SIXTY-THIRD YEAR

Challenge Is Given To Safeguard Ideals

J. H. Morrison Asks Pledge To Keep Faith with Boys Overseas.

A challenge to Americans to uphold democratic ideals for which men sacrifice their lives was presented by J. H. Morrison in his Memorial day address at Greenwood cemetery Wednesday morning.

Mr. Morrison, who just recently returned from England where he served more than two years as Red Cross field director, opened his message by urging that not only on Memorial day but on every day of the year the living remember the principles for which our men have given themselves.

It is for the living to carry out the pact with these men. Democracy means that one give as well as take. We have the best government ever conceived by man but we must be eternally alert and must give of ourselves to make it function.

The wrong war spirit. The war spirit among some youngsters in Omaha and Council Bluffs seems lately to have been expressed in wanting destruction of property, buying for children toy immunities or implements used in battle.

Plenty and Scarcity. An odd situation that in no way makes sense, has developed at Sidney where a house shortage exists in the presence of 110 vacant government dwellings.

Still in Court. The Don Wightman lot case came up for another hearing in the district court here last week.

Substantial Rains Fall During May. Rains Sunday morning amounting to .65 of an inch and this Thursday morning amounting to 1.22 have brought the total for the month of May to 5.51.

Bond Drive Is Well Started in County

ARGUMENTS OFFERED IN OPPOSITION TO STATE SALES TAX

WE HAVE looked to the sales tax as about the last tax source not exhausted, but within the week we have heard some convincing arguments against it.

Nebraskans will have to invest in bonds at the rate of one million a day to reach the state's quota of \$2 million dollars by end of the 7th war loan drive, according to Leon J. Markham, state chairman.

In Wayne an intensive campaign has been in progress this week. Leaders are also active in other towns and in rural areas. It is hoped that Wayne county will soon meet its quota of about \$500,000.

Americans Able To Meet Crisis

F. S. Berry Points Out Need To Sacrifice to Keep Peace After War.

Winning the war and also winning the peace are both difficult. They require much sacrifice. But Americans, who have risen to the war crisis, will also meet the post-war emergency successfully.

Provide Retirement

Tom Leasure, chairman of the agricultural division of the war finance committee, suggests bonds as a most advantageous way to save for old age.

Teachers Placed By College Bureau

More than 75 teachers have been placed by the college bureau this spring. Among the late elections reported by Dr. Ray Bryan are the following: Irene Damme, commercial in junior college at Norfolk; Ruth and Miriam Roberts, grades at Meadow Grove; Aivera Rehms, home economics at Morenci, Ariz.; Mrs. Eerton Young, home economics at Sioux Center, Ia.; Marion Dorsey, 6th grade at Sergeant Bluff, Ia.; Fern Cook, 3rd and 4th grades at Columbus; Margaret Patterson, 5th at Worthington, Minn.; Agnes Kooppe, 3rd and 4th at Wausa; Jeannette Broberg, 1st at Madison; Doris Sundell, kindergarten at Bayard; Ann Walla, junior high at Schuyler; Olive Tjossem, junior high at Spencer, Ia.; Dorothy Smith, 3rd at Missouri Valley, Ia.; Bernice Langenberg, 5th at Wayne City; Julia Prazak, junior high at Red Oak; Jean Bessire, grades in Sioux City; Janna Jean Harleman, 1st at Milford, Ia.; Lillian Anderson, social science at Oakland; Doris Trampler, 5th at West Point; Helms Copeland, coach at Kearney.

Solicitors Are Starting in Campaign to Realize Goal Very Soon.

Service Performed In Chapel at Base

Cpl. and Mrs. Grabowski Will Make Their Home At Tallahassee.

Cpl. Dorothy Liedtke, daughter of Mr. and Mrs. Oscar Liedtke of Wayne, and Cpl. John H. Grabowski, son of Victor Grabowski of West Babylon, Long Island, N. Y., were united in marriage Wednesday evening, May 23, at 7 o'clock at the base chapel at Dale Mabry field, Tallahassee, Fla. Chaplain Leland Mann performed the double ring ceremony before a group of friends.

Cpl. John Thomas, who is stationed at Dale Mabry field, furnished soft organ music before the ceremony. He played Lohengrin's as the wedding party assembled at the altar. The chapel was decorated with pink gladioli.

The bride was given in marriage by Capt. Lionel Russell of Boulder, Colo., commander of the base. She wore a military off-duty dress and had a corsage of white gardenias. Cpl. Harriett Kincaid of Hoosick Falls, N. Y., served as bridesmaid. She also wore military off-duty dress and her corsage was of pink roses.

The bride's mother had a corsage of pink roses.

Sgt. Verle Wheat of Kalamazoo, Mich., served as best-man. Both men wore regulation military uniform.

The young couple drove to Wakulla Springs, Fla., and spent three days there before returning to Tallahassee, where they will make their home. Cpl. Grabowski is with the air corps and his wife is serving in the library there.

Mrs. Liedtke arrived home Sunday evening from Florida.

TWO ARE GRADUATED WITH DISTINCTION

Leah Jeanne Caauwe of Wayne, and Patricia Sloan of Platt Center, were graduated with distinction from Wayne college Friday. To do so students must have a scholarship in the top five per cent of their class.

Miss Caauwe, who completed her work at mid-year, and who taught at Silver Creek the last semester, was listed in Who's Who, a student council vice president and business manager of the Spizz in 1944.

She was secretary of the class in her sophomore year. She was active in the choir, YWCA, WAA, Commercial club, Pi Gamma Mu, Social Science club and Sigma Tau Delta.

Miss Sloan was vice president of the class this year and president of the Student Council. She was also active in KMK, Orpho, Lyre club, Sigma Tau Delta, band, choir and orchestra.

UNDERSTANDING IS—

(Continued from Page One)

The theory of isolationism to the modern world. We must relate ourselves with other people in our world, socially, economically, educationally and religiously. We must all become nearer to the heart of God. Here Dr. Smith again stressed a strong vision of God and a strong belief in God.

Dr. Smith said that vigilant courage is beautifully expressed by the members of the armed forces of today. He further stated, "We must carry on the tasks which have been necessary for them to lay down. Unless we definitely express to the people of our time our willingness to meet every demand which is placed upon us, we are indeed a failure. We must go forward with the same kind of courage as that shown by God."

President J. T. Anderson offered words of congratulations and conferred the degrees after Dr. Ray Bryan presented the college class.

Awards to Class.

Supt. M. B. Street presented high school diplomas to members of the training school class. Travis Stevens is valedictorian and June Dawson, salutatorian. Travis Stevens received the State Teachers college scholarship and June Dawson, the Norfolk college scholarship.

Rev. William Kearns offered the invocation and Rev. Oliver B. Proett, the benediction.

The college band, under the direction of Prof. S. Eugene Bailey, played the procession, "Pomp and Circumstance" by Elgar, "Jesu, Joy of Man's Desire" by Bach and the recessional, "Triumphal March from 'Sigurd' by Grieg.

Cooker Available In Canning Season

County Agent Walter R. Harder states that a pressure canner will be available to loan to victory gardeners and farm women who do not have a canner or who need an extra one during their canning seasons. Requests for the canner should be made in advance if possible in order to avoid unnecessary travel. Those who live a considerable distance from Wayne should try and plan the use of the pressure canner with others in the neighborhood so as to keep the canner in use several days or a week.

Pressure canner gauges will be tested at the county extension office again this summer. Until further notice, Agent Harder asks that owners bring entire canners.

Herman Carl William Schiermeier, 81, of Wisner, passed away May 16.

Citation Awarded To Air Force Unit

M. Sgt. Arnold A. Junck Is With Friends Who Map European Area.

M. Sgt. Arnold A. Junck, son of Mr. and Mrs. Charles Junck of Carroll, is serving with the 9th air force unit which was recently awarded a residential unit citation, highest organizational decoration awarded in U. S. armed forces. The 9th has been in Germany.

This group was the first American "Tac/R" outfit to perform "airspionage" in the European theatre. The citation was conferred upon the organization for a vital pre-invasion reconnaissance task. P-51 Mustangs from this unit flew "relay pigeon runs" straight and level camera flights over the flank-bound coasts of Normandy to accomplish successfully the most extensive low altitude oblique photographic assignment ever undertaken over enemy territory. The pictures they obtained were used in planning D-day landings.

In an all-out effort before the allied push into Germany the P-38 Lightnings of this outfit mapped the entire Siegfried line and the Rhine valley in just five days. In air-ground offensives from Normandy across France and Belgium into Germany, the planes provided the army with up-to-the-minute battle intelligence and 2,200,000 photos of frontline sectors.

Sergeant Junck, who entered the army in December of 1941, in addition to the presidential badge, wears the European theatre of operations campaign ribbon with four battle stars.

Jolly Jills Meet.

Jolly Jills summer wardrobe 4-H club met May 5 with Alice Baird. Each gave a fashion hint. Helen Hansen joined as a new member. Material was brought for color charts. Mary Alice Wylie entertains June 1 when roll will be answered with a posture defaults. Samples of stitches to use in making a slip will be brought.

May Attend Meeting.

Wayne county women's home demonstration project club members may attend the district meeting of the Nebraska council of home demonstration clubs at Norfolk, June 12 beginning at 10.

AMERICANS ABLE—
 (Continued from Page One)

Men there are dealing with problems that have vexed minds for centuries. "We should not be too hasty about conclusions."

Memorial day finds the world in an auspicious time. Warfare in Europe is won and the Japanese situation remains to be concluded. When all war has ceased, this nation will face a debt equal to figures that surpass the values of all farms, homes and factories. Character and thrift will be necessary to meet the situation. A road of hardship, suffering and sacrifice lies ahead. Mr. Berry warned against demagogues who may seek political power, those who make promises that cannot be fulfilled and who would harm rather than help the country.

Mr. Berry expressed faith in the American people and predicted that they will rise to the occasion and triumph over all obstacles.

Mr. Berry was introduced by E. W. Huso.

With Senator W. A. Crossland at the piano and F. L. Blair' leader, the club sang "Star Spangled Banner," "Battle Hymn of the Republic" and "Brighten the Corner Where You Are."

Besides 37 members, guests were G. C. Sten of San Diego, with Dr. J. T. Anderson, and T. S. Hoag with F. S. Berry.

Make Application To Organize Clubs

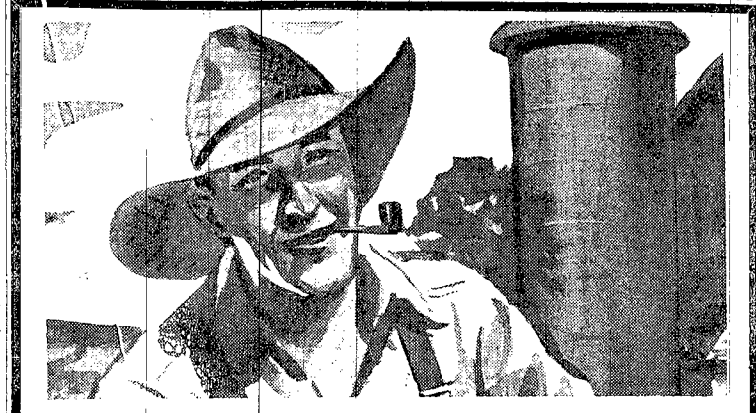

Wayne county prospective 4-H members and leaders are urged by County Agent Walter R. Harder to get their club applications immediately if they plan to organize for the 1945 club year. The girls' clubs have been slow to organize this spring. At present only three of the girls' 4-H clubs have filed their applications. However quite a number of other groups have shown interest in organizing this summer.

Seven livestock clubs have been organized and one tractor club. At present the preliminary enrollment is 116.

Strahan Strivers 4-H swine club

What to do about Home Canning

One of the secrets of serving delicious family meals all-year-round is discovered in two magic words—"Home Canning". All the beautiful goodness of fresh fruits and vegetables, preserved by a fool-proof method right in your own kitchen... it's smart... it's easy... it's patriotic! Listed below are a few of the practical pointers you'll need... and an offer of my new Canning Guide you won't want to miss.

CANNING SUGAR ALLOWANCE

- 15 lbs. per person (limit of 8 persons per family or a maximum of 120 lbs.)
- Maximum of 5 out of each of the 15 lbs. may be used for making jams, jellies, catsup, relishes, etc.
- 15 lbs. of sugar may mean: Approximately 60 quarts of fruit (Government allows 1 lb. sugar per 4 qts. fruit).

Approximately 10 glasses jelly, jam or preserves and 40 quarts fruit.

My new Canning publication called **Step By Step Canning Guide** contains complete easy-to-follow directions for canning fruits, fruit juices, jams and jellies, tomatoes, vegetables, meat and fish, poultry and rabbit. Don't depend on out-of-date methods, or the advice of neighbors! Be safe! Avoid waste of time and effort! Know the approved methods of canning—pressure cooker and boiling water bath. Here are 12 pages, 8" x 10 1/2" filled with up-to-date information on Home Canning, printed and profusely illustrated on heavy golden paper—an addition to your cookery bookshelf, or a handy kitchen pin-up. For real assistance in your 1945 canning, mail the coupon below, with 5c in coin, allowing several weeks for delivery because of the uncertainties of war-time transportation.

Marry at Service In Church in West

Miss Anna E. Nelson Bride of Frank H. Mead May 20 In Turlock, Calif.

Miss Anna E. Nelson, daughter of Mr. and Mrs. Olof S. Nelson of Wayne and Frank H. Mead, son of Mrs. Carolyn Mead of Turlock, Cal., were married Sunday, May 20, at 2 at the First Methodist church in Turlock, Rev. F. Carl Schmidt performing the ceremony in the presence of 75 relatives and friends.

Identical baskets of red and white roses decorated the altar. Before the service Mrs. Earl Ryan sang "I Love You Truly" and "O Promise Me."

Mrs. Elmer Gilliland played the organ processional as the bridal party entered the church. Miss Nelson wore white silk with front pleated panel, sweetheart neckline and long sweeping train. Her long bridal veil was held to her coiffure with a coronet of seed pearls and orange blossoms. She carried a white Bible marked with an orchid with satin streamers. Her only jewelry was a necklace of pearls and a gold brooch, gifts of the bridegroom.

The bride was given in marriage by Wm. J. Ely, Matron of honor was Mrs. Ely who wore pink chiffon and carried a French bouquet. Bridesmaids, meses of the bridegroom, Miss Marion Mead, Miss Jean Mead and Miss Dorothy Miller, wore peach, blue and blue-green formal dresses respectively, and each had a French bouquet. Marjorie Johnson and June Mead, other nieces of the bridegroom, wore flower girls. Each carried a basket of flowers in pastel shades.

Lawrence Mead served his brother as best man, and other brothers, Homer and George Mead, served as ushers.

A reception followed the wedding service. The couple then left for a trip and will make their home on the Mead ranch near Turlock.

Mrs. Mead was employed in a hospital in Ponca prior to her marriage.

Final Entry Date Filed in Contest

Final date for filing entries in the pasture-forage-livestock contests in Wayne county is June 1. Any farmer who is interested and who is planning to enroll in this contest should send entry to County Agent W. R. Harder at once. Contests with liberal state awards are being conducted in milk from grass, beef from grass, grass growing, seed production and hay making. Many farmers who seeded brome grass last year will be eligible for the grass seeding contest.

Library News

Good books of fiction, poetry and travel are frequently referred to as "recreational reading." They are more than that and access to them is essential to a progressive people. If not supplied by the public library the large majority of citizens—men, women and children—are compelled to go without. Public parks, public playgrounds, band concerts and similar activities are in almost all cities provided by public taxation. They return dividends in a happier, healthier and more wide-awake citizenship. Books are a means of wholesome recreation and a wise investment of our tax money.

Would you like to know how never to be tired? There is a book at the library with that very title by M. B. Ray, M. D. It does not promise to get the job done for you without some effort on your part but after reading it you do get the idea that the theory is not impossible. So after you get through with your delayed spring cleaning come in and ask for How Never to Be Tired!

If you are ready for an arm chair vacation ask for the book called Highway to Alaska, by Herbert Lanks. If it is something completely zany you have in mind get The Half-Hunted Saloon, by Richard Shattuck, or if it is a mystery you hanker for try The Red House, by George Chamberlain. You can also get The Ballad and the Source, by Rosamond Lehmann, which was the book of the month selection.

Preparations are under way for the summer story hour series which will start the second week in June. Three new girls are starting training for work at the library during the summer. They are Joan Ahern, DeVee Rekofski and Harriet Phipps.

Fire destroyed the Bill Harrigfield garage and contents on highway No. 20 a mile west of Waterbury May 17.

Memorial Service Is Held in Ohio

Memorial services were conducted Monday afternoon at the auditorium in Ohio for Pvt. Marvin Gewecke, son of Mr. and Mrs. Joseph F. Gewecke of that place and grandson of W. G. Most of Wayne. The youth was reported missing in action in Germany in January and recent news told that he had been killed. Rev. Goldenstein of Hanover, Kan., presided at military memorial rites.

Deceased leaves his parents, a brother, Wesley with the navy in the Pacific, and a sister and brother, Melva Jean and Gaylord, at home.

W. G. Most, Mr. and Mrs. Al. Babe, Mrs. Ed. Babe and children, Mr. and Mrs. Chas. Sieckman and family went from here to attend the rites.

Tax Levy Is Fixed By Wayne Council

Tax levy for Wayne city will be 18 mills this year, the same as in 1944. The ordinance fixing the amount was passed by the city council Tuesday evening.

The only change is that a mill was taken off the refunding bond levy and added to the aviation levy bonds.

The 18 mills includes 4 mills for general revenue, 2 for sewers, 4 for parks, 4 for fire department, 1.5 for library, 1 for refunding paving bonds, .5 for intersection paving bonds, .5 for band, .5 for auditorium bonds, 1 for aviation levy bonds.

Might Do All Right. (Omaha Journal-Stockman) On the average, Mother Nature does all right by us. If that were not true, this would not be the greatest food producing land in the world, nor would this be the richest country in the world. So, despite unseasonable weather the past few weeks, delaying to some extent field operations and cutting the fruit crop seriously, there is every reason to hope, and to expect, that grain crops will again be adequate, and, of course, there is always the chance that they will be abundant. It is vital to the well being of our country that this be true, for the demands are tremendous, and will continue above normal for a period of time beyond estimate at the moment.

Labor shortage is hitting farm operations harder this year than ever before. The farm boy, who at 17 last year made a hand, and a mighty good one, this year at 18 is very likely donning the uniform, voluntarily or by draft. There are thousands of these boys, and they are irreplaceable. The older men, whether operators or hired hands, are getting tired, can no longer do what they did, for farming is hard, hard work. Nor can farmers, with their prices held down, pay the wages expected and demanded by men released from war industries, to whatever extent they may be available now or in the near future.

Alien Isms The United States system of government was founded on principles that are sharply at variance with fascism, nazism and communism. Because an American flares against one alien ism is no ground to suspect that he leans to either of the other two. He is satisfied with the progress of individual enterprise in this country, and he is convinced that adoption of any one of the foreign plans mentioned would lead to totalitarianism and largely if not wholly extinguish the freedom guaranteed by our constitution. The attempt of a communist to brand a disbeliever as a fascist or nazi slyly avoids the major claims of self-governing methods to which most Americans steadfastly cling. An article prepared in collaboration by Max Eastman and J. B. Powell, treating of China and its future, reveals a nation of 450,000,000 people—one-fourth the population of the human race, occupied at present by three contending political groups, Manchuria and the eastern half by imperialistic Japan, the northwestern region, near the soviet border, by Chinese communists, and the balance by the forces of Chiang Kai-chek who stands for independence and human rights as exemplified by the United States.

What disturbs Authors Eastman and Powell is the prospect that communist Russia will dominate China. They contend that the soviet union talks democracy, but practices totalitarianism. It pretends free elections, but permits only one ticket, and no one dares to oppose it. It shouts the cause of liberty, but requires every one to goose-step to the tune of the communist order. China which is awakening, promises to be a giant force in the world after Japan has been forced off its neck. Whether it can be led into self-government, or will be persuaded to accept enslaving communism is a grave question yet to be settled.

Future Leisure BASED on a recent address by Governor Griswold an Omaha World-Herald editorial considers the increased leisure of the future. How to manage idle time without allowing it to become injurious or an intolerable burden leads the World-Herald to conclude: "There are, as we see it, two ideal uses of leisure. The first is to pursue an activity that pleases, you—which may be anything from woodworking to writing sonnets. The second is to be completely idle. We favor the first but we do not hold the second in contempt. There are learned writers who will tell you that idleness is an art, that it requires constant training to think of nothing and do nothing for stretches at a time. It is, these writers say, like the magical instant between sleeping and

waking, at night and in the morning, when the mind is free of all burdens. "However we use our leisure, in pleasant activity or idleness, we should learn to use it wisely. For it can be the means of rediscovering an old truth—that life is spacious, and full of delight."

Bond Drive HARD work and some headaches are all solicitors in the bond drive get out of their efforts. They are trying to meet quotas needed to prosecute the war. They are not asking for donations. Bond buying is an investment and an eminently sound one. Money saved in that way may be put into postwar improvements.

Defeat of Germany does not mean the war is over, or that the need of funds has ended. Speeding victory in the southwest Pacific may be done by backing the seventh war loan to the limit of one's ability. And the sooner the Japs are squelched, the sooner will the reduction of expenses be made possible. The war over, healthy retraining will be the order, and the more bonds one owns, the greater will be his good fortune. Comparatively small industries and businesses are too often hampered and galled by an excess of government rules and restraints, and increased freedom from them would, as results suggest, enlarge and facilitate public service. When an error is found in food distribution practical wisdom is necessary to correct it without following with a worse error. It is hoped under new leadership in the agricultural department, tangles may be straightened out and distribution to the armed forces and home consumers may be effected with least possible bungling. As to private industry and business, manifestly, looking out for a healthy future, their jobs should be encouraged by fewer burdens.

In the Rear Seat, Sioux City Journal, John Caroy advises oldsters to "act their age." This rather contradicts the suggestion that one is no older than he feels, the implication being that he should perform accordingly. If one is 75 should he retire to a corner to await the final summons even though he feels like dusting around and bearing a share of current burdens? If he feels decrepit and rheumatic at 50 should he stick to the harness and try to pull the usual load? Is it longevity or state of body and mind that should determine how he may properly act?

Prime Minister Winston Churchill acted promptly in resigning his post to call the first election in ten years to satisfy the demands of disagreeing party elements. Mr. Churchill is a conservative and a statesman of high rank as proved by his leadership in the war. He will seek popular endorsement, but he will be opposed by socialistic groups who will ask for nationalization of chief industries and state control of nearly every activity. It will be better for Anglo-American relations and for the future of the rest of the world if Churchill wins.

President Truman's decision to invite former President Herbert Hoover to the White House to discuss the food situation in Europe was a broad-gauged approach to a big problem. No one knows as much as Hoover about the huge task of keeping helpless people from starving, and his advice based on long experience will prove a valuable aid to the chief executive. The president's evident freedom from partisan prejudice in the exigencies of public service will modify difficulties certain to follow.

Tokyo whines about the "inhumanity" of the way the Nipponese capital has been bombed. It has apparently forgotten the unprovoked sneak attack on Pearl Harbor.

GOOD PROGRESS.

We think President Truman is making satisfactory headway in dissolving bureaucratic tangles and reducing human job-holding surpluses with big pay and little to do, and he cannot be expected to accomplish everything needed to force economy and efficiency in service. The direction he seems to be charting for Washington official affairs encourages the belief that he will in due time eliminate unnecessary hangers-on and remove burdensome overhead and costly waste. He seems bent on exercise of common sense in spending the taxpayers' money. We hope he will find time ere long to tackle the problem of government propaganda sent to newspapers and others by numerous government agencies. The volume that pours in from different sources is too great even to read, much less to use. Necessary public information should be expressed in fewest possible words to insure attention and to save paper and time in preparation. We think the president will see the waste as soon as he gets around to investigate.

A cooperative luncheon was served.

ECONOMY URGED.

While no one in or out of congress shys at utmost appropriations to aid war prosecutions, everyone with sound readjustment in mind, is anxious to see the federal government cut out unnecessary and wasteful expenditures. Taxpayers would like to be saved from investing in impractical projects as was often done for a dozen years before the war. They would be relieved to see the government turn down activities clearly outside its orbit of duty. Representative Paul W. Shafer of Michigan, recently made plain that the way to reduce income taxes and other taxes is to quit spending on pet schemes urged by selfish groups. He said among other things: "We have got to do one of two things. Either we must puncture the bubble that calls the federal government into every community to finance and control every enterprise and every citizen or we must reconcile ourselves to a steadily advancing income-tax bill. The money to finance schemes is not going to come out of the same brains that cook up the schemes. It is going to come out of the pockets of the individual taxpayer, whether he likes the scheme or not."

MORAL: Order Repairing Early

We really don't expect this to happen... if everyone realizes the situation and schedules repairing ahead of time.

We know what it means to have a machine laid up while crops are waiting. That's what we are earnestly trying to avoid. We have equipped our shop and are bending every effort to handle the extra volume of repair work.

A TRACTOR TIP WORTH KNOWING
Always operate your engine at normal operating temperatures. Low temperatures cause condensation (water) to form in crankcase.

Memorial Service Is Held in Lincoln

Memorial services were conducted Sunday at 4 in First Covenant church in Lincoln for Lt. Robert Leonard Fleetwood, formerly of Wakefield, who died in a Japanese prison camp in the Philippines in September, 1942. Word of the death and burial on the island recently came to relatives from Capt. Jack Obink, a fellow prisoner. Maj. J. P. Stockman of Lincoln army air base, assisted the pastor, Rev. Virgil Anderson, in rites.

Lt. Fleetwood was graduated from Lincoln high school and received his B. A. degree in pre-medicine at the University of Nebraska in 1940. In August of 1940 he was commissioned second lieutenant after training at San Antonio and Ft. Benning. He was adjutant to the colonel at Camp Wolters, Tex. Volunteering for foreign service, Lt. Fleetwood went to the Philippines in May, 1941. He was promoted to first lieutenant in January, 1942.

At the time of the Japanese invasion, Lt. Fleetwood was in command of a machine gun company. Several times he was cited for gallantry. At the time of the surrender of Bataan he had come through all engagements unscathed. He was a member of the "death march" and was placed in O'Donnell prison camp. Wrecked by malaria and dysentery, he died in September, 1942. The purple heart was awarded to him posthumously in May, 1944.

Patronize Friends Whose Loyalty and Successful Efforts in the Livestock Producers' Behalf Have Never Been Questioned

To us it is a matter of pride that once again your central public livestock market at Sioux City has demonstrated in a substantial way its loyalty and value to the producers and feeders of livestock in the northwest territory.

For nearly sixty years, the Sioux City market has been serving the livestock producers and feeders of this great area. This market has fought for higher livestock prices and lower freight rates, for legislation to protect and benefit the industry, for disease control and better sanitary conditions, for better roads and transportation facilities and for every worthwhile project to advance the interests of the livestock industry.

In times of trouble your public livestock market has been your bulwark of safety, your guarantee of fair, honest and dependable service, your assurance of a cash outlet at highest possible prices. The recent increase in floor prices for hogs, increase and finally complete removal of weight restrictions, and a direct cash subsidy on slaughter cattle is merely another example of the service and benefits your public market is constantly fighting for, in the interests of the producers and feeders of livestock.

During good times or bad times, your public market is working for you—during good times or bad times your public market is entitled to your support and patronage.

Beef production payments of 50 cents per hundred weight on good and choice cattle weighing 800 pounds or more...

These subsidy changes are anti-inflation measures to stabilize prices to consumers. They permit slaughterers to operate profitably under present ceiling prices.

Feeders are assured of at least a six months' notice of any revision in the overriding ceiling prices of the maximum stabilization ranges for beef, except hogs.

Legume Seed Program. Farmers will receive special acreage payments under the AAA 1945 program as an inducement to harvest legume seed in 1945.

In addition, payments of 25c per pound will be made for alfalfa and alsike clover seed, and 35c per pound for red clover seed harvested and sold into commercial channels before December 31, 1945.

The need for legume seed this year is particularly acute. N. E. Dodd, chief of the AAA, points out that last year's production was below expectations because of unfavorable weather.

Restrictions Relaxed. More farm machinery will be made available to farmers. WPB has broadened the list of implements using rubber tires which may be manufactured and has announced that July 1 production quota limitations for both large and small manufacturers will be removed.

There are still certain restrictions, however. Larger manufacturers or any others required by WPB must get an approval schedule from WPB for each item they want to make after July 1.

More Trucks for Farmers. Farmers may be able to obtain more light and medium trucks before the end of the year.

SOUTHEAST WAYNE. Mr. and Mrs. Wm. Racherbauer were Friday evening visitors in the Amos Echtenkamp home.

Southwest Wakefield. Mr. and Mrs. Chas. Pierson and Lyle Pierson were at Roy Pierson's Sunday evening.

Producers and feeders of live stock of this nation in 1944 actually produced 37 per cent more food-stuffs than in any previous year. This tremendous wartime job was done in spite of shortages of machinery, labor and serious disturbances in normal business conditions.

Many industrial and commercial leaders have complained about "price squeezes" that would leave them profitless between "piggied" costs and selling prices.

The live stock producer has been aware of factors which made profitable production difficult. The Sioux City live stock market interests not only recognized the injustices of the situation, but have and are taking aggressive action to alleviate this condition for the benefit of those who raise and finish live stock for slaughter.

The Sioux City Live Stock Market News and Educational Foundation, representing all interests at the Sioux City stockyards, launched a campaign to assist the farmer get relief from government restrictions and through Don Cunningham, director of the Foundation activities. More than 5,000 farmers and ranchers in Iowa, Minnesota, Nebraska, Montana, North and South Dakota and Wyoming wrote Mr. Cunningham backing up the campaign.

We feel that not only the live stock producer, but all people here in this area that are dependent upon agriculture for their well being, owe the Sioux City live stock market interests a big vote of thanks. m3111

ON THE SIOUX CITY MARKET

Liberal supplies of fat cattle found a reliable, steady outlet on the Sioux City market Monday and Tuesday of this week.

1. April 11, the floor price on hogs was raised from \$12.20 to \$12.70 per hundredweight at Sioux City.

2. April 25, the weights of hogs eligible for the support price were raised from 270 to 300 pounds.

3. May 19, received 50 cents per hundredweight subsidy on all cattle weighing 800 pounds or over and selling at \$13.85 or over to slaughterers, regardless of grade.

4. May 22, all weight restrictions on hogs eligible for the support price were removed and the support price guarantee was extended until September 31, 1946.

It is almost impossible to figure in dollars and cents the value of this new government live stock program to the nation's producers of food, but it runs well over the 200 million dollar mark.

All people in the agricultural areas of the nation will benefit from this new program. Not only from a monetary sense, but from the production of more food. Assured of a stabilized price that will guarantee him safety during the uncertain months ahead, the producer and finisher of live stock for slaughter will renew his efforts to provide the nation with plenty of meat.

Right now farmers should show their appreciation for the assistance of the Sioux City market in bringing about the new program for hogs and cattle and at the same time take steps to protect themselves against any emergency that may arise in the future. If indiscriminate country selling is

continued, and the only one who can stop it is the farmer, then the farmer must pay the penalty which is bound to result in the not-too-distant future.

Once a wave of this kind starts it is hard to stop in any short period, and it is during the period of applying the brakes that will bring the greatest losses.

Temporary additional profits are fine, but if they must be paid for over and over at a later date, then they don't mean much. Remember that when there are enough hogs to come near meeting demands, prices will decline. When that time comes and you still are selling in the country, you will sell your hogs at prices the processors can establish at the public markets, and you will have to take any losses because you asked for them. Think that over; it might save you money.

What's true with hogs is also true with cattle. Your subsidy of 50 cents per hundredweight will be paid only upon presentation of proper credentials, and proof of sale to the local county AAA committee. The proof of sale must give the name and address of the slaughterer purchasing the cattle. Not all cattle bought in the country go to legitimate slaughterers that have been approved by the OPA. The only sure way to collect the subsidy due you on your cattle is to market them at a federally supervised public market and with a well established commission firm. That way you know you'll have the evidence needed to get your subsidy.

You'll not only protect yourself, but you'll be giving support to the people that helped you and stand ready to help you again. In the next few years you may need those people again and again.

been in the weather department of the air corps in England the past 18 months, arrived in Sioux City Sunday. He is spending a 30-day leave with his wife and daughter, Sally, and with his mother, Mrs. Faye Strahan. Mrs. Donald Strahan met him in Sioux City and the two came here Monday. After his leave the officer will report for a new assignment.

ARRIVES FROM ITALY AFTER LONG PERIOD

Sgt. Byron James arrived in Lincoln Friday to visit his wife, the former Lois Thompson. He had been in Africa and Italy two years and eight months and arrived from Italy. He went to Fort Leavenworth before coming to Lincoln on his 30-day leave. He will likely be stationed in this country.

Nurse Is Serving In Navy Hospital

Lt. (jg) Evelyn Marie Spengler, navy nurse, of Hoskins, has recently been transferred to the U. S. naval air station at Kaneohe, Oahu, T. H., for duty. She had been at Ala. Heights hospital, Oahu, in the Hawaiian islands.

Lt. Spengler, who joined the navy nurse corps in June, 1943, spent 10 months at Mare island hospital in California before going overseas. The nurse is a daughter of Mr. and Mrs. August Spengler. She attended Winside high school and completed nurse's training at Lincoln general hospital. She has two sisters, Miss Ruth Spengler and Mrs. A. A. Janke, both of Winside.

EXPECTED TO ARRIVE FROM BURMA, INDIA

Pvt. Dean W. Baird, 25, son of Mr. and Mrs. Emmett Baird of Wayne, is expected to arrive in Miami, Fla., from India by way of AIC plane under the army redeployment plan which calls for flying home 50,000 veterans monthly. He will clear the air transport command's Miami air field enroute to a demobilization center for reassignment or release under the point system.

Pvt. Baird served 22 months in the India-Burma air service command. He was in the quartermaster department, charged with the gigantic mission of "keeping 'em flying" against the Japs. Most of Pvt. Baird's service was in the jungle of Assam.

Pvt. Baird's wife, Dorothea, lives in Lincoln.

Santo Tomas Task Seen as Miracle

T. Sgt. LeRoy Duffy, who writes May 21 from the Philippines, says that liberation of Santo Tomas university internees was, in his opinion, a task which was next to impossible. He commends the troops for their work.

LeRoy Duffy has visited Manila twice since he has been there and it is easy to see that Manila was once a beautiful city, but the Japs did a good job of destroying it.

LeRoy is with an engineer battalion which is building air strips. He is an acting first sergeant in one of the line companies. The battalion is one of the first such organizations and was originally airborne. There are many veterans in his outfit who have been over there two years. They have built strips from Port Moresby to the Philippines and are known as "The Jungle Beavers."

The Wayne youth closes by saying that compared to the majority of the boys he has seen very little action and that he is glad to be a part of this kind of outfit.

Cavalry Soldiers Enjoy Rest Camp

"Straight from combat to the nearest thing we've seen to paradise," is what T5 Carl H. Sund, son of Mr. and Mrs. Herman Sund, Wayne, says of the new first cavalry division rest camp on Luzon. Organized by the American Red Cross and the special service of the division, the camp provides rest facilities for tired troopers who have been in almost continual combat in the Philippines for seven months.

Stress is laid on having the men feel completely at ease, and a spacious swimming pool, quiet reading rooms, a nightly movie, a dance every third evening and complete athletic facilities help them forget the war.

In addition, popular music is broadcast over the camp by public address system and all the cavalrymen are required to do is relax and enjoy themselves.

Men who have spent their rest period in the camp return to their units with a common opinion: "It's almost unbelievable that such a paradise could be so close to combat."

Has Long Record In Service Forces

T5 Glenn Paulson, son of Mr. and Mrs. Oscar Paulson of Wayne, has received an honorable discharge after serving more than three and a half years, and he arrived home Monday from Italy. Mr. Paulson has 108 points, well over the required 85. He had never had a furlough and had been in Ireland, Scotland, England, north Africa and Italy three years.

T5 Paulson was serving on the Po river front in Italy. He was eligible for rotation furlough and arrived in the states May 20. On

reaching the Ft. Leavenworth separation center, he was given an honorable discharge.

The Wayne young man wears the European campaign ribbon with four battle stars, these major engagements being in Tunisia, Greece, Morocco, Naples and Reggio, Arno and Anzio. He suffered wounds of the right hand at Anzio and wears the purple ribbon award. Glenn also has the pre-war Harbor ribbon and the good conduct medal. He served with the infantry.

A brother, Marvin Paulson, has been serving in Germany.

Nebraskans Meet Aboard Transport

Lt. Lawrence Faudel of Pierce, former manager of the Council Oak store in Wayne, is one of the engineers on board for Wednesday's Omaha World-Herald by Bill Billotte in his column, Manila-Bound.

Seated on the baggage was a tall, blond young man with his overalls that pushed back on his head. "Ain't this a mess?" the tall young fellow said to Billotte. "Where you from?" the latter asked. "Oh, you probably never heard of the place," he answered. "I'm from Pierce, Nebr." "That's what you think," Billotte told and then added, "You're just the guy I'm looking for. I'm from the Omaha World-Herald."

"Lt. Faudel leaped to his feet, his face wreathed in smiles. Forgotten was the luggage and the long trek from the camp to the troop transport. On his collar he wore the insignia of the engineers. He told his story. His wife, Loreen, is waiting his return at the home of her mother in Pierce. Her mother's name is Mrs. Lena Kolterman. Lt. Faudel managed a Coun-

cil Oak chain grocery store at Hartington and Wayne before his entrance into the army.

"In peacetime Lt. Faudel liked to paint in oils and many of them decorated the walls of his home. "They're not the best in the world," he said, "but I like them, my wife likes them and our friends like them. The rest don't matter."

"He said he had not touched a brush since his enlistment more than two years before, but that he thought he might take it up again when he reached his destination.

Should Avoid Weed Seeds with Bromes

Farmers are looking for brome grass seed to plant this fall. Dixon county may not be able to meet the demands, stated Agent Howard Gilaspie.

Some very fine brome grass fields are located in Dixon county this season. The Lincoln strain has a heavy foliage while the Canadian seed does not have a heavy foliage. Mr. Gilaspie advises those producing brome seed to be very careful to avoid weed seeds which lower the value of brome.

A new law effective August 10 prohibits the sale of brome grass seeds containing weeds. Wild brome, hairy chess, downy brome grass, Japanese chess, field chess, dock, curled dock, sour dock, winged dock, smooth-leaved dock, penny cross, lanweed and French weed have been added to the list of noxious weeds.

Brome seed containing more than five per cent weeds is not salable. Seed must be tested and labeled as to contents.

Ordnance Battalion Earns Unit Plaque

T4 Donald Nichols Serves In Maintenance Group Now in Italy.

The meritorious service unit plaque for superior performance was recently awarded to the 603rd ordnance base armament maintenance battalion in Italy. T4 Donald H. Nichols, son of Mr. and Mrs. H. Nichols of Wayne, is with this unit. His wife, Betty, lives in Omaha. Nichols is chief of the radiator rebuild section.

The 603rd is one of the many units of the peninsular base section for the 5th army. The unit's award of the plaque "for superior performance of duty in the accomplishment of exceptionally difficult tasks in the Mediterranean theatre of operations during the period of January 1 to March 31, 1944. During this period the battalion was charged with the responsibility for the repairing and preparation for shipment and issue, all remaining ordnance equipment in the eastern base section and for maintaining all ordnance base shop facilities for the base section. The battalion executed its assigned duties with conspicuous efficiency, and in addition provided ordnance base service for units staging and embarking from the Bizerte port area during a critical period of operations. The superlative performance of this battalion contributed greatly to the success of the operations in the Mediterranean theatre of operations and reflected exceptional credit upon the military forces of the United States."

This battalion, mainly of midwesterners, was activated in March 1942, and after maneuvers in Louisiana, went overseas in March, 1943. The battalion served in north Africa, Tunisia, Sicily, Corsica and Italy.

Information Given On Land Appraisal
A land appraisal demonstration, held in Wayne Tuesday last week, was attended by about 35 key bankers, county agents and personnel of soil conservation districts and various loan agencies of northeast Nebraska.

F. J. Chase, state extension economist, discussed the factors affecting values and fluctuation in land prices during war and post war periods. Mr. Chase stated that the agricultural commission of the American Bankers association is encouraging similar meetings for local bankers, farm leaders, newspaper representatives, county war chairmen and others primarily interested in price trend of farm lands.

W. E. Hutchinson, extension soil conservationist, discussed land capability and protecting the investment through better farming practices.

Otto Leibers and Walter Ottemann, federal farm credit appraisers, considered the procedures used in appraising land and made a summary of the appraisal on a farm.

E. C. Leonard of the farm security administration, spoke briefly on family considerations in purchasing a farm for a home and on the loans for veterans.

Air Force Group Are Given Praise

Several from Wayne Among Thousands Commended By Lt. Gen. Doolittle.

Among the 185,000 men and women of the 8th air force congratulated after V-E day by Lt. Gen. James H. Doolittle at their station in England, were Capt. Robert F. Dae, 1st Lt. Kenneth E. Kline, T. Sgt. Arthur C. Woiters, Sgt. Ronald L. Grunke and Cpl. Ralph N. Austin of Wayne.

"I wish to extend my personal congratulations and my heartfelt appreciation to every one of you for magnificent job you have done," Gen. Doolittle said in his message to all personnel. "Each of you may be proud of your part in the defeat of Germany. I am proud of you. The world is proud of you."

The 8th air force was the world's mightiest strategic bombing force. Its personnel of 185,000 was the equivalent of 12 infantry divisions, and it could send 21,000 airmen in 2,000 four-engine bombers and 1,000 fighters over Germany at one time, a combat effort possible only through the support of tens of thousands of non-flying specialists.

Since August, 1942, when combat operations began, Flying Fortresses and Liberators of the 8th dropped more than 700,000 tons of bombs on enemy targets. Fighter pilots shot down 5,250 Nazi planes and destroyed 4,250 others on the ground. Bomber gunners shot 6,000 Nazi interceptors out of the air.

The 8th air force dropped an average of a ton of bombs every minute the last 12 months.

Airmen of the 8th were the first Americans to attack Germany. The early crews flew a handful of unescorted bombers against the Luftwaffe and proved the feasibility of an American idea—precision daylight bombing over the Reich.

As the 8th grew in strength, it was assigned the task of crushing the Nazi air force, which had to be done before the allies could invade France. Bombers of the 8th smashed Nazi aircraft production centers, and its fighters destroyed thousands of enemy planes in the air and on the ground.

After battling the Luftwaffe into relative impotency, the 8th threw its growing weight against Germany's rail system and vital sources of oil. These campaigns, in conjunction with the British royal air force and the U. S. 15th air force, disorganized all transport in Germany, restricted German military operations in the air and on the ground, and paved the way for the march of allied armies across Europe.

... A Proclamation ...

WHEREAS, this country faces an over-all coal shortage, and this shortage is expected to grow. Although the war in Europe is over, manpower shortages at the mines, decrease in transportation facilities, and the unprecedented demands for coal for our armed forces still fighting Japan, make it necessary that every man mining coal must be kept employed all summer long if next winter's fuel shortage is to be kept at a minimum; and

WHEREAS, your government is faced with the tremendous task of attempting to meet the nation's coal requirements, and can be successful only to the extent that we, the coal users, cooperate, and the only protection afforded to the residential user, schools, public institutions, and business establishments is the opportunity to order and store now their coal requirements for the coming burning season;

NOW, THEREFORE, I, Herman Lundberg, Mayor of Wayne, Nebraska, do hereby proclaim June 1 through 15, 1945, as "Buy Your Coal Now Period," and I urge the citizens of this community to heed your government's warning and to exert every effort to buy and permit delivery at your dealer's convenience, your next winter's coal requirements, as the coal cannot be stored at the mine. Your coal dealer is faced with manpower and equipment difficulties and can no longer take care of hurried last-minute requests for coal. Because certain coals are scarce, consumers are urged to protect themselves by taking the coal their dealers recommend instead of waiting for some particular kind which may never be available to them.

IN WITNESS WHEREOF, I have set my hand and caused the seal of the City of Wayne to be affixed.

Done at the City of Wayne, Nebraska, this 28th day of May, in the year of our Lord, Nineteen-hundred and forty-five,

Patriotic Fervor Shown on Holiday

Governor Aldrich Commends Farms in Northeast Area in Early Period.

Early Days from the Wayne Herald for May 30, 1929:

Multitudes will honor patriotic deeds on Memorial day. Mingled with patriotic fervor will be the hope that future differences may be settled in an orderly manner and that no further sacrifice of blood and treasure may be necessary. In lauding the memory of soldiers and their imperishable deeds, we may well be impressed with the horrors of conflict and do everything that may honorably be done to insure future peace.

The owner of 640 acres of land does not believe farm relief should be by a limitation of production. He thinks that diversification and opening of new sources of consumption will solve the surplus problem.

Ray was a platoon officer the first quarter of the year and battalion staff officer the last period. One of the special honors accorded midshipmen is that of serving as ushers at the academy. The Wayne youth was offered this opportunity but declined so that he might continue teaching a Sunday school and chapel class of boys 8 to 10 years old in a Protestant church near the academy.

Bomb Strikes Ship Off Lingayen Gulf

Horrell, 20, plane spotter on a battleship, has seen action from the Aleutians all the way across the Pacific to the Gilberts, Marshalls, Marianas and Philippines.

Cpl. Lester Grunke Writes of Okinawa

Cpl. Lester Grunke, who was home from the Aleutians about a year ago, is now serving on Okinawa. "Perhaps you would be interested in what has taken place at these past few months," the soldier writes May 20. "I left the states from the east coast and traveled through the Panama canal, a magnificent piece of construction, on the way to Hawaii. We spent a short time there and found ourselves aboard ship bound for Guadalcanal. We spent a few days there and were on our way again. Our next stop was the Caroline islands. After another short time we completed our journey which was to Okinawa. We arrived here, as you know, April 1. "This island is about 65 miles long and 10 or 12 miles wide at its widest point. The land is made up of plateaus, valleys and rather rough hills. The hills are full of caves which are ideal places for the Japs. All the ground that is farmable is farmed by the civilians. They raise wheat, barley, rice, sugar cane and all kinds of vegetables. They have their fields cut up in very small tracts, about like gardens at home, and they seem to do all their work by hand. That is with no machinery. If they have any machinery it is very crude. They do have some livestock such as horses, cattle, pigs, chickens, goats and tame rabbits. "The people here are a cross between Japs, Chinese, Malaysians

and Koreans. They seem to be a very low class but I suppose they are contented in their own way.

This island remains all or is some part of the United States. The climate is almost like our summer weather and the scenery is a lot like our better parts of the U. S. The scenery is clean, no weeds, trees, grass, etc. Life isn't too bad here. We have plenty of food and our mail service is good so all in all we haven't much to complain of.

Witnesses Horror Of Prison Camps

Sgt. Willis G. Lessmann, son of Mrs. Amelia Lessmann, writes May 7 from Germany of some of the things he has seen recently. Sgt. Lessmann described a time, as he had attended, he stated it was a mass burial of about 200 French, Polish, Russian, Czechoslovakian and Belgian prisoners who had been taken to German concentration camps. German officers, German soldiers and German civilians were made to attend the funeral. A German minister told the group what had happened to the dead. Some of the Germans cried.

Sgt. Lessmann visited one of these concentration camps where he saw some of the men being taken care of by American nurses. "One of the prisoners showed me his body or what was left of it. It looked like bones with skin stretched over them. He had been a teacher in a France and was pretty smart. He said he had forgotten a lot he had known since getting a prisoner. The Nazis made the prisoners work with pick and shovel and when they didn't work for five minutes they received 20 lashes with a whip. The teacher's back was scarred from beatings he had gotten. I ordered him a cigarette but he told me he couldn't smoke because the six years in the camp had ruined his heart.

"I talked to another man who was a captain in the Czechoslovakian army. He had also been beaten and was just about starved to death. The Nazis had killed his family. In reply to my question as to what the thought of the Nazis, he said that he was going to look for Nazi SS troops after the war.

Sgt. Lessmann said that he had seen thousands and thousands of Germans surrendering to the Americans. "They came in on trucks, cars, motorcycles, bicycles, walking or any other way of transportation possible. One old German soldier died along the road in all this confusion.

"I thought my number was up. I didn't remember my past or a flash the way you'd expect out I just had time to wonder if it would be over quickly," commented Jesse N. Horrell, seaman first class, in describing his reactions after an explosion on the battleship on which he serves in the Pacific. Horrell, whose home is in Wayne, was knocked down when an enemy bomb struck the ship during action off Lingayen Gulf in the Philippines. The ship, whose battle efficiency was not seriously impaired, continued in the action until the beachheads at Lingayen were secured.

Senator Gives Memorial Talk

Proposals for Permanent Peace Are Made Here

By W. A. Crossland.

Senator W. A. Crossland of Wayne, delivered the Memorial day address here Wednesday afternoon in the hall at services sponsored by the Auxiliary and Lions club. After paying tribute to those who are in service and to others who have served, the senator outlined the foundations for permanent peace. After caring for those who have fought in the war, he stated, the first essential is to practice thrift and pay off war debts. Senator Crossland proposed instituting a reasonable program of preparedness in America. He said the nation should look forward to eventual disarmament after other nations have shown their belief in permanent peace and their willingness to reduce arms.

The senator would league with other nations to solve present problems of peace. He proposes continual preaching of the gospel of peace as many other nations have not shown by their actions that they understand or are willing to subscribe to permanent peace.

The cost of war in life and treasure is horrifying, the senator concluded, and making peace permanent is a challenge to everyone today.

The Legion Auxiliary had special flower memorial service with Mrs. J. C. Woods in charge. Mrs. T. P. Roberts directed music for this.

The community ladies' chorus, led by Ivor Morris, sang.

The Auxiliary directed girls in the placing of poppy wreaths on the graves of war veterans in Carroll and Bethany cemeteries.

Wayne Minister Winside Speaker

Rev. O. B. Proett Gives Address at Memorial Observance.

"Memorial day was created to show that we have a concern for that for which all noble men live and die," stated Rev. O. B. Proett of Wayne, speaking at Memorial day services Wednesday morning at the municipal auditorium.

"This day ought to give us noble inspiration as we realize that precious things of American democracy are earned and are saved by devotion of sincere souls," continued the speaker. "Abraham Lincoln once said, 'From these honored dead we may take increased devotion to that cause for which they gave their last full measure of devotion.'"

The Wayne pastor told that one does not have to die in war to be a hero. Others stand and wait and give a lifetime of service for an increased standard of living and a higher idea of democracy. The speaker mentioned that Nathan Hale and Edith Cavell as outstanding examples of those who gave their lives in war. Louis Pasteur, Madame Curie, Marconi and Edison were mentioned as those who gave a lifetime of service for the betterment of society.

Jean A. Boyd introduced the speaker, Roy Reed Legion Post and Auxiliary were in charge of advancement and retirement of colors. Dr. R. E. Gormley, post chaplain, gave the invocation. Miss Peggy Francis gave a reading and a vocal trio sang. A list of soldier dead was read. Auxiliary chaplain, Mrs. W. L. Cary, gave the benediction. The group present sang two selections.

The assembly then went to Pleasant View cemetery where Post Chaplain Dr. Gormley gave a prayer, the firing squad sounded a salute and Waldon Smith sounded taps. Graves of veterans were decorated. Mrs. Thorvald Jacobsen and Mrs. Mildred Witte of the Auxiliary were in charge of grave decorations.

After decoration of graves at Pleasant View cemetery the Winside Legion Post went to Hoskins where veterans' graves were decorated in the two cemeteries.

A CONCRETE BARNYARD

helps you raise more beef

With the United Nations appealing to American farmers to raise more beef and pork, many farmers are paving their feed lots with concrete. This saves feed and labor—leaves more feed for pigs following the cattle—saves manure.

Free booklets showing how to build productive improvements with thrifty, lasting concrete are part of this Association's wartime service to farmers. You or your contractor can build concrete jobs with minimum critical materials. Mail coupon today.

Bachelor Robin's Record of Longevity Found to Be Unusual.

Elmer J. Christoph, treasurer of the Milwaukee, Wis., Society of Accountants, blushed and members of the auditing committee grinned when Mr. Christoph admitted there was a \$90 error in his annual report. Then Mr. Christoph grinned and the auditing committee blushed when it was disclosed the committee had approved the report. The error was in transcribing.

G. B. Moritzky of Roswell, N. M., claims a longevity record for a robin he says has returned this spring for the 27th year in a row. "I think he's a bachelor," said Mr. Moritzky reporting that the robin, which first appeared in 1918, has never brought a mate or built a nest.

Raissa Geogievna Kouznetsova, 22, came here from Moscow to work for the Russian delegation to the United Nations Conference at San Francisco. Raissa overheard a remark that a certain character was "really hep." She asked for an explanation. The explanation was: Able, acute or knowing what the score is. "Oh, I

see," she said. "It means 'on the beam.'"

The Wilson, N. C., ration board was puzzled when a gasoline application indorsed by them, "Sign in place checked with red pencil," was returned with no signature. But, when it came back the second time signed in red, the applicant's explanation cleared up the confusion. He wrote: "I couldn't find a red pencil in Elm City. I borrowed this one from the bank."

Two University of Washington chemistry students at Seattle, who blew themselves into King county hospital, gave two explanations, both technically correct. "We were mixing a couple of chemicals and they detonated prematurely," said Eugene Collins, 20. From the next bed Raymond Lawton, 19, interpreted: "We were mixing firecrackers and the darned things went off." The experimenters, neither critically hurt, added in unison: "We're through — and you can put exclamation marks after that!"

Manuel Martinez, 60, of Denver, Colo., was cleaning his kitchen when a gas hot plate toppled from its nookings and hit the floor. As Mr. Martinez whirled about, the

rings of a brilliant sunset caught him full in the face. Almost blind, Mr. Martinez concluded there had been an explosion. His cry for help brought five companies of firemen and two squads of policemen. They helped him set up his stove.

Gus Gilard, 53, whose job as a clown makes his business funny, wasn't clowning when he appeared for jury service in Chicago. To James Bernardo, jury clerk he gave his name and address and occupation: "I am a clown." "That may be," said Bernardo, "but I would like to know your occupation." Gilard explained: "I'm a funny man, a clown. I used to work for the Barnum and Bailey circus." "O. K.," the clerk said, "clown."

A mongrel pup wandered into the busy city room of the Waterbury, Conn., Republican with this note attached to his collar: "Dear Sir: I'm lost. Three boys found me and brought me here. All I ask is a home from a kind person. Please." While a photographer took the pup's picture, reporters hopped on the pup and found him a home in no time.

Bill Joe Montgomery and James Ferguson tied for valedictorian honors of the Shamrock, Tex., high school graduating class. Each had all "A" grades except one. Four years earlier the junior high school faculty, after trying to determine the boys' I. Q., announced the youths would have to divide honors as best student in the 7th grade graduating class.

BUILD B-29's
THE NEED IS URGENT!
THE PAY IS GOOD -- APPLY TODAY!

In Omaha is located one of only four plants building B-29's—the giant planes that are blasting the industrial heart of Japan. Our fighting men in the Pacific need more of these Superfortresses. We must not fail them. Martin-Nebraska must continue to meet increased production schedules. Five hundred jobs—important jobs of every description—must be filled at once. Upon the B-29 Superfortress rests in large measure our hope of early victory in the Pacific. We must justify the faith the nation has placed in the people of the midwest—in our willingness and ability to build B-29's. The work is not difficult, and you are paid while training. Get a job helping to build the giant B-29 Superfortress. Let's show America that midwesterners will stand behind our fighting men until final, total victory.

A STRANGE SORT OF PRAYER

WELL, GOD, here we are.

You up there. Me down here, with a burning sun, a mess of insects, too much ocean, and other buddies just as lonely as me.

Oh, God, how nice it must be back home, with Germany licked, and the folks humming, and some of the boys all finished with the fighting.

But I guess that wasn't meant for me, was it? And tomorrow and tomorrow I'll still be dodging bullets, still

feeling lost in the middle of the night.

Well, no hard feelings. I'll go wherever You say, and do whatever You want me to. For You know what's best for me.

But say, if You can only get the people back home to remember me, maybe they'll still bear down. Maybe they'll still send us their blood, still stay on the job, still keep making the stuff we need.

You see, God, I'd like to get home, too.

This plea from the Pacific is to each of you — buy bigger bonds during the Mighty 7th War Loan Drive. Do your bit to help these men get home.
