NUMBER FORTY-NINE

Teen-Agers in Proper Driving to Reduce Automobile Tragedies — Country Editor Reflects — Means of Recreation.

In the course of a movement to reduce teen-age automobile accidents, Harold R. Danford, educational director of the National Conservation Bureau, has been on a speaking tour in Nebraska. He recently addressed a group of northeast Nebraska teachers and supervisors at Norfolk. He thinks high school boys and girls should be taught proper practices in handling motor cars. Young drivers are usually so well and are naturally quick to react. They are also naturally impulsive and often take risks in conflict with sound judgment.

Danford contended that teen-agers are the worst traffic offenders. He says a million new drivers every year increase the hazard and emphasize the importance of special training. Prevailing opinion among educators at the meeting favored such training as part of the school curriculum.

We are wondering how vigilant are officers in towns like Wayne to enforce traffic regulations? How many underage youngsters are driving without permits? How many are allowed to race onto highways without stopping? How many are required to observe parking rules?

Traffic violations are not restricted to teen-agers. Older drivers are often plainly guilty and need to be warned and sometimes prosecuted. But as pointed out by Danford at Norfolk, more careful driving and lower highway tragedies would in time follow due training of teen-agers. They are the drivers of the future.

On Retiring. On retiring after serving as country editor for 47 years, Luke M. Bates of Valentine, is quoted as saying in effect that one sticks to the business so long because he likes it, not because of sufficient financial returns. Therefore, he adds: "I cannot recommend the business to any young man unless he is willing to put his nose to the grindstone and keep it there."

But we wonder if Mr. Bates' conclusions are fully warranted. Of course, running a newspaper is hard, exacting work. Certain tasks must be accomplished on time. Things to be done cannot be put off until tomorrow. But a thrill of satisfaction rewards the attainment of fixed goals. Seldom any line of endeavor is so favored that it does not tax nerves and endurance. Anything worth doing would seem worth one's best efforts from day to day and year to year.

Financial returns may often be inadequate. The same could be said of every professional or business service. Whatever one is doing, if his nerves happen to become frayed, he is likely to think he is over-worked and under-paid. If he has spent too much and saved too little, he may blame his accepted niche rather than his own faulty management. He may kick what he is doing rather than the way he is doing it.

Disappointment over lack of leisure or lack of a sufficient cash surplus is not peculiar to the rural newspaper field. That feeling occurs anywhere and everywhere. No one is so high and mighty that he can escape. If he could he would be intolerable.

We would not advise newspaper work for persons who want much for little. It is not desirable for individuals who have their minds mostly on leisure, who have no desire to achieve worth-while values, but who loathe yearningly ahead for old-age benefits.

Voicing Complaints. A recent meeting of college students in Wayne is said to have stressed complaints of too few opportunities for diversion and recreation here. Contrasted with old times, there are many things to relieve the tedium of routine. The college and high school provide many facilities for relaxation. Picture shows, libraries, automobiles and parks are available.

What this town lacks that other communities possess, we do not know. When Memorial park north of town is completed it will furnish ample ways for wholesome recreation. It will answer a real demand. But, of course, it will not keep natural kickers from kicking.

He was employed in the Fred Volpp and C. W. Fortner market for a time. For the past 39 years he had been chief engineer at the college, having served with the late Presidents J. M. Bie and U. S. Conn, and with Dr. J. T. Anderson. He was efficient and faithful always.

Life of Christ Shown in Film

Events of Holy Week Are Pictured in Movie Monday Noon.

"Journey into Faith," a film appropriate to Holy Week, was shown for Kiwanis Monday by Dr. Geo. Seck. The picture deals with the conflict, trials, crucifixion and resurrection of Jesus. In the film, Cleopas and another disciple hope to enlist the cooperation of Jesus in a movement to overthrow the Roman authority. They hear that he has entered Jerusalem and has been acclaimed the Messiah. At night they seek him at the house of John Mark. The Master has gone to the Mount of Olives. In the Garden of Gethsemane they learn that Jesus has been arrested. Next day they witness the tragedy of Golgotha. Sorrowful, they return to Emmaus and on the way meet a stranger. They invite him to the evening meal. At the breaking of the bread they recognize Jesus. The two disciples bring the joyful news of his resurrection to apostles at Jerusalem.

The committee on support of churches in their spiritual aims had charge of the program and Wayne Ministerial association, provided the film. L. F. Good presented Dr. Seck who showed the picture.

With F. L. Blair and Prof. Russel Anderson in charge, the group sang "Builders," "Battle Hymn of the Republic" and "Little Brown Church in the Vale." The ministers sang "Brighten the Corner Where You Are."

Wayne ministers who are not members were special guests for the Easter program. They are Rev. T. J. C. Schuldt, Rev. R. J. Bulky, Rev. Walter Brackensick and Rev. S. K. de Freese. Supper at J. Weymouth of Sidney, was with Dr. Ray Bryan, and Dr. Geo. Seck was a club guest. Members numbered 50.

RAIN SOAKS DEEP INTO DRY GROUND AND STOPS FEARS

APRIL dry weather was broken on by an all-night drizzling rain Wednesday of last week. All of it soaked into the ground. The Wayne gauge indicated six-tenths of an inch. Average over northeast Nebraska was reported at five-tenths. Notwithstanding lack of moisture in past months, farmers reported the soil mellow and in good shape. But last week's rain was received with high satisfaction. Too little moisture arouses fears of what might happen, and the demand for abundance makes freedom from unfavorable elements doubly vital. Last week's drizzle was general over the state, and the dry spell having been broken, additional soakings may be confidently expected.

Wayne Certified For Air Course

GI Bill of Rights Offers Pilot Training Work To War Veterans.

Wayne is one of five places in the state which have to date been certified for pilot training under the GI bill of rights. Lincoln, Omaha, Fairbury and North Platte are the others. The GI bill provides that a veteran may get up to \$500 worth of flight training for each year he spent in service. If he had just one year, he may have 36 hours of flight instruction, 18 hours dual and 18 hours solo, which will qualify him for private pilot's license. If he spent four years in service and can pass physical tests, he may receive a \$2,000 course which will qualify him for commercial pilot's license.

Veterans getting on the job training are not eligible for flight training. However, those studying to become teachers are eligible. The veterans' administration views this training as rehabilitation, states H. V. Packard of the state aeronautics department. Nebraska is setting up the highest standards of requirements in the United States, Mr. Packard explained, to protect everyone concerned.

Wayne Air Service, local operators of the municipal airport, finish the first class of veterans about May 1, according to R. G. Fuchter. Those who will complete the present private pilot's course are Raymond Phillip, Alvin Tietgen, Arthur Walters, Francis Strahan, Winton Wallin, Darrell Buckert and Eldred Busby.

Enrollment for the next class starting May 1 and ending June 27 is held from Wednesday, April 17 to Wednesday, April 24. Anyone interested should contact W. A. Lerner, local service officer, at the Wayne Air Service.

In the new part will be a private office, auto supplies, grease room, wash room and service room. The old building will be used for display and station service.

Both buildings will be heated by a central oil heating unit. Modern design will be used in the improvement.

FIRST EASTER DAY SINCE RETURN OF PEACE TO NATIONS

The coming Easter, anniversary of the Resurrection, is the first since the end of World War II. It finds nations still suffering from the ravages of a long, hard conflict. Labor disturbances have retarded reconversion in this country. Extreme want stalks abroad. America is exemplifying its Christian principles by tightening its belt to send food to the hungry in other lands. The United States could not do otherwise and manifest the real Easter spirit. The occasion breathes the very anti-theism of war and hate and cruel neglect. The civilized world applauds the anniversary with new hope. Clouds that have darkened the horizon have been slowly disappearing. The atomic bomb has a quieting influence on naturally bellicose nations and individuals. American churches will remember Easter with appropriate services. Songs will be sung and words spoken with accentuated zeal. The day will recognize a world at peace. Prayers for betterment will mingle with assurances of the Resurrection.

Construction of the plant will start about mid-summer and it is hoped to have it finished by fall. Grounds will be landscaped. Mr. Bahe secured consent of neighboring property owners to place the plant on the site.

Work on the West First street plant will start within a week or two and this building will be completed quite soon. This will be one story. Mr. Bahe had planned to place an apartment above this but changed design when he found that if he did so the structure would be delayed by government rulings.

An office in the basement of the Wayne post office will be open April 26 and each Friday thereafter from 8:30 a. m. to 4:30 p. m. for recruiting of men for army service. S. Sgt. Alvin N. Fredericksen, with the Norfolk recruiting unit, will be in charge. He will answer all questions of veterans and new draft registrants concerning benefits available to men who enlist in the new regular army at this time.

Any man between the ages of 17 and 35 is qualified to enlist in the regular army. A man over 35 may enlist provided that he has had previous service.

Young men who have not as yet served are invited to talk to the army representatives. Some of the benefits available to enlistees are: A full college education to return for a two-year enlistment, choice of branch of service, choice of theatre in which to serve, length of time that the enlistee wishes to serve. The term of enlistment can be for 18 months, two years or three years. One of the benefits in return for a short enlistment is a full guarantee of a promotion within six months.

Any draft registrant is eligible to enlist in the army up to the day that he receives his actual induction notice. All former servicemen who enlist within 90 days will be reenlisted at the grade in which they were discharged. The veteran will also receive a reenlistment bonus of \$50 a year for every year that he had served. Many veterans out of service a year have been able to reenlist in their former grades because of critical shortages of 375 MOS numbers. All veterans who bring their form 100 and discharge papers to the post office can learn in what grade they can be reenlisted through former service and experience.

Improved City Aid to Growth

'Tip' Brown Defines Main Street As Heart and Soul of Town.

"Main street is the heart and soul of every town, its breadbasket and its show case," declared "Tip" Brown of Kansas City, Mo., in addressing 122 at the Northeast Nebraska Chambers of Commerce dinner Thursday evening at Wayne auditorium. Mr. Brown, district manager for Lehigh Cement company, is a member of the Missouri post-war planning commission, a member of the Down Town committee which helps plan city improvements, and he is active in the Chamber of Commerce.

The home town is most important in one's life, Mr. Brown explained. Cleanliness, well-painted and well-prepared buildings, good pavement and sidewalks, modern stores and hotels and well-rounded variety of business institutions reflect a live town. A city must keep abreast of the times. Each Chamber of Commerce should have an inventory committee. Mr. Brown believes, to take note of business needs in the community and to suggest improvements that will keep up appearances. About 25 to 30 per cent of people in the city depend on Main street for their living.

Mr. Brown would form groups prepared to handle flood and fire control. Modernization and improvement pay dividends. They not only aid appearance but they create jobs for painters, masons and others. They bring more people to the city. And improvements work for the common good of all.

Claire Holmquist, president of the district organization, was in charge. Rev. O. B. Proett gave the invocation.

The Oakland Chamber of Commerce quartet, consisting of W. B. Force, Wm. Nelson, Jr., Harris Osterberg and E. D. Human, with Max Fris accompanist, furnished music.

The Northeast Nebraska group is one of five in the state hoping to form a Nebraska Chamber of Commerce which will advertise the state's many valuable assets. Three from each of the five district groups will meet in June to consider this.

 (Continued from Page One)  
 group. She served in official capacity in many of these groups and had been regent of the DAR chapter at Pocatello.

Miss Mines taught Sunday school classes of girls at Wayne and elsewhere and took a great interest in her young friends and their activities. When her mother resigned as sponsor of Light Bearers at the local church, she took over the group. At Pocatello, she served on the girl scout council and had charge of planning meals and buying supplies for the girl scout camp.

At the beginning of the war, Miss Mines helped organize and taught Red Cross nutrition classes and gave radio talks on the subject.

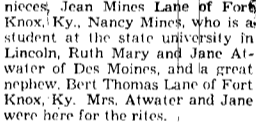

Deceased enjoyed an active physical life, participating in such sports as bowling, fishing, horseback riding, ice skating, skiing and cycling. Her vacations were spent enjoying the beauties of western states but she preferred spots untouched by commercial interests.

Miss Mines joined the army in July, 1943, serving at Letterman hospital, San Francisco, before being sent overseas to serve with hospital units in England and Belgium. While overseas, Miss Mines spent her free hours and leaves both in visiting spots of historical interest and in becoming acquainted with people of England and the continent. She made contacts with the Business and Professional Women's organizations and with the British, Belgian and International Girl Guide headquarters. She displayed much interest in the wartime activities of British Girl Guides and in international plans to reestablish Girl Guiding in Nazi-occupied countries.

Miss Mines had planned, after a winter on the west coast, to make Wayne her home. She intended to remodel the home of her late parents into a tea room. Because of her years of interest in young people, she hoped to have a teen-age night, for high school and college young people. These plans were thwarted by an untimely death.

Surviving Miss Mines are her sister, Elizabeth, Mrs. R. B. Atwater of Des Moines, and her brother, Paul Mines of Wayne, and four nieces, Jean Mines Lane of Fort Knox, Ky., Nancy Mines, who is a student at the state university in Lincoln, Ruth Mary and Jane Atwater of Des Moines, and a great nephew, Bert Thomas Lane of Fort Knox, Ky. Mrs. Atwater and Jane were here for the rites.

**How to make your Easter table attractive**  
 Whether your Easter celebration includes only the immediate family or whether you make the day one for entertaining, the occasion calls for table decorations. Here's an idea that may be used for almost any Easter party and for every age group, too.

**EASTER BONNET CENTERPIECE**  
 The main attraction of our centerpiece is a hatbox. It may be either round or square, small or large, and it doesn't have to be a fancy one. Ours is covered with gay striped gift paper, but the same effect is obtained by covering the hatbox in plain pastel colored paper and pasting on contrasting stripes. (Vegetable glue makes a neater job of this; if it doesn't come through the paper.) Plain or figured shell paper, wallpaper or crepe paper may also be used. Use real ribbon of harmonizing or contrasting color or crepe paper to tie up the box and form the bow. Line the box with pastel-colored tissue paper; tilt the lid and let sprays of spring blossoms or flowers, pussy willows or green leaves hang out over the side.

Place one or two toy bunnies (or you could use a pottery bunny, chicken or duck, or a covered hen dish) by the hatbox. Arrange flowers and decorated Easter eggs and leaves around the hatbox to complete the centerpiece.

### Wedding Service Held at Church

**Miss Dorothy Ahlvers, Bride Of T. S. Melvin E. Meyer Sunday Afternoon.**

Miss Dorothy Ahlvers, daughter of Mr. and Mrs. Ben Ahlvers, and T. S. Melvin E. Meyer, son of Mr. and Mrs. Ed Meyer, were united in marriage Sunday afternoon at 4:30 candle-light services at the Methodist church in Wayne, with Dr. Victor West performing the double-ring ceremony.

Mrs. John T. Bessier, jr., played the processional and recessional and also pre-nuptial organ music. She accompanied Elwin Fletcher of Norfolk, who sang "Through the Years" and "Because."

Before the ceremony, Gloria Ahlvers, sister of the bride, and Virginia Proett lighted the candles. They wore blue satin formal with blue net overskirts and corsages of white carnations.

The bride, given in marriage by her father, was attired in a white satin gown with lace overskirt, sweetheart neckline, leg o' mutton sleeves, long waist and long train. Her full-length veil was held in place by a tiara of orange blossoms. She wore double-strand pearls, a gift of the bridegroom. She carried a white Bible with a cascade of red roses, tied with white satin streamers.

Mrs. Harvey Splittgerber, sister of the bridegroom, served as

matron of honor. She wore a blue satin and net formal and carried a nosegay of snapdragons and sweetpeas.

Mrs. Marcelline Longo, who served as bridesmaid, wore a formal of pink satin and net and she carried a nosegay of snapdragons and sweetpeas. Both the bridesmaid and matron of honor wore pearls and pearl earrings, gifts of the bride and bridegroom.

Neil Echtenkamp, daughter of Mr. and Mrs. Albert Echtenkamp, who served as flower girl, wore a white crepe dress with a net skirt. Her corsage was of sweetpeas.

Mrs. Ahlvers, mother of the bride, wore a blue crepe dress and Mrs. Meyer, a blue suit. Each wore corsages of white carnations and pink snapdragons.

The bridegroom wore his official army uniform. Wilbur Ahlvers, brother of the bride, served as best man, and Alfred Jones, cousin of the bride, was the other attendant. They wore dark suits with white carnation boutonnières.

The church altar was decorated with palms, lilies and a basket of carnations, snapdragons and lilies. After the ceremony, a reception for 150 was held in the church basement. A three-tiered wedding cake, topped with figures of a miniature bride and groom, and decorated with blue and pink, colors of the bride, centered the table. Candles, tied with pink and blue bows, were on each side of the cake. The mantel, back of the serving table, was flanked with a bouquet of snapdragons, carnations and ferns. Candles, tied to pink, blue and white crepe paper streamers, formed an archway over the serving table.

Miss Bonnie Kugler and Miss Barbara Heine received the guests. Miss Lois Gambill had charge of the guest book, Miss Susie Souders and Miss Cleone Heine had charge of the gift table. Mrs. Frank Heine and Mrs. John Jones, the latter of Wynome, poured, and Mrs. Wilbur Ahlvers, Mrs. Rudy Vrtiska of Wynome, Miss Eida Cramer, Miss Ruth Lundberg and Mrs. Leslie Youngmeier served. Army THE question of extending the army draft beyond May 15 has been under discussion in congress. Members differ sharply as to the need. Congressman Vinson of Georgia proposed to extend the law to February 15, 1947, but suspend inductions until October 15, hoping voluntary enlistments would in the meantime meet requirements.

Representative Howard Buffett of Omaha, attacked continuance of selective service as unnecessary. He said this country's share of the international police force would not require more than 200,000 men. He strongly opposed drafting 18-year-old boys.

Many are against building giant peacetime military personnel. Without it in the past, this country has whipped up forces that defeated the strongest military nations in the world. Sufficient preparedness is advised—keeping to the fore in air, water and ground equipment—but forcing all qualified young persons to join the army is considered unnecessary and of doubtful wisdom.

Two Big NATIONS' Business points to Russia and the United States as the two most powerful nations with wholly disagreeing ideologies. Russia makes no concessions to this country's economic policies. The United States can get along with Russia by treating it fairly but firmly, stoutly upholding at all times the rights of democracy. One paragraph from the magazine: "With the passing of the first postwar winter, the natural clarity of American political thinking is beginning to replace the emotional confusion of the wartime period. In limiting the scope of government; in applying the Golden Rule to industrial relations; and in recalling that all true authority is of divine origin—the American people are reasserting the values which made this nation great."

The story of Sarah Hale is a story of courage and of inspiration to faltering souls. At 40 she was left a widow with five children and without money. In middle life her physician said she had tuber-

culosis. She lived to be 90. Circumstances pushed her into gainful work. She failed in a number of ventures, but finally became a successful writer. She exceeded expectations as editor of Ladies' Magazine. She took up the cudgel in behalf of privileges for women on an equality with those of men. She demonstrated that "where there's a will, there's a way."

A magazine article by Demaree Bess explains why French people changed in eighteen months from cheering to hating America. France was relieved and joyful when the nazis were driven out. Following a frequent rule among recipients of generous favor, Frenchmen are now mad, and evidently they lack the strength to conceal their wrath until after they receive another hand-out.

In the face of opposition that has become bitter and unreasonable, Senator Butler remains unruffled, keeps his feet on the ground and his efforts centered on his public service. He has reason to believe an unbiased appraisal of his record will bring endorsement his renomination would imply.

While Columnist Louis Bromfield suggests maintenance of the OPA to teach the country the difference between free enterprise and government controls, he is convinced prices would adjust themselves if most ceilings were removed and production were stimulated, turning scarcity into abundance.

We think William Johnson, former lieutenant governor, has launched his candidacy for governor rather too late to make an appreciable dent in Val Peterson's campaign armor. People are too clearly convinced of Peterson's all-around qualifications to be influenced merely by another popular name.

Gallup's poll which sounded sentiment in two major political parties on leading issues, found surprisingly few points of disagreement. But sharp differences will no doubt develop over whether affairs of state are to be directed by statesmen or dominated by the CIO.

Often reports of scarcities and coming privations are made worse than subsequent facts warrant. If any coloring is to be done we would do it in the direction of optimism. There is no present danger that people will get to feeling too good.

Often hasty marriages and disagreements and divorces are the products of war. Young persons should be patient and determined to get along. They can if they try. Separations are especially tragic when helpless children are involved.

Lady's Stomach Was Like a Gas Factory; Meals Turned to Gas One lady said recently that her stomach used to be like a "gas factory." That is, when she ate a meal it seemed to turn right into gas. She was always bloated, had a swollen stomach, gas pains, daily headaches and constant irregular bowel action. Now, however, this lady says she is free of stomach gas and she says the change is due to taking ERB-HELP. Her meals agree with her. No gas or bloating after eating. Headaches and constipation are gone. "Oh! What relief!" states this lady. "Why don't other gas and constipation sufferers get ERB-HELP?" ERB-HELP contains 12 great herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! L. M. SHULTZ Candidate for Unicameral Legislature 16th DISTRICT Colfax, Stanton, Wayne Counties I am asking every voter who is interested in good government to support me. My experience as a farmer and business man qualifies me to know and understand the problems of the people of this district. Until 19 years old, I lived on a farm in Colfax county, where I attended country school. This was followed by three years at Fremont Normal. For 11 years I was in a general merchandise store, and have been in the oil business at Rogers and Schuyler for the past 19 years. Ownership of two farms in this vicinity and contact with hundreds of farmers in my business gives me an understanding of the needs of both farmers and business men. Our legislature needs more capable and successful business men to deal with present day problems. I want to be your representative to deal with these matters. Vote for me—you will be glad you did. **Two Fox Families Found Together**

Sixteen foxes were found in one hole last week by Russell and Willard Johnson and their father, J. K. Johnson. Russell was harrowing when he saw a fox at the entrance to the hole. His brother happened over and they decided to investigate. After digging for many feet

they fished out 12 pups and a vixen. Darkness stopped their search so they plugged the hole and returned the next morning when Rev. R. J. Bulkeley joined the three. The men found another vixen and two pups. The hole was 30 feet long and went to a depth of seven and half feet. It was concluded that the housing shortage is pretty general when two families of foxes live together.

In Second Grade, stories about fires and firemen were read by Bee Kollmorgen, Charles Ahlvers, Sandra Witmer and Rita Rae Peden. Larry Hofeldt has made six pictures showing the

work of firemen. A visit to the local fire department is planned soon. Second graders have reorganized their ball team. Donald Wightman is manager of the Yankees and Freddy Proett is manager of the Cardinals. Glen Houdersheldt has been reading a series of Uncle Wiggly stories to the class. The children chose him because he makes the stories so interesting. A weather chart is being kept as part of work in science. Mrs. Emil Lueders and her son, who is in second grade in California, visited the class Friday. Easter cards and pictures are being made in art. First Grade Notes. Harriet Murphy brought her stereoscope and some pictures for all to see. Virginia Vogel celebrated her birthday of the summer by treating all to ice cream. Mrs. C. R. Vogel visited. Kindergarten Notes. Children enjoyed the movie, "Common Animals of the Woods." Joan Larson brought a story about beavers which she read to the class. Mary Lucille Pawelski and Dennis Kern brought farm animals. "Telling the Rabbit" was read in connection with telling time. Class ABC books were made and each child has a page. Mothers here were invited to observe classes Thursday and Friday. They observed classes at work on the farm unit. Pupils sang songs learned as part of a wake-up farm story. The book, "Look and Learn," and the work book, "First Days in School," were read. Farm games were played, including "Farmer in the Dell." Pupils imitated galloping ponies in rhythm. A display of farm stories was inspected. Each child wore his new red and white crepe paper hat for rhythm band work. Selections played were "Amaryllis" and "Ace of Diamonds." Class pictures were displayed, and a phonograph recording made earlier of the class singing favorite songs was enjoyed.

NEWS OF EASTER

(Continued from Page One) above the will of God." The 28 sermons he preached before his arrest were secretly distributed in Germany. These sermons form the basis for his book, "God Is My Fiehrer," recently published. In the prison courtyard, Rev. Niemoller and Jesuit Rupert Mayer, also in prison because he opposed Hitler, became good friends. "Their friendship is symbolic of a new bond which is growing between Protestants and Catholics." Rev. Niemoller, now 53, is preaching in a Berlin suburb in the United States controlled sector. He is second in command in Germany's newly organized church and he now urges a purge of pro-Nazi clergymen. He says, "We German Christians have discovered that sin and guilt are not merely words and empty symbols about which pastors in pulpits are accustomed to preach." Toyohiko Kagawa, Japanese Christian, toured this country and took a stand against war some years ago. After V-J day, Kagawa was mentioned as a prominent liberal who would have much to do with relationships between Japan and the United States. He was chosen to give radio broadcasts to preach moral regeneration to Japan's millions. Kagawa said the Japanese had drifted far from morality during the war and he hopes to be able to return them to the correct pathway through religion. Recently, however, a Tokyo correspondent charged Kagawa with being in league with Jap war lords. Archbishop Damaskinos, head of the Greek Orthodox church, led resistance against nazis so stoutly that he was kept locked in his bedroom for four months. He stands out as the one who can heal the terrible wounds of disunity of civil war in Greece. Religious conditions in Russia are uncertain. Pope Pius charged Atheist Joseph Stalin with using the head of the Orthodox church in Russia in an attempt to stamp out Roman Catholicism in a province ceded to Russia last June. There are indications that unsuccessful attempts have been made to burn submission to Moscow of the Russian Orthodox hierarchy of the United States and Canada. "And as we come to Easter again we wonder just how religious we are in America," Prof. Lindahl added. A poll taken by Dr. Geo. Gallup shows that 96 per cent of Americans believe in God, 76 per cent believe in life after death, but 42 per cent have not been in church the past month. America's 253,762 churches, in a recent count, report 32.8 per cent increase in membership between 1926 and 1944, with a growth of 19.9 per cent in population during that time. Number of religious: 1926 and 1944, with a growth of 19.9 per cent. Baptists, Lutherans, Catholics and Methodists, respectively, led in church growth.

CAST IS CHOSEN

(Continued from Page One) intended to show the growth of molds and mildew. A song about Switzerland was composed by the class last week. They also enjoyed singing again songs written earlier in the year. Third Grade News. The class went on a field trip Friday to find birds and other signs of spring. Friday morning the normal training class from Howells visited during a reading period. Linda Kessler brought a book by Aulair, "Lief the Lucky." This was read and especially enjoyed by the group because it related to Viking stories. Free cutting of birds proved worth while. Linda Kessler presided at the Good English club meeting Thursday. Original stories were told by the children. Mrs. Likes visited Thursday. To show uses of woolen material, charts were made using woolen samples as well as pictures of things made of wool. Fabrics were burned to test their type. Second Grade News. Pupils are interested in pioneering in Nebraska. Last week the experience stories concerned wagon trails from Ohio to California by way of Nebraska. Miss Kriege is writing the story. It is interesting to figure out the distance to and from certain Nebraska cities. Pupils figure the distance by scale from a big map of Nebraska which is painted on the floor. The class had demonstrations in arithmetic and natural science, and visitors from Howells. Ellis Dupsky celebrated his birthday by treating all to cakes with names on them and a cold drink. First Grade News. Mrs. Bullky and Mrs. Likes treated the children for Patty

N. F. Schroeder Candidate for State Senator 16th Legislative District

In entering my name on the ballot for the senatorship of the 16th legislative district I feel the great responsibility attending this office.

I have no grievances, neither do I have any pet theories.

It is my purpose to serve in public office as a means of "paying my rent" for the privilege of living in a free state.

I have no fear of vigorously supporting or opposing any legislation that may arise. In the interest of good government I urge you to vote for the candidate whom you think is best qualified to represent you in order that Nebraska shall always be a free state where men with initiative and purpose may prosper in a field of private enterprise and raise their families the American way. I respectfully ask your enthusiastic support in the primary election June 11.

I hope I may have the opportunity to visit with you.

Sincerely, N. F. SCHROEDER

## Wedding Service Is Held at Blair

### Miss Vera Nygaard Is Bride Of Clarence R. Nelson Of Near Here.

First Lutheran church at Blair was the setting for an impressive wedding ceremony Friday, April 5, when Miss Vera Nygaard, daughter of Mr. and Mrs. Nels P. Nygaard of Blair, and Clarence R. Nelson, son of H. P. Nelson of Winside, were united in marriage. The double ring ceremony was performed by Rev. Marvin E. Nygaard of Cedar Falls, Ia., brother of the bride.

The church was decorated with palms and was lighted with white tapers in candelabra centered in bouquets of pink gladioli and snapdragons. Bouquets of sweetpeas and pink and white streamers decorated the church pews.

The bride, who was given in marriage by her father, was gowned in white satin which featured a sweetheart neckline, shirred bodice, long pointed sleeves and a train. A full-length illusion veil was caught by a small coronet which was trimmed with seed pearls. Her bouquet was of pink gladioli centered with a gardenia corsage. Her strand of pearls was a gift of the bridegroom.

Miss Wilma Nygaard, who served her sister as maid of honor, wore white net chiffon and carried pink and white carnations. Bridesmaids were Miss Janice Nygaard, sister of the bride, and Miss Grace Hansen of Blair. They wore matching chiffon gowns of pink and blue. Each had a colonial bouquet.

Vernon Nelson was best man for his brother. Ushers were Carl Jorgensen of Creighton, and Philip Madson of Omaha.

While pre-nuptial music was played, the bridesmaids lighted the candles. Lphengrin's march was played by Paul Neve. Mrs. James Hansen, accompanied by Mr. Neve, sang "O Promise Me" preceding the service and "The Lord's Prayer" and "O Perfect Love" during the ceremony.

A reception for many relatives and friends was held in the church parlors. Blue and white tapers and garlands of sweetpeas were on the tables. A three-tier cake centered the bride's table.

Mrs. Nelson is a graduate of Creighton high school and attended Dana college at Blair. She taught in Antelope and Washington county rural schools several years.

The United States birth rate nearly doubled during the war—10,569,000 babies started life between January 1, 1942 and July 1, 1945. And the 1940-50 decade, it is estimated, will net (over deaths) 13 million brand new individuals to reckon with.

And reckon with them your telephone company will. As they become a part of the adult population, we are concerned with such questions as—How many of them ultimately will live in Metropolis? How many in Suburbia? Will they be farmers, work in factories or offices, start businesses of their own?

We calculate these things as best we can and try to have telephone facilities ready when and where needed. To resume normal expansion, halted by the war, and to plan soundly for future needs, call for an expenditure of 100 million dollars during the next few years in the five states we serve.

This money must come, not from "war profits"—because the telephone company made none—but from individual investors with faith in the future earnings and stability of the business.
