

Country Agent Visits Wayne... Artist Norman Rockwell's Treatment of Rural Press.

SIXTY-FOURTH YEAR

WAYNE, NEBRASKA, THURSDAY, MAY 30, 1946.

NUMBER THREE

Chester Walters, former Wayne county farm agent, who spent four years in military service, was circulating among friends here Friday.

Mr. Walters' war service was devoted to the islands of the south Pacific. He had an abundance of experience, but he is glad to return to civilian life.

Country Newspapers. Artist Norman Rockwell presented a typical old-time country weekly in four pages of last week's Saturday Evening Post.

As a result, everybody in the country enjoys the privilege of frequently seeing his name in print. In fact, from the time it reports his birth, the hometown paper takes a watchful and benevolent interest in the progress and destiny of each member of its community.

The country editor's readers know him personally, which can be an advantage or otherwise. It is a situation that works in favor of the editor who plays strictly for the good of their communities.

The editorial pages of the country press reflect this individuality. Some of the best paragraphs in the country are found among the ranks of country editors, and there is an occasional one who can haul off and write an editorial that will take the varnish off the courthouse dome.

The precarious days have passed for most of the country newspaper press. The editor who exchanges subscriptions for a load of dordwood or a mess of sparrowbills exists no longer.

Recent discharges filed in the Wayne county draft office include: Raymond Iversen and Wilfred Miller of Winside; John Banister, Ronald Kuhnnehn and LeRoy Mullen of Wayne; Eldon McGuire of Pender; Richard Tucker, Carroll Lawrence Faudel of Pierce, Arthur Gulliver of Wayne and Virgil Smith of Allen, are listed in the officers' registers.

Harry Mahoney of Wakefield, entered a local hospital Monday evening to receive medical care.

Rites Are Held In Church Here

Mrs. Clyde Oman, Who Lived In Wayne Long Time, Dies Monday Morning.

Mrs. Clyde Oman, 70, of Bridgeport, Neb., resident of Wayne for many years, passed away Monday morning, May 27, at 8:15, following about a week's illness.

The two daughters of Mr. and Mrs. Oman were with them. Mrs. Jason Gorst of Bridgeport, carried last Wednesday. Her husband and daughter, Margery, arrived Monday night. Mr. and Mrs. H. Lynn Tuttle and youngest daughter, Roxa Fern, arrived from Clarkson, Wash., Sunday evening about 6 by chartered plane.

Funeral rites for Mrs. Oman were held Wednesday afternoon at 2 from the Methodist church here with Dr. Victor West and the Beckenhauer mortuary in charge. Mrs. C. N. Olson furnished organ music.

Deceased was married January 3, 1894, to Peter Clyde Oman, native of Lightstreet, Pa., who had come to Wayne in 1882. The Omans established their home on a farm in Brenna precinct and five years later moved to their place which is closer to Wayne.

Mrs. Oman possessed exceptional talent and abundant energy. In addition to serving her family unflinchingly, she devoted much time to community welfare. She was active in the church, in the Women's Club, DAR and other groups.

SENATOR BUTLER'S REACTION TO COAL LEADER'S DEMANDS

SENATOR Hugh Butler made the following statement relative to demands by coal miners for a health and welfare fund: "John L. Lewis' idea of a so-called health and welfare fund is an attempt to settle piecemeal for one industry, a national problem that affects many industries. The nation-wide chaos which this attempt has produced is complete proof that the problem must not be solved by industrial warfare."

It is like that there are serious hazards in mining coal. There are likewise serious hazards in lumbering, machinery production, railroad operation, road and bridge building, and many other occupations, including farming and stock raising. Mr. Lewis must appreciate that the problem he presents cannot be solved fairly by taking snap judgment in behalf of any single group of employees. The problem of occupational risks needs careful and thorough study, which should aim specifically at correcting the causes of the accidents. It is not clear that setting up a tremendous fund under control of one man by a tax on employers and consumers will cut down accidents in the coal mines at all. But it is clear that we should take steps to increase the protection against accidents for all workers in dangerous occupations. I believe it is time for a Congressional investigation of the problem of industrial safety."

Upholds Ruling On Inheritance

Judge F. H. Pollock Enters Decisions in Matters Here Thursday.

Judge F. H. Pollock of Stanton, in session of district court here Thursday, sustained most of the decision of County Judge J. M. Cherry in the matter of inheritance tax due from Ward and Wayne Gilliland who shared equally in the estate of their uncle, Charles Wallace, who died January 1. The county court had found that the two owed inheritance taxes totaling \$4,296.90. Each received due to a quarter section of land valued at \$14,400 January 1, 1942. The court ruled that each should pay \$852 on the land and 7 per cent interest since the time the deed was received four years ago. Each was also assessed \$1,262.45 on \$13,744.50 of the estate with interest at 7 per cent from January 9, 1946, when the property was inherited. The county court ruled that the Gillilands should pay the inheritance tax and interest on the same from the time the property was received. The district judge upheld the ruling with the exception that interest not be charged until after the death of Mr. Wallace. The Gilliland brothers had appealed from decision of the county court. Burr Davis is attorney for the county, and L. W. Ellis and H. E. Siman for defendants.

The S. E. Auker estate matter, the suit filed by W. F. Auker, Delpha Merchant and Earl Merchant against Mrs. Bertha Hendrickson, et al., was heard. Upon application by plaintiffs, and all defendants except defendants Hendrickson, it was ordered that the clerk of the district court be authorized and directed to detach from the bill of exceptions the notes of Plaintiffs and Defendants Auker and to deliver them to H. E. Siman as attorney for them. R. W. Bartels is attorney for plaintiffs and M. J. Ryan for defendants. In the application of Henry C. Nelson to sell real estate, the court confirmed private sale of the property. Harry N. Larson is attorney in the matter. Report of the trustee was approved in the matter of J. H. Kemp, trustee, vs. Alice D. Ley and LeRoy V. Ley. The trustee was discharged. F. S. Berry is attorney. Referee was discharged in the partition action filed by Herman Korff vs. Anna Soehner, et al. C. E. Haley is attorney. Divorces Are Granted. Divorce was granted in the action filed by Elizabeth James vs. (Continued on Page Eight)

**Miss Lois Gamble Is Bride of Clarence Bronzynski At Ceremony Here.**

Miss Lois Gamble, daughter of Mr. and Mrs. Lyle Gamble of Wayne, and Clarence Bronzynski, son of Mr. and Mrs. August Bronzynski of Winslow, were married Sunday at 2 o'clock in the Methodist church in Wayne, with Dr. Victor West performing the double-ring ceremony.

Stanley Gamble, brother of the bride, sang "Because" before the ceremony. He was accompanied by Mrs. C. N. Olson, who played the processional and recessional and soft music during the ceremony.

Janice Gamble, sister of the bride, and Linda Beck, cousin of the bride, lighted the candles. Each was gowned in white marquisette, embroidered with pink roses. Each wore a corsage of snapdragons. Rollie Granquist, cousin of the bride, who served as ring bearer, carried the ring on a white satin pillow. He wore a white suit. Judy Bronzynski, niece of the bridegroom, and Cheryl Johnson, cousin of the bride, were flower girls. The bride wore a gown of silk marquisette, embroidered with white flowers. The gown was fashioned with sweetheart neckline, leg-o-mutton sleeves, gathered bodice and short train. Her fingertip veil fell from a heart-shaped crown, and was gathered on each side with white flowers. She carried a bouquet of white roses with long white satin streamers. She wore a string of pearls and pearl earrings, gifts of the bridegroom. Miss Marilyn Gamble, sister of the bride, served as maid of honor. She wore a peach net formal fashioned with off-the-shoulder yoke, full skirt, small bonnet with matching net as a veil. Mrs. Robert Parke, friend of the bride, was bridesmaid. She was gowned in a blue net formal which was fashioned with off-the-shoulder yoke, full skirt and small bonnet with matching net as a veil. Each carried a nosegay of white roses, snapdragons and daisies.

The bridegroom wore a blue suit. Alfred Bronzynski, brother of the bridegroom, and Herbert Niemann, who served as best men, wore brown suits. All wore white carnation boutonnières.

Alvin Niemann and Freddie Gildersleeve served as ushers. Mothers of the bride and bridegroom each wore red rose corsages. All others wore white carnation boutonnières.

A reception was held in the church basement after the ceremony. Miss Marilyn Gamble, sister of the bride, played piano selections, "My Beloved" and "Liebestraum" by Liszt. Mrs. Wm. Gaunt and Mrs. Lester Lutt served. Miss Verdelie Niemann had charge of the guest book and Mrs. Melvin Meyer and Miss Bonnie Kugler had charge of gifts. A three-tiered wedding cake, topped with a miniature bridal couple, centered the bride's table decorated in colors of blue and white.

The young folks left on a short wedding trip to Denver, the Grand Canyon and Escalades park. The bride chose as her going-away outfit a two-piece black and white dress with black and white accessories.

The couple will make their home on a farm near Winslow. The bride was graduated from Wayne high school and attended Wayne college a year. The past three years she had taught in rural schools in Wayne county. The bridegroom was graduated from Winslow high school and has been helping his father on the farm since.

Out-of-town guests here for the wedding include Mr. and Mrs. Vern Tower, Mr. and Mrs. Raymond Roida and Nancy Kay and Mr. and Mrs. George Fox and Anna-belle of Laurel, Mr. and Mrs. John Nelson of Bancroft, Mr. and Mrs. Gordon Wood and Gordon, and Mrs. Anna Suhr of Bridgeport.

Edward Dunn, 65, of Pierce, died Monday last week.

Wm. H. Lukes, 51, of Laurel, died May 18 in the veterans' hospital in Lincoln. Funeral rites were held in Laurel. His wife and three sons survive.

**Wedding Service Is Held in Omaha**

Miss Dolores Kunzmann, daughter of Mr. and Mrs. J. Kunzmann of Wakefield, and Vance Viertgut of Randolph, were married Saturday morning, May 25, at Our Lady's chapel in St. Cecilia's cathedral in Omaha.

A wedding breakfast and reception at the Paxton hotel in the city followed the ceremony.

After a trip to Denver, the young folks will be at home in Plattsmouth June 1.

**Church Ceremony Performed Here**

Miss Eleanora Holst, daughter of Mrs. Martin Holst of Wayne, and Leonard Pollard, son of W. J. Pollard of Schuyler, were married Tuesday morning at St. Mary's Catholic church in Wayne, with Rev. Wm. Kearns performing the ceremony.

The bride was attired in a two-piece powder blue dress, trimmed in white. Her accessories were white and brown. She wore a corsage of shell pink carnations. The bride's attendant, Mrs. Leo Pollard of Schuyler, wore a shell pink dress with black and white accessories. Her corsage was of white carnations.

The bridegroom wore a blue suit. His brother, Leo Pollard of Schuyler, who was his attendant, wore a brown suit. Both had white carnation boutonnières.

The bride had been making her home with her mother. The bridegroom received an honorable discharge in November, serving four years in the army.

The young folks will make their home on a farm near North Bend.

**Wedding Service Is Held Monday**

Miss Madeline Pinkelman is bride of James G. Kelly at St. Mary's Church.

Miss Madeline Pinkelman, daughter of Mr. and Mrs. Joseph Pinkelman of Wayne, and James G. Kelly, son of Mrs. Catherine Kelly of Peoria, Ill., were married Monday morning at 2 o'clock at St. Mary's Catholic church with Rev. Wm. Kearns performing the double-ring ceremony.

The altar was decorated with peonies and iris. Mrs. Joe Heger of Hartington, aunt of the bride, played the wedding march, "Heavenward," and played soft music during the services. The bride, given in marriage by her father, was gowned in white with a skirt and train of novelty starched marquisette. The tight-fitting bodice was of white rayon faille. The gown was fashioned with sweetheart neckline and long sleeves which came to a point at the wrist. She wore a full-length bride's illusion veil which fell from a coronet of pearlized orange blossoms. Her bouquet was of red roses.

Miss Marcella Brueger, who served as bridesmaid, wore an ice-blue net formal over blue taffeta. She carried white mits and wore a tiara of white carnations with a bonnet effect of ice-blue net to match the formal. She carried a bouquet of white carnations. She wore blue pierced earrings, a gift of the bride.

The bride's mother wore a white silk jersey dress with black accessories and she had a white carnation corsage.

Mr. Kelly was attended by Clifford Pinkelman, brother of the bride. Both wore dark blue suits with carnation boutonnières.

A reception for about 50 guests was held in the bride's home where a three-course dinner was served by Miss Phyllis Lippold of Randolph, Miss Lucille Reeg, Miss Betty File and Miss Betty Nissen of Wayne. The dinner was prepared by Mrs. Fred Lippold and Mrs. Mabel Gries of Randolph, and Mrs. Warren Sulthuis of Wayne. The three-tiered wedding cake was baked and decorated by Mrs. H. J. Lenzen of Randolph, an aunt. Flowers and candles with streamers of blue and white decorated the tables.

Mrs. Kelly is a graduate of St. Frances Academy of Randolph, and had been employed at the county treasurer's office in Wayne the past two and a half years. Mr. Kelly is a graduate of Peoria, Ill., high school and served with the army the past three years. He is now employed with the Caterpillar company in Peoria.

Mr. and Mrs. Kelly went to Omaha and from there to Peoria, Ill., to make their home at 612 4th street. The bride's going away suit was of misty green with brown and white accessories.

Out-of-town guests included Mr. and Mrs. Herman Lenzen, Mr. and Mrs. H. J. Lenzen and family, Mr. and Mrs. John Lenzen and family and Mr. and Mrs. B. A. Lenzen and family all of Randolph, Mr. and Mrs. Joe Heger and son of Hartington, Mr. and Mrs. John Schaeffer of Vanhook, and Mr. and Mrs. B. C. Pinkelman and family of Wynot.

**Fertilizer Tests Being Conducted**

Two corn fertilizer tests are being conducted in Wayne county this year in cooperation with the college of agriculture, states County Agent W. R. Harder. One test will be on the farm operated by Ernfeld Alvin, located two miles west and one mile north of Wayne.

The second test is 17 miles west and 1/4 mile south of Wayne on U. S. highway 98 on a farm operated by Earl C. Anderson.

Seven different fertilizer treatments will be applied in each demonstration plot with four no-treatment check plots. One plot will be treated with 0-20-0 at planting time, one with 10-20-0 at planting time, one with 10-20-10 at planting time, one with 10-20-0 at planting and 40-0-0 with the last cultivation, one with 10-20-10 at planting time and 40-0-0 with the last cultivation and one with 20-0-0 with last cultivation. The numerals just used refer to the amount of the essential fertilizer compounds applied per acre. The first numeral refers to the amount of nitrogen compound; the second to the amount of phosphorus compound and the third to the amount of potash or potassium compound.

The first treatment of the various fertilizers was applied last week. The second treatment will be applied about July 1. As most of the treatments in the test plots contain nitrogen, the test plots were located on fields that had not been in sweetclover or alfalfa or heavily manured during the last several years. These tests, if continued for a number of years will aid in determining what essential nutrients are lacking in our soils for corn production and whether or not the use of commercial fertilizers will be advisable and profitable to the farmer.

**Carol Drake tells how to prepare outdoor meals**

For fun, there's nothing better than eating out-of-doors. This coming holiday or weekend offers a grand opportunity to usher in the season.  
**PLAN A BARBECUE**—If you're an outdoor cooking enthusiast, then it's high time to get the embers glowing in the barbecue pit. But don't be deterred if you haven't a pit over which to cook. Follow the old-fashioned way by digging a hole in the ground about a foot deep and as big around as you need. Then support a grill or wire rack on two stones or bricks over the hole. Start your fire early so that your "pit" will be half full of glowing embers by barbecue time.

### Marry at Services Tuesday Evening

Miss Lillian Siefken Bride Of Norbert Wieting at Altona Church.

Miss Lillian Siefken, daughter of Mr. and Mrs. Fred Siefken of Wayne, and Norbert Wieting, son of Rev. and Mrs. C. H. R. Wieting of Delmont, S. D., were married Tuesday evening at 8 o'clock, candlelight service at Trinity Evangelical Lutheran church at Altona. Rev. Wieting, father of the bridegroom, officiated at the double-ring ceremony in the presence of relatives and friends.

Prof. G. H. Hofius, church organist, played "Let Us Ever Walk with Jesus" as the processional and "The Lord Is My Shepherd" for the recessional. He also played soft music during the service and accompanied Mrs. Arnold Siefken and Mrs. Emil Siefken, who sang "O Perfect Love."

The bride, given in marriage by her father, was groomed in white marquisette, which was fashioned with long full sleeves and fitted bodice. It was fastened down the back with tiny buttons and fell into a long train. Her fingertip veil, edged with lace, fell from a coronet trimmed with beads. She carried a bouquet of white roses and snapdragons with long white streamers tied with daisies.

bridegroom and close friend of the bride, served as matron of honor. She wore a light yellow formal, featuring a full skirt with shirred bodice, short puffed sleeves and a sweetheart neckline. She carried a bouquet of red roses.

The bridegroom wore a dark blue suit with a white carnation boutonniere. He was attended by his nephew, Arnold Schaffer, who also wore a dark blue suit with white carnation boutonniere.

Heino Siefken and Emil Siefken served as ushers and lighted the candles before the ceremony. They wore dark suits with white carnation boutonnieres.

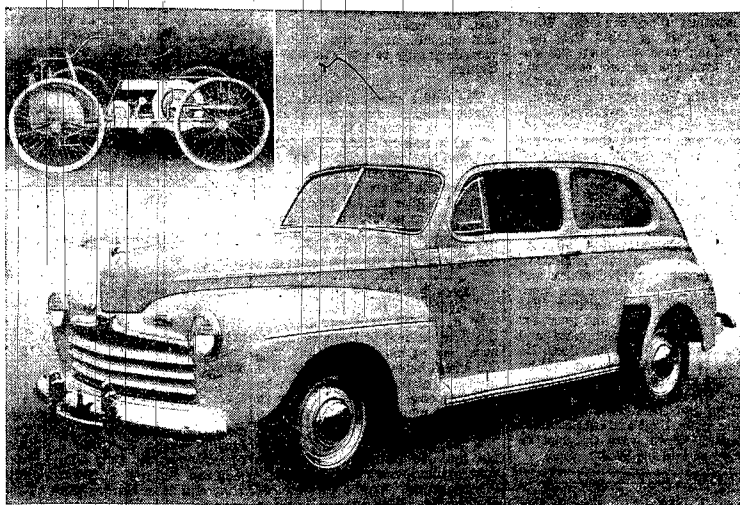

Mothers of the bride and bridegroom wore corsages of deep pink roses. Fathers wore carnation boutonnieres.

A reception was held in the home of the bride's parents for about 60 guests. A decorated three-tiered heart-shaped wedding cake, topped with a miniature bridal couple under an orange blossom arch, centered the table. The cake was baked by Phil Rohlek, brother-in-law of the bridegroom. Tall white tapers burned on either side of the centerpiece, and garden flowers decorated the room. A luncheon was served later in the evening. Miss Gloria and Miss Lyla Brauner and Miss Marilyn Ruwe served as waitresses.

Mrs. Wieting attended Altona parochial school and was graduated from Wayne high school. She had been employed at the Tietgen hatchery in Wayne.

Mrs. Wieting was graduated from

### Ford Honored in Auto Golden Jubilee

Contrasts between 1896-1946 are shown in this photograph of the first and most recent Ford cars.

Dearborn, Mich.—Henry Ford, working in his machine shop at 58 Bagley avenue, Detroit, in 1893, dreamed of liberating the world from a slow, horse-drawn kind of civilization.

Three years later, on June 4, 1896, he rolled his first gasoline driven buggy into the street, and the celebration in Detroit this year of the automotive industry's Golden Jubilee is a tribute to his vision.

Today, more than 31,000,000 Ford cars and trucks have been built and Ford Motor Company plants span the earth.

The present Ford Motor Company was formed in 1903, and success was immediate. At the end of four months a dividend was paid to the original 12 stockholders.

In 1905, the company moved from the two-story Mack avenue plant to a new four-story building of Piquette and Beaubien, Detroit. Production soared as models A, B, C, F, K, S and R were introduced in quick succession, and five months later the first of the famous model T's was introduced.

In December 1906, the company moved again, this time to its new 61-acre Highland park plant. Here the first endless chain conveyor was installed. It was the birth of low-cost production and the beginning of the liberation of labor. In 1914 Henry Ford startled the world by announcing Ford employees would work only eight hours a day and receive a minimum daily wage of \$5.

Again the Ford Motor Company needed breathing space, so in 1915 a thousand acres of land were acquired on the Rouge river in Dearborn.

Henry Ford had purchased the stock held by Alex Malcolmson in 1906 and had become president and controlling owner, and in 1919 the Ford family acquired the interest of the minority stockholders for \$75,000,000 and became sole owners.

Eagle boats were built in the Rouge plant during World War I, and after the war many activities were transferred to the new plant from Highland Park. On Oct. 31, 1925, an all-time production record was set with 10,000 Model T cars built in a single day.

In December 1927, the new model A was introduced and the next year Henry Ford announced a minimum \$7-a-day wage.

In 1922 the Ford Motor Company paid \$9,000,000 to Henry M. Leland and his son, Wilford, for the assets of the Lincoln Motor Car Co. It was not until 16 years later that the Mercury was introduced.

The miracle of Ford production continued to pour automobiles from assembly lines across the nation, and the need for more space still plagues the company. Today more than \$225,000,000 has been earmarked for expansion.

On May 26, 1943, Edsel Ford, president of the company, died suddenly and Henry Ford, then past 80, again took over the presidency. Soon after this, Henry Ford II, Edsel's eldest son, was released from the U. S. Navy to assume the duties that had been his father's for so many years.

Recently, his brother Benson, after three years in the armed forces, has returned to take up duties in the company and help his brother carry on the great Ford tradition in the automobile industry.

### To The Voters of Wayne County

It had been my hope that during the present campaign to have the opportunity of seeing the voters of Wayne County personally, to express my appreciation of having served as your County Attorney and also to ask for your continued support, but so far it has been impossible for me to see any great number.

I hope in the future that I may have this opportunity, but if it should be impossible then I want you as voters to know that I will greatly appreciate your support at the primary on June 11.

mon sense, the people look, with mounting impatience and indignation, to Washington.  
 "And their prayer is for the salvation of the republic."

**Unfair COPY of a letter by C. H. Fuller, farmer near Sidney, Nebr., to Governor Griswold charges the latter with unfair attacks on Senator Butler. The letter was reproduced as an advertisement in the Nebraska Farmer, and was signed by a number of enthusiastic farm supporters of the senator.**

The letter charges attempt to belittle Senator Butler on account of his financial success. It mentions that the senator gives liberally to his church and college and to other worthy causes. He is using the fruits of private enterprise to help others.  
 The letter charges an effort to minimize the senator's practical interest in farming. In sharp refutation, his numerous farm activities are stressed. This resentment from a farm area shows that unwarranted attacks are reasonably certain to react in the shape of a boomerang. It suggests the governor's campaign smacks of demagoguery.

One who styles himself a "progressive" appears in rather glorified form. But not far off the socialist beckons him to come on over. Socialism is inherently harmless and bears high ideals. Then sinister communism, which often inveigles unsuspecting socialists into its meshes, would, as proved in Russia, lead to iron dictatorship. Progressive without surrendering essential fundamentals, goes far enough. Farther invites danger.

This outburst from David Lawrence, columnist, may have helped President Truman get up courage and steam to force settlement of the railway strike: "The spectacle of the president sauntering at a garden party on the White House lawn while the economic system was being torpedoed is not one that will soon be erased from public recollection."

Announcement is made that the district optimistic convention opens a three-day program in Omaha June 9. During the sessions the annual liars' contest will be held. Discord in the world at this time bars possibility of contributing any optimists, but we know at least one who is eminently qualified to enter the liars' contest.

Czechoslovakia gave a majority vote to the communist party in its first free election in eleven years. And Czechoslovakians probably did not know any better—didn't know they were further enslaving themselves. How ignorance is misled by political slickers!

Active opposition of the town's chief knocker is advisable to insure the success of any public proposition. This unfavorable reaction should be gained before submitting the proposed bond issue to improve Memorial park.

We do not know whether making extravagant claims by rival candidates is good politics or not. We have never witnessed a reverse policy, and therefore do not know how it would work.

Any saving to the producing or buying public through subsidies is reflected in higher taxes. Abolish subsidies and equalize advantages and demand would properly stimulate markets.

Columnist Louis Bromfield says the chickens hatched during the new deal are now coming home to roost to the confusion and frustration of the Truman forces.

The public is terrorized by strike reports one day, and suddenly calmed by favorable turns the next day. Labor union czars don't seem to care a darn how people feel.

The straw hat is trying to get started, but at this juncture it needs more help from the weather.

**RECAPS.**  
 Revelation by Congressman Karl Stefan that a Pennsylvania house member blew disfavor on Nebraska and then changed his mind and praised the state is amazing, to say the least. What of a state of mind that sees nothing good and then suddenly switches to see everything good? What was the matter with the Pennsylvania congressman? His unwarranted criticism and subsequent rise to encomiums of just appraisal show reprehensible instability—a sort of reminder of Dr. Jekyll and Mr. Hyde. Here is what Congressman Stefan reports: "Congressman Chester Gross of Pennsylvania, who attracted nationwide attention because of his statement on the floor of the house that Nebraska and other midwest states are 'non-productive and nothing but prairies and sand, and good for only raising grasshoppers and rattlesnakes,' has relented. He told Nebraskans that in 1911 he shucked corn for a farmer named Delmer Wallace of Rising City, Neb., and that 'the corn, the grain, hogs and cattle raised around there were the best he ever saw in his life.'"

newspaper knits it together. The new attitude is well expressed in a recent issue of the Webster, South Dakota, Reporter and Farmer, which had just bought the other paper in town. Telling its readers that it had invited the once rival editor to continue his column on its own editorial page, it said: "We have done so because we feel that the Democrat viewpoint should be represented on our editorial page. Whether you agree or disagree with his opinions is for you to decide. Just as we accord you the same privilege concerning the views in our editorial column. If occasionally there are varying thoughts expressed in adjoining columns, just remember that this is America!"

board of leading scientists, technicians and industrialists.

The food troubles of eastern people, especially in the larger cities, continue to mount and multiply. The food council now in session will undertake further surveys of what can be done for larger exports to famine-stricken lands, but the shortage of flour, dairy products, meats and much else, customarily found on grocery shelves and in family kitchens, has become more than mere scarcity. Grocery stores are handling meagre supplies of bread, using the "under-the-counter" storage as formerly was done with cigarettes when they were so scarce. The threat that the principal flouring mills of the country may close for lack of wheat to grind, brings further dismay to households and to the restaurants as well. The old way of serving several slices of bread and rolls with all meals in hotels and restaurants has been abandoned in most places.

Our food shipments abroad for famine relief during 1945 were in excess of five and one-half million tons. The demands from abroad are for a full million tons per month, of which 700,000 tons would be of wheat, rice, barley and other grains. Our supplies of grain will not be sufficient for such extensive offerings, but the government is endeavoring to obtain as much toward such a commitment as it can. This month it will purchase and ship probably 75 million bushels of wheat which it has drawn in from farms and smaller warehouses by an extra subsidy. Voluntary savings and contributions are large in nearly every community, and a great work is being done, but there are many millions of people abroad at the point of starvation. In India alone there are said to be 66 million famished people.

It is difficult to realize what the shipment of one million tons of

**PETERSON.**  
 Val Peterson, convention-endorsed for the republican nomination for governor, has gone far in attaining fitness for the office he seeks, but still has his feet on the ground and his heart in the grassroots from which he sprang. Experience: "Printer's devil," small-town school teacher, college magazine editor, political scientist, university professor, editor, publisher and army officer. While attending college in Wayne, he was business manager of and contributor to the Goldenrod, school publication. Paid his way through the university by spending vacations cooking for railroad gangs, plowing corn and sending news to the state's dailies. At the university he specialized in research work connected with public administration. He wrote a thesis on the governor's position. An instructor in government at the university for six years. Served as campaign manager for Senator Butler in 1940, and later acted as secretary to Governor Griswold, resigning in May, 1942, to enter the army. He was in the China-Burma-India theatre twenty-four months, winning the rank of lieutenant-colonel. He is publisher of the Elgin Review. He manifestly possesses the foundation needed to make an outstanding chief executive.

food per month involves. It is a prodigious task. Averaging 20 tons to the carload, it would require 50 thousand cars, sufficient to make a train more than forty miles in length. The labor required, the transfer to hundreds of ocean vessels, and unloading and distribution abroad, make the task one secondary only to our wartime activities.

The coffee growing countries of South America are not side-stepping an opportunity to make a bit of extra money from this international source of good neighborliness. Our government agencies discover that there may be a prospect of higher coffee prices, and our southern neighbors are alleged to be hoarding, coffee especially of the better grades for which our country affords the best market.

**UNCLE SAM IS BIGGER.**  
 (Norfolk Daily News)  
 If A. F. Whitney, president of the Brotherhood of Railway trainmen, has at his disposal \$47,000,000 which he can spend to defeat a president of the United States who will not obey his orders -- or to elect one who will -- he has too much money and too much power. If Mr. Whitney has \$2,500,000 to put into his campaign to defeat congressmen who voted for the interests of the public instead of obeying Mr. Whitney, he has too much money and too much power. It is unthinkable that the people of this country should prostrate themselves before one man, or two men, and beg the right to live and to conduct their business and engage in the occupations by which they live.

Whenever it comes to pass that one man, or a group, can throw the country into chaos by using arbitrary power, we can no longer call this a government of, for or by the people.

The government of the United States is still bigger than any group or interest. Its power is given it to use in behalf of the people, not to use for any small fraction of the people, who happen to have the political strength of a closely knit and well financed organization.

President Truman has been late in asserting his authority to protect the people from the disorganization and stagnation a railroad strike could cause. He may have held off, hoping that the chaos and resentment resulting from the strike, would put the iron in the souls of the senators who have been pigeonholing labor legislation, so that they would consent for a while to legislate for the people, rather than for organized groups, maybe.

He may have been waiting for the resentment of the people to mount to the point where he himself would dare to defy these powerful political groups. He may timidly have been waiting for public backing before announcing his drastic program to prevent the disruption of the economic system. His administration, and the one that preceded him, have been responsible for the holding up of remedial labor legislation through their influence with the pro-labor senate committee.

For whatever reason he was waiting, he now has public sentiment behind him and if he will continue to show the energy and firmness he showed in his two public addresses last week, he can get whatever legislation is needed to keep business from stopping.

And whatever power is given him, should be used with all its strength to bring John L. Lewis to his senses, too.

**Avert Threats to Nation.**  
 (Sioux City Journal)

By all means let congress enact the laws the administration has asked so there will be machinery for the settling of industrial disputes that threaten the good of the nation and people. Let there be no destruction of existing provisions safeguarding the rights of labor. Let no one lose sight of the fact that labor has its side in our social and economic life, and let all agree that the workers of America must be treated fairly and justly. But when labor leaders go so far as to threaten the welfare and security of all the people they must be made to know that a higher authority than theirs can and does exist in a democracy. The time has come to put an end forever in this country to such threats as transportation and fuel stoppage. The country cannot exist without trains running and coal coming out of the ground.

**EQUALITY BEFORE THE LAW.**  
 (Omaha World Herald)

Army rule of labor is unnecessary in these United States. Equality unnecessary is confiscation of private business. Both are un-American; both, we think, intolerable in a free society.  
 The President spoke in haste and in anger. The Congress should not act in that temper, nor in that temper should the people decide. Equality before the law, particularly the anti-trust laws, for labor and management, and the prohibition of monopoly practices whether by labor or industry—these would be American solutions of an American problem.  
 In just and fair law, in keeping with the American tradition, not in excited, ill-considered and vengeful law lies the cure for our very serious troubles.

**Problems for Congress.**  
 (Lincoln Journal)  
 There are two problems before congress. One is to meet the present emergency by making certain that the president's powers, existing or newly-accorded, are still

sufficient to prevent further paralysis of the national economy during the reconversion period.  
 The other is to frame a permanent labor policy, restoring the balance upset by the unequal terms of the Wagner act, and defining effectively the point at which the right to strike is limited by the larger right of the people as a whole to an operating economic system.  
 In meeting neither problem can congress permit the necessity of circumspection once more to spell inaction and frustration of the public's rights.

**Senator Butler Wins Fight for Feed for Livestock**

Senator Hugh Butler's efforts have again "paid off" for the farmers and livestock producers of Nebraska!

When the 30c bonus on wheat and corn threatened to drain all grains into government channels and leave farmers without feed for their stock, Hugh Butler went into action. Through his efforts a law was passed by Congress enabling farmers, producers and feeders to buy and sell grain privately at the same price being paid by the government.

Senator Butler didn't stop here. He has now introduced a bill that will grant a 30c bonus to all farmers who answered the government's appeal for 1945 corn and wheat and sold it before April 19, the date the grain bonus went into effect.

This is real evidence of how Senator Butler operates. And all the more reason why he should be kept in the Senate to look out for Nebraska's interests.

**Strike TOO much pampering of labor union leaders no doubt heaped such fires of criticism on the administration that action to settle the railway strikes could not be delayed. The end came suddenly while the president was addressing the house to urge legislation authorizing penalties for those striking against government-held properties.**

The railway strike capped the climax of many bad strikes, and was the one most quickly and seriously felt. In asking for measures to end a public calamity, the president tried to be conciliatory by favoring preservation of the right to strike against private employers. This evidence of weakness could have been avoided. Any strike that paralyzes a country's economics could be outlawed without disservice even to the strikers.  
 Administration leaders express anxiety for labor unions to retain the ground they have gained, but they cannot retain it by sandbagging the country at frequent intervals by production stoppages. They are fast losing prestige, and if they continue the way they have been acting, they won't have enough left to elect anybody anywhere when November rolls around.  
 Reconstruction has been held back, production reduced and industry and business paralyzed by orders from power-thirsty leaders to quit work. A firm stand by the president and congress could have prevented much of such hardships. Any breath of disagreement with union bell-wethers is accepted as an affront and seems to call for vengeance. This should bring more and stiffer action in behalf of the general public.

**Equality IN AN EDITORIAL dissecting industrial troubles which have drawn the country into bitter conflict, and often deadlocked means of production; the Omaha World-Herald mentions labor union bosses as taking advantage of the "privileges and immunities, the irresponsibility granted it under new deal administration, with which Mr. Truman before and after his elevation to the presidency, has been a faithful fellow-traveler."**

Freedom from restraints imposed on other groups, labor union bosses have ridden rough-shod over human rights and the public welfare. The public is aroused to demand equality of privilege and opportunity. The World-Herald concludes:  
 "Not in anger, not in undue haste, but thoughtfully, wisely, cool-headedly, congress should act. And act free from fear of arrogant labor bosses, of radical fellow travelers with Moscow, of greedy industrialists—and of Bob Hannegan, his political aid and party chairman."  
 "The people of the United States are a long way from being out of the woods. Trouble, danger, still impend—precipitated largely by feeble, incompetent and irresolute government that too long has played a sordid game of politics with the country's destinies."  
 "Still, in justice and fair dealings and com-

AS SEEN BY KARL STEFAN

Washington, D. C., May 23, 1946  
 By a vote of 240 to 81, the house of representatives provided \$75,000 to cover expenses of continuing the studies and investigations that the house committee on un-American activities is authorized to make. Debate on the resolution revealed that there are more than 500,000 active communists in the United States.  
 From the fall of 1940 to February, 1946, 130,000 Nebraskans were inducted, enlisted or commissioned in our armed services. Of this number, some 30,000, or about 25 per cent, came from Nebraska farms. Of all the employed people in Nebraska, 37.1 per cent were engaged in farming, according to 1940 census figures. Thus by giving her sons to the fighting forces, Nebraska lost about one-fifth of all her farmers at their most productive age.  
 Farm labor in Nebraska was further reduced when a large portion of our 23,000 paid farm workers and our 20,000 unpaid family farm workers went into defense plants. It is estimated that Nebraska

department and naval establishments in the fiscal year 1947. The United States navy is now larger than the combination of all other navies of the world.

The bill to authorize terminal leave pay for enlisted men may pass the house of representatives in the near future. Shortly following a display of strength for the bill by the number of members' signatures affixed to a discharge petition, the committee on military affairs reported H. R. 4051. There is existing authority for the payment to commissioned officers at the termination of active duty the cash amount calculated to cover accumulated leave. Thus far, no similar provision has been made for enlisted men. H. R. 4051, if enacted, will extend the benefit to enlisted men as well as commissioned officers.

The war department said that its first major reorganization since 1942 will streamline the army, reduce costs, decentralize supervisory operations and put the emphasis where it belongs—on research and a strong air force.  
 Maj. Gen. F. L. Parks, director of war department public relations, said the army had to reorganize itself to cope with a reduction in its strength from a wartime peak of 8,000,000 to 1,550,000. The reorganization goes into effect June 11.

Gen. Parks said the present organization was formed to fight a global war. The emphasis now is placed on preparing the nation to protect itself and occupying Germany and Japan.  
 Scientific research and development policies will be directly under the control of the war secretary. He will be assisted by an advisory

## HEALTH HINTS for LIVESTOCK

**SWINE ERYSIPELAS IS NOW IN ALL STATES**  
One of America's newest swine diseases—erysipelas—is rapidly becoming one of its worst. In 1939 it was reported in 28 states. Today,

other swine diseases. Symptoms include sudden deaths, arched backs, lameness, high fever, and unwillingness of the hogs to move around. Due to the complexity of the symptoms, a veterinary diagnosis is generally necessary to determine whether erysipelas or some other condition is causing the losses. The disease occurs in two forms. The quick type causes immediate deaths and moves rapidly through the drove. The lingering type causes enlarged joints and sometimes sloughing of the skin.

Fortunately, a very effective vaccine has been developed — and this is proving extremely valuable in coping with erysipelas in areas where it has become a problem. The important feature about use of the vaccine is that it should be given as soon as possible after the pigs are farrowed, because erysipelas very commonly strikes piglets when they are only a few days old. Ceasing floors from farrowing until weaning time, have also aided in the control of the disease. It hogs do start dying of erysipelas — carcasses should be disposed of promptly, because rats and other vermin can act as spreaders, and once menace hog production in the entire community.

## HEALTH HINTS for LIVESTOCK

**WHEAT PASTURES AND CATTLE LOSSES**  
A peculiar disease condition called grass tetany "pasture poisoning" or "wheat poisoning," has

increase of the tiny amounts of calcium or lime and magnesium which are vitally essential in the blood of cattle. Usually the first symptoms of grass tetany which the owner notices are: grazing apart, uncertain gait, rolling eyes, gnashing teeth, froth from the mouth and, in severe cases, violent convulsions or fits. Such fits are especially severe in suckling calves. Often the disease in milk cows closely resembles milk fever—including coma and paralysis. Almost all cattle which are sick with grass tetany can be saved if given prompt veterinary attention by injection of suitable calcium and magnesium salts directly into the blood stream. However, if treatment is delayed until terminal symptoms develop, many of the severely-affected animals may die. Preventive measures include giving cattle a night fill of well-cured hay before they are turned to lush pastures, and feeding a salt lick containing bone meal, magnesium and stock salt—beginning about two weeks before the danger season and continued during the grazing season.

sons were at Victor Haase's that evening. Mrs. Fred Beckmann and Mrs. Russell Beckmann called at James McIntosh's Sunday afternoon. Mrs. Wrey Haller and Bobby of Lincoln, spent from Monday evening until this Thursday at Kenneth Johnson's. ## VOTERS . . .

Albert Fickler, Sr., a candidate for the unicameral legislature, has had legislative experience. His service was satisfactory to his constituents. He was elected to and served in the bicameral legislature from Stanton county. For his work as such representative his home community presented him with a gold watch for his "valuable service".

He is a candidate from the only county in this legislative district that has had no representation in the unicameral legislature. A senator from Wayne county served three terms, and a senator from Colfax county two terms. One should be elected from Stanton county.

Stanton county is not seeking favors but feel that as one of the three counties in this district, they should have proportionate representation in the unicameral legislature and have carefully selected their candidate.

AMERICAN FOUNDATION FOR ANIMAL HEALTH

**IS A NEW CHOLERA WAVE APPROACHING?**

It may be bad news for farmers, but the fact is that livestock health authorities are now predicting another sharp uprising in hog cholera outbreaks.

The reason for these predictions is the fact that cholera, for over 100 years, has shown a history of recurring in cycles. For the last few years it has been on the downgrade. Losses have still amounted to something like \$20,000,000 annually, and it still remains the nation's worst swine killer. Of course, compared with the peak-cycle losses, we have been comparatively "rucky" recently, but now, charted on a year-by-year basis, the serious uprising in the cholera cycle seems long overdue.

The question is—What should the average swine raiser do about it? Vigilance is probably the best answer. That means that every pig on the farm should be vaccinated against cholera as soon as possible, around weaning time. It also means that when suspicious symptoms appear—whether they look like enteritis, erysipelas, or some other disease, cholera should first be suspected and a veterinary diagnosis should be obtained, as a safety measure. There is no "cure" for cholera, once it strikes. The only safety lies in preventive vaccination, before an outbreak occurs.

# Congressman Karl Stefan

## THIRD DISTRICT Republican Candidate For Re-Election

Congressman Karl Stefan is the dean of the Nebraska delegation in Congress. For four years, he was the only Republican in either the House or the Senate from Nebraska. He is now the ranking minority member of the powerful Appropriations Committee. If Congress goes Republican, he will probably be Chairman of that Committee, one of the highest posts in our government. He is an outstanding leader in committee and on the floor of the house. His seniority and high standing make it possible for him to accomplish much for the people of his district.

**FOR GOOD GOVERNMENT**

Karl Stefan was awarded the Doctor of Laws degree from the National University of Washington for his work for GOOD GOVERNMENT.

He was selected as OFFICIAL ADVISOR to the United Nations Conference in San Francisco. The State Department also made him official delegate to the Interparliamentary Union at Oslo, Norway, and official inspector of foreign embassies.

He is held in high esteem by members of both parties in the House because of his ability, efficiency, progressiveness and his anxiety to be of service to all mankind.

**FARM GROUP LEADER**

Since the day he went to Congress in 1934, he has been an active advocate of farm legislation. He is one of the fathers of the farm-to-market road program. His work saved the shelterbelt tree planting program when it was to be discontinued. He worked for the original bill and helped to appropriate funds for rural electrification. He has fought to put farm prices on a parity with other prices.

**HONORED FOR WAR WORK**

Congressman Karl Stefan was awarded the Military Merit Medal last January by the Philippine Government. This is that government's highest award and was given for Karl's radio broadcasts in the native language during the Jap occupation of the islands. The citation says, in part: "Mr. Stefan's efforts beyond the line of duty were to a considerable degree responsible for the saving of innumerable American and Filipino lives."

He was also highly honored and commended for his broadcasts to the people of his native Czechoslovakia in their own language during the German occupation of that country.

General Omar N. Bradley, Administrator of Veterans' Affairs, wrote Congressman Stefan on March 1, 1946: "I should like to take this opportunity to thank you on behalf of the many American Veterans whom you have helped by your magnificent cooperation in veterans affairs of this country."

Out of the WEST Comes A FIGHTING LEADER Dwight Griswold The Man for the JOB IN this critical hour of strikes and shortages all the Nation cries out for Leadership—and Nebraska has a Great Leader to help fight the battle in Washington—Dwight Griswold. DWIGHT GRISWOLD is the man for the job . . . the tough, six year job that demands vigor and action. Born in Western Nebraska at homesteading parents, Dwight Griswold battled his way from the sandhill country to Nebraska's capital. He has proved himself a great Governor. He will be a Great Nebraska Senator. DWIGHT GRISWOLD gets things done. He is still a comparatively young man. He is 6ft. Dwight Griswold is a fighting leader, with national prestige. He is a Republican, but not the kind who believes we can go back to the so-called "good old days" of 50 years ago. He believes in a Farm Program, REA, Soil and Water Conservation, Better Farm Roads. AND Dwight Griswold is no fence-straddler. He has the punch and vigor and COURAGE to get something done about these strikes and shortages. He is opposed by Omaha Court House Politicians, but all Nebraska needs him to help stop these Strikes and get Production Rolling. Vote Republican June 11th — ELECT DWIGHT GRISWOLD United States Senator

**Gambles THE FRIENDLY STORE**

The library will be closed on Decoration day, as is the usual custom. Story hour for the children will start Thursday, June 13. Watch this column for further information about it.

Maybe some of you have started the serial by W. Somerset Maugham which is running in the Cosmopolitan. Then and Now, a novel of the Renaissance, you do not like to read your novels that way come to the library and get the book. It is the Literary Guild selection for June and is the story of Machiavelli.

The book which won the Intercollegiate Literary Fellowship of the Dodd Mead Company this year, is The Unrestrained Heart by Constance Berensford Howe. This talented young writer is working for her master's degree at McGill in Montreal, her birthplace. For a young writer she shows a great deal of promise. The Literary Fellowship which she has won by writing this novel is granted annually to assist a student in an American or Canadian college to complete a projected novel.

One of the Elizabeth Seifert novels. You will find it on the rental shelf and we recommend it to you to pass an agreeable summer afternoon or evening.

Buried Stream by Ernest Brace is another new novel just received. This one may not be everyone's dish but there are some who are going to find it worth reading. It is the story of a man and his wife when the buried stream of his inner thoughts and compulsions, long submerged beneath the surface of convention and everyday routine, cannot longer be ignored.

Men Entering Army To Be Entertained For high school graduates unable to continue their education in college or university, or undecided about their future, the advance corps offers a number of advantages, according to S. Sgt. Raymond A. Henry, USMC, non-commissioned officer in charge of the Norfolk recruiting office.

The marine corps permits enlistees to further their education through the marine corps institute, a fully accredited correspondence school. S. Sgt. Henry points out:

Enlistees who choose to attend college after any of these periods will have the privileges of the G. I. bill of rights, which S. Sgt. Henry said provides up to \$80 a month for subsistence and \$500 a year for tuition, books and other items.

The enlistment period for young men 17 to 26, inclusive, is for two, three or four years, for either general duty or duty with marine aviation units. Detailed information is available at the marine corps recruiting office in Room 305, post office building, Norfolk.

National Honors Wren on Editorial An editorial written by Stanley Stratton, son of Mr. and Mrs. E. O. Stratton of Pendleton, Ore., formerly of Wayne, was a national winner in the Quill and Scroll editorial writing contest. If Stanley had been a senior, this year he would have been privileged to apply for a \$500 scholarship in any university or college which is a member of the American Association of Schools and Departments of Journalism.

The prize editorial is entitled "Ban Power Politics for UNO Councils." In announcing the award, Quill and Scroll said the youth "showed a fine mastery of the language and a skill of expressing his thoughts well in creative writing."

Stanley, who is a junior, served as sports editor of The Lantern this year, is a member of Quill and Scroll national honorary society for journalism, and is junior class citizenship cup winner.

NUMBER THREE

Cows on Highway Result in Trouble

Ordinance to Take Discard Out of Animal Chorus Passed in City.

At Ritzville, Wash., three cows decided to cross a highway. State Patrolman Roy Belatch reported these developments: A driver, swearing to miss the cows, hit a calf, and his woman companion and the calf went into a ditch full of water. Another car glanced off a parker truck and struck the leg of a navy lieutenant who had stopped to help. The box truck: Three damaged cows, one wet woman, one drowned calf, one compound leg fracture, one negligent driving charge, three unscathed cows.

Henceforth the choirs of the New Ulm, Minn., churches will not have to compete with mooing cows, bleating sheep and squealing hogs. Livestock in trucks parked near churches have brought discords to the strains of morning hymns and the congregations have objected. The city council has ordered police to arrest truckers who park their loads of livestock near houses of worship.

Sgt. S. R. Rushing, army signal corps, arrived at the Los Alamos, N. M., atomic bomb project to work in the technical area. Telephone office He reported to the non-commissioned officer in charge of the office, Sgt. Nellie M. Rushing, his daughter.

Henry A. Sikso works in the design branch of the Omaha district engineer's office. His telephone extension is 90. A frequent situation: A person telephoning Mr. Sikso asks: "Is this Sikso?" The voice on the other end replies: "You must be the wrong number. This is nine-0." To iron this out, the office may have to put Mr. Sikso on extension 60.

Father William McLaughlin of Bellingham, Wash., ran this advertisement: "Will grade distinguished service cross I won in World War I for priority on tractor." The ex-machine gunner of the first World War said he had saved for five years to buy a tractor, but couldn't buy one now because priority regulations favored veterans of World War II. His decoration was for wiping out a German machine gun nest single-handed.

Marianna, Fla., high school's entire graduating class will join the navy. The boys, 16 strong and not a dissenter in the group, have filled out applications for enlistment in the regular navy. Lt. Cmdr. E. C. London, commanding officer of the Florida naval recruiting district, said the sea-minded high school grads will be given their final physical examination and be sworn in.

A woman motorist in Mankato, Minn., traffic court on a charge of speeding, interrupted a policeman who testified she had been driving 55 miles an hour. "Fifty-five?" questioned the motorist. "Not me! I was hitting 60." "I'll make it 15," broke in the judge. "That is \$15."

C. C. Rial of St. Paul, Minn., has a raft of trouble, he complained to police. In these days of timber shortages, he managed to amass 14 fence posts but when he got ready to install them, they were gone. His inquiry led to a near-by pond where he discovered his missing property. He asked police to find the culprits and make them take the raft apart and return his fence posts.

An impatient Buffalo, N. Y., motorist who thought a freight train was passing a crossing too slowly, pulled a coupling lever, "breaking" the train into two sections. He was fined \$150.

Police in Chicago credited a 3-year-old Doberman Pinscher with breaking up a robbery in its mass.

Father of Wayne Man Passes Away

George Kern, past 80, father of A. M. Kern, died of a heart attack Saturday at his home near Cadams. Mr. Kern had been failing in health for some time. Mr. and Mrs. L. B. McClure took Mr. and Mrs. A. M. Kern and two sons to Cadams Saturday evening. The McClures returned Sunday.

Funeral services were held Wednesday. George Kern is survived by his wife, four daughters, two sons and one brother. All were present for the services. Mr. Kern returns to Wayne this Thursday, while his wife and sons will remain at Cadams several weeks.

Police carted two boys wheeling a baby carriage at 4:30 a. m. Two pink blankets covered what looked like a pretty large baby. It was a 50-pound safe, stolen, officers said, from a shoe store.

At Albuquerque, N. M., passers-by gathered in a knot on a downtown corner to gaze, from a respectful distance, at a three-foot bull snake sunning itself on the running board of a parked car. Willie Salas broke up the show before anyone learned how the reptile got there. He pecked the snake and stipped away, remarking: "I've got mice in my cellar."

Giving up hope of finding another apartment at Los Angeles after receiving an eviction notice, Kenneth Gruse, 22, marine veteran, started loading his trailer, preparing to go back to his home town, Tulsa, Okla. He made the last trip back into the house, to get his radio. Mr. Gruse is still in Los Angeles, listening to the radio, wondering who drive off with his car, his trailer and his household goods.

Irving Feinberg of Chicago, was driving his automobile on Ogden avenue when he jolted violently and the front end of the car sagged abruptly to the left. Spying his front wheel rolling down the street, he maneuvered his three-wheeled auto to the curb, leaped out and prepared to retrieve the wheel. But another autoist sped past Mr. Feinberg and caught up the runaway wheel. He picked it up, threw it in his car and drove away.

Three Oshkosh, Wis., youths who admitted to police they deflated tires on a string of parked automobiles, learned the foily of their prank the hard way. With Policeman Walter Loppnow supervising, the three boys, each manning a hand pump, re-inflated all the tires to normal pressure.

Kenny Kifen, 6, Milwaukee, Wis., who had gone to play with his friend, Scotty Kussel, came running back because, "there was a sign on the door." "Did it say me-a-s-le-s?" his mother asked Kenny, who is learning his letters but can't read. Kenny couldn't remember so he hurried over to Scotty's house again. This time with pencil and paper to make a laboriously printed copy of the sign. It read: Please Wipe Your Feet.

Scott Wiender, Elgin, Ill., says he has changed his opinion about his dog, which he had claimed the best watch dog in Elgin township. While Mr. Wiender's dog was watching his master pick asparagus, a sneak thief looted the home of a watch and a purse containing \$10.

Pioneer Team Defeats Pender

Wakefield Big Six Team Wins Over Wayne Here Sunday Afternoon.

Sparked by the four-hit pitching of "Bud" Best, Wayne's Pioneer league baseball team registered in the winner's column by defeating the Pender nine, 11 to 4, at Pender Sunday afternoon.

It was the third game of the season for the Wayne players, all of whom showed considerable improvement in their play. In addition to striking out 10 men, Best played a nice fielding game, being credited with nine assists.

Johnson and Van Auken, with three hits each, led the Wayne offensive which clipped two Pender pitchers for a total of 17 safeties. Next Sunday the Wayne team plays host to the strong West Point nine, the game scheduled to start at 2:30.

Box score table showing pitcher statistics for Wayne and Pender teams.

Three-base hit: Johnson, Two-base hits: Otto, Retzlaff, Becker. Struck out: By Best, 10; by Ellyson, 3; by Stevens, 3. Bases on balls: Off Best 5, off Stevens 1.

Wakefield Is Winner. Wakefield Big Six league baseball team defeated Wayne Big Six league team 5 to 1 in a game played at Wayne Sunday afternoon. Wakefield made four runs in the first inning and each team made one run later in the game.

Gift Is Received For Famine Relief A contribution of \$100 was turned over to the famine emergency campaign committee by the Wayne State Teachers College Student Council in behalf of the college students.

Famine is a terrifying word. Five hundred million people are in danger of starvation. Not even in the dark ages were hunger and misery so widespread. All can share abundance to lessen this tragedy. Food can help build a peaceful world.

County manager of the famine emergency campaign in Wayne county is Thomas P. Roberts.

Enlist Young Men In Marine Corps Men who enlist in the army will be guests of Norfolk Legion post at a dance Sunday evening, June 2. Lt. Col. Weaver, who is in charge of the Nebraska recruiting district, will be guest of honor.

Nebraska Omitted In Tornado Report

Sharp Contrast Seen in Pacific

Primitive and modern are in sharp contrast on Leyte in the Philippines, in Okinawa and Korea, according to Chester I. Walters, who is home after serving as captain with an ordnance depot. He left the states April 18, 1944, and arrived in San Francisco on his return April 4. Mr. Walters, former Wayne county agent, arrived here Thursday and visited until Monday when he went to Central City to see his sister. He will visit in Lincoln and Omaha and return here later. His plans are not yet definite.

The part of Leyte on which Mr. Walters served was very primitive, with frail huts covered with woven palm leaves. Natives use all kinds of fibers, banana, pineapple, etc. for wearing materials. Most of them are barefooted and their clothing is very poor. The water buffalo is used for hauling loads and for field work. Rooster fights are favorite sports.

Okinawa also reveals much primitive life. Transportation is an example of the contrasts in types. One sees oxen drawing carts, bicycles with trailers, all sizes of horses with carts, modern cars, up-to-date trains, men carrying heavy loads on their heads or their backs, and sail boats with cargoes.

American GIs used coral to build super highways through muddy swamps. The coral is two to five feet deep.

Living standards are very low in Okinawa. Meat is exceptionally scarce. The natives kill old horses and do fishing to get this food.

Mr. Walters was in Okinawa when a typhoon struck, and tents and buildings at the station were destroyed. He was also in a convoy enroute to Korea when another typhoon hit. He was on an LST and several of the ships lost life boats and other riggings.

Capt. John McGuire, son of the R. S. McGuire of Wisner, was in charge of the military cemetery in Okinawa. He and others picked a beautiful spot at the foot of a hill. The cemetery was terraced, with several elevations. Natives built up the sides of the terraces with slanting stone walls. The marine cemetery on the island is also attractive with its rows of white crosses and a flag in front of each cross.

Mr. Walters found Korea quite modern in some ways. The capitol building is a beautiful white stone structure. Cities are also modern. There, too, though, one finds much primitive life. Mr. Walters saw men and women threshing rice with a drum on which were spikes which knocked the grain out as the drum revolved. One of the favorite means of transportation is that of carrying loads on the back in the fork of a tree.

A visit to the south Pacific is educational, but Mr. Walters is glad to be back in the states.

Marry at Service In Laughlin Home Miss Helen Laughlin, daughter of Mr. and Mrs. E. M. Laughlin of Wayne, and Lloyd Berryman of Norfolk, were married Friday noon at the Laughlin home, Judge J. M. Cherry performing the service in the presence of immediate relatives.

Wayne Berg Sells His Business Here Wayne Berg, who had operated the Nu-Tavern here, sold the business to George Hofman. Mr. Berg has purchased a similar place of business in Winnebago and will go there, with his family, soon after June 1 to start business.

W. M. LOWE BUYS STULL PROPERTY Mr. and Mrs. W. M. Lowe bought the Melvin Stull property on East 4th street and will move to it soon.

Birthday Club Gift. Wayne Birthday club gave \$2 to the cancer drive.

Return to Home. Mrs. Ernest Brundick and infant son returned home Friday from a Wayne hospital.

No Damage in Fire. No damage resulted last Wednesday afternoon when oil in a drain pit at the Nelson station near the college caught fire. Wayne department responded.

To Receive Discharge. Miss Nona Jean Hall receives her honorable discharge from the marines at Washington, D. C., June 13 and plans to fly to Omaha by plane the same day. Her parents, Mr. and Mrs. W. D. Hall, will meet her in Omaha.

Wakefield and Concord Get New School Structures In Early Period.

Early Days from Wayne Herald for May 29, 1930: A Literary Digest report states that Iowa leads the nation in tornadoes, followed by Missouri, Kansas, Tennessee, Alabama, Minnesota, Illinois and Wisconsin. Nebraska is left out of the report on states having violent storms. It is said that 80 per cent of the tornadoes occur between noon and 6 p. m. and that they average 1,000 feet in width.

Contract for Wakefield's new school was let to Kingery of Lincoln, and Orr of Sioux City for about \$73,000.

Concord's new brick school, which will cost about \$20,000, will be built by Beckenhauer brothers of Norfolk.

Madison county has 56 miles of railroad. . . The creamery at Fairmont churns 800 pounds of butter daily. . . Wayne extracts an occupation tax of \$700 from saloonkeepers in addition to a license of \$500. . . A terrible cyclone passed over Forest, Ohio, demolishing buildings. . . The Nebraska militia will be supplied with new model Springfield rifles to take the place of old muskets. . . The streets of New York are full of houses that are being removed to make room for brick structures. . . Some of Nebraska have sold their corn in the field for 10 cents a bushel in order to have free ground for spring planting. . . A severe cyclone struck the town of Noronville, Kan., doing a vast amount of damage. . . Severe frosts are reported from all parts of Michigan, resulting in much damage to fruits and vegetables.

Vet's Corner

The 104 Wayne county ex-servicemen who are registered under the self-employment program of the GI bill received a total of \$9,880. These veterans are all engaged in farming. Total months entitlement is 10 1/2 months.

District meeting of county service officers was held in Norfolk May 29 at 9:30 a. m. Nebraska now offers 16,700 on-the-job opportunities to World War II veterans. So far \$5 on-the-job-training programs have been approved for those wishing to learn farming.

Since the beginning of 1945 the veterans administration has approved 2,150 "GI I" home loans.

Veterans beware of cards sent to you by "Clipping Agencies" which read as follows: "A very interesting article concerning you has just been published in a newspaper. Send us 25c for mailing and we will be glad to forward article to you." What you get is an old-three-line item from society locals which was seen months ago.

During the week ending May 11 the veterans administration reports a total of 161,286 applicants for unemployment as compared to 148,723 the preceding week.

Veterans will have charge of the Nebraska state fair opening September 1.

Mr. Flood, representative from Pennsylvania, has proposed H. R. 4966 in congress. This reads as follows: "Be it enacted that the widow of any person who served in active military or naval service after September 16, 1940, be extended the educational benefits provided for veterans of World War II by Part VIII of the veteran's regulation No. 1, G. I. Bill."

Insurance Bill Approved. Committee in house of representatives approved H. R. 8371, a measure to liberalize the national service life insurance contracts issued to veterans of World War II. Proposals are:

1. Arrangement for an endowment plan providing for lump sum payment after 20 years at the age

of 60, or at age 65 for less than 20 years.

2. Permitting the servicemen to name any beneficiary he chooses instead of only his wife, child, father, mother, brother or sister.

3. Payment of the insurance to the veteran's estate after all the permitted classes of beneficiaries have died first, instead of making no payment at all under the present law.

4. Allowing the veteran to choose whether he wants payment made in a lump sum or by installments instead of installments only.

5. A provision permits the beneficiary to assign his interest in payments to someone else if he so wishes.

6. In any case where there is less than permanent and total disability, permit reinstatement of lapsed policy without a health statement any time up to January 1, 1950, instead of January 1, 1947.

7. Permit payment by installments or lump sum during the lifetime of any veteran who is suffering from permanent and total disability.

8. Include disability insurance at a small additional charge.

9. Keep insurance in force without payment of premiums if a veteran suffering permanent and total disability for six consecutive months or more.

10. Provide, retroactively, that all men were automatically covered by insurance during the first 120 days of service.

Q. Is a veteran entitled to the full benefits of the GI bill if he was discharged from the service because of dependency?

A. A man, if otherwise eligible, does not forfeit rights under the GI bill of rights if he is discharged because of dependency.

Senator Hugh Butler, republican senator from Nebraska, urged that all ratings for disability compensation by World War II veterans be given thorough review on the basis of a physical examination by the veterans' administration as soon as possible, the ratings given on such reviews to be retroactive to the date of the original claim for compensation. The recommendation was contained in a letter to General Omar Bradley, head of the veterans' administration.

"The rights of every claimant should be protected and guaranteed to the fullest possible extent," the senator's letter pointed out. "If mistakes are unavoidable during the current rush we should at least be prepared to go back later and correct those mistakes when we have time."

Senator Butler stated that under current procedure ratings must be given hurriedly and on the basis of inadequate evidence, making errors inevitable. While all cases may be thoroughly reviewed at a later date, changes in erroneous ratings will be dated only from the date of the change.

The senator's proposal would require that ratings made at present be considered tentative subject to confirmation or change by the subsequent review. This would permit retroactive payments to make up for any loss to a claimant. Senator Butler said he understood this procedure could be adopted by administrative decision of the veterans' administration without the necessity of additional legislation.

held Thursday evening, May 23, with Senator W. A. Grossland giving the address. His topic was "One Of the Future." Jackie Kuhl gave the valedictorian address and Margie Kuhl the salutatorian address. The class history was given. Dedication of the "Roll of Honor", which included 44 boys and girls who served in World War II, was read by Phyllis Isom and was a gift to the high school from the seniors of 1946. Miss Eva M. Plummer presented the diplomas and scholarships.

All seniors of 1946 are attending college this summer and teaching this fall.

Courses were presented to the superintendent, Miss Gwendolyn Barton and the principal, Miss Plummer, at commencement exercises by the seniors.

Baccalaureate service was held last week Sunday evening with Rev. S. K. deFreese of Wayne giving the sermon.

Seniors are Jacqueline Kuhl, Margie Kuhl and Phyllis Isom.

The high school enjoyed a wien-roast off the school grounds one day last week.

Intermediate Room.

The five eighth graders are Nancy Ferris, William Bernel, Donald Griggs, Eugene Samuelson, and Roley Isom.

Honor pupils are Eugene Samuelson in the eighth, Carol Volk close second having only 5-9 percent lower average, and Joanne in the sixth with Norris Nelson a Kuhl in the fifth.

Intermediate grades held a wien-roast Friday afternoon at the railroad viaduct.

Miss Marcella Smith of Wisner, and Burton Koehler of Pilger, were married Tuesday last week at Stanton.

## Wedding Service Held in Church

### Miss Inabelle Pearson Is Bride Here Monday of Ronald Kuhnhehn.

Miss Inabelle Pearson, daughter of Mr. and Mrs. E. L. Pearson, and Ronald Kuhnhehn, son of Mr. and Mrs. Carsten Petersen of Wayne, were married Monday, May 27, at 2 at Carroll Baptist church, Rev. C. G. Stevens of Sioux City, officiating at the double-ring ceremony in the presence of relatives and friends. The date was the wedding anniversary of the bride's twin sister and husband, Mr. and Mrs. Don Gilmer of Sioux City.

Flowers decorated the church. Mrs. Chas. Whitney played the professional and recessional and also furnished soft music during the ceremony. Miss June Whitney, in peach formal, sang "I Love You Truly" and "O Promise Me" before the rites.

The bride, who was given in marriage by her father, wore a white gown with long pointed sleeves and sweetheart neckline. Her tulle veil carried to her mother. She carried red roses.

Mrs. Gilmer, who attended her sister, wore a blue gown and a corsage. Mr. Kuhnhehn and his attendant, Mr. Gilmer, wore dark suits.

Miss June Pearson, sister of the bride, wearing a peach-colored formal, and Miss Mildred Kenny, cousin of the bridegroom, in a pink formal served as ushers.

A reception was held in the Pearson home for about 50. Blue and white were carried out. The three-tier cake was decorated with a miniature bridal couple.

Mr. and Mrs. Kuhnhehn went for a trip, after which they will return to live at Wayne where Mr. Kuhnhehn will be employed.

The bride is a graduate of Carroll high school and attended Wayne college. She had been employed in Wayne at the Benthack hospital.

Mr. Kuhnhehn, who attended school in Carroll, served in the Seabees, many months in the Pacific. He received his honorable discharge at St. Louis.

Will work to reduce taxes. Will work to cut out all unnecessary offices and bureaus. Believes farmers should be permitted to drag roads and do some of the other necessary road work. They are entitled to this work and it would provide them with a "lift" in the payment of their taxes. Believes in good roads, but homes come first. Believes in honest government—special favors to none. Opposed to salting away large sums of taxpayers' money in the various banks and suggest the use of surplus funds rather than increasing taxes. Believes public funds should be spent with the same care and conservatism as one's own funds. Believes same man in office too long is not a good thing for the taxpayer.

LINCOLN JOURNAL 9 WEEKS \$1 A YEAR \$5

You need a big "wire photo" daily newspaper. People taking 30c a week papers pay \$15.60 a year and due to not being paid ahead can easily switch. They get their other mail through the postoffice.

The Daily Lincoln Nebraska State Journal can give you two to ten hours later news out on rural routes and in many towns because it is the only large state daily between Omaha and Denver printing at night, in fact after 5 p. m.

The Lincoln Journal prints editions right up until train time day and night. The Morning Journal comes in time for mail delivery the same day. Dailies printed on the Iowa line edit for Iowa readers.

The Lincoln Journal sells for three to five dollars a year less than any other big State morning daily, and is priced as low as day late afternoon papers.

By mail in Nebraska and North Kansas, nine weeks daily, \$1.00, daily with Sunday, twelve weeks, \$2.00; a year \$5.00 daily, \$8.00 with Sunday; 25c a month higher to other states.

Order direct or through our office. (Seal) J. M. CHERRY, County Judge

LEGAL NOTICE

In the County Court of Wayne County, Nebraska. In the matter of the estate of William H. Fisher, deceased.

To all persons interested in the estate of William H. Fisher, deceased, both creditors and heirs:

You and each of you are hereby notified that on the 20th day of May, 1946, Purl Fisher filed his petition in the County Court of Wayne County, Nebraska, alleging that William H. Fisher bequeathed this life in testate in Wayne County, Nebraska, on or about the 9th day of May, 1940; that at the time of his death decedent was seized in fee simple and owned the Northwest Quarter of Section 20 and the Northeast Quarter of the Northeast Quarter of Section 19, all in Township 26 North, Range 2 East of the 6th P. M., Wayne County, Nebraska; and that he left surviving him as his sole and only heirs at law his widow, Anna Fisher, and his children, Purl Fisher, Antie Fisher, Elmer Fisher, Vallie Decker and Lettie Barlow; that said petitioner is the owner of an undivided interest in said above described real estate and further alleges that all debts, claims and demands against the estate of

William H. Fisher, deceased, have been paid in full; that all debts, claims and obligations against said estate are forever barred and that no application has ever been made in the State of Nebraska for the appointment of administrator for said estate.

Said petitioner in his petition prays for a finding and decree determining the date of death of said William H. Fisher and that he died intestate, and for a determination of heirs and the degree of kinship and the right of descent of said real estate, and petitioner prays for such further order and relief that may be just and proper in the premises.

Hearing on said petition will be had before the County Court of Wayne County, Nebraska, in the County Court Room, on the 8th day of June, 1946, at 10:00 a. m., at which time and place all persons interested in said estate may appear and show cause why a decree should not be made and entered as prayed in said petition.

Dated this 20th day of May, 1946. (Seal) J. M. CHERRY, County Judge

Richard Enstroms Have an "Unexpected Guest". Left to right: Richard Enstrom, Leland Enstrom, Senator Hugh Butler, and Mrs. Enstrom. What sort of person is Senator Hugh Butler, anyhow? Well, let's let the Richard Enstroms tell us. They got a pretty good chance to size him up not long ago when he dropped in for a little visit with the Enstroms at their farm home near Oakland. Said Mrs. Enstrom: "He came here with Mr. Paul Kruger of Ft. Calhoun and Mr. Rudolph Raabe of Beemer on a trip to find out more about the lack of farm machinery. I didn't know who he was until my husband brought him in the house and introduced him. Senator Butler—here in my kitchen—my goodness! "I was right in the midst of the family wash and I hadn't taken care of the eggs, on anything. At first I hardly knew what to say. We are just plain farm folks, you know, and he is a United States Senator. But he was so nice... we all sat down at the kitchen table. Soon I felt right at home with him—like I'd known him all my life. There's nothing fancy about him, and before I knew it I'd forgot all about him being a Senator. He told us about Congress and especially what they're doing to get electricity on more farm homes. "I can understand why farm people like Senator Butler." Mr. Enstrom said the Senator is "real bright about farm problems—a practical, experienced farmer himself who still runs his own farm on a partnership basis." "Butler feeds a lot of cattle on his farm, too, and knows what we farmers are up against," said Mr. Enstrom.

Why YOU should sign the RIGHT TO WORK PETITION. The right to work and earn a living for his family is the FUNDAMENTAL PRIVILEGE of every American. NO EMPLOYER should have the right to keep a man from working—because he belongs to a union. NO UNION should have the right to keep a man from working—because he refuses to join a union. That, in simple terms, states the position of the Nebraska Small Businessmen's Association and why we urge every citizen to sign the "Right to Work" petition now being circulated. EVERY NEBRASKAN BENEFITS. 1. THE WORKER BENEFITS because the "Right to Work" amendment will assure him freedom to work without being fired because he joins a union, or forced to join a union against his will. 2. THE FARMER BENEFITS because the "Right to Work" amendment will be an aid to industrial peace. The city worker, who is the farmer's best customer, will, through steadier employment, have more spendable income for food and other agricultural products. It likewise means that much needed farm machinery and equipment will become more readily available. 3. THE HOUSEWIFE BENEFITS because industrial peace will mean a steadier income for her family and the assurance that more of the necessary goods and services her family require will be available. 4. THE PUBLIC BENEFITS because the "Right to Work" amendment will bring about steadier employment, help build more industries—more jobs—and bring greater prosperity to Nebraska. PETITION ASSURES VOTE OF PEOPLE. 1. By signing the petition you are not creating a law; You are merely giving the people of this state the right to vote next November on the "Right to Work" amendment to the state's constitution. 2. By signing the petition you are not opposing collective bargaining or any man's right to join a union if he wants to. 3. By signing the petition you are broadcasting to industry and the workers throughout the nation that Nebraska is FAIR to industry and workers alike—that every man and woman can work and do business in Nebraska completely free of domination, by either labor or employer. YOUR SIGNATURE WILL HELP! ADD YOUR NAME TO THE THOUSANDS ALREADY ON THE PETITION. Thousands of Nebraskans have already signed the "Right to Work" petition. Signatures are needed in every community throughout Nebraska. If you wish to circulate a petition in your town you may obtain one by writing to State Chairman C. D. "Neal" Haskell, Laurel, Nebraska, or to the Secretary, Nebraska Small Businessmen's Association, 703 Omaha National Bank Building, Omaha, Nebraska. NEBRASKA SMALL BUSINESSMEN'S ASSOCIATION
