**Communist Threats**  
 PRESIDENT Truman's announced plan to get rid of all communist-tainted individuals in government service is in line with a movement to outlaw the communist political party and otherwise head off mounting threats to the American system of government. The president's courageous action will be stoutly supported. Incidentally, it will be a way to eliminate government leeches and cut costs.

The sharpest indictment of communist activities comes from J. Edgar Hoover, director of the FBI. He shows that communist leaders are pronounced double-dealers. They adopt any course they think will accomplish desired ends without regard to truth or justice. Why persons understanding America in contrast with old-world miseries should want to supplant our democracy with communism or any other alien system is far outside the pale of reason. But according to reports, many want to do it, and they have become a real menace.

Mr. Hoover made this observation in the course of a statement before the congressional committee on un-American activities March 26:

"As Americans, our most effective defense is a workable democracy that guarantees and preserves our cherished freedoms. I would have no fears if more Americans possessed the zeal, the fervor, the persistence and the industry to learn about this menace of Red fascism. I do fear for the liberal and progressive who has been hoodwinked and duped into joining hands with the communists. I confess to a real apprehension so long as communists are able to secure ministers of the gospel to promote their evil work and espouse a cause that is alien to the religion of Christ and Judaism. I do fear so long as school boards and parents tolerate conditions whereby communists and fellow travelers under the guise of academic freedom can teach our youth a way of life that eventually will destroy the sanctity of the home, that undermines faith in God, that causes them to scorn respect for constituted authority and sabotage our revered constitution."

We agree with Senator Lodge of Massachusetts that the electoral college should be abolished and that presidents and vice

presidents should be elected by popular vote. The senator is fathering a movement-looking to that end. In serving as a member of the last Nebraska electoral college we never felt more like a fifth wheel or were more conscious of receiving pay for doing nothing worth while. The college's service is perfunctory and ceremonious. Its results are known far in advance. Its cost is a complete waste. The present system often defeats, through lack of due apportionment, the expression of large blocks of votes. The electoral college is as obsolete as the hoop skirt and just as useless. Of course, it should be wiped out.

Former President Herbert Hoover whose advice is justly in demand in the present world crisis, has offered a plan for the rehabilitation and preservation of Germany, free from bitter revenge and full of common sense. He would encourage free enterprise and unfettered employment without chance again to build a military nation. He would not destroy Germany, but would help its people to become self-supporting and lead them away from thoughts of conflict. The Hoover plan would certainly contribute to the universal wish for lasting world peace.

Everybody was shocked by the Illinois coal mining disaster that took many lives. All deeply regret the perils involved in mining the country's fuel. But we doubt if many will see the wisdom of a six-day suspension of production as a period of mourning. It will not lighten the sorrow of bereaved families nor soften their burdens. The long work stoppage proposed seems unnecessary as an expression of sympathy.

The unicameral has shown its good sense in voting down a proposition to go into the wholesale liquor business as a means of raising revenue. There are other ways to finance essentials without engaging in liquor sales, legalizing slot machines or other forms of gambling. The state should be able to pay reasonable costs without forfeiting precious self-respect.

The Lincoln Journal reports a lawyer organization designed to accept a small fee to keep people out of trouble which is considered more economical and soothing than to pay a large fee to get out of trouble.

The assumption that most persons are opposed to a sales tax is refuted by farm bureau leaders from a 13-county central Nebraska area where opinions were reported almost unanimous in the affirmative.

**CASH NEEDS**  
 Raise in real estate and other valuations is one way suggested to meet increased school costs and improve or enlarge buildings belonging to the state. To modify that tax, a sales tax which is also proposed would raise a lot of extra cash to satisfy enlarged demands. If needs at state institutions are to be supplied, additional means for raising funds must necessarily be found and put into practice. School costs are going up, and they cannot be satisfied by dragging out and extolling the "white spot." Essential improvements and indispensable upkeep will require more money. Opening the way is up to the unicameral, and the responsibility is one that cannot reasonably be sidestepped. In view of past neglect, present run-down condition and mounting overhead, taxpayers must expect in one way or another to shell out more cash for public treasures.

**Will Go to Guam.**  
 Gregory Stuve and Rex Marsh, the latter of Norfolk, Wayne college students, left Tuesday for Guam where they will be civilian employes in helping build defenses on the island. They expect to be gone about a year.

**TO ABOLISH OFFICE**  
 Lieutenant Governor Robt. B. Crosby has issued a letter advocating abolishment of the office to which he was elected last November. He thinks the office is a fifth wheel. It is a spare tire seldom if ever needed. He was elected as a republican, but presides over legislators who bear no political labels. Eleven states get along without lieutenant governors. The officer has nothing to do in Nebraska but preside over the unicameral. The chance of ever being called to the governor's chair is remote. He would wipe out the lieutenant governor's office, and would also remove speaker of the legislature from the line of succession to the governorship. He favors a duly elected state officer — preferably the attorney general — to become governor in case of a vacancy. The constitution would have to be changed. A bill looking to that end is now under consideration in the Nebraska unicameral, and Mr. Crosby is in favor of it.

**Vet's Corner**  
 More than 90 per cent of all Veterans Administration hospitals contain auditoriums. All are equipped with public address systems. It is estimated that more than 900,000 veterans have withdrawn temporarily or permanently from vocational rehabilitation or job-training since the inception of these two programs, the Veterans Administration stated recently. Applications for conversion of GI term insurance to permanent plans set an all-time high during the past month. More than 94,000 applications were received during the month in comparison with an average of approximately 50,000 monthly during the past year. Of the 5,784,000 NSLI policies in force on March 1, 1947, about seven out of eight were on the term basis. The remainder, 710,000, were distributed among the six permanent plans. Twenty payment life is more popular with veterans than any other plan. There are 470,500 of this type in force, 129,500 of the 30-payment, 102,000 of the ordinary life, 4,000 of the 20-year endowment, 2,000 of the endowment at age of 60 and 740 of the endowment at age of 65 years. NSLI policies issued before January 1, 1946, do not have to be converted until eight years from the date of issue. Policies issued on or after January 1, 1946, must be converted within five years, the VA states. The Veterans Administration approved 863,308 applications for National Service life insurance during 1946, increasing to more than 19,100,000 the total approved to date. Nearly 20,000 patients in Veterans Administration hospitals participated in athletic activities each week during December as part of the VA's physical rehabilitation program for hospitalized veterans. Q. Are the men who were called for duty in World War II but who never actually served in the armed forces entitled to benefits under the GI bill of rights? A. No. The benefits provided by the GI bill of rights are for only those individuals who actually served at least 90 days in the armed forces (or who were discharged for service-connected disabilities in less than 90 days) and who have been discharged under conditions other than dishonorable. Mr. and Mrs. John Paulsen of Dakota City were Sunday supper guests at Ferdinand Barg's. The Harry Hofeldts were in the Barg home Sunday and James Hansens Saturday evening.

## Subscriptions Go Up

Saturday, April 12

Due to skyrocketing paper prices and also due to increases in other production costs, which have doubled the past year, the Wayne Herald is obliged to boost subscription rates to help take care of the advances. The new rate schedule effective after April 12 follows:

In Wayne, Pierce, Cedar, Dixon, Thurston, Cuming, Stanton and Madison counties: \$3.00 per year; \$1.50 for six months; 75c for three months.

Outside counties mentioned: \$3.50 per year; \$1.75 for six months; \$1.00 for three months. All payable in advance. Single copies, 10c.

Until and including Saturday, April 12, new and renewal subscriptions will be accepted at the old rate: \$2.50 a year in Wayne and adjoining counties; \$3.00 a year outside that area. These will be accepted for not more than two years in advance of the present expiration date. The subscription is due the first of the month indicated on the pink slip bearing the name on each paper.

Because of the scarcity and cost of paper, names will be removed promptly after expiration. However, notices will be sent to all subscribers as reminders before names are taken from the list.

The Herald regrets being forced to raise subscription prices and assures you that every effort will be made to give service that will justify the slight increase.

## Housing Survey Is Made by Club

BPW Division Is Preparing For District Banquet Middle of April.

BPW division of Wayne Women's club, with Miss Bonnie Kugler president, has had charge of a survey of Wayne this week to locate apartments and rooms for college students. The anticipated enrollment for next fall indicates that housing facilities on the campus will be inadequate then. The business and professional women made the survey for the Chamber of Commerce and Dr. Victor P. Morey for a report to be presented to Gov. Val Peterson by April 7.

The club women, meeting Tuesday last week in the club rooms, worked on decorations for the District Three banquet which the group sponsors at the auditorium April 17 at 6:15. The women had a special meeting Tuesday this week to work for the banquet and they will devote the April 8 meeting to the same purpose.

The club voted to pay a third of the expense of sending a Wayne girl to Girls' State in Lincoln in June. Mrs. Walden Felber appeared before the group and explained the plan of sending one from each local high school.

The women's group decided to sponsor a dance May 2. Pep club of the city school will attend this following the annual formal banquet of the group at the hotel.

Miss Bernice Langenberg, Miss Madeline Patton, Miss Bonnie Bathke and Miss Nyla Lidsay served last week. The committee for April 8 includes Miss Marsaline Longe, Miss Elsie Novak, Miss Dorothy Nelson, Mrs. Jeanette Foust and Miss Betty Dangberg.

Thurston county fair dates are set for August 27 to 30.

Miss Muller received her A. B. at Wayne State college and also studied at the universities in Lincoln and Los Angeles. She taught in Concord, Gross, Horace and Alliance, Nebr., Yankton, S. D., and Mt. Clemens, Mich.

## Randolph Dentist Moves to Wayne

Dr. G. E. Hartman, father of Mrs. A. R. Ellis of Wayne, concluded 48 years of practice in dentistry in Randolph and came to Wayne Tuesday last week to make his home. His record of service in the profession is the longest in northeast Nebraska. Dr. Hartman came to Randolph in 1897 and was an apprentice while attending dental college. He established his own practice in May, 1899. Dr. Hart-

man had served as president and secretary of the North Nebraska Dental society, and he had also been mayor, city treasurer and school board member at Randolph.

Dr. Hartman will have an apartment here the first of May. He sold his Randolph home. The dentist will be in the Ellis home about two weeks and will then go to Pittsburgh, Pa., to spend a couple of weeks with another daughter, Mrs. Ed. Hiter.

Give High Praise To Wayne College

Candidates for Offices Are Named in Towns in Early Period.

Early Days from Wayne Herald for April 2, 1931:

Nebraska legislators who visited Wayne State college gave highest praise to the school.

Candidates for elections this spring in Wayne are: Council, W. S. Miller, J. S. Horney and E. D. Bichel.

Windsie is considering purchase of electric power from Wayne plant. It is estimated that construction of lines between the towns would cost \$11,000.

Betty Pile was bruised when accidentally struck by a car.

Chief Kai of Wakefield died March 30, 1931, aged 64.

Mr. Turnquist came to Wakefield from Omaha to serve the Mission church.

Mrs. Ferdinand Gutzman of Hoskins has been in a Norfolk hospital.

Albert Behmer of Hoskins received hospital care in Norfolk.

Verdell Nieman of Winside underwent an operation in Norfolk.

Miss Margaret Miller of Winside is recovering from an operation in Norfolk.

Herbert Jenkins of Carroll suffered cuts on one leg when working with a car.

C. H. Morris of Carroll went to Chicago to a national sheep meeting.

Mrs. Clyde Claybaugh of Colebridge, formerly of Wakefield, died in March, 1931.

From Wayne Herald for April 3, 1913: Commercial club is publishing a pamphlet advertising Wayne.

Hays Main took first in an oratorical contest at Norfolk.

There is talk of voting on Sunday baseball in accordance with the new state law.

Here man Dooss and Miss Ellie Frey were married in March, 1913.

Carl Brudigan injured a finger in a fanning mill.

A bill passed provides .85 mill for state normal schools.

W. J. White was killed in March, 1913, when he slipped and fell beneath a moving train at Emerson.

Wayne voters by 252 to 201 favored this city's staying dry.

Wayne city library was opened to the public.

Mrs. M. S. Davies is librarian.

From the Wayne Herald for April 2, 1883, comes the following story:

An immigrant family got off the train at Hoskins and the father of the flock thought one was missing when he rounded up the children.

He called the eldest boy and asked how many had been left in Chicago.

When he was told that two remained, he was sure that one was missing.

After counting the row of tow heads, the father was certain that a child must have been left on the train.

A message sent to Norfolk contacted the conductor who found the child sleeping peacefully on one of the seats.

Like Goldsmith's 'deserted village,' the little town of Ionia has gone down, swept away by the unrelenting and merciless wash of the mighty Missouri river.

Word from Bismarck, Dakota, indicates a serious situation in the break-up of the Missouri river.

Dynamite has been used but the gorge still holds firm.

By use of field glasses people can be seen in houses that are cut off from all communication with the main land.

The high trestle of the Northern Pacific is wrecked. A train with passengers bound for the coast was sidetracked over night and passengers then returned east.

Salvation army is sending a group to the Pacific northwest to work among Indians.

A sugar snow fell Sunday and a refreshing rain followed.

West Point and Ponca are to be transformed into cities this spring.

The Sioux City Herald, the fourth daily paper in that city, was started.

Mr. Phileo was offered \$4,700 for his house which he could not sell a year ago for \$2,500.

A March blizzard struck as a reminder that winter is not yet over.

Mr. Sherwood has been offered \$31 an acre for his land but refuses to sell it for it joins the Massey goat farm on which it is believed a diamond mine is located.

The worst flood in history is expected along the Missouri river.

Railroad surveys working in the south part of Wayne county still present a mystery.

Some say the plan is to survey a line from Pender to Sioux City.

John Keyser has found a stone in Ponder bluffs that appears to be a diamond.

Scouts Gather Paper.

Scouts of Troop No. 173 gathered magazines and paper Saturday.

The plan is to sell these in Sioux City to help build up the fund which the boys hope to use for camping this summer in Colorado.

Has Eye Trouble.

Mrs. Lulu Waite of Laurel, former Wayne teacher, has lost her eyesight temporarily.

She has just returned from a hospital and doctors hope to be able to restore her sight soon.

Mrs. D. A. McCullough, whose husband served as pastor of Randolph Methodist church, died at Peru March 22.

Flower, Vegetable Gardens Discussed

Eleven Boxes of Supplies Are Sent to Europe To Help Family.

Wayne Women's club heard Mrs. F. L. Blair talk on the care of flowers and Prof. F. G. Dale on the care of vegetables Friday afternoon in the club rooms.

Success in raising flowers is due mainly to lots of hard work, Mrs. Blair told.

She described formal gardens, which are designed for effective beauty, and informal gardens, which are planned for flower production.

Mrs. Blair advised first planning the type of garden preferred, selecting sturdy plants and taking good care of them.

Good soil and proper drainage are important. Pests should be destroyed. Mrs. Blair spoke of the culture of iris, tulips and gladioli.

Working in the garden is the best medicine for tired nerves, she concluded.

The best vegetable gardeners, stated Prof. Dale, are those who continue through the hot months. Sandy loam is ideal for a garden.

The heavy clay here is not the best for root vegetables. The city or each individual should have a supply of compost, a mixture of decomposed leaves, etc., to use for fertilizer.

Prof. Dale advises against burning any leaves. He places them in a compost pile where they decay and are then used for fertilizer.

The garden should be planned, cultivated, rotated and kept free from pests. Rows should be north and south and a rake's distance apart.

It should be weeded and cultivated about every five or six days. Plants hardened to the weather are best and should be put in according to the season's weather.

Harvesting at the right time is also important best quality.

Stamp Good for Sugar.

Spare stamp No. 11 in ration book Four became valid April 1 for ten pounds of sugar. The stamp will be good through next September 30.

Attends Scout Meeting.

Rev. O. B. Proett was in Norfolk Friday to attend an executive meeting of the Covered Wagon Council of Boy Scouts.

"The World is Waiting for the Sunrise." In the group are Joel Gillespie, Angie Steckman, David Carhart, Virginia Meyer, Marilyn Gamble, Darrell Hark, Bill Kugler and Janene Milliken. Marilyn Barelman was accompanist.

The group voted to endorse Mrs. R. W. Casper as candidate for district treasurer at the convention to be held April 17-18.

The club gave \$5 to the state scholarship fund.

It was reported that the club has sent 11 packages of food and clothing to a widow and her family in France.

The women are invited to Norfolk April 7 to hear Mrs. Houghton speak.

The club plans a special guest day meeting April 8 in the auditorium with Mrs. Robert Auker giving a book review.

Mrs. C. P. Lapham, chairman of the financial committee, is general chairman. Mrs. Russell Anderson has music and Mrs. A. J. Kirwan is serving chairman.

A fee of 25 cents a person will be charged. The club will meet April 11 when the program will include devotions by Mrs. W. S. Brossler and a message by Rev. O. B. Proett.

"The Cult of the Comfortable," Mrs. Leonard Strong will be serving chairman.

On the serving committee were Mrs. A. V. Tevd, Mrs. Harry McMillan, Mrs. Ed Hart, Mrs. Frank Hicks, Mrs. Harry Kinder, Mrs. Fred Luaders, Mrs. K. N. Parke, Mrs. T. J. C. Schult, Mrs. Dave Theophilus and Mrs. W. E. Vail.

Report on Experiments.

Most recent livestock experimental work at the state agricultural experiment station will be reported at the annual Feeders' day in Lincoln April 18. Included will be a summary of effects of time of cutting on yields and feeding value of prairie hay.

Attends Meeting.

Mrs. Louise Wendt attended the Sioux Valley section of the American Chemical society meeting in Sioux Falls Saturday evening. The national secretary spoke.

Are Enroute Home.

Mrs. and Mrs. Chris Luaders, who had visited the latter's relatives in Eindhoven, Holland, sailed Friday, March 28, and expect to reach Wayne about April 10 or 11.

With First Cavalry.

T-5 Al. L. Shufelt, son of Mr. and Mrs. Geo. C. Shufelt of Wayne, is serving with the famed first cavalry division which is on occupation duty in the 19 prefectures of the Tokyo-Yokohama area. The first cavalry division fought all the way from Australia and was first in Manila and first in Tokyo.

The youth entered service in March, 1946, and went overseas last August.

Library News

The last story hour for children in the winter series will be this Saturday afternoon, April 5. The stories will be told by Miss Jeanette Riley and a special Easter theme will be used.

The book committee of the library board met this week to select books for spring reading.

A large list was sent in, so watch for some new books to be coming.

A most unusual book was received this week, "Black Fountains," by Oswald Wynd, winner of the Doubleday \$20,000 prize award. This story is a novel of Japanese life in war and surrealist experiences which enabled him to write the book.

He was born in Tokyo in 1913 of Scottish parents with American relatives. His two sisters are American citizens and a brother a Canadian. He himself has been a British and Japanese subject, was educated at the American school in Japan and then in the United States, finishing at Edinburgh University in Scotland. When the war came, he enlisted in the Scots Guards and was sent to Malaya with British Intelligence. He was sent to Japan as a prisoner and started writing his book while in prison there.

"The Wallace of Iowa" is also a new addition to the biography section. "The Plastics Industry," by Josephine Perry, with illustrated photographs, will hold the interest of all of those interested in modern industry. The text is free from tedious, involved technical descriptions and all academic language has been avoided.

Several new children's books are on the young people's shelf and in the children's department proper. One of the most interesting is "The Life of Florence Nightingale." Another is "Big Tree," which takes the readers on a trip of exploration through the Giant Redwood forests of California and tells about all the animals living there.

Miss Betty Sandrock of Laurel became the bride of Leonard Houschild of Le Mars, Iowa, March 10, at Coleridge.
