importance of the November election and the need of profound, thoughtful participation on the part of all electors, the Omaha World-Herald says among other things:

"That is why strong men are needed in congress. Not unthinking yes men. Neither men who are against everything. But men of sound judgment, men who believe in democracy, its free institutions, its free economy—the American way of life; neither 'reactionaries' nor 'screwballs' but able, self-respecting, courageous citizens whose convictions have been nurtured in the ideals and traditions of the republic.

"Above all things else we want to win this most terrible of wars. And second to that we want to save our country from the only less terrible dangers that threaten as a result of war's dislocations and destruction.

"Americans need to keep their heads clear and their feet on the ground as they approach the voting places next month. They will serve

Outline Objectives At Crop Meeting

Wayne County Crop Improvement Association officers met Saturday evening and formulated the group's objectives as follows: To ascertain annually the amount of certified seed needed of recommended crop varieties for the county and to attempt to make this available to farmers; to find a market for surplus Wayne county broom seed; to help make arrangements for cleaning and grading broom seed and other crop seed; to help growers in pooling seed for large orders; to help establish grades and brands for Wayne county broom to aid in marketing seed; to encourage establishment of new broom fields from native adapted Wayne county fields; to aid in preventing spread of bindweed and other noxious weeds by using only pure seeds and certified crop seed; to carry on educational work for improving agricultural practices and furthering agricultural interests of the county; to cooperate with the Nebraska Crop Growers' association and extension service in furthering crop programs.

Constitution and bylaws will be submitted at the next meeting.

State Convention Planned in York

About 300 are expected in York for the 21st annual Parent-Teacher convention October 14 through 16 and Wayne will be represented. "The P.-T. A. in Step Today" is the theme. The meeting emphasizes the wartime program which the state congress adopted in August. The group is pledged to guidance and protection of juvenile citizens. Among the speakers are Mrs. Edith Rennecker, Chicago, field representative, Mrs. Wm. Kletzer, Portland, national president, State Sup't. C. W. Taylor, Mrs. Mark Pierce, Lincoln, state president, W. A. Rosene of the state university, Dr. Wm. Thompson of Omaha university, and Dr. G. T. Savory of York. Rev. G. Gieschen, Mrs. L. F. Perry, Mrs. Midge Barsley, Mrs. L. W. Sund and Mrs. Jessie Miller plan to attend this Thursday.

Will Raise Fund To Furnish Milk

Mothers' Study club is holding a benefit party Thursday, October 22, at 8 at the auditorium to raise \$100 with which to provide milk to children needing this during winter months. The plan is to serve about 50 in the city school and 20 at the training school a half pint a day each during December, January and February. The club carries on this project yearly but is holding the community party for the first time this season. Bridge, 500 and other games will be provided. Mrs. L. F. Perry is chairman of the milk fund; Mrs. Geo. Berres, chairman of ticket sales; Mrs. Raymond Schreiner, chairman of card tables; and Mrs. H. E. Ley, chairman of refreshments.

their country and themselves by voting not as partisans but as deeply concerned patriots."

Peter Henkel who has been custodian at the Wayne high school for more than 42 years, now retires as he approaches the age of 80. More than half of his long life has been devoted to the one task. Such long tenure is proof of faithful and satisfactory service. Through the years he watched with solicitude the procession of youths from the kindergarten to graduation. Pupils of his earliest experience are now often men and women with children in the same school with the same Peter on hand to guard their safety and look out for their comfort. Teachers could depend on him. Children uniformly liked him. It will take a long time for the school to become accustomed to getting along without him.

In the Lincoln Star, James Lawrence speculated recently on how much better the world might have fared if dependence had not been placed on elderly statesmen, Hindenburg in Germany and Pétain in France. He suggests that younger men would have shown valuable strength of leadership. In view of pressing needs in public service at this critical juncture, we wonder if Lawrence could be persuaded to reconsider his sponsorship of Senator Geo. W. Norris, past 80, to succeed himself.

The president's speech Monday night referred disparagingly to newspapers and news commentators in handling events growing out of the war. Without these information sources people would be kept in darkness. With a trammelled press people would not know whether to be satisfied or dissatisfied with leadership. No doubt members of the press make mistakes, but it is a safe guarantee that there are no more reliable fact gatherers and dispensers.

William M. Jeffers, rubber administrator, showed his rugged mid-western qualities when he resisted a bunch of southern senators in an interview over production this week. He made plain that he does not propose to coddle any group. He is out to get results without any fooling. More men of the Jeffers type are needed in Washington.

It is reported that a total of 229 strikes, involving 79,414 men, were called during the month of August. These strikes hinder war production and should not be tolerated. Soldiers cannot throw down their arms and quit because of some disagreement. Neither should those engaged in vital production for these soldiers be permitted to do so.

Henry J. Kaiser who is determined to build cargo planes for the war in face of much opposition, shows the real winning American spirit. Many times in the past enterprising individuals have overcome barriers in serving the public.

Farmers and townspeople alike are solidly behind the scrap drive, and their activities are unmistakably reflected in the daily reports.

Power of the Press. (Industrial Press Service.)

The esteem in which the American people hold their "free press" was emphasized recently during observance of National Newspaper Week. Contributions already made to the war effort by the National press are noteworthy.

In addition to keeping the people "fully and truthfully informed," braving the "enemy fire," checkmating "enemy propaganda intended to demoralize and mislead our people," and taking its place "on the firing line of the war," the U. S. newspaper fraternity has assisted our war effort in a very practical and substantial way.

According to The New York Herald Tribune, 300,000 newsboys representing 900 newspapers have sold \$50,000,000 in war stamps up to September 10. More than 10,000 daily and weekly newspapers and 200 other periodicals have contributed free space devoted to the sale of war bonds valued at \$65,000,000 based on Treasury Department estimates. In addition to this, the scrap drive, in which newspapers all over the country are participating, is proving to be an outstanding success.

The newspapers have demonstrated not only their flexibility, their integrity, and devotion to the cause of their country, but have proved in a very practical way their ability and power to perform much needed services voluntarily and without reserve.

INDIVIDUALISM.

The editorial page of the current Saturday Evening Post is devoted to a discussion of the problem of saving individualism from the evident drift to collectivism. The fear of bureaucratic control over the individual leads the Post to declare: "It may be that the 'freedom thinkers' are right and that economic freedom will not be restored to the American citizens. It all depends on what the majority of the voters want—the responsibilities of freedom or the misery-loves-company type of security afforded by the total state." People must be encouraged to earn what they enjoy with premiums on success. If one who is able to sustain himself and family, is robbed of the profit incentive, he is in danger of dropping to the lower level of dependence. There must be rewards for individual endeavor. Without them the way to socialism and weakened human fiber is made easier. America has become strong and resourceful in the crucible of rugged individualism and it is hoped it may remain so. With economic freedom is destroyed, suggests the Post, the entire democratic structure goes with it.

POST-WAR WORLD.

In 1930 Aristide Briand formulated a plan for one self-governing nation in Europe—a grouping of all countries, each with independent rights, but all united under one central government. Influences working in conflict prevented the idea from gathering appreciable strength during the past decade. War lords would have to be junked, race and sectional prejudices erased and a need for tolerance developed. Most people want peace. Closer understanding would pave the way to conciliation and concession. Real patriots rather than dictators may smooth out discordant elements and weld separate units—now in conflict—into a peaceful whole. After a reign of ruin and death, people will be more susceptible to reason, giving more emphasis to spiritual values than to material considerations in human relationships. Speaking of possible billeting for a united Europe following the present conflagration, the Christian Science Monitor says: "As peoples become more aware of that spiritual unity that binds all things, human patterns for world order become more workable and more widely acceptable. Today there are signs of spiritual awakening on which statesmen may well count in appraising the future of world organization."

Will Receive Premium.

A premium of 30 cents a hundred will be paid for waxy Leoti sorghum over the farm price of No. 2 yellow corn, according to Dixon County Agent Howard Gillispie. If the agent price of corn is higher, a premium of 50 cents per 100 pounds will be paid for Leoti over the loan price of No. 2 yellow corn. Leoti is suitable for manufacture of industrial starch.

House members continue to fight for elimination of non-essential expenditures and waste. They are asking many questions. For illustration: The new war department building here was to have cost 35 million dollars and house 40,000 people. It will now cost 70 million dollars and will house only 23,000 people. Members are asking "why?"

Many medical experts met here the other day. Feature of the meeting was the direction of study to the diseases that will be brought back to the United States from all parts of the world "after the war."

Although many knew that the president was out making a trip of inspection of war plants and everywhere in Washington, was talking about it, absolutely no publicity was given to the trip by the press or radio.

Japanese who are interned may soon be working in the beet fields of Nebraska. Some may eventually go into the Republican river valley. But at present their work will be confined to the beet fields. Some Mexicans will be imported to work in California. This will not solve the farm labor situation in our state. George Hiesley of the Selective Service system; Paul McNutt of the War Manpower Commission; and members of congress are working together to see what can be done. Reports here are that a universal service law is in the offing. It may mean freezing labor in present jobs or distributing workers where they can contribute the most good toward winning the war.

Wayne Public Library Notices.

As patriotic American citizens it is our duty to be informed. Each week in this column will be listed five magazine articles and five books dealing with subjects of interest to everyone who expects to keep abreast of the times. These articles and books can be found in Wayne library as well as many more along similar lines.

Have you read these magazine articles? "Our Impossible War," Life or Readers Digest for October. "Four Strong Men and a President," a group portrait of Central America, by Lawrence and Sylvia Martin, Harpers for September. "Why Doesn't Congress Investigate Itself," by Wm. Hard, Readers Digest for October. "The Challenge to America," by Jos. Grew, former ambassador to Japan. Vital Speeches, October 1, 1942. "Sex as a Nazi Weapon," American Mercury and Readers Digest, October.

Have you read these books? "Retreat to Victory," by Allan A. Michie. "From the Land of Silent People," Robert St. John. "Signed with Their Honor," James Aldridge. "The Men Who Make the Future," by Bruce Aliven. "Mission to Moscow," by Joseph E. Davis.

As our army expands, the call for good books and more of them becomes insistent. There is a special plea for technical books and books on world affairs. They are appreciated and used. Bring your books to the library and they will reach our boys.

The so-called anti-inflation or price control compromise bill has been passed. The farm district members believe they have won some gains. Labor is satisfied because the bill will not affect the 40 hour week or time add a half for overtime. The president may be satisfied because the compromise bill grants him permission and discretionary powers. The house bill was mandatory so far as farm parity was concerned. How the new legislation will work out so far as farm prices and wages are concerned depends on the way it is administered. Money experts say the legislation will not, by itself, stop inflation.

Washington, D. C. October 6, 1942

The report in Washington is that the government may approve the manufacture of an additional one hundred million gallons of grain alcohol per year. That would mean the use of an additional 40 million bushels of corn or 36 million bushels of wheat each year.

The department of agriculture experts figure that one bushel of shelled corn will make about two and one-half gallons of alcohol and that one bushel of wheat will make about two and three-quarters gallons of alcohol.

The new grain alcohol and synthetic rubber program is not yet completed. Details will be announced from time to time by the rubber administrator, William Jeffers.

Guy Gillette, senator from Iowa, who is chairman of the committee investigating new uses for farm crops, is not entirely satisfied with the Baruch report on rubber. He and other members from farm districts fear that if a few giant plants for making alcohol out of grain are built on navigable streams, the plan for numerous small grain alcohol plants throughout the middle west may be endangered. They, too, it is feared that after the war imported blackstrap molasses may come into competition with the American grain.

flationary spiral of prices on farm products.

The OPA will not have its meat rationing program ready before December. In the meantime it is limiting shipments of meat to 80 per cent of normal into eastern cities. Really there is another form of rationing operating. Meats are scarce and hard to obtain. Bacon and beef steaks are not to be had on some days, and other meat products are in lessening quantities. In a city like Washington which has an immense number of transients as well as new-comers, the hotel and restaurant trade probably takes up the larger part of the present supply.

The house committee on agriculture has taken up the question of the national food supply from the home staples program. How to get the work done and how to keep the farmers on the farms and how to keep the farms producing, is a problem commencing to loom as largely in the headlines, as Mr. Henderson and the Brown amendment, State agricultural commissions are sending in reports of their surveys of the situation. The Minnesota commissioner states that 10 thousand farm auctions have been held and there will be many more. Reports from other commissioners have been of like nature. Secretary Wickard wants something done in a hurry. So does Chairman Fulmer. Gen. Hershhey, chief of selective service, advises "freezing essential workers on the farms." Just how to "freeze" farmers to the soil is not clear.

Mr. McNutt, chairman of the war manpower commission, advised the allocation of men to the farms as a remedy. Incidentally, he mentioned that farm labor wages should be brought to a level of labor in industry, but did not say how that can be done without increasing prices on farm products. Other suggestions favored subsidies for farm labor to increase production. These are only a few of many ideas expressed. Secretary Wickard says that in addition to the two million people already gone from the farms, another two million may be taken in 1943. Just where all these official guesses leave the problem of food supply for 1943 and 1944 is not so plain.

Tossing a press release into the hopper of discussion of the farm situation, the agricultural marketing administration states that it had purchased two billion dollars worth of food, and was continuing at the rate of five million dollars a day. The agency buys some foods for the army and navy, but mainly for lend-lease operations. Eggs and dairy products lead the lists of purchases, but pork and other meats are included. More cheese, dried eggs, powdered milk will be needed, the coming year for Britain and Russia. At the same time more dairy products will be required for our own rapidly expanding armed forces. About 40 per cent of our beef and pork products will be required for lend-lease shipments next year.

Visitor at Laurel Has Narrow Escape When Ship Is Hit

Bent Eilersen and Gordon Hansen, each 20, visitors last week in the Soren Hansen home near Laurel, returned last week to New York where Capt. Madsen, oil tanker commander, awaits the youths for another venture in the hazardous oil convoy business for the United States and Canada. Gordon is a brother of Mrs. Hansen and the two had not seen each other since the latter left Denmark 14 years ago.

The two were members of the crew of the interned sailing ship, Denmark, which was later purchased by the United States. On one occasion they accompanied a convoy of 33 ships to allied ports.

Bent was one of 49 on a vessel July 3 when the allied tanker was torpedoed in the Atlantic. All but four of the crew escaped and were rescued. Bent and his two companions passed ship rescues them. Eilersen, Capt. Madsen and two others, the last to leave the tanker, found no lifeboat and dropped to a 12-foot open sail boat with one sail when they abandoned the ship, split in two by torpedoes. The boat was supplied with canned meat, chocolate and a limited supply of water. They were adrift in the ocean between South America and South Africa for 15 days. "It sure did rain and we were drenched but had it not been for the storms we would not be here as we ran out of water to drink so caught rain," the youth states. The four drifted and steered the best they could, covering 1,400 miles before reaching Trinidad island off northern South America. From there they were taken to an American port and later to New York.

In telling of the ship tragedy, Eilersen said that the torpedo struck the ship at 7 a. m. when most of the crew were still in bed. Eilersen said the explosion threw him from his bunk but he was only dazed. He ran to the deck and found the boat had been struck midship and some injured. Course of the boat was changed back toward Freetown, Africa. No subs were sighted so all believed they were not followed. That night at 9 a second torpedo struck and within 10 minutes a third, the latter rending the ship in two. At that juncture a submarine was sighted not far off. The boat did

not sink and it would not run. But when it began to break up the crew decided to abandon it. Many lifeboats were smashed and others could not be reached. The four had no alternative but to take to the tiny sail boat.

These two young men decided to become ship officers when they were 16 and lived in Denmark. They became apprentices on the Denmark and were with this ship when it was brought to New York for the World's fair. It took 40 days to bring the sailing vessel to the fair. Before starting back, the ship made southern ports and was interned April 9, 1940, at Jacksonville, Fla. After six months, the youths signed up for oil transport. After four trips Gordon lost a finger in a boat mishap and was in a hospital when his pal left for the trip on which he had the hazardous experience.

The Hansens tried to persuade the young men to remain to pick corn but the youths were anxious to return to the sea.

Best Buys for Women Shoppers

This week we bought a number of Sample Coats at a good discount and we have marked them to sell to you at the same savings. They are all sizes 13 to 16 and among them are several pretty plaids, and novelty coats that girls like best. There are also a good many dressy type coats in black and colors for size 14 to 16 women. These coats are grand bargains at \$13.75 and \$15.00.

At \$3.95 and \$4.95 you will find here some remarkable "Best Buys" in dresses. Smartly styled spun rayons that you can wear for any daytime occasion. Rayon crepes that are copies of new fall higher priced dresses, and sport numbers in plaid and plain combinations that the younger set go for. We alter them too so they fit perfectly and don't charge extra for the service.

Your best buy in dress hosiery today is Munsing's Full Fashioned Rayon at \$1.19. They look about as sheer and fine as Nylons. They fit perfectly—and they really will wear. Maybe you have had a service out of rayon so it has bought — a lot of folks have. But they're not Munsing Rayons. We know what service these hose will give — our girls here at the store have worn them the past six months and found them the most serviceable hosiery they ever had, and that don't except Nylons. You try these Munsing Rayons at \$1.19. We'll guarantee you'll be glad to buy them. Buy four for common wear — they are nice looking and hundreds of women and girls wear them to save their finer hose—they are only 59c pair.

You can make a "Best Buy" in curtains if you call before our spring purchases are all gone. There are very nice cottage sets at \$9.00 to \$12.25. Lace panels at \$1.00 to \$1.25 and Ruffled Curtains at \$1.00 to \$1.50 which are just as nice in style as any of the new fall curtains.

Alpargora

The Coat With The Double-Dense Fabric

When you see that sign you know it means twice as much ball-game for your money and when you see the name Alpargora, it means twice as much cost for your money. In other words, you get luxury and long wear, too! For every square inch of Alpargora fabric has twice the number of hair fibres you'll find on the surface of the usual coat! That's why Alpargora is called The Coat With The Double-Dense Fabric... and that's why it's softer, richer looking and longer wearing.

Bomber Wreckage Nearby Is Cleared

Men Called to Rapid City To Salvage Ship That Falls Thursday.

Wreckage of the four-motor bomber from the Sioux City air base, which crashed southeast of Wayne last week Sunday, was completely cleared away by Friday when the 28 men from the air base were called to Rapid City to salvage a four-motor bomber that crashed near Rapid City Thursday, taking the lives of three men. The wreckage of the plane that fell here was conveyed to Sioux City in four large truck loads.

The men, who made their headquarters at Hotel Stratton, had many types of trucks and equipment here. Included were large special trucks to carry the wreckage to Sioux City, troop cars, jeeps, pumps, supply trucks and other trucks.

Soldiers from the Sioux City base were on guard about the plane at all times. Guards were changed each four hours.

Mrs. C. A. Kingsbury died at Ponca October 1, aged 70.

C. Stirtz, Wayne, one truck tire. Four applications for rations were approved and one rejected. Bert Lawrence of Randolph, was granted permit to buy a new passenger car.

Wayne Is Winner Over Wakefield

Local Team Shows Brand of Football Friday That Makes Record.

Wayne high's team finally began to look the team of the two previous years Friday night by trouncing Wakefield, a strong team, 39-0. Wayne deserves some good credit.

Wakefield kicked off to Wayne, who on straight plunging marched to the Wakefield 30-yard line only to be stopped cold. The rest of the first quarter neither Wayne or Wakefield was able to threaten. In the beginning of the second quarter Stull intercepted a Wakefield pass and ran to the 15-yard line before being knocked out of bounds. Stull then ran his own right end for a touchdown. The score was Wayne 6, Wakefield 0. The rest of the quarter was fairly evenly fought with neither team showing any great advantage. Wayne received to start the third quarter and drove to the Wakefield 5-yard line where Murray drove over for a touchdown. The conversion failed. Shortly after this Wayne again scored on a pass from Stull to Strahan making the score 18-0. Stull's conversion was good. The quarter ended shortly afterward with Wayne in possession of the ball on Wakefield's 40-yard line.

Starting the fourth quarter Wayne drove down to the 15-yard line where Stull scored on a right end run. His placement was good. Later in the quarter Stull intercepted a pass and ran 40 yards for another touchdown. Stull's placement was again good. In the last few minutes Wakefield had the ball on their own 15-yard line and Jensen of Wayne blocked a kick and the ball rolled into the end zone where Strahan recovered and made the score 39-0. Stull's conversion was wide as the game ended. Jensen, probably playing his last game this season, recovered a fumble which set up a touchdown, blocked a kick which gave another touchdown for Wayne, and also played great ball both defensively and offensively. Bareham and Pospisil, rookie guards, played very improved ball.

The lineup follows:
Wayne (39) Wakefield (0)
Strahan le Nickolson
D. Jensen lt Bkman
Pospisil rg Victor
Beale rg W. Jensen
Bareham rg Colton
Bierman rt Meyer
Helgren rt Donaldson
Murray qb Bushy
Stull rb Benson
Lessman rh Gerdes
Ellis fb Neu
Substitutions: Wayne, ends, Gildersleeve and Kohrt; tackle, Lass and Horrell; guards, Johnson and Powers; center, Kohrt; backs, Kanzler, Bahe, Love.
Wayne scorers: Stull 3, Strahan 2, Murray 1.
Extra points: Stull 3 placements.
First downs: Wayne 13, Wakefield 7.

Speaks at Anniversary.
Rev. Wm. Fischer was in Jensen, Neb., to deliver two sermons for the 60th anniversary of the Lutheran church there. Rev. Fischer served the Jensen congregation 16 years before coming to Wayne. He visited his son, William, and brother, Carl, at Hudson, Kan., before returning last Thursday. Rev. Fischer found lots of rain in southern Nebraska. Corn and wheat crops are good. He was gone four weeks.

Earn High Places With Baby Bees

Hereford Calves Belonging to Don Meyer and Delores Lutt Are Leaders.

Wayne county young folks took high places in the 15th annual Ak-Sar-Ben 4-H baby beef show in Omaha last week. Don Meyer's steer earned reserve championship in the Hereford division. His calf also placed 1st in the Hereford class for steers weighing 950 to 1,000 pounds. Don had taken grand championship on another Hereford steer at the state fair show in Lincoln early this fall. The Wayne youth placed fourth in showmanship of Herefords. Don's calf was bought Thursday by Swift & Co. for 17 cents a pound.

Delores Lutt's Hereford steer took fourth place in the Hereford championship group. The local champion at Wayne county fair, learned first place among Hereford steers weighing 1,010 to 1,170 pounds. The 49 & 8 of Omaha, bought Delores' calf for 17 1/2 cents a pound.

Red ribbons for second place in their classes were earned by Don Meyer's Angus steer, Bob Meyer's Shorthorn steer and Carl Biermann's Shorthorn steer.
Raynard McNaughton of Woodbury county, Ia., took grand championship of the show on his Angus which sold for \$1,009.80. Geo. Hoffman, jr., of Ida county, Ia., who had grand champion beef last year, earned reserve championship this season on his Hereford.

William and Kathleen McEure, Merle Gustafson, Marvin Leffert, Howard Doerman, Leo Wichman, Duane Weerman, Donald Bohm and Glen Brown of Cumming county and Marvin Foster of Hereford county, took places on their calves at the Omaha show. Duane Weerman had the best header. Donald Peterson of Cumming county, earned second on severe showmanship and second on headers.

Freezing of Soybeans.
Soybeans are probably damaged somewhat by freezing, according to Agent Howard Gilaspie. But beans which were well developed, even though not fully matured, at the time of frost probably have not been seriously damaged. Late planted and late maturing varieties have been affected more and their yield and quality will be reduced. It is best to let the beans dry for combining rather than mowing them for hay.

Wayne Beats Doane In Game at Crete

Wildcats Go to Hastings for Game with College Friday Evening.

Wayne defeated Doane Friday night on the Crete gridiron 6-0. Kozisek went over for two yards and a touchdown in the second quarter after Wayne had recovered a Doane fumble on the Doane 12-yard line.

Wayne looked better than the score indicated and had a big edge in both the ground and air attacks although Rozadabovsk and Janux made things tough for Wayne at times.

The Wildcats go to Hastings for a game there Friday night; last year's game was won by Wayne 7-0.

Looks For Warm Winter Weather

Contrast Is Noted in Early Period When Blizzard Strikes Territory.

Early Days from the Wayne Herald for October 14, 1926:

A man who claims to be an efficient weather prophet makes the assertion that ordinary winter weather will be omitted this year. He bases his prediction on the fact that his ducks are laying eggs, meadowlarks are numerous and are singing happily and a phoebe bird is building a nest. The man further asserts that if the feathered creatures continue to frolic and frolic spring instead of winter, he is going to begin planting corn.

In a collision near Laurel, October 8, 1926, Mr. Reimers of Iowa, was fatally injured and members of the Ed. Korff family of Randolph, were hurt.

Marguerite, 2, daughter of Mr. and Mrs. Paul Mimes, died October 9, 1926.

Mrs. U. S. Conn suffered a broken wrist when the car in which Dr. and Mrs. U. S. Conn and Mr. and Mrs. F. S. Berry were going to Lincoln for the state normal board meeting, turned over near Wahoo.

Grover, 2, son of Mr. and Mrs. H. W. Bennett, crushed a finger on his left hand in the cogs of a pump jack.

Miss Helen Thompson, daughter of Mr. and Mrs. C. B. Thompson of Wayne, and Ivan Fick of Yankton, have announced their marriage of June, 1926.

Robert Eddie, of Carroll, and Miss Myrtle Kruse of Fort Calhoun, were married October 14, 1926.

Miss Edith Huse and Donald S. Wightman were married October 9, 1926.

A son was born October 8, 1926, to Mr. and Mrs. Arthur Green of

Los Angeles. Mrs. Green is the former Ruth Needham of Winside.

A son was born to Mr. and Mrs. Wm. Nichols October 10, 1926.

A daughter was born October 14, 1926, to Mr. and Mrs. Walter Lerner.

A son was born to Mr. and Mrs. Harvey Peterson October 12, 1926.

Harrigfeldt & Pryor bought the Watson garage at Emerson.

Gordon, infant son of Mr. and Mrs. Clark George, died at Carroll October 7, 1926.

Gus Paulsen's Poland China sale at Carroll brought a top of \$110.

O. E. McCabe of Carroll, and Miss Mary Cliff of Tekamah, were married October 6, 1926.

From Wayne Herald for November 8, 1906: D. A. Mitchell built a new barn. James Brittain is building a cement sidewalk near his lot. R. E. Fish, formerly of Winside, was elected coroner at Gregory, S. D.

Geo. Bush is building a large new barn. H. E. Thomas of Bassett, bought the Rickabaugh barber shop in Wayne.

The Fortner and Craven corners are connected with new sidewalk. Excavation for the new Presbyterian parsonage is complete.

J. P. Larsen moved to the Dennis Newton property which he bought. Mrs. Frank Whitely was in Hartington for the funeral of Mr. Whitney's grandmother.

Henry Kellogg and Charles Shulthess returned from South Dakota where they bought 2,700 acres of land near Wessington.

Henry Peterson of Carroll, sold a car of cattle to John Shannon for \$6 a hundred. Griffith Davis and Will James of Carroll, bought a section of land in Box Butte county.

Mr. and Mrs. Payne, who had the laundry, moved to Sioux City and A. P. Gossard may operate the laundry. Geo. E. Lundberg bought stock in the First National bank at Lyons. Sunday schools in Wayne county will hold a convention in Carroll. The graduating class at the college, with about 100 members, elected Mr. Richardson of Wayne,

president, Joseph Chicoine of Jefferson, S. D., vice president, and Miss Richardson of Madison, secretary.

Dixon County Events. From Ponca Journal for November 14, 1889: Quite a blizzard came off Monday and the wind and snow reminded people that winter is on the way. At the election Wayne county went democratic for the first time since its organization and Cedar county, usually democratic, went republican.

Two large flat boats arrived from up the river with government men who are surveying the river and shores. As the 26 sailed along, one was heard to say that the lime kiln ravine is the place where the goat farm is located and the railroad bridge is to be built.

"TRAILER VAGABOND" By WARREN BAYLEY. BELTON, MO.—CARRY NATION. Before beginning this column, let me state that it is not intended as a blow against the cause of prohibition. If the facts it contains tend to prove that the enforcement of prohibition is a wishful dream, please remember that they are actual statements and accounts taken from the life of the greatest two-fisted hatcher woman that ever demolished a bar or smashed a bottle. Thirty years ago, her name was a household word. Now that the war is with us again, and the tom-toms are beating for the return of the 18th Amendment, it might be well to pause and review some of the life of prohibition's greatest champion—to rerun a few reels of the greatest fight of the 19th and 20th century—Carry Nation vs. John Bapleyhorn.

and women customers were a thing unheard of. No—in those days they had saloons. A woman that drank was socially ostracized. "Dons of inequity," said Carry Nation. In those days the entire country was wet. Kansas was the first to try the great experiment. According to law it became illegal to sell intoxicating beverages. But, human nature being what it is, and law officials being what they were—the saloons kept right on going. By a kind of unwritten law they paid a fine of \$25 per month which was the customary license fee for doing business. As one U. S. senator put it, "The women have their law and the boys have their whiskey so everybody is happy." Evidently he hadn't figured on Carry Nation. Taking her cue from the two-gun men of the west, Carry armed herself with two hatchets and became the only two-hatchet woman of history. Her first job was to clean up her home town of Medicine Lodge. She proceeded in a businesslike manner. She walked in with her two hatchets, smashed the back-bar glass, broke the whiskey bottles, chopped up the bar and flattened out the cuspidors. Bartenders and customers fled before her wrath. She closed up every place in town. Her next stop was Enterprise where she repeated her performance. Town after town felt the fury of her hatchets. Bar owners tried to have her arrested, but as they were operating against the law, the law couldn't protect them. When they heard she was coming, they just closed up and hoped for the best. She focused the eyes of the nation on the evils of drinking. Other women took up the fight. One was killed and the next day a church was burned. The days of Dodge City settled again over Kansas.

FAITHFUL TO THE CAUSE OF PROHIBITION — "SHE HATH DONE WHAT SHE COULD." When those words were chiseled into her tombstone, it was public acknowledgment that she had lost the fight. But had she? Eight years after her death the 18th Amendment became law, due to a large extent to her one woman fight against liquor. One woman, and a housewife at that, had changed the life of 100 million people. Born in Indiana—reared in Missouri—developed in Kansas. That was one writer's way of describing her life. Her first husband died in 1870 of delirium tremens. After his death she rolled up her sleeves and raised her right arm to the heavens. "This," she said, "is the right arm of God." From that day on, it was war against liquor to the finish. In those days they had saloons. Big barn-like places with sawdust on the floor and big brass cuspidors scattered along the walls. Taverns, with their leather seats

Fatally Injured In Fall at Work

Rites for James Hancock Are Conducted Sunday At Carroll Church.

James Hancock, 69, of Wilcox, resident of Carroll for many years, died Thursday morning about 3 from injuries, suffered when he fell while stringing a telephone cable the day before. Mr. Hancock, who had the telephone exchange at Wilcox, was standing on a ladder cutting a tree limb so as to string the cable when he slipped and fell, his head striking a freight sidewalk. He suffered a fracture of the skull. Mr. Hancock was taken to a Holdrege hospital for care.

Funeral rites were conducted Saturday at Wilcox. The body was brought here Sunday morning to the H. H. Honey home where short service was held. Rites at 2:30 were taken in the Methodist church with Rev. C. G. Stevens officiating. The casket sang "No Dark Valley," "Beautiful Isle" and "Saved by Grace." Burial followed in Carroll cemetery.

James E. Hancock was born April 1, 1873, in Elk county, Pa. When he was 4 years old the family moved to Nebraska and settled in Butte county. Shortly afterward they came to Wayne county.

Mr. Hancock and Miss Gertrude Alma Phelps of Wayne, were married June 21, 1910. The family lived at Carroll for a number of years. Mr. Hancock being in the telephone office and later in a service station here. He went to Sergeant Bluff, Ia., and in 1939 to Wilcox where he took over the telephone exchange.

Mr. Hancock joined the Odd Fellows lodge March 15, 1905, and continued active in the lodge work for 37 years. He was elected secretary in 1936, noble grand in 1938 and trustee in 1941. He went through the chairs and was secretary for a number of years.

Deceased was a member of the Carroll Methodist church and joined the Community church when he moved to Wilcox.
