

It is with deepest feelings of regret that we surrender ownership of The Wayne Herald. It has been a source of almost constant effort and solicitude since we bought the plant in August, 1910. Our impaired health and an overworked associate editor prompted the step taken. It gratifies us to know, however, the newly installed owners, Karl F. Schwartz and Mark E. Cramer, are disposed to keep the editor and his daughter, Dorothy Huse Nyberg, on the staff with relief from the burden of details. Thus, we will not be entirely severed from the newspaper's news and editorial service.

And with health restored to the editor, he should, freed from business responsibilities, be able to do better work. Likewise, the associate editor, turning more attention to news and feature writing, will be inspired to employ her talent to the best possible advantage. Both of us hope to become more instead of less useful to the public.

Both Mr. Schwartz and Mr. Cramer come bearing a long newspaper record. Mr. Cramer sold his newspaper at Rockwell City, Ia., about two years ago. He is interested in some other Iowa newspapers. His plan is to make Wayne his permanent home, and assuredly he will prove a live and constructive citizen. With him in ownership of the Herald will be associated Karl Schwartz, who understands all branches of newspaper work. Both will deserve and undoubtedly receive heartiest cooperation from the public.

I cannot over-appraise Dorothy's contribution to The Herald through the years. Her every thought and endeavor have been directed to serving the public and making The Herald a welcome visitor in every home. We are glad enlarged literary channels will be opened for her with less harrowing drudgery. Other members of the force have been diligent and faithful workers, and we are grateful for their active loyalty.

Selling an institution to which we have watched grow for nearly forty years is heart-breaking, but we believe those who understand will give approval. We thoroughly appreciate the kindly response of the public, and we have tried hard to be deserving. Wayne is our beloved home, and it will be our home as long as we live.

Plan Equipment To Clear Snow

Council Removes Discount On Light and Water Bills in City.

Wayne will have a tractor and plow to clear the streets of snow this winter if the equipment is available. The council took action to make the purchase at regular meeting Tuesday evening.

Officials decided to remove the 10 per cent discount on light and water bills and action to this effect will be taken at the next council meeting. This means that bills for October will not be subject to 10 per cent discount as in the past. The action was taken because of increased cost of city operation.

All employees of the city were granted a 10 per cent increase in salary. This is effective for October.

The council granted beer license to Harold and Henry R. Peck and recommended that the state liquor commission approve a liquor license for the two. The men plan to purchase the Jack Meister business as soon as their licenses are approved.

Resolutions were passed to clear technicalities regarding the two paving districts. Ted Bathke was granted permit to erect a house and garage at 10th and Lincoln.

Pioneer Passes Thursday Night

Rites for Mrs. J. T. Bressler Are Conducted Monday at Presbyterian Church.

Mrs. John T. Bressler, 88, one of the very few surviving Wayne county pioneers who lived at LaPorte, passed away Thursday evening, September 25, at 10 o'clock. Mrs. Bressler had suffered a stroke Wednesday night and was taken to a hospital. She did not regain consciousness.

Funeral services were conducted Monday afternoon, September 29, at 2:30 at First Presbyterian church with Rev. Wilbur F. Dierking of Mason City, Ia., former minister here, officiating. Prof. Russell Anderson, accompanied by Mrs. H. A. Welch, sang "Lead, Kindly Light." A large concourse attending the rites and a wealth of lovely flowers testified to the high esteem in which deceased was held. Beckenhauer mortuary had charge of committal at Greenwood cemetery. Pallbearers were Burr Davis, L. W. Ellis, Paul Mines, L. B. McGuire, W. R. McEachen and Paul Harrington.

Mrs. Bressler was one of the pioneers who watched this region develop from raw prairie to highly productive farms and modern cities. She joined others in helping promote the early settlement at LaPorte with entertainment at Christmas and other times. She was also one of those who gave freely of her time to assist others in any emergency. Mrs. Bressler was among the women who promoted the public library in Wayne. She was a charter member of the Acme club and had been a faithful and active member of the Presbyterian church and Eastern Star lodge through the years.

Mrs. Bressler's maiden name was Julia Fair. She was a daughter of Mark and Jane Fair and was born in Indiana county, Pa., January 14, 1859. She came with her parents to Dakota county, Neb., in 1867. After receiving her schooling in Dakota county, she taught in the Bell school in 1878 and 1879. She was married to John T. Bressler at the Mark Fair home in Dakota county in the summer of 1880. Mrs. Bressler had come from Pennsylvania in 1870. He and Mrs. Bressler established their home at LaPorte, then the Wayne county seat. Mr. Bressler and D. C. Patterson had established the Logan Valley bank at LaPorte in 1880. When the county seat was moved to Wayne, a point on the railroad, in 1881, the Bresslers located here. The bank was brought to Wayne and in 1885 was reorganized as the First National bank. Mr. Bressler was in the institution until his death October 23, 1935.

Mrs. Bressler leaves her son, John T. Bressler, Jr., and four daughters, Maude, Mrs. O. A. Harker of Puyser, Tenn., Kate, Mrs. W. E. VonSeger, Ruth, Mrs. A. T. Claycomb, and Miss Dorothy Bressler. A son, George, died in infancy. There are 14 grandchildren and several great grandchildren. Mr. and Mrs. O. A. Harker arrived Saturday for the rites, Mr. and Mrs. Bernard Gribble and Mr. and Mrs. Mark Fair of Omaha, Rev. and Mrs. W. F. Dierking of Mason City, and many from nearby points were here for the funeral.

PEOPLE ASKED TO ACT IN BEHALF OF FIRE PREVENTION

NEXT week is fire prevention week, appropriately set at the beginning of cold weather and the need for artificial heat. Fire hazards should be discovered and removed. Summer's accumulations of old paper and rags should be cleared out of basements. Cobwebs should be swept down. Chimneys should be inspected, cleaned and fixed if found containing defects. Electric wires should be checked to see that they are free from danger. Cigarette smokers should be careful not to drop lighted stulps anywhere. Fire is necessary, but unguarded and uncontrolled, it is a relentless enemy.

Work at Airport To Be Finished

Service Apron and Modern Plumbing Are Assured By State Group.

A service apron for the Wayne airport and modern plumbing and waterworks for the office at the port will be completed within 10 to 30 days providing that materials and labor are available. R. G. Fuchlerth, airport manager, and Willard Wilcox met with the Nebraska aeronautics commission in Lincoln last Thursday. The Wayne airport was granted \$1,600 for the two improvements about 18 months ago and the state commission last Thursday provided an additional \$400. The projects were removed from federal aid on the suggestion of the state commission. State Airport Engineer Willer was to be here this Wednesday or Thursday to make a final check of the projects. If the \$2,000 provided is not sufficient, the state commission has promised enough more for the projects. They realize that costs have risen since the improvements were first planned.

Herald Is Purchased By Iowa Publishers

Publisher 37 Years—News Editor—

E. W. Huse After 37 years of service here, Mr. Huse today turned the destiny of The Wayne Herald over to the new owners. He will continue to contribute his column, and act as an editorial writer for The Herald.

Dorothy Huse Nyberg will continue to help make The Herald a newsy newspaper, and will be the news editor. She has been with the paper for 25 years, and is well acquainted with all departments of newspaper work.

E. W. Huse Sells Newspaper Plant After Thirty-seven Years in Business.

Today The Wayne Herald passes into new hands. Immediately after the completion of this issue, the business was transferred by E. W. Huse, who has been at the helm for 37 years, to Karl F. Schwartz and Mark E. Cramer. The new owners have been associated in the weekly newspaper and printing business for 10 years, except for a three-year period

Subscriptions and Accounts All paid-in-advance subscriptions are assumed and will be made good by the new owners of The Herald, while those due and in arrears are payable to them. All printing, advertising and legal notice accounts completed before October 1 (as well as in this issue) are the property of the retiring owner. These accounts may be paid at the Herald office.

When Mr. Schwartz was "associated" with the 95th Bomb Group of the Eighth Air Force in England.

They published the weekly paper at Rockwell City, Ia., which Mr. Cramer disposed of nearly two years ago. During the past year, Mr. Schwartz has been associate publisher of the Harlan, Ia., Tribune. The Cramers come directly from Rockwell City, and have purchased the J. J. Aherm home at 902 Douglas. They have a daughter, 18, who entered Iowa State College, Ames, this fall, and a son, Alan, 15, a high school sophomore. Mr. Schwartz is unmarried. He studied at Coe College, Cedar Rapids, Ia., and Mr. Cramer was graduated from Iowa State, Ames.

The Herald was founded at the original county seat, LaPorte, in 1875 by the late C. E. Hunter and William Huse, the latter father of E. W. Huse. When Wayne was started with the building of the railroad in 1881, and the county seat was established here, LaPorte folded up and the Herald plant—then called the Review—was moved to this place. The late A. E. Childs was the owner at that time.

For a long series of years, Wayne had three newspapers. In 1904, a consolidation of the Herald and Republican took place. The Democrat—later called the News—dissolved in 1943, leaving The Herald alone in the field. Its payroll was \$22 per week in 1910 when the retiring publisher took charge. It is now over \$400 per week. The public in this community has reacted favorably and with approval to one strong, growing newspaper.

All present members of The Herald's regular printing and office force will continue as usual. They include G. A. Wade, Warren Price, Howard Witt, Lloyd Mansch, Stanley Sampelson, Dorothy Huse Nyberg and Irma Back.

MATURING CORN IS REPORTED BETTER THAN MANY FEARED

UNEXPECTED quantities of old corn were moving to market last week as improved crop conditions sent the price downward. Reasons for the decline were given as less exporting and more and better corn than had been previously estimated. An observer says extensive feeding accounts for the big stores of old corn on hand. More spring feed is fed lots than usual and is reported, besides an extraordinary number of cattle. And feeding is usually considered the most satisfactory way to farm profits.

Woman's Club Honors Leaders

Tribute Is Paid Friday to Deceased Members and Past Presidents.

Past presidents of Wayne Woman's club were honored and tribute was paid to the late Mrs. A. McEachen Friday when a large number met at the club rooms for the first program of the new season. Mrs. J. T. Gillespie presided for Mrs. F. S. Morgan who was away.

Mrs. Hobert Aufer gave the tribute to Mrs. McEachen who died June 2. Prof. Russel Anderson sang "My Task." A poem was read in memory of Mrs. Grace Cavanaugh, only past president who is not living.

Mrs. R. W. Casper, Third district vice president, reviewed the history of the Wayne club. "The routine of the office was a small part of your work," she said. "You spoke as a leader and every word molded public opinion. It was your duty to acquire a background of the club's activities because every civic organization is an active part of the life of our country. We think of the past presidents as pioneers of the club. They built a highway of friendship and high purpose. They manifested ambition of progress, desire for social service, interest in education, homemaking tendencies, desire for gaiety and beautiful living. More than ever we should think of the precious heritage that is ours from the hands of those who laid the foundation stones of our club."

The club was organized in 1919 with 36 charter members. Past presidents in attendance were Mrs. E. W. Huse, Mrs. C. Shulteis, Mrs. Hobert Aufer, Mrs. L. A. Fanske, Mrs. Don Wightman and Mrs. R. W. Casper. They gave short talks of their experiences in office. Letters were read from Mrs. J. G. W. Lewis of Lincoln, Mrs. J. J. Huntemer of Grand Island and Mrs. Clarence Wright

of Lamar, Colo., who had served in office.

Mrs. Casper mentioned the national, state and district honors which have come to local members.

The women, in early years of their club, sponsored suppers, bazaars and programs, to raise money with which they bought the old opera house. Later they sold this property and gave the money to the auditorium fund, thus providing them with permanent club rooms.

Membership has grown to more than 200 and the club has a large Business and Professional Women's division.

"Be Ye Doers" is the local theme for the club's 38th year which is opening.

Mrs. C. O. Mitchell, publicity director and charter member, notes that in "memories of Wayne Woman's club, of its small beginning in 1919, of its struggle to survive at times of the work and loyalty of individual members, is the unflinching kindness of the Wayne Herald and, in earlier years, of the Nebraska Democrat. Publicity is a power back of the individual in business, in club life, in politics. In fact, in all walks of life publicity yields an influence beyond one's imagination. Our Woman's club has had that publicity and to this publicity we owe much of our present success."

Mrs. R. A. Schreiber gave a brief outline of the program planned for the year.

Hostesses Friday were Mrs. Adon Jeffrey, Mrs. W. C. Andrews, Mrs. B. J. Brandstetter, Mrs. C. M. Coe, Mrs. E. E. Fleetwood, Mrs. H. B. Jones, Mrs. A. J. Kirwan, Mrs. Fred Lueders, Mrs. James Maben, Mrs. Basil Osburn, Mrs. Ed. Perry, Mrs. Robt. Rinehart, Mrs. Anna Spahr and Mrs. Faye Strahan.

The club meets October 10 when Dr. J. R. Johnson speaks on "Cooperation between Labor and Capital." Mrs. L. W. Vath is serving chairman.

Carl Scheel, 74, died Monday last week near McLean.

Wayne Wildcats Meet Wesleyan

Varsity Squad Tangles with Highly Rated Eleven in First Home Game.

Wayne State's Wildcats buckled down to hard drills this week in preparation for their first home football game on Friday night, October 3, when they meet the highly rated Nebraska Wesleyan eleven from Lincoln.

Coach Don Emery might be able to shake enough the injury plague that has been causing shifts in his lineup so that the Wildcats will be at top strength for their second Nebraska conference game.

Wayne upset a bucketful of pre-game predictions by tying up a favored Midland college team, 6 to 6, in its season opener September 26. Wayne definitely went into the game as the underdog eleven because Midland had played a pre-conference game and was on its home field.

Wayne's best asset is a rugged line that repeats its performances of the 1946 season. Although outweighed about 14 pounds per man, the Wildcats consistently out-charged the Midland wall.

Coach Emery sent his "B" squad against the Sheldon Junior college of Iowa in a night game September 29. This makes two games of experience which means several of the "B" men will be ready to move into varsity positions so that the Wildcats will be ready to tear into remaining conference games determined to upset the highly touted teams of the nine-school loop.

The probable starting line-up against Nebraska Wesleyan will be: Richard Peterson, Norfolk, left end; Vernon Harder, Anthon, Ia., left tackle; Earl Werbourne, Anthon, Ia., left guard; Lee Clou-

per, Sioux City, Ia., center; Rex Johnson, Wayne, right guard; James Morrison, Wayne, right tackle; Lee Otto, Pierce, right end; James Anderson, Wakefield, quarterback; Warren Borg, Wakefield, left half; Allison Bahe, Wayne, right half; Galen Moyer, Scribner, fullback.

Peterson and Maurice Cunningham, Anthon, Ia., will probably be game captains.

Other members of the squad include: Tackles, Dee Ferguson, Spencer, Ia., Darrell Cyphers, Ponca, guards, Anthony Mata, Boys Town, Don Novacek, Walthill, center, Robert Walverton, Stanton, ends, Frank Sallors, Walthill, Jack Baumert, Stanton, backs, Ray Schmedeskamp, Walthill, Rodney Love, Wayne, Masori Moritz, Stanton, James Strahan, Wayne, Gene Metz, Lincoln, Rev Wanser, Page, and Cecil Jacobson, Albion.

Sheldon Junior Team Winner

Wayne Players Defeated By Visiting Squad Here Tuesday Evening.

Sheldon Junior college of Iowa warmed up enough in the second half to wallopp the Wayne State Wildkittens 21 to 0 in a football game played in chilly weather Monday night before 600 fans who braved the cold to watch a listless first half in which neither team was able to develop either power or speed.

Sheldon came back into the second half to score on a 33-yard touchdown pass. In the fourth quarter a 5-yard pass gave them a second touchdown. Wayne's pass attack also was costly to the Nebraska team as Sheldon intercepted on the Wayne 40 and ran the ball to the 1-yard line where it took three plays to punch through the Wayne line.

The game ended with another Sheldon interception after the only Wayne drive of consequence had carried the ball from their own 15-yard marker to the Sheldon 30 in three consecutive first downs.

Sheldon's line generally out-manuevered the Wayne line however, the play was about even as Wayne gained 91 yards rushing and Sheldon managed 108.

Metz was the standout backfield player for Wayne and Clark and Miller were the Sheldon power house.

Starting line-ups for the teams were:

Wildkittens	Pos.	Sheldon
Sallors	LE	Smith

Baneful Worry DR. Norman Vincent Peale, minister of historic Marble Collegiate church in New York City, writes a helpful article explaining how sickness is caused by worry—often over things that are largely imaginary—things that seldom happen. He tells of a man who worried himself sick, but could not recall what he had worried about during a previous month. He suddenly determined to cast aside worries and the result was freedom and peace of mind.

Dr. Peale says in part: "Worry probably has more victims than any other malady of the human mind. An outstanding psychiatrist calls worry 'the great modern plague.' A distinguished physician's carefully recorded experiments indicate that 70 per cent of the people he examined were ill, in part at least, because of anxiety and worry. Another famous physician has made a remarkable study in this field and asserts that more than half of those investigated were ill because of dammed-up anxiety. Anxiety being unable to escape outwardly turns inward and makes people sick. A state medical association reported that one-third of the people of their state were sick because of worry. You often hear the statement, 'I am almost sick with worry.' Then the worrier adds, 'I guess I'm not really sick.' But that is where the worrier is wrong. Worry can make him sick."

The latest Gallup poll finds General Dwight D. Eisenhower a more popular vote getter than President Truman. If they were pitted against each other for the presidency, Gen. Eisenhower would score 48 per cent and the president 39 per cent, according to Gallup. But the general has not said he would be a candidate, and if

he did, he is not certain of the nomination. Avowed contenders, and still others who would be available, are held in high favor.

Speaking of Fire Prevention week, the state department of public health makes this concluding plea: "We urge all our citizens, every public authority, the civic groups, the schools, churches, our newspapers and radio broadcasting stations to join in a state-wide movement to combat the ever-existing menace of fire to the end that life and property be saved from destruction, and the public welfare be better secured in the future."

A disquieting report comes from Paris. It says Russia is planning for a war with the United States in 1952. It wants to divide the world, and hog the best part of it. Author of a recent magazine article indicates the soviet union is internally weak with many inhabitants dissatisfied and ready to abandon communism. Lack of gasoline is said to be most serious, and the United States should see that it continues such lack.

Senator Robert Taft of Ohio may lack personal magnetism, but he does not lack candor nor straightforward talk, as proved during his western trip. The fact that hoodlum elements tried to frustrate his speech-making—even to injuring one of his hands by slamming a car door—strengthens him in the minds of orderly persons who sincerely believe in democratic processes.

National Newspaper week from October 1 to 8 is designed to awaken editors to a deeper sense of their responsibilities and the public to an appreciation of an institution dedicated to individual freedom. A free press is indispensable to free people. The slogan adopted for this year's observance is "Your Newspaper Serves Freedom by Serving You."

A severe readjustment from accustomed relationships stirs recollection of many things that are gratifying; others that are regretted. With the best of intentions one sometimes errs in judgment. Drawing on experience covering more than fifty years we hope before long to prepare a series of articles on the evolution of a rural newspaper.

Increased food shipments abroad and increased consumption at home are emphasized as reasons for serious shortage. The Norfolk Daily News believes people will cooperate in conservation practices "if they are told what they must do."

Money is important as a medium to use in buying things, but it does not insure happiness nor always even mild content.

OVERPRIVILEGED.

In addressing the Omaha branch of the Optimist International in Omaha recently, the general president, Lucien L. Renaud, said in regard to delinquency, that overprivileged children need attention to avoid pitfalls. He would not restrict the helping hand to the underprivileged. He says the boy who has money burning a hole in his pocket gets into a lot of trouble and needs help. Often children of rich parents are overlooked in the belief they are sufficiently protected. This neglect Mr. Renaud thinks is a mistake.

A REMINDER. The announcement that Fremont has voted bonds totaling \$350,000 for a war memorial park to include all kinds of recreation facilities reminds us of Wayne's defeat of a comparatively small proposition for a similar purpose last year. Wayne has the park ground, but lacks improvements that had been planned. It is recalled that a majority here favored the movement, but lacked the necessary two-thirds. At present the ground is laid out and used exclusively for golf. Doubtless in time it will be brought up to meet former expectations. As to a swimming pool and some other playground equipment for children, many have expressed preference for a more easily accessible location in the east part of town.

Banker's of State Presented Award

For activities in behalf of farm youth, for cooperation with the extension service of the state's college of agriculture, and for the high caliber of service given to farmers by the banks of the state, the Nebraska Bankers association September 30 received for the fifth consecutive year the coveted 1000-point award of the agricultural commission of the American Bankers association. Carl G. Swanson, secretary of the Nebraska Bankers association, reports that the award was made at the 73rd annual convention of the American Bankers association at Atlantic City, N. J., by C. T. O'Neill, chairman of the ABA agricultural commission. "Each year the ABA commission rates banks in all states on activities which benefit agriculture," Mr. Swanson explained. "In the numerical evaluation of these activities, points are given for 'regular' and 'extra' services rendered by the banks. It considers work done by individual banks as well as programs carried out by the agricultural committees of the state bankers associations. "The banks of our state received special recognition," Mr. Swanson said, "for participation in activities for farm youth. The annual 4-H club livestock show at Omaha is an outstanding result of this program. "The 'regular' services in which our banks compare well with banks in other states include the extension of adequate credit to meet the needs of our farm customers," Mr. Swanson said. "Credit was given, too, for individual bank projects encouraging farmers to keep debts at a safe level and, at the same time, build financial reserves. Plan for Program. Planning a complete program for the fall semester, members of the YWCA cabinet of Wayne State met at the home of Mrs. M. H. Hanawalt September 28.

Midland tied the game a few minutes later when Joe Crisman pitched a nine-yard pass to Deanie Anderson.

Midland drove 56 yards in the first period to Wayne's seven-yard stripe, but failed to move past the five on four line plays.

Anderson paced Midland's offense, averaging 7.1 yards per try. Vernon Harder was a bulwark in the Wayne line.

"The Bat" has an excellent cast of famous artists headed by Emile Renan, director and interpreter of five roles, Shirley Russell, soprano, Anita Jordan, soprano, Don Loring Rogers, tenor, and Emilia Mitran, pianist.

Wayne Panthers Bow to Knights

Plan Homecoming at Prep With Float Parade and Game with Leigh.

The Wayne Prep Panthers lost to the Sacred Heart Knights in a six-man football game at Norfolk September 25 by 86-0.

The highly rated Knights lived up to all expectations as one of the top ranking teams in the state.

Kellogg scored four times for Norfolk, and Juvencio, although none of these touchdowns were long runs, several long runs put them into scoring position. Manion, Sacred Heart quarterback, drop-kicked for the extra points. Three of them were good.

Prep threatened only once. In the third quarter the local team brought the ball down to the Knights' 20-yard line on a long run by Harder, but that was as far as they got.

Homecoming will be observed Friday, October 17, when Leigh meets Prep at a football game. A parade will be held at 4 that day, with each high school class and organization having a float. The "Sweetheart of the Team" will be chosen to reign over the game Friday night. A rally and snake dance will be held the night before the game.

Miss Hilda Boche and Raymond Krehnke, both of Pierce, were married in Norfolk September 21.

Madison Wins Night Game Here

Wayne High Team to Play At Wakefield Friday Of This Week.

An improved Wayne High eleven dropped a 13-7 football game to Madison at the college field Friday night in a tight contest. Action was lacking during the first half, but the last two periods were thrillers all the way.

The heavier Madison team, which had been stopped in the second quarter by a determined Wayne goal-line stand, took advantage of a momentary Wayne lapse to score first in the third period. Killion's good punt was taken on the Madison 40. The runner seemed trapped and apparently stopped, but slipped through and ran the 60 yards to a touchdown. The visitors scored again on a sustained drive a few minutes later.

Wayne tallied on a 60-yard march, with Maben crashing over from the two-yard line. The Tegen-to-Killion pass made the seventh point.

The Blue Devils missed a cinch scoring opportunity in the first half when Jip Sund carried the ball from his own 10 to the Madison 35 on a fake punt before being tackled from behind. One easy block would have meant six points.

Kurt Otte was outstanding in the line, with Dion Killion, Shulteis, Dranselka, Mann and Baller. Jack Fisher, starting his first game at right half, made several good gains.

Wayne plays at Wakefield Friday and returns home for the October 10 contest with Pilger.

Award Is Earned By Wayne Church

Name Rev. Robt. J. Bulkeley To Post in Northeast Baptist Group.

Wayne group attending the district meeting of northeastern Nebraska Baptists at Norfolk, Thursday and Friday last week, received a banner for having the largest delegation. They will be allowed to keep it until the Thanksgiving breakfast held at Ober, when it will go to the church having the largest representation there.

Rev. R. J. Bulkeley, of the Wayne church, was made director of evangelism and missions. Rev. R. J. Johnson of Tilden is the new moderator.

Clerk and treasurer of the group is Mrs. Melvin Witwer of Tilden. Mrs. Roderick Christensen, Pilger, is the new president of the women's division. Mrs. Walt Bressler, sr., of Wayne formerly held this position.

At the main rally, the speaker was Dr. Joseph Cooper, formerly pastor of a church in Paris, France. Rev. Bulkeley gave the day's sermon on "Our Task". Dr. Nelson, head of Christian education, was the speaker at the banquet Thursday evening. Mrs. Ralph Wood of Omaha, state president of the women's division, spoke Friday afternoon on the work of ladies' groups in the church.

New pastors in the association are Clay Ealum, Ober; Bob Vrzal, Carroll; and Norman Remm, Norfolk.

Rev. Charles Swindelis of England, will be the "town and country pastor". His duties are to help organize churches in small communities and to serve those churches which are organized but without a pastor. His headquarters are at Gibbon, Nebr.

Construction Work Helped by Surplus

Five who represented the National Farm Loan association of Wakefield at the 30th anniversary Federal Land bank convention in Rapid City are Edward Donlin of Bancroft, John Nelson of Homer, and R. T. Utch of Wakefield, presidents of associations, Joseph C. Johnson of Wakefield, director, and H. B. Ware of Wakefield, secretary-treasurer.

The Wakefield association makes loans to farmers in Dixon, Dakota and Thurston counties and the eastern part of Wayne county.

The delegates heard discussion of the vast changes which have taken place in the farm and ranch land field since the cooperative land system pioneered with long-term, low-interest loans 30 years ago. They also heard that the future of co-ops in America depends upon "the survival of the American system of free enterprise."

Dangers of over-lending in boom times were pointed out, and delegates were advised to stick to the traditional land bank policy of basing loans on the "normal" income-producing power of the farm or ranch unit.

Major contributions of the land bank system were listed: Pioneering the long-term, low-interest farm and ranch loan, enabling more farmers and ranchers to pay for their homes; standing by farmers and ranchers in drought and depression years; establishing normal earning power of the land as a basis for loans.

Evangelism Plan Being Continued

Baptist church at Wayne and others in the Northeastern Nebraska Baptist association are continuing their crusade for Christ through evangelism. A movie, "In to All the World" will be shown at the Wayne church on this theme, October 4.

A training conference will be held October 24, when the groups from each church in the association will come together to learn how to put the crusade for Christ into effect through Sunday school evangelism, through laymen's evangelism, and through the activities of the other church groups. Later, the 2,500 pastors of Nebraska Baptist churches will engage in spiritual campaigns.

High Food Costs Involve Problem

T. P. Roberts Explains How Farmers Have Carried Production Load.

Many factors enter into high cost of foods and all angles should be considered when studying this problem, according to T. P. Roberts of the AAA.

High price level applies to many commodities other than those produced on farms so the whole price structure should be considered, states Mr. Roberts. Generally speaking farmers are still not receiving a balanced per capita share of the national income, according to Mr. Roberts. In 1946 people living on farms received about 10 per cent of the nation's income whereas those living on farms accounted for about 20 per cent of the total population.

Prices received by farmers for their raw products represent about 50 per cent of the total price which consumers pay for their food items. The balance goes for transportation, processing, handling and profits along the way.

Farmers do not set their own prices, Mr. Roberts added. They sell on the open market and the price peak attained at any given point in the year for a product does not mean that all farmers were fortunate enough to have sold at such prices. No doubt about half of last year's crop went to market at about half this current price, says Mr. Roberts.

Current farm prices have not been the result of any attempt of farmers to curtail production and force increased prices on basis of scarcity. Farmers, on the other hand, have definitely met their responsibility of giving to the American people and the world the greatest quantity of food and fiber that could be produced with facilities available. They have done this in spite of handicaps and greatly increased production costs, Mr. Roberts states.

Recent production has cost farmers tremendously in soil resources. Some of the income now being received must be returned to the soil so farmers have ahead of them a big and costly job of restoring the soil fertility, the AAA leader concluded.

Cedar county Farmers Union, meeting in Hartington last week, reelected Francis Kimball of Laurel, and Ira Wilcox of Coleridge, as president and secretary.

Beer Retailers Approve Self-Regulation

The great majority of beer retailers in Nebraska are themselves among the strongest champions of beer industry Self-Regulation.
 They know their own reputation and business future may suffer if a few fail to recognize the responsibilities of a beer licensee. They endorse the work of the Nebraska Committee and the brewing industry in:

1. Promoting among beer retailers a better understanding of clean and lawful practices.
2. Supporting legal authorities in elimination of undesirable elements from the beer industry.

The brewing industry, through the Nebraska Committee, has practiced Self-Regulation in the state for nearly ten years. It has the support of state and local governing bodies, the public generally, and all branches of the brewing industry.

Propose United Effort for Peace

Miss Lenore Ramsey Speaks About University Group Program in Canada.

"If all the university women of the world got in step they can shake down the walls of illiteracy and even the walls of war." This was one of the statements made before the International Federation of University Women at Toronto, Canada, in August. Miss Lenore Ramsey, who was one of the delegates to the conference reported on the meeting Thursday evening for Wayne branch at the Methodist parlors.

Thirty nations are in the federation which held its 9th conference, the first since before the war when women were in Stockholm, Sweden, and the late Dr. Mary Honey of Wayne was in attendance. Dr. Stanislaw Adamowicz of Warsaw, Poland, presided. She experienced the horrors of concentration camps and appreciates the privileges of freedom. Dr. A. Vibert Douglas, professor of astrophysics in Queen's university, Kingston, Ontario, is now president and the meeting in 1950 will be in Switzerland.

Russia has tried to close out university women's associations, Miss Ramsey learned, but time only will reveal how successfully that has been done. The organization survived great hardship in Poland, Greek, Austrian and Czech groups were readmitted at Ontario.

Dr. Hallot of Pennsylvania, new

national president who recently visited Europe, reported on the appreciation French women have for their franchise and their desire to learn how to participate in public affairs. "If we get along we must extend the hand of welcome."

Dr. Dorrya Fahmy of Egypt, who attended the meeting, was the first woman in her country to discard the veil. That was in 1929. Now, she reported, many women even go to France to study.

Dr. Frances Moran of Dublin, a leading British lawyer and the only woman helping with the Nurnberg trials of war criminals, stated that the trials were dignified and fair.

Miss Aili Wiberlimo of Helsinki, expressed great faith that her native Finland will survive as a nation.

Opinion of the conference, reported by Miss Ramsey, is that university women should enter public affairs, take part in governing units, assist in economic and legal phases, help with social welfare, develop pressure groups as consumers, take part in religious affairs. "We can't stop science but we must advance in human relationships. We must help

Young Folks Wed At Church Rites

Miss Rosalie Hoeman Bride Of Willis Meyer Here Thursday Evening.

Miss Rosalie Hoeman, daughter of Mr. and Mrs. Oscar Hoeman, and Willis F. Meyer, son of Mr. and Mrs. William F. Meyer, both of near Wayne, were married Thursday evening, September 25, at 7:30 at Theophilus church southwest of Wayne, a large number of relatives and friends being present for the double-ring ceremony performed by Rev. D. Buelter.

Two baskets of gladioli, roses and asters stood before the altar and seven-branch candelabra with white tapers were on either side. Miss Adeline Hoeman and Miss Mary Ann Hoeman, sisters of the bride, lighted the candles. The former wore yellow chiffon and the latter blue formal with lace top and marquisette skirt. Miss Adeline's carriage was white and Miss Mary Ann's pink.

Norman Klueder of Norfolk, sang "Because" and "The Lord's Prayer." Mrs. Carl Ehlers played the processional and recessional. Miss Hoeman, given in marriage by her brother, Clarence Hoeman of Milford, wore white slipper gown fashioned with leg of mutton sleeves, high neck, fitted bodice and long train. The yoke was of marquisette. Her fingertip veil, borrowed from Mrs. Klueder, fell from a beaded tiera. To complete the tradition, she carried a handkerchief which has belonged to her mother for many years, wore blue garters and had a penny in one shoe. Her three-strand pearls were a gift from the bridegroom. Miss Hoeman carried white roses centered with a lavender orchid corsage and tied with white streamers.

Mrs. Harry Gust, sister of the bridegroom, was matron of honor. She wore blue satin formal and carried a colonial bouquet. Miss Bonnell Hoeman, sister of the bride, and Miss Dorothy Heigren were bridesmaids. The former was gowned in pink satin formal and the latter in pink marquisette. They had wrist corsages of pink and white roses and carnations.

Gloria Pfeil, who served as flower girl and ring bearer, wore yellow taffeta formal. She scattered rose petals and carried the rings in the basket. Mr. Meyer was attended by Dean Meyer and Ted Hoeman, brothers of the couple. Leon Meyer, a cousin of the bridegroom, and Milford Falbeck of Clear Lake, S. D., cousin of the bride, were ushers. The men wore dark suits and white carnation boutonnières.

A reception for 75 was held in Wayne auditorium. The bride's colors of pink, blue and yellow were carried out in decorations and two-course luncheon. Mrs. Harry Gust made the three-tiered decorated cake and Mrs. Wm Pfeil served this. Waitresses were Miss Lorraine Greenwald, Miss Evelyn Test and Mrs. Herbert Gerleman. Miss Helen Gerleman of Omaha, had the guest book and Miss Bernice Meyer was in charge of gifts.

The young folks left for a trip of about a week. For travel the bride chose soldier blue suit with which she wore her orchid corsage.

Mrs. Meyer has taught in Wayne county the past four years. Mr. Meyer was in service several years and has been farming since, southeast of Wayne where they will make their home.

Among those here from away for the wedding were Mr. and Mrs. Dan Hoeman and Mr. and Mrs. Ed. Wayne County Fair Is Success

Renew Coal Mining Efforts Along Missouri River in Early Period.

Early Days from the Wayne Herald for September 24, 1931: In spite of unfavorable weather, Wayne county's fair attracted good crowds. Receipts will not pay all expenses but the board has a balance from 1930 and will thus be able to meet the costs which amount to \$9,000. The Angus calf belonging to Milton and Blaine Auker took championship and won reserve championship at the interstate show in Sioux City.

St. Paul Lutheran congregation observed its 50th anniversary with special services. Rev. W. C. Heidenreich is pastor. The congregation organized September 25, 1887, at LaPorte in the old court house with 13 charter members, John and Salina Mettlen, Christian and Engeler Flohr, Anton and Amelia Kluever, Frank and Carolina Felren, Anna Ewing, B. F. Feather, Augusta, Amanda and Flora Flohr.

R. H. Mathewson, 66, former Wakefield banker, died September 20, 1931, after a long illness. Rev. Wm. Kearns was honored on 25 years in the priesthood. Mr. and Mrs. Chas. Mitchell of Wakefield, observed their 60th

wedding anniversary. The former is 81 and the latter 79. Midwest Natural Gas company has been granted six weeks additional time to complete its distribution system in Wayne.

The corporation to have charge of financing the new dormitory at the college organized by electing J. J. Ahern president, C. M. Craven vice president, Mrs. E. M. Brockway secretary, Rollie W. Ley treasurer and F. S. Berry other board member.

Rev. W. W. Whitman, Wayne Methodist pastor, goes to Superior, Rev. H. C. Caspey comes here from Geneva. Rev. David Simpson remains at Carroll, Rev. Rollie Poe at Wakefield and Rev. W. A. Mansur in Winside.

Among those who became naturalized citizens were M. V. and Bertha Crawford, Carl Umrath and Charles Goebbert of Wayne, and Johann Helms of Hoskins.

Wayne, Cedar and Knox inter-county federation meets in Wayne in October. Mrs. E. W. Huse is president and Mrs. J. G. W. Lewis secretary of the organization.

Alfred Kurrelmeyer and Miss Lillian Weber of Winside, were married September 17, 1931.

C. A. Bard suffered a torn thigh when loading hogs.

A spm was born to Mr. and Mrs. Robert Prince of Winside, September 21, 1931.

Carl Ruden underwent an operation for ruptured appendix.

Mrs. S. J. Ickler underwent minor surgery.

Mrs. Hans Brogren of Carroll, is in Rochester for treatments.

Robert Swanson of Winside, returned home from a Wayne hospital where he received care for a broken leg.

In Early Wayne Files. From Wayne Herald for September 25, 1913: Carl Wolter and Miss Rosa Behrens were married September 24, 1913. H. H. Hon-

ey and Miss Ida Clarke were married September 20, 1913. . . Johnson & Williams opened a garage in Wayne. . . Weldon Crossland who earned the Rhodes scholarship while attending Nebraska Wesleyan university, left for Oxford in England. . . Gollmar circus came to northeast Nebraska instead of Kansas and Missouri as crops in the southern states were reported poor.

Several Wayne county farmers took awards at the fair in Sioux City. W. H. Billiter and Burres Brothers won on their hogs, Wm. Morgan and Robert Pritchard on their Duroc Jersey hogs, Roy Fisher on Hampshire hogs and C. H. Morris on sheep. . . Miss Mabel Larson and M. S. Anderson were married September 24, 1913, at Wakefield.

Schall & Thompson sold 34 lots near the college for prices ranging from \$30 to \$450. . . Miss Mabel Lewis who taught Latin and German in Wayne city school, was married to Dr. Lieb, student at Harvard, in 1913. . . Dr. A. Naffziger sold his practice in Wayne to Dr. Charles Ingram of Sioux City. . . M. C. Lower sold land for \$150 an acre and John Banister got the same price.

Ponca Journal Notes. From Northern Nebraska Journal, Ponca, for September 8, 1887: Dixon county is a beautiful country with congenial people, as noted by many who came to the fair.

The country has 528 square miles and a population of 8,000. Bottom valley and hill land has a soil from two to six feet deep. Practically all farms are watered by creeks.

Native timber provides shelter, fuel and fencing. Wheat, oats, corn, vegetables and hay are in abundance this year. Dixon county has good roads, lively towns and good schools. Advantages in the country and towns are numerous.

Last week it rained and this week the fair is in progress. . . There is no more news concerning the coming railroad and bridge. . . The railroad bridge, if and when it is built, will be not more than a half mile from the coal mine. This will be convenient for all concerned. . . South Sioux City now has about 100 buildings. . . The famous Ponca band will play at the Corn Palace in Sioux City. . . The ancient days of fire and lava will soon be re-inaugurated and Imia volcano will again rise to the surface and become famous. . . The GAR will hold a rousing camping and program soon. . . South Sioux City will soon have a canning factory.

Coal beds along the river have been reopened by men who claim that they will meet with profit and success in the mine. For many years different parties have attempted to find a paying vein of

good coal but such efforts came to little. First efforts in coal mining started 25 years ago and continued at intervals. Newman & Preuit have made the new attempt and specimens of coal will be on display at the fair.

weakness in a nation and a lack of valuation which great writers have always exerted. The hapless reader seems to be caught and exploited for the dollars he may foolishly spend on sensational books, or escapist reading.

Conduct Funeral For Clarence Kay

Veteran of World War I Passes Away in Wisner After Long Illness

Clarence Kay, 50, of Wisner, passed away Tuesday evening, September 23, at his home. He was the son of M. J. and Mrs. Wm. Kay, and brother of Wm. Kay, Jr., of Wakefield. Funeral services were Friday at 1:45 from the Suttzer funeral home at Wisner and at 2 at the Methodist church. Rev. E. A. Gaither was in charge. Military services were conducted by American Legion Post No. 85 at burial in Wisner cemetery.

Mr. Kay, World War One veteran, had been manager of a grocery store in Wisner for almost 20 years. He had been failing in health for some time.

Besides his parents and brother of Wakefield, other survivors of Mr. Kay are a son, Jack of Wisner, daughter, Mrs. Harry Black of Galveston, Tex., and brother, Roland of Pender. His wife preceded him in death less than a year ago.

Lyons Is Winner In Friday Game

Wakefield and Wayne Play In Homecoming Feature Here This Week

Wakefield Trojans lost to Lyons 7 to 6 at the football game played at Lyons Friday evening. This was the second game for the local team. Lyons scored early in the second quarter after a sustained drive which started in the middle of the first period. Halfback Newell went over for the touchdown. Extra point was made good on a run through the line. This was the only time Lyons was deep enough in Wakefield's territory to threaten scoring.

Bill Anderson, Wakefield quarterback, hit pay dirt in the last quarter of the game when he went over the line on a quarterback sneak. The running attempt for conversion point failed. Bright spots in the local playing were displayed by strong defensive line plays of guard, Warren Johnson and spirited punning by Bob Erickson. Coach Ellyson stated that the local team was weak on receiving passes and this probably cost them the loss of the game.

Dale Kinney suffered a head injury early in the game and was replaced by Warren Johnson. Fred Schines was game captain. Both teams used the "T" formation and played strong offensive ball.

Starting lineup for Wakefield was Bill Anderson, quarterback; Ralph Conner, center; Gordon Dahlgren, left tackle; Bob Erickson, fullback; Bob Fredrickson, right tackle; Harold Hygge, right halfback; Gene Lubbersiedt, right guard; Dale Kinney, left halfback; Dick Pospisil, left halfback; Fred Schines, end; Harold Teil, left end. Trojans played their first home game Friday afternoon with Wayne. This game will be homecoming highlight of the day. King and queen, chosen by popular vote of the high school, will be crowned at the half. Students will have a dance in the evening in the high school auditorium, at which the king and queen will reign.

Mr. and Mrs. H. C. Barelman and Angela and Mr. and Mrs. Eldon Barelman and Jerry were among a group in the Alvin Johnson home Thursday evening for Mrs. Johnson's birthday.

Feedlots Are Food Factories

Now, with the approach of fall, the endless streams of cattle and lambs flow down out of the high summer pastures. Last spring's pigs soon will be on the way to market. The sorting lots and corrals will soon be busy. In the valleys and plains the feedlots begin to fill. They dam back some of this fall food of animals. . . You who feed livestock know well how important this is. You realize that it helps avoid periods of glut and scarcity, by stretching out, over months, the time of marketing. You know, too, how such year 'round marketing serves to lessen big "feast-or-famine" price fluctuations. And who should understand better than you the feedlots of America add millions of pounds to the nation's meat supply?

Feedlots, save for the land much of the fertility which the selling of grain crops and hay would take out of the land. For example, you sell a steer that has gained 500 pounds in your feedlot. You are selling off your land only about 12 1/2 pounds of nitrogen, 3 pounds of phosphorus, 1 pound of potash, which his body has absorbed out of your feeds. But suppose you were to sell as cash crops the grain and hay which you put into that steer. Then you would deplete your soil of about seven times as much nitrogen, four times as much phosphorus, and twenty times as much potash.

New "Slant" Saves Pigs

Farrowing pens with sloping floors are the answer to clumsy sows that step or lie on baby pigs. The slant of the floor takes advantage of the natural tendency of sows to lie with their backs uphill, while the tiny baby pigs tumble downhill safely out of her way. Used extensively in Kentucky, sloping floors have cut baby pig losses to only one out of thirty, according to W. P. Garrigus of the University of Kentucky. He writes: "Crushing or crippling by brood sows is the chief cause of pig losses. Normally, one out of every five new-born pigs is doomed to be mashed or severely crippled by clumsy, awkward brood sows the first day or so after farrowing. This loss to the swine industry adds up to a staggering total. According to the United States Department of Agriculture, each pig killed at farrowing represents a loss of 140 pounds of the feed consumed by the sow during the gestation and suckling periods. Figuring two pigs killed to the litter, this loss in one year alone, 1944, cost hog men 75 million dollars. "Very little of this tremendous loss needs to be tolerated. Three years of experimentation and observation of herd tests in Kentucky show that sows farrowing on sloping floors raised from one to four pigs more than when they farrowed on level floors. On 49 Kentucky farms where records have been kept, with 385 litters, an average of only one pig out of 30 farrowed has been crushed on sloping floors. The College of Agriculture, University of Kentucky, Lexington, Ky., has detailed information on sloping floors for farrowing pens, instructions for building, etc.

Martha Logan's Recipe for SAUSAGE AND LIMA BEAN CASSEROLE

1 pound pure pork sausage 1/4 cup chopped onion
1/2 cups dried lima beans 1/4 teaspoon dry mustard
(3 1/2 cups cooked) 1 teaspoon salt
3 cups hot water 1/2 cup tomato juice

Soak beans in hot water for 8 to 10 hours. Simmer beans about 1 1/2 hours in the same water in which they were soaked. Drain off half of the sausage and the onion, stirring lightly. Drain off excess fat. Combine cooked beans, browned sausage, onion, mustard, and salt. Place in a one-quart casserole. Make ten small balls from remaining sausage meat. Place on top of hot bean mixture. Pour tomato juice over beans. Bake in a covered casserole in a slow oven (325° F.) for 45 minutes. Uncover. Bake 15 minutes longer to brown sausage. (6 to 8 servings.)

WINTER FEEDING AFFECTS SUMMER GAINS

Summer gains made by yearling steers on grass vary with the amount of gain made during the previous winter, according to new data reported by the Oklahoma Agricultural Experiment Station.

The experiments conducted by the Department of Animal Husbandry there were designed to find an answer to this question: How much should calves gain during the winter months in order to make the best use of grass the following summer?

Six lots of choice calves were used in the test. They were fed to gain at three different rates—high (1.3 pounds per head daily); medium (about 1 pound per head daily), and low (about 1/2 to 3/4 of a pound per head daily).

The report of the experiments indicates: (1) that steers calves which gained at the medium to low rates made

Waiters no longer make mistakes in one of Hollywood's new restaurants. Owner, Arthur Davis, has invented a device which lists items of food and drink beside a series of buttons. All a diner has to do is punch the proper buttons attached to his table.

Jack Geddie, a native Texan, wanted his child born on Texas soil even though his wife was scheduled to enter a Brooklyn hospital. A cooperative physician let him put a box of "good old Texas dirt" under the delivery table before he delivered a boy to the proud parents.

Policemen in Peoria, Ill., are busy looking for a stolen house. Earl Allen, who was building a two-story prefabricated house, reported the building was gone. Neighbors told him they saw a man piling parts of the house into a truck.

Policemen in Dallas Tex., heard a new story from a 16-year-old boy who was riding a stolen bicycle. His explanation was: "I tore my pants, and, was ashamed to ride home on the streetcar."
