

Saturday Night's Forum Tackles Many Different Subjects—Farm Standard of Living—Planning to Save Food—Mild Autumn Weather—Plenty of Healthful Play.

Saturday night's Main street forum during these autumn days makes corn prospects with politics and the world's deplorable condition. Russia—mainly responsible for threats to peace—is often raked from Dan to Peencheba.

Farmers have been husking some corn to feed, but this week gathering an unusually short crop will be in full swing. W. R. Harder, Wayne county agent, thinks bottom land will yield 25 to 30 bushels to the acre. Farms on high ground will not fare so well, the agent says, but ears are sound and fodder will be much used.

When the forum tackles the ingratitude of some foreign nations, feelings become intensely hot, and with newspapers and radars, farmers keep themselves well informed. They know the identity of foreign bosses who are trying to stir up trouble with the United States.

While the world series held attention, baseball fans discussed the relative merits of rival teams. Evaluating plays and players was a refreshing pastime in contrast with contemplating Russia's ruthless disregard of pledges and human rights. Russia's craven satellites share in feelings of bitter resentment.

The town's forum is kept busy discussing vital questions without permanently settling any of them. The Saturday night get-together delivers and enriches experience.

Wrong Impression. Before a senate-house hearing in Washington, Chas. F. Brannan, assistant secretary of agriculture, charged that American farmers are without modern conveniences. We wonder where the secretary has been looking—probably in the deep south. He should extend his observations to cover the middle west. Here he would find just as modern homes as he could find in metropolitan centers. There is no lack of things to facilitate work and make life agreeable in mid-west communities.

Assist Patients With Polio Fund. Wayne county polio chapter, meeting Thursday evening at the State National bank, heard report about six patients who had been helped this year. Banister, daughter of Mr. and Mrs. Clark Banister of Wayne, \$204.35; Hazel Ulrich, daughter of Mr. and Mrs. Fred Ulrich of Hoskins, \$72.50; Ray Jochens of near Hoskins, \$150.60.

The fund now has a balance of \$1,019.90. The next drive will be in January. Henry E. Loy is chairman, Mrs. O. K. Brandstetter vice chairman, Wayne Marsh, secretary and Mrs. Chris Tietgen treasurer of the county unit.

From Father Flanagan. In the Boys' Town News, Father Flanagan urges plenty of wholesome play to keep boys healthy and out of mischief. He concludes with these helpful paragraphs: "Furthermore, play stimulates the imagination and builds character by giving the boy an interest around which to center his activity. The aimless person is dissatisfied person. His trouble is that he does not know what he wants. The boy who lacks the right kind of interests, such as those that are provided by play, is the very one who is most likely to get into trouble or develop into a problem child.

"A happy childhood is the basis of a happy life. An important factor in a happy childhood is knowing how to play. Give the boy adequate play facilities, teach him how to take advantage of them, and you increase his chances of becoming a useful citizen and a happy adult."

CONCORD NEWS

By Mrs. E. J. Hughes

Young Folks Wed At Concord Rites

Miss Ardyth Johnson Bride Of Lorence E. Anderson Sunday Afternoon.

Miss Ardyth L. Johnson, daughter of Mr. and Mrs. LeRoy F. Johnson of Wayne, and Lorence E. Anderson, son of Mr. and Mrs. Arthur Anderson of Albia, Ia., were married Sunday, October 12, at 3 p.m. in Concordia Lutheran church in Concord. Rev. John Sutherland performed the single ring ceremony before an altar banked with ferns and flowers.

Miss Ardyth Johnson, sister of the bride, sang "I Love You Truly" and "Oh Promise Me" before the ceremony and "O Perfect Love" during the vows. She was accompanied by Miss Marilyn Anderson, who also played the wedding marches.

The bride, given in marriage by her father, wore a cadet-blue bird's eye, wool suit. She carried American Beauty roses tied with white satin ribbon and wore a crown of white flowers in her hair.

Miss Euodia Johnson, sister of the bride, served as bridesmaid. She wore a suit identical to the brides and carried a colonial bouquet. Her earrings were a gift of the bride.

Mr. Anderson was attended by his brother, Bob Anderson, of Albia, David Alvin of Berwyn, Ill., and Meredith Johnson, cousins of the couple, were ushers. All wore dark suits with white carnation boutonnieres.

The bride's mother chose a navy blue dress and the groom's mother a black dress. Each had a deep pink carnation corsage.

Following the ceremony a reception for the immediate families was held at the bride's home. The bridal table was centered with a three-tiered cake topped with miniature bride and bridegroom. Other decorations were carried out in the bride's colors of blue and white. Mrs. Glenn Magnuson had charge of the reception. Waitresses were Mrs. Pat Carlin, Mrs. Bob Anderson and Miss Ardyth Johnson.

For travel, Mrs. Anderson chose a black dress with silver sequins and frost colored accessories.

Mrs. Anderson was graduated from Concord high school and attended Wayne college. She taught for the past four years in Dixon and Wayne county schools.

Mr. Anderson was graduated from Albia high school and served in the army air corps. Since his discharge in 1945 he has been farming.

Out-of-town guests at the wedding were Mr. and Mrs. Arthur Anderson and Mr. and Mrs. Bob Anderson of Albia, Ia., Mr. and Mrs. Pat Carlin of Berwyn, Ill., Mrs. Lily Swanson, Mr. and Mrs. Paul Benson and Marjorie, Mrs. Grace Anderson and Louise of Byers, Colo.

Wayne High School Breaks Three-Year 'Victory Drouth'

Blue Devils Whip Pilger, 26 to 6

Trail 6 to 0 at Half Time; Score Four Times in Second Half.

Wayne high's Blue Devils scored four times in a sparkling second half Friday night to down Pilger, 26-6, and thus scored the first football victory in over three seasons. Students and teachers celebrated the occasion with a semi-impromptu party at the school immediately following the game.

At the end of the first half it looked like the same old story, with Pilger leading 6-0 on a sleep-or-play pass for a touchdown.

But the locals bounced back with a vengeance. Norman Mahon, whose first half efforts had been nullified by fumbles, scored after a 90-yard drive. After a Pilger fumble, Jack Fisher tallied on a 10-yard run to culminate a 40-yard march. Fourth quarter touchdowns by Jim Sund and Warren Ellis finished the scoring.

The Wayne squad was a new team in the last two periods. Dick Dion and Jim Killion, ends; Don Shulteis and Marvin Dranselka, tackles; Ed Mann and Kurt Otte, fullbacks; and Dick Baller, center, formed a hard charging line which stopped Pilger's running attack cold. Don Tietgen called a good second half at quarter.

Other boys seeing action were Virgil Rolfe, runs; Bichel and Chuck Kay, ends; Bob Smith and Ted Horrell, tackles; Ronnie Williams, Jack March, Ken Lipp and Heinz Otte, guards; and Lefroy Sievers, fullback.

Wayne plays at Wisner Friday afternoon, and meets Allen here October 22 in a Wednesday night contest. The Blue Devils have a game at Hartington October 31 and finish at home with West Point November 7 and Neligh November 14.

Game Deadlocks At Homecoming

Huge Crowd Sees Wildcats And Peru Battle to 0 to 0 Tie.

Wayne State Teachers Wildcats came through another football week-end undefeated -- but they didn't win, either.

Last Saturday the Wildcats and Peru Teachers battled back and forth across the field all afternoon before a large homecoming crowd and wound up in a 0 to 0 deadlock. A high wind and an occasional shower made it practically impossible for either team to play anything but conventional football.

Because of the wind and rain, few passes were attempted. The Wildcats did manage to connect for two completed aerial tosses, while Peru was unable to complete a single pass.

Peru held the edge on first downs with six for the official record, while Wayne chalked up five.

Saturday's tie was the third for the Wildcats this season in as many games.

Wayne Staters who saw action included Strahan, Harder, Wenborne, Clopper, Johnson, Morrison, Otto, Cunningham, Jacobson, Anderson, Moyer, Babe, Moritz, Love, Wolvorton, Borg, Ferguson, Baumert, Novacek, Lee, Sailors, and Metz.

Prep Gridsters Whip Newcastle

19 to 16 Victory Is Second Triumph for Prep This Fall.

Wayne Prep downed Newcastle, 19 to 16, Friday afternoon for its second football victory of the season.

Because a high wind kicked up considerable dust on the Newcastle field, both teams stressed running attacks.

Newcastle received the opening kick-off and punted after failing to advance the ball. On the first play from scrimmage, Harder of Prep surprised the spectators by traveling 60 yards for Wayne's first touchdown. The try for extra point failed.

Shortly afterward, Harder scored Prep's second touchdown when he went two yards around the left flank to end a 50-yard march. Ball passed to Kingston for the conversion.

The second and third quarters were scoreless as Newcastle's defense stiffened. Then, to start the final period, Newcastle marked up its lone score by taking the ball over from the 2-yard line. An attempted kick for the extra point was short.

In the final minute of play, Harder clinched the game for Prep when he broke loose and streaked 40 yards for the final touchdown.

Wakefield Takes Win Over Ponca

Football Team Will Play In Game with Pender This Friday.

Wakefield Trojans tallied their third victory of the season by defeating Ponca 26 to 0 Friday at Ponca. They have lost only one game, this to Lyons by the close margin of 7 to 6.

Anderson made the first touchdown early in the game on a 40-yard run. Extra point conversion was good on a pass from Anderson.

son to Schlines. Erickson went 60 yards for pay dirt in the second quarter on a lateral pass from Hyppse. The other two scores were made in the second half, both by Erickson.

Starting lineup for Wakefield was: Bill Anderson, quarterback; Ralph Conner, center; Warren Johnson, left tackle; Bob Erickson, fullback; Bob Fredrickson, right tackle; Harold Hyppse, right halfback; Gene Lubberstedt, right guard; Dale Kliney, left guard; Dick Pospisil, left halfback; Fred Schlines, end; Harold Tell, left end. The local eleven goes to Pender Friday night.

Wildcats Still Seeking Victory

Play Conference Game at Doane College, Crete, Friday Night.

Wayne State's hustling Wildcats leave home territory to tangle with the Doane college team at Crete Friday night.

Despite the rough homecoming deadlock which ended in a 0-0 tie with Peru State, Wayne is in the best condition this season with early injuries disappearing and offensive and defensive play working with precision.

Statistically, Wayne and Doane might play another tie game for the Nebraska College conference. Doane and Peru tied earlier in the season. Wayne's record of three ties goes somewhat toward setting a conference and perhaps a national record.

The next Wildcat game is Friday, October 24, when Hastings college will attempt to wreck Wayne's conference drive.

Schedule Games In Bowling League

Bowling league schedule for the coming week includes the following: October 20, Betz cafe vs. Pilley; October 21, Roberts dairy vs. Poultry & Egg; October 22, Ho-feld bar vs. Wayne Creamery; October 23, Mortenson's vs. Gustafson's.

very war calamity many have feared. Countries in sympathy with self-determining peoples are numerous enough and strong enough to take the wind out of the sails of Russia and its subservient satellites.

A report from Los Angeles says Henry Wallace's name will appear on primary ballots in California and Oregon as a candidate for the democratic presidential nomination. We suspect that if any section of the country is friendly to Wallace's political ideas it would be found on the Pacific coast. If he loses in the two states mentioned, his chances in the convention would appear exceedingly slim.

It is charged that the Greeks are using powdered milk received from this country to feed pigs and whitewash barns. The reason given is that egg beaters are necessary to put the milk in shape to use, and that there are no egg beaters in Greece. Manufacturers of egg beaters should promote their products and see that the death in this particular kind of beaters is ended.

University Hall, oldest structure on the University of Nebraska campus, is to be supplanted next year by a new, modern building. This pioneer structure was completed in 1871. The top story had become so dilapidated that it was removed several years ago. In recent years it has housed principally the school of journalism.

The president's food saving program to insure adequate feeding of hungry peoples abroad is generally endorsed, and there is no lack of wholehearted cooperation. But preventing waste is urged. It is essential to see that food goes where it is needed, and that no profiteering is allowed.

We thoroughly appreciate the many kindly references by editors and others to The Wayne Herald's growth during the past thirty-seven years. Many excellent newspapers were an inspiration. We hope to keep sufficiently active not to drop out of sight.

The annual homecoming at the college was the usual colorful occasion. Many former students, thrilled by recollection of college days, shared in the procession of events. Homecoming has always been a highlight in school experience. It is the happy climax of a lot of careful planning.

Arrival of the first funeral ship bearing 3,028 bodies of American boys who fell in World War II renews the shock to peace-loving sensibilities, and intensifies the determination to do everything within reason to avoid another armed conflict.

John L. Lewis, labor union boss, has been jolted out of the vice presidency of the AFL. This will help John L. realize that there is a limit to his domination, even of labor organizations.

Proposed division of Palestine between Arabs and Jews strikes us as a move in the right direction. The two peoples would contribute much to the world by a plan to restore long-delayed peace.

The finest in civilization is expressed in a minimum of crime, and the federal bureau of investigation gives the middle west a favorable rating in that respect.

APPALLING.
The Norfolk Daily News mentions four death-dealing fires and other disasters, and adds that all of them combined did not cause half the fatalities that resulted from the total automobile accidents in August this year. The News goes on to explain: "We are used to traffic fatalities. They register only lightly on our minds. Yet they come with a frightful regularity, and every month some of them hit close home. The National Safety Council is trying to arouse us to a realization of the needlessness of this waste of life. Most accidents are caused by human carelessness. Prevention is a problem of inducing the individual to learn and follow the simple rules of safe driving. It is a problem for every one of us."

CHEAPER LIVES
(Norfolk Daily News)
With traffic deaths over the long week-end up around 200, a thought may come to old timers who can remember when the auto was a new gimmick that no one, except a few crackpots, believed in.

Back in the early 1900's deaths caused by the few motor cars on the roads at the time probably didn't amount to a dozen a year. Yet what a commotion they stirred! Newspaper editors wondered what would happen to the population if these deadly creations were allowed to increase and to have free rein on the roads.

One cartoonist pictured the father of an injured child shaking his fist at a departing auto, and the artist wondered if people would have to take the law in their own hands to stop the monstrosities.

Now we can kill 260 in three days. And not a hair of our heads ruffles as we read about it. We may comment that that is a lot of people to lose their lives in so short a time, then we turn to the sports page or the society column. Life is no longer the precious thing it used to be.

The auto probably deserves some share of the blame for this lowering of the value we set upon life. But not all of it. We have gone through two of the most devastating wars in the world's history. We have been trained not only to kill, but to accept killings as a part of life. We have been caloused into thinking little of deaths on highways. That's perhaps the reason the campaigns and drives to make people drive carefully are followed only by longer traffic casualty lists.

How are we going to get people back to thinking that life is something of the greatest concern, not only to the person who loses it, but to us all as individuals and to society itself.

We may not be able to do that, but if we could we might find it easier to pound home the lesson to the man behind the wheel that if his moment of carelessness deprives some one of his right to live, he has done a monstrous thing.

THE VANISHING PROFIT
(Omaha World-Herald)
A California man, testifying in court, said he began betting on the horses with capital of \$4,500. In two years he made bets totaling 311 thousand dollars. He wound up with a profit of \$26.

The man did pretty well. In betting 311 thousand dollars he paid the tracks 10 per cent of that amount, \$31,100, for the privilege of betting. His judgment was so much better than average that he really ran his \$4,500 up to \$35,626 (\$4,500 plus \$31,100 plus \$26). Yet he came out practically even.

The conclusion is obvious that even if you know your stuff you aren't likely to win on the ponies. This is no discovery, of course. Every better has heard of the horse percentage. But it makes him happier to ignore it.

"For Our Own Good"
(Lincoln Star)
Give William ("Bill") Green, head man for the American Federation of Labor, credit for a discerning, wise, sound utterance in his Labor Day address in Chicago, attended by more than 200,000 people. Say it with ballots instead of ill-considered strikes. Green told his audience. Production must be kept moving "at full blast" for "our own good" and the welfare of the country. Those are the words which the public, caught in the cross-fire of labor-management differences have been waiting to hear.

RUSSIA'S PERVERSITY
In squeezing the truth out of reports to satisfy their purposes, Russian leaders gull Americans who are in the habit of dealing in facts, saying what they mean and meaning what they say. Editor Woodson sizes up the unfortunate situation in these words in the Sioux City Journal: "The patience of the American people and of their government officials is being tried by Russian accusations in even greater degree because of the fact that we in this country realize that the Soviet leaders are quite aware of the fact that most of the time they are not telling the truth. If they merely were ignorant, we might hope to explain things to them and thus inform them. But to transpire what often has been said about those who will not see, there is no one so deaf as one who will not hear."

Wedding Service Held in Church

Miss Annabelle Fox Is Bride Of Wendell P. Haahr at Hartington Rites.

Miss Annabelle Fox, daughter of Mr. and Mrs. Geo. Fox, and Wendell P. Haahr, son of Mr. and Mrs. Andrew Haahr, both of Hartington, were married September 18 at Hartington Trinity Lutheran church, Rev. O. L. Leverson performing the double ring ceremony. The bride is a granddaughter of Mr. and Mrs. Ben Fleming of Carroll.

Mrs. Walter Carstens played the nuptial music and Miss Jeannine Novotny sang "Because" and "O Perfect Love."

The bride, given in marriage by her father, wore a gown which she made from white crepe silk sent from Japan by her brother who was in service there. It was fashioned with sweetheart neckline, long pointed sleeves, fitted bodice and full gathered skirt with pleum trimmed with white velvet. Her fingertip veil fell from a beaded tiara. Her pearls were a gift from the bridegroom, and she carried pink gladioli.

Miss Virginia Mae Wittler was maid of honor and Miss Dorothy Ann Haahr bridesmaid. Miss Wittler wore blue and Miss Haahr deep pink. Patricia and Travis Burney wore flower girl and ring bearer. Patricia, in white organdy, carried gladioli buds in a crocheted basket. Travis wore a blue Eaton suit.

Mr. Haahr and his attendants, George Fox, jr., and Theodor Haahr, were in dark suits. Harvey Lentz and Harold Hansen were ushers.

A reception for 85 guests was held at the church parlors.

After a trip to Caldwell, Idaho, the couple returned to live near Hartington. Mrs. Haahr has been employed the past three years in the Lawrence Rossiter insurance office at Hartington.

Evangelist Says Swedish People Like Americans

Rev. John Hedlund, Swedish evangelist, spoke to a large audience Thursday evening at Mission Covenant church. The foreigner is touring in America for six months, continuing his work as a newspaper correspondent. He writes for ten daily papers and four weeklies for his country.

Rev. Ervil Gustafson acted as interpreter, as the speaker spoke only in the Swedish dialect. He told of the economic conditions, school system and living conditions of his native land. Food is scarce this year because of drought conditions early in the summer. The two most scarce items in Sweden are coffee and rice, according to Rev. Hedlund.

People in Sweden would compare the highway between Wayne and Wakefield to one of their most modern, improved roads, the speaker told. He was greatly impressed by the spirit of democracy that prevails in America. He said the business man and laboring class in Sweden do not mingle freely as they do here.

Rev. Hedlund told the audience how people in Sweden try to copy American ideas and their way of living. They have even adopted slang words from the American language. The speaker closed by saying, "The people of Sweden look first to God, then to America for help."

Miss Sundell's left arm was paralyzed nine years ago when she fell from a cow she attempted to ride. She determined not to let her handicap keep her from useful endeavor. Miss Sundell went to Omaha and has been cashier, typist, waitress, usherette and private secretary, making one arm do the work of two.

Ruth mastered a special typewriter keyboard at an Omaha business school. She served as secretary to Larry Kerwin of the Omaha Country club who commended her work by saying that she does as well with one hand as many do with two. Miss Sundell began new work Monday as secretary with the Red Cross.

Safeway's Meat Counters are Open on Tuesdays and Every Day but Sunday

HERE IS WHY—

1. Many people need fresh meat in some form every day as prescribed by their physician for specific health condition.
2. Certain creeds and religious faiths may observe a day other than Tuesday as their meatless day.
3. Many consumers may find it necessary to buy their meat on Tuesday for use on Wednesday.

In having meat for sale every day, Safeway is simply fulfilling its obligation to serve the needs of all customers.

In addition, Safeway believes that an important contribution will be made to cutting down waste by maintaining an even flow of perishable foods from producer to consumer. For its part, Safeway intends to wholeheartedly cooperate with President Truman's program by doing everything possible to eliminate spoilage and waste in its stores and warehouses. Closing the stores or withholding food from sale on any business day would simply mean an extra storage period for perishable foods which in turn would increase the amount of waste and spoilage.

Feels Confident That World Can Solve Weighty Problem

Though troubled times seem to prevail in Africa, the Near East and Europe, John McIntyre feels confident that some problems are being ironed out and he expresses hope that all may be solved for the sake of the world. Mr. McIntyre and his bride of February 15, 1947, arrived from Casablanca, Africa, to spend a few weeks with the former's mother, Mrs. B. M. McIntyre, at Winside before Mr. McIntyre decides on a location in this country. He had been stationed in Africa three years as flight engineer.

The Winside young man received his honorable discharge June 4, 1946, and since then had been a civilian employee of the war department. He flew government missions to Palestine, Egypt, Libya, Tunisia and other places around the Mediterranean.

Mr. McIntyre was in Palestine about a year ago before the King David hotel was blown up by Jewish terrorists. Barbed wire barricades were in place and the general appearance reminded one of war.

Only time will tell the outcome of trouble in Palestine. Mr. McIntyre states Jews and Arabs are in constant strife over the country and the British are trying to control the situation. The Jews want to bring in more of their people from Europe. Large ships of these displaced persons are practically always detected and turned back. Small groups often get by the guards.

Mr. McIntyre found unrest in Egypt also. People there say the British promised to withdraw 20 years ago but have not done so as yet. Instead, more soldiers seem to come to that nation.

Morocco in Africa is a protectorate of France, and Algeria is a province of France. Arabs there are very unhappy but are unable

to do anything about their condition. Arab nationalists in Morocco are very modern and do not like the French control. The masses are primitive and uneducated and are subject to French control. A Sultan, whom the Arabs think is a descendant of Allah, is only a figurehead and is not in favor with the French government. Altogether the situation is not the best.

Mr. and Mrs. McIntyre spent May in France and near Paris with the latter's grandmother and aunt. They found that labor and communism are closely associated there. The government on one occasion dismissed communists in office and repercussions followed. On another occasion a railroad strike was called by the communists. A feeling of fear prevails lest a general strike be called and tie up the country's entire industrial system.

A bread strike caused a great scarcity of this food when the McIntyres were there. Natives of the country had about half the usual allotment of bread and transients had less on their ration cards. Mr. McIntyre learned that the French do not consider corn a good food for humans. They think of it as for livestock only. Most grains used there are imported. The French recently have had to try to get by on foods they raise. Things grow so fast there that they do not store proper amounts of minerals and vitamins. Their own products thus do not furnish what the people need for good health.

Mrs. McIntyre, the former Domanska Festen, knows the hardships of war. She was born in Poland. Her parents were killed at the outbreak of the war and she was separated from a brother and sister. The whereabouts of the brother are not known to her. The sister is in school in Warsaw.

Mrs. McIntyre escaped from Poland with an uncle and aunt, who are now her adopted parents. They went through Lithuania, Latvia, Sweden, Holland, Belgium and France and finally reached Africa and had lived in Casablanca since. She speaks English, Polish and French.

Destiny Affected By Personal Lives

Miss Eleanor Knoll Gives Observations on Royal Marriage in England.

Personal lives of governing heads have a great influence on the destiny of nations. This was noted by Miss Eleanor Knoll, Wayne high school instructor, who spoke to Wayne branch of AAUW in the Women's club room Thursday evening on "The Elizabeths and Romances."

To furnish the musical background for the message Miss Hazel Reeve played a wedding march on the piano and Miss Jean Smolnik, accompanied by Miss Marilyn Armbrust, sang "Because."

"Fate really molds our lives," Miss Knoll began. The judge who granted Wallie Simpson a divorce 10 years ago so that she might marry the Duke of Windsor, heir to the British throne, really took the action that affected the life of Princess Elizabeth, who was then 10 years old. When the Duke of Windsor relinquished rights to the throne, Elizabeth thus became heiress presumptive.

Princess Elizabeth is to be married November 20 to Lt. Phillip Mountbatten who signed away all rights in Greece to become a British subject.

The royal wedding, which will display much pomp and ceremony and to which 2,000 invitations will be issued, is based on precedents, dating back to 1369 when Richard II ruled. A Catholic is arranging the wedding of the young woman who will become the head of the strongest Protestant church. Reactions of members of the family are no doubt just like those of any ordinary home group.

The Duke of Windsor, who made possible Elizabeth's rise to the throne, will likely not be present for the wedding. Another Queen Elizabeth in 1603 made the throne what it is today. She had the big task of choosing between marriage or the throne. She remained unmarried and retained the power.

Her political influence was responsible for 25 years of peace in the empire. She sacrificed for her country.

The committee serving Thursday included Miss Ruth Pearson, Miss Marie McCorkindale, Mrs. Victor West and Dr. Charlotte Nast.

Hostesses November 13 will be Mrs. Don Wightman, Mrs. Howard Witt, Mrs. R. M. Carhart, Miss Jessie Boyce and Miss Laura Franklin.

To Two Meetings.
Mrs. F. A. Mildner was in Omaha Tuesday and Wednesday to attend the meeting of midwest book reviewers. She is in Lincoln this Thursday and Friday for the state library meeting. Mrs. Leo Pilger, librarian at Stanton, accompanied her to both gatherings. In Lincoln Mrs. Mildner was a guest of her sister-in-law, Mrs. R. A. Dawson.

Removing Cause Seen as Solution

Dr. J. R. Johnson Addresses Wayne Women's Club on Capital and Labor.

In addressing Wayne Women's club on "Cooperation between Labor and Capital" at the club rooms Friday, Dr. J. R. Johnson stressed the need to remove the cause of trouble in economic strife. Good and bad exist both in management and in labor. Dr. Johnson agrees with Separator Irving Ives of New York, who looks to organized labor as one of the forces to preserve the capitalistic society and free enterprise. Unions make it possible for a bargaining agency to apply the rule of reason and to keep the economy functioning, thus avoiding autocracy, dictatorship or other undesirable forms of government.

Dr. Johnson outlined the objectives of labor and capital, stating that both are pretty well agreed on wages, hours and conditions of work and security. The differences arise usually in administration.

Rise of big business after the Civil war brought labor unions. Sherman Anti-trust act and Clayton act were designed to break up big business and promote fair competition. Legislation tended to favor capital until the New Deal and since then the trend has been to favor labor.

The Wagner national labor relations act of 1935 was called the Magna Charta of labor for it limited the employer. It legalized collective bargaining which workers had wanted for years.

The Taft-Hartley labor-management bill passed recently is an attempt to bring a balance between capital and labor. It is thought that strife can be avoided if both capital and labor recognize the legitimate rights of the other and if orderly procedure is provided to avoid practices that are harmful to the public welfare.

Main provisions of the Taft-Hartley bill are that it: Outlaws boycotts and "featherbedding"; permits injunctions to be obtained against unions engaged in unfair labor practices; outlaws the closed shop but permits union security; guarantees free speech to employers; requires unions to give financial and organizational statements with the NLRB; prohibits communists from union office; forbids both unions and corporations as such to make contributions to national election campaigns; releases employers from recognizing foremen's unions; requires unions to bargain collectively and makes them suable for breach of contract; requires joint administration by company and union of labor welfare funds; outlaws strikes by government workers.

Dr. Johnson described the greatest change in administration under the Taft-Hartley bill as the setting up of a federal mediation and conciliation service independent of the department of labor. Through

Plan for Rural Areas To Serve

It is the purpose of these service units to aid needy families and individuals through the schools, nurses and social workers. Nebraska has more than 200 such units organized and it is hoped to extend the number to 375.

Peace Education Is Meeting Theme

Härold Carlson bought the Laurel theatre from Alfred Carlson.

this agency the government aims to avoid compulsory arbitration.

A joint congressional committee, headed by Senator Ball of Minnesota, has been set up. Dr. Johnson explained, to study the whole field of labor management relations. Guaranteed annual wages, profit sharing, bonus, internal organization of unions, employer policies and welfare funds are among the problems to be reviewed.

Management and labor do not want compulsory arbitration and the whole movement is aimed at settling disputes for the best welfare of all.

Nebraska is a big state. The distance between Scottsbluff and Omaha is nearly as great as that between Omaha and Chicago! Yet, the work of the Nebraska Committee, U. S. Brewers Foundation, is truly state-wide, reaching every community where beer is sold. Through retailer meetings, and bulletins mailed to retailers—as well as visits from the field force—the legal, moral and social responsibilities of all those engaged in this highly specialized business throughout the state are helped to become assets to their communities. In fact, the members of the Executive Board of this Committee come from such widely separated cities as Alliance, Omaha, Grand Island, Pender and Lincoln. It is truly a state-wide cooperative self-regulation program and is of value to every citizen of Nebraska.

HERE IS A 4-UNIT DIESEL FREIGHT LOCOMOTIVE NOW OPERATED BY 2 MEN (1 ENGINEER AND 1 FIREMAN)
2 BRAKEMEN AND 1 CONDUCTOR COMPLETE THE CREW OF THIS TRAIN
EXTRA CAR FOR 15 MEN NOT NEEDED
BUT THE UNION LEADERS WANT 15 EXTRA "SITTERS" ON THIS TRAIN... 3 ENGINEERS, 3 FIREMEN, 6 BRAKEMEN AND 3 CONDUCTORS... TO GO ALONG FOR THE RIDE AT FULL PAY!

It's to your interest to know about this proposed feather-bedding!
For sheer feather-bedding, this mock work proposal takes the cake. But it is only one of 44 "rules" demands filed by the leaders of the operating unions. If all these demands were granted, they would cost the railroads an added BILLION DOLLARS A YEAR.
Increased Wages, Too
On top of these "rules" changes, the leaders of the operating unions have filed an additional demand for a wage increase of over 30 per cent. If granted, this would be an added cost to the railroads of \$400,000,000 a year.
\$468,000,000 To Non-Operating Employees
In addition to this, an Arbitration Board has just granted a wage increase of 15 1/2 cents an hour to the million employees represented by the 17 non-operating unions. This will cost the railroads \$468,000,000 a year.
Where Will The Money Come From?
Where will all the money come from to pay these increases? They total several times as much as the railroads made in 1946 or will make in 1947.
In July, the railroads filed an application for increased freight rates to close the gap which then existed between wage and material costs, and railroad revenues. Since then it has been necessary, because of further increases in wages and material costs, to supplement that petition and to ask for an additional freight rate increase. No other course is open.
Railroads Do Not Run For Employees Alone
Railroads are operated for the benefit of not one, but several groups—shippers, passengers, employees, stockholders, and the general public. The interest of all must be served—and that cannot be done unless the railroads can operate efficiently and economically, and unless they are allowed to earn sufficient revenue to provide the kind of transportation service this country MUST HAVE.

Library News

There are many men and women who just love books—but never read them. Change that vague interest to positive action by getting some of the new and interesting books waiting for you at the public library. Today is the time to begin. Fortunately this is the time of the year when we buy the books for fall reading and they have been coming in the past few weeks.

Ben Ames Williams has written a new book called "House Divided." This is a big book—probably too big to read in bed, but just the same, one you are willing to sit up reading.

There are always historical novels these days, but "The Living Wood" by deWohl, is certainly one of the better ones. This deals with early Christian history.

"A Way of Life," by Hamilton Gibbs, the English author, is of course an English story—the story of an American flier who marries

an English girl. There is food for thought in this one as the girl's father had served in the first world war and his comments throughout the book on the development of this war are very potent.

Helen Topping Miller has written "The Sound of Chariots," and Helen MacInnes, "Friends and Lovers." These are both light fiction and on the rental shelf.

Among the mysteries are "Murderer's Mistake," by Lorac, "Night Walk," by Daly, "Departure Delayed," by Will Ousler, and "Gold for the Dead," by Scott. The last mentioned is a combination mystery and western.

If you don't take Better Homes and Gardens but are interested in home furniture repair, you must come into the library for our copy of the October number. A Wayne boy, Richard Kyl, who teaches in Des Moines, has an article on this subject in this issue and it is one of a series of four. So watch for them.

Here to Help Children.

Carl O. Ike, field representative for the Nebraska Children's Home society, is in Wayne county, conducting the annual solicitation of funds for the society. This society cared for 536 boys and girls during the past year.

Is in Omaha Hospital.

Nels Johnson of Norfolk, formerly of Wayne county, entered an Omaha hospital for care. He is doing well. His address is University hospital, ward C, floor 2, Omaha.

Office in Hospital.

Dr. S. A. Lutgen has his office in the Wayne hospital. Phone 6L.

Which way would YOU handle these party line problems?

If someone were talking when you lifted the receiver, would you

- (1) Jiggle the receiver up and down to show you're in a hurry,
- (2) Join in the conversation, or
- (3) Hang up quietly and wait a few moments?

If you had a number of calls to make, would you

- (1) Make each call last as long as possible,
- (2) Let the receiver dangle while you look up numbers, or
- (3) Keep all calls short with intervals between?

If someone broke in on your conversation, asking to put through an urgent call, would you

- (1) Go right on talking,
- (2) Tell him to write a letter, or
- (3) End your conversation at once and hang up?

If you've chosen number 3 each time, you're like thousands of other experienced party-liners who know that telephone courtesy is no different from any other kind and that it pays off in better use of the line for all.

To those on party lines who prefer to have individual lines, we assure you that we are doing our best to get caught up so that we can again provide promptly whatever type of service you prefer.
