

To Fire Chief of Many Years - In Memory of Departed Friend - For Disabled Veterans - Broken Bones - Not Savage Enough.

The plan to bestow special honors on M. L. Ringer after thirty years as fire chief will be applauded by the general public...

It is a far cry from the fire fighting bucket brigade of primitive Wayne to present-day motorized equipment and newest means of attacking and overcoming one bad property-destroying demon.

Outstanding record as fire chief is only a part of Mr. Ringer's liberal contribution to public service.

Duly Remembered. Tribute to the late Mrs. Clyde Oman by the editor of the Bridgeport News-Blade will be read with sympathetic interest...

Nebraska Misjudged
SENATOR Butler's victory over Governor Griswold in the late senatorial campaign is misinterpreted by the eastern press. It charges predominance of isolationist sentiment. The senator's record clearly entitles him to popular endorsement. He will be found behind any movement for practical aid to other nations or for sensible cooperation with them. In the Sioux City Journal, J. S. Woodson has taken editorial note of the injustice to Nebraska, concluding with these paragraphs:

"For anyone to say that Nebraskans, or any other middle western groups are isolationists is to imply that they do not have their share of common sense, that the recent war taught them nothing, that they have no realism and lack information on what is going on in the world. It is almost an insult to the middle west to express the belief that it is isolationist minded so soon after the world upheaval that proved to people everywhere in this country the fact that the United States must participate in international affairs, must have a clearcut, forthright and fearless foreign policy and is obliged to recognize the responsibility that in times like these rests on a great power.

"Let the eastern journalists also be advised that the Chicago Tribune's interpretation of political trends, such for example, as the recent Nebraska primary, is not dependable. They should have known that without being told at this late hour. The Tribune, isolationist itself, would like to believe the middle west ready to join the American firsters, but it isn't. The middle west is much more intelligent than that just as it always has been."

Consistent with American independence which was declared on July 4, the Philippine islands will be given their independence on that day this year. A Filipino patriot, Manuel Roxas, appreciative of the United States and loyal to its ideals, will take over as president. The islands were wrested from Spain in 1898, and the costly task of educating and generally fitting the islanders for self-government has followed

through the years. What to do with the islands was a serious problem. They could not be returned to Spain, and they could not be abandoned to become the prey of Japan. The only solution was to hang on until the natives had become properly trained to handle their own affairs. It is believed after 48 years that juncture has been reached.

A story about the way nerves behave is treated at length in a current magazine. The war was terrifically hard on democracy's boys who were reared in environments of peace. They were not cowards. They wanted to do their duty, and they did. But many from force of training were too sensitive to stand the brutalities of armed conflict. Thus, many broken nervous systems came out of the war, and they need every possible aid to secure successful rehabilitation.

The Hobbs anti-racketeering bill which has been approved by the house and senate, is designed to safeguard interstate commerce. Interfering with truckers entering New York in 1942 is said to have prompted the measure. Labor union bosses have felt free to make demands on workers who were out of line with the organization's rules. It was predicted the first of the week that the president had indicated his intention to sign the bill.

It would be a relief to over-stuffed wastebaskets and a contribution to our ideas of economy if government bureaus would largely reduce their literary outpourings. They employ too many in doing what recognized news agencies do better, and they use a lot of paper that ought to be saved.

The charge by Russian diplomats that the United States proposes to use the atomic bomb to dominate the world suggests what the soviet union would do under similar advantages. The Russian attitude makes maintenance of atomic secrets more important.

July Fourth will be along in another week. It should be made the occasion of patriotic speeches and, more important, a revival of patriotic fervor. With all its blunders, the United States is still the best and most promising country in the world.

We think voters of Nebraska are in the proper frame of mind, made so by frequent strikes and production interruptions, to give overwhelming support to the proposed constitutional amendment to insure freedom to work.

All burials were recently suspended at Fairview Cemetery, New Jersey, pending settlement of a gravediggers' strike. And it is comforting to believe subjects awaiting burial did not care a darn.

California civic leaders have lately advertised for people to stay away from that state. They evidently do not have enough prosperity or mild climate to accommodate new-comers.

More effort is often put forth trying to gain wage increases than would be necessary to earn the difference.

How It Looks To Car Makers.

(Omaha Journal-Stock) Despite price increases which have been allowed on new cars and despite any other relief auto manufacturers may have been afforded from mounting production and raw material prices, the passenger car building companies suffered a net loss of \$50,153,714 or more than 10 per cent on every dollar of sales during the first quarter of this year, according to the Automobile Manufacturers' Association. This loss, figured after allowance for tax credits under the excess profits tax carry-back provisions, exceeds even the depression year of 1932, which brought a loss of 6.7 per cent on every dollar of sales. In contrast, a 3.97 per cent profit on the dollar was realized by the same firms in 1945, and as much as 8.25 per cent back in 1939.

JOHN L.'S STAND-IN.
(Pathfinder Magazine)
There's a newspaperman in Washington who hesitates to go out at night for fear of being mistaken for United Mine Workers' head John L. Lewis and being beaten up. John L. himself takes precautions—he seldom goes anywhere without a bodyguard. But H. O. Bishop, a native Texan and long-time correspondent and public relations man in Washington, can't afford to hire protectors.

Life Lewis is he portly, with bushy, flowing hair. He lacks the heavy eyebrows and pompousness of the mine leader, but even so, laborers accost him on the street to congratulate him for strike successes. They also stop to swear at him.

Bishop, who likes to play a part, sometimes accepts the congratulations without revealing his identity. Once, however, he admits he went too far—"I had to change my bus stop on the way home," he says. "The panhandlers were waiting for me."

On a visit to New York, he entered a barber shop, where the barbers gazed at him with something akin to awe. As one of them was finishing cutting Bishop's hair, he whispered that the men "would like to shake hands with you, Mr. Lewis."

"Sure," said Bishop, expanding his chest slightly in the best Lewis manner. After he had shaken hands all around, he heard one of the barbers wishing vocally that Lewis were head of the barbers' union instead of UMW.

"If I were," said Bishop, "I'd get the union to set a one dollar fine for every man who shaves himself instead of letting a union barber do it." The barbers were a little aghast at that. But some months later, when Bishop, back in Washington, told Lewis about the incident, Lewis didn't seem startled at all. "Not a bad idea," he said.

Is Brought to Court.

NONSENSE.
The suggestion in official Washington to get rid of the government's synthetic rubber plants does not make sense to Congressman Karl Stefan, and many will agree with him. The congressman comments: "Congress will have to act upon that proposition, however. For the first time in our history, our country has a supply of synthetic rubber which is capable of freeing our people from the British-Dutch world-wide cartel which always has controlled the supply of natural rubber. That cartel will renew its monopoly of natural rubber as soon as the plantations of the East Indies are again in operation. It will be remembered how that monopoly profited by many millions in sales of rubber for our war stock-pile before the United States went to war. But for the hasty erection of our synthetic rubber industries we were completely at the mercy of the world cartel. Keeping our synthetic plants in operation will head off another long term of monopoly control of rubber, of which our country uses more than all the rest of the world."

Congress
AS SEEN BY KARL STEFAN

Washington, D. C. June 26, 1946

A number of house and senate members have been selected to observe the atomic bombing of ships in Bikini Lagoon in the South Pacific. When the bomb will be dropped is generally unknown, but the guesses are around June 30, depending on weather and other conditions. The bombing will be done from an altitude of 20,000 feet. The target ships will be in a deep-water lagoon 14 miles wide and 20 miles long. Observers will be 15 miles or more from the atoll. Some days following the bombing, the lagoon and the atoll will be visited by the observers for inspection and evaluation of damage.

Gen. Carlos P. Romulo, Philippine resident commissioner, made his farewell speech in the house of representatives. On July 4, the Philippines become an independent nation and will be represented in the United States by an ambassador.

A Nebraska miller wires the following to Washington: "Have been trying to buy wheat in Oklahoma for our Nebraska mills. Find farmers not selling and none available. Same conditions prevail in Nebraska. A flour and bread famine will shortly prevail in this land of plenty without something being done quickly."

The house passed HR 6699 to decrease the debt limit of the United States from \$300 billion to \$275 billion.

The department of commerce has opened a field office in Omaha. This office, presently with a staff of three, is to serve the smaller communities of the state. The office will remain in operation pending outcome of the appropriations for the fiscal beginning June 1, 1946.

Aviation experts, at a conference here, conceded that Britain now has faster airplanes than the United States. But, they assert, the new American experiments are so successful, especially in jet propulsion, that the United States soon will excel all in air speed. The five hours and thirty-nine minutes record from coast to coast, these experts say, can now be bettered by at least one and a half hours.

Chairman Carroll Reece, of the republican national committee, expressed confidence that his party would win control of congress in next November's general elections. Reece told a press conference here.

A REMINDER.
The Saturday Evening Post is reminded by today's "black market" of the NRA a dozen years ago, only in reverse. Then it was unfair to sell goods for less than approved prices, whereas now it is unfair to sell them above established ceilings. "There is one essential identity between the two operations," says the Post, "namely, that both chiseler and black-market dealer came into play after government undertook to interfere with supply-and-demand operation in a free market. When prices are dictated by officialdom, goods have a way of finding their way to consumers in spite of officialdom and at prices roughly dictated by the relation of demand to supply. They did that under NRA, and they are doing it under OPA. Unless government regulations make production completely impossible, it won't be long before the gentlemen of the black market will be back at their chiseling, and presumably government will again reverse itself and expect us to shrink from low prices as we now shrink from high ones. Official moralizing would be more consistent if the government adopted policies calculated to encourage producers to supply human needs, and soft-pedaled the assumption that establishing prices is a normal function of government."

believed the GOP would add 40 to 45 seats to its present total in the house. A gain of 26 would give the party a majority.

Many letters have come to the Third district office suggesting that if the OPA is to be extended, William Jeffers, former president of the Union Pacific railroad, be named administrator.

Walter Christensen of the Omaha World-Herald was in Washington enroute to Europe as guest of the war department. The department has been sending prominent newspapermen from all over the country to various parts of the world.

C. E. Wilson, president of General Motors corporation, said strikes in suppliers' plants held GM's output during May to "about half" of the corporation's hoped for production. GM turned out 95,666 cars and trucks in the United States and Canada during May. Wilson said, with 16,578 of them produced during the Memorial day week compared with 20,352 for the previous week. Wilson said 116 suppliers' plants were strike-bound during the week ending June 3. Chevrolet was hardest hit of GM's divisions, 69 strikes affecting it directly.

Jesse Jones has labeled the proposed British loan "the road to ruin." He thinks it should not be made without adequate collateral. Our present national debt is \$280,000,000,000. The census bureau tells us we have a population of 140,000,000 people. Therefore, every man, woman and child in America has a \$2,000 mortgage hanging around his neck.

There are many congressional investigations underway and more proposed. There are billions involved. But somehow UNRRA keeps prominent in the charges aired in the news without being subjected to investigation. True, it is an international organization under the joint control of many nations, but our country is furnishing 70 per cent of the money being spent for relief. Our people have been generously interested in relieving the starving people of Europe, India and China. That part of the relief still has their interest. Still, there are many who would like to know why there are so many complaints from abroad that supplies for relief purposes are being devoted to the political activities of parties ruling some of the stricken countries, and others would like to know how much of the tons of food shipped are going into European black markets. There are many stories told. If they are false they should be refuted. If they are true those to blame for mismanagement should be exposed to the limit.

Another sore spot is the disposal of surplus war property under the war assets administration. A special committee is endeavoring to take the lid off, and particularly wants to know why so much is spent to sell so little. Surplus property worth \$16 billion has been declared to the war assets administration.

Thus far, the total disposals of surplus property have amounted to less than \$2 billion, at about 45 per cent of original cost. This coming year, surplus goods to the amount of \$18 million will be added to the immense stocks on hand. The war assets administration wants an appropriation of \$700 million for its selling program the coming year, including salaries for its 35,000 employees. Congress has not yet granted that request. Among the charges that the special committee is probing is that one of the branch agencies sold \$40 million worth of surplus goods and spent \$35 million doing it. Three other agencies set up to receive and dispose of surplus commodities preceded the establishment of the war assets administration under the reorganization powers of the president.

A Zero Minus Explanation.
(Omaha World-Herald)
Moscow charges that American aid in arming and supplying the Chinese Nationalist Army "constitutes lend-lease under an assumed name."

From Washington it is explained that our Government had planned to train and arm the Communist army too—"in the hope that Chinese unity would be achieved in time to start with both factions at the same time."

All right, reader; rub your eyes, wonder if it is a misprint, wonder why you can't understand. Neither can we understand. As an explanation, much less as a defense, it ranks zero minus.

Arm and train both fighting sides in a civil war—to establish unity and promote peace? That's what the policy seems to be. And spend other millions of American dollars under "an assumed name" for lend-lease in the process.

If you ask, "Why, if Chinese unity was expected, would there be a rational excuse for providing both sides with more guns, more arms, better training?" your question will have been asked in vain.

And if you ask, "Why should my money be spent in that crazy fashion?" you'll wait long for an intelligible answer.

(Prices subject to change)

ON THE SIOUX CITY MARKET

Virtually unprecedented demand for fat cattle that last week hiked slaughter steer, yearling and heifer values as much as 75 cents, was even keener Monday on the Sioux City market, resulting in at least another 25 cents advance. Nearly 2,000 of the 7,300 cattle in Monday's run sold at the \$17.65 ceiling. Cows sold steady at \$7.00 to \$16.00, beef bulls to \$15.00, and hologna bulls to \$14.00. Stocker and feeder cattle were strong to 25 cents higher at \$14.65 to \$16.25 for grassers with "two-way" cattle sold as feeders at \$18.00, a new all-time high. Butcher hogs held at the \$14.50 ceiling, likewise sows and stags at the \$13.75 maximum. Feeder pigs were mostly \$14.50. Lamb values were steady. No. 1 to fall shorn pelt lambs \$15.50 to \$16.00, and shorn slaughter ewes steady to strong at \$6.75 to \$8.50. Yearling breeding ewes sold at \$14.25, two and three year olds at \$10.00.

Among shipments from this vicinity were the following: Fred Blohm, steers at \$17.65; L. H. Meyer, steers at \$17.50; Melvin Manz, steers at \$17.00; Bill Peters, steers at \$17.65; Paul J. Hansen, steers at \$16.50; Will H. Peters, hogs at \$14.50; Earl H. Isam, steers at \$17.15; Fred Schroeder, steers at \$17.65; Evan Jones, steers and heifers at \$17.25.

But It's True

NEW YORK IS THE SMALLEST COUNTRY IN THE U.S. !!!

THE TWELVE CITIES BUILT ON TOP OF EACH OTHER!! IN TEKE GAVIRA, MESOPOTAMIA, SEARCHERS RECENTLY DUG INTO A MOUND, FOUND A DOLLEN DESERTED COMMUNITIES, THE LOWEST 6,000 YEARS OLD. IN THE LATTER THEY FOUND A LAMB SKIN LEFT UNFINISHED WHEN THE COOK FLED FOR HER LIFE DURING AN ATTACK.

WHEN THE STEAMSHIP PASSENGER RATE ACROSS THE ATLANTIC DROPPED TO TEN DOLLARS A PERSON... IT WAS DUE TO A RATE WAR IN 1904!

RAYMON Ibanez, of EL POBO, SPAIN, SPENT HIS ENTIRE LIFE SAVING UP 20,000 PESETAS (\$3,000), THEN CALLED ALL HIS FAMILY TOGETHER, BURNED THE FORTUNE, SAID HE WAS DOING IT SO NONE WOULD PROFIT BY HIS LABORS!

"We're switching to a Servel!"

says **JOAN BENNETT**
famous star of screen and radio

"It'll be a silent Gas Refrigerator for us! Good-bye, noise! Good-bye, repairs!"

WHEN YOU CHOOSE your new refrigerator, you—like Joan Bennett—will want to remember what America's 2,000,000 Servel owners found. It pays to pick the modern GAS refrigerator—because of its big basic difference.

SERVEL freezes with no moving parts. A tiny gas flame takes the place of moving parts and machinery. That's why Servel stays silent, lasts longer, operates at lower cost.

The new Gas Refrigerators are big, roomy, with flexible interior arrangement adaptable to all food-storage needs. Storage for frozen foods, correct temperature zones for meat and vegetables. Servel gives real PROTECTIVE COLD.

Stays silent... lasts longer

THE FRIENDLY STORE

Pioneers Lose to Wahoo and Big Six League Team at Carroll Sunday.

For the second straight Sunday, both Wayne baseball teams came out at the short end of the scores to find themselves being moved even farther from the top spots of their respective loops.

Next Sunday the Pioneer team plays a return game at Wahoo, and the Big Six team meets Wakefield on the latter's diamond.

Wayne's bid against Wahoo was considerably stronger than the 5-1 count indicates. Except for the 4th inning when the visitors pushed over three tallies, the teams played on almost even terms, fighting hard all the way.

Wahoo's batsmen connected for a total of 12 hits, three in the big 3rd. Wayne nicked Kuncel for 9 hits but nearly all were scattered.

Manstedt, lead-off man for the visitors, opened the game with a rousing double, but was left stranded on second.

Wahoo's first tally came in the top of the 2nd. Martin was safe when Retzlaff bobbled his ground ball to short and advanced to second on Retzlaff's wild throw.

Meysenberg was hit by one of Miller's slants. Washburn was safe on a fielder's choice which caught Martin at the plate and advanced Meysenberg to third. Mandstedt singled, scoring Meysenberg.

Washburn started the fireworks in the 3rd with a clean single. Kuncel followed with a double, scoring Washburn. Mandstedt walked. Johnson was safe when his ground ball to short caught Mandstedt at second. Kuncel was safe when the play to home plate was late, and Johnson advanced to second. Lehr singled, scoring Johnson.

Wayne's lone tally came in the last of the 6th. Retzlaff opened up with a long triple to center and scored on Page's single.

Wahoo scored the last run of the game in the 7th frame. Johnson received a base on balls, advanced when Dickens threw wild to first on Lehr's grounder, and scored on Cerv's single.

The box score:

Wayne: ab r h o a e. Carroll, 11-7, on the latter's field. Wayne got off to a 4-0 lead in the 2nd inning on five Carroll errors and a hit by Schluesner.

After that the Carroll boys became less free with their errors and settled down to stop Wayne's surge.

Carroll started its scoring in the 3rd by mixing hits with Wayne errors to tally five times, and added two more in the 4th. Later in the 6th, Carroll got loose again for four more scores.

Penny for Governor Is Paid by Official

A restaurant customer at Manhattan, Kans., asked the college student-waiter for his check. "A dime for the pie, a nickel for the milk and a penny for the governor," chirped the youth. "All right," said Governor Andrew F. Schoepfel. He paid his 16 cents.

RINGER HONORED

(Continued from Page One)

two of the crashes occurring in Wayne county and one in Cedar county. The fire department answered flood calls from Norfolk and Ponca and joined in the work of pumping water from cellars and dwellings and clearing away obstructions in those recent floods.

Services Are Voluntary

In the early days, as now, Wayne fire department was a volunteer organization, whose members received no compensation for their valuable services. The department was reorganized in 1913. The early roster contained many of Wayne's leading citizens, many of whom have died. Some of the early fire chiefs with whom Mr. Ringer served were J. G. Miles, G. A. Lamberson, C. H. Fisher, L. W. Roe, Harry Craven and E. E. Fleetwood. The only ones of the early days who are still active are Harry Craven, E. E. Fleetwood and Harry Barnett, all valued members. The old city hall erected in 1913 during the administration of the late Mayor John Kate is now largely used as a fire station. During his long service as fire chief, former Mayor Ringer was responsible for encouraging younger men into service and during the late war he was hard pressed to find a sufficient number of young men for duty so many older members carried on in a remarkable way. All that was offered them was an opportunity to render valuable aid to their community. Inspired by his own example, they responded loyally. Without any compensation they served and this community is deeply in their debt. No fireman has ever lost his life or been severely injured in line of duty in the entire history of the department. Within recent years by statute, firemen come under the Nebraska workmen's compensation law and may be compensated for death or injury occurring in line of duty. However, they receive no fee, wage or compensation for service rendered. The service is volunteered.

Is Active in State

Fire Chief Ringer has an enviable record in addition to his active work as member and fire chief for more than 35 years. He has not missed a state firemen's convention since 1922 when the Wayne department joined the state association. He has often served as a member of the legislative committee of the state association, urging and aiding the passage of important fire legislation. He has directed and furthered the inspection of risks and advocated the removal of local fire hazards and in many valuable ways promoted fire prevention. He actively interested the farmers in contributing to and receiving the protection that the local fire department could give them. He was as much interested in preventing fires as in fighting fires.

New Leadership Starts

Fire Chief Ringer after a third of a century of outstanding service releases the helm to Fire Chief L. B. McClure, one of his old associates. Leslie W. Ellis is president, and Norbert H. Brugger is secretary of the Wayne fire department which is composed of 38 active members and several honorary members. It has two complete fire fighting units composed of Hose Company No. 1, commanded by Ed Wolke and Hose Company No. 2 commanded by Paul Rogge. Now that the war has ended, many young returning veterans have joined the fire department bringing with them valuable experience gained or learned in the army and navy. The present high standards and capable personnel, the modern equipment and the excellence of past and present service are largely due to the long and able direction of Fire Chief Ringer who has labored

and wrought so outstandingly well throughout the years. The fire community, his associates, his friends, property owners and folks generally are deeply grateful for his long and able service as fire chief and are happy to honor him as a man who has long, well and faithfully served his home town and community and in the coming years will continue to serve with distinction.

Enlarge Physical Training Course

Wayne State Teachers College curriculum has been enlarged to include a major in physical science. At the same time, the course offers a broadening of the scope of the individual's participation in all activities.

Physical Education Director Don B. Emery gives the chief objectives as follows: To offer professional courses to train personnel for positions in physical education, community recreation and high school athletics; to round out classes in physical training to meet individual needs; to conduct intra-mural sports with wide enough variety to enable each individual to find some phase in which to participate.

Wayne college is prepared to meet the needs of modern times in physical training, the coach states.

Vet's Corner

USES contact representatives from Norfolk, will be at the court house in Wayne from 8:30 a.m. until 12 noon on the following dates relative to filing for self-employment compensation, unemployment compensation and on-the-job training check-up: July 5, 18; August 1, 15, 29; September 12, 26.

Veterans are asked to clip the above to be used for future reference.

Wayne county service officer is making a survey of all widows of World War I veterans relative to pensions. To be eligible to receive pensions the following requirements must be met: 1. If a veteran received an honorable discharge. 2. If the veteran's active military service during World War I was 90 days or more or if less than 90 days he was discharged for a service incurred disability. 3. If the widow without dependent children has an income of less than \$1,000 per annum. 4. The above limitation of \$1,000 is raised to \$2,500 where the widow has dependent children under the age of 18. 5. Unmarried children over the age of 18 and under 21 where they are attending a school of learning recognized by the veteran's administration.

Necessary forms for eligible widows are available at the service office.

Library News

Long summer nights! Easy warm days! Not too much ambition! Just the time to read. A vacation loan from your library fits right into the picture. Take out as many books as you want to keep while you are gone. You can reread old favorites and become acquainted with some of the newer books. Stop in the library today and check out your summer reading to take with you on a trip or just to read at home.

Some suggested light reading among the new books includes "Close to My Heart" by Margaret

Nichols, who wrote "Always with Me"; "Love Letters" by Chris Massie, a film classic; "Bells of St. Mary's" by Martin, which was also a film, and "A Mighty Fortress" by LeGrand Cannon, Jr., who wrote "Look to the Mountain."

Are you having trouble getting meat these days? And who isn't? Come to the library and look at our new cook book. It is a complete handbook of tested recipes for egg cookery. Eggs for breakfast, eggs for luncheon and eggs for dinner. They can get tiresome, but they are better if you do the things with them suggested in this cook book. If you are going camping, or if you are a boy scout, or maybe just going on a picnic, we have another cook book called "Jack-knife Cookery," which tells you how to cook delicious things without all

the conveniences of home and yet not make hard work out of the job.

The story teller spins a magic tale of enchanted islands and fairy girls at the public library. An enchanting way for young folks to while away vacation hours. The time is 3 o'clock every Thursday afternoon.

BY MISS EMELYN GRIFFITH

Former Teacher In Wayne Dies

Rites for Emma Schwerin Are Conducted Tuesday At Norfolk Chapel.

Miss Emma Schwerin, 73, teacher in Wayne for some years, died in a Norfolk hospital Sunday, June 16. Funeral rites were conducted Tuesday last week at the Home for Funerals in Norfolk with Rev. E. G. Brinkmeyer, congregational pastor, in charge. Burial was at Belton.

Miss Schwerin had been in failing health since March, when she had an attack of pneumonia. She returned home in May but was taken ill again two weeks before her death.

Deceased was the eldest daughter of the late Rev. and Mrs. W. F. Schwerin and was born in Juda,

Wis., December 15, 1873. Her parents pioneered in northeast Nebraska and her father organized and served as minister of Evangelical churches. He also associated in Pierce in the hardware business with M. Inhelder in the early '90's.

Miss Schwerin was a graduate of Wayne college and attended other schools of higher learning. She taught in Holden, West Point, Wayne and other points. She was Cedar county superintendent for 17 years and moved to Norfolk 12 years ago. Miss Schwerin traveled extensively and attended a number of national educational conventions.

Surviving Miss Schwerin are two sisters, Mrs. Ruby Martinetti of Riveria, Cal., and Mrs. Carrie Jordan of Wakefield, and two brothers, Dan and Aaron of Los Angeles, five nieces and two nephews.

Mr. and Mrs. Chas. Jordan of Wakefield, and Miss Abigail Manning in Omaha, teaching companion of Miss Schwerin at Wayne,

were among those attending the rites.

Pastor Honored By State Group

Rev. Arthur L. Peterson Is Picked as Outstanding For His Services.

Rev. Arthur L. Peterson, 61, of Chappell, former pastor of Salem Lutheran church at Wakefield, was named outstanding rural minister for 1946 last Wednesday evening by the Christian Rural Fellowship institute at the meeting held in Lincoln. The honor is conferred on one minister annually.

Rev. Peterson, who has been in the ministry 29 years, was cited for his outstanding record of service to rural people. Rev. R. O. Walkenhorst of Seward, chairman of the institute, presented Rev. Peterson with the award at the dinner at the student union in Lincoln.

The Chappell pastor has served at Hepburn, Ia., Evansville, Minn., and Wakefield before going to Berea Lutheran church 16 miles northeast of Chappell. The Berea church, where Rev. Peterson has been pastor since 1939, is regarded as outstanding. In spite of population losses due to large scale wheat farming, the church has grown continually in its activity and service programs. The 270 members contributed active service in war drives.

Rev. Peterson has served as district leader for the Lutheran World Action appeals. In the Augustana Centennial thank-offering, his church was leader. The pastor is a member of the board of directors of Luther college at Wahoo, and also of Bethpage mission at Axtell.

Rev. and Mrs. Peterson have four children, Mrs. Eugene Abrahamson of Funa, Lorenz of Minden, La., June who is training in radio mechanics in Florida, and Euphemia who is employed in a bank in Chappell.

Winside Woman Is Found Dead

Rites for Mrs. Louis Ehlers Are Conducted Saturday At Church Here.

Mrs. Louis Ehlers, 51, of Winside, was found dead in bed at the Irwin Miller home Wednesday evening, June 19, about 6 o'clock by members of the Miller family when they returned to the house after doing the milking. A doctor was summoned but Mrs. Ehlers could not be revived. Sheriff Hans Tietgen, who was called, said an inquest would not be necessary.

Mrs. Ehlers suffered a nervous breakdown in 1918 after being ill for sometime with influenza. She was then in good health until Christmas, 1945, when she suffered a second collapse, from which she never fully recovered. She was in a Sioux City hospital from February until March of this year. Deceased returned home and was held a farm sale, at which time she suddenly became worse and was taken to a Norfolk hospital where she remained until May 4. She then went to the home of a niece, Mrs. Irwin Miller, and remained there until June 7 when she again entered a Norfolk hospital. She returned to the Miller home again June 17, and the following Wednesday her death occurred.

Services were held Saturday at 1:45 at Gaebler & Neely funeral home and at 2 at St. Paul Lutheran church in Winside, with Rev. H. M. Hilpert officiating. Burial was at Pleasant View cemetery in Winside. The assembly sang "Rock of Ages," and the girls' choir sang "Nearer My God to Thee" and "Abide with Me." Mrs. Carl Ehlers was accompanist. Pallbearers were C. H. Rew, Fred Damme, Gus Hoffman, Herman Schuetz, Ferdinand Voss and Harry Suelh.

Bessie Ehlers, daughter of Chas. S. Carr and Lillie Ann Martin Carr, was born February 7, 1895, near Avoca, Ia. She spent her youth near Avoca, and at the age of 8 came to Stanton county with her parents. She attended public school near Pilger. Later the Carr family settled on the farm three miles south of Winside now occupied by the Dave Luickers.

Deceased married Louis Herman Ehlers March 31, 1920, at Wayne. They then moved to a farm two and a half miles south of Winside. Through adult baptism, Mrs. Ehlers was received into membership of St. Paul Lutheran church September 16, 1934.

Deceased leaves her husband, her mother, Mrs. Anna Carr of Winside, two brothers, Earl and Gene Carr of Winside, and two sisters, Jessie, Mrs. Emil Rehms, and Blanche, Mrs. Wm. Suelh, both of Winside.

Blacksmith Shop Bought by Witt

Frederick Witt bought the Robert Johnson blacksmith business and took charge Monday. Mr. Johnson had been engaged in this work in Winside for many years. Mr. Witt recently returned from service. He was in Europe for some time.

This is the first time the two boys had seen each other in two years as both had been in service. Others in the group besides the two men honored and their families included Mr. and Mrs. Otto Carstens and Judith of Hoskins, William, Fred and Herman Carstens, Miss Anna and Miss Minnie Carstens, Mrs. Minnie Stokes of Plainview, and the August Speckhals and Hans Carstens families.

Former Resident Of Winside Dies

Mrs. Ernest Grauer Rites Conducted at Church in Campbell.

Mrs. Ernest Grauer, 59, of Campbell, Neb., resident of Winside many years ago, died June 5. Funeral rites were conducted at the Campbell Congregational church, with Rev. N. H. Hawkins officiating. Burial was in Campbell Presbyterian cemetery. Mr. and Mrs. Walter Gaebler of Winside, were among those attending the rites. Mrs. Grauer's maiden name was Anna Rosalie Heyer. She was a daughter of Annetta and Paul Heyer and was born July 25, 1886, on a farm northeast of Winside. Here she attended school. As a young woman she was in a dress-making shop in Wayne.

Deceased was married to Ernest Grauer by Rev. Gustaf Press at St. Paul's church in Winside September 2, 1908. Mr. Grauer was in partnership with Walter Gaebler in the hardware until 1912 when they went to Campbell, where Mr. Grauer has since been in the hardware business.

Mrs. Grauer leaves her husband, four children, Paul of Wilson, Kan., Ellis with the navy at Charleston, S. C., Mrs. Doris Walsch of Roseville, Ill., and Gerald of Campbell. She has two sisters, Mrs. Wm. Roberts and Mrs. Hershel Hanks, and a brother, Henry Heyer, all of Gordon. A sister, Mrs. Frank Pryor, and her parents preceded her in death. The two grandchildren are Robert and Charles Grauer of Wilson, Kan.

Waiting is tough on us, too

For months we've been hoping to present each and every one of you with the new Packards you've ordered, and have been waiting for so patiently. Last fall, the outlook was good. Packard was confident it would double its pre-war output in 1946. (The factory is equipped to turn out far more than that.) **Look what has happened!** Then came material shortages. Parts shortages. For reasons completely beyond its own control, Packard was able to keep its assembly line moving only nine days in the first quarter of this year. **In the meantime...** Our friends have kept calling us up and asking, "Hey! Where's that new Packard I ordered weeks ago?" Many of these are old friends—Packard owners since way back. But to make life more complicated, everybody seems to want one of these grand new Packards. Over 65% of the people out to buy new Packards are now driving some other make. Honest, it's gotten so we hate to answer the telephone or look our friends in the face. But... **Your patience will pay off!** One of these days, the shortage of parts and materials is bound to ease up. And when it does, those twin-assembly lines at Packard will really roll. **Anyway, you can depend on this:** As fast as the factory ships cars to us, we'll do everything we can to deliver yours at the earliest possible moment. So, we hope you'll be patient a little longer. We're doing the best we can, and so are the folks at the factory!

A Million More TELEPHONES in RURAL HOMES

Plans of the Bell System to extend and improve farm telephone service call for providing a million more families in rural areas with telephones within three to five years. This wide-range program will cost about \$100,000,000.

This continues and expands a rural program carried on for a number of years, until the war cut down its pace. Since the depression of the mid-1930's, about half a million additional farm telephones have been installed. Nearly 400,000 have been added since 1940.
