what they thought they are fighting for. If I were to be asked that question, I could give only one answer. "The right to life, liberty and the pursuit to happiness."

People Hospitable To Service Group In British Isles

English, Irish, Welsh and Scotch people are most hospitable to American soldiers, according to Sgt. Karl W. Kraemer who has been at home at Corcord this week after returning from a year's service on the islands.

Sgt. Kraemer was one of the men who repaired or changed engines in planes returning from combat duty over Europe.

This country has a number of American air fields in the islands, the officer mentioned. The fields are under lease agreement for 99 years, and the personnel is strictly American.

Men in service are well cared for and they have plenty of good food. Civilians in England buy practically everything by rationing and they get very little meat.

On his return trip, Sgt. Kraemer reports that a number of high ranking Italian officers were on the ship. They had been taken from north Africa to England and were brought here to a prison camp.

NUMBER EIGHTEEN

### Will Meet Friday To Plan Program

Wayne county Farmers Union meets in Wayne City Friday, September 24, at 2 to plan for the district convention to be held here in October. Secretary Herbert Bargman urges all locals to be represented.

### Marry at Service In Florida Church

**Miss Helen Schroeder Bride Of Cpl. Lawrence Heikes Sunday Last Week.**

Miss Helen Schroeder, younger daughter of Mr. and Mrs. Wm. Schroeder of Wayne, and Cpl. Lawrence Heikes, son of Chester Heikes of Oberlin and formerly of Wayne, were married Sunday afternoon, September 12, at 4 o'clock at Trinity Lutheran church in Miami, Fla. Rev. Mr. Daly officiated.

The bride wore gold-colored dress with brown accessories. Her corsage was of orchids tied with white ribbon. Cpl. Heikes wore his army uniform. Sgt. and Mrs. M. Hayes were attendants.

The young folks will live at Miami where Cpl. Heikes is with the army air corps.

Both young folks are graduates of Wayne high school and attended Wayne college. Mrs. Heikes was assistant in the Chamber of Commerce office here a year before she and her sister, Miss Esther Schroeder, went to Spokane a year ago to be employed. She stopped in Wayne enroute to Florida a couple of weeks ago. Cpl. Heikes was employed in the Larson food market here and enlisted August 31, 1942, going to Fort Leavenworth, Kan., and later to Texas, California, Georgia and South Carolina for training before being sent to Florida.

### Limit on Canning Sugar Is Fixed

The ration program allows for 25 pounds of sugar per person for canning. OPA District Director M. E. Rawlings states that some have used their 25 pounds and are asking for additional allowances but these requests are denied.

Mr. Rawlings points out that if a housewife has canned 40 quarts of fresh fruit and intends to pack at least 40 more quarts, she is entitled to apply to the board and secure up to 10 pounds more sugar for canning of fresh fruits and five pounds for the making of jams and jellies. These 15 pounds, added to five pounds each on stamps 15 and 16 in ration book No. 1 make a total of 25 pounds allowed per person.

In making an application for sugar, ration book No. 1 must be attached to the request.

### Accommodate Men With Earlier Time

Since army students are to report in earlier than previously, the entertainment committee of the Chamber of Commerce last Wednesday decided to move forward the time for dances honoring these young men. The dances will open at 8:30 and close at 12. It is also expected that the change will save heat and light. Johnny Lee and his orchestra play next Saturday.

**Inventory of Shoes.**  
Dealers in shoes are required by OPA to take an inventory of all rationed shoes by September 30 and send this to New York before October 10. An amendment to the shoe rationing order requires this report.

**Infant Is Baptized.**  
Michael Lynn, infant son of Pvt. and Mrs. Mike Karel was baptized Friday evening at the Bernard Meyer home by Rev. S. K. deFreese. Sponsors are Mr. and Mrs. Bernard Meyer and Wm. Meyer. Dinner guests at the Meyer home for the occasion were Rev. and Mrs. deFreese, Mr. and Mrs. Richard Karel and Joyce of Pilger, Mr. and Mrs. Wm. Meyer and Doris Mae.

**Legion in Session.**  
Legion post, meeting last Wednesday decided not to sponsor an Armistice day dance this year as the Chamber of Commerce has one that week on its regular schedule.

**In Oregon Lumber Yard.**  
Raymond Schach, son of Mrs. A. G. Schach of Wisner, has moved from Washington to Grants Pass, Ore. He is employed as yard man, salesman and office assistant for the Copeland Lumber Co., which owns about 30 yards in Oregon. His family is with him.

## Intensify Drive For Waste Fats

### Much Vital War Material Made Available Through Grease from Homes.

The drive for waste fats is to be intensified to secure more of the greases so vitally needed in the war effort, according to Bruce Covey, salvage chairman in this branch for eight counties, Cedar, Wayne, Dixon, Knox, Mack, Thurston, Pierce and Dakota.

Mrs. Guy Cole of Emmet, state chairman of women's salvage activities, was here Friday to confer with P. L. March, Wayne county salvage chairman, regarding the plan of intensifying the campaign. Mrs. R. W. Gasper was named chairman of women's salvage activities for Wayne county. She will direct especially the collection of fats, tin cans and hokey.

The drive is to start at once and continue for the duration of the war. All housewives are asked to save every bit of waste fat and take this to a meat market. The markets will turn the greases over to rendering plants.

**Report on Quotas.**  
The report for August shows that Wayne county furnished 770 pounds of fat on a monthly quota of 1,177 pounds. Dixon county furnished 300 on a quota of 1,241, Cedar county, 4,609 pounds on a quota of 1,802 pounds, Knox county, 734 pounds on a quota of 1,964; Madison county, no report on a quota of 2,892 pounds; Thurston county, no report on a quota of 1,221 pounds; Pierce county, 1,515 pounds on a quota of 1,217; Dakota county, 350 pounds on a quota of 1,172.

**Possibility in Fats.**  
Information compiled regarding the possibility in fats is shown in a chart made available by Mr. Covey. One tank car of 60,000 pounds of fats provides 67,500 pounds of soap chips and 6,000 pounds of glycerine. The 67,500 pounds of soap chips can be converted into synthetic rubber ingredient which will furnish 352 ten-ton rubber pontoon bridges, or 643 medium tanks, or 2,177 two and a half ton eight-wheel trucks, or 16,785 airplane tires. The 6,000 pounds of glycerine will provide 240,000 anti-aircraft shells, or alkyl resin paint for 1,200 medium tanks, or 30,000 pounds of dynamite, or annual pharmaceutical supplies for 2,000 hospital beds.

The importance of each bit of waste grease is realized when it is shown that one pound of fats yields one and one-eighth pounds of soap chips and one-tenth pound of glycerine.

### Use Three Books In Ration Program

Brown stamps in ration book No. 3 are now good for meats, fats and oils. Stamp A became valid September 12, B September 19, C becomes valid September 26, D October 3, E October 10 and F October 17. A and B expire October 2 and the others expire October 30. All three ration books now have

### Tire Inspections Fixed For Period

All motorists who hold "A" gasoline ration only and who have not had a periodic inspection of their tires since last March 31, are urged to do so immediately, according to OPA District Director M. E. Rawlings.

These tire inspections must be completed for "A" book holders by September 30, 1943.

Holders of "B" rations have until October 31, 1943, for their next inspection, and "C" until November 30, 1943. Gasoline rations cannot be allowed without tire inspections being first made, according to Mr. Rawlings.

### Car Is Damaged In Collision Here

The car driven by Leslie Freidricks was damaged last Wednesday evening when it struck a gravel truck. The young man was driving south on Main street and turned west on 1st street. Willis Nelson, Scaman First Class Jesse Horrell and Don Buckley were with him. Nelson had a cut on one cheek. The others were not hurt.

### Make Plan Uniform.

Representatives of OPA district office in Sioux City are during September reviewing all supplemental gasoline applications in 29 counties of the district. The inspection is being made not as a criticism of local boards but to be helpful to them in uniform interpretation of rules regarding such grants. M. E. Rawlings is district director.

### Club Year Closes.

Strahan Strivers 4-H swine club members and their families surprised their leader, Clarence Mann, Friday evening, September 17, meeting at his home for games and luncheon which the members served. A gift was presented to Mr. Mann. The club completed the year's program September 12 with achievement day at Pilger park. Picnic dinner and supper were enjoyed.

## Entertain Fathers At Fun Feed Soon

The first regular meeting of F. F. A. was held last Friday night at Wakefield school with nearly 100 per cent attendance. Plans were made for a fun feed for the fathers and sons. The tentative date has been set for the evening of October 15 at the high school auditorium.

Preliminary plans are also being made for the annual corn show to be held later in the season. This promises to be a good show with a much larger display of a greater variety of corn than previously shown.

## In Junior Class.

The vocational agriculture class has just completed a wagon box for Gus Hanson. Billie Hansen and Carroll Munson are rebuilding a hopper to a corn elevator which belongs to Paul Dahlgren. The work is progressing nicely and will be completed before long. In the classroom the group is studying farm management and investigating some of the perplexing farm management problems of this community.

## Tenth Grade Work.

In the 10th grade, the boys taking vocational agriculture are studying pastures and grasses suitable for pastures in this area. In the shop the boys have advanced until they are able to make articles needed on the farm. Glenn Lundahl is making the irons needed for an ensilage wagon. Some of the other boys are making shelves to be used in home. This requires more expert workmanship.

## In Freshman Shop.

The boys in this class are studying the culling of the farm poultry flock. They have shown marked progress in this study and should be able to do a good job of farm culling. The boys are making sanitary poultry feeders. A four-foot feeder will provide about space enough for 50 hens, if feed is available all the time.  
High School News. The sale of defense bonds and stamps began again this year, and the first day proved very successful. Typing classes have been studying the right techniques of typing and the need of these for the development of typing power. Short-hand I is learning the downward characters, the sounds and correct proportion of these and also how to join the circles to straight and curved down strokes.

The bookkeeping class is sorting and summarizing transactions through posting and proving the accuracy of posting.  
Fifth Grade Items. The students are making health posters about the foods that make for growth.  
The history class is reading about the Barbary pirates of the Mediterranean sea.  
Fourth Grade Items. The class is studying about the American Indians. The students are writing stories for their booklets.  
First Grade News. The children have been studying a unit on "Safety First." They have made a "safety boat" and have fixed up the sand-table with streets, houses, stores, school house, and other places of interest. Students have a calendar on the board and cross off each day as it goes by. Two birthdays have already been crossed off.  
Kindergarten. Kindergarten pupils have spent their first four weeks in school and are now getting quite accustomed to it. They have done some coloring and have helped the students of the first grade make "Humpty-Dumpty" figures for the windows.

**Fruits Are Very High.**  
Fruits in London are extremely high in price, according to Pfc. Don Sherbahn. Peaches are \$1.25 each and plums \$2.50 a pound in American money. Apples are somewhat lower. This is due to the fact that all have to be shipped to the island. The Wayne young man said he and his pal looked at them in the window.

**Is Here Enroute East.**  
Tech. Sgt. Wm. Jorgensen, who was employed in the meat market of the late Jack Denbeck here some years ago, was in Wayne last Thursday and Friday when enroute to his station in North Carolina from his home in California.

**Chaplain Is Overseas.**  
Chaplain Robert Wylie, who has been overseas more than a month, writes September 9 and says "I like it very much except for the rain which comes almost every day. We have had two days of sun now and that is very unusual. I think I shall come back over here when the war is over to visit. I have seen some of the most beautiful flowers that I have ever seen anywhere. The colors are a deeper, richer hue than they are at home. I guess it is be-

cause the sun does not fade them out. They have plenty of moisture to make them do well. My work is somewhat different from what it was in the regiment at the camp in the states. I hope to be able to visit London one of these days. There are so many things I want to see that I wish I did not have any work to do and had plenty of money just to travel. Well, I must go out to the hospitals this afternoon."

**Leaves for Service.**  
Guests Friday evening in the C. A. Preston home in honor of Dr. and Mrs. Kenneth Preston and daughter of Sioux City, were Mr. and Mrs. Earl Preston and family of Coleridge, Mr. and Mrs. C. A. **Leaves for Overseas.**  
2nd Lt. Vivian L. Eckstrom, with the army nurse corps, who was stationed at Camp Crowder, Mo., left Friday for a new destination. She will serve overseas. She is a daughter of Geo. Eckstrom of Wayne.

**In Specialized Unit.**  
T/5 Velmo L. Norris of Wann, Neb., former Wayne college student, is one of several hundred army engineers stationed at the University of Arizona in Tucson. He is taking specialized training which he will complete next summer.

**Is in North Africa.**  
Cpl. John Alden Lewis, son of Dr. and Mrs. A. D. Lewis of Wayne, has arrived in north Africa. The young man writes that the eight in his tent include three Catholics, three Jews, one who belongs to no church and himself, a Baptist. The Wayne youth enjoyed attending church services at the camp.

**Will Take Course.**  
S 1/C Kenneth Dowling, son of Mr. and Mrs. Ernest Dowling of Sioux City, who had been doing convoy duty between Newfoundland and Greenland, after being home on a furlough left Sunday for Atlantic City, N. J., where he will receive a six-month course in radio. Mr. and Mrs. Ernest Dowling and Kenneth were dinner guests Saturday in the A. G. Adams home in Wayne.

**Takes Special Course.**  
Pvt. Robert Lee Dunn, Wayne, is at Bradley Polytechnic institute in Peoria, Ill., taking a course in basic engineering under the army specialized training program. The 400 men composing the unit at Bradley study mathematics, physics, chemistry, history, English and geography for three 12-week terms. They are expected to complete about a year and a half of college work during the 36-week period.

**Is Home on Leave.**  
Eugene Sabs, seaman second class, arrived from Farragut, Idaho, Saturday to spend a 15-day leave with his parents, Mr. and Mrs. Otto Sabs. The young man has completed "boot" training and reports at Farragut October 1 to receive his new assignment. Farragut has the second largest naval training station in the world. Eddie Denkinger of Wayne, has been at the same station. The place is so large, however, that the boys seldom have opportunity to get together. Seaman Sabs appreciates getting the Herald each Tuesday to bring home news.

**Home on Sick Leave.**  
Pvt. Donald C. Quinn, 22 years old, Fort Lewis, Wash., is spending a 30-day sick leave with his parents, Mr. and Mrs. Harold L. Quinn, Winside. He recently underwent an operation in the Camp A. Abbott hospital at Bend, Ore., necessitated by a ruptured appendix. He has been in the service since last October, and is now a radio operator. Before he played a slide trombone in the camp band.

**Silver Star Award Is Given to Youth**  
Capt. Merle C. Hamilton, 24, son of Mr. and Mrs. Geo. Hamilton of Orchard, former Wayne college student, has been awarded the silver star, third highest decoration, for gallantry in action.

The young man is navigator on a Flying Fortress which downed nine of 25 attacking enemy planes over France July 10, and one of

the ships is credited to Capt. Hamilton.

Previously the youth earned five air medals and the oak leaf cluster.

**Officer Wasson Assists in Bond Drive in Texas**

Warrant Officer Henry O. Wasson, of the army air forces, son of Mrs. E. C. Rhoades of Wayne, has again taken part in a big third war loan super-production program, this one at Fort Worth, Texas, last Thursday evening. He was one of nine war heroes from battle fronts of the world, who participated in the show. "Wings in Swing," Majors' field swing symphony of 50 talented entertainers furnished music. Lt. Commander Jack Dempsey, former heavyweight champion of the world, and Lt. Wm. Holden, star of the screen and now with the army air forces, were featured. Each one who attended the show invested in at least one \$25 bond.

After 44 months in the Pacific battle area, where he merited the air medal, the purple heart and the Pacific-Asiatic service ribbon with battle stars for Midway, Pearl Harbor and the southwest Pacific, Officer Wasson is finding

a clean sweep of the enemy, return to their bases after months spent in Japanese waters. But the happiest moment was when I felt the American mainland under my feet," concludes Officer Wasson.

**Pests Are Bad In North Africa**

"Well, here I am, out in the dust living on the ground again," writes Sgt. Richard Baier August 23 from north Africa to his parents, Mr. and Mrs. Emil Baier. The youth explains that men are picked for assignments and don't know much about their new duties until they reach their posts.

Flies and rats prove a real pest to the boys in Africa. Sgt. Baier relates that he went to bed at 4 in the morning and soon afterward the fellows found a couple of pack rats running around their beds. At 6:30 the youth was awakened again and the rats were back. Looking under the covers, the Wayne officer saw that the rats had brought at least a hundred watermelon seeds there. The boys found the rats' nest under the boards on which their beds stood.

Sgt. Baier keeps very busy, working 12 to 14 hours a day and often much of the time at night.
